A large number of petitions for prohibition were introduced.

Mr. Dorion introduced a Dominion Election Bill. Among its provisions are: Vote by ballot, simultaneous elections, abolishing property qualification and abolishing public nominations. He made lengthy explanations, among others,—that the Government were decided to adopt the New Brunswick system of balloting in preference to the English system. Each Province is allowed to regulate its franchise. The Sheriff of each County is to be the returning officer, except in special cases.

In answer to Mr. Palmer the Premier said a sum was placed in the estimates for the construction of a caual, but the route was not yet decided upon. In reply to Palmer, the Premier said the Government had no intention of applying for an amnesty for any person who committed the offence in Manitoba. Cheers and tokens of dissent.

A committee was appointed to enquire into and report upon the railway carrying trade of the Dominion.

The Premier gave notice that he would receive the early and earnest attention of this Government, and will, no doubt, be also, as it should be, considered by the people at the polls.
