ONE CENT

TWENTY-SEVENTH YEAR
RIOT JURY INDICTS MANY
TWO DISSIDENT FROM VERDICT
FOR KILLING OF STRIKERS

MacLaren Brothers, Special Con-
stabables and Coroner Rodrigue
Held Responsible for Deaths of
Belanger and Theriault at
Buckingham.

ACCUSED ARE ON PAROLE
TO APPEAR SATURDAY

"That Thomas Belanger and Fran-
cois Theriault came to their death
in the course of a riot, being killed by
Frank Kierulff and John C. Cummings
of Buckingham, Pierre Picard of Mon-
real, Roy Ingram of Montreal, F. W.
Warner (deceased) and the other special
constables, shooting at them in such
circumstances that they should be sent
before the criminal court."
"We also find that Albert MacLaren
and Alexander MacLaren, both of the
Town of Buckingham, are guilty of their
death in bringing those constables
in and should go before the criminal
court."
"We also find that Adelard Hamelin,
Eliane Charotte, Louis Landry, Jean
B. Clement, Collier Bastien, and
Robinson Croteau, all of the Town of
Buckingham, aforesaid, and many
others, are guilty in that they accom-
panied these men in this riotous as-
sault in which they met their death
and should be sent before the criminal
court."
"We also find that Dr. Alexandre
Rodrigue of the said Town of Buck-
ingham (coroner) is more guilty than
any of the other magistrates in the
length in that he anticipated serious
trouble and neglected to do his duty
and that he should go before the
criminal court."
"Two jurors do not agree to this
verdict, Mose Goulette and Janvier
Hamelin."
Buckingham, Que., Oct. 31.—(Special).
—Fourteen out of sixteen jurors in the
Belanger-Theriault inquest to-night
agreed on a sweeping verdict in the
terms of the above.
The verdict was entirely along the
lines of Coroner McMahon's address,
which occupied an hour in the deliv-
ery, and the jury was out four hours
and a half.
One of the dissenting jurors, Janvier
Hamelin, is related to the indicted
Adelard Hamelin.
All of those indicted appeared before
Coroner McMahon after the inquest,
and were allowed to go on parole till
2:30 p. m. Saturday.
J. Lamontagne, legal adviser of the
striker's union, says he is pleased with
the verdict, but the coroner for the
other side intimates that objection may
be taken to the charge of the coroner
on some legal point to be interpreted to
the jury. In all, 99 witnesses testified
in the inquest.
Ed Guerin, K. C., crown prosecutor,
says the most important part is to
come yet.
The coroner frequently remarked that
there were many perjuries in the evi-
dence. He made special reference to
Coroner Rodrigue's failure to do his
duty in the critical moment. The ver-
dict caused an immense sensation.

JILTED AT THE CHURCH.
Ottawa East Young Woman Waits
for Groom Who Changed Mind.

Ottawa, Oct. 31.—(Special).—Ottawa
East fair circles were agitated to-day
by the jilting of one of the young la-
dies of the village, who was gownned
and waiting to meet her lover at the
altar in Holy Trinity Church at 2
o'clock. The rector was also ready,
but a previous inking that the groom
would not appear prevented a scene in
the church.
The groom—who was to be worked in
the car shops, and it is said that yes-
terday he removed his tools and prob-
ably left for parts unknown last night.
The bride is a pretty French-Cana-
dian Protestant, and is seriously grieved
by the despicable trick played her.

LOOKS PROBABLE.
London Paper Thinks G. T. R. Fleet
Must Come.

(Canadian Associated Press Cable).
London, Oct. 31.—Referring to the re-
port that the G. T. R. is placing orders
for steamships, The Telegraph says it
is just one of those developments which
seem so probable that even official
denials will scarcely satisfy those who
are convinced that the new departure
must come.

TWELVE PAGES—THURSDAY MORNING NOVEMBER 1 1906—TWELVE PAGES

SENATOR COX AND COBALT
HAS NO INTEREST IN CAMP

Not Connected With Trethewey
Purchase—Report That Beaver
Has Changed Hands.

The World made a somewhat seri-
ous error yesterday in stating that
Senator Cox had been to Cobalt and
had joined Mr. McCuaig in the syn-
dicate which has got control of the
Trethewey mines. The mistake was
caused by misreading at a late hour
a cipher despatch. The World, there-
fore, insofar as it connected Sena-
tor Cox with the proposition, admits
a mistake which it now corrects.
Senator Cox assured The World last
night that he has not been to Cobalt,
nor is he interested in, or with in-
tentions of becoming interested in,
Cobalt stocks. All The World can say
is that it was not surprised to hear
that Senator Cox had gone to Cobalt
to see that great mining centre.

In fact, it now respectfully suggests
to the senator that he should go
up and see it. The World is confident
he would say on his return what The
World yesterday erroneously credited
him with saying, namely, that Cana-
dians did not know what they were
letting pass their door.

However, the re-organization of the
Trethewey, as was stated, Cobalt, has
a large portion of the money has been
put up, and a syndicate is formed,
and the deal is one of the most im-
portant that are taking place in con-
nection with Cobalt.

But how anxious some of our good
readers of the press are to discredit
The World's Cobalt mining news,
and how anxious others of them are
to challenge The World's leadership
in telling the story of this silver camp
from day to day.

And yet we are simply giving the
news as fully and as accurately as
we can give it. We have, and have
had for months, the only resident spe-
cial correspondent in the camp. We
have had a corps of special writers
visit the camp from time to time, and
we keep tabs on all that transpires in
Toronto in connection with these
mines. As a consequence, The World
is read by everyone at all interested
in Cobalt. It is the most sought for
Canadian paper in and around Broad
street and Wall-street in New York,
and what is more significant, nearly
everyone of the floating army of Co-
balt pilgrims who are now daily pass-
ing thru the King Edward Hotel has
a World sticking out of his pocket.

The influx of Americans yesterday
in Toronto on their way to Cobalt was
simply appalling. The King Edward
was full of them, and the train that
went up last night to North Bay and
Cobalt was made up of nothing but
capitalists on their way to the silver
city.

It was announced that a strong and
representative body of Americans had
been placed in charge of the Foster
Cobalt Mining Company, who intend
pushing the work of development as
fast as conditions will permit.

First-class machinery and plant have
already shipped to the mines. The
following comprise the new board:
President, W. K. George; Vice-presi-
dent, W. H. Blake; directors, H. S.
Strathy, C. A. Foster, W. C. Kerr.

It was told yesterday, the official
confirmation lacking, that the Silver
Cobalt Mining Company had changed
hands and had passed into the pos-
session of a syndicate. The purchase
price was placed in the neighborhood
of \$140,000, on which a substantial pay-
ment has been made, with the balance
payable in three equal amounts within
the next six weeks. The Beaver has a
20-acre claim adjoining the Temiskam-
ing. The company is capitalized at
\$500,000 in \$1 shares. While the sale
could not be confirmed, it was declared
by one in a position to know that ne-
gotiations had been going on for the
transfer of shares on a scale that would
be sufficient to provide a controlling
interest. Montreal and Cobalt people are
principal holders.

They Good to Believe.
A party of New Yorkers passed thru
the city yesterday en route for the
camp to verify the report of an en-
gineer sent some time ago in regard
to a copper and lead proposition. The
engineer's report was so amazing that
the capitalists were incredulous and are
now accepting his invitation to them-
selves visit the place with another ex-
pert to verify the original calculations.

Cobalt reports say that the Silver
Queen shipped yesterday and La Rose
and Nipissing the previous day.

REGISTRAR FOR PEEL.
Robert Johnston, Ex-M.P. for Card-
well Secures the Appointment.

Robert Johnston, Mono Mills, has
been appointed registrar of Peel Coun-
ty, the office left vacant by the death
of Registrar K. Chisholm.

Opened Ballot Box Just to "See How"
Got Money Lost by 2 Who Voted Wrong

Wm. Spence, D.R.O., Relates the
Story of His Temptation and
Fall—Geo. Gibbons Declares
His Fight Was Always for Pure
Elections and He's Glad for the
Exposures.

THE CONFESSIONS OF A D.R.O.

"I yielded to the temptation. That was my only excuse. I'll
explain: I have been tempted for years, but never yielded. All
along I considered it a great crime, but on this particular night I
felt down. Mr. Serviss invited me to stay for tea, and after tea we
went up town to get the returns and met Sifton. That's where I
made the mistake. I should have taken my box and gone home.
Sifton urged me to go back and go over the ballots and see which
of the voters had gone back on their promises. Under the im-
pulse of the minute I went back, altho I felt guilty at the time.
I don't know who opened the box, but Sifton went over his list.
I had the key, but I don't know whether Sifton or I opened the
box. It was about 8 o'clock at night. Serviss knew all about it.
I got ten dollars—the money of the two parties who did not vote
right, Steve Collins and one of the Gibbons. I knew it was a seri-
ous crime, but I did not do it for the \$10. It was merely to see
how they voted. I had been asked several times to tamper with
the ballot boxes, and was offered money by a stranger, but never
yielded to the temptation. I abstained from taking any part in
elections where money was connected. I yielded only once and I
felt guilty.—Evidence of Wm. Spence, of London.

VOTERS AT BROCKVILLE
GIVEN PREPARED BALLOTS

"They tempted me several times and
at last I fell."
So said William Spence, of London,
deputy returning officer, as he yester-
day explained to Magistrate Denison
the circumstances leading up to the
illegal opening of a ballot box. He had
not done it for money; it was to see
whether Steve Collins and another had
voted right. Deputy returning officers
had marked the ballots, and when they
were exposed in Wm. Serviss' house it
was shown that the two men hadn't
earned the bribe money that was to
have been theirs. Spence said he had
been urged by Sifton to open the box.

George Gibbons, K.C., of London,
president of the Liberal Association,
made a strong denial that he had ever
countenanced crooked work and enter-
ed into a long statement to prove that
election history in London laid cor-
ruption at the doors of the Conserva-
tive party. Speaking of the earlier Hy-
man election, he said: "No party ever
tried harder to carry on pure elections,
and no man on God's earth did more
than I did."

He said that Collins' appointment as
a deputy returning officer was a
serious mistake, and related his refusal
to "bribe the briber."
He had always tried to carry on elec-
tions without the illegal use of money;
he knew that in the last election this
policy had not been carried out, and he
was glad the exposures have resulted.
The respectable voters in London like
good, clean politics, he said.

The Brockville elections were touch-
ed on, too, and Rufus Smith related
having been promised \$100 to slip in
prepared ballots marked for the Lib-
eral candidate. He had agreed to do
the job, but hadn't. He had promised
just to "keep in" with the party, he
said.

Begins With Brockville.
When the case opened yesterday
morning Antoine Winding of Brock-
ville was the first witness called. He
told of the election trouble and tricks
in the Comstock-White election. A man
named MacNabb came to him and told
him to look after two men named
Macintosh. He gave him ballots
marked for Comstock to give to them.
They were to put these ballots in the
box and bring back the ones they
got from the returning officer. They
would get \$10 each, but the witness
was not paid. He did not know Lew-
ellyn.

FIELDING EASY WINNER
OVER WELDON IN QUEENS

Finance Minister Returned to Par-
liament With Majority of
One Thousand.

1896—F. Forbes, Liberal.....108
1900—Hon. W. S. Fielding, Lib., 383
1904—Hon. W. S. Fielding, Lib., 385
1906—Hon. W. S. Fielding, Lib., 385

Halifax, Oct. 31.—Complete returns
of the Shelburne-Queen's by-election
make Hon. W. S. Fielding's majority
4001. The total vote was 92 less than
in the general election of 1904.

FIELDING'S SWEEP.
Halifax, N. S., Oct. 31.—(Special).—
The election in Shelburne-Queen's to-
day resulted in a victory for Finance
Minister Fielding by about 1000 major-
ity over R. C. Weldon, the Conserva-
tive candidate.

The campaign has been remarkable
in several respects. Never before
have the Liberals in this province
made such desperate efforts to win
an election. From fifteen to twenty-
five platform workers were in the
constituency continuously during the
past two weeks, holding meetings
day and night. The officials of the
Dominion and local governments in
the riding and outside of it, made the
fight their own, and made every effort
to secure the election of the finance
minister.

The Conservative workers, led by
Dr. Weldon, the few in numbers, put
up a clean, hard fight against great
odds. Fielding's majority in 1904 was
385 over J. J. Ritchie, K.C.

SPY AND INTRUDER.
Visit of U. S. Warship to Newfoundland
land Inland to Colony.

(Canadian Associated Press Cable).
London, Oct. 31.—Judge Proves
writing from St. John, N. B., in The
Standard, relative to the action of the
Newfoundland government compelling
the United States warship Potomac to
pay duty on supplies, declares the Po-
tomac came as a spy and intruder.

Her visit was an insult to Newfound-
land, and a breach of international
courtesy, which no government but a
British Liberal cabinet would tolerate
for a moment. The English people, he
says, would approve the conduct of the
colonial government.

LIVED OVER A CENTURY.
Amprior, Oct. 31.—The oldest resi-
dent of this district died on Tuesday
in the person of Samuel Williams, at
the remarkable age of 103 years. He
had been in fair possession of all his
faculties, and was quite smart until
recently.

THE BETTING.
New York Sun: Election odds on Bond-street
yesterday followed the opposite course to that
of the previous day. They opened at 3 to 5
Hughes, declined to 11 to 4 and closed at 1 to 2.
The bulk of the day's betting was at 3 to 1 in
the afternoon no takers could be found for an
offer of \$10,000 against \$2,500 on Hearst made
by G. W. Wood. Mr. Wood's offer was all or none
proposition. He had offers amounting in the ag-
gregate to more than the sum called for, but these
offers were in broken lots.
More than \$2,000 was placed on Hughes at 3 to 1.

ACTIONS AGAINST HEARST NEARLY FIVE MILLIONS

With Other Damage Suits Not on Calendar \$7,500,000 Will Be Involved.

New York, Oct. 31.—The World says: On the calendars of the supreme court in New York County are actions against W. R. Hearst's newspaper properties for libel damages aggregating \$2,400,000, while on the calendar of the supreme court in Brooklyn are like actions aggregating \$500,000. Actions pending in the local United States circuit court amount to \$125,000 more, or a total of \$3,025,000 of libel actions already on the court calendars in these two counties. In addition to this, as a result of the fireworks explosion in Madison-square election night, 1902, when, under the auspices of Mr. Hearst and his newspapers, a big celebration was held, damage actions in behalf of the persons killed and injured are pending to the aggregate of \$1,449,000. This makes a total of \$4,474,000 of actions for damages against Mr. Hearst and his corporations on the calendars of the courts.

Because of the fact that attorneys do not have to file the calendars of actions until the cases are ready to go on the calendars for trial, there are a large number of libel actions which have been brought against Mr. Hearst's newspaper properties which do not yet appear on the court records. Such unrecorded actions, together with the accrued interest and costs on the actions already on the calendars, make it estimated \$7,500,000 involved in the litigation now pending against Mr. Hearst and his various interests.

Such being the situation, it is no wonder, say the judicial nominators, that Mr. Hearst made a deal with Charles F. Murphy in this county whereby he could nominate in such a way as to receive the normal Democratic majority obtained in the county, several supreme court candidates who might reasonably be expected, of placed on the bench, to look with a jaundiced eye on Mr. Hearst's interests in pending litigation.

Mr. DuVernet signified he was thru, Mr. Curry wanted to know why Mayor Beattie had not been brought in from London to identify O'Meara, had not been called, and the crown counsel explained that the matter had to do with the fact that he did not know O'Meara well enough to identify him. The magistrate, however, said that he would not say that he was the man arrested in London.

Mr. DuVernet signified he was thru, Mr. Curry wanted to know why Mayor Beattie had not been brought in from London to identify O'Meara, had not been called, and the crown counsel explained that the matter had to do with the fact that he did not know O'Meara well enough to identify him. The magistrate, however, said that he would not say that he was the man arrested in London.

Mr. DuVernet signified he was thru, Mr. Curry wanted to know why Mayor Beattie had not been brought in from London to identify O'Meara, had not been called, and the crown counsel explained that the matter had to do with the fact that he did not know O'Meara well enough to identify him. The magistrate, however, said that he would not say that he was the man arrested in London.

IDENTIFICATION OF O'MEARA WITNESSES GO INTO DETAILS

Color of Eyes and Hair and Description of the Clothing Worn.

The charge of perjury against John O'Meara of London was gone on with before Magistrate Denton yesterday morning and the crown produced several witnesses, who attempted to identify O'Meara as the man arrested in Brantford during the Heyd-Henry election of 1907. Several witnesses positive that O'Meara was the man, but in details as to dress and other points they were not all of one accord. The case was remanded until to-day, when O'Meara's father will be the witness. Magistrate Denton would not accept bail.

Richard Taylor of Brantford, who was outside scrutineer at polling sub-division No. 21, stated that he recognized the prisoner as a man who came to the door and said his name was Augustus Brown. Witnesses told him that that man had been dead for years, but he went in and voted.

Mr. Curry then cross-examined Taylor, admitted that he was busy at the time and that he had only seen the man for a minute and had not seen his face, giving a description of the man in Brantford. Taylor thought that he had seen grey hair and that he wore an overcoat and a straw or felt hat and not a fur cap.

William Brenner swore that he saw the prisoner in sub-division 7 of Ward 2 yesterday morning. He drove up with a man named Blomfield and went in the polling booth about 10 o'clock. The witness was in the room when he saw the man, and he told him that he had already voted.

"Do you think he voted for you?" asked his counsel.

"No doubt about it," said the witness. Witnesses saw the prisoner again driving out the Paris-road. The man was dressed in a dark overcoat and a dark fedora hat. His mustache was black, as it is now.

By the Color of His Eyes. William J. Graham, a school teacher, had taken a good look at the personator arrested in Brantford and had even gone up the street to study the contour of his face. He wore a fedora hat and a brown coat. He was positive that the prisoner was the man, also he was white hair.

To Mr. Curry, witness said that he took particular notice of the eyes, nose and other features of the man arrested, and would swear that the man at Brantford had dark brown eyes and a short black mustache. O'Meara stood up and his attorney announced that his eyes were hazel.

Sergt. Detective Wallace of Brantford, who arrested O'Meara in London, said that in Brantford O'Meara had on a stiff hat and an overcoat. He thought the man's eyes were brown.

"If they were not brown," asked Mr. Curry, "is he the man?"

"How do you know him, then?" "Instinct," said Wallace.

O'Meara says you and Egginton were standing at Carleton street in London, and he came up with Lewis, and said, "Hello, Bah!"

H. K. Osborne, secretary of the conservative Association in Brantford in 1907, saw O'Meara in London. He saw him come and look out of the back door of the Liberal committee room, when the police were going in the front. He was a striking looking man, with a fringe of grey hair and a black mustache.

"He looks very like the man," said Mr. Osborne.

"Do you think it's reasonable after ten years for you to identify this man?" "I haven't identified him. I say he is like him."

Candidate a Witness. Robert Henry, who ran against Heyd in Brantford in 1907, had seen O'Meara twice, and had also seen O'Gorman.

"What name did he go by in Brantford?" asked Mr. Curry.

"Johnston, I think."

"What kind of a hat did he wear?" "A black hat with a stiff hat."

"Was his hair as white as it is now?" "Very little difference."

"I'm told O'Meara had a very heavy head of hair ten years ago?" "Not when I saw him. He would not be the man who was arrested."

"And you saw the man who was arrested?" "Yes."

"In view of almost the certain impossibility of identifying this man, after ten years, do you think it's reasonable to say he is the man?" "I think so, as about have him."

"I don't feel disposed to give him there's no evidence to support it. I'm tired of it," said the magistrate.

"No matter what amount of who are the boundaries?" "No."

"There's enough evidence to commit. When I saw the man, he is the man," said the court. "It's pretty strong evidence."

HAMILTON HAPPENINGS CATARACT ASKED TO RENEW CONTRACT ON GAS AGREEMENT

Four-Year-Old Daughter of Matthew Hayes Dies Suddenly—Sister St. Felix Dead.

Hamilton, Oct. 31.—(Special.)—Helen, the four-year-old daughter of Matthew Hayes, International Hotel, corner of James and Barton-streets, died suddenly this evening after a few hours' illness. The funeral will be held on Friday afternoon at 2 o'clock.

Sister St. Felix, formerly Miss O'Hara, Chesley, died this afternoon in St. Joseph's Hospital, after an illness of six weeks. Typhoid fever was the cause of her death.

May Not Use Gas. The city modified the Cataract Power Company this morning not to cut off the 70 or 80 arc lamps it decided a short time ago to do away with, and there is a doubt in the minds of some city officials as to whether the electric lights will be cut off at all.

Fitzsimons & Keith, Toronto, were given the contract to supply gas boulevards and to take the place of the electric lights, and they have placed an agreement in the hands of the city solicitor that they were not to accept.

It is feared that the city and that firm may not come to terms, and that the city will be forced to continue to use the Cataract Company's lamps.

Orphan Asylum Officers. At the annual meeting of the Hamilton Orphan Asylum this afternoon, the following officers were elected: The following, hon. president; Mrs. Renwick, president; Mesdames Renwick, Gunn, Wade, George, Fairbrother, Strachan and Sutherland, vice-presidents; Mrs. Strath, treasurer; Mrs. R. L. Gunn, secretary; Mrs. N. D. Galbraith, recording secretary; Mrs. W. J. Waugh, financial secretary.

Quiet Halloween. Halloween passed off rather quietly, although the city was visited by a number of complaints about missing gates, pieces of planking, sidewalk and the like.

Attempted Suicide. About two weeks ago Eugene Lanouette was married to Miss Mary Donohue of Brantford, and so much trouble accompanied the wedding that two weeks that he tried yesterday to take a short cut out of them and his life at the same time by using a razor. That he was the subject of a coroner's inquest instead of being in the hands of the law is due to the quick action of the boys in the house in which Lanouette lived, in preventing him from slashing his throat.

Lanouette was charged with attempting to commit suicide. In the morning, he was remanded for a few days. After his marriage he brought his wife to his home on Wellington-street. The two women, it is said, did not get along well together, and as a result the bride packed her trunk and went back to Brantford. Her husband tried to drown his sorrow in the flowing bowl, but there was too much to be drowned, and he tried to end his life by using a razor. He was prevented from cutting his throat, and he was taken to the hospital.

The city will establish a record this year in the amount of building permits issued. It is expected that they will amount to \$2,000,000.

D. R. and Mrs. Dewey of the Dewey & O'Heir Ice and Fuel Company have issued writs against the company and Hugh O'Heir to restrain him from issuing bonus checks for alleged services; for an account of the company's business; for payment of dividends on the shares of the company, and for an order to restrain the company from wasting its assets. Mr. Dewey also asked that the writ be against Mr. O'Heir to compel him to repay moneys received by him as bonuses during the months of September and October.

Bradley, the young man who was arrested at Brantford on the charge of stealing a horse and buggy from Daniel Sullivan, was acquitted. He was charged with stealing a coat from George Hoskin of Any street. Bradley was well spoken, well dressed, and of that his sentence was made light.

The leak in the gas main, which caused the explosion at the city works, was repaired in the afternoon, and the usual supply was flowing to-day.

Aid. Wright returned to the city to-day, and said he would offer himself as a candidate for mayor.

The contract for the terminal station has been let to the Canadian White Company, which is erecting the Federal Life Building. The contract is for a \$200,000 building, and it will be very elaborate. It is to be completed by Aug. 1, 1907.

The Street Railway Company cannot get the agreement from its employees into effect on all its branches for a few days, as it cannot secure men to operate its cars. Since Saturday night eleven men have quit work, claiming they could not make enough to live on, with the short hours they had. Some cars had to be taken off their runs to-day.

Mrs. Margaret Atkinson has begun an action against the Dominion of Canada Guarantee and Accident Insurance Company of Toronto to recover \$1000 on a policy she held for her late husband. She alleges that the company secured a release from her thru misrepresentation.

There is still some doubt as to who will be the Tory candidate in the coming by-election in East Hamilton. John Milne has been approached, but has declined to run, and it will be very likely to induce Mayor Biggar to offer himself.

See Billy Carroll's pipes to-day at the Grand Opera House Cigar Store. The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a. m.; daily, 2c a month; Sunday, 5c per copy. Hamilton, Royal Hotel Building, Phone 965.

REV. WM. FRIZZELL, III.

Rev. William Frizzell, pastor of the East Queen-street Presbyterian Church, is seriously ill from what is believed to be a prostatic ailment. He was taken ill on Monday, but was out to a church entertainment on Tuesday evening, from which he was compelled to retire.

He suffered from intense pains in the head, but last evening was resting more easily under the influence of medicines. It will be some days before he will be able to resume his pastoral duties.

English and Scotch Carpet Manufacturers Seek to Establish a Big Factory Here.

The firms of John Crossley & Sons, Limited, of Halifax, England, and S. F. Stoddard & Co., Limited, Elderslie, Scotland, has a director of each company now in Toronto, investigating as to the advisability of starting in combination a factory for the purpose of manufacturing all classes of carpets in the Dominion.

C. W. Crossley of Crossley & Sons, who are the largest carpet manufacturers in the world, employing 5000 hands, and Arthur Renshaw, a brother of Sir Charles Renshaw, and head of the firm of A. F. Stoddard & Co., Limited, Elderslie, Scotland, another immense carpet concern, are the visitors, and they are at the King Edward, and prefer to establish in Ontario, and preferably at Toronto.

The Crossleys make all kinds of carpets, and the Stoddards specialize on tapestry and printed goods. The two firms would constitute a very strong combination, and they say they realize that while labor is scarce here at present, the day is rapidly approaching when the country will have an enormous population, and their idea in coming here is to be on the ground early.

They are desirous of having terms offered them, however, and have interviewed Commissioner Thompson with a view to securing a concession to use a million gallons of water a day, and they require very pure quality. Toronto is not wanting in this respect. It is understood that taxation relief is the form of encouragement sought, but to what extent this would accord with city traditions no one was prepared to say last night.

A similar application not long since resulted in an offer from Peterboro for 20 years' exemption to a big English textile industry.

PILES CURED IN 6 TO 14 DAYS. PIAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding, or Protruding Piles in 6 to 14 days, or money refunded, 50c.

WAS MARRIED FOR MONEY AND SHAMEFULLY ABUSED

Miserable Life of the Countess of Castellane is Related in Divorce Court.

Paris, Oct. 31.—The Castellane divorce case was heard this afternoon before M. Henry Witte, president of the tribunal of first instance of the Seine.

When he reached the question of the infidelity charged against the count, Maitre Cruppi did not mention names, or even initials, designating the co-respondents as "Madame A."

The extended review, counsel declared that the countess, at the beginning of the suit, was not acting under influence, but solely for the purpose of ending forever the peril of the moral desecration of her household.

Who Gets the Most Out of Life?

Not the wealthiest, nor the most learned, nor the idler—but the man who has good health and works for his living.

Every man should guard his health as his most valuable possession. The more so because health is easier to retain than regain.

Keep your grip on health by regular exercise, reasonable care in eating and requisite sleep. Take Becham's Pills occasionally, to tone the stomach and keep the liver and bowels in good working order.

Observe these simple rules and you will agree that the one who gets the most from life is

The Man Who Uses BECHAM'S PILLS

Prepared only by the Proprietor, Thomas Becham, St. Helena, Lancashire, Eng. Sold everywhere in Canada and U. S. America. In boxes 25 cents.

WOMAN SHOTS CONSTABLE TOLD TO PLAY THE MAN.

New York, Oct. 31.—Miss Florence Leforester, a young woman who lives with her parents in Madison-street, Brooklyn, was under arrest in Englewood, N. J., to-day charged with shooting John Tynan of Bergenfield, N. J., last night.

The police investigation disclosed that Tynan was constable at the time of the shooting and was acting under orders of the late Mayor La Follette, who was shot.

THE MULOCK CUP RUGBY GAMES START AT VARSITY NEXT WEEK

Season Lasts Two Weeks—Officials Will Be Students—Preparing for Saturday's Union Games.

The following is the schedule for the Mulock Cup series, as drawn up by the different teams. It has not been passed by the athletic association as yet, but the chances are it will remain as it stands. The season opens on Nov. 6 and closes on Nov. 13. Intercollegiate rules govern the games and all games are played on Varsity Athletic Field. The officials will be students appointed by A. W. McInneson:

Senior Meds v. Junior School, Nov. 6. Senior Arts v. Junior School, Nov. 8. Junior Arts v. Senior School, Nov. 9. Senior Meds v. Victoria, Nov. 12. Winners of A and B, Nov. 14. Winners of C and D, Nov. 14. Final, Nov. 13.

Victoria's Three Teams. The three Victoria teams will practice this evening and to-morrow night at Ketchikan Park, at 7:15. Every member of the teams is requested to be on hand early. The Junior Vics will play Timbany on Varsity field on Saturday next, before the Argyle game, to decide the district championship, in which these two teams are tied. The Intermediates will play Argyle at Ketchikan Park to decide the Toronto District. This should be one of the fastest games of the season, as both of these teams have won one or more games in the Saturday struggle should be of the highest variety.

Drop Kicks. If Hamilton wins the O.R.F.U. and Montreal wins the Quebec Union, the first game for the Dominion championship will be played in Hamilton, the day after Varsity are playing the host team in Toronto, which will very likely be Nov. 24. The final game for the Dominion championship will be played at Toronto for the purpose of deciding the host team, which will be the Ottawa Saturday game. The Ottawa Saturday game, which will be played at Toronto, will be a charge of professional status. The Ottawa Saturday game, which will be played at Toronto, will be a charge of professional status.

Varsity had another good practice last night, every player being in uniform. The team will leave Friday morning on the C.E.R. train for Ottawa, where they play college on Saturday. Flegg and Hugh Macdonell of Queens, who have been on the cripple list, will be in the game Saturday against McGill. Queens will run an excursion to Montreal Saturday.

DENTS WIN FROM VICS.

In Senior Intercollegiate Association Game by Score of 1-0.

Dents defeated Vics on Varsity Athletic Field yesterday in a senior intercollegiate association game, by the score of 1-0. The Dents had the better of the argument all thru the game, but were very wild in shooting. Wickett tallied the only goal in the first half. For the winners, Strachan at centre forward played a very useful game, while Bricker at centre half was always dangerous when he took a pot to make one of his lightning rushes with the ball. Only half back prevented him from scoring on several occasions. One thing has been noticed in these games, and that is the referee's laxness on the throw-in. The players throw the ball in any old way, regardless of the rules.

Heads (1)—God, Loucks; backs, Maxwell, Pettigrew; halves, Amos, Bricker, Irwin; forwards, Bleatley, O'Callahan, Strachan, Wickett, Grassy. Vics (9)—Goal, Saunders; backs, King, Brown; halves, Durbin, Down; forwards, Williams, Conrith, Colwell, Cass, Taylor. Referee—Fowler.

REVIVED AFTER HEART STOPS

Doctors Regard Result of Treatment as Miraculous.

Millville, N. J., Oct. 31.—The breath having left his body, his heart motionless and apparently dead, Harry Beebe of South Millville was revived last night and to-day is able to talk how it feels to be dead. Mr. Beebe was suddenly stricken with heart failure, and when Drs. John W. Wade, H. G. Miller and Fred Jones arrived life seemed to be extinct. One of the physicians noticed a slight twitch of one of the muscles of the man's face, and they at once resorted to a hypodermic medication. Artificial respiration was produced, and slowly the man returned to life. The medical men regard the result as miraculous.

REFUSE TO ATTEND LECTURES

Western Medical College Students Object to Dean Moorhouse.

London, Oct. 31.—(Special).—The students in the third and fourth years of the Western Medical College refuse to attend the lectures of Dean Moorhouse on the practice of medicine. A deputation waited on the dean informing him of their dissatisfaction and asking that the matter be brought before the faculty. The dean has an order to attend lectures or suffer the consequences. For over a week now not one student of the two years has attended the dean's lectures. Moorhouse is president of the Ontario Medical Association.

SWITCHMEN MAY STRIKE

D. L. & W. Railway Refuses Demands for Shorter Day.

Scranton, Pa., Oct. 31.—Their demands of an eight-hour day and increased wages having been refused by General Superintendent Clark, the Delaware, Lackawanna and Western switchmen's committee is in session behind closed doors here to-day. Chairman Robert Flynn of the committee said this afternoon a reply to the demand for a shorter day will be made to-morrow and another conference arranged. The engineer's committee will meet President Treadwell in New York to-morrow.

OPENED BALLOT BOX

Continued From Page 1.

is or Pritchett, nor did they stop at his hotel in his knowledge. Sherwood Elliott of Sherwood Springs Jack-Brookville, was a voter at Lynn in the Comstock election. He met a man at the poll who sent him to Alkie Stack's hotel with a note to get the ballot. Pritchett, the stranger, who gave him a ballot marked Comstock. Witness swore that he kept the ballot and the voter. The bogus one he gave to the mayor of Brookville. Shortly after he had voted he met the man who had given him the ballot. He held it wanted it back, and offered \$30 for it. He refused. The man followed him home and was back very early in the morning, when he offered him \$50, but witness told the stranger that he did not have the ballot to sell. George Weatherall, an insurance agent of Brookville, went to a polling booth because he had heard something funny was going on. He met three men who threatened to put him back and he fled. One of the men stuck and he was hit with a brick. The returning officer at this poll, William Stewart was a scrutineer in this particular election. D. R. O. E. W. Jones, the said, recognized the paper, which another Conservative scrutineer tried to get hold of. He did not know what became of the paper, but he had been seen with the paper in his pocket. Sherwood Elliott was recalled and positively identified a ballot as the one given to him in Brookville. The paper had the witness' initials on and was put in as an exhibit.

500 CANADIAN TEACHERS TO BE SENT TO BRITAIN

An Exchange Visit With Britishers Who Are Soon to Visit Us.

Alfred Mosely, C. M. G., spent yesterday in forwarding his plans for the visit of English teachers to this side of the Atlantic, and of Canadian and American teachers to Britain. Five hundred teachers from each side are thus to exchange visits, with the result, it is hoped, from such an interchange of views, as will be of a broadening nature, to all parties. He credits President Murray Butler, Columbia University, New York, with having gained the sympathy of the steamship and railway lines, so that they have made cheap rates for the visitors, and rendered the project possible. A nominal charge of \$25 for steamer and half-fare on the railways is the inducement offered, while committees in every city will show the teachers about, and arrange to billet them. President Esterson, McGill, and Dean Bovey, A. H. U. Colquhoun, are attending to this work. Mr. Mosely, who is noted for his philanthropy, says in this case he is only giving his ideas and time to the undertaking. The return visit of 500 will include 50 to 80 teachers from Ontario, and the education department will arrange for their selection. In England full pay is granted those absent during their leave of absence, and a similar arrangement is hoped for here.

WHITE CREAMS PROVISIO.

(Canadian Associated Press Cable).

London, Oct. 31.—Lord Elgin announces regarding the Australian preferential treaty that the whole question of foreign treaties affecting white crems will be gone into when he receives the bill. "I was told that Jerry had better see his brother and tell him why he did not get his \$5?" "No, he had no conversation with Jerry Collins." "Did you not tell him that J. M. Sifton had opened the ballot boxes and saw how Steve voted?" "I did not."

WENT THRU THE BALLOTS.

"We were thru the ballots?" "Yes, I was, where the polling subdivision was." "Did you go over them?" "Never mind about that," said witness. "That is just what we want," said his worship. "Why?" "To find out those who voted according to their ticket?" "I don't know. Mr. Sifton knew all about it." "How did you tell how they voted?" "By the numbers on the ballots." "Who put the numbers there?" "The deputy returning officers." "So you knew exactly how they voted?" "Yes," said the magistrate.

KNEW IT WAS WRONG.

"What excuse had you for doing such a thing? You knew it was a crime," asked Mr. DuVernet.

"You had taken the oath of office to observe secrecy?" asked the magistrate. "Yes," said the witness. "I yielded to the temptation. That was my only excuse. I'll explain: I have been tempted for years, but never yielded. All I considered it a great crime, but on this particular night I fell down. Mr. Serviss invited me to stay for tea, and after tea we went up town to get the returns and see which of the voters had gone back on their promises. Under the impulse of the minute I went back, although I felt guilty at the time. I don't know who opened the box, but Sifton went over his list. I had the key, but I don't know whether Sifton or I opened the box. It was about 3 o'clock at night." "So that is the point where you found out how Steve Collins voted?" asked the magistrate. "Was Serviss there?" asked Mr. DuVernet. "Yes, Serviss knew all about it." "Didn't he go to the box?" "How much money did you get for this?" "For that part?" "Yes." "Ten dollars—the money of the two parties who did not vote right. Steve Collins and one of the Gibbons. I knew it was a serious crime, but I did not do it for the \$10. It was merely to see how they went." "Who asked you to go to Detroit?" "I went of my own accord. I did not feel quite comfortable and so I went away." "Who tempted you before this?" asked Mr. DuVernet. "I had been asked several times to tamper with the ballot boxes and offered money by a stranger but never yielded to the temptation. I abstained from taking any part in elections where money was connected. I yielded only once and I felt guilty."

Parkdale's New Skating Rink SORAUREN AVENUE 3 Minutes' Walk from Queen W. 4 Minutes from Dundas St. HOCKEY CLUBS—CURLING CLUBS And the public are invited to inspect this. The largest Skating Rink in Toronto, nearly one quarter mile in circumference. Every effort will be made to ensure the comfort of patrons. WHERE ONTARIO WILL COME IN. The World believes to-day more than ever that the Cobalt silver proposition is the greatest thing of the kind ever uncovered.

THE WORLD BELIEVES THAT THE MARVELOUS INTEREST NOW MANIFESTED IN COBALT BY CAPITALISTS FROM THE ATLANTIC TO THE PACIFIC IS ONLY THE PRELUDE TO GREATER THINGS.

THE WORLD WOULD LIKE TO SEE CANADIANS SHOW AN INTEREST IN THE SILVER MINES AT COBALT EQUAL TO THAT SHOWN BY OUR NEIGHBORS TO THE SOUTH.

BUT EVEN IF INDIVIDUAL CANADIANS DO DECLINE TO GO INTO CAMP, CANADIANS COLLECTIVELY, AS REPRESENTED BY THE PROVINCE OF ONTARIO, OUGHT TO INSIST ON A ROYALTY OF AT LEAST 10 PER CENT.

THE WORLD BELIEVES THAT 10 PER CENT ROYALTY IN THE OUTPUT OF THE COBALT SILVER MINES WOULD IN TWO YEARS OR LESS EQUAL THE ENTIRE PRESENT INCOME OF THE PROVINCE.

THE WORLD BELIEVES THAT THE DOCTRINE OF PUBLIC OWNERSHIP TO HAVE THE COURAGE TO INAUGURATE A NATIONAL POLICY THAT WILL COMPEL THE SMELTING AND REFINING OF ALL THESE ORES IN THE PROVINCE.

THE WORLD BELIEVES THAT THE GOVERNMENT WILL TAKE CHARGE OF THE SMELTERS, AND WILL COLLECT A DECENT ROYALTY FROM IT ALL.

CANADIANS MAY OWN ALL OR SOME OF THE MINES; AMERICANS MAY OWN ALL OR SOME OF THE MINES.

WHAT IS MOST LIKELY IS THAT CANADIANS WILL OWN SOME AND AMERICANS OWN SOME.

THE PROVINCE OF ONTARIO WILL TAKE A DECENT TOLL OF IT ALL.

MR. HYMAN IS NOT THE FREE CHOICE OF THE PEOPLE OF ONTARIO AS THEIR REPRESENTATIVE IN PARLIAMENT.

HE HOLDS THE PLACE BY PURCHASE THROUGH AGENTS. NO MATTER HOW OR WHEN THE PROFIT OF HIS PURCHASE WAS BROUGHT OUT, THE FACTS ARE THERE, AND MR. HYMAN CANNOT DENY THEM.

HE HAS A PLACE DISHONESTLY OBTAINED WITHOUT DOING VIOLENCE TO OUR INSTITUTIONS.

THE POSITION TAKEN BY MR. AYLESWORTH, IN DEFENDING THE RETENTION OF A SEAT DISHONESTLY WON, IS CALCULATED TO PRODUCE QUITE AS INJURIOUS RESULTS AS THE ACTION OF MR. HYMAN IN HOLDING ON.

THE GLOBE HAS BEEN SINCE WAXED SARCASTIC OVER THE ALLEGED AWAKENING OF OUR MORAL SENSE IN CANADA, AND CALLED ATTENTION TO THE FACT THAT NO LIBERAL ORGAN HAD CALLED UPON MR. HYMAN.

AND THAT NO CONSERVATIVE ORGAN HAD CALLED UPON MR. FOSTER, TO RESIGN.

IN THE FIRST PLACE, THERE IS NO CLAIM THAT MR. FOSTER WAS NOT HONESTLY ELECTED.

IF BY ANY CONDUCT COMMITTED BEFORE, ALTHOUGH DISCOVERED SINCE, HIS ELECTION, HE HAS SHOWN HIMSELF UNSUITABLE FOR MEMBERSHIP IN THE HOUSE, THE MATTER IS CLEARLY ONE TO BE FIRST DEALT WITH BY HIS CONSTITUENTS.

HE SITS FOR NORTH TORONTO, AS A MEMBER OF THE OPPOSITION; HE IS NOT ENTRUSTED WITH THE GOVERNMENT OF THE COUNTRY, NOR HAS HE UPON THE STRENGTH OF HIS MEMBERSHIP IN THE HOUSE, BEEN CALLED TO THE COUNCILS OF THE SOVEREIGN.

MR. HYMAN, ON THE OTHER HAND, WAS NOT ELECTED; HIS TITLE IS NOW A TAINTED TITLE; HE IS A RECEIVER OF STOLEN GOODS; HE HAS ACCESS TO THE PERSON AND THE COUNCILS OF THE KING'S REPRESENTATIVE OR COUNCILS AS A REPRESENTATIVE, CHOSEN BY THE PEOPLE, WHEN IN FACT HE IS NOT LEGALLY CHOSEN.

IT IS A SCANDAL AND SHOCKING THAT THE GOVERNOR-GENERAL WOULD BE JUSTIFIED IN ACTING UPON HIS OWN INITIATIVE.

THE SUN VERY PROPERLY CONCLUDES THAT "MR. AYLESWORTH HAS PROVED A DISAPPOINTMENT IN MANY WAYS, BUT IN NO PARTICULAR HAS HE BEEN SO UTTERLY DISAPPOINTING AS IN HIS DEFENCE OF THE RETENTION OF A SEAT IN PARLIAMENT OBTAINED BY PURCHASE."

THE KINGSTON SMITH'S FALLS AND OTTAWA RAILWAY, WHICH IS SAID TO BE CONTROLLED BY THE GRAND TRUNK, PRESENTS A ROUTE MAP OF ITS PROPOSED LINE TO THE MINISTER OF RAILWAYS FOR APPROVAL.

THE ROUTE PASSES THROUGH RICHMOND, SMITH'S FALLS, OTTAWA, AND BRISTOL MINES, WHICH WILL AFFORD THE GRAND TRUNK A MUCH MORE DIRECT CONNECTION THAN IT NOW POSSESSES BETWEEN OTTAWA AND TORONTO.

TOKIO JOURNALISTS COMBINE TO EXCITE PUBLIC OPINION. Tokio, Oct. 31.—A number of journalists had a meeting yesterday, for the purpose of considering the anti-Japanese action of the San Francisco board of education.

IT WAS RESOLVED THAT THE JOURNALISTS COMBINE IN AN EFFORT TO EXCITE PUBLIC OPINION AND CAUSE THE AUTHORITIES TO EFFECT SOONER THE DIFFICULTY.

IT WAS AGREED NOT TO ADVOCATE ANYTHING OF A VIOLENT NATURE.

DELIGHTFUL FOR THE BUSY BUSINESS MAN TO GET AWAY SATURDAY AFTERNOON, AND RETURN MONDAY. Where to go? Try St. Charles, Niagara Springs, Niagara Falls, or Preston Springs.

QUICKLY REACHED BY THE GRAND TRUNK RAILWAY SYSTEM. City Office, northwest corner King and Yonge streets.

MEASURES, CARRE & HASTINGS AND MR. EASTACE & BIRD ASSOCIATED ARCHITECTS.

beg to inform you that in future their offices will be in the Traders' Bank Building, Toronto, instead of the Lawlor Building, as heretofore.

Toronto, November 1st, 1900.

NEW YORK. Leaving Toronto at 6.10 p. m., via Grand Trunk and Lehigh Valley, in through Pullman, arriving New York 9.45 a. m. Dinner and breakfast served en route. Do not forget the hour, and secure tickets and berths at City Office, northwest corner King and Yonge streets.

Bell Piano Warerooms, 146 Yonge Street. PIANOS RENTED.

Webb's dining hall and used as a restaurant and lunch counter, was burned. Now, this occurred on a Saturday about midnight, with a stone's throw of it, in sight of the commissioner's and the caretaker's houses.

That was a mysterious fire, too, and never word about it. Of course it was not a big blaze, but look at the danger. If it had got a proper headway, the three large wooden buildings then opposite the large floor building, and the immense old implement building, also the ticket and entrance buildings, would all have gone.

Altho' small, this was a very mysterious fire in several ways, happening as it did at midday, in a building where there were no stoves, heaters, gas nor electric wires—nor had there been for over a month, and the building was shut up as well, and this happened in a building that had been doomed as it were in the past to some parties for several years, and right under the very eyes of those vigilant paid servants of the people. How did this fire occur? Answer, O, ye winged winds!

EVEN THE OLD CHIEF IS COMING ROUND. A remarkable showing was made this year in municipal ownership by the Rev. Arthur Spurgeon. Although a great deal of public work was done, incidental to the growing municipality, earnings of the various franchises have been in the hands of the council is able to strike a general note of advance of the dollar. The net earnings of the street railway, light, plants, telephone and gas systems were sufficient to take care of the total debt service debt—Belleville Intelligencer, Oct. 30.

IS LIFE WORTH LIVING? Rev. Wm. Spurgeon's Address to University Students.

Rev. William Spurgeon delivered an interesting and helpful address on the important topic, "Is Life Worth Living?" before an audience composed of students in the University Y.M.C.A. yesterday afternoon.

Mr. Spurgeon opened by showing the tendency of the men of the age to be satisfied with their worldly surroundings and the contemplation of the beauty of nature. God might thus be forgotten. He intended that men should enjoy nature, they were not to make her all in all. They should aspire to a higher life.

Each man should enquire of God what he should do. What are his duties? He should be satisfied with his worldly surroundings and the contemplation of the beauty of nature. God might thus be forgotten. He intended that men should enjoy nature, they were not to make her all in all. They should aspire to a higher life.

Each man should enquire of God what he should do. What are his duties? He should be satisfied with his worldly surroundings and the contemplation of the beauty of nature. God might thus be forgotten. He intended that men should enjoy nature, they were not to make her all in all. They should aspire to a higher life.

He intended that men should enjoy nature, they were not to make her all in all. They should aspire to a higher life.

Webb's dining hall and used as a restaurant and lunch counter, was burned. Now, this occurred on a Saturday about midnight, with a stone's throw of it, in sight of the commissioner's and the caretaker's houses.

That was a mysterious fire, too, and never word about it. Of course it was not a big blaze, but look at the danger. If it had got a proper headway, the three large wooden buildings then opposite the large floor building, and the immense old implement building, also the ticket and entrance buildings, would all have gone.

Altho' small, this was a very mysterious fire in several ways, happening as it did at midday, in a building where there were no stoves, heaters, gas nor electric wires—nor had there been for over a month, and the building was shut up as well, and this happened in a building that had been doomed as it were in the past to some parties for several years, and right under the very eyes of those vigilant paid servants of the people. How did this fire occur? Answer, O, ye winged winds!

EVEN THE OLD CHIEF IS COMING ROUND. A remarkable showing was made this year in municipal ownership by the Rev. Arthur Spurgeon. Although a great deal of public work was done, incidental to the growing municipality, earnings of the various franchises have been in the hands of the council is able to strike a general note of advance of the dollar. The net earnings of the street railway, light, plants, telephone and gas systems were sufficient to take care of the total debt service debt—Belleville Intelligencer, Oct. 30.

IS LIFE WORTH LIVING? Rev. Wm. Spurgeon's Address to University Students.

Rev. William Spurgeon delivered an interesting and helpful address on the important topic, "Is Life Worth Living?" before an audience composed of students in the University Y.M.C.A. yesterday afternoon.

Mr. Spurgeon opened by showing the tendency of the men of the age to be satisfied with their worldly surroundings and the contemplation of the beauty of nature. God might thus be forgotten. He intended that men should enjoy nature, they were not to make her all in all. They should aspire to a higher life.

Each man should enquire of God what he should do. What are his duties? He should be satisfied with his worldly surroundings and the contemplation of the beauty of nature. God might thus be forgotten. He intended that men should enjoy nature, they were not to make her all in all. They should aspire to a higher life.

Each man should enquire of God what he should do. What are his duties? He should be satisfied with his worldly surroundings and the contemplation of the beauty of nature. God might thus be forgotten. He intended that men should enjoy nature, they were not to make her all in all. They should aspire to a higher life.

JOHN CATTO & SON... King-street-Opposite Postoffice, TORONTO.

ON STRAIGHT PARTY LINES... Kingston Liberals Organize for Municipal Elections.

Kingston, Oct. 31.—(Special.)—The attempt of the local Liberals to re-nounce the government in the matter of the appointment of Major Shannon to the postmastership of the Eastern Ontario command has ended in a fiasco.

The executive, which disbanded as a protest against the government's conduct, has reassembled, and placed the old officers in their former positions.

Magistrate Warns Strikers... Any Cases of Intimidation Will Be Severely Punished.

The piano strike got into police court yesterday.

Charles Rinehardt, a "picket" and ex-employee of Gerhardt Helntzman & Company, was arraigned on the charge of calling James Bell, who came from Goderich, a liar.

J. S. Lanness, who was a witness for Bell, told of complaining to Constable Brown of Rinehardt's actions.

"What did I do then?" asked the accused.

"You beat it while your shoes were good, and got up the street," was the reply.

Magistrate Kingsford fined the striker \$1 and costs and warned him that if any more of these cases came before him the penalty would be more severe.

Toronto to New York and Philadelphia... The direct route, four trains daily, Grand Trunk and Lehigh Valley, through Pullman sleeper Toronto to New York and Buffalo to Philadelphia, Cafe parlor car to Buffalo. For tickets and Pullman call at G.T.R. city or station ticket office. L.V.R. city office 10 King-street.

Application Withdrawn... The board of education will meet to-night. A bone of contention is re- withdrawal of Charles Fortar of his application to be made English specialist teacher.

May Hook for Controller... H. C. Hookin, editor of The Orange Sentinel, is canvassing his friends with a view to running for the board of control.

Buffalo Bill's Treasurer Dead... New York, Oct. 31.—Julie Keen, who has been treasurer for the Buffalo Bill Wild West Show during its career of twenty years, died to-day at the Ad- land House, under peculiarly pathetic circumstances. He arrived from Europe a few days ago to find his wife in a dying condition. His own health, which had been poor for several years, broke down completely. Mrs. Keen died Monday last and her husband sank steadily until the end came to-day.

W.A. Murray & Co. Limited... 170 St. Nicholas St. Toronto.

WILL RENEW APPLICATION... R. C. Jennings May Be Next Treasur- er of Presbyterian Funds.

Robert C. Jennings, who was an ap- plicant for the vacant trusteeship of the Presbyterian Church at the syn- od in London last June, intends to re- new his application. Mr. Jennings is thoroughly experienced in financial and banking affairs, having resigned the man- agership of a Toronto Junction bank to take up his present business as financial agent.

In discussing the matter, Mr. Jen- nings highly approved of the super- vision exercised by the advisory com- mittee over investments made by the treasurer.

"No official should undertake such responsibility alone," he remarked, "and no bank or loan corporation would permit investments without refer- ence to the directors or a committee appointed by them."

Coupling Saves Lives... Lindsay, Oct. 31.—Four box cars were derailed and thrown down a steep em- bankment of the T. B. and O. Railway yesterday. A passenger coach containing several women died in the wreck. The freight cars, as the coupling broke.

WRIT FOR EAST HAMILTON... Premier Whitney stated yesterday that the writ for East Hamilton would be issued before the 16th inst.

Piles Quickly Cured at Home... Instant Relief, Permanent Cure— Trial Package Mailed Free to All in Plain Wrapper.

Piles is a fearful disease, but easy to cure if you go at it right.

An operation with the knife is dan- gerous, cruel, humiliating and unne- cessary.

There is just one other sure way to be cured—painless, safe and in the privacy of your own home—it is Pyramid File Cure.

We mail a trial package free to all who write.

It will give you instant relief, show you the harmless, painless nature of this great remedy and start you well on the way toward a perfect cure.

Then you can get a full-sized box of our Pyramid File Cure for 50 cents and often one box cures.

If the drugist tries to sell you some- thing just as good, it is because he makes more money on the substitute.

Insist on having what contains the cure. The cure begins at once and continues rapidly until it is complete and perma- nent.

You can go right ahead with your work and be easy and comfortable all the time.

It is well worth trying. Just send your name and address to Pyramid Drug Co., 65 Pyramid Build- ing, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.

Thousands have been cured in this easy, painless and inexpensive way, in the privacy of the home. No knife and no torture. No doctor and his bills. All drugists, 50 cents. Write today for a free package.

EIGHT TICKETS FOR 25c. WOULD PAY CAR COMPANY

Expert Figures That Three Cent Fares Would Yield Handsome Profit.

Detroit, Oct. 31.—In November the voters will pass on a new franchise, which is sought by the Detroit United Railway, the Philadelphia Rapid Transit Company of that city. Under this proposed new franchise the rate of fare is ten tickets for 25 cents during five hours of the day, when most working-men ride, and six tickets for 25 cents for the other 19 hours.

That even a lower rate, a straight eight for a quarter, or practically 3-cent fare, would pay is the opinion of Frank E. Doremus, an expert, who backs up his conclusions with figures in The Detroit Tribune. Mr. Doremus says:

If the street railway business in Detroit is to continue under private ownership and operation when the present franchise expires, I believe the great majority of citizens would be willing to vote for a franchise under which the Detroit United Railway would be able to make a fair return upon the money invested in the plant.

"It appears to me that it is impossible to determine what would be a reasonable rate of fare until the actual investment within the city limits is ascertained. The Codd Citizens' Committee has assumed that the property of the company within the city is worth \$15,000,000, and I think it can be demonstrated by the company's own figures that even upon that amount, a fair return would be earned under a straight eight-for-a-quarter franchise.

"The Codd Citizens' Committee reported at a recent meeting that the number of passengers carried during 1905, had the rate of fare been eight for 25 cents, and had 10 per cent. of the passengers paid a cash fare of 5 cents, the average fare would have been 3.31 cents per passenger. This would have produced a net profit of 27 cents per passenger, which would have earned 4 1/4 per cent. on \$15,000,000, or 8 per cent. on about \$10,000,000.

"According to the report of the company, substantiated by the Codd Citizens' Committee as correct, I think it can be demonstrated conclusively that the company, in 1905, would earn a fair return upon its investment under a straight eight-for-a-quarter franchise.

"In 1905, according to the report of the street railway commission, the company carried 45,000,000 passengers. In 1906, 57,506,014 passengers were carried. These figures represent an annual increase of over 11 per cent. in the number of passengers carried during the intervening years. If this increase continues, the company will carry in 1907, 109,538,850 passengers. Upon this number of passengers the company would earn, according to its own figures, a net profit, after deducting the cost of operation and maintenance, of 72 cents per passenger, under a straight eight-for-a-quarter franchise. This would yield a net income to the company of \$789,500, which would be equivalent to 5 per cent. interest on an investment of \$15,790,000. This is more than the company claims its property is worth, or the Citizens' Committee assumed it to be worth.

"Under the proposed Codd-Hutchins franchise, the company, the first year, would make on 108,838,850 passengers \$1,985,425.60, which would be equivalent to 6 per cent. interest on an investment of \$18,090,425, or 5 per cent. on \$21,708,512, which is nearly \$7,000,000 in excess of what the Citizens' Committee assumes the property to be worth.

"These figures are indisputable. They show conclusively that the company can make money under the eight-for-a-quarter franchise, and a net income under the proposed franchise upon a sum far in excess of its actual investment, assuming its own figures to be correct.

"It should be borne in mind that these figures show the profit which would be made during the first year of the proposed franchise, and do not take into consideration the increased passenger traffic that will follow from year to year during the life of the franchise."

PUSH BOUNDARY MARKING. Work Will Not Likely Be Completed for Two or Three Years.

Victoria, B.C., Oct. 31.—(Special).—The work of marking the boundary between Alaska and the British possessions has gone steadily onward during the last summer. A large survey party under the joint direction of the American and Canadian authorities has been working on that part of the boundary which leads thru the high mountains of the Skagway region, the line of demarcation having been described by the joint high tribunal at London. The work during the last summer has been exceedingly difficult, some of the territory thru which the surveyors have passed being of an almost impassable character. The work will not be completed for two or three years along the whole line of the International boundary. The visible demarcation of the line in the White River country is of the highest commercial importance in view of the copper developments in that part of the territory.

FROM APAR. Hotel arrivals in Toronto last night included:

King Edward—Dr. J. A. Sutherland and wife, Cleary, Alaska. Queen's—J. N. Joseph, London, Eng.; E. R. Mitchell, Bradford, Eng.; Mrs. Alex. Cameron, Sydney, Australia. Walker House—W. E. Hall and A. W. C. I. E., London, Eng. Rossin House—W. C. Lanford and wife, Douglas, Ga.

DRIVER IS INJURED. Walter Harrison, age 19, while driving a rig for Shannon, the Parkdale plumber, was thrown out of a truck, his head against a telegraph pole. He was picked up unconscious and taken to the Western in Bates & Dodds' private ambulance, where a cut on his head was attended to.

DR. CHASE'S OINTMENT. Dr. Chase's Ointment is a certain and guaranteed cure for every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can get it and get your money back if not satisfied. Sec. at all drug stores. WATSON, BATES & CO., Toronto.

NEW CURE FOR NEBRIETY. REFORM, NOT PUNISHMENT.

London Magistrate Adopts New Method of Keeping Court "Regulars" Sober.

London, Oct. 31.—"People should get rid of the ridiculous habit of using alcohol as a beverage. It is useful neither pathologically nor physiologically."

"The author of nature never intended inebriating fluids as a beverage." "Japan beat Russia largely because the Japanese soldiers and sailors were more sober."

These were three of the many striking things said at the opening meeting of the jubilee celebrations of the National Temperance League. The authors of the statements were respectively Sir Victor Horsley, Sir W. H. White, former director of naval construction, and Surgeon General Pratt.

One of the most interesting of the speakers was Judge William Jefferson Pollock of St. Louis, who believes it to be the duty of courts, he said, to save drunkards from themselves and for their families.

"I would rather send a man back to his family and keep him sober than send him to prison. It is rather curious that on the morning of the day on which Judge Pollock uttered those words, Justice Plowden, a well-known Marylebone magistrate, adopted a new method on the same lines in dealing with a woman of known intemperate habits, and it is understood that his worship intends in future to apply these methods to all cases of a similar character. After the charge had been proved the woman begged to be given another chance.

"Yes," said Justice Plowden, "you shall have another chance. If you will give me an undertaking that you will keep away for three months I will let you go, but you must report yourself once a fortnight to the missionary of the court, and if you get drunk again you will be brought here at once and get very sharp punishment. Are you prepared to do that?"

"Yes, sir." "Well, you can go. It is an experiment I am trying, and I have reason to think it will succeed in certain cases."

LIKE MINIATURE EARTHQUAKE. Effects of Patent Dough Mixer—In the Courts Now.

J. H. Huddleston has asked for an injunction to prevent George Lawrence, the baker on Denison avenue, from further operation of some dough mixers, which since installation a year and a half ago, has caused his house to shake so that the chandeliers rattle and the pictures will not stay in their places on the wall. The heat of ovens installed at the same time has made the paper peel off the walls.

This, Huddleston swears, in an affidavit, is corroborated by affidavits of his wife, who says her sleep was broken by the vibration. Violet, his daughter, gives testimony to the same effect. Isaac Jacob, who says he is a frequent Sunday afternoon visitor, says he would not live in the house if Mr. O'Malley, the landlord, says that structural repairs will be necessary as a result of the shaking.

Huddleston was examined as a preliminary, and in the course of the examination he refused to answer certain questions. He refused to answer as to whether his land was standing behind him in the action.

Yesterday morning motion was made before Chancellor Boyd to commit Huddleston for contempt in not answering the questions. The chancellor ordered that unless the landlord became a party plaintiff in the action the question must be answered.

THREE LIE IN MORGUE. Two Others Wounded as Result of Murder Followed by Fight.

El Paso, Texas, Oct. 31.—Three bodies are in the morgue and two wounded persons in a hospital as the result of a murder here to-day, followed by an exchange of shots between the murderer and policeman Manuel Rodriguez. Killed his wife when she returned home and found him in company with another woman, Rodriguez and Thana Ramon, the woman with him, were killed and city detective George Harold and Jack Glover, a negro, wounded in the fight that ensued. The department was called out and dispersed the excited crowd by collecting by pouring water on it from a hose.

DEATH ROLL FOR MONTH. There were 274 interments in city cemeteries during the month of October, or 41 more than in September.

The interments for the cemeteries for the past three months are as follows:

	Aug. Sept. Oct.
St. James	55 53 38
St. Michael's	49 50 26
Mount Hope	16 20 15
Mount Pleasant	35 32 89
Necropolis	36 25 21
Prospect	45 45 45
Humbervale	18 20 20
Totals	308 315 374

The number interred in St. John's Cemetery, Norway, was 18.

Second Thoughts Are Best. Mr. Justice Maule had on one occasion, it is said, a particularly atrocious case to try, and when a verdict of guilty was returned, he exclaimed, "I can't pass sentence now. I might be too severe. I feel as if I could give this man five-and-twenty years' penal servitude. Bring him up to-morrow, when I feel calmer." "Thank you, my lord," said the prisoner. "I know you'll think better of it in the morning."

Next day the man was placed again in the dock. "Prisoner," said the judge, "I was angry yesterday, but I am calm now. I have spent a night thinking of your awful deeds, and I find on enquiry that I can sentence you to penal servitude for life. It seems to me that this is the most proper punishment for your crime, and I therefore pass upon you that sentence. I have thought better of what I was inclined to do yesterday."

More Money Than Sense. London, Oct. 31.—One of the city policemen picked up a man on the streets the other night, and on taking him to the station, found \$1400 in his pockets.

Mayor Butler Will Stay. Woodstock, Oct. 31.—Mayor Butler declines rumors that he will shortly leave the city, and intimates that he will be a candidate for another term.

WOMEN SPENT QUIETLY AMONG THE COLLEGE BOOIES

Various Entertainments Keep the Students Indoors and Only Pleasure Reigns.

The celebration of Halloween in Toronto wasn't at all like that of the olden—not so very olden—at that. It was marked by extreme quietude and a complete lack of the many boisterous and annoying pranks and episodes of the past. The night passed without a single arrest or disturbance of any kind, except in front of Haverall Ladies College, where some S.P.S. and Medicals on serenading bent, were dispersed by a squad of police.

The student body conducted themselves in an admirable manner and the fight and fiction of previous years were but memories. The students did not attend the local playhouses in a body. The various clubs and schools held dinners, dances, smokes and concerts, and endeavored in every way possible to keep the students from the streets and public places.

Assemblies of various sorts were held, and called forth in mighty voices across the campus for the school of science to come and join the conquering multitude, but the S. P. S. boys were having too good a time at the smoker, held under the auspices of the Engineers' Society and the faculty, and refused to join them.

The physicians - to-be this formed a solemn and staid body, and marched up to the various girls' colleges, where they exercised their powerful vocal talent. This constituted the main effort of the college men towards skylarking.

All the years of the S. P.S. held a smoker in their building under the auspices of the Engineers' Society and the faculty. About 500 were present, and the scene was of a most strenuous character. The program consisted of singing, dancing, fencing, wrestling, tug-of-war, roller skating, square dancing, a la north country style, and many other forms of athletic sports.

The evening of the event, from the standpoint of excitement, hilarity and danger to spectators, was the best game on roller skates between the first year and the other years of the school. At midnight the game had not been concluded, and no deaths were reported. The character of an informal character, it being a common occurrence for a youthful Hercules to step up to a handsome young and blowing a puff of smoke in the young man's face, ask him if he "was game for a spin."

If any couples were in the way, they were summarily ejected. After the games and singing, the great body of students plunged into the refreshment-room, and participated in a buffet lunch. Among the members of the faculty present were Principal Galbraith, Professor Coleman, Prof. Ellis, Prof. Wright, Prof. Dr. Angus and Prof. Stewart. Kenneth Mackenzie of the Engineers' Society was in charge of the celebration.

The Dental men held an informal dance in their building on College-street, and nearly a hundred couples danced until away after midnight. The building was beautifully decorated, and the entire body of students voted the affair a splendid success. It was the third annual of the Dentalists. The faculty present were Drs. Walter Wilmott, E. E. Cummer, W. H. Thomson, and R. G. Muir. In charge were A. E. Proctor, R. M. Graham, J. Blair, H. G. Wilkinson, C. S. McComb.

The fourth year arts men held their annual dinner at the St. Charles, and enjoyed themselves until midnight. About 75 being present. S. M. Eastman, president of the central unemployed committee, a letter from John Burns, M.P., stated that the expenses incurred in training men on the farm colonies for emigration could not be met out of the rate funds.

Mr. Pascall said Mr. Burns had expressed the opinion that such training is worse than useless in fitting men for Canada. Mr. Lansbury remarked that the Canadian emigrants had written home that their experience on the farm colonies had been of great service to them.

HEPBURN GOES WEST. Late Liberal Candidate in East Elgin Sells Farm Stock.

St. Thomas, Oct. 31.—The farm stock of W. F. Hepburn of South Yarmouth was sold at auction on Tuesday, realizing \$3675. His race horse, Wild Brino, was bought by John Barnes of the city for \$25, and an illustration, Maud, by William McKenzie of South Yarmouth for \$300.

Mr. Hepburn, who was Liberal candidate for a time during the East Elgin campaign, leaves shortly for the Northwest. He threw up the candidacy for the purchase of stories concerning his personal habits.

LIKE A THIEF IN THE NIGHT. That's how pain comes. We sit near an open window, get stiff neck or sore back. Perhaps cool off too quickly after exertion—rheumatism develops. Spend what you may, but money can't buy anything better than Polson's Reviville. His penetrating power enables it to reach deep tissues—that's why it cures aches that all else can't touch. For outward application we guarantee five times more strength than in any other liniment. Inwardly it's harmless and as sure as the hereafter to ease at once. Don't accept a substitute for Polson's Reviville, which is the one great household panacea of to-day.

Washington, Oct. 31.—Further reports from agents of the interior department pull assembled the opening Monday of the Walker Lake Indian Reservation in Nevada, have convinced Secretary Hitchcock that the "relocations" of the governing were not serious enough to warrant a recommendation in favor of invalidating it.

Fenian Raid Veteran Dead. St. Thomas, Oct. 31.—George Drinkwater, a Fenian raid veteran, died yesterday at the age of 77. He was a native of Peel County.

WINDSOR TABLE SALT. is the salt of salification for all table and household uses. Absolutely pure, never cakes.

SHAREHOLDERS MEET TO-DAY TO VOTATE CAMPAIGN

Desires to Assemble 7000 Shares Whereby to Control Election of New Directorate.

There is to be a preliminary meeting of the shareholders of the Ontario Bank to-day, largely due to the initiative of Cephas Goode. It is sought to assemble 7000 shares and thus control the election of directors to be held on Dec. 11, as 2200 shares are said to have been taken of the market and therefore can not be used for voting purposes. Lord Strathcona holds 410 shares, Charles McGill individually and as trustee holds 1114 1/3 shares, and 457 shares are held by the resident directors.

It is said that a number of trust companies and other investors unloaded Ontario Bank shares shortly before the fall. They are liable, however, upon the statutory liability unless the stock was sold more than 60 days before suspension. As heretofore announced, the bank held a large block of its own stock and which it is said were purchased at the time of the failure of Ames & Co. Had these shares been put on the market at that time they would have sold at so low a price that a run on the bank might have been precipitated.

Many rumors are afloat as to the defense to be made by McGill. It is most likely that he will content himself with learning the crown's case at the hearing in the police court, reserve his own defence until his trial at the assizes. He expects to state all the facts and will claim that he acted in a general way with the knowledge of the directors. His speculations will be justified on the ground that they were all entered into solely for the benefit of the bank.

The charge, however, of making a false return to the government and his defence will be that while they were not in fact correct, they were not "false" or "deceptive" returns within the meaning of the banking act or the criminal code.

INDIANS DESIRE PEACE. Rumors of Fight With U.S. Troops Are Discredited.

Omaha, Neb., Oct. 31.—Rumors of a fight between the troops and the Utes in Wyoming are discredited at military headquarters here, no advices of that kind having been received.

On the other hand, a message sent from the front by courier last night from the headquarters to-day, said the Indians were peacefully inclined and no trouble was anticipated.

A special says the Indians are traveling in the direction of the already passed the Montana state line.

INDIANS CROSS LINE. Sheridan, Wyo., Oct. 31.—The Utes have crossed the Wyoming line and are apparently making for Ashland, reported as a meeting place with the Cheyennes. Unless they are headed off by troops coming overland from Fort Keogh, they may join the Cheyennes Friday night.

The troops under Col. Asurth and Sheridan to-day and two additional companies of Fort Mackenzie infantry will start from here to-morrow. Ranchmen could muster 600 armed and mounted warriors.

VALUE OF FARM COLONIES. John Burns, M.P., Quoted as Saying Training Is Useless.

(Canadian Associated Press Cable). London, Oct. 31.—At a meeting of the central unemployed committee, a letter from John Burns, M.P., stated that the expenses incurred in training men on the farm colonies for emigration could not be met out of the rate funds.

Mr. Pascall said Mr. Burns had expressed the opinion that such training is worse than useless in fitting men for Canada. Mr. Lansbury remarked that the Canadian emigrants had written home that their experience on the farm colonies had been of great service to them.

HEPBURN GOES WEST. Late Liberal Candidate in East Elgin Sells Farm Stock.

St. Thomas, Oct. 31.—The farm stock of W. F. Hepburn of South Yarmouth was sold at auction on Tuesday, realizing \$3675. His race horse, Wild Brino, was bought by John Barnes of the city for \$25, and an illustration, Maud, by William McKenzie of South Yarmouth for \$300.

Mr. Hepburn, who was Liberal candidate for a time during the East Elgin campaign, leaves shortly for the Northwest. He threw up the candidacy for the purchase of stories concerning his personal habits.

ESTABLISHED 1864

Dineen's FREE TRIP TO TORONTO

We have arranged to refund railroad fare to out-of-town customers for the month of November only and under conditions that will appeal at once as being unusually liberal. We realize that Toronto is the shopping centre of Canada, especially for Furs, and we propose adding to its prestige by bringing large numbers of out-of-town people to see for themselves the styles we show and the assortments we carry. The idea is to encourage personal shopping, and with that in mind we offer free transportation to Toronto on the following basis:

- During November we will refund one round-trip railroad, steamboat or trolley fare from any place within a radius of FIFTY MILES OF TORONTO to each individual spending not less than TWENTY-FIVE DOLLARS at the Dineen store.
- Round-trip fare will likewise be refunded to any person who comes from a point within ONE HUNDRED MILES and over 50 miles of Toronto whose total purchases at the Dineen store amount to at least FIFTY DOLLARS.
- Persons living at a greater distance will be credited on the same basis. For instance, anyone coming 150 miles will be allowed a rebate for 100 miles on a \$50 purchase—the balance to be paid by themselves.

This is a straight-forward concession to out-of-town customers, giving them the same shopping privileges as city people. It is worth something to us to have Dineen Furs in larger evidence all over Canada, and the novelty of coming to Toronto at our expense is the beginning of a new dispensation in retail business. We mark all prices in plain figures, with no chance for misunderstanding. Our name and reputation have been associated with high-grade Furs for nearly fifty years, and under no circumstances will we lower our standard of quality, or allow misrepresentation in any form.

Canada's Leading Furrriers 140 YONGE ST., TORONTO

RA T---ssays From Silver Queen Run \$11,437 to the Ton---COBALT

COBALTERS ARE BUYING AT THE LESS ACTIVE

Silver Queen the Feature of the Toronto Market—General Mining Notes.

World Office. Wednesday Evening, Oct. 31. The market for Cobalters was again a decidedly buoyant nature to-day, although transactions were perhaps higher than those of yesterday. The smaller trading was due to the recent advances, which left less room for the in and out quick transactions of brokers. The shares in Cobalt to-day were Silver Queen and Buffalo, and both made further sharp advances on yesterday's prices. The New York curb also excellent arbitrage for most of the shares, also late to-day Silver Queen sold more freely at \$2 on the New York market, than it did at New York. Buffalo was in demand locally to-day, primarily for the purpose of selling again at New York, where the best prices were obtainable, with a very free market.

A Nice Clean Up on Nipissing. Among the big profit takers in Nipissing are the Dymont, Harrie, people of Harrie. They must have cleared up a quarter of a million of dollars and they are now going in on some of the other Cobalters.

May Close Out Hudson Bay. It is rumored that the Hudson Bay Company has given an option of the balance of the land held by the company (840 acres) for \$1,000,000. Very little development work has been done on the original holdings of this company outside of the Silver Queen mine, and the value of the property has not yet been ascertained. The rumor is not taken seriously, although it is thought that the shareholders of the Hudson Bay Company are too disgruntled to get the full benefit out of the property, which they so fortunately fell heirs to.

Mining Issues May Be Listed. With the listing of the Nipissing Mines stock on the Montreal Exchange, it is thought that the Toronto Exchange will willingly welcome the incoming of the same stock to a regular call. Several Toronto brokers are also understood to be favorable to the listing of the other prominent Cobalt securities, particularly Foster and Silver Queen, which are understood to be two of the latter properties are quite extensive and listing would appear to be the best, both from the standpoint of the brokers and shareholders. An official market is decidedly beneficial to any security which has substance.

Capital Will Be Increased. The Trethewey deal was the topic of discussion in many circles today, and interest is kept as to what the plan of reorganization will be. The property has an excellent reputation and the shares will be anxiously sought after as soon as they are available. The old capitalization was \$1,000,000. This is considered much too small for the value represented and one is close touch with the syndicate which has taken the property over says that the new capital will be at least \$4,000,000 in shares of \$1 denomination.

Affecting General Securities. The introduction of the Cobalt stocks having a big influence on the speculation in general securities at New York, the same may be said to apply here. The Toronto Exchange brokers are now dealing heavily in the United States securities, the Cobalt shares form the important part. The transactions are made on the exchange floor, but are not confined to the exchange. Dealing is carried out in the United States during intermissions in the regular market, and activity at this time in the mining issues is a fact in a smaller way of the curb at New York.

Gillies' Silver Company. New York, Oct. 31.—Abbott & Newburgh, brokers, have issued the prospectus of the Gillies Silver Mining Company of Cobalt. There are several veins and leads showing on the property all showing promise of discovery, and systematic prospecting should discover valuable deposits of ore. Ample funds for the proper development of the property have been provided. Several test shafts have been sunk, all showing calcite and vein matter highly mineralized with copper pyrites and some silver.

New York Lucky at Cobalt. J. A. Chizek, manager of the properties of the Lost Packer Mining Company, out on Lost Creek, Idaho, came down from Cobalt on Saturday, where he has been examining prospectors that have been commended to him and his associates. Mr. Chizek, who has served Idaho, as a state mine inspector, confesses his astonishment over the occurrence of the white metal in that locality, and while not prepared to detract from records which have been made by the camps of this country in the production of silver, is prepared for a new one up there. Of the many centres represented there, none have acquired footholds more valuable than those from New York, to which much of the earnings must come as developments progress.

Another Important Cobalt Deal. It is stated, on good authority, that the controlling interest of the property known as J.B. 2, about 40 acres, adjoining the McKinley & Durrah and Silver Queen near the Town of Cobalt, has passed into the hands of Mr. J. Curry of Toronto. This is looked on as one of the good things. It has been owned until recently by Mr. Ferland and the Russell Brothers, the former owners of the Nipissing Mines. It is understood that a strong syndicate of company will immediately be formed to operate this property.

Assays Over \$11,000 to the Ton. With the error in the head line of the World's special correspondence from Cobalt in yesterday's issue, the taking of two large nuggets of silver to the value of \$10,000, was made to appear as if the ore was taken from the Foster, instead of the Silver Queen mine. The head office is just in receipt of an assay of the ore now being blocked out at the Silver Queen mine and of which the two nuggets spoken

of form a part. The assay was conducted by F. W. Pugsley, the recognized metallurgist of Cobalt. This return shows that the ore contains silver and calcite only. That the sample was taken from the 75-foot level and that it assayed 16,224 ounces to the ton, or at the current price of silver, 79 1/2¢ per oz., a value of \$11,437. The sample assayed was not selected, but taken at random from the regular blasting. A sample of similar ore is on exhibit at the Silver Queen office, over the Home Bank.

Justify Market Price. New York, Oct. 31.—John Hays Hammond, a mining engineer and expert, in a statement to friends regarding Nipissing Mine, said: "The Nipissing is the most extensive development for a very insignificant amount of exploratory work that I have ever seen. While the engineers have no doubt whatever that present developments justify the present market price of the stock, there is a very strong probability that future exploration will open up many other very valuable silver veins on the Nipissing Mines beyond having demonstrated to my mind the certainty of being able to pay in dividends their entire present capitalization, have enormous probabilities in the other large areas of their properties which are as yet undeveloped. In view of these conditions, I feel justified in advising my company to make a large investment."

Cobalt Stocks in New York. Head & Co. report the following transactions on the New York curb yesterday: Foster closed 2 1/2, high 3, low 2 1/4; sales 6000 shares. McKinley closed 3 1/2, high 3 3/4, low 3 1/4; sales 20,000 shares. Nipissing closed 2 1/2, high 2 3/4, low 2 1/4; sales 40,000 shares. Buffalo closed 2 1/2, high 3, low 2 1/4; sales 10,000 shares. Silver Queen closed 1 1/2, high 1 3/4, low 1 1/4; sales 44,000 shares. Cumberland closed 1 1/2, high 1 3/4, low 1 1/4; sales 5000 shares. Copper, 63 1/2 to 64. Furnace Creek, 3 1/2 to 3 3/4.

THE SOO GUARANTEE LOAN RENEWED FOR FIVE MONTHS

Hon. Col. Matheson Makes Official Announcement—Government Retains Director.

The Soo guarantee has been renewed for five months. Hon. Mr. Matheson made the following statement yesterday evening: "The Canadian Improvement Company, which is the one with which we deal, have been negotiating with prominent financial firms to enable them to take up the guarantee loan of \$1,000,000, commonly known as the Soo guarantee, falling due November 1st. But owing to various delays, and partly owing to the rise of the Bank of England rate to 4 per cent., they were not prepared to meet the payment due on this date, and they have asked the government to extend the provincial guarantee for five months, to April 1st, 1907, they paying the interest falling due on November 1st, for the past six months, to the holders of the certificates. These are issued by the Canadian Improvement Company and indorsed by the government. It is possible the company may be able to take up the loan and execute by the Canadian Improvement Company, the holders of the certificates and the provincial treasurer, on behalf of the government."

The holders of the certificates having agreed to the extension, an agreement carrying out the arrangement has been authorized by the government and executed by the Canadian Improvement Company, the holders of the certificates and the provincial treasurer, on behalf of the government. Hon. Mr. Matheson stated also that it had never been proposed to remove the government director from the board of the company. The guarantee of \$2,000,000 for a loan to the Clergue industries at the Soo was undertaken by the Ross government. Half the amount was paid last May and other million is subject to the present extension.

COBALT MONTHLY RETURNS.

Temiskaming Commission Have Recommended It to Government. Cecil B. Smith presided for the last time yesterday as chairman of the T. & N. O. Railway Commission, and J. L. Englehart of Petrolia, sits in his seat to-day.

There was only routine business transacted at the meeting of the commission, but Mr. Smith said that the question of publishing monthly returns of ore shipped from the Cobalt mines had been laid before the government and he anticipated the first report would shortly be given to the press. A more frequent return than once a month he considered unnecessary at present, owing to the infrequency of the shipments. Mr. Smith will continue to serve on the first hydro-electric power commission until the task committed to it of reporting on the waterpowers of the province, has been completed.

SULPHURIC ACID WORKS FOR HUNGERFORD TOWNSHIP. Near Bogart E. O., the American Mining Co. is about to erect a large sulphuric acid works in connection with the iron pyrites mines in Hungerford Township, Hastings County. Fifty men are now employed, and these will be trebled or quadrupled. The Alabastine Co., Paris, is working a new gypsum seam, ten feet thick, near Osoleona.

FRANCE MAY OWN ALL MINES AND SHARE UP WITH MINERS

One of Proposals to Be Submitted to the French Parliament.

Paris, Oct. 31.—The cabinet has decided to include in its parliamentary program the purchase of the Western Railroad, and a bill providing for the abolition of the death penalty. War Minister Picquart's plan for the reform of courts-martial amounts to the reform of the entire system, substituting therefor civil procedure in the case of offences punishable by common law, while disciplinary courts will deal with infractions of discipline. Minister of Public Works Barthou's project for the revision of the mining law contemplates the taking over by the state of all mines and the participation of the miners in the profits.

COBALT

Immense profits are being made, and for some time will continue to be made, in Cobalt stocks, but it is absolutely necessary to have the right kind of information. I Am a Practical Mining Man—was one of the first in the Cobalt field, and am personally acquainted with every mine of any importance. MY NEW BOOK, "Cobalt," furnishes the latest authentic information—includes map and government reports. MY WEEKLY NEWS-LETTER gives reliable and up-to-date particulars concerning the Cobalt stocks—a synopsis of market conditions—and the latest news direct from the field. The above mailed free to any address. Write, wire or phone me when buying or selling Cobalt stocks. Prompt and efficient service.

NEW YORK MARKET SAGS ON VERY TIGHT TRADING

Steel Statement and Election Matters—Fair Strength in Domestic.

World Office, Wednesday Evening, Oct. 31. The usual money tightness at the end of the month particularly at this season of the year, is a factor in the local stock market.

Steel common sells off in London nearly a point on quarterly statement.

Money may stiffen to-day over the end of the month, but stringency expected.

Great Northern report shows \$3.11 per cent. earned on capital stock.

Twenty-three roads for September show average net increase 10.30 per cent. and for three months 16.30 per cent.

U.S. Steel surplus now \$98,647,000.

for a turn at least. C. & O. is displaying a stronger tendency upward, exhibiting short covering.

New York, Oct. 31.—In view of the disappointment felt in some quarters, not only on account of the dividend action, but by reason of the fact that the net earnings for the last quarter did not come up to the quiet, expectant, and somewhat depressed, steel common has held remarkably firm in the market thus far.

On Wall Street, Marshall, Spader & Co. wired J. G. Beatty at the close of the market.

London market will be closed to-morrow. It is believed that around these prices there will be substantial buying of stocks to hold over election time and so far as can be discerned there is no reason for sales of good stocks at the decline.

Chicago, Oct. 31.—The Cleveland, Chicago and St. Louis B.R. stockholders to-day voted an increase of \$10,000,000 in the common stock for permanent improvements.

Joseph says: The bulls on U.S. common are preferred, are very confident. The official announcement that the company has \$18,000,000 to spend at Gary, Ind., and that there will be no issue of bonds is reassuring.

Illigant shareholders are threatening to make things interesting for certain officials of the Montreal Street Railway Company at the annual meeting of the company, called for Nov. 7.

DINEEN FURS

We plead guilty to considerable talk regarding furs and the manner in which the business is sometimes done.

The haphazard methods of "bargain stores" are not conducive to overmuch confidence regarding qualities, and the everlasting cry of cheapness isn't the only way to win trade.

Good diamonds and furs are in a class by themselves. Our stake is for absolutely reliable furs, free from all imperfections and up to the last minute for style. If anyone is giving or can give better value for the money, we have yet to know it.

CLEARANCE OF PRISONERS AT THE JAIL EACH WEEK

The overcrowded condition of the Toronto jail thru its being used to accommodate for protracted periods men sentenced to Central Prison is to be relieved, so the provincial commissioner reports, the provincial secretary having promised that hereafter the jail will be cleared of such prisoners each Saturday.

WATCHMAN'S MISTAKE

John Baker, watchman at the Sunnyside level crossing, had an unusual experience on Tuesday, and took a holiday without notifying the Railway Company, his employers.

That's one reason why the accident there occurred.

SIR THOS. COMING

Sir Thomas Shaughnessy, general manager of the C. P. R., will be in the city to-day to inspect the company's property here, after which he will take a run over the Sudbury division.

Child Scalded to Death

Buffalo, N. Y., Oct. 31.—While several relatives and friends were making merry in celebration of the intended departure of his parents for their old home in Sunny Italy, Salvatore Tedesco, 7 years old, tumbled into a tub of boiling water at his home, 153 Canal-street, and sustained scalds which caused the child's death three hours later, after terrific suffering.

Customs Revenue Grows

Ottawa, Oct. 31.—The customs revenue for the four months ending Oct. 31 shows an increase of \$2,176,445 over the same period of the year previous, while for the month of October, the gain is \$870,873.

Port Credit

Mr. Devlin, who moved to the city last Easter, has engaged the house Mr. Stewart has just bought from Mr. Block, and is moving in.

Mrs. J. M. Gray has returned to the city after spending a few days in town. Owing to increase in trade our starch factory is preparing for night work and has already started in some lines.

Mr. Mitchell of Brampton, who worked here last summer, is back for a week.

A large crowd attended the fowl supper and concert in the Presbyterian Church.

Weston

Weston, Oct. 31.—The Methodist Church here was crowded to the doors last evening, when J. S. Robertson, president of the Canadian Temperance League, gave his lecture, in His League, giving his beautiful colored illuminated views. Mr. Robertson was assisted by Miss Pearl Davis, who sang very delightfully the solos that form a part of the story. Miss Marie C. Crane, A. T. C. M. elocutionist, rendered a selection from Ralph Connor's "Sky Pilot."

Unionville

The Methodist social at the residence of Herbert Stephenson netted \$30.

Thomas Hagerman has rented the farm of Moses Hemmings on the outskirts of the village, and will remove there in the spring.

Rev. M. H. St. John, who lately received a call to the pastorate of Unionville, St. John's and Brown's Corners churches, has finally decided not to accept.

A horse belonging to Frank Striker, while being driven along the road, fell and broke its shoulder, necessitating its being shot.

The scarcity of cars for the removal of sugar beets is causing great inconvenience and delay to the farmers in this section.

Franklin Stiver and Mrs. Stiver and three children are ill with typhoid fever.

John Cowperthwaite has rented the farm belonging to William Noble, at Hagerman's Corners. Mr. Noble, accompanied by his son Stanley, will later take a trip to Norway.

Horace Davidson, E. Dixon and W. Purdie, who left for the north on a shooting expedition some two weeks ago, are expected home on Monday.

John Miller is erecting a handsome

DRESSY OVERCOATS

A really smart overcoat is not always procurable in the average tailoring establishment, but with our sixty years of experience to teach us, we never permit a garment to leave our store that is not a top notcher.

We have select and exclusive cloths of British manufacture which we offer at a special price of \$24.00.

YORK COUNTY AND SUBURBS

UNWARE OF BROKEN LEG UNTIL HE TRIED TO WALK

Serious Accident to a Septuagenarian at North Toronto While Alighting From Buggy.

Toronto Junction, Oct. 31.—The vital statistics for October are: Births 33, marriages 10, deaths 19.

J. W. Bengough will give a lecture in Kilburn Hall on Thursday night.

There were not the usual stirring scenes that mark Halloween. Eleven special constables were patrolling the outskirts, but nothing of interest took place.

A fight took place shortly after 5 o'clock to-night on the C. P. R. tracks between a striker and an employe of the Heintzman Piano Co., in which the latter had his arm hurt.

Councillor Armstrong is still very ill, and his recovery will be slow.

James Grey, who has been critically ill for the past two weeks, is now out of danger.

Deer Park

The residents of Deer Park are showing great interest in their public library, as evidenced by the numbers applying to the librarian for books. In order to meet this growing demand, the board of management have decided that it will be necessary in the near future to increase considerably the number of volumes. As a help towards securing the necessary funds for carrying out this worthy object, the board have arranged to give a concert in the Deer Park Presbyterian Church on Friday evening.

A program of vocal and instrumental selections of unusual excellence will be rendered. The loyal support of the residents of Deer Park and vicinity is earnestly desired. The price of tickets for adults is 25 cents, and for children 15 cents.

Weekwood

The pupils of Hillcrest public school celebrated Halloween yesterday afternoon with a banquet of fruits, nuts and candies.

North Toronto

The Daviville Young Men's Club will meet to-night at Charles Murphy's shop, Daviville, to form a hockey club. Samuel Chapman of Gordon-street, 70 years of age, while getting out of a high-top boot at the bank, he did not realize his injury until he tried to walk. He was carried home and Dr. Doherty sent for.

Mr. Waddington and A. J. Brown are mentioned as candidates for the council.

Several large real estate deals are reported to have been consummated of late. One is the disposal of Frank Lawrence's farm for \$5000, which, however, is stoutly denied by those in the neighborhood. The other farm is the one of Jesse Harris, 100 acres, for \$19,000.

Woodbridge

Gordon Brown, son of the late James Brown of Woodbridge, died in Birnie, Man., last week, and the remains were brought home, reaching here last night. He was attacked by pneumonia, followed by paralysis. Mr. Brown, who was 21 years old, went to Manitoba on a harvesters' excursion two months ago and was expected to return in time for the fair. He was popular throughout the township and general regard is expressed with the family, comprising his mother and two brothers and two sisters. His brother James accompanied the remains from Neepawa. The funeral will be held to-day at the Methodist Cemetery, Woodbridge.

Port Credit

Mr. Devlin, who moved to the city last Easter, has engaged the house Mr. Stewart has just bought from Mr. Block, and is moving in.

Five fresh cases of typhoid fever were reported at New Toronto yesterday, affecting three homes. They are among the better class of houses.

A MONSTER WARSHIP.

The Dreadnought should be True to Her Name.

H. M. S. "Dreadnought" is the biggest thing yet in the way of warships, writes Commander Currey in The Pall Mall Magazine, and until we or Germany, overtake her, she remains a record in nearly all respects, especially in the rapidity of her construction. She has a displacement of 15,000 tons; she can crash a simultaneous broadside of three tons into an enemy at the rate of nearly 3000 feet per second; by means of her turbines she can steam twenty-one knots an hour—that is, three knots faster than any other warship afloat; and she was laid, built and launched in nine months.

It is not quite a hundred years ago since the first wooden three-decker of a hundred and twenty guns was launched and put into commission, and the men of those days looked on her as a portent, the last word in naval science, even as to-day we look on the "Dreadnought." Again, the foremost of the present day, officers like Admiral Sir John Fisher, Admiral Sir John Knyvet, Lord Charles Beresford, and many other of the list of senior officers of the navy, were actually brought up in three-decker line-of-battleships, with smooth bore guns, which have since the evolution of the battleship from its very inception, and have themselves seen the days of wooden battleships, of masts and yards and sails, to the present era of the steel-clad leviathan, of the turbine engines, the 12-inch gun, and the 18-inch Whitehead torpedo.

The experience of the Russo-Japanese war went to prove that secondary batteries of small calibre were in no way inferior to those of larger calibre; that at long distance, where 12-inch guns were the weapons used, the 12-inch were practically useless, and unused; the dogs of war were slipped from the leash armed with a potency unknown in the history of the world; ships of the speed of a railway train, carrying on board of them engines of destruction never yet put to the dread arbitrament of war. The ripe experience, gained by the blood and tears of thousands, was garnered up in the laboratory of the man of science; and England, first then—as it is to be trusted she ever may be when the big guns are put to the fore—put out her mightiest navy, and she was guided by the foremost intellects, aided by the most splendid of the deep the prototype of a new era, the greatest warship man has ever seen.

Supremacy Undisputed.

The placing of the heavy guns has been carried out so that six of her 12-inch guns can fire right ahead at the same moment as the other six. Four guns are in pairs on centre line of the ship on the upper deck, one pair being the after funnel casing and the mainmast, the other a pair of mainmast; being on the same line, they cannot be all fired dead astern at the same moment, but the angle of training is very large; therefore, "Dreadnought" cannot fight as well running away as she can when advancing to the attack. No other ship has always a small moment. Especially is this the case when we consider that her speed is twenty-one knots; until all the foreign navies are built, and it will be some years before they are, the English one will have the heels of any foreign competitor by a good three knots, which means that she could fight with and smash them up at her pleasure.

The adoption of the steam turbine has resulted in the fact that the monster vessel can be manoeuvred with much greater ease than can even her smaller sisters in the battleship line; four shafts are fitted and two balance rudders some twenty feet apart; when the four propellers are running at three hundred revolutions per minute it is estimated that 23,000 horse power will be developed. Another innovation, which was some as some what of a shock at first, is that all the officers will be berthed forward. From time immemorial every one, from the admiral to the midshipman, has always lived at the after end of the ship, but this is no longer to be the case in the "Dreadnought." No doubt the plan is a great improvement, as in a modern vessel the bridge is forward, and where the bridge is there are all the endless communications to engines, barbettes, etc. Evidently if an officer was wanted on the bridge he had to be fetched from the other end of the ship, where he lived when not on duty; in the "Dreadnought" he will always be close to the central hub of the ship's activity.

Quebec Bridge Terminal

Ottawa, Oct. 31.—Mr. Emmerson stated to-day that it would be in the interests of all railways if Quebec bridge terminals were taken over by a company in which all the railroads would be represented.

A Timely Shipment.

The Slater Shoe Store, Yonge-street, has just received a large shipment of rubber-soled boots and also hunting boots. Those waiting for either lines please call.

The Overcoat That Marks The Gentleman

The fur-lined is par excellence the gentleman's overcoat. There are fur-lined overcoats and fur-lined overcoats, we would only risk our good name advertising good ones.

We have in stock an overcoat lined with select muskrat skins, full skirted, large and roomy, in all sizes, with handsome Persian Lamb shawl collar, which is good enough for us to sell with our recommendation at

LOCAL TOPICS

Edward Howard Griggs begins his new course of lectures on Wednesday, Nov. 1, at 8 o'clock.

Ray Gurofsky having gone to Pittsburg to be married, the charge preferred by her father, Captain Pasquale of assault, was dropped at yesterday's police court.

The St. George's Young Men's Association will hold their first meeting and special evening for the season, in the association rooms, St. George's Church, John and Stephanie-streets, on Thursday evening, Nov. 1, at 8 o'clock. New members will be welcomed.

It is interesting to note that the famous Doric Male Quartet of this city has been engaged to sing the specially written quartet music by Mr. Andrew Byrne for the Shakespeare plays "Merchant of Venice" and "Othello," which will be produced this week by Mr. Robert Maxwell and his splendid company at the Princess Theatre. This will be quite an innovation for Toronto theatregoers, who strictly in accordance with the original conception of these classic plays.

There were chimney fires yesterday at the Forbes Hotel, Church-street, and the Tecumseh House, 743 West King-street. Interments at Humboldt Cemetery for October numbered 23, slightly more than for September.

Scene English and Scotch young women teachers who hold old county certificates have been given "occasional" assignments in the Toronto schools with considerable success.

The school book commission will sit again on Monday.

A dividend of 1 1/2 cents has been declared to the creditors of J. Ward, tobacconist, by Richard Tew, assignee.

General Manager Fleming intimates that measures will be taken to correct abuses in the uses of transfers by passengers.

WE HAVE REMOVED

In order to keep pace with the rapidly growing demands upon us for High Class Printing we found it necessary to move to larger and better premises, consequently we have erected a large building of our own at

59-61 John Street Just South of King

and installed machinery of the latest type. With our added facilities we are now more able than ever to turn out all work promptly and look after it closely from start to finish. A telephone call (our number is Main 244) will bring one of our men to you. Stationery, Cards, Announcements, Blotters, Circulars, Booklets, Catalogues and Calendars.

THE ACTON PUBLISHING CO. LIMITED

FACTORIES SHOULD LOCATE AROUND ASHBURGH'S BAY

Some Improvements Necessary Before Commissioner Thompson Can Do Effective Work.

The civic fire and light committee indulged yesterday afternoon in some words of criticism, anent the terms of the agreement made by the board of control with the Consumers' Gas Company for lighting the city streets.

Chairman Fleming said the company could compel the city to foot the bills for the laying down of new mains, while the company would own the mains. Erin-street residents wanted a gas service and the company was prepared to mult the city.

The committee recommended the board of control to provide a fund to meet the cost of construction of mains. Secretary McGowan of the fire department doesn't consider the city's position to be a serious one in the five years there have been only about eight cases in which the gas company declined to pay for building new mains. It was only where no revenue was to be derived from a house service that the company balked. In the case of Erin-street residents there would be no such house service required.

Chief Thompson said he had applied to the waterworks department for the installation of a number of new water mains, and had been told that there were no funds. The controllers will be asked to furnish them.

Mr. McMurich suggested red colored lights to distinguish the location of fire alarm boxes at night. Mr. McGowan will report.

Mr. McMurich said a number of ratepayers had requested him to ask what progress was being made in the installation of the high pressure water mains system voted upon two years ago.

"I got so disgusted with asking questions about it that I gave the matter up," replied the chairman, who promised, however, to again tackle the city engineer.

Industries Commissioner Reports.

Industries Commissioner Thompson is reportedly seized with the necessity for the city's converting Ashburgh's marsh into a site for factories. He reported to the board of control yesterday that the plan would necessitate the diversion and straightening of the Don, and its filling in from the G.T.R. tracks to the present outlet; that Keating channel would have to be also filled in and a new channel cut south of the present one, and that a bridge would have to be built across the Don, to give the railways access to the land and a swing bridge over Keating's channel, if the latter were to be used for navigation. Two spur lines would also be required, one easterly north of the Keating channel, from near Cherry-street bridge to Leslie-street, and the other westerly, from the road leading to Simcoe Park, while a concrete breaker should extend from the foot of Parliament-street south to the north limit of the proposed new channel, thence easterly to the present roadway.

Mr. Thompson said there was a rapidly increasing lack of good factory sites within the city. He has received many applicants for sites, but could do nothing till the location of the channel was definitely settled.

The board will visit the locality.

Contractors Suspended.

As a result of Magistrate Denison's having committed several roofing companies for trial, the board of control yesterday decided not to accept any of the tenders for roofing on the southern side of St. Lawrence Market, since the three tenders, B. E. Ormsby & Co., Douglas Bros., and Asa Matthews—had all been so committed. The property commissioner and city architect were temporarily entrusted with the work, but it was agreed to have the disapplicants state their case.

City Owes It.

The western sandbar, in its entirety, is the property of the city, so the city solicitor reports, with reference to the contention of the harbor board that a portion of the sandbar is government-owned.

The board of control is agreeable to allowing a three years' lease of four acres of land south of the outlet of the Don, on the east shore of the bay, to the Sherwin Cooper Gasoline Engine and Boat Co.

The Canadian Shipbuilding Company's slip at the foot of Bathurst-street, will allow the launching of a huge ferry built for the G. T. R., would cost \$1600, and the harbor board will be asked to foot the bill.

Mr. Conroy says the returns for the second payment of taxes is the largest percentage of payment at this stage of collection received for over twenty years.

The city has agreed to allow the Canadian Northern Ontario Railway to cross Eastern-avenue in obtaining track entrance into the city, and only the railway commission's consent remains to be had. The company have temporarily arranged to use the belt line tracks below Queen-street, and thence along the Laidlaw siding to Eastern-avenue, and along the C. P. R. tracks.

Abolish a Committee.

The mayor gives the opinion that the city's interests in the island could be best handled by giving one of the present civic officials the added title of island commissioner, and doing away with the committee.

President Mackenzie has promised to carefully consider the city's proposal that a permanent foundation should be laid under the street railway tracks which are being renewed on King and Queen-streets, and also that the devil strip should be widened.

The German Chancellor.

Prince Buelow has returned to Berlin after an absence of nearly five months which he has spent at Nordenskiöld, where he owns a beautiful estate, and partly in Hamburg. The imperial chancellor's health has been as usual, and he has spent at Nordenskiöld as the condition of Mr. Joseph Chamberlain. The most reliable authorities, however, state that Prince Buelow's health is not so good as the prostration which caused his sensational breakdown in the Reichstag, and that he is quite equal to hard work once more. That he will need a great deal of strength is a certainty.

Modern Sun Worshipers.

Herr August Engelhardt, founder and "high priest" of the small sect of sun worshippers who settled in German New Britain in 1902, died recently. The sect comprised only three individuals, who styled themselves "sun brothers"—Herr August Engelhardt, Max Lutzrow and Heinrich Eukling. In 1902 Engelhardt, fully convinced that he was about to found a community which would be the first link in a chain of sun worshippers that would eventually encircle the globe, started from Germany to seek a suitable place of settlement. He purchased the Island of Kabakony, one of the Duke of York group. He wore no clothes, his only food was the kernel of the cocoanut and his drink exclusively the milk from the same fruit. His days were spent under the broiling sun, and he became bronzed to the hue of a Samoan. At night he slept on the sands of the beach.

SIMPSON COMPANY LIMITED
