## PREFACE.

---

The publishers in presenting the eighth edition of their Business and Farmers' Directory for the counties of Frontenac, Hastings, Lennox, Addington, Prince Edward, have endeavored to merit the approval of the public by presenting a work that will be found the most complete of the kind ever published in the district.

It will be found to contain more information of a nature valuable to business men of all branches than any other publication heretofore placed in the hands of the people.

Among the contents will be found the name of each farmer and owner or tenant of a lot outside the limits of each city, town or village, with post-office, lot and concession, a complete list of towns, with the business people alphabetically arranged; also a separate list of business people, classified with reference to their business. The whole combined making one of the most complete directories ever published.

Thanking those who have kindly given us information, also the business people and the public generally who have given the work their support

We remain

Respectfully yours,

# ALBERT COLLEGE

BELLEVILLE, ONT.

In 1894, of six candidates for senior matriculation all were successful and two secured honors. In June last eleven candidates wrote on the senior matriculation, ten of whom were successful and two secured honors. In 1894, of eight candidates for teachers' certificates six were successful. Other classes have been equally successful, proving that the class-work is thorough and unexcelled. Twenty-nine persons wrote in the Conference preliminary examinations at Albert College in April last. A special examination, embracing the "College equivalent" for Conference preliminary, will be held in May of the coming year. All persons contemplating the ministry of the Methodist Church will find at Albert College just such advantages as they require. The Department of "Commercial Science," "Music," "Fine Arts," and "Elocution" are thoroughly equipped, and the charges are moderate. None but specialists of highest university or professional training are engaged as teachers.

The present summer will mark a distinct epoch in the history of this Institution. \$30,000 will be expended in new buildings and improvements, providing splendid class-rooms, large auditorium, baths, lavatories—every modern convenience. With enlarged campus and gymnasium, opportunities will be afforded for athletic exercises which the College has not hitherto provided.

WILL RE-OPEN TUESDAY, SEPTEMBER 10, 1895.

The Rev. J. L. Murray, of Kincardine, Ontario, assured in the Sun Life Assurance Company of Canada, in December, 1874, under Policy No. 1406, on the Twenty Year endowment plan, paying an annual premium of \$69.90 for ten years. He paid into the Company in all \$699. In December, 1894, his Endowment matured, and he received a cheque from the Company for \$1,364.70, being a return of all the premiums paid, and in addition \$665.70. That is to say, Mr. Murray got back all the money he invested, with about 4½ PER CENT. compound interest, and had his life assured for \$1,000 for twenty years free of charge.

It is needless to say that Mr. Murray was much pleased.

N. B.—This is an example of profits paid under our Five Year Distribution plan. The results under our Reserve Dividend [or Semi-Tontine] policies may reasonably be expected to greatly exceed that realized under the above plan.
