

# The Campbellton Graphic

Vol. XV—No. 46

CAMPBELLTON, N. B., FRIDAY, MAY 23, 1913.

1.00 PER YEAR  
5c PER COPY

**D. A. HARQUAIL Company, Limited**  
CONTRACTORS  
PLANING MILL  
DRY KILN  
DOOR AND SASH FACTORY  
CAMPBELLTON, N. B.

We don't ask you to encourage home industry,—we ask you to see the quality of goods we manufacture and get our quotations. Goods manufactured by us are considered High-Grade in the leading cities of Canada. Foreign woods imported direct from the south.

**MAIL ORDERS**  
We solicit out of Town orders, which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our office is connected with the N. B. TELEPHONE BY TWO SEPARATE LINES INSURING PROMPT ATTENDANCE.  
OFFICE HOURS—7 A. M. TO 6 P. M.

## Auto Supplies

TUBES, PATCHES, BLOW-OUT PATCHES, PLASTERS, CUT PATCHES, RUBBER REPAIR GUM, INSIDE TIRE PROTECTORS, REPAIR KITS, REPAIR OUTFITS, PATCHING CEMENT, VULCANIZING SOLUTION, POLISHING CLOTHS.

**PUMPS, AIR GAUGES, BATTERIES, BATTERY TESTERS, WIRE, SCARK PLUGS, GOOGLES, TUBE CASES, MOTOR OIL, TRANSMISSION GREASE, CUP GREASE, GREASE CUPS, PRIMING CUPS, GASOLINE, ETC.,**

**A. E. ALEXANDER & SON,**  
Campbellton, N. B.

## Boys Will be Boys.

The old saying is a very weighty argument in favor of our strongly made stylish clothes for Boys. A healthy, normal boy is sure to subject his clothes to hard and strenuous wear, and there is not a parent who does not feel proud of the strength and vigor displayed in the lively actions of his boy at play.

We were boys once ourselves and know the trials a boy's clothes undergo.

We say don't cramp the boy. Buy him stronger and better clothes and let him display his boyish energy freely. He'll grow up a more manly young fellow than if his every movement was hampered through fear of damaging his clothes.

Buy him clothes put together for strength of wear, yet as stylish as those of his big brother. That is to say buy Sanford's Juvenile Clothes which you can rest assured is the last word in "Real Boys" Clothing. We sell this line exclusively in Campbellton and would ask you to drop in and look 'em over.

We cheerfully display our goods at any and all times. Why shouldn't we? We're proud of our lines. As May 24th comes on Saturday this year, our store will be open on that day and closed on Monday, May 26th instead.

## TOWN COUNCIL MEETING TUESDAY

Some Trouble Over a Sewer in Union Street.—Building By-laws Again up

### MORE TROUBLE

A meeting of the town council was held in the council chambers on Tuesday evening His Worship Mayor Andrew presiding. There were present councillors Miller, Quinn, White, Ferguson, Alexander, Ellis, Worth and Lunam.

The minutes of previous meeting was read and confirmed.

Communication read from Canadian Oil Co., offering road oil for use on the streets and referred to Public Property and Streets committee.

Communication read from Secretary of Canada Municipalities with program of subjects to be dealt with at the convention at Saskatoon in July.

Communication read from Superintendent Price of the I.C.R., relative to the request of the council for a deed of the subway and was referred to Town Solicitor.

Communication read from Mr. W. H. Wallace with reference to a sewer which was causing trouble in the basement of a house on Union Street. Councillor Alexander said that the Town Solicitor had had the matter in hands for some time, and was endeavoring to get the proprietors interested, sign an agreement regarding the right of way on the lane, and his department could do nothing till this deed was signed.

Mr. Wallace who was present and heard before the council said that he had offered the right of way for a nominal sum, and was sure the other proprietors would do the same. He said he had approached the Town Solicitor on the matter, but so far had seen no deeds to be signed which he was willing to do. The sewer could quite easily be put in the lane next to the rink.

The matter was then referred to the Town Solicitor.

Communication read from Town Clerk of Newcastle acknowledging receipt of resolution relative to an Interprovincial Highway passed by this council, the matter of sending delegates being left open. A similar letter was received from the Town Clerk of Dalhousie enclosing copy of resolution, and both letters ordered filed.

Communication from A. H. Reid Incinerator Co., with regard to garbage incinerator was ordered filed.

A communication was read from the Building Inspector asking instructions to deal with persons who had been notified to comply with the by-laws with regard to roofs within one month and had not done so. The inspector was instructed to take steps to enforce the law.

Petitions for trucking licenses were received from John Robertson, Geo. Main and Geo. Dunn, and auctioneer's license from L. T. Jou dry and referred to Police and License committee.

Petitions from residents on Pichette street, and also one from ratepayers on Hillside street for water and sewerage privileges were referred to Water and Sewerage committee.

The following reports from standing committees recommending payment of accounts were received and adopted. Councillor Quinn, Public Charities, \$80; Councillor Miller, Finance, \$677.15; Councillor Miller, Public Property and Streets, \$135.33; Councillor Alexander, Water and Sewerage, \$41.11. Councillor Lunam from Police and License committee recommended that Livery Stable licenses be granted Wm. Walker and John Tannier, and a license for two pool tables to A. Lacasse in accord-

## GREAT INDUSTRIAL EXPANSION ALONG INTERNATIONAL R. R.

Large Shipments of Lumber, Ties, Cedar Posts, Shingles, Etc. Now Being Made All Along The Line.—Great Development in the Next Five Years

### TOWNS SPRINGING UP

A few years ago a critic of the then local administration at Fredericton made the statement that the International railway was two streaks of rust extending from Campbellton toward the St. John river, through a country which would never be fit for settlement.

Last week a representative of the Graphic had the pleasure of making the trip from Campbellton to St. Leonard and the evidence of rapid development on every side was striking even to one who is constantly hearing of the progress being made along that line.

Along the International railway there are now two good sized towns, Richards, with about 500 inhabitants, has two large mills, one for long lumber the other for shingles, owned by the Richards Manufacturing Co., and a small mill owned by private parties which cuts logs for the settlers. A church has been erected as well as a school, hotel, and a number of well stocked stores.

Anderson with the adjoining village of Five Fingers have about 900 inhabitants. These two settlements will eventually be one town as they are hardly a mile apart and are growing toward each other. Here are also two saw mills, one at Five Fingers, owned by Pelletier and another at Anderson, owned by Faubert. A church, school, hotels, and a number of general stores with a number of good frame houses add to the appearance of the town.

To give our readers some idea of the work carried on along this railroad we have only to state that 2,700 cars of lumber were shipped over the International to St. Leonard and about 1,500 to Campbellton during the past season, and there are hundreds of cars of lumber, ties, shingles, etc. yet to be shipped.

All along the International settlers are going in and already many clearings are in evidence, with their little log shack amid the blackened stumps. In a few years these will be comfortable farms.

The settlers' most pressing need now is a good wagon road to join the settlements.

The railway authorities are taking notice with the By-laws. Report was received and adopted.

In reply to a question Councillor Miller said he had no further report to make re O'Leary Street.

Councillor White from Electric Light committee submitted report on the matter of placing meters in the temporary buildings in town and recommended that this be done at once. As a further endeavour is to be made to clear the shacks off Water Street this summer, the report was laid in the table.

In a further report Councillor White occasioned discussion on the matter of the upkeep of a horse for the use of the manager of the Electric Light Department. After the matter had been thrashed out it was finally resolved to allow the sum of \$75 per year on this account.

Councillor White craved the indulgence of the council to present a verbal report. Some time ago the Electric Light department had been authorized to get prices for a spare gas producer, and he desired to inform the council that the price of his firm, the same firm who had supplied the rest of the equipment would be \$5490. This sum was so preposterous that the matter was left in the hands of the committee for further report.

Councillor Ferguson from Fire Protection committee read a communication to him from the chief of the Fire Brigade who complained that Wm. Taylor had taken a 50 feet length of hose valued at \$62.50, for use on the sprinkling cart. This was the second time Taylor having done the same offence last year, and he felt that it was the duty of the council to censure an employee who was guilty of taking material from another department without permission.

Taylor's action was spoken

## THE TENNIS CLUB IS ORGANIZED

Arrangements Are Being Made For Use of Temporary Courts

### MEETING NEXT WEEK

A meeting of the Restigouche Tennis Club was held on Monday evening, when the financial statement was presented and the secretary's report read. The club although not in debt was handicapped by lack of funds to complete the new courts on the Miller property, consequently the members had no opportunity to play last summer at all. This year, however, Mrs. Thos. Malcolm has kindly offered the use of her two courts, and at the meeting the secretary was instructed to write Mrs. Malcolm and arrange with her and also Mrs. S. H. Lingley for the use of the court on her grounds. It was thought advisable to accept the offer of Mrs. Malcolm which would insure the members getting a fair amount of playing, and perhaps help to bring others into the club. As a good deal of money will be required to finish the Miller grounds, it is hoped that all interested will join. Particulars of entrance fees and dues can be had by applying to Miss Asker, secretary. A meeting will be held next Wednesday evening at 8:30 p.m., in Murray's Hall, when reports will be presented with regard to the courts, and new members names voted on. Any persons wishing to join might kindly hand their name in before that evening.

and wanted to know under whose authority levels were given. His Worship stated that Councillors Miller and Ellsworth were in the streets committee and it was their duty to know about this matter themselves.

As an aid to him in case of an alarm Councillor Ferguson brought up the matter of building a small stable adjoining the present horse shed, for the use of the fire horse. This would only be a small building about 12x12 and after discussion, he was authorized to procure tenders and report back to council.

The Assessors were then appointed and for this year there are; I. H. Taylor, Peter Jamieson and James Wall.

A communication from M. A. Kelly for street lights near Andersonville was referred to Electric Light department.

Council then adjourned.

## RAILROAD MAN HAD TO LAY OFF

Until He Took GIN PILLS

Buffalo, N.Y.  
"I have been a Pullman conductor on the C. P. R. and Michigan Central for the last three years.  
About four years ago, I was laid up with intense pain in the groin, a very sore back, and suffered most severely when I tried to urinate.  
I treated with my family physician for two months for Gravel in the Bladder but did not receive any benefit. About that time, I met another railroad man who had been similarly affected and who had been cured by GIN PILLS, after having been given up by a prominent physician who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try GIN PILLS which I did—with the result that the pains left me entirely."

## CLOSING EXERCISES

The closing exercises of Acadia University and affiliated institutions will take place May 24-28. This year Acadia celebrates her seventy-fifth anniversary with appropriate ceremonies. The Baccalaureate sermon on Sunday the 25th will be given by Rev. Burton W. Lockhart, D. D., of Manchester, N. H. Academy closing takes place Monday evening and the seminary closing on Tuesday evening. On Wednesday morning the college graduating exercises will be held followed by the alumni dinner. Wednesday evening the exercises are brought to a close by the celebration of the seventy-fifth anniversary. The attractiveness of the college functions combined with the beauty of the blossoming spring time and the grandeur of the natural scenery make Wolfville a very interesting place for these few days. A large number of visitors is expected.

## W.C.T.U. COLUMN

This department is conducted by the local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

The "Heathen Chinese" is setting the christian world an example whose sarcasm is withering.

According to their heathen logic, "Opium is terribly harmful. It kills the body. It kills the soul. Therefore the Chinese must not be allowed to use it. Therefore they must not be allowed to cultivate the deadly plant. Therefore foreign merchants must not be allowed to sell it to them."

In all this there is no word about "personal liberty", "Heathenism" seems to disregard a man's "personal liberty" to make of himself a brute, a public menace and a public charge. This "heathen" nation is eradicating the opium evil with government troops.

(The above is quoted from the "Christian Endeavor World" issued May 16th., 1913.

One cannot but regard the behaviour of the so-called militant section of the suffragist party in England with mingled disgust and annoyance, the more so if we are in sympathy with the cause they claim to represent. It is true that they have been shamefully and unfairly dealt with in their efforts to obtain a fair hearing. But unwomanly conduct only lends a sharper point to the old and tiresome argument that the use of the ballot would be an unwomanly performance.

The reader of the above may infer that we believe that a woman has as much right to choose the men who shall make the laws which she must obey, as a man. Will any one produce one good argument against it?

It is idle to say that they have no idea of business. Two-thirds of the homes in the country now have their finances administered by the wife. "The other third?" They are generally speaking the homes where the dollar doesn't cover the ground it should.

Listen to this man "I don't think we ought to put this burden on our women." I should like to be around his home at six o'clock on a winter morning, to see if his wife isn't down lighting the fire. If you do not want your women to carry this burden of government, why haven't you made a better job of it yourself? Here comes another. "The polling-booth is no place for a woman. Its too rough." We thank you for your kind consideration, but our streets are not too rough for a lady. Why should the polling-booth be? And if it is, and you can't clean it up, just let us show you how it can be done.

Still another "In case of war, the women couldn't fight, you know." Can a cripple fight? Therefore no one-armed man should vote. Besides, a modern army would look well without its Red Cross equipment of nurses, wouldn't it?

And so on, and so on, ad infinitum, ad nauseum. If any one thinks he has a good argument per contra, we shall be delighted to receive it, and then take it out into the open, and show how good it is.

We acknowledge our debt to the editor and manager for the use of this column. We regret the more then, that he should have given space to the editorial from the Montreal Gazette, anent the cigarette. Every man has a right to his own opinions, but if those are yours, Mr. Editor, we will try next week to make you change them.

Don't forget the regular meeting, Tuesday, May 27th at 8.30 in St. Andrew's Hall. Subject, Food, Physical, Mental, Spiritual.

With regard to the above paragraph anent the "Cigarette" editorial, it would be well to note that the article in question was credited to the Montreal Gazette, and was from a far more able source than the Graphic editorial pen. It does no harm to let everyone know both sides of the story and the article was inserted with this end in view, and we notice that the very same editorial is published in the Chatham Gazette of Monday's date.

## CHILDREN'S BEAUTY CONTEST

From June 3rd  
Until July 31st.

To celebrate the reopening of MERSEREAU'S STUDIO, we have decided to hold a Children's Contest, to determine which are the Two Prettiest Children in Campbellton and vicinity. The photo of each child entered in contest will be displayed each week during the contest and at the close of contest all will be displayed at Mersereau's Studio where all persons will have the privilege of examining them and casting their vote for the one they consider the prettiest. The child having the largest number of votes will be given first prize and to the child having the second largest number of votes will be given the second prize.

## All Children Five Years Old and Under Are Eligible.

Names of contestants shall not be known until contest closes. Contestants are requested to enter children as soon as possible, so there will be no delay at the last of the month. All children will have our special attention as regards posing, etc.

## Out of Town Contestants Shall Have Special Rates to Help Cover Expense of Entering Child.

## CONDITIONS OF CONTEST

1. Child must have photo taken by Mersereau during the months of June and July.
2. Only cabinet size photos allowed in contest.
3. Child can be entered by anyone, whether parent or not.
4. All contestants' photos will be displayed in show case each week.
5. Person entering child in contest must order one dozen cabinet photos.
6. At the conclusion of contest all photos will be displayed and numbered in Mersereau's Studio and the public asked to vote on the prettiest child.
7. All entries in contest must be accompanied with cash for photos.
8. A special rate will be allowed all persons entering children in contest.

Contest Closes July 31  
Voting Closes August 9

Be Sure to Vote for  
Your Favorite!

Our Studio has been remodelled and refurnished and we ask you to call. Will be glad to see you at any time.

Why should any other cereal be called "just as good" as

## Kellogg's CORN FLAKES

Because Kellogg's is known to be the best and most nutritious cereal on the market—

Because the sale of Kellogg's Corn Flakes is enormous as trade returns will show—

Because another large modern factory, the best and most sanitary in Canada had to be built to take care of our constantly increasing trade—

Because the imitator, knowing these facts and having few selling arguments for his own product thinks to create a market for it by comparing it to Kellogg's.

But—the flavor and the sustaining qualities of Kellogg's Corn Flakes cannot be counterfeited. Sold in big packages at 10c. Look for the signature.

### SPRING HAS COME !

We have just received for our opening spring trade a carload of the celebrated Canada Carriage Company Carriages, in the very latest designs. These carriages are better finished than ever.

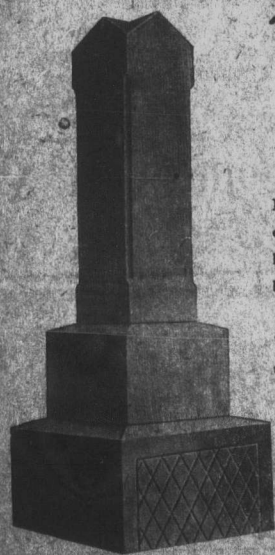

**CHATHAM TRUCK WAGGONS.** Our stock of Driving and Work Harness is very large. Deering Light Draft Farm Machinery of every description. Standing of pupils in each grade.

Grade I—Preston Scott 78; Willie Howard 42; Gordon Belliveau 38; Leona Kerr 34.

Grade II—Everett Targett 86; Rena Butler 76; Melvin Targett 74; Minnie Thompson 68.

Grade III—1st division, Lena Connell 92; Minnie Doucet 84; Beatrice Taylor 69; Clifford Kerr, Alfred Erickson 38.

2nd division, Stanley Taylor 89; Annie Erickson 67; Frances Thompson 66; Florene Belliveau 63; Thomas Barriau 61; Alfred Billingsley 61.

Grade IV—Francis MacPherson 79; Wallace Thompson 78; Beatrice Targett 70; Peter Stevens 62; May Barriau 48.

Grade V—Victoria Beatty 78; Floyd Targett 72; Reginald Thompson 66; Minnie Thompson 64.

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Duguid, of Newberg Junction, N. B., writes, "My wife has been using Chamberlain's Tablets and finds them very effective and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. For sale by all dealers.

#### NEW RICHMOND

Our pastor Rev. W. B. McCallum and Rev. George P. Tattie of New Carlisle exchanged pulpits on Sunday 11th.

Mr. Tattie preached here in the morning, Grand Cascade in the afternoon and Black Cape in the evening.

The first sailing of the harbor this season was the S.S. Canada from Quebec which arrived on the 12th and landed a large quantity of freight for the Caspadeau Mfg & Trading Co., and for our merchants.

Montgomery and Son's mill is now running in full blast.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold give it a trial and become acquainted with the good qualities. For sale by all dealers.

#### BLACK CAPE

The I. O. G. T. Silver Star Lodge, No. 97, of Black Cape was organized on Jan. 27th, 1913, with a membership of 17. The first meeting of the new quarter was held on Tuesday evening, the 6th inst., and the officers for the second quarter are as follows:—Chief Templar, J. S. Campbell; Vice-Templar, Mrs. J. C. Fair; Past Chief Templar, Herbert Campbell; Marshal, H. Pritchard; Deputy Marshal, Janet Burton; Chaplain, Bella Johnson; Secretary and Lodge Deputy, Robina Stevenson; Assistant Secretary, Hugh Johnston; Financial Secretary, Maude Johnston; Treasurer, William Johnston; Guard, Evan Johnston; Sentinel, Arch. Campbell.

Since the Lodge has been organized three new members have been added to the roll.

Rev. George Tattie of New Carlisle occupied the pulpit in Black Cape church on Sunday evening, 11th.

Mrs. Harry Anderson, who has been spending a short vacation at her old home in Black Cape, left on Thursday for Wallham, Mass., to join her husband there.

Mrs. William Johnston left on Wednesday for Archibald Settlement, N. B., being called there by the illness of her sister, Mrs. Archibald.

Miss Winifred Campbell, who has been spending the winter at her home here, left on Saturday for Boston, Mass., to take up her duties as nurse at the Corrie Hill Hospital.

Miss Stevenson and Miss Campbell spent Saturday and Sunday in New Richmond.

Miss Mountain, teacher, of school No. 3, has returned from Quebec.

Alvin Jamieson and D. L. Campbell have gone to Bonaventure where they are working at McLean and Edwards' mill.

We are pleased to see that Mr. Allan MacRae is able to be about after being confined to the house for a few days from injuries which he received in a runaway accident.

We are sorry to learn that Mr. David Steele met with an accident on Wednesday by being pitched out of his truck wagon, but we learn that he is doing as well as can be expected and hope to see him around soon again.

The pupils of the forth and fifth grade and their teacher Miss Stevenson of school No. 1 gave an entertainment in the schoolhouse on Friday which drew a large crowd. A delicious lunch was served about 12 o'clock and the evening was spent in playing games, etc., everyone returning to their homes about 1 o'clock highly pleased with the enjoyable time that was spent.

An entertainment was given at the home of Mr. and Mrs. Angus Campbell on Wednesday evening in honor of their daughter Winifred who left on Saturday for Boston.

Mr. Hugh Johnston returned on Monday from a short trip to Bonaventure.

Mr. Andrew McKenzie returned on Monday from Campbellton where he has been to the hospital for treatment, we are sorry to learn that Mr. McKenzie is suffering from cancer.

Mr. J. E. Coull the popular conductor of the Quebec Oriental Railway paid Black Cape a flying visit recently.

Poor appetite is a sure sign of impaired digestion. A few doses of Chamberlain's Stomach and Liver Tablets will strengthen your digestion and improve your appetite. Thousands have been benefited by taking these Tablets. Sold by all dealers.

#### ST. JEAN L'EVANGELISTE

A reception was held at the residence of Mr. F. Berthelot at the occasion of the marriage of his son Joseph, who was married to Miss Adeline Cyr at New Richmond on Tuesday the 6th. A few intimate friends only were present. The evening was very joyously spent in music and singing. The bride received numerous presents.

Our popular tailor F. W. McBrearty is building a dwelling house and tailor shop combined, he will be in a better position to attend to his customers, and give them the right fit.

Messrs Harkins, Aueland and Howard, commercial travellers passed through this week.

Miss Odile Berthelot has returned from New Carlisle where she was visiting her sister Mrs. F. Marcotte.

Lame back is usually caused by rheumatism of the muscles of the back, for which you will find nothing better than Chamberlain's Liniment. For sale by all dealers.

#### PORT DANIEL

The closing exercise of the mission preached in St. George's R. C. Church was held on Sunday p.m. and was largely attended. The church was simply packed and a large majority of worshippers had to stand. It was very imposing, especially the procession of the little girls all in white, was, to me, a stranger, an emblem of what our walk through this weary world should be.

Weather continues cold; still the putting in of the crops is almost a thing of the past now.

Mr. J. Roussey has the honor of opening the fishing season; though the catch was small it was a treat to a few friends and neighbors.

Miss Myrtle McPherson is home from McDonald's college owing to ill-health.

Wm. A'hearn, Esq., manager of the Gaspe Fish Co., in Grand River, spent the weekend at his home here.

Miss M. Bourget was the guest of Miss Lydia Enright for a few days last week.

The many friends of Mr. Jerry Jones are pleased to see him home again in good health after a six week's stay in Montreal.

Mr. and Mrs. F. McPherson spent Sunday p.m. with friends in Port Daniel East.

Mr. and Mrs. Greg. Chapados from New Port paid a flying visit to the "West Point" on Sunday.

Mr. A. Ogden, Gov't Inspector from Bedford, N. S., registered at LeGrand's hotel on Wednesday last.

Sold by all Druggists, 75c.  
Take Hall's Family Pills for constipation.

### UNITED STATES OPENS ITS DOORS

Washington, May 12—(Can. Press).—The customs court today decided that European nations are entitled to the free entry of wood pulp and paper under the "most favored nations clause" of their commercial treaties with the United States, because the free entry privilege is granted to Canada under the only operative clause of the Canadian reciprocity agreement.

The decision applies to all nations with which the United States has "favored nation" treaties, admitting their wood pulp and paper to this country free of duty provided the foreign nations concerned do not prohibit or restrict the exportation of the products.

The Underwood tariff bill now before the senate, grants free entry to wood pulp and paper, not exceeding 2½ cents per pound in value. The Canadian Reciprocity Act makes the limit of value four cent per pound.

A party of surveyors is at present engaged in making the final survey of the Swift Current Watrous branch of the Grand Trunk Pacific Railway. Work has been commenced at a point 2 miles west of Watrous and at least three months will be required to complete the survey.

## Amatite ROOFING

### It Takes The Pain Out Of Painting

IT'S certainly a painful process to keep on painting a roof every two or three years—you feel it in your back and in your pocketbook. Amatite Roofing never needs painting—sounds almost too good to be true, doesn't it? Just lay it with an ordinary hammer, and you've got solid roof comfort ahead for many years to come. Costs less than similar roofings of same weight. The mineral surface is also fire-resisting.

Sample showing the pitch waterproofing and real mineral surface free on request.

The Carrington-Paterson Mfg. Co., Limited  
ST. JOHN, N. B. HALIFAX, N. S.

### FRANCE MAY TURN CHRISTABEL OUT

As Head of Dangerous Conspiracy Her Presence Not Desirable

London, May 19th—It is stated that the Government is about to make diplomatic representations to the French Government in reference to Christabel Pankhurst, but they will not, as has been reported, take the form of a request for the extradition of the militant leader, which would be contrary to International usage.

The Foreign Office, as the result of investigations made in Paris, will advise the French Government that there is reason to believe that Paris is being made the headquarters of a dangerous conspiracy against the Government of the United Kingdom, documentary evidence of which will be furnished.

It will then be for the French Government to take the customary steps of informing Miss Pankhurst and her intimates in Paris that they must leave French territory within a stated—probably forty-eight hours.

The new system of despatching trains by telephone recently inaugurated by the Grand Trunk Railway between Montreal and Toronto has now been in use long enough for a thorough test which has given the great satisfaction of the officials of the road. Large gangs of men are at present working west of Toronto and it is intended to extend the system through to Chicago this summer, eventually using it throughout the entire G.T.R. System.

The method followed is slightly different from the ordinary telephone line in that it is always under the direct control of the chief train dispatcher so that the wire cannot be used by operators at any stations except through his office. It is a marked improvement on the old telegraph system which was subject to interruption while being used for transmitting train orders. The telephone is exclusively used for handling orders for the movement of trains, ordinary railroad business being still conducted by means of telegraph.

The old rules are still made use of. All orders are repeated back to the dispatcher by the operator for reference to the original copy before the signal O.K. is given. The number of trains and engines, the stations, names of conductors and engineers and other important parts of orders are spelled out in full both in transmission and repetition. Perfect safety is thus ensured and orders are handled with much greater rapidity than was formerly possible—a matter of considerable importance.

In order to personally supervise the work of eliminating so far as possible the danger of fire on Crown Lands, Hon. W. L. T. Hearst, Ministers of Lands, Forests and Mines for the Province of Ontario, has left for Algonquin National Park for a tour of inspection. A recent cause of fire is the neglect of campers and tourists to see that their debris and "stubs" is properly cleared away and a close supervision will be exercised by the Park Rangers to this end.

Mr. W. P. Hinton, General Passenger Agent of the Grand Trunk Pacific Railway, reports that at Fort Qu'Appelle in the famous Qu'Appelle Valley on the line of the G.T.R. where the people of Regina are now establishing their summer hotel is being erected and is fast approaching completion. The hotel is first planned, contained only 43 bed-rooms, but it has been found necessary already to arrange for extensive additions on account of the very large number of Regina citizens and indeed people from other parts of Saskatchewan who spend their summer there.

#### NOTICE

The Agricultural Society of the Parish of Addington will hold a meeting in Murray's Hall on Monday evening May 26th a full attendance of the officers is requested.

MURRAY GERRARD,  
Acting Secretary

### FIVE MILLIONS FOR NEW COMPANY

A St. John Industry Increases Its Capital to Over Three Million.

Public notice is given of the incorporation of James William Hennessy of Fort Coulonge, Quebec, lumberman, Angus William Fraser and Harold Duncan McCormick, barrister-at-law, Louis Simpson, engineer, William Samuel Calvert and George Lewis Orme, manufacturers, and Edward Seybold, capitalists, all of Ottawa, as the Ottawa Shale Company of Canada, Limited, to carry on a general mining and exploration and development business in respect to all kinds of minerals, ores and hydrocarbons there of on any property owned by the said company. The company has a capital of \$5,000,000, and Ottawa is the chief place of business. Announcement of the organization of the company is particularly interesting to New Brunswickers as the company is to operate in this province, in Albert county. It has been formed to take over the shale areas controlled by Senator Domville, Col. F. V. Wedderburn and Mr. R. L. Johnson, who it is understood, will continue to have an interest in the enterprise. The Canadian company are closely identified with prominent English capitalists who understand thoroughly the business on hand, and an early development of the areas the company controls is anticipated. Simultaneously development will be carried on by the Mackenzie & Mann interests on their areas, so that the Albert county section of New Brunswick promises ere long to be the centre of an industry even more important than that of its natural gas which is now attracting so much attention.

The Canada Gazette of May 17th gives notice that supplementary letters patent have been issued to the Maritime Mail Co., Ltd., increasing the capital stock of the company from \$250,000 to \$325,000. The increase will consist of thirty thousand shares of \$100 each.

## THE BY-LAWS

The Town Council are now taking active steps to enforce the building by-laws, which is the correct thing to do if the government of the town is to be carried on in a business-like manner. Four persons, who were given one month to roof their buildings with material in accordance with the by-laws and who have not complied are to be proceeded against. This is as it should be for everyone ought to do their best to keep the laws rather than break them. On the other hand the shacks on Water Street, according to the by-laws were to be removed before the 31st of Dec. 1911, and it is now May 1913 and nothing has so far been done to enforce the laws here. It would look a great deal better if the council had first proceeded against the violators in the proper fire district and by the time the shacks were removed the others would be ready to do their part, and feel that they had not been treated so harshly after all. It is understood that two of the four who will stand proceedings are willing to comply with the by-laws but are not at present in a position to be able to do so. It is a much easier proposition we admit to get after the little fry and make them squirm than to get up against a lawyer, for instance, who might own a wooden building in the prohibited area or a merchant who was to brick his building according to his permit and die. For the benefit of all concerned we might point out that the town solicitor in a recent opinion to the council said (relative to another part of the by-laws) that "the by-laws could be enforced if it were shown that they were reasonable, in accordance with the act of incorporation and were without discrimination." Herein lies the matter. We submit that the council are discriminating in the enforcing of the by-laws and if they proceed as they have arranged to do against the four persons for roofing violations, they must also take suit against the owners of shacks in the fire district. The four unfortunate citizens who can't afford steel shingles on their roofs, got thirty days to comply with the law. The owners of the shacks have had 17 months beyond their allotted time and there is nothing doing yet. Query. What is discrimination?

## A SHARPER

Two of our merchants in town have been done by a person presenting cheques signed James A. MacDonald. The attention of storekeepers is drawn to this, not to cash cheques to strangers unless they are reasonably sure that the document is genuine, as in the two cases brought to our notice the cases were forgeries. Mr. MacDonald will, we are sure, give any storekeeper who calls on him, information as to how he could detect the forgery, and if any cheque is presented without his sign manual, information should be at once laid with the police.

## MONDAY NIGHT

Special new reels will be at the Opera House on Monday evening 26th inst and Mrs. F. Louise Tufts will sing "Where is my wondering boy tonight", beautifully illustrated. Prices as usual.

## NEW CONTEST

Messereau our very capable young photographer whose place of business was completely destroyed with the burning of Dimock's concrete building during the winter, with characteristic energy is hard at work fitting up a new studio in the renovated Dimock block and will be opened for sittings on June 1st. The work turned out by Messereau has always borne the skillful finish of the expert artifice and to those for whom the name of Messereau is synonymous with the best in photography the re-opening of this studio will be good news indeed for many have been expectantly awaiting this event. Always interested in the little ones Mr. Messereau will herald his re-opening by inaugurating a Children's Beauty Contest in which children of five and under are eligible to compete. This is a novel competition and should prove very successful through its intention of locating the prettiest child in Campbellton and vicinity. The conditions governing this contest you will find fully set forth in a large half page advertisement appearing on another page in this issue of the Graphic. This ad. we would ask you to read as the contest is sure to be followed enthusiastically from week to week and its conditions give everyone a voice in the first decision that awards the prizes to the lucky children.

# CONSECRATED AT BATHURST CHURCH

Many Prominent Church Dignitaries Assist in Elevation of Dr. O'Leary

Bathurst, N. B., May 22—In the presence of a congregation which filled the sacred building to overflowing with the edifice beautifully decorated with flowers, candles and papal colors, and with the usual impressive ritual and pomp of such a ceremonial, Rev. Dr. O'Leary, of Chatham, was elevated to the bishopric in the Catholic church here this morning. From all sections of the maritime provinces visitors came to witness the ceremony, the consecration of the youngest bishop in all Canada. The gathering included his friends amongst the clergy and the laity, attracted by the importance of the event in the history of the Catholic church in the eastern jurisdiction.

The papal delegate, His Eminence Mgr. Stagni presided at the consecration, being assisted by others of the hierarchy in Canada, among them Archbishop Bruchesi, of Montreal; Archbishop Pratt of Kingston; Bishop Barry, of Chatham; Rev. Canon Lepailleur, of Montreal; Bishop LeBlanc, of St. John and others. The ceremony was beautiful and impressive and was followed with rapid attention by the largest congregation ever present in the church. The consecration was held here instead of in Charlottetown because of the burning of the Cathedral there a few months ago. His Lordship Bishop O'Leary will now have charge of the Charlottetown diocese, a very important and responsible jurisdiction for even a much older cleric than the newly consecrated prelate.

The Rev. Dr. O'Leary is only thirty-three years of age and will be one of the youngest Bishops in the Church. He is a son of the late Henry O'Leary, of Richibucto, and of Mary O'Leary of St. John. His near relatives are the Rev. Louis O'Leary, D.D., secretary to Bishop Barry, of Chatham; Mr. Wm. O'Leary of Montreal; and Messrs. R. O'Leary and A. O'Leary of Richibucto; half-brothers, and Mrs. George V. McInerney, of this city, half-sister. The late Father Wm. O'Leary, of St. John diocese, was an uncle of the new Bishop.

Bishop O'Leary took the degree of B. A. from St. Joseph's College, Memramcook, in 1897 and then took the four years' theological course at the Grand Seminary, Montreal. Following this in 1901 he was ordained in Richibucto and then spent four years studying in Rome, where he received his degree of D.D. On his return to Canada he was located in Chatham and other parishes on the North Shore for some time and then returned to Rome as representative of the Bishops of the maritime provinces and of the Archbishop and several of the Bishops of Ontario. After spending more than a year in Rome in that capacity he again returned to New Brunswick and was given his present charge in Bathurst where he has been for more than three years. During this period he has been very active in building up the parish and has undertaken the construction of several church buildings.

Rev. Dr. O'Leary's natural talents, his years of preparation for his work, his energy and his devotion to the church have marked him as a man whose career was bound to be an interesting one.

# RAILWAY BRIDGE SOON UNDER WAY

Delegation Appear Before St. John River Commission at Van Buren

A meeting of the St. John River Commission was held at Van Buren, Me., last Friday evening, at which the matter of the erection of a railway bridge over the St. John river connecting the International Railway with the Bangor and Aroostock Railway at Van Buren was fully discussed.

The meeting was held at the Hammond House, all the commissioners with secretary and attorneys present.

Chas. A. Oak, manager of the New Brunswick Railway Lands Co., presented in a clear and forcible manner the reasons for the erection of the bridge, the benefits which would result from its erection, and much other valuable information in reference to this undertaking. He also told of the abounding resources along the line of the International railways.

Judge Botkin, U.S. Consul, and Messrs. A. E. G. McKenzie and E. H. Anderson also made statements, placing additional information before the commissioners.

The commissioners were deeply interested in the information given and as there seemed to be no objections to the erection of the bridge they promised to report promptly so that work could be commenced at once.

So confident are the promoters of the bridge that everything will be favorably settled and the erection proceeded with, that they have already on the grounds an engineer representing New York capitalists. Unless the start is delayed the company predict that trains will be running over the new structure by January 1st, 1914.

Besides attending the meetings of the commission, the Campbellton delegation were shown the sorting gaps at the great boom at Keegan, on the St. John river, a short distance above Van Buren. Here every log cut on the upper reaches of the St. John must pass through the gaps, the down river logs being permitted to continue on their way, while those for the local mills are put into booms.

On the return to Van Buren the large mill of the St. John River Lumber Co. was inspected by the party under the guidance of President Parker of that company.

In this mill nearly four hundred men are converting round logs into finished lumber, laths, shingles, pulpwood, etc. Even the edgings are barked and converted into pulpwood. This mill cuts about 250,000 feet per day of long lumber and 600,000 shingles.

The proposed bridge site was also visited.

On Saturday the delegation were

## LOCAL ITEMS OF INTEREST

Newsy Notes of Town and Country Happenings Gathered by Graphic Reporters.

### SERIOUSLY ILL

We regret to hear that Mr. Allen C. Miller is confined to the house with locomotor ataxia.

### APPEAL

The case against H. Peters for violation of the Building By-laws was won by the town before Judge Matheson but an appeal has been intimated.

**PNEUMATICA STOPS YOUR PAIN**  
Or breaks up your cold in one hour. It's marvellous! Applied externally. All druggists.

### NEW CAR

Mr. A. G. Adams Ford car has now arrived and we may soon look for him whirling along among the "up-to-dates."

### VICTIMISED

Two of our leading merchants this week were victimised to the extent of \$30.00. To oblige customers they cashed cheques for this amount, but on presentation to the bank was found to be a forgery.

### HOLIDAY

Although no official notice has been given it is understood that the merchants in town will keep open on Saturday and observe Monday the 26th inst. as the Queen's Birthday holiday.

### ELECTION

The local option election in New Carlisle will be held on Monday 26th inst. The temperance people are making strenuous efforts to carry the day.

### GOOD PLAY

Much gratification is expressed at the success of the play "Mutt and Jeff" staged here on Monday evening. A good house testified its approval.

### FOR HALIFAX

Dr. Pinault left on Tuesday for Halifax where an enquiry is being held into the conduct of a soldier here sometime ago enroute for Montreal.

### BEAUTY CONTEST

On another page will be found particulars of a great children's beauty contest promoted by Mr. C. R. Mesereau photographer. Read the conditions carefully in the advertisement on page two.

### CLEARING SALE

On page nine of this issue the clearing sale advertisement of Mr. Max. P. Moore will be found. Now is the time to get proper bargains. Read the prices carefully.

### SUPPLEMENTARY ESTIMATES

In the supplementary estimates are grants for the Dalhousie Breakwater \$2,380; and for Bathurst Harbor improvements \$50,000; Bathurst, new station \$800.00.

### CHILD DROWNED

On Tuesday afternoon a sad fatality occurred at Miller's mill when Melvin Hamilton a young child 14 months old was drowned. Mrs. Hamilton had been washing and going out for another bucket of water left the child playing on the floor. On her return she was horrified to find the little one head first in the washing tub. The father of the child, Robert Hamilton comes from Eel River and Mrs. Hamilton formerly belonged to Dalhousie Junction.

### DEATH AT SHANNONVALE

The death of Mrs. James Hamilton, which occurred suddenly on Friday at Shannonvale, was a great loss to that section, where she was highly respected. She was fifty-eight years old, and is survived by her husband and a large family. Her funeral was held on Sunday afternoon at St. John's Presbyterian cemetery, Dalhousie, and was largely attended. Rev. Mr. Kirk officiated, assisted by other clergymen.

### RAIN HELLS

The rain of Sunday and Monday did an immense amount of good throughout the county.

### REPURCHASED PROPERTY

Mr. H. S. Alexander has repurchased from Joseph Sharpe, Esq., the property he a year or two ago sold to Mr. Sharpe.

### HEAVY RATE

The Newcastle tax rate has this year been increased to \$3.80 on the \$100. It was \$3.50 last year. We in Campbellton complain and our rate was \$1.65 last year.

### CANVASSER WANTED

A young man can earn a good salary during the summer vacation by soliciting subscriptions to the GRAPHIC. Call or write for particulars to MANAGER GRAPHIC.

### INVESTIGATION

Following an investigation into alleged pilfering at the I.C.R. freight sheds, three employees were given notice of dismissal for insubordination.

### CARD OF THANKS

Mr. and Mrs. Thos. Wragg beg to thank their friends for the many kind expressions of sympathy shown them in their recent sad bereavement.

### SLIGHT ACCIDENT

Hiram McCready met with a slight accident while at work in Miller's mill on Thursday. He was putting on a belt and was caught on a slow moving shaft tearing his shirt and bruising him slightly.

### STILL GOING

The clearing sale of the stock of Marquis & Co., is still holding forth and the store is continually crowded with busy buyers. To cope with all the advertising this week we had to issue ten pages. Advertising in the GRAPHIC pays.

### AN OMISSION

Through an oversight the Graphic of the 16th, just extended congratulation to only four of the five successful Campbellton graduates at the U.N.B., the name of the one omitted being Sylvia E. Renault who graduated in the 1st division B. Sc. Civil engineering, and we trust Mr. Renault will accept our sincere although belated congratulations.

### IN NEW OFFICE

Dr. H. Mann, who is erecting a fine residence and office on the corner of Aberdeen and Minto streets expects to be in his dental office therein on Monday next, May 26th, where he will be pleased to meet all his friends and patrons.

### FOXES

Attention is directed the advertisement of the Caspasia Silver Black Fox Co. Ltd., which appears in this issue. Opportunities for local investment are always few and far between, and this looks a good proposition worthy of a thought.

### OPERA HOUSE

We are very pleased to announce that the management of the Opera House has secured the Boston Sixette Club to appear at the Opera House tomorrow night, May 24th, 1913. This is a very rare treat for the citizens of Campbellton, and as an attraction of this kind is extremely difficult to book it will be a long time before such another entertainment could be brought here. The Boston Sixette Club has a wide reputation, and lovers of music should not miss this appearance here.

### A REMINDER

Advertisers are reminded that they must have the copy for change of adv. in not later than Thursday. Items of news, etc., should reach us not later than 10 o'clock Friday morning. Because we have not enforced these rules the GRAPHIC has several times been late appearing. It means night work for our staff when such copy comes in late.

## "Tom Toggery"

is always hammering at the words CLOTHES VALUES, and we keep him at it because that is

OUR SLOGAN

and THE SECRET OF OUR SUCCESS.

Upon the principle of giving our customers the greatest value for their money, we are building a reputation and a business that defy competition. If you want a suit call on us. You won't call in vain.

The largest assortment in town.

RICHARD PARKER

May 2-1f Andrew Street

### FOR VANCOUVER

Dr. J. McNichol and family, formerly of Bathurst (N.B.), are expected in Sussex in June. The doctor has just been successful in passing the B.C. Medical Board examiners, and after a couple of months among New Brunswick friends will practice his profession in Vancouver.

### WOMAN'S AUXILIARY

Last night there was a congregation social held in Christ Church Sunday School building under the auspices of the W. A. The walls were decorated with quilts and various kinds of clothing and useful articles, representing the Winter's sewing of the three branches of the Auxiliary. The programme was missionary and musical. Mr. G. W. Fisher, who spent some six years in missionary work in the Diocese of Athabasca gave a very interesting and helpful talk on his work there. At the close of the formal programme refreshments were served. The articles prepared by the W. A. are to be packed and sent in bales to St. John Indian Mission School, Chapeau and to China.

## EXPECT TO HAVE VERY GOOD SEASON

Prospects Look Bright for a Successful Summer

The S. S. Canada is once more on the Bay des Chaleurs route, and early indications point to a very successful summer season. Seen by our representative Mr. G. A. Binet the president of the company said that he was well pleased with the way business had opened up along the coast, many enquiries being made for freight rates and transportation.

The new arrangement of through rates with the I.C.R. is going to help a great deal, and he looks forward to the coming season with great expectancy. The cheap Saturday fares are attracting a lot of attention along the coast, and arrangements have been made to give special reductions from places along the coast for this Saturday to Monday excursion tickets for which will be issued each week.

Last Saturday a large number of business men took in this week-end trip called the "Business Man's Boon" from places down the coast; among them being—Percy Legallais, Burt Gallais, Ben LeBlanc and Lee Caldwell, New Carlisle; P. O. Vial, L. Kennedy, Port Daniel; J. E. Levesque, Paspébiac; W. F. Hamon and Mr. Whitman, manager and director of Robin Jones & Whitman, and all expressed their appreciation of the trip and said many kind things about the ship and the management.

## BANKERS MAY DO INSURANCE WORK

House of Commons Strikes Out Amendment of Committee

Ottawa, May 20.—The Banking Bill was before the House of Commons all morning and the amendments offered in committee were moved on the third reading this morning and rejected. The provision which the committee put in forbidding bank managers writing insurance was thrown out on motion of Mr. Turgeon of New Brunswick.

## OBITUARY

Mrs. James Hamilton of Shannonvale, passed suddenly from our midst on Friday afternoon, May 16, 1913. Although not in very good health for over a year, she was able to do her work, and her death came as a shock to all. As she was walking from the porch into the house, she was stricken with heart failure, and although every effort was made to save her, she died shortly afterwards. She leaves a husband to mourn the loss of a devoted wife, one daughter and eight sons the loss of a kind and loving mother. Mrs. Wane Wright of Shannonvale, David and Stuart of Black Lands, William of Eel River, Robert of Campbellton, Angus, Roland, Harris and Herbert at home. The funeral was held on Sunday and was largely attended. Service was conducted in the house and at the grave by Rev. Mr. Kirk assisted by Mr. Patterson. She lived for those she loved, And when her work was done She went to be with Jesus Where parting is not known.

The Graphic has in stock a printed school report suitable for monthly examination. These reports are used in all up-to-date schools and keep the parents in touch with the school work of their children. Sample sent to any teacher on receipt of a post card.

## OVER FOUR THOUSAND DELEGATES REGISTERED

Toronto, Ont., May 22.—The men in charge of the reception of the delegates to the mammoth congress to be held by the Presbyterian Church of Canada, at the end of this month and the first two weeks in June, are beginning to realize the immensity of their task. Four thousand, one hundred and ninety-two delegates are registered.

## MAN FOUND DEAD IN ROOM OF HOTEL

Montreal Man Held in Valleyfield as a Witness.

Valleyfield, Que., May 17.—Mysterious circumstances surround the death of Ulric Pitre, of Montreal, whose body was found in a room in a local hotel yesterday afternoon, and George Tucker, of Montreal, is being detained by the police as a material witness.

Pitre and Tucker passed most of the day together, making a round of several of the hotels. At about one o'clock they went to Tucker's room, and a little later Pitre, who had gone down to the bar for a drink, complained of feeling ill. He was advised to see a doctor, but instead returned to Tucker's room. Tucker shortly afterward left the hotel, and the bartender, going to the room, found Pitre dying. He immediately called Dr. Gauthier, but when the latter arrived Pitre was dead.

The coroner sent the body to the morgue, and Chief of Police Lemieux set about to apprehend Tucker, giving orders to have the railway station watched. Late in the afternoon Sub-Chief Cuillieriere heard that a stranger had enquired the road to St. Timothee, and driving out in a cab he found Tucker about five miles from Valleyfield. The latter at first denied any knowledge of Pitre, but decided to return to Valleyfield with the sub-chief.

The town is considerably excited over the mysterious death. Pitre was about thirty-three years of age and very popular here. He was a graduate of Valleyfield College, and was a law student at Laval University some years ago. An autopsy was performed last night and an inquest opened this morning, but later adjourned till Monday, when several witnesses will be called, who may be able to throw some light on the affair.

## Short Paragraphs of British News

**Young Man Named Arthur Pratt**, returned for trial at Coventry Police Court on a charge of burglary, had in his possession a Mauser pistol, a false moustache, some spirit gum, and an electric flashlight.

**Monster Salmon**—A salmon scaling 47½ lb. has been captured in Dornish weir on the lower Shannon. This is believed to be a record fish for that portion of the river. In Lord Montague's weir a few nights ago one of 45 lb. was secured.

**Strength of a Hair**—A Continental scientist has proved that a single hair will suspend four ounces without breaking, stretching under the process and contracting again. But the hair thus weighted must be dark brown, for blonde hair breaks when a weight of two and a half ounces is suspended from it.

**"Woe to the Stranger"**—At Toxtown, a property recently acquired by the Estates Commissioners, a good deal of excitement has been caused by the "cutting" of four graves and the erection over them of placards bearing the words, "Woe to the Stranger! The Land of the People!"

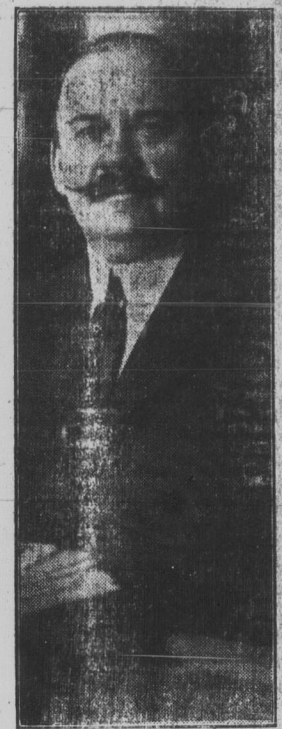

**Generous Gift to Native Town**—Mr. Herbert Paul, formerly M.P. for Northampton, has presented a row of houses in Finedon, his native town, for poor widows. The buildings are to be known as the Dolben Houses, in memory of his aunt and cousin. Mr. Herbert Paul's father was vicar of Finedon for more than fifty years.

**Cow on Fire**—At the Valley Police Court, Griffiths was fined \$10 for cruelty to a cow. The cow had been extensively burnt, and it was stated that in places the flesh was quite frizzled as though it had been roasted. The defendant said his woman-servant had dressed the animal with paraffin on account of vermin, and, as she was doing so, the cow swished its tail, knocking the lamp over, and thereby set fire to itself.

## PHYSICAL DEFECTS IN SCHOOL CHILDREN

Of 5194 Toronto Public School children inspected by physicians, those having physical defects were as follows:

Number with defective vision.....231  
Number with eye disease.....104  
Number with defective hearing.....82

Number with defective palate.....3  
Number with skin disease.....253

E. J. CHAMBERLIN,  
President of the Grand Trunk Railway

## Big Mountain Lion

Maddened when wounded, fighting to the death, and attempting to tear the bodies of his assailants to shreds, a big mountain lion was shot at Half Moore Bay, 50 miles up the coast from Vancouver, B. C. by Thos. Hare, who subsequently collected the bounty on same. Hare, his brother and the latter's wife were passing through the woods, when the lion made his appearance and plunged towards them. Though wounded several times he still came on. Ammunition was running low, but, taking his last aim, Thomas Hare sent a shot through the brute's head as he was making his final spring, and it rolled over in the snow dead. When measured it was found to be seven feet from tip to tip.

## Bermuda's Coral Houses

Bermuda is the original home of the "White House." The simplest bungalow is built of the same material as the most pretentious villa. White coral blocks cut from the backbone of the islands are used for all building purposes. Many of the little negroes live in lovely little coral bungalows and cottages, which for vivid, radiant whiteness would surpass the executive mansion at Washington. Paint can not rival the dazzling lustre of Bermuda's lime-washed coral buildings, shimmering as they do in the brilliant, sub-tropical sunshine like pillars of light.

## Russians Use Wooden Spoons

The peasant class in Russia, which forms 77 per cent. of the total population, still uses the wooden spoon. The people of this class can not afford plated ware. The middle classes use steel and plated ware, and the wealthy classes usually have sterling. Most of the steel and plated ware is manufactured in Warsaw. Probably 20 per cent. of the people of Russia use the very cheapest grades of table ware and only 10 per cent. of silver ware.

## Wagner's Thirteenth

It is a comfort to know that thirteen is not invariably connected with bad luck. Richard Wagner revelled in the figure; he was born in '13, and the sum of the figures of the year also made 13; his name had 13 letters; he composed and published 13 great works, and his real career commenced on the 13th day of the month. "Tannhauser" was completed on April 13, and produced in Paris for the first time on March 13. Wagner left Bayreuth on September 13; he also happened to leave this world on the 13th day of the month.

## Natural Blankets

Nature is kind in Ecuador. When a native wants a blanket he goes to a demajana tree and cuts from it a strip of peculiarly soft, thick bark, five or six feet long. This is dampened and beaten until the flexibility of the sheet is much increased. The rough, gray exterior is next peeled off, and the sheet dried in the sun. The result is a blanket, soft, light and fairly warm, of an attractive cream color. It may be rolled into a compact bundle without harm, and with ordinary usage will last for several years.

## 25 Cents to Stop that Itch

Does it not seem strange that so many people suffer year in and year out with eczema? A 25 cent bottle of a simple wash stops the itch and will surely convince any patient. This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D.

D. D. Laboratories will continue the 25 cent offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market in Canada on any special offer. If you want relief to-night try a bottle at 25 cents on our personal recommendation.

A. McG. McDonald, Manager.

## SILVER BLACK FOX INDUSTRY IN PROVINCE QUEBEC.

**THE CASCAPEDIA SILVER BLACK FOX CO., Limited.**  
**HEAD OFFICE: GRAND CASCAPEDIA.**  
Authorized Capital, \$100,000. Divided into 10,000 Shares of \$10.00 each. All common.  
INCORPORATED UNDER A DOMINION CHARTER  
PROVISIONAL DIRECTORS:—  
Arthur Nadeau, President; Dr. W. J. Enright, Vice-President; Charles H. Nadeau, General Manager; Edmund Nadeau, J. C. Fair, Edgar Nadeau, Directors.

## WE OFFER

7,500 shares at par the balance to remain in the treasury of the Company. Money invested in The Cascapedia Silver Black Fox Company, Limited, is a safe and permanent investment with large profits.

## WHY?

Because the Province of Quebec is more favorably situated for fur farming than any other of the Eastern Provinces, for the most valuable fur bearing animals can only bring their pelts to the highest state of perfection in the cold climate.

Because the Legislature of Quebec has provided protection for foxes kept in captivity by adopting the session which ended on the 21st of Dec. 1912, the law proposed by the Hon. Charles R. Devlin.

Because the Cascapedia Silver Black Fox Company, Limited, have secured contracts and purchased the best pedigreed Silver Black Foxes procurable, consisting of two pairs one year old and two pairs two years old.

Because the market for years to come will be unlimited and the owners of fine stock that breed from good strains for ten years or more will invariably have the choice of customers and get the highest prices; and that class of stock is just as easy to feed and care for as the poorest.

## PROBABLE FINANCIAL RETURNS

When considering this proposition financially, the Directors have been conservative and have based their estimates below the average results obtained by Prince Edward Island Ranchers. The Company has purchased two pairs of best high grade P. B. L. stock and two pairs two year old foxes from the famous ranch of Mr. Beetz, and guaranteed pure black from the eleventh generation, also five pairs of Blues, enlarging and building ranch, which in all will amount to \$75,000, estimating 2 pups from the one year old, 4 pups from the two year olds and 4 pups from each pair of blues, would represent as follows:—

12 Silver Black Pups at \$5000.00 \$60,000.00

20 Blue " " 500.00 10,000.00

Less 1 pair reserved 10,000.00

Feed, Management & Care 4 70,000.00

\$14,000.00 \$14,000.00

Over 74 per cent. on the investment \$56,000.00

To both the large and small investor, we wish to call your attention to the special features of our offering, namely, Low capitalization, high grade stock, consisting of two pairs P. B. L. and two pairs from Mr. Beetz (Quebec foxes) which are large, strong, healthy animals and ones that produce results, ideal climate, modern ranch with secluded dens and self-mating pens, thus causing no confusion or excitement whatever in selecting a separation of the male and female at this critical period.

Do not allow this splendid opportunity to go by. Cut out the application form, fill in for the amount of shares you require and forward with 10 per cent. of the subscribed amount, or if preferable would make draft through any bank, with stock certificate attached.

## THE CASCAPEDIA SILVER BLACK FOX COMPANY, Limited.

## APPLICATION FOR STOCK.

I, We the undersigned hereby subscribe for and agree with The Cascapedia Silver Black Fox Company, Limited, to take the number of shares at \$10.00 a share as set opposite our respective signatures hereto, and to pay ten per cent. of said stock down and the balance 45 per cent. 15th of June and 45 per cent. 1st August. Should said shares not be allotted, the money paid on them to be refunded in full.

A capable girl for general housework in family of two. Good wages. Apply to F. G. KERR, May 20-14, Queen Street

**MAN AND WIFE FIGHT A DUEL**

Tragedy Follows Jealousy in the Fencing-room of a Moscow Institution

Great excitement was caused in Moscow by a fatal duel between a man and his wife. Nadja Putokhn was the wife of a fencing-master, and was herself exceedingly clever with the foil. She had won the first prize in a fencing competition, and this fact made the fencing institute that she and her husband ran more popular than ever. Expert fencers considered it a great honor to have a few bouts with the beautiful swordswoman. The harmony between Putokhn and his clever wife was disturbed by the appearance of an officer in the fencing room. The officer paid more attention to the woman than her husband liked. The fencing-master became jealous, and at last the officer challenged him to a duel. A remarkable thing now happened. When the fencing-master arranged with the officer's seconds he received a visit from other seconds who had been sent by his wife. The woman considered that she had been insulted by her husband's behaviour and sent him a challenge. She insisted that he should fight with her before his meeting with the officer. At first the fencing-master was not inclined to accept the challenge, but he eventually accepted it in the hope that it would lead to a reconciliation between them. But instead of the reconciliation a tragedy resulted. Putokhn faced his wife, and the order "Allez!" was given. The wife attacked fiercely, but the husband drew back, contenting himself with parrying the lunges and letting it be seen that he was not fighting earnestly. While it was clear to the spectators of the duel that Putokhn had no thought of wounding his wife she fought with only one object in view—to vanquish her husband. In the third bout she sprang upon him and plunged her weapon in his breast. It was the end of the fencing-master.

**"I ATTRIBUTE MY CURE SOLELY And Entirely To Taking 'Fruit-a-lives'"**

HULL, QUE., DEC. 24th, 1909

"For the past twelve years, I had painful attacks of Dyspepsia. I could not digest my food and everything caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks. Three doctors attended me for two years and gave me all kinds of medicine but did me no good. My weight came to only 80 pounds and everyone thought I was going to die. Finally, I had the good fortune to try 'Fruit-a-lives' and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy, I steadily improved. Now I feel very well, weigh 115 pounds, and this is more than I ever weighed even before my illness. I attribute my cure solely and entirely to 'Fruit-a-lives' and can never praise them too much for saving my life. To all who suffer from Dyspepsia and Constipation, I recommend 'Fruit-a-lives' as a miraculous remedy."

Mrs. ANDREW STAFFORD, 500 a box, 6 for \$2.50, trial size 25c. Ask dealers or from Fruit-a-lives Limited, Ottawa.

**HOW TO FIGHT CONSUMPTION**

The Grand Duchess of Hesse has hit upon a novel scheme for propagating the knowledge of how to fight consumption. On her recent visit to a hygiene exhibition at Darmstadt she saw some match boxes with printed instructions on the reverse side what to do and what not to do in order to avoid the spread of tubercular contagion. The boxes were samples. Several billion had been made to the order of some South American government. The Grand Duchess has now succeeded in inducing all the match manufacturers of the Grand Duchy to place these instructions on the back of every box they sell, the price to remain the same.

**PAID FOR HIS WIFE**

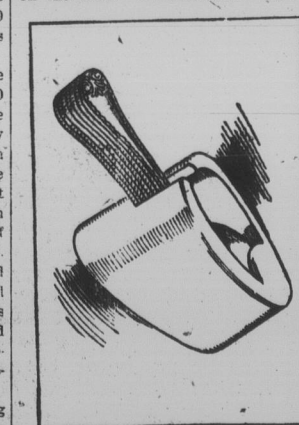

Barter and Sale of a Woman in a London Court

A London cable says: The barter and sale of a woman for \$27,500 was arranged in the courts here recently by the authority of a judge. The case was that of a divorce suit brought by Marcellus Raymond Morand against his wife, Helena Woodley Morand, both actors. J. A. Morrison, inheritor of the Morrison millions, was named as co-defendant. The suit was defended, and counsel stated that it had been agreed that Morrison should pay Morand \$27,500 damages. Mr. Justice Baggallay, Deane, addressing the jury, said: "The parties have agreed as to damages. The co-defendant is prepared to pay the amount, and the petitioner is satisfied to receive the sum. If there were some thing behind the arrangement I should tell you not to listen to it, but in this case, as far as I can see, there is nothing objectionable. Capt. Morand practically bought this woman for \$27,500."

**NEW SPOONHOLDER**

Will Not Upset and Contents Are Always in Neat Design

To the old-fashioned spoonholder several objections have been raised: that it is too serious but they set a young jeweler to thinking and he designed a holder which overcomes them. One objection to the old type of spoonholder was the way in which it overturned and spilled its contents on the table. Another fault was the manner in which the spoons sometimes became entangled so that when you removed one you brought others with it.

NO "TANGLING" OF SPOONS.

The holder shown herewith has a relatively long base and is quite stable. The interior is in the general shape of the bowl of a spoon and the latter fits snugly into it, with the handle projecting through a slot. As each spoon is put into the holder it rests exactly upon the one below it and a neat pile is formed. Of course, the holder is made in different sizes for different size spoons.

Now is the time to get rid of your rheumatism. You do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all dealers.

**THRIFT IN FARMING**

Too Much Land Taken up in Roads and Fencing

An agricultural writer says that the country roads are too wide, that 220 acres in each township is devoted to roads which if made into a farm would yield some one a comfortable income. He says farmers should set their fences out twelve and one-half feet. Upon this the Emporia Gazette makes the comment that farmers do not utilize all the land they have enclosed. There are, it says, numerous and sundry patches which, if cultivated, would add materially to his income. "Suppose he gets after those wastes before he goes in for turning the beautiful wide lanes of the prairies into mere courts."

Both these suggestions are signs of a change in agricultural methods. In the United States, as in Canada, farming has been done with careless prodigality. For this the farmer is not to be blamed. There was plenty of land, and therefore, no apparent need to husband its resources or restore its fertility. In the early history of the United States, the farmer moved from place to place, tapping the wealth of new regions, very much as miners flock to a district where gold has been discovered.

But how it is perceived that the resources of the country are not inexhaustible. Although all the land has not been occupied, there are now new and vast regions to attract the pioneer. Conservation of resources becomes a watchword. Desert lands are made fertile by irrigation. Attention is paid to the Southern States which so long lay under the blight of slave labor.

In France every foot of soil is utilized, and wonderful results are achieved. A country not as large as Texas produces a third as much wheat as the United States, large quantities of other grains and roots, while there are nearly four million acres of vineyards yielding grapes which are manufactured into 627,000,000 gallons of wine. The whole country presents the appearance of a garden.

Of course the United States and Canada are a long way off from the stage of agricultural development which is due partly to thrift, partly to necessity. But we are bound to move in that direction.—The Star.

**Cat-like Animal**

A huge cat-like animal was killed recently by the bush farm of Joseph Sauder, Pailin Township, Ont., by Aaron Ziegler. It was discovered that some miscreant creature was stealing meat hung up in the kitchen, and a burrow under the building was accidentally disclosed, extending 100 yards back to the swamp. At the entrance to the burrow a dead-fall was set and worked to a charm. The captive animal was despatched with a crowbar. It was pronounced to be a genuine catamount or mountain lion. It weighed 38 pounds and measured 6 feet 4 inches from nose to tail tip.

**Tortoise From Florida Coast**

The finest of tortoise shell is said to be that which comes from the Indian archipelago, although much of that obtained on the Florida coast is of the very best quality. There are three rows of plates on the back of the animal, called "blades" by the fishermen. In the central row are five plates, and in each of the others four plates, there are 25 small plates around the edges of the shell, known as "feet" or "noses." The biggest turtle does not furnish more than 16 pound of shell. Formerly the undershell was discarded as worthless but now it is much esteemed for the delicacy of coloring. Sometimes imitation of tortoise shell is made from the horns of cows.

**Real Pearl Toilet Powder**

Some of the most beautiful women of Europe use a face powder that is made from pearl dust; that is, real pearls ground to a powder, according to a recent newspaper report. It is far more expensive than the so-called poudre de perles sold in shops, which is merely mother-of-pearl crushed. The real pearl powder originated in the East. At a certain pearl market place in the Levant, several girls were employed to bore holes through the gems for the purpose of stringing. Some of the girls noticed that a few of their companions were acquiring brilliant complexions. For some time they could not induce them to tell what they were using, but at length the secret was out, and pearl powder thereafter became a great demand as a facial beautifier.

**Poverty Unknown in Serbia**

Though the progress of Serbia has been disappointing, said to be due in a considerable measure to the fact that the country has been afflicted with two native dynasties, yet poverty is almost unknown. The peasantry is prosperous, almost all being small land-owners and quite well-to-do.

**Horse Nineteen Hands High**

Battle Creek, Michigan, boasts a giant horse. It is 6 feet 4 inches high. It is seven years old and a good traveler, but no attempt will be made to make it for double harness, for it would be a fruitless task.

**Gas Men Killed**

Four gas operators, all residents of Calgary, employed of the Western Canada Natural Gas Company, were asphyxiated in the Nanton Gas Plant. The men were sent down to Nanton to repair a leak in the pipe of the Nanton plant. With considerable difficulty nooses were passed over the bodies of the men and they were dragged out of the building. All were dead.

**King George's Navy Plug****KING GEORGE NAVY PLUG CHEWING TOBACCO**

IS IN A CLASS BY ITSELF!

It surpasses all others in quality and flavour because the process by which it is made differs from others.—It is deliciously sweet and non-irritating.

SOLD EVERYWHERE: 10c A PLUG  
ROCK CITY TOBACCO Co., Manufacturers, QUEBEC

**Notice of Sale**

To George C. Harriman, of Grand Caspédia in the County of Bonaventure in the Province of Quebec, and to all others whom it shall or may concern.

Whereas Indenture of Lease bearing date the 28th day of August, A.D., 1902, made between Jane Gerrard of the one part, all that certain lot, piece or parcel of land situate, lying and being in the Town of Campbellton in the County of Restigouche, and Province of New Brunswick, bounded and described in said Indenture of Lease as follows:—

"Commencing at the south-east corner of lot occupied by and 'Hessie' McKennie & Flett by the said 'Jane Gerrard on the north side of Roseberry Street, thence along the east boundary line of McKennie & Flett lot northerly to the 'Intercolonial Railway land, thence easterly along the Intercolonial land a distance of 'forty five feet, thence southerly in a straight line to the north side of Roseberry Street 'thence along the north side of Roseberry Street a distance of forty five feet or 'thereabouts to the place of beginning,"

was demised and leased to the said Murdock G. Mann, his Executors administrators and assigns, for the term of nine hundred and ninety nine years from thence next ensuing— And whereas by Indenture of Mortgage bearing date the third day of February, A.D., 1908, and duly registered in the Restigouche County Records of Deeds as number 11,388 on pages 627, 628, 629, 630 and 631, in Book Y of said Records, made between the said Murdock G. Mann, of the one part, and James E. Kelly, of the other part, the said Murdock G. Mann did by way of mortgage grant, bargain, sell, assigns, transfer, convey and set over unto the said James E. Kelly, his Executors, administrators and assigns, all and singular the said premises therein recited Indenture of Lease, and the said lot of land thereby demised, and the houses, buildings and improvements thereon standing and being, or thereafter to be erected and built thereon, and the term of years therein yet to come and unexpired;—

And whereas the said Murdock G. Mann, subsequent to the giving and executing of the said Indenture of Mortgage, by Indenture dated the 28th day of September, A.D., 1909, granted and assigned the said Indenture of Lease, the said lot of land and premises and the improvements thereon, and the said term of years yet to come and unexpired, and the said George C. Harriman, his Executors, administrators and assigns.

And whereas the said James E. Kelly, departed this life intestate on or about the seventh day of February, A.D., 1909, and Letters of Administration of the goods, chattels and credits of the said James E. Kelly, deceased, were on the eighteenth day of December, A.D., 1912, granted to the undersigned by the Probate Court of the County of Restigouche, and they have been duly sworn as such:—

And whereas default has been made in the payment of the principal money and interest secured by said Indenture of Mortgage:— Notice is hereby given that for the purpose of satisfying the said principal money and interest due on and secured and made payable by said Indenture of Mortgage and by law, and unpaid, there will, in pursuance and by virtue of a power of sale contained in said Indenture of Mortgage, be sold at Public Auction on Roseberry Street in front of the said 'Hessie' McKennie & Flett lot, the said Town of Campbellton on THURSDAY, the twenty-first day of August next, at two o'clock in the afternoon, the above mentioned Indenture of Lease, and the lands and premises therein mentioned and described, that is to say the said leasehold interest therein, and the improvements thereon being, and the said term of years then yet to come and unexpired, and all other the rights and appurtenances to the same belonging and appertaining, which under the said Indenture of Mortgage, the undersigned administrators can or may legally sell and assign.

Dated this seventh day of May, A.D., 1913.

**IN THE PROBATE COURT, COUNTY OF RESTIGOUCHE,**

To the Sheriff of the County, of Restigouche, any Constable within the said County, greeting—

Whereas F. Josephine Owens, wife of Louis M. Owens of the City of Saint John in the County and City of Saint John and Province of New Brunswick, Administratrix of the estate of all and singular the goods chattels and credits of Patrick Quinn late of Jacques River in the Parish of Durham in the County of Restigouche, deceased, hath prayed for the granting of a license for the sale of the real estate of the deceased for the payment of the debts of the said deceased by reason of there being a deficiency of personal property for that purpose.

You are therefore required to cite the heirs, next of kin, creditors, and all persons interested, to appear before me at a Court of Probate to be held at my office in the Bank of Nova Scotia Building in the Town of Campbellton, within and for the said County of Restigouche on MONDAY, the TWENTY-THIRD day of JUNE, A.D., 1913, at two o'clock in the afternoon to show cause, if any, why license should not be granted to the Administratrix for the sale of the real estate of the deceased for the payment of the debts of the said deceased by reason of there being a deficiency of personal property for that purpose.

Given under my hand and seal of the said Court, this Twenty-eighth day of April, A.D., 1913.

**I Buy Sheep and Sell Deer**

Was the reply of the late Cecil Roads when asked how he made so much money. Did you not notice that everyone wants to buy when prices are high and how hard it is to interest people in properties when prices are low. Do your buying when the other fellow has lost his nerve and is sick of the place, you will be the wise man at the end. You cannot fail if you buy properties in New Brunswick with your eyes open. It's coming and all the knockers living cannot stop it.

May 16-5 ins

**IS THIS THE FAMOUS “SAWDUST” WHARF**

Mr. Emmerson:  
1. Who is the wharfing of the government public wharf at Richibucto, New Brunswick, and how long has he been in charge of said wharf?  
2. Is it true that Mr. Fred. McDonnell or any other party hauled away from the said wharf during the year 1912, a portion of the gravel covering or filling thereof, for use in making concrete used in the construction of the new Opera House there? If so, who authorized or permitted the removal of the said gravel?

3. Is the government aware that Mr. Arthur E. O'Leary, brother of Mr. Richard O'Leary, has now, or recently had, as alleged, a team engaged in hauling gravel from the covering or filling of said wharf? If so, who gave permission for such action and what price is being paid for the privilege?  
4. Has any revenue been received from the sale of gravel taken off said wharf, or for the privilege of using such gravel, since January 1, 1912?

Mr. Rogers:  
1. There is no wharfing.  
2 and 3. Yes; hauled away between 20 and 30 loads each to make concrete; was not authorized nor was any privilege granted.  
4. No.

**FARM SETTLEMENT BOARD SCHEME WORKING WELL**

The sale of three more farms by the Farm Settlement Board of the province was concluded yesterday. These are situated at Knowlesville, near Woodstock, and at North Ridge, Glassville. The purchase of another farm at Upper Maugerville, Sunbury, was also concluded. Applications for several other farms are in the hands of the board. The farm at Knowlesville was bought by two sons of the farmer who owned the adjoining farm, and as they wished to have a farm of their own they made arrangements with the board to take over the adjoining farm, on which there are two houses.

The immigration office, Mr. Gilchrist says, is continually in receipt of letters from satisfied settlers, who find the conditions here all that were promised. One was received yesterday stating the satisfactory conditions which the new settler found in the farm life of the province.

At the present time there are several old country people who have received assistance from the immigration authorities towards their passage money. Quite a number of people have been assisted since the fund was started, Mr. Gilchrist says, and so far there has been very little loss, the immigrants in nearly all cases keeping faith with the board. The second last instalment was received yesterday from the head of a family of nine who arrived about a year ago and who received an advance of more than \$100. Only a few dollars remain to be cleared off. Half the passage money is advanced to the immigrant after careful inquiries as to his character, and a guarantee is now being taken from his friends as well.

The sun was just rising like a child from its sleep above the eastern horizon, when Thomson inserted his latch key in the front door. Slowly and carefully he picked his way upstairs, but his efforts of quietness were of the loudest possible description and the inevitable occurred. Mrs. Thomson met him at the landing.  
“Well,” she said, with deep sarcasm, “are you just returning home from the club or going out to business?”  
“I'm not sure, love,” replied the erring one, “but—hullo—I'll toss you for it.”

**PRESBYTERY OF MIRAMICHI**

A special meeting of the Presbytery of Miramichi was held in the Hall of St. John's Church, Chatham, on Tuesday evening, Rev. D. Henderson was appointed moderator pro tem. Rev. J. M. MacLean, the clerk, reported that he had moderated in a call at Tabusintac on May 18, which had come out in favor of Rev. Geo. Tattler. It had been signed by 125 communicants and 255 adherents and was accompanied with a guarantee of \$500 stipend, glebe, and three weeks holidays. The call and relative documents were then placed on the table. Mr. Wm. Anderson and Mr. Eubulus McCallum appeared in support of the call and testified to the unanimity which pervaded the congregation and their earnest desire that Mr. Tattler should accept the call. Mr. Anderson spoke of the splendid services which had been rendered by Mr. A. D. Archibald who occupied the pulpit during the vacancy. He had discharged his duties with credit to himself and great satisfaction to the congregation. A resolution, passed by the congregation of New Carlisle, urged that the translation of Mr. Tattler be not granted. He has done excellent work at New Carlisle during the eight years of his pastorate and was considered to be just the man to carry on the work for many years to come. The call was then placed in Mr. Tattler's hands and in a brief speech accepted by him. Arrangements were made for his induction at Tabusintac on Thursday, 19th June, at 4 p.m. Rev. J. M. MacLean is to preside and induct, Rev. D. Henderson to preach, Rev. S. I. McArthur to address the minister and Rev. F. C. Simpson to address the congregation.

Application was made to the General Assembly for leave to take on trial for license Mr. J. Hattie who has just completed his studies for the ministry at the Presbyterian College, Montreal. There seems to have been a slight irregularity in his course of study. The Presbytery then adjourned.

**A LITTLE MONARCHY**

Arran, an interesting Scottish island kingdom, is ruled over by a woman, the beautiful Marchioness of Graham, wife of the eldest son and heir of the Duke of Montrose. It was as Lady Mary Hamilton that the Marchioness inherited this little monarchy from her father, the late Duke of Hamilton, whose only child she was. As sole owner of this seagirt kingdom, the Marchioness rules wisely and well over loyal subjects, numbering in all nearly five thousand.

The island, which is some nine-tenths miles long and ten and a half broad with an area of a hundred and sixty-eight square miles, has had a romantic history. Along the cliffs of the South coast there are several large caverns, one being known as the King's Cave. Here Robert the Bruce is said to have hidden himself for some time, while it was from Brodick Bay that Bruce sailed to Carrick on his expedition for the recovery of the crown. These are many interesting ruins, too, such as Lochranza Castle, once the residence of the Scots Kings. Then there are cairns, standing stones and stone circles.

A few years ago several stone coffins were found in a cairn two hundred feet in circumference. Brodick Castle, the owner's residence, is on the site of an old and historic structure, but it has been rebuilt within recent times in Scotch baronial style. Situated upon the northwest shore of Brodick Bay, its position is an exceptionally fine one. In 1902, when cruising in these waters, King Edward paid a visit to the castle.

## SOCIAL and PERSONAL

Our Readers are Asked to Contribute Items to this Column.

Friends here will be grieved to learn that Mrs. J. B. MacKenzie is seriously ill in Vancouver.

Mr. R. L. Myles of Benjamin River was a visitor in town on Wednesday.

Miss Maude O'Keefe spent Tuesday in Dalhousie the guest of her sister Mrs. W. S. Montgomery.

Miss Mary Shonnon has resumed her duties with Messrs. A. Bertrand & Sons.

Miss Hazel Lingley returned from Fredericton on Tuesday.

Mr. Thomas Malcolm returned to town Saturday morning.

One of the most enjoyable social evenings of the season was passed at the home of Mrs. and Mrs. Daniel Lawlor of Matapedia on Monday last when a small but select party of friends, in response to their hospitable invitations, met to enjoy themselves. The guests were received by Mr. John Lawlor, brother of the host. Violin music being very tastefully rendered by Mr. Walter Downs of Flatlands the guests were soon whirling through the intricate mazes of fascinating dance. Dainty refreshments were served around by Misses Gertrude Lawlor, Alice Lawlor, Gertrude Chamberlain and Lucy Adams. Justice being done to this repast, dancing and games were the order of the evening until the hands of the clock were moving among the "wee sma' hours". Then with words of thanks to the host and hostess for their kindness and hospitality, the guests dispersed to their homes. Among the invited were the following: Mesdames Robert Ferguson and Morland Adams, Misses G. A. Murray, Champion, C. B. McNaughton, Willet, Gertrude Lawlor, Alice Lawlor, Gertrude Chamberlain, Maude Babcock, J. Cleary and Lucy Adams, Messrs. M. Adams, J. Lawlor, R. Ferguson, H. Farwell, Thomas Kean, John Doyle, W. Connell, F. Quail, W. P. Coughlan and W. A. Archibald.

Miss Tessie Lingley and Miss Ruth Cameron were visiting Mrs. W. Wilkinson at Gagetown this week.

Mrs. J. B. H. Storer, Mrs. Baldwin and the Misses Mercer of Dalhousie motored to town here on Wednesday.

Mr. J. G. Ensie of Montreal was in town this week.

Mrs. Alex. McLennan is visiting her daughter at Claremont, N. H.

Fred G. Kerr and Max. M. Mowat were visiting in Chatham this week.

Miss Mowat, Miss Lou Nelson and Miss Muriel Mowat left this morning to attend the closing exercises at Mount Allison, Sackville.

Messrs. Fred McKnight and James Irvine of Desford were the guests of Mr. and Mrs. Alex. MacDavid on Tuesday.

Master Melbore MacDavid is visiting his grandparents Mr. and Mrs. Wm. Gaudin at Ecuimac.

John McKinnon was in town on Wednesday.

Henry MacDavid of Oak Bay spent Wednesday in town.

Miss Millie Adams of Matapedia is visiting her sister Mrs. Ernest Gilden.

Wm. Gaudin of Ecuimac has returned home after spending a few days in Richibucto.

Mr. and Mrs. Alex. MacDavid are receiving congratulations on the arrival of a little daughter at their home on Tuesday last.

Mr. and Mrs. J. G. Christie leave on the Maritime tomorrow with their children to spend the holiday at Marysville.

H. S. Alexander returned from Montreal Wednesday. Mr. Alexander has arranged to take up a responsible position early in the fall.

P. W. Hamilton of Charlott, and County councillor Mahoney were in town today in their return from Ottawa.

W. J. O'Leary of Montreal was in town on Tuesday enroute for Bathurst.

Boy's Shirt Waists in all sizes at OAK HALL.

## F. E. SHEPARD & CO. LADIES' OUTFITTERS

### DALHOUSIE

Dalhousie, May 22.—Mr. D. McLeod published on the Pictou Advocate dated May 22 a two column article under the heading of "Time Recollections". He revives the story of the most atrocious and cold blooded murder ever committed, when about sixty-five years ago a young man named Kerr belonging to one of the families living between Dalhousie Junction and Campbellton was murdered by a man named McFayden. When Kerr's friends found him missing in Restigouche they discovered that McFayden had enticed him to go to Pictou. The authorities soon discovered that McFayden's statement, that he had parted Kerr at Bathurst was false, hence his arrest, trial and sentence to death. His execution took place at the entrance of Pictou Harbour on a cold gusty day in the month of November 1848. The writer says that crowds of people came from all directions to witness the passing of McFayden, four wheeled vehicles were a rare sight at that period but all the "frys", "shays" and carts were called into requisition, and a large number travelled on horse back or on foot to the scene of the execution.

One of the largest funerals held from a country district of Restigouche was that of Mrs. James Hamilton of Shannonvale who died suddenly on Friday last. Her funeral was held on Sunday afternoon to St. John's Presbyterian cemetery. Rev. Mr. Kirk officiated at the house and grave. Great sympathy is felt for the stricken family in their sad bereavement. The late Mrs. Hamilton nee Miss McConnell was in her 56th year and was always highly respected.

The pupils of the Dalhousie town superior school will hold a concert in the temperance hall here on Friday evening June 13th. They will be assisted by outside talent.

Our town policeman Mr. Stone has been notified that a \$1000 reward is offered for the arrest of Harry John McLaughlin who has absconded from Philadelphia, with funds of the Adams Express Co. There is an impression that he is in Canada.

Miss Grace McNeil gave a Piano Recital

in College Hall, Toronto on Wednesday evening May 14th. She is a daughter of the late Daniel McNeil of River du Loap who was killed some years ago on the C.P.R. and her mother is a Dalhousie girl.

There is general sympathy expressed here for Mr. and Mrs. Robert Hamilton who lost their youngest child yesterday in Campbellton in such a tragic manner.

Many expressions of regret were heard in this community when it became known that Louis Allain had passed away on Monday morning. He was in his 48th year. During the last 29 years he has been a resident of Dalhousie, and was one of our most esteemed citizens. Kindness, hospitality and sympathy were his motto. Many people came from Carleton his native place, to attend his funeral, which took place on Wednesday and was largely attended. Among the large number who were at the funeral were seen many friends from Campbellton, St. Omer, Nouvelle, etc. Besides his wife he is survived by a family of five daughters, one son and an adopted child for whom there is deep sympathy felt in their sad bereavement. The pall bearers were: P. H. Sheehan, George E. Mercer, Ed. Elshiger, James Wall, L. J. LeBlanc and James Arsenault.

Mrs. John Dean arrived here last evening from St. John to join her husband for the early opening of the Inch Arran House. She was accompanied by her little nephew Master James Buchanan of St. John, who will spend sometime here.

The engagement is announced of Miss Lumina Mercier, daughter of Mr. George E. Mercer, of Dalhousie, to Mr. Henrie Trudelle, formerly of Quebec, and now of Edmonton. The marriage will take place in Dalhousie, on June 19th 1913.

Mrs. Ernest Cullen of Carleton, P. Q., a well known local woman, who was here on Wednesday and sang a solo during Requiem Mass which touched many hearts.

Mr. W. E. McIntyre, St. John was here on Wednesday to attend Mr. Allan's funeral.

At a recent meeting of the town council the following standing committee were appointed: Finance—Montgomery, McDonald and Doucett.

Streets and Public Property—O'Keefe, Thirault and Wallace.

Police and Light—Doucett, McDonald and Elshiger.

By-Laws—Montgomery, Shannon, McDonald.

Fire—Elshiger, McLeod and O'Keefe.

Officers appointed as follows: A. J. LeBlanc—Town Clerk.

S. Blanchard—Auditor.

E. Rene Ritchie—Legal Advisor.

Street and Road Com.—John Harquail.

Supt. of Water—Wm. Gallop.

Supt. of Electric System—Lester Brown.

A resolution was unanimously passed favoring the building of a highway across Canada to follow the line of the I.C.R. from Quebec to Campbellton thence the old highway to Bathurst passing through the old Miramichi road to Chatham taking in the towns of Richibucto, Rexton and Buctouche to Montreal.

This week the merchants of Dalhousie profiting of the presence of Mayor Montgomery at the capital sent him a despatch protesting against the new regulation requesting the farmers to pay wharfage at the Upper Migusha wharf and respectfully praying that the government cancel the instructions given the wharfing. It will be remembered by those interested that a few years ago an understanding was come to between the members of Bonaventure and Restigouche Co.'s that in order to encourage agriculture and trade, free wharfing should be built for the convenience of the farmers to market their produce in the towns of Campbellton and Dalhousie. That as a result of that agreement suitable wharves were built at Campbellton, Dalhousie, Upper Migusha and St. Omer and further plans were laid under the late government to build wharves at Fleurant's Point and Ecuimac.

It is to be hoped that Mayor Montgomery who controls the Dominion patronage in Restigouche, will see that old customs that have worked so well, be renewed.

Among the Dalhousie citizens who went to Bathurst to attend the consecration of Bishop elect O'Leary are Mrs. W. S. Montgomery, Mrs. F. B. Troy, Mr. and Mrs. A. J. LeBlanc, Miss Marie LeBlanc, W. A. R. Cragg, E. R. Gaudet and P. H. Sheehan.

Mrs. J. J. Scherer, of Montreal who came to attend the funeral of her late son, Louis Allain, will spend a few days here the guest of Mrs. E. R. Gaudet, at the Queen.

Mr. Thero, C.P.R. and Mr. McNeil were here on Wednesday, the guests of Mr. and Mrs. W. S. Montgomery.

Try the Slater Shoe

For Quality

The best known shoe in Canada—Properly so.

There is only one shoe that stands today as the standard of excellence, value and reliability in Canada, for men. This is the genuine Slater Shoe, identified by the sign of the Slate. Millions of Canadians know it as the shoe of service. Satisfaction and Protection in price. This fine and honestly made shoe has earned and deserved the increased respect and good will of intelligent shoe buyers during its history of over 40 years. The genuine Slater Shoe stands throughout Canada for Good Leather, Good Workmanship, and Good Style. More than that it stands for the protection of the buyer against exorbitant prices.

The Genuine Bears the Slate Trademark on the sole.
