ELSEWHERE, \$1.50 IN ADVANCE
Single Copies 5 Cents.

LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

LADIES' tailoring at SWIFT'S.
If you are in Class I see the medical board at once.

THE pumpkin got a little too much frost this year.

THE old "Saginnaw House" Petrolia, was burnt down Tuesday.

THE coal supply is chiefly grate and the price is simply great.

PAV your taxes as soon as possible. The municipal treasury is low.

WATSON'S underwear for girls.—SWIFT'S.

NEXT WEDNESDAY is Halloween. It will be an applesauce one for most people.

THE pupils of the public school contributed \$11.50 to the Red Cross fund on "Our Day."

THIS is certainly a land of promise. If you don't get into business and give your customers credit.

H. MACNALLY has rented the Maxwell shop and will be found there after the 15th of November.

SOME of our citizens are cutting down beautiful maple shade trees on their lots and converting them into firewood.

LET me sell you your rubbers. All styles and sizes in stock.—P. J. DODDS.

ASK to see our heavy work shirts and overalls.—SWIFT'S.

THE U. S. fuel administrator promises a plentiful supply of coal for Canada during the next two months.

MISS MATTIE BRISON, who underwent an operation in Toronto Wednesday last week, is improving nicely.

IT seems to be the general opinion that Canada's hands have been strengthened by the formation of the Union Government.

THE relatives of Canadian soldiers who are prisoners in Germany will not be allowed to send Christmas parcels this year.

MRS. P. WATSON (nee Lizzie McChesney) died at her home in St. Ignace, Montana, and was buried at Strathroy on Tuesday.

THE Jamieson brothers had a hearing before Judge MacWatt on Monday, ordered them sent to an institute for the Feeble Minded.

PENMAN'S underwear for boys.—SWIFT'S.

THE Germans sank a ship the other day containing 30,000 bottles of Scotch whisky. Is there any atrocity too hideous for the Hun.

SPEAKING of union cabinets, union governments and union candidates reminds us that the time is close at hand for donning the good old union suits.

WHEN is Indian summer due. A local weather predictor prophesies fine weather during November. Hope he is right. We need it to help the coal situation.

THE only vacant lot in the business portion of Watford will be offered for sale by auction on Saturday, Nov. 3. It is the property of Mr. D. G. Parker, of Leamington.

FIFTY CENTS will pay for The Guide-Advocate four months; \$1, eight months; \$1.50, one year. If to the United States or France add one cent a week for postage.

SMART style overcoats for small boys open Saturday.—SWIFT'S.

HIGH VEGETABLES are still in evidence. Mr. Thos. Woods brought to this office Monday, a table carrot 15 inches in circumference at the top and weighing 2 lbs., 2 ounces. Next.

AT the Presbyterian Manse, Watford, Wednesday afternoon October 17th, John James Perry and Martha Ellen Barrett, both of Warwick townships were united in marriage, the ceremony being performed by Rev. J. C. Foster.

THE names of the winners in the E. L. Agricultural Society field competition will be found elsewhere. By some means the report of the judge went astray in the mail and only came to hand this week.

THE BISHOP of ATHABASCA will visit Watford on Thursday, Nov. 1st, and will give an address in Trinity church in the evening. The Bishop will speak with authority on church problems of the West. All welcome.

BLANKETS, comforters, underwear, sweater coats at SWIFT'S.

ORVILLE WRIGHT said, at a Dayton dinner: "The war has developed flying enormously. We'll all fly after the war. Air friends will then be as thick as motor friends to-day." We suppose joy riders will then be called sky-larkers.

LAMBTON'S 149, I.O.D.E., is holding a Halloween Frolic in the Lyceum Wednesday evening next. Get your costume ready. Masks removed at 10 o'clock. Pumpkin pie featured on the menu. Proceeds for soldiers' Christmas parcels.

WHEN the election comes on a representative from each party should wait on all the near-patriots who refuse to do their part when asked to support the Red Cross, and ask them as a favor not to vote for his particular party. That would be one way of disfranchising them.

THE new trench overcoats at SWIFT'S. THREE farms advertised for sale in this issue.

SARNIA'S quota to the Red Cross on Trafalgar Day was \$15,000.

MR. J. HUMPHRIES received a telegram on Monday announcing the death of his sister, Mrs. F. Houston, of Tweed.

THE Watford Exemption Tribunal is W. S. Fuller and Jos McCormick. Lieut. Col. Kenward is the militia appointee.

FOOD CONTROLLER HANNA says the sugar shortage is so serious that the manufacture of candies, confectionery and jam may be prohibited.

"MAYBE the belts which tailors are putting on young men's coats this fall," says the Port Hope Guide, "are to give the girls a better chance to hold on to the few that are left."

NEXT time you want a new pair of shoes, heavy or light, we would appreciate the chance to show you what we have.—P. J. DODDS, the store with the big stock at reasonable prices.

MEN in Class I wishing to visit the U. S., will be required to put up a bond of \$1,000 and even this is acceptable only when good reasons are presented for leaving the country. Two weeks is the limit for absence when complying with the regulations permitting departure.

IGNORANCE will be no excuse under the Military Service Act. The government is giving every publicity to the matter and there is no reason why any concerned with the measure cannot inform themselves in order that they may fully comply with the act.

HUNTERS are reminded that the open season for woodcock begins on October 15 and continues till November 15th. Under the order-in-council of May 23, 1916, no quail can be killed this year, a close season having been established for two years, from Oct. 14, 1916.

THE new trench suits for young men. Try on a coat—they fit neat.—at SWIFT'S. Newest styles open Saturday.

JUDGING by present prospects, the few remaining stretches of rail fence in the country will be pulled down and cut this winter for coalless townspeople. Farmers in some districts made quite a little pile in this way last winter, getting more than enough to put up wire fencing in the spring.

MR. JOSEPH MCCORMICK has purchased from Mr. Wm. Williamson the house and lot on the corner of Main and St. Clair street, opposite Trinity church. We understand that Mr. McCormick will erect a brick dwelling house on the lot as soon as building conditions are more favorable.

J. W. ROGERS, of Bay City, Mich., in renewing his paper says: "We are always pleased to get it. Last week we had a visit from the Canadian "Black Watch," helping along the campaign to raise \$2,000,000, our share of the Liberty Bonds, which will be used as a bomb to drop into the Kaiser's camp."

THE hats and caps you buy at SWIFT'S are new, stylish and right in price.

MRS. MEAD has received a letter from her son George, in which he relates some startling experiences. The house in which he was billeted was blown to pieces, and his tunic in which was a letter from home and some snapshots was buried. He dug it out and found it fairly riddled with holes. George says it was lucky he was not inside it.—Thamesford Herald.

REV. GEO. W. CONNERS, pastor of the Baptist Church, and Mrs. Connors are spending a couple of weeks in Toronto. During Mr. Connors' absence his pulpits will be occupied on Sunday, Oct. 28th, by the Rev. E. H. Sawyers, retired Presbyterian minister. You are invited to any of these services. Wyoming 11 a. m., Calvary 3 p. m. and Watford at 7 p. m.

THE CHILDREN'S DAY service in Trinity Church on Sunday afternoon was largely attended, many parents and friends of the school being present. The special form of service was used and the children rendered appropriate music. Different short addresses were given. The Secretary's report was most encouraging. The offering for the Sunday School Commission was quite liberal.

IN order to eliminate the waste in packages and the increase in cost to the consumer involved by the trade in small packages of breakfast foods, cereals and cereal products, an order-in-council has been passed, upon the recommendation of the food controller, prohibiting the sale, after a specified date, unless licensed, of such foods in original packages of less weight than 20 pounds. In the case of retail dealers the prohibition of sale is effective on and after December 1st.

A PLEASANT and profitable evening was spent by the members of Havelock Lodge, A. F. & A. M. on Tuesday evening, the occasion being the official visit of the District Deputy Grand Master, Bro. E. R. Bond of Mt. Brydges. Visitors were present from Arkona, Mt. Brydges, Strathroy and Napier, and there was a large attendance of local Masons. The first degree was put on in an almost faultless manner by the W. M., Bro. F. O. McIlveen and his officers, the work being highly commended by the D. D. After the lodge was closed lunch was served and an hour or so spent in toasts and replies. The pleasant evening closed with the Junior Warden's toast, "Happy to meet, sorry to part, &c."

INCREASED pay for Canadian soldiers on home duty has been allowed by an order-in-council issued Tuesday by the Dominion militia department. There are approximately 9,000 men on guard duty in Canada, the majority of whom are unfit for active service. They receive \$1.10 a day, the same as men serving in the trenches, but subsistence allowance is \$13.50 a month, compared to \$20 paid overseas men. This allowance will now be same for all.

ROY KELLS, son of Mrs. Robt. Kells, of Watford, died at Dauphin, Man., on Wednesday last week after an illness of two days with peritonitis. An operation was performed but failed to save his life. He was in his 32nd year. The remains were brought to Watford and the funeral was held from the home of his mother, Wall street, on last Wednesday afternoon. After service at the house the remains were taken to Arkona for interment.

PARENTS should keep in mind the danger to which children are exposed at this season of the year, when leaves are being burned on almost every street in town. Many fatal accidents have occurred in the past in Canada through the clothing of little tots catching fire while playing round piles of burning leaves. Fire always has a peculiar fascination for children and every precaution should be taken to prevent serious or fatal accidents.

An exchange says: "This is the generation of the tin can. Laziness and indifference to the proper expenditure of money has stimulated the tin-can habit. And the strange part of it is that the poorer the people the more firmly the habit is embedded in their systems. No doubt the tin-can habit is to a great extent, the cause of their being poor. Five cents worth of can and five cents worth of vegetables for a quarter of a dollar is enough to make poor people considerably poorer."

ALL stamped envelopes which are spoiled by mistakes committed in superscribing, will be redeemed by the post-office department and records of the same are kept. These regulations are, we think, not generally known at large, and their publication may be beneficial to a large number of people.

It is the romantic author who entertains us with what we would like to have happen to us, but it is the imaginative author who thrills us most with what might happen to us. In the "Phantom Parade" in November Cosmopolitan Arthur B. Reeve had woven a fantastic tale around a base German plot to destroy the food supply of America by ruining the crops. Craig Kennedy, the scientific detective, ventures to solve a mystery which is terrifying the whole country and he does it in his characteristic scientific fashion. But all through it you cannot help thinking that while the plot is extremely fantastic, at the same time it is not an extreme example of the sort of horrible efficiency against which the world is in arms to overthrow German autocracy. Here is a story that you, if he first, should finish with the utmost interest and concern.

Mr. and Mrs. D. Ross are visiting relatives in Leamington.

Miss Lillian Sedwick, Sarnia, visited relatives here last week.

Miss Jean Hay has returned home from London and Gravenhurst.

Mrs. J. Humphries is visiting her daughter, Mrs. J. M. MacKay, Galt.

Mr. R. E. LeSueur, Sarnia, spent Sunday with J. Humphries.

Mrs. Alex. Kelly, Sarnia, spent a few days here with daughter, Mrs. J. W. McLaren.

Mrs. Ross McLaren, Regina, spent a few days here, the guest of Mrs. W. P. McLaren.

Mrs. E. D. Swift and Mrs. (Col.) Kelly attended the I.O.D.E. convention in London this week.

Pte. F. J. Elliot, C.A.S.C., Polish-American Camp, Niagara-on-the-Lake, spent the week end at his home here.

Rev. S. P. Irwin and Mrs. Irwin went to London Friday to attend the funeral of the late Mrs. John McFadden, Mrs. Irwin's stepmother.

Mr. E. Adams, Lethbridge is visiting relatives and friends in Watford and Warwick. He arrived from the West on Saturday, accompanied by Mrs. Adj. Adams, of Toronto.

THE pupils of S. S. No. 10 contributed the sum of five dollars to Canadian Red Cross on Trafalgar Day.

Children's Day service will be held in Christ Church, Sutorville, on Sunday afternoon at three o'clock. The offering will be for Sunday School work.

Mark Burford, a resident of the 2nd con., passed away on Sunday last. The funeral took place on Tuesday to Alvington cemetery. He is survived by one son and two daughters, Mark, on the old homestead; Mrs. Pavey, of Alvington, and Mrs. Leitch, of Niagara Falls.

WATFORD PROGRESS CLUB.

The Armory Progress Club, which before and during the early months of the war provided the public with several pleasing and intellectual free entertainments in the Armory, has changed its headquarters to the rooms over Mr. P. I. Dodds' shoe store which have been fitted up comfortably for the use of the members and their out-of-town visitors. With the removal from the Armory the name of the club has been changed, and in future will be known as the Watford Progress Club. The membership is confined to 30, and is composed of representatives of professional, mercantile and mechanical pursuits. As the name implies, the progress of the town is the chief aim of the club, and any project for the welfare of the town and the benefit of the citizens at large is given careful discussion and attention. At the same time the social side of life is not overlooked and the club rooms are a pleasant place for the members to spend a leisure hour or two in amusements or conversation.

At the annual meeting held on Friday evening last the following officers were elected for the ensuing year, viz:—

Hon. President—Rev. S. P. Irwin, B.A.

President—Mr. E. A. Brown.

Vice-President—Mr. F. O. McIlveen.

Treasurer—Mr. J. W. McLaren.

Secretary—Mr. W. G. Connolly.

Standing Field Crop Competition

The list of prize winners in the standing field crop competition held by the East Lambton Agricultural Society is just to hand. E. J. Mullins, Woodilee, was the judge, and the crop Oats. The awards stand as follows:

1.—John Zavitz, Alvington, P. O., Banner, 96 1/2 points.

2.—W. H. Shugg, Alvington, Abundance, 92 1/2.

3.—Geo. McCabe, Alvington, Silver Mine, 89 1/2.

4.—W. W. Taylor, Alvington, O.A.C. 72, 89.

5.—Thos. Kidd, Watford, Banner, 89.

6.—John McCormick, Watford, Banner, 85 1/2.

7.—Howard Shirley, Watford, Silver Mine, 84 1/2.

WARWICK

W. J. Moffatt, 6th line, took ten hogs to Watford market last week. His cheque for them amounted to \$411.25.

Canadian Observer: "Mrs. Ralph Bond has returned from visiting her parents, Mr. and Mrs. W. Pedden, Warwick."

Mrs. John Higgins and daughter, Verlye, have returned from the West, having visited her sister, Mrs. Russell Muxlow, of Biggar, Sask.

James Auld, a former well-known resident of Warwick, died on Oct. 4th, at his home in Denver, Col., where he had been residing for several years past.

Thos. Leach's threshing engine was overturned in a ditch on the 6th line last Thursday. The soft earth at the side of the road gave way under the weight of the engine.

Some Warwick farmers complain that the Watford price for hogs last week was far below either Kerwood or Forest. It is up to the Watford buyers to explain the discrepancy. Farmers of the district prefer to bring their hogs to Watford but cannot overlook a higher price elsewhere.

The members of the Women's Auxiliary of St. Mary's church, Warwick, met at the home of the president, Mrs. C. Hawkins, to present the visiting clergyman and his wife, the Rev. S. A. and Mrs. Brigham, of Walpole Island, with a linen shower. Quite a number of ladies were present and enjoyed a very pleasant afternoon. A dainty lunch was served by the hostess.

A meeting of the Women's Patriotic League was held at the home of Mrs. E. Morris, Egremont Road, on Wednesday, Oct. 17th. The men were busy at the barn threshing grain, and the women were busy in the house making comforts for the boys at the front. The donations amounted to \$11.00. The bales packed after the meeting contained the following articles: 12 shirts, 9 pyjamas, 8 pillow cases, 6 towels, 8 trench towels—value \$42.14.

Unionist Candidates

Word has gone out from Ottawa to hold conventions for the nomination of candidates and in many places where men are already in the field it will be necessary to do it over again, owing to the change in the Government. In each constituency a Unionist will be put in the field. He may be a Conservative or a Liberal but in the various divisions the plan is to have only one man on whom the vote of the Unionists will be centralized.

SHIPMENT of ladies' new coats for Saturday.—SWIFT'S.

Modern improvements on the farm bring their hazards, and when James Garrard, a farmer near Harmony, was caught in the wheel of his gasoline engine, he received fatal injuries. After being whirled around several times the engine was stopped but his chest was broken and a number of bones broken.

The United States army now in France numbers 200,000.

CHOP STUFF

Strathroy council voted \$1,000 to the British Red Cross.

Detroit bakers have reduced the 22-ounce loaf of bread to 11c.

Winter weather in the West is causing harvest laborers to return East in large numbers.

Teddy Simpson, of Wyoming, who recently received his military discharge, has moved to Sarnia.

D. H. MacMurphy, 2nd line Plympton, has disposed of his 100-acre farm where he resides to P. J. Core.

Thamesville people raised by subscription \$1,444 for the British Red Cross and other patriotic purposes.

The Methodist Church, Alvington, which has been undergoing repairs, will be reopened Sunday, October 28th.

Thirteen persons were killed and 356 injured in railroad accidents in Ontario last year. This is the smallest list recorded in years.

Alex. Saunders has purchased three houses from the Imperial Oil Company and is having them moved to St. Clair street.—Canadian Observer.

When the Waterloo town council hesitated to vote a \$3,000 grant to the Red Cross fund, charges of pro-Germanism were hurled at the dissenting members.

Russell Cutts, of lot 19, concession 13, Dawn, recently threshed 130 bushels of alsike clover seed, which was grown on 23 acres of land. He disposed of the seed for \$1,500.

Potato rot is causing considerable anxiety to many farmers in Ingersoll section, and it is feared that a large quantity of the late varieties may be ruined.

Major C. O. Fairbank, who has been second in command of the 1st Depot Battalion at London, has now been promoted to the District staff of officers as Assistant A. A. G., an important appointment and one that the Major's experience and ability amply qualify him to fill.

At Petrolia on Sunday of this week Rev. John McRobie preached in the Presbyterian Church, celebrating in this way his 92nd birthday. Rev. Mr. McRobie was born in Gibraltar, and came to Canada while quite young. He was identified with the early work of his church in Canada, and preached at Jarvis for 16 years, at Petrolia for 12 years, and has been living retired at the latter place since 1885.

BORN

In Columbus, Ohio, on Oct. 17th, to Mr. and Mrs. M. H. Prior, a daughter.

In Brooke, on Tuesday, Oct. 23rd, 1917, to Mr. and Mrs. George Edgar, a daughter.

In Alvington, on October 15th, to Rev. and Mrs. W. E. Donnelly, a daughter.

In Plympton, on Thursday, October 11, to Mr. and Mrs. Arthur J. Gammon a son—George Albert.

In Brooke, on Wednesday, Oct. 17, 1917, to Mr. and Mrs. Roy McGregor, a daughter.

MARRIED

At the Methodist Parsonage, Alvington, on Wednesday, October 10, 1917, Miss Gladys Ormerod of Alvington, to Mr. John Bowie, of Brooke.

At the home of the bride's parents, Mr. and Mrs. John McLeod, West Zorra, on October 10th, by the Rev. W. P. Lane, Adam Carmichael, of 6th con., Bosanquet, to Burnett McKay.

DIED

In Enniskillen, on Sunday, October 14, James Parke, aged 42 years.

In Dauphin, Man., on Wednesday, Oct. 17, 1917, Roy Kells, aged 31 years, 8 months, 22 days.

In Columbus, Ohio, on Sunday, October 21st, 1917, the infant daughter of Mr. and Mrs. M. H. Prior, aged 4 days.

In Warwick, on Friday, October 19th, William Holbrook, aged 77 years, 4 months, 27 days.

War Notes

Nine-tenths at least of the men who have registered under the draft law claim exemption from service.

Germany's losses in killed, wounded and prisoners up to September are placed at 8,250,000 men.

Harry Lauder is now in the United States, where he is to make a tour to get recruits for the British army. He is accompanied by his wife.

A number of children in Toronto district, whose fathers are engaged in war, have had to be sent to the Industrial School, because of the inability of their mothers to control them.

The United States will use vast quantities of German-owned supplies stored in the United States, to aid her troops and the Allies in carrying on the war against the Kaiser's Empire. The value of the property is expected to mount into the hundreds of millions.

The French Government, formed only a few weeks ago, has resigned. This is the first government in years which had attempted to get along without Socialist support and the effort has, apparently, proved an impossible one.

W HEALTH FOR WOMEN

The most fateful years in a woman's life are those between forty-five and fifty. y of the sex enter this period, under lessening conditions through overwork, worry about the home, or through a ition in which the blood is weak or ry and so they suffer heavily. Among ommonest symptoms are headaches, ish flushes, palpitation of the heart, ness, backache, depression and other recognized disturbances of the h, which signalizes that the blood es attention. Women urgently rich, red blood all their lives, but more so than in middle life, when nerves are also weak and over-ght.

w every woman can prove the pl help afforded to her health by using and building up the blood. It test that any ailing woman can y by taking Dr. Williams' Pink Pills, for these pills make rich, red h, which in turn stimulates the ite, strengthens the nerves, and es full robust health. Thousands men have found in Dr. Williams' Pills new health and strength and these a new happiness and interest.

if you suffer, avail yourself at once e splendid home treatment which Williams' Pink Pills so easily afford, on will be among those who rejoice in gained health. These pills are sold dealers in medicine, or may be y mail at 50 cents a box or six for \$2.50 by writing the Dr. Wil- Medicine Co., Brockville, Ont.

Baptist Rally

annual rally of the B. Y. P. U., of ton and Middlesex counties was in the Forest Baptist church, ksing Day. There was a splen- andance 162 delegates from outside registering. The program in the on opened by devotional song e, with John Kedwell editor of the Craig Banner, followed by an ad- of welcome by Rev. H. E. Green, rest, to which Rev. C. E. Hucker- mia, replied. A splendid address iven by Rev. H. H. Bingham, of n, other interesting speakers being os. Yule, Petrolia, on "The Man- of the Master"; Rev. A. J. Loveday, d, on "The Life Story of a Leper," issa G. Newberry, of London, on "an Adventures." In the evening evotional song service was with Dowling, Petrolia, and two ex- dresses were given. "Drifting or g, which?" by Rev. Thos. Wear- Woodstock, and Rev. L. Brown, ord, speaking on "Making the le possible today.—Forest & Free

A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital." — Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

WATFORD, OCTOBER 26, 1917

NOTE AND COMMENT

"The utterances of a man who knows nothing about it and thinks he has said something," is the way in which Thomas Rowe, grand senior Warden of the Ontario Masons, replied to the statement of Rev. J. P. McLeod, pastor of the Presbyterian church of Wyoming, who urged Masons to throw open the order to women as well as men. "The fact of the matter is that it is against all the ancient rules of Masonry to admit women and for anyone to suggest it shows that he is entirely ignorant of the whole foundation of Masonry. The order of Masons was once composed of practical working masons, and even today you don't see women working as masons. The workmen formed the order and it became popular and other men who were not masons were allowed to come in as free masons. That is, they were free from working as masons, and the whole scheme of philosophy which forms Masonry was gradually built up on the work of the working masons. A Mason must be a male over 21 years of age, according to all the old landmarks of the trade's guild, which was the commencement of Masonry. It would be quite impossible to admit women to the order."

DIED

In Enniskillen, on Friday, October 5th, 1917, Mr. Colin Campbell, formerly of Warwick, aged 55 years.
In London, on Friday, October 5th, 1917, Mr. Jos. Harvey, of Petrolia, formerly of Warwick, aged 52 years.
In Bosanquet, 1st con. (Arkona), on Sept. 28, Robert Dunham, aged 79 yrs. 7 months and 9 days.
In Plympton, on Tuesday, Sept. 25th, 1917, Mr. Thos. Ewart, in his 91st year.

Children Cry FOR FLETCHER'S CASTORIA

CHOP STUFF

Pte. J. Reath, of Glencoe, was killed in action.

Geo. Peat, of Petrolia, has returned from Trinidad.

Gunner H. C. Young, of Sombra, is reported gassed.

A town is like a girl; it's a wonder what a little fixing up will do for it.

A good town will do more to keep the boys at home than good advice.

If you don't conserve the food this year from a patriotic motive, you may have to conserve it next year from necessity.

The paper shortage in Berlin, Germany, is said to be serious. The lie crop, though, appears to be as heavy as ever.

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Cure is within reach of all.

New York society women will not hold any dances or similar social functions during the coming winter because of the United States' being at war.

By the way, gardeners should keep in mind that there is a better way of disposing of autumn leaves than burning them. When decomposed they make a splendid fertilizer.

A British farmer was fined \$27,500 for selling potatoes at prices above those fixed by the government. He will need to grow a lot to make up this sum of money.

Rev. J. McRobie, of Petrolia, will attain his diamond jubilee as an ordained minister of the Presbyterian Church on Sunday next and on the following day enters his 92nd year.

The merchant who feels that one of the chief things he is accomplishing in his advertising is to "help support the newspaper," probably feels, too, that he is paying store-rent primarily to help support the landlord.

Fire that started in Miss Beattie's millinery store, Forest, Tuesday morning destroyed four business places on King street, occupied by Miss Beattie, milliner, P. Cairns, shoe store, Lyle Wellington, barber, and A. Armstrong, shoe repairer, and a vacant store owned by Wilfrid Byrns.

Disloyalty does not exist alone in being a pro-German. The man or woman who dodges responsibility, who pulls wires for selfish ends, who seeks riches while his country passes through the fires of war—all these are disloyal. Their disloyalty may be more dangerous than the machinations of many pro-Germans.

A REAL ASTHMA RELIEF. Dr. J. D. Kellogg's Asthma Remedy has never been advertised by extravagant statements. Its claims are conservative indeed, when judged by the cures which it preforms. Expect real relief and permanent benefit when you buy this remedy and you will not have cause for disappointment. It gives permanent relief in many cases where other so called remedies have utterly failed.

Wesley Willoughby, formerly blacksmith in Adelaide village, and recently a sapper in the army overseas, and who through ill-health was compelled to return has, with his wife and family, moved to London, where he has secured a good position with the Grand Trunk Railway in the freight department. On the eve of their departure their friends in that vicinity presented them with a handsome couch, accompanied by an address.

At a meeting held in Petrolia on Tuesday, Mr. George V. Wyant was appointed collector to secure funds with which to pay for the services of a ringer for Christ Church chimes. The idea, originating with Mr. Wyant, is that each day at five minutes of twelve the chimes play a hymn and that citizens for at least a few seconds during the five minutes turn their thoughts towards God and offer up a prayer for a just and speedy peace.

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels unattractive to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

The Fire Chief of London issues a warning to citizens who use coal oil heaters at this season of the year. Explosions of coal oil stoves, he says, are due in almost every instance to corrosion on the burners. This prevents the proper air currents circulating through the burners, and the result is an explosion. At this season of the year before furnaces are brought into constant use, oil heaters are frequently used to remove the chill from certain rooms, and in view of this the fire chief cautions persons using them to see that the burners are free from corrosion.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and this is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

Well, No, We Hadn't Noticed It.
Have you ever noticed how an extremely fat woman always acts as if she was very much afraid some one was going to steal her and how an extremely thin girl always acts as if she was afraid some one wasn't?

Too Much.

"Why did you quit that barber?"
"Well, I didn't like him. Every time he moved my head he wanted to use my ears as handles."

Shopping.

First Lady—Mrs. Smith is too young to go shopping alone. Second Lady—What is that? First Lady—She's liable to get excited and buy something.

Immune.

Ella—There goes the luckiest girl alive. Bella—In what respect? Ella—Nothing she eats makes her fat.—Harper's Bazar.

"Yesterday," said the sage, "is dead; forget it. Tomorrow does not exist; don't worry. Today is here; use it."

Pandora Conveniences

The "Pandora" Range has triple grate bars that turn easily because each bar is shaken separately. The firebox is made smooth to prevent clogging of ashes and the ash-pan is large enough to hold more than one day's ashes. Write for booklet.

Complete Service to Ford Owners Everywhere

COURTEOUS attention to your needs wherever you may travel is something you appreciate, and being a Ford owner you can get it. You are always "among friends".

There are more than 700 Ford Dealer Service Stations throughout Canada. These are always within easy reach of Ford owners—for gasoline, oil, tires, repairs, accessories, expert advice or motor adjustments.

The cost of Ford Service is as remarkably low as the cost of the car itself. Nineteen of the most called for parts cost only \$5.40. Just compare this with the cost of spare parts for other cars and you will realize the advantage of owning a Ford.

HARVEY & CO. PROPRIETORS

WATFORD, OCTOBER 26, 1917

THE COMING WAR LOAN.

The Government of Canada will soon ask the people of this country to subscribe to a War Loan. This will be Canada's greatest call for the mobilization of dollars. Men and money will win this war. Each is helpless without the other. What a shame it would be for any who stay at home not to lend their money when so many brave boys at the front give their lives for their country. Let your money back up the boys on the firing line. If you cannot follow the flag yourself, lend Canada your money, eagerly, gladly, generously, so that the flag may be carried "over the top" to victory.

Every dollar so loaned will be spent in this country. It remains in circulation at home. It will pay the wage of Canadian labor. It capitalizes your own government and finances the prosperity of your own country. That is not selfishness; it is sound business sense, war efficiency, and national safety.

Make the Government the depository of your money. The safety is absolute. Your dollars can never do a greater service to humanity.

NOTE AND COMMENT

Baltimore Star: A western youth has asked for exemption because he has seven cousins in the German army, and he does not wish to fight them. It would be interesting to know whether those seven cousins are reluctant to fight America because of their American cousin.

A circular is to be issued by the chief press censor instructing editors throughout Canada to exercise great care in publishing comments on the operation of the military service act, even in the form of a partisan "jibe." It is stated that any publication containing objectionable matter of the kind will be prosecuted.

Now that the price of both wheat and flour have been fixed, the Food Controller's office is making a complete investigation into the cost of breadmaking in various parts of Canada independent of the report of Mr. W. F. O'Conner, K. C. The facts gathered by him will, of course be used as a basis in his inquiry. As soon as this investigation is completed arrangements will be made for the fixing of the price of bread throughout Canada. It is expected this action will be taken shortly.

The entry of the United States into the war has caused an alteration in the regulations with regard to the wearing of uniforms by Canadian officers and men when in that country. Canadian soldiers are now allowed to visit the United States in uniforms, whether on duty, leave, or furlough, as long as they have first secured a permit, signed by their district officer commanding, or another officer in authority. The list of names of those to whom such permit has been granted must be on record at district headquarters and in the cases of officers the names must be referred by wire to militia headquarters at Ottawa. Soldiers of the United States army are allowed to enter Canada in uniform.

The people generally appear to be well pleased with the Union Government formed by Sir Robert Borden who, after five months' patient toil, has accomplished what in many quarters was looked upon as impossible. Only extreme partisans will show displeasure at the outcome and not much attention need be paid to them. Sir Robert Borden is to be congratulated upon the success he has achieved. He has surrounded himself with the strongest and best representatives of Liberalism from the Atlantic to the Pacific and the ablest Conservatives in the old Cabinet are retained in the new, which is based on an equality of numbers. The Liberals who have entered the government are also to be congratulated on the breadth of mind they have displayed and for their patriotism in placing country before party. The new government is one that should command the respect and loyal support of every patriotic Canadian, whose chief aim at the present time should be to win the war.

Some people never seem to tire in their efforts to make other people weary.

WANT COLUMN.

DON'T MISS THE POINT.

There is a man in this part of the world who represents, to our way of thinking, a pretty good average of human nature. Whenever the preacher in his church delivers a very hot sermon against some special kind of sin, this man gets enthusiastic and goes around to the vestry to tell the preacher what a fine sermon it was. Then he goes home and repeats it to his brother, and they talk over the points and the people the sermon hit the hardest. But this particular man never sees when the sermon hits HIM.

Early next month the biggest public campaign ever put on in Canada will be opened to get subscriptions for the fourth Canadian war loan, the Victory Loan. The thing people in this district must bear in mind is: that the appeals are directed to each and every one of them. It is not merely the well-off men and women who are being asked to invest. It is everybody. The little sermons which will be "preached" in the advertising should not be taken as hints to the well-to-do people only. Every man and woman should watch for these advertisements and start now to gather up the necessary money to buy either a fifty or a hundred or a five hundred or a thousand dollar bond. In the United States there were about 4 subscribers to the first American loan out of every 100 persons. They only received 3 1/2%. In Canada for the last war loan there were only about 41,000 subscribers or say 4 in every 700. Yet in Canada the interest was much higher—on the Victory Bonds that will probably be issued to yield about 5 1/2%.

The first thing anyone should do, in our opinion, is to get rid of the idea that there is any sacrifice involved in investing in this loan. It is true that the patriotic spirit is appealed to and it is equally true that a great and generous response is expected on that ground. But the new war loan is a straightaway business proposition; safe, profitable and convenient. Every man and every woman with as much as fifty dollars to spare should own one of these new bonds, and not only that, but should help to show others the worth of these bonds by recommending them everywhere. The readers of this paper are among the most thrifty, prosperous and public spirited in the Dominion. When the subscriptions to the Victory Loan are added up from the various districts and sub-districts we expect them to show that this part of the great Dominion has been true to its traditions and just to its opportunities.

Arrives in Ireland

Rev. Dr. T. B. R. Westgate of the Church of England Missionary Society who was interned at Tabora, German East Africa, reports his arrival in Ireland. Upon the capture of Tabora by the British troops Dr. Westgate served as chaplain and inspector with the Imperial forces. He predicts the close of the East African campaign by the end of the year, when he believes the British will be in full possession of the German territory in East Africa. Dr. Westgate has been

under appointment as field secretary for the Church of England Missionary Society since the beginning of the war.

BLOOD-MAKING MEDICINE

It took centuries for medical science to discover that the blood is the life. Now, it is known that if the blood were always abundant, rich and pure, very few people would ever be ill. It was not until the end of the 19th century that an instrument was invented for measuring the red part of the blood. Then doctors could tell just how anaemic a patient had become, and with medicine to make new blood the patient soon got well.

All the blood in the body is nourished and kept rich and red by the food taken daily, but when, for any reason, a person is run down and cannot make sufficient blood from the food to keep the body in health, then a blood-making medicine is required. The simplest and very best of blood-makers suitable for home use by anyone, is Dr. Williams' Pink Pills. When a course of these pills is taken their good effect is soon shown in an improved appetite, stronger nerves, a sound digestion and an ability to master your work and enjoy leisure hours. For women there is a prompt relief of, or prevention of ailments which make life a burden. As an all-round medicine for the cure of ailments due to weak, watery blood no medicine discovered by medical science can equal Dr. Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Late William Holbrook

Another old and much respected resident of Warwick Township passed away on Friday last, Oct. 19th, in the person of Mr. William Holbrook, who had attained the age of 77 years, 4 months and 27 days. Deceased was born on the Atlantic ocean when the family were on their way from Ireland to Canada. Some 40 years ago the deceased came to Warwick and since then has lived on the farm where he died, lot 7, con. 1, N. E. R. Thirty-three years ago he was married to Miss Maria Saunders, of Warwick, who predeceased him 14 years ago. About two years ago he fell ill with kidney trouble and a year ago underwent an operation, but the relief therefrom was only temporary. Two children survive, George Hanson at home and Mrs. Robinson Karr of the third concessions; also one sister, Mrs. E. J. Griffith, of London, and two brothers, Samuel in Australia and Henry in Idaho. Mr. Holbrook was an enthusiastic Orangeman, a member of the Church of England, and in politics a staunch Conservative. The funeral took place on Sunday afternoon under the auspices of the L. O. L. of Warwick Village, the service in the church being conducted by the rector, Rev. W. M. Shore. Six brother orangersmen were the pall bearers, namely:—Chas. Hawken, Thos. Hawken, Thos. Brush, C. Stewart, Sr., S. J. Harper and

J. W. Blain, and the remains were laid at rest in St. Marys Cemetery, Warwick Village. A large concourse attended the ceremony.

KERWOOD

Mr. Bourne, of Alvington, called on friends here recently.

Miss Ethelwyn Rogers spent the week end with her parents.

Mr. J. M. Brunt has returned home from Angusville, Man.

Miss Thelma Brunt, of London, was home for the week end.

Mr. Alf. Rogers spent a couple of weeks visiting friends in Toronto.

Miss McGregor, Philadelphia, is visiting her sister, Mrs. H. Lambert.

Mr. and Mrs. Howard Barley and little son spent Sunday in Sarnia.

Mr. and Mrs. Fred Wright and family motored to London last Wednesday.

Mr. and Mrs. John Richardson motored from Enniskillen and visited friends here.

Dr. Graham, of Washington, spent a few days with his sister, Mrs. Charles Foster.

Miss Margaret Armstrong has returned home from spending a couple of weeks with friends in Detroit and Walkerville.

Mr. and Mrs. William Johnson and Miss Gladys were in Dorchester attending the wedding of Miss Dora Capstick.

The "Forget-Me-Not" class of the Methodist Sunday school presented the church with a large handsome British flag.

Quite a number of the young men of the community have responded to their country's call and have been to London for medical examination.

The Women's Institute met at the home of Mrs. Ed. de Gex last Thursday and although the weather was unfavorable, twenty-four ladies were present.

The ladies donated \$25.00 to the British Red Cross and are preparing to send a goodly number of Christmas boxes to the boys at the front. Some splendid war recipes were given for making Graham bread, gems, drop cakes, and biscuits.

An excellent paper was given on "The War" by Mrs. A. Woods and beautiful piano solos were given by Miss Margaret Callaghan and Mrs. Chesham.

At the close of the meeting a dainty lunch was served by the hostesses. The next meeting will be held at the home of Mrs. Richard Demary, November 21st.

Promise For Future Good

Ottawa, Oct. 24.—Announcement that the Imperial Munitions Board will spend money liberally in Canada for the winter on munitions contracts is welcomed here as an assurance of industrial prosperity during the winter months. It also means that the total amount spent on munitions in Canada to the end of the year will be an imposing sum, just how large it is difficult to estimate at the moment. Consideration of this question brings up the point that Canada has been unusually fortunate in the matter of obtaining contracts for war material, all kinds of which have been exported to Europe since war began. One of the features of Canada's participation in the war has been the prosperous business it has brought the country.

The adoption by Canada of the Military Service Act has vastly increased the national prestige as a belligerent on the side of the Allies and has assured the country of continued prosperity through war activities of a business nature.

Distribution of Seed Grain and Potatoes.

From the Dominion Experimental Farms, 1917-1918.

By instructions of the Hon. Minister of Agriculture a free distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers.

The samples of grain for distribution will consist of spring wheat (about 5 lbs.), white oats (about 4 lbs.), barley (about 5 lbs) and field peas (about 5 lbs.) These will be sent out from the Central Experimental Farm, Ottawa, by the Dominion Cereals, who will furnish the necessary application forms.

A distribution of potatoes in samples of about 3 lbs. will be carried on from most of the Experimental Farms, the Central Farm supplying only the province of Ontario.

All samples will be sent by mail. Only one sample of grain, and one of potatoes, can be sent to each applicant. As the supply of seed is limited, farmers are advised to apply very early.

Mr. Joseph Hall, P. & E. townline, passed away on October 13th, at the advanced age of 95 years. He was an Englishman by birth but a resident of Canada for 80 years.

Glencoe Transcript:—Numerous cases of thieving are reported in town and vicinity. A lady living north of Glencoe reports having had about \$7 worth of groceries taken from her buggy in town one evening. A storekeeper reports a ham taken from his counter, but the purloiner was suspected, charged with the theft, acknowledged that he had eaten the luxury and was glad to get off by paying the market price for it. Chickens and even cattle are making mysterious disappearances.

EXEMPTION TRIBUNAL

Exemption Tribunals.

Exemption Boards have been chosen in such a way as to make them absolutely independent and removed from all influence. There are over 1,250 boards throughout the country, each composed of two men, one appointed by the county judge in the district concerned and one selected by a joint committee of Parliament. Being familiar with local conditions where they sit, the members are well-fitted to appreciate such reasons for exemption as are put before them by men called up.

Exemption will be granted to those who can establish that it is in the national interest that they remain in civilian life. This is for the Exemption Board to decide after having received full information in each case.

The grounds on which exemption may be claimed (which are similar to the grounds recognized in Great Britain and the United States) are as follows:—

- (a) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is habitually engaged.
- (b) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications.
- (c) That it is expedient in the national interest that, instead of being employed in Military Service, he should continue to be educated or trained for any work for which he is then being educated and trained.
- (d) That serious hardship would ensue if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position.
- (e) Ill health or infirmity.
- (f) That he conscientiously objects to the undertaking of combatant service and is prohibited from doing so by tenets and articles of faith, in effect on the sixth day of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he in good faith belongs.
- (g) That he should be exempt because disfranchised under the War Time Election Act.

No Claim for Exemption should be put forward unless one or other of these grounds in fact exists, and no loyal citizen should assist in, or allow himself to be made a party to, any Claim for Exemption unless thoroughly satisfied that it is made in good faith.

Exemption may be applied for by the men selected themselves or by their parents, near relatives or employers. Application for exemption must be made on printed forms to be found at every post office, which are to be filled in and left with the postmaster if exemption is desired. The postmaster will forward the form to a Registrar, who will send it to the appropriate Exemption Board. In due time, then, the Applicant will get notice as to when he must present his case before the Board.

Issued by The Military Service Council.

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARRIOTT
73 Lees Ave., Ottawa, Ont.,
August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 3 1/2 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain".

WALTER J. MARRIOTT.

Box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

A MARINE CHASE

It Was For a Crook and \$50,000

By WARREN MILLER

The most interesting chase I ever had in all my experience as a detective officer was for Simpson, who had robbed the National bank of \$50,000 in currency. Simpson was located in New York by the police, or was supposed to be, and his problem was to get out of the city with the plunder. The problem of the police was to arrest him with the funds on him.

My being called into the case arose from certain information that came from Philadelphia. The chief of police of that city gave out information that a small steamer no bigger than a canal boat that had been laid up for some time had been purchased and was being put into commission. The owner could give no satisfactory account of the sale or who was the real purchaser. Indeed, they had become suspicious of the use to which she was to be put and had advised the police to be on the lookout.

The way we got on to Simpson's connection with the steamer was this: An anonymous letter was received at police headquarters which stated that he had chartered a single steamer at New London and was intending to make for Canada in her. Had we not heard of the Philadelphia matter we would have been on the lookout in the direction of New London. As it was we inferred that Simpson had written the anonymous letter to put us off the track. But if this were so he had not counted on our being in a position to put these two bits of information together.

As soon as I arrived at Philadelphia I went to the dock where the suspect was lying. Without appearing to be interested in her I made a mental note of everything in her outward make-up. She was evidently such a boat as is used for carrying passengers short distances between a city and its outlying towns. She had a single stack, was moved by a propeller and was painted white. The name on her stern was Peter Muller.

There were no signs of her leaving port, and I got the idea that I was off the track. I employed a man to watch the boat and made a visit to the police department, hoping to get some more information concerning her. They told me they thought they had traced the new ownership of the Muller and it was all right.

Had it not been for this information I would have watched the boat myself or at least taken better measures to keep advised of her movements. As it was I went to my hotel and to bed early, being tired. I was awakened at 3 o'clock in the morning by a bellboy, who ushered into my room the man I had placed on watch. He told me that he had gone to sleep about midnight and was awakened by a puffing. Opening his eyes, he saw the Muller going out.

I chartered a tug, and, having received information that my quarry after making the ocean had gone northward, I followed in hot haste. The Muller must have had good motive power, for despite the fact that we put on all steam she kept ahead of us. We saw nothing of her, but upon inquiry learned that she was several hours ahead of us, making northward.

Before leaving Philadelphia I had telephoned the New York police department of what had taken place, but whether or not they took steps to head off the fugitive nothing came of my notification. I kept on, guided by inquiry alone all day, but all day gaining on the Muller. When night came on I felt that temporarily at least I had lost her, for at night she could go where she pleased without her movements being noted.

However, I reasoned that the Muller would not know that she was being chased and would therefore not be likely to attempt to throw me off her track. At any rate, I determined to put into the first available port and try to pick up information of the fugitive the next day. This I did and in the morning started again northward, making inquiries along the way. About noon I got the first information. The Muller had been seen about five hours ahead of me, still pointing northward.

In this way I followed the fugitive for several days. The last I heard of her was off Cape Cod. She was then pointing for Portland. I now saw her object. She would make for Casco bay, in which there are several hundred is-

MAGIC BAKING POWDER
CONTAINS NO ALUM

lands, among which she would have an excellent opportunity to lose herself. There would be both advantage and disadvantage in this to me. I would have her cooped within a limited area, for she could not get out of the inlet northward, there being no harbor between Maine and the St. Lawrence river. But to find her among the islands of Casco bay would be like looking for a needle in a haystack. At the same time I might hunt her down by the same process of inquiry I had already pursued.

I made Portsmouth, where I learned that the Muller had been there. A man had come ashore to buy provisions, answering to a description of Simpson. It was evident from this that he did not suppose he was following, or he would not have taken the risk of going ashore unless disguised. This theory turned out to be wrong, as will appear later.

I looked for a week among the islands of Casco bay for the Muller without getting any trace of her whatever. Then one morning when I went up from below I saw a boat anchored in a cove that answered to her except that the latter was a lead color, while the Muller was white. It happened that we had for two days had one of those fogs that float in from the ocean in that region. This put me on to a train of thought. My father had been in the volunteer navy during the war between the states, and he had told me that ships attempting to run the blockade of the Confederate ports were painted a light gray, this being the color best adapted to concealment, especially in the gray of the morning. This, together with the resemblance in all except color between the Muller and this boat I was looking at, suggested to me that the fugitive had been repainted. During a two days' fog there had been ample opportunity to do this.

I at once ran over every point I had noted when the Muller was lying at Philadelphia, and this gray boat before me corresponded with her in every particular. I at once gave orders to steam for her. We were lying at anchor at the time, and the fires were banked. Before we could get the anchor up and sufficient steam on the gray boat got off and disappeared around a point of the island.

She had evidently been waiting for the return of a boat that had gone ashore and started without any appearance of haste as soon as it reached her. I did not believe—if she were the Muller—that she suspected we were after her. In order that she might not know that we were I avoided all appearance of haste, though I was immensely impatient. When we finally got off I purposely went around the island on the other side from the suspect. When we next saw her she was steaming along deliberately.

Looking eastward I saw a low bank

Uproots Skin Disease!

Such unusual power of penetration does Zam-Buk possess that it is capable of reaching the underlying tissues. In cases of skin trouble, this is where the greatest accumulation of germs is, and until these are destroyed a permanent cure cannot be effected. Zam-Buk destroys all germs with which it comes in contact. When the diseased part is thoroughly cleansed and purified, the herbal extracts, of which Zam-Buk is composed, grow new skin, and a complete and lasting cure is the result. Zam-Buk is a reliable cure for eczema, ringworm, bad leg, running sores, ulcers, abscesses, blood-poisoning, piles, cuts, burns, scalds, etc. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

Zam-Buk

of fog on the horizon and feared that we would be caught in it before reaching the suspect. I ordered on full steam, but the fog bank rose rapidly and we were soon enveloped in it.

That was the last glimpse we got of the gray boat for another week, when in passing a narrow inlet in the mainland I saw her at the further end partly concealed by overhanging trees. I at once ordered our course altered, and we entered the cove. I now felt easy, for she could not get out of the inlet without our intercepting her. As we sailed, on drawing closer and closer, I noticed that she was lying at anchor, but no one was on deck. No move was made to get away from us, and when we drew up within a cable's length of her we saw plainly that no one was aboard of her. I got into a small boat, was pulled alongside of her and got aboard. Every entrance to her cabin was locked. There was reason to believe that those who were cruising in her had gone ashore and had left her under lock and key to avoid losing what she contained.

On pulling toward her I had noticed the name on her stern. It was the Seminole of Jacksonville, Fla. My suspicions of her were lulled by this till I remembered that no such small craft from Florida would be likely to make its way up to Maine. Besides, the letters had been evidently fresh painted.

I felt such confidence in her being the vessel I was looking for that I sent to my tug for implements, broke open the doors to the companionway and went below. Everything indicated that the crew had gone ashore. There was no steam on—indeed, no fires in the furnaces. I searched her for evidence as to what she was or to whom she belonged, but could find not a scrap of anything to give the information. I was reluctantly forced to the conclusion that she belonged to a party who were cruising for pleasure. So I fixed up the door as well as I could and got back to my tug.

The captain, after hearing what I had to say about the matter, said that he would go aboard the Seminole and have a look for himself. I concluded to go back with him. Having obtained access to the cabin, he led the way straight to the furnace and opened the door. All was dark within the firebox. The captain scratched a match and held it inside the box. Then he took out a package. I snatched it from him, unrolled it and exposed a large package of bank bills. On being counted they turned out to be the amount I was after, lacking about \$2,500, which had evidently been paid for the boat and other expenses.

I asked the captain how he had come to suspect that the money had been hidden in the firebox, and he said that when an examination had been made of the interned German liners at Hoboken at the time the break was made between the United States and Germany he had been on hand and seen pieces of the machinery of one of the vessels taken from an unused furnace.

The rest of the story remained for some time a mystery. Then one of the Simpson's crew, who at the time did not know what he was hired for, revealed the facts. Simpson got word of the fact that we were inquiring for him and during the two days' fog repainted his boat and changed her name. Being caught in the cove, he had little time for deliberation. He resolved to make the pretense that had deceived me, trusting his plunder to the firebox rather than taking it with him. There was nothing for him to do after we found the plunder but to make off without it and save himself a term in state prison.

Fifty Wooden Ships.

Fifty wooden steamers of a uniform size of twenty-five hundred tons will be added to the ocean-going tonnage of Canada within the next twelve months. The first of them will be launched this fall and on the others good progress is reported. The ships are those which are being built for the British Government through the agency of the Imperial Munitions Board. About thirty are in yards on the Pacific coast, and the others at Atlantic or lake ports. From five to nine months is the time required for completion. Simultaneously with ships of steel construction the various ship building plants are stocked with orders to their full capacity for the coming year.

HAS MANY QUALITIES.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will cure a cough, break a cold, prevent sore throats; it will reduce the swelling from a sprain, cure the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

SUFFERED FROM BACKACHE RHEUMATISM, DROPSY.

Dear Mr. Editor—I wish to tell you of a recent experience I had when suffering from backache, weak back, rheumatism, dropsy, and congestion of the kidneys. I tried a new medicine called "Anuric," which has recently been discovered by Dr. Pierce, of whose medicines and Surgical Institution in Buffalo, N. Y., you have no doubt heard for years. This medicine acted upon me in a wonderful manner. I never have taken any medicine so helpful in such quick time. I do wish anyone in need of such a remedy would give it a trial. (Signed) G. H. HERR.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL and SURGICAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery" which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.

We used to say:
"The Maxwell's real greatness is on the inside—the mechanical parts you can't see."
But the wonderful new 1918 Maxwell has just been delivered to us.
Now we've changed our tune.
Today we say:
"The Maxwell is great inside and out—great in EVERY POSSIBLE way."
Always the most efficient—most economical light car built, the Maxwell now has:
A 6-inch longer wheel base, making it larger and roomier.
Heavier and more rigid frames—6 inches, instead of 3 inches deep—and yet is 50 pounds lighter.
Compensating underslung rear springs—the last word in spring suspension at any price.
A sloped windshield—style of body equal to the highest priced cars.
Friends, the 1918 Maxwell is the best looking, best built car for the money we ever saw!

Touring Car \$1045
Roadster \$1045; Coupe \$1540; Berlin \$1540;
Sedan \$1540. All prices f. o. b. Windsor

CONTROLS PULP SITUATION.
Canada Stands as Dictator in Important Industry.

Canada is declared to be the dictator in the pulp situation. Reports from all quarters indicate a big boom in the industry. As it is freely claimed that the world's supply depends almost entirely on the Canadian output, the statement of the Forestry Branch at Ottawa will be of interest. The total consumption of Canadian pulpwood, in cords, is as follows:

Year.	Cords.	Total value.
1908	482,777	\$ 2,931,653
1909	622,129	3,464,080
1910	598,487	3,585,154
1911	672,288	4,238,024
1912	866,042	5,215,582
1913	1,109,034	7,243,368
1914	1,224,376	8,089,868
1915	1,405,886	9,426,217
1916	1,764,912	13,104,458

Of the five Provinces engaged in this industry, three greatly increased their production, and two fell behind last year. Those which increased in production were Quebec, Ontario, and British Columbia, and those which showed decreases were New Brunswick and Nova Scotia. This change brings British Columbia back into third place, which it occupied in 1914.

As in the past, spruce heads the list of the different kinds of wood used with 68.2 per cent. of the total, followed by balsam fir with 24.5 per cent.

The Canadian pulp mills in 1916 consumed for the manufacture of pulp in Canada 1,764,912 cords, valued at \$13,104,458, while 1,068,207 cords, valued at \$6,866,669, were exported, making a total production of 2,833,119 cords, valued at \$19,971,127. This represents an increase of 25.5 per cent. in pulpwood production and 8.1 per cent. in total value as compared with 1915. This great increase is due to the tremendous demand for pulp and paper caused by the war conditions of the preceding two years. The average value of pulpwood at the mill increased 71 cents per cord over that of 1915. All the Provinces show increases in the value of pulpwood except Ontario and British Columbia.

Approximately 1,296,084 tons of air-dry pulp were made in Canada in 1916. This is on the basis that one cord of wood produces one ton of ground-wood pulp or one-half ton of chemical fibre. This is a total increase of 20.6 per cent. over 1915. The increases shown by the different processes were: ground-wood pulp, 11.2 per cent.; sulphite process, 54.6 per cent.; sulphate process, 9.3 per cent.; and soda process, 12.1 per cent. Spruce and balsam fir are used in all provinces and in all processes. Hemlock and poplar are not reported from New Brunswick and Nova Scotia. Jack pine was used only in Ontario and Quebec, and most of it was used in the sulphate process.

In regard to the process by which the wood is converted into pulp, it is noted that while the mechanical, or ground-wood, process was the single process most largely used, the three chemical processes, for the first time in Canada, together consumed more wood than the mechanical, the totals being: chemical processes 937,654 cords and mechanical process 827,258 cords. While a slight increase was made by the soda process and a considerable increase by the sulphite process, the notable change during the year was the increase made by the sulphite process from 470,949 cords in 1915 to 727,045 cords in 1916. An increased quantity of wood was converted into pulp by each of the four processes.

The exports of wood-pulp from Canada show alternate increases and decreases practically every year from 1909 to 1916. The total export in 1915 decreased 14.3 per cent., while in 1916 it showed the remarkable increase of 53.4 per cent. The exports to the United States show a gain of 148,263 tons. Exports to Great Britain increased from 18,488 tons to 51,072 tons, and to France from 18,335 tons to 31,821 tons. There was not much change in the business to other countries except that Spain, which was not an importer of Canadian pulp in 1915, took 1,737 tons in 1916.

Heavy Ulsters and Raglans--\$12 to \$24

MEN'S TWEED WATERPROOFS

Canadian and American patterns.
Special values at... \$10.00 and \$12.00

A. BROWN & Co.

"THE STORE THAT SATISFIES"

Can You Feed More Live Stock?

If so, you will be interested in conditions under which freight charges will be paid for you on car lots.

THE Ontario Department of Agriculture is anxious that the splendid crops harvested this Fall should be used to best advantage. In many cases this can be done by feeding a few more head of cattle or sheep for breeding purposes. The Department, therefore, calls attention to the announcement of the Federal Minister of Agriculture offering to pay freight shipments on car lots from Eastern Stock Yards to country points.

PLEASE NOTE THESE FACTS

Individually or in co-operation with your neighbors you can purchase a carload of heifers or ewes or both combined and have them shipped from any Eastern Stock Yard to your station without any cost for freight charges. You will be required to make a declaration that the stock is for breeding purposes only.

Feeding at the Toronto Stock Yards available at Reduced Rates and expert assistance is at disposal of farmers.

"Every effort should be made to bring the surplus stock of some sections to the surplus feed of others. All indications point to a steady demand for the meat supplies of this country for some time to come."
—Sir William Hearst, Ontario Minister of Agriculture.

The District Representative will assist you in organizing a co-operative car for your district if desired, or in giving any other information.

W. P. MACDONALD,
District Representative for
Lambton County.

19-2

EAST LAMBTON TEACHERS' INSTITUTE

The East Lambton Teachers' Institute met in the lecture room of the Methodist church Thursday morning, Oct. 11, Rev. Dr. Knowles conducting the opening exercises.

Mr. N. McDougall, B. A., addressed the teachers, outlining the changes in departmental regulations regarding teachers' institutes. Teachers were asked to improve the school grounds, school rooms, especially being careful as regards the ventilation. There has been a marked improvement as regards the work done during the past three years.

Miss E. Trott and Mr. R. J. Campbell, delegates to O. E. A., presented their reports of the proceedings of the Ontario Association.

The Thursday afternoon meeting was opened with Devotional Exercises conducted by Rev. Mr. Yule.

Mr. A. W. Kelly, president of the

Association, delivered the president's address. He pointed out the improvement in the Association from year to year. He asked that the new teachers receive a cordial welcome and a helping hand from the older teachers in the Inspectorate. Teachers should set a high standard and make all endeavour possible to reach it. Carefulness in work was to be attained only by constant oversight.

Mr. H. G. Martyn, B. A., of Stratford Normal School, taught a splendid lesson in phrases and clauses to a class of Jr. IV class pupils. The two were compared and likes and differences fully brought out. Splendid examples were on the blackboard and the questions followed in a logical order and were to the point. The members of the Association were intensely interested in the line followed.

The summer course in Agriculture at Guelph was fully dealt with by Miss Hammett and Miss Lucas. The benefits to be derived by a month's training here were fully brought out. Many inquiries as to the course were answered showing

that next year a large number of teachers intend taking the course.

The Friday morning session was opened by Rev. Mr. McCrae, of the Presbyterian Church.

The report of the Nominating Committee was received and adopted:

Hon. President—N. McDougall, B. A., Petrolia.

Hon. Vice Pres.—Mr. A. B. Steer, B. A., Watford; Mr. P. McKichan, B. A., Petrolia.

President—W. H. Shrapnell, Watford.

Vice-Pres.—Miss Augustine, Arkona.

Sec.-Treas., Librarian—R. J. Campbell, Petrolia.

Auditors—Miss Mary McDonald, Miss Mary McCormick, Petrolia.

Exec. Com.—Mr. Marwick, Oil Springs; Mr. Henderson, Petrolia; Miss Janet Leach, Petrolia; Miss Annie Ross, Watford.

Review Com., 3rd—

Arith.—R. Henderson, Petrolia.

Geo.—Miss Park, Alvinston.

Comp.—Miss Gleeson, Petrolia.

Lit.—W. H. Shrapnell, Watford.

History—Miss Janet Leach, Petrolia.

2nd A—

Arith.—R. J. Campbell, Petrolia.

Geo.—Miss Hammett, Florence.

Comp.—Miss Josephine Hoban, Oil Springs.

Delegates W. O. E. A.—A. W. Kelly, Watford; Miss Park, Alvinston.

Com. of Physical Training—N. McDougall, B. A., Petrolia; J. J. Matthews, Petrolia; Miss Stinson, Oil Springs; Miss E. Trott, Oil City; Miss G. Gorman, Oil City.

Mr. Martyn, B. A., then took up the subject of the teacher's relation to the playlife of children. He showed the growth of play and its effect on the children from the time of the Athenians down to the present. The different reasons why children are said to play were outlined and the different periods of childhood with reference to play were emphasized with their characteristics. The teacher's share in supervising the play period was fully considered. This address was practical and no doubt will result in an improved play-ground spirit in the school.

W. H. Shrapnell, of Watford, took up the examination paper for the entrance examination of 1917 showing what should be done by the pupil to secure the marks given for each question. The teachers showed by their questions that they fully realized the importance of the subject.

The promotion examination reports of the last examination were taken up by Inspector McDougall.

The afternoon proceedings were opened by Canon Hill.

The Teachers' Reading Course was outlined. Inspector McDougall will make a list of books suitable for this course and each teacher will read two books taken from this list.

Busywork devices were dealt with by Miss Fuller, Arkona, and Miss Slatyer, of Dawn. Many things new to the teachers were pointed out which will be valuable aids in the work of increasing

the teachers efficiency. Numerous examples were brought for the teachers to examine.

W. R. Stephenson, principal of the Petrolia Business College, took up business forms outlining a method of taking them up and impressing on the teachers the mistakes pupils were likely to make. Examples of the forms were written on the blackboard and teachers recommended not only to do this but also secure printed forms for their pupils.

The session was closed with the hearty singing of God Save the King and one of the best meetings of the Institute was over.

THE FALL WEATHER

HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

University Fellowship Awarded An Old Watford Boy

The government, on the recommendations of the Honorary Council of Scientific and Industrial Research in Canada, has established twenty scholarships, and for more advanced students five fellowships, to be awarded to young men who have already completed their scientific training at the University. The holders of these fellowships will then follow a course of study which will give them special training in the methods of modern scientific research. Among the five awards lately made, a fellowship in the University of Toronto has been awarded to Mr. A. D. Hone, M.A., son of the late Wm. Hone of Petrolia, and nephew of A. D. Hone, of Watford. Mr. Hone received his primary education in Watford when the family resided here and is a graduate of Toronto University. Congratulations.

Lambton Bowling League

Sarnia, Wyoming and Florence headed the list in the Lambton County Bowling League. There were no games defaulted. Following is the score:

	Games—won	lost
Sarnia.....	10	2
Wyoming.....	9	3
Florence.....	8	4
Petrolia.....	5	7
Oil Springs.....	5	7
Forest.....	3	9
Watford.....	2	10

Sarnia club wins \$20, Wyoming club \$10 and Florence club \$5. The amounts will be handed to the Red Cross Societies of the respective places.

The house of Andrew Ross, 6th con., Bosanquet, was totally destroyed by fire, together with the contents of the upstairs, on Saturday afternoon. The neighbors saved the contents of the lower storey. The loss will be heavy on Mr. Ross as he carried no insurance.

Publicity Soon Brings Support

Ottawa, October 22.—Legislators are following with unusual attention the work of the Military Service Council, a non-partisan body, in explaining to the Canadian people the provisions and operation of the Military Service Act. This is the first time in Canadian history that such a method of placing a law in operation has been adopted, with every newspaper and magazine in the country carrying the message to the citizens.

The advantage of publicity is now apparent to all, since with the dissemination of the facts regarding the Military Service Act public appreciation of its fairness and justice has grown by leaps and bounds in every section of Canada.
