WOULD INCREASE WITNESS FEES

Annual Meeting of N. B. Barristers' Society

A. J. Gregory of Fredericton Again President and W. B. Wallace, K. C., in Vice-Chair—Adopt Scale of Solicitors' Fees.

(Special to The Times)

Fredericton, N. B., Feb. 11—The annual meeting of the New Brunswick Barristers' Society was held here last night in the supreme court chambers.

The reports of the treasurer and auditors were passed. A balance of \$1,525.87 to the credit of the society was shown.

"That the society places on record its appreciation of the faithful services rendered for so many years by Dr. Allen as secretary of this society, its deep sense of regret because of his illness and the sincere hope that he may be speedily restored to complete health."

This was moved by W. P. Jones, K. C., and seconded by all members present and adopted by a standing vote.

Officers were elected as follows: President, A. J. Gregory, K. C.; Fredericton, N. B. Wallace, K. C.; Fredericton, N. B. Wallace, K. C.; Fredericton, N. B. Wallace, K. C.

The secretary-treasurer and librarian, Dr. C. Allen, E. McKay, K. C., who is ill.

The reports of the treasurer and auditors were passed. A balance of \$1,525.87 to the credit of the society was shown.

On the recommendation of the council of the society it was resolved that the decision of the board of public utilities commissioners of New Brunswick be upheld in the regular reports of the province.

Leave of absence having been granted Dr. C. Allen, E. McKay was appointed acting secretary-treasurer and librarian.

The scale of fees for solicitors' services as had been adopted by the St. John society was adopted by the society.

Various changes in the jurisdiction act were proposed and were referred to the council. Among the suggested changes was that of increasing the fee of witnesses.

It was thought that witnesses who now receive \$1 a day should receive \$3, especially as that figure has not been advanced for many years.

A grant of \$300 to the St. John Law Society was confirmed.

Reports on the annual meeting of the Canadian Bar Association in Winnipeg were given by Dr. Baxter and Messrs. Taylor and Hanson. A. R. Slipp, K. C., of Fredericton, and W. P. Jones, of Woodstock, were elected delegates to the next annual meeting of that body.

Canadian service.

The reply of Sir George Foster has now been published. The acting premier states that "no policy has as yet been adopted by the government looking to the construction of 15,000 ton passenger ships with a speed of eighteen knots, or, indeed, any passenger ships with any speed, in the Canadian service. Appropriations have hitherto been used for the construction of freight steamships and I do not think it possible for the present this policy will be altered."

BISHOP ON LABOR DOMINATION IN UNITED STATES

Baltimore, Md., Feb. 11—"The very existence of our republican form of government in this country is seriously threatened because of the attempt of organized labor to dominate the halls of congress," declared Bishop William A. Quayle, of the Methodist Episcopal church, in an address at Mount Vernon place church last night.

"Labor's threat is a challenge against all we have and are in government," he maintained, "and as such it is our duty as American citizens to accept the challenge and in our strength rise up and crush the foe to our most cherished ideals. Our government is for all the people, not for any one class or faction."

REPORTS ON PLEBISCITE IN SCHLESWIG

Apenrade, Schleswig, Feb. 11—Overwhelming victory for the Danes in this zone of the province of Schleswig, the status of which is to be determined by the plebiscite held today, is indicated by incomplete returns received here. Country districts showed large majorities for Denmark, while the vote in towns showed larger figures than the Danish estimates.

Donder, Apenrade and Sonderborg however, have been carried by the Germans.

Johnny Coulton to France.

Chicago, Feb. 11—Johnny Coulton, former bantamweight champion, matched to box twelve rounds with Charles Ledoux in Paris March 3, left for New York today. He will sail on Saturday. If Coulton defeats Ledoux he said he would remain in France until Jimmy Wilde returns to England.

Strike at Amsterdam.

Amsterdam, Feb. 11—Transport workers here have called a general strike for Feb. 16.

London Taxes Idle as Price of Gas Goes Up

London, Feb. 11—This city is without taxicabs today, owners of these vehicles having withdrawn them from service for twenty-four hours, beginning at midnight, as a protesting against the increase in the price of gasoline.

IS FOR UNION GOVERNMENT

Ottawa Journal Not in Favor of Suggestion of "Fine Old Tories" for New Party.

(Canadian Press)

Ottawa, Feb. 11—The Morning Journal says: "The farmers were the first to propose a new so-called national party in Canada, and now some of our fine old Tories are suggesting another and are godfathered by the Montreal Gazette, whose idea of a political paradise is high protectionism."

"We imagine that the day is past when Canada will find for high protection and high finance for the benefit of large private profits. We believe that the maintenance of moderate protection is necessary at present to the prosperity of this country, and that the most practical way to assure that is to keep the present Unionist government in power, and that unless a large part of the people stick to this idea, they will depart to something else than anything the fine old crusted Tories of the country favor. Moderate Conservatives who are wise should, we think, favor the Unionist government, and work for rather than favor the idea of the national well-being and something else than anything the fine old crusted Tories of the country favor."

Hull, N. S., Feb. 11—None of the Halifax newspaper comment editorially today on Senator McLennan's proposals.

Quebec Chronicle.

Quebec, Feb. 11—The Quebec Chronicle says: "The Chronicle finds itself in substantial agreement with the Montreal Gazette as to the necessity of creating some new political organization capable of uniting the great mass of the Canadian people in opposition to the aims of the United Farmers. How this is to be done and what form such an organization should take are questions that must be carefully thought out, but the soundness of the general principle is obvious."

"Despite all representations to the contrary, which are directed to the fact that they are not more than a class group, the platform is primarily constructed for the promotion of class interests. As such they are inimical to the national well-being and should be fought with relentless determination."

SIR GEO. FOSTER ON SHIPBUILDING

Quebec, Feb. 11—Recently the president of the Quebec board of trade wrote to Sir Geo. E. Foster, drawing attention to Hon. C. G. Ballantyne's recent speech in which he declared the intention of the government to build in Canada, some 15,000 ton passenger steamships for the Canadian service.

The reply of Sir George Foster has now been published. The acting premier states that "no policy has as yet been adopted by the government looking to the construction of 15,000 ton passenger ships with a speed of eighteen knots, or, indeed, any passenger ships with any speed, in the Canadian service. Appropriations have hitherto been used for the construction of freight steamships and I do not think it possible for the present this policy will be altered."

MCGOWAN-CONNORS.

A wedding of much interest to many friends took place this morning at 10:30 o'clock in St. John the Baptist church when at nuptial mass, Rev. A. W. McLean, D. D., assisted by Rev. J. W. Holland of St. George, N. B., united in marriage Miss Laura Gertrude, daughter of Mr. and Mrs. Lewis Connors of 221 Germain street and James Joseph McGowan, son of Thomas and the late Elizabeth McGowan of North End. The groom was supported by his brother, Thomas J. McGowan, while Miss Helen Murphy attended the bride.

The bride was prettily gowned in white champagne silk with train, and embroidered with seed pearls, also bridal veil and orange blossoms. She wore a string of pearls, the gift of the bridegroom. The bridesmaid wore a dainty dress of pink silk gorette with beaded embroidery and a black lace hat. The going away costume of the bride was of navy blue brocade with Roman striped silk, a seal coat trimmed with sable, and a French hat. Mr. and Mrs. McGowan will leave this afternoon on a visit to Montreal, Washington, New York and Boston and on their return will reside at 221 Germain street.

Among the many beautiful wedding remembrances received were a silver set in the passenger department of the C. P. R. and a check for a substantial sum from the parents of the bride. Owing to the recent death of the groom's mother the wedding was quietly held.

Mr. and Mrs. McGowan will receive the heartiest wishes from a host of friends for future happiness.

THREE VIENNA FAILURES.

Vienna, Feb. 11—During the last month three brokerage firms have declared themselves insolvent. It is estimated that these failures have cost the public more than 100,000,000 kronen.

(Cheltenham Post)

TEDIOUS WORK OVERCOMING STORM EFFECTS

Before the city was already clear of the covering produced by the storm of last week, another fall of snow came early this morning and meant additional work to those busy in the task of clearing up on tracks and wires. The weather was soft and mild, however, which is greatly in their favor. If it continues so it will help expedite the work of repair.

The N. B. Power Co. managed to open quite a little additional trackage this morning. Cars were running once again on the market square branch with one track open in Brussels street. They were also being operated upon the loop and West St. John and in King street, while workmen were occupied in clearing the connection in Princess street. It is not expected that the East St. John and Glen Falls branches will be opened before Saturday.

Communication has been established again by rail to Ballast wharf by the C. N. R., but some of the cars on sidings are still frozen in. A large crew is busy picking the ice from the rails in the parts of the yards, and yet clear train cars are being used to help in the clearance.

The N. B. Telephone Co. are finding it an exceedingly difficult task to get their wires and poles again in shape. They are using all the men available in the city and other companies which can employ unskilled help in the same position as some of the telephone repairing have to have at least some knowledge of linemen's duties, and experts call such work "back about forty telephones in working order. The workmen are not able to get on with the work more quickly, but even under the best weather conditions it means a great deal of stress because of the extent of damage done.

A court of inquiry was held this morning at local military headquarters for the purpose of considering the accounts and claims rendered by the city and exhibition association in connection with the restoration of buildings here used by the military during the war.

The object was to take into consideration the condition of the buildings when taken over by the military and the condition in which they were returned, and also to report as to whether the claims were just and if not recommendations will be made to the department at Ottawa regarding the amount of liability.

Commissioner Thornton of the public safety department, was present, representing the city, and H. A. Porter, secretary of the exhibition association, in the interests of the association. The evidence of the caretakers of the buildings was taken and also that of the commissioner and Mr. Porter.

The court was continued this afternoon and on the conclusion of the hearing the recommendations will be sent to Ottawa for approval.

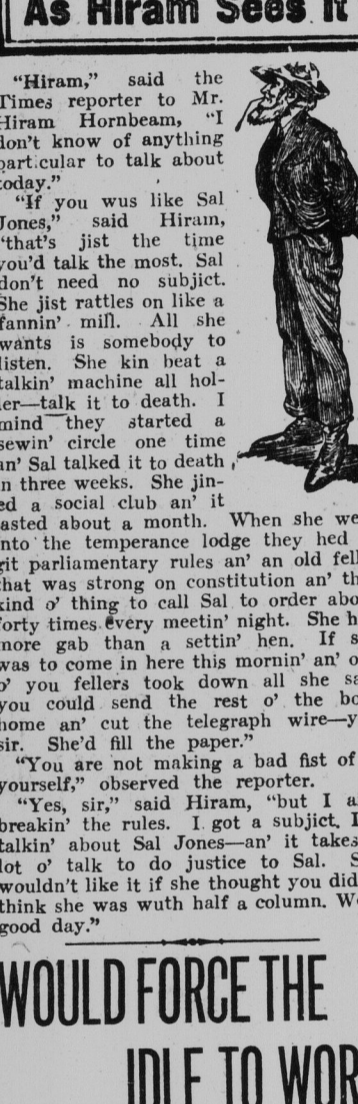

The members of the court are Lieut. Colonel H. C. Sparling, D. S. O., general staff officer for M. D. 7, as president; Major R. Knox, assistant director of supply and transport for M. D. 7, and Captain E. L. M. Burns, M. C., as members.

CHILDREN THE ONLY PERSONAL PROPERTY SHE HAD

It was said at the office of the board of assessors this morning that, although the income statements had not all been returned, it was expected that the returns were quite up to number at present. There are still some forms to be returned. Generally speaking, the task of the assessors was somewhat easier this year due to the fact that the majority of people had become better acquainted with the law, which was somewhat of a novelty to them last year.

The woman rather startled the questioner by one of her replies. When asked if she had any personal property, she said, "No, nothing but a household of children." She was assured that this form of personal property was not taxable and went away as she had completed.

WOULD FORCE THE IDLE TO WORK

Rome, Feb. 11—All able-bodied citizens of Italy between the ages of twenty and sixty-five would be required to work by the provisions of a bill introduced in parliament by Giovanni Lombardi, independent Socialist deputy, who calls the measure "a tax on idleness."

Persons able to work who fail to do so are subjected to heavy levies under the bill. Money acquired from this source would be used to maintain those unable to work on agricultural colonies to which able-bodied persons fail to work would be sent.

NOT READY TO SEND GOODS TO GERMANS

Baltimore, Md., Feb. 11—The steamship Luck Forsby, the first freighter of the new line to be chartered by the Hamburg, Germany, must lead practically half her cargo at Norfolk because the manufacturers and exporters are unwilling to deal with the Germans under trade conditions.

Mrs. Alice M. Jones, wife of David Jones, passed away last night at her home, Aberdeen street, after a lingering illness. She was aged forty-six years. She is survived by her husband, three brothers and three sisters. The brothers are Herbert Hinchey, of Bloomfield Ridge; Herbert Hinchey, of Boileston; and James Hinchey, of Gordon Valley, York county. The sisters are Mrs. F. Jewett of Boston; Mrs. Thomas Jones of Fredericton, and Mrs. Alfred Carson of Parker's Ridge.

HORSE FAIR DIES.

Preston, Eng., Feb. 11—The great Saturday Horse Fair, which was first held more than 700 years ago, has gradually been diminished by competition. The last fair opened with only seven horses on sale. It probably will not be held again.

MONCTON HAS 200 FLU CASES

(Special to Times)

Fredericton, N. B., Feb. 11—The Department of Public Health today reported 200 cases of epidemic influenza of mild type at Moncton and three new cases at Madam. At the latter place there are ten cases in a population of some 2,000. One nurse was sent there from St. John. A report that a general call for nurses was sent out is not correct. Precautions are being taken at Moncton.

Several cases are reported at Pennington, where one death occurred on Tuesday morning. A number of mild cases also are reported at Millville.

FREDERICTON NOTES.

Fredericton, Feb. 11—The provincial government this morning heard several delegations. The largest was composed of members of the N. B. Guides Association and others and was heard on matters connected with the game act.

CHIEF INSPECTOR D. Wilson sent two sub-inspectors to a lumber camp on a Nashwaak Pulp & Paper Company's operations near Blackville last night to investigate a drunken brawl said to have occurred there yesterday. One man, according to report, was severely hurt about the head. Liquor obtained by doctor's prescriptions issued at Chatham is said to be the cause of the trouble. It is said some French employees made a trip to Chatham to get the liquor.

London, Feb. 11—Announcement was made today that Jan. 10 was the official date upon which the war with Germany terminated. This date was fixed by a royal order.

FINANCES OF POWER COMPANY

Supplementary Letters Patent at Fredericton—New Companies Incorporated.

(Special to Times)

Fredericton, N. B., Feb. 11—Supplementary letters patent have been issued extending the powers of the New Brunswick Power Company to the issue of non-par value stock and providing that the company's common stock of which twenty thousand shares, each of the par value of one hundred dollars a share, are outstanding be changed to twenty thousand shares of no nominal or par value.

Of the two new companies notice of incorporation will be given in the Royal Gazette today, one is a Fredericton organization, the drug business conducted by the late Geo. V. Dibble and recently purchased by C. Hedley Forbes, being placed into a joint stock company.

Robert D. Forbes of Devon, Hedley Forbes and Wm. H. Robinson of Fredericton are incorporated under the name of Dibble's Drug Store Ltd., with chief place of business in Fredericton and capital stock of \$20,000. The company authorized to conduct a general drug business and another business which may be conveniently carried on with it.

The Bell Motor Sales, Ltd., with total capital stock of \$40,000, and head office in Woodstock, incorporated under the name of A. Harry L. Bell, Fred E. Cowan and Chas. J. Jones, all of Woodstock, is authorized to take over the business heretofore conducted by A. Harry L. Bell and to deal in motor vehicles and parts of all kinds.

Eugene P. Elger and Harry W. Hurley have formed a partnership under the name of E. P. Elger & Co., to carry on a general store business at Napadogan. Mr. Elger belongs to Napadogan and Mr. Hurley to Stanley.

Mrs. Alice M. Jones, wife of David Jones, passed away last night at her home, Aberdeen street, after a lingering illness. She was aged forty-six years. She is survived by her husband, three brothers and three sisters. The brothers are Herbert Hinchey, of Bloomfield Ridge; Herbert Hinchey, of Boileston; and James Hinchey, of Gordon Valley, York county. The sisters are Mrs. F. Jewett of Boston; Mrs. Thomas Jones of Fredericton, and Mrs. Alfred Carson of Parker's Ridge.

Strife in the American League Vanishes

Ban Johnson's Power Curtailed But Suits Against Him Dropped—Carl Mays Re-instated—Other Terms of Concessions.

Chicago, Feb. 11—Frustrated strife in the American League vanished early today when after an all night session, concessions put forward by President B. B. Johnson and his five "loyal" adherents, and the insurgents, Presidents Comiskey of the Chicago club, Frazee of Boston, and Ruppert of New York, were accepted.

President Johnson found his authority as league executive altered so far as major disciplinary actions were concerned, an arbitration board, a reviewing committee of two members, being appointed to investigate all punishments ordered in excess of ten days suspensions and \$100 fines, while on the other hand it was agreed to dismiss three suits brought against him by the New York club.

It was also agreed to reinstate Pitches Carl Mays of the New York club, whose purchase from the Boston Red Sox last summer started the trouble. Other items in the reconciliation programme were:

Recommendation to the national commission to award third place in the American League race to New York and third prize money to the players of the New York club.

Appointment of a committee on arbitration for two years.

Colonel Jacob Ruppert of New York and Clark Griffith of Washington were appointed to the arbitration board, which also will act as a reviewing committee. In case the reviewing board is unable to agree, it was decided to submit the matter to arbitration to a federal judge in Chicago.

President Johnson's position was supported in the long executive session which preceded the reconciliation, by Frank Navin of Detroit, James Dunn of Cleveland, Clark Griffith of Washington, Phil Ball of St. Louis and Connie Mack of Philadelphia. Col. Ruppert headed the minority faction and was supported by Harry Frazee of Boston and Charles Comiskey of Chicago.

Settlement of the feud in the American League cleared the field for the business of making final arrangements for the 1920 season, virtually unimpeded. The fight was on.

A meeting of the National Association of Minor Leagues drafted legislation to be presented at a joint meeting of major and minor leagues, which was held today and at which it was hoped an agreement for resumption of relations between the majors and the minors would be reached. Relations were suspended three years ago.

The Three Eye League adopted its schedule last night and the American Association virtually finished its business yesterday.

The fight in the American League started last summer, following the purchase of Pitches Carl Mays by New York from the Boston Red Sox and harmony has been missing from the American League ranks since that time.

DRINK QUESTION IN MOTHERLAND

Matter Up in Both Houses of Parliament

Shorter Hours of Sale Coming—Sir Donald MacLean Says British Expenditure for Liquor Enormous.

London, Feb. 11—The drink question was briefly discussed in both houses of parliament yesterday. Earl Curzon told the lords that a bill on this subject to be introduced would contain provisions for shorter hours of sale. He said the experiment of state management certainly would not be dropped.

In the house of commons the subject was alluded to by Sir Donald MacLean, who said:

"The fact that America has gone dry is an economic fact of the gravest importance to Great Britain." He declared the British expenditure for drink absolutely staggered him. The country spent more than £164,000,000 for drink in 1918, while he was estimated that the expenditure for the year ending March 31 next would be nearly £400,000,000.

He was unaware what the duty on the consumption for the last named period would produce for the public revenue, but the duty of 1918 was £48,000,000. It was a form of revenue that all chancellors of the exchequer would be pleased to grapple with the evil. He hoped the measure proposed by the government would prove to be a serious attempt to grapple with the evil.

The liquor question will be debated in the house of commons during the present week when, according to a report, Lady Astor will speak on the topic, in which she has addressed several meetings during the parliamentary vacation.

It will not only be Her Ladyship's maiden speech in the house, but the first occasion for any woman to be heard in parliament.

This is civic election day in Charlotte town, P. E. I.

### Who Pays the Penalty?

Last April two of our representatives solicited applications for life assurance from a prominent Toronto wholesale merchant and his son. They succeeded in selling to the father a policy for a considerable amount, but the son could not be induced to protect his dependents in this way against the financial loss which would result from his early death. Less than two months afterwards the daily newspapers recorded the tragic story of the younger man's accidental death. His failure to act when action was possible deprives his family of the insurance money which he could have secured to them so easily. Have you made any provision for your wife and little ones in case you should die suddenly? An Imperial Home Protection Policy will do it. Write for particulars to-day; tomorrow may be too late.

**YOUNG LADY SLEPT NEARLY SIX WEEKS.**

Dartmouth, N. S., Feb. 10—About six weeks ago Miss Nellie Dooks, a well known North End young lady, who was apparently in the best of health, complained of an unusually acute desire to sleep. Since that time Miss Dooks, despite all efforts to keep her awake, has slept almost without interruption. As soon as the young lady's slumbers lasted beyond a normal time, a doctor was summoned. After an examination he said he was convinced that Miss Dooks was not suffering from sleeping sickness. Strychnin methods were resorted to in order to feed the patient, whom it was possible to rouse but not to keep awake for a period of several seconds. On one occasion when she revived for a slightly longer period Miss Dooks told the doctor that she was not in pain nor did she feel the least ill. She was only conscious of an intense desire to sleep. Miss Dooks is recovering slowly, and although medical attendance has determined that she must be under observation for some time, she is apparently not in the least the worse for her long sleep.

**THEIR CROWNING EFFORT**

In Originality, Quality and Scenic Effect the 1920 Attempt Will Be Truly Wonderful.

For catchy songs, snappy choruses and bubbling wit and humor, the annual Revue of the Loyalist Chapter, I. O. D. E. has always been famed, but this year's attempt, the "1920 Revue," promises to exceed anything heretofore undertaken.

From the time the curtain rises on the beautiful and elaborately staged program, until the closing chorus of the final number, the programme is one continuous succession of delightful surprises.

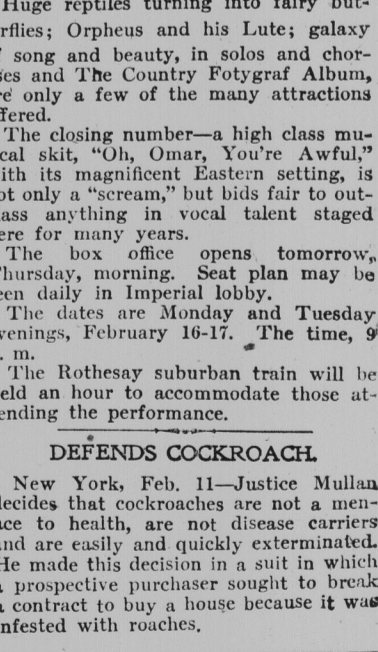

**DEFENDS COCKROACH**

New York, Feb. 11—Justice Mullaa decides that cockroaches are not a menace to health, are not disease carriers and are easily and quickly exterminated. He made this decision in a suit in which a prospective purchaser sought to break a contract to buy a house because it was infested with roaches.

**WASH UP WITH SNAP**

### Make This Test!

Cover your eyes and have someone put on your tongue a morsel of the ordinary animal fat oleomargarine.

Then repeat the test with SWEET NUT. There is all the difference in the world.

The fresh creaminess, the clean, delicate taste, are only found in SWEET NUT.

The reason—very simple—it's freshly churned from coconuts and fresh milk and contains no animal fats and no preservatives.

### Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare and really there is nothing better for coughs.

Into a 10-oz. bottle, put 2 1/2 ounces of Pinex (50 cents worth); then add plain granulated sugar syrup to make 10 ounces. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, this mixture saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

### X-RAY FAILED

#### Mechanic Gives Evidence

There are cases where science in its most profound phases is absolutely balked, yet other help is at hand.

This is proved by the testimony of a mechanic, 35 years of age, who suffered, at times, positive torture from stone in the bladder. After trying many remedies without result, he had an X-ray photograph taken, which also failed to show where the trouble was. Fortunately, just at this juncture, when he almost had given up hope of any relief, Gin Pills were brought to his notice. These famous Pills in a very short time enabled him to pass the stone which was the cause of his trouble. We will give the name of this man on request.

Kidney and bladder troubles should not be neglected. The first symptoms should be sufficient warning. Pain in the sides or back, constant headaches, neuralgic and sciatic pains, rheumatism, dizziness, constipation, gravel, highly-colored urine, specks before the eyes, all point to derangement. Gin Pills should be obtained without delay. Druggists and dealers carry them—50c—your money refunded if not satisfied.

### Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else, that contain too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is this pure multi-faceted coconut oil, for its pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about two teaspoonfuls is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens up all takes out every particle of dust, dirt and dandruff.

### GOOD THINGS COMING TO THEATRES OF ST. JOHN

**Mary Pickford More Delightful Than Ever at the Imperial, Today and Balance of Week, in "Heart of the Hills."**

At her fourteenth birthday, Mavis Hawn, a Kentucky mountain girl, decides that books and not bullets are essential to her life's success. So thinking, she mounts the family donkey and sets out for the lowland school to find the strangest thing she has ever seen—a railroad train which she thinks is a threshing machine.

This is one of the unusual situations in "Heart of the Hills," adapted from the story by John Fox, Jr., in which Mary Pickford will be seen at the Imperial Theatre, commencing today. This is Mary Pickford's third First National attraction, produced in her own studios of which her mother is business manager.

As Mavis Hawn, Mary Pickford is in love with Jason Honeysuckle, a mountain boy, who chafes under the cruel treatment of his father and who is unrelentingly jealous of the attentions which Mavis pays to one of the city aristocrats who visits in the mountains.

As time passes Mavis and Jason take separate trails in their searches for education. They finally wind up, however, back at their mountain home to find Jason's father and Mavis' mother leading an out-and-out wedded life. Just as Steve Honeysuckle is about to murder the Willow Haven, the most exciting moment of the story arrives.

Washington, Feb. 11—Soldiers, sailors and marines who served in the world war will have prior rights of entry on the vast North Platte and Shoshone irrigation projects in Wyoming, to be opened next month.

Secretary Lane announced this following passage by congress of the joint resolution giving honorable discharge service men a preference right in obtaining lands under the Homestead act, that first application of the provisions of the resolution would be applied to the North Platte and Shoshone projects.

The North Platte tract will be opened to entry by ex-service men March 5 and the Shoshone project March 13.

Every man serving in the war would get a world war veteran bond, worth \$1 for every day of service and bearing interest at four and three-quarters per cent, under a bill introduced today by Representative Osborne, Republican, of California. The issue would be limited to \$266,000,000.

#### AT OTTAWA.

It is announced that Hon. W. L. Mackenzie King will speak in Ottawa tomorrow evening on the cause, solution and effects of the present high cost of living. This will be an interesting contribution to current political discussion. Mr. King, as he declared in his St. John speech recently, stands for radical reform of the tariff in some directions, and is thus at odds with the proposed new national party which Senator McLennan and the Montreal Gazette would have formed to fight the Liberals and the Union government cannot carry on, and that the Conservative party has no hope in itself. The theory that under a new name Toryism might hope to flourish may tickle the fancy of the Gazette, but will not find acceptance among the masses of the people. The immediate future of politics in Canada belongs to the opponents of a high tariff. It is not possible to foresee what will happen at the coming session of parliament, but a leaderless party without a policy can hardly be expected to retain power for a lengthy period, even if its parliamentary term has yet some time to run. When disintegration begins the process is often speedy, and it may be so in the case of the Union government. It must never be clear to the government that in the words of the Montreal Gazette it has "outlived its usefulness."

#### TOWN-PLANNING.

It is well that there are in this city men who have a vision of the St. John that is to be, and who from time to time remind the citizens of the importance and the value of a definite scheme of town-planning. So many cities have suffered loss as a result of haphazard growth that their experience should be regarded, and the lesson taught therein to heart by others which look forward to a period of expansion. This city must have a large growth in the next quarter of a century, and it should be so directed as to make unnecessary in later years the undoing of much that is done during the period of expansion. We see today the mistakes of the past, and some of them must be remedied at no small cost. With a proper system of planning, that makes ample provision for traffic, parks and residences, and provides the necessary open spaces which also avoids the creation of slum districts, the greater St. John may be made a source of pride to the citizens and a most desirable place in which to live. The discussion of this subject last evening by Mr. Burditt and Mr. Seymour was both timely and instructive. The local town-planning commission will be the better able to do its work through having the sympathy of an informed and understanding public.

#### HOUSING IN ONTARIO

In the January number of the Canadian Municipal Journal, Mr. J. A. Ellis, director of housing for Ontario, submits a memorandum showing the progress made in that province under the provisions of the Ontario Housing Act. He says:

"Over sixty municipalities are actually building houses. A number of houses have been completed and about 1,900 are under construction, and will shortly be completed. The loans for these amount to about \$4,000,000. The plans of these various municipalities for next spring contemplate the construction of about 5,000 more houses. In all it is probable that the province will be asked to loan about \$20,000,000 by the end of 1920. On the whole the housing scheme is proving a pronounced success in Ontario. The class of houses being erected is an improvement from every point of view. The monthly repayments (80 per cent for twenty years) pay the principal and interest on a \$5,000 house) is hardly equal to the rents which are being charged for the same class of homes."

Under such conditions it is not surprising that tenants desire to become owners of homes of their own, and that the scheme is working well. Mr. Ellis mentions \$20,000,000 as the probable amount to be placed out on loan by the province by the end of this year, and a table which he submits shows that \$10,000,000 has already been appropriated. Seventeen cities, thirty-seven towns, fifteen villages and eleven townships have so far borrowed all the way from \$25,000 to \$250,000. Indeed Hamilton has asked for \$500,000, Ottawa for \$750,000 and Windsor for \$1,000,000.

Admiral Sims found it necessary to make it clear to Americans visiting France while the war was on that they must get rid of the idea that the Americans were winning the war. That, he says, was not true and the hostings of the American press were hurting the American army with its Allies. In other words, it was necessary to make allowance for the national tendency to boast. That the Americans helped to win the war, and that but for them it would have dragged on interminably is admitted, but there were others, and Admiral Sims insisted on being fair to them. In so doing he proved his own quality and enhanced his own reputation.

#### THE SICK BRAIN.

Hon. Dr. Roberts, in a recent address in this city on the subject of mental hygiene, stirred the interest of his hearers by remarking that there might be a sick brain as well as a sick stomach or other organ of the body, and that this sick brain might be susceptible of treatment. At a meeting of psychiatrists in New York last week, as reported in the Evening Post, Dr. Thomas W. Salmon, medical director of the National Committee for Mental Hygiene, called attention to the fact that, although the number of patients in public hospitals for mental disease at any given time outnumbered those in all other public hospitals, less than one-half of one per cent of the physicians in the United States have had any training in dealing with mental illness. The war, which did so much for medical science, placed the emphasis very strongly on the need of a complete change in the attitude of medical schools toward brain treatment. During the war, says Dr. Salmon, "the number of nervous and mental cases in military hospitals was never less than 8 per cent of the total number, while the number of army medical officers with training in nervous and mental disease were never more than 2 per cent of the total number of physicians in the military service."

In the past the medical schools made no serious attempt to train students in the recognition of the treatment of disorders of the mind. In consequence, says Dr. Salmon, "physicians do not concern themselves over the squalid condition under which the insane are cared for in many states, and their indifference is responsible for the fact that any treatment is long delayed, a third of the patients that were received in the New York State hospitals during 1919 having had their disease at least a year before it was recognized."

Not only is attention being directed to the provision of better care for the feeble minded, but science is being applied as never before to mental derangement as it is now witnessed in asylums for the insane. The "sick brain" is to be studied, and an increasing number of cures recorded.

#### PASSING THROUGH A "JAZZ" PERIOD

Every Canadian Must Watch His Step — Commercial Loans the Danger.

This Message of thrift which has featured the addresses of Canadian officials at annual meetings of the various institutions was repeated to the Dominion Bank shareholders by General Manager C. A. Bogert, who, however, succeeded in making a direct appeal to the great mass of the people by saying that we are now passing through a "jazz" period.

"The majority of the Canadian people, he said, like all those other countries whose usual activities were disturbed by the war, are still in an excited and unsettled state of mind, and most of them are disinclined either to settle down to work or even to make serious plans for the future. Mr. Bogert said rigid economy was necessary on the part of Canadian Government to meet steadily increasing obligations. Well-directed and far-reaching taxation was necessary, and with this and proper steps for the collecting of taxes, we should have no great apprehension for the future of Canada."

Discussing the general banking situation, Mr. Bogert said the danger zone is in commercial loans. At present, when practically every line of business has enjoyed three or four years of unequalled prosperity, the tendency to continue purchasing goods and products of all descriptions at high figures will be difficult to suppress, and losses were sure to occur. Mr. Bogert maintained that banks were operating under disadvantages in that while the rates for commercial loans are practically the same as a decade ago, operating expenses have greatly increased, including an increase of 30 to 50 per cent in average remuneration of a bank's staff.

IN CUBA.  
Where Cuba dots the ocean, John Barleycorn is gone, to offer men a potion from his old demijohn. Some sows may find it handy to sail for Cuba's shore, and get a swig of brandy, or maybe three or four; but Cuba sows will weary of opening her gates to pilgrims jagged and beery, to stewed hanger skates. And she will say to Johnnie, to Barleycorn, "Aroni! Take out your bungledown lawny, and close your soiled joints, 'Yon're bringing us the island tired! And strangers wild and almost everywhere; they come from western valleys, from eastern hill and dale; they're sleeping in our alleys, decaying in our jail. They spoil the reputation of this our fragrant ale, they're bringing tribulation, they're bringing us the island leary, to take your loca-liquor, you poisoned forty drops, and do not stop to hicker, but haste to hop the hops." No moral country wants him, no island bay or cove; his doom pursues and haunts him, and hangs on him the crape.

#### CANADA—EAST AND WEST

Dominion Happenings of Other Days

#### THE ACT OF UNION.

On Feb. 10, 1841, the Act of Union came into force by which the provinces of Upper and Lower Canada were united into the province of Canada. The result was the nominal establishment of responsible government, for the authority was vested in a legislative council and a legislative assembly, each province to be represented by sixty-two members, of whom forty-two were to be selected by the people while the remaining twenty were to be appointed by the crown. The population of Upper Canada at that time had grown to about 455,000 settlers.

#### CHILDREN OF THE NIGHT.

(By Eleanor Ingle Pilson, in the Survey, New York.)  
Night wears above the glare of blinding streets,  
Denied her virtuous, God-appointed part,  
Fain would she clasp in sleep, safe in her breast,  
The little child that curses the city's heart.  
Hold Night! Blame not these eager, cramped young souls;  
Blame rather thy lean, irksome sister, Day.  
These children see in thee but mad release;  
Thou, art indeed their only hope for play.  
Yes, children of the city's garish night,  
We should to you for bitter wrongs atone.  
Let him who hath no sin against you  
Wrought—  
Let such an one be first to cast a stone.  
Ah, God! Thou makest well, Thou carest still,  
With leaves of Dilly, the night is wet.  
But, Lord, are all Thy followers asleep?  
Art Thou again on lonely Olivet?

#### IN LIGHTER VEIN.

Editor: "We are sorry to lose your subscription. Mr. Jackson. What's the matter. Don't you like our politics?"  
Missus Jackson: "Lain't dat, sah; 'tain't dat. Man wife 'ee been an' laund a job o' wuk for me by advertisement in your durned paper."  
On the counter stood all the usual horrors of an unscrupulous world insisting on giving the poor kiddies as Christmas "toys."  
"I'll take that," he said. "How much is it?"  
"Four cents," replied the girl. Then she went on pleasantly: "Is it for your little boy?"  
"No, I want to take it to a Christmas supper party I have to attend."  
"Waiver tor?" exclaimed the girl, surprised out of her carefully acquired calm.  
"Well, I'm going to stand it in front of me on the table when the dinks are going round, and when I see two beetles—well, it's time to go home!"  
"I want a separation," she announced calmly.  
"What is the complaint?" asked the lawyer. "Does your husband abuse you?"  
"No," said the selfish woman; "but he snores."  
"Is that all?"  
"Isn't that enough?"  
"Big fiddle," the lawyer stammered, "didn't you marry the poor fellow for better or for worse?"  
"Yes, I did," she snapped, "but I didn't marry him for a jazz band!"

A preacher was describing the "bad place" to a congregation of naval cadets. "Friends," he said, "you've seen molten iron running out of a furnace, haven't you? It comes out white hot, sizzling and hissing. Well—"  
"Well," he continued, "they use that stuff for ice cream in the place I have been speaking of."

#### CHANGING THE RELATIONS OF CAPITAL AND LABOR

Five Stages Set Forth by Roy Stannard Baker—An Interesting Development.

Roy Stannard Baker has been writing for the New York Evening Post a series of articles on the industrial situation in the United States, here presenting the case from the standpoint of both labor and capital. The following is an interesting extract from his last article:

Five stages or epochs in the relationships of labor and capital—since large-scale industry came into existence—were clearly distinguishable in America.

(1) The purely autocratic, individualistic method. The employer believes that he can "do what he likes with his own property." He "hires and fires" at will. Sometimes when the plant is small and the owner-manager is close to his men and can preserve a warm human relationship, or when it is larger and he happens to be a great personality—say a Schwab—this method may work very well. But frequent ownership becomes separated from management, so is often the case now in America or in the United States, and the possibility of close personal relationship between management and men is often very badly indeed.

#### News Notes About Prominent Baptists

Rev. B. H. Thomas, Protestant chaplain at the Dorchester penitentiary, was the preacher at the Central church last Sunday. In his sermon he called special attention to the sins and objects of the Forward Movement. At the Waterloo street church the preacher was Rev. W. A. Sealing. His discourses were listened to with much pleasure.

Rev. W. B. Beanson, who was offered appointment as pastor of the Central church in this city, has felt compelled to decline the proffered task. The duties of the work at Dorchester and the unwillingness of the congregation to lose their pastor at such a time were no doubt the factors which determined his decision.

Rev. James Nelson has accepted a call to the church at Montague, P. E. I. and will begin his work there soon. For nearly three years he has been pastor of the churches on the Fort Hill road and has done faithful service. At Montague he will find as loyal and devoted workers as are to be found anywhere. We trust that he may have there a long and successful pastorate.

Mrs. A. S. Lewis, now of Regina, has enjoyed a visit back to the homeland, a visit as greatly enjoyed by her friends here as by herself. Since going to the west she and her husband have filled an important place in the life and work of the church, and she is to be congratulated upon all hope of their ultimate return to the work in the east.

It is not given to many to enter our congregations and best wishes to Brother George Wallace, of Sussex, who last month celebrated his ninety-ninth birthday. He is an honored member of the church, and in spite of his many years still enjoys a good degree of strength and activity. May he enjoy in large measure the blessing of his Master's presence during the remaining years that are allotted to him.

Rev. G. B. Macdonald writes that he is enjoying the work at Mars Hill, Me., to which church he was called a few months ago. Although he is now beyond our convention, he is not far away, and he is still within thirty miles of Woodstock. We have a suspicion that Brother Macdonald is missing the pleasant fellowship which he enjoyed with the leaders of the work here, and we hope that he may be induced by some strong ties which bind him to us here weakened by the passing of the years.

Governor Carl W. Milliken, of Maine, has consented to let his name come again before the Republican primaries next June as a candidate. Already he has filled his high position for two terms and has filled it with credit to himself and to the good of his state. He is also active in the work of the United Baptist of Maine, and was chosen as the first president of the United Baptist convention of that state.

The British Baptist church, American Falls, Idaho, of which Rev. J. A. Ford, M. A., is pastor, at the close of his first year as pastor has secured a 50 per cent increase in salary and at the same time presented to him an appreciative letter from the members of the church. He is also active in the work of the United Baptist of Maine, and was chosen as the first president of the United Baptist convention of that state.

## SEXTETTE GIVES GREAT PLEASURE

### Sterling Offering in New Programme of Novelties at the Opera House.

The Teiganne Sextette scored a decided hit in the Opera House yesterday afternoon and last evening in their sensational European troubadour novelty. Their singing was a real treat and their dancing exceptionally good. Their act is in truth a whirlwind offering, for from the time the curtain raises until it is dropped there is always something doing.

Another act which made a popular hit was that of Gladys Moffatt and Company. Miss Moffatt is a Halifax girl, who has been making a success on the vaudeville circuits throughout the United States, and her performance was greatly enjoyed. She is a pleasing singer and an accomplished performer. Her partner is a clever pianist and violinist and shared in the plaudits tendered.

Smith and Troy were well received in their skit, which consisted of comedy chatter and songs. Their original creations were good and they were accorded hearty applause.

Mallon Case, in a comedy skit entitled "Another Good Man Gone Bad," received a good share of the plaudits. It is a unique comedy act, which was well "put over." One of the members is a good singer and his partner entertains with some very good comedy singing and eccentric dancing.

Kane, a comedienne, entertained with some songs and jokes. In addition there was another interesting episode of "The Black Secret," a serial motion picture which is becoming more popular as the plot is depicted on the screen. The performance will be repeated today and tomorrow and is expected to attract capacity houses.

### RECENT DEATHS

The death of Mrs. Fraser MacDougall took place in Temple, Texas, recently. She is a sister of Watson, late of Moncton. The body will be brought to that city for interment.

Albert S. Steadwell of Woodstock road, died at his home, Feb. 9, after a short illness. He was fifty years of age and leaves his wife, one son and three sisters.

George F. Moore, aged thirty years, died at Peniac, N. B., yesterday from the flu.

Richard Bullock, the original "Deadwood Dick," died at his home in Glendale, California, Feb. 7, at the age of seventy. In the old stage coach days he was stage driver and had a reputation for being a sure shot with a revolver or rifle. His experiences were formed the basis of many hair-raising plots for dime novels.

Mrs. John Coggar died at her home in Norton Feb. 9 of heart failure, after a short illness from pneumonia. She leaves her husband, one son, her parents, two sisters and one brother.

The death of John Buckley occurred suddenly yesterday at the age of seventy-one. He was a native of Ireland and was stricken with paralysis but had apparently regained his health and strength. Yesterday afternoon he went out to post a letter and dropped dead near his home, 108 Pond street. He leaves his wife, two sons and one daughter.

L. A. Lapointe, M. P., died in Montreal recently at the age of sixty years. He had a distinguished political career.

Rev. G. F. Dawson received word yesterday of the death of Rev. J. D. Carey, pastor of the Methodist church in St. Martins. He was a native of Ireland and came to this province several years ago.

Rev. James M. Buckley, D. D., a prominent Methodist in the United States, died at his home in Morristown, N. J., Feb. 8, at the age of eighty-three years.

The death of Mrs. Byron Teakles took place at her home in Penobscott Thursday, Feb. 9, after an illness resulting from a fall which fractured her hip. She was seventy-eight years old and is survived by her husband, two sons, Edward F. and William S., of Penobscott; and four sisters, Mrs. Rebecca Teakles, Penobscott; Mrs. James Mills, Sussex; Mrs. Thomas Chapman, St. John; and Mrs. S. G. Stewart, Headingley, Mass.

The death of Hardy Day, of Fredericton Junction, occurred in the General Public Hospital on Feb. 9 after a lingering illness in the forty-eighth year of his age. The funeral was held this afternoon from the residence of his daughter, George Bay, Waterloo street, Rev. A. L. Tedford officiating. He is survived besides his wife and daughter by his mother, Mrs. John Ring; five sisters, Mrs. E. Trearlin, Mrs. George Anderson and Mrs. H. Ring of St. John, and Mrs. James Topley and Mrs. Sydney Mullin of Fredericton Junction. Mr. Hubbard and Thomas Day of St. John are brothers.

SITUATION NOT AT ALL CLEAR

Representatives of Athletic Bodies Have Problem to Meet—Readjustment May Be Long and Tedious. (Halifax Chronicle, Tuesday.) There are several angles to the question of equipping athletes in this province with their "amateur cards," said James Holmes, maritime secretary of the M. P. B. C. A. U., to a Morning Chronicle reporter last evening; which makes it imperative that they be thoroughly understood by every athlete before they are issued. While I cannot make any definite statement as to the course which will be followed in this matter, I believe that the arrival here from St. John, I feel that the present involved state of affairs cannot prove satisfactory for long.

"IN-RITE" CURED CARLETON WOMAN

A West St. John woman, Mrs. G. Ketch of Havelock street, has become one of the many who are using "Lyrite Tonic" and finding it a decided help in relieving them of various internal troubles. Her letter may be of interest to fellow sufferers: "The Maritime Drug Co., 108 Prince William street, St. John, N.B. 'Dear Sirs, I only wish I had known of your 'Lyrite Tonic' earlier. I have just about finished my second box and feel so much better. For some time past I have been troubled with different ailments which were telling upon my system, and which I attribute to my liver not being in proper working order. After trying many different remedies and being generally run down, I then saw your advertisement for 'Lyrite Tonic' and I tried it, though I did not at first feel that it would do me any good. Imagine my surprise and pleasure in finding after taking one box that I was beginning to feel better. I now feel convinced that it was 'Lyrite' which has made me so improved in health and you might please send me another box, as I feel that it is the house of a preventative."

ARMY SERVICE CORPS

The reorganization of No. 1 company of the Canadian army service corps is to take place in the near future. Captain A. G. Rainnie, a popular young officer in this city, who is to be the commanding officer, is taking steps to reorganize this unit, which was sent overseas in the army service corps in 1914, one of the first to offer his services and was serving throughout the entire war returning only a short time ago. Major F. T. McKeen, D. S. O., the officer commanding this unit, is living in Toronto.

SAUL W. SCRIBNER DEAD.

The death of a well known resident of the city, Saul W. Scribner, occurred today after a long illness. He died of pneumonia, at his residence, 8 Lester street. Besides his wife he is survived by one daughter, Mrs. E. M. Scribner, one son, Fred W. Scribner, at home. Four sisters and three brothers also survive. Mr. Scribner was a member of the I. O. F., and was well known as an expressionist about the city. Markedly capable in his work and a popular and kindly man of excellent characteristics, he enjoyed a large patronage and numbered many friends. He was 64 years of age. The funeral will be held on Friday at 2:30 p.m.

A THANKLESS JOB.

The police have a grievance against many householders in connection with the removal of snow from their dwellings. One of them said this morning that he had gone into places to clear the snow from their houses and find the snow piled in front of their houses and still had been absent in return. In one place he said there were some dangerous ledges. He and another policeman went in and told the woman of the house that they must be removed else they might fall and strike a passerby. She did not seem inclined to have it done so he cut the other "top" got a hatchet and cut the ledges away themselves. Their thanks from the householder was a sharp calling down for "having tracked snow into her house with their feet."

MONTREAL STOCK MARKET.

Montreal, Feb. 11.—On the stock exchange this morning Asbestos common and preferred each gained a point overnight. The national representative shown in the annual report published today which indicates earnings of 25.6 per cent. on the common stock. The common at the opening of the stock market sold at 76 and the preferred at 88, the latter dropping to 87 1/2. Dominion Iron lost one-half point to 70, Cement was up one-quarter to 62 1/2, but later dropped the gains. Brompton recovered a point overnight.

SCHOOL TEACHERS FORM FEDERATION.

Toronto, Feb. 11.—The Ontario Secondary School Teachers' Association has been organized to promote education, raise the status of teachers, secure better conditions and to obtain a "larger voice in educational affairs, locally and throughout the province." Major W. C. Mitchell, M. C., principal of Riverside Collegiate Institute, Toronto, is the first president of the School Teachers' Federation.

New Steamship Services.

Montreal, Feb. 11.—The Canadian director of operations for the Canada Steamship Lines, Limited, back in Montreal yesterday from Europe, reported that it was the intention of the company to enter into the Canadian immigration service with two vessels plying between Montreal and French and Belgian ports. They are to be 12,500 tons. The Canada Steamship Lines will also inaugurate services soon to the Mediterranean and South America.

P. E. Island Prices.

Summerside, P. E. I., Feb. 10.—The Summerside dealers are now paying 30 cents for hies, an advance of 20 per cent in two weeks. The buying is still quite spirited. Feed oats are bringing 95c, to \$1 in Summerside, and \$1.10 is being paid for seed oats. Sixty-two cents is still being paid for eggs, but local dealers anticipate a lower price within the next few days, owing to the falling off in price in Montreal.

HAD ECZEMA For Over 28 Years

Eczema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. The break and subsequently a crust is formed, and the intense burning, itching and smarting, especially at night when the part is exposed to any strong heat is almost unbearable.

Mr. James Walker, 152 Niagara St. Hamilton, Ont., writes: 'I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy, and I shall recommend it to all my friends.'

## HUNGRY CHILDREN NUMBER 250,000

Already 168 Orphanages Are Operated in the Near East—An Appalling Story.

Describing the work of the American Near East Relief, Alexander J. Hemphill, the chairman, says: "The Armenians are universally recognized in normal times as the most thrifty, industrious and prosperous people of the Near East, but they have now been for four years exiled from their ancestral homes, their last vestige of negotiable property has been sacrificed for food and protection and they enter the doors held open by the Near East Relief, destitute, hopeless and utterly forlorn."

"For these people, escaped from almost unrelenting horrors, ragged, starving, shrunken with disease, naturally the first thought is food, clothing and medical care. In nearly all of the homes maintained by the Near East Relief there is either a hospital in connection with the institution, a clinic to which the people may go for treatment, or a visiting physician alert to segregate suspicious cases, keeping a watchful eye on the health of the little community. There are thirty-seven hospitals, with as many as 88,725 clinic attendants each month. The most persistent ailment, especially among the children in the orphanages, is scabies, that horrid parasitic

skin disease known as "itch." When the children first enter an orphanage, sometimes brought by relief workers, picked up like a stray homeless little animal in the streets more often drifting in alone, attracted like the same stray homeless dumb thing by the smell of food, they are bathed at once and then rubbed thoroughly with ointment for every wandering waif is infected with this disease. ## GOOD ROADS MOVEMENT

(Moncton Transcript.)  
The provincial government's vigorous efforts to improve the roads of the province is in line with what is being done in the other provinces and in the United States. The only drawback is that the roads have been so neglected under previous administrations that very large sums are required to show good results. Had a few millions been spent on our roads years ago it would have been a good investment, for then wages were low and money went a long way.

The present government has spent about \$2,000,000 on permanent roads, and there is general testimony to the marked improvement which has been effected all over the province. To secure this money the government funded the motor vehicle tax, which is increasing every year. Motor vehicles are hard on roads, and it is only proper that their owners should contribute to the making of permanent roads. The present motor vehicle tax will provide interest and sinking fund on all the money spent so far on permanent roads and charged to capital account. As the number of vehicles increases further amounts will be available for funding.

Most of the American states are arranging to spend enormous sums on road work this year. It is said an immense impetus has been given to the good roads movement by soldiers returning from France, where they saw how much good roads contributed to the comfort and convenience of a people.

## FINANCIAL PROBLEM

A Community Church as a Solution of It.

(Sackville Tribune.)

We frequently hear ministers of the gospel and others dilate upon the fact that ministers are very poorly paid and no doubt they are but why is it so? Is it because the members and adherents of churches are penurious and niggardly or is there another reason not generally recognized? The reason that appeals to us is that a lot of people think more of their church than they do of the gospel of Christ and they will work harder to maintain a particular sect than they will for the salvation of the world. Go to any small town and what do we find? Four Protestant churches each with its own pastor, its own services, its own prayer meetings, its own organization. Many such churches are holding on to life by their finger tips. The ministers are poorly paid; of course they are, how could it be otherwise? A mere handful of people holding pie socials and tea meetings in a super-human effort to keep going a particular brand of religion, which has not more to recommend it than any of the other denominations in the same town. Now if these churches would "get together" and form a community church what wonderful things would be accomplished. The combined efforts of the four congregations could easily pay a first-class minister an adequate and decent salary. Then indeed would the business men of the town stand behind such an enterprise. They would recognize that at last the devotees of religion had stumbled upon a little common sense and instead of railing at the people for failing to give enough to maintain ministers in fitting style, they would be co-operating in a big effort to make the community a better place to live in, to raise the standard of citizenship, to quit the talking sectarianism and unite upon the great essentials of Christianity. So long as the churches maintain their present wasteful policy, just so long will business men stand aloof and be open to outside the circle of their own pet denomination, and may men and women of differing denominations, mingle and every enterprise, good, but and individual that can be supported by the church, but fail to support the church, in a way that they ought to be supported.

## PURSE OF \$55,000 IN KENTUCKY RACE

Increase in Added Money to Make Classic Richest Three-Year-Old Event in U. S.

Louisville, Feb. 10.—By raising the value of the coming Kentucky Derby to \$55,000 in added money the Kentucky Jockey Club is in a fair way to make the popular spring special for three-year-olds the richest race for this age in any English-speaking country. Subscriptions or entrance fees and starting changes will be assessed in the Derby and these will certainly swell the purse to \$55,000 if, indeed, they do not make it \$60,000.

The entries for the coming Derby have not yet been made, but it is believed that all the first and second class two-year-olds of the season of 1919 and many of the third-raters will be found to be eligible when the Kentucky Jockey Club publishes its list presently.

The Kentucky Derby will probably exceed in value the Latonia Championship, which paid the owner of Mad Hatter \$44,000 last fall. It will completely throw in the shade such races as the English Derby, which is renewed annually at Epsom Downs, and the St. Leger, which is run at Doncaster in the autumn.

Richer Than French Derby.

It will surpass in value even the Prix du Jockey Club, better known in English-speaking countries as the French Derby. The British Derby, unless the records mislead, never paid a greater sum to the winner than \$82,000. Nor did the St. Leger. The French Derby's highest value seems to have been \$45,000. Edmond Blanc's horse won it the year it paid that substantial sum, 1904. Last year, after five seasons' slumber, the French Derby had a value of \$20,000.

The only race exclusively for three-year-olds to be found in the racing manuals that annually yields a greater sum than the advanced Derby of Churchill Downs will pay in the Grand Prix de Paris, a race of one mile and seven furlongs for three-year-olds of all countries. When Houli won the Grand Prix de Paris for the first time in 1912 the prize was \$75,000. When the all-conquering Sardanapale won in 1914 it was \$71,000. There was no racing at Longchamp between 1914 and 1919, but when Gallopier Light defeated Master Good and insensible in last season's revival of the Grand Prix de Paris, he earned

## PREVENTION IS BEST CURE FOR INFLUENZA SAY PUBLIC AUTHORITIES

Every Possible Effort is Being Made in Affected Localities to Stop Further Spread of the Disease

Ounce of Prevention Worth Pound of Cure

Persons Who Catch Colds Easily and Who Are in Run-down Condition in Greatest Danger.

Influenza continues to spread; and the disease is now prevalent over many sections of the country. It has baffled the medical skill to an unusual extent, and although it has been held in check in most localities it has gotten beyond control in others. The germ has eluded bacteriologists, and medical men now agree that the best cure is prevention.

The surest prevention is to build up the bodily powers of resistance, and to get the system into the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting influenza. It has been observed that persons who are weak and run-down are more susceptible to the disease than persons who

## SAYS WALSH WAS GREATEST PITCHER

Frank Chance Was Greatly Impressed by Former White Sox Star.

The pitcher who impressed Frank Chance as the greatest performer on the mound during the several years which the famous manager was in the majors was a hurler of the American League, not of the National, who Frank did most of his managing. Ed Walsh is Frank's choice. In a recent faning he had the following to say about the pitchers who he had observed:

"I am not picking Walsh because he smashed the hopes of my Cubs in the world's series and city series time after time, but because of the wonderful way in which he swept through the American League. A manager must have a pitcher who can work and win. He must be able to take his turn on the mound, and, if necessary, to take the burden of some one else. That was Ed Walsh. No pitcher was more anxious to get on the mound than he was. Without being told to warm up he would grab the ball and start to the ball-plate."

"Walsh was a spitball pitcher, and I am not crazy over that brand of twirling, but I will have to give the laurels to him. In Chicago there is a saying that Walsh is the man who built Charles Comiskey's famous baseball club. He did not drive a single nail into the structure, but he helped draw the money at all the joints, which was more important. He was the man who made the spitball famous. I believe that but for the remarkable work of Ed Walsh the spitball would have been banned years ago by every league in the country. He was so good with it that no steps were taken when he was working every other game in the American League. By that time every youngster in the country started experimenting with the moist delivery."

"This is not a sermon on pitching, but I believe that the life of a manager would be made easier if the spitball was banned by every league in the country. I don't remember all the figures of Walsh's wonderful work, but in 1908 he took part in 60 ball games and is credited with winning 40 of them and only losing 15. A pitcher able to win 40 contests to lose only 15, a manager would not have many worries. Walsh's breakdown was a mystery. When he was on the coast trying his comeback, he appeared to have almost as much speed as he ever had, but he could not get his hitting working."

"After Ed Walsh comes Walter Johnson. He is another great pitcher, but did not work as often as Walsh. While the White Sox star depended upon his spitball and control to win his games, Johnson, until he was more important, placed his main reliance upon his terrific speed. One place where Johnson has been handicapped is that he never was backed up by a good ball club. After a pitcher shows twenty-five per cent improvement, a good ball club not only will score more runs and field better than a poor more confidence in himself."

## France Will Not Control Boxing.

The French Federation of Boxing has concluded not to force its own rules down the throats of the boxers of the United States and Great Britain, having, at the last minute, decided to allow the three nations ten votes each in the proposed international union, the smaller nations to have voting power in accordance with their relative importance in the matter of boxing, which is practically none. This change of front is announced in a cable despatch to President Bittis, of the Army, Navy and Civilian Board of Boxing Control of New York, from Lord Londale of the British Board of Boxing Control. Lord Londale also said that if the United States was not represented at the meeting in Paris its interests would be safeguarded by the British representatives, J. H. Douglas, chairman of the British board, and A. I. Bettinson, manager of the National Sporting Club. The plans of the French board to railroad through an international board of boxing control with French promoters, aided by nations without boxing talent, running things in Britain and the United States, the home of practically all the world's champions, were upset by Charles F. Mathison of New York, who went to Europe last year as the representative of the Army, Navy and Civilian Board of the United States.

## THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time In Many Instances

Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "miraculous" CAUTION—Although Bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties, it should not be used by anyone who does not desire to put on flesh.

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing sagging hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight, 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Fredrick Koller, M. D., editor of New York Physicians' "Who's Who," says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

More Proof of How Hall's Wine Helps

"I was ill for over three years and had given up hope. After taking a bottle of Hall's Wine I felt new energy returning, and after the fourth bottle I feel better than I have ever felt in my life."

"Influenza and internal trouble left me weak and depressed. The doctor ordered me Hall's Wine, he said it contained the properties to cure me. ## How Hall's Wine Helps

HALL'S Wine renews health at its source, builds strength by building vitality, restores the energy which anxiety or illness has depleted.

Without the help of such a tonic in times like these, you'll find your worries "grow on you", undermine energy, stifle happiness, make you a burden to yourself and all around you.

If your health is already injured—whether from overwork, strain, influenza, colds, operation, or serious illness—you need the help of Hall's Wine even more, for not only will Hall's Wine quickly renew your health, strength and vigor, it will safeguard you against the danger of those "complications" which always threaten where weakness prevails.

**National League Meeting.**  
 A harmonious and successful meeting of the club owners of the National League was held in Chicago yesterday. A schedule of 168 games was adopted and it was decided to permit clubs to use their spit ball pitchers during the championship season. They decided to limit the number of men to twenty-five, from May 15 to August 31, but after that they may carry thirty-five. The waiver price was raised from \$15,000 to \$22,000, and the president of the league was empowered to name a price on a free agent.

**Trouble in Red Sox Camp.**  
 A bill to restrain President H. H. Frazee of the Boston American Baseball Club, from selling any of his interests in the playing end of the club was filed in Boston yesterday by J. J. Lavin, former owner of the Red Sox. A hearing will take place Monday.

**American League.**  
 Chicago, Feb. 10.—Club owners of the American League met tonight in an attempt to end the factional fight, which followed the purchase of Pletcher Carl Mays by the New York club from the Red Sox last summer. After several hours' debate no decision was forthcoming.

A schedule calling for 154 games during the 1920 championship race was adopted. One of the new rules will eliminate sacrifice flies from summaries and score them with other sacrifice hits as sacrifices.

A resolution passed prohibits the trade, loan or transfer of a player between July 1 and the close of the season to another American club except by the waiver route. Another forbids a player to negotiate with another club for his services without the knowledge of his manager. Clubs must not negotiate with players of other clubs without the knowledge of the club to which the player belongs. By a third resolution a game postponed in one city may be played off in the other city in cases where the season had closed in the place the game was originally scheduled.

**DANCE ENJOYED.**  
 A pleasant time was enjoyed on last Friday evening in the Simonds street hall when Mrs. Edith Anderson entertained a party of friends. Music was provided by the Harmony string band, refreshments served and a pleasant programme of dances carried out.

**NURSES EXAMS.**  
 Because of so many nurses being busily engaged with sick cases, only four registered themselves today for examination for registration. The examinations were begun this morning in the physicians' club rooms in Charlotte street, with Miss Maude E. Hettalick presiding. These papers are for nurses who have completed the full three years' course and graduated, to enable them to qualify as registered nurses.

**TAG DAY.**  
 Although the amount received yesterday from the tag day collection for the Free Kindergarten has not been officially announced, one of the members of the finance committee informed the Times today that the collection would not exceed \$1,000. This will come up to the committee's expectations, she said, but considering conditions it is fairly good.

### NEW BRUNSWICK WAS REPRESENTED

Dinner of 2nd Brigade Canadian Field Artillery in Montreal.

(Canadian Press).  
 Montreal, Feb. 11.—Speaking last night at the dinner given by the second brigade Canadian Field Artillery in commemoration of the fifth anniversary of their landing in France, General Sir Arthur Currie said that some of the officers who had commanded overseas would still continue in command in reorganized artillery units in Montreal. The dinner was an impressive function with more than ninety officers present, including members of the corps from Nova Scotia, New Brunswick, Quebec, Toronto and other points in Ontario as well as officers from this city, some of whom had served through the whole war.

General Currie said that the Germans had taught our artillery nothing during the war. The great developments of the conflict were the barrage, the harassing fire and the counter-battery fire, all of which we had originated and had taught the Boche. This counter-battery fire, he said, had been originated and developed by a Montreal soldier, Brigadier-General McNaughton.

### MEETING RE THE HARBOR MATTER

Harbor commission and matters pertaining to the harbor in general were discussed at a meeting this morning in the rooms of the board of trade at which the mayor and all the commissioners and representatives of the board of trade, Commercial Club, Rotary Club and several of the shipping companies in the city were present.

Although it was decided that no detailed statement should be given out to the press, it is understood that the general opinion of the meeting was that a vote should be taken on harbor commission, and that the government should be prevailed upon to make the necessary provision for ferry approaches by order-in-council.

The meeting was called to obtain the views of the various organizations on the matter and to plan further concentrated action. Several of those present reported that considerable progress had been made in the matter before them.

### CASES NOW ARE ABOVE 100 MARK

Recovery in Five of Earlier Ones Here—Many Deaths Daily in Rome.

The influenza situation in the city and county does not seem to be improving much, although it has not reached the epidemic stage. The number of cases up to date have exceeded the 100 mark and apparently are slightly increasing from day to day. Twenty-one new cases were reported to the board of health this morning, making a total of 114 cases now reported. Five of the cases reported at the beginning of the outbreak have recovered and the quarantine has been lifted and no deaths have yet occurred in this city. There are fourteen cases of influenza reported from the Children's Memorial Home in Wright street but it is said they are of a mild type.

The board of health met this afternoon to consider the matter of taking over the Salvation Army building in St. James street for use as an emergency hospital in connection with the handling of the influenza.

Hon. W. F. Roberts, minister of health for the provinces received a telegram this morning from the federal department of health, Ottawa, Feb. 10, 1920.

Hon. William F. Roberts, Minister of Health, Province of New Brunswick.

Special information tabulated in outbreak of influenza at Detroit and vicinity shows eighty-three per cent of those affected did not suffer in last epidemic; fifteen per cent employed in large concerns are laid off on account of the disease; five to ten per cent of the whole population are affected. A large percentage of deaths occur in ages between eighteen and forty-five amongst those who persist in fighting the disease on their feet rather than going to bed.

**J. A. AMYOT.**  
 Deputy Minister of Health. This telegram contains some valuable information regarding how the disease should be fought. It has been instilled in the minds of individuals during the previous epidemic that those affected should not try to combat the disease on their feet but should go to bed immediately and get medical assistance. It is the intention of the health officials to keep this matter continually before the public in order that they may derive benefit therefrom.

**Amherst Imposes Ban.**  
 Amherst, N. S., Feb. 11.—Today quarantine was placed on every place of amusement in Amherst. The epidemic of influenza has reached large proportions, as nearly 200 people are affected. It is of a far milder type than last year. The theatres, rinks, churches, schools, billiard parlors and bowling alleys have been closed. The isolation hospital is being opened and patients are already under the care of the nursing staff.

**90 Deaths a Day in Rome.**  
 Rome, Feb. 11.—Schools in this city have been closed because of the influenza epidemic. There are ninety deaths on the average every day from this disease in Rome.

### WHY VESSEL WENT TO HALIFAX

J. P. Doherty Speaks of Matter Referred to in Times Yesterday.

Regarding a query in the Times last evening as to why a government steamer had to go to Halifax to load, J. P. Doherty, port agent for the Canadian government merchant marine, said this morning that the article was misleading. He said that there had been a strike in Havana for the last six weeks and as a result four of their steamers were tied up as they were unable to get their cargoes discharged. Owing to this he said, many of their schedule sailings had been deranged. He said that the strike was settled only on Feb. 9 and that in the meanwhile the Canadian steamer was substituted for one of the steamer delayed at Havana and was sent to this port with a cargo of raw sugar for the refinery. He said that the sugar was supposed to go to Halifax, where she was to take on cargo for Barbados, Trinidad and Demarara and had been delayed at this port only to alleviate conditions. He said if the strike had not occurred in Havana the steamer being operated by the regular service for Kingston and Havana in the regular St. John-West India service.

Regarding steamers loading at other ports he said it was not unusual thing for many liners to come here to discharge and leave for Halifax, Philadelphia and other ports to pick up cargo offering for their destinations.

### POLICE COURT

In the police court this morning Thomas and Joseph Connell, who were arrested last evening by Sergeant Detective Power and Detective Haddiscombe, were charged with assaulting and robbing Samuel Brookins in the vicinity of Long wharf. No evidence was taken and the accused were remanded until the condition of Brookins, who is in the General Public Hospital, is improved.

A man who was arrested last evening by Policemen Gibbs and Garnett, was charged with assaulting his wife. He pleaded guilty and the magistrate ordered that he get sureties to bind him over to keep the peace. No evidence was taken.

Five men charged with drunkenness were each fined \$8 or two months in jail.

### SMALL DEFICIT ON MANITOBA 'PHONES.

Winnipeg, Feb. 11.—The annual report of the Manitoba government telephone, tabulated in the legislature, shows a deficit of \$25,691. This figure includes \$22,138 paid on the military service payroll to the wives and dependents of men formerly in the employ of the government telephones who enlisted. The actual deficit was slightly more than \$3,000.
