### SAYS CRASH IS COMING

#### Rockefeller Talks Of Coming Financial Disasters

#### Oil King Quits Business and Says That He Is Happy

Cleveland, Aug. 14.—John D. Rockefeller's answer to President Roosevelt's anti-trust litigation campaign is a prophecy of financial disaster that will sweep the country from end to end.

Mr. Rockefeller had just finished his game of golf. Apparently he had thought over very carefully everything he said. He stood beneath the shade of a big beech tree. During a portion of the two hours that he talked with a New York World reporter he had his arm over the latter's shoulder. When he became particularly earnest he gesticulated by striking the palm of one hand with the index finger of the other.

"What, in your opinion, will be the effect on the country of the present policy of the President toward great business combinations?" Mr. Rockefeller was asked.

"The policy of the present administration," Mr. Rockefeller said earnestly and deliberately, "toward great business combinations of all kinds has only one result. It means disaster to the country, financial depression and financial chaos."

"The world already has a fair dose"

### ACCEPT PROPOSITION

Ald. W. H. Westman is feeling quite jubilant to-day. He believes that he and his co-workers on the Council and the Board of Trade will soon be successful in landing another good industry for Chatham. This is the industry which was spoken of at the meeting of the Council last night.

Ald. Westman this morning received a letter from the directors of a concern stating that they had held a meeting last night and decided to accept the proposition held out to them by Chatham. The Industrial Committee will now proceed to draw up the proposed agreement with the company.

Very little information concerning the new factory is given out for publication for the reason that other cities might also get hot on the trail. It is understood, however, that the firm will manufacture a line of small goods greatly in demand and will employ a large number of girls.

### ROUTINE OF THE COUNCIL

#### Many Communications Received At Last Night's Meeting

#### Progress Being Made With House Numbering—A Long Session

A three hour session of the City Council was held last night in their chambers in Harrison Hall. The rooms have been recently renovated and a fine carpet of linoleum now adorns the floor of the dais.

The accounts, as follows, were brought in and ordered paid: J. C. Wanless \$25.05, W. R. Baxter \$3.25, \$2.50; Maple City Creamery \$13. M. Martin \$3, Daily News \$6.72, Bell Telephone, six months exchange, \$104, Parks and Cemetery \$33, \$33.45; R. Riddle & Sons, \$2.40, \$6.48, \$4.75; James King \$10, R. Haskel \$14, John Blake \$7.50, \$2.50; J. Oldershaw \$3.61, Geo. Stephens \$21.85, \$4.95; Chatham Brick Yard \$152.82, Chatham Gas Co. 3c, \$1.20; Smith & Smith \$30, Ward Louis \$95.39, Northern Electric Light Co. \$83.35, Gallagher \$8.32, fire department, washing, \$4.32.

The account of Park Bros. of \$12.95 was referred to the Board of Works. The pay sheets on August 1 amounted to \$222.59, and on August 8 to \$214.76.

Ald. Benson read a petition, signed by the ratepayers of Queen street, asking for a granolithic sidewalk on the south side of the G. T. R. tracks; also a petition from the residents of Lacroix street asking for a granolithic sidewalk from east side of Lacroix street to Park avenue. Both were referred until next meeting.

A letter from the City Clerk of London in reply to a letter from City Clerk Merritt, asking if there was any by-law preventing the running of traction engines on paved streets, was read and stated that there was no by-law preventing same. Mayor Stone read a communication from a Brantford Roofing Company. It stated that the firm wished to get a supply of glass panes from near here, as it was plentiful in this section of the country. The letter was referred to Ald. Westman.

A communication from the Commissioners of Fisheries was read, in which they wished to thank the City Council for their kindness in placing at their disposal their Council Chambers.

Next was brought in a complaint against Wm. Seymour for placing an iron pipe from his house to the sidewalk, which is contrary to law, and must be removed. It was referred to the Board of Works.

A resolution from the Board of Health was received, recommending and resolving that it is desirable and necessary to construct a sewer from south Elizabeth street to the north of Elizabeth street as a sanitary improvement; also a resolution recommending that sewers from Lacroix street to Inches avenue and the C. P. R. tracks to McAlpine street as sanitary improvements, was also read. It was referred to the Board of Works.

The Mayor received a letter from Brantford asking if there was a shooting gallery in the city, also what was required in the way of licenses. The letter was referred to the License Commissioners.

The Mayor next read a letter from London stating that two men with families from Clinton wished to come to Chatham to live and would like to know how chances for work in this city are. They are recommended as good men and would be good additions to the city. The Chairman of the Finance was instructed to answer the letter.

Ald. Benson stated that 9 cars of gravel had been received from the P. M. R., and was distributed on the streets of the city that were needed same.

Alderman Austin presented two samples of plans for the numbering of houses from City Engineer Jones, which were approved of as complete, and a motion by Alderman Benson that the committee meet at once to select the kind of numbers to be used was carried. On King Street the plan shows the numbers to be 15 feet apart, and on residential streets to be 20 feet apart. It also gives the name of each property owner, his occupation, and also the occupant. It thus makes a complete directory and a book of reference.

Next to be discussed was what should be done with the stones taken from torn-up pavements.

Ald. Stevens made a motion that they be given to the men owning the property along the street, as they were justly entitled to them as they were replacing them with a new pavement. Carried.

Ald. Benson made a motion that a pavement be laid on Hyslop St., as it had been torn up for several weeks. They asked for a 4 feet wide, but, as a 4 foot walk is granted only where streets are 66 feet wide, it was deemed necessary to call a special meeting to consider this matter.

Alderman Benson resented his

### KEY POUNDERS TO QUIT WORK

#### Telegraphers Will Demand a New Scale of Wages

#### No Strike to be Called Till The President Says So

Chicago, Aug. 14.—This city is the nerve-centre of the striking telegraphers. President Small of the men's union is expected here to-night. Until then no general call for a national strike will be issued. This, however, will not prevent operators in any city from refusing to work with non-union operators at the other end of the wires, thus precipitating trouble locally all over the country.

President Compton of the American Federation of Labor, said yesterday: "We assume that an affiliated organization which has legalized a strike has a just grievance and, adhering to union principles, we are determined to give the operators our best support."

#### Improving Hourly.

New York, Aug. 14.—From the viewpoint of the employers of telegraph operators, the strike situation last night was declared to be improving hourly, and the officials of both the Western Union and the Postal companies announced themselves to be more than satisfied with their progress that had been made during the day, and the early hours of the night. The restoration of wire communications throughout the country, "It is now not so much a question of restoring communication," declared one official, "as it is of re-establishing normal conditions."

The Wall street chapel of the C. T. U. will today demand a minimum scale of \$30 a week.

#### Telegraphers' Position.

Percy Thomas, deputy national president, issued a statement, saying: "The Commercial Telegraphers' Union of America will win this fight with telegraph corporations because it is in the right. We will win because we are on the side of a higher power than man; because the proper development and progress on a part of the people makes for the true development of all the people."

"Our demands are for an eight-hour day, a 15 per cent. increase in wages, equal pay for equal work for men and women, and the companies to furnish the operators the typewriters with which their messages are written."

"Telegraphers have never been anxious for Government control, but any control would be preferable to the present supervision of certain subordinate chiefs in the employ of the company."

The Government would also adopt a wage scale satisfactory to the telegraphers of the United States. Under Government control telegrams would carry a Federal stamp and any official or other person who inspected the contents of such telegrams as is done at present would come under the penalty of the criminal law."

### HOW THE DEAF ARE MADE TO HEAR

M. D. Tugendhaft, the celebrated eye and ear specialist, late of New York City, will visit this town, and will be at the Hotel Garner on the following dates, Thursday and Friday, August 15th and 16th, at which time he will demonstrate his wonderful Patent Invisible Ear Drum. Any person afflicted with deafness can be made to hear as well as ever. This is no idle boast. In the past few years there have been several Ear Drum cures, and not only have they proven defective and of no use in restoring the hearing, but were also clumsy and could be seen in the ear. The Invisible Ear Drum of Tugendhaft's is entirely different in this respect. Not only will it restore the hearing, but it is entirely invisible and cannot be seen when once introduced into the ears. Mr. Tugendhaft was once deaf and after squandering a small fortune in different remedies and on so-called inventions, finally perfected his new Ear Drum within the past few years. In every case where his Drum has been used it has effected a complete cure. See the celebrated Specialist at once and be convinced. No drugs used or no operation necessary. These Drums also stop all ringing noises and neuralgic pains in the head, where the cause is from deafness. The price of the Ear Drums is within the reach of all, and any person afflicted with deafness need not be so any longer.

motion, and the pavement will be considered in a few days.

The next meeting will be held on Aug. 20th. All the members of the Council except Ald. Kerr, Ald. Massey, and Ald. Potter were present.

A good man is better than anything else.

He who puts a bad construction edness of heart.

### PAVEMENT IS WANTED

#### Aldermen May Pave Approach to Rankin Dock

#### Petition Was Received Last Evening—Needed Improvement

At last night's Council meeting a petition was brought in asking for a pavement from Queen street to the Rankin dock.

This was extensively discussed. The condition of this street is very offensive and unhealthy and is badly in need of paving. The dust from the dock is very offensive to people living in that section, and the street also presents a very ragged appearance to people coming into the city by boat. Ald. Benson said that its condition now was an eye sore to boat passengers, and it is to the interest of the general public to have this approach paved to make it more attractive and healthy.

As there were three aldermen absent last night no action was taken, and it was decided to refer it until next meeting. A motion that the Clerk notify the ratepayers to be present at the next meeting was carried. All the aldermen and the Mayor were greatly in favor of paving the street, and it is the hope of the Council that at the next meeting a decision to that effect will be made. The petition was signed by Messrs. Hicklin, Stricker, Pleasance, Morley, Watt, Hadley, Lethbridge, Piggott, Smith, Bibby, Dunn, Duff, Brady, O'Neal, Jamieson, Drew, Peck, Cornell, Ruthven, Marshall, Brisco, Sheldon, Holmes.

### RATE IS 28 1/5 MILLS

Ald. Austin, Chairman of the Finance Committee of the City Council, last night brought in his report on the various civic estimates for the year. The report recommended that the tax rate be struck at 28.2 mills, and was endorsed by the other members of the Aldermanic Board.

It was explained that while various departments had shown a saving this year, some of the others exceeded the estimates for previous years. The repairs and maintenance to city bridges was one of the biggest bills of expense which the city had to bear this year. There are also a number of debentures falling due, and these have the effect of keeping the rate up.

DISTRICT

DARRELL.

The rain on Thursday revived the crops very much.

The Misses Jessie and Maggie McIsaac, of Chatham, visited their brother John last week.

Mrs. George Morrell, who has been visiting Mrs. A. French for the past two weeks, returned home last week.

Mrs. John McIsaac, who has been at St. Joseph's Hospital, Chatham, for the past week, returned home on Monday much improved.

Mrs. Harry Blackburn went to the General Hospital on Saturday to receive treatment for appendicitis.

Miss Florence Wooding, who has been seriously ill, is rapidly improving.

Mrs. LeGallais and children, of Northwood, spent last week with her sister, Mrs. Allan McNeillage.

Mrs. G. Bragg, of London, is the guest of Mr. and Mrs. A. Bragg, 4th concession.

MIDDLE ROAD.

The farmers of this vicinity are busy with their harvest.

Carl Lynch, who is visiting at his grandmother's, Mr. John Goulett, had the misfortune to fall from a horse and break his arm and shoulder.

A number of our young people enjoyed a drive to the lake Wednesday evening.

Charles Bennett, of Detroit, visited Oscar Goulett last week.

Mrs. Hope, of Merlin, is visiting relatives in this neighborhood.

O. Bennett paid a flying visit to Merlin Tuesday evening.

Misses Hattie Seaman and Nora Bennett have returned, after a visit with friends in Windsor.

Mr. and Mrs. Lynch visited the latter's parents, Mr. and Mrs. John Goulett, Sunday.

Roy Seaman was renewing of acquaintances on the 13th concession Sunday evening.

Miss Violet Bennett paid Merlin a flying visit a short time ago.

L. A. Pardo spent Sunday at his home here.

OIL MONOPOLY.

Corporation Commissioner Scores the Standard Oil Operations.

New York, Aug. 13.—Another broadside for the Standard Oil Co. is contained in a report to President Roosevelt by Herbert Knox Smith, commissioner of corporations, on "Discrimination in Prices."

Abounding in invectives, the report pillories the Standard Oil Co. for selling its products abroad cheaper than at home, for maintaining the highest prices possible in those parts of the United States, where it has a complete monopoly, and cutting prices relentlessly where it meets competition, and for using its vast freight traffic as a club to compel railroads to pay high prices for lubricating oil. Then, as a hint that the half has not been told, Mr. Smith closes his report with this passage:

"Try your direction, in view of the proceedings of the Attorney-General against the Standard Oil Co., some of the more detailed evidence procured by the bureau regarding price discrimination is at present withheld from publication, and the same is true of other unfair practices, the most important of which are maintenance of bogus independent companies, espionage over the business of competitors, especially by bribing railway employees to disclose their shipments, and deceptions as to the quality of oils sold."

Commissioner Smith says: "In the business of selling petroleum products in foreign countries the price policy of the Standard Oil Co. has apparently been to sacrifice the interests of the American consumer for the purpose of securing the Standard's foreign business, which is a very important one."

SKELETON UNEARTHED.

Ghastly Find by London Workmen in School Ruins.

London, Ont., Aug. 13.—Workmen engaged on the work of repairing St. Peter's school, corner of Princess and Park avenues, yesterday made a ghastly find.

In making certain excavations, a number of human bones were found, which had evidently been buried there for many years.

At first it was surmised that they were Indian bones, but old residents of London recall that half a century or more ago the ground surrounding St. Peter's Cathedral were used as a cemetery. In later years the bodies were exhumed and reinterred in St. Peter's Cemetery in London Township.

Many bodies were overlooked, however, and it is remembered that when the new cathedral was being built— from about 1830 till 1834—it was no uncommon thing for bones to be unearthed as the excavations proceeded.

WANT THEIR LIQUOR.

Halleybury Club Members by Big Majority Declare Themselves.

Halleybury, Aug. 13.—A general meeting of the members of the Halleybury Club was held on Saturday night, at which a large number of local and visiting members were present. The question as to whether the members did or did not approve of the continuance of the charter, recently granted to the club, entitling it to the privilege of furnishing its members with liquor, was discussed. The continuance of the license, with the approval of every member present, with the exception of Rev. Mr. Donnell, who has been actively opposing the license, largely on the ground that it was not desired by the members. This decision ought finally to settle the question and dispose of the only reasonable argument which could have been raised against the granting of the license.

Man Was Deserted.

Kincardine, Aug. 13.—When James Shelton, a respectable but close-fisted granger of Armo, six miles from Kincardine, returned to his house on Friday morning after being out in the fields only half an hour he found a note pinned to the table cloth:

"We have gone for good."  
Shelton's wife, Martha Ann, and his daughter, Nora Ellen, had left the house and farm, taking with them a couple of grips packed with clothes.

Shelton reported the matter to the police yesterday, and asked if something be done to locate the runaways.

Eighty-Four Years Old.

Toronto, Aug. 13.—To-day, Dr. Goldwin Smith, Toronto's leading citizen, and one of the last survivors of the great thinkers and writers who advanced the Victorian era of English literature, celebrates his eighty-fourth birthday.

"Dr. Smith feels the best, but is in good health," the press was told, in reply to a query as to how he was on the eve of another anniversary. He is not now engaged in any literary work, except reviews.

Girl Drowns.

Toronto, Aug. 13.—The danger spot on the bay front, at the foot of Brock avenue, claimed another victim last evening, when Viola Myrtle Haw, aged 9, was drowned.

She was playing, about 7 o'clock last evening, with her sisters, Louise, aged 12, and Frances, aged 6, and with Dinah and Blanche Goldberg. Viola walked out on a slippery plank and fell in the water. She did not come to the surface.

To Execute Agreement.

Ottawa, Aug. 13.—The agreement between the Hydro-Electric Commission and the Ottawa and Hull Power Co. for the supply of power to the municipal electric plant, will be executed at a meeting of the Commission at Toronto to-day. Hon. Adam Beck has so advised the company.

Archbishop Refuses Aid.

Dublin, Aug. 13.—Archbishop Walsh of Dublin, who was invited to call a conference of John Redmond, John Dillon, Timothy P. Healy, and William O'Brien, with a view to composing the political differences that exist between them, has declined to intervene.

TO WALK 1,000 MILES.

Sixty-Three-Year-Old Cincinnati Man Will Make the Attempt.

Cincinnati, Aug. 13.—For the benefit of science, Dan O'Leary, 63 years old, pedestrian, who has walked a total of 98,000 miles during his lifetime, will attempt to walk a thousand miles in 1,000 consecutive hours on a local track.

The track will be well padded with tanbark, and in the centre will be a tent with provisions, where O'Leary will rest each hour after he completes the mile.

Each day physical examinations will be made and a record kept. Local physicians declare it impossible for a man to accomplish the feat, but O'Leary says he will do it.

The start will be made next week. A rich father is too often a young man's excuse for being worthless.

THE GAMES SATURDAY.

Two games of ball were played off Saturday afternoon on Tecumseh Park. Each game was patronized by a large audience and numerous rooters cheered the team.

The first game was played between the Tammany Healers and the Canada Flour Mills and was a good game. The Healers were the winners and now stand head in the league. The playing of both teams was very good with few exceptions. In the second innings the C. F. M.'s looked rather sick when the Healers rushed in five runs. Tiekner pitched for the Millers and was batted out of the box. Robert came in and finished up strong. Pleasance for the Healers pitched very well, but was weak towards the end of the game. In the ninth innings the C. F. M.'s made three runs, and the score was then 12 to 8. The star batters were Peck, Woods and Pleasance, each getting hits every time they were up to bat. Dyer allowed seven runs on account of wild throws to the home plate. The line-up was as follows:

Tammany Healers—Taylor, Pleasance, Trotter, Woods, Harcourt, Peck, Willard, Trotter and Brady.

Canada Flour Mills—Clements, Tiekner, Ward, Robert, McComb, West, Dyer, Clark and Guy.

The game between the Wagon Works and the Motor Car team was one sided all through and was an easy victory for the Wagon Works. Davis and Depew pitched for the Motor Car Works and Depew undoubtedly had a day off. Davis pitched very good but his support was puny. The outfield was miserable and did poor work all day. Herd on second base played a fair game, and Head behind the bat was good. Brundage apparently had a

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. We have no secrets! We publish J. C. Ayer Co., the formulas of all our preparations. Lowell, Mass.

day off and played poor ball. The Wagon Works played a fair game and won the game with a score of 18 to 8.

What Ails You? Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. S. H. Barlow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. J. M. Scudder, N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. Y. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authors and many others endorsing in the strongest possible terms each and every ingredient of which "Golden Medical Discovery" is composed.

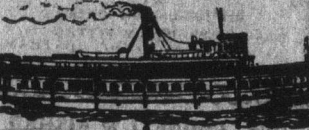

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

NOON IN CHATHAM

What Is Going On In Town When The Clock Strikes 12. Noon, the dinner hour, the hour of comfort, of pleasure and relaxation—the one hour in the twenty-four which comes to men and women of every station with greater similarity than the hour of any other function in life. Promptly as the clock strikes 12 in Chatham the shadows on anxious faces turn to lines of good will, and if villainous hot bread, pies, spiced and other indigestibles were excluded there would be no such words as dyspepsia or indigestion in the dictionary. But the contrary is true, and medical science has to step in and aid the man or woman who has been too busy to pay proper attention to health. The greatest step forward in medical discovery is Mi-o-na, which cures all stomach and digestive troubles. In hundreds of the best homes in Chatham and adjoining towns the handy little tablets, so pleasant to take, yet effective, have given quick and lasting relief in indigestion and that disagreeable full feeling after eating. Mi-o-na acts very gently. Much of its wonderful power over indigestion comes from its uniform but sustaining action. The required stimulating and strengthening is given to the important organs of digestion without producing the slightest weakness or reaction. Mi-o-na acts for a couple of weeks and will ward off a dozen attacks of indigestion. C. H. Gunn & Co. give a guarantee, absolute and unqualified, with every box of Mi-o-na to refund the money if it does not give satisfaction.

A FINE SPEAKER

For the past two Sundays the people of William street Baptist church have had the pleasure of listening to Rev. G. W. Ray, of Blenheim. Both services were conducted by Mr. Ray, and his evening discourse was one worthy of mention. Mr. Ray is a renowned traveller, having explored as a missionary all parts of Africa, and was the first white man to enter the country of the Gaingwa Indians of Paraguay. He has penetrated into the heart of Brazil some 1,200 miles, and for thirteen years preached to the inhabitants of that place. His sermon on Sunday evening was on the Prodigal Son. He explained very fully the Prodigal, leaving home, his poverty, his return, and his reception. His speech was interesting, and descriptions and explanations were vivacious. The music was very good, an anthem by the choir being well rendered. The male quartette, composed of Messrs. Carter, McAlpine, Byram and Wantless, sang with much effect a beautiful selection, entitled "He Knows." The quartet are winning an excellent reputation throughout the city.

Assistance given in a cheerful spirit carries a kindly remembrance into the future. HAY FEVER CAN BE PREVENTED Don't seek other climes at "Hay Fever Season," don't destroy your stomach and nerves by drugs—prevent the disease, Hay Fever is caused by germs that float about in the air and finally find lodgement in your throat and lungs. Medicine won't reach them here, but Catarrhose will. Catarrhose is sure death to germs. Start now to use Catarrhose. Inhale it into the throat, lungs, nasal passages, and bronchial tubes; it goes wherever the air you breathe goes, and it will prevent and cure Hay Fever. DAWN MILLS.

The Sharpe Bros. had the misfortune to have their house and contents totally destroyed by fire last Wednesday night, themselves and family having a narrow escape. It was a bad loss, and it is to be hoped that some steps will be taken to show sympathy for them in a substantial way.

Thomas Elgie was elected councillor to fill the vacancy in the Camden council by a majority of three. Not much interest was taken, a very small vote being polled.

The stone and brick work on the Town Hall is completed and the woodwork well advanced. When finished it will be a nice building and a credit to the Camden council.

Mr. and Mrs. C. West, of Ridge-town, were visitors at Frank Giffards last week.

W. J. Neely, of Toronto, is calling on friends in the neighborhood.

Some of the farmers are preparing to thresh.

Thomas Elgie and A. Trehune have purchased a traction engine.

EAST BRANCH.

Harvesting is progressing rapidly in this locality. Harvest apples are ripe. The corn is looking well in this part.

Miss Buckrell and brother, of Florence, spent a few days with their cousin, Miss J. Seward.

Miss F. and Miss J. Richardson spent Saturday last in the Maple City.

Mr. Henderson and sister, of Dover, visited recently with friends here. A number from here visited Wallaceburg on Wednesday and enjoyed a pleasant day.

Theodore Seward spent Sunday in Florence.

A. E. Richardson, of Toronto, paid a flying visit to his uncle, T. Richardson, recently, en route to his home in Bruce County.

Miss Hazel Teeter, of Chatham, is spending a few days the guest of her cousin, Miss Laura Teeter.

Rev. and Mrs. Smith, of Michigan, are guests of her brother, Alfred Shaw.

Miss Fern Grant, of Beesher, spent a few days this week with her friends, Miss J. and B. Richardson.

'T WAS A GREAT RACE

But the American Defender Sped in by a Mile.

Canadian Boat Led For a Considerable Portion of the Contest—Jarvis Again Got Over the Line First—Adele Was Troubled on the Return Journey With Her Sails—Start So Speedy Patrois Failed to Keep Up.

Rochester, Aug. 13.—Skipper Hanan and his crew of the defender, Seneca, drove another rivet into the fastenings that hold the Canada's Cup at the Rochester Yacht Club house, by sending Seneca over the finish line about a mile ahead of the Adele yesterday afternoon. It was the second of the series and both have gone to the Yankee defender; on Saturday, in a light breeze, that finally died down to a complete calm, and yesterday in winds that varied from 8 to 12 miles an hour.

The start yesterday was made early, a slight delay being caused in placing the buoys. They jockeyed for half an hour near the starting line while the buoys were being placed and when the whistle was sounded both were throwing spray on the imaginary line. Jarvis again got the windward position and the tinders caught the challenger going past the line at 11.30. Five seconds later Hanan and the Seneca flashed over and they were off for a nine-mile frolic before the wind.

Almost straight out into the lake they went, the Adele seemed to realize she was sailing towards her doom and was daring the Seneca to catch her before she could get there. The dare was accepted and they rushed away so fast that the sailing craft in the fleet, although some of them are speedy, seemed to be dragging anchors and the steamer that carried the judges and the patrol boats had to keep chug-chugging to keep along near the racers.

The Seneca gradually crept up and finally passed the challenger, but it was a merry race, with odds for none and when they made ready to turn the mark, Jarvis obtained the windward place and slowly the large sail of the Adele carried her past the Herreshoff boat.

They rounded the stake boat: Adele at 1.05.20, Seneca, 1.05.36. Then the Seneca was pointed towards the land of Uncle Sam and it was the Seneca's turn to play tag with the defender. Some trouble was experienced with the sails on Adele and her crew was kept busy getting canvass out of the water. When her big sail caught the wind squarely she reared like a hawk, but when it got in trouble she dropped back very perceptibly. They were about an hour running out and it was figured that they would be about two hours coming back. These calculations were not far from the results, although the Seneca made the water fly faster as she neared the finish. The Seneca struck the land when the mark was reached and the Adele almost overtook her. But it was the Seneca all the way, on the last half of the run home, and she gradually widened the gap from 300 yards to half a mile and when she crossed the line she had a lead of a mile.

To-day the third of the series will be sailed over a triangular course. If the Seneca wins there will be no further races and the Canada's Cup will remain on the American side of the lake.

HARVEST HANDS NEEDED.

Over 20,000 Stalwarts Are Required to Gather the Northwest Crop.

Montreal, Aug. 13.—To harvest the northwest crop Manitoba requires 11,000 farm hands, Saskatchewan 7,000, and Alberta 3,000.

The first contingent is required to reach Winnipeg by Aug. 25, and the others as soon after as possible.

The Canadian Pacific Railway is preparing to run a series of farm laborers' excursions, and announcement of the dates leaving the various sections will be made in a day or two.

SEFTON RETIRES.

First Defection From the Campbell-Bannerman British Cabinet.

London, Aug. 13.—Lord Sefton, who was appointed Minister of the House when Sir Henry Campbell-Bannerman first framed his Ministry, has resigned as a protest against the land legislation inaugurated by the Liberals.

In officially announcing his retirement, his lordship says it was due to "not being in accord with the extreme measures of the Government." This is the first defection from the Campbell-Bannerman Ministry.

Garment Workers' Strike.

Montreal, Aug. 13.—Over 300 employees in the Vineberg & Co. clothing factory have struck for an increase in wages.

BARON NOW UNDER ARREST.

New Witness in Hau Case is Charged With Blackmail. Berlin, Aug. 9.—Baron Karl Lindemann, the new witness in the case against Hau, who claims to have seen the fatal shot fired, but says that the murderer cannot possibly have been former Lord Karl Hau of Washington, D.C., now under sentence of death for the crime, has been arrested at Mannheim on the charge of blackmail.

The police of Karlsruhe have given out a statement to the effect that Lindemann sent Franklin Olga Molitor, daughter of the late Frau Molitor, during the trial of Hau for the murder of the latter, an anonymous letter saying he saw Olga shoot her mother, but the baron promised to keep silence, declared his love and asked for her hand in marriage. The police now in this attempt at blackmail and calumny against Olga, but the newspapers do not take Lindemann's revelations seriously.

I will mail you free to prove merit, examples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for blotting, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers. It is best to make friends at home.

THE STAGE

ANNOUNCEMENTS.

Supplied to The Planet by Press Agents.

At the Brisco Opera House - "Peck's Bad Boy," Aug. 15.

MIRTH'S DRAMATIC MIRROR.

The bare announcement that "Peck's Bad Boy" is booked at the Brisco Opera House for Thursday night should suffice to fill the house at every performance, if there is still drawing power in the best and most original comedy known to the stage in the past twenty years; dramatically presenting, in most effective shape, the most laughable character sketches by that arch-humorist, ex-Governor George W. Peck, of Wisconsin, and holding up so true a mirror of human nature and its freaks and foibles that millions have laughed to the verge of suffocation at their reflection therein.

ERIEAU

Erieau, August 14.-Mrs. G. A. Brown, of Lenington, with her little son, is spending the month of August with her mother, Mrs. Morgan.

Mr. V. Goulder and Mr. Vlesk, of Cleveland, are enjoying an outing at the Eau.

Dr. and Mrs. Northwood, of Washington, and Mrs. J. M. Northwood, of William street, arrived at the Bungalow yesterday, where they will enjoy the lake breezes for the next two weeks. The Chatham old boys are very loyal to this resort and report better sport here than anywhere else.

The dance at Government Park on Monday evening was very much enjoyed after a brisk breeze sprang up and drove away the mosquitoes, which work overtime there. But the same breeze stirred up the waters of the bay and this had a very bad effect on some of the fair ones on board the "Togo" on the trip home.

Mrs. W. Hall entertained a party of Blenheim friends at her comfortable cottage yesterday.

Another complaint has been laid against the outlandish condition of the north sidewalk. A young lady from the west end stumbled into one of the holes last night and lost her gum.

The fact that there has been so much Sunday fishing done here and so little preaching reminds one of the story of the head of a small church in a little English town, who in the absence of the minister announced, "There'll be no Sunday here this Sunday; parson's gone a-fishing along with another parson."

Misses Millie and Olive Hamill, of Blenheim, spent the day on the bar, and called on several of their friends.

Misses Calmie and Rena Merritt are visiting Misses Dora and Grace Campbell.

Miss Allie Mounter and Mrs. Mounter returned to town to-day after a week's outing at the Bungalow.

Mrs. F. A. McDonald has returned to the Eau after spending a week in town.

Mrs. (Dr.) Charles Baskerville, of Mt. Pleasant, Mich., is the guest of her sister, Mrs. Arch. Park, at Beverley Lodge.

Mrs. Herb. Fisher entertained a number of the guests at the Bungalow by taking them for a sail in Mr. Fellow's comfortable yacht, the "Emerald." Some of those on board were - Mrs. Mounter, Miss Mounter, Miss Edith Beycraft, Miss Margaret McCornock, Mrs. McKinnon and son Garrett. They enjoyed a delightful trip out into the lake.

During the high wind, yesterday, Mr. Stanley Wright's sailboat dragged her anchor and drifted up on shore. He towed her out again to her moorings last night after sundown.

Mrs. Shillington and Messrs. Harry and Will Shillington are guests at the Bungalow.

The "Louise" came into port yesterday, from Sandusky, with a number of passengers aboard. The Dresden left on Monday for the dry dock at Toledo, where she will be overhauled and repaired for her autumn trip. In consequence whereof the "Louise" sails from Erieau to Pelee Island and then to Sandusky.

Mrs. Herb. Fisher, of Chatham, and Mrs. McKinnon and Garrett, of London, returned to their homes yesterday.

This is becoming quite a resort for our common birds. Some are here this year that have not been noticed before. Among those seen daily are canaries, swallows, red-winged blackbirds, sparrows, rice-birds, song sparrows, tern, heron, duck, cranes, and our own Canadian nightingale. These latter may be heard to best advantage in the vicinity of Shrewsbury Dock, or near the marshes.

The optimist looks forward to tomorrow, the pessimist sighs for yesterday.
