Why is the Blood Impure in the Spring?

The artificial life of the winter—the artificial foods—the impure air of indoor life—the sedentary habits—the lack of outdoor exercise—all tend to make the blood thin, weak, watery and impure. The nerves are starved, exhausted, and wasted—the nerve force required for the proper workings of the heart, the lungs, the stomach, the liver, the kidneys and other organs is not forthcoming and the whole system becomes weakened and run down.

When spring comes vitality is at low ebb, and nine persons out of ten require restorative treatment to form new, rich blood and revitalize the nervous system. Disease lurks on every hand in the spring time, and finds lodgment in the weak, run-down, and exhausted system.

Dr. Chase's Nerve Food

The great nerve restorative, 50¢ a box, 6 for \$2.50, all dealers, or Edman, Bates & Co., Limited, Toronto.

Where Do They Go?

Where do they go, the ones who leave us lonely, What do they hear when all life ends in low, That with a smile as if by angels bidden, They face our clay, and seem so glad to go? What do they see that to our eyes is hidden, What do they hear that beckons them afar— Is it some voice unheard by us, or only Inspiring voices from some lonely star?

Co-operative Egg Circles.
An important part of the poultry work of the Live Stock Branch of the Department of Agriculture, during the past year has been the organization of co-operative egg circles. Ten circles in all have been organized under the auspices of the branch, working in conjunction with the provincial and agricultural college authorities and the Poultry Producers' Association of Canada. The preliminary work in connection with a number of others has been done, and from present indications it is apparent that this phase of co-operative work is likely to have a rapid growth in the near future.

Being primarily concerned with the improvement of the Canadian egg trade the Live Stock Branch has encouraged the formation of these circles because the movement affords a means whereby the quality of eggs can be improved as they leave the farm, and the pernicious practice of holding eggs both on the farm and in the country store largely eliminated. Co-operative efforts of this kind also afford a medium whereby the eggs in any given community may be collected and marketed frequently and regularly, and insures to the consumer a new-laid egg of uniform quality at no great increase in cost.

At the time of joining the association the members agree to stamp each egg with a given number designated by the Board of Directors. This is done so that the eggs of each member may be identified when graded and payment made according to quality.

A manager is appointed by the Board of Directors whose business it is to collect, grade, sell the eggs and apportion the returns among the members according to the quantity members according to the quality. In most circles the eggs from each farm are collected at stated intervals, but in others the members deliver the eggs to some central point such as a creamery, cheese factory, store or house, from which the manager makes the shipment. It is well known that at certain seasons of the year there is a wide difference between the price received for eggs by the farmer in the country store and the price paid by the consumer in the city. The difference is not nearly so marked in the spring of the year as it is in the late summer, fall and winter. In other words, as the quality of ordinary farm eggs becomes more uncertain the premium placed on new laid circle eggs increases. While during the spring of the year prices received by circle members may not greatly exceed those paid in the local stores, it is a fact that for the eggs produced in the month of December last year the quantity of circles in the provinces of Ontario and Quebec received a price of from 45 to 55 cents a dozen.

The Habit of Laughter.

"It is pleasant," said Mr. Burke, "to see a grave and anxious gentleman persuaded?" So eminent a student of Justice Story believed that to be healthy it was wise to laugh an hour every day.
Laughter is pre-eminently a social habit. We make our cares with laughter—when we can. We convey our sympathy to others by laughter, or at least by kindly smiles. What is more charming—in a street-car, for example—than to see a tense face, a frowny brow, a sternly set mouth, suddenly giving place to a spontaneous recognition of a look it loves? Idiots laugh alone. We all feel a little idiotic when we do it, although it is not certain that we are so. On the other hand, very solemn persons will grow quite boisterous in a merry company.

It is amazing how easily laughter can be cultivated. Everything in our ordinary lives has its lighter side, its gay side, even things to which a grave turn of mind would never suspect it. What pleasterer habit than of detecting sunshine, of pointing it out to others?
Laughter has its dangers, of course. 'Tell me what you laugh at, and I will tell you what you are,' said Goethe. And again, 'Some people find almost everything laughable, some almost nothing.' There is a happy mean here as elsewhere. Some times laughter is foolish, sometimes it is cruel. Great throngs of men and women have been known to laugh at the contortions of physical suffering in animals, even in humanity. Such hideousness beyond the expression of hate. But the nineteenth century, which taught us some bad things and some good ones, taught above everything else a depth of pity that makes such cruel laughter almost impossible.

There is one safe subject of laughter—yourself. The ancients had a fine phrase about seeing things under the aspect of eternity. When you find yourself swamped, drowned in little cares and vexations, think how short they are, how long life is, how long beauty lasts, and love, and nature, and God. The contrast will make you smile a little, and that smile, if you get the habit of it, is one of the best antidotes for misery ever yet discovered by man.

Most Prompt and Effective Cure for Bad Colds.

When you have a bad cold you want a remedy that will not only give relief, but afford a prompt and permanent cure, a remedy that is pleasant to take, a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all those requirements. It acts on Nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition. This remedy has a world wide sale and can always be depended upon. Sold by all dealers.

Salt for the Hands.

The woman who does her own housework will find salt an excellent thing to keep her hands in good condition. If for any reason the skin feels dry, if she has been obliged to use strong soap or washing powders in her daily tasks, the hands should be rinsed in a little salt water and the skin will at once become firm and smooth.

Sail Without Chronometer.

The French sea captains who bring their vessels across the Atlantic every spring to fish on the Newfoundland Banks navigate almost exactly as they did in the days of Columbus, says the New York World.
Of the 250 French sailing vessels on the Banks last year 240 were fitted out in Normandy and Brittany, their captains found their way across the trackless wastes of the ocean without difficulty.

They take observations for latitude, but they have no chronometers, and are unable to tell their longitude except by guesswork. On the westward voyage they can tell by soundings where they arrive on the Banks.
On the return voyage in the fall they roughly estimate their position when they cross the lanes of the trans Atlantic liners converging towards the English Channel.

In spite of this primitive navigation these skippers reach port in safety year after year. There are about 7000 men engaged in the fishery. They leave France in March and the voyage takes from 12 to 45 days, according to the weather.
They return in the fall, and their total earnings for the seven months average not more than \$150.

A young sport with loud hose and a cigarette dropped into a restaurant and ordered a veal cutlet. When it arrived he yelled:
'Do you call that a veal cutlet? Why that's an insult to a calf to call that a veal cutlet.'
'I didn't mean to insult you, sir,' said the waiter.
Well, after a lot of experience in speculating I have at last learned how to keep on the right side of the stock market.

Would you mind posting me, old chap?
Not at all. The right side of the stock market, my dear fellow, is the outside.
Willie—Faw, what is the difference between a political job and any other job?
Faw—You have to work hard to get a political job, my son, and you have to work hard to hold the other kind.
Many a man fails to forge ahead because he has the looking backward habit.

The Poultry Industry of Canada.

During the past session of the Dominion Parliament, Mr. A. G. Gilbert, poultry manager at the Central Experimental Farm, gave evidence before the Select Standing Committee on Agriculture and Colonization on the development of the poultry industry. This evidence, which includes an address followed by questions put to Mr. Gilbert, and answered by him, has been printed in pamphlet form for public distribution. The subject is dealt with under the following heads: the value of the poultry industry, how the industry is tending, the attitude of the farmer towards it, and the form of development best calculated to help the farmer.
It is clearly shown that the demand for eggs in Canada has increased much more rapidly than the supply during recent years. In 1902 we exported to Great Britain, eggs to the value of \$1,733,225; nine years later the exports had fallen to less than a value of twenty five thousand dollars while the imports in 1912 reached a value approaching half a million dollars.

It is pointed out that farmers are not taking full advantage of the high prices offered for strictly new laid eggs at all seasons of the year. The good profits from these are being secured chiefly by specialists who are often at the disadvantage of having to pay retail prices for feed. Much useful information is contained in this pamphlet which may be procured from the Publications Branch, Department of Agriculture, Ottawa.

Heart Power.

Have you anything to do? Put heart power into it. No life has ever become great, and no work has ever gained real success without the impulse in it of an eager heart. Search every achievement in science or art, in literature or music; hunt out the source and the life of every great movement for advancement and uplift, and if you go deep enough you will find at the beginning and at the very centre of it a burning, throbbing heart.
Reform movements, political parties, and propaganda of every sort have been urged again and again for purely economic or theoretical reasons, and they have found partial acceptance for a time, but never have they won great success unless there was behind them a passion of human hearts. Patriotism, and service to the weak, and brotherhood will dwindle, while questions of tariff will divide them. Man's brain is more liable to error than his heart. It will never carry him as far as high.

It will never enable him to endure hardship like a good soldier.' It will never impel him to self-sacrifice for the good of others. It was not the music of Jenny Lind's wondrous voice as she sang at the Leeds Festival. I know That My Redeemer Liveth,' which led a young man in Dr. Forest's parish to give his heart to Christ.

It was the heart of the singer, who testified that she never sang the song without first asking God that it might be blessed to at least one soul in her audience. It was the passion of faith and love in her own heart which carried conviction and kindled a flame in another heart.

A New York paper says John Wanamaker's store in Philadelphia, which has a floor space of forty-five acres, is said to be the largest store in the world. Marshall Field's store in Chicago, with a floor space of thirty-five acres, comes next. Wanamaker's two stores in New York, which are connected by bridges, have a combined area of thirty-two acres. Selfridge's store in London, England, does not approach in size the Wanamaker store in New York.

Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. You will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by all dealers.

On a street car in Buffalo the other day a woman offered to a boy who happened to sit beside her a counter-fitted article that the conductor criticised. She explained to the boy that he might be able to pass it somewhere. He quietly thanked her, and said, 'I don't want it; I am a Scout.' The answer amply justified the whole Boy Scout movement.

Rheumatism Quickly Cured
'My sister's husband had an attack of rheumatism in his arm,' writes a well known resident of Newton, Iowa. 'I gave him a bottle of Chamberlain's Liniment which he applied to his arm and on the next morning the rheumatism was gone.' For chronic rheumatism, rheumatism you will find nothing better than Chamberlain's Liniment. Sold by all dealers.

JOHNSON'S ANODYNE LINIMENT
Used 102 Years for Internal and External Ills.
Gives speedy relief from coughs, colds, cramps, diarrhoea, muscular rheumatism, bruises, etc.
25c and 50c everywhere
I. S. JOHNSON & CO. Boston, Mass.

For the Sake of the Children.

Advocates of more open spaces in the cities, of better surroundings for the people who are crowded to live in congested districts, will find an answerable argument for their cause in the report just made by the Kansas City Board of Public Welfare. The report is featured by a map showing what parts of the city contribute most largely to the cases in the juvenile and delinquency courts. The dots designating the places of origin of such cases are bunched thickly in the districts where the houses are closest together, and where the children have to go to the streets to play.
'The offence of the juvenile delinquent,' says Judge Porterfield of the juvenile court of Kansas City, 'is the natural outcome of the wretched surroundings in which he has to live. Give a child a suitable home and a reasonable parental affection, care, control and training, and he will in the great majority of cases, become a good citizen.'

And the judge's theory is amply substantiated by the map of the city welfare board.
A Good Medicine for the Spring.
DO NOT USE HARSH PURGATIVES—A TONIC IS ALL YOU NEED.
Not exactly sick—but not feeling quite well. That is the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches, and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Clean Up Your Yard.

Clean up, 'ought to be the keynote of this month. All filth and especially stable cleanings are the prolific breeding grounds of the pestiferous house fly, the most efficient vehicle of disease known to modern science.

To successfully war on the house fly, the people must advance in a solid phalanx against it. It will not avail merely if one man cleans up his premises and his next door neighbor leaves his garbage and rotten boxes and barrels lying about or his stable debris in the backyard. All must clean up at the same time and see to it that the premises stay clean.
If your neighbor does not clean up, the local Board of Health will attend to his case if you take the trouble to telephone a complaint.
Let him be used freely on all stables and filthy places.

Arrow Points.

Forgive and be forgiven. Let doves go with doves, and doves with doves.
Few are as good as they would like others to think they are.
Height or want of height is of little moment. The Apache was said to be 'low and of little stature.' Chryseston described him as 'a man three cubits high, (above five feet,) yet tall enough to reach heaven.' It takes thought, faith and grace in the soul to do that.
Lord Jesus, grant to me the grace Thy footsteps day by day to trace. Until I see Thee face to face.
PASTOR J. CLARK.

Flash Lights.

Pace at any price always looks good to the man who couldn't buy it at any price.
A failure is a man who has quit trying to find something he can do. A dud may carry a girl with money, but he is still a dud.
A man is also known by the company he keeps out of.
The more a man knows the less he is apt to tell.
Clara—Rose told me that you told her not to tell me you were not to tell her.
Belle—She's a mean thing! I told her not to tell you.
Clara—Well, I told her I wouldn't tell you she told me, so don't tell her I did.
Woman Suffrage Advocate (to politician)—I maintain that woman has always been the prime factor in this world.
Politician (blandly)—Oh, I don't know. In the very beginning woman was only a side issue.
Mr. Hogan—Where did Ol' git th' black eye? Ol' n' just after bein' initiated.
Mr. Kelly—Into what society?
Mr. Hogan—Into th' society av me mether-in-law.
Keep a box of wooden toothpicks handy to test cakes when baking. It will save running for a broom straw, to say nothing of being far more sanitary and appetizing.

ROYAL Baking Powder Absolutely Pure

Royal Baking Powder is indispensable to finest cookery and to the comfort and convenience of modern housekeeping. Royal Baking Powder makes hot breads, cakes and pastry wholesome. Perfectly leavens without fermentation.

Full instructions in the "Royal Baker and Pastry Cook" book for making all kinds of bread, biscuit and cake with Royal Baking Powder. Gratis to any address.
ROYAL BAKING POWDER CO., NEW YORK

To the Public
The undersigned begs to notify the public that he is now prepared to undertake painting, paper hanging, etc., of all kinds. Having had adequate experience he guarantees first-class work and entire satisfaction in every case. Orders may be left with Wolfville Decorating Co.
F. W. GODFREY,
Wolfville, Mar. 9, 1913. Phone 85.

Editorial Notes.

The first undertaking of the Board of Trade since its reorganization appears to have been successful. The secretary received a communication on Monday from the Post Office Department, Ottawa, stating that in response to the request of the Board instructions had been given for the installation of a letter box at the railway station here.

Some weeks ago a circular was issued asking subscriptions from citizens and others interested towards improvements to be made at the old Main street cemetery. Mr. W. M. Black, deputy town clerk, to whom such subscriptions were to be sent, wishes through THE ACADIAN to acknowledge the receipt of ten dollars each for this object from Messrs. J. W. and G. H. Wallace. We trust that others will follow this good example, as the work is a most excellent one and greatly needed.

Town Council.

At the regular monthly meeting of the Council which took place on Wednesday evening Mayor Chambers and all the Councilors were present.

The Streets Committee reported that most of the damage to the streets occasioned by washouts had been repaired. The various committees had been convened to consider the application of Superintendent Johnson for increase in salary, and had decided to increase the salary from \$500 to \$700 per annum. The committee had placed an order for a street sweeper. The Water Committee reported the putting in of a number of sewers for new houses to be erected. The water-logged lands had been visited and inspected and arrangements made for finishing the fencing of this property. The committee had made an inspection of the Barncliffe avenue service and reported it to be ample for present needs.

The Poor Committee reported help given during the month to Mr. George Bezanon, who is ill and unable to work.

The Sewer Committee reported work begun in the direction of relieving sewer on University avenue and on lined other operations to be begun shortly. It was suggested that \$15,000 be paid to Mr. E. C. Johnson for damage occasioned his property by overflow.

The Police Committee reported one arrest during the month and one license granted to auctioneer.

Applications for permission to keep pigs outside the restricted district were read from Messrs. R. H. Smith, W. T. Stackhouse, C. M. Vaughn and E. W. Fox, and referred to the License Committee.

The resignation of Mr. A. E. Caldwell as Town Clerk, and of Mr. C. H. Borden, as assessor, were read. Applications for the former position were read from Messrs. J. B. Tingley and S. C. West.

The following bills were read and ordered paid:

M. W. Pick \$11.90
Ellouise Black 43.75
Andrew Delahant 5.65
Acadia Electric Light Co. 46.50
A. & W. MacKinney 12.00
Yalley Telephone Co. 3.92
A. M. Wheaton 15.75
Register of Births and Deaths 3.75
Austin Bros. 7.50
C. H. Borden (assessor) . 30.00
W. H. Evans (assessor) . 10.00
B. O. Davison (revisor) . 6.00
John W. Wallace (revisor) 3.92
T. MacAvity & Son 105.69

The Council decided to accept the offer of Mr. James Thomson, of Halifax, for the town's five per cent de-bentures, at par, up to eight thousand dollars.

It was decided to pay Mr. E. C. Johnson the sum of \$15 for damage done his dykeland by overflow of the sewer.

The resignation of Mr. A. E. Caldwell, as Town Clerk, to take effect June 1st, was accepted, and the Deputy Town Clerk was instructed to write Mr. Caldwell and express the regret of the Council at the necessity of such a step. No action was taken as to his successor.

Consrs. Haycock, Sleep and Harris were appointed a committee to confer with Mr. C. H. Borden, and seek to induce him to re-consider his resignation as an assessor.

The question of the increase of pay of Superintendent Johnson was discussed at some length and it was finally decided that two hundred dollars be paid Mr. Johnson from the street construction account, in view of his superintendence at the construction of permanent streets.

A delegation from the Children's Aid Society of Kings Co. appeared before the Council with the request that some ordinance be adopted and enforced by the Council to prevent children being abused on the streets after a prescribed hour in the evening. Addresses were given by Messrs. Percy Brown, H. Stairs, Rev. W. H. Kackham, Mrs. DeWitt, Mrs. Moon and others. Mayor Chambers stated that the matter would have the careful consideration of the Council.

Mr. W. H. Chase appeared before the Council as a representative of the Board of Trade and presented a number of suggestions with reference to improvements needed in the matter of street lighting, ornamental trees on the streets and other subjects. The Council expressed their appreciation of these suggestions and promised to give them due attention.

Fresh supply of dry cod, flash light, and batteries just arrived at the Wolfville Garage.

Huge Borrowing But Little Information.

THE MURRAY GOVERNMENT PERSISTS IN ITS REFUSAL TO GIVE ANY PARTICULARS HOW THEY WILL SPEND \$150,000 ALLOTTED TO BE FOR ROADS.—THIS COMING REPORT ON TUBERCULOSIS AT PROVINCIAL GOVERNMENT FARM.

House of Assembly, Halifax, May 6.—The Provincial Parliament is now in the twelfth week of the present session, the longest on record by two weeks, and with the prospect of a week or more, and a good deal of interesting matter to come in those remaining days—painfully interesting for the Murray Government.

FORTHCOMING TUBERCULOSIS REPORT. One of these matters that gives the government uncomfortable feelings, as it looks ahead, is the report of the special committee on tuberculosis at the provincial farm in Truro and the conduct of the agricultural department. The evidence that has been brought forward is understood to be highly incriminating. The testimony was taken in secret but a record of it has been kept and the country will have the full benefit of this when brought in the House, as it will have to be in a few days, doubtless ere this letter reached the eye of most of its readers. The revelations promise to exceed in scandalous character all that has been already made known.

BORROWING WITHOUT INFORMATION. Notwithstanding the urgent appeals of the opposition in the House of Assembly the government persistently refused to give any particulars as to how they propose to spend the \$150,000 to be borrowed for alleged road service. They simply voted their bill through, ignoring every demand for information. The opposition, Mr. Tanner pointed out, were not against the borrowing of money for roads, but they did object to be asked to vote blindly for huge sums pledged on the credit of the people, without the slightest specific information regarding it. They considered \$150,000 not enough for the roads of Nova Scotia, but what they wanted to know was where is the money going and how is it going?

Too much money voted for roads has gone into official pockets, and not enough on the roads, as the charges made on the floors of the House by Mr. Batts and Mr. Margeson, mentioned in this correspondence last week, have shown in no unmistakable form.

WOULD TELL NOTHING.

Mr. Tanner asked that plans, specifications, profiles and reports of the work the government proposed to do be submitted to the House before the bill to borrow the money was proceeded with, out in spite of the numerous and repeated requests for any single instance of any work in view the government had nothing to say. Not one word of information was proffered to the opposition as to how or where the \$150,000 was to be spent in the eighteen counties.

Mr. Tanner asked for the reports that were supposed to be made of road conditions when two years ago the House passed an act to spend money especially for that purpose. How could anyone be expected to give a businesslike vote when the particulars as to what the money was intended for were persistently refused. The policy propounded by the government was one of blindly borrowing money without a definite scheme as to the purpose of the outlay.

The government rejected all the amendments proposed by the opposition, with one exception, that amendment they were shamed into accepting, though much against their will. This was a proviso that all work should be done by tender and contract. Thereafter the bill was put through the House.

ANOTHER LOAN TO A CORPORATION.

The government has again come to the assistance of the Halifax and South Western railway, in effect making them a new loan of \$875,000. The government takes the railway's bonds, guaranteed by the Canadian Northern Company, and gives to the Halifax and South-Western its provincial debentures. This is to assist the financing of Mackenzie & Mann, and the money in question is interest which is thus returned to them. It is high finance which the government of this province should not indulge in but they like that sort of thing, and the H. & S. railway company are prime favorites of theirs.

Baby's Battles.

Baby's battles for health are many. The precious little life is in constant danger from the many ills that afflict little ones such as constipation, indigestion, colic, diarrhoea, etc., and unless the mother guards her little one against these troubles serious results may follow. Baby's Own Tablets is the best medicine to fight baby's battles. They are a mild laxative that will regulate the stomach and bowels and will then ward off sickness and will keep baby happy, healthy and strong. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

London, May 2.—In consequence of the continued illness of the Duchess of Connaught, it is expected, says the Irish Times, that the Duke will ask permission to resign the government-ship of Canada. It is said that, even at the present rate of progress and the absence of any further relapses, it will take several months before Her Royal Highness is completely recovered and the Duke has expressed a desire to be with the Duchess during the period of convalescence.

A Presentation.

MIDDLETON May 6th.—Last evening there was a gathering of the citizens of Middleton, irrespective of politics, in the MacDonald school hall, to witness a presentation to A. L. Davidson, M. P. Mayor Goucher acted as spokesman of the citizens present and others who could not be present. He referred to many events in the history of Middleton's progress during the thirteen years since Mr. Davidson became a citizen of the town, and the active part he has taken in advancing the town's moral and material interests.

Mayor Goucher, in closing, presented a solid gold watch and chain to Mr. Davidson as a token of the esteem of his fellow citizens. The watch was beautifully engraved with the following:

Presented to A. L. Davidson, M. P., by the citizens of Middleton, as a mark of appreciation of his many services to the town, March, 1913.

The intention had been to make the presentation at Easter, but Mr. Davidson did not get home from Ottawa during the Easter recess, so the event took place last evening. It being the earliest opportunity.

Mr. Davidson, who had received no hint of the intentions of his fellow citizens, expressed his deepest appreciation of the gift, and in his reply spoke of the bright future for Middleton, the splendid quality of her citizens, and the need in future of zealously guarding the moral interests of the town as well as working unitedly for her industrial progress.—Halifax Herald.

[Mr. Davidson is a native of that town. His many friends here will be glad to read of this evidence of appreciation on the part of his constituents.]

Buy from the Factory. Here's a chance for you to buy your range from the factory and save 30%—buy it on easy terms and get the very range you would choose, even if you had to pay the retail price.

Dominion Pride Range. Polished and baby-unshakable doors and cast-iron handles. Most economical.

W. M. Regan, HARNISS MAKER. Spraying Town of Wolfville. The Town Council have arranged to furnish a Power Sprayer and competent Operator to spray the trees of such residents of Wolfville as are unable to have the work done by others.

300 GOLD FISH FREE 300

On Friday and Saturday, May 9th and 10th. We will give away 300 aquariums, each containing two gold fish, with each purchase of the following Rexall Preparations amounting to 50c., and a roc. pkge. of Fish Food, 60c. in all. This is Purely an Advertising Offer.

A. V. RAND, The Rexall Store, Wolfville

OPERA HOUSE. W. H. BLACK, MANAGER. MOTION PICTURES EVERY NIGHT (EXCEPT SUNDAY) 8 to 10 p.m. ADMISSION 10 CTS.

YOUR FISHING TRIP

Get all you can out of it. A lot of sport is missed if you haven't a camera with you. OUR \$5.00 FOLDING ENSIGN. Would be a good one for the purpose or better still, the ENSIGNETTE which takes scarcely any room in your outfit, and its not a toy either. See it at the GRAHAM STUDIO, WOLFVILLE.

AN OPPORTUNITY FOR A RELIABLE MAN IN WOLFVILLE.

We have some Gilt Edged original prize Tomatoes, (not subdivisions), which appeal to the intelligent Investor, and we intend to put on an extensive advertising campaign in WOLFVILLE as soon as we complete arrangements with a first-class man, who can follow up inquiries. We mail the district thoroughly. The right man who will apply himself can make this a permanent and very profitable position. Apply to H. W. McCURDY, 502 Temple Building, Toronto.

The Excelsior Life Insurance Co. SHOWED IN 1912. FOR SECURITY—\$137 assets for every \$100 liability. FOR PROFITS—Interest earned on mean net assets, 7.43%; Mortality rate, experienced to expected, 87%; Dividend in expense ratio 6%.

THE ACADIAN.

WOLFVILLE, N. S., MAY 9, 1913.

New Advertisements.

Tenders.
Opera House.
R. H. Harris & Sons.
J. C. Macintosh & Co.

Local Happenings.

Rev. M. P. Freeman has moved to his new residence on Gaspereau avenue.

Mrs. H. O. Harris is having a spacious verandah added to her residence on Linden Avenue.

The WOLFVILLE GARAGE are now ready to look after all kinds of auto driving for terms, etc., phone 20-11.

Zoo cleans white paint, windows, silver ware, nickel, and many other things. Buy a tin at the WOLFVILLE GARAGE.

WANTED—Dry, clean storage room for household furniture. Ground floor room in dwelling house preferred. Apply to THE ACADIAN.

ASPHALT ROOFING—Best on the coast and surface, needs no painting. Look for the name.
Sold by D. A. Munro, Wolfville.

We understand that Mr. Henry Peck has sold the orchard property on Highland Avenue, recently purchased by him from Mrs. Bernal Crawley, to Mr. Otto Huntley.

HARD COAL—Burr and nut size, delivered any part of Wolfville at \$7.25 per ton. Order promptly.

ILLIANT & HARVEY CO., LTD.
Port Williams, N. S.

Just received, a full supply of pocket flashlights. One look at our window will convince you that we have the most up-to-date stock in Wolfville.

Mr. R. H. Foster has sold "Summer Hill Farm" to Mr. Henry Peck and has purchased the fine property on Acadia street from Mr. Lawrence Eaton. Mr. Foster expects to occupy his new premises very soon.

The pulpit of the Baptist church will be occupied next Sunday morning by Rev. G. W. Miller and in the evening by Rev. Dr. DeWolfe. Rev. Dr. Archibald will preach in St. Andrew's church on Sunday morning.

The old building on the government property has been purchased by Mr. W. A. Reid, who is moving it to his lot on Main street, opposite St. Andrew's church. Mr. Bishop, of Highbury, has had charge of the work.

O. M. Peck, Son & Co. have a few hundred apple trees which they will supply at 25c each while they last—varieties: Wagner, King and Wolf River and a few of some other varieties. Also Herbet Raspberry Plants at \$1.00 per 100.

"Perry's Peerless Players" were greeted with good audiences at the Opera House on Thursday and Friday evenings of last week. The company is a strong and well-balanced one and will be gladly welcomed on a future visit to Wolfville.

HARLY SHED POTATOES for sale. Apply to Mrs. S. R. Cleveland.

Beckles Wilson, the author, whose recent book on Nova Scotia has caused so much comment both in the House of Assembly and out of it, is now in Windsor, N. S., and is negotiating for the well known Sam Slick property. Mr. Wilson's intention is to live in Windsor, where his son is a pupil of the Collegiate school.

If you buy right you can sell right. We do both at R. H. HARRIS & SONS.

The Business Men's class which has held weekly sessions on Sunday afternoon during the past winter, had its last meeting for the season on Sunday last. The subject under discussion was 'Jesus' Teaching with regard to War and Peace.' The meetings have been very interesting and helpful and we are glad to learn will likely be resumed next autumn.

A carriage of Lima just landed in this, and casks at R. H. HARRIS & SONS.

College Hall was barely capable of accommodating the large audience which assembled on Tuesday evening to hear the recital given by the pupils of Acadia Seminary. An excellent program was presented and rendered in a manner which reflected great credit upon all concerned. The program with which the entertainment ended was most cleverly given and very amusing.

Five cars best Ford and Reo cars in store. Price right at R. H. HARRIS & SONS.

A largely signed petition to the L.L. Governor-in-Council has been presented by the Rev. G. R. Martell and P. W. Dimock, asking that a pension be granted to Chas. Edgar DeWolfe, Judge of Probate, for long and meritorious services in that office. Judge DeWolfe is well known all over Nova Scotia and his many friends outside Windsor will hear with pleasure of the recognition of his services.

Now landing Three Hundred Bags Five Ground Liverpool Salt, prices lowest. R. H. HARRIS & SONS.

The beautifullest sermons will be preached this year by Rev. Burton W. Lockhart, D. D., pastor of the First Congregational church at Manchester, New Hampshire. Dr. Lockhart was a graduate at Acadia University in the class of '76. The meeting under the auspices of the Y. M. C. A. on Sunday evening will be addressed by Rev. A. E. Cobbe, pastor of the First Baptist church, Halifax.

We have just received a spring shipment of the

W. A. CORR, Observer.

Personal Mention.

(Contributions to this department will be glad to receive.)

Rev. I. W. Porter spent Sunday last in Bear River, where he was formerly pastor of the Baptist church. He addressed the members of the Oddfellows' Lodge.

Rev. R. F. Dixon is attending the Summer School of Theology at Kings College, Windsor, this week, where he will read a paper, 'The Incarnation was held on Thursday.

Dr. D. J. and Mrs. Munro left on Saturday last for Boston, where they expect to spend the next two months. Dr. Munro will spend some time in laboratory work and study the latest in dentistry before returning to Wolfville.

Mr. F. B. Harris, who has been spending the winter in Butte, Montana, and Seattle, Wash., arrived home on Saturday evening last. On his return trip he visited Victoria, Vancouver, and points in the western provinces and states, coming by way of Boston. He had a very enjoyable winter and a fine trip all the way through.

Mr. and Mrs. Charles Wright, who left last fall for Saskatoon, returned home last week and have been visiting at the home of the latter's parents, Mr. and Mrs. N. W. Eaton, of Canbying. Mr. Wright says that Nova Scotia is good enough for him and he will make his home in this province, possibly in Wolfville, where his many friends will be glad to have him locate.

The Boy Scouts.

The Tournament to be held on the College campus on the 24th is arousing much interest among the boys. The challenge cup has arrived and will be on exhibition in one of the windows in town. Halifax and Windsor will each send a team and it is hoped that more troops will yet accept the challenge.

The Friday evening meeting will be held as usual. On Saturday the shooting team will meet at the College campus at 2 p. m., the first flying team at the Scoutmaster's at 2 p. m., and the knot tying team at the Scoutmaster's at 4.30 p. m. The running team will practice on Friday evening and Saturday afternoon.

Correction.

In article 'Hat less meat,' published in last week's number, please read: 'There are all the elements in milk necessary to sustain life,' also, 'Something to eat, and make it neat to please our JAMIE'S mouth and eye.'

Some Spring Needs WHICH WE CAN SUPPLY.

Alabastine for the Walls.
Paints for the Floors.
Varnish for the Furniture.

We carry a very full stock of the above at LOWEST PRICES, as well as any other goods necessary in house-cleaning time. We can also supply the Brush that will exactly suit.

L. W. SLEEP

Letters to the Editor

TO THE EDITOR OF THE ACADIAN:
I would like to call your attention to the dangers of house cleaning. William Brandol, a man well known, and a kind, industrious citizen, was driven to suicide because of this dangerous disease. He left a note for his wife to read after he had partaken of corned beef and cabbage; 'I can't beat carpets or clean house, and it ain't no use your trying to make me.' When you read this I hope you will give up your habit of cleaning house every time you hear a robin sing.

A SYMPATHISER.

Mr. Editor.

Will you allow me through your columns to answer a few questions frequently put to me respecting doctors (?) who advertise to cure all manner of diseases of eyes and ear. Also respecting those doctors (?) who so frequently pass through our country.

A few facts which can be verified by inquiring of one's own medical doctor will suffice. No doctor in good standing can advertise nor canvas for trade either directly or indirectly. Eye and ear infirmaries are presided over by oculists.

Oculists are medical doctors who have made special study and treatment of eye and generally of ear and throat. There is no eye nor ear infirmity in Nova Scotia. When there is it will not be advertised, either in the papers or by house to house canvas. Ethics will not allow it. The nearest approach to one at present is a ward in Victoria General Hospital which is presided over by the oculists of Halifax. Oculists as refractologists, have no part in the practice in eye infirmaries. Expert mechanical oculists grind lenses to the order of the oculist, but do not test. Thus you see that experts in eye and spectacle work may be classed thus: The oculist who treats diseases is not necessarily an expert refractologist. The refracting optician for optometrists, as some prefer to be called) whose speciality is testing refraction of the eye and fitting lenses to cover defects, but does not treat diseases, though he must know something about diseases and their treatment, but passes such patients on to the oculist. The mechanical optician who must be a specialist in grinding the surfaces of lenses to conform to the laws of light and refraction but is not of necessity an optometrist.

The use of strong convex lenses can not strain the eye, unless improperly used, as the stronger convex the less strain on accommodation. If the use of a microscope is hurting try covering the unused eye as it naturally tries to accommodate to any object brought close, while the eye in use will not be working in unison with it. The unused eye being covered would naturally then work under the same nerve impulse as the other eye.

Yours respectfully,
H. FINNO.

WANTED.

A good man to take orchards on shares. For information apply to **T. L. HARVEY.**

Apply to T. L. Harvey for prices.

T. L. Harvey

"The Country Sheriff."

AT THE OPERA HOUSE.

No author of recent years has written more successful plays than Lem B. Parker, the author of 'The Country Sheriff.' As usual, he has combined the many sparkling dramatic scenes with plenty of good, clean, witty comedy, the kind that all enjoy.

Among some of his most successful plays may be mentioned 'The Phoenix Detective,' 'Dora Thorne' and 'The Others,' but in not one of these has he so happily blended the many intense dramatic and amusing situations together with the story of human interest as in this his latest play, 'The Country Sheriff,' which will be presented with a large and capable cast and a complete scenic production at the Opera House, Wolfville, on Thursday, May 29th.

The University of Edinburgh has conferred the honorary degree of L. D. on Dr. John Stewart, the noted surgeon of Halifax.

HIS BLADDER WAS TERRIBLY INFLAMED

GIN PILLS Brought Relief
Larder Lake, Ont., March 26th.

"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night.

"I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 miles to get them and I am pleased to say that in less than six hours, I felt relief. In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my Kidneys are acting quite natural again."

SID CASTLEMAN.

GIN PILLS soothe the irritated bladder—relieve the sick, weak, painful Kidneys—and strengthen both these vital organs. Money back if they fail.

30c. a box, 6 for \$2.50. Sample free if you mail \$1.00. Order from The Chemical Co. of Canada, Limited, Toronto, 137

TENDERS

TENDERS addressed to the undersigned, at Ottawa, and endorsed on the envelope 'Tender for Coal for Fog Alarm Stations in New Brunswick', will be received up to noon of the

TWENTY-THIRD DAY OF MAY, 1913.
for supplying and delivering the steam coal required for the fog alarm stations in the New Brunswick Agency, during a period of one, two or three years at the option of the Department.

Specifications and tender forms can be obtained from the Marine Department at Ottawa, and from the Agent of this Department at St. John, N.B.

All tenders must be made in the form prescribed by the Department. Each tender must be accompanied by an accepted cheque equal to five per cent (5 per cent) of the total amount of the offer for the season, which cheque will be forfeited if the successful tenderer declines to enter into the contract prepared by the Department or fails to deliver the coal in accordance with the conditions and specifications. Cheques will be returned to unsuccessful tenderers.

The Department reserves the right to accept the whole or any part of a tender.

Newspapers copying this advertisement without authority from the Department will not be paid for same.

A MESSAGE FROM A WOMAN TO WOMEN

"Every Woman Should Take 'Fruit-a-Lives'"

LAKELAND, ONT., MAY 12th, 1911

"Kindly publish this letter of mine if you think it will benefit other women who might be afflicted with the disease I have had in the past, but am now cured of. It is my firm belief that every woman should take 'Fruit-a-Lives' if she wants to keep herself in good health.

Before taking 'Fruit-a-Lives' I was constantly troubled with what is commonly known as 'Nerves' or severe nervousness. This Nervousness was brought on the most violent attacks of Sick Headache, for which I was constantly taking doctors' medicine without any permanent relief. Constipation was also a source of great trouble to me and for which the doctors said 'I would have to take medicine all my life', but 'Fruit-a-Lives' banished all these troubles and now I am a well woman."

Max FLEED, C. G. B. K. F. 250. At dealers or sent prepaid on receipt of price by Fruit-a-Lives Limited, Ottawa.

White Ribbon News.

Woman's Christian Temperance Union first organized in 1874.

Regular Business Meeting last Friday each month at 3:30 p. m., in Temperance Hall, Labrador Meeting at the homes of the members 1st and 3rd Tuesday evenings in the month.

The Empty Space.

A homeless Bad Habit went searching one day
For a spot where it snugly could settle and stay;
It hung round Fred's door for three hours by the clock,
But never found courage to step up and knock.
The place was too busy and crowded, you see,
There was really no minute that seemed to be free;
There were lessons and games, there were books to be read,
And no time to be idle from breakfast to bed.

"I might push my way in," thought the Habit, "but then
Every corner is filled; I'd be turned out again;
It's no use to hang round; this is no place for me!"
And it went off as delicat as ever could be.

But Jim's door stood open, not far down the road;
No crowd was about it, no bustle it showed,
The hall was deserted, the study was bare,
And the Habit stepped in with a satisfied air.

"Ah! here's what I want," it remarked with a grin,
"I can settle in peace, and grow into a sin,
Jim's life is so idle and empty, I see,
That it's just the right home for an inmate like me!"

So it stayed and it grew till it filled the whole place,
And owned Jim in the bargain, and brought him disgrace.
For Jim!—Other boys, too, should keep a lookout,
For many Bad Habits go searching about.

A Distiller's Confession.

A New York exchange publishes an interesting letter received by the Rev. Dr. McFiee of New York, from a distiller of the same city. It appears that McFiee was in the habit of receiving artistic circulars from the distiller's company getting forth the virtues of various brands of liquor, and he grew curious to know what it was that prompted the sending of them to a minister. He, therefore, wrote the distiller asking him if he found it worthwhile to send such advertisements to ministers and enclosed a copy of one of his sermons on the evils of intemperance. The reply suggested several things as we read it. I wish to acknowledge your letter, and in direct reply to your inquiry beg to state that it was not with any knowledge or content of mine that my circular reached you. My experience would not lead me to include in my pamphlet any illustrations or postage stamps on ministers of the Gospel. The circulars are sent out by an addressing company, and possibly the agent who addressed you had an idea in common with many others that ministers were communicants of whiskey. As you well, I am glad to know that the distiller could not possibly have so desired with other

your left or your sermon, which I read with much interest. If I were the one to give the decision, and it rested entirely with me, I would wipe out the whole traffic in intoxicating liquors without a moment's hesitancy. I quite agree that it is opposed to church principles, and the betterment of humanity, and I only regret that circumstances are such that I am compelled to remain in it. I do not care to enter into any discussions or arguments on the temperance question, because there would be really no chance whatever for an argument against yours. I apologize for having been the innocent means of your being troubled with my circular. The reason is given above.

The Seeming Impossible.

Ten years ago it would have been thought impossible that the five hundred inmates of the central prison of this province would be located on an 800-acre farm, and housed in buildings on which there was neither lock or key. To-day the seeming impossibility is an accomplished and successful fact.—London Free Press.

Water in which rice has been cooked makes an excellent starch for lingerie waists.

Water in which rice has been cooked makes an excellent starch for lingerie waists.

Whoooping Cough.

Mrs. Charles Lovell, Agassiz, B. C., writes: "Seven of our nice children had whooping cough the same winter and we attribute their cure to Dr. Chase's Cough Cure and Compound. We always have it in the house, and recommend it to all who have it. I was formerly completely cured of whooping cough by using Dr. Chase's Compound."

8 Boxes Cured Psoriasis.

Mrs. Nettie Massey, Colborne, Ont., writes: "Three doctors described my trouble as psoriasis and one said I could never be cured. The disease spread all over me, even on my face and head and the itching and burning was hard to bear. I used 8 boxes of Dr. Chase's Ointment and am entirely cured—not a sign of a sore to be seen. I can hardly praise this Ointment enough."

Peck isn't happy.

Peck isn't happy. His wife is continually saying sharp and snappy things to him.
Why, he told me before he married her that was what he admired most about her.
Yes, but he considered it wit, then.

First Englishman—Why do you allow your wife to be a militant suffragette?

Second Englishman—When she's busy wrecking things outside we have comparative peace at home.
Censure and criticism never hurt anybody. If false, they cannot hurt you, unless you are wanting in character; and if true, they show a man his weak points, and forewarn him against failure and trouble.—Gladstone.

Our boy has left us.

"Our boy has left us," wept the mother as they only son waved good-bye from the car window. "Yes," said the old man, whom the boy had just touched for a loan; "but he hasn't left us much."
After all the efforts of the scientists it still remains generally conceded that the only way to keep a middle-aged man's hair from falling out is to cover his head with concrete.

What has become of the old-fashioned people who used to ask every man they saw carrying a valise if he was travelling or just going somewhere?

Nearly every man is long on short cuttings.
Politics is a good game, but a bad one for the poor.
A fool insists on having his own way, but a wise man merely has it.
The land used in the United States in a year would fill a 7211-793 feet in diameter and 354 feet deep.
A sensible young man never throws himself at the feet of a girl who throws herself at his head.

The Best Friends

of Red Rose Tea are those who have returned to it after trying other teas. No stronger recommendation of the good quality of Red Rose Tea could possibly be given.

N.B.—Coffee users will find Red Rose Coffee as generally good as Red Rose Tea.

Pulverized Diamond.

According to the Mohammedans of southern India, pulverized diamond is the least painful, the most active and the most certain of all poisons. According to 'Wilke's History,' the powder of diamonds is kept on hand (by the wealthy only presumably) as a last resource. But a belief in the poisonous character of the diamond also existed in Italy in the sixteenth century.

Synopsis of Canadian North-West Land Regulations.

ANY person who is the sole head of a family or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother, or sister of intending homesteader.

Ontario Woman's Fortune

Freedom from That Weak, Languid, Always Tired Feeling, by Lydia E. Pinkham's Compound.

Thessalon, Ont.—"I cannot speak too highly of your medicine. When my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a blessing to women, and I cannot speak highly enough of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, Thessalon, Ont.

For Loss of Hair

We will pay for what you use if Reall's Hair Tonic does not promote the growth of your hair.

In all our experience with hair tonics the one that has done most to gain our confidence is Reall's Hair Tonic. We have such well-founded faith in it that we want you to try it at our risk. If it does not satisfy you in every particular, we will pay for what you use to the extent of a 30 day trial.

Reall's Hair Tonic does not remove dandruff, relieve scalp irritation, stop the hair from falling and promote a new growth of hair, come back to us and ask us to return the money you paid for it, and we will promptly hand it back to you. You don't sign anything, promise anything, bring anything back, unless you want to oblige yourself. Isn't that fair?

Doesn't it stand to reason that we would not make such a liberal offer if we did not truly believe that Reall's Hair Tonic will do all we claim for it—that it will do all and more than any other remedy?

We have everything there is a demand for, and are able to judge the merits of the things we sell. Customers tell us their success. There are more satisfied users of Reall's Hair Tonic than any similar preparation we sell.

Start a treatment of Reall's Hair Tonic today. If you do, we believe you will thank us for this advice. Two size bottles, 50c and \$1. You can buy Reall's Hair Tonic in this community only at our store:

PROLIFIC BUFFALOES

The herd at Wainwright increasing rapidly amid ideal surroundings.

Buffalo Park, Wainwright, Alta., which has earned for itself the distinctive title of "home of the mighty buffalo," is situated 666 miles west of Winnipeg and 127 miles east of Edmonton. The park consists of 123,400 acres of wild land with a number of small lakes and shaded forests. It is enclosed with a nine foot wire fence, which is considered buffalo proof. Seventy-four miles of fencing was necessary to enclose the area. The park is owned and maintained by the Canadian Government. The original Pablo herd purchased by the government in 1907 numbered 708 head, since which time it has increased by 487 head, making a total of 1,195 buffalo which roam on evenly over their original land. It is estimated that there are now 1500 buffalo in the park. Many tourists from all parts of the world visit Wainwright and the Park to see the herds of buffalo and their sure ndings.

MAN WHO TOOK PART IN A REVOLUTION IN HONDURAS

A career of strange adventures was recalled when Mr. Donald Francis Charney, Stuart Boston appeared at the London, Banruptcy Court for examination.

On coming of age in 1875, he came to for a sum of \$150,000, and for ten years he travelled and engaged in prospecting, pearl dredging, and treasure hunting. He also took part in an expedition having for its object a revolution in Honduras.

Returning to England in 1904 with between \$10,000 and \$15,000, he engaged in magazine writing, and backed horses on a system of his own, losing the residue of his money. He then started with a partner as a dealer in pictures and works of art. That business ended in a loss of \$5,000. He also carried on business under the firm name of the New Ventures Syndicate, with a capital of \$15,000, all borrowed. Finding himself unable to raise more money, and being pressed, he left the office, and afterwards moved, about from place to place, studying writs. Finally he was arrested. He owes \$24,150, and has assets amounting to about \$500.

MISS WYLIE

the militant English suffragette who came to Canada to arouse the fighting spirit of the women on this side of the Atlantic in their campaign for the right to vote.

ODDS AND ENDS OF NEWS

England imports more than 100,000,000 pounds of eggs annually. Lemon juice, followed by lukewarm water, will cleanse a soiled sponge. The cost of milk in British Columbia is more than 1000 women in work done above ground.

More than 14 per cent. of the taxpayers in the United States live in New York.

Edmonton has limited the height of buildings to ten stories.

A new sea anchor for lifeboats has an attachment to be filled with oil to quiet rough water.

Extensive deposits of vanadium have been discovered in Chile in both silver and copper mines.

Eight Restored by Bee Stings

While changing a swarm of bees from one hive to another George Bailey, who lives near Placerville, Calif., and makes a living selling honey, but who had been almost blind for some time because of some ailment of his eyes, was stung on the face and eyelids by several bees.

Bailey intended to go to Sacramento to consult a specialist with a view to having his sight restored, but the bees did the work that he intended the specialist should try to do. The effect of the stings was to restore his sight.

Ladies Study Law

Only four young women, all told, have graduated from the Ontario Law School, but this term there are three fair followers of Blackstone enrolled. Miss Edith L. Patterson, B.A., of Vancouver, a graduate of McGill. Miss Mary E. Buckley, B.A., of Toronto, a graduate of the University of Toronto. Miss Jean Cairns, B.A., of Hamilton, a Toronto University graduate.

PRINCE AND HEIRESS

Russian Grand Duke to Wed a German Jewess
"An engagement which is destined to cause the tongues of Aristocrats to wag and the wags of Aristocrats to wag is reported. The contracting parties are Prince Alexander Georgesovich Romanovitch of Russia, who holds the rank of Grand Duke, with the title of Imperial Highness, and Princess Maria Marie von Thurn and Taxis, daughter of the Emperor of Austria, and heiress of the Grand Duke, who is a girl of 18 years old, but who has been married to Prince of the Royal blood.

MISS WYLIE

the militant English suffragette who came to Canada to arouse the fighting spirit of the women on this side of the Atlantic in their campaign for the right to vote.

ODDS AND ENDS OF NEWS

England imports more than 100,000,000 pounds of eggs annually. Lemon juice, followed by lukewarm water, will cleanse a soiled sponge. The cost of milk in British Columbia is more than 1000 women in work done above ground.

Bulgarian Peasant Women

HOTELS FOR WOMEN

Splendid Scheme of Cheap Housing for London's Working Women
Women's habits as they are called, are becoming more numerous. London, where they are helping to solve the problem of housing the underpaid women of the town, a cubicle in the hostel is 25 cents a week, which rent must always be paid in advance. A reference is made with each intending resident from some responsible person, and the matter written for the reference before the woman's residence takes on her abode at the hostel.

All meals supplied are good, plentiful and cheap.

All meals supplied are good, plentiful and cheap. The restaurants are open to outsiders, and the girls from neighboring factories and workshops are frequent visitors. For breakfast it is possible to get either a rash of bacon, a kipper or bloster, some jam or marmalade, bread and butter and a cup of tea for 7 or 8 cents. Dinner offers a wide variety of choice. Roast mutton or beef, Irish stew, potato pie, rice and other "larder" vegetables, and a good dinner need not cost more than 12 cents. Then tea will be about 7 cents, and supper about 3 cents each, and residents can either do their own laundry or pay to have it done.

PRINCE AND HEIRESS

Russian Grand Duke to Wed a German Jewess
"An engagement which is destined to cause the tongues of Aristocrats to wag and the wags of Aristocrats to wag is reported. The contracting parties are Prince Alexander Georgesovich Romanovitch of Russia, who holds the rank of Grand Duke, with the title of Imperial Highness, and Princess Maria Marie von Thurn and Taxis, daughter of the Emperor of Austria, and heiress of the Grand Duke, who is a girl of 18 years old, but who has been married to Prince of the Royal blood.

PREHISTORIC CEMETERY

The discovery of a prehistoric cemetery and crematorium at Goss, Wales, led to an examination which showed that the inhabitants of the uplands of Cardiganshire in the latter part of the Bronze Age cremated their dead. Medical men pronounced all bones found to be human bones. A number of irregular cavities appeared at Goss Goch, which contained charcoal, but in vessels of bone, are a mystery. It is possible that these hollows were receptacles for food for the departed.

KING'S DEPT. FOR TROPICAL MEDICINE

The King sent a donation of \$200 to Mr. Austin Chamberlain for the fund opened by the Lord Mayor for the London Scheme of Overseas Medical Work, which his Majesty has graciously accepted. Mr. Chamberlain has accepted Mr. Joseph Chamberlain's offer of \$100,000 for the fund. He originally asked for \$200,000, but ready sympathy with the fund.

FRUIT PASTURE

Fruct Pasture is a new fruit and vegetable food. It contains one half acre, orchard with about twenty fruit trees, good varieties. Also fifteen rose bushes. For further particulars apply to Mrs. E. E. Yotter.
