P R E F A C E.

The proprietors of the Quebec Directory now place before the public the first edition of a work which they hope to re-issue annually. In so doing, they desire to state that they have taken every means to obtain correct and complete information, that the names of the inhabitants have been carefully obtained from house to house, and that they have used every diligence to avoid those typographical errors which so often disfigure works of this nature and mislead those who refer to them.

The arrangement of the work is *strictly alphabetical*, as regards the names, to avoid inconvenience in reference. The table of contents shows generally the information contained in the book, while the miscellaneous index which follows shows

in detail the pages in which will be found information relating to public institutions and other general matter.

Should this work be found, as is confidently believed it will be, reliable and correct, the proprietors trust it will meet with that fair support from the inhabitants of Quebec which will enable them to carry out their intention of an annual issue, and they will be happy to receive any suggestions that may be made for the improvement of future editions.

In 1662 was founded the Quebec Seminary, which afterwards became a regular College; and it had, by successive additions, acquired a high degree of importance, when it was erected, by Her Majesty's Royal Charter, into a University, under the style and name of *The Laval University*. By this charter, which bears date December 8th, 1852, no change was effected in the constitution of the Seminary itself; but a Council, composed of the directors of the Institution, and the three senior professors of the several faculties, was empowered to possess and enjoy all the privileges granted to the Universities of the United Kingdom, and especially that of conferring degrees in the Faculties of Divinity, Law, Medicine and Arts. His Grace the Roman Catholic Archbishop of Quebec is, by virtue of his office, Visitor of the University. The superior of the Seminary for the time being holds the office of rector.

The *Collegiate Department* is the Seminary as it was till 1852, and is under the control of a board composed of a Superior and at least four Directors. It is divided into two parts, called the *Grand* and the *Minor Seminary*.
