AN INQUEST INTO
HARCOURT DEATH

Rumors of an Overdose of Veronal.
Former Colonial Secretary Had Been Taking it for Insomnia, but Physician Had Not Seen Him for a Month.

(Canadian Press Cable)
Toronto, Feb. 28.—A London cable to the Mail and Empire says:—Rumors that Viscount Harcourt, former colonial secretary, died from an overdose of veronal, which he was accustomed to take and insomnia, has resulted in a decision to hold an inquest. When he was found dead last Friday morning everything pointed to heart failure, but as his physician had not been called for a month, he reported to the coroner. It is said that raising the last few weeks Lord Harcourt has been subject to depression, but there is no known reason why he should have wanted to take his own life. It is not thought his health was worse recently than it had been for some time.

Excitement over the inquest has been heightened by the announcement that Sir Edward Marshall Hall, a criminal lawyer who will appear for the family. This has multiplied the reports that possibly an overdose of veronal was taken knowingly.

LATER.
London, Feb. 28.—Death from misadventure was the verdict rendered at the inquest today into the death of Viscount Harcourt. Evidence was given to show that death was due to syncope, while the viscount was suffering from pulmonary disease, and was accompanied by an overdose of bromide. The coroner added that it was grotesque to suggest that Viscount Harcourt had committed suicide.

Brilliant Scene In
Crowded London
As Princess Weds

Streets Thronged With Cheering Crowds Greeting Royal Bride and Party on Way to Abbey—The Ceremony—Address by Archbishop of Canterbury.

(Canadian Press Cable)
London, Feb. 28.—Princess Mary, only daughter of King George and Queen Mary, was married today to Viscount Lascelles, with all the pomp and dignity befitting a royal wedding. The ceremony began in Westminster Abbey at 11 a.m., and soon thereafter they were pronounced man and wife. The children of Westminster rang out the happy message and vast crowds were tumbling over the gates.

The scene of the ceremony within the historic walls of the abbey was one of impressive grandeur, with the queen and the entire royal household participating and with all ranks represented in the brilliant assemblage while outside the abbey enthusiastic popular homage was given the bridal pair.

Many Visitors.
The long awaited day found London crowded with excursionists from all parts of the island and the continent. Americans also were in evidence—hundreds having made the voyage to gain a glimpse of the great state function. Many paid high prices for seats in stands or even standing room in windows overlooking the way.

Hours before the 2,500 guests began assembling in the abbey, there were members of the household who should be traversing the route. Some bringing blankets and food with them, made certain of seeing their prince and princess all night possibly of carefully chosen positions.

At 8 a.m. a general vehicular traffic was diverted from the streets between the palace and the abbey by a force of 8,000 mounted and white-robed police who lined the royal way crowding watchers back to the curb.

Only motors and carriages bearing ticket holders were permitted to pass the police lines. The conveyances put down at the abbey doors streams of gorgeously gowned women, diamonds, sapphires and other precious stones flashing from their tiaras, necklaces and bracelets.

Outside Buckingham Palace and a few moments later, about the abbey, military guards of honor took their position, forming a line in front of the palace, their tall fur shakos and scarlet uniforms making a brilliant spectacle along the mile and a half thoroughfare.

Two thousand of the King's Life Guardsmen and territorial were paraded for this duty. With them were the four bands which entertained the crowds until, at 11 o'clock, trumpeting from the mounted escort heralded the departure of the royal party from Marlborough House carrying Queen Mother Alexandra and Princess Victoria with the queen's suite.

Alexandra was accorded a modicum of the applause and cheering which the family had scarcely abated along the route. The coach and the two trailing carriages carrying the princess' ladies in waiting and the king's attendants had reached the entrance to the Mall, the cheering had spread half way down the troop lined avenue.

The band's rendition of "God Save the King" was unheeded in the wild tumult. The sound of the hoofs of the team of bays drawing the historic Irish state coach and those of the sovereign's mounted escort were drowned in the cries and applause.

The coach, which derives its name from the place where it was built, has a high seat with spacious plate glass sides through which the features of the princess and the king were easily discernible even by those at a considerable distance. It is surmounted by a gilded crown.

Owing to the rehearsals of the departure of these three carriages processions, their arrivals at the west door of the abbey were timed to coincide with the arrival of the royal party. The Dean of Westminster received them, and to the strains of Sir Hubert Parry's bridal march, faintly heard from the interior of the abbey they were conducted by gentlemen ushers down the

As Hiram Sees It

"Hiram," said the Times reporter, "is a man who has been in the business for a long spell to go with him to one of their dinner parties. Hiram has been asking me if I knew what kind of a man it was—and I want there last night to find out."

"And I presume," said the reporter, "that you did find out?"

"I found out they're the jolliest crowd of fellows I ever seen. I'd dance every night if I could and he'd have a good time. And when it came to the dance they put on a polka-quadrille for me and Ned Terry and Jim Woodman and a stout fellow that had to be fanned after every effort. I guess they thought Hiram couldn't dance. Well—you orto see me do it! The head an' toe. Yes, sir—I had a good time. I ain't used to such a small floor, but the girls was awful nice—yes, sir."

Says Girls Should Marry Only for Love— Tells of Her Many Husbands Acquired Before She Was 42.
"I would not advise any girl to marry unless she knows what she is doing," Mrs. Seaman said. "I married when I was eighteen, hoping to get a good home. My first husband was a teacher of languages in Nashville, Tenn. I got him through a matrimonial paper. I did not love him, and in looking back I realize now that I never loved any man. But I wanted a good home, so I left my home in Pennsylvania and went with him to Nashville. We lived together about a year and I found out he was a crook. Even on our honeymoon he got a number of books he never paid for. I learned later he has been sent to Sing Sing for nineteen years."

"My next husband was a bartender. We lived together for about twelve years. He got to drinking too much and was very abusive, so I left him in Meadville, Pa.

"My third was a waiter whom I met in a restaurant where I worked in Buffalo. Then I married a ten-pin setter in a bowling alley. My fifth was a coffee house proprietor in Buffalo. Then I married a chef, a laborer and a fake detective, a Cleveland man. He's in the reformatory now."

"Drinking and cigarettes were the cause of some of my troubles. I converted now and I mean to be perfect hereafter. I advise every girl not to marry for a home or money. I see now that the happiness of married life must come through love."

Mrs. Seaman, who is forty-two, said she never heard directly from any of her husbands after she left them.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

Have You A Little
'Flapper' In Your Home?

Imperial Theatre is Going to Discuss This Matter With You Tomorrow.

Have you a daughter of the "flapper" age, whose ways are beyond understanding—who thinks the world was created for and around her—whom you can't get out of, but while she is in it she is an adorable chatterbox who thinks herself as nice as you think her? But do you ever try to tame her? It is a perilous thing and may cost you her love if you don't do it well.

These three angles of the "flapper" question are three of the most interesting angles in present day life. All three viewpoints are presented and worked out in "Enchantment," a cosmopolitan production for Paramount starring Marion Davies, which will be shown at the Imperial Theatre tomorrow.

It would be a bold step, the newspaper says, "but these are days of bold steps."

DON'T KNOW WHICH
IS CHIEF JUSTICE

Alberta Question is Referred to Supreme Court of Canada for Ruling.

Ottawa, Ont., Feb. 28.—(Canadian Press).—Who is chief justice of Alberta? A ruling on this curious point has been requested of the Supreme Court of Canada on a reference from the governor-in-council. Originally Judge Harvey, as chief justice of the Supreme Court of Alberta, was chief justice of the province. Then the supreme court of the province was divided into two divisions and the justice Scott appointed chief justice of the appellate division, with Judge Harvey as chief of the trial division. The question now for decision is: "Who is entitled to the office of chief justice of Alberta?"

SMITH-SIDDALL.
(Sackville Post).
A quiet wedding was solemnized at the Holy Comforter church, Poughkeepsie, N. Y., on Wednesday morning, Feb. 22, by Rev. C. A. Bull, when Miss Vesie A. Siddall, formerly of Amherst, became the wife of E. Norman Smith of Ottawa. Miss Siddall is the third daughter of Mr. and Mrs. George O. Siddall and was born on their farm at Westmorland Point, N. B. Mrs. Andrew Jackson of Amherst, is a sister. Some years ago Miss Siddall was private secretary to Hon. E. N. Rhodes and accompanied him to Ottawa in that capacity. Later she entered the Dominion Civil Service and for several years held a responsible position in the Marine and Fisheries Department at Ottawa. During the war at her own request, she was loaned to government branches carrying on war activities. Two years ago she resigned from the permanent Civil Service, in which she was secretary to Mr. A. R. Tibbitts, inspector of Harbours and Commissions, in order to enter Vassar Hospital, Poughkeepsie, for training as a nurse. While in Poughkeepsie, Miss Siddall made many friends who will regret her departure.

Mr. Norman Smith is one of the best known of Canadian daily newspaper publishers. He is vice-president and associate editor of the Ottawa Journal and has for several years been elected president of Canadian Press Limited, the national co-operative news gathering association of Canada. Mr. and Mrs. Norman Smith, after a short stay in Atlantic City, will take their residence at 297 Larrier avenue east, Ottawa.

ROYAL YEAST CAKES

Canadian Made
A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks.
Royal Yeast is a food. It supplies the water soluble vitamins which the diet may lack. Scientists tell us that this vitamin is essential to good health. Royal Yeast is highly beneficial in many cases in which the system seems to be run down. The yeast cakes simply add to the diet. It is a food - not a medicine.
Dissolve a Royal Yeast Cake in fruit juices or mix it with cereal and milk, and take it at meal time. The chances are in a few weeks the complexion will be clear. For children reduce the amount to one-half or one-quarter of a cake with each meal.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe, and does not mat or cake when burning, is far better than Hard Coal for general house hold use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fire and small heating stoves. Such a coal is Broad Cove Soft Coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics. 2192-3-1

LIVE SNAKE ON FLOOR

COMPELS ADJOURNMENT OF JAPAN'S PARLIAMENT
Tokyo, Feb. 28.—An attempt to fix the blame for the throwing of a live snake on the floor of the Diet yesterday resulted in an uproar in the lower house today, causing a temporary suspension of the session shortly after the resumption of the debate on the universal suffrage bill.

A member of the Kensei-Kai party, the opposition, stoutly denied the charge that he was guilty of inciting a boy to drop the reptile from the gallery. During the heated argument which followed a member of the Kokuminto, or Nationalist party, mounted the rostrum and denounced the alleged arbitrary denials of the speaker. Others spoke in the same strain. Thereafter a representative of the Kai Yu-Kai, the government party, undertook a defence of the government attitude toward yesterday's demonstrations in favour of the suffrage bill, when a number of the demonstrators were arrested. Perceiving that the tumult was beyond control, an adjournment was declared until tomorrow.

SUITOR KILLS FATHER. WOUNDS GIRL IN TRAIN

West Medway Man Then Turns Weapon on Himself—Both Probably Dying.
West Medway, Mass., Feb. 28.—P. Russell of this town was shot and killed on a New York, New Haven & Hartford train at Clewquot station, near here, by Kingdon, Jeffers of West Medway. Russell's daughter, Grace, nineteen years old, was also shot and probably fatally wounded. Jeffers then turned the revolver on himself and is believed to be dying.

Russell was returning with his daughter from Boston. Jeffers was also a passenger, and just before the shooting had approached the seat occupied by father and daughter and attempted to engage them in conversation, according to spectators. As the train left Clewquot, Jeffers drew a revolver and opened fire, killing Russell with one shot. The girl leaped from the coach and Jeffers pursued her, shooting as he ran. When Miss Russell fell Jeffers shot himself. He and the girl were taken to the Framingham hospital. Jeffers was one of Miss Russell's suitors, neighbors said. Some trouble had arisen recently and it was alleged that Jeffers had made threats against her life.

A pleasing entertainment was given last evening to the members of the fire department stationed at No. 4 City road, through the courtesy of a local firm in giving a phonograph concert.

James H. Hayter, engineer in charge, was chairman for the evening and donated a box of cigars that were much appreciated.

RECIPROcity

The visit of Hon. W. S. Fielding to Washington has naturally given rise to much speculation. He believes in reciprocity, and but for the flag-waving tactics of the Conservatives Canada would have had the advantages of reciprocity some years ago. The Fordney tariff bill now before the American congress is a sufficient reason for an effort to improve trade relations between Canada and her neighbor, and anything Mr. Fielding can do in that behalf will be welcomed not only by the Liberals but by the Progressives. The people of the maritime provinces, deprived of a Canadian market by excessive railway freight rates, realize more fully than ever before the need of reciprocity. They will be very keenly interested in any negotiations that may be brought about. We are told that Mr. Fielding's first message, if he has any, will be delivered to parliament, but the time of waiting will not be long as the members are already beginning to meet. It is to be hoped that the government could not better signalize its assumption of power than by making a mutually advantageous trade agreement with the United States.

ADVERTISING FOR TOURISTS.

Reference was made a few days ago in this paper to the benefits Maine derives from tourist traffic, and the programme of its publicity bureau for the future. It is of further interest to note that they have a publicity bureau in the city of Vancouver. Its manager, Mr. J. Reginald Davison, was in Montreal last week, and in an interview said Vancouver had found that advertising pays. We quote from the Gazette:—
"Mr. Davison reports that gratifying results have followed the advertising campaign undertaken by the Vancouver bureau, which is conducted under civic auspices, with financial support from the business interests of the city. In addition to co-operating with the adjacent states of Washington and Oregon in retarding the attractions of the Northwest region for tourists, the bureau does special advertising in the prairie provinces throughout the winter and it is estimated that the number of sojourners from these provinces in Vancouver averages 8,000 each day from November to March. In the summer special advertisements are inserted in the Seattle and Portland newspapers, more especially just before American holidays, and the result is apparent in the customs entries, which show that last summer over 14,000 cars crossed the border from the United States. The merchants of Vancouver find that the increase in business directly traceable to these holiday and week-end visitors pays handsome returns upon the comparatively small contributions which they make toward the support of the bureau."
Mr. Davison laid emphasis upon the fact that in Vancouver practically the whole mercantile community benefitted to a greater or lesser extent by the tourist traffic, and therefore all its members were quite willing to subscribe their due proportion of the outlay in advertising. There is here a suggestion that might prove of some service in getting down to advertise the advantages of St. John.

IT READS WELL.

The Toronto Globe declares that Toronto is not hostile to the maritime provinces, and quotes a previous article in which it said:
"The cost of the canal is not charged up against Ontario and Quebec as distinct from the rest of Canada; and there is justice in the contention that the first cost of the Intercolonial should not be charged up against the Atlantic Provinces, and that railway rates should not be adjusted so as to bear that burden. The Intercolonial was one of the inducements held out to Nova Scotia and its neighbor to enter Confederation, and we ought not to construe that agreement in any narrow or pedantic way."
Confirmatory of its views as to the Toronto attitude, the Globe further says:
"The Halifax Chronicle commended this article as taking a broad and friendly view. It now assumes that the Toronto attitude is of the opposite kind—narrow and hostile, threatening and insulting. We have not seen one particle of evidence to sustain that assumption; we have not heard a single protest against the views we expressed. We believe that the prevailing desire here is to make the National Railways serviceable to the east as well as to the west, and a bond of unity between all the provinces. If we are to have unity we must have good understanding, and Toronto opinion ought not to be judged by a single expression of opinion by an Ottawa writer."
The proof of the pudding will be in the eating of it. The people of these provinces will judge Ontario by what happens to the maritime province appeal for a square deal from the rest of Canada.

In Seattle the Canadian dollar is accepted at par. It will soon be at par, no doubt, throughout the United States.

ACROSTIC.

Princess Mary.

Proud princess of a noble race,
Right loyally thy name we greet;
In the bright sunshine of thy face
Nobility and goodness meet.
Could be the sun's rays from above
Ere thou from our affections part;
Surrounded by a people's love,
Secure within an Empire's heart.

May love and luck abide with thee,
Across thy path may sunbeams bend;
Rose-tinted may thy future be,
Youthful of heart until the end.

HOPE A. THOMSON.

LIGHTER VEIN.

The Wrong Delivery.
The preacher had been rather long-winded, and people wondered if his sermon would ever end.
A young bride in the congregation and her husband had left the dinner on the gas range without regulating the flame.
She hastily scribbled a note, and slipped it to her husband, who was an usher. He, thinking it was intended for the minister, walked up and handed it to the pastor.
The good man paused in his sermon, and took the note from the usher, who changed to a frown when he read:
"Please hurry home and turn the gas off."

While in London recently a Dublin man, spending a week at a barber's shop for a shave, handed him a check for more than the man thought he should be charged.
He regarded it thoughtfully.
"Do you happen to know the significance of that red-and-white-striped pole in front of your shop?"
"Yes, sir," said the barber, "you see, in olden times, barbers were surgeons as well as tonsorial artists. When a man had to be bled for more than a barber, then whatever you do don't take down that pole!"

Not Enough Practice.

Aunt—"Johnnie, why is it that you never remember to say 'Thank you'?"
Johnnie (crying wistfully) a box of chocolates on his aunt's knee: "I expect it's 'cause I don't get things given to me often enough to practice."

"A cat sits on my fence every night and makes the most infernal howl with his infernal row. Now, I don't want to have any bother with my neighbor, but this nuisance has gone far enough, and I want you to advise me what to do," said the client.
The lawyer looked as solemn as an owl, and answered not a word.
"I have a right to shoot that cat, haven't I?" asked the client.
"I would hardly say that," replied the lawyer. The cat does not belong to you, and I am unable to advise you. No; but the fence does."
"Ah!" exclaimed the light of the law. "When I see you have a perfect right to pull down the fence."

Surprising Luck.

Missus—"Matilda! I've just discovered my new silk stockings in your box!"
Matilda—"Aye, yer, miss, and that's that, now! And all the time you thought you 'ad lost 'em!"

Too Many Questions.

Tommy—"Mamma, why has daddy so little hair on his head?"
Mamma—"Because he is always thinking great thoughts."
Tommy—"And why have you so much?"
Mamma—"Go to your lessons, Tommy!"

"KICK IN" FINE PRESENTATION
Knights of Columbus Amateur Show Well Received by Large Audience—Distinct Success.

Seldom have St. John theatre goers been treated to such an excellent amateur performance as that given last evening under the auspices of the Knights of Columbus in St. Vincent's Auditorium when the New York troupe, headed by Arthur Wash, was presented to a packed house. The smoothness of the performance, the manner in which each of the pieces reflected great credit on the part of the performers, the selection of the programme, particularly those who attended last night, each part being taken by one well known to the handling of it. The play recounts the events surrounding the efforts of the New York detective department to trace the robber of a valuable diamond necklace. E. J. Henneberry, as Chick Hewes, a reformed crook, and Miss Blanche O'Brien, as Molly, his wife, were outstanding characters upon whom fell the greater weight of the emotional part of the piece. In their efforts to clear themselves and Mrs. Hewes' brother, Charley Gary, a dope fiend, they were called upon to do some clever and dramatic acting. As Charley, Robert B. McDade, handled more difficult and exacting part in a highly satisfactory manner.

Arthur Wash made a very official and hard part police commissioner and he was well called for by Ronald Morris and W. D. Hurley as detectives. All three parts called for sympathetic treatment and it was given in full measure by those who portrayed them.

A wealth of rich humor was introduced by Mrs. Halloran, landlady for the Hewes family, and her daughter, Daisy, taken respectively by Miss Stella Pyne and Miss Loyola Duffy, who kept the house in roars of mirth during their exquisite dialogues in the second and third acts. Miss Isabelle Gormery, as Memphis Besie, a retired shoplifter, had a bright role which she presented to perfection. Her sharp repartee with the police during their investigation caused considerable merriment. An important and exacting role was that of Myrtle Sylvester, sweetheart of the robber at whose door was laid the theft of the necklace. In her clashes with the police, during which she used every resource to keep secret the hiding place of her wounded lover, she was called upon to enact a difficult part, which she did with great success. The director himself looked after a small but important part—that of Old Tom, the police sergeant at headquarters.

The Knights are to be congratulated on the excellence and success of the piece, which will receive its final showing tonight.

FOUR WERE SENT UP FOR TRIAL

The case against John Dell Allan Willis, charged with the theft of cloth to the value of \$1,200 from the C. P. R. while in transit, was continued yesterday afternoon. James Leo Hayes testified that he had seen the accused hire a sleigh. Albert Grimbley gave evidence that the accused had come to his boarding house to see Briggs. On another occasion he saw him handling Briggs a parcel. John Tanner, the proprietor of the boarding house, said he saw the accused talking to Briggs. A few days later he came to the house and asked for Briggs, but he, the witness, warned him to keep away. C. P. R. Constable Costello gave evidence similar to that of Detective Biddiscombe, telling about the arrest of Willis and the finding of cloth in the sleigh. The case was sent for trial. J. A. Barry appeared for Willis and H. H. McLean, Jr., for the C. P. R. The case against Robert Stafford, Samuel Levine and Joseph Hayes, charged with breaking and entering a C. P. R. section house, was continued. Harry Piercy testified that his section house, opposite Fernhill cemetery, was closed and locked on February 18. The next morning he found that a window had been broken. Policeman Hughes told of seeing with the patrol wagon when the accused were arrested. The three were committed for trial. J. Starr Tait appeared for Stafford.

The Girls' Branch of the W. A. of St. John's held a meeting at a meeting last night and listened to Mrs. Worth, sister of Rev. R. P. McKim, in a lecture on "The Missionary Work of the Woman" in that country for some years. She told of the manners and customs in that land, especially of the carpet-weaving, which is the chief industry of that country.

An interesting event took place last night in Trinity church school room when A. C. Skelton, provincial commissioner, presided to Scout John Frasier, aged eight years, the Boy Scout silver medal. The act for which the medal was awarded was the heroic saving of the life of a child last year at the foot of Kennedy street. Rev. J. V. Young made a commendable speech on the occasion. Following the presentation of the second of a series of lectures was given. C. C. M. E. L. C. gave a most interesting talk on bridge construction.

Mrs. E. Atherton Smith returned yesterday after attending a conference of the executive of the National Council of Women held in Ottawa on February 22 and 23. Among the business transacted at the meeting were resolutions respecting the limitation and immigration, particularly that women be allowed to take up homesteads the same as men and that Irish immigrants be encouraged to come to this country, and also respecting fire protection. Mrs. Smith of St. John's was named to attend the Pan American Congress at Baltimore in April. Mr. Smith spent a day in Ottawa and visited the head office of the National Institute for the Blind.

Ex-president of the C. M. A. Makes References—Urges the Teaching of French in Schools.

Hamilton, Ont., Feb. 28.—S. R. Parsons, ex-president of the Canadian Manufacturers' Association, addressed the Lions Club at the Royal Comaught Hotel last night. He stated that French could be taught in the schools of Canada, as it would create a fraternal spirit. It seemed possible that Quebec might be running away from Ontario, as Quebec was benefiting from Ontario's social lowering and higher wages. When U. S. manufacturers compared the two provinces they decided to locate in Quebec.

HON. W. S. FIELDING UNITED STATES VISIT

A despatch from Ottawa last night told of a visit being paid by Hon. W. S. Fielding to New York and Washington. It is suggested that his trip is an attempt to sound out the effect that Mr. Fielding's visit had on immediate object.

A CORRECTION.

To the Editor of the Times:
Sir:—As to the accident to Mrs. John W. White, 361 City road, it should have been thus:
On coming home on Friday evening, 24th inst., and getting off the Haymarket Square car at Mowatt's corner, the steps being so rounded and covered with ice she slipped and fell, striking her back on Mowatt's drug store, where Mr. Mowatt and others attended to her temporarily. After recovering, somewhat she was taken to her home, where Dr. G. G. Corbet was called in and found the injury was serious. At present Mrs. White is resting as well as can be expected after so severe a fall.

RECENT WEDDINGS

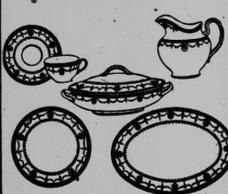

Stewart-Crowhurst.
An interesting passenger on the steamer Minnesota yesterday was Miss Sylvia Cactus Crowhurst, of Folkestone. Her trip to Canada marks the culmination of a romance begun in England some time ago. She became engaged to James Stewart, a marine engineer of Folkestone, who decided that Canada offered more inducements to a live young man than the Old Country. Accordingly he came to Canada and went on a farm at Thamesford (Ont.). He made good from the first, and in the eighteen months he has been in the country prospered sufficiently to send for his bride-to-be. He met her at the boat yesterday and they were married in Queen square Methodist church at three o'clock by Rev. Nell MacLaughlin. They will remain in St. John until Thursday.

Four Out of Every Five

Four people out of every five who pass the age of forty, and thousands younger, are marked by Pyorrhea for its victims.

Does that include you?
Startling as these figures are, they are accurate statistics which your dentist will verify.

When Pyorrhea comes, it does its deadly work quickly. It loosens the gums until they recede from the teeth, which drop out or must be pulled.

It forms sinister pus pockets at the roots of the teeth. Germs breed in these pockets, then swarm throughout the system.

Ill health often follows and serious sickness. Don't sit idly by and wait for Pyorrhea's coming. At the first danger sign, tender or bleeding gums, consult your dentist and begin using Forhan's For the Gums.

If used consistently, and used in time, Forhan's will prevent Pyorrhea or check its deadly course. It is the formula of R. J. Forhan, D. D. S.

Use Forhan's as a dentifrice every day. Brush your teeth with it regularly. It keeps the teeth and gums in a clean, healthy condition.

Don't put off buying Forhan's until tomorrow. Remember—four out of five wait too long. 35c and 60c tubes at your druggist's.

PURE COW'S MILK.
To the Editor of The Times:
Sir—About one year ago my eyesight was fast falling me, and in the American Review I saw an article on falling eyesight, by Dr. O'Brien, Florida, and it looked so simple and cheap I tried it and am pleased to say it was a complete success. Now here is what he said: To drink at least one quart of pure cow's milk every day. He showed there is a germ in pure cow's milk that every person must have in their blood to have good health, and the more pure cow's milk you drink the more of those little friends you have in your blood. But he

says under no consideration to use cooked or pasteurized milk. He showed me that on the cord leading from the eyesight to the base of the brain there was a germ, an enemy of the human being, destroying that cord, which spoiled my eyesight, and the friend in the pure cow's milk destroyed him and all other enemies of the human being, and remains in your blood a perfect friend. This I have proven to be a fact. My eyesight was so bad I could not read The Evening Times under an electric lamp, and now I can read as well as when I was fifteen years old. There will never be a by-law passed that will compel me at least to use pasteurized milk, from what I have proven on myself. But if others want pasteurized milk there are two plants in the city to supply them. But before the milk trade is turned over to a combine, allow the people to vote on it first, so we can have it well thrashed out.

Thanking you, Mr. Editor, I am,

TIMES IN CANADA ARE IMPROVING

(Canadian Press Despatch)
Ottawa, Feb. 27.—The first two weeks of January show marked increase in employment throughout the dominion, in comparison with the similar period a year ago. Returns received by the employment service branch of the department of labor from 5,800 firms, with a total payroll of \$41,146 persons, show that increases in staff gave employment to approximately 19,000 additional workers. This indicates partial recovery from the heavy declines registered at the end of the old year, and is more marked than that recorded in the early part of January, 1921.

WOMEN WAIT ON HON. MR. STEWART

Ottawa, Feb. 27.—Urging that the dominion government "revolve a national immigration policy based on the needs of the country and the adaptability of the immigrant, and insisting on a pre-eminence of British citizens among those admitted to the country," a deputation from the National Council of Women waited upon the minister of the interior, Hon. Charles Stewart, today and were promised that the resolution would

be laid before the special cabinet sub-committee. The deputation was composed of Mrs. W. E. Sanford, president National Council of Women; Miss Joan Arnold, regent of the Imperial Order of the Daughters of the Empire; Mrs. C. H. Thorburn, Ottawa, and Mrs. Fitz Randolph of Fredericton (N. B.).

MUNICIPAL CHAPTER.

The Municipal chapter of the I. O. D. held its regular meeting yesterday afternoon with the regent, Mrs. J. Boyle Travers presiding. The chief business transacted concerned the arrangements for holding the annual meeting early in March.

IT DESTROYS GERMS where the tooth brush cannot reach

Minty's Tooth Paste destroys all the decay germs where your tooth brush cannot reach, because it is highly antiseptic. It keeps the teeth white by removing every trace of the discoloring coating without the risk of using harmful, scouring matter. It hardens the gums, keeps the breath sweet, has a refreshing and lasting after-effect and is an acknowledged preventive of pyorrhea.

Why pay more than pre-war price?

Minty's Tooth Paste at 25c. the large tube, is the most remarkable dentifrice value obtainable because Minty's contains only tooth-cleaning ingredients recommended by the highest dental authorities.

Minty's is an economical tooth paste because it is highly concentrated and goes farther. Try a tube for your teeth's sake. You will never change from Minty's.

WHAT STAYS ON TILL YOU WASH IT OFF?
Minty's Sweet Kiss Face Powder is the one you really ought to use. The powder itself is unusually pure. It is wonderfully fine therefore does not show—and it stays on until you wash it off. Sweet Kiss Perfume is delicate, elusive, and delights the woman who is fastidious about her person. Most good toilet goods counters carry the full Sweet Kiss series of toilet preparations. If yours doesn't—write us.

Sisters in beauty

Two pretty girls, sharing the same beauty secret, although one lived 3,000 years ago. Girls who both know that a fresh, smooth, radiant skin is not only a woman's greatest charm, but one within the reach of every woman.

For pretty girls used Palmolive in the days of ancient Egypt, just as they do today. The crude combination of palm and olive oils which served as beautifying cleanser was the inspiration of the familiar Palmolive cake, famous for its mildness the world over.

Modern science, with all its progress, can find no milder, more soothing cleanser than these two ancient oils. It can only perfect their combination and offer it in the most efficient and convenient form.

Gives a perfect skin

To state that just washing your face every day will give you that all-desired, fresh, smooth skin may sound too simple to be true. But such cleanliness is the foundation of complexion beauty, for this reason:
The accumulations of dirt, oil and perspiration, cold cream and powder must be removed or they will collect and clog the tiny pores which compose the surface of the skin.

Such clogging enlarges, which soon results in coarse texture, and the imbedded dirt causes blackheads, and when it carries infection, eruptions follow.

There is no beauty in such a neglected skin, which repels when it should attract, and prevents popularity and social success.

Soothes while it cleanses

Some women will complain that soap is too harsh, that it ages and dries their skin. This proves they are using the wrong soap.

The smooth, creamy lather of Palmolive soothes while it cleanses. It removes every trace of injurious dirt and skin accumulations and secretions, leaving the face becomingly soft and smooth, with radiant freshness and natural color.

The use of cosmetics isn't harmful if the basis is a skin that is thoroughly, healthfully clean. In case of dryness, apply your favorite cold cream both before and after washing.

Not for face alone

Don't forget that your neck and throat are also conspicuous for skin beauty or the lack of it, and that this is where age first shows.

Arms and shoulders should be kept smooth and white and hands must be beautified.
Use Palmolive for bathing and these results are insured, with the comfort of a skin which always feels luxuriously smooth.

Not extravagant at the price

If Palmolive was a very expensive soap, such advice would mean extravagance. But the firm, long wearing cake of generous size costs but a modest price.

The reason is gigantic production which keeps the Palmolive factories working day and night and the importation of the bland, mild oils in the vast volume which reduces cost.

Thus this finest facial soap, which if made in small quantities would cost at least 25 cents, is offered at the popular price which all can afford for every toilet purpose.

JAPS SECURE GERMAN SECRETS

Berlin Reports Betrayal and Sentences Imposed on Former Officers and Others.

Berlin, Feb. 28.—German military and naval secrets of much importance have come into the hands of Japanese government agents, according to information here. Among these are processes for the manufacture of star shells, the formula for a contact fuse which the Germans used advantageously for range finding when time exploding fuses were unsatisfactory and "certain submarine plans and notes on secrets which have been betrayed to the detriment of the "German Empire."

For the theft of these submarine plans and other secrets, which took place several months ago in Kiel, at least seven Germans have been tried for high treason.

WOMAN SUES FORMER HUSBAND

Alleges Breach of Promise and London Jury Awards Her \$25,000.

London, Feb. 28.—Perhaps the strangest breach of promise case ever heard in London came before the Chief Justice when a divorced woman, Mrs. A. Bendix sued her former husband, alleging that he had renewed his courtship after the divorce and had proposed that they marry again. Then, she said, a few days before their second wedding day he married a well-known actress. The jury awarded her \$25,000 damages.

Bendix denied that he had actually proposed remarriage, but admitted he had considered it. Asked why he had weakened with Mrs. Bendix, he replied, "Because I was trying to get myself to agree to remarry her."

In her testimony, Mrs. Bendix admitted that after the divorce, in 1919, she begged her husband to return to her and that he had been generous, giving her an allowance since her divorce of £2,100, free of tax.

Then, Mrs. Bendix alleged, her husband called her up in 1920, while she was staying with her fifteen-year-old daughter at Eastbourne, and invited her to London. She went and he treated her affectionately, she said. On her birthday, she said, Mr. Bendix surprised her by proposing, over the telephone, remarriage, but later he had failed to keep an appointment. Doreen, his daughter, telephoned him and he replied that he had written to his wife's mother, saying he was finished with his wife.

On the stand Doreen stated she had told her father "what I thought of him," which, in reply to counsel, she said was "You're a cad and a blackguard."

The husband denied he had proposed the second time to his wife, though he admitted he had spoken of remarriage before the daughter.

Mother of Illinois Triplets Dies.

Danville, Ill., Feb. 28.—Mrs. John Plowe, the mother of girl triplets born here on last Tuesday, is dead, following a Caesarian operation. The three babies are said to be in the best of health. Mrs. Plowe, before her marriage, was a newspaper worker.

Dr. Patterson, Toronto's Women Magistrate, Delivers Address at Ottawa.

Ottawa, Feb. 28.—If a man, wearing as little clothing as the modern girl does, walked two blocks he would be arrested for indecent exposure," was the assertion made by Dr. Margaret Patterson, who addressed Ottawa Women's Club on "Our Girls." Dr. Patterson, who was formerly a missionary to India, was recently appointed a magistrate in the Women's Court of Toronto. She is in Ottawa attending the executive of the National Council of Women.

"The whole future of Canada depends on the physical fitness and ideals of the girls of the twentieth century. Every girl exerts some influence, either for good or evil, no matter what her position in life. There are plenty of young men being turned away from the good, sane things of life by the frivolity of the modern young woman."

Dr. Patterson had hard and fast ideas about the prevalent use of cosmetics. "No girl's body," she explained, "can be sacred which is disfigured with paint or powder, or covered with insufficient dress."

"When I see girls making themselves cheap, either in manner or dress, I can't help thinking that they are like goods on a cheap bargain counter—well handled but not purchased."

She advised the application of the old axiom, "hands off" for use in the social life of the girl of today.

EIGHT HUSBANDS IN VARIOUS CITIES

Cleveland, Feb. 28.—Mrs. Jessie Seaman, 38, who admits being wife of eight men, whom she married without obtaining a divorce, was sentenced from one to seven years in the reformatory by Judge Wall here. Mrs. Seaman said she married the men in Buffalo, Meadville, Pennsylvania, Cleveland and Cincinnati. "I am alone to blame, and all the punishment I get is surely coming to me," Mrs. Seaman said.

PROGRAMME AT THE OPERA HOUSE

Eminent Jap Actor Shares Honors With Bessie Love in "The Swamp."

Patrons of the cinema art were treated to a rare bit of acting last night at the Opera House, when Cesare Hayakawa, an eminent Japanese-American actor, shared honors with Bessie Love, in a story of sunshine and shadows that the programme gave Hayakawa credit for writing.

In "The Swamp," Hayakawa is seen as a Chinese peddler who sells his wares from a cart in the crowded streets of New York's tenement district. A quick, shy boy, his neighbors know little of him. He confines his dreams to his only companion, his horse, and then he meets "Buster," played by a wonderful child actor. Through his friendship for the child the Chinese youth stumbles across a romance which proves both pathetic and beautiful.

An excellent cast of screen talent supported Mr. Hayakawa and Miss Love, including Harlan Tucker, Lilian Langdon, Frankie Lee and Janice Wilson.

Harold Lloyd, in a comedy, "By the Sea Waves," and other reels completed a programme. The same pictures will be shown again today.

THE MOUNT ALLISON DALHOUSIE GAME

Amherst, N. S., Feb. 27.—That the maritime inter-collegiate play-off between Dalhousie and Mount Allison hockey teams will take place in Amherst this week was practically decided tonight. Both teams are satisfied with the terms offered by the rink management, but there is a difference of preference in regard to the date.

DOG WITH SUICIDE

Bridgewater, Ont., Feb. 27.—The body of John MacNicol, a farmer of Bertie township, was found today hanging from a small maple tree at Crescent Beach by an elm shoot which he had twisted around his neck and fastened to a limb of the tree. An old cocker spaniel was found watching the body, having been there since Saturday night. It was so weak that it had to be carried away.

MISS V. HECKSCHER LOSES A PHILADELPHIA, Pa., Feb. 28.—Disappearance of a diamond engagement ring valued at \$12,000, which was presented to Miss Virginia Heckscher by her fiancé, Barclay McFadden, has been reported to the police.

Miss Heckscher, who last wore the ring at a bridge party at the Ritz-Carlton Hotel last Tuesday evening, does not know how it disappeared. She noticed that the ring was no longer on her finger when she drew the glove off her hand at the Academy of Music, where she went to attend the midwinter ball following the bridge party. She recalled that she washed her hands at the Ritz-Carlton before leaving for the Academy, but does not remember having removed the ring.

THE JOGGING STRIKE

(Amherst News.)

A boy working in the mines at Joggin refused yesterday morning to open a nearby switch. As a consequence five hundred men lost a day's work. A large amount of capital made no return. And certain bitter feelings were aroused. The News is not inclined to blame to the boy, the men, or the operators. We are not familiar with the inside facts, so must suspend judgment. The men and management get together during the day and came to an amicable settlement. As a result the men are back to work today.

In this incident, which is really a serious affair, involving a minor in comparison to other labor happenings, several things stand out, viz.:

1.—A small grievance.

2.—500 men out of work.

3.—An amicable settlement after a get-together men and management.

These happenings lead us to ask, when are men going to learn to try to agree before they disagree. Had the conference taken place and the matter been then settled five hundred men would have a fatter envelope on their pay day, and the management would have a more satisfactory showing to make to its shareholders. Disagreements are only settled after conferences. Why not in all cases try the conference before the strike?

CRISIS IN ICELAND OVER PROHIBITION

London, Feb. 28.—Copenhagen newspapers report a cabinet crisis in Iceland on the prohibition problem, says a despatch to the Central News from the Danish capital. The Premier has resigned and is likely to be succeeded by W. Egers, who will propose the abolition of prohibition.

Since 1918 Iceland has been acknowledged as a sovereign state, with King Christian X of Denmark ruling. The Parliament of Iceland in 1915 passed a measure forbidding the sale of alcoholic liquors. Previously, in 1912, the Danish Government had prohibited alcoholic beverages in Iceland.

Lockport, N. S., Feb. 27.—The Lockport fishing fleet, which went out to the fishing grounds today, was caught in a blinding snowstorm and two men who left their vessels in dorries to set trawls are missing. The men are Edger Williams, of the schooner Regatta B., and Jerry Reid, of the schooner Gladys Thorburn. Both vessels returned to port tonight.

A friendly match between a rink from St. Andrew's Club, skipped by Dr. A. H. Merrit and one from the Thistle Club, skipped by R. E. Crawford, was played on St. Andrew's ice last evening and was won by the former 13 to 11. The losers will banquet the winners.

Important as is the contribution of amateur athletics to the physical welfare of the nation, greater still is its offering as a maker and moulder of moral fibre.

Healthy minds in healthy bodies are much to be desired, but of what little avail if not accompanied by a pure soul.

Persistence, physical courage, determination, manliness in victory and in defeat, are important lessons taught by amateurism, but the greatest and best is the appreciation of moral values, and the development of a moral balance wheel.

Respect for the letter and spirit of the rules, to lose honorably, rather than to win dishonestly, to live a pure life because it is right in itself, to refrain from taking the opportunity to play for the sake of the prize, are a few of the teachings emphasized in amateur athletics.

The Amateur Athletic Union of Canada, together with provincial bodies, has for many years been working and striving for the accomplishment of the ideals above. No one can doubt that it is a good work which necessarily improves the individual and rebounds to the benefit of the country.

All true sports should take the opportunity to take up a mission which will improve the physical, mental, and moral well being of its members and people at large as a further contribution towards the work for one's country.

A conference was held yesterday afternoon between H. H. McLellan, provincial fire marshal, Mayor Schofield and G. G. Hare, city engineer, regarding the pent house on the roof of city hall. The fire marshal contended that it should be built of steel, while the plans call for wood construction, sheathed inside and out with galvanized iron. A report will be presented to the city council this afternoon regarding the matter.

AMATEUR SPORTS ARE DEMOCRATIC

Moncton Transcript Presents Strong Case for Sharp Distinction.

(Moncton Transcript.) The best impression to be drawn from the N. B. district championship meet in the Sunny Brae rink on Thursday afternoon and evening was "It was an amateur meet."

From the point of view of Canada's welfare perhaps the most vital distinction to be drawn between the two types of activity—amateur and professional—is its affect physically upon the people.

Amateur athletics assures the physical well-being of the many, rather than the few, it develops alert minds and healthy bodies of the masses, it raises the physical and mental standard of the people, it large rather than of a selected few. This results in stronger, healthier boys and girls, men and women, happy in their work, because of their happiness in their play, more efficient in their work because more contented and better citizens because better men. The number who can participate in professional sport is limited by the very nature of the game. Professional sport of any kind is essentially democratic. Too many paid performers would mean too little return for the promoters, and the principal object of the business is to attain the most money.

The percentage of the nation's people who may participate in professional sport is infinitesimal. Amateur sport, on the other hand, is inherently democratic—it welcomes the multitude—it teaches them for himself on the field of play, which is not entirely lost when off that field, it brings with it a realization of the necessity of knowing one's own rights and an ambition for the ability to enforce them. To a stranger in a strange land surrounded by strange customs and hearing a strange language these lessons are invaluable. There is no better way of teaching them than by having the subject learn them for himself on the field of many sport. Amateur sport also teaches self-restraint, and pictures in the strongest possible manner the benefits of teamwork, which, translated into more high-sounding phrases, is known as co-operation, cooperation, and non-duplication of effort.

Participation in amateur sports produces a wholesome and healthy respect for the rights of others on the field of play, which is not entirely lost when off that field, it brings with it a realization of the necessity of knowing one's own rights and an ambition for the ability to enforce them. To a stranger in a strange land surrounded by strange customs and hearing a strange language these lessons are invaluable. There is no better way of teaching them than by having the subject learn them for himself on the field of many sport. Amateur sport also teaches self-restraint, and pictures in the strongest possible manner the benefits of teamwork, which, translated into more high-sounding phrases, is known as co-operation, cooperation, and non-duplication of effort.

Important as is the contribution of amateur athletics to the physical welfare of the nation, greater still is its offering as a maker and moulder of moral fibre. Healthy minds in healthy bodies are much to be desired, but of what little avail if not accompanied by a pure soul. Persistence, physical courage, determination, manliness in victory and in defeat, are important lessons taught by amateurism, but the greatest and best is the appreciation of moral values, and the development of a moral balance wheel. Respect for the letter and spirit of the rules, to lose honorably, rather than to win dishonestly, to live a pure life because it is right in itself, to refrain from taking the opportunity to play for the sake of the prize, are a few of the teachings emphasized in amateur athletics.

LADIES' NIGHT OF ROTARIANS

Dinner, Programme and a Dance in Pythian Hall—More Than Two Hundred Laugh and Sing.

"Service above self. He profits most who serves best." These slogans of Rotary and the emblem of St. John Rotary Club, which is a steamer surrounded by a Rotary wheel, adorned the first page of the pretty leaflet given to each guest at Pythian Hall last evening. The occasion was ladies' night and also an observance of the twentieth anniversary of Rotary. The leaflet had on its inside pages an alphabetical list of the members of the club, and the evening's programme. On the back were condensed facts about Rotary, which had one club in 1902 and now has 25 clubs and 80,000 members in eighteen countries. St. John club led all those having between 100 and 500 members in December attendance at weekly luncheons, making a record of 96.75 per cent.

More than two hundred persons, about evenly divided as to sex, sat down at the prettily arranged dining tables a little after 8.30 o'clock, and Rotarian Bond and his staff gave an excellent and efficient service. The pleasures of the table were enlivened by lively choruses, with Mrs. Scovill at the piano. A rose and a lemon were set in motion, the former among the ladies and the latter among the gentlemen, and when the wheel was turned by the chairman the lady who had the rose received a box of flowers, and the gentleman who had the lemon had to make the presentation and receive a bill for the flowers amounting to ten thousand marks. The spirit of fun pervaded the banquet hall.

The regular programme began with a ten-minute talk on Rotary by Canon Armstrong, who sought to interest Rotary to the wives of Rotarians. His delightful address was in part humorous, providing much laughter, and in part came with hiser thought of an organization that is unique as the annals of human brotherhood.

L. L. Lachue sang with fine feeling and expression, and responded to an insistent encore. Mr. B. H. Belding recited selections from the "Bards of Rotary," explaining that in order rightly to interpret the soul of Rotary, as of a nation, one must turn to its poets. His selections from the poetical works of Canon Armstrong, Robert Ross, F. A. Dylman, H. L. Spangler, Mont. Jones, Ken. MacRae, Frank D'Onofrio and other bards were perhaps new to the audience, but made a deep impression on the audience. A duet by Thomas Guy and Mrs. Guy, who was introduced as "the main Guy," had to be repeated, so keen was the universal appreciation. Miss Gladys Gibbon, whose skill as reader is delightful, gave a number of humorous impersonations and was twice recalled. Not less enthusiastic was the reception of the sylvan selections by Rotarian William Putman, who, the chairman said, "will now swear the Rotarian to the motto of the club, 'Service above self,' accompanied by a lady, and gathered in some further spell for the orphans by discovering the cause of a penalty. The fine-master's dialogues with protesting victims were impromptu but highly entertaining.

From the dining room to the hall above the party moved a little after nine o'clock and amid tossing balloons and changing lights the Rotarians and their ladies to the strains of an excellent orchestra danced till a little after eleven. Some giddy young persons with lovely gray hair insisted on introducing a "square dance" between the first and one-steps and waltzes, and the way they went through a polka-quadrille would have given Terpsichore a stitch. There was an elimination waltz, and the prizes, large and handsome Rotary wheels, went to Rotarian G. N. Hatfield and Mrs. Hatfield. The happy evening, enjoyed to the utmost by all, concluded with the National Anthem. "On to Moncton" to the district conference, is now the Rotary slogan.

GEO. E. CARTER AND MISS DOGGETT OF ENGLAND WED

A wedding of interest to a great many friends throughout Canada took place at noon in the Episcopal church at Robesay, when Miss Irene Beatrice Doggett, of Minihurst, Cavendish avenue, Cambridge, England, became the bride of George E. Carter, of the Canadian Pacific passenger service. Rev. Canon A. W. Daniel officiated in the presence of 180 guests, relatives and friends of the contracting parties. Miss Doggett made her first trip to Canada in 1920 to visit her V. A. D. comrade, Miss Irene McQuade, and on that occasion traveled by the same steamer as that which brought her to keep her bridal engagement. She is a daughter of Mr. and Mrs. Frank Doggett, of Cambridge, England, and before sailing was lovingly remembered by her numerous friends in the university city, where the Doggett homes have been for so long. The beautiful wedding gifts from overseas were added to by a handsome chest of silver from Mr. Carter's associates in the C. P. R. staff and a complete set of mahogany dining room furniture from the groom's parents, Mr. and Mrs. E. S. Carter, of Fair Vale. After the ceremony, Mr. and Mrs. Carter took the Halifax train at Robesay. From Moncton they planned going to Quebec on the Maritime express and the honeymoon trip will include Montreal, Ottawa, Toronto and Niagara Falls. They will return to St. John, via New York and Boston.

Reductions From Our Usual Low Prices Mean More Than The Ordinary Sale

Every woman prides herself on her buying. She is quick to recognize good values. If she does not know comparative prices she soon finds out. Unlike a man, she insists upon shopping around until she finds just what she wants at a price that satisfies.

Because we know every woman will shop around at least until she has learned to have confidence in one store—we always urge that our quality and our prices be used as a basis for comparison. Our values are worthy—our quality is always good—we never have merchandise of questionable construction. However, questionable furniture is made. Considering quality and the fact that our furniture is guaranteed—our prices are always very reasonable.

And now from our low prices everything is reduced—reductions you'd hardly believe existed. Won't you come in and let us show you?
