Western Editor's Advice to Young Men.

A Kansas editor recently gave this advice to the young men of his town; "It cannot be denied that church services develop the best there is in a man. Cleanliness—in mind and body—a getting away from one's self and where the conditions have a tendency to reverse the machine, to take one's self out of one's self and to a degree direct in the channels of brotherly kindness and charity; and we have often wondered why bright young men—can loaf about the shops and street corners all Sunday morning, while there are so many empty seats in the churches. The greatest force to-day in the world is the church, and the young man who loafs on the streets Sunday, sneers at christianity, reviles the churches, while neglecting or refusing to attend church services, show a lack of something in his moral make-up. Church influences, church teachings, are uplifting; church services, when not tedious, appeal to man's better nature, while they are often entertaining and instructive. No young man in the town can offer a good reason for not attending church services at least once a Sunday; and when a young man bristles at the mention of it, he should be reminded that he is not half as brave as he thinks he is."

HOUSEHOLD RECIPES

MOCK CHERRY PIE

Chop together one cup cranberries, 1-2 cup raisins, one cup water, 1-2 cup sugar; season with vanilla, stir until soft. Line a pie plate with pie paste. Turn in the sauce, put straps across the top and bake. —L. E. B.

POOR MAN'S WASHINGTON PIE

One cup sugar, butter half size egg, two thirds cup milk or water, one egg one and half cups flour, season lemon, pinch salt, one teaspoon soda, 2 teaspoon cream of tartar. Bake in two layers, or in one and split when done. Bake in quick oven spread jelly or jam between the layers.

FROSTING—One cup of granulated sugar, add enough water to dampen it, no more, boil until it becomes a syrup, add it to the well beaten white of an egg. Beat all together until it will not run off the pie, add seasoning. —L. E. B.

TARTSHELLS

One scant cup lard, (or half lard and half butter,) two cups pastry flour, one teaspoon soda, two teaspoon cream tartar, a little salt. Mix the cream tartar and soda through the flour, add lard, rub between the hands until it is fine, add water enough to mix. Roll and cut out with a biscuit cutter, cut the centre out of half of them, lay the rings on the other half after they have been dampened with water to make them stick, pick them and bake in a hot oven. —L. E. B.

To prevent white streaks in butter. Let it stand one hour after the salt has been worked in. Then work again and drain. —L. E. B.

A TRUE NERVE TONIC

Will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can't be fed on medicine. They can, however be restored and strengthened by assimilative food. The marvelous action of Ferruzone arises from its action over the digestive, and assimilative processes. When you take Ferruzone the blood is purified, strengthened, and grows rich and red. Then you grow vigorous, healthy and beautiful, ready for work, because you have the strength to do it. No tonic for the brain, blood or nerves compares with Ferruzone. Price 50c. at Druggists, or Polson, & Co., Kingston, Ont.

Lockhartville

Oct. 27th.—Harry Jenks, who left here some months ago for Amherst has returned home sick with Typhoid fever. We hope soon to see him among us again.

Miss Toiv is visiting her parents in Wolfville.

Miss Porter, who has been visiting relative here has returned to Falmouth.

Mrs. H. Kelly has removed to her old home.

Mrs. Frost of Yarmouth, Primary Superintendent of the S. S. C., held at Wolfville, has been spending a few days with friends here. Many were glad to meet her and hear her words of cheer.

Most of our summer visitors have returned to their homes, and with them we have lost the much respected family of H. J. Davison, they having removed to Malden, Mass., their future home. While we miss them we wish them success.

Miss Ida Lockhart has returned home from visiting friends at Long Island.

Mrs. John Fitzgerald has returned to the U. S.

Mrs. Rebecca Hutchins is spending a week with her daughter, Mrs. Dorman.

Mr. and Mrs. Martin King have returned to Millis, Mass., after a pleasant visit with friends here.

Mr. P. S. Burnham, one of Windsor's most highly respected citizens, and for 50 years postmaster, died on Wednesday last, aged 82 years.

Lord Kitchener left London recently for India, to take command of the British forces there. He will visit Khartoum on the way.

Bad Coughs

"I had a bad cough for six weeks and could find no relief until I tried Ayer's Cherry Pectoral. Only one-fourth of the bottle cured me."
L. Hawn, Newington, Ont.

Neglected colds always lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then.

Three sizes: The strength for an ordinary cold, the just right for bronchitis, hoarseness, hard colds, etc.; the most economical for chronic cases and in heavy hands.

SAVE THE BABY.

A Mother Tells How Many a Threatened Life May be Preserved.

To the loving mother no expense is too great, no labor too severe, if it will preserve the health of her little ones. Childish ills are generally simple, but so light is baby's hold on life that it is often a knowledge of the right thing to do that turns the tide at a crisis. And in baby's illness every crisis is a critical one. "I think the timely use of Baby's Own Tablets would save many a dear little life," writes Mrs. P. B. Beckford, of Glen Sutton, Que. "I take great pleasure in certifying to the merits of these Tablets, as I have found them a sure and reliable remedy. My baby was troubled with indigestion at teething time, and was cross and restless. The use of Baby's Own Tablets made a wonderful change, and I am glad to recommend them to others." Mothers who use these Tablets never afterward resort to harsh purgatives to grip and torture baby, nor to the so-called soothing preparations that often contain poisonous opiates. Baby's Own Tablets are pleasant to take, guaranteed to be harmless. Send 25 cents for a full sized box to the Dr. Williams Medicine Co., Brockville, Ont., if your druggists does not sell them.

A Phenomenal Success

100,000 Shares of the Capital Stock of the Nova Scotia Oil & Gas Co., Limited, Taken in Less Than Three Weeks from Its Issue

The above is the record of the Nova Scotia Oil & Gas Co., Limited. This Company was incorporated on August 2nd of this year, and came before the public with a clear and frank statement concerning their proposition to develop oil territory acquired by them in Hants Co. The indications of an oil deposit in the territory controlled by them is all that can be desired, and the readiness with which the first issue of promotion stock was bought up fully attests to the confidence of the public of Nova Scotia in the Company and its prospects.

Machinery is being ordered and a first-class crew engaged to operate the same, and everything possible is being done by the energetic management to hasten the commencement of active operations on the property of the Company, and it is confidently expected that boring will be commenced before the winter sets in, and when the machinery is on the ground operations can be carried on as well in winter as summer.

The recent trend of scientific opinion that the northern portion of this continent is the great source of its oil deposits, the recent discoveries in New Brunswick and Newfoundland, and the encouraging character of the indications at Cheverie, justify the confident expectations that a good oil deposit will be discovered at Cheverie within the next few months. TO INCREASE YOUR WEIGHT

If you are thin, weak and emaciated and want to increase your flesh and weight you should try Dr. Chase's Nerve Food. You can feel it doing you good from day to day, as it strikes at the root of trouble and creates new rich blood. You can prove that it builds up new tissue and adds flesh if you weigh yourself each week while using it.

Hantsport

The schooner Lord of Avon arrived at Cape Town on the 19th, with cargo of coffee from South America.

Barquentine Peerless, Capt. Davis, Yarmouth, is loading lumber here for S. P. Benjamin Co. for West Indies.

A history of the Baptists of the maritime provinces, by Rev. E. M. Saunders, D. D. will be published shortly.

The steamer Havana is being caulked and undergoing some repairs at the wharves here under the management of the new company.

The ship Savannah, Capt. Robert Kato, with the captain's wife and daughter on board arrived in Gasgow from Ship Harbor with lumber on the 17th inst.

The iron keels for Lady of Avon arrived by freight at the station here on Monday. They will at once be put in position, and Mr. Balcom says he expects the launch to take place on Saturday.

Mr. E. Mitchner, of Mount Denison, brought to our office on Saturday what he considers an unusual yield in bush beans. A single stalk had 19 pods, nearly every one containing six beans.

Miss Stevens, the new teacher at Hants Border, was given a pleasant surprise party on Friday evening at the residence of Mrs. Rathbun by young friends from Mount Denison and this town. The fair sex made up the larger number of those present. A thoroughly good time was spent in amusements of various kinds. A nice lunch was served.

Minard's Liniment Cures Colds, etc. Burton Harvie, (son of Mr. Jacob Harvie of Hants Border) who has been employed recently in Halifax, has returned to his home and is working on the Lady of Avon in course of construction in North's shipyard.

Minard's Liniment Cures Gargot in Cows. Rev. D. E. Hatt, a former Baptist pastor here, and Rev. G. R. White, exchanged pulpits on Sunday, the former preaching at the Baptist church here and the latter taking the services in Upper Canada. Rev. Mr. Hatt's many friends here were pleased to meet him and listen to his earnest and inspiring words.

Minard's Liniment Cures Diarrhoea. Miss Grace Durkee, formerly of Hantsport, now living in Roxbury, Mass. met with a serious accident recently while working in a stream laundry in Boston. Her hands were entangled in a machine, crushing both members badly. Miss Durkee was taken to the hospital. One hand was injured seriously, but it is hoped will not have to be amputated.

Minard's Liniment Cures Diphtheria. The bark Swasea, now lying at the wharves here, has been chartered by S. P. Benjamin & Co., to load lumber for Buenos Ayres. The work of loading has begun. Capt. E. H. Card of Walton will go in command. The above company have also engaged a large steamer for lumber shipments due to arrive here Nov. 7th.

BOERS AND MARITIME PROVINCES

The Boer delegates, who were here in the Province a few weeks ago, on being asked by a Globe reporter in Toronto what they thought of the Maritime Provinces, said:

"It is a fine country, and the live stock is good; so is the fruit. The apples we saw at Wolfville were very fine. But we raise some beautiful fruit in our own country. We are told that you grow peaches and grapes. In what part of the country is that? In western Ontario? Well, we shall see that I hope."

"Wait until you get out into the western plains and see the immense wheat fields."

"Yes," replied Mr. Jooste, with all a farmer's enthusiasm. "There's nothing like grain. Grain is the backbone of any country."

"And what do you think of the Canadian people?"
"They all seem to be happy and contented," observed Mr. Lane. "You have free institutions and we shall have them in due course in South Africa, and Great Britain will protect us as it does you. There is one thing I wish we could transfer to South Africa, and that is some of the abundant water streets, as you have here in such number. It would save us a good deal of irrigation."

Each of the chief organs of the body is a link in the chain of life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of heart or lungs, liver or kidneys, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of disease of the stomach and other organs of digestion and nutrition. Diseases of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

"I was in poor health when I commenced taking Dr. Pierce's medicine," writes Mr. Oliver Lewis, of Volney, Jefferson Co., Ind. "I had stomach, kidney, heart, and lung troubles. I was unable to do any work. I had a severe cough and hemorrhage of the lungs, but after using your medicine a while I commenced to gain in strength and food, and stopped coughing right away. Took about six bottles of Golden Medical Discovery. Had like a different person. I gladly recommend your medicine to all sufferers, for I know it cured me."

The use of Dr. Pierce's Pleasant Pellets will cure that foul breath.

The New York firm who have bought out all the timber limits on the Gasperaux Lakes and river have started work. They expect to build a large pulp mill in time for next season. Some of the parties interested were in town on Thursday.

People Who Have Used It

Say that Dr. Chase's Syrup of Linseed and Turpentine affords a wonderfully prompt relief for coughs and colds. Everybody has confidence in Dr. Chase, his great recipe book and famous family remedies. They have learned by experience that it pays to insist on having Dr. Chase's Syrup of Linseed and Turpentine used, or accepting the various unscientific "mix-ups" which some druggists offer as "just as good." Dr. Chase's Syrup of Linseed and Turpentine contains many of the most valuable and most effective remedial agents for throat and lung troubles that science has discovered. It acts so directly and promptly as to be of incalculable worth in all cases of croup, bronchitis and whooping cough. It is so far-reaching in its effects as to loosen the tightest chest cough and cure the cold of long standing. 25c a bottle - family size three times as much. 60c. at all dealers, or Edmanston, Bates & Co., Toronto.

A Strange Coincidence

Halifax, Oct. 24th. - Yesterday, Robert Locke, a young man residing with his mother, Mrs. James Locke, Riverside Cottage, St. Margaret's Bay Road, had his hand cut off by a circular saw. Locke is about 27 years old. Less than three months ago his brother, Arthur Locke, had a hand cut off in the same manner and by the same saw. A month previous, William Locke, another brother, met with a similar accident at the same mill. Late last Spring, another brother, Joseph, had his hand blown off by a gunning accident. Three years ago Edward Locke, another brother, was killed in the mill, where three of his brothers subsequently lost their hands.

Was Pale, Weak And Very Nervous

Mrs. Benj. Hatfield, 77 Hillyard St., St. John, N.B., writes:—"For three years I was a sufferer from extreme nervousness and female weakness. I was pale and weak, had no appetite and would sometimes faint two or three times a day. I underwent a very painful operation and for seven weeks was under the doctor's care but he seemed unable to help me.

Despairing of recovery, I took the advice of a friend who told me that Dr. Chase's Nerve Food would build me up and make me strong and well again. I continued this treatment, using in all sixteen boxes, and believe that I am as strong and well as ever in my life. As a result I cannot say too much for Dr. Chase's Nerve Food. The testimonials I see for it are not half strong enough." 60c. a box, at all dealers or Edmanston, Bates & Co., Toronto. On every box of the genuine will be found portrait and signature of Dr. A. W. SHIPPING DISASTERS

In another column will be found a short report, inadvertently omitted from last issue, regarding the loss of the barkentine Africa, Capt. Lewis Fielding. Further particulars are given below.

The Africa left Parraboro laden with coal for Portland, Maine, one hundred tons short of her cargo on account of being unable to float with more at Parraboro. Everything went well until off the coast of Maine, when a gale blowing towards the shore arose. Captain Fielding deemed it wiser to make harbor than to attempt to keep off from the shore, at the risk of being eventually driven on the rocks, made his course for Machias harbor. In reaching the harbor it was necessary to pass between Libby Island and Cross Island. The lighthouse on Libby Island was sighted. Unfortunately about this time, nearly two o'clock Sunday morning, Oct. 12th, a heavy mist and fog shut down, and it was almost impossible to see the land or light. Through the fog what were thought to be the lights of Cross Island were sighted and the vessel was turned to enter between the two islands. It was a fatal mistake. The Africa, instead of passing through in safety, had not reached the inlet between the islands, and struck on the cruel rocks of Libby Island about 2.30. After a hard struggle, during which the crew acted with bravery, a landing was made. The fine ship and the effects of the officers and crew and cargo were a total loss.

The life saving crew at Cross Island looked after the men, and in due time they arrived safely in Portland and were looked after by the British consul, and those residing in Nova Scotia have returned home not much the worse for their mishaps.

Much sympathy is expressed for Capt. Fielding in the loss of his vessel. The wreck occurred on a very dangerous part of the coast.

Ten vessels, among them a pilot boat, have gone ashore where the Africa was lost, and in a dense mist and fog, such as the ill-fated vessel encountered there is very little chance of making Machias harbor with safety.

The captain says \$500 will not cover his personal loss, as his charts, clothing, etc., were destroyed. This is his first shipping disaster, and Capt. Fielding is known as a careful seaman. Messrs Fred Marsters and brother Lewis Marsters of Burlington, were first and second mates.

THE CUBA LOST.

The barkentine Cuba, 453 tons register, Capt. Alonzo Coburn Summerville, loaded with plaster, bound for New York, grounded on a ledge near Bliss Island light on Friday night. The vessel came off at high water, but was leaking badly, and Capt. Coburn ran her on the beach, where she is rapidly filling, and it is feared will be a total loss, as the wind is blowing a gale. The crew are all safe. Her fore shoe is gone and part of her keel, and some of her copper plates have been knocked off.

It is not thought that she will be a total loss. It was the captain's first time to attempt entrance to Bliss harbor. There is \$3,000 insurance on the vessel held in St. John. The Cuba was built by E. Churchill and recently sold to Parraboro parties.

The D. A. R. are extending the siding at Falmouth, so as to include the new warehouse recently completed for Nothard & Lowe. A siding is also being put in at this station for Armstrong's new brick warehouse. The growth of the warehouse business along the line during the past few years has been phenomenal. Five years ago there were but two—the one owned by Chase, at Port Williams, holding eleven thousand barrels and which still continues to be the largest; the other owned by L. O. Neely, Avonford. Today there are no less than thirty-two.

CHANGE OF WEATHER DISASTEROUS TO MANY PEOPLE

Bad Blood Makes You Liable to Cold - A Cold Makes You Liable to Twenty Diseases—How to Protect Yourself.

Changes of the season affects the health more or less perceptibly. The effect of the hot summer weather on the blood leaves it thin and watery, and now that the weather is changeable this makes itself disagreeably felt. You feel bilious, dyspeptic and tired; there may be pimples or eruptions of the skin; the damp weather brings little twinges of rheumatism or neuralgia that give warning of the winter that is coming. If you want to be brisk and strong for the winter it is now that you should build up the blood, and give the nerves a little tonic. Dr. Williams' Pink Pills are the greatest of all blood-making, nerve-restoring tonics, and will make you strong and stave off the aches and pains of winter if you take them now. Mr. James Adams, Brandon, Man., is one of the thousands whom Dr. Williams' Pink Pills have restored to health and strength. He says:—"It is with deep gratitude that I acknowledge the benefit I have derived from the use of Dr. Williams' Pink Pills. Before taking the pills my health was shattered with rheumatism, nervous depression and sleeplessness. For fully twelve months I rarely got a good night's sleep. When I began the use of the pills it was with a determination to give them a fair trial. I did so and can truthfully say that I could not wish for better health than I now enjoy. I shall always speak a good word for Dr. Williams' Pink Pills."

Poor blood is the cause of most disease. Good blood means health and strength. Dr. Williams' Pink Pills do not purge—they simply make pure, rich blood. That's why they cure so many diseases. But you must always get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all druggists or sent by mail, post paid at 50 cents a box or six boxes for \$2.50, by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

An Ottawa despatch says that Sir Henry Strong will shortly retire from the bench and will be succeeded as chief justice by Sir E. Taschereau.

THE SKIN ON FIRE

So dreadful are the sensations of burning, itching eczema that victims frequently describe their sufferings by saying that the skin is all on fire. The stinging, biting fires of eczema are quenched by the use of Dr. Chase's Ointment. The first few applications may cause a little uneasiness, but cure is sure to result and the skin is healed without scar or blemish.

Minister's Unlucky

Respecting the obligations of a Cabinet Minister, here is what Macaulay has to say, discussing the conduct of Halifax in the reign of Charles II. It was also very fitting in the case of Hon. J. I. Tarte. "Some modern writers have blamed Halifax for continuing in the Ministry while he disapproves of the manner in which both domestic and foreign affairs were conducted. But this is unjust. Indeed, it is to be remarked that the word Ministry in the sense in which we use it was then unknown. The thing itself did not exist, for it belongs to an age in which Parliamenary government is fully established. At present the chief servants of the Crown form one body. THE UNDESIRABLE

Immigrants are still coming to Canada. Many of these arriving at the Canadian ports, leave to take up their abode in the United States. Last Friday the steamer Assyria arrived in Halifax, bringing 287 passengers. The lot included Hungarians, Austrians, Syrians, Roumanians, Germans and Russians. The people as a whole, were none over 50 and a majority of the ages ranged from 16 to 30 and were destined mostly for the Canadian North West.

The United States is puzzled as to what the effect will be if this state of affairs is allowed to continue. Now certain proposed schemes are being discussed. This immigration movement is being carried on on such a gigantic scale that it is impossible to deal with it to any great extent. Some have proposed that the same steps be taken in this matter as that which have been and are applied to the Chinese. Mr. Sargeant, United States Immigration Commissioner, proposes an educational test, a thing supposed to be in force long ago. He objects to the United States being the dumping ground for the offscourings of the most oppressed and helpless people in Europe, and traces several diseases, hitherto unknown in American cities, to these immigrants.

The Montreal Witness in discussing this immigration question says:—"One lesson we in Canada should not be so slack to draw is that education should be enforced on all children. If these immigrants bring on the average few children to the county they multiply enormously after their arrival. Their offsprings are Canadians, and it will be largely our own fault if we allow them to grow up other than a gain to the country and other than loyal and patriotic. The people of the United States are seeing to it that the second generation can all read and write, and are all worshippers of the flag, while we not only do not enforce education but for the nondescript among us do not even provide it, and the tendency seems to be to sectionalize our education more and more. Who is training the Greeks and Syrians and Galicians in our slums, and what are they being trained to?"

The above is only too true and surely something should be done. The people will still keep coming until a stricter law is enforced. Inforce these young people, as well as our own, to attend school. Let more thought be given to this matter and instead of having a hatred feeling toward them, let us look after the second generation who are Canadians.

Sir Frederick Borden it is said stated in Montreal that he made no definite statement about the Fast Atlantic service while in Boston. He admitted that he discussed the subject in a general way, and added that he was afraid that some of his remarks were twisted about to make a story. The best thing for Sir Frederick to do is when he has any news in regards the Canadian Government matters, is to give it to Canadian reporters and perhaps a twist will not occur. As it is, news from across the border is more or less twisted when it reaches Canada.

Respecting the obligations of a Cabinet Minister, here is what Macaulay has to say, discussing the conduct of Halifax in the reign of Charles II. It was also very fitting in the case of Hon. J. I. Tarte. "Some modern writers have blamed Halifax for continuing in the Ministry while he disapproves of the manner in which both domestic and foreign affairs were conducted. But this is unjust. OBITUARY

Driver Kirk.
The death of Driver Murray Kirk of the D. A. R. occurred on Monday last at the residence of his aunt in Yarmouth.

About a week ago he took cold which developed into pneumonia. The deceased entered the employ of the company in 1887 as clerk in the agent's office at Yarmouth where he continued for two years when he resigned to enter the locomotive department, in which branch he has been driver for the last ten years. He was about 34 years of age and unmarried. In his death the company loses one of its most reliable drivers. He was of a bright and genial disposition intelligent and was a great favorite among the boys. Funeral was held yesterday afternoon.

Mrs. and Miss Albro, who have been spending a few weeks at Mrs. John Moore's have returned home.

Mrs. G. W. Miner, of Deepdale Farm, Gaspeaux Valley, has returned home from a visit in Falmouth.

Mr. A. Mennie is having built for himself and family a residence on Mennie Road leading to the dam. It will be ready for occupancy in a few weeks.

Two men from Kentville are trapping back of the Black River in Falmouth range. They are John Gibbs and John Landry and will no doubt return with a valuable lot of fur.

The Military news to the Echo a few weeks ago stated that Sergt. Martin and Privates Bates, Thurling and McMasters (R. A. M. C.) left on the train on Thursday for duty at Work Point Barracks, Vancouver B. C. Sergt. Martin referred to above is the son of Mr G W Martin of this town.

BOYS KILLED LUNDRE.

Last Saturday five Armenians left Kentville for the scene of the Tennycape murder. Lyon Lundre, the deceased, and Cauzillidy, the alleged murderer, are cousins and natives of Armenia, and have been in Nova Scotia, but three months having head-quarters at Kentville during that time. In endeavoring to secure the story of this murder from the alleged murderer, the *Truro News* says: "Cauzillidy is in a desperate state of mind. He lay on a table, trembling all over, and his heart throbbing so that you could see the motion through his clothes as he lies there. His eyes were shut and he refused to talk. After nearly two hours of tedious trying the man got the following story from the unfortunate man. He said that he and the dead man had been in company at Tennycape. The dead man sold two Tennycape boys a ring in trade. The boys followed him later, wanting to get the watch back. The pedlar refused to give the watch back, and the boys followed ed him into the woods, and the boys kill ed him by striking him with stones, and the butt of a revolver.

CANAAN

October 28th.—The genial face of Mr. Harold Eisenhour is once more seen among us, after being absent in the North West, for a couple of months.

Miss Hillman, the guest of Miss Hattie Bishop for two weeks, returned to her home in Halifax, on Monday last.

Mr. Clyde McDonnell has been housed during the past week with chicken pox, which at present, is quite prevalent in this place. As in this case, it is generally followed by a number of "Job's comforters," which, on the whole, make it rather incongruous.

Mrs. Lamont Kinsman returned home on Saturday last, after spending several months in the city of Boston.

Master Johannes Aalders met with the painful misfortune of having his thumb smashed on day last week. His father, accidentally let a piece of wood fall on the little boy's hand, crushing the thumb quite badly.

Mr. Maxwell Hatchard, lately of Billtown, made us a flying visit last Wednesday.

Miss Pearl Jones of Kentville Academy, spent Sunday at home.

Mr. Karl Bishop, accompanied by a party of friends, recently spent several days in the woods, in quest of game. We are sorry to record that they returned, minus a hare, which no doubt, in a case of emergency, was taken for bait.

Mr. Kara Webster has returned again to the land of "milk and cordwood." There seems to be no place like it, after all.

We wish to thank all those who kindly attended the social and entertainment held in the hall on Wednesday evening 22nd, thus helping to make it a success. The sum of \$20 was realized and will be utilized in improving the appearance of the interior of the school room.

The 24th of May

November the 9th is King Edward's birthday. There will be no holiday however on this date in Canada.

The *Canada Gazette*, Ottawa, has a proclamation announcing that there will be no celebration of the king's birthday on November 9. Instead it will be observed on May 24. On Monday, November 10, however, there will be the usual royal salute fired at all military stations.

In the Interpretation Act it is provided that the expression "holidays" includes among other days in the year, the birthday of the day fixed by proclamation for the celebration of the birthday of the reigning sovereign."

It is on the strength of this provision and the action of the King in selecting May this year for the celebration of his natal day that the Government propose to act as indicated.

A SAVING OF 25 TO 50 PER CENT OF FUEL.—The Queen boiler is more of a heating machine than it is a stove. It can be regulated like a lamp. Can have your room any temperature you wish. You keep a slow fire, burning six hours by putting in one large stick or knot. Will heat a room 20 feet square, in 10 minutes in zero weather, or no sale. One fire lasts all winter by putting in a stick of wood once in 12 hours. Burns large knots, chunks, chips and trash, and you only require to remove the ashes about once in three months. No ashes, dust or soot can get out. No trouble to operate, and the most powerful heating stove on earth. Take no worthless imitations, but insist of having "A Queen." Agents in every town.

Campbell's Comedians were at Margeson's Opera House last Tuesday evening. Owing to the inclement weather they were not given the house they deserved. It was an entirely vaudeville entertainment and consisted of comedy, singing and dancing, and tricks upon musical instruments. On several occasions many of the artists were forced to respond. All the numbers were excellent, but those with which the audience seemed to enjoy the most, were the trapeze work of Prof. Casseel, violin playing by Prof. Dufosse, the World's Greatest violin player, and the Campbell's playing upon the musical glasses. What Prof Dufosse cannot do upon the violin in the manner of imitating isn't worth mentioning. Prof Casseel did many difficult acts upon the trapeze and was the best ever seen here. The work upon the musical glasses was also very entertaining. The band while not the best is very good and the music was very sweet and was much appreciated. The show throughout was clean, refined and up to date, and well worth the patronage of all. This company will give a return date here in November. After the labors and joys of the summer time, and harvesting of crops in the early autumn, many of our farmers, their wives, daughters and sons, find themselves in a condition of health demanding careful attention if suffering is to be avoided later on. Many experience kidney trouble of some form, with some the liver is torpid; there is biliousness, nausea and vomiting, with loss of appetite and depression of spirits. Thousands who have been exposed to cold, damp winds and rain, now feel the twinges of terrible rheumatism; others rounded by worry, overwork and irregular dieting, are tormented with the pains of dyspepsia. To the thousands of rundown, sickly and half dead men and women in farm homes we recommend with all honesty and confidence the worker's friend, Paine's Celery Compound, the only medicine that can quickly and fully restore strength to the weak body and vigor to the muscles. Paine's Celery Compound tones the stomach; it removes poisonous acids from the blood which cause rheumatism; it feeds the weak and diseased nerves and banishes neuralgic tortures; it purifies the blood and gives true vitality and life. The use of Paine's Celery Compound in autumn means the establishing of a perfect physical vigor to withstand the rigors of a severe winter.

SHE PATIENTLY BORE DISGRACE

A Sad Letter from a lady whose Husband was Dissipated.

How She Cured Him with a Secret Remedy.

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvellous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

THE MUSQUODOBOIT RAILWAY.

The Musquodoboit Valley Railway, or the Halifax and Guysboro Railway as now called, has been advanced another step towards its being built. It is understood that subject to the ratification of the Provincial Legislature, the Provincial Government has decided to increase the usual grant of \$2,200 per mile, payable for the construction of provincial railways, to \$5,000 per mile for the whole line from Dartmouth to Guysboro. Should this offer prove acceptable to the Musquodoboit Railway Company—and there is no doubt but what it will—a contract will be drafted on that basis, and the survey work proceeded with almost immediately. The people of the part of Nova Scotia have now within their reach a railway line that will fill the much felt wants of these counties, with the South Shore Railway from Yarmouth and Halifax, and this line from Halifax to Guysboro, a new system will be laid that will open up for further development a great extent of rich country. There is a proposition to re-build the Narrows Bridge and have the line come into Halifax directly from Dartmouth, as well as reach the city via Windsor Junction. This it is likely will be carried out eventually if not immediately.

HER HUSBAND WAS A DRUNKARD

A Lady who cures her husband of his Drinking Habits writes of her struggle to save her home

A PATHETIC LETTER

"I had for a long time been thinking of trying the Tussless Samaria Prescription on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought occurred to me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his work's salary nearly all gone, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I went for your Tussless Samaria Prescription, and put it in his coffee as directed most morning and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an active, loving husband, contented and everything else due to a woman's heart; for my husband had told me that whiskey was vile and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving him the medicine till it was gone, and then sent for another lot, so have on hand. I should so glad to have your medicine promised before. He never has and I am writing you this letter to tell you how thankful I am. I heartily believe it will cure the worst cases."

HER FATHER WAS A DRUNKARD

A Plucky Young Lady takes on Herself to Cure her Father of the Liquor Habit.

STORY OF HER SUCCESS.

"My father had often promised mother to stop drinking, and would do so for a time but then returned to it stronger than ever. One day after a terrible spree, he said to us: 'It's no use, I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tussless Samaria Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and no one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send me one of your little books, as I want to give it to a friend."

BUTTER EATERS

Are Particular and Critical. In the large majority of homes, consumers of butter—old and young—are particular about the color of butter placed before them. Whittish or imperfectly colored butter does not attract the eye or tempt the taste. It is the well made butter colored with Wells, Richardson & Co.'s Improved Butter Color, that is looked for and appreciated. The lovely, delicate June shade pronounced by Wells, Richardson & Co.'s Improved Butter Color is well known. It is easy to detect the butter colored with crude and common colors. Such butter is usually bricky in color, sometimes mottled, and often strong and rancid. It pays buttermakers to use Wells, Richardson & Co.'s Improved Butter Color. When used by butter-makers, it gives an extra value of from 2 to 4 cents per pound. Don't be deceived by any dealer; insist upon having the kind that makes prize butter. All druggists and dealers.

BRINGS SUMMER BOARDERS

A Large Metropolitan Newspaper Which is Helping the Summer Resorts

The Brooklyn Eagle several years ago established a Bureau of Information in Brooklyn, where the public could, free of charge, secure details of hotels and boarding houses for the summer. The idea at once became popular and branch bureaus were opened in Manhattan and other cities. Country hotel and boarding houses by sending to this Bureau can secure a listing blank, fill it out and return it and then be represented free of cost, and send their circulars and cards for three distribution.

The Brooklyn Eagle has also been considered for two years the best medium for summer boarders in New York City.

The Rocky Point Inn, in the Adirondacks, said: "We are giving the Eagle a larger share of advertising than most other papers, as experience has demonstrated its value to us in past seasons."

Chauncey B. Newkirk of Wurtsboro, Sullivan County, said: "Last season one small ad. brought me five guests."

La Rue Bros., proprietors of the American Hotel of Sharon Springs, N. Y., wrote: "Our house is full and mostly by Brooklyn people. Daily we receive applications for rooms, and all on account of our standing ad. in the Eagle."

NEWTONVILLE

October 25th.—Mr. A. B. Dorman spent Sunday 12th, at his home here. He had been absent nearly three months.

A number of young people from this place spent Thanksgiving in Hantsport. We understand a very enjoyable time was spent by all.

Miss Mabel Caldwell is spending a few weeks at her brother's, Mr. L. Caldwell, Port Williams.

Mr. Justin Caldwell of Acadia College, spent Thanksgiving at his home here.

Mr. Sydney Caldwell has gone to Iowa, where his brother Avery, has been employed the past three years.

Mr. and Mrs. Frank Caldwell and son of Mass., recently spent a week at the former's parents, Mr. and Mrs. Daniel Colwell.

Our school teacher, Miss E. W. Rathbun, spent Thanksgiving at her home in Hantsport.

On Tuesday of this week, Mrs. F. B. Caldwell and son Walter, left for Margareville, where they will spend a few days visiting relatives in that place.

Miss Edna Dorman left on Wednesday for Wolfville, where she will reside for an indefinite period.

The threshing machine owned by Mr. Fred Ellis, Black River, has been going its rounds in this neighborhood. A good yield of grain is reported.

PERSONALS

Hantsport Advance

Miss J. E. Salter leaves this morning for Boston, after spending a long and pleasant visit in West Hants.

Mrs. J. A. Mumford and daughter, Miss Hatie, of this town will return to New York on Wednesday and take up their winter residence in that city.

Mrs. Harriet Titus of St. John, is visiting Mrs. G. R. White.

Harris B. Margeson, son of Dr. and Mrs. Margeson, of this town has been promoted from the Bank of Nova Scotia at Halifax to the branch of the same bank at Montreal. We congratulate Mr. Margeson on his well merited advancement.

Mr. George Bishop and son Frank of Bishopville, who have been on a three weeks trip to Boston, returned home on Wednesday.

Miss Bessie Dickie, who has been spending a few months with relatives in Hantsport and vicinity, returned to her home in Jamaica Plains on Wednesday.

Mrs. Walley, of this place returned from her visit to Philadelphia and other United States cities on Wednesday.

Charles Macumber, formerly of Hantsport, who has been in Halifax for some time, returned here on Tuesday. Charlie has grown to be a fine fellow, and seems to be much improved by his stay in the city.

SURE CURE FOR SICK STOMACH.

Such maladies as Nausea, Sick Stomach, Cramps and Colic, yield instantly to Polson's Nerviline, and if you suffer periodically from any of these complaints just keep Nerviline handy and take a few drops in water for quick relief. A large 50c bottle of Nerviline is a comfort and safeguard in any household and will save great suffering and big doctors' bills every year. Do you use Nerviline? Try it. Popular Hymns

Richard Brown, an active member of Sherbourne street Methodist church in Toronto, is a gentleman with a taste for statistics. For the last 15 years he has been keeping a record of the hymns sung in his church, and has now tabulated the results of his observations and sent them to the Epworth Era, for publication. These results are curious and worthy of attention. Mr. Brown's records show that of the hymns in the book 280 were not used at all, 128 were used only once, and 103 only twice. The most popular hymns, which were used twenty times and more, are the following:

Table with columns for hymn title and number of times used.

That Spot.

Did you ever have that little tickling spot in your throat? Felt as if you could almost touch it with your finger, didn't it? How hard you tried to reach it, but couldn't!

It's easy with Vapo-Cresolene, for you breathe it. There's nothing in the world equal to it for stopping these tickling coughs; and it's so pleasant, too.

For asthma, croup, bronchitis, catarrh, and whooping-cough, it's the great remedy.

Vapo-Cresolene is sold by all druggists, or sent express and duty prepaid upon receipt of price. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene complete, \$1.00; extra supplies of Cresolene, 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPOR-CRESCOLENE CO., 250 Fulton St., New York, U.S.A.

The St. John Autumn carnival of races, baseball, football and aquatic sports, closed on Tuesday and proved a very successful affair.

FERROZONE

Furnishes in a Convenient form, a Tonic-Laxative which cures Constipation and a host of other Diseases more or less common.

The entire length of the intestinal canal can be gently and thoroughly cleansed of all foul decaying matter by taking Ferrozone after each meal.

Ferrozone helps the kidneys and liver to do their work, and by preventing the pores of the skin from being clogged up, it clears and beautifies the complexion. Ferrozone relieves irritation and pressure on the tissues of the brain and nerve centres, and insures a healthy vigorous condition of mind and body.

The great merit of Ferrozone is that it instantly relieves constipation, and permanently cures it without interfering with business or pleasure, and never causes inconvenience or distress. It keeps all the bodily functions regular, and is the only medicine for constipation that acts gently, acts quickly, acts surely, without grip or gripe.

Ferrozone will keep the entire family in perfect health. It regulates the bowels, cures headache and stomach troubles, and effectually cleanses the blood from all impurities. It builds up muscle and sinew, strengthens debilitated constitutions, and permanently restores a normal manner of skin blemishes.

Ferrozone is especially efficacious in cases of over-work, headache, brain fag, torpid liver, weak memory, and melancholia. It relieves that tired feeling, and puts elasticity into every movement. Ferrozone gives strength to the regenerative organs, and for the relief of nervous prostration, nervous debility or decline of mental or physical power, is certainly superior to any curative agent the world has ever seen.

The range of adaptability of Ferrozone is simply wonderful. It is entirely vegetable in composition, and quite free from any possibility of injurious effect even under long continued use. It is prepared in the form of a chocolate coated tablet, and no uncertainty or mistake as to the proper quantity or dose can ever arise.

Ferrozone is recommended and sold by all druggists, price 50c a box, or three boxes for \$1.25. Remember the name and see that the genuine Ferrozone is supplied. Refuse a substitute. Sent safe by mail if price is forwarded to N. C. Polson & Co., Kingston, Ont.

Bridget and Pat were sitting in an armchair reading an article on The Law of Compensation. Just fancy, exclaimed Bridget; according to this, when a man loses his eye or another gift more developed.

For instance, a blind man gets more sense av' hearin' an' touch, an' 'Shure, an' it's quite true,' answered Pat, 'O've noticed it myself. When a man has wan leg shorter than the other begorra the other's longer.'

Cook to Hang

Geo. W. Cook who murdered his wife in Halifax last July and tried last Friday and Saturday before Judge Graham, was on Monday convicted of the murder.

Judge Graham then imposed the sentence of death. He said: "George William Cook, you have been indicted and tried on the charge of murdering your wife, Lydia Cook, and have been found guilty by twelve of your peers. The sentence of the court is that you be taken back to jail and that on January 15th, 1903, between the hours of 8 and 10 o'clock, A. M. at the place and manner prescribed by law, you be hanged by the neck until you are dead, and the Lord have mercy on your soul."

Last Sunday King Edward VII, accompanied by Queen Alexandra, the Prince of Wales, and almost all the Royal Family drove to St. Paul's Cathedral and offered up thanks for the recovery of his health.

L. G. ELLS & Co.
MAIN ST. KENTVILLE

CANNING

October 20th.—We did not write items last week although we almost thought we had when we read the Canning notes. It is a real pleasure sometimes to glance at a bit from the town not written by us.

Now for our own little ends of gossip:—The first thought which enters our heads is the sermon preached by the Rev. Wilfred Gaetz, Sunday morning and which contained so much truth for the parents. Some such thoughts had come to us last summer when the Band played and the dozens of small boys who should have been in "shut eyes town" swarmed about the band stand like so many little wild men of the forest, almost driving their seniors crazy with their noise and general rudeness. The small boys of this town are almost too conspicuous in these days and we consider Mr. Gaetz's appeal to the parents a timely warning.

Rev. Wesley Stackhouse, well known to many of our town, having been a pastor of the Baptist Church during one summer, delivered rather a clever lecture in the above named church on one evening of this week. North West missions is an interesting subject and one which is usually made to appeal to our Christian nation.

Miss Bertha Northup has returned from a pleasant trip to Boston. We welcome her home.

Captain Nicolson and wife visited Bridgetown last week. Their trip was a short one owing to the large amount of picture framing the Captain is doing this season.

Mr. David Percy took a trip to Boston recently.

The death of Mrs. David Lockhart took place last week. The deceased lady had been an invalid for many months and her death was not unexpected. Her husband survives her and to him and to her bereaved friends we extend our sincere sympathy.

Dr. Maio Newcombe has been in Halifax for a few days.

Mrs. Ambrose of New York, is the guest of Mrs. Starr Eston.

We are glad to report the convalescence of Miss Beatrice Dickie.

Mrs. E. E. Dickie of Upper Canada and Mrs. Whitney Harris of Lyndhurst Farm, Randville, have returned from a visit to Halifax and Stewiacke.

The Baptist Sewing circle is again in progress. We don't know if the proceeds of this industrious organization are intended for the same purpose as they were at the beginning or not.—"Hope deferred maketh the heart grow sick," it is said.

GREENWICH

October 29th.

Dear Editor,—Thinking that possible a few notes from our little village might not be amiss, I take the liberty of scrolling a few lines for your much esteemed paper.

Mrs. G. E. Bishop who has been quite ill, we are glad to report is improving.

Miss Julia Bishop of Brockton, Mass., who has been visiting relatives and friends here for the past ten days returned to her home Wednesday.

We are sorry to learn of the illness of Mr. Charles E. Bishop, but trust he may soon recover.

Mr. C. C. Brown had a large crop of plums this year about 500 bush, also about 60 bush peaches.

We were shown by Mr. J. Lovitt Bishop a few days ago a carrot which weighed 1 1/2 lbs. also a beet which tipped the scales at 6 1/4 lbs. Mr. Bishop also has a fine field of mangolds and will doubtless be heard from in that line later.

The apple crop along this street has been very good, many of our orchards being well filled. Potatoes are also good, but showed considerable signs of rot in the least soil.

Mr. Will Bishop is making improvements in his house on the "Ridge."

We were privileged last Sabbath to listen to Rev. Mr. Williams of Kentville. His text was from 1 Kings 19—14 and was a very able and practical sermon.

The "pie social" held in the Temperance Hall a short time ago, was a decided success. About \$41 was realized, which with a few sums handed in, totalled in the vicinity of \$47.

It is about time we were hearing from some of our influential men re the Canning banquet and liquor. Some say it must have been "all right" ministers of the gospel were there. We feel afraid that a damper has been put upon Scott Act enforcement in Canning by men who are framing our laws and who after making the laws, ought to have an eye to their enforcement.

The Windsor Foundry Company has been reorganized. The town of Windsor was not asked for a bonus but the citizens are subscribing \$25,000 for stock, of the \$50,000 stock required.
