PEACE NEGOTIATIONS BROKEN OFF, WAR GOES ON IN RUSSIA

Allies Decide to Call on Japs to Assist Russia Against Enemy

ALLIES REQUEST JAPAN FOR AID IN FAR EAST

Intervention Will Not Be Act of Hostility Towards the Russian People, But to Free Them From German Yoke.

London, March 2.—According to The Daily Mail, it is understood that the allies have decided to ask the Japanese to take any steps necessary for the protection of the allies in the far east. Stress is laid on the fact that the British and Japanese Governments hold that Japan's intervention in the Russian affairs is not to be construed as an act of hostility to Russia or the Russian Government. Its purpose is to safeguard menaced allied interests and to protect stores and munitions at Vladivostok and to assist Russia to lighten and eventually lift the burden of the German yoke.

PEACE DELEGATES TO RETURN ROSSIANS WILL FIGHT INVADERS

Lenine Orders Preparations for Defence of Petrograd—Expects German Advance on All Fronts—Manifesto Calls for General Rising of People.

London, March 2.—A message received by the Bolshevik government in Petrograd from Brest-Litovsk, dated Friday, ordering a train under military guard to meet the Russian delegates at Torsheta, was considered by the government as probably signifying that the peace negotiations have been broken off, according to wireless communication received here from Petrograd tonight.

UNIONIZE GOVERNMENT WIRES AND CUT OUT ALL PATRONAGE

System Embraces Twelve Thousand Miles, Principally in Quebec, Maritime Provinces, British Columbia and Yukon.

Ottawa, March 1.—Union-labor is about to score a great victory at the expense of political patronage. The World learns on good authority that the entire government telegraph system is to be unionized. The operators are to join the Commercial Telegraphers' Union, which means that hours of work, rates of pay, apprenticeships, discharge and promotions will be subject to supervision by the union officials and that political pull will no longer cut any figure in the administration of the government telegraph system.

WOMEN CONDEMN USELESS LUXURY

Conference at Ottawa Discusses Various Phases of War-Time Activities.

Ottawa, March 1.—The women who have been in conference here for the last two days hold their final meeting tomorrow. This, it is expected, will be followed by a message to the women of Canada, covering the deliberations of the delegates and the results of the conference.

TWO ONTARIO SEATS GO TO GOVERNMENT BY MILITARY VOTE

South Perth and Nipissing Are Switched Over from the Laurierite Column.

Ottawa, March 1.—Apart from the Yukon and Nelson, Man., where the election is deferred until April 1, the government as a result of the civilian and soldiers' vote has a majority of 68. Should the elections committees of the house of commons overrule the objections to the soldiers' vote in the Yukon, which would mean the election of Dr. Thompson, and should Nelson be carried by the government, as is generally expected, the government's majority will be 71.

CADET CARTER KILLED AND TWO INJURED

Two Airplanes Collide While Landing at Leaside Aviation Camp Yesterday Afternoon.

Cadet L. H. Carter, of Omaha, Neb., was killed, and Lieut.-Instructor Bigwood and Cadet Thane were injured in an airplane collision at Leaside yesterday afternoon, the two latter each sustaining a broken leg. The collision occurred at a height of 150 feet from the ground. Both machines were about to land at the time. In the collision they came down on the telephone wires, cutting off all communication between the city and the camp. The body of Cadet Carter was taken to the morgue, and the two injured men were removed to the Military Base Hospital on Gerrard street.

HON. H. C. BREWSTER CALLED BY DEATH

Premier of British Columbia Succumbs to Pneumonia at Calgary.

Calgary, Alta., March 1.—Hon. H. C. Brewster, premier of British Columbia, died here tonight at 10.15 of pneumonia. Good hopes were entertained of his recovery up to this afternoon, when he suffered a relapse, and although he made a good fight he sank rapidly after lunch.

Eight Irish Youths
SMOKED IN COURT

Young Men Arraigned for Participation in Unlawful Assembly Sentenced for Contempt.

MAGISTRATE IS FLOATED

Detachment of Military Summoned to Overawe Threatening Crowd.

London, March 1.—(Via Reuter's Ottawa Agency)—Another sidelight on the condition of affairs in certain parts of Ireland is the scene in Silgo court house, when eight young men charged with participation in an unlawful assembly being required to remove their hats began to smoke cigarettes. One said they would have a song, whereupon they stood up on the seats and sang songs referring to the freedom of Ireland.

FIERCE FIGHTING ON ALLIED FRONT

Germans Attack French and Americans, Suffering Losses.

U. S. TROOPS ENGAGED Two of Enemy Assaults Encounter American Soldiers.

Paris, March 1.—German troops especially trained for maling operations attacked the American soldiers last night and this morning, but the Americans maintained their entire line everywhere and in addition caused heavy casualties among the enemy.

On the right bank of the Meuse and in the Wever region, the enemy was repulsed and gave up a few prisoners.

On two of the points attacked by the enemy during the course of the night and today, Germans specialized in raids came in contact with some elements of American infantry.

GERMAN OFFENSIVE STOPPED BY RUSSIANS

Serious Resistance Offered by Revolutionary Troops Blocks Enemy Advance.

London, March 1.—According to a despatch received here from a semi-official news agency yesterday, the German offensive has been stopped by serious resistance which has been offered by the revolutionary troops.

CANADA STRENGTHENS DIVISIONS IN FIELD

Reserves in England Proceed to Front to Increase Forces.

Canadian Associated Press Cable. London, March 1.—Overseas Minister Kemp said today: "The changes which are taking place in the Canadian military establishment in England and France have been directed toward the strengthening of the Canadian corps at the front. Those reserves in England, which have had the necessary training, have been chosen for this purpose. Military considerations prevent the discussion of such matters in detail."

WAR SUMMARY THE DAY'S EVENTS REVIEWED

The Russian delegates to Brest-Litovsk have apparently again broken off negotiations for peace with Germany. At any rate, Lenin interprets that way a message from these delegates, ordering a special train and military guard to meet them at Trotsky.

The allies have at last decided to ask intervention in Russia by Japan. They will request the Japanese to safeguard their interests in the far east. This means not only the dispatch of forces to Siberia, but to guard allied military stores, but to help the Russian people to throw off the German yoke.

The sudden increase in the raiding of French territory before Cambrai is a warning to the Allies. The situation changed in the attack of the Germans in Russia has apparently come to a halt. The division before the Americans attacking the activities, together with semi-boastful propaganda, may have the object of concealing their own weakness, and the very situation.

BIG DELEGATION FROM HAMILTON

Some Three Hundred Labor Men Will Ask Amendment to Temperance Act.

Hamilton, March 1.—At the meeting of the Hamilton Trades and Labor Council tonight the members unanimously endorsed a resolution that "more kick" be put in 2 1/2 per cent.

About 300 Hamiltonians will journey to Toronto tomorrow with the resolution, in company with thousands of other "drift" men from all over the province, they will wait upon the House for the purpose of having the Ontario Temperance Act amended.

On Sunday Mrs. Staples, 89-year-old mother of 20-year-old Jeanie Staples dancing girl with the Winter Gardens, was removed from the Grand Hotel hospital and put aboard a pullman for New York. Mrs. Staples accompanied the company in the capacity of wardrobe mistress.

Ald. Bob Stamp interested himself in the case of the Grand Opera House, and this has been further augmented by a fund of \$120 contributed by members of the company and employees of the Royal Alexandra Theatre, Toronto.

Application of the Military Service Act to friendly aliens or deportation and the conscription of enemy aliens for work of national importance at a soldier's wage, or detention in internment camps, will be the gist of the resolution to be presented for adoption at the mass meeting of the Great War Veterans' Association in the Temple Theatre Sunday afternoon.

Orders were received from Ottawa by the local C.O.R. today to prepare another draft of 400 men and four officers to leave for the east before the middle of the month. Draftees will contain very few Hamiltonians. This draft will accompany other drafts from Brantford, Niagara Falls and Toronto. The officers have not yet been named.

HAROLD ELECTED; BRANTFORD GLAD

Has a Majority Over Col. Cockshutt of Eighty-Four, by Soldiers' Vote.

Brantford, Sat., March 2.—Late yesterday afternoon the news came over the wire to this city that John Harold of Paris had been elected as member of the Dominion Parliament from Brant by a majority of 84 over Hon. Col. Harry Cockshutt of this place.

While this latest news was somewhat of a surprise to most people in the district, yet it is not to be regretted, as Harold is a man of high character and no apologies to make. John Harold was first in the current opinion poll, and it was elected unopposed. John Harold is an old Brantford boy, and a man upon whom the people of Brantford may well depend to trust the responsibilities of the news.

"Of course, this afternoon was somewhat of a surprise," said Mr. Harold to the World when called on long distance last night. "There was always a possibility that the other side had been so convinced that the other side had been theirs, we almost became so convinced, and I am grateful to the electors of Brant and the soldiers overseas. They have stood by me, and I will stand by them, wish to thank the Toronto World and the Maclean, who assisted me in the late campaign after all carried a mighty weight."

YORK COUNTY AND SUBURBS

JUNCTION COUNCIL HOLDS A RECEPTION

Royal Templars Have Visitor From Newly-Elected Grand Council of Ontario.

Toronto Junction Council, No. 299, Royal Templars of Temperance, tendered a reception to the newly-installed grand council of Ontario, Bro. John Buchanan, at Colvin Hall last night.

P. G. W. J. Armstrong, who introduced the grand council, reminded the members that some years ago Bro. Buchanan had been the means of instituting a Junior council in the Junction. Although many changes have taken place since then, the council is still a very present body of members.

After grand honors had been given, Bro. Buchanan expressed his delight with the reception tendered on this his first official visit to our council. He congratulated the council on the splendid work they had done and said still doing. Many of the members have taken part in elocution contests and two of them received medals.

At the recent Y.M.C.A. Canadian championship at the West End Y.M.C.A., four members of the council, with the following points to their credit: Harry Adam (winner for the third year), 34; Nelson Wilson, 46; George Chisholm, 45. There were large attendance, including visitors from Parkdale Council, No. 11.

RUNNEMEED SCHOOL ENTERTAINS HUMBER

Senior Classes of King George Public School Enjoy Pleasant Evening With Visiting Pupils.

Senior classes of King George public school, Brantford, made, with the staff and members of the Humber Bay public school last night, a very pleasant evening. A feature of the evening was the playing of a picked team from the visiting school against the school of King George school.

A very good program had been prepared for the evening, and the program was given by Theresa Eldridge, Louisa Reid, Mildred Archer, Margaret Farquhar and Mary Hartzel, reading by Fred Adair. The school choir also assisted.

Frank Crawford, chairman of the school board, presided. Addresses were given by visiting Principal of the Moorehouse, members of the school board, J. H. Beamish, principal of King George school, and others.

EARLSCOURT IS PLEASED

Feel Satisfaction Over Defeat of Proposal to Increase Fares on Civic Car Lines.

Unbounded satisfaction was expressed by numerous residents in the Earlscourt district last evening at the defeat of a proposal to increase fares on the civic car lines at the board of control meeting yesterday.

"Mayor Church deserves the thanks of every citizen in the district for his determined stand in the matter," said a member of the citizens' committee, "and I am glad to see that the same stand will be met with at any future date of the Civic Car Line."

The Civic Car Line is being met with opposition in Earlscourt. The speaker, Mr. J. H. Beamish, said that the Civic Car Line is being met with opposition in Earlscourt. The speaker, Mr. J. H. Beamish, said that the Civic Car Line is being met with opposition in Earlscourt.

Women's Spring Suits, Priced at \$25.00 and \$30.00

Fashion has this season set herself the task of creating a really sensible war-time mode, and its success may be gathered from the very interesting collection referred to above.

The colors, too, are new — cendrillon (brownish ash), castor, seagull grey, peacock blue being prominent, with the always popular navy and black.

The variety is splendid and nearly all the coats are silk lined. Showing how very charming is a simple coat with buttoned vest, is a suit of gabardine. Its vest of corded silk is cut in one with a small collar, which falls over a tapering shawl collar of the material.

A linen vest and Buster Brown collar distinguish a coat that is cut in loose pony style. This, with its almost plain, straight skirt, looks very youth-

Young Men's Navy Blue Suits, as Illustrated, \$22.50

The Sinton, a double-breasted clever model, with high waistline, has belt all round, with buckle and slash pockets. The goods is a fine twill navy blue worsted, a durable wearing material, with fine trimmings and linings to correspond with styles. Price 22.50

Young Men's Suits that reflect that snap, swagger and style so typical of youth; navy blue worsted serge; a form-fitting model, with soft roll lapels and well-built shoulders, well tailored and finished throughout. Sizes 33 to 40. Price 18.00

A Two-button Model, with soft roll lapels; a rich navy cheviot finished serge, with patch pockets. The vest buttons fairly high. Trousers are in latest fashionable style, have two side, two safety hip, and a watch pocket. Price 20.00

Men's Suits, semi-conservative styles, 3-button, single-breasted, the materials are a worsted-finished tweed, in medium grey, pin check, a dark grey, in small fancy weaves with indistinct stripes, and a rich shade of brown, with a golden red thread stripe. Sizes 36 to 44. Price 20.00

Special! Women's Knitted Sweaters at \$3.95, \$4.95 and \$5.95

No need to emphasize the value. The figures alone convey it, so that "he who runs may read." Only the very favorable conditions under which we bought the sweaters makes it possible to offer them at these prices. We secured the whole of a manufacturer's stock at exceptionally low prices, and these are three of the best lines.

SHEPHERD'S CHECK AND WOOL SERGE SKIRTS, \$3.95.

The styles are smart and new, and the value remarkably so. Shepherd's check skirt is gathered at the back under an all-round belt, and the two very smart fancy pockets are button trimmed. The serge skirt is very similar, but the patch pockets are formed from very effective pleats of the material.

Women's Mervotaf Petticoats, having a deep two-section flounce, with accordion pleating and tucking. The material both wears and looks well. Black, navy, Copen, and tan. Lengths 34 to 42. 1.50 —Third Floor, James St.

Popular Spring Boots for Women, Special Today at \$3.75 Pair

For these items we cannot take phone or mail orders, the quantity being limited. There are only 500 pairs of these new spring boots—some are of vicci kid, plain vamp, with medium or Louis heels; others are in patent leather with dull kid tops.

Small boys' boots, warranted to give satisfaction, strong soles, hooked for lacing. Sizes 8 to 10 1/2. \$2.50

Special! Men's and Women's Silk Mixture Umbrellas at \$1.69 Each

NO PROHIBITION ON PUBLICATION

Providence Journal Editor Denies Government Barred Articles on German Plots. New York, March 1.—John R. Rathmon, editor of The Providence Journal, and the man whose investigations upset many of the best laid plans of the German secret service, in the United States, before this country entered the war, has given a vigorous denial to the story published in The New York World this week, to the effect that Rathmon's promised series of articles in a local magazine on "Germany's Plots Exposed," had been suppressed by the Washington authorities.

WANT MALT LIQUORS BARRED.

Washington, March 1.—Signatures of nearly 6,000,000 women, headed by Mrs. Francis P. Cleveland Preston, and Miss Anna A. Gordon, president of the Women's Christian Temperance Union, appeared on a petition presented to President Wilson today, asking that production of malt liquors in the United States be stopped during the war so the food materials used may be diverted to food supplies.

JAPS IN DEAL WITH RUSSIA.

London, Feb. 28.—Tokio advices forwarded in a Reuter despatch from Shanghai say that the Japanese ambassador to Russia, Viscount Uchida, has postponed his departure from Petrograd. It is believed, the despatch says, that the Russian Government has made a new proposal.

BRITISH RECRUITING STRENGTH.

New York, March 1.—Speaking before the Lotus Club, Sir John Foster Fraser, chairman of the British War Lectures Committee, said that Great Britain could not put more than another 760,000 men in the field. The assertion that Great Britain could raise additional armies of 3,000,000 men, the speaker characterized as untrue.

GERMAN DANGER MENACES PACIFIC

New York, March 1.—The Evening Sun, commenting editorially on the proposal for Japanese military action in Siberia, says: "Japan will doubtless, and quite properly, send an expedition in a short time over the trans-Siberian railroad from Harbin, to take and hold Irkutsk. In such an operation the United States should acquiesce, and in our view might even wisely co-operate."

TWO ENEMY COLUMNS ENGAGED IN HAND-TO-HAND COMBAT.

Paris, March 1.—The war office reports: "In the region east of Chavignon, at 8 o'clock last night the Germans, after a heavy bombardment, hurled two columns against the French lines. A violent hand-to-hand conflict followed, terminating in the advantage of the French. The Germans were thrown back after having suffered heavy losses. Prisoners remained in the hands of the French."

Foreign Minister of France Makes Telegram Public for the First Time.

EXPOSES INSINCERITY

Another Document Showing That Alsace-Lorraine Were Considered French.

Paris, March 1.—Two historic documents, one showing the German Government's determination to force war upon France and the other setting forth the reasons which induced Germany to take Alsace-Lorraine, were made public today by Stephen Pichon, the French foreign minister. The minister was speaking at the Sorbonne upon the anniversary of the protest made by representatives of the national assembly of Alsace-Lorraine against annexation to Germany.

"I will establish by documents," said M. Pichon, "that the Germans deliberately rendered inevitable the most frightful of wars they tried to disguise us by the most cowardly complicity in the ambush into which they drew Europe. I will establish it in the revelation of a document that the German chancellor after having drawn up, preserved carefully, and you will see why, in the most profound mystery of the most secret archives.

"We have known only recently of its authenticity, and it defies any sort of attempt to disguise it. It bears the signature of Bethmann-Hollweg (German imperial chancellor at the outbreak of the war) and the date July 21, 1914.

"On that day Von Schoen (German ambassador to France) was charged by a telegram from his chancellor to notify us of a state of danger of war with Russia, and to ask us to remain neutral, giving us 18 hours in which to reply.

"What Germany Demanded. "What was unknown until today was the telegram of the German chancellor containing these instructions terminated with these words:

"If the French Government declares it will remain neutral your excellency will be good enough to declare that we must, as a guarantee of its neutrality, require the handing over of the fortresses of Toul and Verdun; that we will occupy them and will restore them after the end of the war with Russia. A reply to this telegram must reach here before Saturday afternoon at 4 o'clock.

BOARD ON STRIKE AFTER HARD WEEK

Controllers Fail to Turn Up for Important Board Meeting.

MUCH WORK AHEAD

Salary Increases and Revenue Bill on Next Week's Order-Paper.

Following a strenuous week the board of control went on strike yesterday afternoon. At the meeting, which lasted until 1.30, the mayor asked the controllers to come back at 2.45 to clean up a number of important items of business. He stated that he would be busy addressing Hydro meetings next week and did not want anything left over. Controller Maguire said he had not been near his office for days, and other members of the board said they, too, had a great deal of business that had been neglected in the rush of estimates, etc.

When the mayor came into the members' room at 2.45 only the newspapermen were there. He waited around for 15 minutes and still none of the controllers turned up. "It looks like a general strike," remarked the mayor. He waited another five minutes and still none of his colleagues appeared on the scene. Controller O'Neill was known to be at the parliament buildings, but where were the other controllers?

"Here's where you got the first rest you have had this year," said the mayor to the newspapermen. "This meeting stands adjourned until Tuesday morning at 10.30."

When the board meets on Tuesday it will have a long list of important matters to deal with. Mr. Bradshaw's report on increased revenue has not yet been taken up; the health department estimates have yet to be revised; the tax rate is not known yet; no action has been taken on Mr. Bradshaw's report against the civic war loan, while there is a great deal of routine business also on the order paper.

WANT CITY NURSE

Military to Care for Women Who Spread Venereal Disease.

Col. Dr. Ryerson, chief medical officer of this military district, has asked the city to furnish a nurse to care for the women who have been responsible for the condition of a number of venereally affected men at the base hospital on Gerard street. The board of control instructed Dr. Hastings to report whether or not he could spare one of the nurses in his department for the work.

its origin in the minds of its authors the wish to return to Germany German provinces of which she had been dispossessed by French usurpation."

Germany wanted peace at the moment when she declared war. That is how sincere she was in pretending that we obliged her to take up arms for her defence. That is the price she intended to make us pay for our baseness if we had had the infancy to repudiate our signature, as Prussia repudiated hers, by tearing up the treaty that guaranteed the neutrality of Belgium.

"Our mortal enemy in the war of 1871, Von Moltke, declared on the morning of the treaty of Frankfurt," said Foreign Minister Pichon on taking up the question of Alsace-Lorraine, "that it would require no less than 50 years to wear the heart of her lost provinces from France."

M. Pichon contrasted the German acceptance "then that the provinces were in reality French with the reiterated pretensions of German statesmen since, especially the assertions of former Chancellor Bethmann-Hollweg, and the present chancellor, Count von Hertling, that most of the provinces were always German.

The foreign minister made public for the first time the full text of a letter written by William I., the grandfather of the present German Emperor, to Empress Eugenie. The letter is dated Versailles, Oct. 26, 1870.

"After the immense sacrifices for her defence," read M. Pichon, "Germany desires to be assured that the next war will find her better prepared to repel the aggression upon which we can count as soon as France shall have repaired her forces and gained allies. This is the melancholy consideration alone and not a desire to augment my country, whose territory is sufficiently great, that obliges me to insist upon the cessation of territories that has no other object than to throw back to the starting point the French armies that, in the future will come to attack us."

After reading this passage, M. Pichon asked:

"Can one better destroy the legend Von Hertling tries to establish that the annexation of Alsace-Lorraine had for

Score's Clothes A Month of Specials War Saving Reductions Spring Suitings and Overcoatings Pre-War Purchases at Pre-War Prices

Do you know that since the war began the prices of imported woollens have increased from two hundred to two hundred and fifty per cent?—and do you know that a suit of clothes or an overcoat, based on present values, will cost you today about double what it cost you in the early days of the war? But—we foresee these conditions and months before the cost of woollens began to advance so enormously placed large contracts through our British buyers for high-class English, Irish and Scotch woollens—and fortunate transportation conditions have landed every yard bought in our stockrooms—and today we are pleased to announce a month's special selling—a time of exceptional interest to the discriminating dressers of Toronto—offering price advantages and discounts that are as unusual as they are generous and genuine—but an event upholding all the SCORE'S traditions of quality, standard and sterling worth—"clothes made on honor."

KILLED IN BELGIUM.

Kitchener, March 1.—Intelligence was received in the city today by Mr. and Mrs. George Marr that their son, Sapper Laverne Osgood Marr, had been accidentally killed in Belgium. A letter was received by his parents last Saturday in which Sapper Marr intimated that he intended to take a position as brakeman, and it is supposed that he met with a mishap on a train. Sapper Marr was 18 years of age.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally if You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

LOOK FOR REVENUE IN GARBAGE PAILS

Aldermen Appoint Committee to Report on Utilization of Waste.

TO REBUILD SEWERS

Work Will Be Forced, if City Council Approves the Recommendation.

The committee of works decided yesterday to proceed with the reconstruction of three city sewers, at a cost of \$17,000. The property-owners in the districts affected opposed the work as a local improvement, but the work will be proceeded with under section 9 of the act. As a two-thirds vote of the city council is needed before the work is proceeded with, there is a possibility that there may be a hitch in the plans. The sewers, which are now in a dilapidated condition, are the following: Gladstone avenue, from Stonehouse crescent to Dundas street, \$11,378, city's share \$4995; Dovercourt road, from Dundas, 288 feet south, \$6928, city's share \$2845; Lisgar street from Mackenzie crescent, 166 feet south, \$1185, city's share \$245.

The committee had a long discussion on the question of obtaining revenue from the city's garbage. Ald. Hiltz was named to appoint a committee of three to go into the question. There are three suggested plans: To erect a reduction plant to replace the present incinerator; to make fuel from the garbage; and to raise hogs in the civic yards, feeding them on waste obtained from the city's garbage pails.

Change Name of Danforth Avenue. No action has been taken yet to fulfill the request of the Allen Theatre that Miss Eva Brenner be asked to move her new stand from the corner in front of that theatre. When the committee came to this item the works commissioner said: "Let this matter stand another two weeks. It will automatically adjust itself." As Miss Brenner has been confined to her home with illness for nearly six

CANADIAN NORTHERN TRAFFIC EARNINGS SHOULD BE GOOD

Ought to Be Better Than Canadian Pacific, Says Eastern Manager. INQUIRY PROCEEDS Much Information Regarding Transactions in Early Days of Railroad.

Resuming his evidence at the C.N.R. arbitration proceedings at Osgoode Hall yesterday, Cyril T. Young, manager of the eastern lands of the C.N.R., declared that he saw no reason why the traffic earnings on the C.N.R. should not be as good, if not better, than those of the C.P.R., as the traffic could be greatly developed between Port Arthur and Ottawa, and also on the other lines.

The gross earnings of the C.P.R. on lines east in 1917 were \$12,818 per mile, and on the lines west \$9,957 per mile. Mr. Young stated that the total amount of land applied for from the government was 1,557,000 acres, and he estimated the stampage value of the pending grant at an average of \$34 an acre. Regarding the proposed land grants in Quebec, he submitted a plan showing the lands selected by the C.N.R., five to ten miles north and south of the railroad. He stated the land was not available on the direct line.

"You applied to the Ontario Government for that 1,557,000 acres two years ago, and so far have not received those land grants," said Strachan Johnstone, counsel for the Dominion Government. "We have received 100,000 acres," answered Mr. Young. "But have not received patents for that."

"I do not think it is the intention of the C.N.R. to take out patents for any lands," said Mr. Young, and stated that one of the reasons why the lands had not been granted was that the C.N.R. owed the Government of Ontario some taxes and also timber dues. "My interpretation of it is if the C.N.R. was not taken over by the government, the value of the land grants would go to the Ontario Government," declared Mr. Young.

All Owned in Family. E. A. Lash, K.C., said that the entire interests in the Mackenzie, Mann Co., Ltd., were now and had always been owned by Sir William Mackenzie and members of his family and Sir Donald Mann and members of his family.

"How did Mackenzie, Mann finance their various operations?" asked Sir William Meredith. "Mackenzie, Mann financed all operations on their own credit," replied Mr. Lash. "Mr. Young has said that patents have not been granted, is that correct?" asked Sir William. "No," said Mr. Lash. "The land was granted at a rate of so much per mile constructed railway, but not designated by lot tracts when these lands were to be selected by the parties. The selection went on, but the tracts set apart did not yield sufficient number of acres to fill the land grant, and so other land was added. When the lots were designated patents were applied for and patents have been granted for every acre of the C.N.R. is entitled to. The C.N.R. has received \$14,790,000 in cash out of lands transferred to it by Mackenzie, Mann & Co. Deferred payments on land amount to \$4,800,000 and land values are \$13,109,000, making a total of \$22,399,000. The total acreage received in grants from the government was 4,000,000."

They Acquired Land. "At no time did these two gentlemen (Sir William Mackenzie and Sir Donald Mann) take advantage of their position to obtain from the company any advantage that could be

collected to on legal grounds or on grounds of equity." "They acquired land which they turned into townships. If they had not done this, strangers would have depended on Was it not better that friendly hands should hold lands adjacent to the railroad instead of strangers?" He pointed out that it was always the policy of the C.N.R. to acquire all companies, such as telegraph, express, terminals, elevators, bridges, etc. "In fact, whatever depended on the railroad for its life blood, as it was contended that these should be the property of the railroad company and that there should be no profits which technically would have been retained by themselves. So clean was every transaction between Mackenzie & Mann and the C.N.R., which they controlled, that they were absolutely free from all legal, equitable and ethical criticisms. It was in 1906 that the construction of a transcontinental system was first thought of, said Mr. Lash. About that time several deputations waited on Mackenzie & Mann urging the construction of various branch lines, which applications were supported by the Manitoba, Saskatchewan and Alberta Governments, who suggested the incorporation of provincial companies to build into their various districts, and promised government guarantees.

Government to Rescues. In the hard struggle to reach the Pacific coast the British Columbia Government came to the rescue and also promised assistance on condition that a company should be incorporated to build, and as a result the C.N.E. was incorporated, and this was done openly to being the C.N.R. main line eventually to the coast. "In 1914, just before the war broke out," said Mr. Lash, "it was found impossible to sell the various securities on hand, and an application was made to the Dominion Government for further assistance. In connection with this I can make this statement. Mackenzie & Mann have not received one dollar in cash by reason of profits in connection with the construction of any portion of lines which at that time were part of the C.N.R. system; in fact, they relinquished millions in legal claims in handing over their railroad system in return for stock in the C.N.R. The impression that has gone abroad, and which, I am sorry to see, your lordship has been influenced by," said Mr. Lash, speaking to Sir William Meredith, "is that Mackenzie, Mann & Co. were lining their pockets with the results of these amalgamations, and I wish to correct that impression. Their chief object was to make the C.N.E. a successful enterprise, so that it might not fall down."

HOW PICTURES ARE PRINTED IN PAPERS George Bridgen Tells All About it Before Toronto Advertising Club Last Night. The first of a series of lectures to the Toronto Advertising Club was given last night in the Y.M.C.A. when George Bridgen spoke on "What You Should Know About Engraving." Mr. Bridgen explained the process of getting the proper kind of negative and then printing it off on a sensitized zinc plate, which was later etched to make a zinc etching. Etchings could not be made from the picture itself, he explained, so a plate had to be made of it with many small lines or dots. He then took up the process of copper half-tones, which he said were the kind principally used in catalogues, magazines, and most of the advertising today. Color work necessitating several plates was explained in detail through each process. Mr. Bridgen used plates and cuts to make clear what he was telling.

He said that the public was becoming so sophisticated that they knew the difference between the kind of engraving, and money saved on them was money lost in the long run for the advertiser, for the buying public thought an advertiser who used cheap cuts would have second-rate goods. He told many instances of how firms had changed the kind of engravings they were using and how their business had increased as a result of it.

FARMERS OBJECT TO FRONTAGE TAX

County and Township Councils Reject Proposal at Good Roads Meeting. BITUMINOUS FAVORED

Closing Session of Sixteenth Annual Meeting of Ontario Association.

The closing session of the sixteenth annual meeting of the Ontario Good Roads Association held yesterday morning in the York County buildings was marked by addresses by E. A. James, engineer for York County on bituminous roads, and by Geo. Talbot, engineer for Middlesex County on the roads in Middlesex County. Mr. James stated that stone roads in York County had fallen down under motor car traffic, and that bituminous surface over waterbound macadam had given best mileage service. Seventy-five per cent of the road construction in 1918 will be completed in this manner, stated the speaker. Mr. James informed an inquirer that York County had contracted for the coming season's requirements of 11c per gallon for bitumen surfacing material.

Traffic Variations. Mr. Talbot reminded the gathering that in York County 250 vehicles passed per hour whereas in Middlesex the roads were subjected to a traffic of only 300 vehicles. This showed the difficulty of framing an equitable highway tax covering the entire province. He paid a tribute, in closing his address, to the early pioneers who had laid the foundation for the system of good roads which was in existence in Ontario today. A motion calling for the addition of a frontage tax on county roads to be imposed under a local improvement plan after two-thirds votes of both townships and county councils was lost, as was also a motion to have next year's convention meet at St. Catharines. Officers for the ensuing year were elected as follows: Honorary president, J. A. Sanderson, Oxford Station, and S. L. Squire, Waterford; president, C. R. Wheelock, Orangeville; vice-president, J. J. Parsons, Jarvis, and W. H. Pugsley, Richmond Hill; secretary-treasurer, Geo. S. Henry, M.L.A., Tomorden; directors—K. McKay, St. Thomas; Major T. L. Kennedy, Dixie; F. A. General, Plantagenet; L. E. Allen, Belleville; T. J. Mahony, Hamilton; W. H. Brown, Chesley.

JAMES SIMPSON STATES STAND FOR BOLSHEVIKI

Says Those Who Take Friendly Stand Do So Because They Are Sinners. James Simpson stated yesterday that the friends of the Bolsheviki movement, while laying themselves open to a degree of criticism, stood by their stand in the matter, because they really believed that the movement tended to disrupt German autocracy and military rule in its homeland, and that the allies as any man who possessed the highest vein of patriotism toward the British Empire. It was the easiest thing in the world to be misquoted and misunderstood, and the people who had the courage of their convictions, no matter what their views, were essentially loyal to themselves and consequently loyal to the country of their birth. He was as resolute a Britisher as any in the country in his loyalty to the empire.

OLD BOYS' ASSOCIATION. The Bridgewater and District Old Boys' Association held a very successful concert and dance in the Masonic hall, Riverdale, the proceeds of which were devoted to the overseas fund. Between 200 and 400 were present, the chair being taken by J. Dibble, president. A first-class musical program was rendered by friends and members of the association.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast. We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of tea, not water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins, and acid and gives one a splendid appetite for breakfast. The millions of people who are bothered with constipation, biliousness, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to remove any pronounced crick on the subject of inside-bathing before breakfast.

Men! We want to impress you with the importance of the offering today. Remember, that while scores of dealers are scouring the world for merchandise, pleading like mendicants and beggars, satisfied with the "rag tag" and "bobtail" of obscure mills and local warehouses, when prices of woolens are soaring skyward, right at this critical time, we give you choice from the finest assortments of woolens that ever came into Toronto. And we do not stop at giving you unusual values—such as have made this business famous—but we INCLUDE AN EXTRA PAIR OF TROUSERS with every SUIT, OVERCOAT or SPRING TOP COAT ordered here today. Twice a year we do this. It has been a feature of our business from the beginning, and our greatest satisfaction is in knowing that notwithstanding the awful havoc of war, WE CAN STILL KEEP FAITH WITH THE PEOPLE. But today is the LAST and ONLY OPPORTUNITY this season. So we must ask you to come today if you would secure

FREIGHT-HANDLERS GO OUT ON STRIKE. Fifty Men Ask Thirty Per Cent Increase in Wages and Claim They Have Other Grievances. The freight handlers of the Grand Trunk Railway walked out yesterday at one o'clock and struck for an increase of 30 per cent in their wages. More than 50 men are said to be involved, and the freight remains in the sheds untouched. The situation up till last night at ten o'clock remained unchanged, and W. H. Farrell, superintendent of terminals, was unable to

foresee any immediate return to normal traffic. "I was surprised to hear of the men walking out as they did," said Mr. Farrell yesterday to the press, "because even at the moment they went out on strike we were considering very favorable means of helping them out. This means that we shall be unable to move any of our freight, in or out, until the matter is settled, and it may be settled by letting them remain out. A strike is one thing; a sudden and unwarranted walk-out in the midst of a busy stretch of work is quite another, and by no means helps their case." The superintendent pointed out that the handlers were divided into four classes: Porters who get 25 cents an hour, storemen who get 25 cents an hour, ordinary checkers who receive 27 cents an hour, and another class of checkers who get a clear \$19 a month. Now these men, he said, had approached him some days ago and asked for an increase of 30 per cent on their wages. "I told them that we should consider their request," continued Mr. Farrell, "and the general superintendent and I were about to grant their demands when he and he hold they threw down their gloves and refused to do another stroke." The freight handlers were not on the job late yesterday afternoon, but at the station it was learned that there had been standing grievances among the station employes as to the general treatment accorded them. Among those specified being lack of proper accommodation, long hours and

wages below standard. These had been grievances of long standing, it was stated, and it had long been felt that something would have to be done if attention was to be given to their needs. The question of increased wages, they reiterated, was but one of the real points at issue. In the meantime the freight is becoming congested and both the G. T. R. and the merchants of Toronto and Ontario are suffering considerable inconvenience. BOMB FOUND AT CHICAGO. Chicago, March 1.—A powerful bomb was found yesterday in the federal building, partly hidden under a pile of rubbish in one of the rooms occupied by lawyers in charge of the I.W.W. prosecution.

"TIZ" FOR ACHING, SORE, TIRED FEET

Use "Tiz" for Tender, Puffed-Up, Burning, Calloused Feet and Corns.

"Tiz" makes my feet smaller." People who are forced to stand on their feet all day know what sore, tender, aching, burning feet mean. They use "Tiz" and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only ointment in the world that draws out all the poisonous exudations, which puff up the feet and cause tender, sore, tired, aching feet. It instantly draws up the pain in corns, calluses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet. Get a 25-cent box of "Tiz" now from any druggist. Just think! What a year's foot comfort for only 25 cents.

The Toronto World

FOUNDED 1880
A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

A Safe Tax Policy.

We are surprised to see Controller Maguire protesting that he will not submit to a thirty-mill rate for the taxes. We had understood that he had gone in on a platform of enlightened administration, pay as you go, maintain the city credit, and economize on business lines.

The statement of the city treasurer shows that the general expenditures only amount to 14.77 mills, which, with the school rate, comes to 22.32 mills. This is the normal tax rate and there is nothing alarming about it.

The rest of the 30.70 mills, which Mr. Bradshaw has estimated, belong to war expenditures, and we can only suppose that it is against these that the wrath of the critical taxpayer, represented by Controller Maguire and others, is directed.

It must not be forgotten that of the 14.77 mills general taxation no less than 9.3 of this is for debt charges, the result of the old and evil policy of putting off till tomorrow what should be done today.

Thanks to the new finance commissioner we are only getting out of the woods and swamps of a floating liability of seventeen millions which seriously threatened the city's credit. In addition to this there have been sixteen and a half millions of debentures sold of twenty-three and a half millions which had to be issued in the last two years to cover undertakings which the city had not provided for.

Neither the objection of disloyal citizens to pay the war taxes nor any description of petty politics should induce the city council to stray from the straight and narrow path which the finance commissioner has outlined. It is a safe, sound business course, the wisdom of which will be more and more justified as time passes.

The Railway Revolution in the States and Canada.

Public ownership of railways has few outspoken opponents in Canada, but there are quite a lot of papers willing to publish the knocks against it supplied by the Canadian Pacific and Grand Trunk publicity departments.

If the Montreal Gazette has an attack on public ownership it is sent over the wires and appears as a "displayed feature" in The Toronto Star and The Hamilton Spectator that evening.

It surely will be a doubtful experiment if you leave out the one road that gives a substantial railway traffic territory (Ontario) to the national consolidation. They'd like to see the national system made up of outlying roads—the Transcontinental, the Grand Trunk Pacific and the like.

The Canadian Pacific fights the inclusion of the Grand Trunk; it fears a national system that takes in the rich railway centres of Ontario. It also fears the Canadian Northern in the west as it fears the Grand Trunk in the east.

There is also a decrease in the building activities, as is shown by the following report from the city architect: February permits, 1917, \$473,517; February permits, 1918, \$47,282.

End Interlocking Monopolies. Frederick C. Howe, in The Public Government ownership will divorce transportation from the monopolized industries.

Isaac Bainbridge, who was convicted by Justice Hodgins on a charge of publishing seditious libel, was freed yesterday by the appellate court. The judgment says the amendment of the indictment was irregular.

AIM TO DRIVE ENEMY FROM ALLIED MARKETS

Paris, Jan. 26.—Elimination of German products from the French market and closer commercial contact with the allied countries, especially with the United States, is the goal toward which the Republican committee of commerce, industry and agriculture is striving.

The committee has discovered that France, during the last fiscal year, imported machinery to the value of \$1,000,000 francs. Germany headed the list of countries in that commodity by a comfortable margin.

The idea of the committee, as expressed by Mr. Havry, its secretary, is to reduce the production in the three latter countries in such ratio that with the German share of the importations disappearing from the French market the French business shall not suffer from lack of machinery.

Other People's Opinions. Christmas at the Front. Editor World: What is Canada, a hotbed for sedition or ignorance? A return to the normal conditions of life for being a day absent, and yet a weak-kneed specimen like Capt. Bailey can get up and make what I guess he should be shot.

REVENUE DETAILS HANDED TO BOARD

Over a Million Dollars Increase in Income of City.

LESS FROM FINES

Controllers Withhold Action on Salary Increases for Employees.

Details of the city's estimated revenue for 1918 were presented to the board of control by the finance commission yesterday morning. As stated before, the total is \$5,692,346.16, as compared with \$4,577,888.71 received for 1917.

No Action on Salary Increases. Salary increases were also discussed, but no action was taken. Controller Robbins favored giving a 2% increase in salary to all receiving less than \$1800 a year and would have it date from January 1, 1918.

WATER RATES SURE TO BE INCREASED. It is practically certain that there will be a 25 per cent. increase in the water rates to all consumers this year.

Controllers All Favor Proposal, But Legal Questions Are Involved. Fifty Thousand Dollars to Be Spent—Each Meter Saves Money.

KITCHENER SENIOR O.H.A. CHAMPIONS

Winners Checked Like Fiends
and Were Always
the Best.

DENTS' WEAK TEAM PLAY Still, Two of the Three Goals Were Lucky and Result of Errors.

By a Staff Reporter.
Kitchener, March 1.—Kitchener will defend the Allan Cup. The winners of the western senior group had no trouble in beating the Canadian Dental Corps of Toronto here tonight in the second game of the O.H.A. senior playoffs.

The Dental's big fault was the lack of team-play. They bunched in centre ice, and time after time chances were expected to be taken in the spot and have a man in centre ice to take a pass from the corner.

Willard Box displayed real courage by going on the ice after his serious operation, and played half of the game, stirring hardly able to lift himself over the boards. While he lasted, he did some great backchecking, and with fast ice, might just have made the difference to turn defeat into victory for the Toronto side.

No matter what you take tonight's contest, the winners were better. They checked like fiends all the way; they played heady hockey, always had a spurt ready, and gave their goaler the best kind of protection. The much-touted weak defence of the Kitchener team gave the Toronto attack an easy time of it.

The rest of the game was a struggle of attrition. The Dental's play was not so good as it had been in the first period, but it was not so bad as it had been in the second period. The Dental's play was not so good as it had been in the first period, but it was not so bad as it had been in the second period.

U.T.S. JUNIORS WIN GAME AND ROUND

Defeating Woodstock by Two
Goals at the Arena
Gardens.

Of Course the Pros Could Do This if They Want To

Ottawa, March 1.—To create a perfect hockey game is an ideal which has been long ago established. The purpose of the present system is to bring about an equalization as regards the constitution, it was understood, provided for the for-and-against system as being applicable to only two teams. It was generally taken as Ottawa tonight, and if three teams tied by the point system, then the goal-for-and-against system would not apply, and a league meeting would be called.

SONS OF ENGLAND HAVE SOCCER TEAM

Will Join the T. & D. F. A. and Expect to Make a Hit in the Game.

At a meeting of lodge delegates of the S.O.E. last night it was decided to enter a team in the T. & D. F. A. M. J. Tomlinson was elected president, and Mr. T. W. Butler secretary-treasurer.

Mr. Rose, late of Bristol City and Welsh international, is trainer and manager, and will be pleased to hear from and interview any Footballer that can play soccer. His address is 275 Sackville street.

Baracas Football Club Have Big Honor Roll

The Baracas will enter a team in the T. & D. F. A. as usual. The club has an honor roll, of which it is justly proud. Of 14 names on the membership list in August, 1914, over 80 of them voluntarily donated the King's uniform.

CHANGES AMONG LEADERS AT BOWLING TOURNAMENT

Cincinnati, O., March 1.—Numerous changes occurred among the leaders of the Cincinnati Bowling Congress tournament here today. The most sensational performance on the alleys was that of Shun-ku, Louisiana, who, by toppling over 666 pins, landed himself in third position in the singles. He is the only man however, that managed to disturb the first ten men in this event.

TORONTO GOLFER IS BEATEN IN SEMI-FINAL

St. Augustine, Fla., March 1.—Today's play in the semi-finals of the annual spring golf tournament here was featured by a hard-fought round between S. A. Moody, Brookline, Mass. and W. J. Hopkins, Chicago, defeated N. J. Foster, Charlotte, N. C., and J. J. Hill, Pittsburg, Pa. 3 to 2.

WHERE THEY'RE PLAYING GOLF.

Belair, Fla., March 1.—Mrs. G. H. Murray of Great Neck won the women's championship on the Belair links today. She defeated Miss Helen Morrison of Pittsburg, Pa. 5 up and 3 to play. Mrs. Murray has gradually improved her play in every round of the tournament, and the final showed her game at its best.

Montreal Mar. 1.—Several Italians have been taken in charge here by the Dominion police with a view to ascertaining their status under the Military Service Act and Ottawa has been asked for a decision as to whether aliens within the military age are subject to conscription.

PARRY SOUND CITIZEN GONE.

Special to The Toronto World. Parry Sound, March 1.—One of the best-known and most esteemed citizens of Parry Sound, John Purvis, died after less than a week's illness from pneumonia, aged 66 years. He had been a resident of the town over forty years, and had filled many important offices in the city of his fellows, including the mayoralty. He was president of the town and district Liberal association.

BRAZILIAN ELECTIONS.

Rio Janeiro, March 1.—The presidential and congressional elections began today and will continue tomorrow. The only candidates for president and vice-president are, respectively, Rodrigues Alves and Deodoro Moreira. They are receiving a practically unanimous vote.

U. S. LIMITS TRADE PROFITS.

Washington, March 1.—Rules limiting the trade profits in and regulating the distribution of Texan poultry and cold storage eggs were issued tonight by the food administration. They become effective tomorrow and it was announced here the general approval of the trades.

PARIS WAR VETERANS.

Special to The Toronto World. Paris, Saturday, March 2.—Senator Fisher presided at the opening of the newly-organized Great War Veterans branch here. Paris has given many boys to the war and many have already shared the joys and sorrows of that far-away battle-line, and being once more citizens of Paris, this new institution promises to flourish.

BISHOP OF NEWFOUNDLAND.

St. John's Nfld., March 1.—Rev. William Charles White, for ten years rector and sub-dean of the Cathedral, was consecrated as Bishop of Newfoundland in the Anglican Cathedral today. Bishop White who succeeds the late Right Rev. Leveelyn Jones, is the first native of the colony to be elevated to this position.

LUX

To give sweater coats a new lease of life

Now that sweater coats are getting more expensive, it is more than ever desirable that you wash yours with LUX. Of all things a sweater coat, which is seen so much, must be kept soft, fluffy, fleecy and "new" in appearance. You can keep yours that way and wash it again and again if you do this:

Four boiling water over LUX flakes—pure essence of soap—allowing 3 or 4 tablespoons for every gallon of water you use. Whip into a creamy lather—a few seconds is needed. Then put in the garment and stir it about. Let it soak until cool enough for your hands to squeeze the water out of the coat—the dirt just runs away. Rinse in two or three relays of tepid water, and hang to dry.

Very simple. Anyone can do it—just a few minutes' work and you get a result that the most expert French cleaner might well envy.

LUX won't shrink woollens. Won't hurt any fabric or color that pure water can safely touch.

ALARMING EPIDEMIC OF HAIR TROUBLES

1,000,000 HAIR HEALTH PARCELS FREE

Remarkable interest has been aroused by hair troubles reported from all parts, and more especially in the great munition-making centres. Thousands of men and women are finding Hair Poverty, Premature Baldness and Loss of Color troubling them today as never before.

HOW THE HAIR IS BEING POISONED

Mr. Edwards, the Discoverer-Inventor of "Hartene" and "Hartene Hair-Drill," when his opinion was sought, had much to say on the subject. He said, "There is certainly a great increase lately in all kinds of hair troubles, but this is chiefly due to the fact that many people do not realize how simple a task it is to make the hair wonderfully bright and healthy. In the great munition centres I have heard of extraordinary cases of hair troubles, but there are hundreds of thousands more who are suffering from hair weakness which could so speedily be remedied if they would only use the Free Gift I am prepared to offer."

"Thin, Weak, Discolored, Brittle, Greasy, Splitting or Falling Hair, loss of hair, or even the semblance of youth, therefore, who are among the many thousands that now suffer from deteriorating in quality or quantity should at this time, when men and women are all concentrated on war-work, the great 'Hartene Hair-Drill' exercise proved so universally triumphant. If you are in the least worried as to your hair health send immediately take advantage of the special Three-day Free Gift for the Hair and you will be able to avail yourself of this generous offer to learn of the most successful method of regaining, restoring and preserving hair-health."

This is your hair-health gift:

1. A bottle of "Hartene" the true scalp food and natural tonic for the hair.
2. A packet of the marvelous hair and scalp "Hartene" shampoo, which prepares the head for "Hartene."
3. A copy of the new edition of the secret "Hair-Drill" Manual.

After a Free Trial you will be able to obtain "Hartene" at 25c, 50c and \$1.00 per bottle. "Hartene" is sold in 25c, 50c and \$1.00 per box of seven shampoos.

Any of all the preparations will be sent post free on receipt of price direct from "Hartene" Co., 45 St. Patrick St., Montreal, Q. B. C. (Agents for advertisement on regular orders. Cheques and P.O.'s should be crossed.)

MASHED CARROTS AND CARROT CAKES.

Carrots are excellent simply mashed and dressed with butter. Any left over may be mixed with mashed potato and an egg, shaped into small round cakes and browned in butter.

Almost all dishes of carrots require a preliminary cooking. For the vegetable served in white or brown sauce, cut in slices or dice and heat up in the sauce. Add a tablespoonful of chopped parsley and seasoning. Serve this also in individual dishes; butter these, fill with the carrot mixture, sprinkle buttered crumbs over the top, add to them a bit of chopped chives and brown in oven.

If one does not care for the onion flavor, use a few pimentos or olives for seasoning. Slowly reheat garlicked carrots in meat stock until the liquid is completely absorbed by the vegetable. Add to the stock a tablespoonful of butter and a teaspoonful of sugar and cook until carrots are glazed by the stock.

LOCAL COUNCIL OF WOMEN

Long Program of Business Discussed at Yesterday's Meeting at Sherbourne House Club.

Mrs. A. M. Huetts presided at the meeting of the Local Council of Women held at the Sherbourne House Club yesterday afternoon. A long program of business included the consideration of resolutions brought forward by affiliated societies for adoption to the agenda of the meeting of the national council to be held in Ottawa, March 21 and 22. The committee on laws had a number of suggestions which were presented by convenor, Mrs. MacGregor, and liberally discussed by the meeting. One that was passed was that affiliated societies should be invited to share directly in the work of the standing committees.

The council took a decided stand against the non-printing of the health bulletin. It was decided that the council send six representatives to the meeting of the Ratepayers' Association, which is to be held shortly. A letter from Mrs. L. A. Gwynett was read, pointing out in reply to the suggestion made at the recent meeting on food production and conservation called by the local council—that grain should be taken by the government and sent overseas, and that if all that is needed were taken there would not be left a single grain in the country. The communication also stated that the time was not opportune for taking up the matter of sugar and ice cream. A special committee was appointed to look into the subject of employment bureaus. Two new societies were received in affiliation, the Westbourne Alumnae and the Y.W.C.A.

THE WOMAN WHO CHOOSES HER MATE

It is said the woman does the courting. The male thinks he chooses, but, in fact, he is guided, hinder and hinder (a merry game) by the invisible leading string of feminine art. Can this be true of fat ladies? Does the fat woman feel as safe her leading strings will hold as the girl with the line of beauty from top to chin?

Mere man knows as little of this as of other things feminine, but he has done one famous thing. He has developed a harmless and elegant fat reducer, the fat taken after meals and at bedtime reduces the fat girl's soul of fear of the fat. Anyone can get thin by its means—and quickly. It takes one or two tablets a day as indicated. The reduction is sure; it will be uniform; no articles or harm will result. Fat will go as it came—quietly—off the fattest places first.

The Marmola Tablet reduces strictly in accordance with the famous fashionable formula, 1/2 ounce Marmola 3/4 ounce Fl. Ex. Cascaia Aromatic 1/2 ounce Peppermint Water) never injures. It is cheap, also, a large bottle of the makers, The Marmola Co., 861 Woodward avenue, Detroit, Mich., or any druggist, costing only seventy-five cents.

PERTH-UPON-TAY I.O.E. CHAPTER

The year 1917 was a most successful one for the Perth-upon-Tay Chapter, I.O.E., Perth, Ontario. More than \$5,500.00 in cash passed through the treasurer's hands and every cent was devoted to some one of the many patriotic objects which have to do with the war and the comfort of the men overseas. The work rooms were open weekly and large numbers of earnest and enthusiastic women were glad of the opportunity to assist in providing the supplies so much appreciated both by the men and those in charge of the hospitals and convalescent homes. This chapter shipped during the year more than 2,000 pairs of socks and large quantities of hospital supplies of all kinds. While 1917 was the best year in the history of this active chapter, the officers and members have entered upon the work

HOUSE MOTHERS TO WATCH OVER GIRLS

Camps of Fruit-Pickers Will Be Looked After by Women.

PROVISION AND MOTHER

Government Has Provided for Welfare of Girls in Berry-Picking Time.

Women to the land movement has brought into existence another new department of work for women which was non-existent a few years ago. That great organization for the benefit of all young womanhood, the Y.W.C.A., has added to their departments of work a national service agricultural department, with the office at 332 West Bloor street, phone College 5718.

The Y.W.C.A. has undertaken the work of provisioning and chaperoning the camps for the women fruit-pickers. Growers must provide and equip the shacks or cottages with tents pitched close together.

The Y.W.C.A. will provide a house-mother for each of these cottages or camps. Her work will be to provide an early breakfast, do the cleaning-up and prepare and cook the dinner, serving same at 5.30 or 6 p.m. The fruit picker prepares her own box lunch, if taken, and makes up her bed; but does not do any other kind of work in the camp.

The Y.W.C.A. makes a very careful preparation to arrange for camp conditions, and offers will be received from women who desire to do this work; services may be voluntary or will be paid for. Only strong women and those who understand girls could successfully fill the positions of housemothers. Those women will be cooks and assistants in camp and kitchen.

This is an excellent opportunity for those who desire to do patriotic work, but who could not do fruit picking on account of the sun. The Ontario Government Employment Bureau has made arrangements with the Y.W.C.A. for this service to be given in districts where women fruit pickers are employed.

CAPTAIN WILL GIVE NAME

Officer Who Made Statement at Convention Feels Position Keenly, and Only Intended Good.

Captain George T. Bailey was yesterday afternoon released from the Toronto jail, where he had been confined since he made the now famous utterance "that 90 per cent. of the troops at the front were drunk on Christmas Day."

W. K. Murphy, jr., counsel for the prisoner, says that the captain feels his position keenly, and that he is ready to divulge the name of the officer who told him of the alleged drunkenness among the troops.

"Capt. Bailey's utterance," he added, "was made with the intention of having the convention use its influence with the government to entirely stamp out the liquor traffic among Canadian soldiers at home and abroad."

MEN'S CLUB FORMED.

Rev. Dr. W. G. Millar has organized a men's club at Bond Street Congregational Church. It will hold monthly men's banquets with speeches by prominent speakers, and hold Bible studies on Sunday mornings.

PLAYS, PICTURES AND MUSIC

Donald Brian in "Her Regiment."

Donald Brian, now appearing in the latest and most successful Victor Herbert musical comedy, "Her Regiment," for which William Le Baron, author of "The Very Idea," wrote the story and lyrics, will be the attraction at the Royal Alexandra Theatre all next week, starting Tuesday night, with the usual matinees on Wednesday and Saturday. Another note of interest attached to this engagement is found, that Donald Brian in this musical comedy is making his first appearance here since the dissolution of the well-known triumvirate in which Julia Sanderson and Joseph Cawthorn divided honors with him last spring. "Her Regiment" comes to us after a successful engagement at the Knickerbocker Theatre, New York, and is said to represent its gifted composer in his happiest mood, a welcome return to those days when he wrote "The Red Mill," "The Only Girl" and "Princess Pat," when he filled them with tunes of such bewitching and delightful quality. Then, too, it is said that its popular star has found in this new musical comedy the most engaging role that has come to him since the time of "The Merry Widow."

The supporting company, among others, includes Audrey Maple, Frank Moulton, Josie Intropoli, Hugh Chilvers, Orlo French, Jackson Hines, Cissie Sewell and Norma Brown.

"Les Miserables."

For the week of March 11 the attraction at the Royal Alexandra Theatre will be the William Fox picture-dramatization of the greatest fictional character in history, Jean Valjean, in "Les Miserables," with William Farnum in the title role. This presentation will be the first release in Canada of this picture, which, when it was presented in New York at the Lyric Theatre, enjoyed a run of many months to large and enthusiastic attendances. An augmented orchestra will add to the illusion created by the picture. Matinees will be given daily, commencing Tuesday. Reserve seats will be placed on sale Thursday at the theatre box office.

At the Princess.

The big feature picture which is to be presented at the Princess next week under the title of "20,000 Leagues Under the Sea," promises to reveal not only many unknown sights of the deep, but also one of the most ingenious inventions whereby the men who took their lives into their hands, went fifty feet beneath the waves to the bottom of the ocean and walked for miles, did so without an air pipe or other means of communication with the outside world. This was made possible by the helmet invented by the well known Williamson Brothers. There will be matinees daily, starting Tuesday at 2.20, with evening performances at 8.20 p.m. Popular prices for all performances.

Katzenjammer Kids at the Grand.

All of the comical cut-ups from the "Katzenjammer Kids" cartoons, appear in the big musical comedy version of the comic supplement pictures that will be presented at the Grand next week, commencing with a special matinee Monday. Hans and Fritz, the Katzenjammer, Der Professor, Der Captain, and all the rest of the funny characters of the cartoons take part in the swift moving action of the play.

Those who have watched the "Katzenjammer Kids" cartoons will realize the wonderful opportunity for comedy in a play made from the cartoons and all their expectations will be realized.

Next Week at Shea's.

Lady Duff-Gordon, better known in the world of fashions as "Lucille" and conceded to be the arbiter of elegance and the autocrat of fashions, so far as apparel for smart women is concerned, heads the bill at Shea's Theatre next week in her own original fashion revue, "Rie-

Samuels is a clever singing comedian, who has been described as "The Blue Struck" in "The Merry Mix-Up."

Announcement is made of the advent of the Henry F. Dixon (inc) "Big Revue of 1918" to the Star Theatre week of Monday, March 4, with the usual matinees. This unique organization, now in its fifteenth season, enjoys unusual popularity and is regarded as one of the big winners of the Columbia circuit.

Loew's Theatre. Almost uncanny in its coincidental effect is the present great drive which the heroic Italian forces are successfully making against the Austrian heights, and the remarkable battle scenes in "The Swastika" starring Maciste, the hero of "Cabiria," which will be shown the coming week at Loew's Yonge Street Theatre and Winter Garden, beginning Tuesday, with a special matinee in the Winter Garden.

The Hippodrome Bill. Wallace Reid's latest and best production, "Nan of Music Mountain," adapted from the novel of Frank Spearman, will headline the bill at the Hippodrome next week. It is a western feature, filmed in the Rockies, and is full of thrills from its start to its whirlwind finish.

Many who cannot be classified as regular burlesque patrons have, however, a few comedians on their list whom they never fail to go to see when the opportunity presents itself. Most of these have on their list the name of "Sliding" Billy Watson, so that they will be interested in the announcement that all next week that unique comedian will be seen at the Gaiety Theatre with "The Bur-

lesque Wonder Show." Watson will be seen in two screamingly funny books, entitled "Safe De Graft" and "A Merry Mix-Up."

"Woman and Wife." Alice Brady in "Woman and Wife," adapted from Charlotte Brontë's immortal masterpiece, "Jane Eyre," will be the feature attraction at the Allen Theatre today. In this story, beloved by millions of readers in every land, Miss Brady's interpretation of the luckless heroine adds new laurels to a crown already rich in worthy achievements.

Big Film at Strand. Today will be the last day on which "Her Silent Sacrifice," with charming Alice Brady in the leading role, will be presented at the Strand Theatre. The theatre will be closed all Monday ("heatless day"). On Tuesday and for the balance of the week there will be presented the world-famous million dollar William Fox production, "A Daughter of the Gods," with

Annette Kellermann in the title role. This photodramatic fantasy is one of the most spectacular, stupendous, and sensational achievements of the screen. Particularly beautiful are the marine scenes. When Annette Kellermann swims, she is a living and lovely poem of physical perfection and grace.

Today's opportunity to see the thrilling story, "The Flame of the Yukon," is one which Toronto picture fans will not miss. It is one

of the most thrilling pictures that have been shown at the Regent in some time. Commencing next week Mrs. Petrova will be seen in her first Petrova picture, "Daughter of Destiny." It is a drama particularly applicable to the present time in that it depicts diplomatic relations between two countries about to declare war.

Walthall at Madison. In "His Robe of Honor," which will headline the bill at the Madison Theatre on Tuesday and Wednesday next, Henry B. Walthall will be seen in the role of a "shyster" lawyer, who be-

comes transformed into a champion of integrity owing to the influence of a noble woman.

Heifetz on Monday. The violin recital next Monday evening by Heifetz is looked forward to with the keenest interest by the musical public. All evidences point to an immense audience. One of the leading New York papers in describing the art of Heifetz says: "It was astonishing, ravishing, thrilling, and the applause of the large audience was commensurate with the provocation for it."

TAX ALL ARREARS IN LARGE CITIES

Number of Public Bills Before Legislature at Yesterday's Session.

PUBLIC SCHOOLS ACT

Amendment Asked to Change Qualifications of Trustee Electors.

Private bills occupied the attention of the members of the legislature at a very short session yesterday, chief among which was one to allow cities over 100,000 population to levy a tax of six per cent. on arrears in taxes. J. A. Finard, East Ottawa, moved its second reading, saying that Ottawa had been obliged to borrow money because of inability to collect overdue taxes in the manner suggested.

William McDonald, North Bruce, and Sam Carter, South Wellington, would even go further and make the charge ten per cent. William Proudfoot, leader of the opposition, made the suggestion that without adopting the principle the house might send the bill to the municipal committee and this was done.

Another bill to be sent on to the same committee was introduced by Charles McCrea, Sudbury. The object of it is to increase the statute labour tax to \$5 a day. Mr. McCrea argued that in some sections foreigners were not paying anything towards township expenses. Collection thru employers is provided, and this brought the comment of Sir William Hearst that the point was important.

That the house should not hurry was the opinion of Mr. Proudfoot when George S. Henry's bill to relieve traction engine drivers of the necessity for planking bridges came up. The bill passed on to the legal committee for consideration.

One Vets' List. An amendment to the Public Schools Act moved by Mark Irish, Northeast Toronto, would stop many from having the privilege of voting for school trustees. It requires that a voter have the same qualifications as those voting for mayor or aldermen. He said the expense of two voters' lists would be done away with and that Ottawa, London and Hamilton were anxious to have the law changed.

Hon. I. B. Lucas, attorney general, defended the bill, but Mr. Proudfoot characterized it as a retrograde step and thought the qualifications should be lowered instead of raised. The bill was sent on to committee where it will be analyzed.

With the purpose of putting into effect a measure which was the subject of a treaty between Great Britain and the United States, Hon. Finlay Macdonald introduced a bill for the protection of migratory birds. There were two Toronto bills, one providing that a police magistrate will be always available in the larger centres, and one permitting the inspection of bookshops, were sent to the municipal committee.

MASSEUSES GO WEST.

Approximately 30 masseuses from the Military Hospitals Commission left Toronto for points west last night, where they will be engaged in military hospitals. Six were bound for Winnipeg, seven for Regina, seven to Calgary and eight to Vancouver.

CAN'T GET THE JOBS.

Hon. G. Howard Ferguson, minister of lands, forests and mines, made the announcement yesterday that men under the military age and students who have been exempted from military service in order to complete their courses will not be employed as fire cutters this season.

Letter From an English Tommy

Tells of the Exciting Campaign on the Gallipoli Peninsula.—A Present From a Canadian Soldier Which Proved Useful.

Essex, Eng., March 1.—Many an interesting story is told by soldier boys who served in the Gallipoli campaign. The letter quoted here from Corporal Tomlinson is not only interesting, but also contains information which is sure to prove of value to many of our readers.

Corporal E. Tomlinson of the 4th Essex Regiment of the British Army, writes: "I have just returned after taking part in the campaign on the Gallipoli Peninsula, and am writing to tell you how thankful I am for seeing some of Dr. Chase's Ointment with me. A Canadian soldier presented me with a box of Dr. Chase's Ointment when I was leaving for the front, and he was so enthusiastic over it that I decided to take it with me. We tried it first of all for putting on our faces after being blistered by the poisonous shrapnel and with which the peninsula abounds. We found that it afforded instant relief, and got to using it for all manner of minor wounds and grazes. Whenever my friends had troubles of this nature they came to me for Dr. Chase's Ointment."

"I need hardly say how thankful I was to get out alive, and fully made up my mind that if I did I would write and tell you how useful your Ointment was."

"This letter is appreciated, as are the many others which we are constantly receiving in recommendation of Dr. Chase's Ointment as a cure for eczema, piles and every form of itching skin disease."

"It is interesting that you insist on getting the genuine, bearing the portrait and signature of A. W. Chase, M.D., for imitations only disappoint. Please look at recommendations of Edmondson, Bates & Co., Limited, Toronto."

SUPREME COURT WRIT AGAINST EXECUTORS

Son and Daughter of Late Robert Davies Ask to Have Will Set Aside as Not Latest.

In the supreme court yesterday afternoon a writ was issued by S. W. Burns, on behalf of Melville Davies and Caroline Reinhardt, son and daughter of the late Robert Davies, Todmorden, against the executors of the will of the said Robert Davies, namely, Adam W. Ballantyne, Harry S. Jarvis, George Taylor Davies and Margaret M. Davies and several other defendants under the said will, to have the same set aside and a later will established, and to have the court remove two of the executors, Adam W. Ballantyne and Harry S. Jarvis, as such executors, and to have the executors account for the moneys which may come into their hands of the late Robert Davies, whose will was probated for over \$1,500,000. It also calls for the administration of the estate of Robert Davies by the court and for an order directing the executors, or one or more of them, to pay over certain life insurance moneys received by them, or one or more of them.

The plaintiffs' claim is to have the paper writing bearing date on or about the 28th day of June, 1910, and alleged by the defendants to be the last will and testament of Robert Davies, brick manufacturer, late of the City of Toronto, and probated as such in the surrogate court of the County of York on the 18th day of July, 1912, and declared not to be the last will and testament on the ground that Robert Davies made another will subsequent thereto in or about the year 1912, which revoked the first will mentioned, and to have the later will established and declared to be the last will and testament of the said late Robert Davies, or in the alternative, in the event of the destruction or loss of the said will of 1912, and the inability to prove same, to have it declared that the said man died intestate. Adam W. Ballantyne and Harry S. Jarvis, by removed by the court as executors and trustees of the alleged will of June, 1910, or any subsequent will, and asks for an order directing the defendant executors and trustees to account for the moneys, securities and properties which may have come into their hands as such, and for the administration by the court of the estate, and for an order directing the defendants, executors and trustees, or one or more of them, to pay over certain life insurance moneys wrongly collected by them under policies upon the life of the late Robert Davies.

GETTING MORE POWER NOW.

Twenty thousand extra horse-power in electrical energy is to be delivered immediately to the Hydro-Electric Commission by the Canadian Niagara Power Company, following a conference held yesterday. This power should have been available some time ago, but the breakdown of two machines rendered delivery impossible. The extra power will help, it is thought, in the solution of the present power problem.

COUNSEL FOR MRS. NEALS.

Hon. I. B. Lucas, attorney-general, has written a letter to Mrs. Neals, mother of the late Gunner Neals, telling her that she may secure compensation for her son, and stating that the coroner, Dr. Arthur Jukes Johnson, and Crown Attorney Thurston had been instructed that the inquest was to be of such a nature as to permit of all evidence touching the case.

IMPRESSION IS INCORRECT.

Provincial Veterans' Convention Will Not Amend Constitution.

W. E. Turley, provincial secretary of the Great War Veterans' Association for Ontario, stated yesterday that the impression that "the provincial convention which is to meet in Hamilton the end of May would likely amend the constitution of the association was incorrect. It was true, however, that amendments with respect to the convention for consideration, and that they had in view the extension of membership privileges to those not at present in possession of these privileges. Further than this he felt it would be inadvisable to publish consider the matter."

SECRETARY IS ILL.

Fred Moss, the popular secretary of the Riverdale and East End branches of the G. W. V. A., was unable to be at his post yesterday owing to illness.

LANDLORDS SHOULD WAIT.

Soldiers' Wives Sometimes Do Not Get Allowances Promptly.

A very interesting fact has been brought out in connection with certain Jewish landlords in the city. Quite often the wives of soldiers overseas do not receive their separation and other government cheques on time, and this results in considerable, and temporary, financial embarrassment. W. E. Evanson, secretary of the Parkdale branch of the G. W. V. A., stated that a number of these landlords were taking advantage of this situation and threatening the women with ejection. This was a state of affairs which could not be tolerated, and the landlords would be well advised to get more information upon the subject before augmenting the worries of the soldiers' wives.

"There is no doubt that for various reasons the government is hampered in its work on behalf of the soldiers' dependents, and that the women occasionally have to wait weeks at a time before receiving their cheques," said the secretary, who referred to the case of one soldier's wife who had received the beginning of December since a day or so ago, when she got a cheque for \$225. During the waiting period she had been well against it and had been forced to support herself and her family as best she could. Landlords, said Comrade Evanson, would be well advised to deal leniently with such cases as this.

WORKING MEN

Demand a Non-Intoxicating But Better Beer

Will Ask the Ontario Government to Change the Standard From 2 1/2 Per Cent. Proof Spirits to 2 1/2 Per Cent. Alcohol.

Every workingman of Toronto is invited to join in a deputation of workingmen from all sections of Ontario which will wait on the Premier, Sir William Hearst, at the Parliament Buildings

TODAY

At 3 o'Clock

to ask that the standard of Temperance Beer be raised from 2 1/2% proof spirits to 2 1/2% of Alcohol. (Proof Spirits are made by mixing equal parts of water and alcohol so that 2 1/2 per cent. proof spirits represents less than 1 1/4 per cent. of absolute alcohol by weight.)

This raising of the standard of the beer will make it a wholesome, nourishing, refreshing, and satisfying beverage, yet it will be STRICTLY NON-INTOXICATING, no matter in what quantities it is consumed.

The adoption of this standard will do away largely with the use of harmful drugs.

Not one of the warring nations outside Canada has adopted total prohibition. Great Britain the first of this year increased the output of the breweries by 33% so that the workingmen might have their beer.

Members of the Great War Veterans' Association and all returned soldiers are invited to join in the deputation. Join in swelling the numbers. Help to make an impressive delegation. Come out in force this afternoon.

GRIMSBY HAS LIVE BRANCH.

Town Has Sixty-Five Veterans of Great War

The Grimsby branch of the G. W. V. A. has been in existence a month, and according to the report received from its secretary by the provincial secretary, its membership comprises 65 with only 2900 people, yet during the existence of the new branch it has received more than \$700 in grants from the town and township councils and from the proceeds of entertainments. Progress is that of Timiskaming, this branch reporting a membership of 90 at a time before receiving their cheques," said the secretary, who referred to the case of one soldier's wife who had received the beginning of December since a day or so ago, when she got a cheque for \$225. During the waiting period she had been well against it and had been forced to support herself and her family as best she could. PTE. W. BARKER WOUNDED.

Son of Arthur Barker, Swansea, is Casualty Second Time.

Arthur Barker, of 112 Durie street, Swansea, and a member of Local 2639 of the Brotherhood of Carpenters, yesterday received a cablegram from a casualty clearing station in France stating that his son, William, had been wounded for the second time. Pte. Barker enlisted about two years ago with the 90th Battalion, and went to France while the Battle of the Somme was at its height. He was then wounded after he had been in the trenches for four days, receiving shrapnel in the head. Three months later he was again on the firing line trenches and in due course got into the scrap at Passchendaele, receiving the Military Medal for conspicuous action on the field. His latest wound is a gunshot in the arm.

LIVE STOCK MARKET

As anticipated, there was only a light delivery of cattle at the Union Stock Yards yesterday—about 285—but added to the bunch of left-overs from Thursday's trading, they made up quite a respectable light market. The market was not a very brisk one for the cattle, but while the prices were no better than on Thursday, everything is now pretty well taken, and everything is now pretty well closed up. A few loads, not many, came in too late to go on sale yesterday, and will stand over until Monday.

The receipts of cattle during the week were 6285 head; calves, 644; sheep, 758, and hogs, 11,008, or a total of 394 cars in all.

Chicago, March 1—Receipts—Cattle—Receipts, 300. Opened steady; closed easier. Calves—Receipts, 1200. Steady; \$7 to \$17.75.

Hogs—Receipts, 3200. Irregular; heavy and mixed, \$17.85 to \$17.90; Yorkers, light Yorkers and pigs, \$17.90 to \$18; roughs, \$16.25 to \$16.35; stags, \$13 to \$14.

Sheep and lambs—Receipts, 3600. Active and strong; lambs, \$13 to \$17.85; yearlings, \$11 to \$15.25; wethers, \$12.25 to \$13.75; ewes, \$7 to \$13; mixed sheep, \$13 to \$15.25.

WINNIPEG CATTLE MARKET.

Winnipeg, March 1—Offerings at the yards today were 300 cattle and 1085 hogs. Cattle and hog markets were steady. Quotations: Butcher steers, \$7.30 to \$12; heifers, \$6.30 to \$10.50; cows, \$4.50 to \$7.75; bulls, \$6 to \$8.50; oxen, \$5 to \$9; steers and feeders, \$7 to \$9.25; veal calves, \$6.50 to \$12; hogs, season, \$15; heavies, \$14 to \$16; sows, \$12 to \$13; light, \$14 to \$15.

Exports of Corn WILL BE HEAVY

Prospect of Large Shipments Stiffens Prices in Chicago Market.

Chicago, March 1—Virtual certainty of a liberal and sustained export demand gave firmness today to the corn market. From the outset prices showed a slight advance, and there was a steady close at the same as yesterday's finish to a shade higher, with March \$1.27 1/2 and May \$1.27. The outcome is one ranged from a shade off to gains of 1/4 to 3/4. Provisions rose 5 to 7 1/2 to 2 1/2 cts net.

Corn traders devoted chief attention to notices that until March 10 the food administration would take 600,000 bushels to 750,000 bushels daily for export. The fact, however, that the market for future delivery was already near the maximum limit on values left but little incentive to speculative bulls. Complaints of failure of eastern roads to provide cars for shipment tended also to check any decided upturn. The result was that during much of the session dealings in futures were at a complete standstill, and details of price changes had no special significance, the average being higher as a result of consecutive cancellations of arrivals. Bearish estimates of farm reserves led at times, tho, to considerable selling, especially of the May option.

Commission house buying lifted provisions, despite weakness in the hog market. Offerings were light through the day.

Strong Demand for Fidelity Shares!

Our first offering of Fidelity Mining and Dev. Co. shares has met with marked success.

Subscriptions have been coming in by phone, telegraph and mail. It looks as if this first offering of 100,000 shares at the special price of

20 Cents a Share

is going to be quickly taken up.

The next allotment will be at 25 cents a share.

Your opportunities for profit will be larger if you invest now.

This Company has no debts and holds valuable gold properties ripe for development. In particular, the properties in the Township of Skead, on which very rich ore is available for sacking and shipping, and the properties in the heart of the Kirkland district and adjoining the La Belle Kirkland, are of the highest order. The two latter properties lie adjacent to proven mines.

In our opinion success is only a question of careful and efficient management plus good financing. These essentials are well taken care of and we look for steady and notable development progress by this company.

Women's Stunning Sample Suits \$22.50

It is one of those rare occasions you cannot afford to miss—the opportunity to obtain a model suit at the strikingly moderate price for which we offer these high-class garments.

Misses' Suits Specially Priced Today

This sale, which begins at 8.30 a.m. today, is one that every miss and small woman who wants a high-grade moderately-priced suit should attend.

The coat of one serge suit has a deep knife-pleated pelium, while the belt and sleeves are finished with unique bone buttons.

The miss who clings to the tailored style will be greatly attracted by another model. The coat is semi-fitted at the back, has a waistcoat front.

Misses' Effective Spring Coats As Striking in Value as in Appearance

You will be surprised that we are able to offer them at so moderate a price when you see the lovely materials from which they are made.

Burella cloth, in lovely shades of rose, sand or new blue, is seen in another style. The back of this coat is most interesting, being pleated and caught into a semi-fitting effect by the cleverest three-fold belt.

Some are of the popular covert cloth, in a clever tailored style, with panelled, chic button details.

A coat of gabardine may be had in green, navy, taupe or sheonet tan. Striking features are the fancy slant pockets, smart collar and buckle-caught, button-trimmed belt.

Women's Serge Skirts

They are neatly-tailored, in several smart styles, from good quality black and navy serge.

Misses' Taffeta Skirts

These clever little skirts are made from extra fine quality navy or black taffeta, and finished with prettily shirred tops, novelty pockets and button trimmings. Price, \$6.75.

Attractive Frocks

The Values of Which Will Also Appeal For Misses

Serge Frocks in coat styles, short boleros, straight line effects with pony-coat bodies, tailored and paneled styles are among the many designs shown in these smart, moderately-priced street frocks.

For Women

Imported Frocks, made from soft, lustrous taffeta, that most favored of all spring dress materials, in shades of grey, tan, green, navy and black.

Such delightful trimmings as rich beading and embroidery, in old gold and contrasting colors, touches of cream broadcloth, large pearl buttons, much sou-tache braid add to their effectiveness.

For Women

Also ask to see the many designs in taffeta dresses, priced at \$22.50.
