To Telephone Subscribers and the Public

All persons employed by The Bell Telephone Company of Canada are compelled to wear a Badge similar to the Cut, and the Public is warned that parties desiring to enter buildings or premises for telephonic purposes, should exhibit their Badges, and the numbers be noted or they be refused entrance to premises.

THE BELL TELEPHONE CO. OF CANADA

GENERAL INSTRUCTIONS.

To call the Telephone Exchange give the bell crank two or three sharp turns, then take the telephone from the hook, place it firmly to the ear and listen for the Operator, who should answer "Number, please."

Call Number.—Give the Operator the number of the subscriber station required, giving the figures of the number separately, as "one-four-two-nine," instead of "fourteen twenty-nine." The Operator will immediately connect your line with the number asked for or notify you if the line is "busy."

Answer the calls on your bell promptly. Do not answer a call by ringing the bell, and do not ring your bell until you have finished, or you will be disconnected.

Face the transmitter with the mouth about two inches from the opening. Speak naturally, distinctly and not too rapidly.

When Conversation is completed, ring once for disconnection. Your line will be reported "busy" until you do so. Replace the telephone on the hook with the opening downwards.

Do not use the Telephone during a thunderstorm.

RULES AND REGULATIONS.

 DESTROY PREVIOUS LISTS.

Complaints regarding inattention on the part of employees of the Company, or of interruptions to the service, should be made to the **Trouble Department Telephone**, which, in the larger exchanges, is given at the head of the list of subscribers for that place, or to the **Local Manager**. If the matter is not then satisfactorily arranged, notice should be sent to **Ontario Department Office, Hamilton**, or to the **Head Office, Montreal**.

The use of profane or improper language over the lines is strictly forbidden.

Subscribers must not allow non-subscribers to use their telephones. It impedes the service, is an injustice to those who pay for their telephones, and is a violation of the contract between the subscriber and the Company.

Moving of Instruments.—The telephone is first located by the Company where the subscriber directs; if afterwards the instrument is required to be moved, such removal will be done by the Company at the expense of the subscriber.

A subscriber is not allowed to remove or otherwise interfere with the wire connections, or parts of any telephone apparatus, leased from this Company.

Numbers.—Subscribers are requested not to advertise telephone numbers, but simply the word "Telephone," as it may be necessary to change such numbers.

RULES AND REGULATIONS.

LONG DISTANCE TELEPHONY.

Connections outside the Local Exchange may be obtained by asking for the Long Distance Operator.

Direct telephonic communication can be had with all the principal cities, towns and villages in the Provinces of Quebec and Ontario and the United States. A list of offices connected by the long distance lines of this Company in the Provinces of Ontario and Quebec will be found in this book.

Regular tariff rates will be charged subscribers for each connection from their telephones to points outside the local exchange limits. When a particular person is desired, the name must be given to the Long Distance Operator with the call; otherwise, charge will be made for connecting to the station asked for, and for the full time the line is held, whether the person required is obtained or not. Non-subscribers who desire the use of subscribers' telephones should be referred to the Public Stations of the Company.

When a conversation on a toll line exceeds the time unit allowed, an extra charge for overtime will be added to the rate in all cases.

Upon request, and the pre-payment of reasonable charges, a messenger will be sent when possible to notify a non-subscriber to come to any Public Station of the Company.

Written messages of twenty words or under, over the lines of the Bell Telephone Company of Canada, are taken at the following tariff charge for delivery extra:

DISTANCES—

Up to 15 miles.....	15 cents
From 15 to 150 miles.....	25 cents
From 150 to 225 miles.....	50 cents

Each additional twenty words, or fraction thereof, one-half the above tariff.

All conversations, messages or messenger service must be prepaid.

Messages are received and repeated as understood by the Company operators, and the company will not be liable for mistakes or delays in transmitting, or delivery, or for failure to transmit or deliver the same beyond the amount of the charges paid to the Company.
