Quality Log Run. Mill culls ont. Cut 1900. For particulars apply to MASON, GORDON & Co., 589 Temple Building, Montreal, or Mason Mills, Ottawa.

### Virgin Timber Berths

BY AUCTION

TOWNSHIP OF "ERMATINGER"

(North Shore of Lake Huron)

The Timber Licenses for the above Township will be offered for sale by Public Auction, on

Thursday, April 18th, 1901, at 2 p.m.

At the Board of Trade Rooms, Toronto,

subject to the terms and conditions which will be announced at the time of sale.

**Lot 1.—The South-East Quarter**  
of the Township, 9 square miles, more or less.

**Lot 2.—The South-West Quarter**  
of the Township, 9 square miles, more or less.

**Lot 3.—The North-West Quarter**  
of the Township, 9 square miles, more or less.

**Lot 4.—The North-East Quarter**  
of the Township, 9 square miles, more or less.

The Township of Ermatinger is one of the best berths in the province and can be cheaply lumbered. It has been recently examined for the owners by James Barclay, Cheboygan, and the estimates will be furnished to lumbermen who wish to examine the berths.

Terms of payment.—One fourth in cash at the time of sale, and the balance in one, two and five years with interest at 6 per cent. per annum, payable annually.

For further particulars and maps, apply to E. R. C. Clarkson, Ontario Bank Chambers, or to

PETER RYAN,  
Toronto.

#### FOR SALE.

**WATER POWER SAW MILL, CAPACITY 20**  
to 25 M per day, together with Horses, Wagons, Sleighs, Cart, Harness and whole outfit, fully equipped, with or without stock of logs; would give purchaser contract to cut logs. Price very reasonable. Address Box 255, CANADA LUMBERMAN.

#### CURRENT TRADE CONDITIONS.

ONTARIO.

Lumber manufacturers and dealers are apparently satisfied with the volume of business they are doing; it is quite up to the average for this season of the year, with indications of much more activity in a week or two as a result of the commencement of spring building operations. The quantity of lumber required for building purposes is expected to be greater than last year, and with an average consumption by manufacturing industries, a good season's trade at satisfactory prices is looked for. In Ottawa the buildings commenced and under contemplation are chiefly of the cheaper class, calling for the lower grades of lumber. As a result of a by-law passed in Ottawa some time ago preventing the use of wooden shingles on houses, the local demand for shingles is extremely quiet, but a good enquiry is reported from outside points. In the Georgian Bay district sales of pine mill culls are being made at \$10.50 and \$11 at the mill. Michigan dealers are looking to Georgian Bay points to supply a considerable quantity of the stock required for the coming season.

There is some irregularity in hardwood prices, and the market is not as firm as might be wished for. In Toronto some dealers are asking \$24 for first and second black ash, 1 and 1 1/2 inch, which others are quoting at \$22. Mill run is selling at \$18, with \$20 asked in exceptional cases. There is practically no basswood offering in firsts and seconds, but from \$20 to \$22 could be realized for good stock. Mill run basswood is selling at \$17.

#### QUEBEC AND NEW BRUNSWICK.

Influenced by favorable reports from the Eastern States, the spruce lumber market is showing more strength. Manufacturers are looking forward to an active demand from the United States and to a considerable consumption of lumber for local purposes, particularly of the cheaper grades. While the price of clapboards is nominally unchanged, the supply is so small that if there should arise even a moderate demand, it would be reflected in higher prices. The supply of New Brunswick cedar shingles is likewise small. Sellers are asking \$3 for extras, \$2.65 for clears, and \$2.20 for sec-

ond clears, Boston rate of freight, although sales are being made by small manufacturers about five cents less.

#### UNITED STATES.

A most satisfactory volume of business for the past week is reported from the white pine producing points. In the Ashland and Duluth districts the buying by wholesale dealers has been quite active, and most of the stock is now held \$1 to \$1.50 higher than last fall. Sales of No. 3 boards are being made at \$12.75, and some manufacturers are holding out for \$13 for the coming season's cut of that grade. This is about \$1 in advance of the price at which this grade was sold last summer, and shows the steady appreciation in the value of pine lumber. The feeling in the Lake Superior district is that the spring will bring forth a sharp demand for lumber, and that the year will be one of general prosperity for the lumber trade. Indications are that the cut of logs for the mills of Duluth-Superior will be not more than 390,000,000 feet, as compared with 425,000,000 feet last winter. Buyers in the east are apparently convinced that there will be no break in prices, and are therefore placing contracts for their supply of lumber. In the Chicago market there is a scarcity of No. 1 and No. 2 12-inch boards, and piece stuff is none too plentiful. Both white and Norway pine piece stuff is selling at \$14.50 to \$15 for short lengths f.o.b. cars Chicago. Tonawanda trade is more settled, with less cutting of prices on the coarser grades. Good lumber seems to be most wanted in the east, although some demand has developed for box lumber.

There is no perceptible improvement in the call for hardwoods. The better grades are selling more freely than cheap lumber, but the large consumers are apparently keeping out of the market as long as possible. Maple is showing more strength, while birch and elm are weak. Basswood still leads both in point of demand and scarcity of supply.

#### GREAT BRITAIN.

The British timber market continues to be somewhat unsettled. Swedish shippers are firm in their prices for deals, but the White Sea exporters are said to be offering to accept a reduction of ten shillings per standard from late asking prices. This has led importers to look for a general decline in prices, and consequently buying is at a standstill. So far as Canadian deals are concerned, however, the market seems to be steady, al-

though the reports are rather contradictory. From one source of information it is learned that pine and spruce deals have been sold heavily at high prices, while another report states that contracting in pine goods for the coming season has been on an unusually restricted scale. The most reliable advice is to the effect that the quantity of pine and spruce placed with importers is slightly less than last season. Concerning spruce deals at Liverpool, a correspondent says: "The stock in this market is heavy, and the large shipments that have been coming forward have upset the calculation of a good many with regard to this class of timber. It would be an advantage to the trade generally if the import could be restricted, as sales are being made at low prices, and a weakening effect is the result."

**STOCKS AND PRICES.**

J. E. Moore & Company have completed sawing operations at Bonny River, N.B., having cut 1,200,000 feet of lumber.

Gibson Bros., of Wroxeter, Ont., are cutting a large quantity of maple rollers and 1 1/2 inch square chair leg stock.

The W. & A. McArthur Company have put in 30,000,000 feet of logs during the past winter, and expect to operate their mill at Little Current, Ont., day and night this season.

Two tenders were received last week for the supply of lumber for the Board of Works, Hamilton. Brennan & Company tendered at 17.51 per thousand, and W. J. McAllister at 17.15, the latter being accepted.

At Cleveland there is a scarcity of lath. No. 1 white pine is selling at \$4, No. 2 white pine at \$3.50, and hemlock at \$3. The demand from country yards is fully one-third greater than at the same time last year.

The sale of the timber on Grand Island, in Haliburton county, is reported. Seven hundred acres are included in the deal, by which the Standard Chemical Company, of Fenelon Falls, get the maple, birch and beech, the Rathbun Company the cedar, pine, hemlock, and T. H. DeCew & Sons, Fenelon Falls, the elm, ash and basswood.

Fears are expressed for the British barque Elizabeth Nicholson, which sailed from New Westminster on November 26th last for Shanghai with 638,652 feet of lumber valued at \$6,678.

The Georgian Bay Lumber Company, of Waubaushene, Ont., have closed a successful season's logging in the Blind River district. They have taken out upwards of 100,000 pieces, which will yield in the neighborhood of 11,000,000 feet.

The steamer Dundee last week completed loading 1,713,000 feet of lumber at Chemainus, B.C., for a foreign port. The German Barque Antuco is now loading lumber at Hastings mill, Vancouver, and the ship Anna is under charter to load at same point.

The Calhoun Lumber Company expect to cut during the coming season about 5,000,000 feet of spruce at their mills at Gaspé Basin, Que., about the same quantity at Calhoun, N.B., and about 3,000,000 feet at Albert, N.B. Practically all the stock will be for the British market.

A quantity of spruce deals, ex Grecian from Halifax, N.S., was sold by auction at Liverpool last week by Alfred Dobell & Company. The deals were 9 feet and up, and brought the following prices: 4 x 7, £7 5s per standard; 4 x 5, £7; 3 x 12 and up, £7 17s 6d; 3 x 10 and 11, £9; 3 x 9, £7 7s 6d; 3 x 8, £7 2s 6d; 3 x 7, £6 15s; 2 1/2 x 7, £6 7s 6d; 3 and 2 1/2 x 6, £6 15s; deal ends at £6.

A correspondent at Fort Frances, Ont., writes that Seaman & Company are finishing up their cut in the woods near that place. The cut of their different contractors will be about as follows: Tierney & Fraser, two camps, 5,000,000 feet logs, 25,000 ties, and a considerable quantity of piling 45 to 80 feet long; Bartley & Mosher, two camps, 300,000 feet logs, balance tamarac piling, 20 to 80 feet long; G. Franson, one camp, 200,000 feet logs and considerable piling. Seaman & Co. have moved one of their mills from Lake Shebandowan to Little Turtle Lake, and are taking 250,000 feet of lumber of last season's cut from their mill at Gash Point to stock their new lumber yard at Fort Frances, to supply the local trade. At Gash Point they have a stock of about 1,750,000 feet of lumber and timber.

The Shuswap Milling Company's saw mill at Kamloops, B. C., was destroyed by fire recently, at a loss of \$30,000.

**WINNIPEG LUMBER PRICES.**

Following is the new retail price list for Winnipeg which went into effect March 1st, 1901:

**DIMENSION NO. 1 PINE.**

2x4 to 2x12, 6 and 8 ft., \$16; 2x4, 10 ft., \$22.50; 2x6, 10 ft., \$19.50; 2x8 to 2x12, 10 ft., \$19.50; 2x4 to 2x12, 12, 14 and 16 ft., \$19.50; 18 ft., \$21; 20 ft., \$22.50; 22 ft., \$23.50; 24 ft., \$25; 26 ft., \$26; 28 ft., \$27.50; 30 ft., \$28.50; cull plank, all widths, \$14.
