

FOUR TRAINMEN KILLED IN HEAD-ON COLLISION ON INTERCOLONIAL LINE

Freight Trains Crash Together Near Aulac—Engineers and Firemen Crushed to Death and Bodies Burned to Crisp—Engineers Saw Danger, But Were Unable to Stop in Time—Misconstrued Orders

Moncton, Sept. 24.—Four engineers killed, two residents of Moncton, and two brakemen injured, at least a damage of \$40,000 to the I. C. R. line between Moncton and Halifax tied up for hours, which necessitated the transference of passengers, mails and baggage from one side of the wreck to the other, were the sad results of one of the worst wrecks ever known to have taken place on the I. C. R. in which two trains, each traveling at about fifteen miles an hour, came together in a head-on collision yesterday afternoon at a point known in the I. C. R. time table as Sidelall's Cut, about one mile east of Aulac, or about six miles east of Sackville.

The Dead: Enoch Rushton, driver on No. 231, Dufferin street, Moncton. Byron Colpitts, fireman on No. 231, Moncton. Frank Lyons, driver on No. 234, Truro. Hingley, fireman on No. 234, Stewiacke. The Injured: R. H. Sharpe, forward brakeman on No. 231, Moncton. Banks, forward brakeman on No. 234, Truro. The collision occurred on a curve, and it is estimated that about twenty cars, containing articles of every description, telescoped, some of them piling up on top of one another, while others were broken to splinters, and one to view the wreck would think that the box cars were made of tissue paper or some other weak material which would not stand much of a force. Cars Smashed Into Splinters. The strongly built cars, some fortified with steel, were broken into fragments, which gives one an idea of the force of the collision. The wreck happened about half past four. Number 281, known as the "Way freight", in charge of Conductor George Armstrong, of Moncton, with Driver Enoch Rushton, were bringing their train to Moncton, running, it is said, about two hours.

SAMPLE BOTTLE OFTEN PROVES BENEFICIAL

Some time ago I was afflicted with kidney and bladder trouble and was unable to obtain any relief from other medicines so sent for a sample bottle of your Swamp-Root. I received so much benefit from this small bottle that I purchased a large bottle of the drug. I continued the use of Dr. Kilmer's Swamp-Root until I regarded myself as cured and am now in very good health. I recommended it to a neighbor who has used it with the same results. I regard your remedy, Swamp-Root, as a preparation that will do all you claim for it. MRS. ALBERT STERNER, Cresona, Pa. Personally appeared before me this 15th of September, 1909, Mrs. Albert Sterner, who subscribed the above statement and made oath that the same is true in substance and in fact. C. A. MOYER, J. P. Letter to Dr. Kilmer & Co., Binghamton, N.Y. Prove What Swamp-Root Will do for You Send to Dr. Kilmer & Co., Binghamton, N. Y., for booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the St. John Evening Times-Star. Regular 75c. and \$1.25 size bottles for sale at all drug stores in Canada.

LABOR CONGRESS ASKED TO MEET IN SAINT JOHN

Moncton, Sept. 23.—Denunciation of government authority was the feature of this morning's session of the Trades and Labor Congress of Canada meeting here in annual session. J. W. Wilkinson, delegate from the British Columbia Federation of Labor, in the course of a description of the treatment he alleged the striking coal miners in Vancouver Island had received, declared the British Columbia government had used the militia to "bludgeon working men into submission." Though, he said, the effort would not succeed, as the strike would favorably to the workers. The congress agreed to give \$500 for the striking miners.

Messages from the Mayor of St. John (N. B.) and the Trades and Labor Council there, inviting the congress to meet at St. John next year were read. They will be considered later. Organizer Joy also reported most hopefully of the result of missionary work he had conducted among working-men in various parts of Nova Scotia, particularly Halifax. Both the Canadian senate and the minister of labor, Hon. T. W. Crothers, came in for a share of criticism at the hands of speakers before the Trades and Labor Congress today, the latter being openly accused of working in the interests of the employer against those of the laboring man. The fault found with the senate lay in the refusal of that body to pass legislation, which had carried the house, along the lines of protection for employed girls and women, in keeping them out of the clutches of "white slavers."

The first attack was made in the morning session by the Rev. Dr. Shearer, of Toronto, secretary of the Social Service Council of Canada. He told the congress about the legislation, the council had succeeded in having passed in the lower chamber. This was, among other things, to provide for the raising of the age of consent to eighteen years, and the raising of all employers criminally responsible for the death of a girl in their employ. This had been killed in the senate, and the doctor was sharp in his criticism of their action. The attack on the minister of labor was the result of an outline of the British Columbia miners' strike brought up in the morning session by W. Wilkinson, of Vancouver, representing the American Federation of Labor. It again came up in the afternoon in the shape of a resolution.

At the conclusion of the reading of the resolution it was stated that there was one point in connection with it so important that it was unfortunate the minister of labor was not present. At a wedding held in Lynn, the bride was one of the bridesmaids at a wedding which never took place.

Misconstrued Orders. The cause of the head-on collision was due to Conductor George Armstrong of No. 281 train, and Driver Enoch Rushton of the same train misconstruing their orders with No. 284. According to the time card, the regular cross of these two trains is at Aulac, but both conductor and engineer thought they were to cross at Sackville, and they were en route to that point when the collision occurred. Both of these trains are new trains, only being put on recently by the I. C. R. officials.

Conductor Armstrong, when seen at Aulac last evening by a reporter, said that he and Driver Rushton had misconstrued the cross, and this was the cause of the accident. Mr. Armstrong naturally feels very badly over the accident, and did not want to talk about it.

HOUSES ARE SCARCE IN FREDERICTON

(Fredericton Mail.) The demand for houses to rent in this city never was so great as it is at the present time. Landlords are unable to supply the demand, all desirable residences being rented. This state of affairs is one of the surest indications that the population of Fredericton is increasing and the influx of people judging from the demand for residences, has been considerable. The construction of railroads and other public works in this section during the past few years has brought quite a number of families into the city, engineers and others connected with the population of Fredericton is increasing and the influx of people judging from the demand for residences, has been considerable. With the C. P. R. taking over and operating a new division, Fredericton to Norton, within the next few weeks and the Intercolonial taking over and operating the St. John & Quebec Railway at no very distant date, a great influx of people is to be expected. The present demand for rentable houses will undoubtedly give an impetus to building next spring. During the present year the building of residences has been considerably curtailed. The spring of 1914 it is expected, will see a different state of affairs. There is report to the effect that modern apartment houses may be built here as well as ordinary self-contained residences. The Burmese have a superstition that people born on the same day of the week may not marry. Every one's name contains a letter by which the birthday may be told.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or grey; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays you simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Restorer." You will get a large bottle for about 20 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dispense a spoonful or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of this and glycerine and you look years younger. BOSTON AND MAINE RAILWAY MAKES POOR SHOWING

Boston, Sept. 23.—The annual report of the Boston & Maine Railroad for the year ended June 30, 1913, shows a deficit of \$1,228,441. This information was conveyed to the Interstate Commerce Commission and the public service commissions of Maine, New Hampshire, Vermont, Massachusetts by Edgar J. Hinch, general solicitor for the road, at the hearing on the proposed increase in rates, today. William J. Hobbs, financial vice-president, B. & M. railroad, general manager, and Morton C. Bradley, assistant to General Solicitor Hinch, were the witnesses. Mr. Hobbs showed how the payroll had increased from \$18,500,000 in 1908 to nearly \$22,000,000 in 1913. To Remove to Fredericton. Abraham Sherwood has resigned his position as manager of the Salisbury and West Indies via Halifax, and has accepted of Fredericton to take up the management of the Central Railway and its extension to that city, which is to become a part of the C. P. R. system. The Fredericton Gleaser says that Mr. Sherwood's resignation is a great loss to the road. Mr. Sherwood, who is a resident of Hillsboro, will in all probability become manager of the Salisbury and Albert road.

This Removes Hair and Fuzzy Growth

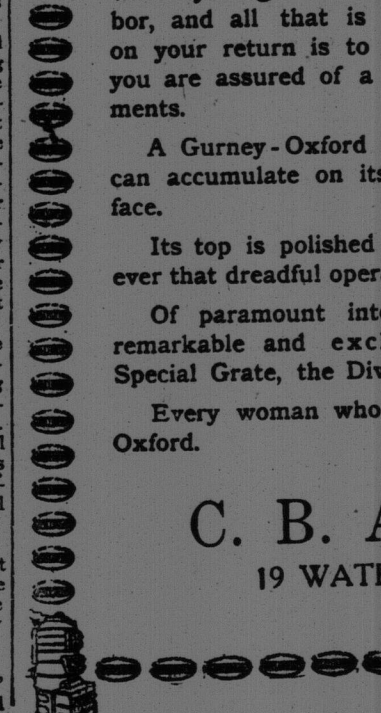

(Helps to Beauty.) Unusually growth of hair or fuzzy growth with a single application of a delicate paste. Just mix enough powdered talc with water to cover the hair. Do not wash, apply and after 2 or 3 minutes rub off, wash the skin and it will be free from hair or fuzziness. No harm results from this treatment, and rarely is more than one application required. Thick, glossy eyebrows will remove by using glycerine, and if applied at last roots with thumb and forefinger the eyebrows will come in thick and curly. This hair is not wanted, so you can get it out.

Control Your Coal Expenditure

In the Gurney-Oxford range you will find more exclusive features, more essential improvements that appeal to the thrifty housewife than have ever before been found in any one kitchen range. But most important of all is the Economizer. This clever device for regulating the draft saves 1 ton of coal in every 4 that you would burn in the ordinary range. It takes the smell of cooking out of the kitchen and sends it up the chimney. You know what that means. The Economizer enables you to absolutely control the amount of coal you wish to consume and still have a perfect heat for cooking. It will enable you to keep your fire going while you go out shopping or visit your neighbor, and all that is necessary for you to do on your return is to press the small lever and you are assured of a hot fire in a very few moments. A Gurney-Oxford stove is sanitary—no dirt can accumulate on its beautifully smooth surface. Its top is polished steel which abolishes forever that dreadful operation—blackening the stove. Of paramount interest also are the other remarkable and exclusive attachments—the Special Grate, the Divided Flue and the Broiler. Every woman who knows owns a Gurney-Oxford.

Daily Hints For the Cook

Apple Butter. Pare the fruit and boil cider until thick one day. Next day boil and stir with a wooden spoon till thick. Tie in a cloth for each gallon 1 tablespoonful or less of mace, allspice, cinnamon, 12 cloves all whole. When nearly done add 1/2 weight of apples in sugar. Allow 1/2 bushel of apples to 1 gallon of cider. Of course this varies a little as to the variety of the apples and the sourness of the cider, on which depends the quality of the butter. Dressing for Fruit Salad. Mix four level tablespoons of sugar with one teaspoon of mustard, one teaspoon of salt and one-eighth teaspoon of cayenne pepper. Add half cup of butter, melted; three well-beaten eggs, half cup of hot vinegar and half cup of milk. Cook in a double boiler until creamy, stirring constantly. Strain and cool. When ready to serve, add one cup of cream whipped until stiff.

THE NEGRO PROBLEM IN UNITED STATES

Two Lynched in Mississippi and One in Texas—Detroit Colored Man Narrowly Escaped Same Fate

Louisville, Miss., Sept. 23—Because he frightened a white woman in her home by his strange actions, Henry Crosby, a negro, was lynched Saturday night. Officers seeking for him found his body hanging from the limb of a tree yesterday.

The negro went to a farmhouse near here and questioned the woman as to whether her husband was present. The woman says that when the negro learned her husband was absent he acted peculiarly.

She took her baby and ran to a nearby farm house where she reported the lynching in Texas.

Franklin, Tex., Sept. 23—Will Davis, negro, was lynched yesterday after he had shot and killed Rufus Hodges, aged 20, and Tom Reussan, aged 27, and badly wounded Will Maxwell in the preservation.

Washington Farm, 10 miles north of Franklin, was killed first, following a dispute, and Reussan and Maxwell were shot when they attempted to arrest Davis. The negro was captured by a posse and hanged to a tree.

Three Shot by Negro

Detroit, Sept. 23—Angered because he was ejected from a street car last night, almost in the center of the city, George Davis, a negro 48 years of age, whipped an automatic pistol and began firing. Three men were shot and one of them may die.

Davis dashed away, pursued by two policemen and a prominent Oddfellow, Annapolis and a prominent Oddfellow, who exchanged with the officers and the fugitive, the latter was captured. A bullet broke his left arm.

A tremendous crowd gathered, and it was only after hard work that the police succeeded in getting their prisoner to a station and then not until he had been severely battered by stones and fists.

Patrick Larkin, a Civil Service employe of Chicago, is anticipating being tried for incompetency, on the ground that he is too fat. He is a boilerwasher and is gradually getting so large that he cannot get inside to do his work.

While excavating for the foundation for a new building, Howard Crosby of Aurora, Me., found at a depth of five feet a doughnut in a perfect state of preservation.

CALGARY POCKETS

PROFIT OF \$62,492 FROM HER RAILWAY

Calgary, Alberta, Sept. 24.—The annual report of the superintendent of the Calgary Municipal Street Railway system which is required to be filed with the Canadian department of railways at Ottawa, shows that the net earnings of the trolley lines for the fiscal year ending June 30 last were \$64,409 after paying all fixed charges and deducting generous amounts for fixed charges and depreciation.

The gross earnings of the system for the year were \$200,000 and of this sum \$4,000 was set aside for interest on bonded indebtedness, \$80,728 for sinking and \$83,802 for contingent fund. Of this last amount \$22,868 remains for division after deducting sums paid out for accidents and damages.

ENGLISH LAWYERS PLAN TO CREATE A BAR ASSOCIATION

London, Sept. 24.—Lord Haldane's visit to the American Bar Association gave great joy to a group of some of the most influential lawyers in England. For years and years they have fought against the secrecy and subtlety and the silence with which the law affairs of the British Empire are conducted, but they have fought in vain. Had they made any protest in public they would have been scorned and their means of making a livelihood would have been stolen from them. But the Lord Chancellor's recognition of a Bar Association has given them something definite to work upon.

Why should not our England have a Bar Association? They have asked their colleagues of the long robe, and when these poor-spirited colleagues looked alarmed at this hint of rebellion they have added hastily—"We have got good ground, after all, to work upon. Lord Haldane could not be polite enough to the British Empire are conducted, but they have fought in vain. Had they made any protest in public they would have been scorned and their means of making a livelihood would have been stolen from them. Do not be in error. This grand appliance is like no other. It is new. It has all the good points that are known in electricity, it gives a powerful current, but does not burn or blister, because my special cushion electrodes make the current a warm, gentle glow, which exhilarates and delivers at once.

Dr. McLaughlin's Electric Belt has made thousands of homes happy. It is as good for women as for men. Man and wife can use the same Belt. The regulator makes it strong or mild to suit the wearer. It is the only Electric Belt in the world that can be regulated while on the body. You feel the power, but it does not burn or blister, as do the old style bare metal electrode belts. If you are weak or in pain it will cure you. Will you try?

DEAR SIR,—I have worn your Electric Belt for about three months now, and must say that it has done wonders for me. I have had doctor after doctor, and they have failed to do me any good whatever. Therefore, I must say that I cannot recommend your Belt too highly, and I intend, that wherever I may go, or whoever I may come in contact with, to recommend it as a sure cure. Sincerely yours, Herman O. Cook, Yarmouth, N. S.

THE ULSTER TROUBLE

The effort of Lord Loreburn to bring about a conference between the leaders of the two parties in the United Kingdom, for a discussion of the Irish question, appears to be doomed to failure.

The government very properly insists that the acceptance of home rule would have to be agreed to at the outset, and to this the Unionist leaders will not assent.

The only terms on which they would enter a conference would be that the whole question of the government of Ireland be re-opened for consideration.

Some progress might have been made toward a better understanding between the parties but for the pernicious activity of Sir Edward Carson and Mr. F. E. Smith, M.P., who have encouraged the Unionist leaders to believe that if they rebelled they would have the sympathy of the people of Great Britain.

It is apparently as difficult for a Tory paper in Canada to give a fair statement of the case concerning Ulster as for a Tory paper in Ulster itself. For example, the Montreal Star has sent a special representative into Ulster to describe conditions there.

In a cable on Monday, he begins by saying that "Ulster's defiance is no bluff," and concludes with this sentence:—"The home rule crisis has moulded Ulster into a democracy of cottagers, girl operators of mills, peers, clerks and gardeners."

Such a statement conveys the impression that the whole province of Ulster is ready to rise in arms against the government. The truth of the matter is that more than half the people of Ulster are heartily in favor of home rule. It is not true, therefore, that Ulster is threatening rebellion. A few fire-eaters talk in that strain, and although they may be able to precipitate riots and even armed resistance, the outbreak could not but fail, because its leaders would be guilty of treason against the King and the state, and would have against them the great body of public opinion, not merely in Ireland, but throughout the United Kingdom.

The Manchester Guardian very properly points out that if the task of co-ordinating one-fourth of the Irish people is one to be avoided, that of co-ordinating the remaining three-fourths does not present any greater attractions. Moreover, the English people are determined to put an end to the old system in Ireland, and the Unionist leaders may as well look the facts in the face. If the home rule bill becomes law, it cannot be doubted for one moment that respect for the law will be enforced by the full power of the British government.

Mr. Bonar Law, Lord Lansdowne and other Unionist leaders of Great Britain have done their cause an incalculable injury by their failure to repudiate Sir Edward Carson and Mr. F. E. Smith. They will be compelled to do it sooner or later, for those two fire-brands are in a fair way to make themselves liable to prosecution under the treason and felony act. The Irish question has been a source of trouble in British politics for many years, and it is most unfortunate at a time when a conference might be of some service that the leaders of the Unionist party should permit themselves to be so governed by partisan considerations as to allow the Carsonian campaign to be carried on without protest.

A correspondent of the Manchester Guardian sets out the reasons why the English non-conformists do not rally to the support of the Ulster Unionists. A Belfast religious paper had contended that all non-conformists should support the cause of the Presbyterians in Ulster, and this correspondent points out that the question is not religious but political. Since the Ulster Presbyterians have chosen to unite themselves with one political party, they become responsible for the whole policy of that party. The correspondent of the Guardian asks what the non-conformists of England would get if they assisted in defeating the Asquith government, and he answers:—"Conscription for one thing, further endowment of voluntary schools for another, lightened taxation for the liquor traffic and a protective tariff to make the lot of the poor still harder."

The correspondent contends that these possibilities are at least as much religious questions as the framing of a new plan of government for Ireland. But he goes on, what would happen if home rule were now denied and England had the majority in Ireland to deal with instead of the minority? Outside one corner of Ulster this correspondent believes there is a very general feeling that the educative effects of the long struggle for self-government have been excellent, and he regards it as singular that the Protestants in Belfast are so much more afraid of home rule than those of Dublin, where the Roman Catholic majority is so large. In conclusion he says:—"Our reply, then, to our Free Church brethren in Ulster, when they reproach us with betraying them to their natural enemies, is twofold. First, we remind them that they have sold themselves too cheaply to the political party which at present is championing their cause. They have no right to expect us to instal the Opposition in office without exacting pledges that they will keep better than

BIRTHDAYS OF NOTABILITIES

WEDNESDAY, SEPTEMBER 24. The Hon. O. M. Marshall, minister of agriculture for Alberta, was born in Bruce County, Ont., on September 24, 1873. He was originally a school teacher and then took up newspaper work.

Removing to Edmonton a few years ago, he became editor and manager of the Bulletin. He was elected to the legislature in 1908 and soon after took office in the government.

W. M. Macpherson, of Quebec, president of the Molsons Bank, and a prominent and active citizen of Quebec, celebrates his sixty-fifth birthday today. He has been long engaged in the shipping business and in addition is associated with quite a number of other enterprises.

The Hon. "Joe" Martin, is sixty-one today. He was born in Milton, Ont., and was successively school teacher and barrister. He held office in the Manitoba government and was for a time premier of British Columbia. He now resides in England, where he is a member of the House of Commons there.

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" Cures Harmful Stomach, Liver and Bowels

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breathless, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "Fruit Laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again.

When the little system is full of cold, cough, irritable, feverish or diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

MAY FINISH WORK ON TARIFF BILL TODAY

Washington, Sept. 23—Chairman Simmons, of the joint congressional tariff conference committee, informed officials of the state department today that he did not believe it necessary to supplement the tariff bill with any resolution designed to continue existing trade relations with foreign countries. The point, raised yesterday by Secretary Bryan, was the subject of a further conference today between Senator Simmons and Robert F. Rose, foreign trade adviser of the department.

The conference today completed most of the administrative sections of the tariff bill, but left open a number of important items that will be disposed of tomorrow. These included the retaliatory section of the law, the anti-dumping clause, and the section giving five per cent rebate in tariff on goods brought in American-owned ships.

"ALIAS JIMMY VALENTINE" THE OPENING BILL

For Stock Season Opening October 6

THE COMPANY

Organized Just For St. John and Will Add at Least Twelve To Our Population—Must Not Be Confounded With Repertoire Stock

The Opera House management announce Oct. 6th, as the opening date for the permanent stock, concerning which a great deal of interest has already been displayed by local theatregoers.

The fact that there is no comparison between the permanent stock idea, and several other theatrical ventures presented here in the past, such as the Daley Stock Co. and the better known stock, is easily explained, in that both these organizations were repertoire companies, who came here to organize a company with a programme of some twenty odd plays, prepared to stay two weeks, or ten, depending altogether upon the financial result, and during the engagement, used the house scenery, also plays which in many cases had been heard here many times before.

Another advantage in Permanent Stock, is that the members of the company, who are being secured, are now being viewed to their staying in St. John for an entire season. One bill a week is the policy, and this will be presented with an entirely new scenic equipment weekly, for which purpose several stage carpenters and scenic artists will be employed.

Included in the bill to be produced will be "Alias Jimmy Valentine," "Wild Fire," "The Lion and the Mouse," "Whispering Hour," "The White Cabbage Patch," "Dawn of Tomorrow," "The Million."

Stomach Trouble and Weakness of Kidneys Cured By Dr. Chase's Kidney-Liver Pills.

There is an enormous amount of suffering from liver and kidney derangements and stomach troubles that could easily be avoided by using Dr. Chase's Kidney-Liver Pills. If you could only realize the scores of everyday ills that arise from a sluggish condition of the kidneys, liver and bowels you would not be long in giving this medicine a trial.

Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever.

NEW BRUNSWICK BAPTISTS ARE IN CONVENTION HERE

Two Hundred and Fifty Delegates Attending the Sessions—Interesting Papers and Discussions

Last night marked the opening of the New Brunswick United Baptist convention in the Brussels street church, more than 250 delegates being present with their friends and families.

The Rev. H. R. Boyer lead the social service, reading a psalm and offering a prayer. Prayers were also offered by Rev. S. J. Perry and W. Camp.

Following this, the president, Dr. David Hutchinson, took the chair. The minutes were read and approved. On motion of Rev. M. Addison, seconded by Rev. S. J. Perry, a resolution of sympathy was passed with the Rev. J. Swinney in his illness, and the secretary was instructed to write the authorities of the New England Baptist Hospital conveying the conference's prayers for the minister's speedy recovery.

A motion was presented by Rev. R. Colpitts and seconded by Rev. W. Camp conveying the sympathy to the conference to the Rev. G. L. Stevens in his illness and enforced retirement from service, and a resolution of condolence to the family of the late Dr. McLeod was proposed by Rev. H. R. Boyer and seconded by H. D. Worden and passed unanimously.

The following officers for the ensuing conference year were then elected: President, Rev. M. Addison; vice-president, Rev. J. H. Jenry; secretary-treasurer, Rev. J. G. A. Bales; members of executive committee, Dr. Hutchinson and Rev. I. B. Colwell.

W. S. Jacobs, A. I. Tingley, Mr. Burnett, S. W. Stackhouse, Mr. McKay, Mr. Barnes and H. G. Kennedy, of Houlton, were then invited into the conference. Interesting Papers.

A paper entitled The Pastor and His Study, was read by the Rev. Arthur S. Evans and highly enjoyed by the conference. The paper was discussed by Messrs. H. P. Cousins, Ph. D.; H. H. Saunders, David Hutchinson, D.; J. Roscoe Heine, Ph. D.; I. B. Colwell, R. M. Byrnes and W. S. Hall.

The Rev. R. J. Colpitts then read a carefully prepared paper on The Problem of the Rural Church. The paper dealt exhaustively with the subject and the interest displayed in it was shown by the length of the discussion which took place, following its conclusion.

During the course of the evening session of the United Baptist Association, it was announced that endeavors were being made to see to the accommodation of all delegates to the convention, and that any one who had not so far secured suitable accommodations would be looked after by the housing committee if they would leave their names with one of the committee of the chairman. It

was also said that arrangements were being made to take those of the delegates who were not familiar with the city about town, showing them the principal sights, and giving them any other information they might desire.

In the Evening.

The evening meeting began with a hymn and prayer. Dr. Cousins occupied the presiding chair, and the platform with him were Dr. Chipman, Rev. W. B. Cooper and Rev. James McLuckie.

The Rev. W. B. Cooper gave an address on the work of the Canadian Bible Association, of which he is the secretary. He said that the association is a branch more or less of the British Society for the Propagation of Christian Knowledge, but that it is entirely supported by Canadian donations. As an instance of the great demand for Bibles the association furnished they "broke even" on only three, the cost of the other two being a direct loss.

The association sermon was then delivered, after a hymn and prayer, by Rev. Dr. James McLuckie. The sermon was long and interesting in the extreme and was listened to in close attention by the large congregation.

Women in Session.

In the afternoon the Women's Missionary Aid Society met in the Brussels street church and in the evening in the board rooms in Prince William street.

Mrs. A. E. Killam, of Moncton. The Rev. A. C. Smith.

The report of the provincial divisional secretary, Mrs. G. Smith, showed that the year had been an extraordinary fortunate one in the history of the society, more members having been gained and more encouraging statements of finances presented than in any other year of its history.

Mrs. Robinson, home secretary of the Women's Home Mission Society of the eastern United States, gave a most interesting address, touching on the work and aims of the American society, that was much enjoyed by the sixty or seventy ladies present, who numbered among them many visitors from all over the province. Mrs. Robinson, whose home is in Boston, and who is in St. John as a special guest of the women's association, is expected to speak again this afternoon, when the women's association will hold a joint meeting with the men's association, in the Brussels street church. An interesting programme has been arranged for the occasion by the ladies, who will occupy the platform.

A paper on the "Three Mrs. Judsons" was read by Mrs. Warlick. The paper touched on early missionary work and was much enjoyed. Mrs. A. T. Archibald, of Carleton, led the prayer service and a beautiful solo was contributed by Mrs. Johnson. A nominating committee was then appointed, consisting of the following: Mrs. David Hutchinson, Mrs. McIntyre, Mrs. A. C. Smith, Mrs. W. O. Smith, Mrs. J. Clark, of Fredericton.

THAW EXTRADITION ARGUMENTS HEARD

Concord, N. H., Sept. 23.—The duty of the state of New Hampshire toward Harry K. Thaw was the subject of exhaustive argument before Governor Kerkira today.

The legal battle in which William Travers Jerome, special deputy attorney-general of New York state, who seeks to obtain the extradition of Thaw as a fugitive from justice, was pitted against three of the fugitive's array of counsel, was dramatic at times, and near the close came dangerously near to being personal.

To the charge that he had resorted to subterfuge, and was moved by ulterior motives in his determination to return Thaw to the Matawan asylum, Jerome retorted with unusual feeling that the state of New York would not permit its justice to be defeated by the corrupt use of Thaw's money.

At the conclusion of arguments, the governor gave counsel until Monday to file supplementary briefs, so his decision will not be known for a week at least.

PROTEST AGAINST SABBATH WORK AT RIDEAU HALL

Ottawa, Sept. 24.—The Sabbath Alliance organization is about to issue a protest over the work being done by the contractors at Rideau Hall, on Sunday. An attempt will be made by the organization to prevent any work being done at the hall next Sunday.

In the absence of Hon. Robert Rogers, Mr. Hunter, deputy minister of the department of public works, for whom the work is being done, was asked if he heard anything of the protest of the Sabbath observance organization. Mr. Hunter said he had not heard anything of the matter. The alliance officers had stated that the protest would be sent to the department first.

Mr. Hunter added that the matter hardly came within the scope of the department, for while the work had been let by the department, any matter of the contractors not observing the law of the country in the matter of Sabbath work, was one of law. The department might order that the work should not be done on Sunday, as the alliance suggests, but if contractors would not be bound to obey, if there were protests, they would likely go through the usual channel.

GREAT BRITISH FLEET FOR MEDITERRANEAN

London, Sept. 23.—The announcement by the admiralty that a fleet comprising eight battleships, three battle cruisers, eight cruisers and eight light cruisers will be sent to the Mediterranean early in November, coupled with the dispatch of four large armored ships, which will have their base in the future at Bermuda, indicates a radical change in the British naval policy which, on account of friction with Germany, has kept practically all the fighting units within home waters for several years past.

The Mediterranean fleet, after manoeuvres, will cruise as far as Alexandria. With vessels already in these waters the visiting fleet, under Vice-Admiral Sir Stanley Colville, will make the most imposing naval demonstration ever attempted by Great Britain in the Mediterranean.

The fourth cruiser squadron, leaving England Sept. 29, will proceed direct to Bermuda. It is due there Oct. 10, after which the ships will scatter, to visit various ports in the Caribbean.

ATTEMPTED MURDER TO
FULFILL HIS VOW
MADE SIX YEARS AGO
Logansport, Ind., Sept. 24—Fulfilling
a vow which he is said to have made
six years ago, Antonio Antolin, a Sicilian,
shot and fatally wounded Antonio
Carrabone, a quarryman, here late yes-
terday. Antonio came here from Seattle,
Wash., to commit the deed. Antolin
shot at Carrabone as he accompanied
a friend, left his home. The shot
went wide, and while Carrabone ran
his friend grappled with the assailant.
Antonio fought himself free, pursued
Carrabone a quarter of a mile and shot
him. The wounded man is not expected to
live. Antolin escaped.

A Hint for Parliament
The old Scottish legislation appears
to have realized that brevity is the soul
of good legislation. For instance, James
I's Parliament passed an act which said
simply: "No man shall enter any place
where there is hay with a candle, unless
it be in a lantern"—which is probably
the shortest statute ever passed. In fact,
one small volume is enough to hold over
two centuries of Scottish legislation, and
we have never heard that the country
was the sufferer thereby.

TO SETTLE THE STRIKE

Premier Asquith Going to Dublin - This Believed to be His Mission. Dublin, Sept. 24.-The report that Premier Asquith is coming to Dublin to settle the strike, as the determination of the trade union congress in sending supplies to the strikers is frustrating the employers' plans to win by starvation, and may lead to re-opening of the negotiations.

Serious riots occurred yesterday in Birmingham, the centre of the farm labourers' strike. The crowd used sticks, stones, and bottles, injuring several of the police, who retaliated with the free use of their clubs.

MONTE TEMPLE ASHORE TODAY IN ST. LAWRENCE. Montreal, Sept. 24.-The C.P.R. steamer Monte Temple, commanded by Captain J. H. Moore, is expected to arrive today at St. Lawrence.

After the ceremony a dainty luncheon was served, the dining room being tastefully decorated with pink and white flowers. Mr. and Mrs. Jones left later by the S. S. "St. George" for Nova Scotia. On their return they will be accompanied by their daughter, Miss Helen Jones, who is attending school in Fredericton.

Fredericton, Sept. 24.-The council of the board of trade last night decided to return to the Atlantic standard time system on the eastern division. It has been found that much confusion has resulted from the adoption of eastern standard time.

FARMER AND SON FOUND MURDERED. Mattawan, N. J., Sept. 24.-The bodies of Angelo Cantalupo, a farmer, and his son, a young student, were found in a roadside ditch near the farm early today, terribly mutilated. They had been set upon and murdered while returning to the farm after disposing of some produce here. Robbery apparently was the motive.

MAINE POTATO CROP. Potatoes are being shipped out of Aroostook county over the line of the Bangor and Aroostook railroad at the rate of over 100 carloads a day, and with a steady market it is expected that there will be a pronounced increase within a short time. Shipments began earlier and are very much larger than last year.

Potatoes started the season this year at the price of \$1.50 a barrel. After that there was a decline in the price until they got down to \$1 a barrel. There has been a recent advance and they are now selling at \$1.25.

Last year potatoes began the season at \$1.25 a barrel, on the day of the first shipment, and from that time until Sept. 16, there was a steady decline in the price until they reached a low price of 75 cents a barrel. From then until this time last year there was an advance and on Sept. 29 they were selling at \$1 a barrel, twenty-five cents cheaper than the price they are bringing this season.

There is an enormous crop of potatoes in Aroostook county this season, and if the estimates have been correct there will be a considerably in excess of a million bushels of potatoes a month in order to handle the crop.

NEWS OF FREDERICTON

Fredericton, Sept. 24.-Franklin Armstrong, son of G. Armstrong, of Lower St. Mary's, was married this afternoon to Miss Mina Henry of Gibson, Rev. W. B. Armstrong, of Shediac, officiating at the ceremony. The bride and groom left for their honeymoon.

The party of Fredericton young ladies who left here a few weeks ago for England on route to Germany to study medicine, were pleasantly entertained for two days by Lord and Lady Ashburnham at Sussex, England. The party included Miss Helen Vauvart, Miss Baird and Misses McAdam.

American apartment who have returned from the woods report a scarcity of big heads. They say there are plenty of cows and young bull moose, but they are not the kind portmen are allowed to shoot.

A horse driven by Charles Green and a lady friend ran away on Government Lane this morning, smashing the carriage and throwing the occupants out.

SEPTEMBER BRIDES

At the residence of Mr. John Fulton, 68 Mecklenburg street, this morning, a very pretty wedding took place, when Miss Sair Jean Fulton, his daughter, was married to Ellsworth Parker Scott of St. John, Rev. W. Camp, of the Leinster street Baptist church officiating.

The bride was given away by her brother, Woodford Fulton, and wore a gown of white unadorned tulle, trimmed with oriental lace. In her arm she carried a bouquet of roses. After the ceremony a dainty wedding breakfast was served and the couple left for the residence of Mr. and Mrs. Jones.

PASSENGER WAS EATEN BY SHARKS

Jumped or Fell From Campania - Sharks Seen But no Further Trace of Demented Man. New York, Sept. 24.-A London cable says: A tragic case was witnessed by the passengers of the Campania, which arrived at Queenstown yesterday. On the third day out a third class passenger, John Fagan, belonging to County Mayo, jumped or fell overboard from the top deck. All the passengers were on deck at the time, when a cry of "Man overboard" was raised.

The Campania's engines were at once stopped and a boat rowed quickly to aid the drowning man. The passengers, however, were hurried to see a number of sharks in the vicinity, and the fear is entertained that the unfortunate man was devoured, for by the time the boat had arrived at the spot where Fagan struck the water, there was no trace of him.

It is believed he was insane. The Campania proceeded after an hour's delay.

COMMISSION PLAN OF GOVERNMENT FOR EDMONTON

Edmonton, Alta., Sept. 24.-Civic Government League of Edmonton, recently organized with James Ramsey as chairman and Henry J. Roche as secretary and manager, is preparing a petition to the city council, asking for a plebiscite at the December election to ascertain if the rate-payers are in favor of operating the municipality on the commission plan, with the initiative and referendum and the recall. Officers have been established and a large committee formed to make a house to house canvass.

The league is non-political in the best sense of the term and is strictly non-personal, said Secretary Roche today. "Our present government is composed of the mayor and ten elective aldermen and three commissioners, appointed by the city council. The lack of direct responsibility is felt on all sides and, as the city is growing at a rate of from 12,000 to 15,000 a year, many of the taxpayers believe this is the proper time to frame a charter along the lines of those in operation in more than 200 cities.

A municipal election of much interest was solemnized yesterday morning in St. Ignace's church, Fredericton, when Rev. P. Carleton united in marriage Edward J. Harbins, formerly of that place and Miss Helen Jones, daughter of Mr. and Mrs. John S. Butler, of Ennisville. The ceremony was performed by the Rev. P. Carleton. The bride, who was given away by her father, was handsomely gowned in white duchesse satin and wore a beautiful necklace of pearls. Miss Agnes Butler, sister of the bride, was bridesmaid, and nicely attired in blue silk with a French monnet hat to match. The groom was supported by his brother, George W. Harbins.

After the ceremony, a tempting luncheon was served at the home of the bride, Mrs. Jones. The bride and groom, who were accompanied by their parents and other relatives, were seen on their way to the hotel. The bride wore a beautiful gown of white silk with a train and a large bouquet of flowers. The groom was in a dark suit and wore a boutonniere.

WOULD MAKE SOLDIERS WORK AS COWBOYS

Chicago, Sept. 22—It is the duty of the United States to stock its government lands in the west with cattle, put the army, especially the cavalry, to work as cowboys to handle the animals, supply the packers with this beef at cost, so that the price will be lowered to the people, and a threatened meat famine due in six or eight years averted in the opinion of A. M. Dublin, of New York, a delegate to the American Meat Packers Association, who today declared that only by some drastic action could the meat shortage be prevented.

PEERLESS LODGE ANNIVERSARY

To celebrate their 39th anniversary, Peerless Lodge, No. 19, of the I. O. O. F., held a successful entertainment last evening in the hall in Simons street. After an address of welcome had been delivered by the chairman, R. E. Coupe, an interesting musical programme, varied by two speeches, was gone through. Refreshments were served and the entertainment closed with the singing of the National Anthem. The programme was as follows: Song, B. Gath; recitation, Roy Harding; vocal solo, H. C. Marley; duet, Mr. and Mrs. M. A. Palmer; address, M. D. Brown; piano solo, Mrs. George Maxwell; lull, Mr. and Mrs. J. E. W. Griffiths; song, C. Calvert; address, H. E. Codner, deputy grand master; solo, Miss M. Thorne. A large and enthusiastic attendance had assembled for the function, and much interest was shown in the speeches of Mr. Codner, who dwelt on the growing numerical strength of the order, and of M. D. Brown, who confined his remarks chiefly to a review of the prosperity of the local branch.

R. D. ISAACS FACES CHARGE OF FORGERY

Trial Opened Yesterday Before Circuit Court—Witnesses Tell of Dealings With the Prisoner—Jury Kept Together

The trial of Richard D. Isaacs, charged with uttering a forged document in the land title office, Alberta, knowing it to be forged, was begun yesterday afternoon in the court house before Judge Wilcox. Attorney-General Grimmer appeared to conduct the prosecution, and J. B. M. Baxter, K. C., assisted him, representing the Alberta authorities. J. A. Barry appeared for the prisoner. The court sat until nearly 7 o'clock last evening and then adjourned until 10 o'clock this morning. It was announced from the bench that owing to the seriousness of the offence and the extent of the maximum penalty, which is life imprisonment, the jury would have to remain together until the case was finished. On adjourning yesterday, the witnesses appeared to conduct the prosecution, and J. B. M. Baxter, K. C., assisted him, representing the Alberta authorities. J. A. Barry appeared for the prisoner. The court sat until nearly 7 o'clock last evening and then adjourned until 10 o'clock this morning. It was announced from the bench that owing to the seriousness of the offence and the extent of the maximum penalty, which is life imprisonment, the jury would have to remain together until the case was finished.

graph was a true representation of the original. "Cameras don't usually lie," replied the witness. The copy made by Mr. Myles and the photograph were compared and the witness decided they corresponded exactly in wording. Here Mr. Baxter spoke of an order he had given to the prisoner's counsel to produce the original document, which was admitted by Mr. Barry. As it was getting late the jury grew restless. They were assured by the court, however, that owing to the extent of the maximum penalty attached to such an offence as that alleged, the jury would have to remain together until the case had finished. He said he regretted to have to do this, but under the law there was no other course left open to him. He therefore instructed the sheriff to look after the lodging of the jurors overnight. Mr. Myles was brought back to the stand. Mr. Baxter admitted into evidence the photographic reproduction of the letter which Isaacs said he had received from Blain, and also the signature of the letter which the witness himself received from A. Y. Blain, for the purpose of comparing the two signatures. Mr. Barry objected to the evidence, on the ground that the witness was not sure that the signature to his letter was positively placed there by A. Y. Blain.

Yesterday's Evidence. The first witness called was Andrew Myles, one of the complainants. He said that his dealings with the prisoner, so far as negotiations for the purchase of property were concerned, began on March 4, 1912. He and Albert McArthur, another complainant, and F. W. Campbell, who had been named in McArthur's store in Main street, where they agreed to purchase a block of land in Edmonton, Alberta, from the prisoner. Previous to this time, however, Isaacs made reference to some land he owned in this township, and said that he could dispose of it, say, for \$200,000, perhaps for \$300 or \$350 a lot. A plan was produced in court and the witness identified it as one which he had shown to Isaacs, and on which Isaacs marked off certain parts of land in Edmonton. Witness also identified a blue print, as one which Isaacs showed him of the township of Edson, Alberta, and at the request of the crown attorney, witness numbered off the lots which he and the others agreed to purchase. It was agreed to pay \$600 for block 37, consisting of twenty lots. The witness went on to tell of the receipt of the alleged certificate of title for his property, and of paying the balance of the purchase price. He received a letter from Isaacs in Montreal, he said, assuring him that the matter would be attended to, and at the same time the prisoner pictured the witness' purchase as 'a rosy speculation.'

NOT A SCORE OF AMATEUR AVIATORS IN UNITED STATES Washington, Sept. 24—In the event of war it is doubtful whether a score of men could be found in civil life in the country who could be utilized by the army in aeroplane work, in the opinion of Brig. Gen. George S. Scriven, chief signal officer, in charge of the Army Aviation Corps. In calling attention to what he considers a critical situation, Gen. Scriven declared today that the number of civilians who have heretofore undertaken to fly heavier-than-air machines for pleasure, sport or money-making is fast diminishing. "The army must look itself and to the men of the organic militia," he said, "to supply a reason's number of officers for military aviation in case of necessity."

WANT CLEAN ICE

A correspondent of the Times, rejoicing that Judge Ritchie has put his foot down against the habit of spitting in public places, urges that action be taken to prevent all sorts of people from skating and spitting on the ice on Lily Lake, when the ice is to be sold to the public to keep their butter and milk cool in summer. "I hope," says this correspondent, "that we shall have clean ice next year."

DEATH OF THEIR CHILD

The death occurred this morning of George Franklin Wilford, aged two years and four months, the only child of Mr. and Mrs. Frank Longhurst, of 261 Douglas avenue. Mr. Longhurst is the city agent of the Park-Davis pharmaceutical company.

THAT RIVER COLLISION

Touching the collision between the steamer Ocoee and the tug Winnie, to which reference was made in the Times yesterday, the captain of the Winnie writes that his boat was injured, and says that she will not lose an hour on that account. Neither was there any material injury to the Ocoee. He says that the captain of the Ocoee told him after the collision that he thought the Winnie was a tugboat and not a raft. A tug with a raft, however, would show two lights, whereas he only showed one. Moreover if the captain of the Ocoee had whistled to indicate which side he desired to take, there would have been no collision. He says that the Ocoee was not making for Palmer's light, but was a mile and a half below it.

THE COUNTY FAIR AT MOOSEPATH NEXT WEEK

The annual exhibition of the St. John City and County Agricultural Society will be held on the society's grounds, Moosepath Park, on Tuesday of next week. As usual, prizes will be awarded for farm and draft horses, carriage horses, Ayrshire and Jersey cattle, and grades or mixed breeds, sheep, swine, poultry, produce, butter and fruit. This has been a good year for the farmers and a very fine exhibition is assured. While none of the prizes are large, there are many of them, and as usual the competition will be very keen. One of the most interesting exhibits at this fair is the domestic science department, or housekeeping, where samples of bread, cakes, preserves, and samples of knitting, sewing and other hand work are shown. Copies of the prize list may be secured from R. R. Patchell, secretary, 71 St. John street. The exhibition opens at 10 o'clock. In the afternoon exhibits of speed will be shown on the speed-way at the grounds.

WINTER PLANS FOR GIRLS' ASSOCIATION

The executive committee of the St. John Girls' Association held a business meeting on Tuesday evening to make arrangements for the winter's work. A programme for the different evenings, was mapped out, and Miss Heffer has been engaged as physical instructor. Miss Pitt in reporting, for the employment bureau, which has been started recently in connection with the Girls' Association, commented on the scarcity of efficient domestic help, and stated that although there was no fee for registration for maids the number of applicants from employers for help very greatly exceeded the number of applicants seeking situations.

Shocking News for Mrs. Robinson On Arrival Here

Speaker at Baptist Convention Learns That Daughter, Young Nurse in Malden Hospital, Had Been Stabbed

Just a short time after she arrived in the city yesterday to attend the conference being held here this week by the New Brunswick Baptist Women's Mission Society, Mrs. C. A. Robinson, secretary of the Home Administration Department of that body, received a fearful shock on learning that her daughter, Miss Doris, had been stabbed while attending to her duties as nurse in Malden, Mass., hospital. The first intimation Mrs. Robinson had of the accident was on reading the Times-Star in which was printed a despatch from Malden conveying the sad news that an unknown man had attacked her daughter and severely wounded her with a knife. Naturally she was greatly perturbed. Confirmation of the report had just been received by Mrs. W. E. McIntyre in response to a telegram of inquiry, but details were given Mrs. Robinson at once telegraphed to the superintendent of the hospital and received a wire last night saying that though the wound had at first been considered dangerous, her daughter was now out of danger and in excellent condition. The tidings brought great relief to the anxious mother.

Owing to the fact that Mrs. Robinson is travelling continually because of the duties of her office, it is thought that a message informing her of the affair had been sent to Hancock, Me., where she was supposed to have been on Monday. She did not receive it, as she had come to this city. In the message last night no further information was given. It is supposed that the man who committed the deed was insane, or that possibly he had some grudge against the hospital. He could not possibly have entertained a feeling of enmity towards Miss Doris, as she is but a young graduate of boarding school in her eighteenth year.

Both the friends of Mrs. Robinson and her daughter will be greatly pleased to learn that the young nurse is out of the danger zone. They are very well known through the maritime provinces, particularly about St. John, Fredericton, and Hopewell, but in many other places as well. Mrs. Robinson is a former Hopewell lady, and her daughter attended school in Fredericton for some time several years ago.

WANT W. A. QUINTON AS COUNTY COUNCILLOR

Delegation Waited on Him With Address Last Evening—He Accepts

Twenty of the ratepayers of the parish of Lancaster, irrespective of creed or party, representing Beaconsfield, Fairville, Milford and Lovellville awaited on William A. Quinton last evening at his residence on the Manawagonish road and urged him to run for the office of councillor at the parish election, which takes place on the third Tuesday in next month. Mr. Quinton has decided to place his name in nomination and will be a candidate. The following address was delivered by H. Colby Smith, the candidate of the delegation: "William A. Quinton, Esq., 'Sir—You, no doubt, are aware to some extent why we are assembled here tonight. I trust, and I am, Sir, voicing the sentiments of the gentlemen present, that this visit will be productive of some benefit to the interests of this parish. Before I inform you of the true significance of this visit, permit me, Sir, to state a few facts from the pages of the history of this parish. Your father, of illustrious memory, who was a resident of this parish, served in the legislature of this province with honor, not only to himself but to the province and his constituency as well. While it is not within my personal recollection, nor perhaps those of the gentlemen present with one or two exceptions, we know that he was always zealous in advancing the interest of this, his constituency.

"You followed in your late father's footsteps, and prior to the year 1892 served a term in the same legislative body. Your record on that occasion was an honorable one. You, Sir, were defeated when you came to the people for re-election through loyalty to a former colleague, which has been and is characteristic of you. You went down to an honorable defeat on a matter of principle. As the present time this parish, growing as it is, needs men of your integrity in the municipal council. We are proud to say that at the present time we have gentlemen who are giving excellent and unsolicited attention to the welfare of this parish. We, assembled here, representative of the rank and file of this community, are desirous that you shall allow yourself to be placed in nomination for the office of councillor at the ensuing election.

"We feel it a very great honor, and this, the banner parish of the county of Saint John, will be more greatly honored if you will consent to be a candidate."

Mr. Smith then read letters from a number of prominent citizens of the parish pledging their support to Mr. Quinton. Councillor John W. Long, who will not seek re-election, wrote pledging himself to do all in his power for Mr. Quinton.

After informal addresses were delivered by Percy W. Wetmore, George N. Kennealy, John Joyce, George M. Melanson, Councillors Bryant and Goding, R. Walter Dean, E. J. Neve, William Ruddick, Fred Johnston, and others. Games were indulged in, and shortly before leaving the party sat down to a sumptuous repast. A short toast list was taken up and speeches were made by those present.

THE OLD FORESTERS

In the Times yesterday a member of the Independent Order of Foresters, who joined the order in 1898, said that such a high rate than formerly paid by him is now to be collected, he will only be insured for \$840 instead of \$1,000. Another member of the order said today that this man was insured for \$1,000, but he is only insured for \$610, and that to retain this he will be compelled to pay \$1.29 per month more than he paid previously when he was insured for the full amount of \$1,000.
