HARTLAND HAS NEW CADET CORPS

Organized Through the Interest of
Gage W. Montgomery There are
Forty-Nine Members

A Cadet Corps has been organized here by Lieut-Col. A. H. Snow, of St. John, who is chief organizer and instructor of Cadet Services in N. B., which comprises Military District No. 7. The Corps was promoted by Gage W. Montgomery, one of the school teachers, and he is instructor, under Class "A" of the Infantry Cadet Services of Canada. The application was approved by the Chief Superintendent of Education and forwarded to the Militia Department at Ottawa, where it was approved and allotted No. 578. Each member of the Cadet Corps will be issued a belt and drill rifle, and the Corps has the loan of four .22 rifles and an issue of ammunition for practice shooting. They also have a complete Remington signaling outfit which is issued so that the boys may learn signaling. It is possible for them to complete the signaller's course and become certified signallers for the Militia.

When the Militia Department had a large supply of hand uniforms were issued but that has been discontinued. However, to encourage the uniform dress for Cadets the government gives every member who appears in a Uniform at the annual parade inspection in June the sum of \$1.25. Hartland Cadet Corps contemplates getting summer uniforms of shirt, breeches, stockings and caps, which will cost about \$4 and will be worn everyday during the summer.

On Thursday of last week Lieut-Col. Snow was in town and met the greater number of the boys. At the conclusion of a short address telling them the duties, services and opportunities of a Cadet, he assured them of a trip to camp this summer (possibly at Sussex) if they wished to go with all their expenses paid. Lieut-Col. Snow also expressed his appreciation of the eleven boys of this Cadet Corps who entered the individual shooting competitions of the Canadian Rifle League held during the three months of February, March and April. Only two public school Cadet Corps entered and Hartland was one, which placed them in line last year for winning one of the four best rifles that can be bought in the British Empire. During the third year they will be given an opportunity of shooting in the competition for the actual ownership of it.

According to the law of our country every man between eighteen and forty-five years of age is a soldier and can be called on in case of war, and as shown during the last great war, thousands of men rushed into the army and to the front with very little training, and as a result thousands were killed for lack of training and control of themselves when the crisis came.

The idea of the Cadet services is to give the boys between twelve and eighteen a chance to learn a certain amount of the active service drill and especially to train him in discipline, the physical care of the body with proper exercises, and the control of himself in a time of confusion. The boys are taught how to shoot and given arms and ammunition for practice, also the care of arms both while using and after using.

Lieut-Col. Strathcona in order that the cadet work might be encouraged, left \$300,000, the interest of which is to be applied for cadet work in Canada. New Brunswick's share of that interest is \$300 broken up into prizes ranging from \$5 down. These prizes are awarded as recommended by the inspecting officer, for neatness, discipline and field movements, with the signaling.

Hartland Cadet Corps has an enrollment of forty-eight boys between 12 and 18 years of age, and will be glad to accept any boy between those ages who lives near enough to Hartland to attend the drill on Monday and Friday evening, which at the present time is being done in the Armory. After the boys become familiar with the drill, there will be seven officers appointed—four sergeants, two lieutenants and a captain. Hartland boys are doing finely and several ex-service officers of the Army have said they are an extra smart looking company.

The boys who have joined are, Creighton C. Baker, George E. Waters, Terrence Knight, George Knight, Roy McGoldrick, Danie C. Orser, Paul Belyea, Allen M. Baker, Claude Hayward, Clinton Clark, James Bridges, Howard Taylor, Harry McCollum, Russell Hoyt, Paul Bradley, Desne Bradley, Dean Price, Murray Cummings, George Barter, Gordon Miller, Fred H. Dickinson, Arthur McMillan, Aubrey

Baker, Joe Harris, Howard Carr, Andy McGoldrick, Merritt Meyers, Robert Carr, Carle Rigby, Donald Thistle, Russell Britton, Arthur Rigby, Walter Morgan, Gordon Boyer, Russell Boyer, William A. Hayward, J. Frank Bubar, Harry Bradley, Israel Boyer, Kenneth Irving, Lorne Britton, Amos Rideout, Lord A. Orser, Norman Rideout, Harold Donkin, Lawrence Rideout.

Cadet service is purely voluntary, not compulsory, but the training fits the boys for good citizenship, and in case it ever becomes necessary to call upon the manhood of the country for defence again they would be acquainted with what was coming and their knowledge would place them in the line for commissions.

REVIVAL SERVICES AT SIMONDS

There will be a series of revival meetings of several weeks duration held at the Advent Christian church of Middle Simonds beginning Wed.

March 1. These services will be conducted by Rev. J. F. Whitman of Minneapolis, Minn. Mr. Whitman is a very able and interesting speaker. A most cordial invitation is hereby extended to the public to come and share in the pleasure and blessings of these services.

REV. THOS. PIERCE BUYS HOME HERE

Rev. Thomas Pierce, pastor of Hartland Methodist church, who at present makes his home at Woodstock, has decided that Hartland is a good town to live in and has purchased Franklin W. Clark's nice residence on Main street, near the school house. He will move into his newly acquired home the latter part of April. Mr. Pierce is one of the older ministers of the conference and is living partly retired from active service, although serving the local church very acceptably.

Mr. Clark intends building a double tenement on a lot across the street.

PRODUCE PRICES

The potato market continues dull and there is little wonder that farmers and business men alike are dejected. The price for Mountains is still maintained at \$1.00 a barrel, but there was some effort on the part of smaller buyers to establish the price at 80 cents. There is no market for Cobblers, although there are many of them on hand.

Oats are in increasing demand and the price paid today is 55 cents. Hay holds firm at \$24. There is enquiry for live hogs at 10 cents a pound. The market for dressed pork is falling off as was forecasted last week. The price today is 14 cents.

Eggs are unseasonably high and readily bring 45 cents, while butter in prints is being bought for 35 cents.

LIGHT THE BRIDGE

The Observer is informed that the Department of Public Works has expressed willingness to equip the river bridge for lights if the town desires to furnish the current.

What about it?

LOCAL LIBERALS ARE RE-ORGANIZED

Largely Attended Meeting At Andover
Last Tuesday—New Officers and
Committees Appointed

An organization meeting of the Liberal party for Carleton and Victoria was held in the Specialty theatre at Andover on Thursday, February 23. The delegates to this convention were all elected at organization meetings held in the months of December, January and February in the different polling sub-divisions of Carleton and Victoria counties.

There were one hundred and thirty-nine delegates present, nearly every polling district being represented. Very optimistic feeling for the future of the Liberal party was expressed at this meeting. Among other matters organization and patronage were discussed.

On the report of the organization committee, a committee on by-laws was appointed and after the by-laws had been read section by section and adopted by the convention, the following officers were elected which constitute the Executive for Carleton and Victoria:

President, D. J. Collins; Vice President, C. F. Gallagher; Secretary, F. O. Creighton; Treasurer, Dr. MacIntosh, with J. W. P. Dickson and J. J. Strom completing the Executive.

All matters arising in any polling sub-division are to be settled by the local organization.

LOSS OF AN OLD LANDMARK

The Old Love Hotel at Glasville Has
Vanished From the Face
of the Earth

An old landmark was removed from Glasville on Friday morning when fire destroyed the building, once familiarly known as Love's Hotel. In days gone by this comfortable hostelry was very well known to the great number of lumbermen who passed through Glasville to and from the great lumber forests of the Miramichi. The burning of the building will recall many memories to those of a passing generation who were familiar with the place.

The building had not been open for a hotel for several years and at the time it was destroyed was occupied by Mrs. D. Fitzgerald. As the fire broke out in the early part of the morning most of the contents were destroyed.

ANNETT-ESTABROOKS

At the residence of Mr. and Mrs. Henry H. Estabrooks, Florenceville, on Tuesday, February 28, their daughter, Helen Rankine, became the bride of William Harvey Annett of Hartland.

The ceremony was performed by the Rev. W. F. Haigh in the presence of a large number of guests. After the wedding luncheon Mr. and Mrs. Annett took the express for a brief wedding tour and upon their return to Hartland they will at once take up their residence in the Dr. Curtis house on Maple street.

The bride is an accomplished young woman and many Hartland friends will welcome her to the town. Mr. Annett is the popular and efficient agent for the C. P. R. and the friends of both wish them a happy future.

The bride was given away by her father and Miss Faye Plummer of Woodstock was the bridesmaid. The groom was supported by the brother of the bride. As the party entered the parlor the Wedding March from Lohengrin was rendered by Miss Stella Hunter.

THE FARMERS IN SESSION

Convention Also Favors Removal of
Tariff on Farm Implements and
Favors Reciprocity With United
States—T.W. Caldwell,
M.P., Again President

Fredericton, N. B., Feb. 2—The United Farmers of New Brunswick commenced their annual convention here this morning with some 200 delegates in attendance.

C. Gordon Sharpe, as organizer director for Carleton county for the farmer's party, reported that adversity was one of the tests by which an organization was judged. Although a large number of the old members of the association had not renewed their membership as yet, in view of yesterday's meeting he said he believed the membership would be increased.

A suggestion made by Alex. Brewer of Keswick to the effect that a more efficient scheme of organizing work could be undertaken, was taken up.

In view of the financial deficit it was thought a scheme which would also relieve the financial situation somewhat would be advisable.

Mr. Brewer said that at no previous time had there been greater interest exhibited in the organization, but regretted that the women of the province had not taken a greater part in the movement. In ten years time he believed the organization would be as strong as that in the west.

Mrs. Mulherin, of Grand Falls, as a farmer's wife, placed the blame on the men. Their husbands were afraid that they would transgress the rules of polite society as laid down by the city women. "The little woman" to whom the larger part of the social unrest was attributed by the speaker. "The farmer's wife is educating her children in a Christian manner and doing her duty in the home," declared the speaker.

Other speakers deplored the lack of education in public matters which placed a natural restraint upon the members of the organization when it became necessary to give public expression to their opinions. The barriers which existed between the country and city districts should be broken down and were being broken down, declared one speaker.

Unless the sentiment of the association and the social nature of the organization were kept up the whole scheme would fail, declared C. F. Alward of Havelock.

The nominations for officers and consideration of the financial statement and the deficit which it shows occupied a long time. The provincial secretary is to take up the matter of the deficit with the branch secretaries and

failing a solution in that quarter with
the organizing directors. The deficit
amounts to \$438.14. Total disburse-
ments during the year were \$3,831.07.
Of the amount \$208.92 was paid to
William Irvine, for merely provincial
organizer, now member of the House
of Commons for a western constitu-
ency, as salary and expenses.

The financial problem and the fact
that membership in the association is
not being renewed even at so moder-
ate a charge as \$1 annually was re-
ferred to repeatedly during the ses-
sion. The secretary, C. Gordon
Sharpe, informed the meeting that his
salary of \$1,500 per year was in ar-
rears and that during the year he
had received but \$500 of it. Unless
he were paid he could not continue
to devote his entire time to the duties.

Fred Sadler, of Maplevue, and Wal-
ter Hargrove, of Ripples, Sunbury
county, were called upon for reports
as organizing directors. Mr. Sadler
was frankly pessimistic. Mr. Hargrove
said that the time never was better
for organization. He criticized the
provincial government for its expendi-
tures and for the enactment of the
public health act.

C. Gordon Sharpe, of Woodstock,
secretary-treasurer, presented the fi-
nancial report. Stronger organization
was needed. Agriculture was the in-
dustry upon which all others depend.
Agriculture was successfully passing
through the period of depression and
was becoming stronger.

The recent general election had had
a bad effect on the organization. A
stronger spirit of class-consciousness
was needed. Too many farmers had
returned to their former political par-
ties. The majority, however, felt that
all should stick together. More money
must be provided. Membership fees
provided but \$2,454.50 and the system
was unsatisfactory.

During the convention a resolution
to be forwarded to the provincial gov-
ernment would be passed, urging that
a rural credit system be established.
In the past too many such resolutions
had been sent to the government merely
to be shelved.

On the motion of Mr. Sharpe, a res-
olution condemning any move toward
the introduction of a measure for the
dealing with liquor traffic on a revenue
basis was passed unanimously.

Rev. W. D. Wilson, of Fredericton,
field secretary of the New Brunswick
Temperance Alliance, and Donald Fraser,
of Plaster Rock, president of the same
body, addressed the convention.

Rev. Mr. Wilson drew attention to
the fact that in the province of Que-
bec only 300 municipalities out of
3,000 had adopted the revenue produc-
ing liquor act.

Mr. Fraser said that the devil was
trying to ask the people if they would
sell run for revenue.

C. V. Vernon, of St. Stephen, said
that under Chief Inspector Hawthorne
conditions in regard to enforcement of
the prohibition act were growing
worse all the time. The proposed leg-
islation would destroy all which had
been accomplished.

Discussion on the financial state-
ment followed. It was pointed out
that the organizing directors, although
entitled to \$5 per day, had been paid
nothing and other officials were in
arrears. The act on referred to be-
fore them was taken.

The session this evening was de-
voted chiefly to hearing addresses on
the subject "Woman's Place in Farm-
ers' Organization."

After a brief musical programme,
some attention was devoted to a ses-
sion of the press which was charged
with issuing incorrect statements con-
cerning the financial condition of the
farmers' stores and lack of unanimity
in the ranks of the association.

C. G. Sharpe spoke to this subject in
a forceful manner.

J. Frank Reilly, speaking to the ev-
ening's subject, said that women had
been too much disregarded in the far-
mer's movement. Lack of social or-
ganization in the country had resulted
in boys and girls leaving the farms.

Organization was for the develop-
ment of social, educational and com-
mercial side of farm life. The mother
should not be left at home. If she
would take a lively interest in the or-
ganization, the proper social life would
develop. The cities had no amuse-
ments but the movies, and they were
no fit place in which to educate the
young of the country.

Mrs. J. Mulherin, of Grand Falls,
who had created a sensation in the
afternoon by taking issue with Pres-
ident Donald Fraser, of the New
Brunswick Temperance Alliance, be-
cause of remarks which he had made
about crime conditions in Quebec pro-
vince, followed. Mrs. Mulherin took
issue at once with Mr. Reilly in his
reference to the Farmer's wife as the
poor woman.

The wife of a laboring man was not
dragged into a labor union. Why should
the farmer's wife be dragged in? Her
place was in the home aiding her hus-
band and organizing there. She did
not believe that women should have
the franchise. "They were needed to
clean up politics, without doubt, but
the cleaning process should start in the
homes. Old-fashioned mothers
were needed, but the world was not
ready to accept them." The Farmer's
wife was the most contested woman

on earth. She had the consciousness
of work well done and pride in a hap-
py home. She was not deprived of
comforts as so many imagined. She
had pianos, victrolas and the best
class of literature, far different from
the filthy stories to be found in the
city home.

Mrs. Charles J. Roberts, discussing
the question of the franchise, said that
it was not given in the right place.
Woman could vote in federal and pro-
vincial elections, but not in school
meetings. She had nothing to say
concerning the education of her child-
ren. The right could not long be de-
nied her.

G. G. Archibald, editor of the United
Farmers' Guide, spoke of the Cana-
dian council of agriculture. He ex-
plained that the council represented
the organized farmers in all parts of
Canada. Its duty was to get the gen-
eral consensus of opinion and to voice
that opinion in its programme an-
nounced from time to time.

Reviewing conditions in the various pro-
vinces, he said Alberta was firmly or-
ganized. In Manitoba the U. F. though
not dissatisfied with Premier Norris,
was going to enter the provincial field.
The Grain-Growers of Saskatchewan
were about to follow the footsteps of
Manitoba. In Ontario, a U. F. govern-
ment had been successful. In Quebec
the U. F. had ended the year with a
credit balance.

Suspicion of the U. F. on the part of
many farmers was due to lack of
knowledge of the objects of the orga-
nization.

The same was true of other clus-
ters. The press had never dealt fairly
with the farmer movement. Possibly
the time would come when the farm-
ers would find newspapers as ready
to support them as they now are ready
to support the two old parties.

Fredericton, N. B., Feb. 23—Thomas
W. Caldwell, M. P., for Carleton-Vic-
toria, was re-elected president of the
United Farmers of New Brunswick at
this morning's session of the conven-
tion. There was no contest, the estab-
lished candidates who had been nomi-
nated, all withdrawing and thus making
Mr. Caldwell's reelection unanimous.

J. F. Reilly, of Melrose, who has
been chairman of the convention, was
re-elected 1st vice-president and Mrs.
Charles J. Roberts, of Red Rapids, was
elected 2nd vice-president, the former
incumbent, John Inch, of Keswick, ex-
pressing satisfaction that the women
delegates were given such recognition.

The only change made in the prin-
cipal officers was in the auditor J. G.
Kirkpatrick, formerly of Grand Falls
and now a resident of Fredericton, has
held the position in connection with
his duties as auditor of the co-opera-
tive company. C. F. Alward of Havelock,
Kings County, was elected this
morning over several candidates in-
cluding Mr. Kirkpatrick, it being said
that it was not certain that he would
be with the organization this year.

The only other principal official po-
sition is that of secretary treasurer,
which is filled by appointment by the
board of directors. C. Gordon Sharpe
of Woodstock, who has been secretary
treasurer for several years, will be
re-appointed if he will accept.

The following organizing directors
were elected: Sunbury, W. S. Har-
grove; Restigouche, Father De La
Garde, J. C. Cook; Westmorland, J.
F. Reilly; E. P. Leblanc; York, Alex.
Brewer; Albert, G. M. Russell; Car-
leton, C. Gordon Sharpe; Victoria,
Mrs. Charles Roberts; Kings, G. P.
Johnson; Queens, Stanley Winston.

Resolutions which had been passed
by the United Farmers of Ontario,
first deploring attempts to divide the
people of Canada along racial and
religious lines for political purposes,
and pledging every effort to unite all
classes in Canadian citizenship, and
congratulating T. E. Gray on his po-
litical success, and pledging him sup-
port in avoiding all entangling alli-
ances with either of the old parties, and
following in parliament the course
mapped out during his appeal to the
people, were endorsed unanimously.

A resolution from Cumberland Bay
district against any change in the present
voting act was laid on the table.

A resolution calling upon the depart-

ment of agriculture to direct their ef-
forts toward improving market facil-
ities and expressing approval of the
department's action in co-operation
through the creameries and poultry
branches was passed.

Resolutions occupied the attention
of the convention this afternoon. Dis-
cussion upon them was varied and
lengthy.

The convention on motion decided
to pay up the deficit of \$438.14 by
means of a contribution of \$25 from
each branch by five of new members.

The convention passed a resolution
against unjust freight rates on rail-
ways on farm products, against ex-
travagance on the part of the C. N. R.
management and against the issuing
of passes except those issued by law.

The convention also passed a res-
olution that the time had arrived when
the tariff on farm implements and ma-
chinery should be removed and that
negotiations should be opened with the
United States with a view to establish-
ing reciprocal trade arrangements
with that country.

This resolution was referred back
to the resolution for rewording but
was again presented and passed with
form little altered.

In discussion on this resolution J. G.
Corey expressed the opinion that the
Canadian farmer was under a tre-
mendous handicap.

J. P. Reilly remarked that unemploy-
ment was the product of protection.
It had been in effect forty years and
this was the result.

C. F. Alward dealt particularly with
the reciprocity agreement of 1911 and
the reasons why it should have been
adopted instead of being defeated.

C. G. Sharp said that the farmer did
not want all but enough. Better trade
relations with the United States were
absolutely necessary. Unless they
were brought about the maritime pro-
vinces would be annexed to the United
States.

The convention went on record as
opposed to the public health act of
New Brunswick.

S. J. Burlock, M. P. P., informed the
convention that he intended to press
strongly upon the attention of the pro-
vincial government the feeling against
this act.

The convention also passed a res-
olution to the effect that an efficient
system of compulsory education should
take the place of the local option sys-
tem now in vogue, that a more equi-
table method of school assessment on
private lands be devised and that a
partial system of consolidation of rural
school systems be adopted.

Judson Corey said that the cost of
education in some rural districts was
almost prohibitive. Every dollar's
worth of property must pay its share.
There were valuable properties in cer-
tain counties which never had contrib-
uted a cent to schools.

A Chase Fawcett, M. P. P., in the
course of his remarks, said he strongly
favored the resolution.

C. F. Alward emphasized the need
of consolidation of poorer districts.

Mrs. Charles J. Roberts strongly
supported compulsory education. If it
could not be made effective for a
whole year let it be for four or five
months.

An amendment to the effect that the
assessment be worked out on a pro-
portional basis was withdrawn after dis-
cussion, the opinion being that to at-
tempt too much would endanger every-
thing.

N. W. Brown expressed the opinion
that every dollar's worth of land
should educate the children. He did
not think, however, that property in
the cities and towns should be includ-
ed in the scheme.

The convention closed tonight with
the customary extension of good will
to the citizens of Fredericton.

The passing of resolutions was com-
pleted. The convention passed the us-
ual resolution calling for the establish-
ment of dominion stockyards in the
maritime provinces.

It also passed a resolution request-
ing the federal government to place
on the statute books a law requiring
manufacturers of fertilizer to guaran-
tee the proportionate quantities of the
ingredients in the fertilizers, that man-
ufacturers be required to register, and
that a qualified chemist be employed
by the province to make tests of fer-
tilizers.

A resolution condemning statute la-
bor on the highways was passed after
discussion. Some were opposed to any
change in the highway act and others
were afraid of increased taxation. Still
others were against labor as in-
efficient.

By resolution the convention went
on record as favoring the establish-

Vice-President J. P. Reilly, in a clos-
ing address, expressed the kindly feel-
ing to ward the inhabitants of towns

that the rural and urban population
should understand each other better.
C. G. Sharpe and C. F. Alward also

TOM THUMB INDIANS DIE

Frank and Michael Mitchell Refused Many Offers to Join Circooses

Frank Ambrose Mitchell and Michael Mitchell, the Indian Tom Thumbs of America are dead. These two little Millicote Indians, after a short illness of pneumonia, passed out last week, their death being only three days apart.

Frank Ambrose Mitchell was 68 years old, his weight 38 pounds and 30 inches in height. His brother, Michael, was 65 years old, weighed 34 pounds, and was 28 inches in height. These two little men, without doubt, were the Indian Tom Thumbs of Am-

The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Compound with the best results, and never fail to recommend these wonderful remedies."

erica. They were little known, except in their own immediate locality. In their early days, accompanied by their mother, they would make some visits to Perth and Andover, but aside from these visits have remained in almost complete seclusion, and particularly so since the death of their mother some years ago.

The mother, when living, had been made some very handsome offers to travel with these little boys with circuses, etc., and also from city museums, which if accepted would have made, no doubt, a fortune for them. But these tempting offers were always turned down. Their home has always been at Tobique Point Indian Village, where they were born—Perth News.

Home Accidents

Seldom does a day pass without someone in your family happening an accident.

Housework means no end of bruises and knocks. Ironing time brings its burns, cooking often results in cuts, burns and scalds, while the children are "always in the wars." Consequently, every wise mother keeps a box of Zam-Buk close handy.

For the sprained ankle or wrist, the cut finger or bruised forehead, the burn or scald, antiseptic Zam-Buk is the safe ideal first-aid. Zam-Buk ends smarting pain and soreness almost instantly. It kills disease germs, cleanses the broken tissues, and grows fine new skin.

Zam-Buk is a pure highly-refined balm, of Nature's herbal oils and essences. Its timely use has averted many a festering hand, poisoned knee or crippled leg, common results of haphazard treatment with impure fatty ointments and salves.

There's no truer saying than that "Daily Mishaps Make Zam-Buk a Daily Need."

PLACE YOUR FERTILIZER ORDERS WITH US EARLY

Now is the time to act, right now, today. Do not put off from day to day in placing your orders. It will mean trouble for you later on, when you see the snow roads melting away with the March winds and April suns.

We wish to impress upon the farmer the absolute necessity of placing his order with us for chemicals at the earliest possible opportunity to avoid delay and disappointment from freight traffic congestion and other causes.

What the Use of Our Chemicals Means to the Farmer

The use of our HOME MIXED FERTILIZER results in a saving of from 25 to 35 per cent in the cost of the materials and possesses the additional advantage of enabling the farmer to prepare his mixtures in such quantities and proportions as the occasion demands.

The following testimonial is one of many on our files:

Peel, N. B., Jan. 23, 1922.
 I raised from twenty acres and twenty ton fertilizer, HOME MIXED bought from you, twenty five hundred barrels of good potatoes.

ELECTION RETURNS

The following is contributed to The
Observer by one of the "female vot-
ers" of Carleton-Victoria.

The election account of the Carleton-
Victoria election is evidently a source
of amusement to the Toronto Tele-
gram. The criticism was very mis-
sive, apparently omitting no details,
yet the writer did overlook a few
facts. One was that the candidate
was elected. In a contest where 192
candidates lost their deposits and in
a riding noted in times past for close
contests, surely this fact is worthy
of notice. May it not be considered
a sign of the times that a candidate,
who can publish such an account, was
successful? Canada is a country of
common people and to such surely
accounts which need no "doctoring"
look better than those of the past.
Who would not like to see a true ac-
count of the election expenses of the
opposing party in the present con-
test? No doubt the sums in this re-
port seem paltry to an old "cam-
paigner." The riding of Carleton-Vic-
toria has had elections in which, if
the true figures were published, even
the famous telegram of 1874, "Send
another \$10,000," would pale into in-
significance.

It is very probable the writer in the
Toronto paper would feel much more
at home in a report where the con-
tributions were in \$10,000, \$20,000 or
even \$50,000 entries. Or perhaps in
an opposition party account which
would deal with \$10,000 notes signed
by several "leading citizens" and re-
newed from year to year, vainly and
frantically hoping for a change of
some kind which would shift the bur-
den to other shoulders. The other
side of such an account would show
votes bought at \$2, \$5, \$10 and up to
\$25, with \$50 for family lots, etc.

As to the whiskey the emotions of
the Torontonians must have overcome
him to such an extent that he dared
not speak of its absence. No wonder,
if he remembered the "spirits" which
prevailed in those other days. He

speaks derisively of Farmer Town,
the small donations, and the small
paper. Perhaps the day is not far
distant when the people will prefer
the truth in a small paper to the
things published in papers whose pol-
icies are dictated at the whims and
desires of wealthy men, who may
sneer at the "day of small things."
When the Great Teacher came it
was the common people who heard
him gladly; and in Humanity's march
toward Truth this may be the indica-
tion of another step upward toward
the desired goal of truth and honesty
where we shall find peace and pros-
perity.

VOCATIONAL CLASS AS STOCK JUDGES

Class from Woodstock School, under
Director Maxwell, Visit Hart-
land Stock Farms

On Thursday, February 23, two big
sleigh loads of Carleton County Voc-
ational School agricultural students, 23
all told, passed through Hartland en
route to Dr. Macintosh's farm, a mile
above town. The students, accom-
panied by their instructors, Mr. May-
bee and Mr. Maxwell, were making
their annual Victoria Corner-Hart-
land stock judging trip. Leaving
Woodstock at 8:30 a.m., the boys pro-
ceeded to the farm of Harry Coch-
rane, Victoria Corner, where the boys
enjoyed the privilege of judging a
close and interesting class of three
aged Dual-purpose Shorthorn cows
composed of worthy representatives
of the breed, of which Mr. Cochrane
has many excellent specimens.
Reaching Hartland shortly after noon,
the boys partook of a hurried lunch
and started for the Macintosh farm
where a very pleasant and instructive
time was spent. The genial Mr. Kid-
ney, Dr. Macintosh's farm manager,
was in his element, proudly showing
the fine stock which is favored by
his good care. Strong, breedy, typi-
cal ewes of high quality made up the
classes in Oxford and Leicester.
When the final placing and set of
oral reasons were heard on all excep-
tionally strong class of Aged Holstein
cows the end of the judging had been
reached. A summing up by the in-
structors showed that the dollar prize
offered to the First Year student scor-
ing highest points on the day's judg-
ing was won by Brundage Slipp, Bull's
Creek, while a like prize offered for
competition in the Second Year Class
was won by Aubrey Reid, Plymouth.

Despite the fact that the trip was
made under very unfavorable weather
conditions, especially during the re-
turn trip to Woodstock, the boys were
unanimous in proclaiming the day's
outing a very enjoyable, instructive
and profitable experience. They deep-
ly appreciated the kindness of the
breeders visited in permitting them to
obtain such valuable judging practice.

JUNIOR FARMER'S ASSOCIATION MEETS

On Friday, February 24, at the Vo-
cational School, Woodstock, there was
held the annual meeting of the Car-
leton County Junior Farmers' Ass-
ociation. Assembled at 3 p.m., with
twenty four members in attendance,
and with President Irving Everett,
Jacksonville, in the chair, the meeting
early settled down to business. Act-
ing upon the gist of the chairman's

remarks, that the time was now ripe
for greater responsibilities to be as-
sumed by young men and that the
young man of today should appreciate
more fully the opportunities which
are his, many good proposals indi-
cative of action were brought before
the members. One of the most im-
portant questions discussed, and one
which, because of the present status
of the potato market, received favor-
able support, was that of endeavoring
to develop among the members a con-
centrated effort to produce seed pota-
toes, seed grain and timothy seed.
The resolution dealing with seed
stock production was unanimously
adopted with little discussion, and
a committee appointed to decide upon
varieties and to locate sources of
foundation seed will report at the next
meeting. The matter of the purchase
of a pure-bred bull for the use of the
members in the near vicinity was left
over for decision at the next meet-
ing pending the report of a committee ap-
pointed to ascertain how many mem-
bers would club together in the con-
templated purchase which would be
eligible for the government bonus.

It was decided to hold a Field Day
during the first week in July, and the
place selected for the gathering was
the Experimental Farm, Fredericton.
This trip, it is expected, will be made
by automobiles and an enjoyable in-
structive and profitable day is looked
forward to. The offer of Maxwell to
issue in sheet form a monthly paper to
be known as the Junior Farmer,
for the purpose of offering seasonal
hints on cultural methods, spraying,
etc., and chiefly to keep members in
touch with the doings of his fellow
members, was accepted. Other mat-
ters discussed were of a more or less
private nature and your correspondent
was unable to secure information
relative to these.

The election of officers resulted in
the following executive being formed
for the ensuing year:
Honorary President, R. W. Maxwell,
Woodstock.

President, Aubrey Reid, Plymouth.
Vice-President, Turney Hale, Pem-
broke.

Secretary-Treasurer, Arnold Brown,
Lower Brighton.

The meeting was adjourned at 6
p.m., until the afternoon of April 13
at 3 p.m., at the Vocational School.

The members of the association
were the guests of the present student
body of the Vocational School at a
very pleasant social evening, spent
at the school following their meeting.
[Editor's Note: The Carleton County
Junior Farmers' Association is an

partment of the Carleton County Vo-
cational School. The object of the

ment and progress of agriculture in

GREENFIELD GLEANINGS

On Friday evening, Feb. 17, John
Antworth passed peacefully away at
his late home here. Although Mr.
Antworth had been in failing health
for some time his death came as a
great shock to his many relatives and
friends. Deceased was 39 years of
age, and was the only son of Mrs.
Margaret Antworth. He leaves to
mourn, his mother and two sisters,
Mary at home, and Mr. Charles Lar-
son of Boston, Me. The funeral ser-
vice was held at the Church of Eng-
land, and was conducted by his pastor,
Rev. C. R. Canham. Interment was
made in the adjoining cemetery.

Mrs. Howard Kilpatrick entertained
the Ladies Sewing Guild on Feb. 22.
Miss Nellie Greene who is attend-
ing school at Centreville spent the
week-end at home.

A good load of young people drove
to the home of Mr. and Mrs. Harry
Kilpatrick on Tuesday evening, Feb.
14. A very pleasant evening was
spent in music and dancing.

Mrs. George Ritchie returned home
Friday after a visit at Four Falls.

Miss Edith Ritchie spent last week
with relatives at River de Chute.

Miss Helen Ritchie entertained a
number of her friends on Tuesday
evening to a whist party.

by the shareholders at the annual
meeting held on the 21st day of Feb-
ruary, 1922; that the assets of the
company at or connected with the
head office, after payment of all the
liabilities of the company, be divided
amongst the several branches under
like apportionment; that shareholders
not now identified with a branch shall
become so identified; that an adjust-
ment be made of accounts (including
unpaid calls) between the company
and the several branches; that each
branch company may provide by by-
law that a shareholder shall have one
vote, and that the profits be distrib-
uted on a co-operative plan; that each
branch company may take stock in
any central company or companies
which may be incorporated to buy and

Local News and Personal Items

The Observer asks every reader to help make this page interesting by contributing any local news or personal items they may have about. The editor must decide on the material to be printed. Don't hesitate to send general news items, and your family; we want them all. Don't blame the editor if what you submit is not printed. It may be too late or not of interest. The editor is not responsible for the return of material. Anything in the nature of advertising appearing in these columns must be paid for at the rate of 5 cents a line. This applies to Cards of Thanks, announcements of Births or Deaths, for Sale, Wanted, Lost, Found, etc. Changed items will be 10 cents a line. Editor reads the money with the item, counting air words as a line. No ads less than 10 words.

OTHER ELECTION EXPENSES

The election expenses of B. Frank Smith, Tory Candidate in Carleton-Victoria, according to a statement published by the returning officer amounted to the sum of \$1,936.43. The contributions totalled \$1,731.43, and we are told were all received from one person whose name is not disclosed. The contributions fell short of paying the bills by \$205 and it is to be presumed that either the candidate made good this amount out of

his own pocket or it was charged up to bills payable. Mr. Smith's legitimate expenses were about double those of Mr. Caldwell, the Progressive candidate, who won the election by a majority of about 1,200. Fredericton Mail.

Many friends of Avon Lawson of Armand will be glad to know he is improving after a serious operation performed by Dr. MacIntosh and Dr. Somerville last week. Miss Gladys Stone is the nurse in charge.

RHEUMATISM GONE; WALKS WELL AS EVER

**Manitoba Man's Legs were
Stiff as Boards and He
Ached from Head to
Foot—Had Suffered
Five Years**

"I heard so many people telling what Tanlac had done for them that I tried it in my own case and I am convinced it is a wonderful medicine," said David Wellington, a well-known drug clerk, Harper's, Manitoba.

"For five years I had been a sufferer from rheumatism fever. I simply ached all over from head to foot and my bones felt like they were going to crack. My knees were so stiff actually I used to walk like I had wooden legs, and I just dragged one foot after the other. Everything I ate seemed to sour on my stomach and I was bothered a good deal with back ache and headache.

"I began to improve gradually from the first dose of Tanlac and kept it up until my stomach was in perfect condition and the rheumatism had left me. I am in splendid health now and feel that it is only right that I should tell my experience so that others who suffer as I did may know where they may get relief.

Tanlac is sold in Hardland by Estey & Curtis Co., Ltd., and by leading druggists everywhere.

MRS. TURNEY W. JOHNSON

This community of Burnt Land Brook was saddened last Wednesday when Mrs. Turney W. Johnson passed away after a few weeks' illness of cancer of the stomach. She had not been well for about a month but was around and not considered serious until six weeks ago when she was taken to the hospital at Woodstock, but there was no hope and in two weeks she was brought home. Everything was done to relieve her sufferings but she lingered only three weeks and then gently passed away to her eternal home. Of her it can be truthfully said "Blessed are the dead who die in the Lord."

"She rests from her labors and her works do follow her."

She will be much missed in the place. A faithful attendant and worker in the church; one of the most efficient teachers in the Sunday school, active and in anything to promote the best interest of the place.

The funeral was held on Friday. Rev. C. E. Strothard from Plaster Rock preached a very impressive sermon. A mixed quartette from Maple View sang Come ye Disconsolate, No Disappointment in Heaven, We are going down the Valley One by One and We'll never say goodbye in Heaven, and at the grave "Asleep in Jesus" blessed sleep. A lovely cross of white carnations and ferns from Mr. and Mrs. C. A. Hayden, a wreath of pink carnations and ferns from B. L. B. school and a spray of flowers from Mr. and Mrs. F. S. Todd, Woodstock, adorned the casket. A large crowd followed the body to the cemetery where it was laid to rest by the side of an infant daughter, Greta E., who died some years ago. Much sympathy is felt for the bereaved husband and daughter, Pauline.

Mrs. Johnson was formerly Miss Cora Estey of Jacksonville and was 41 last March. She left besides her husband and daughter, one sister, Mrs. J. W. Haynes, Montana, and three brothers—Guy Estey, Montana, Luther Estey, Waterville, Me., and Wilmet Estey, Jacksonville (who attended the funeral) and a host of other relatives and friends.

ZEDECHAR TOMPKINS

On Jan. 24 a wave of sadness swept over the community of Upper Wicklow when Zedechar Tompkins passed from this life to the Great Beyond. Mr. Tompkins had been in failing health for some time and about two months ago came down from his home in Cabano, Que., to consult a physician and visit at the home of Mr. and Mrs. Leonard Pickard. But in spite of medical aid and tender care he gradually grew worse until the end came.

The late Mr. Tompkins was a resident of Upper Wicklow several years ago and will be greatly missed by those who knew him. He was a life long member of the Primitive Baptist church. Deceased was 68 years of age and is survived by his wife and two sons—Melvin of Glendyne, Que., and Herman of Fredericton; two brothers, Ethier and Mathias of Lerwick; and one sister, Mrs. Harriet Tompkins of Washburn, Maine.

Funeral was held at the Primitive Baptist church at Upper Wicklow, Thursday afternoon, Jan. 25. The service was conducted by Rev. G. A. Giberson of Bath. Music was furnished by a choir of friends with Miss

Francis Giberson as organist. The pall bearers were Frank Tweedie, Leonard Pickard, Sharp Smith, and Percy Ford. The beautiful floral offerings from relatives and friends bore silent tribute to the one they loved. Interment was made in Posa-phany cemetery.

NEWS FROM WINNIPEG

J. R. H. Simms, formerly a barrister at Bath, writes from the west: "We are all well. I like Winnipeg well; more money out here, yet times are considered dull. I like to get The Observer as I still long for old N. B. and its trees."

"At a meeting at the Nassau Street Baptist church, of which I am a member and one of its officers, there were present the speaker, Rev. Dr. F. W. Patterson, a native of Upper Woodstock, Mr. Floyd, B. A. of Kelvin High school staff, also one of the officers in the same church, and Mrs. Floyd his wife, the president of the Women's Aid Society, a native of St. John. Mr. Floyd previous to coming to Winnipeg was a principal of Woodstock Grammar School. He and his wife are U. N. B. graduates; and last but not least the respected pastor of the church is Rev. G. W. Bolster, B. A., B. D., a native of Gibson.

WHO IS THIS?

The Observer has on hand a great number of photographs of soldier boys, but in most cases the names of them have become detached and they can no longer be identified by the office staff. Here is one of them. Surely some one can write and tell who this is, when and where and with what unit he enlisted, and give a brief story of his subsequent career. Let us have the story right away, please, and we will be able to print it next week. Each week we will print a different picture and ask our readers to supply the description for the following issue.

Watch this page. Your own boy's picture may appear next.

The picture in the issue of Feb. 17 is that of Charles H. Bramley who enlisted in the 65th Battalion, C. E. F., was transferred to the 104th Batt., from which he was drafted to the 4th Machine Guns and took part in the "Big Push" at Cambrai, receiving his discharge in June, 1919.

The picture in the issue of Feb. 3 was that of J. Walter Bramley, who enlisted in the 224th Forestry Corps, since when he has taken up a farm under the S. S. B., and is now engaged in growing crops and raising future tax-payers and possible defenders of their country. Both these returned men are the sons of W. H. Bramley, himself a veteran of Tel-el-Kebir days.

WEDDING ANNIVERSARY

On Monday evening an event of much interest took place at the home of Mr. and Mrs. A. Fine, 231 Union

street, that day marking the twentieth anniversary of their wedding. A surprise party was arranged by about fifty of their friends, who reached their residence about nine o'clock. Mr. and Mrs. Fine were greatly surprised, and after receiving hearty congratulations from all present, were made recipients of a silver tea service. The unexpected callers were invited to spend the evening, and the time was passed pleasantly with music and dancing. Mr. and Mrs. Fine have made many friends in this city since moving here from Perth, Times.

GIVE US THE NEWS

We presume there never was a news paper in any locality that gave all the local happenings. Often some one comes or goes that the reporter does not see. It happens that the family is missed several times. They get the impression that the editor does not care to mention them. This is a mistake. In most country towns the local work is the hardest work connected with a newspaper. A man may be a good editorial writer, but a fat failure in local work, and vice versa. Editorial material is obtained by study, by reading newspapers, sometimes by using scissors. Personal and local happenings can't be read and clipped from other papers, not by a jugful. It takes physical as well as mental exertion to get out one or two columns of local news in a town of this size. Most people take a local paper to get the local happenings. Don't be afraid to tell the editor or reporter that you have friends visiting you. There are lots of people who are interested in your friends. You owe it as a duty then to let your friends know of their doings. Perhaps you think the paper shows partiality, but just see if the paper doesn't treat you right if you give it a chance.

THE COUNTRY NEWSPAPER

In a leading editorial article, the Central Canadian of Carleton Place, in referring to its entering upon its forty-seventh year of publication, goes on to say:

"It was only a few years ago when a country newspaper could be started with an investment of anywhere from one to two thousand dollars. To-day this is completely changed, as nothing less than ten to fifteen thousand dollars will equip a country newspaper office in order that it may with any success compete with its rivals. In the former days all type was set by hand. To-day, a linotype costs from \$3,200 to \$5,000; a press which formerly was worth \$600 to \$800 can not now be bought for less than \$2,000 to \$2,500; type is trebled in price; labor costs two to four times as much

as even in 1914, the year the war started. These increased costs make the problem of successfully conducting a newspaper a very serious one, and in a large measure accounts for the amalgamation of many of our newspapers." In fact there have been

quite a few newspapers which have been compelled to go out of business altogether owing to the great expense involved in country newspaperdom. "With printers so scarce and wages so high that the publisher has to send a paper for from ten to twenty years to pay one man a week's wages; with a reduction in the price of newsprint for 1922 of but 1 1/2 cents a

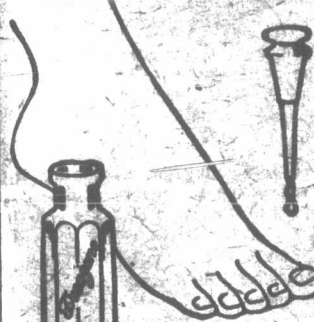

year on an eight-column, eight-page paper, and with postage doubled at New Year's, there is no chance of the present time so far as the newspaper publisher, save the farmer. And the farmer enjoyed war prices during the war while the newspapers were published at a loss throughout the entire four years of the war.

Railway News in Brief

Windsor.—A postal car service between Windsor and Spitz River will be inaugurated within the next ten days according to a statement made by D. C. Coleman, president of the E. D. & N. C. railway. This service was authorized by the postal office department in November last but difficulties were encountered in getting the necessary equipment, and the car will be started immediately thereafter.

Montreal.—At a series of conferences held during the last few days among the most, at which representatives of Military District Number Four, Great War Veterans, Army and Navy Veterans, St. Andrew's Society, and the Governor's Society were present, plans were discussed and formulated for the forthcoming visit to Canada of the band of His Majesty's Scots Guards, who are coming to Canada next May by consent of the King, to give a series of concerts for the benefit of the Great War Veterans' Association.

Vancouver.—C. P. R. steamship officials report the arrival of the steamship "Makura" at Vancouver, B.C., from Australia, New Zealand, Fiji and Honolulu, carrying in addition to a passenger list of notable, a miscellaneous cargo, including 14,200 carcasses of mutton and 500 tons of butter.

Among the passengers was David Clark, sheep and cattle king of Australia. Practically all the mutton and butter carried was from Mr. Clark's ranches in Australia. He owns countless thousands of sheep and cattle on his many ranges in the Commonwealth, and although decidedly modest about his accomplishments as a cattle man, he is considered one of the most prominent men in the business in Australia.

Banff.—The sleigh dog and whippet races at the Banff carnival were among the most entertaining of the sports programme. The races were run down the main street, ending in front of the hotels.

Several ladies entered teams, among them being Mrs. Drummond Davis, Mrs. Jim Brewster and Mrs. William Brewster. There is plenty of dog life in Banff. Every yard of these faithful and amiable animals draw their little masters round in little cutters and seem very proud of themselves. One small boy drives a team of two, and comes rattling down Banff Avenue in thrilling style.

Whippet racing in Western Canada is a comparatively new sport, and to Banff belongs the credit of starting it a few years ago at the carnival.

Montreal.—Two free scholarships covering four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University are offered by the Canadian Pacific Railway, subject to competitive examination, to apprentices and other employees enrolled on the permanent staff of the Company and under twenty-one years of age, and to minor sons of employees.

The competitive examination, which will be the regular entrance matriculation examination provided for in the Annual Calendar of the University, will be held at the University, Montreal, and at other centres throughout Canada, in June, 1922. The candidates making the highest average and complying with the requirements of admission will be awarded the Scholarships, and have the option of taking any of the above courses.

Scholarships will be renewed from year to year, to cover a period not exceeding five years, if, at the close of each session, the holder thereof is entitled, under the rules, to full standing in the next higher year. In case a scholarship holder finds it necessary to interrupt his course for a year or more, notice must be given at the close of the session to the Railway Company and to the Dean of the Faculty of Applied Science of the University, in order that the scholarship may be open to other applicants.

In order to establish prior claim to the next available scholarship, notice of the student's intended return must be given to the Railway Company, and to the Dean of the Faculty of Applied Science, not later than January 1st, preceding the opening of the session in which such scholarship will be available.

Applications for certificates entitling eligible persons to enter the competition should be addressed to Mr. C. H. Buell, Staff Registrar and Secretary, Pension Department, Canadian Pacific Railway, Montreal. Copies of the conditions of admission and announcement of courses may be obtained upon application to the Registrar, McGill University, Montreal.

Certificates holders should apply, not later than May 10th, 1922, to the Registrar of the University, for admission to the examination, and such application should be accompanied by the Company's certificate of eligibility.

A circular making above announcement has been issued by Grant Hall, Vice-President, Canadian Pacific Railway.

BRISTOL BREVITIES

Splendid coasting is enjoyed by both young and old on Roger's hill. A number of citizens attended the Liberal Convention at Perth Thursday.

The old Love Hotel at Glassville was totally destroyed by fire early on Friday morning.

Mr. and Mrs. Frank Polkie moved back to their farm at Gordonsville on Tuesday after spending the winter months in the village.

Mrs. S. C. Street is visiting relatives at Bath.

Paul Davis is visiting his sister, Mrs. L. A. White, at Centreville.

Miss Inez Spence of W. Glassville is visiting Mrs. Howard McDougall.

Mrs. Elias Ketch and Mrs. Otis Dingee were called to Aronstook Jet Saturday on account of the serious illness of their daughter and sister, Mrs. W. F. Dee.

The members of the Primitive Baptist church have purchased a new organ which will be a great improvement.

Miss Ella Giberson of Bath was the guest of Miss Jennie Giberson on Sunday.

George Brittain and his bride visited his mother, Mrs. Ambrose Giberson, this week, returning from their honeymoon trip to Boston. The young couple will reside at Van Buren where Mr. Brittain has a position with the B. & A. Railroad.

A number from here enjoyed a straw ride to the home of Mr. and Mrs. James Peters at Florenceville on Wednesday. The evening was enjoyed by all and a delightful oyster stew and lunch was served. Those present included Mr. and Mrs. L. A. Noble, Mr. and Mrs. E. R. Marich, Mr. and Mrs. D. W. Rogers, Mr. and Mrs. H. D. Street, Mr. and Mrs. G. M. Caldwell, Mr. and Mrs. John Rogers, Mrs. Guy Welch, Mrs. A. O. Phillips, Misses Beulah Phillips, Jennie Giberson, Jelda Wood and H. Hovey.

Fred Sutherland & Co. are holding vaudeville shows in the ball this week.

(From another correspondent)

George Brittain and his new bride are visiting her mother, Mrs. Ambrose Giberson.

Sid Giberson is still in the hospital at Montreal where he is being treated for eye trouble.

Ralph Giberson of Holmesville was a caller here recently. He informed the correspondent that a donation was lately given from that place to Reg. Earl Giberson amounting to \$85, which was carried by team to his residence at Upper Woodstock. It consisted of 200 lbs. of buckwheat meal, three barrels of flour, 30 bushels of oats, with beef, pork, butter, hay and cash. This speaks for his labor in that place and we are glad to see how he has been remembered.

Cards of Thanks

I wish to express my thanks to the School Board and ratepayers of the Good Corner School District who got up the petition in my defence in the trouble caused by James Roxborough in our school, also for the stand they took against the item which he published in the issue of Feb. 9.

DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Housework Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn. — "I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. JESSE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.

LOCAL AND PERSONAL ITEMS

Ronald, youngest child of Mr. and Mrs. Guy Carmichael, died at the home of his parents on Friday evening at six o'clock, after a few days' illness with pneumonia. He was a bright, lovable little child aged three years and eight months, and many tokens and expressions of sympathy were extended to the parents over his early passing. Besides the father and mother two other children survive—Glenda and Claude, besides numerous relatives.

The funeral, held on Sunday at 3 p.m., was a very large one, the church being filled. Rev. H. R. Bell speaking very comforting words to the bereaved ones. S. W. Burt conducted the cortege with Blair Reid, Wilnot Reid, Norval Reid and Wilbur Williams acting as pallbearers. The burial was made in the family lot in the U. B. cemetery.

The Ladies' Aid of the U. B. church held a supper in the church parlors on Wednesday evening last, and netted a tidy sum for current church expenses.

The youngest child of Rev. Hugh Miller, who has been very ill with pneumonia is out of danger and making satisfactory improvements.

Mrs. Harmon Carvell of Lakeville spent last week at the Methodist parsonage.

Mrs. T. T. Scholey of Fredericton is visiting friends in town.

Mrs. F. M. Brown returned from St. John on Saturday evening.

Harry Grant is able to be out again after a week's illness.

B. H. Cliff spent the week-end with his brother D. F. Cliff at Mars Hill.

Harry Bart of Bridgewater visited friends here on Saturday.

Miss Roxie Jamieson is ill at Avon-ale.

Last week L. A. White of the Canadian Customs moved from the Baldwin house on Main St. to the apartments over C. R. Cliff's store. The former house was immediately occupied by E. C. Williamson by E. C. Williamson of the United Farmers store.

Miss Gilmour of Bristol is visiting her sister, Mrs. H. W. Smith.

Mrs. B. W. Campbell is spending the week with her daughter Margaret at Presque Isle, Me.

E. L. West visited his son, G. F. West at Presque Isle last week.

Mr. and Mrs. Wilnot Ritchie, Mrs. Samuel Ritchie and Miss Winna Gordon were Sunday guests of Mr. and Mrs. Chas. A. Long.

T. R. S. Smith of the Excelsior Life Insurance Co., St. John, spent the week-end with David H. Burt.

Burt Hawkins of Bath was at home for Sunday.

W. Dobson of St. John and Wiley Day of Bath were in town on Monday.

Rumors are abroad that the Hartland Moving Picture Corporation plan on running films here two nights per week in Shawwood's Opera House. The movie fans are anxiously awaiting confirmation of this rumor and the proprietor of such an enterprise may come assured of good patronage. If he brings along a good brand of photo plays at popular prices. If, on the other hand, he tries to get by with film releases of a vintage antedating 1915, the only crowd he may expect will be the one at the christening. We hope he may favor us with the same up to date releases that he gives his audiences at Hartland.

H. M. Martell, optometrist, of Woodstock will be at the Kennedy Hotel, Centreville, on Monday and Tuesday, March 6 and 7. Eyes examined and glasses ground to correct all defects of vision.

On Sunday, Mar. 5 (1st Sunday in Lent) Rev. C. R. Canham will preach at Greenfield at 11 a.m. and at Centreville at 7 p.m. Subject "The Temptation of Jesus Christ." Services will be held in the church on Fridays at 7.30 throughout the season of Lent when a special course of sermons will be given. You are welcome to attend. Tell your friends who do not now take The Observer that they can get this paper for three months on trial for only 35 cents.

Rev. H. R. Bell will preach as follows on March 5: Centreville at 11 a.m. and 7 p.m.; Carvell, 3 p.m. Subject at Centreville in morning—The unconverted man's charge against the Christian's of Centreville. Subject at evening service, "The Scarlet Thread." Special music at both services. You are cordially invited to attend.

The members of the Ladies' Guild of James' Episcopal Church were entertained last Thursday by Mrs. A. J. Lee.

On Tuesday evening Mr. and Mrs. J. C. Stevens entertained at five tables of bridge. Those present besides the host and hostess included, Mr. and Mrs. A. J. Lee, Mr. and Mrs. LeRoy T. Lee, Mr. and Mrs. C. H. Sullivan, Dr. and Mrs. F. M. Brown, Mr. and Mrs. Guy Thompson, Mr. and Mrs. W. M. Hume, Mrs. Alice White, Mr. and Mrs. L. A. White, Miss Doris Lee, R. J. Lee and Mr. E. B. McClintock. Delightful refreshments were served during the course of the evening.

Burpee & Teddie, the enterprising proprietors of the neighborhood Theatre at Hartland, will open at Sherwood's Opera House on Saturday evening with the charming and exciting romance, "Madonna and Men." Thereafter they will give two shows a week. Watch the weekly announcements. It is interesting to note that many of the films shown at Hartland are afterwards featured in St. John's leading theatres.

Catarrhal Discharge Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. Natural Discharge requires special treatment. **HALL'S CATARRH MEDICINE** is a constitutional remedy. Catarrhal Discharge is caused by an inflamed condition of the mucous lining of the Eustachian Tube. Which tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. **HALL'S CATARRH MEDICINE** acts directly on the system, thus reducing the inflammation and restoring normal conditions.
