CHINESE CASE IS ALMOST FINISHED

Jury Will Get Sam Sing Robbery Case This Afternoon--Evidence This Morning was Amusing--Several Chinese Residents on Witness Stand.

The case against Sam Sing was resumed in the County Court this morning and there were the usual merry moments that have characterized the case from the beginning. E. R. Chapman opened for the defence and stated that there had been no evidence offered by the prosecution that could prove that Sam Sing had placed the money in the trunk. Counsel for the defence also stated to the jury that he would prove that Sam Sing, the defendant, did not hang his clothes near those of Sing Kee, the complainant, on the night of May 2nd. Mr. Chapman intimated that the money was what prompted Sing Kee to accuse Sam Sing of theft. Won Sam was sworn and at first gave evidence without the aid of the Montreal interpreter, but subsequently Solicitor General Jones deemed it advisable to have the interpreter act in order to make the evidence appear more clearly. Lee Show, commonly known as "Charlie" on behalf of the defence watched the interpretation of the testimony of the witnesses was given correctly. Won Sam said that Sing Kee (complainant) told him that he would give him \$75 to offer to Sam Sing (prisoner) to move from his present shop. Sam Sing refused the offer and then Sing Kee offered \$130. That was also rejected. Won Sam said that the night the money was stolen Sam Sing (prisoner), Won Kong, Quam Chuh, Lee Show and himself slept together. Won Kong, sworn, said that he slept at Hop Lee's on the night in question. He said that he saw Sam Sing put his clothes over Sam Wah's head, and that they were not hanging near Sing Kee's clothes. The witness said that he got up at 11:30 a. m. on the day in question, and he did not see Sing Kee come back to Hop Lee's shop. Lee Show said he had lived in St. John about six years. As Lee knew English well the Montreal man was "shewed" away from the witness box. Lee said he arose early, 11:30 o'clock in the morning. Judge--"By the way, what were you all doing there that night?" Witness--"Reading the Bible, Chinese newspaper, talking in Chinese." Judge--"I thought maybe you were taking a dose of morphine or opium." To Mr. O'Regan the witness said he got up at 11:30 o'clock. Judge--"Easy comrade." Mr. Chapman--"All Protestants have easy consciences." Sam Sing, the prisoner, sworn, said he came from New Glasgow about three months ago, and has a laundry now in that place. He ran a laundry in Moncton for about three years. He said he also had a laundry in Woodstock. Judge--"I thought you were very easy on him, Mr. Solicitor General!" (Laughter.) Solicitor General--"I thought he was rather a familiar figure." Sam said he was in Hop Lee's shop on the night of the 2nd inst. The prisoner said he did not see Sing Kee there that night, and went to bed shortly after nine o'clock. He took off his coat and hung it over his head. He did not wake up until Wong Sam called him, and he got up and put his boots on. He asked Wong Sam for his coat, and Wong Sam got on the bed and handed it down to him. Wong Sam asked him what was the time, and it was then 7:10 a. m. We went over past the table where Him Lee was sleeping, but he did not put his hands on any dothos. We went home to Main street, and on his way he met Sing Lee and Sing Kee (the complainant) on the corner of Portland and Main streets. Sam Sing said that when he went into the shop, Messrs. McDonald and Crockett were in his shop laying a floor. He remained in the shop about an hour, and while there painted a picture. The witness said he ate his breakfast in the room where the trunk was, and Mr. Crockett was there at the time. He did not go near or open the trunk that morning. Sam said he never saw Sing Kee's pocket book until he saw it in court. After Sam Sing had his breakfast he went down to Sam Wah's to get his dinner. Sing Kee brought a policeman in and had him arrested. In answer to the Solicitor-General the witness said that he never told Sergeant Kilpatrick that Sing Kee put the pocket book in his trunk. The sergeant did not ask him if he slept down at Hop Lee's the night before. The prisoner told Sergeant Kilpatrick that Sing Kee was a liar and a bad man. When the policeman arrested him he did not tell him that Sing Kee had lost his pocket book. When the prisoner met Sing Lee and Sing Kee at the corner of Portland and Main streets, he was not told by Sing Kee that he had lost his pocket book. That closed the case for the prosecution. Solicitor-General Jones said that he wished to call evidence in rebuttal that the witness went to bed undressed, and that he got up out of bed before Sing Kee. Judge--"The only evidence that is contradictory is about who got up first." Court adjourned until 2:30 o'clock.

THE BOARD OF HEALTH HAS CONFIRMED MILK SOLD BY TWO DEALERS

At a meeting of the directors of the board of health this morning it was decided to prohibit two milk dealers in Bloomfield from selling milk, and to require the local dealer who has been handling the milk from those farms to put his place in proper shape. A number of regulations for the better protection of the public were also passed. Yesterday Secretary Burns went to Bloomfield to look over the farms from whence the milk was brought that was supplied to the families wherein the typhoid had broken out. The milk was supplied to a local man here by two dealers. At one of these houses Mr. Burns found that there had recently been typhoid and at the other house, the sanitary conditions were not considered satisfactory. Mr. Burns reported the result of his investigation to the board with the result that the dealers will not be allowed to sell until all danger of infection has passed. The local dealer who distributed the milk will have to put his place of business in a thoroughly clean and sanitary state to the satisfaction of the health officials. Among the regulations passed by the board was one which will require all dealers here to wash the milk cans thoroughly before sending them back to the source of supply. It will also be necessary for the dealers handling milk to keep their dairies and horse barns separate and distinct. It is expected that with the probability of the sale of milk from those dealers and the enforcing of the regulations regarding the proper washing of cans the disease will be stamped out. There was one more case reported to the board this morning, the patient is in the hospital. This makes a total of 36 cases to date.

MASONIC HONORS FOR J. D. FOWLER

His Funeral Took Place in Fredericton Today and Was Very Largely Attended---Masons, Oddfellows and Knights of Pythias were Present.

FREDERICTON, May 25--(Special)--The funeral of the late James D. Fowler took place this afternoon from his late residence on Brunswick street and had a very large attendance. It was under the auspices of Hiram lodge of Free Masons, but the Oddfellows and Knights of Pythias also attended in regalia. The body was taken to the Cathedral where services were conducted by the Rev. Sub-dean Street, assisted by the Rev. C. W. Foster, and the long funeral cortege was then formed with the Fredericton brass band in the lead and proceeded to the Rural cemetery where the interment was made. The Masonic burial service at the grave was read by Pads Master Hedy Bridge. Eight members of the Fredericton Royal Arch Chapter officiated as pallbearers, viz. Alex. J. Barclay, W. Hooper, R. S. Barker, J. F. McMuray, M. Tennant, J. H. Hawthorne, John R. Limerick and Asst. Grandmaster George Y. Dible. There were many beautiful floral tributes including a casket and a star from Luxor Temple of St. John. The list of mourners included John Waterston of Woodstock. Mr. and Mrs. Plowden arrived from South Africa today to visit Mrs. Fowler's parents, Mr. and Mrs. L. W. Johnston. Mrs. Mary Ann Friel, widow of the late J. C. Friel, barrister, died at St. Mary's this morning aged 87. She is survived by two daughters and one son. Deceased was formerly Miss Cummings of St. John and was a grand-daughter of the late John Simons, Commissariat General. Rev. Dr. McIntyre will preach the eulogistic sermon at Baptist church here on Sunday morning. The water in the river here has fallen over a foot since yesterday. Mr. and Mrs. P. D. McKenzie celebrated the thirtieth anniversary of their wedding last evening. Their home was invaded by a party of friends who presented to them a piece of parlor furniture.

THE KING'S VISIT TO THE DOMINION

MONTREAL, May 24--(Special)--A special London cable says, E. B. Osborne, in a long article in the Post, discusses the invitation to the king to visit Canada and points out the intense loyalty of the colonies to the crown. It says: "Canadian regard the crown as the only adequate symbol of the empire, and if the conference of premiers comes to assume control of all matters of Imperial policy, then the king will eventually be regarded as the person who would leave a kingdom; the honor rendered to the king is regarded as the king's personal prerogative. The effect of the king's visit would certainly be a step in the direction of creating an Imperial constitution. He would find a Dominion on his arrival, the status of a kingdom, leaving the United Kingdom merely first among the peers."

MUTUAL RESERVE OUT OF ENGLAND

LONDON, May 25--The head office of the Mutual Reserve Life Insurance Company will make no effort to secure New Business There. LONDON, May 25--The head office of the Mutual Reserve Life Insurance Company in London has just notified all its country agencies that it is open for business today. NEW YORK, May 25--Vice-president Geo. D. Bridges of the Mutual Reserve Life Insurance Company has just notified all its country agencies that it is open for business today. A very enjoyable outing at the passage of New Jerusalem, was held yesterday, and some large trout succumbed to the experienced anglers. Messrs. Mildred Johnston, Susie Turner, Bessie Sailer and Annie Blaney were in the party, as were also Messrs. W. R. Johnston, C. W. Wannamaker and Mr. McKee.

A BLOODY BATTLE WITH ANARCHISTS

WABRAW, May 25--A brief but bloody battle took place here at 12:30 this afternoon at the Industrial Savings Bank, which was attacked by a band of anarchists. The latter, with revolvers in their hands, ordered the clerks and customers present to hold up their hands. The chief clerk promptly drew a revolver and fired at the intruders. This was the signal for a brief fusillade, during which two of the customers were killed and two other customers, five clerks and one of the anarchists were wounded. The anarchists then escaped carrying off their wounded.

FUNERALS

The body of Mrs. Abram B. Hayes was conveyed to Hillsboro by this morning's train. Funeral services were held at the residence of her son-in-law, F. P. Vaughan, 169 Charlotte street. The funeral of Mrs. Wm. Moore took place this afternoon from her late residence, 172 Brussels street, to Fernhill cemetery, where interment took place. Rev. A. G. H. Dicker officiated, and her six sons acted as pall-bearers.

MONTREAL STOCK MARKET

MONTREAL, May 25 (Special)--The stock market was quiet this morning with the exception of Power. That issue, however, secured a rise of a point and a half during the morning. Following is the list: Veal, 8 to 16c; lamb, 8 to 12c; mutton, 12 to 18c; choice Canadian beef, 14 to 20c; pork, 18c; sweetbreads, 15c; pair calves' heads, 20c; fowl, 8 to 15c; turkeys, 20c; lb.; case eggs, 14 to 15c; domestic eggs, 16 to 18c; spinach, 40c; lettuce, 6c; celery, 20 to 25c; cabbage, 10 to 15c; cucumbers, 10 to 12c; tomatoes, 20c; lb.; radishes, 6c; parsley, 5c; Bermuda onions, 7c; lb.; beet greens, 10c; bunch chard, 6c; lb.; asparagus, 15c; bunch cauliflower, 10 to 20c; native spinach, 10 to 12c; bunch. PROBATE COURT

The last will and testament of the late John Friel was admitted to probate today and testamentary letters were granted to George Carvill, the executor named in the will. The estate values at \$1,813.85. D. Mullin, K. C., proctor.

BURNED BY BIG FIRE CRACKER

Fred Smith Had His Hand Badly Injured Last Evening. Fred Smith the sixteen year old son of C. H. Smith of Rockland road met with a painful accident while setting off a giant fire-cracker last evening. He and young Archie McArthur were setting off fireworks on Douglas McArthur's lawn and Fred had placed the cracker under a large stone and ignited the fuse, which burned for a few seconds and then apparently went out. The Smith lad picked up the cracker and was examining it when it suddenly went off, terribly heating his hand and burning his face. He was taken to the hospital where the wounded member was dressed and then to his home. When heard from today he was doing nicely.

COUNTRY MARKET

Indications point to a good supply of produce at the country market for tomorrow's trade. Following is the list: Veal, 8 to 16c; lamb, 8 to 12c; mutton, 12 to 18c; choice Canadian beef, 14 to 20c; pork, 18c; sweetbreads, 15c; pair calves' heads, 20c; fowl, 8 to 15c; turkeys, 20c; lb.; case eggs, 14 to 15c; domestic eggs, 16 to 18c; spinach, 40c; lettuce, 6c; celery, 20 to 25c; cabbage, 10 to 15c; cucumbers, 10 to 12c; tomatoes, 20c; lb.; radishes, 6c; parsley, 5c; Bermuda onions, 7c; lb.; beet greens, 10c; bunch chard, 6c; lb.; asparagus, 15c; bunch cauliflower, 10 to 20c; native spinach, 10 to 12c; bunch. Butter is selling for 20 to 22c in rolls and 18 to 20c in tubs. Sweet potatoes, 6c; lb.

POLICE COURT

But two prisoners were brought into the police court this morning. One of them was white and the other was a descendant of Africa. James Collins, for drunkenness, and William Dixon, for beating his wife in her house on Sheffield street, was remanded. His wife and Sarah Jones, who appeared in court, but were told to come back tomorrow morning at ten o'clock. Mrs. Dixon, although having a very black complexion, has a black eye, and the other woman badly used up. Before going away the Moran woman, who was present at the time of the assault, and who is white, wanted Sergeant Hipwell to take a package of cigarettes into the jail to the prisoner. Dixon pleaded not guilty to the charge. Mary Spelman, for drunkenness, was sent into jail yesterday. Ole Ashdown, for indecent exposure, forfeited a deposit of \$5.

SEEING THE TOWN

SMALLPOX ON AN ATLANTIC LINER

NEW YORK, May 25--The White Star liner Republic, having on board the American athletes who competed in the Olympic games at Athens, Greece, arrived in quarantine this morning. She has a case of smallpox on board and will be detained several hours. Hundreds of friends were on hand prepared to give the athletes a rousing reception when the steamer docked. The small pox patient, a boy, was removed to a hospital in Brooklyn, about 30 of the steamer passengers were taken to a detention hospital for observation, and the steamer directed to remain at the quarantine station until thoroughly disinfected. This will require several hours.

FREDERICTON'S NEW FILTRATION PLANT

Robert E. Milligan Says it Will Be Most Complete in the World for its Size. Robert E. Milligan, of the New York Continental Jewel Filtration Company, which company's joint tender with B. Mooney & Sons for the new filtration plant at Fredericton will undoubtedly be accepted in the city today on his way to New York. Mr. Milligan says his company has installed over 400 large city plants in the world, including plants in Alexandria and Menasseh, Egypt; Trieste; Austria; York and Wolverhampton, England, and several in India, South Africa and the Orient. In the United States they have installed over 400 large city plants. The greatest of these is at Little Falls, New Jersey, where the plant has a daily capacity of fifty million gallons, and supplies thirty-three communities throughout the state. The Fredericton plant, Mr. Milligan says, will be the most complete for its size in the world, being a miniature of the Little Falls plant, and thoroughly equipped in every detail. It will have a capacity of two million gallons per day. Engineer Barbour has prepared especially fine plans and specifications for the Fredericton plant, and while the plant will be an especially elaborate one, this fact will not add to its cost, while it will materially increase its efficiency and its economy of operation. It is expected that the work of installing the plant will be commenced by September 1st, and it will be ready for operation sixty days later. Mr. Milligan is a brother of C. J. Milligan, manager of the exhibition.

MICHAEL GOT VERY ANGRY

Down Came the Union Jack at Mike Maloney's Command. JACKSON, Mich., May 25--(Special)--The sight of a British flag flying from the staff of the city hospital yesterday caused Mike Maloney, formerly a United States soldier in the Philippines, to make a red hot Celtic protest to the mayor. The flag had been thrown to the breeze at the request of a Canadian nurse, Miss Mabel Owen, but Maloney would have none of this and finally Jack came down.

WANT GOVERNMENT TO DISMISS MR. PRESTON

Labor Educational Association Declares He Conspired Against the Interests of Labor. LONDON, May 25--(Special)--The Labor Educational Association of Ontario, held their fourth annual convention here yesterday, with seventy delegates in attendance. A resolution asking that the government dismiss W. T. R. Preston, on the ground of conspiracy against the interest of labor, was unanimously passed.

GREETINGS FROM GREAT BRITAIN

Lord Mayor of London Sends Cable to Earl Grey. OTTAWA, May 24--(Special)--Earl Grey has received the following cable from the Lord Mayor of London: "The Lord Mayor of London and guests, celebrating Empire Day, send greetings to their brethren of Greater Britain." Lord Meath also cables: "Empire, responsibility, duty." Victoria Day was generally observed here as a holiday.

NO MICROBES THERE

St. John, N. B. has thirty cases of typhoid fever believed to emanate from impure or adulterated milk. Fortunately North Sydney escapes such epidemic; the milk supplied here is so weak that even the little inoffensive microbe shuns it--Sydney Record. O. A. Eaton, Campbell; W. Blair, Canning, N. S.; and John W. Lowe, Aylesford, are at the New Victoria.

HOW ST. JOHN CITIZENS ENJOYED THEIR HOLIDAY

Yesterday was an ideal day for the suburbanites and the trains and boats record crowds out into the country. In some instances the trains proved entirely inadequate to the demands made upon them, and they were crowded to overflowing. The early morning and noon trains on the I. C. R. were more than comfortably filled, and the No. 1 express from Halifax, due to arrive here at 9:20 p. m., was half an hour late, and was crowded to the platforms, although a number of extra cars were added. Nearly everybody, however, put up with the inconvenience good-naturedly, and all appeared happy and tired, while in many cases the returning pleasure seekers were laden with violets or plants of some sort. Of the many jolly parties who spent the day in the country, there were probably none who had a more enjoyable time than did the eighteen young ladies and gentlemen who went out to Kampanfont at Renforth. The K. K. boys had their fifth annual re-opening yesterday and the day was very pleasantly spent. Mr. and Mrs. Walter H. Golding acted as chaperon of the party, which was composed of the following: Miss Lettie Hornbrook, Miss Mae Hornbrook, Miss Daisy Clarke, Miss Belle Shaw, Miss Florrie McLean, Miss Jessie McLean, Miss Mabel Cowan, Miss Maude Stilwell, Geo. S. Hoyt, S. Guy Smith, B. Stilwell, A. Stilwell, Stanley H. Riley, N. H. Hornbrook, and W. E. Hepler. The Kamp boys upheld their reputation as excellent hosts and the day passed all too quickly. The Red Mitten Club, at Renforth, also entertained a number of friends yesterday. The following comprised the party: Mr. and Mrs. H. W. Belding, Miss Florence Belding, Miss Bertie Grant, Miss Vasey, of Annapolis, Albert Belding, Charles Hoyt, and Wm. Barber. There were a very large number of fishing parties engaged in thrashing the lakes and brooks near the city and for the most part they were successful in bringing back some very fine trout. Quite a number went down on the New Brunswick Southern railway and they report good luck as to numbers, though some would have been much better pleased had the fish been larger, but as usual the big ones "got away." The R. K. Y. C. boys had a very enjoyable cruise yesterday, the first of the season, and all returned satisfied with the day's pleasure. In the city the day was very quietly observed. The theatres were generously patronized, Seaside Park was visited by a very large number and the ball games attracted a fair crowd.

THE TIMES NEW REPORTER

IT BEATS VESUVIUS. ORANGE STREET DUMP, May 25--(Special)--Although scientists do not believe there is any relation between recent seismic disturbances at Vesuvius and the present conditions at the Orange Street Dump, yet the results are, in a way, somewhat similar. While it is true that there was more destruction at Vesuvius, due to the flow of lava and ash, yet the steady and ominous encroachment of the Dump upon residences in the vicinity indicates that ere long one at least must be abandoned. The civic authorities are helpless. It was believed two years ago that the Dump had ceased its pernicious activity, but it has broken out again. Mayor and aldermen have visited the scene, just as the Italian king and his nobles did the region around Vesuvius, and have gone away satisfied and earnest, sweeping over griefs they could not assuage. It is a sad commentary on the weakness of humanity in presence of the primal forces of the universe. The Orange Street Dump continues its terrible and overwhelming course, regardless of women's tears and children's sobs, even destroying the fences which ere long must be abandoned here. Perhaps a sudden sight has never been witnessed in this region than the spectacle of Aid. Lewis and Aid. Yauwart, laying the dust with their tears, while they endeavored to console the inmates of the houses that ere long must be abandoned here. Hundreds of people visit the place every day, and with their lungs carry away memories of a calamity that is without parallel in the affairs of dumps. It has been suggested that an expert be engaged to look over the situation. He might be able to offer any better suggestions than Aid. Lewis or Aid. Yauwart, but his bill could be paid--and that would be something. LATER. ORANGE STREET DUMP, May 25, 3 1/2 p. m. (Special)--Another line of clothes has just been sacrificed to the Demon of the Dump. A policeman went to a house this morning to inquire if they kept any dogs. There were three dogs in the street, two in the back yard and several others were making calls in the neighborhood. The policeman was informed that the family kept no dogs. It is expected that the result of the canvass will show that many citizens have never seen a dog, and that a few should be imported as curiosities.

CLAIM LACK OF SYSTEM IN CIVIC UNDERTAKINGS

There was considerable comment about City Hall and on the street today in reference to the decision of the sub-committee which met Wednesday to recommend the construction of a 600-foot berth at Sand Point instead of the 400 foot berth, as originally intended. The majority of those who were seen, while recognizing the need of a berth of sufficient length to accommodate the largest steamers coming here, were opposed to the idea of the city sacrificing one berth for the needs of next year. If the new berth was built 600 feet it would only leave 850 feet for the other two berths, which would be too short for two steamers, and too long for one. The discussion of this matter brought out the fact also that nothing has ever been done regarding the difference in the plans for dredging and the wharf plans. When the plans for dredging were prepared here it was found that they provided for dredging up to within 120 feet of Union street, whereas the wharf plans call for 100 feet. The width of the berth being dredged is also ten feet narrower than the wharf plan calls for. In January last the mayor sent a telegram to Hon. Mr. Hyman, telling him of the differences, and asking that the changes be made so that the work would correspond to the wharf. A reply was received from Hon. Mr. Hyman stating that he would instruct the engineers to make the necessary change. Since that time, it is said, nothing has been done, and the city has taken no further action in the matter. Attention was also called to the fact that the committee appointed to make arrangements for improved market sanitation had employed an architect to do the work, after plans had been prepared by the city engineer, and that the plans were practically the same, except as regards the slight change in location. It was argued that this was a needless expense.

THAT STAB-LIKE PAIN IN THE SMALL OF THE BACK COMES FROM THE KIDNEYS

It is not the back that is aching, but the kidneys which are situated beneath the small of the back. Therefore, dull pain in the back, or sharp, quick twinges, are warnings of sick kidneys—warnings of kidney trouble. Pills and liniments will not cure a bad back, for they cannot reach the kidneys which cause it.

"But then the letter came." "But that makes no difference! He must go for all that. The time is over for trying. He must stand on one side or the other. I am Ligeia's born and bred, and I tell him to go to King Henry. It is his father's side; it is his side. He cannot stay in Paris another day."

I had no skill to comfort her. I bent my head before her, silent. At length she sobbed out. "It boots little for us to quarrel over what you will say to M. de Mar, when we know that you will ever speak to him again. And it was all my fault."

Missing Brookville Girl Found Yesterday Afternoon.

Brookville, N. B., May 24.—(The Daily Telegraph.)—The 11-year-old daughter of Michael Gallivan of Brookville is safe at home after an experience which, according to her story, is remarkable. She has been missing since Monday last and all that time, three days and three nights, she says she spent in the woods without food and shelter. By some her story is questioned for they look upon it as little short of miraculous that she could endure such hardships and live. She certainly is very sick, is weak, and is threatened with pneumonia but is not greatly reduced in flesh.

THOSE NEW BERTHS. The city council is confronted by a very serious problem in connection with the new steamship berths.

The city council is confronted by a very serious problem in connection with the new steamship berths. When President Schofield, of the board of trade, and Ald. Baxter went to Ottawa to interview Hon. Mr. Hyman, they were satisfied that if the additional dredging were provided for it would be possible to construct a second berth, at the end of the one Mr. Clark is building, and long enough to accommodate the Express or Allan turbine steamers.

The original intention was to make this berth 400 feet long, and at a later period they could, by devoting out Union street extra, to make one long berth on the Clark site for next winter will mean to sacrifice one long berth toward the harbor front for all time, as there is an angle at the end of the Clark berth which would make it impossible for a steamer at the other berth to overlap.

It is argued by some that if the additional new berth is begun and rushed forward, even if it should not be completed at the beginning of the winter, the steamship people, seeing that the city was doing its best, would make a shift in some way for a trip or two, until the work was completed.

NO MORE IRONY FOR HIM

The Hon. Mr. Birrell, who introduced the education bill in the British parliament, and precipitated the bitter struggle now in progress, has learned that jokes and ironical remarks should be labelled or accompanied by a diagram. Once, in an ironical mood, Mr. Birrell wrote this sentence:

"I was, I admit, covered with humiliation and shame when my right honorable friend, the member for Dover, whose acquaintance with the bypaths of literature is so extensive, read out to the House a note of mine which I was foolish enough to inscribe on a page of Boswell. He read it out to the joy and triumph of my opponents, and the mute confusion of my friends. But me it covered with shame, for that note was meant to be a piece of withering sarcasm. I fear at the expense of the prelates of the Church of Rome and the Church of England. I thought when I composed it that I had really done rather well, until it was my fate to hear it read out solemnly to the House of Commons with all the magnificent eloquence of the right honorable gentleman as being the sober, solemn expression of my own deliberate opinion. Henceforth I must leave irony alone."

The spectacle of a woman's house in London barricaded against tax-collectors and bailiffs, because she refuses to pay taxes until she gains the right to vote, is not without its humorous aspect. The woes of the Campbell-Bannerman government are many and varied in their character.

CHILD LIFE

In the May Century there is an article from the pen of Lathar Burbank—who has achieved such remarkable successes in the plant world—who writes on "The Training of the Human Plant," from which the following are extracts: "All animal life is sensitive to environment, but of all living things the child is the most sensitive. Surroundings act upon it as outside world acts upon the camera. Every possible influence will leave its effect upon the child, and the traits which it inherits will be overcome to a certain extent, in many cases being more apparent than heredity. The child is like a cut diamond, its many facets receiving sharply impressions not possible to a people, with this difference, however, that the change wrought in the child from the influences without becomes constitutional and ingrained. A child absorbs environments. It is the most susceptible thing in the world to influence and if that force be applied rightly and constantly when the child is in the most receptive condition, the effect will be pronounced, immediate and permanent."

"No boy or girl should see the inside of a schoolhouse until at least ten years old. In the case of children born in the city and compelled to live there, the temptations are so great, the temptations are so like that of a hothouse that the child must be placed in school earlier as a matter of self-protection. I give the plant upon which I am at work in a test—the best possible environment. So should it be with a child, you wish to influence in a right way. There is not a single desirable attribute which, lacking in a plant, may not be bred into it. You have a fruit or a tree, and by crossing, selection, cultivation and persistence, you may give the desirable trait irrevocably. Pick out any trait you want in your child, granted that he is a normal child, be it honesty, fairness, purity, loveliness, industry, thrift, what not. By surrounding the child with sunshine from the sky and heat from the earth, by giving the child communication with nature, by feeding them well balanced, nutritious food, by giving them the best possible environment, you can thus cultivate in this child and fix there for all their life all of these traits. In the man you can give him all these traits by patiently, persistently, guiding him from school, and at the age of ten years you have fixed in him the opposite traits. He is on his way to the gallows. You have perhaps seen a prairie fire sweep through the tall grass across a prairie plain. Nothing can stand before it, it must burn itself out. This is what happens when you let the weeds grow up in a child's life and then set fire to them by wrong environment."

"Remember that just as there must be in plant cultivation great patience, unwavering devotion to the truth, the best motive, absolute honesty, unchanging love, so must it be in the cultivation of a child. If it be worth while to spend ten years upon the cultivation of a plant, be it fruit, tree or flower, is it not worth while to spend ten years upon a child in this precious formative period, fighting it for the place it is to occupy in the world. Is not the child's life less precious than the life of a plant? Under the old order of things plants kept on in their course largely uninfluenced in any new direction. The plant-breeder changes their lives to make them better than they were before. Here in America (we can say Canada) in the midst of this vast crossing of species we have an unparalleled opportunity to work upon these sensitive human natures. We may surround them with right influences. We may steady them in right ways of living. We may bring to bear upon them just as we do upon plants, the influence of light and air, of sunshine and abundant, well balanced food. We may give them music and laughter. We may teach them as we teach plants, to be sturdy and self-reliant. Man has by no means reached the ultimate. The fittest has not yet arrived. In the process of elimination the weaker must fall, but the battle has changed its base from brute force to mental integrity."

TURKEY AND PERSIA.

Delimitation of spheres of influence in Persia, perhaps the most important feature of the Anglo-Russian understanding now nearing final negotiation, would relieve international politics of a particularly dangerous question. It is said that Russia shames her claim to a port on the Persian Gulf and Great Britain acknowledges Russia's paramount position in the northern half of the Shah's dominions. British influence was once supreme throughout Persia and imports into that country came almost entirely from Manchester; but the markets of Tabriz, Tiflis, and Meshed have been flooded with Russian goods, and all the energy of Russia's agents has destroyed British influence in the north. But if Britain gives way in North Persia, she holds her own with the greatest determination in the south. Every Foreign Secretary, Liberal or Conservative, has recognized the necessity of keeping Russia at a distance. No one within recent years has been more instrumental in maintaining this policy than Lord Curzon. In his book on Persia he says that he would impeach as a traitor to his country any minister who permitted Russia to penetrate to the Gulf. Hence the fact that Russia and England are in agreement is a particularly encouraging sign of the times.

READING FOR THE BOYS.

As a matter of fact, there is plenty of good healthy reading for boys if parents and teachers would only do more to bring their attention. To say nothing of Squibs and some delightful youngsters in these days profess to find stupid—there are Ainsworth, G. P. R. James, Mayne Reid, and hosts of others who can tell stories of adventure that any healthy-minded boy will enjoy. The trouble so far was pointed out in these columns recently in discussing the reading of girls, that the home atmosphere is all against any intelligent selection of books—Providence (R. I.) Journal.

**TO CROSS THE BALTIC SEA IN A BALLOON**

Don Jaime of Bourbon in the Basket of his Balloon

London, May 23.—More remarkable than any feat of aerial navigation on record is the balloon trip to be made from London this week by Prince Jaime of Bourbon, Baron Josef von Korwin, a lieutenant in the Austrian army.

It now develops that the intrepid aeronauts will attempt to cross the Baltic Sea to some point in Austria, covering the distance of approximately one thousand miles.

The expedition will be without parallel, the nearest approach to it being the voyage made by Comte de La Vaulx, from Paris to Kieff, Russia, during the Paris Expedition.

The start is to be made tomorrow if the wind is blowing in the right direction. Baron von Korwin explained tonight that the balloon will be inflated with pure hydrogen, because it has double the carrying power of ordinary gas.

"We are using hydrogen for the purpose of making greater headway," he said, "in the event of an accident in crossing the sea."

The balloon and its equipment weigh 300 pounds, the ballast 1,000, while the human weight will be 300. The ascent will be made any day this week when the wind is blowing from the north or north-west.

The start is to be made from the grounds of the Austrian Exhibition, and it is probable that it will be witnessed by the Prince and Princess of Wales. The trip is planned in the interest of the Austrian government.

Prince Jaime, the son and heir of Don Carlos and a brother of Archduchess Blanche of Austria, during the Russo-Japanese war fought for the Tsar, subsequently being decorated for gallantry. Baron von Korwin has made 1,000 ascents and 130 voyages during the last ten years. He is the head of the balloon department of the Austrian army.

**SOME TALES OF THE WILD BUTTER-FED TROUT.**

(Truthful Angler.)

At West Paris, Me., is claimed that the buttermilk discharged from a butter factory into a trout brook has so nourished the fish that they are fatter-fleshed and more gamey than ever before. "The trout thrive wonderfully on it. Occasionally a chunk of butter descends with a splash into the brook, and the sleek brook trout rush for it and devour it like bait. The sportsman who builds his camp fire by this brook to fry his dinner as he catches it never takes along salt pork to fry his trout in, for the trout eat so much butter and buttermilk that they are fat enough to be called butter-fried without any added condiments."

**WENT FISHING, SAW SNAKES.**

The Bellefonte Weekly Gazette has the following on its conscience:—"Paul D. Sheffer, groceryman, of Bellefonte, in company with his brother Herbert, and William Walker, spent a week fishing on Big Run in the Allegheny Mountains, and camped about one mile below the mouth of what is known as the Middle Branch."

"After they had proceeded about one mile up from its mouth, they came to an old dilapidated lumberman's log stable. It was located about 50 feet from the stream and up on a rocky ledge. It had a double stable door; the upper half being swung back, while the lower one was closed, and it was a cardboard about eighteen inches square, on which was scrawled by some considerable person the warning:

**"BEWARE OF RATTLESNAKES!"**

"Mr. Walker did not go near the stable, but he told Paul to go in and look in over the door. He did so, and the sight that presented itself sent the wild chills chasing each other up and down his back. The stable was literally alive with rattlesnakes. They lay stretched at full length on the floor; some were coiled in huge piles, as big as old-fashioned bread-baskets; others lay under the plank floor, with their heads sticking up out of holes while huge reptiles lay in and hung out over the horse troughs—all sleeping as contentedly as though they had never known a disturbance—for they had not yet discovered his presence. Mr. Sheffer declares that he saw no less than fifty snakes, large and small, black and yellow, some of them, and especially one hanging on the horse-trough, was as thick as his leg.

"Mr. Sheffer had with him a 45.50 Winchester rifle, and taking careful aim at the big one on the trough, he pulled the trigger. The explosion woke up the sleeping colony, and before he could turn and run he heard such a booming of rattles as never came to the ear of man. He declares it sounded like ten thousand locusts all singing at one time."

**Honors for Dr. Raymond**

Ottawa, May 23.—Rev. Dr. W. O. Raymond and Dr. James Hannay have been elected fellows of the Royal Society.

(Rev. Dr. Raymond is the popular pastor of St. Mary's church. A native of Woodstock and a graduate of the University of New Brunswick, Dr. Raymond has been twenty-eight years in the ministry, spending six years at Stanley, York county, before he came to St. John. A few years ago his alma mater conferred on him the degree of LL. D. Dr. Raymond is widely known as a writer on provincial historical subjects, especially in relation to the Loyalists. He edited the Winslow Papers, a large volume, and has lately published The History of the St. John River. In the magazines and newspapers he has done a large amount of work of this character.)

WOMAN SUFFRAGIST, BESIEGED BY BAILIFFS, DENOUNCES MINISTERS

London, May 24.—Mrs. Dora Montefiore, one of the leading women suffragists, under whose lead many women have pledged themselves not to pay their taxes, on the ground that taxation without representation is tyranny, harangued a great crowd of women suffragists from the second story of her home, near London, this morning. She denounced Chancellor of the Exchequer Asquith as an assassin, because he stood in the way of the advance of the woman's movement, and Chief Secretary for Ireland Bryce and Captain John Sinclair, secretary for Scotland, were also roundly abused. Mrs. Montefiore informed her hearers that the women who were refusing to pay taxes were taking this course in order to

CANADA BRIGADE MADE FINE TURNOUT AT HALIFAX

Halifax, N. S., May 24.—(Special)—For the first time in the history of the dominion a brigade of Canadian troops, embracing the three arms of the service, infantry, artillery and engineers, has been reviewed by a general officer commanding. This review took place today on the Halifax common, as part of the Victoria Day celebration and after it was over General Sir Charles Pearson took occasion to call the field and commanding officers before him and publicly congratulate

STANDARD OIL IN MORE TROUBLE

Cleveland, Ohio, May 24.—The Leader today says:— "That the Standard Oil Company is furnished with copies of filtered telegrams sent or received by its competitors is one of the startling charges stated for investigation during the Interstate Commerce Commission's hearings in this city. "While officials and witnesses were gathering in Cleveland yesterday, preparing for the inquiry which will open today, dispatches came from Lima telling of accusations by independent men against employees of the telegraph department of the Buckeye Pipe Line Company, one of the Standard's subsidiary concerns. "In brief, the charges which the commission is asked to investigate are: The ownership, leasing or contractual right in 180,000 miles of track enables the company to transmit to No. 26 Broadway, the headquarters of the Standard, copies, surreptitiously obtained, of all messages going to or from independent oil men in the territory involved. "The daily reports of the oil run of the independents are sent to No. 26 Broadway in ample time for consideration at the daily meetings of the Standard officials. "That the alleged pilfering of telegrams are not only of a business nature, but that, in numerous cases, secret political information of the highest importance has been transmitted to headquarters."

STANLEY SAWMILL BURNED

FREDERICTON, N. B., May 24.—A saw mill at Williamsburg, parish of Stanley, owned by John A. Humble, was totally destroyed by fire Tuesday night with all its contents, consisting of rotary, shingle and lath machine, engine, boiler, etc. A quantity of lumber also went up in smoke. How the fire originated is a mystery. The loss is about \$4,000 and the property was uninsured. "Thurston Clark, the young son of W. G. Clark, fell in the river while swimming today and narrowly escaped being drowned. "The death occurred at Kingsclear this morning of A. E. Cliff, one of the best known farmers in the county of York. He had been ailing for some time from internal trouble, and his demise was not unexpected. Deceased was a native of Kingsclear and resided there all his life. For twenty years he represented his parish in the county council, and was also a justice of the peace. He was sixty-one years of age and leaves a widow, a sister of Mayor McNally, of Fredericton, and a family of six daughters and one son. He also leaves on sister, Mrs. G. Smith, of St. John, and four brothers, Dr. L. A. Cliff, of Boston; George A. Cliff, of California; Nelson Cliff, of Florida, and James S. Cliff, of Quebec. "Deceased was foreman of the jury which tried the case of Seery vs. Federal Life Assurance Company at the January circuit court here. On account of the illness of Mrs. Gregory, wife of the presiding judge, the case was postponed after the evidence had been heard, and the death of Mr. Cliff means that it will have to be tried over. "The big lumber drives on the Southwest Miramichi belonging to Timothy Lynch and Michael Welsh reached Hayes' Bar this evening and are in safe water. The Miramichi Lumber Company's days now ten miles below Boistown. "George Breen, of St. John, and Miss Agnes Dak, of this city, were married at the bride's home, King street, at 7 o'clock this evening. Rev. Dr. Rogers performed the ceremony in the presence of a number of relatives and friends. The happy couple left for St. John by the 9 o'clock train. "It is understood that the committee, after a full discussion, were of opinion that in view of the present rate of progress with the developing of the additional work for a new berth could not be completed in time for next season's business. Taking also into consideration the necessity of providing at least one 600 foot berth, they saw no means of attaining that end other than by lengthening the wharf and under construction another 150 feet, which would give the length required. The committee, having no authority purchase timber for this purpose, drew up a formal resolution embodying their views and it will be considered by the board of works at the monthly meeting on Tuesday next."

PROPOSE TO EXTEND WHARF City Council Committee Urges Plan for a 600-Foot Berth

The sub-committee of the board of works appointed to call for tenders for timber for one new berth on the west side met on Wednesday morning and unanimously decided to recommend that, instead of attempting to construct an additional berth, the wharf now under construction should be lengthened 150 feet to make it available for the largest steamers. Ald. Holder occupied the chair and Ald. Tilley, Lewis, Rowan and Pickett were present with the city engineer. "It is understood that the committee, after a full discussion, were of opinion that in view of the present rate of progress with the developing of the additional work for a new berth could not be completed in time for next season's business. Taking also into consideration the necessity of providing at least one 600 foot berth, they saw no means of attaining that end other than by lengthening the wharf and under construction another 150 feet, which would give the length required. The committee, having no authority purchase timber for this purpose, drew up a formal resolution embodying their views and it will be considered by the board of works at the monthly meeting on Tuesday next."

OBITUARY Michael Gallagher.

Michael Gallagher, one of the best known of St. John's business men, died Thursday forenoon, aged seventy-two years. Mr. Gallagher had been senior member of the firm of M. & H. Gallagher & Co., the grocery firm in Charlotte street, for thirty-nine years. In business circles he was looked upon as a man of exemplary qualities and excellent business ability, in private he was much respected. Deceased was born in Kings county in 1836, and seven besides his brother Henry. Three sisters in this city, Mrs. Catherine McCaffery, Mrs. Michael Ryan and Miss Mary A. Gallagher. To the time of his death Mr. Gallagher had been serving on the board of slaughter house commissioners. He was also a justice of the peace. In 1876 he was married to Miss Mary Carleton, of this city, but his wife died soon afterward. Mr. Gallagher's death was learned of with great regret. He had not been in rugged health for some time, but there had been little fear that the end of his life was near. On Monday last he went to the Falls for a car ride and stayed too long, contracting a heavy cold. People who had met and talked to him that day were greatly shocked yesterday to learn of his death. Not only in the city but to great numbers of country people will Mr. Gallagher's death bring sorrow, for he had a wide acquaintance and by all was much respected. His funeral will be at 8:15 o'clock Saturday morning to the cathedral, where requiem mass will be celebrated at 8:30 o'clock.

COLCHESTER LIBERALS CHOOSE CANDIDATES

Truro, N. S., May 24.—(Special)—The Liberal convention in Truro this afternoon nominated candidates for the provincial legislature. B. F. Pearson, of Halifax, and W. Dawson Hill, a farmer, of Onslow, were nominated. Colonel H. T. Lawrence, the late colleague of Mr. Pearson, was turned down by the convention, receiving but a dozen votes out of sixty. Colonel Lawrence addressed the convention, and claimed he had stepped into the gap and carried the party to victory last election, and this is the first such turnout in political history.

MUST TAKE MORE CARGO FROM STEAMER HESTIA

Shelburne, N. S., May 24.—(Special)—A survey was held on the Donaldson Line steamer Hestia today and as a result all the cargo between decks will be ditched and it is not expected she will leave for Halifax before next week. F. J. G. Knowlton returned yesterday from San Francisco, where he was engaged with business in connection with the adjustment of the losses caused by the fire which followed the earthquake.

Lunney Porter.

St. Martins, May 23.—Lunney Porter, a young man about twenty-five years of age, one of the Baines' Corner diptheria patients, died Tuesday afternoon. Mr. Porter had, to all appearances, recovered from the disease, but he gradually kept getting weaker and, on Tuesday, took much worse and died about 3 p. m. The rest of the Baines' Corner patients are improving. Deceased leaves two sisters, Belle and Mabel, and one brother, Robert.

Cannon Oraker Injured Boy.

Moncton, May 24.—(Special)—A boy named Zihodous had one of his hands injured this evening while setting off cannon fire crackers. Medical aid was summoned, but the injuries are not serious.

POLICEMAN MARRIES

Patrolman Ira D. Perry Weds Miss Humphrey at Norton.

A correspondent at Norton sends in the following: "A very pretty wedding took place at the home of Herbert Humphrey of this place on the 23rd inst., at 4:30 p. m., when his sister, Nettie Ruth, was united in marriage to Ira D. Perry, formerly of Queens county, but now of St. John. Rev. E. Jenkins, uncle of the groom, officiated. The bride was becomingly attired in white Swiss muslin over white silk and carried white roses and maiden hair fern. "After the ceremony, lunch was served after which the bridal party amid showers of rice and the best wishes of all took the Halifax express for St. John, where they will reside. "The bride received a large number of beautiful presents, which attested to her popularity. The groom's present was a handsome gold bracelet set with amethysts. "Ira D. Perry is a popular member of the police force. Before his departure for Norton his brother policeman testified to the esteem in which he held him by presenting to him a handsome Morris chair."

WEDDINGS

Bailey-Edwards. Harry L. Bailey, brother of O. T. Bailey, of this city, was married in Lincoln (Me.) Tuesday to Miss May Murray Edwards, at the bride's home, by Rev. Mr. Robinson, in the presence of relatives and immediate friends of the bride and groom. After a trip to New York and Boston, Mr. and Mrs. Bailey will take up their residence in Lincoln. Dr. Day, of St. John, west, has purchased from Ernest Gardner, the property in Duke street, formerly owned by the late Walter H. Allen and will take possession June 1.
