Would Improve Dominion Arms

Antiquarian Society Considers Suggestions for Changes in Flag and Armesial Bearings

Montreal Gazette.—In celebrating the eth anniversary of the foundation of dominion, one appropriate way in the v of J. C. A. Heriot as explained by the Antiquarian and Numismatic Society at a meeting in the Chateau de nezay on Friday and at a previous ting, would be to have ensigns, arial and flags of the dominion placed in a footing commensurate with herity and standing as a free and self-governing nation within the empire. To e an idea what improvement might e in the direction of securing a per armesial device for the dominion and for the province, Mr. Heriot d deeply and interestingly into adry, sketched the lines along which nadian designs would have to run and a variety of suggestions which have e made from time to time. Especially ering were designs by himself, by greg Todd of New York, a son of late libristan at Ottawa, and by E. Chadwick, K.C., of Toronto, both for ns and for flags. Victor Morin also e an interesting suggestion concerng the arms of the dominion. His pnal eferred only to the shield. He

thought the field should be azure in view of the French origin of the country and he would have one fleur de lys at the bottom point of the flag, the other two disappearing before the gold lion of England. In chief would be the gold maple leaves. To have four maple leaves would indicate the original provinces, and he thought that the American example of thirteen stars for the original union should be followed by having a maple leaf for each of the provinces.

To Decide on New Arms
 While the discussion proceeded on Mr. Heriot's paper, Mr. Morin moved that a committee be formed to act with kindred societies of the dominion in coming to a conclusion as to the best course for joint action in this matter. On the committee are Messrs Heriot, Morin, Pemberton, Smith, Thompson and Mac-scoffe.
 Mr. Heriot said that the armories of the various provinces are admitted to be most excellent examples of modern heraldic design, but that it had been felt for some time that the dominion coat of arms is not what it should be. One of the canons of good heraldry was that a device should be of the simplest form possible so that it could be readily distinguished at a distance, and the dominion coat of arms from this point of view had long been regarded as most unsatisfactory. The maple leaf was a beautiful device, generally regarded as the Canadian national emblem, and it would therefore be preferable to substitute a maple leaf badge for the present coat of arms on all Canadian flags except those of the governor-general and the lieutenant-governors. On the present flag only four out of the nine provinces of the dominion are represented in the

The new steam engine in the city asphalt plant was given its first trial yesterday afternoon and proved highly satisfactory.

At the regular meeting of the Public Utilities Commission held in the government rooms yesterday afternoon, business of a routine nature was disposed of. It was decided that at a meeting in May a hearing will be held for consideration of electric lighting rates in St. Stephen.

In the police court yesterday afternoon the two soldiers charged with stabbing Chas. Williams were arraigned. Evidence was given by Dr. Baxter who has been called to attend Mr. Williams after he had been stabbed. As Mr. Williams is not yet able to leave the hospital the case was adjourned for a few days to permit of his being present in court.

A Pleasing Surprise

If you are sore and aching from a sprain, strain, burn, bruise, or muscular rheumatism, it is extremely pleasing to learn, after you have secured something advertised to relieve your particular affliction, that not only have you obtained a preparation that is excellent for external use, but also one you can safely and unhesitatingly take inwardly for coughs, colds, sore throat, cramps, chills, etc., if necessary to have its soothing and healing qualities go direct to the seat of an internal trouble. Most liniments, for example, have only one value—external use—but in the case say, of the well known Johnson's Anodyne Liniment, the double value—internal and external use—is there. This splendid preparation, from the prescription of an erstwhile old family physician, has been humanity's staunch friend for over 100 years, and its great army of uses, thankful for its wonderful virtues, feel that Johnson's Anodyne Liniment—the double value liniment—is "an angel in disguise."

quarters, but it was generally admitted to be impracticable to give all the provinces representation on the shield. Historical accuracy was of first importance, and the federation of four provinces was the foundation stone of the fabric of the dominion. The rule suggested by Mr. Heriot for differentiating all Canadian flags would be: "A golden maple leaf, placed in the centre of the Union Jack, and on the fly of the red and blue ensigns. The flag of the Canadian customs to be the red ensign with a crown above the maple leaf. All vessels in the service of the Canadian government to have a crown over the maple leaf on the fly of the blue ensign."

Colds or Coughs

SHOULD NEVER BE NEGLECTED
 If They're, Some Serious Lung Troubles Are Sure To Follow

A cold or cough, if neglected, will sooner or later develop into some sort of lung trouble, so we would advise that you get rid of it before it becomes settled. For this purpose we know of nothing to equal Dr. Wood's Norway Pine Syrup. This preparation has been on the market for the past twenty-five years, and has always given universal satisfaction.
 Mr. Erwell Bolton, Wilton, Ont., writes: "Last winter I was caught in a storm and had to stay in a barn all night. I caught a severe cold which several medicines failed to cure. I went to some of the best doctors but these failed to do me any good. A friend advised me to use Dr. Wood's Norway Pine Syrup. I used three bottles and they gave me instant relief."
 When you ask for "Dr. Wood's" see that you get the genuine, put up in a yellow wrapper, three pine trees the trade mark and bearing the name of The T. Milburn Co., Limited, Toronto, Ont. Price 25c and 50c.

No. 4 Maritime Express will leave Moncton at 11.20 a.m., arriving at Truro at 4.15 p.m., and depart Truro at 4.15 p.m. and arrive at Halifax at 6.50 p.m.

There are changes also in the schedules between Moncton and Point du Chene effective April 30th. No. 380 mixed will leave Moncton at 9.50 a.m., arriving at the Point at 12.35 p.m. No. 386 express will leave at 5.45 p.m., arriving at the Point at 6.50 p.m., and arrive in Moncton at 1.25 p.m.

CORPORAL TRUEMAN, KILLED IN WAR, HAD PLANNED TO BECOME A MINISTER

(Moncton Transcript.)
 Sad news reached the residence of Mr. and Mrs. W. O. Calkin of 647 Union street this morning, when official notification from Ottawa stated that their son, Private Hinson Wakeman Calvin had been killed in action.
 Only this morning a letter was received in Moncton by Mrs. Charles Trueman, from her son, Corporal Harry Trueman, in which he stated that he had seen Pte. Calkin, and that he was well. Pte. Calkin was only twenty-one years of age, and had at the time of enlistment been planning to enter the ministry. He then had a license from the High-street Baptist church to preach, and was an honored member of that church. He was at the time of enlisting attending Aberdeen High School, and had planned to take up a theological course at Acadia.
 Pte. Calkin enlisted with a well known New Brunswick regiment, but soon after transferred to another New Brunswick regiment stationed at St. John. He went overseas in the signalling section of this latter battalion. In England he endeavored to be transferred into the artillery, but by the official telegram this morning it was seen that he was still a member of an infantry battalion.
 Besides his parents, Private Calkin is survived by three brothers and one sister. The sister is Miss Gladys and the brothers are Harry, Roy and Henry, all residing at home.
 Charles Lamson, formerly of the steamer North Star, which ran to St. John all winter, and Henry Davis, formerly an Eastern steamer officer, were on board the relief steamer Kongoli when she was sunk off the Hook of Holland on April 21. Both were saved, according to information received here yesterday.

HOUSE WITH DOUBLE ROOF TO RESIST HEAT

By adopting some tropical ideas of house building, a Florida land-owner has constructed on the banks of the Miami River a dwelling that promises the maximum of comfort in summer. The house is described in the May Popular Mechanics Magazine. It is of a simple two-story frame design, with low-pitched roof, but the roof is double, with a considerable air space between, which serves to protect the upper story from the direct heat of the sun. There are also wide two-story screen porches around the house on three sides, so as to get all the benefit of the northeast trade wind which prevails during the summer. The porches are all under the double roof, which are hanging eaves. This style of construction is common in Java and Ceylon, and is also found in the Panama Canal zone, but the house on the Miami is believed to be the first of its kind in the

DRINK OR DRUG USERS

To cure alcoholism or the chronic poisoning of other drugs, the body must be brought back to normal. To evolve back to health takes time, patience and proper medication. Short time cures are like giving morphine to stop pain, and when the pain is relieved, declaring that the disease is cured. The proper treatment can be obtained in the Keeley Institute. We have no rivals or competitors, so far as successful treatment is concerned. Write for booklet. Correspondence confidential.

Stomach Troubles Due To Acidity

SAYS NEW YORK PHYSICIAN
 A well-known New York physician in speaking of dyspepsia and its proper treatment says that so-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies large in the fermenting food, causing the formation of excess acid. Such fermentation is unnatural, and may involve most serious consequences if not corrected.

To stop or prevent fermentation of the food contents of the stomach and to neutralize the dangerous acid and its harmless, a teaspoonful of bisulphated magnesia, probably the best and most effective corrector of acid stomach known should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, arrests the stomach contents, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisulphated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.

THE WAR SITUATION

Yesterday's cables said that in front of one of the British positions the ground, as far as the eye could reach, was dotted with the bodies of dead Germans. The enemy had attacked in massed formation and the British guns took their deadly toll. We are told that the German losses in the fighting of the last three or four days along the Arras front have been unusually heavy, because they have put up a stiff resistance and made one counter attack after another in a desperate effort to stem the tide of British advances. "Thousands of German dead are lying on the battlefield," says one report. The sacrifice, however, was in vain, for the British made further gains of ground, and also took several thousand prisoners. Haig's men are within nine miles of the important strategic town of Douai. They are also within seven miles of Cambrai, while the French are throwing shells into Laon. The whole German line is threatened and at points is being bent backward by the relentless pressure of British and French. The morale of the German soldiers is described as growing distinctly worse. We cannot, however, overlook the fact that they are disputing every foot of ground, and that the British and French advance is very slow. And it is a long way to the Rhine. The news from day to day is cheering, but does not indicate an early termination of the war.

The news from Mesopotamia is also good. General Maude is still driving the Turks from one position after another, and capturing prisoners and war materials. From the Macedonian front comes at last an official announcement that the British forces are moving. A strong offensive in that quarter has been hoped for, but information as to the strength and preparedness of the Allied forces has been lacking. Perhaps the drive is now to begin. The destruction of double the average number of large steamers by submarines last week is a disquieting feature of the war news, but with this news comes the gratifying report that an American steamer has sunk a submarine, thus formally introducing an important new factor into the struggle against the undersea boats. The story of the battle of the British destroyers Swift and Broke against six German destroyers, in which the latter were beaten and put to flight with heavy loss, adds another brilliant chapter to naval history.

LACK OF PUBLIC SPIRIT

There are houses all around Haymarket Square. People live in these houses. Some of them have telephones. Any of them could easily get the use of a telephone to convey a message. Yet we are told that damage has been done in the square by youthful vandals, and there was no interference. The people living around the square neither warned the youths to stop nor telephoned to police headquarters. And yet every dweller on the sides of the square derives a benefit from its existence. It endures space and fresh air, and the grass and the trees are attractive to the eye. There is pleasure in sitting on its benches on fine days or evenings. It ought to be protected and made more attractive. Who are so much interested as those who live around it? If the right community spirit existed in that portion of the city the punishment for every act of vandalism would be so swift and sure that such acts would be few and far between. Why not have a meeting of citizens in that neighborhood to form an organization devoted to protection of this breathing space? Its existence is due to the public spirit of such an organization years ago. Has the old spirit died out? The square belongs to the people. They should see to it that vandalism is punished and their property made more beautiful from year to year.

THE TORIES THEN AND NOW

Reference was made in the Times yesterday to what the Tories said in 1911 about the ruin that would be wrought in Canada by free wheat. The Toronto Globe recalls what was said about the effect on the Canadian milling industry. For example, the Toronto News, which today welcomes free wheat and flour, said in 1911:—
"The Dominion Millers' Association has been able to secure and hold the flour trade to the maritime provinces as a result of an arrangement whereby the railway companies grant a low rate, called a 'normal toll,' on a long all-rail head in competition with a rail-and-water route via Boston. How long will the farmers, millers and railways of Canada hold this market when the duty on flour is reduced ten cents a barrel? Here is one case where interprovincial trade will suffer, an Ontario industry will suffer, and there will be less work for Canadian railway men."

The Toronto Mail and Empire, another organ of the flag-wavers, said:—
"Enormous amounts of capital have been invested to build up a four-manufacturing industry in this country. Ought our government to be as partial to

this industry as President Taft is to the four-milling industry of Minneapolis? He says that the flour manufacturing capacity of the United States is 85 per cent. in excess of the domestic supply of Canadian wheat fields sown upon for the benefit of home mills. Remember, this is not for the benefit of the United States consumer, as most of the Canadian wheat ground in the Minneapolis mills would be exported. The president is simply looking after a large home industry. Our government ought to be equally solicitous for home industries in Canada."

The Mail and Empire has now abandoned the "home industries," and applauds free wheat and flour. The Toronto Globe very properly makes this comment:—
"The Reciprocity arrangement of 1911 would have left Canadian millers a protection of fifty cents a barrel. The new reciprocity deal leaves them no protection whatever. Of course the industry can stand without a tariff crutch. The members of the government and their supporters in the House and in the press know this, and they knew it when they were humbugging the people by pretences to the contrary. The simple, undeniable fact is that the members of the Borden ministry are all protectionists, but they dare not face a general election with a closed United States market against the farmer. They will, no doubt, find that the agriculturists all over Canada know a 'death-bed' repentance from a genuine one, and if they are to be submerged by the weight of the wheat duties, they would have stood better with their colors nailed to the masthead. As a matter of fact, it is within the knowledge of every farmer that there was never any justification for the duties on wheat, and that for the millions of dollars a year lost to the Canadian farmers as the result of their imposition there should be no successful plea in bar of retribution. For politicians, as for others, the doom is inexorable: 'What a man soweth that shall he also reap.'"

The board of health is doing a most valuable work in closing houses that are unfit for habitation. Owners of such buildings should take the hint. Some of these buildings may be made habitable, but some of them should be replaced by new dwellings, properly constructed. And this reminds us that we greatly need a better building code in St. John.

The casualty lists are a daily appeal to the young men who are fit and free to go to the front. The thinning ranks must be filled.

NEW HOSPITAL SHIP

Finest Vessel of Its Kind Added to the American Navy
Within a few months there will be added to the United Navy a vessel unique in its way as was the old Vesuvius, a warship designed to throw dynamite instead of hurling projectiles. But, while the Vesuvius was an engine of destruction, this new ship will be a means of building up the bodies of men, a vessel of peace and comfort attached to our great fighting fleet—in short, the new hospital ship of the United States Navy, the first of its kind to be built in the world.

The building of the ship has commenced, and it is anticipated that the new craft will be launched late in 1917 or early in the following year. The vessel will be 400 feet in length and sixty feet wide, giving her an ordinary capacity of 800 patients, or, in an emergency, 500 may be accommodated. A set of stabilizers, designed to minimize as far as possible the rolling of the ship, will be included in her construction, and it is predicted that the effect of these will be such that major operations can be performed, even in a comparatively high sea.

Another feature of the vessel will be a set of special consulting rooms, for the use of outside, or day, patients, designed like the consulting rooms of a modern land hospital. One of these will be for the use of men suffering from ailments of the ears, eyes, or throat; another room, which will be sound-proof, will be used for testing the hearing; a dark room will be provided for the examination of the eyes, while a special suite of rooms will be available for X-ray examinations and treatments. In this suite will be found a dark room for the development of the photographic plates used in connection with this work.

Two of the largest wards will be designed especially for the contagious cases, and entrance to these wards will be possible only through a single door, capable of being well guarded. Laundry chutes, leading directly to a sterilizer, will permit the instant fumigation of all bed linen used in the contagious wards. In the diet kitchen, the most modern culinary apparatus will be installed, including a device for supplying patients with hot food. This invention resembles a steam table on wheels. The copper-lined vats are filled in the diet kitchen and then carried on an elevator to the ward floor, where the entire apparatus is wheeled from bed to bed, the patients' plates being supplied from the miniature steam table.

Connected with each ward will be several small rooms. There will be a quiet room where very serious cases will be taken; a special room for operations on infected wounds; where everything used must be elaborately sterilized; a hydrotherapeutic room and a thermo-therapeutic room, in addition to a chain of individual operating rooms to be used for major operations. Popular Mechanics Magazine.

FELT LIKE A NEW PERSON

After Taking Only One Box Of "Fruit-a-lives"

East Sibley Harbor, N. S.
"It is with great pleasure that I write to tell you of the wonderful benefits I have received from taking 'Fruit-a-lives' for you see I was a dreadful sufferer from Constipation and Head-aches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I finally tried 'Fruit-a-lives' and the effect was splendid. After taking one box, I feel like a new person, to have relief from those sickening headaches."
Mrs. MARTHA DEWOLFE, 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

LIGHTER VEIN

"Have you got any rags to sell?" said the ragman to a thin-looking woman who was standing at her door.
"No," replied the woman, "excepting those I am wearing at the present time. If you want them you must take me, too."
The ragman scanned the householder up and down and a smile lurked around his lips.
"I'm very sorry, ma'am," he replied, "as he made for the gate, 'I am only buying rags, not bones.'"
Chiefly Temper.

Very likely you have overlooked it; but geography has nevertheless had its little jokes, his quiet little satire, by locating the war in what has hitherto been called the Temperate Zone.—Puck.

SAYS LIBERALS LOST THEIR OPPORTUNITY

Halifax Chronicle Scores Murray Government for Failure to Adopt Woman Suffrage

(Halifax Chronicle.)
It is the glory of Liberalism that it has led the way in promoting and adopting the reform in every province of Canada in which Woman's Suffrage is now in force. In Manitoba, in Saskatchewan, in Alberta, and in British Columbia, recognition of the right of women to share the duties and responsibilities of citizenship was a feature of the Liberal policy and was enacted into law by Liberal governments. The four great provinces of the west set the pace for Canada, and they did it without any extensive campaigns conducted by women's organizations. They recognized that it was right. They did not worry about public opinion.

WAS TROUBLED WITH SHORTNESS OF BREATH

When the heart becomes affected, there ensues a feeling of choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, and a weak, sinking, all-gone feeling of oppression and anxiety.
The nerves become unstrung, you dread to be alone, have a horror of society, start at the least noise and are generally fatigued.
On the first sign of the heart becoming weakened or the nerves unstrung, Milburn's Heart and Nerve Pills should be taken. They are just what you require at this time. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.
Mrs. C. M. Cormier, Buctouche, N. B., writes: "Since two years ago I was troubled with a shortness of breath, and sometimes I could hardly breathe. I went to see several doctors, and they said it was from my heart and nerves, but they did not seem to do me any good. One day I got one of your B.B.B. Almanacs and read of a case similar to mine."
"I bought a box of Milburn's Heart and Nerve Pills, and after taking it I noticed such a change that I kept on taking them until I had used four more boxes, when I was cured."

Milburn's Heart and Nerve Pills are 50c a box, three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

riage Miss Sadie Cashen, of Toronto and Westley McMillan, of Montreal. The bride was given in grey silk, a georgette crepe and wore a pink hat, and carried a bouquet of pink and white roses. The bride was attended by Miss Annie Fitzpatrick, and groom was supported by his brother Beverly McMillan. The pair left on 5 o'clock train for a short trip through the provinces. On their return they reside at 114 Waterloo street.

Johnston-Gibson.
A quiet wedding of interest took place last evening at the home of Mr. & Mrs. Peter Costello, 75 Maguire street when Rev. F. H. Wentworth united in marriage Frederick Boyd Johnston, Mrs. Jennie Bell Gibson, both of the city. The ceremony was performed in the presence of a few friends and relatives. The bride, who was beautifully attired, carried a beautiful bouquet of roses. Mr. and Mrs. Johnston will reside in the city.

Massey-McIntyre
Chatham, N. B., April 24.—Will Massey of the Bank of Montreal is here and Miss May McIntyre, daughter of Mr. and Mrs. D. J. McIntyre, of town surprised their many friends going to Bathurst on Friday afternoon and getting married there that evening. Mr. Massey had just returned to Montreal, where he had enlisted with battery of artillery, mobilizing in the Young people left Bathurst on day night for Montreal. Mr. Mas expects to leave soon for overseas. He is a former Fredericton boy.

The Men Who Make Up the Navy

Dauntless Courage of British Seamen

WHEN THE SHARK SANK

Victoria Cross for Commander Goes to His Widow—Members of Crew Are Decorated

To Commander Loftus William Jones, R.N., has been awarded the Victoria cross, the supreme award of valor, for which Britons have walked up to the mouths of flame-spitting cannons.

Midshipman Smith cleared the way, Hope hoisted another ensign—there were always spare flags for an emergency.

That's good," calmly said the Shark's captain, looking at the ensign. And the Shark sank with the colors flying.

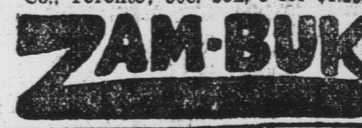

Nor do those who were under the captain's command and who survived the action go unrewarded for their bravery, says the London correspondent of the New York World.

All On Deck At the foot of the bridge the coxswain was wounded in the face and fell. He picked himself up and as he was going aft he met the torpedo instructor, who said he had fired two torpedoes and thought he had got a German cruiser; and Hammel, the chief stoker, who said the engines and steering gear were out of action. The pipe

THE COLONEL SAYS:

"Zam-Buk is a valuable addition to every soldier's kit."

Zam-Buk, the great herbal balm, is a boon to the men in the trenches—it ends pain and heals so quickly, and instant application of Zam-Buk prevents all possibility of festering or blood-poisoning.

which connected up steam was blown away. The captain on hearing this gave orders for all to come on deck and go to their stations and put out the boats.

When last seen the Shark's surgeon was binding up the arm of a seaman torpedo man who had been badly hurt by the explosion of the third torpedo.

There is no doctor, sir," Griffin replied. When last seen the Shark's surgeon was binding up the arm of a seaman torpedo man who had been badly hurt by the explosion of the third torpedo.

FRETFUL BABIES

Mrs. John M. Weaver, Blissfield, N. B., writes: "I can speak very highly of Baby's Own Tablets. I have used them for my children and find they are the best medicine a mother can give her little ones."

WOMEN'S AUXILIARY

The afternoon session of the W. A. consisted chiefly of the conferences of the various divisions of the auxiliary.

The meeting of the literary secretaries in Trinity church at 3:30 o'clock was very largely attended.

The junior work conference was held in the school room of the church at 3:30 o'clock, when Miss Brock, the junior secretary-treasurer, reported.

At 6 o'clock in the church there was a short service of intercession for the war when the Bishop of Fredericton addressed a large congregation in an eloquent sermon.

A public missionary meeting was held at 8 o'clock with the bishop in the chair. Rev. A. L. Fleming was the first speaker and Miss L. L. Shaw told of her teaching in Japan.

WOMEN ENTITLED TO MORE THAN 3,000,000 VOTES With Nebraska added to the suffrage column, it was announced at New York on Monday by the League Women Suffrage commission, the total voting strength of women in the United States is now 8,557,308.

"Phillip," said his wife at the breakfast table, "you must give me some money this morning. There are all sorts of things we want. We must get a ton of coal before the price goes any higher. There's a carpet for the dining-room which we simply must have. Besides, I haven't got a thing to wear. I look positively dowdy when I go out with Mrs. Jones. I must have a new hat and an evening frock and an afternoon dress. Then there's shoes—my old shoes are simply worn right through. And then the curtains in the drawing room are positively disgraceful and I shall have to buy—"

PROF. RIETHDORF HAD TO ENLIST AS A PRIVATE

Some Biting Comment on Germans in Canada and Pro-German Influences at Ottawa.

(Toronto News) Prof. Riethdorf has enlisted as a private soldier in the Army Medical Corps in this city, and will, it is expected, proceed overseas in that service at an early day.

Prof. Riethdorf was a professor in Woodstock College when the war broke out, and at once began in the press and on the platform advocating the cause of the allies, directing his arguments to Canadians of German birth or descent.

It was very generally supposed at the outbreak of the war that practically all Canadians of German birth and descent would like Prof. Riethdorf, unhesitatingly declare for the free democracy of Canada as against Prussian autocracy.

When they were found to approve of it, it was assumed that this was because they were being deceived as to the facts. When they were found to approve of it notwithstanding their possession of the facts, it was assumed that this was

A Minister's Evidence

That Piles, or Hemorrhoids, Can Be Quickly Cured—A Justice of the Peace Cured Many Years Ago.

Toronto, Ont., April 26—There have come to us recently these two letters from prominent men who bear unquestionable testimony in regard to Dr. Chase's Ointment as a prompt and lasting cure for piles.

These men give their evidence freely because they know what it means to suffer from the tortures of piles and then be cured. They feel it a duty and are pleased to let others know how they too may be cured.

Mr. W. B. Thorne, J. P., Alderside, Alta., writes: "I was twenty-eight years ago that I became acquainted with the merits of Dr. Chase's Ointment and would not be without it on any account as it never fails to do its work. I was first induced to try it for piles. Less than one box cured me and I have never been troubled since."

It might have been supposed, too, that when a man like Prof. Riethdorf took the public platform as he did as a Canadian citizen, and incurred the enmity of pro-Germans because of his activities, that the people and the authorities here would have upheld him in his course. It was not done. He was allowed to be crowded aside by influences that must be bluntly described as pro-German. It is a reproach to this country that such influences were allowed to operate. Prof.

WOUNDED COMRADES MEET. Mon-ton Times: - One of the old original 26th Battalion was in the city for a few minutes yesterday in the person of Private James Doucet, of Bathurst, who was an officer of the majority post of debarcation to his north shore home. He was twice wounded, once in fighting in the Ypres salient, in June, 1916, and again in the battle of Cambrai in Sept. 1916. In fact, he and Marcel Bellevue, of Mon-ton, were not far apart that day, and met afterwards while in hospital. Their next meeting was yesterday afternoon at the Union Depot. Pte. Doucet was shot in the eye in June, 1916, but this wound was only a skin one and kept him away from duty for only eight days. His second casualty was more serious, and was shot through the body and bayoneted in the leg.

STORY WITH A MORAL. Amherst News: - Today we were offered about \$800 worth of light wine and beer advertising. We need the money and need it very much, but at the same time, without any hypocrisy on our part, we declined to accept the contract for the simple reason that we realize that this is a prohibition country and we do not accept liquor advertisements for any consideration. We have several hundred subscribers in Cumberland county who expect to go to Heaven because they do not take a drink except when they are away from the sound of their own church bells. Those who take a private drink whenever they come to Amherst or Springhill, but fail to pay their subscription to the News and Sentinel, will find it true, we are afraid, some of these days. A little assistance from them would make it easier for us to sacrifice these contracts which mean so much to them.

Home Rule. (From the Rochester Post-Express) An Ireland separated from England is impossible. The facts of history have knit together the fortunes of these two countries, however much they may have clashed in the past. A rebellious Ireland, as the Sinn Fein outbreak proved, is a thing which, at this hour, is repugnant to the feelings of the majority of Irishmen. But a loyal Ireland which has authority to deal with Irish affairs better than the over-seers of an imperial parliament is possible. When public opinion in Ulster has been educated to the point of realizing that properly regulated Irish autonomy is the best security for Irish loyalty and that it would make Ir-

FULL VINDICATION OF RECIPROCITY

Wisdom of the Liberal Policy is Conclusively Demonstrated

(Ottawa Citizen) A more complete vindication of the Liberal reciprocity platform of 1911 than is afforded by the belated action of the federal administration in granting free wheat is impossible to conceive.

During the last six years the people of Canada and particularly those of the west have had ample opportunity to test upon the folly of 1911 and its consequences. The necessities of war time have aided in making clear the soundness of the proposed reciprocity policy of the Liberals and in no department has this been more apparent than in the original main contention that free wheat was essential to the prosperity of the grain growing districts of the whole of the dominion.

"FREE WHEAT," DELAYED 5 YEARS, ADDS MILLIONS TO WEALTH OF CANADA

Lost Opportunity on Same Scale Would Have Equalled Two of Country's War Loans

(Toronto Star) Today the owners of Canadian wheat see \$20,000,000 better off than they were last Saturday; they are many millions better off than they were last Tuesday, because of "free wheat."

Mr. Morgenthau fully recognizes the magnitude of the task before him as big for the United States to back up, as he put it.

"And you will be surprised," he said, "by the way the country will support you. Lots of things are surprising to-day; a month ago who would have thought that a democratic congress would even consider universal training, conscription, and the other measures now before it?"

"Peace is near now; we can feed it without doubt. But that need not prevent us from giving generously. We shall need it after the war.

"The state department feels there will be no great trouble to get money through to the sufferers. We hope and trust that two of the channels of communication, Bulgaria and Turkey, will not sever their relations with us, if they do other means of communication will remain."

Mr. Morgenthau said that the people of Turkey were welcoming America's entry into the war, for the reason that it would aid them in securing a more democratic form of government.

The former ambassador declared that it will not be anticipating too much to expect Syria and Armenia to become autonomous branches of which ever government they may be under.

Miss Caroline Holmes, who has spent thirty-two years in Turkey, having organized the first and only "settlement"

THE GREAT NEED FOR RICH RED BLOOD

To be perfectly healthy the human body requires a constant supply of new rich blood. Nearly all the ills from which people suffer arise from one cause—poverty of the blood.

Headaches and backaches, loss of appetite, poor digestion, nervous irritability, pimples and unsightly blotches on the skin all indicate that the blood has become impure, that it is not doing its appointed work, and that your condition if not remedied will grow worse and worse.

Dr. Williams' Pink Pills may be had from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ORGANIZATION FOR NEW DRIVE

Three Million Dollar Mark Passed; Ten Millions Is Next Goal—Morgenthau Says War Cover Soon

The \$3,000,000 mark has been passed in the effort to raise funds for the relief of war sufferers in Western Asia. This fact was announced in a conference held by the committee for Armenian and Syrian Relief in New York city on April 14 and 15.

While the resources of the committee thus far are entirely inadequate to meet the need there is a steady and increasing flow of money. Many large contributions, some of them anonymous, have been received.

Mr. Morgenthau fully recognizes the magnitude of the task before him as big for the United States to back up, as he put it.

"Peace is near now; we can feed it without doubt. But that need not prevent us from giving generously. We shall need it after the war.

"The state department feels there will be no great trouble to get money through to the sufferers. We hope and trust that two of the channels of communication, Bulgaria and Turkey, will not sever their relations with us, if they do other means of communication will remain."

Mr. Morgenthau said that the people of Turkey were welcoming America's entry into the war, for the reason that it would aid them in securing a more democratic form of government.

The former ambassador declared that it will not be anticipating too much to expect Syria and Armenia to become autonomous branches of which ever government they may be under.

Miss Caroline Holmes, who has spent thirty-two years in Turkey, having organized the first and only "settlement"

there, quoted from authentic reports she had just received from Egypt that of the 750,000 original inhabitants of Syria (not including the Lebanon or Palestine) 20,000 were lost in the fighting with Italy and in the Balkans; 70,000 have joined the Turkish army, of whom 25,000 have been wounded or killed or have died of illness.

The principal object of the conference was to bring together men and women who, by study of residence in Turkey or through study, have become experts on the problems there and also to develop the plan of campaign by which it is hoped to increase the funds of the committee to at least \$10,000,000.

Among others present and participating were: Gilbert A. Beaver, New York; David H. Brown, Richmond, Va.; Dr. W. Nesbitt Chambers, Boston; Dr. G. G. Gossett, Toronto; Dr. Wm. S. Dodd, Turkey; W. E. Doughty, New York; Rev. Wm. Flammer, Ohio; Rev. Roy B. Guild, New York; Dr. Fred P. Haggard, New York; Dr. James L. Harty, Houston, Texas; Dr. F. C. Hoskins, Syria; Rev. H. H. Khazoyan, Armenia; Chas. H. Pratt, Franklin, N.C.; Dr. Chas. T. Riggs, Philadelphia; Paul Shimmion, Armenia; E. Guy Talbot, Los Angeles; George F. Tibbitts, New York; Dr. Clarence D. Uscher, Mass.; William T. Ellis, Philadelphia; Dr. James L. Barton, Boston; C. V. Vickrey, New York.

The fact that the large sum reported has actually been made available for relief was strongly urged as a basis for appeals. All expenses of the committee including those of the central office and of the field workers and the publication of literature are met privately so that every dollar contributed goes for relief.

One session of the conference was largely given up to the question of co-operation in the various cities. Dr. Worth N. Tippey and Dr. Roy B. Guild of the federal council of churches, such co-operation and pledged the help of the federal council to secure E. L. Talbot of the California state federation and Mr. Fagley of the Cincinnati federation told of their work in securing the active aid of Jews and Catholics upon the broad basis on which the work is being conducted.

While the resources of the committee thus far are entirely inadequate to meet the need there is a steady and increasing flow of money. Many large contributions, some of them anonymous, have been received.

Mr. Morgenthau fully recognizes the magnitude of the task before him as big for the United States to back up, as he put it.

Paying the Price for Victories

Casualty List Steadily Grows Longer—Eight Recruits Yesterday

The midnight casualty list contains the names of fifteen New Brunswick men, all of whom are reported wounded. The list follows: C. V. Callahan, Restigouche; E. Losier, Tilley road; E. G. Clark, Ferry road; D. C. McDonald, Chatham; H. Smith, River Glade; Corporal H. Bickerton, Sackville; J. Jean, Restigouche; William Painter, Taymouth; T. McAlister, Upper Charles; J. Martin, El River; E. L. Black, Newcastle; W. F. McEann, St. John; Lance Corporal A. E. McKee, St. John; Sergeant J. J. Degener, Harbour; William Chambers, Mechanic Settlement; J. C. McAlison, Stanley; T. E. Ewert, Teakles, Portageville; F. Baldwin, Bassy; Ernest Arbo, St. John; G. P. Duffy, St. John.

Killed in Action

Mrs. C. A. Estey of Grand Falls has received word that her son, Private Richard Estey, has been killed in action. He was in France with the 10th Battalion, Royal Canadian Trenchers.

RECENT DEATHS

Mrs. Michael Hall, Newcastle, April 24—The death of Mrs. Michael Hall, who had been ill nine days, occurred Monday night. She was thirty-eight years old.

Daniel Coughlan, Sussex, N. B., April 25—(Special)—Daniel Coughlan, a well-to-do and much respected farmer of Sussex, died at his home today after an illness covering some months. The deceased was sixty-seven years of age and is survived by his wife, five sons and three daughters.

G. L. White, M.P.P.

G. L. White, M.P.P., opposition member of the local house, died at his home in Centreville yesterday. He was fifty-nine years old and was well known throughout the province.

Major L. P. Buchanan, of Ottawa, of the board of pension commissioners, arrived in the city yesterday for the purpose of opening an office here.

Major C. I. Dunfield, who went from here and served at the front with the original 26th Battalion, returned home yesterday after an absence of nearly two years.

Major Martin Re-Elected, Major C. I. Dunfield, who went from here and served at the front with the original 26th Battalion, returned home yesterday after an absence of nearly two years.

Recruits, Eight recruits were secured in the city yesterday. They were J. Robinson, David Rolleston, L. Savoie, St. Charles, Kent county, Composite Battery; C. H. Taylor, A. E. Henderson, St. John, No. 9 Siege Battery; Gordon Munroe, Model Farm, No. 8 Field Ambulance; William Woods, Sussex and James Roche, Newcastle, 26th battalion.

Unions Support Plumbers, At a meeting of the executive of the Street Car Men's Association, held on Tuesday evening, resolution was passed endorsing the stand taken by the plumbers and pledging their moral and financial support.

Gault Divorce Withdrawn, Ottawa, April 25—The divorce petitions entered by Hamilton Gault and his wife, of Montreal, before the senate divorce committee, were withdrawn today.

M.H.C. Patronage Millstone To Doctors' Necks

Patronage First, Economy Second, and Efficiency Third, Says Marlow—Laymen Saubs Medical Experts

(Toronto Star) "Patronage first, economy second, and efficiency third," is the way Dr. F. W. Marlow, former A. D. M. S. for this military district, describes the policy of the Military Hospital Commission and its treatment of returned soldiers. "Why is the medical profession of Canada deprived of authority over medical problems?" asks Dr. Marlow, who continues: "In the Mail and Empire of April 17, Mr. S. A. Armstrong, director of the Military Hospitals Commission, is reported as saying: 'The right to be satisfied with Army Medical Corps appointments in convalescent hospitals is retained by the commission, because the commission is responsible to the public for the welfare of the returned soldiers, and their medical treatment is one of the chief factors to be considered.'"

Mr. Armstrong made this statement in reply to an article in The Star pointing out how even the appointment of Dr. Fotheringham, newly-appointed chief of medical services, might be vetoed.

Medical Profession Snubbed "This means," says Dr. Marlow in the final analysis, that Mr. Armstrong, a layman, whose experience in hospital work previous to his appointment to his present position, was limited to departmental supervision, as Assistant Provincial Secretary over the Ontario Hospitals for Insane, considers it a desirable arrangement that a lay commission with himself as director should be pre-eminent above the medical profession of Canada in dealing with the problem of returned soldiers, one of the chief factors of which he admits, is their medical treatment.

Millstone About the Neck "Let the medical profession continue to perform the work involved, in the interest of the soldiers, their dependents and the state, but may the time soon come when their work will receive the recognition it deserves to the extent that they will be regarded as being worthy of trust and capable of managing distinctly medical problems without the intervention of patronizing, salaried laymen who not having had the advantage of a medical training, are as a millstone hung about the neck and a burden most difficult to shake off."

BRITISH ADVANCE IN EAST The British forces in Macedonia have advanced 500 yards along a mile front between Doiran Lake and Dohle, near Salonika.

The British forces in Mesopotamia have driven the Turks from the west bank of the Shatt-el-Arab to about seventeen miles north of its junction with the Tigris.

Major L. P. Buchanan, of Ottawa, of the board of pension commissioners, arrived in the city yesterday for the purpose of opening an office here.

"Royal Acadia" is a name to remember, for it stands for the very highest grade of Granulated Sugar. Does your Grocer always give you "ROYAL ACADIA"? If he doesn't, then you should give him a warning. Perhaps you buy a 20, 50 or 100 lb. bag at a time. If so, please see— That the Boy is Stamped ROYAL ACADIA SUGAR

The Submarines London, April 25—The weekly statement of vessels sunk, as made public this evening, shows that forty vessels of over 1,600 tons each were sent to the bottom by mines or submarines. The above report shows the greatest number of merchant vessels reported sunk by mine or submarine in both categories, 1,600 tons and over and under 1,600 tons—made public by the British government since it has issued its weekly statement of shipping losses.

U-Boat Sunk by American. Paris, April 25—Dunkirk was bombed by German destroyers early this morning. British and French patrol ships engaged the Germans, one of the French torpedo boats being sunk, according to an official announcement tonight.

London, April 25, 4.45 p. m.—Captain Rice, of the American steamship Mongolia, which has arrived at a British port, told the Associated Press today that the Mongolia had fired the first gun of the war for the United States and sank a German submarine.

PEKING, April 25—At a conference of provincial and military governors, at which the premier presided, it was voted unanimously that China should enter the war against Germany.

Children's Delight Paris Pate. Do children like Paris Pate? What a question to be asked! Paris Pate never disappoints so fast as when it is spread with Paris Pate. Try a tin and see.

You Are Needed To Release Troops for Overseas Canada can send well trained men to France to the aid of our gallant victors of Vimy Ridge, if the Militia regiments are brought up strength and ready to defend the Dominion in case of emergency. He Does His Best, Who Does His Duty. Sir Robert Borden says: "Now is the most critical period of the war." What more patriotic duty can a man do—through force of circumstances could not enlist for Overseas Service—than join the CANADIAN HOME DEFENCE FORCE. The term of enlistment, training, clothing and equipment are the same as for overseas service. Pay the same as that for Militia on active service. Separation allowances for married men. The call comes to men between 18 and 45 and physically fit to join the Home Defence Force. For full particulars enquire at Armories of the Regiments listed below. MEN STILL REQUIRED FOR OVERSEAS IN THE CANADIAN EXPEDITIONARY FORCES. More men are required for reinforcements at the Front. Those who desire to volunteer for overseas service may enlist through one of the regiments ordered to mobilize for Home Defence. Military District No. 6—headquarters, Halifax, N. S. Halifax, 63rd Regiment (Halifax Rifles) St. John, N. B., 62nd Regiment (St. John Fusiliers) 66th Regiment (Princess Louise Fusiliers)

Take It Along— Travellers who find it better for their health to abstain from tea and coffee, (and there are many), carry a tin of Instant Postum and prepare their own beverage at table. Put a level teaspoonful of INSTANT POSTUM in a cup—more or less to suit individual taste—dissolve with hot water and add sugar and cream. Those who desire a delicious, satisfying drink that is free from the harmful effects of tea and coffee should use Postum— "There's a Reason" Canadian Postum Cereal Co., Ltd., Windsor, Ont.

Desperate But Unsuccessful Attacks Cost Germans Thousands

London, April 25—Telegraphing from the British army headquarters in France today, Reuter's correspondent says: "The Scarpe valley continues to be the centre of the fierce fighting now progressing along our front from Lens to St. Quentin, and we have gained substantial successes again today. Yesterday afternoon we attacked, with considerable forces, beyond Monchy and cleared various troublesome points of the enemy. The Germans continued to mass in the Sart and Vert woods, but throughout yesterday and last night our batteries maintained a searching fire, and it is certain that these smoking places are strewn with enemy dead. "No fighting has proved more costly to the Germans in proportion to the numbers in action than have the battles of the past three days. The reckless manner in which they have flung their troops against our positions since Monday suggests that they are desperately anxious to check our advance between Lens and the Vimy Ridge—an advance that is directly frontal upon Douai. To the south the British in Trescault are only seven miles from Cambrai, and here again Hindenburg's lateral communications are in grave peril. St. Quentin's section of this railway has long been under close bombardment. General Nivelle is already dropping his big shells in Laon, his front line now being less than seven miles south of that city. There, however, the Germans hold strong ground. The plain of Douai is their weak point.

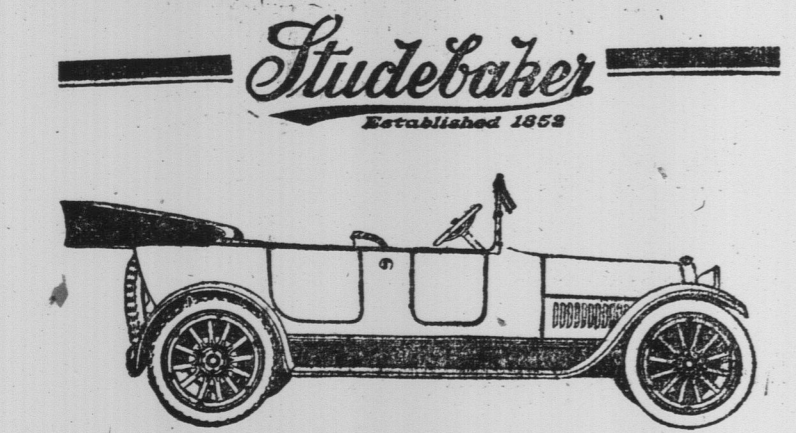

Canada Must Not Rest On Her Oars

Issue of War is Far From Settled—Sir George Foster Utters Timely Warning

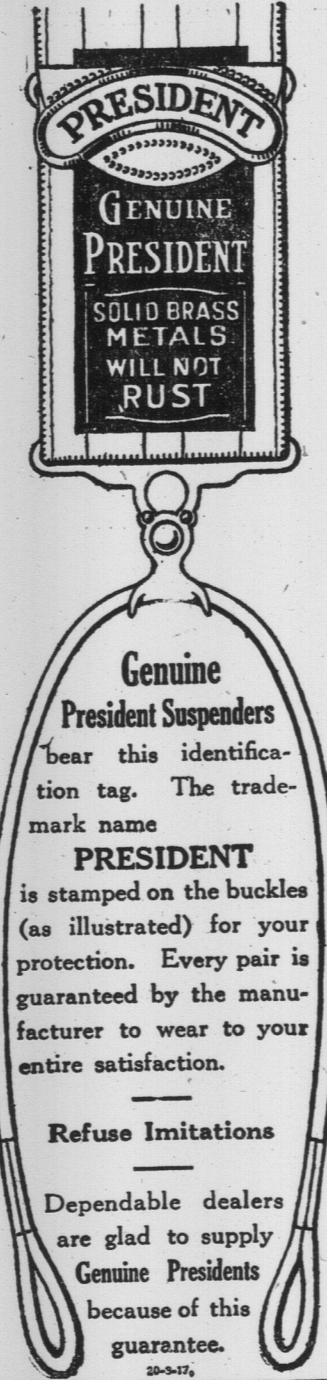

(Ottawa Journal-Press.) "Continuance is Canada's duty today," declared Hon. Sir George Foster, in the Dominion Methodist church last evening before a great audience. "We are in danger of thinking the crisis is past, that the war is just about finished. We must not deceive ourselves. We would do like to believe that it is, that we are far too easily convinced. "We are apt to lose sight of the fact, and it is a fact that the road from Germany to Constantinople is still open and constantly in use, that the British forces have not advanced a step in Saloniki in the last six months and that Belgium and nine-tenths of Roumania are in the hands of the Germans. "Their lines are being pushed into France. We must not

She's forty years old—but still the social favorite. A few gray hairs didn't stand in her way. She overcame her prejudice against darkening her hair when she found Hays Hairhealth. CHAUNCEY M. DEPEW HAS POP TIME ON HIP

He Is 83 Years Young and Drives Away Old Age

(New York Sun) He is 83 today, is Chauncey M. Depew, full of the zest of life, his voice hearty and strong, his laugh at least a century removed from the creak of old age. The humor that has held fresh in public appreciation for sixty years is as unimpaired as his faculties. He has not reached the stage where his mind dwells on the past. The burden of years has not even bent his shoulders. Why should eighty-three mean any more to him than, say, forty-three or fifty-three or even seventy-three. He is in the prime of life and in full enjoyment of that prime. The aged man, he says, is one who acknowledges it. Mr. Depew once more turns the laugh against Old Pop Time, because he will not even act up to the part assigned to men of his years. "So the Sun wants to know the thoughts a new birthday brings to me?" Mr. Depew said yesterday in the library of his home in 27 West Fifty-fourth street. "That's a bit risky, young man. Some time ago the Sun printed what I had to say about growing old gracefully and I had scores of letters from old fellows who criticized me. They resented the fact that I enjoy myself so thoroughly. They inferred that I was cheating. "Really longevity is a simple matter. Here is my formula, it can be summed up in these two rules: 'Say not 'Cut it out!' Say no when asked to do something that will hurt you. Or if you have done it, cut it out. These are efforts that will, however, can bring you to old age. Conquered Smoking Habit "Take my own case: Thirty years ago I was killing myself smoking. I suffered the worst kind of torture when I gave it up. I had to conquer through will power. There are many men who drink too much or who eat too much. When they decide to moderate their habits they must hold to it. The fellow who gives up and goes back to his old habits usually exceeds his original excesses. "One of the pities of existence is that most things you enjoy best do not agree with you internally. "Mr. Depew leaned back in his chair to indulge in a laugh. "Yes, here I am on the edge of eighty-three years and I can say I never felt better in all my life. Physically I am not impaired and I feel that my mentality has not suffered, but, of course, while we can judge our own physical fitness, our mental condition must be judged by our friends. "You know, after all, it is the ability to be able to get a thrill out of life that makes it worth living. There are several thrills that come to most of us. There is the thrill when a fellow's best girl consents to become his wife. Then there is the thrill that comes when we have fallen in business and are in debt. There is the thrill when we recover from that and pay all our debts. I have gone through all those thrills. "Here was opportunity for old age's

Criticism for I.C.R. Management

Ottawa, April 25—The management of the Intercolonial Railway by Hon. Frank Cochrane and his proteges, General Manager Gattelus, came in for prolonged and severe criticism in the commons today. Practically the whole sitting was taken up with the voicing of the maritime province members' complaints against bad service on the road, favoritism in the making of appointments and promotions, the general use of political patronage and general unsatisfactory conditions. On the Liberal side E. M. MacDonald, Mr. Hon. Dr. Pugsley, Mr. Copp, W. D. MacKenzie, Mr. Turgeon and Mr. Michael all gave specific instances of inefficiency and of political favoritism in connection with the management of the people's road. The minister of railways, who briefly

KINGS-QUEENS WILL NOMINATE ON MAY 8

Representatives from Queens and Kings counties met in the Liberal rooms in the Pugsley building last evening, and decided to hold a Liberal convention in Norton, Tuesday, May 8, for the purpose of nominating a candidate to contest the next Federal election. Among those present were Dr. J. E. Hetherington, S. H. Plewelling, Dr. D. H. McAllister, J. H. McFadden, Hon. L. P. Harris, Dr. W. Pearson, Fred E. Sharpe, E. S. Carter, Murray G. Harmer, Councillor Reynolds, Arthur Keith, W. E. Bowman, G. Hazen Adair and others. Shoreham Camp, 12-4-17. To the Editor of the Times: Sir,—Please allow me a space in your paper to put a few words in regard to the people of Moncton who had so much to say about the 168th Battalion. I myself am an English-speaking soldier from Nova Scotia and when I read what certain people of Moncton had said I thought that I would wait until we crossed the sea before writing to show those people that the soldiers of the 168th Battalion have not cold feet and for those people who insulted Miss Comau when she was doing her best to help us fellows out. There were some that said that they would like to see the 168th Battalion notched out and shot one by one. Should they wish to see us shot one by one, they will have to come over to France where we will be glad to meet them. Should their feet be too cold to come, I would ask them to go to Miss Comau and apologize to her for the insults they gave her. And, anyway, even if it is a French battalion, I will now say that I have lived with the French people for the last ten years and I am sure that they are equal to us English people. If those people of Moncton that had so much to say don't believe me, let them write to anybody in St. John and enquire what kind of a name the 168th boys left behind them. In regards to the kind people of Moncton, I now thank them for what they have done for us. Thanking you, Mr. Editor, for the space in your valuable paper, Yours truly, CORPORAL FREEMAN NAUSE, 666,716, 168th Battalion, C.E.F., B. Co., Shoreham Camp, Sussex, England

DOMINION Chain Tread Tires are the most efficient anti-skids in their price-class, and take second place only to DOMINION "Nobby" Treads. The gripping suction of their cup-shaped links gives remarkable traction and power to resist side slips even on the most treacherous surfaces. Like ALL "DOMINION" Tires, Chain Treads have the mileage built right into them, as well as guaranteed. DOMINION PLAIN TREAD Tires—the basis of all DOMINION Tire value—are serviceable and economical for ordinary driving where the going is good. "DOMINION" TREADS, costing but little more than the plain, are dependable anti-skids and have more rubber where the wear comes. DOMINION "NOBBY" TREADS are "the aristocrats of the road". Their extra heavy construction, and the big, burly knobs of the tread, make them 90% puncture proof. They are the tires for hardest service, on heaviest cars. For every kind of road and service there is a particular DOMINION Tire that is the best to buy. This has been conclusively proved the country over and the great majority of Canadian Motorists agree that DOMINION TIRES are GOOD tires A Tire for Every Kind of Service Behind every one of them stands the Largest Manufacturer of Rubber Goods in the British Empire Canadian Consolidated Rubber Co., Limited HEAD OFFICE - MONTREAL 28 BRANCHES THROUGHOUT CANADA

The Haunts Of Big Game

(By Joe Page.) The bighorn or Rocky Mountain sheep is today considered the most valued prize obtainable by the sportsman. Its home is among the fastnesses of the Canadian Rockies and is easily reached from the line of the Canadian Pacific.

er, but greatly surpasses the goat in speed and shyness. Additional reliable information can be had from the provincial game warden's office at Vancouver, and from the sportsmen's and tourists' association at Fernie, Nelson, Revelstoke, Vancouver and Victoria, B. C.

MAKING IT PLAIN

A common mistake which some people continue to make is to accept from a druggist an "extract" of cod liver fish which they will get the benefits of an emulsion of cod liver oil.

The difference is very great. An "emulsion" contains real cod liver oil, which has had the heavy endorsement of the medical profession for many years, while an "extract" is a product which contains no oil and is highly alcoholic.

Scott's Emulsion is the standard emulsion of the world. It guarantees the highest grade of real cod liver oil, skillfully blended with glycerine and hypophosphites, and is endorsed by good physicians everywhere.

Scott & Bowne, Toronto, Ont.

housing accommodation for close upon 25,000 people.

"The question of the influence of Housing on Health" was recently raised by the medical officer of health for Edinburgh in a paper read at Glasgow.

The full significance of the statistics brought out by Dr. Maxwell Williamson can only be appreciated by a study of the statistical tables given in his paper, which we cannot here reproduce.

In the city of Edinburgh nearly 100,000 people live more than two in a room; 40,000 more than three in a room; and over 12,000 more than four in a room.

HEALTH AND HOUSING

To the Editor of the Halifax Daily Echo: Sir—May I ask for space in your valuable paper for the following editorial on "Health and Housing" which appeared in the March number of the "Edinburgh Medical Journal"?

vague proposition, which in some mysterious way concerned "the authorities," have come to realize that it is the fundamental question in social reform, and concerns every working member of the community.

CAN COPY RUSSIA IN AGRICULTURE

Canada Does Not Know What Others Are Doing

J. D. Allan Tells Toronto Club That Climate of Southern Siberia is Like That of Washington—Many Surprising Things of Country

(Toronto Globe.) Russia's huge trade and recent developments in agriculture are one of the things we have to copy soon.

which would be within the means of the inhabitants." The "Colony House" of three to five rooms, with rents that run from £12 to £16 are favorably spoken of; in them the death rate is 14.7, as contrasted with 16.5 over the whole city, and the child mortality 15, as contrasted with 42.9 for the city.

I have always held that bad housing conditions, density, and congestion of population with unsanitary surroundings and all that this means, had more to do with the death-rate of a city than the milk supply.

The editorial itself is a summary of a report of Dr. M. Williamson, health officer for the city of Edinburgh.

(1) How density of population affects the death-rate of a city.

(a) In Edinburgh in the residential (Merchiston) district with 811 small houses—death rate per 1,000 of 16.5.

(b) In the St. Giles district with 2,918 houses of one and two rooms—death-rate per 1,000—21.2.

(c) That is nine more persons die out of every 1,000 in the St. Giles than in the Merchiston district in every year.

(2) How congestion of population increases the death-rate in houses of three rooms or more.

(a) Death rate in the city per 1,000—16.4.

(b) Death rate in congested areas per 1,000—22.3.

(c) That is nine more persons live to the acre, but in among district 202 to the acre. In the latter district there is an increase of 6.1 in the 1,000, in the death rate.

(3) How density of population favors the prevalence of phthisis.

Sixty-nine per 1,000 from houses of one room; 5.6 per 1,000 from houses of two rooms; 3.6 per 1,000 from houses of three rooms and only 1.4 from houses of four rooms or more.

Take the "Colony House" of three to five rooms in the Stockbridge district—here the death rate is 14.7, while in the city it is 16.4.

Then again the death rate among children in this district is 15, while in the city as a whole it reaches the appalling amount of 42.9.

This means that in the city of Edinburgh twenty-seven children out of every thousand could be saved annually with proper housing conditions.

Those who would have us believe that high death rate amongst children in the city is almost wholly due to bad housing conditions find much to support their theory in this editorial.

LOCAL NEWS

SURPRISE PARTY.
Friends invaded the home of Mrs. John Corbett, 29 Brooks street, last evening in the form of a surprise party and made the hostess the recipient of a beautiful parlor chair. Dancing and games were enjoyed and refreshments served.

THE RIVER
The ferry steamer Maggie Miller commenced running on her regular route on the Kennebecasis, between Millidgeville and Bayswater, this morning. She will continue making several trips a day until the summer schedule is put into effect. The weather, which has been a little cold during the last few days has put a check on the frost.

BOARD OF HEALTH.
Officials of the Board of Health this morning released three houses, one in Sheriff street, one in Brussels street and one in Marsh road, which they had condemned as unfit for habitation, but which have been repaired by the landlords. There are four or five more houses, which are not up to requirements, but which are being repaired and will probably be released in due time.

DIED IN CALIFORNIA.
Miss M. E. Hogan of Millford received a telegram this morning from Rev. R. Green of Westwood Cal., informing her of the death of Augusta Chatterton, who died as a result of injuries inflicted by a horse. Mr. Chatterton formerly boarded at the home of Miss Hogan and it is thought that the address must have been found in his pocket. It is understood that some relatives reside in New Brunswick.

SERBIAN CAMP TO BE REMOVED TO LEVIS

That the Serbian camp at Sussex is to be removed to Levis, Quebec, was the information received in the city today. This camp is in command of Major Markham and was assisted by Major Hamilton prior to his receiving appointment as director of the pension board for the maritime provinces. As yet no officer has been named to succeed Major Markham. It is understood that the vacancy will be filled by a returned officer, one well up in the city as this branch of the work comes under the supervision of the second in command.

The change, it is understood, is due to the fact that some 100 or more Serbians are secured they are sent direct overseas in command of their own officers and now that navigation is opening on the St. Lawrence river it would be nearer to the point of embarkation than Sussex.

The greater proportion of those enlisting are from upper Canada and the middle west and thus a camp at Levis will prove less expensive. The change, it is understood, will be made in the course of a few days.

AMERICAN STUDENTS TO CANADIAN WEST TO HELP GET OUT THE CROP

Chicago, April 26.—Five hundred students of the Agricultural College of the University of Illinois left Chicago tonight for Winnipeg, on their way to the Saskatchewan country, where they will help produce "the war winning wheat crop."

The men will be distributed to the individual farmers by the dominion government which has guaranteed a minimum wage of \$60 a month and board; two-thirds of each man's railway fare in Canada and promised a homestead of 160 acres to each who serves six months in the field.

TODAY IN WASHINGTON

Washington, April 26.—The British war mission, headed by Foreign Minister Balfour, held preliminary meetings today with government officials in preparation for joint conferences among the American, British and French representatives tomorrow. The day's activities were arranged to call formally on President Wilson today. This was the principal event on a programme calling for strenuous activity on the part of the distinguished visitors.

An auto trip to points of interest was scheduled for this afternoon. Mention subordinate members of the commission planned to hold preliminary conferences with American naval, military and financial representatives. The day's activities were to be brought to a close with a dinner at the White House by President Wilson to the Frenchmen.

MCDONALD-TIPLADY

A pretty wedding was solemnized at 109 Queen street yesterday when Miss Doris Tiplady, daughter of Mr. and Mrs. W. H. Tiplady, was united in marriage with William Renwick McDonald, son of Mr. and Mrs. W. H. McDonald of this city. The ceremony was performed by Rev. Thomas Hall, D.D.

The bride was becomingly gowned in Alice blue silk and carried a bouquet of cream roses. She was attended by her sister, Miss Margaret Tiplady, who was gowned in blue and old rose silk, and carried a bouquet of pink carnations. Miss Mollie Raycroft, niece of the bride, made a charming little flower girl, dressed in white silk trimmed with pink rose buds. The groom was supported by Gordon C. Metcalfe. Miss Myrtle Fox played Mendelssohn's wedding march.

The groom's gift to the bride was a piano and he presented to the bridesmaid an emerald ring, and the flower girl a sapphire ring, and to the groomsmen an emerald stick pin. The bride and groom were the recipients of beautiful gifts of silver, cut glass, china and linen and many other useful gifts.

REPEAL OF THE DAYLIGHT SAVING PLAN CARRIES

Council Decides That Plebiscite is Not Necessary

CITY SOLICITOR'S OPINION

Memorials Will be Sent to Government Announcing City's Approval of Plan if Adopted by Entire Dominion—No Local Change This Summer

The advocates of the dominion-wide plan for daylight saving have won. The common council today voted to repeal the by-law under which the system was authorized for local use, and St. John will continue to use the same time as the rest of the province this summer. The resolution providing for the repeal of the dominion and provincial governments announcing the desire of the people of this city for the adoption of the plan throughout the dominion.

Mayor Hayes presided and Commissioners Wignome, Russell and Fisher were present at the adjourned meeting of the council held at noon today to deal with the petitions.

Before taking up the daylight saving matter, a letter from Patrick McLeale, a teacher in the public works department, who has been in the city employ for twenty-seven years, asking for full pay while sick, was referred to the commissioner of his department.

Daylight Saving

The common clerk then presented the opinion of the city solicitor in reply to the question regarding the legality of a plebiscite on the daylight saving matter. The city solicitor said that the time of the 60th meridian was the law for use here, and the city had no authority to make any other time legal, although it could arrange any hours of work for its own employes and officials as it wished and change the city clocks if it wished. Under the circumstances, even a plebiscite would not give the city authority to effect a legal change in the time, as this matter no. in the jurisdiction of the city. While there might be no objection to the council securing the opinion of the citizens by means of a plebiscite, there was no provision for administering the oath or for other safeguards to ensure a fair vote and, under these circumstances, a plebiscite might not be satisfactory.

Commissioner Wignome said that, as the legal opinion seemed to be that there was no authority for the enforcement of daylight time, it would not be worth while to take a plebiscite. He moved that the by-law be repealed.

Commissioner Fisher, in seconding the motion, said he did not see what else could be done. He said that the petitions of protest all voted entire approval of the plan if nation-wide, and he asked that the motion include provision for memorializing the government and bringing this to their attention. The amendment was accepted.

Commissioner Russell agreed that the by-law should be repealed and supported the idea of the dominion-wide plan. Mayor Hayes agreed that a plebiscite would be unnecessary in view of the solicitor's opinion. He also said that the vote of those opposed to its local adoption might be taken as opposition to the idea. He added that Commissioner McLeale had been prevented from being present, but that he was in accord with the attitude of the other commissioners.

FORMER ST. JOHN MAN WINS A COMMISSION

Sapper Wm McLeod Now a Lieutenant—News of Fredericton

Fredericton, April 26.—W. T. McLeod, a commercial traveler of this city, received a cable this morning from his son, Sapper Wm. McLeod of the Canadian Engineers, stating that he had been granted a commission. Lieutenant McLeod, who is a former St. John boy, went overseas with the first contingent and has been at the front since February, 1915.

The police last night raided Sam Campbell's saloon and seized a large quantity of beer and a cask of wine. Information will be lodged against him. Good progress is being made with the driving operations on the Nashua and tributaries. There is three feet of snow at the head of the river and the weather continues cold.

Mrs. W. T. Whitehead, who has been spending the winter in California, arrived home today.

Ashburnham branch of the Red Cross Society met last night and organized. There was an address by Dean Neale and committees were appointed. Lady Tilley has been named as patroness.

MOOSE INSTALL OFFICERS

Past Dictator R. W. Wignome, installed the officers of St. John Lodge of Moose last evening, and congratulated the new dictator, John Kemp, and the other officers on the conditions of the lodge. One new member was initiated, and another joined by card. Past Dictator Purchase expressed the thanks of the lodge to Commissioner Wignome for his practical and very valuable assistance in the case of a member who has long been ill. Private Jenks, a returned soldier, told of meeting other members of the lodge in Belgium. Interesting addresses were given by the newly installed officers.
