CANADA LUMBERMAN

WEEKLY EDITION

The Lumberman Monthly Edition, 24 pages } \$1.00 PER YEAR { The Lumberman Weekly Edition, every Wednesday

THIS PAPER REACHES REGULARLY THE PRINCIPAL LUMBER MANUFACTURERS AND DEALERS THROUGHOUT CANADA, AND WHOLESALE BUYERS IN GREAT BRITAIN, THE UNITED STATES, AND OTHER FOREIGN MARKETS.

Vol. VIII.

TORONTO, ONT., JULY 2, 1902

No 22

CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co.'s
of Toronto, Limited

Confederation Life Building - TORONTO

Branch Office:

IMPERIAL BUILDING, MONTREAL.

Weekly Lumberman, published every Wednesday. Contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 24 page journal, discussing fully and impartially subjects pertinent to the timber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. Its special articles on technical and mechanical subjects are especially valuable to saw mill and planing mill men and manufacturers of lumber products.

LUMBERMAN'S

VEST-POCKET

INSPECTION BOOK

Containing Rules for the Inspection and Measuring of Pine and Hardwood Lumber in two leading markets of Canada and the United States. Embracing also many useful tables and calculations of everyday service to lumbermen.

Prepared by the Editor of the
"Canada Lumberman."

Toronto, Canada
C. H. MORTIMER, Publisher
1895

THE above is a fac simile of the title page of the latest and most complete Lumber and Inspection Book published.

We shall be pleased to send you a copy on receipt of six 2 cent Canadian postage stamps

THE CANADA LUMBERMAN,
Toronto, Canada.

WANTED AND FOR SALE

Advertisements will be inserted in this department at the rate of 15 cents per line each insertion. When four or more consecutive insertions are ordered a discount of 25 per cent. will be allowed. This notice shows the width of the line and is set in Nonpareil type; 12 lines make one inch. Advertisements must be received not later than 3 o'clock p. m. on Tuesday to insure insertion in the current week's issue.

WANTED—A RAFT OF PINE LOGS ON Georgian Bay, apply at once to Box 20, CANADA LUMBERMAN

WANTED FOR A MILL IN BRITISH COL. umbia. 1 man to joint and one man to peck shingles. Apply to G. O. BUCHANAN, Kaslo, B. C.

DRY PINE.

WE HAVE ABOUT 1,500,000 FEET DRY PINE in 1, 2 and 3 inch common and better, prefer selling in bulk. Will quote freight rate to Buffalo, Chicago or Toronto on application. Correspondence solicited. N. B.—Would like to correspond with consumers of hardwoods. ST. JOHNS LUMBER CO., Sault Ste Marie, Ont.

SPECIAL TO LUMBERMEN.

WITH A THOROUGHLY EQUIPPED PLANING MILL at Orillia, we solicit orders for re sawing and planing of lumber, in any quantity; can match 26 inches wide; all work guaranteed first class; prices on application. Address, NATIONAL BOX CO., Orillia, Ont.

Wanted -- Cedar Shingles

16 INCH AND 18 INCH, ALL GRADES, good quality, White Cedar. Would purchase mill output. Give quantities both on hand and to be manufactured. J. G. STRAIT & SON, Wolcott, New York.

CHAIR STOCK WANTED.

A BRITISH FIRM IS PREPARED TO BUY for cash the output of a mill turning out shaped birch chair stock. The firm will take up to two or three million feet, partly in turned stuff and partly in hand-sawn stock. The stock would be for shipment to London principally and would have to be accessible to the summer and winter fairs. A representative of the firm will shortly visit Canada, and in the meantime correspondence should be addressed to "H. G.," care CANADA LUMBERMAN.

TO SPRUCE MANUFACTURERS

WANTED, FOR PERIODICAL SHIPMENT, lots of about 20 St. Petersburg Standard, seconds white spruce boards, 12ft. long and over; one inch x 7" to 11", planed both sides and edges or both sides only. Quotations f.o.b. with particulars of shipping facilities to C. J. Jones, Post Office Contractor, Church Street, Islington, London, England.

TELEPHONE POLES FOR SALE

THE UNDERSIGNED HAVE IN STOCK, and ready for shipment, 2,000 Cedar Telephone Poles, all lengths, 25 to 60 feet. Prices quoted by mail or wire for car lots f. o. b. cars this station or delivered at points required. GEORGE & MCGREGOR, Killaloe Station, Ont.

FOR SALE.

THE ENTIRE CUT OF 100 OF SEVERAL mills on the Ottawa Valley of all number one white pine mill culls, strips and sidings, 1" to 3" thick, and also other grades. Shipments by water or rail. Write for particulars and quotations to A. F. BURY AUSTIN, Wholesale Lumber & Timber, Room 507 Merchants Bank Bldg., Montreal. Also spruce lumber of all grades.

FOR SALE

ONE STEAM POWER PLANING FAC- TORY will sell cheap for cash. For further particulars apply to MITCHELL & McRAE, Powassan, Ont.

HARDWOOD WANTED.

BASSWOOD, 1, 2 AND 3 INCH SOFT Maple, 2, 3 and 4 inch Soft Elm, 3 inch all large 12 feet long. State lowest price f.o.b. cars. Address J. W. COLLISS, Queen's Wharf, Toronto.

STANDING TIMBER FOR SALE.

600 ACRES OF CHESTNUT WHITE- WOOD Hard and Soft Maple, Red and White Oak, Black and White Ash, Basswood, Soft Elm, Beech; a little Hickory, Butternut and Cherry; two railroads running through property; 10M per day mill, 40x100 ft. planer and matcher, shingle machine and other machinery; large dwelling house and house for men, barn and sheds; large bearing orchard; plenty of water; splendid market for wood; best lot of hardwood in this western Ontario; good investment for enterprising man. Bismark Station, M. C. P., West Lorne, P. O. I. C. SCHLEHAUP.

FOR SALE

INTERNATIONAL CO. MILLS,

Newport, Vt.

Just across the line, on Lake Memphremagog; Junction C. P. R. and N. & M.

Entire plant, consisting of saw mill, 36x66, 2 stories, dressing and box mill, 50x150, brick boiler house, office and other buildings; complete equipment of machinery, six 30 horse power boilers and two 200 horse power engines, all in good running order.

The best location and best plant in Vermont for handling Canadian Lumber.

Cost \$104,000 in 1893

Price \$35,000.

Inquire of

RICKABY & CO.,
St. Johnsbury, Vt.

CURRENT TRADE CONDITIONS.

ONTARIO.

July and August are usually quiet months in the lumber business. Consumers have by that time supplied their nearby requirements, and dealers are content to relax their efforts to sell lumber and prepare for fall trade. Consequently it is often a period of temporary weakness in prices. It remains to be seen what the coming two months will bring forth. If prices are to recede, there should be some indications at the present time of such a movement. But, on the contrary, every thing points towards higher prices. Our Toronto price list this week shows an advance of about one dollar on common, mill run and flooring. This is owing to

the fact that no old stock is now coming in and the value of the new cut has been advanced by the heavy buying that has taken place.

The condition of the crops in Ontario is good and should do much towards maintaining the degree of general prosperity now prevailing, in which case lumber will continue to be in active demand.

Hardwood lumber is showing exceptional strength. The light production this season is apparently recognized by buyers, who are in almost every case meeting the manufacturer's price. Basswood is a very scarce article and any manufacturer having a quantity which he desires to market should make the fact known. Dealers are meeting great difficulty in finding a supply to fill orders. In Toronto 1 1/2 and 2 inch basswood has sold as high as \$26 per thousand. White ash is also wanted at higher prices, and elm is in good enquiry.

QUEBEC AND NEW BRUNSWICK.

The spruce lumber market is gradually strengthening. Clapboards have been bought up as fast as manufactured, and if the demand continues there will be very little stock available for the late fall and winter trade and a further appreciation in price may take place. Manufacturers report numerous inquiries for British deals, which bring about \$14 per thousand along-side vessel for a cargo of about 50 per cent. 7 and 8-inch, 15 per cent. 11-inch, and balance 9-inch x 3-inch. South American lumber is worth \$14.50 per thousand with 15 per cent. 12 inch and 50 per cent. 6-inch. Some sales of deals for shipment to France have been made recently. Nova Scotia spruce scantlings and boards are finding a ready market at \$8 to \$9. It is estimated that the production in Nova Scotia is sold up to September, and as the mills usually cease operations about October 1st, there will be very little stock to be carried over the winter by manufacturers. The tendency of prices is higher, owing to the greater cost of production, but it is probable that they will remain at about the present level, as a further advance of any account might curtail the demand. Spruce prices are now higher than pitch pine at points of production. Cedar shingle prices have not weakened in the least. Extras are being being sold at \$3.50 to \$3.60, clears at \$3 to \$3.10, and second clears and saps at \$2.40 to \$2.50, Boston delivery.

MANITOBA AND BRITISH COLUMBIA.

The outlook for crops in the North-West could scarcely be better. The wet weather of a fortnight ago has given place to favorable harvesting weather, and busi-

ness generally has improved in response to better conditions. There is much building in progress and lumber is going into consumption actively. Several advances in prices have been made. Under the new white pine list, first common pine boards are quoted at \$25 for 12-inch and \$24 for 8 and 10-inch, while the corresponding prices for second grade are \$20 and \$19. There has also been an advance of \$1 per thousand in the wholesale price of British Columbia fir lumber, and of \$2 per thousand in the price of cedar. The higher price of British Columbia cedar shingles which went into effect two months ago have been maintained without difficulty. The movement is quite brisk and the mills are behind with orders.

UNITED STATES.

Farmers are now busily engaged with their crops, and for that reason are not purchasing lumber in any quantity. The consumption for building purposes in the cities is as heavy as ever, the record of building operations for May showing a substantial gain over the corresponding month of the previous year. The movement of lumber, taken as a whole, is entirely satisfactory. The eastern requirement is large, and notwithstanding the labor troubles in the anthracite mining district, a considerable quantity of lumber is finding a market there. A report just received from Pittsburg states that the outlook is for an early advance in the price of lath. Stock is more plentiful in eastern wholesale centres than it has been for months, but there is still a scarcity of some grades owing to the fact that dealers have not yet been able to get their lumber shipped from the mills. At Buffalo and Tonawanda slight advances have been made on some of the better grades within the past week. No. 1 and No. 2 barn in 12-inch has been advanced 50 cents. In Chicago dealers are experiencing greater competition than earlier in the year, in consequence of which prices have been shaded in one or two instances. A cargo of common inch pine, practically No. 2, but with 10 per cent. of No. 1 and 15 per cent. of No. 3, was sold last week from \$17.50 to \$18. Piece stuff is reasonably firm at \$15.50 for short and \$17.50 for long. Spruce lumber is strong with the exception of small tradoms, the demand for which has been curtailed by the recent strikes in the New England States, which have interfered with the class of building in which they are used.

GREAT BRITAIN.

The lumber market of Great Britain remains steady. The volume of business is not unusually large, but it is encouraging to learn that Canadian spruce and pine lumber has held stronger than almost any other class. Cargoes of spruce have been sold at £7 10s to £7 12s 6d c. i. f. Liverpool for New Brunswick stock. The former price is for inferior specifications and the latter for the usual proportion of 10 per cent. 3 x 11. At recent auction sales high prices were obtained for spruce, third quality bringing £9 10s and fourth quality £9. What effect the postponement of the Coronation celebration will have upon the lumber market is yet unknown, but it has involved considerable loss to persons who had invested heavily in undertakings of various kinds.

Accurate figures have been compiled showing the reduction in the log production in Sweden last winter. The total number of logs taken out by one hundred

of the leading firms was 18,930,430, as compared with 31,735,503 in the previous winter. This is a reduction of about 40 per cent., which, taken in conjunction with the lessened quantity of lumber for export from Canada to Great Britain, should cause an all round advance in prices. The fact that freight rates are so low is an indication that there is no great quantity of lumber awaiting shipment. A steamer has been chartered at 30s from St. John, N. B., to Liverpool, which is about the lowest rate on record.

STOCKS AND PRICES

Extra cedar shingles are selling at \$2.80 delivered to Chicago.

Owing to the water rising at St. Francis, N. B., a number of cedar logs were carried away.

The Newville Lumber Company, of Parrsboro, N. S., shipped 171,381 feet of scantling to Vineyard Haven last week by the steamer St. Bernard.

The steamer Mechanician sailed from St. John, N. B., last week for Liverpool with 1,500 standards of deals and a quantity of box shooks and pulp.

All the logs cut on the St. John river and its tributaries are now believed to be in safe quarters except 3,000,000 feet for Stetson, Cutler and Company.

It is reported that the Cook-Lummi Company have sold their cut, estimated at over 25,000,000 feet, to Mershon, Schuette, Parker & Company, of Saginaw.

The steamer Inishowen Head sailed from Montreal last Saturday for Davenport and Plymouth, England, with a cargo of timber and deals for the Imperial Government.

Eddy Bros. & Company, of Blind River, Ont., are reported to have sold the Norway lumber in their stock to Walworth & Neville, of Bay City. It is estimated at 4,000,000 feet.

The Tobique Manufacturing Company, of Plaster Rock, N. B., have shipped in the past two weeks fifty cars of lumber. Their cut this season will be about 5,000,000 of spruce and 25,000,000 shingles.

McArthur Bros. & Company, of Little Current, Ont., are operating their mill day and night, cutting their own stock and about 2,000,000 feet for the Edward Hines Lumber Company, of Chicago. The mill will cut about 30,000,000 feet this season.

L. H. Swan & Company, of North Tonawanda, have bought the balance of the stock, 750,000 feet of white pine, which was purchased by Montgomery Bros., of Buffalo, from the Clark-Swan-Jackson Company. Swan & Company have also bought the remainder of Shepherd & Morse's stock of white pine, nearly 1,000,000 feet.

N. N. Wright & Company have been cutting 5,000,000 feet of logs at Cutler, Ont., for Frank Perry, the stock being sold to E. B. Foss & Company, of Bay City. About 5,000,000 feet will be cut for Pitts & Company, which has been purchased by Prescott & Company, of Cleveland. The Spanish River Lumber Company's mill will cut 16,000,000 feet for Foss & Company, of Bay City.

DOORS AND MOULDINGS.

A large buyer of Canadian white pine doors and mouldings is open to contract with a mill for their entire output of No. 3 and 4 qualities of doors and all their mouldings during 1902. Write in first instance to "Empire," CANADA LUMBERMAN.

PRICE OF B. C. SHINGLES.

VANCOUVER, B. C., June 23, 1902.

Editor CANADA LUMBERMAN:

DEAR SIR,—I notice in your weekly issue of June 4th, that a correspondent who signs himself as "One Interested" takes objection to my letter in your monthly edition of June in relation to the price of B. C. shingles in Ontario. Your correspondent is quite correct in stating that the prices were advanced 15 cents a thousand about April 1st. Now, while this statement is quite right in this respect, at the same time it is a fact, which I have no doubt all the manufacturers in B. C. very much regret, that practically all the shingles which have been sold so far in Ontario this year have gone on the market at last year's prices, and I have very grave doubts if more than a few car loads have been sold at the advanced price. The simple reason of this is that about all the mills had contracted their shingles before the advance at the old price. This is, of course, unfortunate for the manufacturers, but it is nevertheless true.

Yours truly,
S. H.

THE OTTAWA VALLEY.

(Correspondence of the CANADA LUMBERMAN.)

The June activity in the local lumber market was fairly well pronounced. The railway report a good movement of lumber to Montreal for export, and consignments for points in the States are numerous. While the mining and other industrial strikes across the line had a depressing effect on the lumber trade with the New England States, the demand from other States comprising new territory is quite strong.

Generally speaking, the business can be said to have a buoyant tone. The voice of the chronic kicker is heard in the land, but the majority of the mill men and operators speak well of the present and hopefully of the future. While prices have not advanced they have not declined, and it would appear as if they had reached a limit. Be this as it may, the trade does not seem to fear an early decline. Inquiries for good stock continue to roll in with every mail and there will be "doings" when the present season's cut is ready for shipment.

Mr. George H. Fowler, Lumber Agent of the C. P. R., reports a brisk movement of telephone and telegraph poles, a movement in advance of that of previous years. From points on the Pontiac and Gatineau branches and Buckingham, Araprior and Ottawa the "long fellows" are being shipped in large numbers.

Other stock that is moving freely from points in the vicinity of Ottawa is wood pulp and lath. The wood pulp is bound for mills in New York State. The lath is consigned to points in Pennsylvania and Ohio. While this year's cut of lath is being handled in large quantities, shippers are still busy with last year's cut. There is a brisk movement of lath from Rockland. The Interior Lumber Company, of Pittsburg, Pa., last fall closed a deal with the W. C. Edwards Company for two millions and a half of lath cut at the Rockland mill. This stock is being

shipped now. J. R. Wheeler, a lumber operator of the same American city, closed a big deal with the Hawkesbury Lumber Company for a large stock of lath, which is now being shipped from the Hawkesbury yards.

'Everything is moving along O.K., there's no chance for a break in prices.' This parting shot from a well known operator sums up the situation.

The tributaries of the Ottawa are full of logs these days, and the main stream has received several of the drives. A large quantity of pulp wood is in sight ready for the saws. The Rouge river, which enters the Ottawa on the Quebec side at Calumet village, is literally floored with logs and pulp wood. The logs belong to Mr. George H. Perley, who operates a large mill night and day at Calumet. This mill was formerly operated by the Ottawa Lumber Company. Last winter Mr. Perley overhauled it and fitted it up anew. The pulp wood on the Rouge river belongs to the Riordan Paper Company, of Hawkesbury. Mr. Thos. Mackey, M. P., who was in the city this week, reports the mills in and about Pembroke doing a rushing business. Steady rains have brought along the drives which were in the early part of the season accepted as abandoned for this year at least. The same report applies to the Coulonge, Gatineau and Black rivers.

Mr. W. A. Sheriff, slide master at Chats Rapids, states that fully two-thirds of the present season's cut of square timber has passed down the Ottawa river en route to Quebec. He figures that fully 590,000 cubic feet of square timber has passed down in cribs, with 250,000 feet to follow, making 840,000 feet to traverse the water route this summer. So far 478 cribs have been moved.

This year's movement of square timber has been the best and largest in recent years. The timber taken out by Mr. Hurdman is, according to knowing ones, of the first quality. Much of the timber is being handled by Dobell, Beckett & Company for export to England. It is there used largely in pattern making.

The square timber trade has an advantage over the saw mill business, as it gives quick cash returns. The monetary equip-

alent leaves Quebec the day the timber arrives. A delay of a year or so often confronts the man who saws his lumber and allows it to season. He has also to run the risk of seeing his logs hung up for a considerable period if the weather conditions are not favorable.

The St. Anthony Lumber Company, operating at Whitney, on the Western or Parry Sound division of the Canada Atlantic Railway, is building a branch railroad 15 miles in length. It will run from Opeongo to Whitney and will be used for the purpose of conveying logs from the company's limits to the mill. The Canada Atlantic Railway Company is building 25 flat cars at its car shops in Ottawa for use on the new road. This is the second distinctive lumber road on the western division, Mr. J. R. Booth having one extending from Madawaska to his limits. He is thus able to convey logs during the winter season and the St. Anthony Lumber Company will likely follow suit.

A few days ago 111 cribs of timber belonging to Munro & McCool, of Pembroke, and valued at \$150,000, were seized at a small village on the St. Lawrence river near Quebec City. The seizure was made at the instance of four river men who claimed they were dismissed at Ottawa while a balance of \$85 was due them. As the firm was anxious to rush the timber to Quebec the costs of the seizure and the back bill of wages were paid and the release of the lumber thus secured.

THE BOSTON MARKET.

Spruce lumber is in better request at Boston for schedules. For a couple of days the past week orders were very brisk, with an improved inquiry all the time. Prices are thoroughly maintained on frames, with the mills having a good many orders. The lots of small and short random recently shipped here, that had to be sold, have been pretty well worked off. Such randoms are still weak, however: Ten and 12 inch dimensions, \$20 to \$22; 9-inch and under, \$19 to \$20; 10 and 12 inch, random lengths, 10 feet and up, \$20.50; 2x3, 2x4, 2x5, 2x6, 2x7, and 2x4, 10 feet and up, \$17 to \$17.50; all other randoms, 9-inch and under, 10 feet and up, \$16.50 to \$18; 5 inch and up, merchantable boards, \$17; matched boards, \$19 to \$20; out spruce boards, \$13.50 to \$14; bundle furring, \$17 to \$18.

Hemlock lumber is very firm, with offerings small. Boards, 12, 14 and 16 feet stock, \$15 to \$15.50 for good eastern;

random eastern, \$14 to \$14.50; Pennsylvania, No. 1, \$16 to \$17.50; No. 2, \$15 to \$15.50.

All the firmness in white pine is continued: Uppers, 1-in., \$75 to \$80; 2½ and 3 in. \$80 to \$85; 4-in. \$85 to \$88; selects, 1 to 1½ in. \$68; 2-in. \$69 to \$70; 2½ to 3 in. \$74 to \$76; 4-in. \$79 to \$80; fine common, 1-in. \$60 to \$63; 1½ to 1½ in. \$64 to \$66; 2-in. \$68 to \$70; 2½ and 3 in. \$69 to \$71; 4-in. \$80, barn boards, \$23 to \$33; coffin boards, \$27 to \$32.

Hardwood lumber continues in good demand, with the position firm: Quartered oak, \$64 to \$66; plain oak, \$41 to \$45; common and rejects, \$20 to \$25; whitewood, \$42 to \$43; sap and common, \$30 to \$35; brown ash, \$41 to \$44; white ash, \$43 to \$46; maple, \$28 to \$30; end-dried white maple, \$38 to \$42; birch, \$27 to \$30; birch, 75 per cent. red, \$45 to \$55; elm, \$29 to \$31.

Shingles continue firm, with the supply yet small. The demand is not large but

we'll up to the supply: Extra cedar, \$3.60; clear, \$3.10; second clear, \$2.50; extra No. 1, \$1.90 to \$2, Washington and British Columbia red cedar, 16-inch, five butts to 2 inches, \$3.75 to \$3.80; 18-inch, \$4.25 to \$4.50.

Clapboards are yet in small supply with a very firm market: Clear, \$36 to \$38; second clear, \$33 to \$35; extra No. 1, \$24 to \$26.

Laths are steady at \$3.15 to \$3.20 for 1½-inch; 1½-inch \$2.95.

The flour and saw mills of the Wolverton Milling Company at Wolverton, Ont.,

were totally destroyed by fire last week. The loss is about \$25,000.

The assignment is reported of A. Gagnon & Company, lumber and general store, Victoriaville, Que.

WANTED

MESSERS. JOSEPH OWEN & SONS, Ltd., of Liverpool, Eng., are open to treat for regular supplies of large quantities of HARDWOOD LUMBER, and will be glad to hear from holders who have to offer WHITE ASH, WHITE OAK, SCALY BARK and SECOND GROWTH HICKORY, POPLAR and WALNUT, in logs, planks and boards, also prime fresh BIRCH LOGS of large dimensions.  VANCOUVER, B. C.

Another Little Mill

There will be over a million feet of sawn lumber used in this one plant for construction only; over 30,000 lin. feet of piling, besides rock foundations; two car-loads of shingle machines only; over 7 miles steam pipe 1 1-2 inch and up in diameter. A summary of all the material that will be used in the construction of this plant shows that there will be over 320 car-loads, or 21 trains of 15 car-loads each.

With all our past experience in the shingle business, of which we make a specialty, and with all the latest and best improvements in machinery and mill construction, we expect it to be the most complete and up-to-date mill in North America, where shingles can be made better than in the ordinary mill.

The above plant will be in operation about the first of June, and although this mill will have a daily (24 hours) capacity of 1,250,000 shingles, the dealers and consumers need not be afraid of any particular surplus, but can rest assured that there will be one firm on the coast manufacturing red cedar shingles from whom they can get their wants supplied in a hurry with that old reliable "Hastings Brand" so much talked about.

CUSTOMERS' ATTENTION. — Please take notice that on the 1st day of January, 1902, all arrangements with the Pacific Coast Lumber Co. of New Westminster, B. C., for the handling of any of our shingles ended. Until further notice our authorized general agents will be Mr. Jas. Twitchell, Clinton, Ont., for Ontario, and Mr. Samuel Ashfield, of Winnipeg, Man., for Manitoba and the North-West; therefore, orders for straight or mixed cars sent through the above agents or direct to us will have equally prompt and careful attention.
