POETRY.

Spent and Mis-Spent.

Stay yet a little longer in the sky, O golden colour of the evening sun!

Counting the happy chances strewn about, Thick as the leaves, and saying which was best, The rosy lights of morning all went out, And it was burning noon, and time to rest.

Then leaning low upon a piece of shade, Fringed round with violets and pansies sweet, My heart and I, I said, will be delayed, And plan our work while cools the sultry heat.

Deep in the hills, and out of silence vast, A waterfall played up his silver tune— My plans lost purpose, fell to dreams at last, And held me late into the evening hours.

But when the idle pleasure ceased to please, And I awoke and not a plan was planned, Just as a drowning man, at what he sees Catches for life, I caught the thing at hand.

And so life's little work-day hour has all been spent, and mis-spent doing what I could, And in regrets and sighs to recall The chance of having, being, what I would.

And so sometimes I can not choose but cry, Seeing my late-sown flowers are hardly set— O darkening colour of the evening sky, Spare me the day a little longer yet!

—ALICE CARY, in Harper's Mag.

Local and Miscellaneous

A St. Louis reporter was lately robbed of \$25—the savings of a lifetime.

The circulation of the Daily Globe has reached 16,320, and that of the Weekly edition 31,200.

A man and woman were lately severely sentenced in Scotland for being married under false names.

Sixty National Gleees, with pianoforte accompaniments, five cents each, just received at Clarke's music store.

We understand Mr. Wm. Elliott, Veterinary Surgeon, has purchased Vicker's Hotel, Elora, for which he pays \$5,300.

A dry goods clerk in Montreal had an infant presented to him a day or two ago by a woman who called at the store where he was employed.

At the meeting of the Waterloo County Council held on Tuesday at Berlin, J. Fleming, Esq., Reeve of Galt, was elected Warden by a unanimous vote.

John B. Gong's father was an English "Peninsular soldier," and his mother the village school teacher at Sandgate, Eng., where J. B. was born, in August, 1817.

The Percy and Campbell families, famous in English and Scottish history, were united on the 25th ult., by the marriage of Earl Percy with the Duke of Argyll's daughter.

The Montreal Witness recommends that libraries be attached to the Police Stations. Policemen in that city, when off duty, take to smoking and card-playing to while away the time.

NICE MANAGEMENT.—The Globe's telegraphic correspondent at Ottawa says that it has good authority for stating the specifications for the Intercolonial have again been altered by the Railway Commissioners.

A female recently paraded the streets of a western town, exhibiting above a pair of pretty ankles, a skirt upon which the indelible brand of the miller was still visible: "Ninety-six pounds extra superfine—warranted."

ACCIDENT IN SALEM.—On Tuesday last, Mr. Dower, of Salem, slipped upon a board, covered with ice, and fractured the inner bone of the right arm, just at the wrist. Dr. Griffith, of Salem, was promptly in attendance, and set the fracture.

Many of those ladies in England who were disappointed at being refused the franchise, are now contented to be without a vote, for they have been told that one of the questions electors are bound to answer at the polling-booths is, "What is your age?"

Robert Herrick, the cavalier poet of the Commonwealth, was related to an ancient family of the same name, still flourishing in Leicestershire, and a search among their papers has disclosed letters and papers by the poet, throwing light on the Commonwealthers.

Of the three women who were recently sentenced to be guillotined at Marseilles, for poisoning their husbands, it was stated by their counsel for the prisoners, that the youngest and prettiest had a few years ago been crowned with the *pride de la jeunesse* (prize of virtue), and had been looked upon as the best match in her native village.

POPULAR READINGS.—The Express says that the people of Drayton, Hollin, Listowel, and other northern villages, will have an opportunity of listening to Dr. Griffith, of Salem, the doctor in charge during the coming week. The doctor is one of the best readers we have, and deserves, what we have no doubt his attractive and humorous program will secure, a good hearing.

A CASE FOR THE QUEEN.—A lady in Minto, says the Elora Express, with a long, unpronounceable name, requiring our Gaelic neighbour, Mr. McMillan, to interpret it, has presented her loving lord with four handsome babies—two boys and two girls. Rather a big New Year's gift, but the recipient feels good over it. He is an ungrateful fellow if he doesn't. Minto is the banner township in this line. We understand that he intends to apply to Her Majesty for the four guineas. He deserves them.

A CHANGE.—After some ten days of indecision—some of which were cold and others warm—some cloudy and some sunshiny—the clerk of the weather concluded to let the rain fall last night, with the accompaniment of rather strong winds. The rain accordingly went in and won, taking from us the little remnant of snow left, and making puddles of wet where before ice "did muddle of snow."

Yesterday (Friday) a number of boys were observed engaged in a game of marbles in the street. One swallow, it is said, don't make summer, and we are certain it don't make "drunk" come, but may not one game of marbles prognosticate Spring? The "oldest inhabitant" may light his pipe, and like Andy Johnson in his inauguration speech in 1865, consider "a minute and an arf on that pint."

Wellington County Council.

Friday, Jan. 29th.

Moved by Mr. Landerkin, seconded by Mr. Robertson, in amendment that the report be amended by adopting the petition from certain ratepayers of Peel and Maryboro praying for the assumption, grading and gravelling of the Town line between said Townships.—Lost.

The names were then put and carried, 16 to 14. Yeas—Broadfoot, Clark, Connell, Darby, Duffield, Fraser, Landerkin, Leslie, Prain, Rea, Roberts, Robertson, Spreuhlan, Stevenson, Swan, Whitelaw.—16; Nays—Cross, Dobbin, Gillespie, Goldie, Gordon, Hunter, Johnston, Jull, Mitchell, McInnes, McManus, McMillan, Saunders, Sutherland.—14.

Mr. Darby read a petition from R. S. Brodie and others, asking the Council to report on the construction of the act in reference to the legality of continuing to collect tolls on the road from Guelph to Card's Corner after the amount collected has paid expenses of its construction. A motion was made to refer it to a committee composed of Messrs. Leslie, McCurry and Fraser. An amendment however to refer it to County Roads Committee was carried.

A petition was read from Geo. Robinson, asking the back taxes on lot 25, 8th Con. Garrafrax be reduced. Laid on the table.

The Council then adjourned till three o'clock.

The Council resumed at three o'clock. The Warden read a communication from the County Council of Peel, recommending the Council to act with that body in making better provision for the volunteers. Referred to a special committee.

The Warden read the report of the Committee on Printing, which recommended that the tender of Messrs. McLagan & Innes being the lowest, be accepted.

On motion of Mr. Rea, seconded by Mr. McCurry, the report was adopted.

Moved by Mr. Whitelaw, seconded by Mr. Leslie, that the consent of this Council be given to Chalmers' Church congregation to use the Court House for Divine service till such time as they erect a suitable place of worship, and the Warden is instructed to notify the Insurance Company or agent that the Court House is used for such purpose.—Carried.

Mr. Leslie presented the report of the Finance Committee.

The Committee recommended that the Treasurer be instructed to procure all books necessary for his office, so that all records may be kept in a proper and comprehensive manner; also that the Treasurer allow no large deposit to remain in the Royal Canadian Bank, Fergus, whilst an indebtedness remains at the Ontario Bank, Guelph, and that he be instructed to sell all silver as soon as possible after he receives it, including that already deposited. The Committee find that a large amount of county rate is still due, and the Treasurer is instructed to notify the several township and village Treasurers to have the amount paid up as soon as possible. They recommend that a by-law be introduced to postpone the sale of non-resident lands in arrears for taxes during the current year, not including those advertised; also that the Treasurer's financial statement up to 29th January be printed in the minutes; also that Col. Howat's securities be given up to him; Moved by Mr. Leslie, seconded by Mr. J. M. Shaw, account, the committee do not deem it advisable to take any action on it.—The committee cannot recommend the Council to take any action on the petition from the Fergus Council about Pat. Kavanagh. They recommend that \$12 be paid for books got for the Surrogate, &c.; also that the following accounts be paid: N. Higinbotham, \$6.98; E. H. Vevey & Co., \$5.45; G. M. Todd, \$3; J. an Foley, \$5.

Moved by Mr. Swan, seconded by Mr. Connell, that the report be adopted.—Carried.

Moved by Mr. McInnes, seconded by Mr. Broadfoot, that the report be amended by striking out that part of the report in reference to Patrick Kavanagh, and that the Council grant \$10 a month till he be able to walk, as he is not a resident of Fergus. Lost, only mover and seconder voting for it.

The Council then adjourned till tomorrow morning.

SATURDAY, JAN. 30.

The Council met at nine o'clock, the Warden in the chair.

Mr. Mitchell presented the report of the Road and Bridge Committee, recommending that no action be taken by the Council in regard to any of the petitions for aid till the June session. The report was adopted.

An account of \$2.37, for glazing the windows of Court House in 1865, was presented by the executors of the late Wm. Reilly. Referred to Finance Committee.

Mr. McCurry presented the report of the Committee to consider the memorial of the County Council of Peel, in reference to the volunteers, which recommends that a petition be sent by this Council to Parliament, praying that the Government meet the expenses of their clothing and conveyance to and from headquarters, in doing Battalion drill. Report adopted.

Mr. Goldie presented the report of the Education Committee.

The committee recommended that Emma Pratt, Salina Graham, Elizabeth Jane Birney, John Cook and Creighton Cassidy be continued as pupils at the Desat. Dumb and Blind Institute at Hamilton, also that Martin Gray be received again into the Institution, and that the sum mentioned in McGann's communication be retained and applied for their support. They also recommend that no change should take place in the grants to the Grammar schools for the present year, but that the same amounts formerly paid be appropriated.

On motion for the adoption of the report, Mr. Rea moved, seconded by Mr. Cross, that the report be amended by striking out that part of the report recommending a renewal of the grants to Grammar Schools, and that they be instructed to recommend that reports be laid before the Council at the June session, showing the number of scholars attending each school, also to which municipality they belong, also the amount received from local sources, also the amount received from government.

The Warden ruled the motion out of order and the report was adopted.

Moved by Mr. Robertson, seconded by Mr. Cross, that the report of Grammar Schools furnish to this Council at its June session a return showing the

number of pupils at their schools from each municipality in this county, and the number of pupils from beyond this County.—Carried.

Mr. Whitelaw presented the second report of the County Roads Committee: They recommend that the following members of the Council be appointed as Road Commissioners on the undermentioned roads:—Guelph and Dundas road, Leslie and McCurry; Guelph and Elora road to the town line of Erin, Goldie, Whitelaw and Duffield; county roads in township of Erin, McMillan, Johnston and Hunter; from Guelph to Card's corner, Darby and Mitchell; from Card's corner to Fergus, and Fergus and Douglas road, Broadfoot, McInnes and Dobbin; Fergus and Arthur, the Warden, Saunders, McManus; Arthur and Mount Forest road, Stevenson, Gordon and Swan; Elora and Saugeen road from Card's corner to Bosworth, Fraser, Roberts, Clark, Cross; from Bosworth to upper end of Minto, Robertson, Landerkin, Connell and Prain; Glenallan road, Cross and Sutherland.

The committee recommend that the commissioners shall perform their duties as defined in By-law 83 of the Council, and in addition, let all contracts by sealed tender or public competition, and all contracts let for the laying on of gravel or broken stone shall be at so much per cubic yard, and that the commissioners shall appoint one or more overseers in each section, to see that all contracts are referred to commissioners of Erin road, with power to settle the same. With regard to the petition of Mr. R. S. Brodie referring to collecting of tolls on road from Guelph to Card's corner, from the limited time at the disposal of the Committee, and as no alteration can be made till the expiration of the present term, they recommend that the matter be left over till the next session.

Mr. Whitelaw read the following opinion from Mr. Guthrie: As regards the first Toll gate on the Guelph and Arthur Road, I am of opinion that under the act incorporating that Company, the tolls shall in the annual receipts exceed in amount a sum sufficient to defray the expenses of maintaining and repairing that part of the road from Guelph to Card's Corner, and incidental expenses, and to afford an annual income of ten per cent profit on the capital actually expended in the construction of said part of road from time of construction, then the surplus annual revenue over and above these amounts should be charged against the County as so much received by it in the nature of a sinking fund to pay for the road to and for the use of the public in such manner and form as the Legislature of the Province may by Legislative enactment provide.

I think therefore if the revenue from the part of the road in question has yielded enough to repay outlays and interest and cost of construction, the Council should limit the tolls to an amount sufficient to repay the cost of maintenance and repair only—if the road was not deemed of sufficient importance to the County to abolish them altogether.

The County Roads Committee report was then adopted.

Moved by Mr. Darby, seconded by Mr. McCurry, that Mr. Guthrie's opinion in reference to the road from Guelph to Card's Corner be published in the minutes, and that the chairman of the County Roads committee be instructed to prepare a financial statement of the road, and present it at the June session.—Carried.

Mr. Leslie introduced a by-law to provide for not advertising and selling any non-resident lands in arrears for taxes this year. The by-law was read a first, second and third time.

Mr. Mitchell presented the report of the County Property Committee. It recommends that the articles mentioned by Mr. Mercer be purchased, also they recommend that the County purchase the office now occupied by Mr. Guthrie from the executors of the late Mr. Fergusson Blair, on the following terms, \$2,000 to be paid in January next without interest, Mr. Fergusson to collect rent for first flat of building to 1st January next, and the County to have immediate possession of second flat, the Warden and County Property Committee to carry the same into effect. They recommend that as an application has been made to the Council for accommodation for the Master in Chancery, a part of the upper flat of said building be used for that purpose, and the remainder retained or used for County purposes.

Moved by Mr. Cross, seconded by Mr. Manus, that the Treasurer furnish at next meeting of the Council a detailed statement of all moneys paid by this Council for printing for the year 1868.—Carried.

The Council then adjourned, to meet on 1st Tuesday in June.

FATAL ACCIDENT.—On Saturday, the 23rd inst., a young man about seventeen years of age, named John McIvor, of the township of Huron, was violently thrown from a horse whilst in the act of mounting, and dragged a quarter of a mile, receiving thereby such injuries as caused his death after twenty-eight hours of intense suffering.

An exciting game of curling took place at Newcastle, yesterday, between four crack players of different nationalities—an Irishman, an Englishman, a Canadian, and a Scotchman, against four Scotchmen, when the latter were beaten at their national game by one shot. The return match comes off on Thursday next.

Miss Hirst, daughter of G. Hirst, Esq., unfortunately overreached herself on Friday evening, while engaged in domestic avocation, and burst a small blood vessel. Dr. Tuck was sent for, and we are happy to say that she is now out of danger.

The following gentlemen have subscribed \$200 towards Queen's College endowment: Allan Gilmour, Mrs. Mallock, E. McGillivray, Mr. Wm. Stewart, Rev. D. Gordon, Dr. A. J. Grant, H. F. Bronson, Hon. Jas. Skead, Robt. Skead, and J. M. Currier.

Aversa, Jan. 29.—It is reported that Bulgares, Prime Minister, has resigned. The action of the King of Greece upon the terms submitted by the recent Conference is considered uncertain. Nothing definite as to his intentions relative to the matter is as yet known.

American Despatches

Havana, 29.—Details of news from Rio Janeiro show that the success of the allied powers in Paraguay has been most complete. All the Spargoran forts are in their hands. They have captured the artillery and baggage of Lopez's army, and 2,000 prisoners.—Lopez was a fugitive in the forests, and was surrounded by the allies.

New York 30.—Herald's Richmond special says that another outrage has occurred in Duplin County, N. C. The white, who fired upon a party of negroes attempting to violate the persons of some young ladies, was murdered in his house the following night, and his body cut in halves and hung up in the room where he slept.

Salem Correspondence.

The present unseasonable weather is producing in the minds of some would-be theologians strange and vague surmises. Amongst the most remarkable is, that it is a harbinger of the millennium and a precursor of that period when there shall be no inclemency of weather, but such a universal change upon the face of all nature, as will be consistent with the genial warmth of Christian love. This may be true or not, but from our knowledge of S. L. natural truths, we do not feel justified in jumping with fanatical minds at any such conclusion, because the mercury happens to stand above zero, or the roads are bare in the month of January.

In a late issue of the Daily Mercury you suggested to the Guelph people the advisability of manufacturing velocipedes, but as you will probably see by some of our local papers the ambitious people of this city of peace—Alisa Salem—originated the idea first, and the result is that two of these locomotives are now in actual construction here, one with three and the other with two wheels, the latter being used very generally in France and United States, but from what we understand requires the driver to be perfectly sober so as to maintain his equilibrium in flying through space. We imagine we see the proprietors of the two wheeled vehicle (supposing of course that they are not top heavy) making their first experiment in this locality, and despite all efforts to balance themselves or steer their course safely, we think we behold them dashing headlong through a shop window or kissing the ground at the fence corners with legs erect in the air.

We learn that Wm. Whitley, Esq., an old resident of this village, has sold his stock of harness, etc., and his good will of the business to a young man from Stratford. Mr. Whitley having now amassed a fortune can afford to retire into private life. We are glad to hear he has succeeded so well.

The Battalion Band concert last night in Elora was, in point of performance, a brilliant success, but the attendance, we regret to say, was not by any means as large as we expected. This was doubtless owing to the want of advertising. The members of the band showed great proficiency under their talented leader, Mr. Vale, and it was considered that they had improved wonderfully since last year. The singing was excellent and the various selections were well sustained by each of the ladies and gentlemen who kindly lent their assistance on the occasion. After the concert was over, several of the elite of Elora and other places whirled in the mazy dance until the dawn of day. The Fergus people, it appears, are anxious that the Band should pay their village a visit, and no doubt they would receive a hearty welcome and a crowded house.

CURLING MATCH.

The Guelph and Speed Curling Clubs met on the ice of the Eramosa River yesterday for a friendly game. The day was very unfavorable, and the ice so soft that when the rinks had been shortened, fifteen yards, few of the players on either side could get up their stones. After the rinks had worked away for a couple of hours and the ice getting worse as time went on, it was mutually agreed that the match be stopped and considered a drawn game. The following is the score as played: Guelph, No. 1, John Scott, James Dobbie, A. Robertson, et, Peter Gow, skip 20. No. 2, Wm. Roper, A. Armstrong, J. Anderson, C. Davidson, skip 4. No. 3, J. Davidson, Thomas Davidson, D. McCrae, A. Robertson, Jr., skip 17. Speed, No. 1, J. Davidson, J. Emslie, R. Galbraith, W. Mitchell, skip 10. No. 2, A. Pattison, A. Strowg, W. H. Mills, T. Dobbie, skip 24. No. 3, Geo. Moore, R. Emslie, Alex. Congalton, D. Kennedy, skip 17.

SEVERE TILT RIGHT.—A good story is told in a St. Mary's paper regarding a character there last week. A man named Martin having got married, some roughs instigated a charivari; and accordingly after making the night hideous with their yelling, they demanded \$2 from Mr. Martin, who handed them a four dollar bill, requesting them to give him the change, which they did in good current silver. Off the parties went to tavern and after the "drinks," it was found that the bill was one on the unfortunate Intercolonial Bank which failed some years ago. Instead of selling they were sold; instead of having a good time, they were four dollar silver dollars and the price of the drinks poorer.

Twenty of Bishop's best Gleees, with pianoforte accompaniment, for five cents each, at Clarke's music store.

Military vs. Civilians.

There appears to be a very bitter feeling existing between the military and civilians at Quebec, arising out of the Lemesurier-Blumhirst affair, in which from all accounts the latter was to blame for the disgraceful proceedings. The latest phase is that the officers of the 53rd tendered Mr. Lemesurier an invitation to a ball, and then withdrew it, and the citizens by way of reprisal refused to accept the subscriptions of the military to the skating rink. Further, at a party given by Mr. Pope, at which Mr. Lemesurier was present, the officers informed the host that he must order Lemesurier from the house, or that they would leave themselves! The civilian whose presence was so offensive to these men accordingly left the house—and thus the social war rages. The antagonism between the military and civilians is not confined to Quebec—Montreal experiences its share of it. There are many of the officers here who have conducted themselves in a manner which reflects anything but credit upon them. Street rows with policemen, drunkenness and creating disturbances at midnight, buffoonery at the theatre, and insulting ladies at bazaars, are some of the innocent amusements which have been indulged in by not a few of "her Majesty's servants" in the last named city. Nor does this sum up all their transactions in the way of annoyance to the long suffering colonials, as witness the cases of seduction at London and Ottawa, and the recent attempted elopement at Montreal. It would seem that a commissioned officer is allowed a large range of scoundrelism without calling forth a word of censure. It is only such men as Lord Cecil and Lieutenant Dunlop, who deem it their duty to preach the gospel to the multitude, that come under the ban of the red tapists of the army.

The News from Cuba.

Despatches from Havana throw a flood of light upon the recent news from Cuba and give us a cause for the intense excitement in Havana during the past few days. The insurgents had captured the important city of Puerto Principe, the city of second rank in the island. Curiously enough this event occurred on the same day on which Count Valmaseda entered the abandoned town of Bayamo, which had hitherto been the headquarters of the insurgent government. The cunning insurgents led him on his march without serious resistance, he believing all the time that he was striking a fatal blow at the revolution, and when he was well within the toils they suddenly turned upon Puerto Principe, and Colonel Mena, with his reported garrison of fifteen thousand troops, an equal number of volunteers and eighteen cannon fall into their hands. It is not strange that the excitable Cubans should be demonstrative and the Spaniards revengeful on the discovery of this intelligence. By mail we have dates from Havana to the 23rd instant. It gives among other important news, the fact that a committee of Cubans had presented to General Dulce the resolutions in favor of a free government in Cuba, and asked him to proclaim it. His reply was that he had not the power to do so and could only remit it to the home government, which he would do.

Turkey and Greece.

Our latest news from Europe regarding the Eastern question is to the effect that Greece is not willing to follow the recommendations of the great Powers, and that Turkey is hopeful that peace will be the result of the Conference. Rumors for some days had been in circulation to the effect that Turkey was heavily arming herself. These rumors were, no doubt, largely encouraged by the announcement that, in the event of war breaking out between Turkey and Greece, the Viceroy of Egypt would furnish a contingent of fifty thousand men. The Sultan denies that Turkey is doing anything beyond what is absolutely required by the circumstances. All through this trouble the government of the Sultan has comported itself with dignity and propriety. It has been the reverse with Greece. Now that Europe has deliberated and given advice, the best thing that can be done is to leave Greece to her fate.—Turkey, by the course she has taken, has the sympathy of the nations. If Greece will not take advice let her learn the lesson of experience. A little whipping might do her good.

Mr. Barber before his Constituents.

According to arrangement a convention of reformers was held in the Town Hall, Milton, yesterday (Friday) to consider the course pursued by Mr. Barber, member for Halton, during the last session of the Local Legislature. Mr. McNaughton, Warden of the County, occupied the chair, and addresses were delivered by Messrs. Campbell, R. Matheson, Dr. Buck and others. Mr. Barber explained, apparently to the satisfaction of those present, that his vote had not been influenced by pecuniary motives. The following resolution was thereupon passed unanimously: "That this convention having heard the explanations of W. Barber, Esq., our representative in the Local Legislature, desire to express their gratification that he has successfully refuted the charges of personal corruption against himself, and also their confidence that in the future he will be found acting heartily with his party in the Legislature, for the purpose of securing a return to a purely Reform Government for Ontario, and thereby securing a more truly economical administration of public affairs."

HOWE AND THE GOVERNMENT.

Mr. Howe and Sir John A. Macdonald have settled the Nova Scotia question so far as its principles are concerned. It is understood that the settlement involves an increase of the money appropriation to Nova Scotia, but it is no part of the arrangement that any change is to be made in the tariff.

OPENING NOTICE.
The GUELPH BAKERY
Upper Wyndham Street.

H. BERRY in taking this opportunity of thanking his customers for the very liberal patronage bestowed on him, begs to intimate that owing to the rapid increase of his Wholesale Confectionery business, he has disposed of his bread business to Archibald Gilchrist, whom he has great pleasure in recommending, and who, he is confident, will do his utmost to give satisfaction to all who may patronize him.

A. GILCHRIST
Has much pleasure in informing the public that he has opened the store
NEXT DOOR TO THOMAS SODEN'S
Where he hopes by strict personal attention to business, and keeping a first class article, to merit the share of public patronage so long bestowed on his predecessor.

PROSPECTUS OF CUTHBERT'S Circulating Library.

THE Subscriber has pleasure in announcing the establishment of a Library for public circulation. This is a want that is very much needed in Guelph, and from the conviction that it will be an advantage to the public—one which will be felt and appreciated—its institution is undertaken. The best incentive to profitable reading and research is some object or prize apart from the object of developing the mental faculties. Study pursued simply with the latter object in view is difficult and tedious, and not a few are frightened to undertake the task, when they consider the time, patience and labour involved in the acquisition of extensive knowledge. To lessen the influence of such an idea, the subscriber proposes:
1st—To give free access to his Library for the small sum of \$1.00 per year, payable in advance.
2nd—At the end of the year, prizes shall be awarded for the best essays on three distinct subjects—said subjects to be submitted by the subscribers.
3rd—The information necessary to the essays to enable them to write on any of the subjects that shall be submitted, shall be fully within the scope of the library.
4th—The essays shall be referred to a committee of gentlemen, thoroughly competent to examine them and decide upon their merit.
5th—According to the decision of the Committee, so shall the prizes be awarded.
6th—The prize essays shall remain the property of the subscriber, who alone shall possess the right of publishing them.
7th—Every one, upon payment of one dollar, has the right to compete for any of the prizes, or for all of them.
8th—As this enterprise is being established for the purpose of giving rise to a healthy mental competition amongst those who may choose to subscribe to the Library, it is thought advisable to receive as many of the best essays as possible, while it is desirable that every member should complete for more or less of the prizes offered.
9th—The value of the prizes shall not be less than \$3.00 in cash, which shall be awarded in cash or otherwise at the option of the successful competitors.
10th—Any person in any part of the country may become a member, provided he or she can conform to the rule of not retaining a book longer than one month. To those residing in Guelph, and vicinity the time allowed shall be two weeks.
11th—The Subscriber having made arrangements with some of the largest publishing houses in England and the United States, to be constantly in the receipt of every new work that comes out, he is confident that nothing shall be wanting on his part to make the enterprise a perfect success.

SUBJECTS:
The best exposition of "Kant's Critique of Pure Reason." Prize, \$50.
The best Essay on Political Economy, and that system of it most adapted to the interests of the Dominion of Canada. Prize, \$30.
The best Essay on Education. Prize, \$20.
His books of reference now are the newest and of the most extensive kind, consisting of the Popular Encyclopedia—in itself a complete library—a Biographical Dictionary, a Chronological Dictionary, and Webster's Unabridged Dictionary.
One thousand subscribers are anticipated. The number already obtained, previous to any public announcement, is exceedingly encouraging.
R. CUTHBERT,
N.B.—Cuthbert's Library is not intended to conflict with any public institution, but the contrary will have a tendency to promote the usefulness of all existing libraries.

For all the purposes for which a liniment is used, the Allevator is superior to any preparation that the skill of man has yet discovered. As an internal remedy it has never been excelled, owing to its healthy, balsamic properties in irritations of the mucous membrane of the alimentary canal, air passages and urinary organs, and at the same time exercising a powerful sedative influence upon the nervous centre, thereby subduing pain, allaying morbid excitement and irritability, and imparting a feeling of comfort, ease and tranquillity to the whole system. It is conceded to be the greatest pain relieving agent that has ever been offered to the public for the cure of Spasms, Bruises, Pains in the Head, Chest, Side or Back, Pain and Soreness in the Joints and Muscles, Rheumatism, Pains and Stiffness in the Joints, Paralysis, Neuralgia, Colic, Cramps, and Pains in the Bowels, Cholera Morbus, Asiatic Cholera, Diarrhoea, Dysentery, and Flux, Tumors, Swelling, Bites and Stings, Corns, Bunions, Ingrowing Nails, Sores, Scurvy on the Teeth, Ring Worm, Tetter, Scald Head and Scabby Eruptions of the Skin, Tooth-ache, Quinsey's Sore, Thrush, Diphtheria, Burns or Scalds, Frost Bites and Chilblains, Sweat Scalded Feet, Gout, Cuts and Wounds, Canker or Sore Mouth, Pleurisy, Coughs, Colds, Inflammations, &c. For sale by E. Harvey & Co., Guelph, and by druggists generally. C. H. Wright & Co., Hamilton, Ont., general agents for British Possessions.

An Irishman, porter in a store in Philadelphia, was closing up one rainy evening, not long since, when he took off his coat while putting up the shutters. When asked why he went out in his shirt sleeves in all the rain, "Sure," said he, "don't I want a dry coat to go home in?"

An old minister the other day asked a woman what could be done to induce her husband to attend church. "I don't know," she replied, "unless you were to put a pipe and a jug of whiskey in the pew."
