ANSWER TO MRS. WRIGHT

Colonel Pidgeon, President of G.
W. V. A. Denies That Sold-
iers Have Been Debauched
& Degraded in England and
Declares Her Utterances Are
Comfort to Enemy

Ottawa, June 22—A vigorous protest
has been made by the Great War Veter-
ans' Association against statements made
at the W. C. T. U. convention by the
president of the union, Colonel Pidgeon,
president of the G. W. V. A., issued
following the statement on behalf of the
association—

"The biennial address of the dominion
president, W. C. T. U., as reported by
the press, contains both statements and
policy which call for vigorous protest by
this association. In the address, Mrs.
Wright, while we have given our sons to
help England, England in return has de-
bauched and degraded these sons by
liquor and its consequences. We would
point out to the dominion president of
the W. C. T. U. that there have been
soldiers or debauched nor degraded by
liquor or other causes. We do not know
if Mrs. Wright is so fortunate as to
have given any sons in the defence of
Canada and her mother, but, if so, we
feel quite certain that she would resent
the imputation that the home training
was such that they permitted themselves
to be debauched, etc. The war veterans
are busy seeing that our women are not
debauched by the 'unholy Hun,' but are
safeguarded by the continuance of British
institutions.

"We would ask one question ourselves:
When will some of the women of Can-
ada realize that good intentions and
good words carried to excess in the inter-
ference remarks of ill-considered and mis-
guided women?"

"We are of the opinion that such utter-
ances as those of Mrs. Wright are a
comfort to the enemy, and, in our opin-
ion, should be dealt with as provided by
the laws of this country.

"Mrs. Wright asks: 'When will the
women of Canada realize the great task
they are bringing the soldiers by
sending them cigarettes?'"

Dinner to Dominion's Premiers

Borden and Hughes Reply To
Toast of Cabinet Colleagues
From The Dominion—British
Premier Says One of Greatest
Stories of History Is Being
Written of Rush to Aid of
Motherland

London, June 22—(Via Reuter's Ot-
tawa Agency)—A parliamentary supper
given by the Empire Parliamentary As-
sociation to welcome the dominion pre-
miers was a brilliant affair. The royal
gallery of the House of Lords, in which
the supper was served, was crowded by
a most distinguished gathering, includ-
ing thirteen past and present dominion
premiers, most of the ministers of the
cabinet, and a large number of commo-
ners and lords, including both govern-
ment and opposition, the high commis-
sioners of all the dominions, premiers
and other ministers from overseas now
in this country, including Lieutenant-
General Smith, Hon. Messrs. Barton and
Hull of South Africa and the Maharaja
of Patial and Sinha. The gathering
numbered more than 200. The lord
chancellor presided and proposed the
toast to the King.

Lloyd George.

Premier Lloyd George proposed "Our
Cabinet Colleagues from the Dominions,"
and Sir Robert Borden, Canadian pre-
mier, and Hon. Wm. Hughes, Australi-
an premier, replied.

"The brilliant dinner in the
cabinet ministers of the dominions, said
they were leaders of perhaps the most
brilliant generation of statesmen since
the days of the great British statesmen
of the 18th century. He mentioned Sir
Robert Borden, premier of Canada; Hon.
William Hughes, premier of Australia; and
Hon. W. Massey, premier of New Zealand,
and said their names were as well known
and as respected in the United Kingdom
as in their own land.

Lloyd George said he regretted that
the premier of South Africa could not
be present (hear, hear) at either this
council or the one which had been held
previously. His absence was proof
of his devotion to duty. Lloyd George
specially welcomed the representatives of
India. The Maharaja of Patial, he
said, worthily followed the great tradi-
tion of attachment of crown and
empire. His gallant people fought
side by side with the British, and
were as worthy comrades. The premier
also welcomed the Maharaja of
Sinha, who was the first Indian to
become a member of the cabinet.

"All the dominions' guests represent a
good deal to us," said the British pre-
mier. "They represent the consciousness
of empire and a real help in the moment
of real need." He said the peoples of the
dominions came the more readily and
eagerly into the fight because the old
country got into trouble through cham-
pioning the sacred cause of freedom and
right. One of the greatest stories of the
future ages would be of how her child-
ren, when the motherland was beset
by cruel foes, rushed from the ends of
the earth to shield her with sturdy
strength. (Cheers.)

The premier said the overseas kin-
smen must have noticed the special
warmth of the greetings and reception
they had received since the war began,
for the old country was grateful and
proud of them. (Cheers.)

The guests, he said, had come to take
part in the great council of the empire,
which was the most wonderful feder-
ation of human beings the world had
ever seen. He said that he had had the

BRITAIN BUYS NEW
ZEALAND WOOL CLIP

Wellington, N. Z., June 22—(Via Reu-
ter's Ottawa Agency)—The British gov-
ernment has arranged to purchase New
Zealand's wool clip until one year after
the war at the same price as has been
paid the last two years.

IN THE HOSPITALS

Aubrey W. Ervin, who was run over
by the C. P. R. suburban on last Sat-
urday night, and who has been in a crit-
ical condition in the hospital, is reported
to be slightly improved.

Fred Wicket, a fourteen-year-old boy,
who was run over by a street car and
sustained the loss of his right foot, is do-
ing as well as can be expected, accord-
ing to a report from the hospital today.

Morris LeBlanc of Fairville, who fell
off a house yesterday and was hurried
to the infirmary suffering from internal
trouble, is reported to be slightly im-
proved today.

REPEATED ATTEMPT MADE TO KILL
EMPEROR CHARLES OF AUSTRIA

London, June 22—On the Amsterdam Exchange today reports that an attempt has
been made on the life of Emperor Charles of Austria are current, says a Central News de-
spatch from Amsterdam. The reports are unconfirmed.

CRYING "DOWN
WITH GERMANY"

London, June 21—New bread riots
were started on Thursday night in the
Favoriten and Brigittenau districts of
Vienna and there are now more than
100,000 munition workers on strike in the
Austrian capital, says an Exchange
Telegraph Company despatch from
Vienna. An attempt to attack the
German embassy in Vienna, according to
Vienna correspondents of Munich
newspapers, was dispersed by the police.
There were many arrests and some
persons were injured. There were many
cries of "Germany is starving us; down
with Germany."

A statement issued by the Vienna police
declares that demonstrators beat up
trams, broke windows and looted
food shops and bakers' carts. At the
municipal council meeting Herr Neu-
mann, representing the Socialists, de-
nounced the Bres-Litovsk peace as a
fraud and declared the situation was un-
tenable.

CITIES MUST
HELP COUNTRY.

Paris, June 22—A despatch to the
Temps from Geneva says the Austrian
government has decided to put Vienna
and other large cities on half the present
bread ration in order to ameliorate the
condition in Galicia and Bohemia.
These conditions are so bad, the Temps
says, that railroad and other strikes
can be averted only by such a measure.
Vienna newspaper reports that the
cities, though badly off, are still in bet-
ter condition than the country, where
there is nothing to bread.

SEVERE RIOTING

London, June 22—According to the
Vienna Neue Freie Presse during serious
street rioting in Vienna the police and
military were called out and strict
measures and issued warning to par-
ticipants making them responsible for
the actions of their riotous army. An
exchange telegraph company despatch
from Copenhagen.

WOULD NOT STAND
FOR THE SOVIETS

London, June 22—The Times' in-
formation that the Hague is correspond-
ing through a Dutch source that the re-
mains of some severely injured British
soldiers were buried in Vienna on the 10th,
many of the men slightly wounded.
These troops were employed in the
Caucasus and their bearing was such
that they were withdrawn on the
following day. All public buildings in
Vienna were closed and the streets
were patrolled by the police. The
police heretofore have had to dis-
perse such gatherings as occurred.

It is learned that a Bulgarian commission has
arrived in Vienna to negotiate with the Aus-
trian government concerning a change in
relations with Germany.

The Times' correspondent cites in-
formation apparently from Vienna that
the government has decided to put
Vienna and other large cities on half the
present bread ration in order to ameliorate
the condition in Galicia and Bohemia.
These conditions are so bad, the Times
says, that railroad and other strikes
can be averted only by such a measure.

MEIGHEN AND CALDER
AT THE WAR CONFERENCE

Borden Busy With Other Big
Matters—Has Conference Over
Shipbuilding Yard at Dartmouth

London, June 22—(Canadian Associ-
ated Press)—Sir Robert Borden and
Hon. N. W. Rowell attended a war con-
ference with Sir Edward Kemp, Gen-
erals Turner, Stewart of railway con-
struction, and McDougall of forestry.
Subsequently the premier conferred with
Sir William Beardmore respecting the es-
tablishment of a shipbuilding yard at
Dartmouth, N. S. Further negotiations
await the arrival of Hon. C. C. Ballan-
tyne, minister of marine.

It is understood the duty of repre-
senting Canada at the war conference
has been conferred on Messrs. Meighen
and Calder, as Premier Borden is closely
occupied with matters of great moment
and urgency under consideration by the
imperial war cabinet. Hon. N. W.
Rowell is assisting the premier in these
matters.

The Lord Mayor of Cardiff interview-
ed Premier Borden today during a visit
to Cardiff to receive the freedom of the
city at an early date. The premier was
unable to fix a date, but hopes to visit
the city before returning home.

MONTREAL TRAMWAYS FARES.

Montreal, June 22—The tramway
commission has formulated its increased
fares as well as to go into effect in July
for the City of Montreal. They are:
Midnight to 6 a. m., fifteen cents cash;
6 a. m. to midnight, six cents cash, or
five tickets for a quarter; school chil-
dren and all passengers between 6 and 8
a. m. At other times transfers to cost
one cent extra.

The commission contends that they
are forced to grant this increase in fares
because of the increased cost of wages
and material as well as increases in fixed
charges due to additional capital requir-
ed.

Want Government to Seize
12,000,000 Gallons Liquor
Now Stored In Canada

W. C. T. U. Convention
Would Have the Al-
cohol Extracted For
Munition Purposes—
Other Resolutions

Ottawa, June 22—That the federal
government will be asked by the Dom-
inion W. C. T. U. to commandeer the twelve
million gallons of liquor now in storage
and tabulate alien labor on a war
basis, as well as the industries, this
later step to insure extra profits reaching
the government.

Another resolution supported the ac-
tion of the Presbyterian General As-
sembly in its attack on the senate for
throwing out the amendments to the
criminal code; another embodied a dis-

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, JUNE 22, 1918

GOOD THINGS COMING TO THEATRES OF ST. JOHN

Alice Brady and The Eagle's Eye; Big Gem B.L.

Alice Brady in the new World-Picture Brady-Made, "The Maid of Belgium," will be the attraction at the Gem this afternoon and tonight. As the title indicates, the picture has to do with the story of a Belgian maid—a refugee who is brought to America by a kindly, wealthy couple. The girl is half crazed by the terrors she has gone through. Her memory is gone and when it is discovered that she is about to become a mother she is unable to remember her husband. Remarkable developments come from this situation and the story ends with a totally unexpected climax. Needless to say "The Maid of Belgium" is one of the most intensely interesting stories filmed. It is a five-reel subject. The programme also includes Episode No. 2 of "The Eagle's Eye" which is a gripping, great serial, unfolding German plots in America. This chapter is "The Naval Bell Conspiracy," a gripping, sensational disclosure. Seven reel programme, 5 cents and 10 cents. At 2.30, 7.15 and 8.45 o'clock.

Summer Prices at the Imperial

The Imperial Theatre on Monday will inaugurate a summer scale of prices that will make it possible for city folk to enjoy several of the programmes each week at very little more than the price of one under the winter scale. In other words, with a reduced population from which to draw in warm weather, the big theatre expects to attract its patrons several times a week. This plan is employed in many theatres in the United States, and at this particular juncture—having 11, C. L. in mind—will be welcomed, no doubt.

The new scale is as follows:—Half the lower floor 15c, the other half at 25c; front balcony, 15c; rear balcony, 10c; children 5c and 10c; as usual; boxes 35c, as usual. This means that nearly 400 people can be accommodated at 15c price down stairs, and that another 100 can enjoy the big picture bills for a dime in the rear balcony. The saving is really considerable and the Imperial expects to offset its shrinkage in receipts by a greater volume than usual at this time of year. This is a frank statement to its friends.

The bills for this week of the new scale of prices are especially attractive. Monday and Tuesday, Ann Pennington, the "Follies" star will be in "Sunshine Nan" from the novel, "Calvary Alley," Wednesday-Thursday, Constantine Talmadge in "The Girl on Friday-Saturday, Mary Pickford in "The Amulet of Cleopatra." The usual miscellaneous bills mixed in.

Daily Demolish the Zebruggee Repairs

Explanation of Continuous Raids by the British Airmen

Amsterdam, June 22.—The entrance to the harbor at Zebrugge is blocked, according to Lieut. George Coward and John Read, of the British royal air force, who landed in the province of Zealand, Monday and are to be interned at the Hague. In an interview published in the Telegraph, they say the Germans are working day and night to clear the passage, but each night British aviators demolish the Germans' progress.

The cement ships sunk in the harbor are still there and the Germans are afraid to blow them up for fear they will also destroy the sluices. The lieutenants assert that no submarines can enter or leave Zebrugge. The blockade of Ostend is not so complete, but the Germans are having great trouble there.

The motor of the seaplane carrying Coward and Read failed while they were bombing Zebrugge. German aviators attacked their machine, but they managed to reach Holland and to escape capture by the Germans.

CONFIDENT RUSSIA WILL PAY DEBTS

French Finance Minister Makes Statement in the Chamber of Deputies

Paris, June 22.—The French government had confidence that Russia will eventually pay her debts, declared Finance Minister Klotz in the chamber of deputies yesterday. Socialist deputies had attempted a conference to discuss the renewal of the privileges of the Bank of France, and raised the question of the Russian debt to France, but their efforts were followed by the finance minister.

Deputy Edouard Barth offered an interpellation as to who should be held responsible for the 600,000,000 francs still due French investors on Russian loans. Finance Minister Klotz replied, "It matters not what government obtains in Russia. I do not despair of the guarantee of the Russian state."

The minister was interrupted by Socialist cries of "No."

"It is immaterial," continued M. Klotz, "whether the Bank of Russia meets its indebtedness. I have confidence in the Russian state, and French investors will not lose. It is not the government which contracts debts; it is the country."

HUNGARIAN REGIMENT COMPLETELY ANNIHILATED

Rome, June 22.—Enemy officers captured in yesterday's fighting admitted today that the Austrian offensive had failed, a semi-official statement says. The 14th division operating in the Grappa region, were reduced to a few thousands. On the Montello crest the 14th division lost 2,000 men. Here a small Italian assault group penetrated the enemy lines and wounded and captured Major-General Von Knecht, division commander, who later died in a hospital. The 100th Hungarian Infantry Regiment was entirely wiped out. The 14th division suffered frightful losses.

DISASTROUS FIRE AT OROMOCTO

Oromocto was visited by a bad fire yesterday. Four dwellings, including the well-known Tourist Hotel and seven barns were burned to the ground and the high water wharf on the river was destroyed. It was only through the efforts of volunteers from Fredericton that the fire was extinguished. These men, including many returned soldiers, in cooperation with the inhabitants organized bucket brigades.

The buildings destroyed were the hotel owned by John E. Stocker, and dwellings owned by William Rutledge, Oma Ward and John Malone. The barns destroyed belonged to Charles White estate; two; Martin Currier, one; Stocker's hotel, two; William Rutledge, one; and also one attached to the Malone property.

The fire brings a great loss to the village. The hotel, which, it is stated, was insured, was valued at nearly \$9,000. Only one of the sufferers, it is learned, has insurance and his is by far inadequate to cover the loss.

It is difficult to estimate the total damage. Some place it as low as \$80,000, while others estimate it at \$33,000.

Robberies Baffle Police of London

London, June 22.—The London detectives are having an embarrassing time. They have been unable to counter the actions of a clever gang of thieves who loot shops when closed and who up to the present have got clear away with the plunder in every instance.

The thieves' latest exploit has been to loot a West End furrier's of furs valued at \$18,000. When the assistants found the management estimates that the loss was \$20,000. No clue to the thieves has been discovered that practically everything of value has been removed. The thieves had succeeded in opening the front door and had managed to carry off fifty coats, 1600 opposum skins, sixty topknots, sixty fur hats, and a number of fur sets.

The premises are in a main road and the windows were not even fitted with shades, but nobody saw the robbery, though the management estimates that the loss was \$20,000.

Other exploits of apparently the same gang have been reported since. Several tons of sugar were removed from a warehouse and sent to another establishment. The value of their contents was \$20,000. No clue to the thieves has been discovered.

CROP CONDITIONS MOSTLY EXCELLENT

Only Few Districts Are in Serious Need of Rain

Winnipeg, June 18.—The weekly crop report of the Canadian Northern Railway issued today shows that in a big majority of districts along the lines of that railway crop conditions are excellent this time. For the most part sufficient moisture has fallen to ensure good growth, and the warm weather of the past week or two has been conducive to rapid development. In Manitoba the reports are uniformly optimistic and apparently the rainfall has been ample. In Saskatchewan, scattered districts report the need of rain, notably in the Moose Bow district, along the Killam and Regina sub-divisions. To a lesser extent, the Skatton and Kinkirely sub-divisions are affected by the lack of rain and dry winds, but nowhere is serious damage reported, and rainfall in these scattered districts in all that is needed to ensure good growth. In Alberta points on the Calgary and Hanna sub-divisions report lack of moisture and delayed development of crops as a consequence. In Manitoba the Virden district alone reports serious need of rain.

"Weather conditions for the next two weeks will largely determine what the wheat crop will be," says J. G. McGregor, Manitoba director for the food board, on his return today from an extended inspection. "While ideal weather conditions for the next two weeks may turn this year's harvest into a bumper one, the risk to crops is such as to make it necessary at the present time to conserve as far as possible every bushel of wheat in the country."

AMERICAN PORTS TO BE BOMBARDED

And Marrow in President Wilson's Bones Made to Run Cold—Berlin Press Savage

Washington, June 22.—Boasting and threats of the German newspapers on the appearance of submarines off the American coast is summarized in a statement issued today by the State Department.

One paper, not named in the summary, declared that the German editors had already begun to plan attacks, and the time may not be far distant when American ports will be bombarded.

"There will be scenes in the United States which will make the headlines of Wilson's bones run cold," another said.

Referring to the "submarine obstruction to transportation of American troops to France," the German editors failed to mention the character of vessels attacked by the raiders on the fact that the movement of troop convoys had not been interfered with in the slightest degree by the U-boats.

WILLARD'S FORTUNE WAS NOT MADE IN THE RING

Champion Commercialized His Tale For About Half Million Dollars

New York, June 21.—When Jess Willard defeated Jack Johnson for the heavyweight championship on April 9, 1915, he did not gain a penny for his win over the great negro brawler in twenty-sixth round. Jess entered the ring against Johnson, and was promised about \$10,000 for his end, but, according to a well-known promoter of the fight, Willard made most of his fortune on his first fight, leaving him flat broke. Three years later, Jess March, to be exact, Willard was rated as the possessor of a fortune that ranged between \$50,000 and \$500,000. This is a record for fortune making, when it is considered from the time he faced Jack Johnson until the present day the big fellow has fought only thirty-six rounds. SERIOUS CLOTHING CONDITION

The buyer for the men's clothing department of Oak Hill returned recently from Montreal after looking into trade conditions there in the interests of the firm. Mr. Bonnell reports that, according to the present outlook, cloths are likely to go considerably higher this fall. A short time ago representatives of large interests in the United States visited Canada with the object in view of getting control of the output of the Canadian manufacturers. Although they were unsuccessful, it simply shows the enormous demands for clothing of all kinds the world over.

While in Montreal, Mr. Bonnell had the good fortune to make a large purchase of men's suits at a very satisfactory price. In fact, at prices which prevailed pre-war conditions. These suits are now on display at the store and will be placed on sale Monday morning at 10 o'clock at prices which will give our customers the full benefit of our close buying. See window display. Regular retail \$18.00, \$20.00 and \$22.50. Special price \$14.85. Regular retail \$25.00, \$28.00 and \$30. Special price \$21.50.

THE SITUATION REVIEWED
The last week has been a bad one for the Central Powers. The costly failure of the German attack at Rheims, and the inability of the Austrians to break down the Italian defences, while at the same time they suffered severe losses, were not the only unfavorable developments.

The Entente Allies, on the other hand, are in perfect unity, and every attempt of Germany to arouse prejudice or cause friction falls utterly. As time passes the advantage of a unified command is more clearly seen, and the spirit of confidence grows.

And this season with the shortage of dyes and of labor, white may well be called the "Liberty Color."

USE 'EM ALL.

Don't waste any of your vegetables. Use what you can and can what you can't.

You may think this superfluous advice after you have toiled to grow them, but it is a fact that through carelessness, quantities of vegetables are wasted each year.

The thing is, to use them one way or the other when their quality is 100 per cent. Remember that it is very easy to let them go too far and then find that they are on the turn and you can do nothing more with them. There is such a thing as catching them just at the right moment. One of the greatest assets of a garden lies in having vegetables of such a quality that you cannot buy anything in the stores to equal them either canned or fresh.

Then again, very few people take advantage of the young vegetables which they are thinking out about this time. For instance, the young beets taken up now are better for pickling than any of the later growth. Another thing that Canadians do not realize is that the tops of vegetables should never be thrown away. French women use them all in their soup stock. Canadian women throw them in the garbage can. Try saving them, and keep the water you boil your vegetables in for the stock pot, too. This is another tip from the thrifty Frenchwoman. The tops of beets, especially the young plants you pull to thin out the rows, make as delicious "greens" when boiled as spinach.

CITY CHILDREN GET FRESH AIR

Excellent Opportunities for Vacations for Toronto's Poor—"Moorelands" Dedicated To Work of Mercy

(Toronto Globe.)

Bring a wisened child of seven, Reeking from the city's slime, Out of hell into your heaven, Set her knee-deep in the thyme.

Feed her—clothe her—even so! Set her on a fairy throne; When her eyes begin to glow Leave her for an hour—alone.

They might have called it "The House of the Indivisible Window," that lovely spot on Lake Simcoe's shore where the Downtown Church Workers' Association has built a home for tired mothers with babes in arms, for little children "old in grief and very wise in tears," and for business girls whose meagre incomes make difficult the struggle to be good. But they have called it "Moorelands," in love of the big-hearted man, known in spite of his grey head as the Rev. "Bob" Moore of St. George's, a parish once famous like St. George's, of Hanover Square, London, for his fashionable marriages, but now winning greater glory through its tireless work for the bodies and souls of the poor in the heart of "The Ward."

Mr. Moore was at the dedication service held by the Bishop of Toronto on Saturday, and when called on for a speech after the prayers had been said, the rector of St. George's declared, addressing the bishop:

"You have given this house your blessing, my lord, but it has had another blessing, too, the blessing of a baby's presence on this, its opening day. I believe God sent that baby and that she is one of the signs of His good hand upon us." And little Helen Esther McCrae, from the arms of her tall young father, gurgled happily.

Set in a field, "Moorelands," set in the midst of five or six acres of grass and clover and gar- den, looks out on Lake Simcoe through a fringe of trees along the water's edge, the view from the rear showing the fer- tile fields, with a belt of trees beyond, which are part of the farm of the Rev. J. McKee McLennan, from whom the property was purchased. The C. N. R., which runs through the place, has made "Moorelands" a flag station, and parties of which goes up on Monday (eighty strong) can alight at their own gate, as it were, and, if hopes are realized, a lit- tle will be built among the trees near the entrance and will be the first building on which future guests from slumland will rest their eyes.

The house, set farther in, is built bungalow fashion, and so well planned that there is fullness of comfort and conveni- ence without waste of space. The living- room describes a big half-circle, from which many windows give upon the lawn and lake, the flat side of the half moon backing against the dining-room, and sharing with the latter the vast brick chimney which carries off the smoke from the hearth fire in each room. The kitchen, furnished with a great range, the gift of Mrs. Marsh, mother of Miss Jetty Marsh, the deaconess at St. George's, and with huge pantries, glittering with tin and gay with granite ware, given almost at cost by a big de- partmental store, is also full of windows and clover-scented air.

Corridors, with bedrooms on each side thirty-two in all—run away from the ends of the hall room, some of the rooms holding two cots, some three and four, each hung with pretty chints, the casement windows curtained with showy cheesecloth, the bedrooms as well as the rest of the house being lighted by elec- tricity. The plumbing is also up-to-date; little rings have been put in where mothers may warm their babies' food, and one room has been set aside as an isolation hospital, where doubtful cases can be put till the telephone brings the Beaverton doctor.

MY TIRED FEET ACHE FOR "TIZ"

Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burn- ing, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will "riggle with joy; they'll look up at you and almost talk and then they'll take an- other dive in that "Tiz" bath.

When your feet feel like lumps of lead all tired out—just try "Tiz." It's "Tiz"—it's glorious. Your feet will avenge with joy; also you will find all pain gone from corns, callouses and bun- ions.

There's nothing like "Tiz." It's the only remedy that draws out all the poi- sonous exudations which puff up your feet and cause foot torture.

Get a 25 cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

GREAT UPPOUR OVER VISIT TO NOVITIATE

Excitement Due To Semi-Political Aftermath — Officer Is Transferred
Guelph, Ont., June 21—A tremendous uproar among Protestants and Catholics alike has followed in the wake of the visit to the Jesuit novitiate on the night of June 7, by a force of military police in search of M. S. A. defaulters. Public excitement is aroused to a high pitch by the semi-political aftermath that has developed.
Telegram to Minister.
When no report appeared in the local press following the descent by the military police on St. Stanislaus Novitiate, the ministerial association through its president, Rev. W. D. Spence, sent the following telegram to General Newburn at Ottawa:
"Protestant ministers of Guelph have learned from the authorities all details pertaining to the visit of the soldiers

to the Guelph Novitiate. We also learn that the censor has forbidden publication of the facts. We do not propose to submit to any such censorship and intend to have a public meeting and make known all the facts, expose the names and demand justice."
To this telegram General Newburn replied that he did not understand what was meant by use of the word censorship. Rev. Mr. Spence wired:
"We mean that we want publicity of the facts that the censor is suppressing."
General Newburn replied to this stating that a full reply would be issued when the report of the provost marshal who was investigating had been received. That was a week ago yesterday.
Toronto, June 21—Captain A. C. Macaulay, who has acted as assistant provost marshal here for the past fifteen months, and who was in charge of the raid by the military police on the St. Stanislaus Novitiate at Guelph (Ont.), on the night of June 7, has received notification from Ottawa that he is to be transferred to Winnipeg.

Addresses were made by John Kemp, president of the Trades and Labor Council; Joseph McCauley, president of the Plumbers' Union, and James L. Segur, of the Trades and Labor Council. It was decided by the board of officers to apply for a charter for the International Brotherhood of Teamsters, Chauffeurs, Stabblers and Helpers. CROWDS LIKE NEW OPERA HOUSE BILL

Lots of Singing and Dancing but with Ample Valety
A good show was the popular verdict of those who saw this week's offering at the Opera House. Although the performance is overloading with songs and dancing still they are of such quality that will be sure to please. Two large audiences proved by their enthusiastic applause last evening that the bill was fully appreciated and it is indeed some time since such a good all around vaudeville bill has been seen on the Opera House circuit.
The opening number is a particularly good one. Welton and Marshall, a lady and a gentleman, have a way all their own and their dancing was the feature of their act.
Doherty and Scilla in comedy songs, imitations, and a musical number, have a pleasing act. The male member is a clever and accomplished violin and banjo player.
Stewart, Delight and Hardy, two gentlemen and a lady, also offered a novel act. Their dancing was more of the acrobatic nature but still seemed to entertain. They have some clever jokes and altogether their act measures well up to the standard.
Lewis and Norton, in a humorous dialogue entitled "In Those Days" made a decided hit. Their jokes were clever throughout and well put over. The two had a particularly pleasing way of executing their dialogue and the lady member of the act seemed wrapped up in her part. Their act was one of the features of the bill and it was given a fine reception.
The vaudeville acts were brought to a

WAS OFF WORK 4 or 5 MONTHS A YEAR WITH CONSTIPATION

If the truth were only known you would find that over one-half of the ill of life are caused by following the bowels to get into a constipated condition.
When the bowels become constipated the stomach gets out of order, the liver does not work properly, and then follows the violent sick headaches, the sourness of the stomach, heartburn, water-brash, etc.
Keep your bowels regular by using Milburn's Laxa-Liver Pills. They work on the bowels gently and naturally, and will cure the worst cases of constipation.
Mr. Sylvester Clements, Galt, Ont., writes: "I desire to express my heartfelt thanks for what Milburn's Laxa-Liver Pills have done for me. I have been suffering from a bad stomach and constipation and would be off work 4 or 5 months a year. I was hardly able to get inside without getting a severe headache. I tried doctors' medicine and other remedies, but got no relief until a friend advised me to use Milburn's Laxa-Liver Pills. Now I can work inside without any headaches or pain. I would not be without your remedy for anything. I write this so that anyone suffering the same as I did may use them and be cured."
Milburn's Laxa-Liver Pills are 25c. a trial at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

SIR GEORGE FOSTER ON CLOTHES
(Toronto Star.)

Sir George Foster tells us that we should buy no new garments, but should make old suits last three years at least. This frugal and timely advice, which is now going the rounds of the press, comes, we feel sure, from George E. Foster in his purely native-born Canadian capacity as member of parliament for North Toronto, rather than from him in his new capacity as a Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George.

The advice given by the member for North Toronto refers, we assume, to the tweed or shoddy suits worn by the electors, and is based on his own experience and observation as a plain citizen.

As a Knight Grand Cross or a G. C. M. G., however, Sir George Foster cannot surely venture to adopt any such frugality in attire as he recommends to the rest of us. Although he has not as yet been seen by his constituents in the uniform and regalia of the distinguished order in which he has just received promotion, it is reasonably certain that he will create something of a sensation when he puts in an appearance at the corner of Bloor and Bathurst streets.

The decorations that Sir George will now wear consist of a badge, star, collar, ribbon, mantle, and chapeau. The mantle will be of blue satin lined with scarlet silk, and the chapeau (in North Toronto called a hat) is of the same materials and mounted with black and white ostrich feathers. Underneath the mantle will be the suit which Sir George estimates may be worn for three years. The badge to be worn is white enamelled and resembling a Maltese Cross, but with seven arms instead of four; on one side it represents the Archangel Michael encountering Satan, and on the other St. George and the Dragon. The star consists of seven rays of silver spreading like the badge, and with narrow ones of gold between. The collar is made up of crowned lions, the two front ones with wings (all of gold), Maltese crosses, and ciphers of letters. The ribbon is of Saxon blue with a scarlet stripe. But taking it altogether, it is the mantle and the chapeau with the ostrich feathers that will attract most attention when Sir George next appears among his constituents.

The member for North Toronto in the parliament of Canada having accepted a title which calls for this outward attire and these exterior decorations, may none the less be quite sincere in urging others to practise frugality in attire, and he may even practise it himself in his underwear or ordinary garb. But there must be times when he blossoms out gorgeously in all the finery of a sort of splendid indulgence toward the evening of a life of self-repression.

Good advice about making one's old suit last three years is all right in its place coming from a member of parliament, but surely a man's constituents are entitled to see him at his best, when he is in full bloom, with all his coveted rewards and glories on him. So when Sir George next addresses the people of North Toronto on simplicity and frugality of attire he should come among them in that attire in which he is a feast for the eyes of kings—arrayed in his best as a Knight Grand Cross of the Distinguished Order of St. Michael and St. George.

BRITISH BARONET IS PRIVATE IN THE C.E.F.

Eighth Baronet of Alderston Does Not Use Title He Inherited

When the subject of titles has been holding the centre of the stage of discussion, for a time pushing even war news out of the spotlight, when a few people who have titles, and a great many more who have not, have been demanding in flaring headlines that titles be thrown in the melting pot, it is interesting to know that a baronet of Toronto has quietly inherited a title over two centuries old, and he and his lady have as quietly ignored it.

The baronet, Sir Conran Ker Hay, the eighth baronet of the noble house of Hay of Alderston, is Pte. Hay of the 220th C. E. F. His wife and two children live on Kilmear avenue, Birch Cliff.

The oldest child, a lad of six years, Alexander Horsfield, will be the ninth baronet. "It is really amusing the fuss that has been made over titles lately," commented Mrs. Hay. "Of what use are they, anyway?"

The Hay title is the stamp of the genuine old-line nobility created in 1702, bestowed for military valor, and inherited by military men. Conran Ker Hay followed the example of his ancestors, but with this difference—the first baronet was a noted military man, the second was a captain of the dragoons, the third was a lieutenant-colonel of the Scots Greys, but the eighth baronet holds the most honored post of all, that of a private in the C. E. F.

A younger brother of the present baronet, Thomas Corlett Hay, is a captain of the Imperial army in the Tank Service.

The last baronet was Sir Hector Maclean Hay, uncle to Conran Ker. He held the title through an error in inheritance, but at his death two years ago, the title fell back to the rightful owner, line of which Pte. Hay is the oldest representative.

Mr. and Mrs. Hay came to Toronto from England six years ago. Previous to enlisting Mr. Hay was with the Imperial Oil Co.

Complete eradication of German spies on business in the States is urged by Alien Property Custodian Palmer.

SENTRY GO ON AN ARMY TRANSPORT

Every lifeboat has an armed soldier, wearing his life-belt, on guard, in order to prevent panic in the event of torpedoing by a Bosch boat.—Central News Photo.

COME UP FROM THE FIELDS, FATHER.

Come up from the fields, father, here's a letter from our Pete.

And come to the front door, mother, here's a letter from thy dear son.

Down in the fields all prospers well. But now from the fields come, father, at the daughter's call.

And come to the entry, mother, to the front door, come right away.

Fast as she can she hurries, something ominous, her steps trembling.

She does not tarry to smooth her hair nor adjust her cap.

Open the envelope quickly.

O this is not our son's writing, yet his name is sign'd!

O a strange hand writes for our dear son, O stricken mother's soul!

All swims before her eyes, flashes with black, she catches the main words only.

Sentences broken: "Gunshot wound in the breast, cavalry skirmish, taken to hospital.

At present low, but will soon be better."

Ah, now the single figure to me, Amid all teeming and wealthy cities and farms,

Sickly white in the face and dull in the head, very faint,

By the jamb of a door leans.

"Grieve not so, dear mother" (the just-grown daughter speaks through her sobs.

The little sisters huddle around speechless and dismay'd).

"See, dearest mother, the letter says Pete will soon be better."

Alas, poor boy, he will never be better (nor may be needs to be better, that brave and simple soul).

While they stand at home at the door he is dead already.

The only son is dead.

But the mother needs to be better, She with, this form presently dress'd in black,

By day her meals untouch'd, then at night fitfully sleeping, often waking,

In the midnight waking, weeping, longing with one deep longing,

O that she might withdraw unnoticed, silent from life escape and withdraw

To follow, to seek, to be with her dear dead son.

WALT WHITMAN.

U. S. THANKS CANADIANS FOR HELPING RED CROSS

Appreciation of the services rendered by Canadians in connection with the \$100,000,000 campaign of the United States Red Cross is conveyed in a letter received by Major (Ret.) T. Crawford Brown of Toronto from Orrin C. Lester, director of the speakers' bureau of the American Red Cross national headquarters, Washington.

"It will interest you," writes Mr. Lester, "to know that the amount reported up to date is \$108,000,000." He adds that the Canadian speakers "brought us a new spirit, and deepened the devotion of our people to this great cause."

A "National" party is preparing a political ticket throughout the States. It will back Wilson on war measures, but fight any attempt to keep either Republicans or Democrats in power on presumed national interest.

Virtually, that's our position — partners with the public in the distribution of Good Clothes — sharing our advantages with our customers — working for our patrons as well as for ourselves. Here is one feature of this unique arrangement. Our clothes buyer, while in Montreal a few days ago, was informed that a tremendous shortage in cloths is a big possibility of the very near future; more and still more being required for khaki to keep our soldiers clad. Notwithstanding this fact, however, he was extremely fortunate in procuring from a manufacturer

His Time Is Short.

(Chicago Evening Post.)

Like most men of culture, Sir R. B. Finlay, British lord high chancellor, knows his Bible and can quote it aptly. Referring to the recent extraordinary manifestations of German rage in the bombing of hospitals, he said they reminded him of a certain person concerning whom it was written that his "wrath is great because his time is short." The cable despatch does not do the fitness of the quotation justice, however. We looked it up and found it so admirably suited to recent happenings that we give it in full, as you may read it in Revelation xii, 12: "Woe for the earth and for the sea, because the devil has gone down into you, having great wrath, knowing that he hath but a short time." That explains more than the hospital bombings—it explains the frenzied drive on the west front and the raid on our Atlantic coast.

Scholarships For Soldiers

Overseas Scheme Organized To Provide Higher Education For Discharged Soldiers — Thirty-Three Awarded

The Overseas Sailor and Soldier Scholarships scheme, which was organized a few months ago under the auspices of the Rhodes Trust and the Lord Kitchener National Memorial Fund, has so far progressed, says the London Morning Post, that thirty-three scholarships to Oxford, Cambridge and Edinburgh Universities and other educational centres have been awarded to officers, non-commissioned officers and men of the Dominion Forces in the following proportions: Australians, seventeen; Canadians, ten; New Zealanders, four; South Africans, one; Newfoundlanders, one. It is anticipated that the number will be largely augmented after the summer vacation. Although the scheme includes sailors as well as soldiers, no application for a scholarship has been received from or on behalf of the men of the Naval Services. It is also interesting to note that nearly half of the total number of nominees selected Oxford University for instructional purposes, the Imperial College of Science and Technology being next in favor.

The purpose of the fund is to enable members of the Overseas Forces who are unfit for further active service to undergo a course of higher educational training in Great Britain, provided they are nominated by the High Commissioners for the Dominions to which they belong and that they come within the following conditions: (a) Graduated at an Overseas University (b) had their studies at an overseas university interrupted by the call to service; (c) passed examinations of university entrance standard, but have not attended a university; (d) had practically no education since leaving school at an early age, but have developed considerable character and power of thought and would benefit greatly by a course of study at a university; (e) attended technical school

CURING SKIN TROUBLES

These Are Always Due to Bad Blood Which Must be Enriched and Purified

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritations that a word of advice is necessary. It is a great mistake for those suffering from troubles of this kind to smear themselves with greasy ointments. Often they could not do anything worse, for the greasy clogs the pores of the troubled skin and the condition becomes actually worse. When there are pimples or eruptions, or an irritating or itching rash a soothing boric solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from an impure condition of the blood and will continue until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have effected the best results in many forms of skin disorders and ailments. This is due to the fact that these pills make a new, rich blood, and this new blood attacks the impurities that give rise to skin troubles and disperses them. Dr. Williams' Pink Pills cure skin disorders from within the system—the only sure way. Mrs. W. Ritchie, Parkboro, Sask., says: "Two years ago I was attacked with eczema on my hands. I tried almost everything that was advised, but as the trouble was growing worse, I consulted a doctor and took his treatment for sometime with no better results. By this time my hands were massed of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement, and I got a further supply. I used altogether eight boxes by which time every trace of the eczema had disappeared and there has been not a single symptom of the trouble since that time. I gladly recommend Dr. Williams' Pink Pills for troubles of this kind."

It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure all diseases that arise from impure blood. You can get these pills through any medicine dealer or mail at \$2.00 each, a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville (Ont.)

or been engaged in occupations demanding a high standard of technical knowledge. The naval or military status of a scholar may be that of a retired officer or discharged man, or an officer or man still serving and (a) on leave and in receipt of pay, or (b) on leave without pay. The universities and technical schools have intimated that they will welcome such students and will provide one-year courses of study designed for their special needs. The scholarships which are of the annual value of £150 to £250 each, according to the university, college or school selected, are calculated amply to cover the expenses of tuition and other fees and the cost of living. Of the total number of scholarships awarded to date the Kitchener Memorial Fund has provided the funds for nineteen impartially distributed over the universities and technical schools of England and Scotland: the Rhodes Trust, eleven (all for Oxford University); Otto Beit, two (both for the Imperial College of Science and Technology; of which he is governor); and Sir Robert Kindersley, one (Oxford). The institutions selected by students and to which the scholarships have been allocated are as follows: Oxford University, thirteen; Cambridge University, two; Edinburgh University, four; Manchester University, two; Birmingham University, three; London University, (King's College), one; Imperial College of Science and Technol-

In Tropical Countries

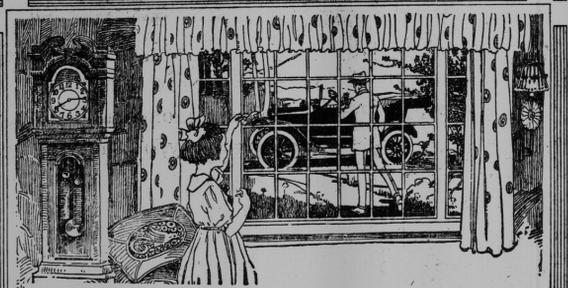

Liver Chill Very Common

In Northern latitudes also the liver is a very unruly organ and requires careful watching. The concentrated vegetable juices in Dr. Hamilton's Pills act directly upon the liver and stimulate its action to a normal basis. The blood is purified, the skin grows clear, head aches disappear and robust health is firmly established. No medicine for the stomach, liver or kidneys can compare with Dr. Hamilton's Pills, 25c. box at all dealers.

Today Will Never Come Again

TIME wasted on street cars and other ways by some men during the year would buy a Ford Car for them, figuring their time at its money value.

If a man earning \$2400.00 loses one hour each day, his lost time for the year would be worth \$300.00, or half enough to buy a Ford Car.

Whatever your time may be worth, a Ford will make it more valuable.

Perhaps you are a salesman or traveller. The horse is too slow—the street car doesn't always travel just where you want to go, and waiting for trains means hours at a time wasted.

With a car, you are hampered by nothing. You go and come just when you are ready, and travel just where you please. Every city street, every country road is a road for the Ford.

Sit down and figure up what a Ford would save you in time and money, and even without considering the added comfort and convenience in your daily life, we believe you will be convinced that you should get your Ford without further delay.

GRAY-DORT

The Quality Goes Clear Through

Built to Meet Conditions

The Gray-Dort was not designed merely to be a better car than others at the same price. We did not consider other cars when we built the Gray-Dort.

Rather, we studied motorists and motoring in Canada. We faced squarely those conditions a light car must meet; those things a motorist wishes to do.

Then earnestly we endeavoured to overcome obstacles, to develop new pleasure and comfort standards, to give greater value. And to-day motorists are getting greater service from the Gray-Dort than was before possible in a low-priced car.

The new Gray-Dort embodies all the good features that won instant success for former models. The 4-cylinder motor is a triumph of smooth, economical speed and power. The chassis is sturdy and quiet. The springs are long. The upholstery is deep. The equipment is absolutely complete from electric starting and lighting to the tools. New lines of beauty have been given this model.

The five-passenger touring car is \$1,195; the three-passenger four-deer-lys roadster is \$1,090; the Gray-Dort special, beautifully finished and with extra details of equipment, is \$125 above the list. All prices are f.o.b. Chatham.

WHAT a motor can do is not hard to prove. Smoothness of running; Ease of control; Responsiveness; Flexibility; these are all things that show up or do not show up in a demonstration.

Fine motor performance—so fine as to satisfy the real motor critic—is the outstanding feature of to-day's Chalmers.

If you demand such efficiency, we invite you to get in and drive the car. You are invited to test the motor from every angle; to see how quickly it "warms up" into smooth running; how it performs on poor gasoline. The sensibly priced Chalmers will convince you that a fine motor need not involve an extravagant outlay.

Two new Chalmers features—the "Hot Spot" and the "Ramshorn Manifold"—have brought about the remarkable efficiency of this engine.

These features solved the low-grade gasoline problem; did away with "raw gas" troubles; made the engine "warm up"—quickly.

The result—anyone can see. Arrange for a demonstration.

ELEVEN DEATHS.
Eleven deaths were reported to the board of health during the week, as follows: Senility, three; pyemia, uraemia, diabetes, apoplexy, eczema, tuberculosis, cerebro spinal meningitis and fracture of the base of the skull, each one.

REGISTRATION.
Although a large staff was on hand in the court house this morning to assist in registering citizens there was very little to do, as only a few people put in an appearance early to fill out the cards. Throughout the city the deputy clerks are anticipating a rush this afternoon and this evening.

HAMILTON VANWART.
A quiet wedding was solemnized on Tuesday, June 18, at the residence of Mrs. H. Brown, Forest street, when Rev. F. S. Dowling united in marriage Mrs. Jennie Vanwart of this city and William H. Hamilton of Nova Scotia. The bride was given in dress of blue silk. Mr. and Mrs. Hamilton left for Riverdale, N. S., where they will make their home.

IN THE MARKET.
There was a good supply of commodities in the country market this morning and the prices showed little variation from last week. Beef continues to soar and a choice pound of sirloin costs fifty cents and round steak is bringing forty cents a pound. In some places it is said there is a falling off in sales and the demand is growing less daily. Lamb is quite light and is bringing from \$1.50 to \$2.25 a quarter. Veal is selling from fourteen cents to sixteen cents, and mutton from fifteen cents to twenty cents a pound. Fowl and chickens were forty-five cents a pound, while butter ranged from forty cents to forty-five cents, and eggs from forty to forty-five cents a dozen. The price of vegetables follows: Spinach, 12c. a bunch, cabbage 10c. a pound, lettuce 12c. a bunch, squash 8c. a pound, tomatoes 40c. a pound. Wild strawberries made an appearance and were offered at 50c. a box and 40c. a box was the price for cultivated.

CHANGE NAME TO OLD LADIES' HOME

Matter Taken Up At Annual Meeting—Expenses of Year Greater Than Income

At the annual meeting of the Old Ladies' Home it was reported that there are applications for the two vacancies which now exist. One application was accepted. Others were referred to the ladies' committee for investigation.

It was suggested that the name of the corporation be changed from the "Home for Aged Females" to that by which it is usually known, the "Old Ladies' Home." Action thereon was deferred until the next meeting, but the listing in the city telephone directory was ordered to be changed to the latter designation.

A committee was appointed to investigate an alleged encroachment on one of the John Holden lots, the fee of which was recently purchased from the city.

The accounts for the past year duly audited were submitted. In consequence the increased cost of supplying the expenditure has increased considerably over last year, amounting to \$6,509.54. The income was \$2,922.19, leaving a deficit of \$3,587.35. It was decided that this should be made public in the hope that the directors when making their testamentary dispositions may keep the home in mind.

One legacy only was received during the past year, namely, from the estate of Miss Rowe, amount \$300.

The following were elected directors: W. S. Fisher, F. F. Stier, W. W. White, M. D. B. R. Armstrong, Mrs. A. H. Hamilton, Mrs. J. M. Robinson, Miss Celia M. Armstrong, Mrs. W. S. Aitken, Miss Annie S. Berryman, Mrs. James S. Harding, Mrs. T. H. Estabrook, Mrs. W. S. Fisher, Mrs. Robert Reid, Mrs. W. P. Bonnell, Mrs. T. E. G. Armstrong, Mrs. Robert C. Crookshank, H. C. Rankin, C. H. Peters.

At a subsequent meeting of the directors, W. S. Fisher was elected president and Judge Armstrong acting secretary-treasurer.

SOUTH END PLAY GROUNDS

(The New Freeman.)
Residents of the South End are out for a playground for the children in their part of the city and will get it, too. A general get-together meeting of representative citizens, ladies and gentlemen, was held during the week and a strong delegation was appointed to wait on the council.

St. John has a fine spot in the west, recreation is looked upon as part of the day's existence. The city not only provides the grounds but also fits them up. There is space for baseball, football, tennis, lawn bowling, a driving track, etc. It is maintained out of the general taxation and everybody is permitted free use of the facilities.

When the park is over old and young meet on these public playgrounds and the care of the day are banished while the beautiful hours of recreation is enjoyed. St. John can do this if St. John wants to do it, but we are a few years behind the times. That's all.

FATHER COSTELLO LEAVES

Rev. Peter Costello, C. S. S. R., who for the last three years was pastor of St. Peter's church, but who was recently transferred to Quebec, left last evening for his new field of labor. Owing to the fact that the parishioners were unaware of his departure only a few were at the station to bid him farewell. During his stay at St. Peter's church Father Costello endeared himself to the hearts of the entire congregation and all sincerely regretted his departure. That his administrative ability was far above the ordinary was evinced from the fact that the church finances were never in better condition. The good wishes of the entire congregation will be extended to their former beloved pastor.

A telegram was received yesterday afternoon from Quebec announcing the departure of Rev. Father Woods, C. S. S. R., for St. John.

Black Rod Presented.
London, June 22—An interesting feature of a supper given last night by the Empire Parliamentary Association was the presentation of a "black rod" to the Canadian senate by Lord Chancellor Finlay, speaker of the House of Commons.

This "black rod" will replace the one lost in the fire at Ottawa on Feb. 4, 1916.

THE CADETS.
Captain Robinson Black, organizer and inspector of cadet corps for the maritime provinces, inspected the La Tour, Albert and St. Patrick school cadet corps this morning at 10 o'clock on the grounds of the Lancaster school. The corps showed up well and greatly pleased the inspecting officer. The announcement as to what corps won the prizes offered by Brigadier-General H. H. McLean and Captain Victor Heron, C. S. G., will be made this evening.

DR. BRODERICK TO OTTAWA.
Dr. W. P. Broderick was to leave at noon today for Ottawa to attend a meeting of state deputies of the Knights of Columbus in Canada. It is to be held on June 24. Doctor Broderick goes as state deputy for the maritime provinces. Important matters are to be dealt with.

WAR HAS REDUCED NUMBER OF SUICIDES
London, June 22—The British Medical Journal finds that the war has caused a marked decline in the proportion of suicides to the population. Among males the rate per million living was 10.1 in the ten years ending 1910, 13.1 in 1914, and 10.8 in 1915. In 1916 it was a little higher, 11.1.

The rate of suicide among women showed a fall from 47 in the years 1901-10 to 45 in 1914 and 1915, and 38 in 1916. The greatest reduction among men was at the ages of forty-five to sixty-five, whereas for women of later middle-age the rate had not fallen at once.

The reason for this, according to the Journal, is the increased enjoyment opened up by the war. Fresh interests and diversions have given the mind a new outlook on life.
