IRISH MATTERS

LORD EDMUND TALBOT, D. S. O., who has been appointed viceroy of Ireland.

Boston, April 7.—A semi-official Vatican statement says: "The appointment of Lord Edmund Talbot as viceroy of Ireland has produced a good impression because of the abrogation of an unjust law which prohibited a Catholic from becoming viceroy over that Catholic population."

Rome, April 7.—A semi-official Vatican statement says: "The appointment of Lord Edmund Talbot as viceroy of Ireland has produced a good impression because of the abrogation of an unjust law which prohibited a Catholic from becoming viceroy over that Catholic population."

Belfast, April 7.—Charles Stevin, John Devine and Daniel Doherty, residents of Droonore, County Tyrone, were removed from their homes last night, by armed men, and their bodies were found outside the village this morning.

SAYS HE WAS ROBBED IN STREET

John Kelly Tells Story in Court—Theft of Revolver From C. P. R. Policeman Charged.

In the police court, this morning a case against Arthur John Kelly, a 32-year-old man, was resumed on suspicion of robbing John Kelly in Hilliard street. Mr. Kelly said that he was going to his home by the city street when he was accosted by another man who held his hands behind his back while Kelly took \$3 from his pocket. This took place about the evening of the 2nd inst. Kelly said that he was taken to a room in the Queen Hotel and found the revolver wrapped up in a handkerchief, that the accused told the detective that another policeman owned the grip, but after wards said that it was his and he found the revolver in the bathroom several weeks before. The revolver was identified by the witness.

NEW YORK POLICE ORDERED TO MAKE CITY BONE DRY

Commissioner Wants 1,000 More Patrolmen and Asks for \$100,000.

New York, April 7.—Each of New York's 11,000 policemen became a prohibition enforcement officer, yesterday, when actual enforcement of the state "bone dry" law went into effect. Mayor Hylan issued an order to Police Commissioner Enright directing that the law be enforced, and the commissioner set about instructing his force in their new duties. He said the new law would be enforced literally, at least until there is a definite judicial decision as to its provisions. He also asked for \$100,000 to be used in securing evidence for the enforcement of the law, as well as funds necessary to add 1,000 patrolmen to the force.

RELIEF LIST IN TORONTO SMALLER

Toronto, Ont., April 7.—This city's relief list is down to 14,940, a drop of more than 5,000 since February 22. The Krusmann Hotel, one of the civic relief stations, will be closed on April 12, and that will end the giving of free meal tickets to single men.

During 1920, 747 immigrants were rejected at Canadian ocean ports and 19,019 at boundary points.

HOPE SPRINGS ETERNAL

MORE ATROCITIES BY THE TURKS

Greek and American Christians Suffer—Britain to Make Protest.

London, April 7.—An official British protest is understood to be in prospect as a result of alleged Turkish cruelties and atrocities on Greek and Armenian Christians in Asia Minor. A Turkish terror lasting three days is reported to have occurred in Caesarea, in which many Greek and Armenian Christians were killed. The Greek metropolitan of Solia, fifty miles southeast of Smyrna, was arrested by the Turks and his present whereabouts is unknown.

ARREST "KING OF OPIUM SMUGGLERS"

Harry Stone of Chicago Taken on Train—Lot of Drugs Said to Have Been Seized.

Ogdensburg, N. Y., April 7.—Harry Stone of Chicago, known to U. S. federal authorities as the "king of opium smugglers," was arrested by customs inspectors yesterday on a train bound from Montreal to Massena. Morphine, cocaine and opium, which it is charged were in his possession were seized. The drugs, which were found in a trunk, two suit cases and two satchels, were brought here and the prisoner was locked up in Massena.

NEW YORK POLICE ORDERED TO MAKE CITY BONE DRY

Commissioner Wants 1,000 More Patrolmen and Asks for \$100,000.

New York, April 7.—Each of New York's 11,000 policemen became a prohibition enforcement officer, yesterday, when actual enforcement of the state "bone dry" law went into effect. Mayor Hylan issued an order to Police Commissioner Enright directing that the law be enforced, and the commissioner set about instructing his force in their new duties. He said the new law would be enforced literally, at least until there is a definite judicial decision as to its provisions. He also asked for \$100,000 to be used in securing evidence for the enforcement of the law, as well as funds necessary to add 1,000 patrolmen to the force.

BRITISH EMPIRE CHIEF SOURCE OF GOLD SUPPLY

Mexico Now Leads in Production of Silver—The Yield in Canada.

The preliminary returns of the world's output of the precious metals during 1920 show a further steady decline in the amount of gold produced and a slight increase in that of silver, which is more than offset by its fall in value. The British empire is becoming more and more a source of supply of gold for the world, the Transvaal mines alone yielding fifty per cent of the world's production. This change is due not to any increased output on the part of British mines but to the sharp fall in that of other countries during the last five years. The United States, for example, with an output of 4,808,000 ounces in 1919, valued at \$101,085,700, produced in 1920 only 2,395,000 fine ounces, valued at \$49,509,400. Canada has, on the other hand, with a comparatively small output, maintained her figure fairly steadily during the period in question and in the course of the last two years has actually increased her output, producing in 1920 gold to the value of \$15,853,000, as compared with \$15,880,000 in 1919 and \$14,464,000 in the previous year. All other parts of the British empire, and the majority of foreign countries, show considerable declines during the last two years.

The outstanding feature of the silver situation is the uncertainty as to the demand for this metal during the current year. The phenomenal decline in price during the last six months is not expected to be followed by a sharp reaction or even a gradual rise. China has retired from the silver market for ever, but is now the only country which is able and willing to absorb this metal on a large scale. India is also exporting large amounts of gold, which will increase the holdings of western countries. It is interesting to note that the last three years have brought about a change in the relative importance of the two greatest silver-producing countries in the world, the United States and Mexico, the latter having definitely assumed the lead. Canada's production in 1920 was 12,794,000 fine ounces, valued at \$12,909,000, as compared with 16,021,000 fine ounces, valued at \$17,802,000, in 1919. Burma is chiefly accountable for an increase in the output of silver elsewhere in the British empire.

At the regular monthly meeting of Cullum Lodge, No. 36, L. O. E. B. A., last evening, Mrs. Silliphant, Miss H. Nealey, and Mrs. DeYden were elected delegates to the provincial grand lodge at Moncton. Plans for the twelfth anniversary to be held in May were considered, and plans were made to hold a rummage sale this month.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

VAUDEVILLE STAR AT OPERA HOUSE

Josie Heather, England's Foremost Comedienne, Will End Local Engagement Tonight—Matinee With New Features Tomorrow.

It is not often that vaudeville lovers in this city have an opportunity of enjoying such a charming actress and singing star as Josie Heather, who is appearing in a number of tuneful and exclusive song hits at the Opera House. Her charming and fascinating stage appearance, her clear and musical voice and her clever acting are responsible for the great hit she has made during the last two days. She is assisted by John MacLaughlin, a pianist of ability, and Bobby Heather.

"Dippy" Diers, who was a feature attraction at the New York Hippodrome for six consecutive seasons, is also making a popular hit. His antics and clever acrobatic feats have kept the audiences convulsed with laughter.

Mary and the Dwyer Sisters have a dainty and popular dancing and singing offering of charm; while Nelson and Madison are presenting a rural comedy skit, "A Rube and a Baby," which was especially written for them by George M. Rosner. Frank Farron sings comic songs and tells stories. There is also another episode of "Fighting Fate," featuring William Duncan. This programme will end tonight.

The new attractions for tomorrow will be as follows: (There will be a matinee for the benefit of the National Vaudeville Artists); Una Clayton, assisted by Herbert L. Griffin, who will present an original comedy playlet, "Keep Smiling"; Evans and Miller, in a comedy blackface novelty, "The Dance Frenzy"; Flotow Bros., in a comedy acrobatic whirl; Hal and Francis, in a comedy singing and novelty skit, "Town and Country"; Grace and Hallo DeBeers, who are offering a dainty revue of vocal and dancing gems; also an episode of the popular motion picture serial "Bride 18." Don't forget the special matinee.

PACKED HOUSES AT IMPERIAL CONTINUE

"Behold My Wife" a Great Film-Novel; Sir Gilbert Parker's Best Canadian Story—Children's Operetta Still a Hit.

If you want good seats you will have to be early at the Imperial again today for yesterday it was a rush at the whole three performances. Of course the big draw music-play "Beauty and the Beast" is a big attraction but along with it is the Sir Gilbert Parker story, "Behold My Wife" ("The Translation of a Savage"), so between the two monster theatre is not large enough to accommodate the crowds. The show today is at the 25c, 35c, 50c, 75c, 1.00 and 1.25c at the matinee. One admission for picture and operetta. The kiddies at 4 and 8.

SPLENDID ATTRACTION AT THE QUEEN SQUARE THEATRE

Catherine Calvert is the star of the powerful Paramount Artcraft Special photoplay, "The Career of Katherine Bush," which did turn-away business at the Queen Square Theatre yesterday, and will be shown for the last time today at the usual hours. This is an admirable picturization of Elinor Glyn's highly successful novel of the same name read and enjoyed by millions. Miss Calvert's beauty and artistry are conspicuously displayed in this fine picture and supported as she is by many screen artists of reputation, her latest vehicle is an attraction of superior merit.

On Friday and Saturday the Queen Square Theatre will offer another Paramount Special, "Heliotrope," a thrilling and appealing drama of a father's love and sacrifice for his daughter's happiness. Be sure and see this one.

Chas. Chaplin and Mix At the Unique Tonight You've seen Tom Mix a wild horse. Well watch him at the Unique tonight.

Boyle, 136 Broad St., 3.00; Stanley McDonald, Military Road, 1.00; Who wins a big prize this week? Save Golden Peace Coupons and watch the Buffalo Times.

TO GO ON WITH ESMOND TRIAL

Vancouver, B. C., April 7.—The trial of Grattan Esmond, on a charge of uttering sedition in Vancouver, will be proceeded with. He was remanded on bail of \$7,500. His bondsmen are Joseph Kennedy and James Connolly. Friends of Esmond asked the mayor to withdraw his charge on the understanding that Esmond would leave Vancouver at once for New York. The mayor's reply was that, so far as Vancouver was concerned, the law must take its course.

WAS NATIVE OF PICTOU

Montreal, Queb. April 7.—Mary Leith Anderson, daughter of the late W. J. Anderson, of Quebec and widow of Dr. George A. Dickson died yesterday in her 80th year. Mrs. Dickson was born in Pictou, N. S., and had resided in this city for about 46 years. She is survived by her brother and sister, W. J. Anderson and Miss Rose Anderson.

Put your organization first or you won't last.—Forbes Magazine (N. Y.)

LOCAL NEWS

James Stirling, Jr., has resigned his position with the Eastern Electric Company, Ltd. He was recommended to him a valuable ring and scarf pin.

The case of the Johnston Lodge, L. O. E. B. A., against Mrs. Grace Akerley was continued yesterday. The defendant was on the stand for the full session and was closely cross-examined by J. E. Fiedl, counsel for the plaintiffs, respecting her evidence of the previous day. J. S. Tait is acting for Mrs. Akerley.

Plans for a co-operative camp for girls were made yesterday at a meeting of the New Brunswick Provincial Girls' Work board, which met at the residence of the president, Mrs. R. A. Jamieson. Miss Mary Allison, secretary for the maritime provinces, was present, and outlined some plans. The camp will be held at Chipman from July 27 to August 6. It is expected that about eighty will attend.

The Dominion Lodge, L. O. E. B. A., delighted a capacity audience in the Orange Hall, Simonds street, last night when it held a concert of high merit. Some of the best local talent contributed and a goodly sum was realized for the funds of the lodge. F. L. Potts was the chairman and Mrs. Edwin Hamilton was the convener for the programme. Mrs. T. E. Rogers is the worthy mistress of the lodge.

One of the preparatory services for the quarterly communion was held in St. David's church last evening and was very well attended. Rev. J. A. MacKeigan, pastor of the church, presided, and Rev. R. P. McKim gave a short talk on the communion, in which he endeavored to show what the communion meant to the twelve apostles who were with our Lord, and from this he made deductions to show how it applied to the needs of the present day.

The French Club met yesterday afternoon at the residence of Mrs. R. A. Armstrong in Charlotte street. An interesting incident in the life of Napoleon while

he was a prisoner on the island of Elba was presented to the club. This was written by Lenore, the French historian. It was announced that the proceeds of the tea held last week by the club amounted to \$100. This sum will be given to the Emma Skinner Fiske memorial scholarship fund.

The W. M. S. of German street Baptist church held its Easter thank-offering meeting yesterday afternoon. The president, Mrs. F. S. Poole, conducted the service and the programme was in charge of Miss Emma Colwell. The subject under discussion was "Missions in Western Canada" and those who took part were Mrs. Harold Rising, Mrs. W. E. McIntyre, Miss Helen Simms, Mrs. Harvey Colwell and Mrs. Everett Hunt. After the business meeting was concluded afternoon tea was served.

The Daughters of Israel, at their regular meeting at the Y. M. H. A., made plans for providing special food for the Jewish immigrants and for those quarantined passengers on Partridge Island during the Passover. A committee was appointed and all arrangements will be made to have an ample supply of the food which Jewish law has required to be eaten at the Passover. Mrs. Joseph Goldman, the president, was in the chair and the usual routine business of the society was transacted.

Three more active and progressive groups have been added to the numbers of the C. G. L. T. followers in the city. The three new groups were formed in the First Presbyterian church a short while ago and their organization has been completed, with the assistance of Miss Phyllis Woods, girls' work secretary. There are now forty groups of girls in the various city church Sunday schools which are following the C. G. L. T. programme and have representation in the Girls' Cabinet.

Several cottages in the vicinity of Sandy Point road, Fair Vale and Rothery have been broken into recently and property of value taken. While attempting to rob a residence on Tuesday night the pilferers were frightened away by the occupant and in their hurry left a grip behind which contained some plunder. One of the men is said to be armed, as revolver shots were heard on Tuesday night. Among the houses broken into was Mr. Isard's cottage. A horse was stolen from a man in Rothery, but the rig was found on the road and returned.

A would-be hold-up man entered the laundry of Song pure, 73 Winter street, last night and attempted to intimidate the Chinese into giving him money. He

CAUGHT BY RAFFLE IN WOODEN LEG

Police Find \$500 Worth of Dope in Artificial Limb

Buffalo, April 7.—Buffalo police arrested Albert Armstrong of Niagara Falls today on the charge of being a dope peddler. He denied their accusations. They arrested him but found no dope. Armstrong turned to leave the police, when they heard a rattle. They found five hundred's worth of dope and hypo needles in his wooden leg. He had a metal box built into the artificial limb.

G. W. V. A. DANCE ENJOYED.

The G. W. V. A. gave a most enjoyable dance in the association hall last night under the patronage of His Worship the Mayor and Mrs. Schofield. An excellent programme of dance music was provided by the orchestra and the fine floor gave an added zest to the great enjoyment of the dancers. The chaperons were Mrs. E. A. Schofield and Mrs. G. G. Corbet and the committee in charge consisted of the president, W. J. Brown; vice-president, Dr. G. G. Corbet; secretary, A. I. Machum; and the chairman of the entertainment committee, W. A. Cooper. The dance was the first of a series to be held to raise funds for the necessary repairs to the building.

Toronto Police Charge Jewelry Foreman With Theft.

Toronto, April 7.—Samuel Longbottom, 33 Bain avenue, was re-arrested on a charge of theft after Detectives Watkinson and Taylor had recovered \$20,000 worth of pure gold hidden under the verandah of his home. Longbottom was arrested last Saturday charged with theft. He was granted bail of \$10,000. The police claim to have recovered \$38,000 worth of stolen property since Longbottom's arrest. It was stolen from the wholesale jewelry firm of H. Roy & Co., 28 River street. The prisoner was a foreman with the company and was paid \$1 an hour.

Bread with Raisins is a Better Food

Forget, for a moment, the delicious flavor of raisin bread and think of its value as a food.

Raisins furnish 1560 units of energizing nutriment per pound, as well as natural iron which brings the rose tint to women's and children's cheeks.

The raisin's pure fruit sugar is in practically predigested form, so it is almost immediately assimilated. This fruit-food value added to the nourishment of wheat, forms an almost ideal food.

Send 'round the corner or telephone to your grocer or bake shop for a loaf of Sun-Maid Raisin Bread or bake a loaf at home according to the recipe at the right.

The raisin flavor permeates the bread. Try the bread plain, with or without butter. Learn what delicious toast it makes. Serve at least twice a week to break the monotony of plain bread.

Every first-class baker sells Sun-Maid Raisin Bread

SUN-MAID RAISINS

Use Sun-Maid Raisins in all your cooking, for they are the finest grown. Made from tender, juicy, thin-skinned California table grapes. Packed in an immaculate plant in California. Clean, sweet, wholesome American raisins—the kind you know are good. Three varieties: Sun-Maid seeded (seeds removed); Sun-Maid seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid brand. Send for free book, "Sun-Maid Recipes," describing scores of ways to use.

The Evening Times and Star

ST. JOHN, N. B., APRIL 7, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted), by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act. Telephone—Private exchange connecting all departments, Main 2417. Subscription Prices—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in Canada. By mail to United States \$5.00 per year. The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank R. Northrup, 303 Fifth Ave.—Chicago, E. J. Fower, Manager, Association Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

THE ONLY WAY.

The liquor issue in British Columbia is by no means settled by recent legislation. While noting that the traffic has been placed under government control, the Vancouver Sun says: "Now comes the brazen announcement that the distillers and their satellites propose to control the government control. The distillers will only sell liquor to their own satellites. These satellites will in turn resell the liquor to the government, thereby bleeding the country of the profit which the government control of the traffic should make available for reduction of taxation. Such extortion will only be necessary to bring about a bone-dry vote. We had hoped that a moderation act according with the plebeian vote would bring about a prolonged term of wise enforcement and abolition of liquor abuses. This does not seem possible. It is becoming only too apparent that the liquor traffic cannot be abolished by any means other than a complete ban. New exorbitant and new abuses, new delinquencies of the government, will constantly disclose themselves until the electors will be driven in self-defence to take the last drastic measures resulting in absolute prohibition. There is only one safe way to deal with the liquor traffic, and that is the way of absolute prohibition."

NOT ENOUGH READING.

Prof. Morrison of Queen's University declares that the automobile and the moving-picture are challenging the reading of books. It is undoubtedly true that there is less "serious reading" both by young and old than there was a generation ago. And yet life, without the benefit derived by good reading regularly pursued falls short of its possibilities for men and women. The Ottawa Journal observes that it is almost impossible to exaggerate this matter, and adds that if a boy, "while giving proper regard for both physical and mental recreation, does not take advantage of his spare time to improve his sum total of knowledge, he is apt to be poorly equipped for the battle of life." Unless a portion of his leisure time is spent in profitable reading a boy's success in life will not be as great, nor will he get as much real satisfaction out of life. There is, however, every hope in the interest in boy welfare now so manifest at the present time. The Journal says: "Organizations aiming at efficiency among boys are not only multiplying rapidly, but are adding to their membership on a rising scale. In all the larger communities the agencies dealing directly with boys are working with a higher measure of promise. The attitude to the conditions to which Professor Morrison alludes, and which are alarming as to a certain proportion of boys, is actively at work. The real cause of the trouble, as the Journal also points out, is in the homes. Where parents give themselves up to mere amusement, the children can hardly be expected to do otherwise. There is need of reform in this direction. Not that there should be no amusement, but that it should fill its proper place in the family life and be subordinate to the greater needs of the members of the household, and especially of the boys and girls who must prepare themselves for intelligent and useful citizenship."

The dispute in relation to Catholic national labor unions has got into the house of commons, where the resignation of Hon. G. D. Robertson, minister of labor, has been demanded by two French-Canadian members because of his attitude toward those unions. On the other hand the Quebec typographical union has adopted resolutions strongly endorsing the minister's stand in the matter on the ground that no religious lines should be drawn. Outside of Quebec that view will doubtless find very general favor. The resignation of Sir Thomas White makes still another vacancy in the house of commons. Sir Thomas is a man of conspicuous ability, and was a very able member of the Union Government. His retirement leaves a gap in the house, and adds another to the by-election problems of the Meighen government. It may be taken for granted that a man of Sir Thomas White's ability and energy, in parliament or out of it, will continue to be a prominent actor in Canadian affairs.

Two severe sentences were pronounced in the city yesterday against men convicted of crimes against children. The action of the court should have a wholesome effect. The degenerate may at least fear punishment. The number of such persons at large would grow smaller if a system of mental examination prevailed, and if an institution for the mentally defective were provided. No normal man would be guilty of such a crime as that for which these two were convicted.

Ottawa Journal.—Mr. Lansing, former U. S. secretary of state, admired Lloyd George for his personal charm but not for his diplomacy. Well David is still Premier, while Orlando, Clemenceau, and Wilson are gone and then there's Mr. Lansing himself.

Quebec Printers' Stand. Quebec, Que., April 7. — (Canadian Press.)—Quebec typographical union No. 302, last night passed a resolution unanimously approving the stand of the Hon. Gideon Robertson, minister of labor, and the Dominion Trades and Labor Congress, in "combating any efforts to divide the workers of the province on racial and religious lines, in connection with the attitude of the National Catholic Unions."

NEEDED LEGISLATION.

The following is an extract from a report of the proceedings in the Ontario legislature last week: "In the legislature today, while the bill for the legitimization of children, by the subsequent marriage of their parents, was under consideration, Hon. G. H. Ferguson drew attention to a feature of the bill placing responsibility for the maintenance of illegitimate children upon the father. That bill made this maintenance a charge upon the father's estate, and though a man might will his personal property away from his wife and children he could not will it away from an illegitimate child, so far as maintenance was concerned. "That will not hurt the illegitimate child," commented Mr. Raney. "No, but it is placing the illegitimate child in a higher position than legitimate children," said Mr. Ferguson. "Mr. Raney said that this raised another question, whether a man should be able to will everything away from his wife and children. It could not be done in France. 'I do not think they should be free to do so under our laws,' he said. He told the house that the matter had been brought to the attention of the government by a private member and that a bill might yet be brought down. Child-welfare workers are continually confronted with the problem of the child of the unmarried mother, and the action to be taken in Ontario offers at least a partial solution. Similar legislation should be enacted in every province. Too long the unfortunate mother and her child have been made the victims while the man goes practically free. They do better in England, and they propose to do better in Ontario. The subject is not a pleasant one, but neither do people relish the taxation which results from a system which calls for institutions to meet a need that should be met in another way."

The debate in the legislature yesterday on the Grand Falls development made it clear that the house does not propose to sanction any needless delay in regard to that work. Either the International Paper Co. will give satisfactory guarantees that it will proceed to develop the power or its rights will be cancelled. The feeling of the people most interested was clearly demonstrated by the very large delegation of citizens from points along the upper St. John valley. They are fed up on unfulfilled promises.

The latest news from Russia tells of further troubles of the Soviet regime. Russia must have trade, and is reported ready to make concessions to "capitalism" in order to get it; although one Bolshevik asserts that when they get what they want they will "crush capitalist society". The crop of fanatics is still large.

At least eight per cent. of the prisoners paroled in Canada make good. This is the testimony of Hon. George P. Graham, president of the Prisoners' Welfare Association. If that is true of the more hardened offenders, consider what a proper probation system in connection with a juvenile court would do for youthful delinquents.

By refusing to order the pumpmen back to save the mines from flooding while negotiations for a settlement of the dispute are in progress, the British miners must have alienated public sympathy. Meanwhile the government continues its preparations to meet the very grave situation which threatens to paralyze industry and transportation throughout the country.

A great Italian corporation is arranging to promote trade with Canada. This country should welcome the announcement, since it stands in need of foreign markets and of a largely extended trade.

Factory owners in Turin, finding that their workers even went to the length of having military drill in the works, have locked them out. The test of strength will now come.

Criticism in parliament of the diversion of Canadian grain to American ports is amply justified and should bring about a change in the interest of Canadian ports.

Premier Taschereau of Quebec has informed the liquor dealers they must get rid of their stock by the first of May. Now watch for alluring offers by mail from that quarter.

New Brunswick is interested in the work to be done by the parliamentary committee to enquire into the possibilities of developing oil shales in Canada.

Quebec Printers' Stand. Quebec, Que., April 7. — (Canadian Press.)—Quebec typographical union No. 302, last night passed a resolution unanimously approving the stand of the Hon. Gideon Robertson, minister of labor, and the Dominion Trades and Labor Congress, in "combating any efforts to divide the workers of the province on racial and religious lines, in connection with the attitude of the National Catholic Unions."

FLIGHT OF MY DREAMS.

(H. A. Danne in New York Times.)
Flight of my dreams, in slumberous darkness fold me,
Bear me through dreamways far from earthly shore,
Sleep me in drowsy lethargy of dead longings,
Guide me through beauty's ways forevermore. . . .

Flight of my dreams, along thy deep, smooth pathway,
Soothe me with friendship's company most dear,
True and tried friends and brothers away,
Soothe and allay dread lurking doubt and fear. . . .

Flight of my dreams, I am afire with longing—
Longing and hope eternal for the morrow's joys?
Yesterday's joys are faded and departed,
Victims of memory, we, of fate the toy?

Dreaming of flights we fly in the joy—
Dreaming in hope we fly to faith and trust,
Seeking our dreams, perfected now forever,
Free from the earth's grim moil and toil and dust. . . .

Flight of my dreams, in still, small hours of dawning,
Bear me to fairylands of friendly thrills—
Of sweet, caressing music, soft and soothing,
Gardens of thought with running brooks and rills. . . .

Flight of my dreams, be with me ere the dawning,
Bear me away to dreamland's rosy towers,
Light at the casement windows, ever welcome—
Cool, grassy plots and jasmine-scented bowers. . . .

Flight of my dreams, oh, sweet, elusive journey!
Drawing me up to beauty's loveliest shore,
Flying entranced, new visions ever unfolding,
In lands enchanted, flying forevermore. . . .

Flight of my dreams, through rushing streams of gladness,
Fly with me over thundering waves of love,
Soar with me down great gulfoys of contentment,
Land me in harbors of my dreams above. . . .

IN LIGHTER VEIN

What Was The Relation?

The rural correspondent of the county paper is often responsible for queer statements, a subscriber says; and offers in proof the following item: "A man who lives north of our village, died suddenly Friday night. His wife complained of pains around his heart; he was never married." —Outlook.

Bringing Up Father.

"Father," said James, "why is it they say that the child is father to the man?"
"Mr. Jones shivered. The circulation of an abstract problem like this was rather more than he felt equal to. Therefore, he temporized.
"Well—er—because it is so, I suppose."
"Oh, lie, if that's so, pa," answered the youngster brightly, "I'm going to see if I can't get you a ticket for the theatre tomorrow and a half-crown to spend. I always said if I was a father I wouldn't be so stingy as the rest of 'em. Go along, pa, and have a good time while you're young! I never had the chance."
Whereupon Jones smiled reflectively and handed out the needed half-crown. "Boy like Jim, he considered, deserved it."

A Perfect Gentleman.

She (sighing)—Oh, I met such a lovely, polite man today. He—Where was he?—In the street. I must have been carrying my umbrella carelessly, for he bumped his eye into it. I said, "Pardon me," and he said, "Don't mention it. I have another eye left."

Gratitude.

"You did me a favor ten years ago," said the stranger, "and I have never forgotten it."
"Ah," replied the good man with a grateful expression on his face, "and you have come back to repay me?"
"Not exactly," replied the stranger. "I've just got into town and need another favor, and he said, 'Don't mention it.'"
—Detroit Free Press.

The Charge Indirect.

W. J. Bryan's father once missed several large hams that had been hanging in his barn loft. He suspected that the thief did not live many miles away, but he made no direct charge against anyone; in fact, he refrained from mentioning his loss to a single soul. A few days later his neighbor called.
"Say, Judge," he said, "I heard you had some hams stole the other night."
"Yes," replied the Judge very confidentially, "but don't tell anyone. You and I are the only ones who know it."—Boston Transcript.

Economy Hint.

"You waste too much paper," said the editor.
"But how can I economize?"
"By writing on both sides."
"But you won't accept stories written on both sides of the sheet."
"I know, but you'd save paper just the same."

Consolation.

Whatever else may happen
When our country has gone dry,
The sailor still will have his port,
The farmer still will have his rye;
The cotton still will have its gin,
And each of us will have a beer.
No matter where we are.

Jack.

"Jack," she said, in dulcet tones, her fair head resting lightly on his shoulder, "you know, Jack, father has recently invested in a silver mine, and he is going there at once, and I cannot leave mother alone. So I want to ask you, Jack—how long would you be willing to wait for me?"
"Wait for you, my darling?" repeated Jack with deep emotion, for his was no fleeting love. "I will wait for you until we learn how the silver mine turns out."

HALIFAX TO INCREASE ITS EXPENDITURE

Halifax Chronicle: A meeting of the city council was held last night, when the concluding lists of the civic estimates were taken up and passed. The total increase in the year's estimates is approximately \$500,000, the two largest items being \$146,000 increase in the public schools and \$146,000 increase in the city grants to various institutions.

THE LATE CARDINAL WAS AN OPTIMIST.

The March issue of The American Magazine contains an interview with Cardinal Gibbons by Bruce Barton, which is full of hopeful spirit needed at this time. The words that apply directly to the present situation were in answer to the interviewer's remark, "It has been a very trying period for men, your Eminence, and for young men, perhaps, most of all."

"I know it well," Cardinal Gibbons answered quietly. "A third of your readers, perhaps, are so young that they never have before seen a period of business depression. It comes to them with the same shock of bewilderment with which the first sunset must have come to the first man. You can imagine him, can you not, watching the sun disappear, feeling the chill of darkness all around him, and having no past experience to tell him that in the morning light and warmth would return to him again?"
"Young men are like that. But we who are older have seen the sun set and rise again many times. We have passed through many so-called panics. How well I remember the trying days following the Civil War, and the bitter weeks of '73, and Black Friday and all the rest."
"Yet the pendulum swung back, prosperity returned again; and men, made wiser by their reverses, were better prepared to use its blessings wholesomely and unselfishly."

UTILISING TIDAL POWER.

To the Editor of The Montreal Herald:—The action of the French government looking towards the industrial utilization of tidal waters as means of power is one that should be closely observed by Canadians. That such power is practical even with the crudest of appliances was demonstrated in what is now Canada even before the British occupation of the country. The Acadians of what is now Nova Scotia, in the earliest days, used the tidal force of the tides of the Bay of Fundy to operate the mills in which they ground their wheat and performed other services for which power was necessary.

I have seen in a little inlet from the sea in Yarmouth County, N. S., a mill in operation which had been used for years, and for all I know still is used where the only power was that supplied by the ocean tide. I have not sufficient knowledge of hydraulics to give a description of it, but primitive though it was it served its purpose and operated with a great deal of efficiency for the surrounding country. Now that so powerful a body as the Government of France, with modern methods, has taken hold of the project on their coast the dreams of years may indeed come true, and the power economically practical in no country in the world is so endowed by Nature to utilize it as Canada is with the "foaming tides of Fundy." B. FLAMONDON. Montreal, April 4.

A MAD STRIKE.

(Ottawa Journal.)
When Premier Lloyd George recently referred to Labor extremists as the "coming enemy" he undoubtedly had in mind the extraordinary attitude of the British coal miners who are going out on strike today. That strike is the height of madness. It is not contended by the men that the mine owners can pay them high wages and continue to carry on, but they do demand that the government shall come to the help of the industry and by subsidies help the owners to pay their higher wages. The government has been doing this for the past three months to the extent of \$85,000,000 per month, and the miners propose that the subsidy shall be continued until the end of August, making a total contribution for the eight months of \$680,000,000. As if this proposal for the robbing of Peter to pay Paul were not sufficiently mad, the mine leaders are withdrawing the pumpmen and engine menders, with the result that many of the mines will be permanently closed. The British government will surely have the sympathy of the great mass of Labor everywhere in its efforts to withstand this insane, conceived attack on the public treasury from an industrial body that has already been treated like a spoiled child.

THE HUMOR OF IT.

(Our Dumb Animals.)
A friend has told us the following:—A lady whom we know, and who was much in favor at the English court, was in Spain some years ago with a group of friends, among whom was the Prince of Wales, and she became Edward VII. Shocked by the cruelty to animals they observed, it was proposed that they start a society for the prevention of cruelty to animals. The idea was immediately welcomed by a large number of people who said they would gladly get up a specially attractive bull-fight to raise money for the project.

UNIFORM INSURANCE LEGISLATION IN ALL THE PROVINCES OF CANADA

Winnipeg, Man., April 7. — Uniform insurance legislation for every province in Canada, particularly on the question of taxation, is one of the aims of the Dominion organization of the life underwriters' association, said J. A. Tory, Dominion representative, in an address at the second annual convention of the insurance institute, Ontario was the first to face the question seriously, he said, and has already reduced the tax on life insurance premiums.

SUCCESS IN LIFE.

(Dearborn Independent.)
Do you use life, or are you just letting life use you?
Life has been given to each one of us to use, from the cradle to the grave, as we see fit. Obstacles may oppose, difficulties may arise, there are sure to be many dangers and trials to be encountered, but if we are determined that our life shall be molded according to our best desires, and that we will not become the creatures of circumstances, we shall win in the end. We can make of life what we will.

SINGLE TAX IN VANCOUVER.

(Vancouver World.)
An inquiry has reached The World as to what happened to Single Tax in this city about the year 1915. It comes from a devoted adherent and personal friend of the late Henry George, resident in Brooklyn, N. Y. It seems that in Brooklyn a campaign to have new buildings exempted from taxation has been met with a failure in Canada, this city apparently being addressed as a leading example. "Vancouver, it is asserted in Brooklyn," says our querist, "undertook a single tax system in 1908, and by 1913 prosperity began to wane, and land values depreciated to a point involving the solvency of the city. Under this system Vancouver first would not admit failure of the Single Tax, but was finally forced in 1918 to assess 25 per cent. of the value

of improvements and in 1919, 50 per cent. Single Tax was a proven failure." First clearing the ground by a flat denial that the solvency of the city of Vancouver has ever been in danger from the Single Tax or any other cause, it must be admitted that otherwise the statement is substantially correct. If it be one of the prime requisites of a system of taxation that it shall be sufficiently flexible to meet the needs of the community year by year, Single Tax, so far as it was applied in Vancouver, and as it was applied, was undoubtedly a failure. With improvements exempted from taxation, it was found impossible to raise enough revenue to meet current expenses, and even with the exemption now reduced to half the assessed value, the city is so far from raising all the moneys required for annual expenditure that it is earnestly seeking some method of levying on the earnings of the population other than those appropriated by the landlords.

RECENT DEATHS

Mrs. Edward Walsh
Her many friends in the city will regret to hear of the death of Mrs. Edward Walsh, which occurred at her home, 182 Rockland road, last evening.

The death occurred in San Jose (Cal.) on April 4, of Frank Everett, a former resident of St. John. He was born in this city, but went to St. Stephen at the age of thirty-one years.

Friends in St. John of Mrs. Robert C. Cruikshank, will regret to learn that her father, William Forsythe Allen, J.P., died at his home in Bowmanville (Ont.) on April 5.

The death occurred in the city last evening of Mrs. Margaret Rafferty, wife of the late Richard Rafferty, in the fifty-ninth year of her age.

Grand Falls, N.B., April 6.—(Special.)—Sincere sorrow is felt by people of all religious denominations in the death of Rev. Henry T. Joyner, parish priest of the Roman Catholic parish of Grand Falls, which occurred at the St. Basile Hospital early this morning.

KINDERGARTENS AND PRIMARY SCHOOLS
A series of questions were sent from St. John to primary teachers of different cities and here are a few of the answers, all of which were favorable, regarding kindergartens.
"Every year the kindergarten is proving by definite illustrations, its importance to the primary teacher.

YOUNG BRIDE IN DANCE OF DEATH
Kalamazoo, Mich., April 7.—While a deadly poison which she had swallowed slowly drove life from her frail body, Mrs. Neve Fraser, eighteen, a bride of a few weeks, performed a veritable dance of death in the midst of a company of invited friends here last night.

MANUFACTURERS have aided in our Anniversary Celebration by special prices.

rooms, Halifax on Thursday, which should be felt throughout the entire Province. Representative citizens were there from Cape Breton to Cape Sable. They placed well defined carefully thought out and practical recommendations before the Government. The Government on the other hand received the delegation from the conference most cordially, promising the utmost consideration, and expressing gratification that such a delegation should have waited upon them with such excellent suggestions. There was a splendid unanimity throughout the whole conference only surpassed by the enthusiasm of the rectors. Those that received the most discussion included the proposal for a uniform system of assessment. The suggestion to change the rule of the road from the left to the right was discussed, but owing to wide divergence of opinion it was not put in the form of a resolution. The various speakers told their experiences on the country roads of the Province, some of which were highly entertaining and put the gathering into roars of laughter.

During the afternoon a strong delegation representative of both city and provincial sections met the Government. The Recommendations. Mr. R. H. Murray presented the recommendations of the Government and they were as follows: 1. That the highways of this Province be administered by a Commission consisting of a minister of the government, a business man, and an engineer who shall give their whole time to the work of the Board. 2. That the government take up the matter of uniform assessment throughout the Province on a basis of actual cash value; and that a Municipal Department of Government be established to deal with assessment and other municipal affairs. 3. That a complete system of patrols for the highways of this Province be immediately organized. 4. That means be taken for the enforcement of the provisions of the Highway law providing penalties for injury and trespass to highways. 5. That wide tire regulations be enacted. 6. Equitable distribution of money on roads.

Discussion Campaign. The delegation was received by Hon. E. H. Armstrong, Hon. H. H. Wickwire, Hon. J. C. Tory, and Hon. William Chisholm. Hon. E. H. Armstrong on behalf of the Government expressed his gratification at meeting the delegation of the Good Roads Association and promised consideration. He stated that the Government had introduced a Bill which would go a long way toward making improvements in the system of assessment which the Association had proposed.

Considerable discussion ensued on the subject of educational campaign throughout the Province. Mr. Floyd of Guysboro advocated the formation of a public Committee and the establishment of a Good Roads Bureau at Halifax. From this bureau would be distributed throughout the Province pamphlets and literature concerning the movement, and also where complaints and suggestions might be sent; in other words stand as an intermediary between the Association and the Government. This suggestion was received with enthusiasm and was left with the Executive Committee with which to deal.

FAMINE AS A RESULT OF DEFORESTATION

China is now face to face with one of the worst famines in her history. Approximately 15,000,000 people are in imminent danger of starvation. The area affected is some 100,000 square miles in extent, and, as only the most primitive means of transport exist, it is impossible for millions of the miserable inhabitants to get out of the stricken districts, in spite of frantic efforts to do so. In addition to the scarcity of food, there is an equally terrible scarcity of fuel. The poorer classes have always to rely on the grass roots and stubble to keep their little fires alight and this year there is no stubble. As a result, the rigorous climate of Northwestern China is taking its toll and thousands are perishing from the cold.

The immediate causes of the famine were disastrous floods followed by a long period of drought, which resulted in the complete failure of three successive crops. These calamities, in turn, were caused in large part by a reckless wastage of natural resources. The Chinese have been extremely unscientific and wasteful in the handling of their forests. The rich agricultural lands of the lower plateaus were stripped of tree growth probably centuries ago, but until within even a hundred years ago great forests covered the mountain plateaus and slopes of Central China. These have been utterly destroyed over great areas and no attempt made at reforestation either by natural or artificial means. As a result, the slopes have been so eroded by heavy rains as to be veritable deserts. Moreover, the lack of forest cover on the uplands has made possible alternate floods and droughts, the very factors that have brought disaster to so many millions of people in China this year. An area about one-quarter the size of Ontario, fertile enough to maintain a population of over 50,000,000 people, has become, as a result of human folly and shortsightedness, a place where men must ever be haunted by fear of destruction—A. Donnell.

SIR THOS. WHITE NO LONGER M. P.

(Canadian Press Despatch)

Ottawa, April 6.—Speaker Rhodes informed the house this afternoon that he had received the resignation of Sir Thomas White (Leeds) as a member of the house of commons. The resignation of Sir Thomas White, adds another to the list of vacancies. There are now six vacancies in the House, as follows: York-Sunbury (N.B.); York West (Ont.); Yamaska (Que.); Medicine Hat (Alta.); St. Anvoire (Montreal) and finally Leeds (Ont.). Four of these vacancies were caused by the death of the sitting member, while in the re-

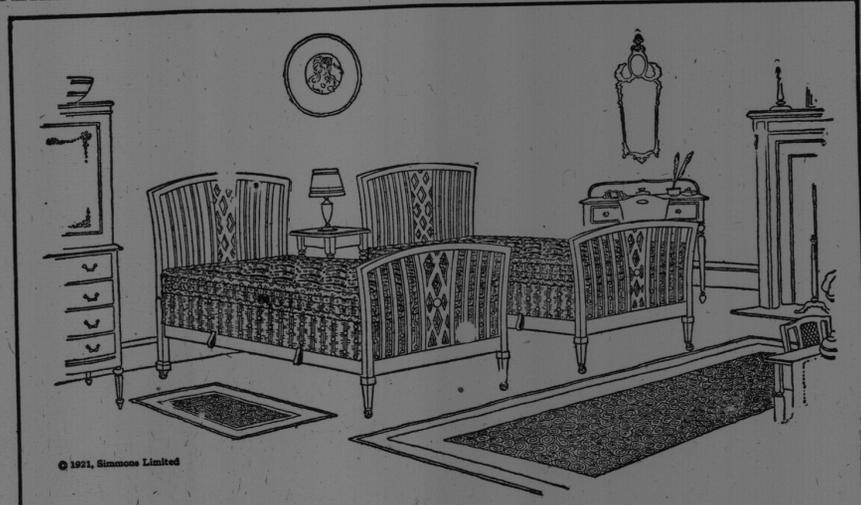

maining two cases, those of St. Anvoire and Leeds, the members resigned in order to perform other work.

MINTO VOTE INVALID.

Sydney, N. S., April 6.—A new election for the post of U. M. W. international board member for District No. 26 made practically certain by a message from Indianapolis to district headquarters today stating that International Secretary Green has decided that at the time of the last district election the Minto locals were in arrears of \$700 per capita tax. Harbor local claims that this is sufficient to invalidate the election and calls for a new ballot on Silby Barrett and Dan Livingstone. Livingstone won.

ANNIVERSARY SALE

According to the Wiles of Fashion
Fifty-five Years Ago Today.
A fac-simile of a piece published
in the Morning Journal in
April, 1866.

THE SPRING FASHIONS.—We are busily engaged trying to raise the curtain which hides futurity, in order to discover what fashions the Spring will bring us. Our lynxes vow that no pardausses will be worn, but long cassques for rather "dress" toilettes, and short pantalets for "quandres" toilettes, cassques and pantalets being made of the same material with the skirt. Short pantalets will be the favorite costume for travelling and for country life; while long cassques will be worn chiefly in town. While brilliant as it still continues in great favor at evening parties, promenade dresses are becoming daily more "quakerish." The only colors which will be worn this spring are black, black and white, all the shades of gray, and nankin. The materials in favor will be plain or dotted mohair and poils de chevre. It is still questioned whether crinolines will be definitely destroyed; for though steel hoops were not seen during the carnival, dresses were none the less voluminous. Instead of steel hoops ladies wore twelve skirts of stiff muslin, each having three founces one above the other perpendicularly, making in all thirty-six founces to the twelve skirts. As it is very certain that every woman cannot afford this quantity of muslin, the poorer ladies of fashion will remain faithful to the crinoline. It may not generally be known (it is, nevertheless, true), that the French Empress and the wealthy ladies of fashion here, the Princesses de Metternich, the Agudon, the Kochachilds, the Pourchies, have never worn crinolines. They wore a great many starched petticoats, which gave their dresses the fashionable dimensions, but attracted impatient glances on the frontier. It was horribly expensive in prime cost and in washing, but their long purses have been bled by larger lacets without feeling the loss. Crinolines has, of course, always been barred the ballet corps; the dancing girls attained the desirable circumference by wearing twelve, fifteen, and even twenty-six skirts of tulle. Trimmings of walking dresses will be simple this spring; they will consist entirely of bias, or flaps of plain tulle on striped or figured material. The wearer may match the tulle with the ground color of the material, or with the color of the figure. If the tulle be matched with the ground, it should be trimmed with a soutache, or a border matched with the figure.—*Parisian Cor. Philadelphia "Home Weekly."*

About a month ago the object of the late

Our Fifty-Fifth Anniversary Celebration is Moving on With a Swing

Certainly this celebration is very favorable from the shoppers' standpoint, and we cannot emphasize too strongly the advisability of getting your share of the offerings as early as possible. Everything previously advertised stays at its sale price during this sale.

Very Important News Fifty-five Years Ago Today.

CONFEDERATION TRIUMPHANT AT ST. STEPHEN!

Many persons fancy that St. Stephen is a sort of Head Centre of Anti-Confederation; but this is quite a libel on that fair town. From the *Courier* and other sources we learn that the subject was recently discussed at their Literary Association, Messrs. F. H. Todd and A. H. Thompson opposing Confederation, and Messrs. Dew, Rose, Bolton, and Watson speaking in favor of the advantages of "Confederation under the Quebec Scheme." James G. Stevens, Esq., occupied the chair, and took no part in the debate, which was carried on with great ability on both sides, but they divided 12 to 4 in favor of Confederation! The *Courier* states that "upon the general sense of the meeting being taken the division stood in about the same proportion! This shows how public sentiment is beginning to run at St. Stephen, even though one of the papers published there has been against union, and the other has not, as yet, entered upon the discussion of the subject."

PLAN TO REMOVE OVERHEAD WIRES

Conduit System Suggested by City Engineer and Electrician

Board of Health Matters—The Falls Bridge—Increased Exemption Asked For Rolling Mills—Mr. Taylor Replies to Statement re One-Man Cars.

The first steps towards the removal of all wires and poles from the streets of St. John was made at this morning's committee meeting of the common council when Mayor Schofield presented a report of the city engineer and city electrician on the matter.

On motion of Commissioner Frink, it was decided to let the matter lie on the table for further discussion at a meeting at which the city engineer and electrician would be present.

The mayor read a letter from George Cushing enclosing a letter received by him from Col. Monro, in which the latter stated that there would be no engineering difficulty in raising the piers of the C. P. R. bridge at the falls.

Electrical contractors of the city wrote that they had withdrawn an objection which they made at a recent meeting to one of the proposed clauses in the electrical by-law amendments.

An application from Daniel Monahan for permission to erect an electric sign in Union street was referred to Commissioner Frink.

Commissioner Frink reported that he had taken up the matter of the removal of the street car tracks from the square, west, with the N. P. Power Co. and was informed that the company would consider the matter at a meeting to be held soon.

Fred. J. Nisbet, of the N. B. Telephone Co., was heard in connection with the relocation of poles in Millidge avenue. He said the line at Millidgeville was in bad shape and the company planned additional service this year. Twenty additional poles were submitted for the increased service, on which they wanted to start work right away.

The mayor said the matter was held up while the city ascertained from other cities how they got rid of a lot of their poles.

To Commissioner Thornton, Mr. Nisbet said it was some time since any poles were painted.

The matter was allowed to stand until Commissioner Frink's report on the pole removal matter was considered.

Rolling Mills Ask Exemption.

Harry Garson, Joseph Garson, C. H. Lissimore and J. H. A. L. Fairweather appeared to ask that the exemption from taxation on the Portland Rolling Mills be continued this year. Mr. Fairweather said since 1901 the assessment had been fixed at \$54,000—\$21,400 on the land, \$26,000 on the building, and \$6,600 on the machinery.

Mr. Garson bought the mill last year, scrapped about two-thirds of the mill, and had been operating the balance. He asked that the valuation be left as it is, and the valuation on the mill be reduced by two-thirds, making a total valuation for assessment \$22,400.

He said Mr. Garson proposed to operate the mill for at least ten years.

Mr. Lissimore, superintendent and manager, said the bar mill, plate mill and the eighteen-inch small mill had been scrapped. He said that up to the last month eighty men had been employed there. He thought the prospect for business was good. They were shipping to Bermuda and Newfoundland.

Mr. Olive, chairman of the assessors, said the tax bill was \$1,600.

The mayor pronounced consideration of the request.

Board of Health Matters.

Dr. William Warwick appeared for the board of health regarding the extension of a sewer in Clarence street, west, between City Line and Lancaster street. Sewers here were discharging into a cesspool, and a petition from the residents had been sent to the board. He said the board had no power to force people living on city property to enter the county sewer there. He said the condition was a menace to health.

A similar condition, he said, existed in Kitchener and Barker streets, where the board asked the council to lay a sewer to Rockland road. Sixteen families were affected.

In White street, behind the new nurses' home, there were six families in four houses without sewer connection. There was a sewer about sixty feet from the place.

Regarding the protection of Spruce Lake and Loch Lomond water supply Dr. Warwick said that there were nine camps at Spruce Lake, some of them he understood on city property. He thought that all the camps should be done away with. He said the matter was taken up with the council in 1918.

Replying to Mr. Thornton he said that the board had not made a report recently on the matter of a sewer in Visart street.

Dr. Warwick said if there was danger of pollution at either lake, a filtration plant would have to be installed. He said that the Barker House was one of the most dangerous spots on the water system. A septic tank there was not a thorough safeguard. The drainage from the stables ran into the lake.

Mr. Bullock asked if the board would report on the mill pond.

Dr. Warwick was asked to send the recommendations of the board to the council and they would be considered.

Commissioner Frink said that the northly aspect of the General Public Hospital was very creditable. He thought this matter should have the attention of the board of health.

Mr. Bullock moved that the commissioner of water and sewerage take the

LOCAL NEWS

A COSTLY TRIP

Joseph Joyce and Arthur Wright of Fairville and James Crossan of St. John were arrested by McAdam on Tuesday morning on a charge of stealing a ride on a C. P. R. train from Fairville. It is said the three had been seen on the cool tender of the engine after the train pulled out of Fairville and a despatch was sent to McAdam to apprehend them.

They appeared before Magistrate Cropley and were fined \$4 each and costs and also ordered to pay the regular fare for the distance, which amounted to \$3.35 each.

DEATH OF JAMES D. MCAFEE

Although he had been in failing health for some years, friends of James Daniel McAfee were shocked to hear of his death, which occurred last evening about eight o'clock at his residence, 58 Kennedy street, after a severe illness, which covered about four weeks. He was in his seventy-third year and was a native of Queens county. He came from there to reside in the city some thirty-five years ago. He was married to his wife, one son, Harry, of Jordan Falls, N. S.; one daughter, Mrs. C. B. Rideout of this city; two brothers, William, in Malton, and James, in Queens county; one sister, Miss Mary McAfee, in Queens county, and three grandchildren.

GILBERT I. CRAWFORD DEAD

The death of Gilbert I. Crawford occurred yesterday in the General Public Hospital after a lengthy illness. Mr. Crawford was formerly an employee of the Christie Woodworking Company and had an arm amputated about nine years ago as a result of an accident at his work. He had not been in good health since that time. Recently he became critically ill and yesterday was removed to the hospital, but death came soon after. He was a native of St. John and he was mourned by his mother, Mrs. Elizabeth Crawford, one sister, Ada M., four brothers, Charles A. of Amherst, Wentworth C. D. of Moncton, and George W. and Beverly L. of this city. The funeral will be held from his late residence, 29 St. Paul street, on Saturday afternoon at two o'clock.

THE AKERLEY CASE

The Akerley case was continued before Chief Justice McKeown this morning. The defendant, Mrs. Grace Akerley, stood and her cross-examination was continued. She was questioned as to payments on her own furniture to Everett and Simeon's in June of last year, but said she was unable to remember whether or not she had made the payments of which counsel spoke from records reporting to refer to such transactions. Mrs. Akerley denied taking some lodge funds some five or six years ago, and of the sum of \$174 previously referred to, she said she did not deposit it in the lodge's bank account, but turned it in to the lodge. She admitted not having acted constitutionally with respect to the handling of reports on moneys for the lodge. She said she reported to the lodge the gross receipts of various fairs but did not send any expense lists. She said she had never given any reports to the sewing circle on moneys paid. The case will be continued this afternoon. J. P. Ford is acting for Johnston Lodge, L. O. B. A., and J. S. Tait for the defendant.

CHILDREN'S AID AGENT LEADS VERY BUSY LIFE

Four Years' Record of Society for Care of Neglected and Dependent Children.

During the last four years, since Rev. George Scott became its agent, the Children's Aid Society has had to do in one way or another with 245 families, involving 628 children. Of these children, 187 were admitted to the Children's Home for a longer or shorter time, and forty of them were committed to foster homes. Forty children were placed in other institutions, and fourteen in reformatory institutions. These fourteen were not committed to the society, but through its instrumentality were placed in places of safety. Many children placed in the Home have been referred to their parents when the home conditions were made satisfactory. The society has found homes for a number of children, unmarried mothers and general foundlings. The problem of these infants is an ever-recurring one, and calls for legislation to compel the father to assume his rightful responsibility. There is also the problem of the mentally defective child, which cannot be placed in a foster home, and which no proper institutional care is provided by the province. The society has two such children now under its care, and is continually pressed to assume the care of others. There are now twenty-one children in all in the Home in Garden street. Those who have been placed in foster homes are happy, and beloved by their foster parents. But the preventive work of the society's agent is not to be overlooked. In great numbers of cases his influence improves home conditions so that the children are better cared for by the parents, who know what continued neglect would mean.

MAY BE COURT ACTION OVER SYDNEY MINES POWER

North Sydney, N. S., April 7.—Several consumers of electric power in Sydney Mines are said to be filing suits for damages against the Sydney Mines Electric Company, which yesterday morning turned off the power in the town for a couple of hours. This action of the company was another chapter in the story of its dispute with the town over power sales.

CLARENCE STREET MATTER UP WITH THE COUNCIL

The One-Man Cars.

The mayor read a letter from F. R. Taylor stating that he understood from press reports that the government's connection with the one-man car was due to his presence in Fredericton. He said he was in Fredericton on other business and did not take the one-man car matter matter up with the government.

The mayor said that he had taken up the matter of the one-man car with the power company and had as yet received no reply from the company. No action was taken.

PLANS TO TAKE THE CREW OFF THE IMPOCO

Halifax, N. S., April 7.—Unless assistance is despatched at once, the Impoco, ashore on Blomidon Rock today, near Yarmouth, the tanker Royalite, a w standing by, plans to take off the crew of the stranded ship before nightfall.

J. C. Chesley, local agent of the Marine and Fisheries department, received word today that the Impoco is still hard and fast on Blomidon Rock and a salvage steamer is being sent from Halifax. He was also notified by Captain Laurence Dominion wreck commissioner, to hold the crew, as he intends to investigate the cause of the accident. It is not as yet known where the enquiry will be held.

WORKMEN WERE DRILLING IN THE FACTORY BUILDING

Turin, April 7.—Public opinion has been impressed by a lockout declared by local factory owners, which in the case of the Fiat works, rendered 12,600 workmen idle. It is understood the lockout was declared for reasons of discipline, in addition to the necessity of dismissing the best workmen.

Another interesting disclosure was that attorneys for Mrs. Stillman were scoring this country and Europe for a former Stillman maid, said to have gone to the Stillman estate at Pleasantville, from the bankers' own house, where she did some spy work.

HUNGER STRIKERS MOVED TO JAIL

Cork, Ireland, April 7.—Nine survivors of the hunger strike conducted in the Cork jail by Sinn Fein prisoners last autumn, but which was abandoned when the prisoners realized its futility, have been removed from the jail to the detention barracks connected with military headquarters. This step was taken by the authorities because of a sensational report about two weeks ago to rescue some of the men.

At the time of the attempted jail delivery, all the prisoners were in the jail hospital, where they had been undergoing treatment since declaring of their hunger strike. They were immediately taken to their cells and confined as ordinary prisoners.

A GENTLE REMINDER.—Frederick Mall—It is certainly highly advisable to see Mr. George B. Jones and other opposition members, get up in the Legislature and scold the government for subsidizing an agricultural newspaper. These righteous gentlemen have evidently forgotten that when they were in power they subsidized a newspaper to the extent of \$10,000 in cash.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS.

DEATHS.—RAFFERTY.—In this city, on the 6th instant, Margaret Rafferty, wife of the late Richard Rafferty, in the 89th year of her age, leaving one daughter to mourn.

Funeral from Fitzpatrick's Undertaking Parlors on Friday morning at 7.45 to the Cathedral for requiem high mass, the interment at Rosary. Friends invited to attend.

ALLEN.—At his residence, Bowmanville, Ontario, on April 5, 1921, William F. Allen, J. P., in the 89th year of his age.

WALSH.—On Wednesday, April 6, at her home, 182 Rockland road, Mary, beloved wife of Edward Walsh, leaving to mourn besides her husband, one son, William R., one daughter, Mrs. D. J. Barrett, a sister, Mrs. Susan Dunton, and a stepson, Thomas, all of St. John.

Funeral will take place Saturday morning at 8.15 o'clock to Holy Trinity church for requiem high mass. Friends invited.

CAWFOORD.—On April 6, 1921, at the General Public Hospital, Gilbert I. Crawford, son of Elizabeth and the late Westwood C. D. Crawford.

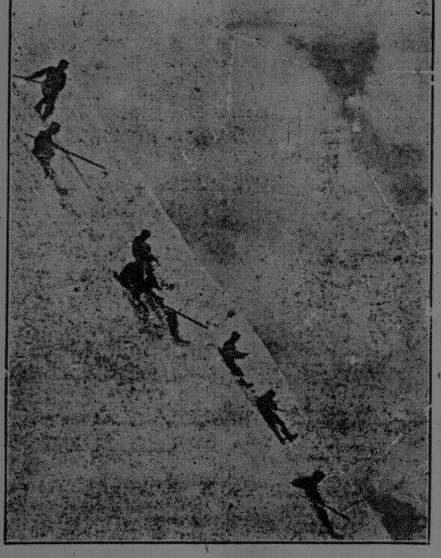

Funeral on Saturday at 2 p. m. McAFEE.—On April 6, 1921, at 58 Kennedy street, James Daniel, son of the late James McAfee, in his 73rd year, leaving his wife, one son and one daughter to mourn.

IN MEMORIAM.—WARD.—In loving memory of our departed baby, Charles Gordon Ward, who departed this life April 7, 1918.

MOTHER AND FATHER.—CARD OF THANKS.—Mrs. J. Glynn and family wish to thank their many friends for the kindness and sympathy shown them in their recent bereavement; also for floral and spiritual offerings.

Mr. and Mrs. Ernest W. Melvin, of West St. John, wish to thank their many friends for kindness and sympathy; also for floral offerings in their recent bereavement.

SWISS ARMY MANOEUVRES

A Swiss mountain patrol sliding down Ludendro Summit, in the Alps.

EIGHTY PER CENT. OF THE PAROLED TURN TO RIGHT

Montreal, Que., April 7.—Hon. George P. Gresham, as president of the Canadian prisoners' welfare association, at the annual meeting yesterday, said that the wish of prison reformers is not to cull the inmates of jail but to convince them that the aim of humanity is long and strong enough to embrace them though they have stumbled.

REV. MR. SPRACKLIN SPEAKS ON PROHIBITION POLICE IN ATTENDANCE

London, Ont., April 7.—Rev. J. O. L. Spracklin of Sandwich last night addressed an audience in the Hall street Methodist church in support of the prohibition referendum.

URGENT BOSTON STRIKERS TO FIGHT TO A FINISH

Boston, Mass., April 7.—Circulars distributed among idle building mechanics, of whom almost \$12,000 are on strike here, urged them today to fight to a finish for government of the workers by the workers and for the workers.

IN WALL STREET.

New York, April 7.—(10.30)—Early dealings in the stock market today showed no definite tendencies, although advances outnumbered declines.

NOON REPORT.

After the moderate overnight accumulation or buying orders had been satisfied, prices dropped back. Cables dealing with latest aspects of the British coal strike provoked short selling.

CHICAGO GRAIN REPORT.

Chicago, April 7.—(Opening: Wheat, May, 1.36; July, 1.36 3/4. Corn, May, 60 1/4; July, 63 3/4. Oats, May, 37 1/2; July, 38 3/4.

N. S. LEGISLATURE.

Halifax, N. S., April 7.—Assessment and power development were the two principal matters discussed in the N. S. House of Assembly yesterday.

U. S. WHEAT CROP.

Washington, April 7.—A forecast of a winter wheat crop of about 621,000,000 bushels in the United States is made by the department of agriculture, basing its estimate on the condition of the crop on April 1, which was 91.6 per cent. of a normal.

TAKEN TO NEW GLASGOW.—Police Constable William Linn of the New Brunswick police force arrived in the city this morning and took back for trial, Mrs. Louis Rens, who was arrested here yesterday on a charge of stealing the sum of \$600.

RETURNED BUTTON FOUND.—A class A badge, belonging to a returned soldier was picked up in the street and handed to the mayor's clerk at city hall this morning.

LEAVE PENDING RETIREMENT.—Lieutenant W. G. Moanahan, who has been employed at local military headquarters, has been granted three months' leave pending retirement from the army.

FUNERAL ON SATURDAY.—The funeral of Mrs. Edward Walsh will be held from her home, 182 Rockland road, on Saturday morning at 10 o'clock at Holy Trinity church where solemn requiem mass will be celebrated.

TO DIGBY FOR BURIAL.—The body of Joseph Merritt was taken to Digby this morning for interment. Service was held last evening at the C. P. W. K. Cannon, 333 Union street, conducted by Rev. Canon G. A. Kubring.

WAS OPERATED ON.—Edward Ryder, who was injured yesterday afternoon when he fell on the C. P. W. tracks near the Union Depot, fracturing his jaw, was operated on this morning at the General Public Hospital. The operation was successful and the patient's condition is satisfactory.

AT QUARANTINE.—The Daughters of the Empire this afternoon sent a large number of magazines, papers and games to the immigrants under quarantine on Partridge Island. The patients are reported doing well and no new cases of smallpox have broken out.

C. P. R. INSPECTION.—J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, left this morning for McAdam where he will meet A. Price, general manager of the C. P. R. Eastern division. They will leave this afternoon on an inspection trip to Woodstock and thence to Fredericton.

THREAT ALLEGED.—William E. Shannon, aged forty-five years, was arrested at noon today by Sergeant Rankine and Policeman Sheehan, on a charge of threatening to take the life of Matthew Harding, at the corner of Main street and Paradise row. The case will probably come before the court tomorrow.

DIED YESTERDAY.—Mrs. James Davidson of Willow Grove died yesterday at the home of her daughter, Mrs. James K. Daly, Gardner's Creek. She was eighty-seven years of age, and is survived by two daughters and five sons. Her funeral will be held on Friday morning and interment will be in the Ben Lomond burying grounds.

BURIED TODAY.—The funeral of Thomas A. Dunlop was held this afternoon from the residence of his nephew, John R. Dunlop, 119 Waterloo street, to Fernhill. The service was conducted by Rev. J. A. MacKegan.

The funeral of William H. Cox was held this afternoon from the residence of his son, 881 Ludlow street, West St. John, to Greenwood. Service was conducted by Rev. Isaac Brindley.

TAKEN ILL.—Mrs. F. H. Jones, widow of former Bankmaster Jones, sustained a stroke of paralysis as she was walking on Union street yesterday with her two daughters, Mrs. Wm. Charlton and Mrs. Edgar Logan. She had left the home of her son, A. R. Jones, where she resides, only a short time before. She was taken there and Dr. Bishop attended her. Today she had recovered from the effects of the shock, and friends will be pleased to know that her condition is satisfactory.

ANOTHER BREAK.—Sometime late Tuesday night or early Wednesday morning the residence of George S. McBeth at Riverside was entered and an overcoat and some small articles stolen. Mr. McBeth left the house at 9 o'clock Wednesday morning and was informed by telephone that his house had been broken into. Upon investigation he found that the things named above had been taken and possibly other things as well, which in a hasty survey, he did not notice.

ASLEEP SINCE LAST TUESDAY

Case of Child Here—Said to Have Been Several Others.

Six cases of lethargic encephalitis, commonly known as sleeping sickness, have been reported in the city recently. The latest is a child who developed the symptoms on last Tuesday and has been in a state of stupor since that time.

DREW AND NAIRN AWAY TO PRISON

George Drew, who was sentenced to life imprisonment and William Nairn, sentenced to four years with eight lashes were taken to the maritime penitentiary at Dorchester this morning by Deputy Sheriff Armstrong Clifford and Policeman Garnett.

FREDERICTON NEWS

St. John Man is Married in Capital—City Assessment.

(Special to The Times) Fredericton, April 7.—The total city assessment last year was \$216,000 with an inside rate of \$2.80 and an outside rate of \$1.80. The intention is to hold the assessment to those figures if possible.

Fredricton, April 7.—Earl J. Haines of Durham Bridge and Miss Violet H. Sturgeon of Doaktown, were married in the George Street Baptist Parsonage by Rev. A. F. Bate, Rector of Fredericton.

The marriage of James Hartley Clark of St. John and Miss Alice Amelia, daughter of Mr. and Mrs. Bernard McKenna of Fredericton took place on Wednesday night in Christ Church Parish church by Rev. A. F. Bate, Rector of Fredericton, performing the ceremony.

PERSONAL

Mr. and Mrs. E. O. Leahy, of Ottawa have been visiting Mr. and Mrs. W. E. Scully, returned home yesterday afternoon.

Mrs. L. Isaacs leaves this evening for New York where she will visit her mother, Mrs. Marks. Her daughter, Ruth, will accompany her. They expect to visit in Atlantic City and to return via Montreal.

Mr. and Mrs. H. W. Parlee and little son returned to the city yesterday after spending the winter in California. They returned by way of Vancouver. While in Victoria they were the guests of Hon. Wallace Parrie, attorney-general of British Columbia, and Mrs. Parrie. In Seattle they were guests of Judge King Dykeman. They report a very pleasant winter.

ARRESTED TODAY.

Harry Ross, aged twenty-one, was arrested by Policeman Donahue this morning on charge of acting in a suspicious manner and carrying a concealed weapon in the vicinity of Drury Cove. His case will come before the court this afternoon. One man was arrested about noon today on a charge of drunkenness. He will be dealt with tomorrow morning.

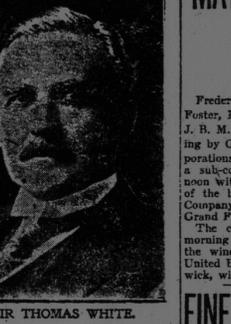

MAJOR GEN. A. D. McCRAE, C. B.

He has accepted the position of assistant director of the Western Canadian Colonization Association.

COUNT ANDRASSY

Former representative of Austria-Hungary to other countries and now the chief political supporter of Charles in his attempt to regain the Hungarian throne.

LONDON PAPER TRIBUTES TO SIR THOMAS WHITE

SIR THOMAS WHITE.

London, April 7.—(Canadian Associated Press).—The resignation of Sir Thomas White from the Canadian House of Commons is the subject of editorial comment in several morning papers.

Appreciative reference is made to his work as Canada's finance minister during the difficult days of the war, and conspicuous ability showed in tapping unsuspected reservoirs of active credit to enable the dominion to carry on her part in the great conflict.

The Times, in a graceful tribute to the ex-minister, speaks of his singularly attractive personality, his unusual power of persuasive speaking, and his high reputation for rigid integrity.

TO CANADA FOR EVIDENCE IN THE STILLMAN CASE

New York, April 7.—(Canadian Press) The New York Times announces that, according to people in close touch with the case, attorneys from Mrs. Anne Ughart Stillman will go to Canada in a day or two if they had not gone already, to arrange for witnesses, who testified before the referee to Mrs. Stillman's alleged indiscretion, mentioned at the first hearing to return to New York for cross examination.

The marriage of James Hartley Clark of St. John and Miss Alice Amelia, daughter of Mr. and Mrs. Bernard McKenna of Fredericton took place on Wednesday night in Christ Church Parish church by Rev. A. F. Bate, Rector of Fredericton, performing the ceremony.

Investigations in Canada at the Stillman camp and nearby places have already begun, the paper says, and when Mrs. Stillman's investigators arrive there, a searching inquiry will be made to learn everything possible, so that testimony damaging to Mrs. Stillman may, if possible, be refuted.

These witnesses for Mrs. Stillman decried things they saw while climbing on ladders placed against one of the buildings and by looking through the key hole of one of the rooms. It has been contended by the defence that some of these things could not have been seen because of the arrangement of the rooms.

NEW PHASE OF THE JOHN DOUGHTY CASE

Toronto, Ont., April 7.—In connection with an action brought by Mrs. John Doughty against her husband for alimony, an order was made yesterday for payment of \$10 a week interim alimony and \$30 for disbursements.

TO ENCOURAGE STUDENTS

Among contributions to the Emma Skinner Fisk memorial fund to provide a prize for French in the eleventh grade of the high school for the next ten years are \$25 each from Hon. J. B. M. Baxter and S. A. M. Skinner, \$20 from Judge Wells and \$100 from the French Club.

Crown Prince Hirohito of Japan is now on the way to Europe, is expected to arrive in Paris on an official visit in May or June.

COMMITTEE ON MATTER OF GRAND FALLS RIGHTS

Fredricton, N. B., April 7.—Premier Foster, Hon. C. W. Robinson and Hon. J. B. M. Baxter were named this afternoon by Chairman Robichaud, of the corporations committee of the legislature, as a sub-committee to confer this afternoon with the promoters and opponents of the bill to extend the Grand Falls Company's rights in the water power at Grand Falls for a period of two years.

The committee on corporations this morning agreed to the bill to provide for the winding up of the Association of United Baptist Churches of New Brunswick, with amendments.

FINED IN OLIVE OIL MATTER

The case of alleged landing of olive oil from a steamer here without it being passed through the customs was completed by Collector Lockhart this morning. The man who purchased the oil was fined \$100 for employing a man to help land it. He was also required to pay the duty paid value. In connection with the same ship the chief engineer was fined \$100, the second engineer \$100 and another member of the crew, arrested by the police on Sunday night for having liquor in his possession, \$50 for smuggling liquor.

ROBBERIES IN PRINCE WM. ST.

A series of breaks was perpetrated in Prince William street last night. The Globe Atlantic building and the Armstrong & Bruce building were entered and several of the offices broken into. In the Globe building the glass was smashed in the door and the thieves were evidently scared away before they entered. In the other building the office of the Cabot was entered, a desk was broken open and several papers destroyed. In the office of the Maritime Freight Investigation Bureau a wrist watch and two boxes of cigars were taken and the whole place ransacked.

NO WORRY NOW OVER PASSPORTS

Paris, April 7.—Tourists from Canada and the United States can now travel through France and Belgium without worrying over their passports. Following an agreement by the Brussels Government not to demand consular visas of passports of citizens of any Allied or associated country, France has joined the movement to make Europe agreeable to tourists and has abolished all formalities for citizens from the other side of the Atlantic who are returning home. It is expected that other countries will agree to waive their passport rights if the United States gives up the \$10 visa idea.

Germany is still exacting 500 marks for a visa of the passport of every American crossing her frontier, while the Italians are inclined to open their doors to all foreigners in order to improve their economic situation.

ONLY PARTLY INSURED

In connection with the fire loss of Mrs. Sarah Senior, of Fairville, whose two dwellings were burned yesterday morning, there was \$10,000 each on the dwellings and \$400 on the furniture, all of which was practically totally destroyed. The insurance was in the Western Fire Insurance Company. Yesterday's paragraph wrongly indicated that larger insurance was held.

WOULD SUSPEND ALL IMMIGRATION

Dr. H. Deslauriers, M. P., of Montreal, who moved a resolution in the Commons, demanding the suspension of all immigration till the employment situation had been remedied, and more normal conditions were established.

\$50 Reward

A reward of \$50 will be paid by the undersigned for information proving the identity of the person who gave a false report of the death of Mrs. Peter Hatty to a newspaper on the evening of April 3, 1921.

(Signed) PETER HATTY, 179 Brussels street, St. John, April 6, 1921.

Mother of the First American Soldier Killed in France, Gives Entire Credit for Recovery of Her Health to Tanlac.

Declares He Suffered Six Years With Dyspepsia—Says Six Bottles of Tanlac Made New Man of Him—Gained 35 Pounds.

"Tanlac Is Simply Wonderful. I Prize It Above Every Other Medicine, Even That Which Was Prescribed For Me," She Says.

Says He Knows What It Is to Enjoy Good Health For First Time in Six Years—Rheumatism Relieved, Gained 10 Pounds.

Declares Her Complete Recovery, Since Taking Tanlac, After So Many Years Of Suffering, Seems Too Good To Be True.

PUBLIC HEALTH REPORT TABLED IN LEGISLATURE

Contains Complete Chronicle of Activities of Health Department for the Last Fiscal Year

REGISTRATION OF VITAL STATISTICS

Medical Inspection in Schools Benefitted Many Children—Several Interests Which Call For Attention.

Fredericton, N. B., April 6.—The third annual report of the chief medical officer of the province, as submitted to the legislature, contains a complete chronicle of the activities of the health department during the last fiscal year.

The work of the laboratory, under Dr. Abramson, grew in usefulness and increased accommodations are now necessary. This action, the report says, would be feasible, financially, in view of the fact that the laboratory has already attained a position of a self-supporting institution, so far as direct government expense is concerned.

Dorothy Dalton's Beauty Chat

Miss Dorothy Dalton, the actress famous the world over for her beautiful complexion, says: "Any girl or woman can have a beautiful, rosy-white complexion and smooth unwrinkled skin like mine if they will follow my advice and use Derwillo, a simple toilet preparation. Use it because it imparts instant beauty, is easy to apply, absolutely harmless and has a marvelous effect upon the skin. One application proves it." Be sure to read Miss Dalton's interesting story of how to quickly acquire a beautiful complexion, soon to appear in this paper. In the meantime, get Derwillo at any toilet counter and try it today; you will be delightfully surprised.

Cuticura Soap SHAVES Without Mug

Inspections of the railway stations in the province were made and reports submitted as to their sanitary condition. The source of the water supply of several towns and villages was examined by the chief medical officer. According to the report the eastern supply of St. John, according to bacteriological examination of the provincial laboratory, has markedly improved as respects freedom from suspicious bacterial content.

The report goes into the matter of the public health to a great depth and shows how improvements were made in all parts of the province. In this case, the smallpox, with two deaths, were reported. The great majority of these cases were confined to the counties and were largely due to importation from abroad. More than one half of the deaths from typhoid fever are reported from Gloucester county, where, the report intimates, there was a pollution of the water supply in certain districts.

Medical Inspection in Schools. The most expensive work the sub-districts were called upon to perform in the past year was the medical inspection in schools. This work, undertaken by public health administration, is the one in question has been the most difficult to bring up as respects results to anything like perfection. Medical inspection, like all inspection, is only a means toward an end and that end is to eliminate acute and contagious disease from the school, and to see to it that physical defects and deformities, amenable of treatment, shall be remedied.

The collection and registration of vital statistics had been in operation for ten months before the close of the fiscal year. In view of the novelty of the service, the results were beyond the most sanguine expectation. During the first six months of this period the returns were 4,511 certificates of birth, 1,589 marriages and 2,694 deaths.

According to estimates made in sub-districts the population of the province, exclusive of Kent county, which is unorganized, amounts to 286,500. Out of a total of 1,589 marriages only eleven divorced men and twelve divorced women participated. In concluding the chief medical officer mentions several interests which call for attention. Among these are the following: (1) Housing: There are in the province, at least one or two industrial centres devoted, largely, to one line of work

where housing conditions are far from ideal. Such instances present difficulties and problems not capable of ready solution, and entailing a degree and quality of attention, not hitherto available. (2) Hospitals: It will be readily admitted that so far as regards the fabric and general sanitary condition of such institutions, no species of human habitation demands such a close approach to the ideal as these. (3) Public water supply: This entails an attention, so far found largely impracticable because of the lack of time necessary to pursue it. It is expected that work along these lines will be undertaken during the coming year.

The report contains details of the work in the laboratories and reports from the district health officers of the province, and the sub-health districts. WOMEN CONTINUALLY OVERDO This applies to all women, regardless of caste or color. The ambitious girl striving for school honors, the overworked housewife, the shop girl, girls in offices and stores, and the society woman, all climb too high, overtax their strength, and what follows? Nervous prostration, sleeplessness, backache, headaches, and the inevitable weakness and ailments peculiar to their sex soon develop, which unless checked bring on more serious conditions, and which often lead to operations. An efficient restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which is now recommended from coast to coast as a standard remedy for women's ills.

CHICAGO POLICE HEAD BLAMES PAROLE LAW

Declares the Way to Protect Citizens is to Keep Criminals in the Penitentiaries. Chicago, April 7.—Chief of Police Fitzmorris aimed a new blow at the interests which have been protecting and propagating organized crime in Chicago by making public a remarkable array of reports and statistics on paroled criminals.

Fitzmorris gave out a list of law-breakers paroled in 1920, who, he says, are a menace to the public. That menace, he adds, can be curbed by the application of the rule he repeatedly emphasizes: "Keep them in the penitentiaries and the citizens are safe." In delving into the reasons for crime, the habits and methods of criminals, and the disposition of prisoners after their conviction, and seeking the panacea which will give to Chicagoans protection of life and property, Chief Fitzmorris points to the parole law and says: "It is the criminals' best friend. By these records the parole law stands convicted of being accessory before the fact to most of the recent crimes. It is outrageous to think that these men, sentenced to long terms, could have secured their freedom in such a short time. A cold blooded murderer released after serving only thirteen months! Can you beat

Just Apply This Paste and the Hairs Will Vanish (Boudoir Secrets) The judicious use of a delatone paste insures any woman a clear, hairless skin. To prepare the paste, mix a little of the powdered delatone with some water, then apply to the objectionable hairs for two or three minutes. When the paste is removed hair will have vanished. No pain attends the use of the delatone and it will not mar the most sensitive skin, but to insure results, see that you get real delatone.

RIGA WATER RELIEVES HEADACHE, NEURALGIA, COLIC, CONSTIPATION

HIT WITH LEAD PIPE IN CARD GAME, MAN DIES

Two Arrested in New York After Man Staggered Into Policeman's Arms and Succumbed. New York, April 7.—Bleeding from a wound on his head, a well-dressed man staggered up to Patrolman Edward Mullins at Seventeenth street and Eighth avenue and fell into the policeman's arms.

The man told Mullins he was Samuel Kessler, collector for David Lewis, a clothing and jewelry instalment house. He said he had gone to 331 West Sixteenth street to collect a bill from a longshoreman named James Ferris, and that Ferris and another man had attacked him with a piece of lead pipe. Kessler's story was interrupted by the arrival of an ambulance from New York Hospital. Dr. Sutton, the ambulance surgeon, found that Kessler was suffering from a skull fracture and hurried him to the hospital. On the way he again became unconscious and soon after reaching the hospital died.

Detectives McManara, Clark, Coover and Seven of the West Thirtieth station, after two hours' investigation, located Ferris and his brother-in-law, James King, of 60 Cherry street, on a charge of homicide. They had found Ferris' blood in great disorder, with splashes of blood on the floor and furniture, and in one room a table strewn with cards and the poker chips. The first theory of police was that Kessler had been killed in a gambling quarrel, since on his person was found about \$100 in bills and a gold watch, which seemed to discredit the theory of robbery.

Assistant District Attorney Marro, who went to the police station, said that after an hour's investigation, he and King admitted they had attacked Kessler in accordance with a plan arranged several days ago. Kessler, it was said, had called regularly at Ferris' home, and had come to join Ferris and others there in a card game. Mr. Marro said the prisoners admitted that after starting the game they attacked him, but became alarmed at the sight of blood and fled without robbing their victim. Kessler was twenty-eight years old and lived at 223 Lenox avenue. He was employed by David Lewis of 9 East Broadway. A sister, Mrs. Bertram of 25 Nightingale street, Dorchester, Mass., and Harry Stark of 145 Lenox avenue, who he said was his nearest friend, were notified of his death.

IS FOUND DEAD

Truro, April 6.—W. C. Balcom, of Hantsport, the best known men of the province, was found dead in bed in a hotel here yesterday. An inquest was held at Ollivier's undertaking parlors by Coroner Dunbar and jury, and the verdict was that Balcom had died of heart disease due to aortic aneurysm.

Mr. Balcom established the greenhouse business at Hantsport which he and his son-in-law, James Hancock, have conducted for years. Y. W. H. A. MASQUERADE The Young Women's Hebrew Association held a most successful masquerade dance in the G. W. V. A. hall on Tuesday night. The costumes worn were very pretty and most original. Mrs. L. Isaacs, the president, and all the members assisted in making the event a very delightful one. The general convener was Mrs. K. Epstein and the refreshments were in charge of Mrs. Rubin and Mrs. Levin. The proceeds will go towards the support of an orphan, in Palestine, who has been adopted by the association.

OPTIMISTIC VIEW OF SITUATION

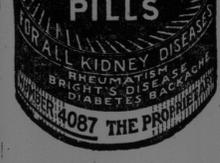

(B. C. Forbes in Forbes Magazine, N. Y.) The first quarter of 1921 promises to be followed by a somewhat better second quarter and a very much better third quarter and fourth quarter. We are reaching the final stages of the present re-adjustment movement. Wages are probably at "the last thing to go down," sharing this distinction with rent. Although the air is thick with uncertainty, I do not believe the nation's business will be thrown into chaos by strikes of railwaymen all over the country. There may be short-lived outbreaks of local importance here and there, incited by ill-advised agitators. But, in my opinion, the great majority of railway workers are today alive to the downward trend of everything and will accept a reduction in wages as inescapable. I also believe that steel wages can and will be lowered, after steel prices have been cut, without precipitating taroel. While the United States Steel Corporation ostensibly still has enough orders on its books (over 6,000,000 tons) to keep its plants going at full speed for months, it is operating only about one-third of capacity, and new business is not being received in sufficient volume to keep the country's steel plants going at more than one-fourth of capacity. Under such circumstances, price reductions by the Steel Corporation are morally certain, and inasmuch as additional thousands of workers are steadily being laid off, Judge Gray need not be fearful that the workers will seek to vent their vent on him if he lowers prices in order to attract enough business to give manly idle men employment. Let the railroad outlook be cleared up and let the steel industry be placed on a stable footing, and I believe a more cheerful view will be taken of the whole economic situation. There is warrant for increasing optimism rather than the deepening pessimism which recently developed.

CONSUL GENERAL SHOWS INTEREST

W. F. Hatheway, the French consular agent in St. John, has received a letter from the consul-general at Montreal announcing that he, the consul-general for France at Montreal, is quite pleased to see the effort being made to found a memorial fund here for the late Mrs. Emma Skinner Fiske. The French consul asks for more particulars about it and intimates that he would be very glad to communicate the whole of the details to the "French Alliance" in Paris. Already very many friends of the late Mrs. Fiske have sent in contributions to the committee here and the raising of the total amount, \$200 or \$300, seems to be now quite a certainty.

THE BANK SITUATION.

According to the monthly bank statement for February, demand deposits for the month showed a decline of \$22,500,000, foreign deposits a decline of \$13,000,000, savings deposits in Canada an increase of \$5,700,000, and circulation an increase of over a million. For the first time in several months an increase was shown in the amount of current loans outstanding.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezome" on an aching corn, instantly it corn stops hurting, then shortly you lift it right off with fingers. Truly! "Freezome" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

ASTHMA USE RAZ-MAH

NO Smoking—No Spraying—No Suffering—Just Swallow a Capsule RAZ-MAH is Guaranteed to restore normal breathing, stop mucus gatherings in the bronchial tubes, give long nights of quiet sleep, contains no habit-forming drug. \$1.00 at your druggist's. Trial free at our agencies or write Templetons, 142 King W., Toronto. Wasson's Drug Stores, 19 Sydney Street and 715 Main Street, In Woodstock at Atherton & McAfee.

J. W. HITCH, The Famous Surrey County Cricketer, and M. C. C. Australian XI, 1920-21, writes

"I was recently recommended to try Phosferine by a friend who pins his faith absolutely to it. I can say at once that I agree with him, for I have known anything like Phosferine for making one feel in first class form. If I feel a bit off colour, or the nerves the least bit rattled, a dose or two of Phosferine tones me up wonderfully, enabling me to go through any amount of exertion without any slacking off or fatigue. Candidly I think Phosferine moves about actively without being distressed by the heat, and it keeps the nerves steady and reliable so that eyes and hands never fall throughout the hardest and longest game. I am a Surrey cricketer who takes Phosferine will find he has plenty of staying power in hand, and if you think this opinion worth all interest other players, you can purchase it."

When you require the Best Tonic Medicine, see that you get PHOSFERINE

A PROVEN REMEDY FOR

- Influenza, Indigestion, Sleeplessness, Exhaustion, Nervous Debility, Neuralgia, Menstrual Pain, Premature Decay, Mental Exhaustion, Loss of Appetite, Lassitude, Maury Weakness, Headache, Fatigue, Brain-Fag, Nerve Shock, Malaria, Rheumatism, Sciatica

Phosferine has a world-wide reputation for relieving disorders of the nervous system more completely and speedily, and at less cost than any other preparation.

SPECIAL BUSINESS AND TRAVEL NOTE

Phosferine is made in liquid and Tablets, each sold in two sizes. The Tablet form is particularly convenient for business men and women, all outdoor workers, travellers, sportsmen, etc. It can be used any time, anywhere, in accurate doses, as no water is required. The No. 2 tube is small enough to carry in the pocket and contains 20 doses. Anyone affected by unhealthy localities or climatic conditions will be better for Phosferine—always put a tube of Tablets in your outfit.

BERLIN'S SUNSPOT SHRINKS IN JERSEY

"Largest One Ever Observed" Not Revealed by Princeton Telescope, But Two Small Ones Appear.

(N. Y. Times.)
The Princeton observatory telescope yesterday failed to reveal "the largest sun-spot ever observed," reported by Dr. Archenbold of Berlin.

was near the centre and the other low on the sun's disk. Each was about the same size—approximately 25,000 miles in diameter. The lower spot was moving nearer to the "right hand" rim of the sun than the other. It is a day or two it would disappear from earthly sight. Both spots were visible to the naked eye.

Dr. R. S. Dugan, professor of astronomy at Princeton, who was with Dr. Russell at the observatory, said: "The spot would not appear differently at Berlin from what it does here. The power of the telescope has nothing to do with it. The larger telescope would not tell anything more about sun-spots." The Berlin scientist suggested that the large spot was the cause of the summer-like weather prevailing in Europe. Dr. Dugan said there was innumerable theories as to the effect of sun-spots on terrestrial weather, but science has been unable to find definite proof that solar disturbances reacted on the climate here.

"In time," he said, "we may know their effect here to enable us to forecast weather

for a long period ahead, but up to the present it has not been shown that the spots affect our climate at all. Even when a great deal more is known, it will be difficult to predict weather from their appearance, because of the great number of lights that enter into calculations on weather.

"We don't know what causes sun spots. We know that the spots are of a lower temperature than the rest of the sun, but it does not sufficiently decrease the temperature to lower the heat of the sun's rays reaching earth. The sun spot is apparently a magnetic disturbance, something like a terrestrial tornado. Sun spots are said to affect the earth magnetically, but that subject again is a very doubtful one."

Forecaster James M. Starr of the weather bureau also said the study of sun spots had not advanced sufficiently to enter into the government's calculations on weather.

"A great volume of data has been collected on the subject," he said, "but its value is doubtful. Many scientists are at work on the theory that our weather is controlled largely by spots on the sun. Some quacks issue weather predictions based on the spots, but their success has not been sensational. Spots Affect Aurora Borealis.

"I believe it is well established that the sun spots cause some of the magnetic troubles, such as electrical storms, which sometimes interfere with the telegraph and telephone."

The study of sunspots and their effect on the earth is more than a hundred years old. One effect generally accepted by science is that the spots have something to do with the Aurora Borealis. The spots break out in the sun in a fairly regular manner, completing a cycle every eleven years. Observations over a hundred years show that the Northern Lights also follow a fairly regular schedule which changes every eleven years. The years of the greatest number of sun-spots are the years of the greatest number of Aurora displays. During the comparatively spotless years of the sun, the electrical shows in the Arctic are correspondingly infrequent.

There are also records showing that great magnetic storms have apparently marked the formation of sun-spots. Electrical communication between the sun and the earth is fairly rapid. The distance between them approximately eight minutes' travel for an electrical wave, which moves with the speed of light, or 180,000 miles a second.

An explanation that may reconcile the statement of the Berlin scientist with the observations at Princeton is contained in the dispatch, which says the sun-spot is now at its minimum.

WOULD IMPROVE CURRICULUM FOR THE HIGH SCHOOL

Fitting High School Pupils for Future Work in Community Recommended by Educationists.

(Ottawa Journal)
With a view to bringing about improvements in the High Schools of the province, the Minister of Education recently sent out a questionnaire to obtain detailed information regarding the working of the system. The answers were tabulated and a committee was appointed to consider all matters directly affecting the organization and efficiency of the schools and to submit practical recommendations.

A interim report has been received from this committee and will be presented this week to a teachers' and principals' meeting in Toronto by Dr. A. H. McDougall, principal of Ottawa Collegiate Institute. The principal with several local teachers left for Toronto last night.

Briefly the report deals with the following problems:

- (1) Better provision is required for the special and varying needs of High School pupils to fit them for future life in the community rather than the special preparation for university of the professional.
- (2) Some test should be designated such as a High School graduation to take the place of the present Senior Matriculation which has come to be regarded very generally as a test of educational fitness for all kinds of positions. The result is that many pupils are pursuing what is for them an unsuitable course of study.
- (3) More freedom should be given local authorities in determining the subjects to be taken by pupils.
- (4) The congested time-table so dissipates the energies of both pupil and teacher, especially in the Lower School that really satisfactory educational results are often impossible.
- (5) The course for the Junior Matriculation is rather too heavy for three years and not extensive enough for a four year period.
- (6) Conditions governing entrance to the High Schools often make it impossible for pupils to secure admission at the best age.
- (7) Better provision is needed for pupils desiring a more general education.

Modifications in System.
The report deals with these problems as follows:
"Courses of study have been drafted for the first and second years of the Lower School, for the Middle School, and for the Upper School. Only a few subjects are obligatory, chiefly in the Lower School. The optional subjects admit of variation according to local needs, whether these arise from geographical, commercial, or industrial reasons or from the particular ideals or qualifications of the Principal and his staff. The range of optional subjects also provides quite as thoroughly for the general student as for candidates for matriculation or intending teachers. The Committee has, moreover, recommended a minimum and a maximum number of subjects which the pupil should be allowed to take in each year of attendance, it being always understood that the Principal has the liberty to make different arrangements for exceptional cases. Finally, certain modifications in the system of examination are recommended which will give the Principal freedom to organize his school so as to produce the best educational results.

"These various changes would, it is believed, make it possible for High School Principals to frame a time-table with not more than eight teaching periods a day of about 40 minutes each, and, as a rule, to provide for each subject a teaching period daily.

"The report then proceeds to draw up a list of subjects which should be taught, designating the obligatory and the optional. It is interesting to note that German is included in the optional subjects as also is Greek. Special emphasis is laid on the importance of English composition, literature and rhetoric. Closer union between the studies of geography and history are urged. It is also suggested that some agricultural subject be included in the subjects taught in the middle school. As regards examinations it is urged that pupils be allowed to write on one or more subjects at a time. The entire report urges that the principal be given more freedom in being allowed to make up the courses of studies which he believes would best suit his own pupils.

FLAGSHIP OF BRITAIN SAVES A DYING CHILD
London, April 7.—The great battleship Queen Elizabeth, Admiral Beatty's flagship of the Grand Fleet, saved the life of a tiny babe of the same name in the Bay of Biscay this week by answering a call from the steamship Venetia, which was bound homeward. The child's life was ebbing rapidly when the warship was signalled for help. The Queen Elizabeth stopped and launched a boat which, despite the heavy sea, reached the steamship, and a doctor from the warship boarded her. He was able to save the life of the infant.

THE ORIGIN OF THE TERM BLUENOSE

(Occasional in Halifax Recorder.)
We have been asked several times as to the origin of the name Bluenose, as applied to natives of Nova Scotia. The late Judge Savary said, as to the origin of this word and its early application to the people of the province: "My authority for the statement here made (in the New Brunswick Magazine, Vol. I, page 88), is to be found in the Nova Scotia letters of the Rev. Jacob Bailey, the noted loyalist rector of Annapolis. The struggle for the political supremacy between the loyalist and the pre-loyalist inhabitants of western Nova Scotia in the provincial elections, 1785, and the special election held in this county (Annapolis) in the following year, in consequence of the unseating of the successful loyalist candidates, was marked by surpassing acerbity and virulence. Perhaps in this respect it has never been exceeded in this province, the later contests being shortened, and the excitement mitigated by the simultaneous polling, unknown in the eighteenth century. Mr. Bailey's feelings were warmly enlisted in the cause of his fellow loyalist, and he makes frequent mention of the struggle and its incidents. To his friend Peter Fry, Esq., at Halifax, on November 18, 1785, he writes of the pre-loyalist party. "The Bluenoses, to use a vulgar appellation, who had address sufficient to divide the loyalists, exerted themselves to the utmost of their power and cunning." On July 6th, 1786, writing to Rev. Dr. Peters, in London, he mentions several deplorable conditions of life in Nova Scotia, among them "violent contentions between the loyalists and the 4d inhabitants, called Bluenoses." Unlike the term "copperhead," applied in the north to northern sympathizers with the southern cause during the American civil war, the nickname seems to be a harmless one, not carrying any moral reproach or sinister suggestion; and one is almost disposed to suspect that the pre-loyalist settlers had been already called Bluenose by the people of the more southern colonies, perhaps in sarcastic allusion to the supposed effect of our colder winters on the human complexion, and that the loyalists brought the word with them and used it as a convenient and disrespectful designation for the old settlers. But this is a mere conjecture, and against it is the fact that Mr. Bailey deemed it necessary to explain it to these

two New England loyalists. Whatever its origin, as the name of a species of potato, I conclude it was first applied to people in the County of Annapolis not earlier than the arrival of the loyalists. On Sept. 28th, 1787, Mr. Bailey advised Rev. S. Parker, at Boston, of the shipment to him of six barrels of potatoes, of which number five consist of "rose and bluenoses."

FIRST TRUTHFUL LIQUOR SELLER IN THIS COURT GETS REWARD OF MERIT

Hartford, Conn., April 7.—Antonio Fiori of Norwich told Judge Howe in United States District Court that when he found he was not making money in his saloon he put in a supply of whiskey. Fiori was charged with possession of liquor, but admitted in court that he had sold it. Judge Howe asked Asst. Dist. Atty. Daley his opinion of the case. "He's the first man tried in this court who has told the truth," said Daley. Judge Howe imposed a fine of one dollar. Among the others fined were Thomas Damico of Bridgeport, \$400, and Stephen Zakrasky of Stamford, \$400.

Our First Birthday Sale On Charlotte St.

It's just a year since the Semi-ready Store came to the higher level on Charlotte street, and my patrons look to me to give a real Business Birthday Celebration.

Here's a fortnight Festival of Bargains on the new Semi-ready Suits and Top Coats—the very latest designs and models in the newest cloth patterns. Figures talk—and the label in the pocket tells the real value of the garment.

\$45,000 Stock
\$45,000 STOCK! at your selection. And it's a long time since good suits could be bought for \$25!

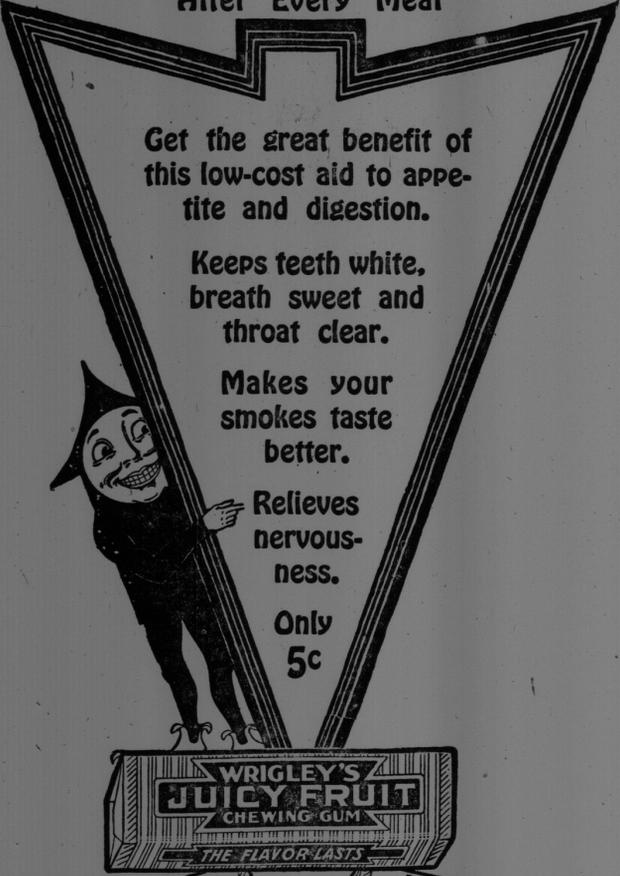

The Green Tag.

PROGNOSTICATION NEXT WEEK'S EXPECTATION

Legislature Making Rapid Progress With Its Business

Fredericton, April 6.—The business of the legislature is progressing with such dispatch that it is the general opinion that prorogation will come on Friday of next week. Although it had been the intention to continue in committee on supply this evening, this was set over and the consideration of several bills was continued.

An act to increase the assessment limit for school purposes in St. John to \$300,000 passed the committee stage. Members of the house did not favor decreasing the limits of the town of Marysville, whereby sections of highway would pass to the province. It was pointed out that the province had sufficient highway to maintain.

Hon. W. F. Roberts, minister of health, presented to the house the annual report of the chief medical officer of the province. Mr. Baxter introduced a bill to incorporate the St. Martins Marsh Company. Mr. Peck introduced a bill to incorporate the New Brunswick Oil Company, Limited.

Mr. Curran introduced a bill relating to fire protection in the parish of Lancaster. Mr. Fawcett introduced a bill to authorize the county council of Westmorland to make a loan to the Municipal Finance Commission; also a bill to amend chapter 182 of the consolidated statutes to effect temporary loans.

Mr. Scovil introduced a bill to amend an act relating to the town of St. Andrews, to authorize the sale of the county almshouse, and to aid in the installation of a water works system. Mr. Wetmore introduced a bill to amend chapter 182 of the consolidated statutes in so far as it relates to the county of Kings.

Mr. Goplin introduced a bill to amend an act incorporating the Port Canada Docks Railway. Hon. Mr. Robinson introduced a bill to amend the St. Wesley Memorial church of Moncton to issue debentures. Mr. Bataillon introduced a bill to amend chapter 169 of the consolidated statutes.

Hon. Mr. Robinson introduced a bill to amend the act respecting land surveyors and surveyors and. He explained that the bill would make some additions to the qualifications required for land surveyors, and gave the right to own lands to make surveys and to enter.

Hon. Mr. Byrne introduced a bill to amend the act regulating the issue of shares and securities by public utility companies. He explained that last year an act modeled after the Nova Scotia act to regulate the issue of shares and securities had been passed by the house. It provided that before any issue could be made an application had to be submitted to the board of public utilities. It also provided that the consent of the board of public utilities had to be obtained before a company could increase its capital stock. After a consultation with the board it was decided to make some changes in the law. The power to increase capital stock remain, at present, in the hands of the provincial secretary-treasurer, and after an increase had been made by a two-thirds vote of the company, then the matter would be submitted to the board of public utilities, which, if satisfied that it was legal, would grant a certificate of approval.

Motor Vehicle Fees. Hon. Mr. Fenwick introduced a bill to amend the act to provide for the funding of motor vehicle fees. He explained that last session an act was passed concerning the governing of motor vehicles to borrow \$200,000 on automobile fees accruing up to that time. A section of the act provided for the borrowing of a sum not exceeding \$200,000 in any one year if the fees permitted it. When the time arrived to make the loan last year, the broker's agent had expressed the opinion that the act did not give authority to borrow beyond a certain sum. As a result the intention of the legislature could not be carried and the \$200,000 which was authorized last session and an additional \$200,000, making \$400,000 in all. Another section made provision for the borrowing after the year 1921 of an amount not exceeding \$200,000 a year.

Hon. Mr. Byrne introduced a bill to amend the Probate Court Act. He explained that it gave power to the probate judge in cases where a claim was filed against an estate, and the claimant or his advocate failed to appear and to dismiss that claim and proceed with the passing of accounts as if such claim had not been filed. A recent case in St. John had raised the question as to the powers of the judge, and the bill was being acted for the purpose of removing any doubt that might exist.

Hon. Mr. Hetherington laid on the table of the house the annual report of the New Brunswick Vocational Board. The House went into committee with Mr. McManus in the chair and took up consideration of a bill to amend the Schools Act, and a bill to amend the act respecting Victoria Public Hospital, which were agreed to. The committee also considered a bill relating to the town of Marysville.

The committee took up the consideration of the bill to ratify a deed of conveyance to the town of St. Stephen. Mr. Richards suggested a simplified title, which was adopted, and the bill was reported as amended. The committee took up consideration of a bill respecting the paving and opening of public streets in the city of St. John.

Hon. Mr. Merzeau said that he had had some experience in opening streets in St. John for cable operations. It seemed to him that the road engineers of the city did not want that the streets be torn up. Sufficient notice was given the interested parties and if they did tear the pavement up they should pay for the replacement. Mr. Baxter said that if a gas pipe should burst there would be danger if immediate action could not be taken by the company concerned.

Hon. Mr. Roberts said that the bill made provision for such emergency. Hon. Mr. Merzeau said that a condition might arise over night which would cause trouble if not attended to at once. Mr. Scully said that such an act was absolutely necessary to protect the people of St. John. Sufficient notice was given and a hardship would not be worked.

Hon. Mr. Roberts said that for years the streets of St. John had been torn up immediately after being paved. The intention of this bill was to put a stop to that. Mr. Hayes said there was a real reason for the bill. Newly paved streets had been torn up so frequently that the common council had been an object of ridicule. He felt that telephone and telegraph companies had been dealt with generously, so far as St. John is concerned, and the citizens should have some control over their own property.

Hon. Mr. Robinson said that he was interested in the bill because similar cases occur in Moncton. The city council of Moncton might act for similar powers, and he wanted to make the rest of the city aware of it. A considerable area of streets in Moncton had been paved, but the city said that services to all paved streets were laid before the pavement went down. Mr. Scully said that Douglas avenue was peculiarly situated because in the length of a mile and a half it was not built upon for half a mile. It was in that portion that the trouble might arise. In spite of a notice being given some property owners had failed to do the necessary work.

Hon. Mr. Foster said that this was his first opportunity to speak on the bill. He would say that the object of the bill in short was to protect the citizens and against the corporations. The bill was agreed to. The committee took up consideration of a bill relating to further settlement of New Brunswick Railway Company lands. Hon. Mr. Michael explained the object of the bill, which was agreed to. The house again went into committee with Mr. Hayes in the chair, and took up consideration of a bill to amend the "Forest fires" act.

DO YOU CATCH COLDS EASILY? HOW TO AVOID IT

Colds are due to germs. No one can prevent the germs from getting into your nose and throat. But you can help keep plenty of strong vigorous, "antibodies" in your blood to fight and kill off the nasty "cold germs" before they do you any harm.

To develop these germ destroying "antibodies" properly, you must have plenty of pure rich, red blood and a strong, vigorous constitution—in fact, this is the best preventive against almost any disease.

If you are weak, nervous or run down, or subject to colds, take no chances. One day you may develop serious throat, bronchial or lung trouble or perhaps pneumonia and you may go off like a shot. Therefore commence to enrich your blood and strengthen your men today. "To build more and better blood and make stronger nerves, there is nothing superior to NUXATED IRON as it contains organic iron like the iron in your blood combined with a product representing the principal chemical constituent of active living nerve forces for feeding the nerves. Nuxated Iron may therefore be said to be both a blood and a nerve food. It often increases the body's energy, vigor, strength and endurance in two weeks' time.

Over 4,000,000 people are using it annually. It has been highly endorsed by the United States Senators, U. S. Army Generals, many physicians and prominent men. Even the Pope at Rome mentioned it favorably in a communication to the Proprietor of the Pharmacy Normale de Paris.

Satisfaction guaranteed or the manufacturer will refund your money. Beware of substitutes. Look for the word "NUXATED" on every package and the letters N. I. on every tablet. Sold by all druggists.

NUXATED IRON Helps make rich, red blood and revitalize weak nerves

table of the house the annual report of the New Brunswick Vocational Board. The House went into committee with Mr. McManus in the chair and took up consideration of a bill to amend the Schools Act, and a bill to amend the act respecting Victoria Public Hospital, which were agreed to. The committee also considered a bill relating to the town of Marysville.

The committee took up the consideration of the bill to ratify a deed of conveyance to the town of St. Stephen. Mr. Richards suggested a simplified title, which was adopted, and the bill was reported as amended. The committee took up consideration of a bill respecting the paving and opening of public streets in the city of St. John.

Hon. Mr. Merzeau said that he had had some experience in opening streets in St. John for cable operations. It seemed to him that the road engineers of the city did not want that the streets be torn up. Sufficient notice was given the interested parties and if they did tear the pavement up they should pay for the replacement.

Mr. Baxter said that if a gas pipe should burst there would be danger if immediate action could not be taken by the company concerned. Hon. Mr. Roberts said that the bill made provision for such emergency.

Hon. Mr. Merzeau said that a condition might arise over night which would cause trouble if not attended to at once. Mr. Scully said that such an act was absolutely necessary to protect the people of St. John. Sufficient notice was given and a hardship would not be worked.

Hon. Mr. Roberts said that for years the streets of St. John had been torn up immediately after being paved. The intention of this bill was to put a stop to that. Mr. Hayes said there was a real reason for the bill. Newly paved streets had been torn up so frequently that the common council had been an object of ridicule.

He felt that telephone and telegraph companies had been dealt with generously, so far as St. John is concerned, and the citizens should have some control over their own property. Hon. Mr. Robinson said that he was interested in the bill because similar cases occur in Moncton.

The city council of Moncton might act for similar powers, and he wanted to make the rest of the city aware of it. A considerable area of streets in Moncton had been paved, but the city said that services to all paved streets were laid before the pavement went down. Mr. Scully said that Douglas avenue was peculiarly situated because in the length of a mile and a half it was not built upon for half a mile.

It was in that portion that the trouble might arise. In spite of a notice being given some property owners had failed to do the necessary work. Hon. Mr. Foster said that this was his first opportunity to speak on the bill. He would say that the object of the bill in short was to protect the citizens and against the corporations.

The bill was agreed to. The committee took up consideration of a bill relating to further settlement of New Brunswick Railway Company lands. Hon. Mr. Michael explained the object of the bill, which was agreed to.

SUFFERED DAY AND NIGHT The Tortures of Dyspepsia Relieved By "Fruit-a-tives"

Little Bras D'or, C. B. was a terrible sufferer from dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try "Fruit-a-tives". In a week the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous." FLORENCE MEYER, Ottawa, a box for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

The delegation arrived from Grand Falls by special train, reaching here soon after noon. The return trip was made this evening. During the presence of the delegation in the legislative chamber, a moving picture camera was operated from the women's gallery.

The committee met at 2:30 p.m. in the presence of the delegation and took up consideration of the bill relating to the Grand Falls Power Company, Limited. A delegation of 900 persons, including residents of Grand Falls and nearby towns and villages, was in attendance. Peter J. Hughes appeared as counsel for the promoters of the bill, and John M. Stevens, K.C., and M. L. Hayward were present in the interests of the town of Grand Falls.

Mr. Baxter referred to the development which had been made by the company at Grand Falls within the next two years. Mr. Veniot wanted to know if they were prepared to give a guarantee as to what they were prepared to do at Grand Falls within the next two years. Mr. Hughes said he thought it would go on with the work within two years.

Mr. Baxter said that the company should make a statement as to what it was prepared to accomplish in two years and allow the committee to judge the matter. Mr. Veniot said that he did not think there should be an extension without a guarantee that something would be done within two years.

Hon. Mr. Veniot asked if another company would develop the falls would Mr. Dodge's company establish an industry. Mr. Dodge replied that it would but not at Grand Falls. Mr. Veniot said that development would mean another industry to the province.

Mr. Baxter asked Mr. Dodge if he would be satisfied with an extension for two years on condition that the lieutenant-governor-in-council must be satisfied with the progress made in the development. Mr. Dodge said there would be no objection, he of course, assuming that the desire was to treat the company fairly.

Mr. Baxter said he wished to treat every one fairly. He was trying to put the proposition of Mr. Dodge into a brief form. The balance of his proposition would be that if developments were not satisfactory to the lieutenant-governor-in-council, and another company should make application to take over the rights, the lieutenant-governor-in-council should have the power to vest the rights in the applicant company on condition that compensation would be paid for work actually done.

Mr. Dodge said that would be satisfactory, but there must be a guarantee that the new company would carry out the undertaking. Mr. Baxter said that he meant the transfer would include not only the rights, but also the actual property.

Mr. Dodge said that he could not agree to that as property would include the sites of paper mill and other buildings, and the wages of employees. Mr. Baxter said that he meant property constructed for the actual development of the falls.

Mr. Dodge said that he would suggest that in the event of any such transfer the value of property be determined by four judges as had been provided in the old bill. Mr. Baxter said that the property valuation probably could be determined by Mr. Dodge and the books of the company were open for inspection. Every item of expenditure at Grand Falls was shown. He would like to point out that there was a strong doubt of the work being completed within two years. The company had a similar undertaking in the United States and it was fortunate if it could be completed in thirty months.

Mr. Baxter said that it also should be taken into consideration that the work might not begin until the last three or six months of the period. Mr. Dodge said that he could pledge himself and his associates to undertake the work. Their desire was to go ahead as soon as possible.

Hon. Mr. Foster said that it would be better to continue the consideration of this bill in private session. The committee then adjourned.

His Back Does Not Bother Him At All MANGER WASSON PRAISES DODD'S KIDNEY PILLS. New Brunswick Man Grows Enthusiastic Over His Return to Health and Gives Dodd's Kidney Pills the Credit. Sisson Ridge, Victoria Co., N. B., April 6.—Enthusiastic over the benefit he has received from the use of Dodd's Kidney Pills, Mr. Manger Wasson, a well-known resident here, is telling his story to all who suffer from kidney troubles.

"I had an awful lame back and was not able to do any work," he states. "I tried two good doctors and they could do nothing for me, so I tried Dodd's Kidney Pills. Now I am as well as ever. My back does not bother me at all. Dodd's Kidney Pills have done me a wonderful lot of good." Dodd's Kidney Pills are purely and simply a kidney remedy. They strengthen the kidneys and enable them to strain all the impurities out of the blood. Ask your neighbors about Dodd's Kidney Pills.

ASK RESIGNATION OF HON. SENATOR G. D. ROBERTSON

(Canadian Press Despatch) Ottawa, April 6.—Demands for the resignation of Hon. G. D. Robertson, minister of labor, were made today during a debate on the subject of Catholic national unions, precipitated in the commons on a motion to go into supply, by Ernest Lapointe, member for Quebec East. Mr. Lapointe declared that the feeling of the delegates from the national unions and that he had discriminated against them and in favor of the internationals. The national unions had asked for representation in the forthcoming building trades conference and not only had that been refused but the minister had been informed by his own delegates that the unions were dangerous and were liable to cause racial and religious strife. Mr. Lapointe declared that he was just as much a friend of labor as Senator Robertson. While Senator Robertson was in Winnipeg openly siding with the employers and sending frantic appeals to Senator Gompers for help he (Mr. Lapointe) was on the floor of the commons defending the right of labor to collective bargaining.

Prime Minister Talks. The prime minister, replying, declared that Mr. Lapointe had triumphantly confused the issue with a long statement of utterly impracticable principles, all time assuming that one or other of these had been violated by the minister. The building trades conference was between employers and labor in the building trades. These two parties had asked the conference and the national unions were not eligible for representation. The minister had not appointed the delegates. He merely made up a list of names to bring to the conference to get together in Ottawa. The premier paid a warm compliment to the distinguished work of Senator Robertson in the interests of labor for many years.

Dr. J. B. Fontaine (Hull) declared the government ought to dismiss the minister. He said that he was not a member of the House of Commons. He said that he was under the domination of Tom Moore.

READY TO ERECT THE MONUMENT IN PARK GARDENS A special meeting of the managing committee of the St. John Horticultural Association was held in the office of Chief Justice Sir Douglas Hazen, yesterday afternoon. The meeting was presided over by the Rockwood Comforts Club regarding the erection in the park gardens of a memorial to the fallen soldiers who made the supreme sacrifice in the Great War and who had lived in the immediate vicinity of the gardens.

The young ladies representing the Rockwood Comforts Club present were: Miss Gladys Jones, Miss Marion Terry and Miss Isabelle Anderson. They explained that they now had sufficient funds to carry out the proposed plan and were desirous of having the full details arranged so that the memorial could be completed early this summer.

The managing committee of the Horticultural Association, agreed to accept the gift of the young ladies, subject to approval as to location, design and inscription. A blueprint will be submitted to the management at an early date for their approval and acceptance.

NON COMJS OF 62ND ENJOY BANQUET The non-commissioned officers of the St. John Fusiliers, numbering in all about thirty, attended the first show at the Imperial Theatre in a body last evening, after which they gathered at Bond's restaurant where they held a banquet, which they intend to make an annual event. The chairman of the meeting was Sergeant Major Logan and the guests of honor were Lieut. Col. Alexander McMillan, D. S. O., officer commanding the regiment, Major C. F. Leonard and Captain H. G. A. O'Connell.

An excellent dinner the following toasts were drunk: "The King," proposed by Sergeant Major Barnett; "Canada," by Q. M. S. Keenan; "St. John Fusiliers," proposed by Captain Ashford, responded to by Colonel McMillan; "Silent toast to Fallen Comrades," proposed by Sergeant Hennessy; "The Ladies," proposed by Sergeant Ivers, responded to by the head waiter. Colonel McMillan and Captain Ashford addressed the meeting on matters pertaining to the regiment, and the colonel referred to the good work being done by the N. C. O's. He likened a regiment to a three-legged stool—officers, N. C. O's and men—all three legs being necessary to support it, and one of the most important legs was the "non-coms." A short entertainment consisting of songs, recitations and reading was given, those taking part being Sergeant Dickey, Staff Sgt. Watson, Sgt. Major Keenan, Captain Ashford, Sgt. Major Logan, C. Q. M. S. Quinn and Sergeants Levers, McKiel, Garnett and Ross.

ST. VINCENT'S ALUMNAE DANCE St. Vincent's Alumnae Association held a most enjoyable assembly in the Knights of Columbus hall, last evening. About 200 of the alumnae and their friends attended. The scene in the spacious ball room was a brilliant one, many of the season's debutantes being noticed. The guests were received by the president of the Alumnae, Miss Anna Gosnell, the first vice-president, Mrs. B. P. McCafferty, and Mrs. L. A. Munton. The dining room was beautifully decorated, the table being adorned with long stemmed daffodils and pussy willows arranged in a most artistic manner. Mrs. Edward Henneberry, Mrs. Herbert Flaherty, Mrs. E. P. O'Toole, Mrs. C. O. Morris and Mrs. Joseph Dwyer poured the delicious refreshments.

The serving was supervised by Mrs. William P. Duerr, assisted by Miss Mary Kilom and Miss B. Gosnell with a corps of deft waitresses. Frequent encores during the evening gave evidence of the pleasure and success of the event. The business arrangements were attended by Miss Mary Chaisson and Miss Catherine O'Neill. An orchestra furnished the music.

A meeting of a sub-committee of the fund for providing milk for needy mothers and children was held last night in the Red Cross depot and details in connection with the distribution of the milk were considered. It is hoped to have the first distribution of milk made on Saturday evening.

Vesuvius Is In Eruption

(Canadian Press Despatch) Naples, April 6.—Mount Vesuvius is in active eruption. The eruption is the most violent that has occurred in fifteen years. It is being accompanied by impressive internal rumblings.

CONTRACT TO CLEAR THE RIGHT OF WAY

The contract for the clearing of the right of way for the transmission line from Musquash to Fairville in the hydro-power development plan was awarded two days ago to the Maritime Construction Company and the work of clearing the right of way was commenced at once. There are sixteen men on the job at present and it is expected that it will take three or four months to put the work through. The distance between Fairville and Musquash is thirteen miles and of this from nine and a half to ten miles must be cleared of brush and trees. In all, about eighty acres will be cleared, as the roadway will be sixty feet wide. The Maritime Construction Company will also construct the concrete supports for the steel towers which will carry the line. It has not been definitely decided at what distance the towers will be placed. It was proposed to have them 800 feet apart but it may be decided to have them closer and the towers of lighter construction. The supports will be five feet deep, fifteen inches square on the top and thirty-six inches square at the base.

Once the supports are ready the work of building the towers will be a speedy matter, as they will be brought ready for assembling.

REMOVALS OF AUXILIARIES WILL PROMOTE PEACE SAYS CARDINAL

London, April 6.—Cardinal Bourne, Archbishop of Westminster, in a letter to Mr. Lloyd George, says the Roman Catholic bishops at their annual meeting expressed the conviction that restoration of law and order in Ireland would be greatly promoted "were the auxiliary troops withdrawn without delay."

SAYS HE AND HIS FRIEND MURDERED JOSEPH B. ELWELL

(Canadian Press Despatch) Buffalo, April 6.—Roy Harris, arrested here this evening on a charge of forgery, signed a statement to the effect that he and another man killed Joseph B. Elwell, the horseman, in New York, last June.

Harris says that he and a friend, William Dunkin, were accosted on the street by a chauffeur they knew who told them he had a woman passenger who might pay them well for a job. They got in and drove about with the woman who said her name was Mrs. Fairchild and promised them \$5,000 to account and the next morning met them and drove them to Elwell's home where she let them in with a key. Harris alleges Dunkin shot Elwell. The woman, he said, gave them \$450 each and promised the rest of the money later.

The man had been staying at a hotel near his wife since Tuesday. An acquaintance tipped the local police off that he was wanted in St. Catharines (Ont.), for alleged check forgery and he was arrested.

VALLEY RAILWAY TIME EXTENSION

Ottawa, April 6.—A resolution extending the time for the completion of the St. John and Quebec Railway between Centreville, Carleton County, N. B., and Andover, Victoria County, N. B., from December 31, 1921, to December 31, 1923, was adopted in the House this afternoon.

FOR NEW CHURCH HALL

At the meeting of the Church of Good Shepherd vestry on Tuesday evening, the most important matter dealt with was the consideration of a resolution, sponsored by F. V. Hamm, to the effect that as the present church hall is inadequate the congregation should undertake the erection of a modern, up-to-date hall. This was adopted and a line of poll was laid down regarding the raising of funds for this purpose.

RUSSIA MUST COME BACK TO PRODUCTION

(By Herbert Hoover, Secretary U. S. Department of Commerce) The question of trade with Russia is far more a political question than an economic one so long as Russia is in control of the Bolshevik. Under their economic system no matter how much they moderate it in name, there can be no real return to production, and therefore Russia will have no considerable commodities to export, and consequently no great ability to obtain imports.

"There are no export commodities in Russia today worth consideration except gold, platinum and jewelry in the hands of the bolshevik government. The people are starving, cold, underfed, if they had any consumable commodities they would have used them long since."

No better indication of the destruction of production under the bolshevik system exists than in the case of flax. Pre-war Russia produced 500,000 tons of flax per annum and herself consumed 120,000 tons. The production in 1920 was about 40,000 tons, with mills and lands at least capable of spinning 120,000 tons and the population underfed. In any event, no consequential export flax is available, nor ever will be available, under this economic system.

Nor can trade with Russia under a government that repudiates private property be based on credit. Thus the whole question from a trade point of view develops to the gold, platinum and jewelry, variously estimated from \$60,000,000 to \$200,000,000 in the hands of the bolshevik government and after that has been expended there can be little expectation of continued trade. There has been no prohibition on trade for a long time so far as exchange of commodities is concerned. Trade is open through the Baltic states and Italy has been trading in the south. The real blockade has been the failure of the Russians to produce anything except gold and platinum to trade with.

There has been little trade for gold because its title has been called "in question" by the French government, by the threats of private actions in the courts on the ground that it is sold or subject to foreign liens. It is apparently the intention under the British trade agreement to allow this title to be thrashed out so far as England is concerned, in the British courts.

Virtually a Declaration Of Croatian Independence

ADDRESS FROM CROATIAN PEASANTS' PARTY TO HIS ROYAL HIGHNESS, THE REGENT OF THE KINGDOM OF SERBIA AS MILITARY COMMANDER IN BELGRADE

Vienna, March 18.—(Associated Press, by mail)—What purports to be an address to Belgrade by the Croatian Peasants' Party formulated at a meeting in Agram on February 11-12 and suppressed by the government is printed by the Reichspost of this city. It is virtually a declaration of independence of Croatia. A significant feature of it is the fact that it is addressed to "His Royal Highness, the Regent of the Kingdom of Serbia as Military Commander in Belgrade." Signed by forty-eight deputies of the Peasants' Party, it begins with the statement that they consider it their duty to invalidate in the name of the Croatian nation and state the address which the central committee of the national assembly, with only eight members of the Croatian Diet, presented to the regent on December 13, 1918, and also to invalidate the decision of the Croatian Diet since October of that year. Declaring that the Croatian Diet in October, 1918, proclaimed the entire independence of Croatia, Slavonia, Dalmatia and the Mur Islands and handed over to the national assembly the supreme power, the address points out that at the same time it distinctly made clear that they meant only to become members of a union, but by no means to join the centralized state of the Kingdom of the Serbs, Croats and Slovenes. It supports this view by constraining the decision of the Peace Conference in response to its appeal for an Independent Peasant Republic as meaning Croatia was compelled to become part of the S. F. S. only in an international sense and that the conference did not force upon Croatia the Serbian monarchy. "The monarchy was proclaimed by the regent, the manifesto continues, "on the basis of the above-mentioned address, which was repudiated and invalidated by the Croatian nation in November of last year," so "that the present regime which constitutes an unprecedented reign of terror can only be kept up by force of arms and oppression."

document was promptly suppressed and... "Travel over our country," said the speaker, "and you will find that ninety nine out of every one hundred houses have no authentic historical work. The younger generation is growing up with practically no historical knowledge. It is important considering that the Maritime Provinces are the richest part of North America in historical lore, that the rising generation should have a true knowledge of our past. Without such they can have no true value of the country or its institutions."

PLENTY TO EAT BUT NO MONEY

This is Peculiar Situation at Vladivostok — Country a Few Miles Away Tells Different Story.

Tokio, March 1.—(Associated Press by Mail)—Residents of Vladivostok have plenty to eat and plenty of clothes, but no money, according to a correspondent of the Kokonai News Agency, who has just returned from that city. "Good beef can be purchased for twenty cents a pound," he says, and continues: "The clothes cost about one-third what they do in America and other things in proportion. The only thing the people lack is money to spend. There is a shortage of money in circulation and nobody will accept the paper notes. Wages, even of government employes, are paid in food, clothes and tickets for use with the public utilities. The plentifulness of these necessities is explained by the fact that huge stores have been imported into Vladivostok for shipment into the interior and are being held here indefinitely. These stores are being drawn upon. "A few miles out of Vladivostok to the north conditions are very different. There the population has neither money nor supplies, and hunger and cold have taken liberal tolls of the Russians. The Chita authorities have been sending clamorous demands for the rest of Siberia, a call to which the local authorities have shown no disposition to respond, even if the Japanese would consent. "These latter have been taking the stand that until it is certain that Japan will not have to fight Chita they will not permit the exportation of anything but may later be used against the Japanese forces. "The lack of acceptable money in Vladivostok is resulting in business stagnation. Anyone with good money can buy anything he wants and cheaply, but in its absence nothing can be bought. Less houses are fast closing their doors and factories are shutting down."

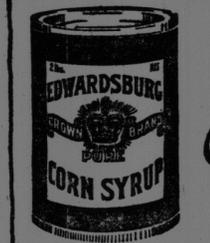

MOVEMENT TO RESTORE OLD FORT CUMBERLAND

Excellent Address Before the Commercial Club of Amherst

Dominion Archivist, W. C. Milner of Halifax the Speaker — Resolutions Favoring Restoration Unanimously Passed by Club.

(Amherst News) The Commercial Club of Amherst unanimously went on record yesterday as favoring the preservation of Forts Cumberland and Monckton. The meeting which was one of the largest held this year was ably addressed by W. C. Milner of the Canadian Archives Department.

Mr. Milner, a fond student of history, noted with regret at the outset of his remarks, that there is no history of Nova Scotia in common use in this country. "Travel over our country," said the speaker, "and you will find that ninety nine out of every one hundred houses have no authentic historical work. The younger generation is growing up with practically no historical knowledge. It is important considering that the Maritime Provinces are the richest part of North America in historical lore, that the rising generation should have a true knowledge of our past. Without such they can have no true value of the country or its institutions."

Let the children have all they want.

THE CANADA STARCH CO., LIMITED MONTREAL

take charge of all historic sites in Canada except those under the control of the Quebec battlefields commission. The board consisted of seven members. The three named from the Maritime Provinces were Sir Frederick Williams Taylor, a native of Moncton and President of the Bank of Montreal; Archdeacon Raymond, of St. John and Mr. W. C. Milner of Halifax, Dominion Archivist. Mr. Taylor was unable to accept the position owing to other demands, while Archdeacon Raymond's health forbade his acceptance. The result was that Mr. Milner was left alone. He asked the board to recommend to the government that the vacancies be filled. This the board declined to do. As a result for practically two years the board has done nothing. An appeal was made to Hon. Mr. McCurdy and Hon. Mr. Wignam to abolish the board and appoint a commission consisting of local men. The matter is now pending.

La Valliere, who in 1786 was appointed governor of Acadia. And at the Island of the Quebec battlefields commission. The second Roman Catholic Chapel in Acadia was there erected by La Valliere. From the ramparts of Fort Cumberland could be seen the site of the first Methodist Church erected in Canada and the site of the first gathering place of the Baptists in Canada, and the site of the second Anglican Church in Canada. This old fort was abandoned as a military post in 1822. Later, the officers' barracks were occupied by an English family, the Woodmans, and afterwards by other people for many years. The guns of the fort were moved about 1878 by the department of militia. Soon after that the barracks went to decay, the lumber in them being purloined, also the stone of the great gateway. The old fort being unoccupied for many years has gone into decay.

pair, the old barracks at Fort Cumberland have been allowed to fall down, the guns to be moved, and the powder magazine to be taken down; and at Fort Monckton the sea has washed out the eastern end of the earth works, and whereas, said forts are amongst the most important historic sites of Canada and ought to be preserved, for future generations, as historic monuments. He urged, that the Government be requested this present season to restore the powder magazine, replace the guns so far as they may be found, to erect such fence as may be necessary, to protect the English entrenchments, and further to extend the present sea wall at Fort Elgin Light House to protect the Eastern face of Fort Monckton from the sea.

\$5,000 ON HAND FOR NEW PARSONAGE

The quarterly business meeting of the Central United Baptist church was held in the vestry of the church, last night with the pastor, Rev. F. H. Bone, in the chair. Encouraging reports were received from the different officers and departments. The parsonage committee reported excellent progress in collections and subscriptions with approximately \$5,000 on hand. The treasurer's report showed receipts of \$5,068.49 and expenditures of \$5,298.53. The Sunday school report showed 501 on the roll, an increase of forty-six for the quarter. The average attendance of forty-six for the quarter. The average attendance was 295. Receipts in the school were \$378.77, expenses \$299.61 and balance \$89.16. Other reports showed \$98.25 raised for the forward movement, and \$12 for missions. The meeting was largely attended and most encouraging.

Every barrel the same, and as a result every baking is the same. Uniform quality at all times and under all conditions is the key which earned the reputation of PURITY FLOUR "More Bread and Better Bread"

PHYSICIAN COURTS DRY INVESTIGATION Dr. McCaskey, in Letter, Admits Prescribing Whisky to Himself—Wants An Early Hearing.

(New York Times) Dr. Donald McCaskey of 24 West Fifty-ninth street, who has been served with an order to show cause before the prohibition department here on Thursday why his permit to prescribe liquor for medicinal purposes should not be revoked, yesterday advised another letter to Federal Prohibition Director Charles R. O'Connor in which he admitted that he had prescribed whisky to himself. He had previously admitted he had violated the regulation of the department limiting the quantity of whiskey for a single patient to one pint in ten days. Dr. McCaskey's prompt action in his case and intimates that he expects ultimately to take the matter to congress. "Your action cannot be too prompt to suit me," Dr. McCaskey wrote. In a letter to Prohibition Commissioner Kramer complaining of the refusal of Mr. O'Connor to issue him a new prescription book, Mr. McCaskey said Mr. O'Connor's office was a "madhouse." Dr. McCaskey's letter to Director O'Connor yesterday was in reply to one asking for additional information in regard to the physician's violation of the regulation. "If this must go higher and ultimately into congress—let's play ball and get a clean-cut show down," says Dr. McCaskey in his letter. "There is nothing personal in this fight. You simply challenged me to go to it. Instead of helping me to go around it. If this is the only crucible in which the same condition, with intimate knowledge of law, and you needed liquor, would your legal or your common sense judgment prevail, if you were not a prohibitionist?" "Please help me or else expedite my legal punishment under the Volstead act, and please don't consider this a personal or a 'smart fellow' fight."
