

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL, No. 51.

WOLFVILLE, NOVA SCOTIA, FRIDAY, October 7, 1921.

\$2.00, payable in advance

School Board Meets

Janitor Appointed and Other Important Matters Attended To

The regular monthly meeting of the School Board was held on Monday evening with the Chairman, Mrs. L. H. Moore, presiding, and all the members present.

Mr. Sutherland stated that E. J. Delaney, who has the contract for the heating and plumbing of the new school building, had asked for an extension of time in which to complete the work, the contract calling for the work to be finished by Nov. 10th. It was felt by all the members that it would be impossible for the work to be finished by that date and a resolution was passed extending the time to Dec. 10th.

The following bills were read and ordered paid:

Rhodes, Curry Ltd. (for Desks)..... \$312.71
Davidson Bros. 1.00
Acadia University..... 40.60

Applications were received from H. G. Parker, Austen Kenne and Harry Ferris for the position of janitor for the school buildings. Harry Ferris was appointed at a salary of \$50 per month, his duties to commence at the first of the year.

On account of Mrs. Davison still being unable to resume her work as teacher of the primary department, Miss Elizabeth Morgan, of Lawrencetown, was appointed teacher of this department for the month of October. Miss Morgan has had a long experience as a teacher and is eminently fitted for the position.

The appointment of Miss Edna Wade as teacher of grade 3 was confirmed. Miss Wade is also an experienced teacher.

The secretary was instructed to look after the insurance on the new school building.

Personal Paragraphs

Mrs. C. S. Fitch spent the week end in Halifax, returning on Wednesday.

Mrs. Geo. Anderson motored to Halifax on Sunday, returning on Wednesday.

Mr. Merle Porter left this week for Dalhousie to begin the study of medicine.

Mr. and Mrs. S. C. West were in Windsor on Wednesday attending the exhibition.

Mr. Rod. Grant left this week to resume his studies at the Dalhousie Medical School.

Mr. and Mrs. Bernal Sawyer, of Halifax, are spending a week in town, guests at the Foster House.

Mr. Fred L. Morgan, of Newton Centre, Mass., arrived on Wednesday to make a short visit at the home of Mr. and Mrs. C. M. Vaughan.

Mr. Doane Hatfield left this morning to attend the Boy's Conference at Digby as a delegate from the Crusaders Class of St. John's Church.

Mr. John Gould, of Dartmouth, formerly of Wolfville, plans soon to move to Lunenburg where he is going into the undertaking business.

Mrs. C. F. Reynolds and Miss Ada Reynolds, of Canning, have moved to Wolfville for the winter and have taken rooms at "Restholm".

Rev. Ralph M. Jones, who has been pastor of the church in Chester, Vermont, since 1906, has accepted a call to the church in El Paso, Illinois.

Mr. R. E. Banks arrived from Waterville on Monday and Mr. and Mrs. Banks have taken rooms for the winter at the home of Mrs. McLellan, Gasperau ave.

Mr. E. M. Dorman, of the Royal Bank staff, who broke his right ankle early in August and has since been recuperating at the home of his parents at Martock, Hants county, returned to his duties at the bank this week.

Death of Esteemed Citizen

The death of John W. Wallace, which occurred at his home on Acadia street on Tuesday afternoon, removed one of Wolfville's oldest and most highly esteemed citizens. Mr. Wallace was born in this place about 86 or 87 years ago and spent most of his life here. He graduated from Acadia College with the class of '68 and before entering upon the work of his profession was for some time a successful teacher in the public school. He practised law at Liverpool and came to Wolfville over 40 years ago, where he carried on the successful practice of his profession until failing health a little over a year ago forced him to retire.

He was a good citizen and deservedly popular, and during his active life took a deep interest in the affairs of the community. He was known as a well informed and dependable lawyer, and during his long practice acquired considerable property.

Since retiring from active work there were many of his old clients who sought his advice up to the day of his death. His health had failed him about a year ago but the end came very suddenly. He was in his usual activity on Monday, when he suddenly collapsed, but quickly rallied and attempted to do a volume of correspondence in the afternoon and following morning almost to the hour of his departure.

He is survived by a brother, George H. Wallace, and sister, Miss Amelia, with whom he resided. The funeral took place yesterday afternoon, the service being conducted by two lifelong friends of the deceased, Dr. A. C. Chute and Dr. J. W. Manning, and was with Masonic honors. Mr. Wallace having been for years an active and faithful member of St. George's Lodge of this town.

DAUGHTERS OF THE EMPIRE

The Daughters of the Empire held a most interesting meeting on October 4th. About fifty members were present. The Regent, Mrs. Moore, was in the chair and was accorded an enthusiastic welcome upon her return to the duties of her office after a most enjoyable trip to Newfoundland.

On motion, the message of the Regent, in behalf of the Chapter, to the Nursing Association was read.

Mrs. M. R. Elliott reported for the Town Council for Victorian Order Nurse, stating in brief that we may expect the nurse for Wolfville in October, and that the I.O.D.E. Committee had secured a suitable home for her. The Chapter is prepared to assume its responsibilities in cooperation with the Local Council.

The I.O.D.E. war Memorial Fund was under discussion. On motion \$250.00 was voted in payment of the Chapter's Final Installment to the Scheme.

The members of the Chapter were impressed with the National President's letter setting forth the Aims and Ideals of the Head Authorities with a prospectus for the coming year. After the appointment of Committees for future activities the meeting adjourned.

ACADIA OPENING

Acadia opened her doors for receiving students, on Wednesday of this week. About 100 new students have been registered to date. The Freshman Class is large and may reach record proportions. The entire registration will closely approximate that of last year.

The world's championship baseball series opened at New York on Wednesday, the series being between the two New York teams. On Wednesday the New York Americans defeated the New York Nationals by the score of 3 to 0. Yesterday's game resulted in the same score the Americans again winning.

Town Council in Session

Reports From Committees—Water Gaining in Reservoir

Mayor Fitch presided at the regular monthly meeting of the Town Council on Wednesday evening and all the councillors were present. There were also a number of citizens present.

Councillor Sutherland reported for the Streets Committee that the ordinary cleaning of the streets had been done during the month and some minor repairs made. Also that a quantity of ashes had been spread near the railway station. Expenses for month, \$432.42.

For the Water Committee Councillor Nowlan reported that two new hydrants had been placed on Front street. The work of deepening the reservoir was going on and the recent rains had helped the water supply. Monthly expenses, \$194.75.

Councillor Cox reported that the Sewer Committee had paid out \$104.30 for labor during the month.

For the Police Committee Councillor Wheaton reported a fine of \$15 collected for speeding. The signs to be placed on the streets are completed and will be placed immediately.

Councillor Moore reported that the Poor Committee had paid out \$12.00 during the month.

The Finance Committee reported the receipts for the month as \$17896.05 and the disbursements \$14634.84. The bank overdraft at the end of the month was \$9403.29.

The following bills were ordered paid: R. E. Harris & Sons..... \$ 49.15
A. W. Bleakney..... 13.05
Annapolis County..... 117.00
Davidson Bros..... 19.33
E. W. Eagles..... 124.56
Mrs. Burton Croft..... 12.00
Wood & Mahaney..... 24.50
Thos. Foster..... 34.00

A letter was read from Blauvelt & Withrow, solicitors for E. C. Johnson, asking that the town pay for the damage done to his property by the overflow of the sewer. Councillor Cox said he would like to have the matter considered by the whole council. It was however left to the Sewer Committee with the Mayor added to the committee.

Councillor Shaw, on behalf of the School Board, asked that signs be placed on Acadia street calling the attention of motorists to the school children.

On motion, the signs were ordered to have the signs prepared.

Councillor Shaw enquired concerning the work being done at the reservoir. Councillor Nowlan stated that the ditching machine had been working ten days and the dividing bank between the reservoirs had been completed, and work was now being done on the South side. He could not tell how much longer the work would take.

Councillor Cox asked if the water was going to be put on Kent avenue and stated that some building had been started on the avenue. Councillor Nowlan said that the work would be done as soon as possible. Councillor Cox thought the sewer should be laid at the same time so as to save the cost of digging two ditches.

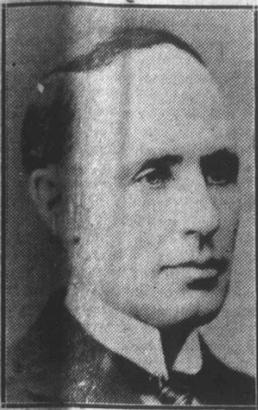

Councillor Sutherland wanted to know if the pump was still in operation at the artesian well. The Mayor stated that on account of the building over the pump not being completed the motor had to be removed during the rain but would be replaced as soon as the weather cleared.

A letter was read from the Nova Scotia Fire Prevention Board re the observance of Fire Prevention Day, Oct. 10th. A resolution was passed asking the chief of the fire department to reorganize the department and if possible arrange a demonstration on Oct. 10th.

Councillor Shaw asked what was going to be done with the new fire alarm. It had been suggested that it be placed on the roof of the new school building but to this the School Board objected. After discussion a resolution was moved by Councillor Wheaton, seconded by Councillor Nowlan, that the fire department borrow the use of the roof of the school to try out the fire alarm. Motion carried.

The Mayor stated that D. R. Munro had again asked for the payment of the balance due him. \$2051 are on hand from the sale of bonds, and a resolution was moved by Councillor Shaw that the balance be paid Mr. Munro and that the matter be referred to the Electric Commission with the request that they carry the amount until such time as other arrangements may be made. Seconded by Councillor Sutherland and carried.

A letter was read from the local branch of the G.W.V.A. asking for the sanction of the Council for making the proposed alterations in the Memorial. Upon the Council asking for particulars of what the changes were to be, R. B. Blauvelt said that all the particulars had been given in the local press. However he went over them again. Upon being asked the probable cost P. W. Davidson said it would be about \$2600. After further discussion on the matter, it was laid on the table with the promise of an early

PREMIER MEIGHEN

Wolfville Honored

By Visit of Canada's Prime Minister

Premier Meighen is evidently the most energetic campaigner as evidenced by the fact that he addressed seven audiences in different parts of the province on Wednesday.

It was arranged that after the meeting at Kentville he should motor to Wolfville and address the citizens at 11.50 from the steps of the Memorial Gymnasium. Long before the time appointed throngs of people assembled in spite of the disagreeable weather conditions and waited patiently for the coming of the Prime Minister and his party. At the time appointed for Mr. Meighen's arrival probably over 1000 people had assembled. Owing to some unaccountable delay at Kentville it was fully an hour later when the Premier's car arrived. In the meantime rain fell heavily and supposing that the address had been cancelled the large company dispersed. Only a very few remained on the ground when the Premier finally arrived but in a short time a considerable company had assembled in the pouring rain.

Mr. Meighen was introduced by President and delivered a brief but convincing address. He proved himself to be a man of great ability and who had the privilege of hearing him. Standing with head bared in a torrent of rain he explained to his hearers the conditions leading to the approaching Federal contest.

He said that the tariff question must be settled in order that Canada might be in a position to take part in the competition with other countries and be able to hold her own in the various branches of manufacture and commerce.

Canada after the world's war emerged from the conflict with a huge debt, but her financial position was unimpaired, and if she protected her commerce and manufacturers, the outlook is one of great promise.

The people should be united for one purpose and that is to place this country in the front rank among the nations of the world today. We have a large number of unemployed, but this condition will be greatly remedied when the great issue, the tariff question is disposed of. We should not argue over minor or local interests, but should be an united people having the larger interests of our country at heart.

Premier Meighen said he was willing to argue and face the great issues squarely and let the poll decide and he would abide by the decision of the ballot.

The Premier was accompanied by Hon. F. B. McCurdy, Minister of Public Works, and Hon. Andre Fauteux, Solicitor General, and on the conclusion of his address the party motored to Windsor where the Premier gave two addresses before taking the afternoon train for Halifax.

ACADIA FOOTBALL

Captain Wigmore had the football enthusiasts on the campus for a tryout. Thursday afternoon. More than one half of those who played on the first team are back and reported for practice. Some promising new material for the scrim—as well as for the quarter and half lines is in evidence. Though late in beginning Acadia guarantees to give a good account of herself. It is not yet known with whom the first game will be played.

The Acadia Library has recently received several donations of books. Dr. M. C. Smith, of Lynn, Mass., has presented the Library with a medical library of more than three hundred volumes. President Cutten has donated sixteen volumes of children's books, and Miss Lalia Chase has given eleven volumes of modern English fiction.

Answer, this being agreeable to the members of the G.W.V.A. present.

Splendid Exhibition

Fine Display of Fruits and Vegetables at Three Counties Fair

The Hants, Kings and Annapolis Counties' Exhibition was opened at Windsor on Tuesday afternoon by Lieutenant-Governor Grant, who upon being introduced by the Chairman of the Exhibition Committee, Walter J. Aylward, said it was an inspiring sight to look on the magnificent display of fruit, vegetables and the like, inspiring especially to him because of the fact that it was in his own native county, where his heart is, and where it would remain. He was quite sure, he said, that such a display could not be duplicated anywhere in Nova Scotia, or in all Canada.

H. B. Tremain, M.P., was the next speaker, and he was followed by Dr. J. W. Reid, M.P.P. Both spoke of the marvelous display of the farm products of the three Counties, and tendered their congratulations, also including the committee in charge.

The Citizens' Band was present and rendered a good programme during the afternoon.

The Exhibition was certainly a success as regards the splendid display of fruit and vegetables. It is doubtful if such a plate display of fruit was ever shown in Nova Scotia. We feel safe in saying that we have never seen apples so well colored. The farmers of Hants county have certainly been blessed with good crops this year. The squash, pumpkins, cabbage, potatoes, etc. were never larger nor finer than those on display this year.

The fine exhibit of fruit, vegetables, honey and butter from the Dominion Experimental Station at Kentville was worthy of close attention and keen admiration. Crowds stood before this exhibit for hours admiring the various articles, and the honey in the combs and jars. A section of a hive showed the bees at work.

The display of poultry was of a high order. Several prizes were won by exhibitors from Kings county. The Evangeline Poultry Yards of this town had a large number of birds entered, the White Wyandottes winning three first prizes and two seconds, and the Rhode Island Reds two firsts. A. C. Murphy, of Port Williams, won first prize with his White Wyandotte cock. Ed. Jordan, of Kentville, had an exhibit of Barred Rocks which won

this department.

C. L. Wood, mechanic science teacher for Windsor and Kentville, had a splendid exhibit in manual training, and Wolfville and Windsor schools also had fine exhibits of school work. The domestic department showed a large number of articles with the quality of the work unsurpassed. Miss Kate Hill and Miss Annie Pratt, both of Windsor, displayed fine collections of paintings which were greatly admired.

We have been unable to secure the names of the prize winners from this county but hope to be able to publish them next week.

4,000 BARRELS APPLES BURNED

Fire Destroys Joudrey's Ware-House at Brickton—Loss Exceeds \$15,000

R. A. Joudrey's apple warehouse located at Brickton, three miles from Middleton, was totally destroyed by fire which broke out late Saturday afternoon. The loss is estimated at over \$15,000, including 4,000 barrels of apples. Other warehouses in the neighborhood were for a time endangered and calls for help were sent out to Lawrencetown and Middleton. On account of the headway, which the flames had gained nothing could be done to save the warehouse, but efforts to localize the fire proved successful. The fire is believed to have been caused by the sparks from a passing train. Mr. Murray was the manager of the warehouse.

The dissolution of the Canadian Parliament was announced on Tuesday. The election date is expected to be announced to-day.

New Minas Items

The Acadian, published at Wolfville, has for the past few months reached us greatly improved both in typographical appearance and in the general make-up of the paper. The hustling proprietors have installed a Monotype machine, which is far ahead of a Linotype, as they cast all the type and rule, slugs, etc., used on their own paper, as well as making new type for a great many of the printing offices in the province. Altogether it is a well fitted up office, and capable of turning out any kind of a job given them.

There are several new houses in course of construction here, one being a handsome bungalow being erected by Mr. Archie Turner, a young gentleman who has spent a good many years in the West, but now has returned home to "settle down". The other house is being built by Mr. Rugg Vaughan, with Mr. Percy Turner as builder. When completed, this house will greatly improve Mr. Vaughan's fine farm property.

Mr. Amos Griffin, who left here a few weeks ago enroute to California, will be joined by Mrs. Griffin, who in company with Mrs. Lawrence, will have about the first of November for that far away country, where they intend to spend the winter.

Mrs. McClarey, who lost her house by fire some time ago, intends rebuilding another house shortly.

Mrs. LeRoi Willis intends spending the coming winter in Florida again.

Mr. Arthur Dodge is doing all the threshing for the country round about for miles. He has also installed a gasoline tank at his home where the motorist can always have his tank filled. Mr. Alonzo Dodge still carries on the shoemaking business as of yore.

New Minas has two mail drivers, viz. Mr. Wright Bishop and Mr. Sidney DeWolfe, who drive the mail on alternate days. Both are very obliging gentlemen.

Both apple warehouses are doing a rushing business at the present time, but we are sorry that the farmers are not getting more for their apples. They should as they are about all that nature has given the farmer for all his hard toil this season. But cheer up, next season may give the farmer a bumper crop in all he raises.

Mew Minas at the present time is without a grocery store, and there is a splendid opening here for anyone who would open up and run such a store.

There was a negro minstrel concert in the hall here one night last week, but was not very well attended, as the advance man said it had not been given sufficient advertising.

Mrs. John Cross and family, who have been living here for the past year, have moved to Kentville, where they will occupy their fine residence there.

The Miss Laura Bishop house has received a coat of paint this summer, which very much improves the appearance of the place.

Mr. and Mrs. Baird and little son, who have been living in part of Mr. Arthur Turner's house, will move to the house vacated by Mrs. John Cross. Mr. Baird who had spent one day in the woods moose-hunting, was successful in bringing home a very fine specimen of that family.

Divine service is held in the church here every Sunday with prayer meeting Wednesday evenings, by the pastor, Rev. Mr. Chipman. Everybody is cordially invited to attend these services.

NOMINATIONS IN NOVA SCOTIA

The following candidates have been nominated in Nova Scotia during the past week to contest the coming election:

Cumberland: H. J. Logan, Liberal.
Col. E. Bent, D.S.O., Government
A. Bonnyman, Farmer-Labor
Annapolis-Digby: A. L. Davidson, M.P. Government
Pictou: Col. Thos. Cantley, Government
E. M. Macdonald, Liberal

Town Clerk.

GREENWICH NOTES

Mr. Dexter Forsythe commenced work on his apple evaporator about two weeks ago and is already doing a good business, employing several young men, also a number of girls.

Rev. Mr. Hemmeon, our pastor, commenced his vacation last Saturday, he and Mrs. Hemmeon leaving for Lockport. No service in church here last Sunday. It is expected Rev. Mr. Miller will preach here next Sunday. On Sunday Sept. 25, Rev. Mr. Watts, of Digby, late pastor of this circuit, who with Mrs. Watts and daughter, was spending the weekend in Wolfville, attended service here, after which he was warmly greeted by a good number of friends. It was with great pleasure the audience at this service heard the announcement that Rev. Mr. Armitage, of Windsor, a former pastor and who is so well known in this place, was to preach last Sunday, but a great disappointment when the news was circulated there would be no service. It is hoped Mr. Armitage will be here some Sunday soon.

Several from this place attended the political meeting held in Wolfville, last Tuesday evening, Sept. 27th, and enjoyed the address of Mr. H. P. Newcombe, who is a lawyer, with offices at Canning and Kentville. At this meeting the Conservative Party of this ward was organized and Mr. George Bishop was elected Vice-President and Mr. Hazen Bishop was put on the Executive Committee.

On Wednesday evening of last week a Marsh-Mallow roast was held in a picturesque spot in what is known as "Neary's Hollow". A very mild warm evening and with the large bon-fires a very pleasant evening was enjoyed by a good number until a late hour.

Mrs. Anderson, who visited here at the home of her parents, Mr. and Mrs. Lewis Forsythe, and with other relatives, for several weeks, left on Saturday, Sept. 24, to return to her home in Cambridge, Mass.

Miss Millie Fraser, who enjoyed a pleasant vacation at her home here, for a few weeks recently returned to Boston to resume her position there.

Miss Joyce Harvey, our assistant teacher of last year, is attending the County Academy, Kentville, this year, taking up the 12th grade work. We wish her the best of success. Miss Christine Harvey, is a pupil at the Academy again this year, taking the 10th grade work. Success to her also.

Many of our residents who have been in the habit of attending the open air Band Concerts in Kentville this season, regret to know that last Tuesday evening was the last one. They have been much enjoyed by large crowds each week.

Miss Bertha Fraser, left on Monday on her return to Winnipeg, Man. She has visited for several weeks at the home of her aunts here, Mr. and Mrs. George Fraser, and with other relatives and friends.

Robert Clowery and his mother are rebuilding their home, on the site of the one very recently burned.

It is rumored that one of our young ladies will before long make a very important change in her life.

What an outrage when a man has to pay about half the cost of a set of tires for a month's rent.

CENSUS RETURNS FOR THE MARITIME PROVINCES

Nova Scotia's Population 524,579, an Increase of 6.25 per Cent.—Kings County's Population 23,718, an Increase of 8.9 Per Cent.

OTTAWA, Oct. 1.—Census returns for the Maritime Provinces issued last night show New Brunswick with an increase of 10.29 per cent. Nova Scotia for the ten years has an increase of 6.25; while Prince Edward Island has gone back to the extent of 5.44 per cent. The 1921 population of New Brunswick is 388,092 as against 351,889 for 1911, and 331,120 in 1901. In Nova Scotia the figures are 524,579 for 1921, compared with 492,338 for 1911 and 459,574 in 1901. Prince Edward Island in 1901 had a population of 103,259, in 1911 it had fallen to 93,728, and the figures for 1921 are 88,536.

The population of the electoral districts of New Brunswick and Nova Scotia are announced by the census bureau as follows, showing the comparison of the 1921 and 1911 census:

NEW BRUNSWICK		
	1921	1911
Gloucester	38,642	32,662
Kent	23,673	24,376
Northumberland	33,915	31,194
Restigouche and Madawaska	43,056	23,365
Royal	31,956	31,491
St. John and Albert	69,868	63,263
Victoria and Carleton	33,927	32,990
Westmoreland	53,576	44,621
York and Sunbury	38,156	37,780

NOVA SCOTIA		
	1921	1911
Antigonish and Guys	27,783	29,010
Cape Breton North and Victoria	31,322	29,888
Cape Breton South and Richmond	76,338	66,625
Colchester	25,242	23,664
Cumberland	41,149	40,543
Digby and Annapolis	28,977	29,871
Halifax (city and Co.)	97,035	80,257
Hants	19,751	19,703
Inverness	23,825	26,571
Kings	23,718	21,780
Lunenburg	34,689	33,260
Pictou	40,830	35,858
Shelburne and Queens	23,436	24,211
Yarmouth and Clare	31,184	32,097

PRINCE EDWARD ISLAND		
	1921	1911
Kings	20,410	22,636
Prince	31,485	32,779
Queens	36,641	38,313

There will be at least 1,250,000 women voters in the coming Federal election.

ADVISES OWNERS TO WATCH THEIR DRIVING

If many motorists will only change their driving habits they can easily add at least 20 per cent. to their gasoline mileage, even with a low grade of fuel, is the assertion of an expert.

"We have been preaching twenty-five miles an hour to owners. If you will notice very little pressure on the foot throttle is required to send your speedometer from the twenty-five to thirty-five miles an hour. If your errand requires the higher speed, why make it but if it does not curb, yourself and be satisfied with twenty-five. You'll travel about 20 per cent. farther on a gallon of gas.

"Start slow and come to a stop gradually and don't try to speed up hill. Speeding up hill uses a lot of fuel. Don't use any more gas than is necessary to propel your car on the level at twenty-five miles per hour. The man with a car that piles up a high gas mileage will go a long way farther than the chap who has no regard for economy. Many owners by observing these rules are registering better than twenty-five and twenty-six miles to the gallon of gas in ordinary touring."

If women wear weeds when they mourn for the dead, a town whose streets are fringed with weeds may be rightly termed a dead town. Do you take the hint?

HOW WOULD IT DO

- To live up;
- To push things;
- To boom your town;
- To advertise your business;
- To renew your subscription.

"One of the peculiarities of the newspaper business", remarks the Ridgeway Dominion, "is the fact that delinquent subscribers appear to regard the sending out of subscription accounts as simply a mild form of recreation in which the printer indulges when he has nothing else to do."

Canada is sorely in need of wider roads because of the press of traffic and the vast and continued increase among motor vehicles—particularly in trucks.

One of the best known guides in Nova Scotia gives this testimonial of MINARD'S LINIMENT:

"Have used Minard's Liniment in my home, hunting and lumber camps for years, and consider it the best white liniment on the market. I find that it gives quick relief to minor ailments, such as sprains, bruises and all kinds of wounds. Also it is a great remedy for coughs, colds, etc., which one is liable to catch when log driving and cruising during the winter and spring months. I would not be without MINARD'S LINIMENT and cannot recommend it too highly."
(Signed) Ellison Gray.

NOTICE

THE DREAMER OF DREAMS

In the world does not care for the dreamer of dreams... Till the dreamer of dreams is dead: And, then, when the people have gone for years... Down the road where the dreamer led, They pause in their rush for a day or so, And build a huge pile of stone To mark the place where the dreamer rests— The dreamer who dreamed alone.

LITERARY NEWS NOTE

H. A. Cody

Rev. Hiram Alfred Cody, was born in New Brunswick, 1872; he is of U. S. loyalist descent. He was ordained to the Anglican priesthood in 1898, was missionary in the Yukon district, 1903-4, rector of Christ Church, White Horse, Yukon Territory, 1904-09. Since then he has been rector of St. James' Church at St. John, N. B.; he won a \$200 prize in 1906 for an essay on "The Yukon's Resources and Advantages." He wrote the life of Bishop Bompas and also several works of travel before entering the field of fiction.

It takes a lotta imagination to kiss a girl over a telephone and get any satisfaction out of it.

It takes a lot of horse sense to maintain a stable government.

Moose season opened Saturday, Oct. 1.

STUDENT SURVEYORS IN CAMP NEAR WOLFVILLE

(Morning Chronicle of Oct. 1) The summer Camp in Surveying for the students in Civil and Mining Engineering at the Nova Scotia Technical College is being held this year at Melanson in the beautiful Gaspereau Valley. Eleven Students are in attendance and the work is being carried on under the direct personal supervision of Professor F. R. Faulkner and W. G. Hardy. Living and working conditions as found in survey and construction camps are duplicated with exactness, the entire party being under canvas and carrying their own cook.

The work includes the preliminary and location survey for a railway line, the computation of the quantities of earthwork to be moved and an estimate of the cost. At the same time, a topographical survey is being made, each student holding one position on a party until he becomes proficient. A base line has been measured with the utmost precision and from this a triangulation system is being developed the students planning and building their own signals and acquiring an experience of greatest value in that kind of work.

Aside from the valuable practical experience gained by carrying on the various surveys, the camp is attractive to the students by reason of the healthy outdoor life and the pleasant social relation established among themselves and with the residents of the surrounding country. The courtesy and kindness of all people in the vicinity is a matter of favorable comment.

Minard's Liniment Lumberman's Friend. "Officer," said the magistrate of the town, frowning darkly in his effort to look wise, "what is this man charged with?" "Bigotry, your worship. He's got three wives."

Taylor Harry M. Palmeter Administrators. Probate granted June 6th, 1921. Dated the 12th of September, 1921.

SPECIAL FALL TRIPS TO BOSTON

By Steamer

Summer is the regulation time for vacation trips but there are many advantages in a fall outing. For one thing, rates are often lower.

The Boston & Yarmouth Steamship Co. Ltd., announce that beginning early in October the one-way rate Yarmouth to Boston, regularly \$9.60 will be reduced to \$7.00, with a proportionate reduction in the price of stateroom accommodations. War tax is extra.

October is an ideal month in which to visit the Massachusetts metropolis. Social and recreational activities are beginning to get under way again. The shops are displaying their winter goods. The theaters are in full swing. Lectures, concerts and other attractions are ready to entertain you.

There is no city in America more interesting than Boston. Noted for her culture and refinement, she has reverently preserved many heritages of venerable history and in a modern, pulsating present has surrounded herself with an atmosphere of grace and gentility rarely equaled outside London itself.

Sightseeing in summer is sometimes fatiguing but in golden October, there is just enough zest and "bite" in the air to add a romantic lure to the most prosaic objects. You feel in good spirits and enjoy a trip of this kind particularly well.

There might save time and point a moral by locating our cemeteries at points where automobile highways make sharp turns.

TO WASH SWEATERS

Here is a method you may depend on: Free the sweater from all loose dust, then measure and write down the length and width of the front and back, length of shoulder and length of sleeves along the seam.

Dissolve two tablespoons of white soap flakes in a half cup of warm water and stir into a gallon of warm water. For colored garments the water should be cooler than for white ones.

Put in the sweater and wash by squeezing and lifting up and down in the soapy water, taking care not to stretch it. Do not rub. Rinse in several waters of the same temperature as the wash water, and for white sweaters add a very little bluing to the last rinsing water. Squeeze between the hands, roll in a turkish towel and squeeze again to remove as much water as possible.

Set a table outdoors in the shade and cover it with a folder sheet. On this lay the sweater with the back next the sheet, and draw the fronts together and the sleeves straight out. Verify all measurements, and if necessary stretch and pin the sweater into shape. When partly dry, turn the other side up.

THE SMILE HAS IT

(From the London Morning Post.) Those who are feeling depressed at the labor troubles through which we are passing would receive a good tonic if they took a walk through Whitechapel, for on the notice-board of a certain church there the following piece of anatomical pleasantries has been painted: It is easier to smile than to frown! To frown you use 64 muscles, but only 18 to smile!

Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

WELL DONE KINGS

The Census returns show that Kings county has made a very creditable gain in population during the last decade. The increase is said to be 8.9 per cent, only three counties making a greater gain. With no special industrial activity and no large centres of population, the returns indicate a steady growth that is most encouraging. Agriculture and fruit growing, the two chief occupations of the people of this county, are evidently proving satisfactory and profitable and with the large opportunity that exists for still further development assures still greater prosperity for coming days. A visit to some of the many large farms of the county gives abundant evidence for this conclusion.

THE VALUE OF A TOWN BAND

In the early part of the summer THE ACADIAN referred editorially to the desirability of a Town Band, and expressed the hope that steps might be taken to provide such an attraction. In many of the towns of Nova Scotia, the value of such an institution has been amply proven during the past summer. The writer recently spent a few weeks in the town of Windsor and had the pleasure on several occasions of listening to the fine open-air programs rendered by the most efficient band of that town. On a Sunday afternoon for instance, an exceedingly well rendered and most pleasing program of sacred music was given at the Victoria Park, greatly to the enjoyment of citizens and to any who happened to be spending the day in town. The value of a town band was more than ever emphasized to us while listening to these concerts.

THE ACADIAN is very glad to know that something at least is being done in Wolfville looking forward to the realization of such a condition perhaps during next summer. Mr. Phinney deserves the sincere thanks of citizens for the training that he is giving our boys. This is a most patriotic though frequently discouraging task that he has undertaken and every citizen should be glad to assist to the fullest measure what is being done.

HOW ST. JOHN IS GOVERNED

The successful attack a few nights ago by an organized mob on the street car service of St. John, N. B., derives its significance from the fact that it is a

repetition of former attacks, for which no punishment was meted out to the rioters, giving pretty strong proof that law and order are at a discount in that city. The labor unions are obviously masters of the situation. Their right wing is the police force; their left the tan-yard brigade, an organization of rough necks, capable of most any mischief. The alliance between the two wings seems to be perfect, for after the latest outrage, the police were able to arrest a small boy only! The labor unions, composed of many reputable citizens—seem to think that their desired heaven—always shorter hours and always more pay—will be helped by inaugurating a campaign of terrorism.

When a like policy was adopted in Boston, and the police force resigned in a body, the Mayor took strong measures, which proved entirely successful. He was backed by the governor of the state, who has since been elected Vice-President of the United States.

When at Seattle the same game was tried, the Mayor placed machine guns at commanding points. The soap box orators, having no taste for cold lead, went back to their holes.

When the same class attempted to capture the city government of Winnipeg, their leaders were arrested and put in the penitentiary for terms, all too short. San Francisco has twice been threatened with destruction with an army from the underworld. In each case powerful vigilance committees of law-abiding citizens were formed and with such instruments as a hempen rope and convenient oomp posts soon rid the city of its pestiferous life.

St. John will not have security for life and property until the citizens come together and organize a campaign against lawlessness.

PRAYERS FOR SUCCESS OF CONFERENCE

LONDON, Oct. 3.—The Archbishop of Canterbury as President of the World Alliance for promoting international friendship through the churches, has addressed a letter to the Presidents of the National Councils in America, Europe and Asia appealing to all the Christian churches to set apart Sunday, November 6, as a day of prayer for the divine blessing on the Washington conference on limitation of armaments and far Eastern problems, beginning November 11.

Sir Robert Borden has announced that he will not be a candidate in the coming election.

I TOLD YOU SO

At a public meeting of the citizens to consider the advisability of boring an artesian well I opposed the scheme. I gave as my reasons that it would not give enough water to be worth while and that it would cost ten times as much to get water that way as to make more reservoir capacity to produce as much water. The outcome of the affair proves what I said. The whole thing is a mere child's toy with no practical use. I said it would cost \$10,000 to construct and operate the same. It has already sunk about \$5,000, and one month's operation is reported in council to be \$80, and I do not think that includes the cost of electric current or some town officials' time. This cost of operation is I think rather large interest on the remainder of the \$10,000. We were told by one valuable orator that what we wanted was plenty of water to use and not be stinted, and the artesian well would furnish it. I could pump more by hand than the thing has produced during the time. Now we have been served with notices to save all the water possible. Plenty of water!! Another wise one stated we would get a plentiful supply of pure spring water but the water has never been poorer than now; except when the swamp drained into the reservoir. The pump works a part of the time. When it does not break down it sometimes has to be taken in out of the rain. I would think water would be very injurious to pump if exposed to it. I am also told by a man working near it that it pumps the well dry quite frequently and has to wait for the well to fill again. Considering all these things I do not think I was far astray when I opposed the project.

This is the last issue of THE ACADIAN in which the notice re payment of taxes will appear. Remember that Oct. 10th is the last day and act accordingly.

Miss Anne Bonnett, of Boston, a graduate of the New England Conservatory of Music, has accepted a position as teacher of music in the pianoforte department of Acadia Seminary.

Dr. G. B. Cutten and family moved last week from their residence on Acadia street to the recently acquired President's House on Main street, formerly the residence of Dr. G. E. DeWitt.

At the regular monthly meeting of the Wolfville branch of the G.W.V.A. on Wednesday evening the matter of wearing poppies on Armistice day was discussed and it was decided that the society secure a quantity of poppies and place them on sale.

Mrs. H. P. Newcombe, of Canning, may enter the political contest in Kings county as an independent candidate at the request of numerous friends. She is at present at the Provincial W. C. T. U. convention at New Glasgow, where she is the special speaker.

SPEND FOR RESULTS—for direct advertising, there is nothing like personally signed letters addressed direct to the individual. The Mimeograph makes facsimile signed duplicate letters, and the Addresspress addresses them to the right people every week or month without error. A. Milne Fraser, 157 Hollis St., Halifax, N. S.

An accident occurred on the eastern part of Main street Saturday afternoon when Joe Burgess, who was riding a bicycle, collided with a car driven by A. M. Wheaton. Fortunately Mr. Wheaton was driving very slowly or the accident would have been more serious. The boy was taken to Westwood Hospital in an unconscious state and at first his injuries were thought to be serious. It was found however that he was not badly hurt and he was able to be moved to his home this week.

A meeting of the Building Committee was held on Wednesday evening at the close of the Council meeting. An application from C. H. Wright for permission to build a residence on Earncliffe avenue was granted; also one from A. B. Robart for permission to build a store on his property on Gasperau avenue. Starr Fullerton applied for permission to move a barn on his property which was granted. As no application had been received for permission to build on Kent avenue the secretary was instructed to ask the builders to put in their applications immediately.

FACULTY RECEPTION

The Faculty of Acadia Seminary will be at home to their friends in Wolfville and vicinity at the Acadia Seminary Residence, Friday evening, Oct. 7, 1921, from 8 to 10.

GRAND PRE AND HORTONVILLE

Mr. H. J. Curry, of U. S. A., is visiting his sister Mrs. George Harvey.

The friends of Miss Phyllis Fuller will be sorry to hear that she is quite ill at the home of her parents, Mr. and Mrs. G. P. Fuller.

Mr. J. W. McClelland, of Halifax, is spending a few days at "Rose Cottage".

Mr. Edward Mosher, of the Bank of Nova Scotia, Newfoundland, is spending a few days visiting friends here.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

The Women's Club of the Methodist church will hold a Pantry Sale Saturday afternoon, from 3 to 5, at the Town Hall.

Dr. MacMillan, of Toronto, who will deliver a series of lectures on hymnology at the opening of Pine Hill College, Halifax, expects to be in Wolfville on Sunday, October 23rd, and will speak at the Presbyterian church.

PORT WILLIAMS HAPPENINGS

Mrs. Wylie West, of Medford, spent Sunday the guest of her cousin Mrs. N. H. Newcombe.

Mrs. Lorne Parker visited her mother Mrs. Jas. Wood last Sabbath.

Mrs. A. F. Newcombe returned from New Hampshire on Saturday. During her stay of three months she was ill of typhoid for some time. She was accompanied as far as Portland, Me., by her sister, Mrs. Pottel, and her daughter, Miss Gladys, met her in Digby.

Mr. James Hanson, of Halifax, spent the week end with his mother here.

Mrs. Meisler, of New Ross, who has been visiting her sister Mrs. B. G. Lantz, for two weeks, returned to her home on Saturday.

Miss Coleman (Primary Teacher) spent the week end with her friend Miss Marshall, teacher in New Minas.

The regular monthly W.M.A.S. met on Wednesday with Mrs. Pearson, of Greenwich. In spite of the heavy rain a number of the members were present and the meeting was very interesting.

Mr. and Mrs. Geo. A. Dodge have moved into their new home—the bungalow recently purchased from R. F. Newcombe.

AVONPORT ITEMS

Miss Adelaide Anderson, of Halifax, is enjoying a few weeks vacation at her home here.

Miss Cora Walsh, of Kentville, spent the week end guest of her mother, Mrs. H. N. Walsh.

Dr. A. J. Fuller, of Yarmouth, spent a few days of this week with his mother Mrs. David Fuller.

Dr. and Mrs. B. C. Borden, of Sackville, and Mrs. Roy Smith, of Annapolis, were week end visitors at "Crancroft".

Mr. and Mrs. C. A. Holmes and little daughter Frances motored to Shubenacadie on Thursday, returning on Monday. While there they were the guests of Mrs. Holmes' parents, Mr. and Mrs. John Courtney.

Mrs. Geo. Brooks is spending a week in Wolfville with her daughters, Mrs. H. E. Fraser and Mrs. Maude Abbott.

Miss Annabella McPherson arrived here on Wednesday morning from Scotland to spend a few months with her aunt, Mrs. Jas. Duff.

Mr. and Mrs. F. C. Rice spent the week end in Annapolis at Mr. Rice's old home.

Miss Jessie Bishop, of New Minas, was the guest of her friend, Miss Mildred Cox, on Tuesday and Wednesday of this week.

The Men's Class of the Baptist church met for the first session for the year 1921-1922 last Sunday afternoon at 3 o'clock in the Church Auditorium. Inspector Ernest Robinson is the Teacher. The course of study and discussion will be on Old Testament Heroes and Others. All men not otherwise engaged at the hour of meeting are invited. Officers will be elected next Sunday.

CANNING AND VICINITY

Mr. Sheldon Miller, of Freeport, is the guest of this uncle, Dr. John Miller and Mrs. Miller.

Mr. Hoyt, of Windsor, has been appointed station agent at Hillaton.

Mr. Stuart Dimock, of Windsor, Government Apple Inspector, has arrived and will spend the winter at the Waverly.

The warehouse erected on Government pier Canning has been completed. Improvements are also being made to the pier.

Mrs. Arthur Ward, has returned from spending a month in Stellarton, and New Glasgow.

Miss Olive Rand of the staff of the Royal Victoria Hospital, Montreal, who has been spending her vacation in town, the guest of her father, Mr. William Rand, has returned to Montreal.

Leeland DeWolfe, Toronto, is spending his vacation in town.

Mrs. Clement Vaughan, who has been the guest of her mother, Mrs. William Baxter, returned to New York Friday.

Dr. Kenny, who has been ill at his summer home in Pereaux has returned to the States accompanied by his brother Dr. Kenny.

Old friends are mourning the death of Miss Katherine Nugent of Cambridge, Mass., who passed away after a lingering illness, aged 48 years.

Miss Nugent, was a daughter of the late John Nugent, of Canning and leaves to mourn their loss, two sisters Gertrude and Elizabeth, and one brother James residing in Cambridge.

The Women's Institute of Habitant, held an enjoyable meeting at the home of Mrs. Esley Cox, the President of the Chair. It was decided to hold a Community Concert, in the hall, the funds to be used for community improvement.

After an interesting programme, supper and a social hour were enjoyed.

Mrs. Reginald Sanford, Pereaux, received for the first time since her marriage, Thursday afternoon, her home being filled with guests.

Mrs. Sanford who wore a gown of blue was assisted in receiving by Mrs. Manning Sanford. Tea was poured by Mrs. Benjamin Hubbard, assisted by Mrs. (Rev.) Ferris, Mrs. (Dr.) Kenny and Mrs. Everett Roscoe.

Dr. Julia Moriarty, of Boston, has been visiting her brother, Mr. Chas. Lombard, at the homestead in Medford. Dr. Moriarty was accompanied by her daughter, Miss Margaret Moriarty, who is a research chemist in the Massachusetts General Hospital, Boston.

CANARD NOTES

Mr. and Mrs. S. R. Curtin, have returned to Regina after spending a month with bride's parents, Mr. and Mrs. Charles McFadden, Canard. Upon their arrival at their new home, they were tendered a reception by their friends. Among the many beautiful gifts received, was a bonus of \$750.00 from the Government of Saskatchewan, in recognition of Mrs. Curtin's ten years of service in the Department of Education.

Miss Grace O'Hearn, of Dorchester, Miss Grace Mahoney, of Readville, Mass., and Walter O'Hearn, have been visiting their aunts. Mrs. Charles McFadden of Canard, and Mrs. Charles Lombard, of Medford.

Miss Stevenson, of Truro, is visiting Mrs. Lorne Rand, Upper Canard.

Mrs. Sherman Belcher recently entertained delightfully, the sewing circle of the Upper Canard Presbyterian church.

Miss McPartridge, of Middle Musquodoboit, has accepted a position on the staff of the Upper Canard school, and is the guest of Miss Bessie Harris.

A party was held at the home of Mr. and Mrs. Huntley, Scott's Bay, in honor of Miss Margaret and Arthur Huntley, who left on Monday for Moncton, where they will attend boarding school.

SCOTT'S BAY ITEMS

The Ladies Aid of Scott's Bay, Mrs. Manie Ellis, president, held a bean supper Friday evening. The proceeds amounting to \$50 are to be added to the fund for improving the cemetery.

Charles Robertson, who with Mrs. Robertson, has spent a month at Scott's Bay, returned to Lynn, Mass., Saturday.

Rev. E. F. Petty, who has been attending the Adventists' Association at Halls Harbor, is the guest of Mrs. D. Legg, Scott's Bay.

Golf is an ideal diversion, but a ruinous one.

Homes Wanted!

For children from 3 months to 16 years of age, boys and girls. Apply to H. STAIRS, Wolfville Agent Children's Aid Society.

REAL ESTATE

I have several farms for sale in Hants County. No better land anywhere for general farming and yet it is cheaper than most.

Several houses for sale in Windsor at reasonable prices.

If you want to sell a farm list with me. I leave you free to sell for yourself if you get a chance and charge no commission unless I find a buyer.

LESLIE WILTSHIRE, Windsor, N. S.

FORMER PORT WILLIAMS MAN DIES OF HIS INJURIES

BRIDGETOWN, N. S., Sept. 30—The funeral took place yesterday of the late Thomas E. Smith, whose death occurred last Wednesday, the result of an accident, which took place last Saturday afternoon.

It appears that he was driving down a steep hill and fell from the top of a load of apples. He was picked up in a semi-conscious condition and carried to his home in Upper Clarence. A physician was immediately summoned but it was soon learned that his chances of recovery were slight.

He passed away at four o'clock Wednesday morning, aged 74 years. He was a member of the Baptist Church, and one of the most highly respected residents of that community. He leaves a widow, two sons, Floyd at home and Mont, in Sioux Lookout, North Ontario and one daughter, Mrs. B. R. Hall, of Parrsboro.

He is also survived by two brothers, Dr. Murdoch Smith and Edward Smith, of Lynn, Mass., and two sisters, Mrs. John Elliott, of South Portland, Me., and Mrs. Eliza Abbot, of Port Williams, N. S. Interment took place in the Lawrence town Cemetery, the services being conducted by Rev. J. H. Whitman, pastor of the Lawrence town Baptist Church.

The pall-bearers were Vernon Leonard, Harry Siminore, Eldon and Edward Marshall. The floral tributes were beautiful, showing the high esteem in which the deceased was held by his large circle of friends.

[Editors' Note.—The late Thomas E. Smith, was a native of Church Street where he resided for some years and carried on a very successful nursery business.]

APPLE CROP DAMAGE

OTTAWA, Oct. 1.—Ten per cent. of the apples in the Okanagan Valley, British Columbia, were blown off the trees during a wind storm on September 27, according to a report received by the Dominion Department of Agriculture.

Vitamines is a new word which has recently come into our language. They are a food substance of protein nature recently discovered that are essential to life and growth. These vitamins are found in orange juice. For that reason doctors prescribe orange juice for young babies. Vitamines are also found in all vegetables, but especially in lettuce.

Some of those divorce suits that are being pressed ought to have been cleaned first.

The rolled stocking may have come to stay, but it has no visible means of support.

Ask for Minard's and take no other.

Wanted At Once TWO HUNDRED MEN

Make Good Your Credit at the Bank When Your Crops are Harvested

Your first duty after the crops have been harvested is to 'clean up' advances at the Bank. The man who does this rarely has difficulty in obtaining credit. You should give a statement of affairs to the Bank so that you may obtain the fullest credit to which your standing entitles you.

The Royal Bank of Canada WOLFVILLE R. CREIGHTON, Mgr. PORT WILLIAMS H. R. HOLDING, Mgr.

A SIMPLE REMEDY FOR INDIGESTION

There's nothing complicated about the way REDMAC overcomes stomach trouble. It neutralises the harmful acid that's doing the mischief, and does it instantly. With the stomach free from this acid, there's no chance of fermentation, and the digestive organs can do their work unhampered. The following extract from a letter is typical of many written by general users:

Redmac has saved me so much pain and it is so nice to feel I can eat quite what I fancy instead of just plain food. (Signed) A. SHEPHERD.

It makes no difference whether your trouble is Indigestion, Dyspepsia, Flatulence, Gastritis or Palpitation, Redmac is what you want, and what you must have if your stomach is to be put to rights. Get a bottle of this wonderful Herbal Tonic today, from your druggist. For sale in Wolfville by Rands Drug Store.

A "made in Canada" drive is being projected and will be very highly favored provided the goods are really made in Canada and not only labelled as such. With eight million or so people getting all possible of their supplies from home products and manufacturers there would be an astonishing era of employment and of business activity in which every class would benefit and that should reduce costs of production so that even the poor consumer who foots the bills would find his burden lightened.

Where one man succeeds through pull ninety-nine succeed through push. The driving wheels of a locomotive are not the front wheels.

Every normal man has two great ambitions. First to own his home. Second, to own a car to get away from his home.

LAMPS FOR ALL VEHICLES

(Ottawa Journal.)

Even if there is no law making it compulsory, owners of horse drawn vehicles ought to seriously consider the advisability of carrying lamps for their own safety after dark. The non-glare headlights demanded of automobiles by the law have considerably reduced the range of vision of their drivers. The improved highways tempt motor car drivers to a fairly good speed even at night. The drivers of an automobile travelling at, say, twenty miles an hour runs some risk of colliding with an unlighted vehicle which comes into his vision only at thirty or forty yards distance.

In Europe and in some of the American States it is made compulsory for all vehicles to carry lights after dark. Why users of horse drawn vehicles in this part of Canada have never seen fit to protect themselves in the same way is rather difficult to understand.

An obstinate adherence to individual "rights" lacks common sense when personal safety advises otherwise.

A doctor has been eulogizing the work of the undertakers. Lots of us have long suspected collusion between the two professions.

Every normal man has two great ambitions. First to own his home. Second, to own a car to get away from his home.

NOTICE TO PUBLIC

Wheelright and all kinds Shop-work, window sashes, Frames, Door Frames, Repairing of all kinds.

G. W. BAINES. Main St., East End. Wolfville.

It seems to be now popularly understood that a federal general election will take place before Christmas. In view of the fact that the last provincial election was largely won on the cry of maintaining a stable government in Nova Scotia, the same idea should appeal to the people not to disturb the progress of national affairs by upsetting the long established regime at Ottawa.—Annapolis Spectator.

The old black tin box containing the deeds of the old farm now has four rubber-tired wheels on it.

Walter McRaye, lecturer, says: The Maritime Provinces are not well known to Upper Canadians; we are poor advertisers, and are known principally as exporters, of professors, potatoes and politicians.

Dr. Craig of the Red Cross says 1500 babies die in Nova Scotia each year and with proper care one half of them might be saved.

Labor troubles are often caused by men who are trying to make a living without work.

SOME INCIDENTS GIVEN BY OUR W. C. T. U. WORKERS AT THE RAILWAY STATIONS IN TORONTO

The Traveller's Aid work has been too long a means of helplessness to need any explanation, but the Traveller's Aid Booth is a development of recent date and needs an introduction to its friends as well as to the travelling public.

That it has increased the efficiency four-fold is the opinion of those vitally interested in the work. The Booth is in the general waiting room at the Union Station. Here always may be found the Traveller's Aid Secretary and her phone. The Traveller's Aid must go here, there and everywhere, but the Secretary is in the one place available by phone or by any person of any age or condition who needs her, whether to answer some simple enquiry, or give more extended help.

Two delegates to the Women's Institute came to the Secretary, who secured rooms for them. Shortly two men came and after much phoning, for the city was congested at the time, they too were made comfortable in a good home. They were greatly impressed, and went away saying, "This is certainly travelling made easy."

A lady had just arrived from Newfoundland, and expected her son-in-law, whom she had never seen, to meet her. He was not there. The Traveller's Aid Booth attracted her attention; the T. A. Secretary called up the home, and the son-in-law came. But he did not know his new mother, so came to the Booth and enquired for her, and as the Secretary introduced them the lady said, "I never saw such a helpful place."

Often it is the Secretary's work to only give a little information, and call the Traveller's Aid, but the following incident illustrates how they often work together, and shows how almost impossible the solution of some conditions would be without the Secretary to co-operate.

The conductor on a western train brought to the Traveller's Aid a woman, who had come to find her soldier husband. She was an Indian and could not speak one word of English; her only clue being her husband's photograph. The Traveller's Aid tried in vain to find anyone who could speak to her, and was at her wits' end to know what to do. After a time Military Headquarters called the T. A. Secretary to say they had received a wire that an Indian woman was coming to Toronto to look for her husband, and asked the Secretary to locate her and report to them, and they would come to her. The Secretary notified the Military Headquarters, who said they found the soldier had been discharged. Then the Secretary

found one who would undertake to find the husband. The woman was then sent to the Patriotic Hostel, and the next day the soldier was found, and came to his wife, who was overjoyed to see him.

A young girl coming alone to the city was very nervous and afraid when she found her friends not there to meet her. Your worker spoke to her, and was told that it was the first time she had ever been in Toronto, and never before rode on a train. The worker told her she would look after her, and showed her the T. A. badge. She said, "Oh, I am so glad and thankful you are here"; and so were her friends when they appeared.

A young country girl came in one morning; there was no one to meet her, and she was a stranger in the city. The Traveller's Aid tried to direct her, but she became quite excited, and declared she would not be able to find her way alone. Your worker went with her, which was fortunate, for her friends had moved from the address she had. After enquiries and some trouble we succeeded in locating them. She was a happy and thankful girl for the services of the Traveller's Aid.

A family of foreigners, consisting of a man, his aged mother, and his young son, got off at a suburban, instead of at the Union Station. They were on their way to New Ontario. Only the young boy could speak our language, the father speaking only a few words, while the grandmother was unable to speak any English. The Traveller's Aid arranged for their accommodation in the city, as they were obliged to remain over until the following night. They tried very hard to express their gratitude.

A woman got off at one of the suburban stations in mistake for the Union. She was a foreigner going to Montreal, and became much excited when she discovered her mistake. After some difficulty the Traveller's Aid succeeded in quieting her fears, and taking the next train with her to the Union, saw her safely on her train for the East.

WEAR A POPPY ON ARMISTICE DAY

The memory of those who made the Supreme Sacrifice in the Great War will be revered in Canada this year by the wearing of a red poppy on Armistice Day, according to plans now being formulated by the Dominion Command, Great War Veterans' Association.

Keep Minard's Liniment in the house.

A LITTLE GENTLEMAN

This happened in a Halifax restaurant recently.

A little gentleman, of about twelve years of age, was noticed holding a swinging door open for an old lady. When she had passed out onto the sidewalk, her "escort" saw to it that she was guided safely across and into an automobile waiting at the curb.

One did not need to be told that the little fellow was a Boy Scout. He didn't have any distinguishing badges "up" and he had left his "Baden Powell" at home—but he had, "Boy Scout" written all over him.

A true gentleman in the making, that is what that boy is. And if for no other reason than the reason supplied through that delightful little incident, we grow-up should back the Boy Scouts movement with every means in our power.

The finest word in the English language is "gentleman." In it lies the whole difference between those who were responsible for the Great War and those who won it. In the German language there is no such word as "gentleman." All the splendid qualities admired in a true gentleman, are qualities foreign to the mind and makeup of the typical Boche. And in preserving these qualities in the fibre of our boys, we are doing much to perpetuate the ideals for which our men faced horror past thinking about in countries not their own.

The Canadian citizenship of tomorrow, its faults and its virtues, will depend, with faithful certainty, upon the moral, mental and physical training we give the boys and girls of today. And when Canada implants in the minds of her school boys the qualities that prompt children to help the aged and the weak, Canada is building strong.

All the residents of a town are partners not opponents. In all likelihood the more business done by your rival, the more you will do. Every merchant who treats his customers honestly and fairly will get his share and the more business that can be secured by united efforts, the better it will be for all. When a town ceases to grow it commences to die, and the more people try to kill each other off in business and good name, the more rapidly will utter ruin come to all. Stand together for the advancement of every citizen.

No coward is small enough to hide behind a woman's skirts today.

TEACHING SAVING

(From St. John Globe.)

The value of teaching children to save is convincingly established by two recent Toronto reports. One shows that the sum of \$295, with which the Rotary Club of that city on Christmas Day last opened savings bank accounts of one dollar each for two hundred and ninety-five boys, have been increased by \$660.90, and now totals \$955.90. In making these dollar Christmas gifts the club held out the greatest saving at the end of the year. The seven months' report discloses that one lad now has \$63.95, and that there have been substantial gains by all the boys. Even more interesting as a demonstration of the value of teaching money savings is the report that public school children of Toronto deposited \$55,375.56 in the penny savings banks during the months of May and June as compared with \$51,445.20 in the same period last year. A study of the accounts discloses further that the schools in which the children of foreign ancestry are most numerous make the best showing. In one school the average of savings was \$1.02 per pupil, in another 71 cents and in a third 63 cents, while the average for all schools was only 42 cents, falling as low in some instances as 18 and 19 cents per pupil per month. It is pretty clearly evident from these reports that if children are encouraged to save they can do so, and that when the encouragement takes the form of a substantial incentive there is practically no limit to their saving abilities. These childhood experiences in thrift must have a substantial individual and national value.

Minard's Liniment used by Physicians.

FIRE WASTE

Canada has the unenviable distinction of being a leading nation in the matter of loss from fires, according to a circular issued by an insurance company. The following table which shows the annual per capita loss from fire does not include loss from forest fires:

Canada	\$2.73
United States	\$2.26
Spain	\$1.86
Belgium	\$1.02
Russia	\$0.97
France	\$0.74
England	\$0.64
Norway	\$0.55
Italy	\$0.53
Japan	\$0.51
Sweden	\$0.42
Austria	\$0.32
Germany	\$0.28
Switzerland	\$0.13
Netherlands	\$0.11

Good citizenship is not measured in terms of political partisanship, but by the use men and women make of their lives within the limited scope of their opportunities.

"EAST LYNNE"

Modernized Version of Play Should Interest

"East Lynn", adapted and directed by Hugo Ballin from Mrs. Henry Wood's famous story and play which has been read and seen by millions. Mr. Ballin has modernized the story and has placed the action in America. This method brings a new appeal to the work. A cast that consists of Edward Earle and Mabel Ballin contributes a performance which exacts the most from every scene. The story revolves around Isabel Vane who, when she believes her husband, Archibald Carlyle, faithless, runs away with Francis Levison to Quebec. She has inherited East Lynn, the ancestral home of the Vanes, and happiness is her reward until she believes her husband to be carrying on a liaison with Barbara Hare.

Isabel's life in Quebec is complete with sorrow. Her child dies, and Levison leaves her, and she makes her way back to East Lynn to beg forgiveness of her husband before she dies. Carlyle, in the meanwhile, has married Barbara when a newspaper account informs that Isabel Vane has been killed in a railroad accident. The picture is appealing and holds the interest through the composition of scenes and the very able acting. It is rich in sympathy, pathos, romance, sentiment and other human elements. Mr. Earle and Miss Ballin carry the burden of the acting and acquit themselves in adequate fashion.

Blue Bird Tea

"Brings Happiness"

To Your House—

In reading the tea cups the handle of the cup is interpreted as the "house" of the consultant so that a bird, for instance, flying towards the house would represent news coming to your home. The handle also stands for the South and other points of the compass can be determined from it. To all points of the compass

The Law of the Great Northwest

This is a play of the great Canadian Northwest, written by a man who spent four years in the service of the Canadian Northwest Royal Mounted and who passed close to the valley of the shadow more than once in his relentless pursuit of lawbreakers. The author is Mr. Ralph Westful, who has recently joined the scenario staff of Triangle. In the lone, throbbing wastes of this edge of the world, four strangers venture for life, fortune and adventure. One is a member of the Royal Mounted, one is a dashing, romantic, enterprising young French Canadian, Charles Monest, whose father is immensely wealthy, one is Petain Monest, ruined by the failure of the Morin Bank; and the fourth is that dainty, winsome French-Canadian maid, Marie Monest.

The Price of Redemption

The story is that of Leigh Dering, a young English army officer, who saves the besieged garrison of Akbar from a native uprising, and afterward marries a rich girl in London, only to find then that he does not love her. Assuming the crime of another, he leaves London and returns to India, where he abandons himself to drink and drugs. There, some time later, his wife, now married to another, finds him, and it is through the love of their little child that Dering redeems himself and wins again to mastery.

A story laid within aristocratic London and the cruel mysterious East.
