Indications For a Most Successful Race Meet.
Every indication points to the largest attendance the Ontario Jockey Club's Toronto hostesses has ever known, and full in entertaining. Those who wish to be thoroughly up-to-date should not neglect to buy in a supply of Canada's celebrated mineral water, Radnor.

It must be remembered that the Radnor Water Co. has lately been appointed by special warrant purveyors to the King's Most Excellent Majesty, and this recognition of one of Canada's good things has been much appreciated both at Ottawa, Montreal and here.

Do not omit to have a stock of Radnor in your cellar for race week, 1907.

BOY LIFE IN CAMP
Exposition at Y.M.C.A. Attracts a Crowd of Parents.

Boys are a beneficent institution under certain conditions and anything that will positively encourage and modify the boy will be hailed with delight by all boy-men.

Last night's exposition of boy life in camp at the Young Men's Christian Association Hall attracted a crowd of parents and others interested in Camp Couchiching, where for four years past near Orillia the camp idea has been brought to perfection. This year's camp is on an entirely new and elaborate basis, \$2000 having been expended on permanent structures. A hundred boys will be accommodated during July and August.

Samples of the songs and other stunts put on at the semi-weekly entertainments were shown by means of photographs of camp life, and Taylor Statten, camp director, told all about his life in camp.

Boy camps were started in 1885 by Somer Dudley at Lake Champlain, where the largest camp in America is maintained. Camp discipline is maintained by the boys under a right hand system and the organization is very perfect, covering commissariat, religious instruction, A local committee of business men looks after the institution.

LIVER ILLS
Bowels Are Constipated
Kidneys Are Unhealthy
Constant Headaches

Nothing makes you feel worse than slow liver. Seems as if every organ in the body had gone wrong.

What the liver needs is the stimulation afforded by Dr. Hamilton's Pills; they go right to work on a lazy liver, restore it in a few hours.

Taken at night, you're well next morning; that's how Dr. Hamilton's Pills work.

Had Bad Taste and Headaches.
Thus writes Mrs. D. E. Fowler, from Yarmouth: "I used to feel drowsy and heavy, my color was sallow, and there was usually a bad taste in my mouth. I had vague pains all through my limbs and an annoying headache as well."

"After one dose of Dr. Hamilton's Pills my appetite increased, and that exhaustion and depression gradually left me. I seemed brighter and happier after I used Dr. Hamilton's Pills, so I strongly recommend such good medicine."

No Appetite—Bad Color—General Debility.
"I found it hard to sleep and felt worn out and tired all the time. Dr. Hamilton's Pills made instant change. My color grew strong, my blood was restored, my appetite increased, and I was vigorous, cheery and healthy in every respect."

SPECIAL NOTICE. The secret of the wonderful success of Dr. Hamilton's Pills is due to their ability to improve the tone of the kidneys, liver, stomach and bowels, thereby assuring an ample supply of rich, nourishing blood, which circulates its strengthening influence to every part of the system that requires it.

Take Dr. Hamilton's Pills when you're well, when you're sick, whenever you think a purifying tonic will do you good. Sold everywhere in yellow boxes, 25c each or five for \$1.00. Insist on having only Dr. Hamilton's Pills of Mandrake and Bittern.

Day's Doings in YORK COUNTY

ELECTION IN WARD 7 TAKES PLACE TO-DAY
Five Aldermanic Candidates and All Hopeful—North Toronto News—County Notes.

WEST TORONTO, May 28.—(Special.)—The aldermanic campaign now all but concluded finds each of the candidates equally hopeful as to the outcome to-morrow evening.

The contest has been singularly free from personalities, and as an instance of the good feeling existing, Sam Rydman's shop windows, where all aldermanic candidates' election cards are a striking example.

That everyone of the candidates has a large following is undeniably true, and the result will be practically in doubt until the last vote is counted.

The friends of Mayor Baird point to his long and honorable connection with municipal life in West Toronto, and charge that his intimacy with legal and general matters will be of infinite service to the city. Personally popular, the mayor will rally a large following.

Joseph R. Bull, the only candidate living north of the C.P.R. is said to be meeting with splendid success in his canvass. Mr. Bull was a most valued member of the old council, rendered splendid service on the collegiate board and is personally a most estimable and progressive citizen.

Ex-Mayor Jesse C. Smith was for many years identified with the council, has already been mayor of the town, and will, it is said, command a large following.

A. J. Anderson, ex-city solicitor, has had a wide municipal experience, and following that, was retained in his late position for a number of years, boys will be accommodated during July and August.

Sam Rydman has for ten years or more been prominently identified with the municipal life of West Toronto, has served in the water and sewer departments, and a popular and progressive citizen, Sam Rydman is regarded by many as eminently fitted to represent ward 7 and the city at large, in the larger sphere.

The funeral of the late Mrs. Aiken will take place to-morrow afternoon at 2 o'clock to the city cemetery.

The funeral of the late Mrs. Eadie takes place at 4 o'clock to the same place.

A circular was issued today stating that Jesse Smith is advocating A. J. Anderson as his running mate in to-morrow's aldermanic election in the seventh ward. Mr. Smith is said to be emphatically having anything to do with the circular or any knowledge as to its authorship. He regards it as a ruse to lead to injure his own prospects. Mr. Smith is interested in the election solely as regards himself, and is not naturally advocating support for one of the other candidates.

Shortly before midnight the firemen were called to some blazing sheds on Victoria street. They were soon on the spot and the fire was extinguished within a few minutes. Damage was less than \$50.

RICHMOND HILL.
Interesting Budget of News From Our Own Reporter.

RICHMOND HILL, May 28.—(Special.)—The directors of the Agricultural Society met in the council chamber to-day to close up business of this year's fair. The directors have every reason to be proud of the best fair of their record. Many were the highly congratulatory words heard on Monday.

A very serious accident was narrowly averted on Wednesday evening, when the three-year-old driver of Mr. Chas. Conlisky took fright at a motor car, landing the driver in a hospital, and in holding on and escaped without great injury, save to harness and buggy.

The annual meeting of Richmond Lodge A.E. & A.M. will be held on Monday evening, when officers will be elected for the year.

Music Lessons FREE
Started Him

"I could not play a note when I received the first lesson from you, and now I am playing in a good orchestra of the pieces and can read music and play as well as any of them. I shall always recommend your home study school of music." That is what Mr. Smith, Jr., R. R. No. 2, Marietta, Ill., writes after a one-year course on the Violin.

Bill Smith's only expense under our free tuition plan was for postage and music. That cost him less than five cents a day, and he was under no further obligation whatever.

If you wish to learn to play the piano, organ, violin, guitar, mandolin, banjo, cornet or learn to sing, our teachers will come to you by mail once a week with a lesson until you can read music and play your instrument to your own satisfaction.

Over ten thousand weekly lessons are now being sent to homes all over the world to pupils in all walks of life, from seven years of age to seventy.

Our free tuition plan will enable you to get weekly lessons costing you less than two cents a day, and you will not only learn to play, but you will also learn to read music, and you will be able to play any piece you wish to.

Don't say you cannot learn music until you send for our booklet and free tuition offer. It will be sent by return mail free. Address: R. SCHOOLS OF MUSIC, Box 316, 225 Fifth Avenue, New York City.

The girls of forms two and three, 80 in number, performed a folk dance. The girls of forms three, four and five, numbering 104, performed fancy movements while swinging Indian clubs. Mrs. H. B. Somers was in charge of the girls as instructor.
The band of the 48th Highlanders was in attendance. A crowd of about 1000 people witnessed the games.

The Twin-City Bowling Tournament.
The big Twin City lawn bowling tournament is announced for the week of Aug. 8. The hospitable sister towns of Waterloo and Berlin provide annually for the bowling fraternity one of the largest and most enjoyable bowling events of the year. Last year 61 teams were entered. This year 32 excellent greens will be available for the increasing number of bowlers who come to the Twin City Bowling Tournament. There will be three competitions, the first being for the magnificent Seagram Trophy, followed by the association and consolation contests. There will be no singles or doubles. Music and refreshments will be provided as usual. The following officers were appointed at a meeting held on May 14: President, Ed. F. Seagram, Waterloo; vice-president, J. A. Weir, Berlin; secretary, W. D. Euler, Berlin. Umpires, C. Mead, Toronto; Dr. Roberts, Brampton; W. Chapman, Guelph; W. Jackson, Clinton; G. Nightingale, London; E. Stone, Elora; W. Cole, Mitchell; Dr. Gray, Stratford; T. Woodruff, Brantford; C. Schultz, Hespeler; A. D. Strong, Galt; Dr. Wood, London.

Toronto Tennis Club Officers.
At the annual meeting of the Toronto Tennis Club, great enthusiasm was shown at the encouraging reports of last year's work and the bright prospects for the coming year. The grounds committee in charge reported progress in reference to securing new grounds and hope to secure same before the end of 1909. The playing strength for this year will be as strong as ever, the ladies' department being exceptionally good.
The Ontario championships will again be held the last week in September, and it is encouraging to know that many entries from out of town have already been received. The following officers were elected:

Hon. president, Elmore Harris; hon. vice-presidents, John A. Patterson, Leopold Goldman; president, H. C. Boulthée; vice-presidents, Jas. A. Meldrum, E. H. Hall, S. S. Martin; treasurer, E. S. Patterson; secretary of ladies' department, Mrs. H. Boulthée; secretary, Ralph A. Burns, northeast corner King and Yonge streets; committee, C. D. Macdonnell, F. A. Sutherland, D. Henderson, F. A. Favorites and Second Choices
Again Fare Well in Heavy GoingMendip Rumps Home Ahead in
Maple Leaf Stakes—Nod in
Last Race is the Long Shot
to Land.

Over a track that was fetlock deep in mud only two first choices landed out of seven that went to the post on the sixth day of the spring meeting of the Ontario Jockey Club. Second and third choices and Nod at long odds were the other winners. The threatening weather caused a falling off in the attendance and only the regulars were at the track. The racing was first-class notwithstanding the heavy footing and in many cases the favorites were close. The feature event of the card was the Maple Leaf Stakes for fillies, which was won in a common gallop by the odds-on choice, the Seagram mare, Lady Milner, and Mendip, who was withdrawn from the plate race. French Shore, from the stable of R. Davies, was the good thing in this stake, but was raced into submission in the first half mile by Lady Milner; then Musgrave came on with Mendip and won, pulled up by fifteen lengths. One of the features at the track yesterday was the arrival of King James, who came in from New York to start in the Toronto Cup, which will be run this afternoon. This is one of the highest class horses that have ever raced at this track.

In the first race the colors of the Davies Stable went to the front shortly after the start and remained there to the finish. Shore Lark was pounced the best of his field and won going away at the end. Crocyder was the good thing and carried all the public support. When the barrier was let go he was rushed to the front with the winner close in behind him. They ran this way to the top turn, when Shore Lark was given his head and won easily.

In the second event the scratches reduced the field to five starters, with Pulka the first choice. The start was a first-class one, but there was no excuse for the downfall of the favorite. He was beaten by Fauntleroy, who came with a rush at the end. Pulka had every advantage of a good ride, but was outgunned at the last furling.

The third race was the Maple Leaf Stakes and only four horses went to the post, two of these being from the Seagram Stable. When the field was sent away French Shore was hustled to the front, but was soon overtaken by Lady Milner. The pair raced like a team for the first half mile, racing each other into the round. Mendip, who was ridden by Musgrave, was held in reserve for the finish and fairly galloped over the top of the others when given her head.

In the fourth race there was another four-horse field, with Bellwether the short-priced one. Red River being the second choice, Bellwether was off flying, and tried hard to make every post a winning one, but when it came to a drive at the end could not stall off either Red River or Terah, who were both coming with a rush. Red River was second and Terah was third, while Terah was as good as a second.

The fifth race saw a good field of two-year-olds go to the gate, with Busy the favorite on his race of the last time out, when he finished second. He got off in front and set his own pace all the way, although he was challenged two or three times by Galvesa, who finished second to him. Compton, the good thing, was never a contender with the first two after the first furling was run. Hickory Stick was left at the post, and was put on the schooling list.

Thomas Calhoun, an unknown quantity, won the sixth race with ease from Edwin Gum, who was poorly ridden, being mowed all over the track and was left at the post. Calhoun assumed the lead.

from the start, and led all the way. Gum was off poorly and never got up in time to endanger the leader.

There came a surprise in the last race when Nod, a forty-to-one shot, landed the money. There was a heavy play on the Seagram horse in this event, while Tremargo was another favorite. Nod was a hard drive to stall off the Seagram horse. The others were outrun all the way.

"At Muller's, of Course."
The saying so generally accepted, "At Muller's, of course," influenced the Ontario Jockey Club in their selection of G. W. Muller's cigar store as their uptown ticket depot.

Amateur Baseball

The card for to-day at Stanley Park will bring together the Dufferins and Bohemians at 2 o'clock, and the Strollers and Jerseys at 4 o'clock. Judging by the games last Saturday, the teams look pretty evenly matched and to-day's games are sure to be keenly contested all the way. Batteries: Dufferins—Walsh, Auld and Davis. Bohemians—Case, Curran or Ball and Croft. Jerseys—McMullin and Massey. Strollers—Graham and Riley. Empire Sport Turner.

Stanley Park 4 o'clock this afternoon Strollers vs. Jerseys. Strollers line up as follows: Riley, Auld, Walsh, P. McLaughlin, B. Johnston, B. Price, B. Poulter, P. Pringle, Wilson, J. McLaughlin, P. East and J. McLaughlin. A good game is expected and all supporters are requested to be on hand. The team dress at Stanley Hotel at 3.30.

That the games of the teams who comprise the Inter-City Baseball League will prove of more than exceptional interest Saturday, goes almost without saying. As per usual, the south side grounds at Stanley Park, is where the battles will take place and both these baseball battles will be strenuous. In the first game at 2 o'clock, the Strollers and the Jerseys will meet. The Wilsons' Clear Co. team will meet the Guita Percha nine. As who will win? Well, the Strollers' point of view is that they are the better team. The Wilsons' Clear Co. team is a corker, and it would prove an exceedingly hard task to predict the winner as both teams are as yet undefeated. The batteries probably will be: Clearmont—Gallagher and Smith. Wilsons—Auld and Davis.

The Lourds B.C. will play St. Mary's a league game at Exhibition Park. All players and supporters are requested to be on hand at 2 o'clock. The program for the Don Valley League this afternoon at 2 o'clock, promises two good games. At 2 p.m. the I.C.B.U. play the Carletons, batteries, Wright or McGowan and Kelly, or Miller and O'Brien; Allward and Adams. Willows have a bye.

All players of the B.C. baseball team are requested to meet at the club house at 1 o'clock this afternoon. They have a game with the Oakville Stars. The team leaves Union Station at 2 o'clock.

The Baracas play at 2 p.m. on Vermont Park and all members are requested to be on hand at 2 o'clock. The following will meet at Christie Street at 2 p.m.: The Baracas, batteries, Smith, Brown, King, Morton, Richardson and Hammett.

The members of the West End W.M.C.A. Boys' Department Intermediate baseball group are requested to meet at the building this evening at 8 o'clock when the two teams to represent the department in the League will be chosen. It is the intention of the club to put a team to play against the west side, so that the club teams will not have to play against each other. The members are requested to be on hand as arrangements for the game will be made.

The Gerrards meet the Albions in a league game this afternoon at 4 o'clock on the Don Flats. Both teams are playing winning ball, and a fast game is expected.

King Street Methodist A.C. will play a practice game on the Don Flats (west side) on Saturday afternoon at 2.30. A full turnout is requested.

The Willow Valley League will play the Carletons at 2 p.m. Saturday. The Carletons will play the Willow Valley League at 2 p.m. Saturday. The Willow Valley League will play the Carletons at 2 p.m. Saturday.

SIXTY DAYS' RACING

VICTORIA, B.C., May 27.—The sixty day running race meeting which opens at the Willows track in this city June 5, gives every promise of being the biggest and most successful undertaking of the kind ever attempted in any city in the Dominion of Canada. Never before in the history of the running turf in Western Canada has a meeting of this length of time ever been attempted and while, in a measure, the venture is largely in the nature of an experiment, the promoters are confident that it will prove an unqualified success.

It is generally conceded that an extended race meeting to enjoy success must be backed by the influential citizens of the city in which the meeting is conducted. And furthermore, a sufficient number of theoborbs of enough class to make the contests interesting must be engaged at the meeting. But what is of the greatest importance is the manner in which the meeting is conducted, and the character and standing of the men, in whose charge is placed the conduct of the racing.

That the forthcoming meeting will possess all of these essentials there is not the slightest chance for a doubt. The officials and members of the Victoria Country Club, under whose auspices the meeting will be conducted, are all gentlemen of standing in the social and business life of this city, and enjoy the confidence of their fellow citizens. Mr. D. R. Kerr, the president of the club, is one of the most widely known merchants in British Columbia, while the other officials and stockholders in the club are all identified with the business and social life of Victoria.

Regarding the number and quality of the horses that will be engaged at the meeting, it is sufficient to state that there are already over a hundred thoroughbreds quartered at the track, while reservations have been made for sixty more that will arrive before the opening day.

In order to accommodate this large number of horses, over two hundred new stalls have been constructed, and even this number has been found insufficient to accommodate the large number of horses that their owners desire to ship to the track.

Some of the best horses racing at the recent Oakland and Los Angeles meetings have been shipped here, and it is expected that the meeting will witness some of the best sport ever offered on the Pacific Coast.

Among the well known owners who are expected at the meeting are the following: Mr. W. H. Whistler, the well known railroad and mining man; Barney Schieber, the owner of the Woodland stud in Missouri; F. T. Chinn, the noted Kentucky turfman, whose string is being handled by W. D. Maxwell, the veteran trainer; Matt Rice of Seattle, who has a most formidable string here; Gill Summers and Co., owners of the sensational sprinter, Donkey and A. J. Mieson, who has a fine string of horses here; and P. L. Little, who has a fine string of horses here.

In addition to these, all the prominent stables of Western Canada and the United States are expected to be at the meeting by their best thoroughbreds.

The club is to be congratulated in securing the services of Judge Robert F. Leighton of Vancouver, B.C., to manage the meeting, for no better selection could have been made. Mr. Leighton has been identified with the turf in British Columbia and the Pacific Coast states for the past fifteen years, and his long experience fits him for the position of manager. He is a man of high character, and his selection for the position is a guarantee that the meeting will be conducted upon a high plane, and kept from all taint of suspicion.

Mr. St. D. Skinner, who has been appointed associate judge, is a native of Hamilton, Ont., and has had years of experience in the management of racing. Last summer he acted as presiding judge at Butte, Mont., and he came here with a reputation for honesty and integrity. He is a man of high character, and his selection for the position is a guarantee that the meeting will be conducted upon a high plane, and kept from all taint of suspicion.

The track and buildings are being overhauled, and put into condition for opening day. The track is being almost completely new, and it is predicted that it will prove to be one of the fastest in the country.

Ten stakes are to be decided during the meeting, chief of which are the Victoria Derby, and the Dominion Day handicap. The nominations to the different stakes closed May 15, and the list is gratifyingly large.

Nominations to the Victoria Derby are particularly large, as, aside from its value, horsemen are anxious to capture what will in future years be considered the chief classic of the meeting.

Six races will be given daily, and purses will not be less than \$200. As the meeting progresses, the value of the purses will be increased in proportion as the attendance increases. The club does not desire to garner any large profits, preferring to distribute all surplus earnings among the horsemen in the shape of increased stakes and purses.

Special races will be frequent intervals be carded for the benefit of Dominion and province bred horses. This is only right, and will serve to stimulate the breeding business in the western provinces.

Manager Leighton has made known his determination to make the initial meeting a model to be copied by those in after years. In order to accomplish this all undesirable features will be eliminated, and the most desirable characters will be kept away and everything will be done to make the meeting one of which the citizens of Victoria may be proud.

It is expected that the city will be crowded when the meeting begins, and hotelkeepers are making active preparations to accommodate the influx of visitors, many of whom will be drawn to the coast this summer by the Seattle Fair. Victoria is a well provided with all classes of hotels,

Some of the best horses of the season are coming in now, and next week we will have some extra good consignments of Heavy Drafts and Delivery Horses, as well as a good supply of the other classes.

At our Tuesday and Friday auctions we will sell a number of city horses, warranted serviceable sound, and warranted as to wind and work—to be sold without reserve. We will also sell a number of Second-hand Buggies and a number of Saddle Horses.

A few people have thereby enriched themselves, it has been at the expense of their own country, for by such practices capitalists have become wary of putting their money into Canada's mining enterprises, and as a result many properties rich in gold ore have been left idle for lack of the necessary money to develop them.

Again, in the extraction of gold from ore a large amount of money is needed for the enterprise in its initial development. The prospecting work which should be accomplished before a mine can be sold to have had its worth proven, is a costly process, and some there are who, thinking they have had sufficient capital to work their mines, have, having spent all the money at their disposal, they have yet fallen short of proving the value of their properties, and are left with a large debt to the bank.

The region around Kenora is prolific with such examples, and there are others in the district of the Lake of the Woods.

The immense wealth in silver found at Cobalt has, however, done a great deal to relieve the situation, for by its success, it has again made possible the introduction of outside capital and has to a large extent eradicated the prejudice, if prejudice it may be called, which has existed against Canadian mining ventures.

At the present time Sturgeon Lake has created a very large local interest, which is rapidly becoming an interest extended all over the continent and it is attracting the attention of mining men of experience and money, who, if satisfied that the gold is there in paying quantities, will not hesitate to acquire properties and to work them to their own profit and to the very great advantage of this district.

The probably more has been of the Grand Trunk Pacific were operating a train out of West Fort William which would take him as close as it is possible to go by rail.

In this district there are a number of gold mining companies pushing development work, while American syndicates have options on various claims.

YONGE STREET WIDENING.

Now that Dr. Sheard has spoken, a great many simple people may imagine that nothing more remains to be said. Just what purpose Dr. Sheard desires to serve by opposing the widening of Yonge-street is best known to himself, but of all the idiotic contentions that ever were adduced against a public improvement commend us to Dr. Sheard's business. Will any kind of a street widening be a business on account of being widened?

Perhaps Dr. Sheard's real objection is that it might add to the labor of his scavenging department. The T. Eaton Company and the Robert Simpson Company are surely interested in maintaining Yonge-street as a business thoroughfare. Both these firms have endorsed the plan of widening Yonge-street. We have yet to hear of any experienced merchant on Yonge-street opposing it.

But where is the Guild of Civic Art while the Yonge-street campaign is on? The Guild is understood to be an educative body, interested in giving the best information to the people about city improvements. Why does the Guild not have a meeting and get some of its ideas before the public on the matter? There may not be a crowded audience, but the newspapers will ventilate the proceedings.

The Guild might look into the proposal to widen Danforth-avenue at the same time. This is in line with the Guild scheme of a continuous boulevard system around the city. Danforth-avenue is a simple proposition as it stands. In a few years it will be one of exceeding difficulty, and the Dr. Sheards of the future will have the usual dissenting views.

The widening of Yonge-street is an imperative necessity. St. Clair-avenue and Danforth-avenue and some other streets are no less imperative when regarded from a viewpoint in the future. Let the Guild of Civic Art make a pronouncement!

BRITISH LIBERAL IMPERIALISTS.

Sir Robert W. Perks delivered a very sound and sensible address to the Empire Club of Toronto on Thursday. It comes as a whiff of fresh sea breeze and should do something towards dispelling the miasmaic vapors, thru which Canadians have been expected to regard the motherland. But The World doubts whether the entire blame for the prevalent view of British social conditions, which in Sir Robert's opinion has been so assiduously fostered for political purposes, can be laid on the shoulders of the British Conservative press. It is due in part to the action of certain Canadian Liberal journals that have found it convenient to use them as texts against the call on the imperial states to organize themselves for mutual defence and to establish a system of inter-preferential trade. The United Kingdom is not stagnant, neither is it decaying. If it were there would be no such vivid recognition of the evils which undoubtedly exist and no such clear determination to end them or mend them.

Sir Robert Perks belongs to the right wing of the ministerialists, a place which in earlier times was occupied by the Whigs, who became either Conservatives or Liberal Unionists. Whigs, Liberals and Radicals are now represented by Liberals, Radicals and Labor Socialists, and this advance has been proved wholly beneficial to the modern edition of the Gladstones as once described by Gladstone as the finest weapon ever forged for the achievement of reform. For the change that has come the home rule question was immediately responsible, tho it probably only accelerated a process already in evidence. Whether the Liberal Imperialists will continue to exercise an effective restraint on their more revolutionary allies is questionable, but in the meantime they comprise several of the ablest and most trusted statesmen in the government. Sir Robert's address admirably illustrates the strength and sanity of Liberal-Imperialism and it is peculiarly notable, as coming from an experienced man of business, that he emphatically declared: "If I were a Canadian I am bound to say I would not be a free trader in the present condition of affairs." The World commends this observation to its free trade contemporaries.

HERESY HUNTING.

Orthodoxy is my dory, and heterodoxy is your dory, was the witty declaration offered long ago by a genial paragon. Inquisitorial methods die hard, and the heresy-hunt is still almost as popular in America as the witch-hunt in Africa. Toronto has been several notable pursuits, and it would be rash to say that no more will be witnessed. But there is less encouragement for the prophet-baiter than in days when fewer people thought for themselves. Those who would try another man for heresy forget that they thereby make for themselves the awful claim of infallibility. It is rarely that any human being will undertake to condemn another on the strength of a belief in his own

infallibility. Yet that is the basis of every charge of heresy. Unless a man believes in his own infallibility he will be incapable of taking the extreme positions occupied in the average heresy trial. There is only one science, that of mathematics, in which the claim to infallibility is permitted. And it is astonishing within what narrow limits it is permitted even there. Two and two make four. The whole is greater than its part. Very little farther. Its theorems and problems cannot be proven without certain assumptions which have to be taken for granted. Yet apparently sincere and honest men will assume infallibility about matters that have been in dispute for centuries in theological fields.

McMaster College in the matter of Prof. J. C. Matthews, and Toronto West Methodist Ministerial Association in the matter of Rev. Dr. Crumney are to be congratulated on the sensible course they have taken. Loyalty to the great gospel principle that "ye shall know the truth and the truth shall make you free" would soften many of the suggestions of heresy. Loyalty to the greater principle of brotherly love will not weaken the standards by which truth is to be recognized.

FISCAL WAR FOR FISCAL PEACE.

In the closing sentence of an editorial yesterday, treating of the reported intention to close the feldspar mines on the line of the Kingston & Pembroke Railway as a consequence of the new United States tariff, The Globe observes, accurately for once, "It is true that it is sometimes necessary to wage a fiscal war in order to bring about fiscal peace." This is, of course, one of the main arguments used by British tariff reformers in support of their campaign for the imposition of import duties. Great Britain, under its present system, allows unrestricted access to the goods of nations that protect their home manufacturers by high tariff walls. To call the course of trade under such conditions free, is a complete misnomer. The United Kingdom, in self-defence, must wage "a fiscal war in order to bring about fiscal peace." Even the partial closing of the British market would ensure a more even balance of trade than now exists and thus provide better employment for British labor.

In 1907 the United Kingdom imported foods, drink and tobacco valued at over \$1,000,000,000, and manufactured articles valued at over \$700,000,000. The effect of these huge figures on British home industries is too plain to be affected by theories founded upon the situation as it was two generations ago, when the country was pre-eminently the workshop of the world. Now the United States and Germany are rivaling Great Britain in the volume of their foreign trade, and high-ly protected themselves, and in Britain the most valuable of their outside markets. They are fighting "fiscal war" on the mother country and its coming has been hastened by the movement for imperial preferential trade. Free trade organs in Canada say that the imposition of duties in the mother country would not benefit the other British states, and instance the Canadian farmer, whose grain, now entering free, would be then subject to them. But under no reasonable supposition can Britain produce the grain she requires. Even if the grain growing area of Britain expands there will be a margin for imports more than sufficient to bestow a very substantial benefit on the agriculturists of the over-sea imperial states.

Grand Trunk New Offices.

The Grand Trunk Railway System with their new organization in Europe have opened a fine suite of offices at 17-19 Cooks-park-street, London, one it is just opposite Pall Mall and the majority of the traffic from Westminster and the west end of London passes through this thoroughfare to Piccadilly, Oxford-street, and the commercial sections of the metropolis. Canadian who visit London will find these offices complete in every way, and the company are desirous of having all visitors from the colonies make their headquarters in London, their rendezvous, where they can have their mail addressed, make appointments and do their correspondence. This is an invitation of the transportation lines of the colonies, and no doubt will be taken advantage of by many overseas visitors to the mother country.

M. L. A.'s to Visit Cochrane.

On August 30 the members of the legislature will take a five day trip to Ontario's hinterland. The party will journey by Grand Trunk to North Bay, and will there proceed over the T. & N. O. to Cochrane, where the line touches the National Transcontinental. Numerous stops will be made en route, and the entire country beyond North Bay will be seen in daylight.

In the Supreme Court.

OTTAWA, May 28.—Judgments were given in the supreme court to-day in fourteen cases, including what is known as the "Common School Fund" case. The Province of Quebec was unsuccessful, Quebec appealed from the judgment of the Dominion arbitrators appointed to settle accounts between the Dominion and the two provinces, or between the provinces themselves, in matters prior to Confederation, and to what is known as the "Common School Fund." By their award made in 1886, the arbitrators directed certain amounts to be paid to the Dominion in respect to this fund, such amounts arising from balances due on subsequent sales of land prior to Confederation, deduction of amounts due on such sales; amounts that should have been received for lots sold prior to 1867, for which patents were issued without payment; and amounts due on such prior sales, afterwards cancelled, and lots sold at reduced rates. A few years later an appeal was taken to the privy council on another branch of the same case, namely, a claim for uncollected balances, and it was there held that the claim must fail, as it involved a charge of breach of trust.

By the award now appealed from

arbitrators held that, under such decision of the privy council, they had exceeded their jurisdiction in their award of 1886, and struck out the direction as to the above claims. The arbitrators' award, even if it had exceeded their jurisdiction in their award, was beyond the jurisdiction of the arbitrators, as it was not want of jurisdiction over the subject matter generally, but of the particular matter, the award is still res judicata and that the arbitrators, having made their award, were functi officio and could not re-consider it. Free appeal was dismissed with costs. Chief Justice Fitzpatrick and Justice Duff dissenting. This settles the matter in favor of the Dominion.

Ottawa Electric Railway Company

v. O'Leary, appeal dismissed on equal division of opinion.
Anderson v. Foster, appeal dismissed with costs.
Fraser v. Pere Marquette Railway Company, motion to quash refused with costs, fixed at \$50.
Miller v. The King and Exchequer Court, appeal was dismissed with costs.
Goldstein v. Harris, appeal dismissed with costs.

Presbyterians and Temperance.

DRYDEN, Ont., May 28.—Clergymen and laymen should not use tobacco, but it is not contrary to the principles of the Presbyterian Church to grant saloon licenses. This was decided by the general assembly of the Presbyterian Church to-day in answer to a resolution of the temperance committee after a long discussion.

BISHOP'S SYMPATHY

Deeply Distressed By the Sad Tragedy in Oldfield Home.

Bishop Sweeney has addressed to Rev. W. J. Brain, rector of Wychwood, a letter of sympathy with the Oldfield family, four of whom lost their lives in the recent fire. He writes: "The Rev. W. J. Brain, M.A., Wychwood."

My Dear Brother—

I was deeply distressed to read the account of the dreadful accident that took place in Wychwood, by means of which a home was so devastated as appeared by the reports in the papers. I earnestly hope the calamity did not entail one of our parishioners, but whether or not, I wish to assure you that I deeply sympathize with the family and the community in the tragedy and sadness which has befallen them.

Penalties in Police Court.

Mary McNally, accused of vagrancy by her husband in police court, was turned over to the Salvation Army, who are to see that she returns to her mother and vacates the street as a regular habitation. Patrick McGlade, who admitted stealing from his employers, went to jail for 30 days. The charge of wounding Hugh McCauley against George Blitten will be gone into later, when a doctor will say whether McCauley was stabbed or struck with a barbed wire. Fred Murray and John Guinane will live at the Central Prison for theft of lead pipe. Alan Pardoe paid \$100 and costs for keeping a common betting house at 12 East Queen-street. There was no evidence against Fred and Henry Allison, similarly charged, and they were therefore discharged.

SAYS VOTE WAS IRREGULAR

Grimby Citizen Wants Chance to Vote Over Again.

On hearing argument yesterday in the adjourned motion for a declaration that the proceedings on the vote on the Jan. 4 last on a bylaw to repeal the local option bylaw of the Village of Grimby, Chief Justice Mulock reserved judgment. Geo. Lynch-Staunton, counsel for J. W. Van Dyke, appellant, also asked for a mandamus to compel the council to submit the repealing bylaw again.

WILL OF H. H. ROGERS

Vast Estate is Distributed Almost Entirely Among Relatives.

NEW YORK, May 28.—The will of the late Henry F. Rogers, the Standard Oil millionaire, was admitted to probate here to-day. According to the terms practiced, the entire estate, valued according to Wall-street at between \$50,000,000 and \$75,000,000, will ultimately be divided among the children, and their heirs. Half of the equal shares into which the residuary estate is divided, will be given to the four wives of the late Mr. Rogers, and the remainder to his children. The will provides that the principal be divided among the children, and that they may dispose of only by will, continuing, however, to enjoy the income until their death. The widow and the four children, and their heirs, are provided for through trust funds, the interest on which they will receive during their lives. Mrs. Rogers' annuity is specified at \$100,000. The others, only ten in number, will receive the interest on amounts ranging from \$10,000 to \$200,000. To his native town of Fairhaven is bequeathed \$100,000 for school purposes.

COMPEL NINE HOUR DAY

Arbitrators in Winnipeg Street Railway Dispute So Decide.

WINNIPEG, May 28.—The board of conciliation, which has been making enquiry in the difficulty between the street railway company and the motormen and conductors, held its final meeting this afternoon.

It is reported that the finding of the board will be signed by all three members. If this should prove to be correct, the possibility of a strike will be practically excluded. It is very improbable that either the men or the company would be ready to enter into a struggle, in which the public would be so deeply interested, in the face of a unanimous decision of the board.

Both sides are making concessions. The gist of the finding of the board is said to be that the nine-hour day is to be enforced, with an increase in the rate of pay per hour. The company would apparently not grant a large enough increase to make the weekly wage under the nine hour day as large it was under the ten hour day, but it will be of a substantial character, and it is believed that the concession will meet with the approval of the men in the service.

DIES OF APOPLEXY

Michael Vogan Succumbs After Lunch at Kerby House.

At noon yesterday Michael W. Vogan went into the Kerby House for lunch. Shortly afterwards he complained of not feeling well. He was driven to his home, 47 Foxley-street, in a cab, but died of apoplexy at 5.45 last night. By trade Mr. Vogan was a lithographer, and held the position of superintendent with the Macdonald Manufacturing Company, makers of decorated tinware. He owned the horse Sir Canon, which is now at the Woodbine. The funeral will be held next Monday.

FALSH ALARM RUNG IN

Someone Wanted to See Turnout of Fire Brigade.

At 11.40 last night somebody deliberately sent in a false alarm of fire from the well-lighted corner of King and Yonge-streets, despite the number of folks around. In less than ten minutes there were hose wagons, ladder trucks and engines galore, and a lot of disgruntled firemen.

Once on a time a certain amount of protection was afforded the department by a large gong inside the alarm box, which sounded when the door was opened and served to draw attention to the box. But the key-encased in glass occasions little or no noise.

VIOLENCE MARKS EFFORT

TO RUN TRAINS IN GA.

Mob Takes Hand in Preventing Negro Firemen From Working on Mail Trains.

ATLANTA, Ga., May 28.—The first violence to railroad property in the Georgia Railroad firemen's strike occurred to-night to a moving freight at Lithonia, Ga., and in consequence the race question loomed up more sharply than ever over the situation, notwithstanding a day of much apparent progress toward settlement.

A negro fireman was apparently the cause of the trouble and he was rushed to Atlanta on an engine to save him from a threatening situation. The trouble started in the throwing of one or two stones and the boarding of the freight by the men, who set the brakes and broke into three sections. The freight now blocks the main line and the progress of the mails. The railroad officers demand that the incident was the work of strike sympathizers, while a county official wired the governor's office that it was merely an accident.

The engine left here late to-day for Lithonia to bring a trainload of perishable provisions from the siding at Lithonia, Ga., and in consequence the race question loomed up more sharply than ever over the situation, notwithstanding a day of much apparent progress toward settlement.

YESTERDAY

Thos. Calhoun, Long. Sp.
6-1, Won

Fauntleroy, Ex. Sp.
5-2, Won

Busy, Best Bet, 9-5, Won
Red River, 5-2, Won

To-Day, 20-1

Well, boys, Jack delivered the goods yesterday—all three Specials won, and at nice odds, and Jack Long's clients are all on Easy Street to-day with a bank roll that will choke a horse. Now is your chance to get right, boys, and go with Jack Long. There is none of them got anything on Jack. Their ads. may be bigger and more hot air, but the winning column is not so large. I have a Long Shot Special for to-day that will roll home on the bit at 20 to 1 or better, and a Best Bet that will be 5 to 1, so get wise, boys, and do not go to the track without my Specials in your pocket—with them you have something on the bookmaker. Don't forget to get in on my good thing for Monday—guaranteed to win at big odds.

TERMS FOR TO-DAY \$2.

Travis and Herreshoff in Final.
K. N.Y. May 28—Walter J. Travis and Fred Herreshoff will, to-morrow, be the finalists in the 11th annual Metropolitan golf championship at the links of the Apawamis Club. The contest is 36 holes, and the course full of uncertainties and difficult chances. Both players are near the top of their game. Travis for six years has striven to regain this title, which has proved longer elusive for him than the national championship. This afternoon he again won from his old rival, Findlay S. Douglas, in the semi-finals, by 3 up, and two to go. Herreshoff in the other match of the semi-finals, beat D. C. Watson three up and two to go.

Herreshoff and Watson both played from the Westbrook L.I. Club; Douglas from Apawamis and Travis from Garden City.

The club pairs best ball match this afternoon was won by W. E. Conklyn.

HAS TAKEN THE CITY OF TORONTO BY STORM

The greatest and most sensational killing which ever took place at Woodbine.

NOD - - WON

Backed from the marvelous opening price of

50 TO 15 TO 1

THOUSANDS TAKEN OUT OF THE BETTING RING BY MANNIE'S FOLLOWERS.

Mannie distributed this "good thing" free to the race-playing public of Toronto hours before the race. Mannie also gave to WIN:

NOD, - - - 15 TO 1, WON
THOMAS CALHOUN, - - - 4 TO 1, WON
FAUNTLEROY, - - - 9 TO 5, WON

In one week's time MANNIE has absolutely convinced race-players that he is the ONE AND ONLY ONE in the Racing Game who can positively put you a winner.

ANOTHER SLEEPER GOES TO-DAY that will

WIN AND WIN SURE

DON'T FAIL TO CALL ON MANNIE TO-DAY and obtain the name of this Grand Bet and a full and complete selection of the six races for ONE DOLLAR.

RED RIVER,

11-5, WON

I gave Red River for a Plunge Bet the other day, and he was a little short, so I handed him out yesterday. One of the biggest killings of the meeting was put thru when Red River sailed down in front. Say, boys, on the square, wasn't it a joke to make Bellwether favorite over him?

Croydon, - 7 to 2, 2nd

Well, we protected ourselves, as we got even money a place on him.

Edwin Gum, 3 to 1, 2nd

Edwin would have got the coin if he hadn't got a rough deal all the way.

Fauntleroy, 2 to 1, Won

Fauntleroy was a real live long shot.

Toronto Cup Winner

I've got him sure

My selection for the Cup to-day is a flyer and no use talking. Here is his fractional time:

1-4 1-2 3-4 7-8 1 m. 1-1-8

.25 .50 1.14 1.27 1.41 1.57

Just buck jumping with a 120-lb. boy in the saddle, pulling his head sideways. I tell you, boys, it's in.

THIS IS A REAL

LIVE LONG SHOT

AT ABOUT 10 TO 1

This one has been specially pointed for this one race, and I know it will carry a large commission from the owner. Direct information, such as I have on this, seldom if ever goes astray. I know every detail of the whole affair. You can PLUNGE WITH CONFIDENCE. It is the BEST THING OF THE MEETING. Get aboard without fail and begin to WIN. I seldom make promises, but I have the word on this one so strong I am compelled to tell you to GO THIS EXTREME LIMIT.

IS THE ONLY ONE HORSE I'LL SEND OUT AND I'LL ADVERTISE IT IN MONDAY'S PAPER, WHETHER IT WINS OR NOT.

The Florida state senate yesterday by a vote of 18 to 7 passed the Sloan anti-gambling bill directed against horse racing. It is not probable that the bill will pass the house.

Convinced that no satisfactory arrangement to allow betting on horse racing in Colorado can be made with the authorities, Blind John Condon, lessee of the Overland Park track, announced that the proposed 30-day meeting at that track has been abandoned.

GOLDEN BUTTERFLY 1-1, WON
STROMELAND 8-5, WON
PUNKY 8-1, 2ND

OUR ONE BEST BET RECORD TO DATE IS FOUR WINNERS One 2nd One Fin. 3rd

REYNOLDS' One Best Bet has won more times at this meeting than the One Best Selection of any other firm. REYNOLDS has also given more winners on his full message—we mean horses given straight from the shoulder and not for second and third—than any tipster now before the public.

Our winners don't come in spots, but as regular as clockwork. A winner now and then won't make you beat the racing game.

IT WILL PAY YOU TO STICK TO US throughout the meeting. You can always depend on REYNOLDS, as he does not belong to that class of tipster who give a winner occasionally and then fall down dimly for weeks. His wonderful record at every track where he operated is sufficient proof of his ability.

To-day a Winner at Big Long Odds

Whenever you see us advertising anything especially good coming off, you can gamble that it is something that we have been keeping in close touch with, and are familiar with every little detail. The trick that we will hand out for a killing to-day worked on two occasions over a second faster than any horse he meets this afternoon was ever known to either race or work in. If it were not for the fact that this one win will be worth thousands of dollars to us in the way of advertising, we would reserve it for our betting purposes. Remember, this is not some crazy guess like you have been steered up against for a Long Shot Special, but the brand of a good thing that makes turf history. It's only a question how far it will win. This royal good thing cannot be secured at our office before 12 o'clock noon.

TERMS—\$1 DAILY, \$5 WEEKLY.

Manager Dunstun says that in regard to the charges for telephones in the newly-annexed districts, the Bell Company is in the hands of the railway commission. There will be every confidence in the judgment of the railway commission, but why should not the company itself declare that it will consider the case fairly, and remove all just cause of complaint? comments The Toronto Star

All this is history. Here the old man of Painesville takes up the narrative. He did not absolutely say he was the oldest man in the room.

"We went to Chile, to Argentina, where we had a ranch; to Salvador, Spain, to Central America, to Maracaibo, to the United States, to England. "Sometimes prosperous, sometimes not, but always happy."

He said the end of the romance. The outburst of Mount Pelee killed Mill and the two children who had come to them. The broker-hearted man, who had been a friend of the old man, was killed. The old man, who had been a friend of the old man, was killed. The old man, who had been a friend of the old man, was killed.

Johann Orth first came to Painesville five years ago. It was a quiet town, ideal for the purpose of self-education. He had a few friends who were discreet, and he lived a quiet life until driven away the other day by a man who was a friend of his. He was the missing archduke.

men sent to the penitentiary might be saved to be useful citizens, if, before they were stamped with the stigma of prison life, they have their manhood appealed to, are given a helping hand, and encouraged to take a new grip of life."

Dr. Pringle, for four years in practice in Chatham as a veterinary surgeon, leaves shortly for Toronto, where he has received a position as Inspector of the Dominion Government.

PRIZE CONTEST ANNOUNCEMENT

Only Eleven More Working Days To Get The LARGE VOTE BALLOTS of The First Period

One of the big special ballots is equal in value to a whole basketful of daily coupons and lots easier to get. The special ballots are given free with paid-in-advance subscriptions to The World, and dozens of candidates have formed powerful organizations for the promotion of their campaigns. The contest proper has only begun, don't get discouraged.

A FEW SPECIAL BALLOTS WILL TURN THE TABLES

Every candidate in the contest can, if they will, secure enough paid-in-advance subscriptions in two or three days to pass several of their contemporaries. Ten or twenty or thirty of the big-value special Ballots would enable many a candidate to reach first or second place.

THERE'S ONLY ONE WAY TO WIN

That is to WORK. The prizes are valuable ones. A \$4000 House and Lot, an Automobile, or a Trip to Europe, Pianos, etc. You candidates should put your whole heart into the race and go to win. The Special ballots that are given with paid-in-advance subscriptions point the way to success. Use them.

How Many of Your Friends Are Entered in The World's \$15,000 Prize Contest?

**CORPORATE SIDE-STEPS
HARBOR ST. EXTENSION**

Auto For Superintendent Bishop—
John Street School Site
Offered For Sale.

The fate of the Harbor-street College addition still hangs in the scales. The property committee, after three hours of consideration of other questions, side-stepped an impending fight by sending the proposal to Dr. Spotton, senior high school inspector, for his approval. Bishop pointed out that this was most unusual, it not because the function of the high school is to pass on unapproved plans. He plainly intimated that the committee was not acting in a regular manner. It is now up to the chairman of the committee, Trustee Houseman, to receive Dr. Spotton's approval of the plans before the board of trustees meets on Thursday night. The management committee will be in notice of the board of trustees on the officials of the board were authorized to offer the John-street school site for sale for \$15,000.

The building superintendent was authorized to procure an automobile to cost not more than \$100 and not to exceed \$100 for maintenance expenses during the first five years. Supt. Bishop agreed to find the garage, but he would not be responsible for repairs.

Official Time Keeper.
An amusing cross-fire as to the benefits of otherwise of departmental stores arose over the question of the appointment of an official timepiece man.

Trustee Rawlinson said he objected to a departmental store being given the job at a cut price if a boy was to be sent around to adjust the clock. Trustee Simpson said he would not object to a departmental store being given the job at a cut price if a boy was to be sent around to adjust the clock. Trustee Simpson said he would not object to a departmental store being given the job at a cut price if a boy was to be sent around to adjust the clock.

Trustee Leves appeared before the committee and made a fervid plea for the appointment of an assistant to Supt. Bishop, especially with reference to disciplining delinquent caretakers. The committee thought, with this five and a half hour session, that it would be able to do his own inspecting, but allowed Trustee Leves's motion to go to Mr. Bishop for an official report.

Supt. Bishop reported that owing to duplicate names some of the new schools would have to be renamed. The question of a new name was fitted up and accommodation for uniforms were provided at Borden-street, Devon-street and other schools.

An application from residents in the neighborhood of Winchester school for permission to play tennis on the school grounds, after school hours, was granted.

CANADIAN MUNICIPALITIES
Ninth Annual Meeting is to be Held at Medicine Hat.

The ninth annual convention of the Union of Canadian Municipalities promises to be among the most attractive and most important yet held.

The principal convention meeting will be held on July 26 and 27, at the beautiful western City of Medicine Hat, one of the most interesting and progressive centres in the Canadian west. The final meeting will be held, the next day, July 28, at Calgary. Visits will also be made to Fort Arthur, Fort William, Winnipeg and Regina.

Among the subjects so far proposed are:
1. Uniform municipal accountancy, introduced by the report of last year's special committee on the subject.
2. Provincial municipal boards, including public utility commissions.
3. Western municipal development.
4. Government telephone systems.
5. Methods of street widening and expansion.
6. Improvement of plans in advance of growth.

Delegates from the east will leave Montreal by C.P.R. Wednesday, July 21. Delegates from Toronto and vicinity will leave Wednesday, July 21, at 10:10 p.m. connecting at Sudbury, Thursday morning with eastern delegates.

Acknowledgment From the King.
Lionel Breen, A.T.C.M. composer of the music for the song, "Canada, Our Homeland," has received the following acknowledgment from King Edward: "I am very glad to hear that the song, 'Canada, Our Homeland,' has been so popular. It is a very fine song, and I am sure it will be a great help to the cause of the King's Birthday celebration."

**REV. DR. GREGG AT REST
FRIENDS GIVE TRIBUTE**

Impressive Funeral Service for Deceased Clergyman in Bloor St. Presbyterian Church.

"We know that no man is infallible, but it is a tribute to a man's integrity. We may not have agreed with his views, but no one doubted his absolute sincerity."

With these words Prof. James Ballantyne of Knox College paid a tribute to the fearless and steadfast character of the late Rev. William Gregg, D.D., at the funeral service in Bloor-street Presbyterian Church, yesterday afternoon.

He was born, said Prof. Ballantyne, at the time of the disruption movement in Scotland. The environment in which he studied brought him in touch with the leaders of that movement. He had a strong grasp on the spirit of the Scriptures and was antagonistic towards anything that stood in conflict with it.

Dr. Gregg's 63 years' ministry, most of which had been spent in Canada. The changes which had taken place during that time he was not only a witness of, but he was a contributor to the development of the country.

"He has finished the course and kept the faith," said Prof. Ballantyne in closing. "He has earned his rest and sleeps in Jesus."

Among the various floral tributes were wreaths from Cooke's Church and Bloor-street Presbyterian Church. Interment was in the Necropolis.

**NOT A CRIME TO CONDUCT
SHOOTING GALLERY ON SUNDAY.**

NEW YORK, May 28.—Four test cases against proprietors of minor shooting galleries who were charged with violating the Sunday laws were dismissed to-day by Magistrate Tighe. The real test was in the case of Thos. Devers, proprietor of a shooting gallery on the corner of Bloor-street and Bloor-street.

The magistrate sustained the contention of the defendant and counsel that the use of the gallery on Sunday did not constitute a crime.

May Be Held-Up Men.
OMAHA, Neb., May 28.—Children playing in the vicinity of 18th and Q-streets, Omaha, Neb., yesterday night, found three handkerchiefs cut for masks, three revolvers, flashlights and other paraphernalia, evidently the property of hold-up men. Detective arrested three men who later came to recover the property.

Marcel Prevost, the French author, has been elected a member of the Paris Academy in succession to the late Victorien Sardou.

FORTIFIED AT FIFTY
Dr. Williams' Pink Pills Bring Health and Strength to Women at a Critical Time.

Few women reach the age of fifty without enduring much suffering and anxiety. Between the years of forty and fifty, five health becomes flimsy, and acute weaknesses arise, with rheumatic attacks, pains in the back and limbs, frequent headaches, nervous ailments and depression of spirits.

The secret of good health between forty and fifty depends upon the blood supply. If it is kept rich, red, and pure, good health will be the result, and women will pass this critical stage in safety. Dr. Williams' Pink Pills help women of mature years as no other medicine can, for they make the rich, red blood that means good health, and brings relief from suffering.

Dr. Williams' Pink Pills cure by going to the root of the trouble in the blood. They actually make new blood. That is why they cure such troubles as rheumatism, neuralgia, indigestion, kidney troubles, headaches, dizziness and backaches, and the ailments of growing girls and women of mature years. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

PRIZE CONTEST ANNOUNCEMENT

Only Eleven More Working Days To Get The LARGE VOTE BALLOTS of The First Period

One of the big special ballots is equal in value to a whole basketful of daily coupons and lots easier to get. The special ballots are given free with paid-in-advance subscriptions to The World, and dozens of candidates have formed powerful organizations for the promotion of their campaigns. The contest proper has only begun, don't get discouraged.

A FEW SPECIAL BALLOTS WILL TURN THE TABLES

Every candidate in the contest can, if they will, secure enough paid-in-advance subscriptions in two or three days to pass several of their contemporaries. Ten or twenty or thirty of the big-value special Ballots would enable many a candidate to reach first or second place.

THERE'S ONLY ONE WAY TO WIN

That is to WORK. The prizes are valuable ones. A \$4000 House and Lot, an Automobile, or a Trip to Europe, Pianos, etc. You candidates should put your whole heart into the race and go in to win. The Special ballots that are given with paid-in-advance subscriptions point the way to success. Use them.

How Many of Your Friends Are Entered in The World's \$15,000 Prize Contest?

BOND MARKET STEADY

HAMILTON SELLS WELL

Money Unchanged Locally, But Harder on the London Market—Bonds Quiet

The local market for bonds, this week, has shown little, if any, change of position. There is still a fair demand for the better class municipal and corporation issues yielding from 4 1/2 to 5 1/4 per cent, but the general outlook at the present moment does not point to higher prices.

The feature of the week was the extremely satisfactory price Hamilton obtained for their issue of \$375,000 bonds. It is understood, however, that these bonds were purchased for London, Eng., account, so that the price paid, i.e., 91 1/2 or approximately a 4 1/2 rate, will have little bearing on the status of the municipal market.

Locally, money shows little signs of hardening, but there has been a distinct improvement in the rates at the London market. Call money is quoted nearly 1 per cent. higher than a week ago and short and three month bills are 1 1/4 to 1 1/2 per cent. harder. The reason for this firming of rates is the increase in stock exchange business and the consequent heavy borrowing of money.

At New York, bankers are anxious for firmer money rates. At the present time New York is buying from London by selling long sterling bills, but a better supply of security bills is hoped for in the near future.

The placing of Ontario bonds on the English market, and the ease with which it was accomplished, speaks well for the opinion held in London, of this city's credit.

Local bond houses report the following purchases this week:

The Dominion Securities Corporation, Limited, purchased \$277,000 City of Hamilton debentures, made up as follows: \$50,000 4 p.c. issued for waterworks and due 1925; \$227,000 4 p.c. issued for general purposes due 1929; \$25,000 4 p.c. issued for a public library due 1916. In all cases the interest is payable half yearly.

Wm. C. Brown, purchased the following debentures: Guelph S. Township \$6554 5 p.c. maturing in ten annual instalments. Issued for drainage purposes.

Durham Town, \$11,000 4 1/2 p.c. maturing in 20 annual instalments. Issued for bridge purposes.

Samia Town, \$5,654 5 p.c. maturing in 10, 12 and 20 annual instalments. Greenfield School District, \$5,500 6 p.c. maturing in 20 annual instalments. Adamson School District \$4,000 5 1/2 p.c. maturing in 20 annual instalments, and Watskiwan \$4,680 6 p.c. maturing 3, 4, 5, 6, 7 annual instalments.

H. O'Hara & Company have purchased City of Brandon \$47,000 local improvement sewerage debentures, 5 p.c., 30 years; \$50,000 waterworks debentures, 4 1/2 p.c., 30 years. Total assessed valuation is \$9,734,374, and the net debt \$339,667. Value of municipal assets, \$1,426,862; local improvement debt, \$332,157; population 11,275.

They have also purchased \$900 Maidenhead, Sask., 8 p.c. 10 year debentures for local improvements.

HOLIDAY INFLUENCE IF ANY IS FAVORABLE TO MARKETS

Wall St. and Canadian Exchanges Show Excellent Strength in Face of a Three Day Holiday.

World Office.
Friday Evening, May 28.
Considering the approach of a three days holiday, dealings at the Toronto Stock Exchange were quite large to-day. The transactions here were largely caused by Montreal speculation, which is considerably more strenuous than it is at Toronto at the present time.

The buoyancy of the New York Exchange was undoubtedly a factor in the trading in domestic securities, but only to the extent of holding off offers, the new buying power here being still of a limited nature.

The break in Mexican Light and Power was due to report from Mexico of a landslide into one of the company's reservoirs, which temporarily shut off the power from the plant. This mishap was apparently considered somewhat insignificant, as the stock was well-supported to-day at 6 points above the low price of Thursday's market.

Generally speaking the prices of speculative issues were steady to firm, but this was due more to eastern purchases than to actual local support.

Investment buying was more of a character of the market to-day than has been the case for a long time, many transactions being made in the banks and loan company shares.

There was also excellent support rendered to the mining stocks, especially La Rose and Crown Reserve, both of which sold at new high records.

The market closed with a strong undertone and such as might indicate that an improved line of prices might be witnessed after the holidays.

Rapid easing off in money rates abroad expected next week. Twenty round lots of third week show average gross increase 13.64 per cent.

Cambria Steel Co. advanced price of steel bars and bar products \$1 a ton.

The American Wool Spinning Co. late Thursday advanced the price of lead five points to \$4.35.

U.S.S.: If steel business continues to improve the earlier estimates of U. S. Steel earnings for second quarter, which ranged between \$18,000,000 and \$22,000,000, will have to be changed. It would now seem that earnings in current quarter would exceed the earnings of \$22,921,363 reported in the first quarter.

Special bullish operations may again be witnessed following the maintenance and supporting orders at lower trading limits yesterday. Special movements are one of the features of a strong market. On any building of stock prices will have to be changed. It would now seem that earnings in current quarter would exceed the earnings of \$22,921,363 reported in the first quarter.

Joseph says: Capitalists are not at all apprehensive much less fearful regarding the present and the future of the market. On the contrary, they look for a long period of activity and improvement. Get long of, and hold the Wabashes. With Harrison's ideal in Europe there will be a great deal doing in Pacific. Incidentally, New York Central and the preferred Erie. Wabash stocks are bound for much higher prices, with twenty points more promised holders of the preferred in the long run. On recessions we would buy Missouri Pacific, and on soft places Denver, Western Maryland, Texas Pacific and Western Union, as also Rock Island, Kansas City Southern, Colorado Southern preferred and Toledo common. Keep long of St. Paul and the Erie and Harrison stocks, and on any break buy Reading, Delaware and Hudson, Atchafalaya, Brooklyn, Gas and Electric, and Utah is going higher. We common. Utah is going higher. We

Confidence strengthens in the industrial situation, especially as crop reports improve and large buying in Steel and Copper continues. We expect further decided strength among industrials, with Steel and Equipment shares conspicuous. There is much room for improvement in common and preferred of the Republic, Bethlehem and Sloss-Sheffield, as well as corporation stocks. Preferred car and Railway stocks are particularly attractive. Pipe preferred should be bought and held for a ten point rise, and in while the patient holder will receive immense returns in Westinghouse. Eastern Trunk line stocks should improve with these industrials, especially New York Central and the preferred Erie. Wabash stocks are bound for much higher prices, with twenty points more promised holders of the preferred in the long run. On recessions we would buy Missouri Pacific, and on soft places Denver, Western Maryland, Texas Pacific and Western Union, as also Rock Island, Kansas City Southern, Colorado Southern preferred and Toledo common. MEXICAN LIGHT AND POWER

Landslide at the Company's Dam at Necaxa—Little Inconvenience Caused.

Messrs. Blake, Leach & Cassels have received the following telegram from Walter Gow, Mexico City, dated May 27: "On Wednesday last a landslide occurred at the Mexican Light and Power Company, Limited, dam at Necaxa, a large quantity of the filling on the inner side of the dam sliding into the reservoir, covering up the intake pipes which convey water to the power house and temporarily causing a complete shutdown of the plant. Five workmen are missing and probably lost their lives. Prompt steps were taken by the company to clear the intake and the plant is to-day again in full operation, the same quantity of power being delivered as would have been available had the accident not occurred. Doctor Pearson, president, and J. D. Schuyler, consulting engineer, are both at Necaxa, and energetic measures are being taken to repair the damage done. Power users are suffering no inconvenience as a result of the accident. Above being telegraphed to-night to Montreal Star by representative here. Better telephone cable to be cast on firm and communicate to Toronto papers."

STRENGTH APPARENT IN SPECULATIVE ISSUES.

World Office
Friday Evening, May 28.

A fair amount of activity, considering the nearness of a three days' holiday, occurred at the Toronto Stock Exchange to-day. There were no special movements in the market, but strength was apparent in several securities dealt in. The drive against Mexican Light & Power lost its influence in this morning's operations, the stock selling as high as 72 1/4 against 65 on the dip on Thursday. Dominion Steel was firm and somewhat more active, and this might be said to be a case with most of the other stocks in which dealings transpired. The better business was in effect in the investment shares, with Canada Permanent, Standard, Dominion, Traders, Imperial and Commerce the prominent features. Mining securities were steadily firm, and a new high price was again made for La Rose, most of the orders for this stock coming from investors who are looking for considerably higher prices when British investment actually comes into effect.

The Miller Millers say: Winter wheat
conditions are considerably better than a year
ago. Contradictory reports from Kansas
and prospects for that state and Nebraska
are for yields equal to last year. Cutting
has begun in Texas and is expected to
start in Tennessee next week.

CHICAGO, May 28.—Patten has taken
in and paid for 3,000,000 bushels wheat this
month.

J. P. Bickell & Co. say at the close of
the market:
Wheat—Daily session, confined entirely
to professional dictation, closing about
unchanged. Trade awaiting expiration
of May option. Cash premiums main-
tained and receipts well taken. We con-
tinue to advise scaling operations until
something more definite regarding the
movement of winter wheat. Buy Septem-
ber and December on all good declines.

There was some good local buying. The
movement of winter wheat. Buy Septem-
ber and December on all good declines.
The market opened easier, in
sympathy with the decline abroad. Ar-
rived one shipment of 1,000 bushels, against
2,200 bushels last year. The early
selling was on reports of large
shipments. Later the market
rallied on good commission house buying
and on Snow's report of the condition
of the principal wheat countries. A
better feeling was reported in Liver-
pool on the decline. Our opinion on the
market is unchanged.

J. R. Helms & Co. wired R. B. Holden:
Wheat—Market opened a shade lower.
There was some good local buying. The
movement of winter wheat. Buy Septem-
ber and December on all good declines.

FARMING AND STOCK PAGE

FARMING BY THE MOON.

Elsewhere we copy an article on farming by the moon. That the moon's phases have great power over the growth of vegetation, has a firm hold on the convictions of many farmers in Ontario. This is more especially true of some sections of the country than of other farmers. Only last week, a letter in a Peterboro farm publication on the planting of trees, takes pains to emphasize the importance of tree-planting in the "growth of the moon."

Other men will not sow peas, kill hogs or do any seeding but when the moon is right. They assert their knowledge with all the assurance of one who knows and they will no more think of disobeying this rule than of hauling grain in a rain storm.

Is it that these old farmers know more about the lunar influences and the secrets of growth than our agricultural colleges and experiment stations? Do we ever see a government report dealing with experiments conducted on the various phases of the moon? Does grain sown in the waning moon equal in productiveness that sown in the growth of the moon?

It is hinted in Holy Writ that man looks to the heavens for signs and has put faith in them, but have we any scientific or religious sanction for a moon guided vegetation? Where is the origin of the belief?

THE SWINE COMMISSION.

Parliament at Ottawa has decided to send a commission to Ireland and Denmark to enquire into and report upon the methods of feeding and marketing, practised by the farmers of these two countries. For some time Canada's pork industry has been falling off and especially in Ontario, an intermittent method of raising hogs has been followed by our farmers. Many of them go heavy with hogs when the prices reach the high standard such as we enjoy today, and then by the time they are nicely stocked up, prices fall to what they claim is too low a level for profit.

That there is money to be made in swine raising is contended by many farmers who have been making profits as the business for years. The real problems of to-day's trouble centre around the question of feeds, and the minister has turned the discussion in to a wise channel.

IT DRAWS FROM AFAR.

That World advertising in the farm pages pays, is evidenced from the sales made by some of our condensed liners used by the stock men whose letters of success have been received. One advertiser tells us that he has shipped stock to Quebec, Manitoba, New Ontario and the States to World readers. Another writes us that his poultry orders, and he advertises in The World alone, far exceed his supply. Every one who has anything to sell or buy should put a liner in these pages and watch for results.

OBJECT OF PRUNING.

1. To modify the vigor of the plant.
2. To produce large and better fruit.
3. To keep the plants or trees within manageable shape.
4. To change trees from wood bearing to fruit bearing, and vice versa.
5. To remove superfluous or injured parts.
6. To facilitate spraying and harvesting.
7. To facilitate tillage.
8. To train the tree to some desired form.
9. To remove parts badly infested with insects and disease.
The above points will make us see the importance of pruning and that the right; far more than we generally realize and practise.—Southern Fruit Grower.

Bad Fire at London.

LONDON, May 28.—Fire completely gutted the upper storey of the wholesale crockery warehouse of W. J. Reid & Co., 388 Clarence-street, at an early hour this morning, causing a loss of \$30,000, covered by insurance.

Was Troubled With Weak Back For Years.

Could Not Perform Household Duties. Doctors Attended Without Avail.

Mr. Arch. Schnare, Black Point, N.B., writes: "For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending me with various medicines and treatments, but nothing seemed to do me any good. I was about to give up in despair when my husband induced me to try Doan's Kidney Pills, and after using two boxes I am now well and able to do my work. I am positive Doan's Kidney Pills are all that you claim for them, and I would advise all kidney sufferers to give them a fair trial."

Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will absolutely cure Backache and all forms of Kidney and Bladder Disease.

A medicine that strengthens the kidneys so that they are enabled to extract the poisonous uric acid from the blood and prevent the chief cause of Rheumatism.

Price 60 cents per box, or 3 for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

HALLMAN'S HOLSTEIN SALE BRINGS A GOOD AVERAGE

Heavy Rain Interfered With the Attendance, Yet Some Good Prices Were Realized.

BRESLAU, May 28.—A. C. Hallman's sale of Holstein cattle and Tamworth swine took place yesterday and in spite of the rain a fair crowd of eager buyers assembled. The Holsteins were a choice lot and this popular breed of dairy cattle are still in the ascendant in the Ontario farmer's estimation.

But No. 2 of the catalog was not offered for sale owing to a misfortune the day before the sale, in which the animal was injured in being taken to the show.

Heifer calves were much in demand, and prices for these were generally well up to the hundred mark.

The highest price ever reached the \$305 figure. In all thirty-two head were disposed of for the total of \$4900. Mr. and Mrs. Hallman commended the sale for allowing the sale to continue in the enforced absence of so many good buyers.

PERENNIAL SOW THISTLE

Methods of Dealing With This Perennial Pest.

At an open meeting of the Grange at the town line, Walby recently, Mr. J. E. Howitt, botanist of the Ontario Agricultural College, outlined his method of dealing with the sow thistle, which farmers of Ontario are being menaced with just now. Wet seasons with insufficient underdrainage militate greatly in favor of this pest.

The methods Mr. Howitt recommends for eradicating the weeds are as follows: First, thorough and frequent spring cultivation; about the middle of June, manure, using about 12 loads per acre. Sow rape in ridges 28 inches apart, using one and one half pounds, Dwarf Essex variety. Get the rape in when the land is moist if possible in order to get it growing ahead of the sow thistle. Cultivate the rape thoroughly, until it covers the ground. Follow the rape with a hoe every two weeks.

Second: after taking off a grain crop cultivate thoroughly and sow winter rye. The following season cut the rye green or allow it to ripen and put on buckwheat or turnips.

Third: cut clover or grain in June, frequently and thoroughly until the following spring sow clean grain and seed down with clover, cutting the clover in June of the following year. This method is very thorough and the most favorable reception by the audience.

Fourth: a thorough clean spring fallow.

PLANTING "THE MOON."

Now that planting time is around, it should be of interest to farmers, suburban and others who indulge in these practices to know that there is nothing in the current superstition about planting potatoes and other root crops in certain phases of the moon. It is current opinion among many farmers that if you plant potatoes in the dark of the moon they will run to tubers, while in the light of the moon they will run to tops. This is also said to be true of any root crop and it is planted accordingly.

There is nothing in the fact for any superstition, and the moon superstition was so deep-rooted that a number of experts of the department of agriculture while going around the crop fields made it their business to study the question and see whether there might be a germ of truth, or at least, some reason for the belief that the moon's phases have an effect on animal and vegetable life. They have concluded that the moon's phases have no effect on the growth of plants, but that the moon's light is one of the comparative few myths that date back to pure savagery and has absolutely no scientific basis.

The field workers of the department have found that at least 75 per cent. of the farmers of the country put in their crops and do a good many other things about the farm governed absolutely by the moon's phases. The agricultural department has been studying the question for years and has found the superstition and raising just as good crops, if not better, when the moon is in the waning phase as when it is in the waxing phase.

DISRUPTS.

PARIS, May 28.—The prestige of the general federation of labor has been to pieces since the collapse of the general strike. M. Neil, the secretary, has resigned, and the more powerful unions have withdrawn with the intention of forming a new confederation that shall be without the revolutionary characteristics of the old one.

A Fish Story.

GALT, May 28.—(Special).—A carp weighing 10 pounds 3 ounces was caught in Grand River this afternoon by J. W. Weldon, and is the biggest fish ever taken here. It may be one of the stock placed in a pond at Doon 20 years ago.

Delegate to Conference. Rev. H. S. Magee, associate secretary of temperance and social reform of the Methodist Church, will represent the department at the annual conference of the church, which will be held in Toronto on May 30 and 31.

Rev. Dr. Chown will attend the central conference and report on the work of the year.

Galt and Return \$1.75 From Toronto, with twenty-five cents added for postage to annual home show. Good going via Grand Trunk Railway System June 3, 4 and 5. Return limit June 7, 1909. Secure tickets at the city office, northwest corner King and Yonge-streets. Phone M. 4209.

Toronto Ready For Season. The steamer Toronto of the Richelieu and Ontario line will leave to-day on a trial trip, preparatory to commencing her summer schedule next Tuesday morning. Both steamers, the Toronto and Kingston, have been thoroughly overhauled and will commence their summer schedule in fine condition. The Kingston will sail from this port on Wednesday next.

The Farmstead.

It looks like a large acreage of buckwheat.

Annual Farmers' Institute meetings are being held.

Prepare a good corn seed bed. There is plenty of time yet.

It is well to harrow the potato land once every week at least until the plants are up two inches above the ground.

There is a great show of bloom on the fruit trees. The heavy rains this week will offset some of these promises.

Read our condensed ads for bargains and when writing mention The World.

In preparing for corn the better cultivation given now, the less hoeing that will be required later.

The drains certainly pay well. More should be done. Chas. Petty of Cherryworth reports a big demand last year for tile, being unable to supply the local demand.

Early varieties of watermelons are the only ones that will mature in this section. Prepare for them special hills six by eight feet apart. Incorporate with the soil four large shovelfuls of rotted manure for each hill. One ounce of seed will plant a dozen hills.

Use plenty of wood ashes on the aster beds and do not overfeed the plants. Set the plants twelve to twenty inches apart, according to the variety. Seed may be sown throughout this month.

Bordeaux mixture is the best spray to be used in preventing the rot of cherries. The first spray should be applied when the buds begin to swell, the second when the petals of the flowers begin to fall, the third two weeks after the second and the fourth two weeks later. Paris green may be added to the Bordeaux in the last three sprayings, to fight the insect pests as well as the plant diseases at the same time.

Farmers should strive for larger yields of the crops that they raise, at the average crop just pays the cost of production—which, in fact, it seldom does—then the profit is to be found in the few bushels of corn or potatoes or the few hundred pounds of straw or hay over the average.

Mr. Robert Copland of Aberdeenshire, Scotland, is to be the next Clivedale delegate at the Canadian National Exhibition. It is likely that the big fair will have a banner display of good ones this year.

George Davidson of Cherryworth reports that he has not yet sold all the cattle and horses left on his hands by the big buyer from Hastings County at his big sale in the winter. Mr. Davidson has been put to considerable inconvenience by this action of the buyer, and it is unfortunate that there is no protection against such emergencies.

CHANGES ON THE C. P. R.

Shift in the Officials Centred at Smith's Falls.

SMITH'S FALLS, May 28.—(Special).—Some changes have taken place in the C.P.R. official staff at this division this week. W. B. Cronk, who has been superintendent of the Smith's Falls-Montreal line, has been transferred to Farnham, Que., and will live there instead of here. He will be succeeded by Mr. Gilliland, who has been made superintendent of the Montreal-Termini and of the Smith's Falls division, with headquarters at Montreal.

The staff of the superintendent's office here has been removed to Montreal. The dispatchers for the eastern division will remain here. It is rumored that an assistant superintendent will be appointed, who will live at Smith's Falls, and that in a few months the staff of the division will be put into one division and operated from Smith's Falls.

Another well-authenticated rumor says that a number of changes will shortly take place on the C.P.R. in Eastern Ontario and that they will all tend to benefit Smith's Falls.

I GIVE THIS BOOK FREE TO WEAK MEN

To the man who wants to regain his youth, who wants to feel like he did when he was budding into manhood, I offer a book which will show him the road to happiness—a book of 80 pages, which is brimful of things he likes to read, and will give him courage and enlighten him as to the cause and cure of his troubles. It will point out the pitfalls and guide him safely to a future of strength and vigor. It is beautifully illustrated. It tells what other men have suffered and how they have cured themselves. It is free. I will send it, closely sealed, without marks, if you will mail me this coupon. If you are not the man you ought to be, SEND FOR IT TO-DAY.

Dr. McLaughlin's Electric Belt

is no longer an experiment. It is hailed by thousands with loud praise because it cures them. It cures me. I am well and strong as ever. What more could one ask? I write a man with a heart full of gratitude.

WILLIAM BROCK, Liverpool, Ont., says: "Your Belt cured me of Neuralgia and Rheumatism after the failure of many kinds of medicine and many doctors. I am now as strong as before and am able to do my work." W. A. CARTER, Hamilton, Ont., writes: "My aches and pains have completely disappeared. I am twice as strong as before and am able to do my work." Dr. M. A. McLaughlin, 112 Yonge Street, Toronto, Can.

FARMERS SHOULD RECEIVE FAIR SHARE OF REVENUE

Farmers' Institute Annual Meeting at Lick's Farm Near Oshawa

OSHAWA, May 28.—(Special).—Rain prevented a big attendance being recorded at the annual meetings of the South Ontario Farmers' and Women's Institutes on Thursday at the farm of Elmer Lick. Nevertheless about seventy people gathered and were well repaid for their attendance. The women served up dainty lunches to the crowd and the big barn was used as an assembly hall for the speeches and addresses.

Mr. Caesar of the O.A.C. took up the destructive agencies of fruit trees and dealt with the insect fungus and codling moth to the benefit of all present. P. J. Carey, Dominion Fruit Inspector, dwelt upon the packing of fruit for shipment, laying especial emphasis upon proper cooling before packing.

Mr. Rivett of the agricultural department gave his observations at the fruit show at London, England, where he has charge of the Canadian exhibit.

W. L. Smith gave very interesting talks along the lines of agricultural cooperation among the farmers, which was received with much favor.

Mr. H. Hays, local representative of the department of agriculture, was present and made a short reference to the work. Mr. P. L. Fowke, M.P., in a short speech pleaded for a greater interest by the farmers themselves in their work. He contended that an active interested agricultural population would meet with more recognition from the government. He claimed that instead of \$500,000 being given for the farmers, the appropriations should be at least a million dollars.

Mr. Elmer Lick, at whose farm the meeting was held, reports to The World that the apple crop promises to be a good one in South Ontario. As far as he can estimate at present, the only shortage appears to be in the Baldwin bloom. The annual meeting of the Oshawa Fruit Growers will be held at an early date. The lateness of the season delays spraying operations, so that the meeting is also delayed.

MAGAZINE FOR SUFFRAGETTES

It Will Be Issued Monthly in New York at Five Cents the Copy.

NEW YORK, May 28.—With the first week in June The American Suffragette, a new publication, managed by suffragettes, will be issued. The venture is in the hands of Mrs. Sofia Loebinger and Miss Helen Murphy, two of the leading American suffragettes, who by their vigorous public efforts in the past have attracted much attention to the cause of the first woman in the world.

The magazine will be issued monthly and will be on sale on news stands at five cents a copy. The subscription price is fifty cents a year.

The contents will include not only material concerning the suffrage cause, but also the interests of women throughout the entire world.

The magazine will be progressive, and its aim will be to convert the conservative suffragette as well as to proselytize among the "antis."

FATALLY GORED BY BULL.

ST. THOMAS, May 28.—Wm. Boughner, a farmer, aged 38, residing three miles west of Tilsonburg, was attacked this morning by a vicious young bull in the barnyard. Mr. Boughner defended himself for a time with a pitchfork, but the animal finally got him down and gored him. He will die.

CALGARY GRAIN EXCHANGE

Incorporation Has Been Granted—Shows Alberta Development.

OTTAWA, May 28.—(Special).—The incorporation of the Calgary Grain Exchange with a capital of \$100,000, with all the powers usually granted to a grain exchange, indicates the development of Southern Alberta as a wheat-growing centre. It has also a bearing on the movement to ship grain from the new provinces to Europe via Pacific ports.

GREAT PT. ARTHUR DRY DOCK

Cleveland Capitalists Are Mainly Interested in the Venture.

PORT ARTHUR, May 28.—Port Arthur is to have the biggest dry dock and ship-building plant on the Canadian side of the great lakes. The agreement was signed to-day on behalf of the city with a new company, known as the Western Dry Dock & Shipbuilding Company, Limited, composed principally of Cleveland capitalists, and including Mr. A. F. Bowman of Southampton, who is representing them in the negotiations here. A bylaw will now be submitted to the people.

LONE-HANDED, QUELLS MUTINY

Captain of German Ship Reports an Exciting Experience.

VICTORIA, B.C., May 28.—Attacked by six of his crew at once, Captain Wagner of the German ship Elisa Lihn from Antofagasta for Puget Sound, succeeded in beating off his opponents with his fists and quelling a mutiny, which bid fair to develop into larger proportions, and which resulted in the death of one man.

On April 10 the crew tapped a barrel of wine aboard and rapidly became intoxicated. Captain Wagner and the mate went in an effort to make the former a prisoner and to throw the boatwain overboard. Wagner fought off his opponents, stretching them one after another on the deck.

The boatwain was carried as far as the rail by infuriated men, but managed to escape, and going to the assistance of Captain Wagner, helped to bring about order. One of the crew fell in the hold and was killed.

CANADIAN TROOPS AT SPOKANE

Rocky Mountain Rangers to Attend Irrigation Congress.

SPOKANE, Wash., May 28.—(Special).—More than ordinary interest attaches to the visit of the Nelson Company, 102nd Regiment, Rocky Mountain Rangers of British Columbia, to Spokane during the 17th sessions of the National Irrigation Congress the second week in August.

The coming of the troops, wearing the British uniforms, will add greatly to the series of historic incidents to be re-enacted in connection with the development of the Pacific Northwest since the coming of the first white man in 1804, and in the march in review of the industrial and irrigation army, with 10,000 men in line, on August 10, 1909.

The visitors will be entertained by the local militia and the Canadian Club, which J. H. Tinsley is president. One of the entertainments will take the form of a mass banquet at the Spokane Interstate Fair Grounds.

Next Week at Hanlan's.

The principal feature at Hanlan's Point next week will be the appearance at this popular amusement park of the most reckless and graceful high divers. Their performance consists of leaping from a small platform erected high in the air into a small tank of water. On their way to earth their arms, legs and feet are extended, and they are equally daring and interesting. On the big open air stage there will be presented a number of circus acts every afternoon and evening, making this one of the biggest entertainments of the kind ever offered the public, without any charge whatever. All the special extra features are now running, and they are afforded lots of amusement to visitors. All the ferry steamers are now in commission, and there is no delay whatever at the wharves.

Mr. Mann's Auto Wrecked.

D. D. Mann's big \$10,000 Stevens-Duryea touring car was wrecked late Thursday evening in a collision with a street car. The chauffeur had just driven Mr. Mann to the train and afterwards gathered up a party of lady friends for a tour of the city. While going west on College the auto bumped into a street car at Shaw-street. The front of the car was demolished. Three women in the auto were pitched out headlong and one of them, who gave the name of Miss Johnson of 22 Simpson-street, was hurt. The chauffeur, George Sagar, has disappeared.
