DYSPEPSIA

By acting upon the liver, stomach and bowels and purifying the blood, it removes every particle of the foul, impure or morbid matters which obstruct the proper working of the digestive organs and cause dyspepsia. This explains why B.B.B. succeeds in curing even the most obstinate cases.

CONSTIPATION

By regulating the bowels and removing all foul accumulations, it promptly and permanently cures this disease no matter of how long standing the case may be. B.B.B. acts in a natural, thorough and pleasant manner, never causing nausea or griping

BILIOUSNESS

By regulating and toning the liver and removing excess of bile, this distress-ing disease, which is the frequent cause of sick headache, dizziness, etc., is oured without fail. No remedy has ever performed so many permanent cures in the same space of time as has D.B. and toning the liver and the same space of time as has

Most passionate and cruel persons have strong reactions, in which they become almost imbecile with kindness, endeavoring to make up for their constitutional ugliness. When I was only four years of age a domestic servant, in the absence of my mother, had the audacity to shut me up in a small dark pot closet where rats and mice were known to hold high carnival.

"Now," said she, "the rats will eat you and it will be good riddance to be a child of more than ordinary courage, I defied the rats and spent my time in considering what I would tell my mother when she would return.

When the girl took me out of the dark closet abe dared me to tell what she had done and threatened to shut me up again at the first opportunity if I did so.

I defied her also and told my dear mamma and she immediately dismissed the domestic who had gone beyond her proper prerogative.

"If the child did wrong, you should have waited and told me, but you had no right to punish her," said my sensible mother, and it punish her," said my sensible mother, and it punish her, "said my sensible mother, and it punish her," said my sensible mother, and it punish her, be also and told me have had a similar experience and have been much terrified by passionate, overbearing servants, the had a prior claim on the moneys deposite the admittance of the part is suit before it should go on.
