Lucerne, Nov. 18.—Former King
Constantine made his first pro-
nouncement respecting his attitude
in the light of the Greek elections to
the Associated Press today.
"I cannot go to Athens at the head
of any one political party, and
therefore insist upon a plebiscite for
my return or the return of one of
my sons," he declared. "It is for the
Greek people to decide. If the people
want me, I shall return to Athens,
unless, of course, prevented by un-
just force."Prof. Georgios Streit, former Greek
foreign minister and close follower
of former King Constantine, in-
formed the Associated Press that, ac-
cording to the latest figures on the
elections received tonight, 287 out of
369 deputies elected were loyal to Con-

LOST ON LAKE ONTARIOKingston, Ont., Nov. 17.—(Special.)
—It is feared that the steam barge
John Randall, commanded by Capt.
Harry Randall of Sealey's Bay, has
been lost on Lake Ontario. The ves-
sel was coal-laden on her way from
Oswego to Belleville, and up till this
afternoon had not reported, altho the
steamer Jeska, which left Oswego at
the same time as the John Randall,
arrived in Kingston last night. Capt.
Harry Randall is a son of Capt. John
Randall of the steam barge Buena
Vista. The Randall carried a crew
of five and they were residents of
Sealey's Bay and vicinity.OLD-TIME GAMBLER
HAS PRECIOUS DICETom Fielding, Now in Toron-
to, Had Checkered Career
in the Yukon.Armed with a pair of jewel-studded
dice which he values at \$5,000, J.
Tom Fielding, old-time Yukon pros-
pector and some time gambler, paid
Toronto a short visit yesterday on
his way to Montreal. Mr. Fielding,
who now is prominent millman
of Seattle, Wash., was one of the
hardy intrepid pioneers who took
part in the gold rush to the Yukon
in 1898. The dice are a pair which he
had made for him by a San Fran-
cisco jeweler and he always carries
them with him as a mascot. "I made
a great part of my fortune by gam-
bling," he told the World, "and the
dice are a souvenir of my old adven-
tures." In a pair of dice there are
42 spots, and in this pair each spot
is a genuine diamond, worth from
\$100 to \$150.Mr. Fielding is of the firm opinion
that the present generation are a soft
lot, in no way to be compared to the
strong-willed race of men who faced
cold and suffering in the frozen north. "Our
pioneer race is rapidly dying out," he
said, "and there is none to take their
place." The mining business, he thought,
had also degenerated. Instead of a
race of strong white men who are work-
ing our mines, there are now practically
none but foreigners at it and a white
man stands no chance.Altho a pioneer himself, Mr. Fielding
looks the part of a city-bred man of
society. He is dressed in a tuxedo and
he was last night, one would hardly
take him to be a man who faced danger
many times in the course of a checkered
career. According to his own story, he
has won and lost several fortunes at
the gaming tables in the far north, and
has participated in more than one gun
fight. "I have settled down now," he
said, "and the I make my money from
mines. It is thru the medium of stocks
and bonds."ROYAL WEDDINGS TO JOIN
GREECE AND RUMANIALucerne, Nov. 17.—Crown Prince
Charles of Rumania will arrive here
tomorrow from Bucharest, accom-
panied by his mother, Queen Marie,
who is now in Zurich. It is reported
that the visit of the crown prince
will lead to his engagement to
Princess Helene of Greece, daughter
of former King Constantine. Inas-
much as Prince George of Greece,
who is reported to be engaged to
Princess Elizabeth of Rumania, is
expected here Friday, the announce-
ment of a double marriage between
the royal houses of Greece and Ru-
mania is expected.DANGEROUS SITUATION

mitted that a dangerous situation ex-
isted in that country, and said that the
government there would be left per-
fectly free to take what steps it

Again Appeals for Publi-
c Opinion in Order to Bring Pub-
lic Opinion to Bear.Geneva, Nov. 17.—South America
and South Africa held the floor of the
assembly of the League of Nations to-
day. Honorio Pueyrredon, head of the
Argentine delegation, set forth im-
pressively the point that all recognized
nations must belong to the league to
make it complete and avoid the dan-
ger of the organization of a rival
league.He said that a formula must be
found to permit the United States to
come in, and demanded that the league
be made more democratic by electing
all the members of the council in the
assembly, instead of allowing the big
powers to name a majority of them,
as at present.This sounded like a formal notice to
the big powers that they will encounter
opposition from the smaller nations if
they insist upon maintaining their
nomination council.Lord Robert Cecil speaking in be-
half of General Smuts, as a member
of the South African delegation, re-
viewed the entire report of the council
to the assembly, and pointed out the
results obtained. He declared some
general principle, among which was
complete publicity not only for the
affairs of the league, but for the world
affairs generally in order to bring public
opinion to bear upon abuses or infrac-
tions of the principles which are the
basis of it.Lord Robert referred to this in con-
nection with the Polish-Lithuanian
differences, and introduced a resolution
calling upon the league council to pub-
lish all reports in its possession bearing
upon this question.Lord Robert also drew attention to
the situation between Poland and Lit-
uania, and said that the league council

who was burned to death in her home
near Kaladar two weeks ago, and
whose husband, James Young, was
arrested following examination of his
wife's skeleton.Young, who is about 65 years of
age, was arrested by Inspector
Stringer of the provincial police force
on a nominal charge of vagrancy.
Sensational developments are ex-

BY BRITISH LABORTo Demand Withdrawal of
Troops and Election of
Constituent Assembly.London, Nov. 17.—The executive
committee of the Parliamentary Labor
party has issued a manifesto signed
by Arthur Henderson, William C.
Adamson and John R. Clynes, calling
upon the Labor party throughout the
country to take more active steps to
secure the withdrawal of all the armed
forces from Ireland and the election
by proportional representation of a
constituent assembly charged with the
task of working out whatever consti-
tution the Irish people desire in order
to settle their own affairs, provided
proper protection is accorded to min-
orities and Ireland is prevented from
becoming a military or naval menace
to Great Britain.The manifesto explains that this
action is taken because of the hope-
lessness of expecting anything from
a parliament dominated by a mechan-
ical government majority. "It an-
nounces that the party had decided to
conduct a great national campaign to
enlighten the British public on what
is happening in Ireland, and also to
appoint a commission to visit Ireland
and investigate the government's pol-
icy and methods."The Labor party's commission for
the investigation of Ireland comprises
Mr. Henderson and John J. Lawson
and William Lunn, both Labor mem-
bers of parliament, and A. G. Cameron
and F. W. Jowett, respectively chair-
man and vice-chairman of the Labor
party's executive committee. The com-
mission will have legal and military
advisers. It will start the beginning of
next week.Soldiers Demonstrate

Athens today were filled with
soldiers bearing olive branches,
and singing the song of King
Constantine, entitled "The Eagle's

former Premier Venizelos was
closely guarded by troops.A despatch from Salonica says
that manifestations were held to-
day by the Popular party, during
which the troops shouted for the
return of former King Constantine
to power. The troops paraded
thru the streets carrying a
portrait of the former monarch.
During the excitement the Liberal

MET BY BRASS BAND

St. Thomas, Ont., Nov. 17.—(Spe-
cial.)—Hon. T. A. Crerar, leader
of the Farmers' party, addressed
a large meeting here tonight on
behalf of S. S. McDermid, the
U. F. O. candidate in the East
Elgin by-election. The city of
St. Thomas is not in the riding, but
is fairly well surrounded by it, and
a large number of the people who
heard Mr. Crerar tonight will be en-
titled to vote in Monday's election.
Mr. Crerar motored to St. Thomas at
the close of his meeting in Aylmer
and was escorted to the Grand Cen-
tral Hotel by members of the Inde-
pendent Labor party and a brass
band composed of men who work in
the shops of the Michigan Central.The meeting was at the Engineers'
Hall, which has a seating capacity of
about 800. All the seats were taken
but the hall was not crowded. Mr.
McDermid, U.F.O. candidate; Mr.
McPhail of North York, and R. W. E.
Burnaby, also spoke.Mr. Crerar's speech followed closely
upon the lines of his addresses at
Port Burwell and Aylmer. He said
he had the same message for the
working men in cities as he had for
the farmers of Canada. The govern-

CONFER IN OTTAWA

Ottawa, Ont., Nov. 17.—The sec-
ond quarterly meeting of the national
joint conference board of the build-
ing industry met this afternoon, with
B. McG. Quirk in the chair. Repre-
sentatives from the Association of
Canadian building and construction
industries were present, and the
building trades unions were repre-
sented.The question of standard wage
zones brought out the necessity for
more detailed information in the
family budget in addition to the fig-
ures at present compiled by the de-
partment of labor.The shortage of houses in many
Canadian centres, suitable for work-
men, was felt to be one of the pressing
issues which had been brought to the
attention of the government. In addi-
tion to the present housing schemes,
it was felt some plan should be pre-
pared by which the man having a lot,
and unable to erect a home, should be
able to secure financial assistance. A
special committee was appointed by
the chairman, consisting of Messrs. J.
P. Anglin and J. Bruce, to bring in a
full report at the next meeting.

A MOTOR CAR THAT RAN AWAY.

The picture gives an idea of what happened yesterday to an electric coupe, owned
by Mrs. Southwell of the Selby apartments. The car declined to budge when
at the corner of Bloor and Sherbourne streets, and the chauffeur got out and
endeavored to shove it out of the line of busy traffic. The power came on
abruptly and the coupe jumped the sidewalk and plunged down the hillside
until stopped by a tree.LABOR COMES OUT

Montreal Session.Montreal, Nov. 17.—(By Canadian
Press).—Organized labor's views re-
garding the tariff were given today
before the tariff commission both by
representatives of the international
labor men of Canada, which pronoun-
ced strongly in favor of a moderate
tariff, or protection sufficient to ensure
the continuance of industries, which
were the source of employment to
Canadian labor.The factum further strongly advo-
cated the appointment of a scientific
advisory committee to consider all
matters relating to the tariff, and a
permanent tariff board. By such means
he considered the Dominion could get
relief from "the curse of tariff elec-
tions from which it was suffering at
present."He admitted that the tariff could
not be altogether taken out of politics,
but hoped that following the ap-
pointment of a tariff board, and a
scientific advisory commission much
of the present evil conditions would
be avoided."Nationals" Concur.
The same ideas were to a large ex-
tent voiced by David Giroux, repre-
senting the Canadian National Union,
who came forward as an on-and-out
supporter of reasonable protection in
the interests of labor in particular
and the country in general.These were the main features of
today's session of the tariff commis-
sion here altho a number of other
important discussions and factors
were considered, bearing on the iron
and steel industries, the flour mill-
ing trade and other industries. The gen-
eral complaint by business men was
against the continuous dumping into
Canada of surplus American goods in
times of business stress, despite the

CUBAN BANKERS' LOANSPlans of United States and Canadian Financial Institutions
Have Fallen Thru.New York, Nov. 17.—Plans of United States and Canadian bankers
to take over loans of between \$40,000,000 and \$50,000,000 held by Cuban bankers
against sugar growers of the island, have been abandoned. It was announced
after a series of conferences here today. Diversity of interests among the
banks included in the plan is attributed as the reason, some of the bankers
having their own branches in Cuba, while others are represented by corre-
spondents there.The proposed scheme was designed to aid the banks of Cuba in remedying
the financial difficulties necessitating the declaration of a moratorium, which
expires December 1. It was said today that failure of the plan to materialize
probably would result in an extension of the moratorium for thirty or sixty
days. The loans made by the Cuban banks are secured by approximately
200,000 tons of sugar, valued at upwards of \$47,000,000.

"The Mirror of Music"

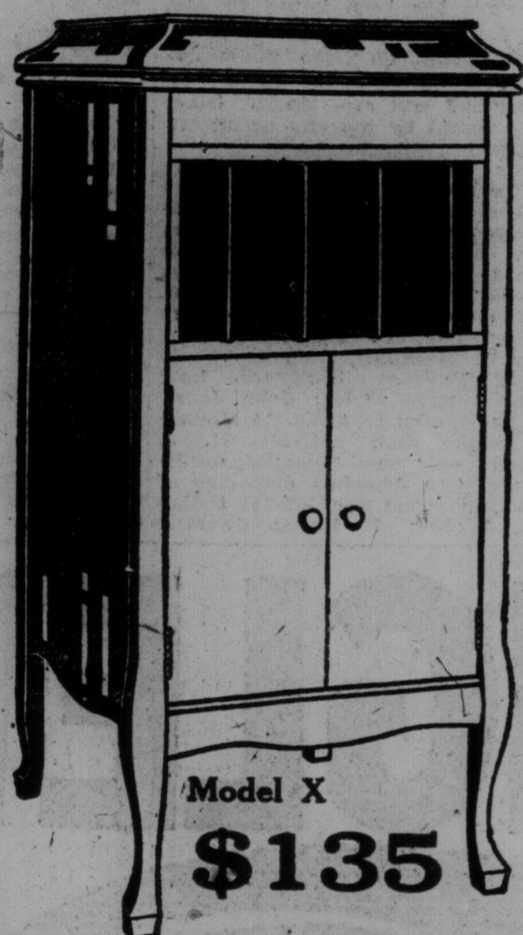

The One Incomparable Musical Instrument

The Christmas Grafonola Club

---with Membership Limited to 500---and Extremely Easy Membership Fees---
Is Now Open To You---Join Early

These Christmas Clubs annually enroll thousands of members, providing the easiest method of bringing into the home the greatest means of entertainment and enjoyment in existence. The Grafonola is a gift that lasts the whole year round. One gift to the whole family—a gift that every member of the family can enjoy equally.

Any one of the Columbia dealers listed below is authorized to enter you in the Christmas Grafonola Club. Only a small sum is required to join, the amount is based upon the instrument you select—there are a dozen models to choose from—\$37.50 and up. All members of the family can join hands in the purchase of a Grafonola, each one subscribing a little, thus making it a matter of trifling expenditure through the Club.

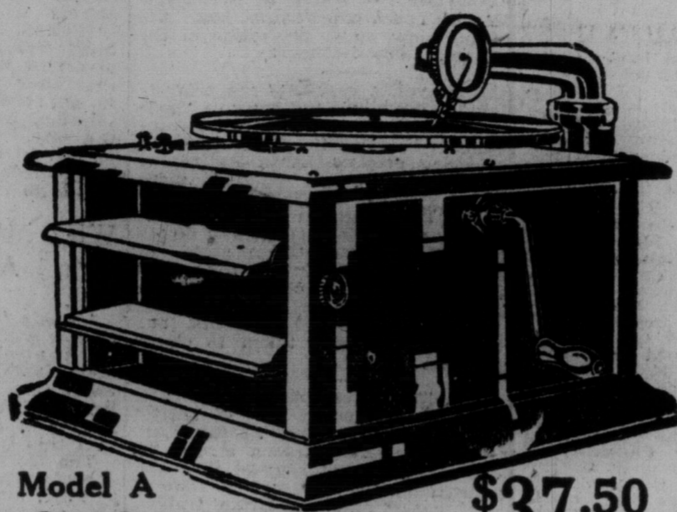

Model X
\$135

This handsome instrument is made in both mahogany and fumed oak finish, and you can have your choice of either. It is over 40 inches high, 18½ inches wide, 20½ inches deep (front to back). All the mechanical details are of best construction. It has three-speed motor, plays four records with one winding, tone control leaves, graduated dial, speed regulator, new bayonet-joint tone arm, Columbia reproducer, piano-hinged lid, with self-adjusting support. All exposed parts heavily nickel-plated.

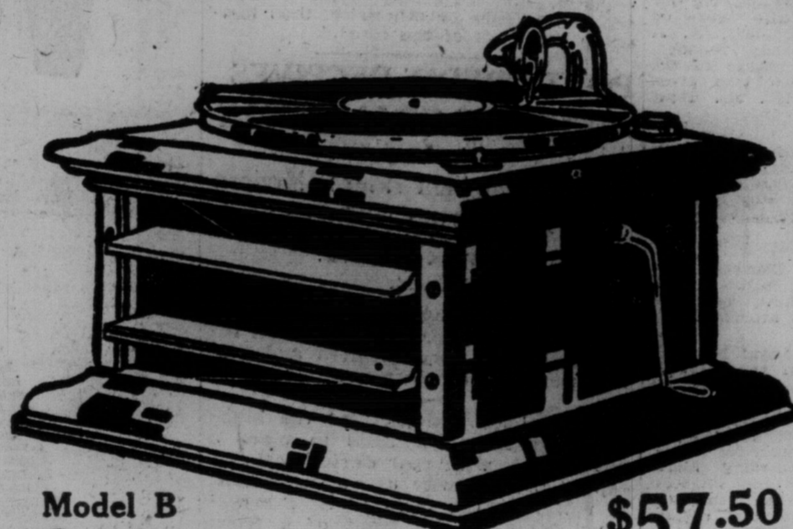

Thousands Will Want to Join

Everyone is urged to go at once to the nearest dealer and make their selection, as the nearer it comes to Christmas the smaller the scope of choice among the various models. Besides, membership is positively limited to 500.

Model A
Grafonola, Price \$37.50

Despite its very low price, this Grafonola is an instrument of absolute dependability, and with a surprisingly good tone. It has strong, noiseless motor, sound regulating tone chamber, graduated start and stop device, etc. Plays any size disc record. Cabinet is made of selected oak. Size 13 x 13½ inches. Wonderful value.

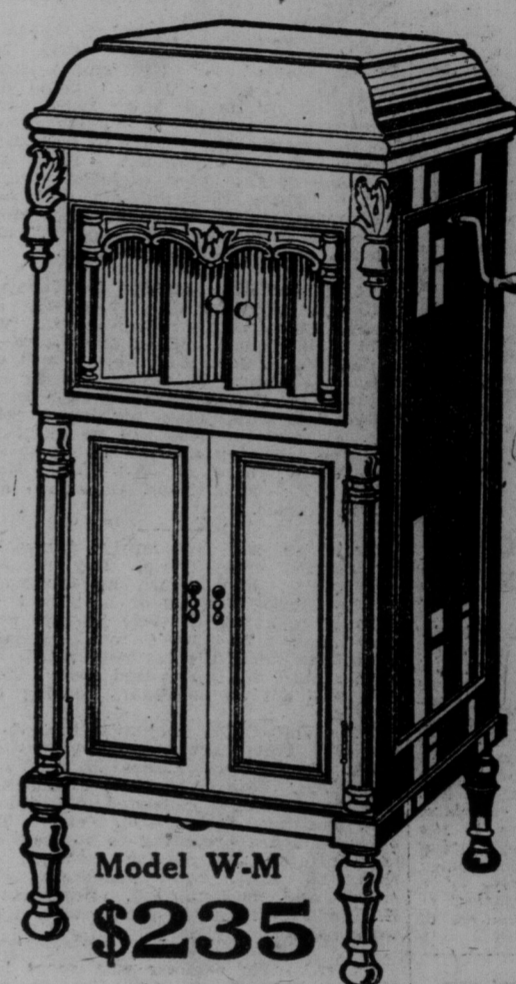

Model B
Grafonola, Price \$57.50

This is a special offer for to-morrow, and should appeal to everyone wishing to own a really good instrument at small cost. It is a Grafonola of unusual merit, having most of the features of instruments of two and three times the price, such as new bayonet-joint tone arm, Columbia tone control leaves, Columbia reproducer, graduated dial, speed regulator, start and stop device, etc. It has powerful motor and plays two selections with one winding, and is enclosed in handsome oak case.

Only 500 Can Join this Club

The Club will accept members up till Christmas Eve, providing the limited number of Grafonolas is not taken up before.

But as soon as 500 members are enrolled the Club automatically closes—Join Early.

Model W-M
\$235

"William and Mary" design, one of the most popular period adaptations. The motif is introduced into the cabinet work, especially noticeable in the mountings, mitred moulding and legs. It has best Columbia motor, with large tone chamber, all the finest fittings, beautifully nickel-plated metal parts. Height 45 inches, width 20½ inches, depth 24 inches. Has accommodation for 110 records. May be had in either mahogany or walnut.

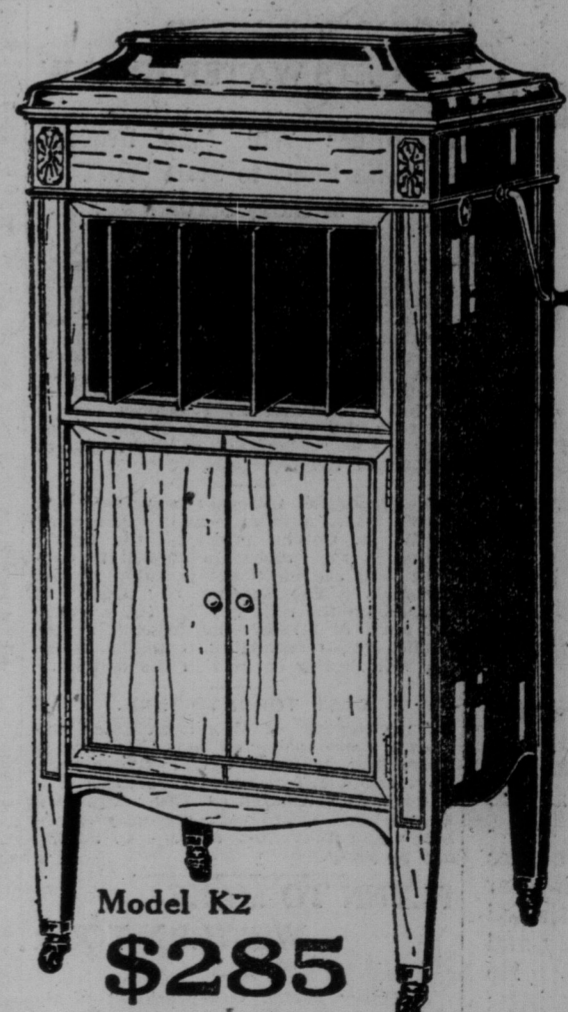

Model G
\$210

Can be had in choice of either mahogany or quartered oak. It is a superb instrument, having all the good features to be found in phonographs costing two and three times the price, such as three-spring drive motor, large sound chamber, tone control leaves, patented start and stop device, graduated speed control and best Columbia reproducer. Cabinet has space for seventy-five records.

Where to Go to Join the Christmas Club

Any of the Columbia dealers listed below will be glad to demonstrate the various models of Grafonolas and enroll you in the Christmas Club. But don't delay, for there is sure to be a rush to get in on this splendid offer. Remember that you don't have to wait—you can have your Grafonola delivered at once, or any time before Christmas you say.

RETAILERS PREPARE LUXURY TAX FIGHT

Should Be Collected at the
Source of Production, Is
Contention.

The retail merchants of Ontario are gathering their forces preparatory to making a fight against the luxury tax as it now stands. A special convention was held yesterday. They will present their case before Sir Henry Drayton and the tariff commission today and tomorrow. The retail men have had hundreds of letters from merchants all over the province stating objections to the present method of collecting this tax.

That the luxury tax should be collected at the source of production so that it could be evenly distributed over everyone is the retail men's contention. They state that the tax as collected is forcing trade into lower grade goods. Also, the daily presentation of the tax slip is aggravating an already deplorable condition.

B. W. Ziemann, chairman, drew attention to the precarious state of trade and the necessity of the merchant not being caught napping. He stated that falling prices had not come about as much as the public believed, and the great publicity about falling prices had given the people a wrong impression. "The result is," he stated, "that the consumer is taking the position of waiting for falling prices; the retailer cannot give orders to the wholesaler, the wholesaler cannot give orders to the factories, and the factories are laying off workmen and workwomen, bringing stagnation in trade."

"The idea prevalent in the minds of many that the retailer is responsible for high prices is a wrong idea," he said. "The reason that the retailer is blamed is because he is in direct contact with the consumer and has to hand on the price set before the retailer gets the goods."

FOURTEEN YEARS FOR STUBBORN PRISONER

Declines to Tell Court What Be-
came of Victory Bonds
Stolen From Woman.

"You have been given three opportunities to tell what you did with the \$10,000 in Victory bonds in which this poor young woman had invested her savings, but have disclosed nothing, so I will give you the maximum penalty," said Judge Coatsworth as he yesterday sentenced to fourteen years in the penitentiary Louis L. Le Blanc who pleaded guilty to four charges of housebreaking and theft.

Le Blanc admitted having stolen jewelry from the homes of James Robertson, Prof. Kilpatrick and Newton McEwen, and from the home of John Mathers, 331 Palmerston boulevard, jewelry and \$10,100 in Victory bonds owned by Mathers' sister. He was arrested by Detectives Hickey and Seaton, who recovered most of the jewelry, but the prisoner refused to tell what became of the Victory bonds. He has been in jail a month, sentence having been deferred to give him opportunity to tell where the bonds may be found.

In pronouncing sentence, Judge Coatsworth said that at any time Le Blanc gave information which would lead to the recovery of the securities he would take up with the department of justice a mitigation of sentence.

JAPANESE HEARTENED BY ROYAL RECOGNITION

That the Christian communities in Japan are much heartened by the official recognition by the emperor and empress of Japan to the recent International Sunday School Association world convention, which met in Tokyo from the 5th to the 14th of October, is the declaration of Hon. J. J. MacLaren, who returned to his home from Japan yesterday morning by way of Honolulu, San Francisco, Los Angeles, New Orleans and Chicago.

As senior vice-president of the association, Mr. Justice MacLaren presided over the convention in the absence of the president, who was unable to be present.

MASS FOR KNIGHTS DEAD.

Right Rev. Mr. M. D. Whelan, V.G., spiritual director of the local council of the Knights of Columbus, chaired requiem high mass yesterday morning in Our Lady of Lourdes Church, Sherbourne street, for the deceased members of the council. There was a large attendance of local knights.

RECORD SNOWFALL FOR EARLY SEASON

Was General All Over the Pro-
vince and Great Lakes
District.

The first real snowfall of the season occurred yesterday and was general all over the province and the Great Lakes section of the United States. It was estimated that nearly three feet of snow fell during the night and morning, which is a record fall for this time of the year. During the latter part of the afternoon it stopped and the white blanket covering the ground began to melt, making it rather unpleasant underfoot. In the downtown section it was shoveled away early in the morning, but the suburban districts were mostly a mass of drifts well on into the afternoon. In places it took some hard plodding to get thru.

Train schedules at Toronto stations were all on the blink early in the day. Snow packed into the switches and played havoc with railroad time. Wire communications suffered to some extent also. The snow was so heavy that in places both telephone and telegraph wires broke. In the rural parts of the province sleighs were rooted out and took the places of plodding farm wagons.

CHARGES SOLDIER WITH BREACH OF PROMISE

Young Toronto Woman Brings
Action Against Soldier Now
in New Zealand.

Alleging that her musical career has been ruined, Miss Rhoda Munden, a music teacher, of Toronto, has entered action at Osgoode Hall to recover \$20,000 damages from Cecil V. Conolly of Auckland, New Zealand, for alleged breach of promise of marriage.

Miss Munden is 27 years of age, and at the age of 18 was granted a diploma as associate of the London College of Music. She became engaged to Conolly, she says, in 1915. He left for overseas to fight the Germans on May 25, 1916. During his absence in 1916 and 1917, she says, she received many letters from him repeating his promise to marry her at Toronto as soon as hostilities were over.

Since the conclusion of hostilities, Miss Munden says she has repeatedly written letters to the defendant, but has received no reply. She alleges that a reasonable time for the taking place of the said marriage has elapsed, and the defendant has broken his promise to marry her. She says that not only has her career been ruined, but she has also been injured in her health and feelings.

MISSING MANY YEARS, NOW PRESUMED DEAD

W. W. Abbott Watkins left Toronto twenty-two years ago after having lost not only his own but much of his mother's money in a Yonge street fruit business. He went to Montreal, and from there is thought to have gone west, but he has not been heard from since, tho his mother repeatedly tried to get into communication with him. Before he left he said that if he was not heard from in seven years he would be dead. If he were alive now he would be fifty-one years of age.

Watkins' father died in 1918, and his mother died last year. Yesterday, on the application of his sister, Mrs. Yancey, of Minneapolis, Justice Rose at Osgoode Hall declared him to be presumed dead. There is some \$2,500 of his father's estate in which he would share if alive.

McMASTER GRADUATE GOES AS MISSIONARY

Rev. L. C. Kitchen, B.A., pastor of the Reabro Baptist Church and a graduate of McMaster University, has accepted an appointment as a missionary to India under the American Baptist Missionary Society. He is the son of Mr. and Mrs. Fred Kitchen, 223 Montrose avenue, Toronto, and was recently married to Miss Belle Johnson, of Exeter, who will accompany him to the foreign field.

From the Harbord Collegiate Institute Mr. Kitchen matriculated in 1915 with the G. C. Edwards Scholarship and during his undergraduate course at McMaster took honors in classics and made a name for himself as a public speaker. In India, he will devote himself to educational work in a missionary high school in the province of Assam. Mr. and Mrs. Kitchen expect to sail from New York early in January.

SEEKING SETTLEMENT OF SUIT OVER WILL

The case in the non-jury assize court before Mr. Justice Onda, in which the Toronto General Trusts and Henrietta Elizabeth White are asking that the will of Elizabeth White be admitted to probate, and in which the other children of the testatrix are named as defendants, was yesterday adjourned until today.

The counsel and parties in the case held a conference with the view to settlement, but no conclusion was reached. It is very probable that the matter will be amicably arranged before the time fixed for the adjourned hearing.

FINE LICENSE BOARD FOR FURIOUS DRIVING

In the Hamilton highway court yesterday the board of license commissioners of Ontario were fined \$10 and costs. It is stated that the excess driving was a result of a hurry-up run made by Rev. J. O. L. Spracklin, license inspector, on October 30, while after a band of bootleggers.

Get Busy, You Railway Commissioners!

Chairman Ellis of the transportation commission is giving information in regard to the plans of that important body. He says first that the commission want authority to purchase a fleet of motor buses. And he also says that the Teraulay street line is probably the most pressing work of the moment.

But Mr. Ellis and his colleagues have not yet taken the public into their confidence to the extent of saying what their policy is to be in regard to the gauge of the reorganized street railway system; whether it is to be built of standard gauge or the existing bastard gauge which fits in with nothing else. The whole Hydro-rail proposition is based on standard gauge, that is the gauge of the ordinary railway system, 4 feet 8 1/2 inches, and this gauge permits of all railroad equipment in the way of cars or engines being able to move over street railways in every place in Canada and in the United States outside of Toronto. How long is Toronto to be in a foot class?

The World believes that Toronto street car lines must come to standard gauge; in the first place, because it is much easier to get equipment built for standard gauge than it is to have it built of an abnormal gauge; and it is absolutely necessary, if we are to get the full benefit of inter-urban traffic, that is, traffic between the city and outlying towns, we must let it into the city and around the city freely, especially if there is ever to be high class delivery by express service from the country, especially provisions of all kinds, in a rapid and economic manner.

And if we decide on standard gauge the engineers will find a way of working a connection between the two gauges, and having, if it must be for a time, transfers of traffic from standard gauge tracks to city gauge cars. It simply means that people may have for a time to make transfers; the net result, however, being an improved service, even if there is this more or less dislocation because of two gauges. And there is also another relief which the engineers must consider, and that is having a new rail rolled which, with a flange, will carry cars of the two gauges, and allow either standard or city gauge equipment to pass over the same pair of rails. So far, however, neither commission nor engineer have informed the public of their policy in this respect.

And speaking of gauges, it must not be forgotten that if we are to start with standard gauge we will be able to use the present Metropolitan tracks on Yonge street and its cars; and the same applies to the large amount of standard gauge radial in West Toronto, on Davenport road, and on Kingston road, as well as existing Belt Line railway for some time, without any change or reconstruction whatsoever. The Teraulay street line ought to be the first one made of the new gauge, namely, from the new Union Station right up to St. Clair avenue, and to the Metropolitan tracks, provided, of course, that we are to get this radial at an early date.

Nor has Chairman Ellis told us yet why he says that the Teraulay street service is the first matter to be considered. We believe the first commitment to be taken up is that of the Mount Pleasant line on the basis of an extension of the St. Clair avenue line eastward to Mt. Pleasant and up Mt. Pleasant to a terminal near York Mills, even if this has to be a temporary line for the time being. There is no reason, however, why the Mt. Pleasant line and the Teraulay street line should not go on at one and the same time, especially in view of the fact that there will be lots of men glad to get work on reasonable pay in any dull period that may be at hand; certainly the cost of construction will have to come down if the city undertakes to find money to carry on necessary work.

As to the motor buses the fullest information ought to be given to the city council and the citizens in regard thereto, and if a number of buses have to be purchased to meet conditions there is no reason why the city should not vote the money. And the city ought not only to vote the money for buses if they are necessary, but the city should also vote the money for the construction of equipment, especially cars; and some idle factory plant ought to be taken over at once for this purpose. Perhaps even we could get the plant of the Toronto Railway Co. right away. It would be a crime to

use the citizens' money to buy cars made, perhaps, in the United States, not alone outside of Toronto. We believe Mr. Cozens, the general manager and engineer of the railway commission, will be able to show some rather surprising results in the way of car construction if he is given a free hand and credit to show what he can do.

But what the citizens want more than anything else now is the settlement of the question of gauge and the beginning of construction, not only of new tracks, but of new street cars and electrical equipment to drive the cars. Also, there is no reason why a Canadian rolling mill should not begin rolling new rails for the tracks of the Toronto Railway system, but the trouble is the commission has only got past its organization stage and seems to be much given to deliberation rather than to actual and evident construction work, both in the way of tracks and car equipment.

As to the question of finance that ought to be a comparatively easy matter for the commission and the city's financial officers, to frame up a bond issue probably on the security of the railway itself and its earnings, to provide money for establishing the new service. These bonds ought to bring at least par. The first million or two might have to be at a high rate of interest, but after a few months indications are that such an issue could be put out at a comparatively reasonable rate of interest.

The British Market and Our Wheat.

The interview with Mr. Hawkes of Manchester, published in The World yesterday, throws real light on the marketing of our Canadian wheat. Mr. Hawkes says there is little or no sentiment at the present time in the British public in buying wheat. They have to buy at the best price and they have also to consider the factor of exchange. Both Mr. Hawkes and Mr. Hoggoode, who accompanied him, say that they had to pay too much for our wheat last year, probably because of the wheat board boosting the price; but think if we can meet their views this year by a better price they will take all of our crop and probably be in better disposition to deal with us for next year, when there will be still more competition in supplying the mother country. Not only is India now in the game, but China and South American countries and Australia, not to mention United States; and it is quite clear that as soon as congress can meet, the United States will put an almost prohibitive duty on our wheat going into that country.

A surprising quantity of this year's Canadian wheat has already got into the United States and will continue to go there until congress can meet and put up a tariff on imported wheat; and next year we will have to largely look to the European market and especially to England. Finance Minister Drayton has already told our farmers that nothing will do so much to help over the present stringency as for them to sell their wheat and realize on it whether they find a market for it or not in England, but they ought to take a reasonable price; and perhaps the two governments might arrange the price for the balance we have on hand.

Labor and Soviet.

The latest news from England is that Lloyd George is insisting on establishing trade relations between Britain and Russia; that he has been able to remove the objection to some of his colleagues had to such a policy, and also to have France modify her objections.

There is no reason why Russia should not be given an opportunity to trade with England especially if she is ready now to ship wheat, paper and other necessities required in England.

It will be noted in the despatches dealing with this question that organized labor in Britain claims for itself considerable credit in forcing the government to move in establishing freer trade between England and Soviet Russia. For a time the labor organizations were described as more or less Bolshevik because they were sympathetic with the idea of recognizing the Soviet government in Russia in the matter of trade between the two countries. Lloyd George himself has had to change his views in deference to labor.

Mr. Wells, the leading British writer of the day, has been in wrong with the British public for some weeks back because he upheld the recognition of the Soviets of Russia. The best way, perhaps to make the Soviets quit their ultra ideas is to give them a reason for thinking of trade and exchange of products.

Remark in Passing.
Telegraph reports say Ireland is getting tired of murder and retaliation. Not any more so than most of us are of hearing about it.

Unless something further happens soon in the Spracklin case, the recently suggested idea of abolishing coroner's juries will receive greatly increased support.

The British food ministry is looking to Canada's abundant crops to reduce prices. A few people on this side of the water feel the same way about it, but that's about as far as they're getting yet.

If there is coal at Shelburne, Ont., as now seems still more likely, what does Mr. Drury propose doing towards guar-

mania, as reported by the league council and strongly regretted that one of the parties after submitting the case to the council, had proceeded to a hostile act. "If such things are tolerated," he declared, "article 15 of the covenant is a dead letter."

Lord Robert made a fervent appeal to the assembly for some sort of action to save the Armenian. He said he was separated after this first assembly of the league," he hoped, "without having taken some practical step to secure some kind of action."

League Very Much Alive.
He commanded the greatest attention from the assembly, particularly when, alluding to Senator Harding's statement that the league was dead, he said that the report of the council showed it was very much alive.

After sustained applause on Lord Robert's peroration, many of the delegates turned toward the seats of the French delegation, as it had been said that Mr. Viviani probably would follow him, but the former premier of France was awaiting another opportunity.
Mr. Viviani will not take the floor for a set speech until it is known positively whether Mr. Lloyd George is coming. If the British premier takes a seat in the assembly, the French orator will, if he comes, reply to Mr. Lloyd George, if occasion presents.

Will Put Up the Rent.

The Hague, Nov. 17.—The trustees of the Carnegie Peace Palace have decided that the League of Nations must pay higher rent for the palace of the high court of justice than \$60,000 a year (normally \$20,000) annually, which is now paid by the permanent court of arbitration. The peace palace maintains a fine, much of which is in German and other European bonds, has greatly depreciated in value.

EX-WARDEN MISSING.

Ottawa, Nov. 17.—Joseph Racine, former warden of the United Counties of Prescott and Russell, who has not been seen since November 5th, when his sister left him in the Central Station, is believed to be roaming around the city somewhere, with his mind in a blank.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

THE SPRACKLIN CASE.

Editor World: So glad to read L. E. S. letter. Every word I read. Not one word of sympathy have I seen in any of our papers for Trumble's lonely wife. I did read something about the anguish of Spracklin's wife's mind. I thought she should have passed thru anguish of mind when she knew her minister husband had become a licensed inspector. Why, oh why, should a minister take such work if not for the love of it or for the gain in it. I personally know many families who by the case of the destructive law was made, they were happy with a glass of ale. Now it is discontent and unrest and getting ready to move to a free land.

Anteering for the people of this province a fair deal in connection with the price of this important product, without which Ontario cannot live and carry on business?

Now it's Mr. Raney's turn to fore-shadow "important developments" in connection with the O.T.A. By the time another cabinet minister or two has spoken to the same effect reasonable people will begin to hope that it is about to be reformed in such a way as to bring it more in line with established ideas of British justice.

Rhyming Views On Daily News

By GEORGE H. DIXON.

It's quiet at the city hall, we don't hear any noise at all, from aldermen and other ones; they all have spiked their verbal guns. No more we hear them loudly rave, they are as silent as the grave. On civic matters, big and small, no more we hear their dithering and bawl, and the controllers are the same, they too, all play the waiting game. They are not shouting what they know, they're waiting for the time to blow. They all are very quiet now, but in a month you'll hear the row. At present things are far from warm, but it's the lull before the storm. But just have patience, readers dear, the battle-cry you soon will hear, for soon will start the yearly fray, which will keep up till New Year's Day. Election time is drawing nigh, and so we have a youthful sigh—but "we" mean reporters brave who just for peace and quiet crave, out then alas, we're out of luck, we'll have to wallow in the muck and work like blazes day and night, writ and up this yearly fight. For soon we'll have to take down notes about the stinks who're after votes. We'll have to cover every speech and stick right with them, like a leech. Our copy will be piled in stacks; we'll feel like dropping in our tracks. Our minds and bodies will be like a heap of lead, and every year it's part of the same, it's part of this darn writing game.

LITHUANIANS FIRE ON LEAGUE ENVOYS

Were Carrying White Flag When Greeted With a Volley of Bullets.

Warsaw, Nov. 17.—Lithuanian troops fired on members of the League of Nations control commission as they were crossing "No Man's Land" from General Zeligowski's lines to those of the Lithuanians, according to despatches received here today. The members of the commission were carrying a white flag.

The Lithuanian commander said the firing was due to a misunderstanding. The members of the commission were on the way to Kovno and the army authorities of both sides had arranged to cease hostilities at a certain hour to permit the commission to cross "No Man's Land." As the road was bad, the commissioners abandoned their automobiles and took another road. They left General Zeligowski's lines early with a white flag and were within sight of the Lithuanians when they were greeted with a volley of bullets over their heads.

Rifle and machine gun fire continued for some time, the members of the commission seeking refuge behind mounds of earth. Finally, a native woman crossed the field where the firing was going on, went to the Lithuanian commander and interceded for the commissioners, explaining that they were allied uniformed troops. The firing ceased and the Lithuanian commander explained it was all due to a misunderstanding.

A Vilna despatch today reports a Lithuanian attack upon a Zeligowski patrol in the region of Landvarovo, a short distance west of Vilna, and says General Zeligowski has further protested to the Kovno administration, contending that the Lithuanians repeatedly are violating the agreement reached between the two forces.

PREMIER DRURY ADDRESSES THOUSAND YOUNG MEN

At the annual banquet and election held at Howard Park Methodist Church last night, Premier Drury gave a rousing talk to nearly 1000 young men. The subject of his address was the need of broadmindedness among Canadians. After a warmly-contested election the following were elected councillors: W. Hooker, A. Higgins, A. Parkinson, H. Shantz, L. Hodges, B. Scott and E. Hooker.

stating. He added that, excluding 52 Thracians, only 30 seats remained for the Venizelists.

Chances Diminishing.
Paris, Nov. 17.—The chances of ex-King Constantine's return to the throne of Greece are steadily diminishing, according to opinion in French circles, as the anti-Venizelist party in Athens is coming to realize the strength of the allied opinion against such a restoration. The exact form the opposition to the king will take has not yet defined itself, but it was indicated at the French foreign office today that a concrete expression of the French and British viewpoints would probably be formulated by these two countries.

Planned Coup d'Etat.
Athens, Nov. 17.—One of the election aftermaths here is the circulation of a report that supporters of Venizelos planned a coup d'etat to prevent their defeat. Mr. Montagna, Italian minister, is said to have called upon Venizelos, and let him know that if he was responsible for the enforcement of order.

It is the frequently voiced opinion of political observers here that Mr. Lloyd George, eldest son of former King Constantine to the throne, and that the Venizelists are taking the line of non-interference with the Venizelists' policy of surrendering Cyprus to the Greeks.

RAVAGES OF COMMON COLDS ARE APPALLING

Is Most Prevalent of All Diseases and Causes More Death, Suffering and Decreased Efficiency Than All Wars and Epidemics.

COLDS ARE CURABLE AND PREVENTABLE

Instead of Being Treated as Trivial Affections, Colds Must Be Recognized as a Serious Menace to Health.

The common "cold" is the most prevalent of all present day diseases and although vital statistics do not record the sum total of its ravages, leading authorities now state that the common every-day "cold" is responsible for more deaths, suffering, inconvenience, loss from work and decreased efficiency than all wars and other epidemics.

The word "cold" means an acute infection of the lining membranes of the nose, throat, tonsils and larger bronchial tubes. The "cold" may be even more extensive and amount to a general infection of the entire body. All of the breathing apparatus, excepting the smaller portion of the lungs, may become involved and as a

matter of fact the disease may, and often does, spread to these thus producing Pneumonia.

Vital statistics show that Pneumonia kills more people than any other disease, excepting Tuberculosis and Heart Disease. Many cases of Pneumonia begin as common colds, which have been neglected.

Persons of hereditary tubercular tendency should guard against colds and should take proper measures to stop their progress with the first symptoms. It is evident, therefore, that instead of being a trivial affection, the common "cold" must be classed as a serious menace to public health.

Asprolox, the new scientific cold remedy, which has been accomplishing such remarkable results, probably provides the safest, surest and quickest, as well as the most practical treatment for colds yet discovered. This new remedy according to the statements of the thousands who have used it, is almost magical in its effect. The first dose usually stops the tendency to sneezing and coughing and relieves the feeling of congestion of the second and third dose usually suffices to stop the progress of a fresh cold altogether. Only one bottle is generally sufficient to break up the most obstinate cold, no matter of how long standing.

The great superiority of Asprolox over the ordinary treatment heretofore prescribed is due to the fact that it is a combination treatment and acts as an antipyretic, expectorant, laxative and antiseptic, thereby removing the cause, while many other remedies relieve the symptoms only momentarily.

All druggists have been instructed to refund money in every case where it fails to give satisfactory results after three doses have been taken.

BRITISH EMBASSY SNUBS COMMITTEE

(Continued From Page 1).

Will Not Be Responsible.
The embassy also informed the committee, thru Mr. Willard that while the British government would not withhold passports from any person wishing to appear before the committee, it must be understood that the British government could not undertake to guarantee the safety of witnesses from personal attacks and violence at the hands of Sinn Féiners or loyalists upon their return to England and Ireland.

The organization formed by Irish sympathizers, after a conference with Bannan de Valera, president of the provisional Irish Republic, was said to be designated to supplement the Friends of Irish Freedom as the leading Irish independence organization in the United States.

Commission of Inquiry.
The office of the Irish inquiry commission announced tonight that plans had been perfected to send a sub-com-

mittee to Ireland soon to make a first-hand investigation. The personnel of the committee will be announced later. The project resulted, it was stated, from invitations to send such a commission received by the committee in a round robin signed by British labor party leaders, including Arthur Henderson, Robert Smillie, William Anderson and others, and similar proposals from the Irish Catholic hierarchy and numerous persons prominent in Protestant Ireland.

Withdrawal of Raymond Hobbs of Chicago from membership in the inquiry commission also was announced tonight. His message to the commission expressed regret that pressing engagements would prevent his participation.

Former Governor Joseph W. Folk of Missouri has declined the chairmanship of the inquiry commission and also has withdrawn from membership. His letter, made public tonight, said he felt that his connection as "commander of the Irish commission, representing the people of Egypt," made it "inappropriate" for him to serve on the commission in Ireland, the investigations of which should not have "even the appearance of partiality."

DRIVER IS KILLED.

Peterboro, Ont., Nov. 17.—Bertram J. McNeil, of Keene, was killed late yesterday when a team of horses ran away. McNeil, who was eighteen years of age, was thrown under the wagon.

RUGBY SATURDAY'S OFFICIALS

GALL AND SIMPSON FOR SATURDAY GAME

Dominion Final Officials—
City League Fixtures
News and Gossip.

A snow-covered field yesterday did not stop Varsity and Argonauts in their campaign of preparation for Saturday's important fixtures. The students are working behind closed doors and very little leaks out about their doings. Frank Sullivan is showing better form each day, and it looks as if he has the centre job clinched. Frank has the head, a sure catch and a pretty booter. Hobbs was again on the job yesterday directing play, and he will be right in the pink at Kingston on Saturday. Varsity will put in their final prep this afternoon and leave for Kingston on Friday afternoon.

Argonauts took the field after Varsity were thru and had their full game at work. Coach Rodden gave them hard drill and the snow made a nice bed to fall on when earnest tackling was attempted. The Argonaut team will be picked after Friday's workout.

Hugh Gall and Ben Simpson will handle the Argonaut-Toronto Dominion final game on Saturday. Billy Poulis is going to Kingston with Varsity, and will not be able to act.

De La Salle will rest this week-end. Sarnia and Galt Collegiates play on Saturday, and De La Salle will meet the winner in a sudden death game a week from Saturday at London.

The City Rugby League met last night at the Empress Hotel, laid over two pro-tees and appointed officials for Saturday's games:

Junior—Shorbourne v. Ossington, at Rosedale, at 2.30. Messrs. Smith and Loftus.

Midweek—Arrows v. Ravin, at Trinity, at 2.30. Messrs. Cawell and Lewis.

The annual meeting of the Melvill Hockey Club will be held at 46 Browning avenue, on Friday evening, Nov. 19, at 7.30 sharp, when officers will be elected and the club organized for the coming season.

The Melvill will again be competing in the T.H.L. with three teams, and are looking forward to even greater success than attended last season's efforts, when all the Melvill teams reached the finals, the midweek and juveniles winning their titles, and the juniors only losing to Wychwood by 1-0 after a very hard game.

This is a record never before equaled by any club in the T.H.L., and it will be hard to surpass it, but the double-blue players have confidence in themselves to go one better this year, and win three titles.

Freely all of last season's players will be again on hand, besides a good number of new men trying out, and the club would have to look a long way to find his equal. It is mainly due to his hard, unflinching efforts that the Melvill occupied its present position in junior hockey. Above everything, honesty and clean play, and it is a tribute to his success in this line that, during the club's three years in the T.H.L., not one protest has been registered against it. He has also given valuable service during the past few seasons on the league executive.

The Melvill Club intends to have one manager for each team this season, and is on the lookout for suitable men. Any one wishing to offer their services should attend the annual meeting or phone the secretary, G. W. Robinson, at Kenwood 288.

The Don Rowing Club intermediates practice tonight at the clubhouse, foot of Morley avenue, in preparation for the first of the home-and-home games. Saturday in Hamilton with the Tiger Cubs. The return game is a week later in Toronto and Manager Bob Dobbie says his team is going to win.

A Kingston despatch says: Wednesday's snowstorm piled up between three and four inches of snow on Queen's athletic field, where McGill and Varsity meet on Saturday; but Queen's management hopes to have the field in good playing condition. It all depends, however, on "Jack Frost." If the weather turns cold, and the indications are that it will, the big gang of men is out on Thursday to remove the snow. Despite the high winds and heavy fall of snow, work on the erection of the temporary stands was continued. To the north of the grand stand the temporary bleachers are being rugged, and

will be finished by Thursday. P. C. Ketchum of Varsity, and Perkins of McGill were expected in the city Thursday to complete details for the game. The question of putting the playing field in as good shape as is possible was the only big business to handle. Prof. Malcolm having thoroughly looked after other details. Considerable money is being placed locally on the game, with betting slightly in favor of Varsity. The rules commission meets here Thursday morning to select officials for the game.

A Kingston despatch says: It has been stated in the Montreal and Toronto papers that Varsity and McGill teams have decided to give the surplus of the receipts of the game here Saturday to Queen's University to enable them to complete the stadium. Queens authorities state that such is not the case, as the stadium is the gift of James Richardson, in memory of his brother, Capt. Geo. T. Richardson, who was killed in action. It is understood that if any money is given to Queen's it will be used to help wipe out the deficit of the rugby games. Last week it cost \$1200 to take the teams to Toronto.

The Argonaut Rugby Club have made arrangements with the officials of the Canadian Rugby Union to take care of the season ticket holders for the final games. Those holding season tickets can have reserved seats for Saturday's game at Kingston. The Argonauts and Toronto by presenting their season tickets at the office of J. Leslie Ferguson, 23 Toronto street, between 5 and 6.30 today.

A meeting of the college rules commission will be held in Kingston this morning at 10 o'clock to select officials for the play-off between Varsity and McGill on Saturday. Apparently the clubs could not agree on the selection of officials.

McGill suggested N. L. McCauley of Royal Military College and a member of the rules commission, as referee, with either Walker or McKenzie, also of Royal Military College, as judge of play. In turn, Varsity suggested Prof. Lindsay Malcolm of Queens and Col. Constantine of Royal Military College as the officials.

McGill objected to the proposal, as both of these men occupy the position of honorary coach, they cannot, according to the regulations, act as officials in a scheduled game. Col. Constantine coaches the M.C.C. team and Prof. Malcolm the Queens team.

Varsity's attention was drawn to the rule, and in reply they wrote to Col. Constantine that anyone appointed by him would be acceptable to the club. As Col. Constantine has no authority to appoint officials, he asked Secretary Argue to call the meeting for this morning.

Ossington juniors will practice this evening in the Ossington gym, at 6.30. All players are requested to turn out.

The "H.Y." Club of the West End Y.M.C.A., at their annual supper, entertained the members of the Parkdale junior rugby team, winners of the junior championship, and the members of the senior team, who were their section in the final against Parkdale.

Over 160 High School boys, representing the members of the Parkdale and Harbord side and Harbord side down to dinner. Between 4 and 6 o'clock inter-school basketball games in the shape of half-mile relay and basketball were run on the gym floor. Following the supper J. E. Shortt, secretary for the Parkdale side, outlined an attractive season's program for the high school clubs. The address of the evening was given by Captain T. F. Best. Following hearty cheers for the members of the two teams, Coach E. Baird of Parkdale and Captain Gilbert of Harbord responded for their teams.

SATURDAY HOLIDAY FOR QUEENS. Kingston, Ont., Nov. 17.—Prof. Lindsay Malcolm is asking the senate of the University to declare Saturday a holiday at the university so that the students will have a chance to witness the Varsity-Queens intercollegiate game, to be played in the morning, and the senate, it is believed, will close the university for all day.

SATURDAY'S BIG GAME IN WEST. Urbana, Ill., Nov. 17.—Director Huff of the University of Illinois board of athletic control today began a special campaign against gambling and ticket speculation. Steps were taken to secure foot-candle lights for the stadium, to keep the Illinois State football game this Saturday and future Illinois contests free from professional sports interest. The director questioned that the university counsel of administration expelled any student guilty of speculation.

HERMAN AND LYNCH SIGNED. New York, Nov. 17.—Pete Herman, bantamweight boxing champion of the world, and Joe Lynch of this city, have signed a contract to fight fifteen rounds to a decision here on December 2. Both agreed to weigh in at 118 pounds.

INFORMATION FOR NEW CLUBS. New clubs must pay \$11 (\$5 entrance and \$6 annual membership fee) for one team and \$6 additional for each additional team entered. The O.H.A. executive will pass on the publications at its first meeting. The clubs will be grouped after all entries are in, and the districts will be arranged by the O.H.A. executive to the best advantage of all clubs concerned. Suggestions for grouping are requested.

No player can play without a certificate. Certificates will be sent to the clubs immediately after the clubs are grouped, but not before. New players must be under 20 years of age Jan. 1, 1921. Official birth certificates will be received from all clubs before being allowed to play. Under the required O. H. A. residence rule a player must be a bona-fide and continuous resident of the town to which his club belongs since Aug. 1, 1920. The exceptions are enlisted soldiers, students, teachers and sailors. The last named must play where they were living last January.

The O.H.A. is affiliated with the Canadian Amateur Hockey Association, which is in alliance with the International Skating Union, in control of hockey in the United States, and no exhibition games can be played by any hockey club under the jurisdiction of the O.H.A., either in Canada or the United States, without written permission of the O.H.A. Executive.

In cities and towns desirous of playing in the senior series, no club will be admitted to membership unless it represents what is regarded by the O.H.A. executive as a bona-fide permanent and genuine established amateur club or association, and in all towns and villages represented in the O.H.A., in any series precedent is given to civic amateur organizations representing the whole community. The O.H.A. intermediate champions will be permitted to play for the Allan Cup thru a play-off at Toronto with the senior O.H.A. champions. The senior O.H.A. champions will defend the O.H.A. Memorial Cup at Toronto.

Clarence Hicks, last year with Argonauts, is going to try for a place on the Granite team this season.

DENIES CIOOTTE STORY. Detroit, Mich., Nov. 17.—Daniel P. Cassidy, attorney for Eddie Ciootte, today denied published reports that the former White Sox pitcher had agreed to return state's evidence when the men indicted by the Cook County grand jury in the recent baseball investigation are tried.

HOCKEY THE FIRST SCHEDULE

MR FAN SAYS:

PREPARING FOR THE ANNUAL OF O.H.A.

Information for the New Clubs
—Intermediates Play the Seniors.

The annual meeting of the Ontario Hockey Association will be held at the Rmple Building, Bay and Richmond streets, Toronto, on Saturday, Dec. 4, at 10 o'clock in the morning. Each club is to send one delegate; no proxies. No motion of amendment to constitution, etc., must be in the hands of the secretary by Saturday, Nov. 27.

Mr. R. M. Glover of Peterboro, who has been president of the O.H.A. for the past two years, will retire this year, and, according to custom, Mr. Albert E. Copeland of Midland, the present first vice-president, will be promoted to the presidency. Mr. Copeland has been a valued member of the O.H.A. executive for a long time, and his departure will be a loss to the association. Mr. W. A. Fry of Dundasville, the present second vice-president, will move up to the first vice-presidency, and Mr. Wm. Eason of Stratford will likely become second vice-president.

Mr. J. F. Paxton of Whitby, treasurer, and W. A. Hewitt, Toronto, secretary, will stand for re-election, and the ball again be candidates: Richard Butler of Andover, George B. McKay of Kitchener, Angus Campbell of Cobalt, and W. Davidson of Toronto. H. H. Ferguson, formerly of London, will retire this year, and Harold Bessy of Toronto has been nominated by the Grants for the executive.

INFORMATION FOR NEW CLUBS. New clubs must pay \$11 (\$5 entrance and \$6 annual membership fee) for one team and \$6 additional for each additional team entered. The O.H.A. executive will pass on the publications at its first meeting. TECHNICAL K. O. IS SCORED BY LEONARD

Champion Gave Eddie Kelly Bad Lacing in Five Rounds.

New York, Nov. 17.—Benj. Leonard, lightweight boxing champion, scored a technical knockout over "Harlem" Eddie Kelly in the fifth round of a scheduled 12-round contest at the Commonwealth Sporting Club here tonight. The referee stopped the bout after Leonard had severely punished the local boxer.

Kelly attempted to taunt Leonard with lefts to the head, but the champion held him off easily. In the second round Leonard drove a hard left to Kelly's stomach and a right to the head, following with a short right uppercut. Kelly was grumpy at the bell.

In the third round Leonard landed a left and badly cut his opponent's right eye. Leonard took a left hook after driving lefts to Kelly's body, and following with rights to the head. He repaid these punches in the fifth, and after one minute and 15 seconds of fighting floored Kelly with a long left to the jaw. Kelly was not out, but was assisted to his corner by Referee Jack Kelly, who then waved Leonard away, declaring the bout at an end.

Leonard's weight was announced at 136 pounds and Kelly's at 141½.

MOTORCYCLISTS' HILL CLIMBING PROGRAM

The Toronto Motorcycle Club have extended an invitation to the motorcycle clubs in Hamilton and other neighboring cities to compete in their hill-climb on Saturday, and are assured of a good turnout of entry, which, with the entries from club members, should make this one of the largest tournaments of its kind ever held in the city. Spectators are invited to witness the events, which will be held on the Bathurst street hill, one-half mile north of St. Clair avenue, on Saturday afternoon, at two o'clock.

The program:

1. For private owners, capacity up to 40 cubic inches (solo); machines must be stock and fully equipped for the road.

2. For private owners' solo, three-speed, fully equipped for the road; gears, motor and frame parts must be standard, as manufactured.

3. Private owners, side-car; must be strictly stock and fully equipped for the road; passenger must not weigh less than 125 pounds.

4. Open solo.

5. Open side-car.

Competitors are allowed two trials; best time to decide. Judges' decisions in all cases to be final.

The Value of Men in the Baseball Slave Market

Had the baseball war gone on there would have been a fight for the players of the three American teams that turned against Sam Johnson. The league claim them and, of course, so did the clubs that looked like the real owners. They had started to appraise the men and this is the value of the biggest of them, according to one valuator:

Babe Ruth, New York \$350,000
Eddie Collins, Chicago 75,000
Ray Schalk, Chicago 67,000
Carl Mays, New York 25,000
Harry Hooper, Boston 25,000
Wally Schang, Boston 25,000
Everett Scott, Boston 25,000
Dick Kerr, Chicago 15,000
Aaron Ward, New York 10,000
Stuffy McInnis, Boston 10,000

Total (10 men) \$585,000

Babe Ruth is thus worth, in money, according to the baseball slave market, one-quarter of a million dollars or the exact total amount that the six men next most valuable to him in this list could be had for.

STRATFORD HOCKEYISTS WORKOUT. Stratford, Ont., Nov. 17.—Stratford's prospective hockey players put in their first workout at the rink tonight, and were given the once over by "Silent Mac" McDonald. There was a good number of young fellows, all eager to get started, which speaks well for the season's outlook. Most of last year's players were out, and some new ones. Berger, Moore, Lavell, Moore, McCully, Keilhorst, Malone, Harris, McLean, and Carson were a few who were in evidence tonight.

PRINCETON MAY GO WEST. Philadelphia, Pa., Nov. 17.—It has not yet been decided whether Princeton football team is to go west to meet a Pacific coast college team at Pasadena, Calif., on New Year's Day.

An invitation was received, but Princeton authorities point out the difficulties of keeping the squad in training that long, as well as the interruption of the men's studies entailed by such a lengthy trip. The East versus West games are coming into greater favor, however, as is evidenced by Dartmouth's western excursion to play the University of Washington at Seattle.

ST. MATTHEW'S LADIES' LAWN BOWLING CLUB. The St. Matthew's Ladies' Lawn Bowling Club held their annual meeting to reorganize for the season at the home of Mrs. Montgomery, 5 Montrose boulevard, when the following officers were elected:

Hon. president, Mrs. Montgomery; president, Mrs. C. Bulley; vice-president, Mrs. M. Speirs; secretary, Mrs. W. B. Singer; telephone Gorrard 2231; treasurer, Mrs. Wright; games committee, Mrs. W. Smith, the president, vice-president and secretary; convenor of refreshment committee, Mrs. Montgomery.

The St. Matthew's ladies had a successful and enjoyable season, and hope to improve in 1921. Their rink, skipped by Mrs. Montgomery, proved the runner-up in the Dominion tournament.

BAPTIST CARPETBALL LEAGUE. W. W. Fox, Asst. Secy., reports:

PETER VOLO SOLD FOR ABOUT \$50,000.

New York, Nov. 17.—W. E. D. Stokes has sold Peter Volo, world's champion trotting colt, to Walnut Hall Farm for breeding purposes. It was learned today that the price was not made public, but it was said to have been about \$50,000. Peter Volo was a champion yearling, set brilliant marks as a two and three-year-old, and as a four-year-old made the world's record of 2:02.

Cochran Coming Back to Help With the Million Dollar Fight

New York, Nov. 17.—Charles B. Cochran, English theatrical manager, and co-promoter with Tex Rickard and Wm. Brady for the forthcoming Dempsey-Chapman boxing bout to decide the world's heavyweight championship, was a passenger today on the steamship Adriatic sailing for England. Before his departure Mr. Cochran said he had hoped to stage the big fight in England, but that he concluded in the decision of his two United States co-promoters, "I shall return early in 1921 to help arrange details for the fight," he said, "or sooner if my services are needed."

SHOW DOGS MAY CROSS THE LINE.
Sporting Editor World: It will be mighty interesting for your dog fancier readers to learn that the treasury department, Washington, have rendered a decision under date Nov. 10th to the effect that Canadian dogs may now be imported under bond into the United States for temporary exhibition purposes under any auspices, providing the show is open to the public. INDIAN GUIDES ARE BETTER THAN DOGS

Members of the Balsam Hunt Club required yesterday to the city from a very successful two weeks' deer hunting expedition. They report deer very plentiful around Burwash River, as the tall end of the Wahnapitae River, which they made their happy hunting grounds. Ten members of the club comprised the party. The party found that the dogs were not as good hunters as in former years, and they hired an Indian guide, which they found was by far a better hunter than the dog in every sense of the word. When the party took the deer count they had six large bucks and four does, averaging from 125 to 200 lbs.

J. K. L. ROSS AND BEDWELL BLAMED

Shilling Has State License,
But Jockey Club Refuses
to Let Him Ride.

New York, Nov. 17.—The Jockey Club has tabled the issue of the Shilling case squarely, and it is now settled that there will be no compromise with the Maryland State Racing Commission, and no relief for Carroll Shilling at Thursday's meeting. The Jockey Club also places the blame for the difference between the two bodies over Shilling on Commander Ross and his trainer, H. G. Bedwell. The latter has been the principal agitator, and his employer and Shilling are considered to have over-aided in Bedwell's badly-built effort to obtain a riding license for Shilling.

When Assistant Secretary of the Jockey Club Dainserfield went to Bowie on Saturday last he carried the following letter for the management of that organization, which had a direct bearing on the case of Jockey Shilling, to whom a license had been granted by the Maryland Racing Commission:

New York, Nov. 12, 1920.

"Southern Maryland Agricultural and Breeding Association, Bowie, Md.

"Gentlemen: The stewards of the Jockey Club have conferred with great care and deliberation the question of the authority and rules under which, in its opinion, the racing at your course is to be conducted.

"First—That your license to race emanates solely from the Maryland State Racing Commission.

"Second—That the Maryland State Racing Commission at a conference with the stewards of the Jockey Club in New York on September 1, in default of having then the time or the opportunity to agree upon a definite and complete method of co-operation with other established turf authorities, agreed that in the absence of a set of definite rules and regulations prescribed for racing in Maryland by the commission, the meeting of 1920 should be run under the rules of the Jockey Club.

"Third—That the Maryland commission would appoint one of the presiding stewards at each of the meetings running under its license.

"Fourth—That at some future time, to be mutually agreed upon, a conference would be held between the Maryland State Racing Commission and the Jockey Club, and a modus vivendi for the next racing season would be agreed in the event that the good conduct and discipline of the turf should be promoted.

"The Jockey Club then feels and is so advised by its counsel, that its rules are actually in force in Maryland by consent of the Maryland and State Racing Commission.

"Fifth—That its rules cannot be changed excepting by the method prescribed in the rule 232, which calls for a certain time and procedure necessarily involving not less than three weeks to accomplish any specific change.

"That in the absence of such change at the present time and until such change can be effected the racing rules of the Jockey Club are in force at your track.

"Owners, trainers and jockeys' attention is called that your kind offices to rule 232 of the rules of racing reads as follows:

"A—If a horse runs at any unrecognized meeting, he is disqualified for races to which these rules apply.

"B—Any person owning, training or riding horses, which run at any unrecognized meeting, shall be disqualified for the next racing season, and in charge of any such person.

"C—Any person acting in any official capacity at any unrecognized meeting may be disqualified.

"Major Belmont, chairman of the Jockey Club, was asked if the hearing requested by the Maryland Jockey Club on the Shilling case, which was set for Thursday, involved the reopening of the matter.

"No," said Major Belmont. "That is not the way we understand it. It is a conference which Mr. Ross and the representatives of the Maryland State Racing Commission have the privilege of attending. As long as you are asking me the question, perhaps it would be as well to outline the situation, so that the matter can be thoroughly understood.

"First, as to Shilling. When the incident took place for which he was suspended, and his case referred to the Jockey Club, he had already created a feeling of mistrust and suspicion, so that when he committed a definite breach of the rules, exposing himself to punishment, the opportunity was promptly seized to discipline him. The following spring he applied for a license, and at frequent intervals since then he has asked for the privilege of riding. His consideration was always given, but the stewards of the Jockey Club have felt that it was for the best interests of the turf that Shilling should not ride in races under its jurisdiction, so he was granted a license to train, but he must make a living. It is the unwritten custom of the turf to grant a license to a man who is a member of the racing authorities, and to recognize punishment meted out to owners, trainers and jockeys for infractions of the rules. Jockey whose license has been refused, as in the case of Shilling, would be considered a bad standing in any of the continental jockey clubs, nor in England or Australia, and it has never been the habit of turf authorities to sit in judgment on each other's decisions. This mutual support has existed between the independent authorities in racing in the United States and Canada also.

"The action of the Maryland State Racing Commission, therefore, in granting Shilling a license to ride was a regrettable mistake, and it is the duty of the members having power to the or to be misled by a prominent turfman and trainer whom they trusted. I really do not blame the commission at all, for we had much ample proof in our conferences with them of a sincere desire to further the best interests of the turf. The blame rests solely upon Commander Ross and Mr. Bedwell, his trainer."

POLES CONCENTRATING
ON SILESIAN FRONTIER?

ONTARIO POLO TEAM WINS AT NEW YORK

Defeats Picked Gotham Team
at New York Horse
Show.

New York, Nov. 17.—(By Can. Press).—The third day of the Horse Show was a big day for Canada, inasmuch as the Ontario polo team won tonight from a team representing the various polo clubs of New York. The Ontario team, composed of Canadian polo players who were in the metropolis for the show, conceded

its opponents one goal and won by the score of 8 1/2 to 6, having to forfeit one-half goal thru a foul.

The daily polo games at the show are an innovation this year, and attract great crowds nightly to Madison Square Garden. The Ontario victory tonight was witnessed by a mighty audience, and seemed very popular.

The team was made up of J. C. Sherman, E. W. Hotting and R. A. Grannis. The victors of tonight's match will figure in the semi-finals Friday, and will probably be contenders in the finals of Saturday, the last day of the show. The Canadians showed to distinct advantage and gave a splendid exhibition of hard, skilful riding.

The absence of the usual number of Canadian entries at the show this year, due to recent regulations at the border, has been greatly regretted by Canadians resident in New York. Canadian-bred horses have, however, been taking their full share of honors. Regret was expressed today that the hunters of Har-

bert C. Cox were not at the show, altho Mr. Cox has his string at a nearby Long Island suburb.

One Canadian entry figured in today's results. Maid of Honor, blk.m., owned by Douglas Ness of Toronto, winning third place in the runabout harness class.

GERMANY MUST IMPORT GRAIN.
Berlin, Nov. 17.—An official inventory of the visible supply of grain tends to show that Germany will be obliged to import 1,000,000 tons of wheat, rye, corn and barley in order to safeguard the nation's bread supply up to next mid-summer.

WARNING BY BANKERS LEADS TO LIQUIDATION

Obscure Speculative Issues Break Three to Ten Points or More—Deadlock in Steel Industry, Dividend Cuts and Fall in Ship Charter Rates to Pre-War Levels Bearish Factors.

New York, Nov. 17.—Stocks evinced a disposition to throw off their protracted unemployment at the outset of today's session, but before the session was half over the market encountered another move in the same direction. A sharp decline in the economy of "fundamental financial conditions" were coupled, however, with intimations that general business prospects, especially as applicable to retail trade, felt much to be desired. That certain remedial measures might have to be employed in that quarter, the character of a considerable part of the new liquidation was proceeding from such quarters. Obscure speculative issues broke three to ten points, finally settling at a level of 2 to 7 points.

Steel Industry Deadlocked.
Developments in the course of the session contributed in varying degree to the reversal. Chief among these was the weekly survey of The Iron Age, emphasizing the deadlock in that industry. A cut in the Ajax Rubber dividend and the fall in ship charter rates to pre-war levels, foreshadowing dividend readjustments, were among the unfavorable factors.

Short covering in the first dealings resulted in a rise of 1 to 2 points from lowest prices, but a weak tone prevailed at the close. U.S. Steel recovered a point from the new minimum of 30 1/2. Crucible, Baldwin, Reading, Southern Pacific, Northern Pacific, Mexican Petroleum, American International, Utah Copper and Retail Stores finished at losses of 2 to 4 points, and Famous Players forfeited \$12,000.

Call money declined to 6 per cent, and the forward foreign exchange market exerted no influence over the stock market. Bonds were disturbed by the fresh reports in the steel stock, also Liberty issues closed at gains.

Total sales (par value), aggregated \$12,000.

Old U.S. bonds were unchanged on call.

WINNIPEG WHEAT HAS WEAK TURN

Opens Strong, Eases Off at Midday, and Closes Fractionally Lower.

Winnipeg, Nov. 17.—The wheat market showed some advances early in the session today, but turned very weak after midday, and closed at a loss of 3 cents from the high mark. Offerings are fairly high and many buyers are waiting for a cash wheat held in store and buying the May. The softening of hedges into May caused the prices of December and May to be equal at most of today's session.

There was a continued demand for all grades of cash wheat, and the demand for both domestic and export trade. The coarse grain markets were also weaker today. The cash demand for wheat was fair for some grades only, offerings were increasing and spreads unchanged.

Wheat closed 1/2 to 1/4 lower; oats, 1/2 to 1/4 lower; flax, 2 to 2 1/2 lower, and rye, 2 1/2 to 4 cents lower.

GOOD ROADS PROVE OF GREAT BENEFIT

Hon. F. C. Biggs Emphasizes Need of Linking Up City and Country.

"One great question today is to try to get the rural and urban people closer together," said Hon. F. C. Biggs, minister of public works, in his address on the good roads system in Ontario, before the board of trade yesterday.

"Out of 1,850 miles marked for improvement," said Mr. Biggs, "there are 1,500 on which work has already commenced. The government should assume control and maintenance until a better class of road can be constructed, and we want to give the people immediate results."

"We will take advantage of previous mistakes," he continued, "and we must have proper foundations, grades and drainage. We don't want roads like those in the United States, but ones which will be roads as long as Ontario is Ontario."

He spoke of the fact that although 90 per cent. of the work was done before the top was put on the road, yet too many were eager to condemn the roads by complaints and editorial when they did not really understand the situation. Highways should be administered like business, on a safe and sure foundation, and proper drainage. Roads by complaints and editorial when they did not really understand the situation. Highways should be administered like business, on a safe and sure foundation, and proper drainage. Roads by complaints and editorial when they did not really understand the situation. Highways should be administered like business, on a safe and sure foundation, and proper drainage.

The Dominion government, he said, had set aside twenty million dollars last year for provincial highways, of which Ontario, the most successful yet, hoped to get \$5,000,000. The fruit wastage in Niagara, too, could have been greatly reduced if good roads had been furthered there. Transportation charges could be cut and both the food producer and distributor would benefit. Facilities in transportation would have cut the cost of apples 50 per cent, and the million barrels lost as a result of the snow was a great incentive to a good roads system.

Outlook for Tourist Trade.
Regarding the tourist trade, Mr. Biggs thought that the money spent on good roads would be paid back in full when the tourist trade developed. Work for the people and a market would be found. The need for the production of three counties to satisfy the tourists' demands. Land values, as was instanced on the Hamilton highway, would increase. Only 13 per cent. of the produce could live on the highways under the present system, and the province, by relieving the counties of their expenditures, would make for less expenditure on the whole.

Mr. Biggs stated that over a million dollars had been spent in buying out-right properties, quarries and gravel pits by the hundred, which would facilitate transportation of material at a very low rate. There had been 1,500 miles resurfaced and the total expenditure up to November was \$16,728,000, of which the government had subsidized the counties to the extent of about six and a half millions. Petitions had been received from 40 per cent. of the townships in Ontario asking for a 20 per cent. grant, and about 80 per cent. would take advantage of the grant next year, showing the interest the rural population was taking in the matter.

TARIFF COMMISSION TO MEET IN TORONTO

The tariff commission will sit in Toronto, beginning December 1, and the session will last about a week. Parties desiring to give evidence are asked to communicate with the city clerk.

The sessions will be held in the council chamber.

LIVE STOCK ARENA TENDERS.

Tenders for the construction of the live stock arena at the Exhibition grounds will be opened at the meeting of the board of control this morning.

MAYOR CALLS FOR ACTION ON HOUSING

Controllers to Wrestle With Vexing Problem Once More Today.

The board of control went to the mat again yesterday with the housing question, and as usual, there was no decision, but there will be another round this morning.

In the old familiar way Mayor Church broke out with: "Now, how about this housing question. I object to council making a football of it any longer." Continuing, the mayor said he had two names to suggest in place of those recently appointed who declined to act. He wanted the question sent on to council so aldermen could show at the next session just where they stood.

Controller Cameron thought there was more anxiety to get council on record than to get new houses up. Council had not made a football of the housing question; they had quite properly sent it back because an impracticable scheme had been recommended. The board itself had caused the shortage of housing by fiddling and fooling and scaring private builders.

Controller Ramsden said he was in favor of civic house building early in the season when something could be done, but not now. Controller Gibbons favored going on with the commission idea, and Controller Maguire suggested leaving it over until today for a decision, which course was adopted.

No Lights on Wagons.

The board of control made a quick turn on Ald. F. M. Johnston's motion to pass a by-law calling for the carrying of lights at night by all vehicles. At the previous meeting, at which deputations from both sides were present, the board had endorsed the motion. Yesterday a deputation from the teaming firms opposed to the by-law appeared on the scene and, after hearing them, Mayor Church moved that the Johnston motion be turned down. The motion was carried with only Controller Cameron declining to vote.

Ald. Burgess' motion for an independent investigation into the finances of the Gas Company was referred to Commissioner Rose, who was instructed on Tuesday to have an audit made.

Asphalt Prices Up.
On the recommendation of the works' commissioner, a contract was authorized to the Warner-Quinn Co., of New York, supplying Portuzuma asphalt to the city at \$13.80 per net ton, New York funds, or about \$38 in Canadian money. The price last year was about \$11 a ton.

The board accepted the recommendation of the commissioner that no contracts be let for annual supplies such as iron and steel, paving blocks, gravel, rubber, valves, cement, sewer pipes, but that these be purchased in the open market instead. Controller Maguire said he believed a city purchasing agent should be appointed to act for all departments.

Echo of By-election.
Major Lewis, secretary of the Canadian Deep Waterways Association, wrote asking for a grant of \$2,000 to meet current expenses.

Controller Ramsden said he wished to register his objection to the use of the association's office for political purposes. Campaign literature had been sent out in the recent campaign on stationery headed "Deep Waterways Association."

Controller Cameron said he was opposed to making any further grant this year, and, in any case, there should be a statement of the expenditure. The city should know how the money was being used. Mayor Church said the secretary's salary was \$6,000 and the rent about \$800. Outside of those two items, expenses were not heavy.

It was decided to let the application stand until the board meets today.

Railway Rates Case.

The board instructed Corporation Counsel Geary to appear before the railway commission at Ottawa on Monday and ask for a suspension of the railway rate increase and a rehearing of the case. This action was taken after Mr. Geary had reported that the commission would on Monday hear counsel for Manitoba, who were asking either for suspension or reduction of the increase in the west from 35 to 15 per cent.

New Isolation Hospital.
Representatives of the board of health, including Chairman Ald. Cowan, Dr. Hastings, M. O. H., and Ald. Maxwell, asked the board to provide more accommodation for communicable disease cases at the isolation hospital. Dr. Hastings urged that immediate steps be taken to erect a new isolation hospital and nurses' home. There were two sites in view, one on the Don bank, near Danforth avenue, and the other in the jail grounds.

Mayor Church said the necessity was apparent, and Controller Cameron agreed that nurses were living under deplorable conditions. Controller Maguire said the hospital should be erected as soon as possible. The board approved the application. A request from the Sick Children's Hospital for a grant towards the deficit of \$145,042.72 was referred to the finance commission and the medical officer of health.

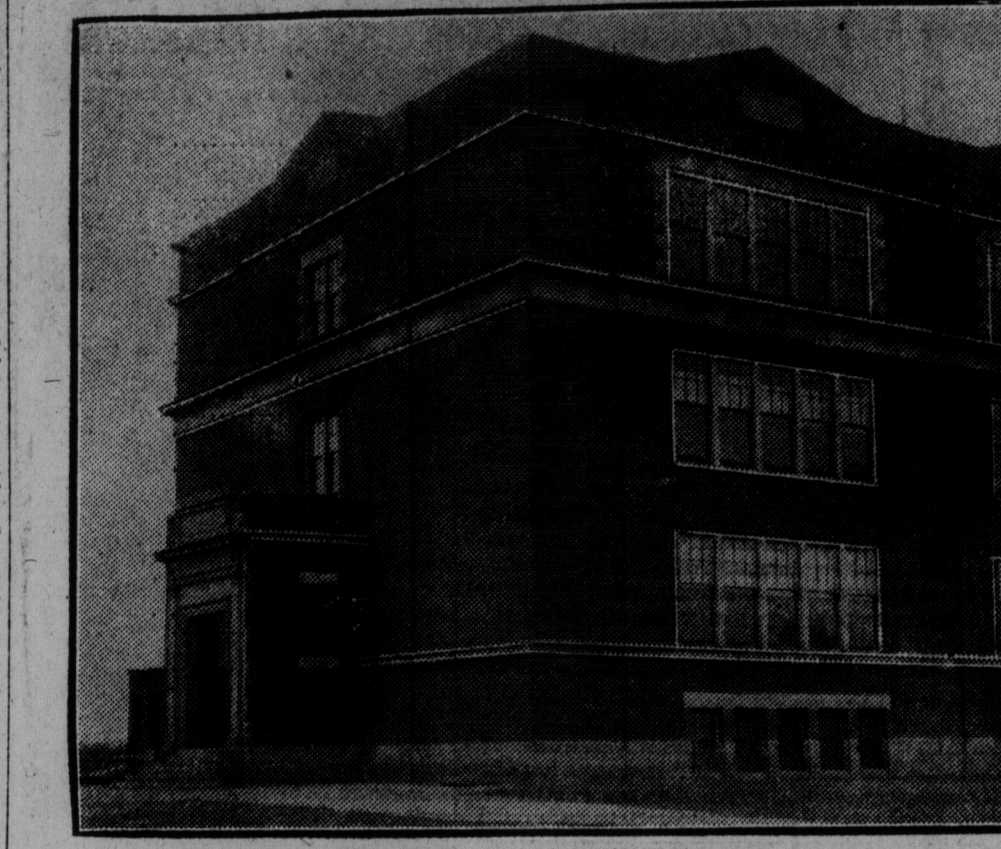

PREFERENCE FOR SOLDIERS.

A deputation, headed by Major Young, of the D.S.C.R.; J. McNamara, M.L.A.; Capt. Ramsden, M.L.A.; Capt. Thompson, M.L.A., and Major Lewis, M.L.A.-elect, waited on Premier Drury yesterday with the request that married soldiers be given preference when vacancies in the civil service occur. The premier promised that this would be done.

MASS FOR DEAD MEMBERS.

A requiem mass for deceased members of the Alumnae Association was celebrated at 8:30 o'clock yesterday morning in the chapel of St. Joseph's College, Rev. E. Murray, C.S.B., was the celebrant, and the alumnae choir assisted with the music.

WHO IS TO BLAME FOR BAD CONDITIONS?

Kitchener School on Pape Avenue, about 250 yards north of the city limits, was built five years ago, and is a modern, twelve-roomed school, but is so lacking in sanitary conveniences that it is described as the worst managed school on the board of education.

BLUNDERS AND NEGLECT MAR PAPE AVE. SCHOOL

Modern Twelve-Roomed Institution Built Five Years Ago Is Sadly Lacking in Sanitary Conveniences—Long Controversy Has Involved Late Robert Davies, York Township Council and Toronto Board of Education.

"The worst managed school under the board of education," was the manner in which a member of the staff, when interviewed yesterday, described Kitchener School, which is situated on Pape Avenue, about 250 yards north of the city limits. When he spoke thus he referred in no manner to the quality of the teaching, but to the series of blunders upon the part of the board of education, which have left a modern twelve-roomed institution, erected in 1916, with only the sanitary conveniences of the crudest rural schoolhouse.

As a result of these conditions, the school is confronted with conditions that not only lack refinement, but are even frankly described by one of the teachers as being "dirty." The school is a modern twelve-roomed institution, erected in 1916, with only the sanitary conveniences of the crudest rural schoolhouse. FOR ORGANIZATION OF HOUSING COMMISSION
Mayor Church said yesterday that very little could be done about housing this fall, but it would be well to get the commission organized so that a start could be made next spring.

Nominations to complete the board of five commissioners will be made at the meeting of the board of control this morning, and will be sent on to council for action next Monday. The mayor will suggest the name of Charles J. Gibson, architect, as one of the commissioners.

NEWS TO GIBBONS.
There is a rumor at the city hall that Controller Gibbons is slated for appointment to the workmen's compensation board, but the controller says he has heard nothing about it. If the appointment goes thru he will not be a candidate for the board of control on January 1.

UPHOLD DECISION IN BABY IRENE CASE

Ontario Appellate Court Declares Girl Is Margaret Ryan's Child.

The appellate division of the Ontario Supreme Court yesterday upheld the decision of Mr. Justice Lennox of Dec. 9, 1919, that "Baby Irene" is not the heiress to a \$300,000 fortune, but the daughter of a working girl, Mrs. Maggie Ryan of Ottawa. In a brief oral judgment delivered by Sir William Mulock it is again decided that Maggie Ryan was the mother of the child, and not Mrs. Dolly Matters of Chicago, and as the mother had the right to the custody of the child.

Mrs. Matters was present in court when her solicitor, E. T. Harding, argued the appeal. Mrs. Ryan was represented by Mr. Frapp, K.C., of Ottawa. Sir William Mulock referred specifically to the "established fact that Mrs. Matters was trying to give color by various means to the story that she was about to become a mother."

The famous "Baby Irene-Dolly Matters" case has figured in the United States and Canadian courts for the past five years, on and off. When the case was tried in Ottawa, Judge Gunn decided in favor of Margaret Ryan, but Mrs. Dolly Matters, who claimed the child, appealed the decision to Judge Lennox, who in December last also decided against her, and his decision is now upheld by the supreme court.

A sensational attempt to abduct Baby Irene was made here about a year ago, for which Mrs. Dolly Matters and her associates faced trial.

REPORT WAS UNJUST TO MICHAEL DOWNS

He Was Not Arrested in Toronto and Did Not Break Jail in Ireland.

The World has received notification that Michael Downs, son of Mrs. Mary Downs, 125 Strachan Avenue, was not arrested by Detective Thompson, as stated in a report in the press of Nov. 5, and never broken out, as mentioned in that report. He immediately surrendered himself to the city police when he ascertained that there was a dispute between the municipal corporation of Thorold and the county of Welland.

Mrs. Downs further states that the fine imposed upon Mr. Downs for a minor infraction of the law was paid while her son was in custody.

TWO MILLIONS ARE NEEDED BY VARSITY

Increased Problems of Finance Confront State Seat of Learning.

According to a statement prepared by T. A. Russell, chairman of the finance committee, Toronto University's requirements for the present year are about \$2,000,000.

Rents and property interest on investments, etc., reach approximately \$80,000 a year; fees from students from \$250,000 to \$400,000 a year; and government grants, \$900,000.

"Today," asserts Mr. Russell, "the university is faced with increased problems of finance—better provision for women students, who now number nearly 50 per cent, of the attendance in arts; increased accommodation in nearly all faculties, due to increase in the number of students; increase in the scale of salaries; to prevent the loss of our best men to other universities and to industry and commerce; extension of post-graduate and research work."

The statement shows that the university has lived within the estimates for the coming year, as submitted to the lieutenant-governor-in-council last spring. For this reason, it is correct to refer to the amount of the yearly special grant as "the university deficit."

The special grant two years ago was \$200,000. Last year it had increased to \$400,000, and this year \$800,000 will be required.

HOPE FOR OPENING SHIPBUILDING YARD

Minister of Marine Expects Soon to Conclude Necessary Arrangements.

A message from the minister of marine and fisheries received by the mayor yesterday inspired hope that the Dominion shipyards would shortly be reopened. The message read:

"The matter of completing two ships in the Dominion Shipbuilding Company yard is now actively engaging the attention of my department. Expect to conclude arrangements shortly to carry on the work."

A meeting has been called for Tuesday next of members of parliament, board of control, harbor board and shipbuilding union officials to organize a campaign for permanent shipyard operations in Toronto, and to assure the reopening of the Dominion shipbuilding yards.
