The copy filmed here has been reproduced thanks to the generosity of:

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \longrightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Archives of Ontario
Toronto

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \longrightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFACE.

The By-laws of the City of Toronto were first consolidated in the year 1870, under the supervision of Samuel Bickerton Harman, Esq., the Mayor for that year, who devoted much time and ability to the preparation of the work.

A second consolidation was made in 1876, under the superintendence of C. R. W. Biggar, Esq., then one of the City Solicitors, and in 1887 it was once more found necessary to consolidate and revise the civic legislation, to carry out which purpose, a special committee was appointed by the Council, of which Mr. Alderman William Roaf was Chairman. In their final report, the Committee stated, that they had left untouched all By-laws under which there was any outstanding debt or obligation due by the City, or which were of a temporary character or merely affected private rights, and had directed their attention to the preparation of new By-laws on those matters only which affected the general public. They presented to the Council By-laws Nos. 2434 to 2466 and Nos. 2468 to 2481 inclusive, as a consolidation of the law on the subjects therein referred to, and in which they included such amendments as in their judgment, the requirements of the City demanded. These By-laws were passed by the Council, and are contained in the present volume.

(1) By the Municipal Acts of 1866 (29 & 30 Vic., chaps. 51 and 52), the election of the Mayor, in Cities, was again vested in the Corporation, the office of Councilman was abolished, and the number of Aldermen was increased to three for each Ward, to hold office for three years—one retiring annually by rotation. To bring the provisions of the Act into operation, the Act provided that after the first election, it should be determined by ballot, under the direction of the Clerk, which of the members should retire in the first, second, and third years respectively, which ballot being taken, entitled the members to hold office, the first named for three years, the second for two, and the last for one year.
