LIBERAL FINANCE PROPOSALS ADOPTED WHEN HOUSE DIVIDES FOLLOWING 17-HOUR SESSION

PREMIER W. L. MACKENZIE KING

had the satisfaction of seeing the third Liberal budget approved by Parliament this morning by a majority of 112 votes. Premier King, in a brilliant speech in the Commons last night, effectively silenced the criticism of Hon. Arthur Meighen by informing the house that the government would show a surplus, not of \$3 millions as formerly stated, but of \$5 millions.

ALD. M'KAY EXPLAINS HIS POSITION ON VOTE

Was Not Present When Action Taken On the Knowles Bill.

Alderman McKay corrects a statement appearing yesterday, in which he is quoted as saying that he did not know the Knowles bill had been discussed by the finance committee at the close of the meeting. He explains that at the time the bill was under discussion he was out of the room in answer to a request from a member of a delegation, and was busy at the time. On account of the precipitous manner in which the bill was handled, Mr. McKay is anxious that his position should be made known.

HIGHWAY FRUIT FARMS MAY BE SEEN IN FULL GLORY

Citizens contemplating motoring along the Hamilton-Toronto highway are advised to make the trip not earlier than May 24, if they wish to view the fruit farms in their full glory. Secretary Ed. Bernard, of the London Motor Club, received this information from the Niagara Falls Motor Club secretary. Owing to the lateness of the season it is not expected that the orchards along the highway will be in bloom until the last week of this month.

The Weather

Government Puts Through Program on Decisive Vote of 165 to 53 in Favor of Budget—Three Liberals and One Progressive Vote With Opposition.

MISS AGNES McPHAIL CLOSING THE DEBATE
Woman Member For Center Grey Discards Carefully Prepared Speech For Two-Minute Announcement That She Would Support Government's Budget.

LABOR AMENDMENT SUFFERS DEFEAT

Canadian Press Despatch.
Ottawa, May 16.—After a continuous sitting (with the exception of dinner recess) of 16½ hours, a weary House at 7:15 o'clock this morning adopted the third budget of the present government by a vote of 165 to 53, a majority for the budget of 112. The majority was but nine less than the record one of 121 secured by the government on the address. Three Liberals—Messrs. Euler, North Waterloo, Raymond of Brantford, and Marley of St. Lawrence-St. George, Montreal—voted against the budget. The only Progressive to vote against the budget was Elliott of South Waterloo. F. N. McCrear, Liberal, of Sherbrooke, who attacked the budget during the debate, did not vote. With these exceptions, all Liberals and all Progressives present voted for the budget. Conservatives voted solidly against it.

LONGEST DEBATE ON RECORD.
The end came after a debate which for length and number of speeches has probably not been surpassed in the history of the Canadian Parliament. The budget was brought down over a month ago, and with intervals, there has been debate thereon practically ever since. It was not expected that the vote would come before midnight, but the early morning hours came and went and speakers still kept on and on till one weary member pleaded with a Progressive to "have a heart and cut it short." Miss MacPhail was the last speaker. Her speech, loudly cheered, lasted just two minutes. With a touch of irony, she informed the House that when there were more women members "nights like this will be unknown." Miss MacPhail discarded the 35-minute speech she had prepared.

Songs Precede Division.
As the division bells rang out, members broke into song after song. There was much amusement as W. A. Boys, chief Conservative whip, led Quebec members in the singing of "Alouette," his effort greeted with laughter and cheer. The first vote came on the amendment moved by J. S. Woodsworth, Labor member for Centre Winnipeg. The amendment called for an immediate and substantial reduction in the tariff on the necessities of life, heavier income tax on land and unearned increment; exemption from taxation of unimproved land values and for a graduated inheritance tax on large estates. The amendment was defeated by 204 to 16, a majority against of 188. The sixteen consisted of the two Labor men, Shaw, Independent, of West-Calgary, and 13 Progressives, among whom was Miss MacPhail. The supporters of the amendment also voted later for the budget.

Mr. Speaker then proceeded to take the vote, first on the Woodsworth amendment and then on the main motion, which is that the House should go into committee of ways and means to consider the budget resolutions. The House then adjourned.

List of Pairs.
A comparison of the division list with the list of pairs shows that there were several absentees without pairs in the final division on the budget. Right Hon. W. S. Fielding was paired with Hon. Edmund Bristol, Conservative, Toronto; Hon. Charles Murphy with T. T. Simpson, Conservative, Algoma West; C. G. Power, Liberal, Quebec South, with Hon. S. C. Mewburn, Conservative, Hamilton; F. Kay, Liberal, Mississauga, with Gordon Wilson, Conservative, Wentworth; and John Evans, Progressive, with Donald Sutherland, Conservative, South Oxford.

The absentees from the vote without pairs were Hon. Jacques Bureau, Manley Chew, Liberal, Simcoe, Ont.; C. A. Fournier, Liberal, Belle Chasse; Sir Lomer Gouin, who released Hon. S. F. Tolmie from his pair before the division; Hon. Charles Maclellan, Liberal, Montreal; Hon. Charles Maclellan, Liberal, Bonaventure; Walter Mitchell, Liberal, St. Antoinne, resigned yesterday from the House.

F. N. McCrear, Liberal, Sherbrooke, who was earlier reported as not having taken part in the division, voted against the budget. This morning four Liberals who voted against the government.

Horse Is Stolen At Pottersburg

Police State Happening Now Becoming Rare.

Since the advent of the automobile, thefts of horses are few and far between according to local police officials. Last night, however, Mr. Spence of Crumlin reported the theft of his horse and buggy from the church shed at Pottersburg, between the hours of 7:30 and 10 o'clock. A bay horse and an ordinary top buggy was the way in which Mr. Spence described his property.

GAS MEN'S STRIKE CRIPPLES DUBLIN

Public Indignant at Workers—Many Industries Closed Down.

Associated Press Despatch.
Dublin, May 16.—Dublin is suffering from a strike of gas workers, and the industries dependent upon the use of gas for fuel have been forced to close. The restaurants are pressing old field kitchens into service as a stopgap to care for the dwellings who are unable to prepare meals in their own homes. The newspapers are considerably embarrassed by failure of the gas to heat the metal in their type-setting and stereotyping machines. There is much public indignation against the gas company and the strikers, the people being kept in ignorance of the dispute until only a few hours before the gas supply was shut off. The dispute is not one over wages, but hinges solely on the question whether one clerk, who was promoted to a position of collector, should be compelled to give up his membership in the trade union.

MINES NATIONALIZATION MEASURE IS REJECTED

British House of Commons Fails To Assume Responsibility For Bill.

Associated Press Despatch.
London, May 16.—The House of Commons today rejected the mines nationalization bill by a vote of 264 to 168. Introducing the mines nationalization bill today, George Henry Hall, Labor member, a Welsh colliery checkweighman, said nationalization had been demanded by the miners for a generation. He quoted Mr. Premier Lloyd George as having said nationalization must be considered as a business proposition. "We accept that challenge," said Mr. Hall, "and are prepared to prove it is a good proposition." Emanuel Shinwell, parliamentary secretary for the department of mines, said the government could not accept responsibility for the measure. Nevertheless, while recognizing that no mandate had been obtained from the electorate to pursue a policy of nationalization, the government, he declared, wholeheartedly accepted the principles embodied in the measure.

CHIEF WARNS AGAINST POURING GAS IN SEWER

Practice Places Community in Danger—Cites Case of Detroit Explosion.

Chief Aitken points out the great danger of pouring gas down the city sewers as he has been doing for years. He says that it is the custom to pour the gas down the sewer, and that this is a considerable danger to the community. He cites the case of a city sewer in Detroit which some years ago exploded, killing several people, the cause of which was attributed to this pouring of gas down the sewers by the garage men in that city. The building bylaw includes a clause preventing this being done and the chief will ask the council at its next meeting where the responsibility lies in enforcing this bylaw.

CITY PIANO FIRM BUYS KITCHENER BUSINESS

Sherlock-Manning Company Purchases Foster-Armstrong Company, Limited.

INCREASE OUTPUT
Will Result in Increased Production of Instruments in London.

The Sherlock-Manning Piano Company of London announced today the purchase of the Foster-Armstrong Company, Limited, of Kitchener, Ontario. This important and far-reaching deal marks the celebration of the 21st anniversary of the month in which the Sherlock-Manning Company was first founded.

The purchase means that from now on the Sherlock-Manning piano manufacture and manufacture of pianos in Canada will be represented in the names of Haines Brothers, Marshall and Wenden, and Foster-Armstrong. These lines will be made and shipped from the London factory. According to officials of the London concern the acquiring of the Kitchener plant will mean the turning out of more pianos in London. As conditions become normal it is expected the London plant will run to full capacity.

The wiping out of the McKenna duties by the new government, Great Britain is likely to mean an expansion of the Sherlock-Manning factory. Previous to the enacting of these duties, the firm had a large export trade with Great Britain. This was virtually eliminated by the duties, but will be revived very shortly, it is anticipated.

The announcement of the Sherlock-Manning purchase will prove of interest to the piano industry all over this continent. Mr. Wilbur Manning and Mr. Sherlock had both been in the staff of the Doherty Piano Company in Clinton in 1902 and later formed the partnership which was to result in the building up of the now nationally known firm. They started a factory here and in 1920 purchased the Doherty Piano Company. The completion of negotiations by which the company will manufacture the Foster-Armstrong and other varieties of pianos gives them a close and valuable working relationship with the American Piano Company of New York. This is one of the outstanding piano organizations of the world.

DOGS OF ALL SORTS READY FOR HOBBY JUDGES TONIGHT

Entries Are Numerous and List of Prizes Is Varied.

UGLIEST DOG

Work of Judging Has Been Completed in Many Sections.

Over one hundred dogs will enter the Hobby Fair pet stock show tonight. There are thirteen well filled classes, and will include every kind of type from the alley pup to the lion's head of the toy type. Terriers, Boston bulls, collies, poms and sporting breeds will predominate, and special prizes will be awarded to the best all-round dog, the dog in best condition, the biggest dog in the show, and the smallest one. The ugliest dog will also get a prize, as will the best trick dog. The mechanical drawings have been judged. In this section the work was particularly good, and came in for considerable praise from the judges, as well as the public. The prize winners are listed below.

District Investors Secure Legal Assistance In Fight Against Detroit Company

J. C. Elliot Seeks Return of Money and Protection of Notes.

WON CASE IN SARNIA

States Little Oil Secured From Land in the Texas District.

A strenuous legal fight has been launched by J. C. Elliott, K. C., of the firm of Ivey, Elliott & Gillanders, of this city, on behalf of 29 shareholders to recover \$200,000 paid by rural residents of Middlesex, Lambton and Huron, for stock in the Drury Petroleum Company, with head offices in Detroit, Mich., and whose oil wells are situated in the state of Texas.

Questioned as to particulars, Mr. Elliott stated that the Drury Company stock has been sold since 1921, and prospects which were more or less glittering to stockholders at that time, were not so highly thought of just now.

"There has been a little oil, but returns have been bad," stated Mr. Elliott. "We are trying to get the money back and defend notes outstanding. We had a couple of fights in Sarnia before Mr. Justice Rose, who decided that the holders of the notes were not entitled to recover. The shareholders some time ago had a meeting at which it was decided to put their claims in the hands of Mr. Elliott. The latter has gathered considerable information about the company, and its method of operations and judging from the two court actions in Sarnia, where favorable verdicts were secured, investors may yet save considerable cash."

City Hall Boys Have Fine Ride

Joyous Pair Take Keen Delight in Ferris Wheel Trip.

Two well-known and popular members of the city hall staff were observed yesterday afternoon by the public utility commissioners taking a trip on the Ferris wheel on the Federal Square. The employees of the city hall seemed to be unusually favored in the matter of time, as they circled the wheel some hundred times, and finally had to be taken away by the humane officials in charge. Seaside, as the prevailing reason is, strenuously denied by both parties to this stunt.

PREPARES LISTS.

Although Middlesex school fairs will not be held until the latter part of September and October, R. A. Finn of the department of agriculture is busy preparing the prize lists.

HON. LINCOLN GOLDIE, provincial secretary in the Ontario government, states that there will certainly be a probe into the administration of the Middlesex County jail, but is not prepared to state just when the investigation will take place.

"Formal charges were laid and of course they must receive attention," said Mr. Goldie, over long distance telephone to "The Advertiser," who went on to state that he had all correspondence in the matter on file and would give it his attention as soon as possible.

FINANCE MINISTERS BLAMED FOR WRECK

Counsel For Depositors Claims White, Fielding and Drayton Negligent.

Canadian Press Despatch.
Ottawa, May 16.—"We have a trinity of negligence—Sir Thomas White, Sir Henry Drayton and Rt. Hon. W. S. Fielding. I charge these three gentlemen with being parties to the wreck of this bank." In these words, W. T. J. Lee, counsel for depositors of the wrecked Home Bank, this morning before the McKenna commission summarized his claim against the government for reimbursement.

While Sir Thomas White, when finance minister, had ignored danger signal after danger signal, he had, at least, made a genuine effort to improve the bank from within. But, Mr. Lee claimed, his successors, in office had been guilty of negligence and inaction in the face of increasing danger. Sir Henry Drayton never seems to have cared a whit what became of this bank," asserted Mr. Lee. "He didn't care whether the depositors lost all their money or not during the term of office."

FREE STATE PROMISED PORTION OF ULSTER?

Report Circulated That Lloyd George Gave Assurance to Late Mr. Collins.

Associated Press Despatch.
Belfast, May 16.—A report has been circulated here to the effect that David Lloyd George, former prime minister of Great Britain, gave privately to the late Michael Collins, president of the Irish Free State, assurance that the boundary commission, provided for in the Anglo-Irish treaty, would involve the transfer of a large portion of Ulster territory to the Free State, and that Mr. Collins imparted this information to Sir James Craig, premier of Ulster.

RULING TO BE ASKED BY ONTARIO OFFICIALS

Dr. A. J. Grant and Principal Miller Go To Toronto On Important Mission.

Trustee Dr. A. J. Grant and Principal A. E. Miller of the Central Collegiate left for Toronto this morning to consult the department of education and the attorney general on the interpretation of clause 1 of the high schools' act as to the placing of a new high school in London. They expect to be back by night and will bring with them a written declaration from both sources as to the accepted translation of this clause. Both the board of education and the aldermen are anxious to have this definite black and white information, so that there can be no more of what Dr. Grant calls "legal entanglements" in discussing a debenture grant for the new school.

JAIL PROBE TO BE HELD BY GOLDIE IN FUTURE

Provincial Secretary States the Charges Must Receive Attention.

HAS ALL PAPERS

Will Consult With Nickle Before Taking Definite Action.

Hon. Lincoln Goldie, provincial secretary in the Ontario government, states that there will certainly be a probe into the administration of the Middlesex County jail, but is not prepared to state just when the investigation will take place.

"Formal charges were laid and of course they must receive attention," said Mr. Goldie, over long distance telephone to "The Advertiser," who went on to state that he had all correspondence in the matter on file and would give it his attention as soon as possible.

The provincial secretary pointed out that he would have to consult with Attorney-General Nickle before any definite plan of action was mapped out.

Charges against the administration of Sheriff Donald Graham and Governor Byron Dawson were made some time ago by a Middlesex deputation under the leadership of a Mr. Chittick. It was alleged that the jail governor sent a prisoner out to Byron to do some work for him and that he never returned to the jail, he paid the prisoner's fine.

The prisoner was Michael Tagney, who was convicted under the O. T. A. of having liquor in a place other than a private dwelling. As soon as the governor learned that Tagney had not reported at the jail, he paid the prisoner's fine. It is alleged, was given a few drinks of whiskey at Byron's several men and motored to Dorchester, where he was put on a train bound for Toronto. If this angle of the case proves to be true, it is likely that counter-charges will be laid against the men who enticed Tagney away. It is possible that they will be charged with the serious offence of aiding and abetting a prisoner to escape.

MERCHANT OF EKFRID MEETS SUDDEN DEATH

Thomas Harley Is Seen To Fall Just After He Had Started His Car.

Thomas Harley, a merchant of North Ekfrid, died suddenly yesterday in his 38th year, near his home, lot 4, concession 4.

Mr. Harley had called at the home of a farmer, and after purchasing some produce, he returned to his car. He had started the car, and was then seen to fall by the farmer's son. When picked up he was dead.

He is survived by his widow, Elsie May Harley; one daughter, Florence Isobell, and one son, Howard Ernest. Two brothers, Howard, Windsor, and Harry, at present, survive, also one sister, Mrs. John Davis.

The funeral will be held on Sunday from his residence to Appleton Cemetery. Rev. N. J. Stevenson of Appleton Presbyterian Church will officiate.

Dr. A. J. Grant and Principal Miller Go To Toronto On Important Mission.

DEMONSTRATION IS DENIED AS EXCESSES ARE FEARED

Berlin, May 15.—The police have forbidden the public demonstration in the stadium here planned for May 24 under the leadership of Major-General von der Goltz, as an extension of the idea recently exemplified at Halle in expression of nationalist sentiment. The police assert that experience has failed to show the ability of leaders of such demonstrations to keep their followers from committing excesses, despite promises that provocative incidents would be avoided.

THREE TEACHERS ARE APPOINTED TO COLLEGIATE STAFF

Lighting System in Auditorium
At Central To Be Improved.

TO CARRY INSURANCE

Principal A. E. Miller recommended three new teachers for the London Collegiate yesterday to the collegiate committee of the board of education. The three, all of whom were accepted on the principal's recommendation, were J. T. Nethercott, M.A., of Stratford, who will take charge of the history and English department at the Central Collegiate at a salary of \$2,900; Robert F. Baird, B.A., of Kingston, a specialist in English and history, who will assume duties at the London South Collegiate at \$2,200, and Miss Phyllis Mitchell, B.A., of Toronto, who will take over duties in physical culture and teaching in the London South school at a salary of \$2,000. All teachers come to the city very highly recommended by the principal.

The architect was instructed to bring in an estimate for the introduction of a new lighting wire in the Central Collegiate auditorium. A letter had been received from the lighting inspector that the present wiring was not up to the requirements of the law, and that it clustered lights, and spot lights, used in amateur theatricals and so on in the auditorium were continued that another wire must be installed.

Dr. Grant thought the board was not justified in incurring much expense in making the auditorium into a small theatre, and though the architect thought the estimate might be as high as \$400 he was told to bring in an actual estimate to the board.

Carry Insurance.
It was agreed that the board should carry liability insurance to protect it in case of children and others being hurt on the school premises, which has not been done in the past, and the secretary was instructed to gather necessary data and bring in a report to the committee. Several cases of

accidents to children in the playgrounds in the past few weeks have brought the importance of this insurance protection to the attention of the board.

A committee was appointed comprising Principals Beal and Miller, Public School Inspector Greer and Dr. Grant, to go into the matter of arranging a new registration system for students entering the high schools in the city, so that there might be a more accurate record kept of their or technical work after leaving the public schools. Trustee Campbell explained that the attendance officer was carrying out a survey among the public school children to find out their wishes in this respect, and hoped this information would prove useful to the committee.

Non-resident students at the London Collegiate will in future be asked to pay the amount in previous years charged to individual students at the school, which is 80 per cent of the cost of education. The non-resident students are those coming from any county other than Middlesex and not adjacent to it. There are but four attending the collegiate this year.

REDUCE EXPORT RATES ON GRAIN PRODUCTS

New Rates Effective May 26
Permit Milling At Interior Plants.

Canadian Press Despatch.
Montreal, May 15.—As a result of conferences with millers and the board of railway commissioners, reductions in export rates on grain products from milling points in Ontario to Montreal, Quebec and other Atlantic ports will be made by Canadian railways. These new rates, quoted below, become effective on May 26:

From lake ports to Montreal the rate will be 17½¢ per 100 pounds, and to Quebec, St. John, Halifax, Portland, Boston and New London 18½¢. To New York, Philadelphia and Baltimore from Port Colborne the rate will be 18½¢ on flour and 19½¢ on other grain products; from Goderich, 21¢ and 22¢; from Collingwood, Midland and Tiffin, 22¢ and 23¢; from Depot Harbor, 24½¢ and 25½¢. These rates represent a reduction of 1½¢ and 2¢ per 100 pounds. The new rates will permit milling at interior mills in Ontario under the usual transit arrangements.

SACRED CANTATA AGAIN PRESENTED AT ST. ANDREW'S

Young Peoples' Federation
Stage Performance of "David the Shepherd Boy"

GREAT SUCCESS

Its initial success recently was responsible for a second performance last night of the sacred cantata "David the Shepherd Boy," given under the auspices of the Young Peoples' Federation of St. Andrew's Presbyterian Church. Miss Merlyn Pococke, directing the cantata, was responsible for a very artistic performance, which was repeated last night with all the excellence of the opening night. The combined voices, under Miss Pococke's direction, made the cantata a delight musically, and coupled with this feature, was a splendid display of dramatic ability on the part of each member of the cast, giving to the entire production the color and picturesqueness of Biblical times.

St. Andrew's Hall was crowded for the opening performance, and the audience was equally large last night. Although given again under the auspices of the St. Andrew's young people, the cantata was of more special interest to the general public, since a generous share of the proceeds were to be devoted to child welfare work in the city.

The role of David was presented in three parts. David the warrior and king was portrayed by Mr. L. Christiani; David the shepherd lad was given by Norman Norman Donnelly, and David the minstrel was presented by Miss Lorna McGillivray. Miss McGillivray's harp numbers, as on the opening night, were a delightful feature of the performance. Among others in the cast were the following: Miss Kathleen Esterbrook, Miss Dorothy Wilson, Mr. Douglas Westman, Mr. Jack Wilkey, Miss Maybelle Purdom, Mr. John Gemmell, Rev. F. W. K. Harris, Messrs. Thomson, Johnston, Shepherd, McDonald, Nichol Le Seller, Jack Buchner, C. Gladman and Ronald Poote.

King Construction Company of
Oakville Receives Work as
Lowest Tenderer.

The King Construction Company of Oakville was awarded the contract for laying two miles of pavement on the Hyde Park highway this summer, by the Suburban Area Commission, which met at the county buildings yesterday afternoon.

The price of the contract is \$28,000, and the county will supply the cement through the Ontario government, which is assessed 60 per cent of the cost, or \$16,800.

The city of London and the county will pay the other 40 per cent, their share being \$5,600 each. Those present at the meeting were Commissioners John Greer, J. L. Robson, Archie Blaikie and Jos. Winters.

WILL OF SUN YAT SEN MAY AFFECT POLICY

Future of Dead Leader's Party
Likely To Be Affected
by Document.

Associated Press Despatch.
Peking, May 15.—In accordance with the Chinese custom, Dr. Sun Yat Sen, South China government president, whose death at Canton was announced yesterday, is reported to have left a political will which is likely to have an important bearing on the future of his constitutional party.

It is believed Dr. Sun probably chose as his successor either C. C. Wu, son of the late Wu Ting-fang, former minister to Washington, and one of the most influential members of the party, or Tang Shao-yi. The latter, who in 1923 was offered the premiership, resides in Shanghai and lately has been out of sympathy with Sun's policy.

LOMBARDO'S ORCHESTRA GAINS INTERNATIONAL FAME

The Lombardo Orchestra of London, Canada, known as the Royal Canadians has met with wonderful success not only in Canada where they played for a considerable time at the Winter Garden, also at the Casino at Port Stanley, and Loew's Theatre, but they have had even greater success in the U. S. A. where they have been appearing steadily on the vaudeville circuit in the largest dance halls in the U. S. A., and at the present time have been engaged for a long period by Sophie Tucker, the famous vaudeville artist, to play at her pavilion at Cleveland. Wherever Lombardo's Orchestra appeared the vaudeville houses, they were featured in electric light as headliners, along with the stars. So successful have they been that they attracted the attention of the Starr Piano Company, and were engaged to make records exclusively for the Starr Company. At the present time they have some records ready for the market, and Londoners may hear these records, Nos. 9535 and 9536, titled "So This is Venice," and "Cy"; also "Cotton Picker's Ball," and "Mama's Gone, Good-bye," at Starr Company of Canada, Limited, 265 Dundas street. Lombardo's Orchestra will put on a turn at Loew's Theatre on 19, 20 and 21, matinee and evening, three shows daily—Advt. b

PRESBYTERIAN BODIES TO CONVENE IN OWEN SOUND

OPPOSING CAMPS ON CHURCH UNION SOON TO CONVENE

Two Presbyterian Factions Will Gather in Owen Sound on June 4.

WATCHING ASSEMBLY

Canadian Press Despatch. Owen Sound, Ont., May 16.—This city will be the meeting place from June 4 to 12 of two opposing camps on the church union question. It is announced this morning that while the general assembly of the Presbyterian Church is meeting in Knox and Division Street Churches here the Presbyterian Church Association, the anti-church union organization which has come into prominence during the last year, will hold an annual convention in one of the several large halls in Owen Sound.

Rev. J. W. MacNamara, general secretary of the Presbyterian Church Association, has charge of the arrangements for the convention and Lyman Brown, secretary of the local association, is securing a meeting place for the association and making all local arrangements. The exact number of delegates to the convention is not known. Some of those who attend the association's convention, but a large number will come as independent delegates to the convention.

The object of the convention is to discuss further developments on the church union question and to watch the action of the general assembly on the matter. The action of the Dominion government during the next two or three weeks will largely determine the course of action adopted by the convention.

SYMPHONY ORCHESTRA IS FORMED IN LONDON

First Concert Will Be Presented on Sunday Afternoon, May 25.

A London symphony orchestra, the dream for many years of local musicians has at last become a reality. As the result of a campaign launched by A. S. Giesaway, local violinist, a symphony orchestra has been formed, and its members included representatives from a number of the local orchestras. Mr. Giesaway was made the secretary, and announced that the first public performance of the new symphony orchestra will be given on Sunday afternoon, May 25, in the Allen Theatre.

The orchestra has been formed by the London Symphony Society, has come about as the result of a determined effort on the part of local musicians to give an opportunity to study and present the symphonic music. Mrs. Charles Ivry, violinist, will be the assisting artist with the concert, and will play the Bruch Concerto in G Minor, the following: Overture to "The Merry Wives of Windsor" (Nicolai), "Tone Poem Sakuntala" (Goldmark), Andante Cantabile from Opus 10, by Tchaikovsky, and the following: Schumann, two movements from Schubert's unfinished symphony, known as No. 8 in B Minor, and three old English dances, the Morris Dance, the Shepherd's Dance, and the Torch Dance.

NEW SEWER CLEANER PURCHASED BY CITY

Innovation Will Be Placed in Service Here Next Week.

The new turbine sewer cleaner arrived in the city this morning and will start its work early next week. This is an innovation in sewer cleaning recommended by the city engineer some weeks ago. It is a machine with hydraulic turbine-driven cutting knives, which bores its way through clogged sewers and opens them up. The power is supplied by water along a hose line and the water also flushes forward in the sewer to clear away the refuse from the boring knives.

It is capable of saving half the time ordinarily taken in cleaning a sewer by any other way, according to the city engineer, and will find plenty of use in cleaning the roots of trees in the Forest City out of the city's sewers.

This is a very common complaint in the city, as owing to the use of the new turbine sewer cleaner in some places it is difficult to lay a sewer with watertight joints, and where the water enters the fine rootlets find a way. In many instances these roots grow and fill up the whole sewer and completely block it.

CHURCH RAISES \$24,000 IN YEAR

Dundas Centre Officials Report One of Most Successful Years in History.

The Dundas Centre Methodist Church has just completed one of the most successful years of its history. According to the statement of the treasurer, J. S. Kern, nearly \$24,000 has been contributed this year for all purposes. The report showed that there had been an increase in the amount given in each of the general departments of the church. The missionary, educational and social service funds and the fund toward Japanese disaster relief were referred to in the report. A. C. Deacon and showed generous givings. Rev. J. Garbutt spoke in appreciation of the splendid work accomplished by the congregation. This year's balance is \$800.

A goodly attendance of members featured the annual meeting. W. Heaman, H. Gibson and A. C. Deacon were elected delegates to attend the district meeting to be held next Wednesday in London, while H. St. E. Hardy, Rev. W. A. Millson, J. H. Bowman and Mrs. May R. Thornley were appointed to the evangelistic and social service committee. Regent was expressed at the resignation of H. Pocock, the recording secretary, in whose place was elected Arthur Beal.

FATHER TELLS COURT SON GOOD MOTORIST

But Lad Is Under 16, So James Stark Contributes \$5 Fine.

"He's a good driver and a careful boy," declared James Stark, when haled into court this morning to explain why he allowed his son, a lad under sixteen years of age, to drive his automobile.

"It doesn't make any difference if he's the most careful driver in the world," came back the court, "if he's under sixteen."

"I was told when I took out the license that any member of the family could drive the car," protested Mr. Stark.

"I'll make the fine \$5 instead of the usual \$10," decided Magistrate, "but I don't think Mr. Stark would intentionally do wrong."

Obituary

SERGEANT-MAJOR BENNETT.

The funeral of Sergeant-Major J. Bennett, an imperial army veteran, who died in Victoria Hospital on Tuesday, was held yesterday afternoon from his residence, 427 Nelson street. Funeral services were conducted by Rev. Canon Gunne of Christ Church, Interment was made in Woodland Cemetery.

The pallbearers were A. King, W. King, H. Benbow, E. Hardy and G. Baker. He was born in Sheffield, England, 62 years ago and spent the most of his life in foreign service with the imperial army. Mr. Bennett was well known in London through his connection with the staff of Byron Sanatorium.

Surviving are the widow, Mrs. Julia Bennett, and one son, A. King. Members of the G. W. V. A. made an effort to have a military funeral for Mr. Bennett, but due to the reduction of the militia and its equipment in London this was impossible.

MISS L. JONES BETTER.

Miss L. Jones, a former graduate nurse of St. Joseph's Hospital, who was operated on in that institution Wednesday for appendicitis, was reported by authorities of the hospital to be progressing favorably. Dr. W. J. Stevenson is the attending physician.

GIRLS PRESENT NOVEL PAGEANT

Comrade Group, C. G. I. T., Repeats Prize-Winning Show.

The Comrade Group, C. G. I. T. of Talbot Street Baptist Church last evening repeated the pageant which recently won the first prize in the city-wide C. G. I. T. contest. The theme of this missionary pageant is centered around a little Indian widow, who was married when still a child. Following the death of her husband, she runs away, unable to stand the abuse received from her mother-in-law, and she finds refuge in a missionary school. The drama is conventional, in which childhood is presented, in which the Indian widow is shown pleading with girlhood not to grow older, and womanhood encouraging her forward, pointing out the advantages of womanhood. Miss Elizabeth McGill filled the role of childhood, Bessie Gallimore, girlhood, and womanhood was taken by Mrs. Jean Watt, as a nurse, Noah Turner, as a stenographer, Miss Annie Cameron, as a gymnasium instructor, Muriel Ivson, as a missionary, Eva Holmes, as a mother, and Marion Ivson, as a sister.

Another interesting item of the program was an outline of C. G. I. T. work presented by Miss Eva Mills, a stenographer. A feature by Miss Ivson, Bryce, also a solo, by Beryl Wainwright, and a piano solo by Jean Watts were also greatly enjoyed.

After several interesting games, refreshments were served by the hostess, assisted by Miss Mabel Green-slade and May Kiff.

GOLDBERG PAYS \$500 FOR SELLING LIQUOR

'Twas a Bad Mistake When Nathan Took Bottle to "Two Good Scouts."

"Daniel in the lion's den" might be the way Nathan Goldberg would describe his experience of April 2 last, when, according to friends, he very kindly answered a telephone call and took a bottle of whisky and proceeded to a house on Hyman street to deliver it to "two good scouts" anxious for a taste of real liquor.

The men greeted Goldberg in a brotherly spirit and the latter lost no time in producing the "crock" once he had been told that he had done business with them before. Although no information could be obtained from License Inspector Walter Bolton, it is believed by Goldberg's friends that one of the inspectors from Toronto was one of the good scouts.

The bottle, partly filled and labeled Seagram's Three Star, was produced in court this morning, and on advice of his counsel, J. M. McEvoy, K.C., Goldberg pleaded guilty to a charge of selling liquor and was fined \$500 and costs or four months in jail.

FIRE HALL SPRING CLEANING IS NOW IN FULL SWING

Cleaning up at the central fire hall was being conducted in a most thorough manner today, all the men being engaged in giving the interior of the building a washing. Fire trucks were removed from the customary places to enable the men to wash down all the walls. Pails and pails of water were being thrown on the woodwork and ceiling, and when this is completed the fire hall will present a spick and span appearance.

CENTRAL CONCERT HALL SUGGESTED BY E. W. G. QUANTZ

Musical Supervisor Believes Room For Development Great in Schools.

NO QUARTERS NOW

E. W. Goethe Quantz, musical supervisor of the public schools, believing that there is room for great development of music in the schools, suggests the building of a central hall in which concerts and rehearsals could take place and in which the annual musical festival might be resumed.

"Alexandra School would be the ideal place," he says. "It is central and would be handier than any other school in the city. There should be a building somewhat after the style, on a smaller scale, of the convocation hall in Toronto, where the seats are arranged in steep tiers from the floor. It should be capable of seating from 500 to 900 children, and there should be a stage for an orchestra of about 70 pieces. There is any amount of valuable musical material among the public school children and at present there is no way of using it."

"While the public school curriculum allows for a certain amount of vocal training, there is no account taken of instrumental work. I see that music is taking a large place in the high schools now and if we had something of this kind for the public schools it could provide a training ground for the high school orchestras and glee clubs. We used to use the old auditorium of the Y. M. C. A. before it was turned into a gym, but latterly we have had to place to hold a festival in the city."

TAXI DRIVERS WARNED TO CEASE LOITERING

Magistrate Threatens to Take Away Stand Unless Action Is Stopped.

Magistrate Graydon and Chief Birrell made it quite apparent in police court this morning that taxi drivers will have their stand opposite the Tecumseh House taken away unless they refrain from loitering on the sidewalk by the C. N. R. platform. Four drivers were summoned to court this morning, evidence as to loitering and obstructing the sidewalk being submitted by Sergeant James Oakley.

Mr. Graydon dismissed the case on payment of costs and told the men that if the practice didn't cease they might lose their licenses and have the matter taken up with the police commission.

If this thing doesn't cease the place will be taken by a taxi stand," declared Chief Birrell, who pointed out that in other cities taxi drivers had to have a place of business and were not allowed on the streets otherwise.

JUNIOR AUXILIARY OF CHRIST CHURCH ENDS FINE YEAR

Delightful Program Presented by Members in Parish Hall.

DISPLAY IS FEATURE

The year was brought to a close for the Junior Auxiliary of Christ Church this week when a delightful program was given in the parish hall by the members of the organization. A large number of the congregation members were present to enjoy the offering, which began with a pretty children's carol.

The program also included a piano solo by Miss Kathleen Milligan, recitation by Miss Beatrice Lake, vocal duet by Misses Marjorie and Mable Stewart, recitation by Miss Marion Finney, recitation by Misses Ellen Dodwell, song by a quartet of little girls, recitations by Misses Claire, Margery and Shirley Crummer, and addresses by Mrs. R. T. Bowen on "Missionary Work in Alaska," and by Miss Jean Waugh on "The Story of a Bird."

Miss Beatrice Lake, secretary, was appointed to represent the auxiliary at the diocesan W. A. meeting in Windsor shortly. A display of work by the members was also a feature of the gathering, and it was decided to give a similar exhibit at the Windsor meeting.

A gracious tribute was paid to the superintendent, Mrs. C. Milligan, in the presentation to her of a beautiful bouquet of flowers, little Miss Mary Connor making the gift on behalf of the group. This junior branch of the W. A. organized but six weeks ago, is making rapid progress.

REMARKS OF M'CREA ARE PLAYED BY LABOR

Statements of Sherbrooke M.P. Called Malicious and Unwarranted.

Canadian Press Despatch. Montreal, May 16.—Organized labor by a resolution unanimously adopted by the Montreal Trades and Labor Council last night condemned F. N. McCrear, Liberal M.P. for Sherbrooke, for statements attributed to him in a House of Commons speech on the budget was in the resolution construed as a "malicious and unwarranted attack" upon international labor organizations.

Reported declarations by Mr. McCrear to the effect that Canadian labor unions are under the dictation of American run international organizations roused the council to refute the suggestion that Canadian labor has no autonomy. The delegates resolved by every means possible to counteract "such malicious and dangerous propaganda."

SUGAR MARKET TIGHTENS AND PRICES GO UPWARD

Canadian Press Despatch. Montreal, May 16.—For the first time in many weeks past a stronger feeling developed in the local sugar market yesterday and part of the decline noted yesterday was recovered, with refiners marking all prices up 10 cents per 100 pounds for all grades of refined sugar. Extra granulated now sells at \$5.70 per hundredweight in bags, No. 1 yellow at \$5.50, extra ground at \$5.90, powdered at \$5.80 per hundred pounds in barrels.

Popular Official Heads Phonograph Department

W. E. MacKewn Assumes Charge of Department at Heintzman & Co.

LARGE EXPERIENCE

W. E. MacKewn, one of the best known phonograph men in Ontario, assumed charge of the phonograph department of Heintzman & Co., 242 Dundas street, on Monday last, where he will have full charge of the record business and phonograph sales of this firm.

Mr. MacKewn comes to Heintzman & Co. highly recommended, having had 20 years of experience in this line of business. For 11 years he was connected with the Columbia people, and during the past nine years he has held the position of manager of Harmony Hall, of this city. He is well-known in London, and has always taken an active part in numerous church functions. Gifted with a pleasing personality, Mr. MacKewn has made many friends during his business career in London, who are sure to wish him every success in his new duties.

His services were secured for Heintzman & Co. by C. L. Gray, district manager, although tempting offers had been made to him from music houses in the United States. The record department of Heintzman & Co. has been rearranged and is now on the first floor, where six sound-proof demonstrating rooms are available for the convenience of the customers. They have all been artistically decorated and should prove a favorite spot to choose record selections.

Victor records and machines are handled, also McLagan phonographs, 74 hours' flying time.

NEW TRANSLATION OF DEATH OF LOT'S WIFE IS OFFERED

Biblical Story One of Great Fascination in Christian World Today.

CAUSED HER DEATH

Said Dead Sea Rolled Over Her Body and Built Salt Pile.

The story of Lot's wife, out of all the rich field of biblical drama, has been invested with a peculiar fascination for a great many people. Prompted to turn back by her unquenched thirst for the worldly pleasures which Sodom and Gomorrah represented, Lot's wife was turned to a pillar of salt. Her tragic fate has been for centuries a lesson to those whose hunger for things of the world would turn their eyes back from a heavenly goal.

To a large extent, the story has not been taken literally. It was regarded as an example of the striking anecdote culled from myth and folk-lore with which the Old Testament is believed by many people to abound. It was regarded as a parallel to the stories of fiction which today are used in the pulpit to point a moral, and to the parable which Jesus used in the New Testament. The huge crystallized salt formations, near the Dead Sea lead many theologians and scientists to believe that the story that has been handed down to us is its way into the lore of biblical times.

Offer Explanation. Now, within the past few months, a more scientific explanation has been offered. A series of articles, dealing with explorations in this region of Asia Minor, published in a current periodical, reveals the presence of huge trees and rocks, which have lain for years entirely covered with crystallized salt. The Dead Sea has in the course of countless centuries advanced and receded and within the basin about it are found these formations. The cities of Sodom and Gomorrah were located in this region, and since the publication of the letters, many people have been interested in joining the two circumstances together, and finding a literal solution for Lot's wife, and her remarkable experience. The idea is that on turning back, she was struck dead with the terrible sight which lay behind her, and lay for centuries while the Dead Sea rolled over her and again receded.

Religious Significance. Rev. Dr. William Beattie, minister of First Presbyterian Church, was willing to accept this as a scientific solution, but added that the story of Lot's wife, whether a solution was possible or not, did not lose any of its religious significance.

"We have to regard these things," he said, "not as historical facts, but simply as part of a book, whose purpose was clearly religious. The story of Lot's wife is a direct illustration of Jesus' later teaching, that men to attain the heavenly things, must keep 'eyes front' from the worldly things which lay behind them. But it is quite possible that we can find a scientific solution for the transformation, and we can remember, too, that it wasn't necessarily an immediate transformation, as is the commonly accepted idea, and the one we see worked out in stories and pictures, but one which might have taken centuries to accomplish."

B. C. WIFE MURDERER IS SENTENCED TO DEATH

Canadian Press Despatch. Nanaimo, B. C., May 16.—After a trial lasting two days before Mr. Justice McDonald and a jury composed of ten men and two women, Alfred Corbett was found guilty late last night, and sentenced to be hanged on August 8 for the murder of his wife, Mary Ann Corbett, at Courtenay, B. C., on April 13 last.

Her husband, Giuseppe Serafini, faced two murder charges, as above, and was also charged with receiving stolen money to the amount of \$13,000. His trial will take place May 26.

Mike Valentino is also charged with receiving stolen moneys to the amount of \$18,000. Charges against him will be heard June 4.

PROVINCIAL AID ASKED FOR BANK DEPOSITORS

Deputation Requests Cabinet's Concurrence That Depositors Should Be Paid.

Canadian Press Despatch. Toronto, May 15.—Headed by D. J. Sinclair, M.P., Tillsonburg, and I. E. Weldon, K.C., joint liquidator of the Eastern Bank, a deputation which included nearly a dozen members of the Ontario Legislature, waited on members of the Provincial Cabinet today requesting that the Ontario government express its concurrence in the view that Home Bank depositors should be repaid by the Dominion government.

Referring to the matter after the conference, Premier Ferguson said: "I pointed out that it would scarcely be proper for us to anticipate any action of the Dominion government in a matter that was entirely within their jurisdiction."

FIRE DESTROYS JAP VILLAGE

Associated Press Despatch. Tokio, May 16.—The village of Machinohe, close to Minato, was taken by fire, which destroyed 2,000 homes, including all public buildings and banks in the business district. Troops were called out to help fight the flames.

Machinohe's elaborate preparations to celebrate the arrival of the United States aviators and to entertain them have been called off on account of the fire.

ABYSSINIAN PRINCE ARRIVES IN PARIS

Ras Tafari Is Given Enthusiastic Greeting by Officials and People.

Associated Press Despatch. Paris, May 16.—Ras Tafari, prince regent of Abyssinia, was received today with honors equal to those given any visiting European sovereign when he arrived from the south of France for his visit to Paris. President Millerand and Premier Poincare were there to welcome him, while the Ras, clad in white silk, with head uncovered, and wearing the grand coronet of the League of Nations, was escorted by a large entourage.

The prince regent was given a triumphal procession, and was taken to the royal apartments in the foreign office, occupying the suite recently vacated by King Ferdinand and Queen Marie of Rumania.

France's guest is a Christian prince who has just returned from a visit to the Holy Land and has come to thank the French government for its support in obtaining Abyssinia's entry into the League of Nations. He is accompanied by a large entourage.

Invitations to the girls leaving the C. G. I. T. group to join the Senior Gleaners' Mission Band and the Young People's Society were extended by Miss Evelyn Halock and Miss Kelso.

SUN YAT SEN IS ALIVE, CLAIMS SECRETARY

South China Government Official Refuses, Though, To Permit Interview.

Hong Kong, May 16.—Dr. Sun Yat Sen, president of the South China government, whose death was reported to have occurred Tuesday, is alive and is perfectly well, his confidential secretary declared emphatically today to a representative of the Associated Press sent from Hong Kong to Sun's Canton headquarters.

Rumors have been current that reports of Dr. Sun's death were untrue. Upon being assured that the South China leader is still alive, the correspondent requested an interview with him.

"This was denied," the correspondent said Sun Yat Sen did not feel called on to prove to anyone that he is not dead in view of categorical statements to the contrary which have been issued at Sun's headquarters.

Dr. Sun, the secretary added, is perfectly well after an indisposition, that could not be termed an illness. However, the opinion still prevails in Hong Kong that if the constitutional party chief is to prove anything, he is suffering from a severe mental breakdown. It is said his condition has been such that none but members of his family is permitted to see him.

ASKS RELIGIOUS UNION BE MADE REAL EPOCH

Father Minehan Thinks Ottawa Outlook Modification of Present Measure.

Canadian Press Despatch. Toronto, May 15.—Writing in the Catholic Register, Rev. Father L. Minehan, diocesan church union and takes the view that the present Ottawa outlook points very strongly toward a modification of the present bill, which will, without destroying its efficiency, concern something to its opponents. Continuing, he asks, "cannot it be made an epochal affair, a something which will stand out in the history of our Dominion as does the Magna Carta in that of England? Can we not make the present moment the beginning of a greater Canada, religiously, socially, politically. We have our racial, lingual and religious differences (that is the least word) discords. Can we not at one sweep seek and find a settlement of all of them?"

CEDAR SPRINGS METHODISTS HONOR FAITHFUL MEMBER

Canadian Press Despatch. Cedar Springs, May 15.—The members of the Adult Bible Classes of the Methodist Sunday School met at the home of Mr. C. Mann last Monday evening to bid farewell to Mrs. Storey and family, who, after nine years' residence here are returning to Mr. Storey's farm in Essex county, Mrs. Storey has been a very faithful member of the women's class.

The pastor, Rev. William Sterling, on behalf of the classes, expressed regret at losing Mrs. Storey, and wished them Godspeed. A dainty lunch was then served.

JOINT LUNCHEON

Officials of the C. P. R., numbering over fifty, are in London today to attend the monthly meeting of the Ontario district transportation committee, which will be held in the Thistle Club this afternoon, following a joint luncheon with the Kiwanis Club at the Tecumseh House, where Mayor Wenig and Gordon Ingram, president of the Chamber of Commerce, will be guests of the railwaymen.

H. C. Groat, general superintendent at Toronto; F. M. Rutter, divisional superintendent here; J. D. Altimus, Montreal; assistant superintendent of car service, W. J. Anderson, district freight agent; Harry McCallum, city passenger agent, and other prominent officials are in the city for the meeting.

W. J. Collins of the car demurrage bureau, Montreal, will address the railwaymen this afternoon, while T. H. McGuire, yard foreman, Toronto, will speak on yard service. R. G. Connor, agent at Goderich, will present a paper on station work.

The railwaymen gathered here today represent every department of the road, including bridge and building, locomotive, carshops, freight and passenger.

Meetings of this nature are held monthly by the C. P. R. for the purpose of discussing the general business of the system and to devise ways and means of improving the service in general. During the winter months the sessions are held in Toronto, but in the summer they are held in the various cities throughout the province.

Officials who have registered in the city are George Whitley, assistant general superintendent, motive power, eastern lines; Fred Ronaldson, district master mechanic, Toronto; J. M. Bailey, assistant superintendent, Windsor; M. H. Brown, divisional freight agent; J. H. Marshall, general agent, Windsor.

The following station agents are attending the meeting: R. Scott, Chatham; J. M. Wright, Ingersoll; J. S. Robinson, Woodstock; W. H. Sanderson, Galt; H. A. Thomas, Guelph; T. G. Connor, Goderich, and W. Coulter, Toronto.

C. P. R. SUPERINTENDENT IS GUEST OF KIWANIS

Chamber of Commerce and Railway Officials Entertained at Luncheon.

Members of the Chamber of Commerce and of the Ontario District Association of the C. P. R. were guests of the local Kiwanis Club at their weekly luncheon today. Mayor Wenig, also a guest, represented the number of visitors, and in response, the purposes and ideals of the district association were set forth in a short address by H. C. Groat, general superintendent of the C. P. R. at Toronto. Addresses were given also by Mayor Gordon Ingram, president of the Chamber of Commerce, Jack Foote and F. M. Rutter, divisional superintendent of the C. P. R. The club was disappointed in their special speaker for the day, Professor Rudra Dori of India, who was scheduled to speak on the political situation in his native land. The several addresses, however, made up a very interesting program. A feature was a baritone solo by Frank Emery. The meeting concluded with a boost by Khayis Russell Wright of the Wright-Teale Plumbing and Steam Fitting Company.

The winners were Kiwanians Ed. Marley, Frank Taylor and Charlie Martin.

FINANCE MINISTERS BLAMED FOR WRECK

was any Home Bank at all," Mr. Lee said he could not find anything to show that the present finance minister had written a single letter to find out about the condition of the bank. "Sir Henry Dwyer did nothing," Mr. Fleming did less, the bank plunked on the rocks and 60,000 lost their money," Mr. Lee declared. "Are these finance ministers coming back to return to us our money?" He had not observed any indication of such a philanthropic intention on their part.

Mr. Lee's argument, which opened yesterday and occupied a large part of this morning's sitting of the McKee commission, emphasized the warnings of the danger of the condition of the bank which, he claimed, were repeatedly given to finance ministers over a period of years.

Mr. Lee was followed by A. J. Browning, K.C., also appearing for the depositors.

FORMER LEADER OF JOBLESS HURLS DEFIANCE AT POLICE

William Leslie, Self-Styled Communist, Gets Six Months in Toronto Jail.

GUILTY OF BEGGING

Headed Unemployed British Harvesters in Recent March to Ottawa.

Canadian Press Despatch.

Toronto, May 16.—"Though I am put behind prison bars, I will strike when I come out, remember that, and I will be taken out either dead or alive," said William Leslie, former leader of the British harvesters and self-styled communist and friend of Lenin, in police court today.

He was sent to jail for six months following his conviction on a charge of begging.

According to the police Leslie was the principal speaker at a meeting of communists held last evening. The police warned him that if he asked for money he would be arrested. At the conclusion of the meeting money was thrown at the speaker, and Leslie collected it. There was 70 cents in silver and copper in his hand when the policeman took him into custody.

Three weeks ago William Hagen was charged in police court by his wife with assault. The action was finally dismissed when Hagen promised to get a house for his wife and child, who arrived a few months before from Syria after a parting of 17 years.

The troubles of the Hagens were again brought to the notice of Magistrate Graydon this morning when William was charged with non-support by his wife.

Gordon Tennent, appearing for Mrs. Hagen, submitted that the husband was making \$40 a week and could easily support his wife.

W. B. Menzies, acting for Hagen, declared this was all wrong. His client was earning but \$15 a week, he declared.

Mr. Tennent, however, stuck to his guns, and the magistrate ventured the opinion that Bill was certainly earning more than \$15 per week. He suggested Hagen pay his wife \$7 a week, and asked the lawyers to consult with their clients as to this amount being favorable to both parties.

Apparently it was not, and the court decided to adjourn the case a week.

Ernest Crowden, the young English lad of 16 who emigrated to Canada over a month ago, is still confined to the county jail awaiting deportation.

John Farrell of the immigration department states that Dominion inspector Rexford came to London to interview the boy, but has received no report as to the action that will be taken.

Crowden told the authorities he was sent to Canada against his will by his grandmother. He didn't want to work on a farm, and judging from his physical appearance he is not at all suitable for farm work.

Fearing a repetition of the Bulphre case, a farmer from Dorchester, who took Crowden on trial, hurried the boy back to Mr. Farrell. Later he was taken in charge by Inspector Kelly of the C. A. S. but had to be taken to jail owing to bad behavior.

Britain Aids In Peace Cause

Associated Press Despatch.

London, May 16.—The British government, the Daily Express says, has just made a remarkable sacrifice in the cause of peace. Certain Baltic interests offered to buy large quantities of surplus war materials, the cabinet not only vetoed the deal, but took a general decision against all such sales.

WORKERS HONOR SUPERINTENDENT

W. L. Mills Given Watch and Chain by Baptist Sunday School.

VETERAN LEADER

Special to The Advertiser.

Sarnia, May 15.—Members of Central Baptist Church met last night in the Sunday School room to do honor to W. L. Mills, retiring superintendent of the Sunday School, who has been one of the most active officers in the church for the past quarter of a century. He was presented with a handsome gold watch and chain and addresses by his co-workers as a mark of appreciation for the work he had accomplished during his long tenure in office. For the past seventeen years as superintendent Mr. Mills has been an untiring worker in the building-up of the Sunday School and church.

Aid Relief Fund.

The central relief fund exchequer should be materially enriched from the division of the proceeds of the fourth night of the K. of P. carnival. The various attractions and concession stands were thronged again last night from early in the evening until about midnight. The enthusiasm was such that the proceeds were donated to the city central relief fund by the fraternal organization which sponsored the big show.

PIONEER OF MITCHELL REACHED RIPE OLD AGE

Andrew Byers Cut Own Wood and Did Own Chores At 92.

Special to The Advertiser.

Mitchell, May 15.—Andrew Byers, aged 92, who had been very active up to a few weeks ago, died on Thursday afternoon. He cut all the wood he needed for last winter, and one year ago sawed and split nearly a cord in one day. He was fond of gardening and had done some work in the garden and some fencing this spring. He looked after a cow and did all of the chores about his own home.

For twenty-three years after leaving the farm he was sexton of Knox Church, and since retiring from that position several years ago he has kept himself busy around his own home.

Born in Roxburghshire, Scotland, he came to Canada with his parents, the late Mr. and Mrs. Richard Byers, about seventy-two years ago. On their way from Hamilton to Mitchell he was taken ill and died. He was married twice and is survived by the widow and six children.

ANTI BODY SPURNS AMENDMENTS TO BIG UNION BILL

Presbyterian Church Association Declare Changes Are Empty and Illusory.

TAKE CHURCH AWAY

Canadian Press Despatch.
Ottawa, May 15.—"The concessions which the amendments appear to offer are therefore, in our view, empty and illusory," says a statement issued tonight by the Presbyterian Church Association, reviewing the proposed compromise amendment to the church union bill.

The statement says the amendments may appear upon a superficial reading to make substantial concessions to those opposing the bill. In reality they do nothing to remove or modify the fundamental objections to the bill as introduced.

The basic injustice of the bill, adds the statement, is merely postponed. It is not removed. The statement continues: "The vital issue between the promoters of the bill and its opponents is this: We desire to preserve the Presbyterian Church in Canada. The bill would destroy it. Upon this issue the amendments make no concession whatever. The bill as amended wipes out our church on the 15th day of April, 1925, just as completely as the original bill would have wiped it out on the 31st of May, 1924."

See No Change.
"After the 15th of April, 1925, non-concurring congregations will be in no better position under the amendments than under the original bill. They will be separate and isolated units, belonging to no church, for their own church will be gone. Any church which they may organize must be a new church, with a new name. To some the difference in name may seem trifling, but the Presbyterian Church of Canada would mean, and the unionists intend it to mean, a new organization. "The Presbyterian Church in Canada" would mean the old church, and that is why the unionists are not willing to allow us to use it. The amendments leave unchanged the fate of the minority in the concurring congregations. On the 15th of April, 1925, they will be swept into the united church. If, as individuals, they withdraw from it, they withdraw naked, without church, without congregation and without property."

"The provisions of the bill respecting property, and the colleges are unchanged by the amendments. Presbyterian trusts are diverted to the benefit of the United Church."

"The amended bill is no more constitutional than the original. In principle and detail it is beyond the powers of parliament."

Defend Church Right.
"We have no wish and no right to put obstacles in the way of union for those who desire it. We ask for ourselves no more than that we freely admit to them, the right to belong to the church of our choice. What we resist in their claim that our church must be destroyed, because they have chosen another. Why should they insist upon destroying the existence and even the name of the church to which they no longer wish to belong, but which we seek to maintain and carry on?"

EXCLUSION BILL IN EFFECT JULY 1

Adopted in Disregard of President Coolidge's Desire For Adjustment.

Associated Press Despatch.
Washington, May 15.—Congress, disregarding the desire of President Coolidge that the Japanese immigration problem be adjusted through diplomatic channels, adopted today, by overwhelming votes in each house, the conference report on the immigration restriction bill, which provides for Asiatic exclusion after next July 1.

The measure will be sent to the president probably before the end of this week. Congressional leaders generally expect him to sign it, but it was stated authoritatively at the White House that he had reached no decision.

On the basis of the balloting today in both the House and Senate there would be votes to spare to pass the bill over a presidential veto. The House voted 308 to 58, or 64 in excess of the required two-thirds majority to override a veto, and in the Senate it was 69 to 9, or 17 more than two-thirds.

Obituary

MRS. JAMES H. FORD.

Mrs. James H. Ford, a lifelong resident of this city, passed away at her home, 310 Ottawa avenue, yesterday evening in her 56th year, following a short illness.

Mrs. Ford was a prominent member and worker of the Wellington Street Methodist Church and attended there practically all her life. Besides her husband, she is survived by a daughter, Marguerite, at home and one son, William, of Montreal.

Funeral arrangements have not been completed.

HERE'S BIG NEWS FOR ALL USERS OF ICE!

The Hydro Shop, after years of cautious investigation, has adopted an electric refrigerator that we are now ready to install in the homes of our patrons with our recommendation and guarantee.—The Kelvinator.

Banish the Iceman with his mussy visits, the shortages and anxieties of hot days, possible impurity and short weight.

The Kelvinator for less cost maintains a dry, biting cold temperature, far colder than melting ice.

The Kelvinator protects your food with inexpensive refrigeration; the freezing unit uses power only when the temperature rises above freezing. Your refrigerator will be always sweet, clean and pure. Think of the delight of having crystal-clear ice cubes made from city water, for table use and refreshing summer drinks.

William Robins Seeks To Have
Hiram Walker's First Will
Recognized.

Special to The Advertiser.

Windsor, May 15.—The feature at today's session of the Sandwich assizes before Mr. Justice H. W. Mowat was the arrival from England of an imposing-looking document, bound with much red tape. This, it was confidentially announced by counsel for the Walker heirs, was the evidence collected abroad from a score or more of witnesses to be used in the half-million dollar action being brought by William Robins of London, Eng., against the beneficiaries of the estate of the late E. Chandler Walker, head of the great distilling firm of Hiram Walker Sons, Ltd., of Walkerville.

Mr. Walker died eight years ago, and his will divided his huge estate among many beneficiaries. Mr. Robins claims that he was ignored in the last will of the multi-millionaire distiller, and that a clause in a previous will made by Mr. Walker, gave him one thousand shares of stock in the distilling company. Present estimates place the value of one thousand shares of Walker stock at something more than half a million dollars. Mr. Robins, therefore, brings action to have the first will recognized rather than the second one. Robins for nearly a quarter of a century was general manager for the Walkers. He resigned in 1912, and has since resided in England.

Robins was on the stand all day yesterday and again today, undergoing examination and then cross-examination at the hands of half a score of some of the most brilliant counsel at the Canadian Bar.

Three physicians testified yesterday concerning the illness to the flesh to which the late Mr. Walker was subject, or imagined he was subject to. According to their testimony, the Walkerville multi-millionaire liked to have doctors visit him so he could talk to them about his own case. One witness, Dr. C. W. Hoare of Walkerville, said that in a period of eighteen years his records showed he had made 1,167 visits to the late Mr. Walker.

The courtroom was packed both yesterday and today, but there seemed a distinct air of disappointment over the fact that none of the notables who expected to appear had put in an appearance. That, evidence, it is expected, will be introduced by commission.

CLAUSE INSERTED IN BRANCH BILLS

Accepted by Canadian National in Substitution of Amendment Yesterday.

Canadian Press Despatch.

Ottawa, May 15.—With practically no discussion the railway committee of the House this morning decided to incorporate the following clause in all the Canadian National branch line bills: "Should it appear to the company upon making final surveys of the said line of railway that the expenditure involved in the completion thereof will exceed the limits of expenditure specified in this act the company shall not commence nor proceed with the work upon the said line of railway without first obtaining the approval of parliament."

The new clause cited above was submitted with the approval of the minister of railways and J. P. M. Baxter accepted it in substitution of an amendment he proposed yesterday.

The clause was then carried and will be inserted in all the branch line bills.

COOLIDGE VETOES SOLDIERS' BONUS

Sponsor of Bonus Motion Will
Attempt To Have Vetoes
Overridden.

Associated Press Despatch.

Washington, May 15.—President Coolidge today vetoed the soldiers' bonus bill passed at this session of the United States Congress. On the heels of his disapproval of the Bureau pension bill, because he felt it would be an undue strain on the treasury, the President sent back to the Capitol for the same reason the compensation measure, which would give free life insurance policies to great war veterans.

Advocates of the bill immediately announced that an attempt would be made to pass it over the veto. On its original passage it received more than the two-thirds vote necessary to override the veto in both senate and house.

BUSH FIRES RAGING IN NORTH ALBERTA

Telegraph Communications
With Peace River Country
Cut Off.

Canadian Press Despatch.

Edmonton, May 15.—Bush fires are raging over wide areas in Northern Alberta today. The most serious outbreaks are west of Edmonton, northwest of Athabasca and in the Peace River country. Six hundred thousand feet of logs, the property of H. Roberts, were burned near Whitecourt, northwest of Edmonton. Telegraph communication with the Peace River country has been interrupted by the fires burning the poles, bringing the wires down with them. So far no loss of life has been reported.

HOMESTEADS BURNED OUT.

Canadian Press Despatch.
Prince Albert, May 15.—Word reached the city today that disastrous fires swept large areas in Alinsky, North Side and Paddock Wood districts, about 25 miles north of Prince Albert, burning out two homesteads without loss of life to human or stock. Numerous bush fires were raging early this morning in the district named, but are now petering out. It is rumored that another fire is still active on an Indian reserve north of Alinsky.

PRETTY CANTATA IS PRESENTED BY CHOIR OF CHURCH

"Prince Ferdinand" Makes Big
Hit at St. George's Pres-
byterian Church.

EXQUISITELY STAGED

Under the auspices of the choir of St. George's Presbyterian Church, London Junction, a fairy cantata, "Prince Ferdinand" was successfully presented last night. The charming story of a lovely princess, who is rescued from the spell of a witch by the efforts of a handsome young prince and skillful magician, in true fairy story style, is told in delicate melody, and the cantata last night was not only well sung, but exquisitely staged and costumed. Miss Cora Nuttcomb, soprano, was delightfully effective as the Princess Helena, and Tom Stewart was cast in the role of the prince. Mrs. Treblcock was excellent as the fairy queen, her role forming one of the most interesting features of the production. Miss Eleanor Clarke as the witch, and John Sinclair as the magician, rounded out the principals of the cast.

Four little woodsprites contributed a delightful element of humor. Dressed in clever costumes of leaf green and brown, they were the following girls: Helen Wallace, Elda Hutchinson, Dorothy Roulston and Vivian Crawford. Four little flower girls were also very prettily costumed. Dressed to represent the rose was Margaret Wallace; the forget-me-not, Jean McKie; the daisy, Marion McLaren; and the poppy, Bessie Wright. The ten little fairies who formed a chorus were dressed in frocks of blue and pink.

During the intermission a delightful little ceremony took place, at which Miss Helen Angus was presented with a bouquet of flowers in appreciation of her services in directing the cantata. Miss Angus is the choir leader and organist, and her efforts were largely responsible for the success last night.

Between acts, features, which were also very enjoyable, were the violin solos by Bruce Wells, a solo by Miss Laura Crawford, and a piano duet, the overture to "William Tell," by Miss Whetter and Miss Angus. Following the performance the members of the cast and the assisting artists were delightfully entertained at supper by the Ladies' Aid of the church. The cantata is to be repeated this evening.

PRESBYTERY CONDUCTS INDUCTION SERVICE

Rev. W. A. Gardiner, B.A.,
B.D., New Minister at Ailsa
Craig, Carlisle.

A special meeting of London Presbytery was held this afternoon for an induction at Ailsa Craig and Carlisle. Rev. W. A. Gardiner, B.A., B.D., formerly of Lyn, in the presbytery of Brockton, was introduced by Rev. W. H. Geddes, and the induction service was conducted by the moderator of London Presbytery, Rev. John McKinnon, B.A. Rev. W. H. Geddes, of the church of the Galloway, delivered the sermon, Rev. Dr. Wm. Beattie of First Church, London, addressed the minister, and Rev. James McKay of New St. James Presbyterian Church, London, addressed the people.

Out of deference to the late Mr. Geddes, whose death occurred only a week ago, there will be no congregational social in connection with the induction.

MALTA BIDS FAREWELL TO GOVERNOR PLUMER

An Enthusiastic Demonstration
Marks Departure of Popu-
lar British Official.

Associated Press Despatch.
Valletta, Malta, May 16.—Field Marshal Lord Plumer, who has just retired from the position of governor and commander-in-chief of Malta, was given such a farewell demonstration today as never before was witnessed on this island. One factor in Lord Plumer's popular send-off was the inauguration of the new administrative regime in Malta during his governorship.

The Valletta, the capital of Malta, was profusely beflagged and crowded to suffocation with all classes of the population. The city was plastered with such mottoes as "Plumer, father of the Maltese," and other affectionate phrases. Showers of flowers descended from the balconies and roofs of the houses on Lord Plumer's car as he was being taken to the harbor and a further manifestation of appreciation of the retiring governor was given by a crowd of men drawing the car.

Herbert Charles Onslow Plumer was created first baron Plumer in 1919. He has been governor and commander-in-chief of Malta since June, 1919, and has been field marshal since that year. He served with distinction as an officer in the British army in the Sudan, in South Africa, and in the Great War. He is 66 years of age.

WAVE OF SUICIDES.

News From City Churches

ST. MARK'S GUILD.

Under the auspices of the Ladies' Guild of St. Mark's Church, a successful concert for ladies of the congregation was held in the Sunday school rooms yesterday afternoon. Mrs. A. L. Beverley, wife of the rector, Mrs. T. W. Willis, president of the guild, welcomed 75 guests, who included members of the congregation, together with a number of friends. Ferns and spring flowers were prettily arranged throughout the rooms, and the small tables at which tea was served were centered with flowers. The rector, Rev. A. L. Beverley, presided over the delightful program given. This included Mr. Beverley's address, solos by little Miss Vera Crawford, a recitation by Master Keith Rossiter, solos by Mrs. R. Parker, with piano accompaniment by Mrs. E. S. Bell, and a reading by Mrs. R. Kelly. A guessing contest, in which Mrs. A. Rossiter was the prize winner, was an interesting feature. Mrs. E. S. Bell, president of the congregation, were guests at the reception. The following ladies were in charge: Refreshments, Mrs. M. Morrison, assisted by Mrs. Langford; program, Mrs. M. Garrett; decorations, Mrs. H. M. Marshall, and assisting at the tables, Mrs. McMurray, Mrs. R. Allister, Mrs. M. Garrett, and Mrs. R. C. Crawford.

PHILATHEA CLASS.

The Philathea Class of Colborne Street Sunday School, continued their mother's recently at a delightfully arranged mother and daughter banquet. Mrs. John Henderson, teacher of the class, sat at the head of the table, which was prettily decorated with the class colors of purple and gold and the toast list was presided over by the class president, Miss Vera Trick. A toast to the mothers was proposed by Miss Edna Merkle, and the response given by Mrs. W. C. McArthur. Vocal solos by Miss Edna Merkle and Miss Ida Elliot, with Miss Phyllis Cooper at the piano, were pleasing features.

HAMILTON ROAD W. M. S.

Mrs. E. S. Little of Smith street was the hostess yesterday afternoon of the May meeting of the W. M. S. of Hamilton Road Presbyterian Church. Mrs. Mallowhugh presided, and the scripture lesson was given by Mrs. Stannard. After the business a short program was presented, including a duet by Mrs. Martin and Mrs. Hendry. The concluding chapter of the study book was given by Mrs. C. Pirie. At the close of the meeting, refreshments were served by the hostess, assisted by Mrs. Martin and Mrs. Philmore.

PILGRIMS' MISSION BAND.

The Pilgrims' Mission Band of the

Chalmers Presbyterian Church varied its regular meeting this week with a successful concert in which the members took part. The president, Margaret Standfield, was in charge, and the Scripture reading was given by Violet Howard, with the reading of the minutes by Donna Dye. Mrs. George Trigger, representing the W. M. S., was a guest at the meeting, and congratulated the children on the excellence of their program. The following numbers were given: A duet by Betty and Billy Weames; songs by Mabel Black, Elva Kelman, and Bessie Black; recitations by Jessie Duncan, Ruth Stanfield, Jean Stanfield, Glen Thompson, Beth Duguid, and a chorus by Florence Tiller, Bessie Black, Beth Duguid, Viola Phillips, Eunice Dye and Donna Dye.

MANOR PARK BROTHERHOOD.
The closing meeting for the season of the Manor Park Brotherhood will be held in the school on Sunday, May 18, at 4 o'clock. The Brotherhood of the First Methodist Church will be in charge.

ASKIN STREET BROTHERHOOD.
Meeting Sunday, May 18, at 10 o'clock, Askin Street Brotherhood will be addressed by Rev. W. L. Armitage, rector of St. James' Church, South London. On Sunday, May 25, the Brotherhood will visit Beth Emanuel Church, Grey street, and will have entire charge of the Brotherhood service.

TALBOT ST. LADIES' AID.

The regular meeting of the Ladies' Aid Society of the Talbot Street Baptist Church was held yesterday afternoon, with Mrs. Affleck, the vice-president, in charge. The scripture reading was given by Mrs. Weld, followed with prayer by Mrs. Johnston. Mrs. Att sang a very pleasing solo. Mrs. Harding, one of the Travellers' Aids of the Y. W. C. A., gave a very interesting talk on travellers' aid work. The ladies of the society during the holding a chain of teas during the spring and summer months to help swell the treasury.

MERIDIAN CLASS MEETS.

The semi-monthly sewing meeting of the Meridian Class of Wellington Street Methodist Sunday school was held last evening at the home of Miss Curroe, Wellington street. Some time ago Miss Symmonds, superintendent of the Victorian Order of Nurses, gave an address to the girls explaining the work of the order, and the members have almost completed a layette, which is to be given to the order. Miss M. Tagg presided over the meeting, which was followed by refreshments. The next meeting will be held at the home of Miss Johnston, 99 Horton street.

REVISION REBATE IS LOW RECORD

Ministers Will Be Required To
Submit Sworn Statements
On Perquisites.

With only \$200 rebated, the revision court for Ward Four sitting last night in the city hall, declared a record. This is the lowest amount ever rebated in a revision court in London.

Only two real estate dealers appeared before the court establishing another record. Miss Weir, who lives with another lady, claimed she was not a householder and will appeal the decision of the court in this effect. As a householder has never been clearly defined in London, the decision of the court could judge by the assessment commissioner. During the proceedings of the court the commissioner stated that next week he would ask all ministers for a sworn statement of their "perquisites" as a proper basis for his assessment, which caused some mirth and a few remarks to the effect that this would be according to Hoyle and in the best interests of the city in general.

In Canada's Parliament

IN CANADA'S PARLIAMENT.
Canadian Press Despatch.
Ottawa, May 16.—The House of Commons considers estimates and branch lines bills commencing at 4 p.m., after an all night sitting. The Senate does not sit.

Yesterday.
A 17-hour sitting of the Commons culminated at 7:30 a.m. Friday in the adoption of the budget by a majority of 112 and the defeat of the Woods-worth amendment thereto by a majority of 188. The leaders of all three parties spoke during the long session. The Senate did not sit.

HARVESTER CO. MAKES REDUCTION IN PRICES

The International Harvester Company of Canada, Limited, makes the following announcement:
"We are pleased to announce a substantial reduction in prices of our entire line of farm implements. This reduction is made possible by the removable or decrease of the sales tax on such machines and on raw materials, and further by the removal or reduction of the duty on materials entering into such machines, as set forth in the government budget resolutions of April 11, and in subsequent amendments."

"The Canadian farmer will undoubtedly welcome these reductions in price. We feel that he will promptly take advantage of the opportunity and purchase new implements in place of worn-out and dilapidated machines now in use, which will, of course, mean greater efficiency in his farming operations."

CAPITAL FIGURES LESS.
Canadian Press Despatch.
Toronto, May 16.—Authorized capital of \$10,707,700 is represented by companies whose incorporations were reported to the Monetary Times during the week ended May 10, compared with \$24,829,200 the previous week and with \$17,260,100 the corresponding week of last year.

FROZEN METERS TO BE PAID FOR

Utilities Commission Decides
To Collect \$2.50 For Re-
placement of Meter.

The public utilities commissioners yesterday decided that everyone who had allowed their water meter to freeze last winter without good and sufficient reason should be required to pay the regular fee of \$2.50 for the replacement of the meter by the commission. They agreed that where just cause could be shown for the freezing of these meters no charge should be made. On the recommendation of Chairman Vining, all "elemosynary" institutions near and outside the city limits should only be required to pay the ordinary water rates for the meter, and that all private dwellers should pay the full double rate as usual. This was in reply to letters from the attorney general, who charged to some cases where the commission were too high in public charitable institutions.

ENGLISH COMMONS DEBATES MINE BILL

Labor Government Approves
Nationalization of British
Minerals.

Associated Press Despatch.
London, May 16.—The House of Commons today is debating the question of nationalizing the mines and minerals of Great Britain on the second reading of a private member's bill favoring such a step. The miners are convinced that the problems of the industry upon which they are dependent for livelihood can only be solved by nationalization, and they are behind the bill which was introduced by G. H. Hall, Laborite.

The Labor government approved the measure in principle, and is committed to nationalization by its past declarations of its members, but it was decided at a cabinet meeting yesterday not to give official support to the bill today, leaving it to the fate of a free vote of the house.

The decision, it is declared in political circles, was doubtless due to the hopelessness of passing such a measure in view of the present composition of the commons, the Liberals equally with the Conservatives being opposed to nationalization.

GRAND RIVER DIVERSION SCHEME IS SAID FEASIBLE

Hamilton, May 16.—That the scheme to divert water from the Grand River to Hamilton for the purpose of generating power is feasible was the announcement made by W. H. Bretherton, Kitchener, to members of the Engineering Institute at a dinner tonight. It was predicted that the day would come when water would be brought down from the river to this city and power enough generated from the fall over the mountainside to supply the city's power and lighting requirements.

OFFICIAL VISIT.
Belgrade, May 16.—Arrangements have been made for an official visit to Belgrade by President Masarik of Czechoslovakia in October, according to Politika. King Ferdinand returning the visit early next year.

ROAD AND SEWER WORK IN LONDON IS IN FULL SWING

Engineer Near Reports Work
More Advanced This Year
Than in 1923.

450 ON PAYROLL

In spite of the fact that several Londoners are keeping the telephone of the city engineer busy with requests that their particular streets and avenues be laid "immediately, if not sooner," the work of this department of the city's business is well advanced and is further ahead than at the same time last year.

On May 16 last year there were about 400 men at work on the engineer's pay roll, while today there are 450. These men are divided into some eight or ten gangs, and are busy in all parts of the city. There are three large sewer gangs working on the Wellington street job. They cover the area included by the Wellington road, Grand avenue and Teumseh avenue. Then there is the "short lengths" sewer gang, which looks after all the various small pieces of sewer work which have to be done. Just now it is operating on Sherwood avenue, and later will do some work on Grosvenor street west. There is abundant work for this gang.

Private Drain Gang.

Then there is a private drain gang, a gang cleaning up the sewage disposal plant in London West, a special sewer-cleaning gang, which is responsible for keeping all the sewers in order, winter and summer, and a curb and gutter gang, which, however much its name may lack euphony, is one of the most necessary of them all.

As to the oiling of the streets, the engineer has made a shot at this work three times this week only to be held up every time by the weather. Rain has fallen on every occasion. There are over forty miles of oiling done in the city each year, and more than 200,000 gallons of crude petroleum are used. A carload of oil arrived in the city today, accompanied by a certificate from an analyst in New York vouching for its quality.

On the top of all this the inclinator department, which handles from twenty to forty tons of material every day, and the garbage and the street cleaning department, round out the details of the engineer's busy day.

Versatile Outfit.

All these gangs are trained in versatility. They are all construction gangs and not merely "concrete gangs" or "sewer gangs" or "road work gangs." They move from one job to another, and are equally at home in any kind of work. Engineer Near says this gives him a more flexible staff to work with, and allows of doing all the work in the time of the year most suitable and seasonable.

Another advantage is that it is cheaper to do certain construction work at the right season, than to have to cope with unfavorable weather conditions at other times. The added cost last winter of doing sewer work at times when otherwise it would not have been done was some \$13,000, which was charged up as city relief and gave half-time employment to about 150 men in London.

COMMITTEE'S REPORT ON TREATIES ADOPTED

Foreign Office Issues a Long
Statement on Progress of
Proceedings.

Canadian Press Despatch.
London, May 15.—After a meeting of the Anglo-Russian conference today, under the chairmanship of Arthur Ponsonby, the foreign office issued a long communique detailing the progress of the proceedings, which was chiefly interesting as showing that little advance had been made toward an agreement on any of the points under discussion. The report of the committee dealing with treaties was presented and accepted. It regards as obsolete a number of the Anglo-Russian treaties concluded before 1918, relating to various eastern and other questions, extradition and other similar questions to harmonize them with modern conditions.

DUGOUT CLOSING TONIGHT, OFFICIALS TO SEE FAIR

The Dugout, the official quarters of the G. W. V. A. will be closed tonight to allow the executive and all the members of the organization who desire so to visit the Hobby Fair at the armories in a body.

Following an inspection of this they will visit the Better Homes Show at the Winter Garden.

FIRE LOSSES INCREASE.

Canadian Press Despatch.
Toronto, May 16.—Fire losses in Canada during the week ended May 14 are estimated by the Monetary Times at \$583,700, compared with \$189,350 the previous week and with \$286,000 the corresponding week of last year.

"The Finish That Endures"

Here Is a Paint That Saves Money as well as the Surface

The following is an extract from a letter that we will show on request:—
"Another old-time painter, Mr. H. Brawn, had a large house that he had already primed, and he figured that it would take seven gallons to put on the second coat. We persuaded him to try Floglaze Exterior, and we sent six gallons to do the job. After it was completed he had two gallons left, having finished the job with four gallons instead of seven."

Floglaze Exterior will cover 500 square feet, two coats, to the gallon ---a saving of 25% in material over any other kind of paint. It will give 25% greater wearing value---a saving in renewal and labor charges.

Paint value cannot be determined by the price per gallon.

It must be found in the extent to which it will cover and in the length of time which it will protect and preserve.

The real value of a paint is therefore arrived at on the value of service given annually per square foot or per thousand square feet. In other words, it is necessary to find the yearly cost of paint per thousand square feet.

Low-priced paint, covering 300-350 square feet, and lasting not more than two years, invariably gives the highest annual cost.

The highest priced paint, covering 500 square feet, and lasting at least four years, undoubtedly gives the greatest annual service value per thousand square feet.

From a decorative standpoint, the higher priced paint has more permanent colors, gives a better finish and retains a more lasting appearance.

THE FLORENTINE DAGGER

By BEN HECHT.

INSTALLMENT V.

The Leading Characters:

JULIEN DE MEDICI, a playwright and direct descendant of the famous Italian family of murderers. He rejoices that the finger of suspicion for the recent murder of her father points to his fiancée.

FLORENCE BALLAU, beautiful and talented daughter of Victor Ballau, the murdered man she finds lying on the floor with a Florentine dagger in his heart and a candelabra by his head.

JANE, the Ballau housekeeper.

NORTON, chief of detectives, who believes the crime to be merely a case of suicide. Norton points to the fake moustache that is clutched in the dead man's hand and says that, and the disordered condition of the room, indicate that Ballau wanted to divert attention from his self-destruction. Norton, however, overlooks a discrepancy in Florence's account of how she rushed home from the theatre in response to a telephone call. She doesn't tell him of the phone call. At the inquest Norton asks Jane at what time, on the evening of the murder, Florence came home. Norton strengthens his theory of suicide by proving that Ballau was bankrupt and desirous of Florence collecting his insurance money if murder could be established as no money would be paid in case of suicide. Florence again neglects to mention the mysterious phone call, but De Medici, whose inherited morbid love of murder still exalts over his fiancée's evident guilt, realizes that Norton, too, must know something, and is only playing a crafty game. Julien is called to the stand.

CHAPTER IX.

"She Acts."

The coroner spoke again. "What time did you call for Miss Ballau at the theatre?" he asked.

It would be necessary to his here. But he must be careful and evasive

SECRET OF HIS SUCCESS

One of the most noted, successful and richest men in this country in a recent article said, "Whatever I am and whatever success I have attained in this world I owe it all to my wife. From the day I first knew her she has been an inspiration and the greatest helpmate of my life." Health is the first essential of every woman who wants to be a successful wife and to hold the love and admiration of her husband. If a woman finds her energies flagging and dark circles appearing under her eyes, she has backache, headaches, nervousness and "the blues," she should take Lydia E. Pinkham's Vegetable Compound, the medicine which holds the record of helping 98 out of every 100 women who try it. There is nothing better.—Advt.

MRS. ELIZA KILLINGBECK

Could Hardly Lift Her Hands

Terrible Weakness Caused by Digestive Disorders Quickly Relieved by Dreco. Peterboro Lady Now Has Splendid Appetite, Sleeps Soundly and Strength Is Returning Every Day.

"For years I had suffered from stomach trouble and indigestion," says Mrs. Eliza Killingbeck of 200 Edinburgh street, Peterboro, Ont. "I had a very poor appetite and would bleed terribly after eating. I had frequent dizzy spells and felt very weak and run down. My nerves were all on edge and I couldn't sleep at nights. Sometimes I was so weak I could hardly lift my hands to my mouth. My kidneys, too, were bad, and I suffered no end of misery from them. I was also chronically constipated.

"I took all kinds of medicines and dear knows how much money I spent trying to get relief, but nothing did me any good. Finally, my son advised me to try Dreco, and after taking four bottles, I can truthfully say that I feel 100 per cent better. While I still have to watch my diet, everything I do eat agrees with me, and my nerves are steadier than for years. I sleep soundly, have no more dizzy spells or bloating, and my kidneys are in good condition. My constipation is also relieved, and I feel that my experience with Dreco justifies me in recommending it very highly."

Dreco is the most reliable corrective and tonic for digestive disorders made. It stops suffering by stopping the cause of it, which, in most cases, is nothing but weak, lazy digestive organs. Dreco strengthens and regulates these organs till they do their work properly. It contains no mercury, potash or habit-forming drugs, being a purely herbal preparation with absolutely nothing injurious in it.

Dreco is being specially introduced in London by Standard Drug, Limited, and is sold at all their stores in London, St. Thomas, Woodstock and Stratford. It is also sold as follows: Chatham, Liggett's Drug Store, Clark's Drug Store; Sarnia, Liggett's Drug Store; Galt, Cant & Cant; Ridgeway, D. H. Stewart; Bothwell, Bothwell Drug Store; Lucan, H. S. Stanley; Goderich, H. C. Dunlop; Strathroy, F. L. Grieve; Tillsonburg, C. V. Thompson, the Rexall Store, and by a good druggist everywhere.

is collectable if Mr. Ballau was murdered, the theory becomes untenable." Lieut. Norton leaned forward and spoke for the first time.

Have you any particular interest in proving that a murder has been committed instead of suicide?" he asked.

"I see what you mean," De Medici smiled slowly. "I am engaged to marry Miss Ballau, and you think I have a personal interest in securing the collection of the insurance money left her by her father. I have no such interest."

The coroner, after a pause, continued his questioning.

"Did you have any discussion with Mr. Ballau concerning the weapon after he had taken it home?"

"I think we did talk about it." A—I told him I didn't like it. It had belonged to an ancestor of mine whose deeds I have never admired."

"The inquest is a farce," De Medici mused. "They have determined on this clumsy ruse of throwing some one off guard as I thought that night."

Lt. Norton, summoned to the witness chair, was reciting again the details of the case. De Medici listened. With logic and a remarkably convincing mass of detail, the detective was going over the circumstances surrounding the death of Victor Ballau, and bit by bit reconstructing for the jury his theory of the grotesque suicide which the dead man had committed.

"The inquest stands adjourned until tomorrow," Coroner Holbein announced as the lieutenant concluded. De Medici remained, without moving, beside the girl. "Come," he whispered, "I would like to talk to you."

They made their way through the crowd of friends. De Medici nodded politely in return to the guests that followed his passage through the room. Norton was watching them, watching them go out together. There would be some one listening when ostensibly from behind concealed evidence.

"May I speak openly?" De Medici inquired. He had leaned forward in his chair. He caught a nod from the lieutenant. The coroner answered:

"Yes. Go on and tell us in your own way what you believe happened."

"From the questions that were asked Miss Ballau," De Medici began, his eyes fixed on the lieutenant, "it struck me that one of the police theories might be that Miss Ballau killed her father in order to profit by his insurance money, knowing at the time that they were financially ruined. This is obviously a ridiculous notion. For Miss Ballau has testified from the first that she is convinced her father committed suicide. Inasmuch as she knows that if this is proved the insurance company will not have to pay her the money that

"What do you want?" she asked. "I love you," he whispered. "You have forgotten that."

"Yet you hide from me." "What do you want?" she repeated.

"To warn you," he whispered. "They know about the telephone call. And about the time you spent in the apartment."

"Yes." His voice was soft. His hand sought hers. "Ah, Francesca mia, do you think I care? Does it matter to me? Look at me. Do my eyes hide from you? I adore you. Tell me. . . . I will fall at your feet. I will kiss your hands."

"You believe I killed him?" "I found a purse in the chair that night," he whispered. "With your initials on it."

"Give it to me." She held out her hand. He shook his head. "First you must tell me what you know. Then I will obey you blindly."

"There is nothing to tell." De Medici smiled at her. "Some one called you on the telephone," he said softly. "And you answered, 'Oh, God!' and fled. You were in the apartment for a half-hour or more before you gave the alarm. And you removed your costume—the 'Dead Flower' costume—which you had worn out of the theatre. You washed your hands and face—for there was no make-up on you when I saw you in the vestibule."

"Look at you!" she cried. "God in heaven! You are mad!" Her arms were wrenched free. For a moment he held her writhing body. Then her hand stung against his face. His head recoiled under the blow. She stood apart from him, despair and anguish on her face.

De Medici's eyes watched her aloofly as she sank to the floor and sobbing and whimpering at his feet.

"She acts," he whispered, "she acts."

"Can you drag yourself out of your delusions long enough to think sagely?" the doctor cried.

"My mind is perfectly clear," De Medici answered. "You have discovered that someone telephoned her at the theatre, that she was in the apartment more than a half-hour before giving the alarm. And other details."

"Yes, other details," Dr. Lytton repeated warily. De Medici sighed. "Ah," continued De Medici in a murmur. "Are you interested in my symptoms, Hugo?"

"Go on," the doctor answered. "From a distance," repeated De Medici, "my gestures seem to change. My eyes droop and I keep staring out of their corners. The tears leave me, however. There is nothing to fear in this dream. Last night I sat there staring at the curtains and waiting. But there was no fear. And finally the hallucination came. As it did once before on the night of the murder. I was in the apartment and she appeared for an instant in the doorway. A long robe and a dagger in her hand. The dream is horrible and beautiful. An exultation comes into me."

"And are you aware of its unreality at the moment?" Dr. Lytton asked quietly.

"Alas, yes! I watch from a distance. I repeat to myself—a hallucination! But even then there is something truthful about her. The woman with the dagger is Florence. . . . We must save her," he whispered.

Dr. Lytton granted.

"Yes," he agreed. "It fits in. That vision of yours. Yes, an odd psychological phenomenon. I have had a similar image in my mind for a week."

De Medici's voice had undergone a change when he spoke again. It was crisp and with a precision in its sound.

"Now tell me, Hugo," he asked. "What you've found?"

"First," countered the doctor, "what are you hiding?"

De Medici nodded as the doctor's eyes glittered at him. Moving to the table, he opened a drawer and removed the purse he had picked up in the Ballau library.

"In the chair near the body," he explained. "It bore the initials 'F. B.' in the corner. And inside a theatre program for a performance of 'Iris' in a London theatre in 1899."

"Good God!" Dr. Lytton said abruptly. "I knew it. Yes, I was right."

"He came here to corroborate something," De Medici continued to himself. "He suspects that I and not Florence did the murder. Yes, an obvious and romantic theory. I turned De Medici for a moment and killed a man." Dr. Lytton's eyes beamed excitedly over the program.

"Twelve names in the cast," he continued. "I'm taking them down. Names are always something. A name is a beginning. Did you tell Florence of this?"

"Yes." "And she grew excited," pursued Dr. Lytton as he finished his writing. "Did you mention the Goldsmith Theatre to her?"

"No." "This was before she left town?" pursued Dr. Lytton.

"I didn't know she had gone," De Medici murmured.

"Yes," Dr. Lytton continued, "she went to a place called Rollo, in Maine."

"I didn't know," repeated De Medici uncomfortably. So she had gone away! Remorse and tenderness overwhelmed him, and a feeling of self-revulsion. "Where?" he asked. "Playing with evil dreams while her heart was breaking. He saw, in retrospect suddenly, the laughing-eyed, vivid young woman whom he had loved. Guilty of the murder of her father! A mystery beckoned behind the inexplicable conduct of the girl. Victor Ballau, there had been something about him. Trembling fingers and averted eyes. . . . A secret pantomime behind the fastidious exterior."

Dr. Lytton was talking. De Medici's ears again picked up the man's excited ramblings.

"In part the mystery lies with Ballau. A London theatre program. You know he lived in London before he came here. I found out something about him. He was married in London. Have you ever talked to Florence about her mother, Julien?"

Dr. Lytton waved the paper on which he had copied the names. "Names are mysterious in themselves," he went on. "A muffled sound was repeated at the door. Harding, his bland-faced valet, entered.

"A special delivery letter," he said. "Thanks," De Medici took the proffered envelope. The valet stepped through the curtains.

SIX-YEAR-OLD BOY DROWNS IN LAKE

Body of Edward Ryan Recovered After Two Hours' Search.

Special to The Advertiser. Kincardine, May 15.—Edward, 6-year-old son of Mr. and Mrs. Tim Ryan, who was missing since 5 o'clock this afternoon, was found at 7 o'clock by a search party, drowned, under the north dock close by the lighthouse.

Doubtless the little fellow was playing beneath the dock and slipped into the deep water on the harbor side, despite all efforts of resuscitation, he was pronounced dead by Dr. Ferguson when he arrived, probably having been in the water over an hour. No inquest will be held.

"Alas, yes! I watch from a distance. I repeat to myself—a hallucination! But even then there is something truthful about her. The woman with the dagger is Florence. . . . We must save her," he whispered.

PLUNKETT'S BEST DUMBELL SHOW IS "LET 'ER GO"

Popular Canadian Company Stages Latest Revue At Grand Theatre.

SONGS ARE CATCHY

The original Dumbell company owes its extraordinary success to an inviolate rule that each successive show must be an improvement over the one preceding it. Their latest edition, "Let 'Er Go," shown for the second time this season at the Grand Theatre last evening, indicates that the company has never swerved from that resolve. "Let 'Er Go" is the cleverest and most entertaining production M. W. Plunkett has yet attempted.

The skits are uproariously funny, the songs catchy, the comedians talented and the featured members of the cast, Ross Hamilton and Al Plunkett, have gained much by their experience of the past four years. Ross Hamilton, in fact, was never seen to better advantage than last evening and, of course, Plunkett's attractive personality can always be depended on to carry the audience with him.

Plunkett's boys always charm their followers, who are legion. But the latter were never better satisfied than with the performance of last evening. Dumbell audiences have learned to expect big things from Al Plunkett and Ross Hamilton. That is why it is such an agreeable surprise to see other stars, as brilliant in their parts as either Hamilton and Plunkett, included in the company. Certainly the humor of Pat Rafferty, Stan Bennett and John Hagan is something distinct in itself. Few, if any, productions of the nature can boast of three such excellent comedians. Bennett as "Archibald Vere de Vere" gives a perfect impersonation of the type implied by the name, and Rafferty's slapstick performance are nothing less than art. Hagan, perhaps, is the most versatile stage comedian of the three, and demonstrated too, that he possessed real dramatic ability.

Create Merriment.

The Dumbell songs and skits are lifted far out of the ordinary run by reason of the comparative subtlety of their jokes and verses. Ben Allen and Jack Grace, as black-complexioned gentlemen, create great merriment. The person who arranged their line of chatter has taken the cream of modern humor from the best comic magazines and condensed it into delicious and appetizing form. Both men have a thorough

understanding of the blackface comedian's job, and do not resort to rubber-stamp methods for effect. Their conversation is of the quiet, unassuming type which acts like a feather duster perpetually tickling the funnybone.

"Living in a Trench" is the opening skit, and a very creditable one. It gives many of the lesser members an opportunity to draw laughter from the crowd. "Wait for Me" is another delightful episode in the performance. This is a solo number by John Hagan, and is wonderfully well executed.

Perhaps the greatest individual hit was that made by Pat Rafferty in "Tony, the Gay Mountaineer." Rafferty also did well in a life-saving farce and the "Disorderly Room" incident.

Orchestra Makes Hit.

Capt. Plunkett's orchestra proved a valuable addition to the show and the selections given by them were fascinating. A whistling novelty by Jack Loucheed was a feature of the orchestral exhibition and drew rounds of applause.

Al Plunkett could not have selected a better song than "Everybody Slips a Little" to make the most of his unquestionable charm and magnetism.

The tune is tinkly and the words are very funny as well as interesting. "Everybody Slips a Little," in fact, is the philosophy of tolerance put to music. When Al Plunkett sang it it sounded like a masterpiece of popular song composition.

There are so many good things about "Let 'Er Go" that the best one can do is to see it.

TERM "EMIGRANT" AVOIDED IN ACT

English Settlement Officer Says Word Suggests Going Into Exile.

Associated Press Despatch. London, May 15.—The invidious word "emigration" is studiously avoided in the empire settlement act, because emigration suggests going into exile, according to a statement made by T. C. MacNaughton, vice-chairman of the overseas settlement committee, at a meeting of the conference on empire migration and settlement, which was held at the British Empire Exhibition today.

"We do not speak of Englishmen settling in Scotland or Scotsmen settling in England as emigrants," Mr. MacNaughton said. "Why, then, should those leaving Great Britain to settle in Canada or Australia be termed emigrants, or thought of as exiles, just because they go further afield in the king's dominions?"

MARY PICKFORD'S LATEST PICTURE HELD OVER HERE

"Dorothy Vernon of Haddon Hall" Showing Today, Tomorrow.

SUCCESS MARKED

The new Mary Pickford picture, "Dorothy Vernon of Haddon Hall," featured at the Majestic Theatre as the first offering of the new management, has been successfully holding its own in spite of the numerous rival attractions for the early part of this week. The splendid opening house Monday was followed by equally large audiences Tuesday, Wednesday and last night, and seat sales are reported as satisfactory for the remainder of the week.

There is certain information in connection with this picture which will be of interest to those anxious to learn what contribution the Majestic will make under its new management to the theatrical and entertainment resources of the city. "Dorothy Vernon of Haddon Hall" is, simultaneous with its showing in London, making its first runs in Detroit and Toronto, and in both cases is enjoying spectacular success.

Aim at Best. This policy of bringing not only the best but the newest, is apparently to be followed out by the theatre in its later offerings. "Anna Christie," the new picture, in which Blanche Sweet has scored such a success, is to be brought here next week, and later offerings will include "The Goldfish," Constance Talmadge's new picture, which at present is the forefront of screen productions.

So much for the new policy of the theatre. The present offering is to remain for the latter half of the week, due to a special arrangement by the management. In the first place it had been secured only for the first three days.

Always Charming.

Costume productions have been the rage for the past year in the way of moving pictures, and Mary Pickford seems to have displayed a wry sense of humor in withholding her own production until the rage had, to a certain extent, quieted down, then bringing it forth with vast improvements on practically all the others.

Mary Pickford is not only charming, but she is an actress, and few pictures since "Stella Maris" have made this as plain as her "Dorothy Vernon." She can be a tirade of temper in one second, in the next a wisp of melting sweetness, and at the grating of the archer's cell, as Malcolm's trick hanging was being perpetrated in the courtyard, her tragedy was superb. Then in a single

Firemen Prove Feline's Friends

Rescue Fred Pitt's Cat From Armories' Ceiling.

An extra added attraction at the Hobby Fair last night was the rescue of Fred Pitt's cat entry by the firemen. Fred arrived at the Armories about 5 p.m., and while waiting for someone to relieve him of his prize, let go the cat, which made a nimble sprint across the floor, and with a bound reached the wire netting of the windows. There, up near the roof, it clung until Inspector Tustin of the Humane Society answered a call for help, the third he had received in ten minutes.

The inspector gazed ceilingward and then called on Fire Chief Aitken and his merry men, who arrived with a ladder and rescued the kitten in distress.

Whereupon James McCormick, director of pets, judged the cat the champion high jumper of the show, and gave it a nice red ribbon for its neck.

CITY ORPHANS TO BE GUESTS AT CARNIVAL

Amusement Company Arranges To Entertain Children of Local Homes.

This afternoon the children of the various orphanages of London will be the guests of the Joyes United Amusements at the carnival on the Federal Square property. Special street cars will leave the homes at 4:15 and when they arrive at the carnival the children will be admitted free to all the shows and given rides on the riding devices. Refreshments in the form of ice cream, lemonade and all the other concoctions that warm the hearts of youngsters will be dispensed as well.

This morning at 10 o'clock a special performance will be staged by the company at Mount St. Joseph for the kiddies there. This step was taken as it was found that many of these youngsters would be unable to attend the afternoon event.

In both instances the children will witness gratis the full performance. The Joyes shows are managed by Londoners and are playing all this week on the Federal Square under the auspices of the local branch of the G. W. V. A.

HIGH CLASS BILL IS PRESENTED AT LOEW'S THEATRE

Mae Murray, Starring in "Mademoiselle Midnight," Is Shown At Her Best.

THREE GOOD ACTS

Both pictures and the vaudeville at Loew's just now are unusually worth seeing. Mae Murray comes with her new picture, "Mademoiselle Midnight," and it is one of her best. It is a great deal more substantial than many of the star's usual vehicles, where the plot is a mere froth, written simply with the idea of exploiting one of the screen's most unusual and delightful personalities. In "Mademoiselle Midnight" we have all the Mae Murray foibles and fancies, but together with them an action story which has its center in a very lively Mexican revolution, and with villainy of the rankest and most exciting sort contributed by such an arch stage-villain as Robert McKim.

Mae Murray as "Renée" has not only to live down the troubles of a present-day revolution, but also an uncomfortable heritage from a dead-and-gone ancestress and her manner of so doing (with the assistance of a young and very handsome American) makes an entertaining movie. "Mademoiselle Midnight" is a delightful picture.

The vaudeville is particularly good. A dozen or so of the most fascinating little foreigners are featured in the opening act, and their stunts are not only highly entertaining, but extraordinarily well trained. The act is well staged and deftly balanced with touches of comedy.

The laughter as a result of the Al Shayne act was uproarious. The audience are more or less unused to having difficulty in the way of obnoxious musicians arising from the orchestra box, and the comedy at this juncture was first-rate. The only improvement in the act might have been if Shayne had sung "Il Trovatore," sung so richly as a burlesque at the commencement of the act, in its more artistic fashion for the encore, instead of the rather sugary song with which he came back. Stone and Ioleen are featured as headliners and their act is excellent. Comedy and singing voices are of top-notch quality.

The bill is completed with a "Fighting Blood" picture and a scenic.

HERRIOT MAY BE FRENCH PREMIER

Now Practical Certainty That Radical Party Will Form Government.

By PAUL SCOTT MOWBRER. Special Cable to The London Advertiser and Chicago Daily News. Copyright, Paris, May 15.—It is now a practical certainty that Edouard Herriot, leader of the Radical party, will be the next premier of France.

The political event of the day is the decision of the Socialist leaders who fought the elections, to close alliance with the Radicals not to participate in a Radical government, but at the same time to give this government their full support. This means there will be no Socialist ministers, but that the Socialists will vote with the Radicals, thus insuring the Left a strong majority.

The decision of the Socialists will be confirmed in a party congress to be held June 1 and 2. Prognostications of the policies of the new government still are premature.

The general opinion is that international agreements looking to execution of the experts' plan and general pacification of Europe will be facilitated, but it doubtless would be a mistake to assume that the radicals are any more willing to sacrifice vital French interests than M. Poincaré himself.

Financial circles have a favorable impression of the probable new foreign policy, but an unfavorable impression of the probable new financial policies.

The radicals held power in France for years before the war, and are radical chiefly in name. Even the French socialists are relatively a moderate party, especially since the communist element headed angrily from the party a couple of years ago.

INQUEST ON FRIDAY.

Goderich, May 15.—The inquest into the death of Hugh Henry Hill, aged 42, of Auburn, who died at Western Hospital, Toronto, last Friday, two days after he had, in some unknown manner fallen off a sectionman's lorry, will be proceeded with at Auburn on Friday next before Coroner Dr. A. C. Hunter of Goderich.

The inquest will be conducted by Crown Attorney Charles Seager, K.C., of Goderich. It is said that at the time of the accident nine or ten men were riding on the lorry. Two others fell off at the same time, one of whom has not as yet fully recovered from injuries.

FRIDAY, MAY 16, 1924.

No Half-Way Investigation.

Hon. G. S. Henry, minister of public works and highways, intimates that there will be disclosures in the highways that will give the public another scandal.

He states, although in a guarded way, that his department has dug holes in highways to see if they were thick enough, and investigated gravel and grading contracts to see if there has been any skimping.

This brings into the limelight the department that was administered by Hon. Frank C. Biggs, who has already made a statement defending the work over which he had charge.

If Hon. Mr. Henry has information that suggests wrongdoing, the people want to hear all about it.

That brings two departments under fire, that of the provincial treasurer under Hon. Peter Smith, and the highways under Hon. F. C. Biggs. The necessity for investigation of these two is the necessity for investigation of proceedings prior to the tenure of office of Mr. Smith.

There can be no justification, especially in a case where the evidence is so apparent, for saying that an investigation shall go the limit during the regime of Hon. Peter Smith, but it shall cease right there and not go into the previous administration.

In this same connection comes the denial of Attorney-General Nickle that there is any friction between his department and the provincial police. His statement creates the impression that there is perfect harmony between the government and the police force.

Now, if what Mr. Nickle says is true, that there is no friction, there is all the more reason to expect and positively demand some action that will produce Mr. Matthews, a man who surely could tell a great deal.

By all means prosecute in the case of Hon. Peter Smith, or in the case of Hon. F. C. Biggs, or any other man where the evidence warrants it, but do not expect the public to be satisfied when the prosecution singles out these two and deliberately leaves out others who have much to explain.

The Amendment to Church Union.

The difficulties of church union have never been more clearly demonstrated than in the amendment to the bill now under consideration. The amendment appears to be an honest attempt to find reasonable compromise between opposing demands which at times assume the proportions of an irresistible force meeting an immovable body.

Of the objections raised against the church union bill, apart from property considerations, two have been particularly emphasized.

The first has been that the bill required anti-unionists to become part of the new united church whether they so desired or not. After completion of union they would have opportunity of withdrawal, but they first must become unionists and would then be in the position of dissenters from the united church.

The second has been that the bill meant the end of the Presbyterian Church.

The amendment deals with the first of these objections by allowing nine months in which anti-unionists may vote to take no part in union. By this provision they are relieved from ever becoming a party to the united church.

The amendment attempts to deal with the second objection by giving anti-unionist Presbyterians the right to use the name "the Presbyterian Church of Canada." This is a distinction from "the Presbyterian Church in Canada," which will be absorbed by union.

Anti-unionists who have expressed dissatisfaction with the amendment repeat their demand that they shall remain the "Presbyterian Church in Canada" and that unionists shall be in the position of leaving the Presbyterian Church rather than taking it with them into the new united church. Anti-unionists would have the unionists become dissenters from the Presbyterian Church.

Unionists, on the other hand, stand firm on the same point. They argue that since they are an overwhelming majority they are the Presbyterian Church and they have the right to take that church into the united church. The anti-unionists, they claim, are the real dissenters and they must, if they wish, form a new Presbyterian Church.

There is logic and sincerity in both arguments. To an impartial outsider it would appear as though the problem resolves itself into whether or not the majority shall prevail, and it seems likely that the private bills committee will consider itself obliged to forward the amended bill for consideration by parliament.

A Ruler With a History.

Paris is agog over the visit of an Ethiopian monarch from Abyssinia. He has come from the dim east to thank the powers that sponsored the entrance of that country into the League of Nations. He at least has the virtue of kindly remembrance, and does not regard gratitude as the expectation of favors to come.

Where monarchs and presidents trace back the family tree or the national records by hundreds of years this Abyssinian regent counts his lineage by dynasties and centuries. He traces his line of succession back to the time of Solomon and David.

People are apt to regard Old Testament history as something apart from the accepted version of historians. Here is a ruler from that

land whose line runs back into those very times. It gives a sense of realism that is opportune and often necessary.

For there were political problems then as acute as we have them now. What would the present-day historians say of the division of the kingdom of Israel, following the reign of Solomon? Could they interpret the demands of the masses of the people for better conditions any better than is done by the Biblical writers? Could they depict in any more dramatic way the coming of the depositions to Solomon's son, Rehoboam, asking for better living conditions than had obtained in the extravagance of the court of Solomon? Could they give us a better record of the way in which the new king spurned the advice of the old men of the court to treat the people generously, and instead listened to the young men, the gay and reckless parasites of the court life of that day, who told him to pile on the burdens and increase the drudgery?

And how like a chapter from the history of today was the answer of the people when the ten tribes turned to Jeroboam.

All these things linger in the ages through which this Abyssinian ruler now in Paris traces his ancestry.

He is more than a visitor, with colorful entourage from the east—he is a reminder of the past, and should be doubly welcome as such.

Cheering For the Senate.

The Free Press pauses to cheer the Senate on its way to cutting expenses of civil service at Ottawa.

"The Senate to the Rescue" is the way the situation is viewed.

"If the Senate can succeed in forcing economies at Ottawa the senators will squelch much of the criticism one now hears in regard to the extravagance of maintaining a second chamber. The senators may save their own jobs."

That's a bright thought. If the senators can smite enough civil servants they may not be smitten themselves.

And thus the whole 96 of them at \$4,000 per year can remain as they are, doing a work that one-third the number could do as well.

The Free Press had better guess again. The Senate will have to do something more than that to convince the people of Canada that they are an essential body performing a necessary service.

There Has Been No Change.

The ex-kaiser of Germany, living safely and comfortably at Doorn, sends words to the old militarists that no expense be spared to make a great showing of the parade at Potsdam, where the semi-militaristic element is to gather.

To this end he has made known his desire that the guests "be freely wine and dined, and that free lodging be provided for as many visitors as possible."

Ludendorff, Von Hindenburg and other officers will strut, and the son of the ex-kaiser will witness the parade.

It is nothing short of international impudence for the ex-kaiser to have anything to say about what takes place in Germany.

He was the victim of favorable and easy circumstances following the war. He was not tried before the court of the world as was pledged by the Allies. He found an exceedingly comfortable spot in Holland.

In all the suffering that the German people have passed through since the war he has not been a participant; he has felt nothing of the torture of women and children who have starved in Germany. He has made no protest at the way in which the workers have been exploited in order to build up private fortunes. He himself was not hungry; he was not being exploited. He spent his days and nights dreaming of what might have been, and dreaming still more of what might yet be.

His vanity remains. He passes over all the period of suffering and hardship; at the sound of the call to the troops to parade he has only one message, wine them and dine them.

He stands for a type of government that cannot return. It thinks and acts and plans in terms of self and selfishness. He has failed to see that monarchy exists in England because the king is never very far removed from his people. The British government changes; men from trades and the mines are given high office; the king knows them, they meet with him. There is not that great gulf that existed between the swank of German militarism and the life of the common people.

The ex-kaiser of Germany has not changed. He has had time for reflection, and for the learning of a great lesson, but he has not learned it. He simply nurses his grudge and hopes for a chance to turn a German republic back to a German monarchy.

Note and Comment.

Perhaps some day we may be wise enough to hold an investigation before the bank crashes.

When the assessor made his rounds one Londoner hid a pup in the oven. Let's see, what's that phrase—yes, hot dog!

Hon. F. C. Biggs says there was no skimping on the highways. The people who are paying the bills are inclined to agree with him.

Andy Gump is all set and ready to go out and hunt up Min. The men readers are willing to name Andy as a big piker if he caves in now, and the women are placing their bets that Min won't give in. Andy's in a tight box.

The editor of the Blenheim News-Tribune is honorable to a degree. He publishes this week a letter from a subscriber who refers to his paper as a rag, and tells him to stop it. The fact that the subscription is overdue may account for the choice of words.

The French Chamber of Deputies has a German member who cannot speak a word of French. So he will have to speak German in the French House, a sore touch to a high-spirited people who right now love neither Germans nor German. The political whirligig tosses up some odd situations, of which this is a real specimen.

Dr. Frank Crane

The Right Master Helps You Find Yourself.

THE most essential characteristic of a master is his power to inspire. He is to hand his disciple not a book, but a flame. It is this capacity in the highest degree we find in such great souls as Jesus, Buddha and Socrates. It was not what they said nor the knowledge they had, it was their tremendous spiritual and mental magnetism.

In every department of human interest you will find that certain superior spirits have gained mastery. Pitiless time has tried them, years have tried to bury them in forgetfulness, but they still flourish, ever green in their right to dominate.

It will pay everyone, and especially every young person, to seek out these leaders and get as near to them as possible. Not that you can "learn" more from them, but that it is they who have in the highest degree the faculty of bringing out what is greatest in you.

Whatever your calling, whether business or art, bricklaying or architecture, music, painting, literature or cooking or teaching, find the master, he will lead you to—yourself.

YOUNG lady, pound away at the Beethoven sonata. If you do not like it at first, keep at it and you will. That is the beauty of it. The oftener you hear it the more beautiful it becomes. The masters grow upon you; they stay with you all your life. Do not give up your practice of Schubert and Mendelssohn. No matter if your friends do not enjoy it. You owe it to yourself to hold on to the best. And also it might be a good thing to hunt up some friends that do enjoy it. Go to every Wagner opera you can. Continue to go, and study and go again until you find yourself "sitting in heavenly places" among the favored and enlightened. Don't let anyone frighten you nor intimidate you. Go on to the kingdom.

So with painting. So with science. So with religion. So with everything that is good and fine. Avoid the fakirs and the mountebanks. Follow the masters. Because they alone give the soul freedom. The others find you; the masters help you to find yourself.

Ye Joyous Search

It used to be an easy thing for man to find where was his wife, it was a simple matter then, when plans were simple for this life.

He used to go unto his hut, and stick his head inside the door, if she weren't there he knew for sure she'd tackled then some barnyard chore.

At other times he'd look around and search the barnyard for his spouse, 'twas certain, if she weren't out there she'd be a-sittin' in the house.

As time went on and places grew, these humble habits fled their way, and there became more things to do, more places for to go each day.

There came the sewin' bee and such, a meetin' for this thing and that, enough to make a man keep books to find out where his wife was at.

In recent years the pace grows worse, and folks in joinin' sixteen things, a meetin' place for them what reads, another for the birds that sings.

So how in thunder is a man to keep a track of all that throng, and know for sure at any time just where his wife has went and gone.

He sighs for them old simple days, when there was just two spots to look, and he was bound to find her quick no matter which path she had took.

And, added to the maze of things to which the women skip and hop, there's added now the newest words, "Ma's over at the barber shop."—ARK.

If He Were An M.D.

William McDonald, writing in this week's Chesley Enterprise, pays tribute to a family doctor who has just passed away in Listowel.

Proceeding from that, the Chesley editor tells what would happen were he William McDonald, M.D., instead of William McDonald, ex-M.P.P.:

"We have often wished we could be one of the most skillful surgeons in the world so that we could take a real pleasure out of, in many cases, restoring to health and strength those who were supposed to be past medical skill. We would make our charges according to the purse of our patients. The rich would have to pay for the poor who would be treated free of charge. A lot of the right-thinking, whole-souled surgeons are following that practice today in their charges."

NEXT DELORME TRIAL LISTED FOR SEPTEMBER

Quebec Judge Refers Matter of Bail to Assizes Court.

Canadian Press Despatch.
Montreal, May 15.—The trial of the Rev. A. J. Delorme, charged with the murder of his half-brother, Raoul,

will take place in the September term of the court of king's bench.

Alban Germain, K.C., for the defence, made an application to Chief Justice Martin for bail. The presiding judge said that in due course the present assizes would consider as to the competency of the court to grant bail under the circumstances.

Would Have Banker Appointed
To Receive Reports From
All Banks.

Canadian Press Despatch.
Ottawa, May 15.—Sir William
Stavert, financier, Montreal, gave

the banking and commerce committee of the House of Commons this afternoon a review of the causes of bank failures in the past 30 odd years, with a suggestion of a remedy for the evils revealed.

The remedy which he proposed was to add to the amendments made last session an organization presided over by a banker of experience who would receive reports from all banks. He would examine bank statements and value assets, and would communicate his criticism to general managers. The head of this organization would report to the finance minister with recommendations. He should also have authority to confer with a committee of the Bankers

Association. Sir William suggested that the head of the proposed organization should be appointed by the chief justice of the supreme court to remove him from politics.

Shanghai, May 15.—Chinese foreign circles, especially British, are in-

creasingly disturbed over the repeated reports of Dr. Sun Yat Sen's death. Reuters' News Agency today definitely states that Sun died at 4:30 yesterday morning. This is categorically denied at Dr. Sun's Shanghai headquarters, which claims to have received two messages from Canton. The first was sent at 3 a.m. yesterday morning, and says that Sun merely suffered a bad cold, and after resting several days is now entirely recovered. The second message, sent at noon by General Tanyenka, chief of the Hunanese mercenaries, says that Sun is completely recovered and is attending to his duties as usual. Members of Dr. Sun's family here also claim that they have received

messages reporting the recovery of the Canton leader. It has been asserted that reports of Sun's death are nothing but propaganda spread by Chen Chung-Ming. Neutral observers are inclined to credit the death report, as it is pointed out that Canton leaders would not release news of their chief's death, fearing a Southern debacle.

PRESENTATION OF MASQUE
TO FEATURE CAMP OPENING

Francis Beatrice Taylor Has
Written Lines For Out-of-
Doors Production.

HEART OF ORENDAGA

Girls Will Journey to Port
Bruce on May 24 For
Raising of the Flag.

Orendaga Lodge at Port Bruce will be the scene of a picturesque gathering on Saturday, May 24, when many former campers and their friends will gather there for the official opening of the Y. W. C. A. summer camp and raising of the flag.

An effective masque, written especially for the Port Bruce setting, by Miss Francis Beatrice Taylor, will be played out on the green lawn in front of the lodge. The writer has called to her assistance in creating the masque, all of the beautiful woods, flowers and birds, the winds and the seasons. And in the midst of them all she has placed the great "Heart of Orendaga," who steps out of the lodge to welcome the coming girlhood, saying:

"You have come back again to the quiet places,
That your young voices stir anew to song.

You have come back to work with us, and play
And laugh and dream and pray. Here you shall keep
Unstained the soul of youth; here you shall meet
The birds your fellows, the flying winds your mates,
Here you shall learn new songs to sing, and find
Old stories sweet; and here you shall know God,
But not only within the pages of a book."

Miss Helen d'Avignon, Y. W. C. A. girls' work secretary, will take the part of the Heart of Orendaga in the masque, while Miss Billie Graves will be Youth; her companions, Miss Beatrice Brown, Miss Ruth Blakely, Miss Grace Blanchard and Miss Joyce Gibbard; Spring, Miss Kathleen England; West Wind, Miss Andrea Smith; North Wind, Miss Lorna Hall; East Wind, Miss Grace Gibbard; South Wind, Miss Amy Bowden, and Service, Miss Margaret Tanton.

The party for Port Bruce will leave on a special L. & P. S. car at 9:29 o'clock for Port Stanley, and will be motored from there to the camp. The day will be an out-of-doors day all together, with a picnic dinner way up on the bluffs overlooking the lake.

The Port Bruce camp proper opens on June 21.

GRENFELL SALE.

The members of the Grenfell Mission are holding a sale of home-cooking tomorrow morning in the market house. Buns, cakes, bread, etc., will be included in the wares offered for sale.

WOMEN'S LABOR PARTY.

One of the most successful gatherings of the Women's Labor party ever held was that at the home of Mrs. Charles Shilby, Princess avenue, last night. A delightful evening was spent in progressive euchre and music, the first prizes being won by Mrs. Bisbee and Mr. Caxton and the consolation prize by Mrs. Lacey. Musical numbers were furnished by Mrs. Spedding and Mrs. Abilgaard, while Mrs. Stinson and Mrs. Claxton assisted the hostess during the serving of refreshments.

MISS BILLY GRAVES, who will take the part of "Youth" in "The Heart of Orendaga," a pretty masque, to be presented on May 24 at the Y. W. C. A. camp, Port Bruce. Miss Graves is seen standing in front of the lodge at Port Bruce.

METHODIST COUNCIL
OFFICERS ELECTED

William Heaman Is Chosen
President, William Copp
Vice-President.

The officers of the London Methodist Council were re-elected at a recent meeting as follows: President, Wm. Heaman; vice-president, Wm. Copp; secretary, John Elliott; treasurer, J. G. Richter. These, with W. C. Benson, Rev. J. A. Agnew, and the chairman of the London district, Rev. W. E. Milson, form the executive. The membership is made up of the Methodist ministers of the city, and two, or in some cases three lay representatives from each of the twelve Methodist churches in the city.

The first report of Grace Church, Hamilton road, organized last year, under the auspices of the council, was presented by E. Banks, for the past ten months. The membership is small as yet, but the report indicated an interested congregation, a live Sabbath school, and a Ladies' Aid of thirteen members, by whose efforts the sum of \$224 has already been raised for church purposes. The Sunday school offerings were \$154, and the amount raised for all purposes was \$220. The pastor, Rev. G. W. Dewey, was asked to congratulate the congregation on behalf of the council for the excellent showing made.

The Optimistic Club of the Y. W. C. A. visited the Home for Incurables last night, taking with them a word of cheer for the patients.

WOMEN and THE HOME

Mrs. Nelson George Lends
Her Home For Musical Tea

Attractive Program Marks Successful Event Given by Ladies' Aid of St. Andrew's Presbyterian Church.

The musicale and tea given this afternoon at Mrs. Nelson George's lovely home in Duferin avenue, under the auspices of the Ladies' Aid of St. Andrew's Church was a charming and successful affair. The drawing-room was tastefully arranged, with Russell roses and in the living-room bowls of gay-colored tulips, made effective decorations. The many guests were received by the hostess assisted by Miss Flora McCall.

A charming program had been arranged and among the artists taking part were Mrs. Howard Petherston, pianist, whose numbers included Chopin's Etude in F Minor and Minuet in E Flat, by Beethoven; Mrs. Petherston also acted as accompanist. Miss Merlyn Pococke sang a delightful cycle of songs: "A Day at the Fair," including "All the Fun at the Fair," "Fairer Friday," "Last Fairing" and "Pack and Penny Day." Her other numbers were "The Shadows Fall" (McDermid), and "At Morning" (Jeanne Boyd).

Mrs. Ed Wyatt chose as her numbers, "Linden Lea," by Williams, and "Woe I a Butterfly," by Liza Lehman, and Schubert's "Ave Maria" with a violin obligato, by Mrs. Ernest Bluetner, who also gave a solo number, "Andantino," by Lamare. Mrs. Lucia Layman Durest, also gave an enjoyable solo, including "Down Here," by Brahe, and Del Riego's "Homing."

In the tea room gay festoons of snapdragon adorned the mantel, and the tea table was centered with a silver basket filled with Richmond roses. Mrs. G. L. MacDonald, president of the Ladies' Aid, and Mrs. P. W. Gladman poured tea, and Mrs. Charles E. Wheeler and Mrs. John D. Detwiler ushered the guests to the tea room, where the assistants included Mrs. W. L. Denney, Mrs. W. A. Martin, Mrs. J. O. McCutcheon, Mrs. P. A. Whitton, and Mrs. John White. Mrs. Joseph Johnston acted as convener of this delightful affair.

Social and Personal

Mrs. Percy Pococke, of Windsor, accompanied by her two children, is visiting Mr. and Mrs. Roselle Pococke, King street.

Mr. and Mrs. E. S. Little, Wellington street north, are leaving the city to take up their residence permanently at their beautiful country home, "Belvoir," Delaware.

Miss Eva Flemming of Toronto is a guest with Mrs. J. D. Detwiler, Hamilton street north. In honor of her guest, Mrs. Detwiler is entertaining at the tea hour tomorrow.

Mr. and Mrs. McCallum, who have been occupying Mr. W. H. Hamilton's home on Waterloo street during the winter months, have gone to their summer home at Erieau.

Mr. and Mrs. Arthur Brickenden expect to go into their new home in Wellington street north, formerly owned by Mr. and Mrs. E. S. Little, about the middle of June.

Mr. and Mrs. J. M. Rowntree, Stanley street, have returned home from the south, where they spent the winter in Florida. Mr. and Mrs. Rowntree made the return trip by motor.

Mr. and Mrs. William H. Hamilton, who have been spending the winter and spring months in Florida, have returned to the city and are back in their home on Waterloo street.

Fred Trebilcock, Marshall Graydon and Dr. W. J. Stevenson leave tonight for Toronto to attend the Woodbine races. While in Toronto they will be the guests of Mr. Edward Seagram at the King Edward Hotel.

Mrs. R. J. Winn, South London, will be the hostess of this month's meeting of the Campbell Becher Chapter, I. O. O. E., to be held June 10th, when plans for a cafeteria at the Western Fair will be discussed.

Mrs. C. B. Edwards is visiting her daughters, Mrs. Alex Knox in Kent Bridge, and Mrs. Watt in Toronto. Mrs. Edwards, accompanied by her niece, Miss Nora Waldon, of this city, is leaving for a trip to the coast in July.

Miss Jean Waugh, who will attend the annual meeting of the Huron Diocesan W. A. in Windsor next week, will be a guest with relatives in Detroit during the convention. Miss Waugh is diocesan secretary of the Junior Auxiliary.

Following the Victoria Hospital graduation exercises on Wednesday

afternoon next will be a reception and dance in the medical school, when the members of the graduating class will be given an opportunity of entertaining their friends.

Rev. A. L. G. Clarke entertained at a small dinner party at the Hamilton Tea House Wednesday, in honor of a number of Anglican ministers, who were in town attending the synod. The guests were: Rev. McKegney, Windsor; Rev. (Capt.) Herbert of Preston; Rev. H. W. Snell of Wingham, and Rev. R. Mess, M. C., of St. David's Church.

A smart affair of this afternoon was Mrs. R. T. Brynner's reception given at her home on William street. The drawing-room was arranged with quantities of snapdragon, and the hostess received her guests wearing a graceful gown of white georgette. Tulips were used as decorations on the tea table, and tea was poured by Miss Harris and Mrs. Leonard Bidwell. Mrs. Hugo Craig cut the ices.

Mrs. L. Kindred, Inkerman street, was pleasantly surprised when about 30 of her friends gathered at her home recently on the occasion of her birthday. During the evening she was presented with some rare pieces of jewelry, and several games of bridge were enjoyed.

Mrs. Steele carrying off first honors. Assisting during the supper hour were Mrs. A. Sheridan, Mrs. D. A. Gray and Mrs. C. Perrin.

Among the smart affairs of early June will be the marriage of Miss Beryl Jewell, daughter of Mr. and Mrs. Francis G. Jewell, Waterloo street, to Harold Moore Hunter, son of Mr. and Mrs. R. C. Hunter of St. Marys. Miss Jewell's attendants will include Miss Julietta Trapp of Galt, who will act as maid of honor, and Miss Gwen Scraton and Miss Sterling Westland, who will be bridesmaids. Mr. James Maxwell of St. Marys, will be best man. Among the hostesses who are entertaining in honor of Miss Jewell are Miss Winifred Sunborn and Miss Gwen Scraton, who will give bridge at the former's home in Duferin avenue Saturday, and Mrs. George Blake, who will be a tea hostess on May 29th.

Miss Hazel Templeton, Windsor avenue, entertained at a delightful miscellaneous shower last night in honor of Miss Donna Johnston, a bride-elect of this month. A mock wedding ceremony featured the event, Miss Nellie Brown taking the part of the clergyman and Miss Edie Brown the part of the groom. Of course, the guest of honor was the bride, who was made to feel as well as soon as she entered the home of her hostess. Following the mock ceremony, Mrs. Lorne Menzies sang "Until." The bride was presented with a beautiful bouquet of daffodils, concealed within which was a tiny note asking her to follow the ribbons when she showered down from the bouquet and led up the stairs to a prettily decorated basket filled with many lovely gifts. The presentation was made by Master Harold Scott. Pink and white were the colors used in the decoration scheme. About twenty-five guests were present and after a jolly evening spent in contests, refreshments were served.

CLUB NEWS

HARMONY STAR CLUB.

Mrs. Thomas Shaw, Oak street, honorary president of the Harmony Star Club of Fort City Chapter, O. S. A., entertained the members at her home this week. Cards were played during the evening, and the prizes were won by Mrs. Harold Bond and Mrs. Allan Dundas, and the consolation prizes went to Mrs. Harry Haring and Mr. Shaw. Supper was served by the hostess at the conclusion of the games.

GIRLS' WORK BOARD.

Meeting yesterday afternoon at "Lenmore," the Girls' Work Board made plans to promote the leaders' camp, which is being held at Port Bruce, Aug. 20 to 30. This camp is planned by the Ontario Girls' Work Board. Arrangements were also made for a rally to be held at the opening meeting next fall. It is expected an athletic meet for girls will be held in connection with this rally, also a conference for leaders.

Mr. and Mrs. R. C. Eckert and Mr. Clayton Eckert, Queen's avenue, have left on a two-weeks' motor trip through the state of Maine and Massachusetts. While away they will attend the graduation exercises at the Emerson School of Oratory, Boston, which Miss Miriam Eckert is attending and will bring her home with them.

"Say It With Flowers"

Wouldn't You be Proud of a Floor like this?

The beautiful and the practical are happily combined in Dominion Linoleum. Its charming colors and patterns please the most fastidious taste. Its labor-saving features and sturdy indifference to hard usage appeal from the viewpoint of common-sense and economy. There's little wonder then, that Dominion Linoleum floor coverings are so popular, little wonder that housewives everywhere take such a pride in them.

Think of the hours of tiresome beating and sweeping you can save in your own home by adopting Dominion Linoleum floors. Think of the cheerful brightness of their unbroken surface—waterproof, germproof and sanitary. Then make up your mind to have them.

DOMINION LINOLEUM

is made in widths sufficient to cover any ordinary room, without crack or seam and is made in many suitable designs for living-room, dining room, bedroom, kitchen or bathroom.

Dominion Linoleum Rugs

are preferred by many. They possess all the practical features of Dominion Linoleum and lie flat on the floor without fastening. Many delightful room treatments may be worked out from their wide range of artistic designs.

Dominion Linoleum and Dominion Linoleum Rugs are remarkably low in price. It will pay you to inspect them. At home furnishing and departmental stores, everywhere.

On receipt of your name and address, we will mail you an attractive rug folder. Write to-day, addressing Dominion Linoleum Co., Limited, Montreal.

The Man You
Didn't Marry

Dorothy Dix

Says He Is the
Only Perfect
Husband

Marry the Man You're in Love With Rather Than the "Best Catch," For If You Don't You'll Fall More in Love After Marriage With the Man You Didn't Marry and Dream of Him as a Prince of Perfection.

A young woman has two suitors, one of whom comes up to her ideal, while the other fires her fancy. One man is moral, sober, upright, thrifty and industrious, the type of man who makes a good, kind husband and a generous provider, while the other man is a good-looking, idle, shiftless ne'er-do-well. And the girl wants to know if I think she will be happy if she marries the one who is the good catch instead of the one she prefers.

Frankly I think not. Aside from the fact that nothing but love turns its water into wine and takes the sting out of the sacrifices it inevitably entails, it is dangerous for a woman to marry one man when she cares for another, because it gives too much scope to her imagination.

The "other man" furnishes her a lay figure about which she can drape all the dreams and romances and unsatisfied yearnings of her nature. She endows him with impossible perfections. She turns him into a glorified being whose likeness never was on land or sea, who is a composite of Sir Galahad and Rudolph Valentino and Job and Mr. Rockefeller.

And, needless to say, any mere mortal husband cuts a very poor figure beside this godling, with whom he is continually being secretly compared.

Blessings brighten as they fade, especially matrimonial ones, and the man a woman didn't marry has an allure for her that the man she did marry does not possess. She does not have to live with him. She does not come in contact with his faults and shortcomings. She does not have to overlook little offensive personal peculiarities and habits, and so she can idealize him and picture marriage with him as a grand sweet song of domestic bliss.

She has nothing to fear her out of her day dream, as she has when she deals with an everyday man, in an everyday world, where both men and women have tempers and nerves and selfishness and clinging wills and temperaments. And the woman forgets that there would have been all of these same elements of discord, multiplied a hundred times, if she had married a man who probably had all of her husband's faults and lacked his virtues.

But the woman brushes these facts aside as she reflects despairingly upon what life might have been if she had married the man she didn't marry.

She is sure, for one thing, that he would always have remained the perpetual lover. He would never have just taken it, as her husband does, that a man sufficiently proves his love for a woman when he works his fingers to the bone to support her and give her every luxury that he can possibly afford. No. The man she didn't marry would have had infinite understanding and intuition, and he would have known that no matter how fat and middle-aged a woman gets, she still wants her husband to tell her that he is madly, frantically in love with her, and that she still holds the wand of enchantment for him.

She really persuades herself that the man she didn't marry would have spent his time holding her hand and making sizzling love to her, and that with him matrimony would never have turned from angel's food into mere bread and butter.

And she is sure that the man she didn't marry would never have been grim and grumpy and grouchy and unreasonable. He would never have to be wheedled and cajoled and worked into doing the things he should do and leaving undone those he should not do. He would never bury himself in the paper of an evening and merely grunt when spoken to. He would never have to be bullied into taking her to places.

On the contrary, he would always be a ray of sunshine in the house. We would save his most entertaining conversation for home consumption, and after a hard day's work at the office he would just love to put on his evening clothes and take his wife out to dine and dance at some smart cabaret.

The man she didn't marry, she is certain, would have a great gift of money-making. He would shower pearls and limousines and Paris frocks upon her, and they would live in a grand house, with retinues of servants, and vibrate between Europe and Palm Beach and palatial country estates. She wouldn't have to skimp and economize and work and do without things as she does now.

Oh, life would be so different if she had married the man she didn't marry, and she mulls the thought of it over and over in her mind, until she forgets that it is all a dream, instead of a reality and that fairy princes do not exist outside of fairyland.

Perhaps most women have this sort of Castle in Spain to which they flee when the cantankerousness of husband and the strenuousness of domestic life bear too heavily upon them, and it is a harmless enough diversion, when the man they didn't marry is nothing but a vague ideal of their desires.

But when there is some particular man that a woman cared for more than she did for the man she married, it is another story. Then she is apt to fall more deeply in love with him after marriage than she was before marriage and to regret him with never-dying regret, just because she is never disillusioned about him, and she can endow him with every charm that ravishes her fancy.

For the only perfect husband is the man you did not marry.

VOCAL PUPILS ARE HEARD IN BRILLIANT RECITAL

A very attractive vocal recital was that given last night at "Players-Craft," Wolfe street, when Miss Hilda McMillen presented her pupils, Miss Rose Tingey, contralto, and Master Fred Adams of Ingersoll soprano, in a delightful program. They were assisted by Miss Leona Kirkwood and Miss Ruth Tanner, dramatic pupils of Miss Topley Thomas. Both voices are beautiful. Miss Tingey's rich and colorful, and Master Adams a pure, sweet-toned soprano. The assisting artists are well known in London, and are always heard with interest.

The vocal program included numbers from Haydn, Schubert, Leon, Vaughn Williams, Cadman, Lehman, Brewer, Farley, Clarke, Rogers, Chaminade and Teresa Del Rio.

Miss Dorothy Davis acted as accompanist.

ENGAGEMENTS

A charge of 75 cents for one insertion, or \$1 for two insertions is made for notices under this heading.

Nanny and Danny Reach Land As Jolly Mr. Sun Was Going To Bed

By THORNTON W. BURGESS.

Thinner and thinner grew Danny and Nanny Meadow Mouse. They would have starved to death but for one thing. That one thing was the old nest of Winsome Bluebird. It was made of grass, and this dried grass they ate. All the time one or the other sat in the doorway looking out over the flooded Green Meadows. It was Danny who discovered that the water was going down. For a time hope filled them. Then the water stopped going down. They had eaten all the grass of Winsome Bluebird's old nest. More than once Danny was tempted to plunge into the water and swim until he could swim no longer.

"It would be no worse to drown than to starve to death," said he. But somehow he never could make up his mind to try it.

He was thinking about this as he sat in the doorway. He was trying to get up his courage to plunge into the water and swim. He happened to look off to his left, and he saw a piece of board floating. It was moving very, very slowly, but it was moving towards that fence post. It was a small piece of board, but it was big enough for a couple of shadow mice to sit on. Danny said nothing until he was sure that if that little piece of board kept on it would pass close to the post. Then he scrambled over to it. Nanny poked her head out at once.

The bit of board drifted away from the post with two as scared little passengers as ever lived.

"I believe we are going to have a chance to get away from here, Nanny!" cried Danny. "If that piece of board over there keeps on drifting the way it is going now it will get to shore sometime. If we can get on it it will take us there."

"But it will take a long time," protested Nanny. "It will take a long time, and all that time we will be right in plain sight of Redtail the Hawk if he comes along. Besides, with two of us on it that board might upset, and then we would be drowned."

"Then that would end it," declared Danny. "If we stay here we'll starve to death. If we go drifting on that piece of board we may be caught by Redtail the Hawk or we may be upset, and drowned, but we may reach land. It offers us a chance, and I, for one, am going to take that chance."

Nanny said nothing. They watched that bit of board drifting nearer and nearer. Finally it actually touched that post. Without a word Danny ran down onto it. Nanny hesitated. She hesitated until that bit of board with Danny on it was starting to drift away. Then she, too, ran down and on to it. The bit of board drifted away from the post with two as scared little passengers as ever lived.

They squatted down as flat as they could. The Merry Little Breezes made tiny waves on the water, and these rocked the little piece of board. Sometimes they washed right over it. Danny and Nanny clung there, divided between fear and hope. One minute they would be sure the end was at hand as a little wave would rock their craft and the water would wash over it. The next minute hope would spring up again as they would see that they were actually nearer land.

Now the Merry Little Breezes saw the trouble that Danny and Nanny were in, and were trying to help them. They were trying to blow them ashore. They couldn't help making little waves when they blew, so they kept right on blowing. And so at last, just as round, red, Jolly Mr. Sun was going to bed behind the Purple Hills, Danny and Nanny reached land.

SLIP IS MORE IMPORTANT THAN GOWN THIS SUMMER

Lace-Trimmed Dresses This Season Call For Attractive Undergarments

A MOLYNEAUX GOWN

Gray Muslin Owes Its Charm to Two Flourishes of Black Racine Lace.

By AILEEN LAMONT.
Special to The Advertiser.
Copyright.

New York, May 15.—If the pretensions of women were as easily seen through as the laces which will adorn most of the summer frocks, half the mystery of women-kind would be lost. Vision nowadays, however, goes only so far when it encounters a slip. In the matter of pretensions, the slip is encountered earlier than in the matter of dress.

At any rate, present day chests and closets are filled with lace-trimmed garments. This is to be expected in the case of June brides, but it holds good even with those whose hope chests have had time to become depositories for matrimonial regrets.

The French designers are lavishing laces of every description on their summer afternoon and evening frocks. One of the most charming examples brought to this side recently is an afternoon dress of dark brown georgette, trimmed with Watney lace of the same color, which extends in a long V from the bateau neckline to the waist, and which has inverted V-shaped inserts of the same material extending from the armpit to the skirt hem.

Adorned With Silver.

The similar inverted V trimming of the skirt is followed in an evening dress of white satin, which is adorned with silver lace. In the bouffant mode, the skirts frequently are trimmed with deep borders of silver in black and medallions of silver lace, picked out and emphasized by embroidery of pearls and bright beads.

Perhaps the most striking model seen recently, however, is a creation of Molyneux, who makes a specialty of a trimming of Racine lace. This beautiful return of the bat and scarf all harmonize—is of light gray muslin, which owes its charm to two flourishes of black Racine lace, closely

resembling Chantilly, overlaid from the low waist line to the hem. The ends of the scarf are similarly encrusted, as is the brim of the gray cape line hat.

Panel Are Popular.

There can be no doubt of the popularity of panels, lace or otherwise. One clever young woman, seen recently on the avenue, achieved a striking panel effect by means of a bright flame-colored scarf. Wearing a blue Poirot tulle tailor made, she had wrapped the scarf tightly around her neck and buttoned the long trailing end under the jacket, so that it fell in a wide colorful panel from the bottom of the short coat to the hem of the skirt. The otherwise commonplace costume, by these touches of color at neck and skirt, was lifted far from the level of mediocrity.

Of the other trappings, besides laces, hair and hide are the most novel. One frock of French derivation consists of a straight bodice of cloth of silver worn over a black slip with the skirt adorned with a dozen complete horse tails, dyed red.

A People Who Never Laugh.

A tribe of aborigines in Ceylon, the Veddas, is said to have known nothing of laughter for 2,000 years. These strange people, living on bats, owls and crows, are said to have entirely lost the sensation of laughter.

The officers for the coming year are as follows: Patroness, the Hon. Mrs. Shuttleworth King; honorary president, Mrs. J. W. Little; honorary vice-presidents, Mrs. K. Becher, Mrs. Jeffery Hale, Mrs. Wm. G. Garsshore, Mrs. Eric Reid, Mrs. George W. Little and Mrs. W. G. Garsshore; honorary executive (a new feature of the executive), Mrs. C. H. Hill, Mrs. Mortimore, Mrs. E. C. Dean, Mrs. Bruce Hunter, Mrs. E. G. Shannon and Mrs. Frank Ware; president, Mrs. A. A. Campbell; 1st vice-president, Mrs. Arthur T. Little; other vice-presidents, Mrs. A. V. Becher, Mrs. C. M. R. Graham, Mrs. Frank Butler, Mrs. T. J. Murphy, Mrs. E. N. Chesham and Mrs. Erskine; secretary, Mrs. Sid Rankin; treasurer, Mrs. Neville Pope.

Full committees were chosen for the garden party, which will be convened by Mrs. W. G. Garsshore and Mrs. A. V. Becher. They are as follows:

Tea committee, Mrs. E. G. Shannon, Mrs. T. J. Murphy, Mrs. Frank Butler, Mrs. Wylie, Mrs. E. N. Chesham and Miss Annie Stevenson; ice cream committee, Mrs. Growslaw and Mrs. Norfolk; home cooking, Mrs. E. J. Dunley, Mrs. Cunliffe, Mrs. L. W. Johnston, Mrs. Adams and Mrs. Hurrell; musical program, Mrs. Arthur T. Little; flower committee, Mrs. Mortimore and Mrs. Walter Brown; scientific palmy, Mrs. A. C. Joseph.

Following the meeting, tea was served from a table attractively arranged with tulips.

Nason Leads Tec Hitters In Revengeful Slugfest Which Beats Vehics 9 to 8

Achenbach's Brilliant Work Ends Under Barrage in Ninth.

BARBELON TO AID

By HARRY DAYTON, Special to The Advertiser.
Flint, May 15.—Behind some very nice pitching by Lefty Achenbach, the Tecumseh stepped out here Thursday and outscored the Vehics in an other batfest 9 to 8, thus dividing the series.

Achenbach was driven from the hill in the ninth under a fusillade of base knocks, but he had pitched actually for eight frames and tired. His game was saved for him when Morgan handled Luce and Jahn with the tying run in the ninth. Flint scored a run in the second without a hit, three errors making it possible. Regan's triple to the scoreboard and Luce's terrific four-base drive to the right field added two more in the sixth. Then came an attack that gained five tallies in the ninth, but fell short of the mark. With Achenbach in good form, Barbelon plugging up the heretofore weak shortstop post, and Nalewaj handling second very well, London looked like a much-improved club. It turned in five errors, but overcame these by good hitting, in which Chief Nason led the attack with four out of four.

Simpson scored for the foe in the second on a single, wild pitch and Nason's first hit, a single to center. A pass to Nason, Barbelon's base hit to left, Elbert's infield single and Kopschaw's overthrow of second got two in the fourth while Beatty's homer with Sandquist on base, Simpson's walk and Nason's triple, to the clubhouse added three in the fifth. Eddieleman, who relieved Shephard in the fifth, stopped the Cockneys until the ninth, when his portside delivery was rattled for a pair of base punches which, coupled with Brannigan's poor throw to the plate, an error by Luce in handling Nason's single, and a pass, gained three markers.

M'GARRY CHOSEN STARTER AT MEET

Individual Wossa Track Entrants Now Increased To 164.

The addition of some six individuals and fifteen events to the program published yesterday—these coming from the Clinton High School and not being included in the first list of the weigh scales, bringing the number of individuals competing in the big secondary schools' athletic meet Saturday up to 164 different individuals and 560 entries, constituting a record for this department of the Secondary Schools' Association athletic program.

Perhaps the most important person in the track and field meet is the starter, and the Secondary Schools' Association executive secured the country far and wide to secure the most able and experienced man in this branch of work. They were fortunate indeed to secure Duke McGarry of Toronto, himself being a champion in the sprinting events. Mr. McGarry is unusually well qualified to start such an important fixture. He has undoubtedly started more athletic events in Canada than any other person, so that competitors Saturday can rest assured that the most experienced man available is handling the gun.

The gates will be opened at 12 o'clock, and competitors are warned that before commencing the meet at 1 o'clock. Granted good weather it is certain that a number of records will fall.

Immediately following the meet the prizes will be distributed to the winners at the London Central Collegiate, where each official and competitor will be the guest of the City of London at a banquet at which an important announcement will be made regarding the possibility of a team being chosen from the winners to represent the association in the Canadian track and field championships for the secondary schools to be held May 24 at Toronto.

CRIGUI IS UNINJURED IN AUTO ACCIDENT

Former Champ Prepares For Bout With Danny Frush in Paris.

Associated Press Despatch.
Paris, May 15.—Eugene Criqui, the former world's featherweight champion, who is in training for his fight with Danny Frush, today continued his work of getting into condition, unperturbed by reports that he had been injured in an automobile accident.

The accident consisted of the ditching of his car through the putting of a front tire yesterday morning. Criqui was absolutely uninjured and Mme. Criqui, who was with him, escaped with a few superficial scratches about the face.

WOODSTOCK COLLEGE WIN 3-2 SOCCER VICTORY

Special to The Advertiser.
Woodstock, May 15.—By defeating the Oxford Rifles eleven by the count of 3-2 in a postponed city soccer league tilt this evening, the Woodstock College soccer eleven, hung up the first victory registered in the loop this season and stand head of the list. The contest was hard fought all the way with the regiment team in the lead by two goals within the last five minutes of the opening frame.

Following are the line-ups:
Oxford Rifles—Goal, Ball; backs, Anderson and Wainwright; half backs, R. Clowes, Pelen, Clayton; forwards, Purchase, Ellis, Lewis, Uren and H. Clowes.

PT. LAMBTON BASEBALL SEASON UNDER WAY

Special to The Advertiser.
Port Lambton, May 15.—The baseball season has already opened up here. The first game was played on Saturday, when the local juniors lost to a junior team from Algonquin. The game between the Shockers and the Sombra Midgets resulted in a victory for Port Lambton by a score of 8-7. The seniors will open the season about May 20.

The diamond has been put in shape and the locals are rounding into good condition. They will play the G. W. V. A. team at Wallaceburg May 24 and on May 25 they will meet the P. M. Industrial team of Detroit here. This team has held the championship in the Industrial Railway League for the past two years and the locals expect a hard fight.

The following is the lineup of the local team: McPhail, 1b; O'Bright, 2b; Thibodeau, ss; Dalgety, c; McLure, 3b; Hart, cf; Familaro, lf; Laporte, rf; Wallace, p; Davis, c; Bachus, p; Bradley, p; subs, Countrman, Harris and Laffie. John Penderast, who played s.s. last year, will not join the team till June.

WILL CATAMARAN BRING PLATE TO CITY, 5TH TIME SINCE 1876?

Smallman's King's Plate Entry's Chances Brighten With Final Workout and Open Nature of Choices in This Year's Renewal.

IN 1878 TURF CLASSIC WAS RUN HERE

In 1890 Kite String, owned by the late T. D. Hodgins, one-time mayor of the city, brought the King's (then the Queen's) Plate to London, the last time of four that the historic emblem of turf accomplishment rested here. Sharing in the owner's honors and the fame that the London of that day appreciated so much was Dan Curtin, trainer of Kite String, still living in the city and employed at Silverwoods Limited.

Will Catamaran, the entry from the Jack Smallman stable tomorrow afternoon at the Woodbine, bring back the honor that the city last experienced 34 years ago? Is the question that local talent are asking themselves. Catamaran, by Tippecanoe out of Bella Fox, has turned in some impressive performances among a long list of workous which point out the renewal this year of the oldest turf classic on the continent as an open race.

Wednesday, in a final workout, the London plater negotiated the full plate distance in 2:01 3-5 in going that was exceptionally heavy. Considering that the ride not the distance outside of the dogs the London entry travelled does not enter into the clock's time calculations, it compares favorably with the times turned in by candidates more in the public eye. The fractional times which give the local entry some of the spotlight were: 24-4-5, 51-4-5, 1:19 and 1:47 1-5.

Owner Encouraged.
Yesterday Catamaran's owner, Mr. J. E. Smallman, was encouraged over his entry's final workout, but, with the race as open as it is this year, he was apparently averse to expressing any opinion about the probable outcome. He did say that Trainer Eddie Gleason was pleased with the London entry, that the horse had done everything that the trainer had asked him to do since the trials started. Gleason has handled a long list of platers, and his final favorable word on Catamaran, would just about swing local opinion solid behind the London horse. That word of course will not get to the public, but despite that it will be surprising how much civic pride will be registered here Saturday when it comes to a final selection.

The plate has come to London four times, the first in 1876, Norah P., owned by Colonel Peters, won that year, and in 1878 Col. Peters repeated his victory with King George, the race being brought here that season and run on the old Newmarket track, one of the oldest ovals on the continent at that time, and situated north of the Hamilton road near Egerton street. Once again the race was run off here, in 1902, and Panny defeated the Cardinals, and the Dodgers won the race by a score of 6 to 3. Fournier hit a homer in the second with none on, and repeated in the seventh, scoring Wheat. Stuart was off form, and was replaced by Well in the second.

The score: R.H.E.
Brooklyn 020 011 000—6 11 1
St. Louis 010 011—3 11 3
Fournier and Taylor; Stuart, Bell, Delaney and Gonzales.

Kite String, the horse which brought the plate here in 1890, was by Strichino out of Cortalano.

Won At 3 To 1.

"Kite String won the plate that year by three or four lengths," Mr. Curtin recalled in a conversation Wednesday. Mr. Curtin, despite his years, still takes an interest in turf events and even does a little riding now and again. He has schooled several of the Smallman youngsters this season. Trainer Tommy Smith started his training under the supervision of Mr. Curtin, a few years after he won with Kite String.

"Kite String was the first three-year-old filly that ever won the Queen's Plate," Mr. Curtin remembered. La Blanche, trained by the famous horseman, Allie Gates, who had a share in the training of London's other three plate winners, was favorite, but Kite String won at 3 to 1.

"Were you ever in the plate money before or after that?" Mr. Curtin was asked. "I trained Dictator in 1896, when he ran third. This horse was owned by George Evelyn and Jim Gladstone of Owen Sound. He was given far from a good ride."

Many Western Ontario travelling men will remember Evelyn and Gladstone, brothers-in-law, who later were mine hosts in Warton hotels. Mr. Curtin is a walking storehouse of dates and names of horses which made turf history in the late 70's.

BLACK GOLD SEEN AS BIG FAVORITE

Turf Followers Believe Colt's Chances in Kentucky Derby Bright.

Associated Press Despatch.
Louisville, Ky., May 15.—Derby stock of Black Gold continues to climb and predictions were freely made today that the diminutive son of Black Toney-Useit would face the barrier Saturday in the Golden Jubilee renewal of the classic the public choice to win. The splendid showing made by the colt when he covered a mile over a heavy track Tuesday, to win in fast time from seven eligibles for the big race in a derby trial, came at a time when many turf enthusiasts were casting about for a new choice following recent eliminations of Sarazen, St. James and Wise Counsellor, winter favorites.

GALT REPRESENTED IN WESTERN SOCCER

New Club Elects D. Whita President For 1924 Season.

Special to The Advertiser.
Galt, May 15.—The employees of the Babcock & Wilcox and Goldie & McCulloch firms have banded together to form a soccer club, which will mean that Galt will again be represented in the W. F. A. Up to now the prospects of having a team in official soccer were not bright, not because of any absence of players, but because of the lack of backing.

However, the team, which has been applied for a berth in the W. F. A. in the most convenient grouping, has support and has a squad of 23 players. The following officers have been elected for the new club: Honorary presidents, A. R. Goldie and R. O. McCulloch; honorary vice-presidents, D. Hastings; president, D. Whita; vice-presidents, E. Scott and J. Carter; secretary, treasurer, Shaver; secretary, Grant, E. Creely, B. Martin and J. Weppers.

WHITECOMBE BREAKS BRITISH GOLF RECORD

Wins Pro Golf Tourney and \$5,000 Daily Mail Prize.

Associated Press Despatch.
Deal, Eng., May 15.—C. A. Whitecombe of Lansdowne, Bath, who was among the leaders in the 1923 open golf championship with a card of 302, today broke the British record for 72 holes over a championship course with an aggregate score of 289 in winning the professional tournament for prizes totaling £1,000 offered by the London Daily Mail.

Four rounds were played yesterday and today over the Royal Cinque Ports course Whitecombe twice set new records for the course, getting 70 yesterday when he "went crazy" and sank three chip shots and shooting a brilliant 69 this afternoon in the final round.

The competitors included most of the well-known British professionals, among whom were Abe Mitchell, George Duncan and James Braid. Whitecombe tied Duncan for sixth place in the 1923 open event.

PUBLIC MAY DIVIDE ON CHOICE FOR THE DERBY

Black Gold May Split Favor With Mad Play and Bracadele.

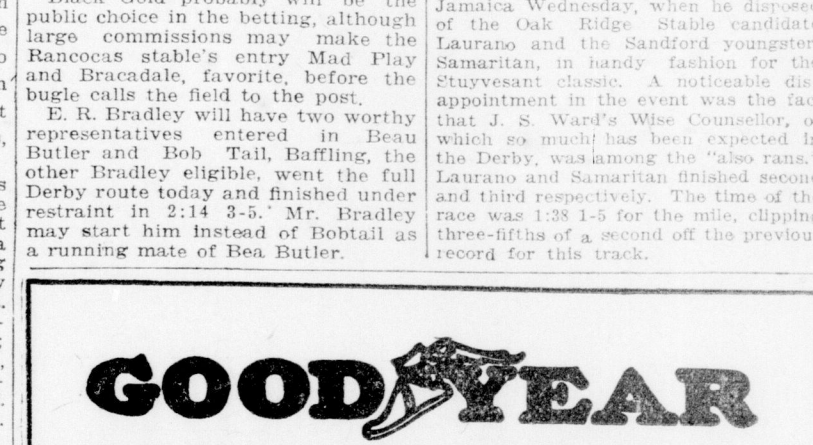

Associated Press Despatch.
Louisville, Ky., May 15.—Indications were today that a field of between 15 and 20 three-year-old colts would start in the golden jubilee Kentucky Derby at Churchill Downs Saturday. In the event the track is muddy several eligibles probably will be scratched if such superior muders as Black Gold and Altawood start. Each horse will carry 126 pounds over the Derby distance at a mile and a quarter. The prize is \$50,000 in added money, and \$5,000 in gold plate.

Black Gold probably will be the public choice in the betting, although large commissions may make the Rancocas stable's entry Mad Play and Bracadele, favorite, before the bugle calls the field to the post.

E. R. Bradley will have two worthy representatives entered in Beau Butler and Bob Tall. Bradley, the other Bradley eligible, went the full Derby route today and finished under restraint in 2:14 2-5. Mr. Bradley may start him instead of Bobtail as a running mate of Beau Butler.

Umpires—Legg and Monroe. This is how they will look when they line up for the opening Southern League struggle at Queen's Park on Saturday. There will be the usual opening ceremonies, and these will start at 2 o'clock sharp, the game to follow fifteen minutes later. Bob Emslie, veteran umpire, and now second in command of the National League, it is said, will view the game.

Hank Down is Manager Brand's selection to turn aside the Tom Cat sluggers, while Bill Billings, upon whose shoulders rest most of the hurling duties of the Railroad City this season, will start on the mound for the visitors. Down was a St. Thomas jinx last year, and if he stays up to the form he has been displaying so far this season he will be all set for the repeating trick. Monk will be on hand to do the relieving for the Tom Cats, while the locals will have Frank Pring, Lefty Russell and Fred Quick waiting in the dugout to take up the twirling if the breaks go against Down. The whole Orient line-up is made up of players who have been playing amateur ball in London for several years as well as a number of promising newcomers, who may get the chance to break into the mix Saturday.

City Engineer Near announced last night that the diamond at Queen's Park will be put into shape for its inflation this season, and added that a steam roller would be assigned to the park Saturday morning to take out all the bumps, so that the losing team will lose at least one of its alphas.

Arrangements have also been made for seating accommodation, as a number of benches have been placed near the diamond, and two sections of the bleachers are being put into the field for the use of the large crowd that is expected to be on hand. The field will be roped in so as to keep the spectators off the playing field.

Following the match, the London Views will meet the Forest City Club in an interclub mix.

SOUTH COAST TEAM LOSES TO CANADIANS

All-Star Dominion Eleven Defeats Australians 2 to 0.

Associated Press Despatch. Woomera, N.S.W., May 15.—Playing against South Coast at Woomera yesterday, Canada's all-star eleven beat the Australians 2 to 0 in a game featured by brilliant play in the forward ranks and all-round efficiency on defence on the part of the Canucks.

Linning and Chapman again starred in the attack, and the work of Stobart, Harley and George Anderson was outstanding. Mosher played faultlessly in goal.

On Saturday the tourists will be in Sydney again, where they play New South Wales, regarded as one of the stiffest teams in the commonwealth. If the Canadians can hurdle this obstacle they will be well away, for in two games they have scored a win and a draw, and so far not once has Mosher's citadel been penetrated.

FOREST TOWN TEAM DEFEATS HIGH SCHOOL

Special to The Advertiser.

Forest, May 15.—The town picked team evened up the half-holiday series with the High School here Wednesday by winning 12 to 6. Although they outbit the town nine, the schoolboys' errors were too costly. The game was a tie until the final inning when the school team went to pieces.

Braun, catcher of the champion Zurich-Exeter team of 1921-22, who is now in business here, caught his first game for Forest. West, Burke and Newton were the batting leaders.

The line-ups: Town—Forbes, l.f.; May, r.f.; Armstrong, 3b.; Core, s.s.; Jennings, c.f.; Braun, c.; Waddell, 1b.; Newton, 2b.; Crowe, p.

High School—Roche, 3b.; West, l.f.; and p.; Hamilton, 2b.; Burke, 1b.; Hubbard, r.f.; Doolittle, s.s.; Kernohan, c.f.; Kemp, c.; O'Donnell, p.

BASEBALL AND SOCCER ORGANIZED IN DENFIELD

Special to The Advertiser.

Denfield, May 15.—A meeting here Wednesday football and baseball teams were organized, and it was decided to join some amateur leagues. The following officers were elected for the coming season: Norman Robson, manager of baseball team; Wm. McDowell, captain of football team, and John McLeish, secretary-treasurer of both teams. All games, both football and baseball, will be played in Thos. Rossier's field, opposite the C. N. R. station.

MEETS WALKER TONIGHT

Stanislaus Zhyzko, heavyweight wrestler, will take on George Walker, Canadian champion, in Toronto tonight.

DIAMOND MUST

They take their baseball seriously in the Intercounty loop, which has produced Ontario champs two seasons hand-running. Wylie Wilkinson appointed field captain for the season's play last winter. He will call the team's play and fix ground rules, and Wally Grove will call outfield plays.

Kress or Kid Dougherty, the 17-year-old sensation that Woodstock discovered too late last year, will likely pitch Saturday.

Jack Williams, the Indian hurler from Belleville, who furnished a lot of copy last winter with his various spring destinations, has been farmed out by the Rochester club to Pittsfield in the Eastern League.

Flint has a regular Murderer's Row out in the field and the Flint infield is not only clever defensively but wields wicked clubs. To top all this, in fact shade it, their hurling corps is as clever and more experienced than any other band of flingers in the circuit.

It didn't take Johnny Carlin long to land a job.

The former Hamilton shortfielder and manager left for Norfolk, Va., to play shortstop for the Norfolk club of the Virginia League. He will receive a salary equal to what he got while playing as a private in the ranks here, and will be a free agent at the end of the season, according to his request.

The Virginia League is of the same classification as the M.O., so that Carlin should not have any trouble holding his position. Bill Pike, former Saginaw infielder, is playing third base and acting as field captain of the Norfolk club.

"Dolly" Gray, last year with Hamilton, is playing with the Petersburg club of the same league. It looks like a reunion of M.O. players.

Carlin asked the Herald last night to thank the fans of Hamilton for the kind way in which he had been treated during the many seasons he wore the Hamilton uniform. He doesn't like the idea of playing elsewhere, but believes that Windle, the new Hamilton shortstop, is going to be well for him or any other shortstop to beat out of his job.

Harry Dayton of the Flint Journal apparently thinks managers are not immune to bones. He says:

"Charles 'Punch' Knoll has been in professional baseball for 24 consecutive seasons. But he found himself in no smaller hole than Sunday when he struck out while essaying to show his Bay City club the proper way to get base hit.

"Flint had the edge on the Wolves in the fourth, 6 to 3. But the Wolves had a runner on third and another on first, with none out, and 'Punch' believed the time was right to strike. So he waved aside the second pitcher, he had inserted, had himself relieved as a coach and took up his bludgeon.

"The stage was set for Knoll. About 300 Bay City fans were there. The president of the club, Walter I. Feneau, was there. His team was trailing. These things 'Punch' perceived. But he failed to appreciate that he had not been playing so far this season, and he failed to understand that Ted Pritchard southpaw pretty cunningly in tight places. All this came to 'Punch' a little later, however. For in full view of his players his boss's faithful followers, 'Punch' struck out."

CHATHAM O. B. A. A. NINE DEFEATS WINDSOR TEAM

Special to The Advertiser.

Chatham, May 15.—The lid was pried off the baseball season locally here this afternoon, when the Chatham O. B. A. A. team defeated the Leggett-Platt aggregation, leaders of the Industrial League of Windsor, 7 to 1. Campbell, McCole and Con-

stineau twirled three hits and the latter two. McCole did not allow a hit during the three innings he worked, and in one of the frames he retired the visitors by strike-outs. Cooper and Shabanhan twirled for the Chatham. The opening game of the Kent League will be played here on Saturday afternoon, when the Blenheim aggregation will be the guests of the locals.

DETROIT OUSTS FIVE TWIRLERS

Browns' Southpaw Rookie Defeats Pennock in Hurlers' Duel.

Associated Press Despatch. Philadelphia, May 15.—Detroit won a slugging match from Philadelphia today, pounding five local twirlers for sixteen hits, and winning by 12 to 6. Hauser started the home team off to a three-run lead with a home run in the first, but the Tigers tied the score in the second innings.

ROOKIE WINS DUEL

Associated Press Despatch.

New York, May 15.—Ernest Wingard, a young collegian from Alabama University, had the better of Herby Pennock in a left-handed pitching duel today, and the St. Louis Browns beat the New York Yankees, 2 to 1. All three runs were homers by Ruth, Williams and Sisler. Ruth's hit being his ninth of the season.

The score: R.H.E. St. Louis.....000 101 000-2 8 0 New York.....000 001 000-1 8 0 Wingard and Seaver; Pennock and Hoffmann.

CHICAGO BEATS BOSTON.

Associated Press Despatch.

Boston, May 15.—Kamm's double in the fourth scored two Chicago runs and he scored from second on an infield out, these three runs being the deciding factor in Chicago's victory over Boston today, 4 to 2. Joe Harris made the first home run of the Boston major league season, his drive clearing the left field fence.

The score: R.H.E. Chicago.....000 201 000-4 4 1 Boston.....100 100 000-2 7 1 Thurston and Schaak; Fuhr, Piercy and O'Neill, Pichnich.

INDIANS WIN, 6-4.

Associated Press Despatch.

Washington, May 15.—Cleveland took the second straight game from Washington here today, 6 to 4. Martina had the better of a duel with Smith until the eighth, when the visitors solved him for five runs.

ENTHUSIASM PREVAILS AT FOOTBALL CONFAB

Confirm Appointment of Doug Heustis As Local Coach.

There was plenty of enthusiasm, even as unmeasurable as the meeting was, at last night's rugby confab. The big feature of the evening's work was the official confirmation of Doug Heustis' appointment as playing coach of the team, with Jo Jo Strrett, former Argo star, as his assistant, and the selection of a committee which brings into rugby some of the city's greatest enthusiasts.

The full committee: Chairman—Gord Marr. Manager—Eric Nellis. Business manager—Ernie Dennis. Secretary—Bill Friend. Transportation committee—Joe Isaacs (chairman), W. Lawrence and Tom Brown. Grounds—Billie Baines (chairman), A. T. Taylor, A. Ball and R. Dromgoole. Advertising—Niven Judd (chairman).

ALPHAS WIN, 10-3.

Special to The Advertiser.

Park House, May 15.—In the regular town league softball game this evening the Walker Press lost to the Alpha team, 10 to 3, in a good contest. Strickland, for the Alphas, pitched airtight ball.

The batteries—Walker Press, A. Fraser, W. Inds and K. Baird; Alphas, Sid Strickland and Austin Strickland. Umpires—Sykes and Cuthbertson.

AS CHAMPIONS PLAY IT

SELECT ONE THAT IS EASILY CONTROLLED.

A GOOD BALL SHOULD FLY TRUE - DISCARD THOSE THAT DO NOT.

SELECT ONE MAKE AND STICK TO IT. YOU MUST GET USED TO BALLS AS WELL AS CLUBS.

What points should be taken into consideration in selecting balls?

Answered by JOHN BLACK,

"The Carpenter of Troon," whose great gameness and mastery of golf makes him feared at all tournaments. Particularly competent on approach shots.

In selecting a ball that will suit you, you should select one that you can control. If you are playing a ball

LONDON EAST JUVENILES.

The L. E. A. C. Juvenile City League team has its first game against the Pirates, and is considered the team to beat. They are, from left to right: Front row—R. Cook, R. J. Mills, A. Ross, J. Haldane, C. Sinclair, G. Mahon, B. Vinen (coach), S. Waspe, H. Coleman; back row—J. Livermore, A. Reeves and P. Lind.

you cannot control, your game will not be satisfactory, and you should make a change. Select a ball that will fly true and one that you can control on the green. Final L.A.A.A. Workout Billed For This Evening

Big Parade, Commencing At 1:30, Will Precede Lucan-London Initial Mix.

Coach Dinsmore's fast L. A. A. A. senior squad went through a two-hours' drill last night, making preparations for their opener at Tecumseh Park Saturday, when they cross bats with the famous Irish Nine from Lucan. Tonight they will be on the job again, putting the finishing touches on their teamwork, and the lads from the north will find plenty of opposition in the initial test of strength, as far as the two clubs are concerned.

George (Mooney) Gibson, London's favorite baseball star, and late manager of the Pittsburgh Pirates, has kindly consented to assist in the opening ceremonies.

Arrangements have been made also for a parade prior to the game, and all L. A. A. A. members and supporters are requested to report with their cars at 1:30 p.m. on Carling street, behind D. S. Perrin & Co., so that they may proceed with the parade in a body to the ball park. "Dinny" has been very reticent about announcing his final line-up, and, in all probability, it will not be picked until after the workout tonight.

So many of the try-outs have made

such an impression on him that it is going to be no easy task to arrive at a final decision in the case of several positions, and the final analysis will probably be made late tonight.

It appears as if "Speedy" Somers, the intermediate hockey star, has just about clinched the short field position. This lad, who has entered the training with a vim, has proven that he is a natural ball player, and many fans who enthusiastically cheered him in the Arena the past winter for his sterling qualities as a hockey player are turning out to give him the once over in the summer sport.

The game will commence at 3:15 sharp. The umpires will be announced later.

INTERPRETATION OF SCHOOLS ACT SOUGHT BY BOARD

Question of New High School Carried To Department of Education.

INTERPRET ACT

The battle of the new high school will be carried to headquarters, and the opinion not only of the provincial department of education in Toronto, but also the interpretation of the high schools act by the attorneys general will be sought by the board of education previous to the meeting with the city solicitor at mid-day on Saturday, together with Aldermen Douglass and McKay.

At a meeting yesterday afternoon of the collegiate committee of the board, the chairman, Dr. A. J. Grant, and Principal A. E. Miller of the Central Collegiate were instructed to go to Toronto today to complete the necessary interviews.

They were expressly instructed to "sit there and wait till you get their opinions in writing" for the Saturday meeting, and the trustees were unanimous in the opinion that this was a fight to a finish, and that the effects of the decision rendered in the case will affect not only London but every city in the province, and that the authority even of the department of education and the high schools act hangs on the interpretation by qualified authorities of clause 8 of the act.

Essential Question. "This is the essential question, which must be settled at this time," said Dr. Grant. "If the authority is to lie with the city council to say where a school shall go and when it is needed then I would stay on the board for 24 hours, and I don't think many members would. We must do everything in our power as a board to get the final ruling on this act, and we owe it to the people of the whole province, as well as to our own citizens who elected us, to take every reasonable means to settle the question raised by the city council as to the relocation of the authority in regard to new schools."

Mr. Miller explained that the act was somewhat carelessly worded, and that the meaning was in places involved and obscure, but that the interpretation of the department was clear and definite. The procedure in Toronto, Hamilton and Ottawa, where the same battle had been fought and settled, was that the board, having arranged when a school was needed and where it should go, simply asked the respective councils for the necessary debentures.

OIL DRILLERS AT WORK IN TILSONBURG TOWN

Area Between Town and Lake To Be Scene of Renewed Activities.

Special to The Advertiser. Tilsonburg, May 15.—For some months past several large oil and gas companies have been paying much attention to the district between Tilsonburg and Lake Erie, which is a proven district, and active operations are to be the result of the investigations.

The Caledon Natural Gas Company of Hamilton is unloading supplies and drilling outfits here and will drill for oil within the town limits at once. The annual inspection of the high school cadet corps was held on the campus this afternoon. The local clergy, high school board, town officials and school officials from the district were in attendance, and spoke in highest terms of the work of the local lads. Lt.-Col. G. H. Gillespie, inspecting officer of Military District No. 1, reviewed the corps, and commended them on their excellent appearance and efficiency. The corps paraded the principal streets, and were dismissed at the market square. The annual dollar day was held today. All merchants report excellent business.

ALVA G. HARVEY,

FUTURE EXPORT TRADE PROSPECTS ARE BRIGHT

Banker Tells Canadian Clubs in Kitchener of Keen Competition.

Special to The Advertiser. Kitchener, May 15.—Optimism over Canada's future was expressed by George F. Towers of Montreal, superintendent of the foreign department of the Royal Bank of Canada, in an address before the Waterloo County Canadian Club and the Women's Canadian Club at the monthly dinner this evening. The speaker predicted the day would come when European countries would secure the largest part of their wheat supply and possibly flour, from this country. He added that the Canadian manufacturer would meet with keen competition and would have a hard struggle owing to the development of export trade in other countries, particularly Germany.

Runaway Auto In Freak Stunt

Veterinary Dragged Through Fence, Over Woodpile.

Special to The Advertiser. Durham, May 15.—Dr. W. P. Ellis, Holstein, veterinarian, survived without injury a peculiar experience. Answering a call from Archibald McPhee, who had a horse severely injured in a runaway, he stopped his car in high gear at McPhee's barn. On being informed that the horse was back in the field and that he could motor there, he cranked his car, which at once leaped forward. The doctor grasped the bumper and was dragged beneath the car as it jumped through a gate, over a pile of wood, then turning struck the driving-shed. All the while the doctor was trailed beneath the car. When it stopped he crawled from under, and when Mr. McPhee asked him if he was hurt, he replied, "Where is the horse?"

MANY NEW SETTLERS ARRIVE END OF WEEK

Come Through Quebec and Halifax, General Passenger Agent Reports.

Special to The Advertiser. Montreal, May 15.—Close upon 2,200 new settlers will arrive in Canada over the week-end through the ports of Quebec and Halifax, according to reports received yesterday by James Morrison, general passenger agent in charge of steamship traffic Canadian National Railways, and will proceed to Montreal in six special trains over the National System. Of the above number 1,500 will disembark at Quebec, and the remainder at Halifax.

VETERAN ENGINEER SUFFERS A STROKE

John W. Sweeney Is Stricken While On the Way To Chicago.

NOW IN WINDSOR

Special to The Advertiser. St. Thomas, May 15.—While on his way to Chicago to attend at the bedside of a relative, John W. Sweeney, a retired M.C.R. engineer, suffered a stroke and was removed to the Hotel Dieu in Windsor, where his condition is reported as not serious. Mr. Sweeney was called to Chicago this morning to his sister-in-law, Mrs. J. Crowley, who is seriously ill, and was accompanied by Mrs. Fred Wilson of London, a daughter of Mrs. Crowley. Mr. Sweeney lately returned from Florida, where he spent the winter.

Baseball Booster. William G. Gifford, the originator of the Southern Baseball League, has retired from the St. Thomas branch of the Elgin Motor Company, and will move to London. Mr. Gifford will be missed from the city, as he has been actively associated with the St. Thomas Baseball League as secretary and treasurer, and at the present time is president of the Talbot Club, Limited.

Farm Home Burned. The large frame house of Colin Munro at Fingal was gutted by fire Wednesday morning. Mrs. Munro was in the barn and Mr. Munro in the field when the fire started. The loss will be heavy, there being very little insurance.

Play Repeated. Miss Mary Bell Adams' dramatic class of Alma College repeated their performance of "Nice and Men" in the auditorium of the Institute this evening before a large audience. The play was given under the auspices of the Kiwanis Club, the proceeds going to further the work of the Kiwanis Club among the boys of the city.

Boys Careless. Residents of Elm street are complaining of the carelessness of some boys who seem to fire their rifles at random in the vicinity of the Griffin house. One man reported that a pellet had whizzed by his ear while he was walking in the garden a few days ago.

Pays Official Visit. Some 50 Masons accompanied D.D. G.M. Rt. Wor. Bro. T. L. Cochrane on his official visit to Malahide Lodge. Mr. Cochrane was made the recipient of a gift, which served to commemorate his visit to Fingal last winter, when the party was stranded in the snow for the night.

Luscombe—Eden. The wedding of Miss Agnes Eden, daughter of Mr. and Mrs. William Eden, 25 Palm street, to William H. Luscombe, son of Mr. and Mrs. William Luscombe, 44 Manitoba street, took place in the St. John's rectory Wednesday evening. Rev. P. N. Harding officiating. The bride, who was unattended, wore a blue silk frock, hat to match, gray suede shoes, and carried a bouquet of carnations and roses. Following the ceremony refreshments were served to the immediate relatives of the young couple at the bride's home. Mr. and Mrs. Luscombe are leaving in a few weeks to live in Detroit.

Ferguson—Lewis. A pretty spring wedding took place at the home of Mr. and Mrs. R. H. Lewis, North Yarmouth, when their eldest daughter, Catherine Vera Lewis, was united in marriage to Donald A. Ferguson, son of Mrs. Margaret Ferguson, North Yarmouth. The Rev. J. F. Hall of Knox Presbyterian Church, Belmont, performed the ceremony. The bride wore a smart beige suit with stone-martin choker and hat and shoes to match, and carried a bouquet of roses and sweet peas. Mr. and Mrs. Ferguson will spend their honeymoon in Europe.

Trespassing Alleged. Four youths were arrested tonight on a complaint from the M.C.R. of officials that they were riding blind luggage on a fast passenger train from Detroit. The men gave the names of Edward Schrieber, Carl Johnson, Patty and Joseph Micale, and their home as Rochester. They appear before Magistrate Maxwell in the morning charged with trespassing.

Convict Rearrested. Constable Dextator of the Caradoc Reserve brought to this city this evening an Indian youth, named Joseph French, who escaped from the reformatory recently and successfully eluded the officers till he reached the reserve. He will be taken back to complete his sentence.

HARBOR IMPROVEMENT AT GODERICH IS URGED

Deputation Waits On Minister of Public Works At Ottawa.

Special to The Advertiser. Goderich, May 15.—A strong delegation of Goderich men is in Ottawa today interviewing Hon. J. H. King, minister of public works, urging the placing in the supplementary estimates of an item to cover the cost of necessary improvements at the local harbor this coming summer. The sum of \$50,000 was placed in the main estimates, but this is considered entirely insufficient to carry out the improvements which are absolutely necessary, as based upon the increasingly large volume of grain transshipping. An extensive dredging program is considered a necessity, as well as reconstruction in concrete of the greater part of the piers, which are fast falling to pieces. The delegation includes Mayor W. F. Galloway, Lionel G. Parsons, manager of the Goderich Elevator and Transit Company, which concerns last year handled approximately 25,000,000 bushels of grain; W. H. Robertson, editor of the Signal; M. G. Cameron, K.C., and J. W. Fraser, local manager of the Western Canada Flour Mills Company, as well as J. I. A. Hunt of London, president of the elevator company.

STARS, SKEETERS EACH TAKE ONE

Orioles Come From Behind To Defeat Hustlers in Ninth.

Associated Press Despatch. Rochester, May 15.—Baltimore defeated Rochester here today, 5 to 4, in 11 innings, when Beall's error gave the Orioles two runs in the final inning. Beall fanned thirteen men, and Merkle, Jenkins and Porter hit home runs to feature.
The score:
Baltimore . . . 000 000 00 02—5 7 2
Rochester . . . 210 000 00 01—4 11 1
Farnham and Cobb; Beall and Lake.

SPLIT DOUBLE BILL. Associated Press Despatch. Syracuse, May 15.—The Syracuse Stars divided honors in a double-header with the Jersey City Skeeters today. They lost the first game, 10 to 8, after gaining an early lead. In the last game, limited to seven innings by agreement, they held the lead throughout. The score was 8 to 3. Parks pitched effectively for Syracuse in the final contest, the only hurler who showed a worthwhile delivery in the two games.
The scores:
First game:
Syracuse City . . . 003 401 020—10 14 1
Jersey City . . . 412 000 010—8 15 2
Zellars, Denette, Hansen and Freitag; Reinhart, Barnes, Minette and

The Vehicles changed from a steam roller into a light touring over night.

That come-back yesterday should have thinned down the patronizing air which surrounds the Flint camp.

President Heard received notice of the league order to cut down to fifteen players, exclusive of playing manager, yesterday. The squad must be cut down by Tuesday next.

That means that Beatty will have to throw out ballast to the extent of four players. Beatty will carry three outfielders only. Stimpson and Nason are assured of berths. That leaves Germain and Parker for the other berth. Germain leads in hitting, but Parker has done some fine fielding. The youngster may get the call.

One infielder, one catcher and one pitcher has to go. The only pitchers Beatty can let go is one of the recruits. Luther has not been worked at all yet, and Lacroix only part of a game.

BILLY SUNDAY ENTERS ROCHESTER HOSPITAL

Associated Press Despatch. Rochester, Minn., May 15.—Rev. W. A. (Billy) Sunday, the evangelist, arrived here early today to enter the Mayo clinic hospital for treatment for a kidney ailment. He spent a restful night aboard the private car that brought him here from Chicago "the best in the last twelve nights," according to his physician.

More Than a Billion Dollars — Shot

BASED upon actual thickness of seams, 1 foot and over, at a depth of 4,000 feet or less, in an area of 174 square miles, the Canada Year Book 1922-23 gives the actual coal resources of Nova Scotia as over two billion metric tons with probable reserves of approximately seven billions, at greater depths.

Canada's total coal consumption in 1923 was 34,044,000 metric tons.

So if only one billion of the two billions actual, and seven billions probable, were mineable, Nova Scotia could supply all Canada at present rate of consumption with coal for the next thirty years, while she could supply Ontario and Quebec for the next half century if they used nothing but Nova Scotia coal.

And this would be only about one-tenth of the actual and probable reserves of the province, estimated by Government surveys at 9,718,000,000 tons.

Yet in thirteen years, 1912-24, Canada paid the United States coal producers and railways over one billion dollars for coal, and this rate of importation is increasing year by year.

And 95 per cent of that billion dollars went out of Ontario and Quebec, because Ontario uses American coal almost exclusively,

and Quebec uses about 5,000,000 tons annually.

Think what that billion dollars could have done in building up Canada's business, industry, homes, transportation—the thousands of miners and mine workmen it could have supported, the millions in food, clothing, shoes, furniture, homes, they would have bought from Canadian manufacturers, who in turn would have employed many more thousands of hands.

That billion which Ontario and Quebec fed to the mines in Pennsylvania and United States railways would have meant assured prosperity to practically every industry in Ontario and Quebec.

Then why do Ontario and Quebec do it?

You will find the answer to that question in a booklet we have prepared on "Coal, The Big Factor in Canadian Economics". It will be sent upon receipt of this coupon.

ZAM-BUK

THE MAGICAL SKIN BALM.

LIKE the lost precious balms of ancient Rome, Zam-Buk is of rare herbal origin. These herbal extracts endow it with a special power over the human skin.

Zam-Buk is a concentrated healer, soothing, antiseptic, and germicide.

Its pure and powerful herbal essences swiftly take pain and inflammation out of a Cut, Scald or Burn, and heal any sore place nearly.

Owing to its extraordinary refinement, Zam-Buk soaks through to the tissues below the upper skin, and draws out disease. It is ideal for Eczema, Salt-Rheum, Ring-worm, Scalp Sores, Leg Ulcers, painful Swellings, Poisoned Wounds, and for Piles.

Zam-Buk's wonderful success is mainly due to its ingenuity in destroying all harmful germ-life, and replacing diseased and damaged tissue with fine new healthy skin.

not brown; stir two cups of minced
clams, one cup of chopped canned
corn, the beaten yolks of two eggs,
a seasoning of pepper and salt, one
tablespoon of chopped parsley, the
stiffly beaten whites of two eggs and
enough fresh bread crumbs to stiffen.
Place in a buttered baking dish,
cover with buttered bread crumbs
and bake a nice brown in a hot
oven.

HOME-MADE SAUSAGE

Run one pound of lean, tender
pork through the fine knife of the
meat chopper with two-thirds of a
pound of leaf fat; add one teaspoon-
ful of black pepper, two-thirds of a
teaspoonful of salt, and a few grains
of Cayenne pepper. Work well with
the hands, form in small even-sized
cakes and fry or bake in the oven.

BROTSCH

Cut two pounds of fore-quarter of
beef in small pieces, place in a pot,
add two quarts of cold water, one
bay leaf, two onions stuck with four
whole cloves and a few grains of
white pepper; bring to boil, simmer
for three hours, strain and let stand
until cold; remove the fat, place in a
saucepan, add two boiled and peeled
beets cut very thin, match-shaped
strips, one lump of sugar and one
tablespoonful of vinegar; bring to a
boil and simmer for five minutes.
Before serving stir in gently and add
a cupful of cream. Can be served hot
or cold.

PEAS, ATHENS

Heat three tablespoonfuls of olive
oil in a saucepan, add one peeled and
finely chopped small onion, two
peeled and chopped tomatoes; stir
and cook until the onion is golden
colored; add two tablespoonfuls of
good gravy and two pounds of shelled
peas; cover and simmer until the
peas are tender; stir often and add
a little meat stock from time to time
to keep moist. Add a seasoning of
salt and pepper and serve hot.

BOILED DRESSING

Mix one teaspoonful of dry must-
ard with one teaspoonful of salt, one
tablespoonful of vinegar and the yolks
of two eggs; stir until smooth and
beat in a few drops at a time half a
cupful of olive oil or melted butter;
beat smooth, beat in the stiffly
beaten whites of two eggs and when
it is smooth beat in slowly half a
cupful of vinegar. Pour into a dou-
ble boiler and stir and cook until
thick; chill and use.

STRAWBERRY SHORTCAKE.

Split beaten biscuits and toast
lightly, place on hot plates, four
halves to a portion, cover with straw-
berries mashed with sugar, cover
with halves of beaten biscuits, cover
with mashed strawberries, top with
whipped cream and garnish each bis-
cuit with a whole berry dipped in
powdered sugar.

SPINACH SALAD.

Plunge three bunches of cleaned
spinach into boiling salted water and
cook twenty minutes; turn into a
collander and drain dry; spread out
on a wooden board and chop fine;
season with salt and pepper and a
little vinegar. Slice three hard-boiled
eggs in thin, round slices about a
quarter of an inch thick. Place a
slice of hard-boiled egg in the bot-
tom of a custard cup or small mold
and fill with the cooked and season-
ed spinach. Cover plates with
shredded lettuce, place two table-
spoonfuls of mayonnaise in the cen-
ter of each plate, turn out the spin-
ach from the mold onto the mayon-
naise and serve.

BAKED MINCE CLAMS.

Heat in a saucepan two table-
spoons of olive oil, add one small
finely chopped onion and one clove
garlic minced; cover the pan and
cook until the onion is tender but

For the First Summer Holiday —Victoria Day—

Need time is here—prepare for summer. For weeks we have been assembling and displaying the new togs for summer wear, and now on the eve of the first holiday outing, the time for decision is here for summer is just around the corner. Tremendous strides have been made this year in creating effective outdoor apparel—especially for

the younger women and girls. The garish effects that served so long have given place to more refined, simple types, in wonderful harmony of colorings, and still in lines and patterns strikingly impressive. They serve not only most effectively for the sports occasions, but are just the thing for street wear or any in formal occasion.

VERY CORRECT SUITS FOR TOWN or TRAVEL

Travel Fashions are of particular importance right now, for the fast-approaching holidays are bringing with them a throng of week-end travellers. Are you taking your place in that well-dressed throng? Then, of course, you are interested in the authentic styles of these new suits.

There's a distinctive little suit of Suedine, in a two-toned check of sand and vivid tan. It is very smartly tailored, with a wrap skirt, and a boyish coat, closing with one button, and lined with sand-colored crepe de chine. The pockets are inset, and the tailored sleeve fastens with two buttons \$45.00

The vogue of Flamingo is national. It is one of the season's newest materials—a pile fabric cut in rectangles on a crepe weave. This suit of Gray Flamingo has a simply tailored skirt, a silk-lined coat, closing with one button \$69.50

Would you like a suit that will be fresh and uncrushed at the journey's end, no matter how long the journey may be? Then choose this suit of Navy Alpaca with a hairline stripe. The wrap skirt has a tailored pocket, and the boyish coat is double-breasted and silk lined. A white gardenia perches on the left shoulder \$52.00

—Second Floor—

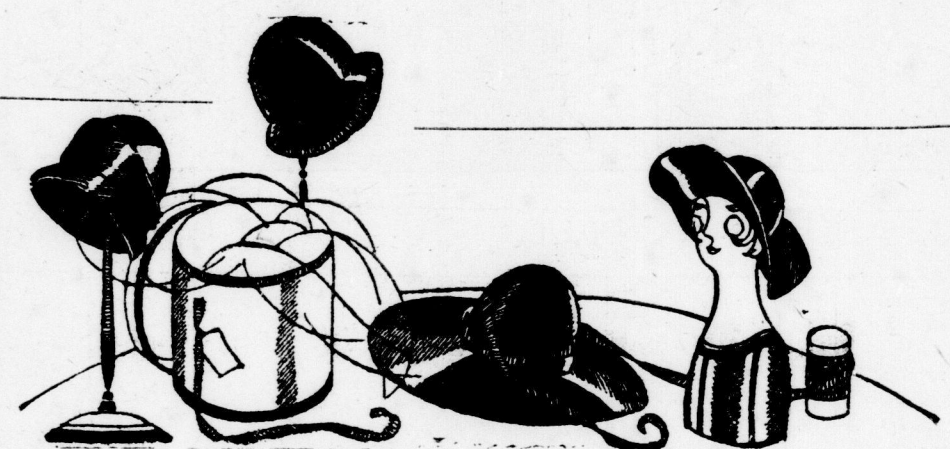

Fancy Meritas Table Covers, \$1.00 Each

A new production of Fine Pebbled Cloth, made of the same materials as table oilcloth, but of better appearance. Try one on your kitchen table, brightens the room, looks like a linen cloth, in white with pretty blue designs, round patterns, floral, etc. Just right for summer home.

60x50 inches \$1.00 each 58x58 inches \$1.35 each
Also large range of serviceable and new colors in Brocade Oilcloth Squares, 1½x1½ yards, at \$1.10 each

BECOMING NETS AND BANDEAUX

FOR EVERY WEAR EVERYWHERE.

Equally popular for bobbed and unbobbed heads are these new and varied styles of Nets and Bandeaux. They will keep you trim and neat and comfortable, whether you are motoring or dancing, playing tennis or golf, or travelling. The C-No-Net is a double mesh cap net of real hair, carefully treated to preserve the natural luster, which makes it invisible when worn. It is edged with a bandeau of silver or gold thread, or with an openwork embroidery of bright silk, in coral, emerald, pink, brown or white. The "Dutch" Aer-O-Net is made of bright silks crocheted in a cap style. The edge is wired and there are little flying wings like the quaint Dutch caps. 50c each
East Aisle, Main Floor.

"Le Chic" Bandeau fits across the forehead, with an elastic band at the back. It is made of bright silks in an open mesh. The colors are navy and sky blue, sand and dark brown, pale pink and rose, cerise, poppy, jade, lemon, gold and black 25c each
The "Teneriffe" Aero Net Bandeau in cap style, with a fancy bandeau of teneriffe wheels across the forehead. In ten different shades 35c each
The "Aero-O-Net" fits over the head in a cape style, with a narrow bandeau across the forehead and a narrow elastic across the back. The color range includes ten popular shades 25c each

Exceptional Prices On French Handmade Cluny

This shipment covers the most popular design shown in French cluny, from 6-inch Dollies up to 70-inch Cloths, with Oval and Oblong Trays to match. This is an opportunity to purchase French cluny, which can actually be purchased lower than pre-war quotations. The low rate of exchange more than offsets the higher price of linen yarns and labor in the manufacturing at the present time. However, with the rise of French currency to a more stable basis, higher prices naturally follow. Besides this special number advertised, our new stock of regular numbers are priced on this new low level and should make interesting buying for
