### 4 56 Geo. III. Journals of the Legislative Council. A. 1816.

### Gentlemen of the Legislative Council, and Gentlemen of the House of Alfembly,

His Royal Highness the Prince Regent having been pleased to commit to me the Administration of this Government, I have entered upon the duties which that trust preferibes, with a deep fense of their importance, and an earnest defire to discharge them for the general advantage of the Province; to which my attachment naturally derives additional strength, from the circumstance of my having been born in its capital.

It would be to me a fource of inexpreffible comfort, and I am confident, would convey to you fincere fatisfaction, if I had it in my power to communicate any favourable account, respecting the indisposition of our venerable Sovereign: I regret, however, that I have no fuch information to impart: yet under this awful dispensation, it is not an inconfiderable consolation to be affured, that His Majefty has no corporeal fuffering, and continues in a flate of undisfurbed tranquillity.

The total overthrow and final exile of the Ufurper whofe infatiable ambition and remorfelefs thirft of blood were permitted to long to afflict the world;—the reftoration, once more, of the Family of Bourbon to the Throne of their Anceftors; the general Peace which has been given back to Europe, by the magnanimous exertions of the Allied Powers, and the high diffinction obtained by the Britifh Forces, under the consuct of the illuftrious Duke of Wellington, confurmated and crowned by the glorious Victory of Waterloo,—while they fill our minds with exultation, and open the profpect of permaaent profperity, will not fail to awaken a profound and grateful fense of the goodnefs of Divine Providence, for compicuously manifefted in thele great events.

In adverting to those matters of internal concern, which have been the object of affembling this Provincial Parliament, I have to direct your early attention to the renewal of the Militia Act, and fuch others as, with it, may be about to expire, and as it may be necessary or expedent to continue.

I nucli alfo, in confequence of many differented adventurers and millenterous agitators, from the Continent of Europe, having recently

cently thrown themselves into the neighbouring States, strongly recommend the immediate revival of the "Act for establishing regulations respecting Aliens;" with such modifications, as those circumstances may render it proper to adopt.

You have had the fatisfaction of seeing that the Executive Government has completely redeemed its pledge to the Public, by calling in, and paying in cafh the Army Bills which were in circulation.

### Gentlemen of the House of Affembly,

I shall order a statement of the Provincial Revenue of the Crown, and of the Expenditure of the last year, to be laid before you.

I have it in command from His Royal Highnefs the Prince Regent, to affure you, that His Royal Highnefs views with much pleafure, the additional proof of patriotifm and public fpirit, afforded by the fum voted towards the completion of a proposed Canal from Montreal to La Chine His Majesty's Government duly appreciating the many important objects with which that work is connected, are greatly interested in its early execution; and I await only further instructions upon the fubject, to proceed to carry it into effect.

> Gentlemen of the Legislative Council, and Gentlemen of the Houfe of Affembly,

I cannot omit to prefs upon your confideration, the importance of further promoting the internal communications of the Province; and of making effectual provision for the full accomplishment of an object of such obvious and general utility.

You will, I doubt not, justify the firm reliance which I place on your loyal attachment to the Person and Government of your Sovereign, and your enlightened zeal for the Public Service; nor will you, I truft, difappoint my confident expectation, that this Session of the Provincial Paritament will be diffinguished for accordant exertion, and efficient dispatch in conducting the public businets.

You may be affured, that, on my part, I fhall be most cordially difpoled to second your laudable endeavours, by a ready co-operation in every measure which may tend to advance the interests and promote the wettare of this Province. Then 6 56 Geo. 111. Journals of the Legislative Council. A. 1816

### **PRAYERS.**

The Honorable Mr. Monk fat Speaker, by virtue of his Commiffion.

The Honorable Mr. Duchefnay from the Committee charged to draw up an Address to His Excellency the Administrator in Chief, to return the Thanks of this House for his Speech from the Throne, reported, that they had prepared the fame, which being read by the Clerk, was agreed to by the House, and is as follows:

#### TO HIS EXCELLENCY

### SIR GORDON DRUMMOND,

Knight, Commander of the Most Honourable and Military Order of the Bath, Administrator in Chief of the Government of the Provinces of Upper and Lower-Canada, Vice-Admiral of the same, Lieutenant-General Commanding His Majesty's Forces in the said Provinces of Upper and Lower-Canada, and their several dependencies, Sc. Sc.

MAY IT PLEASE YOUR EXCELLENCY,

We His Majesty's dutiful and loyal subjects, the Legislative Council of Lower-Canada, in Provincial Parliament assembled, beg leave to return Your Excellency our humble thanks for your Speech from the Throne.

### 8 56 Geo. 111. Journals of the Legislative Council. A. 1816

We are happy in this occasion of publicly expressing our gratitude to His Royal Highness the Prince Regent, for having committed to Your Excellency the Administration of this Government, and we are juftly sensible of your earnest desire to discharge the duties of that truft for the general advantage of the Province. The circumftances noticed by Your Excellency, of your having been born in its Capital, cannot but give additional strength to your attachment to it; and our minds are irresistibly impelled to connect therewith the recollection of your having so recently fought and bled in defence of the Provinces over which you now preside.

We learn with deep affliction, that it is not in Your Excellency's power to communicate any favorable account respecting the indisposition of our venerable Sovereign; at the same time we acknowledge, with Your Excellency, that, under this awful dispensation, it is no inconsiderable consolation to be assured, that his Majefty has no corporeal suffering, and that he continues in a state of undisturbed tranquillity.

The total overthrow and final exile of the usurper, whose insatiable ambition and remorseless thirst of blood, were permitted so long to afflict the world; the reftoration once more of the Family of Bourbon to the Throne of their Ancestors; the general peace which has been given back to Europe, by the magnanimous exertion of the Allied Powers; and the high distinction obtained by the British forces, under the conduct of the illustrious. Duke of Wellington, consummated and crowned by the glorious victory of Waterloo; while they fill our minds with exultation, and open the prospect of permanent prosperity, ought doubtless to awaken in us a profound and grateful sense of the goodness of Divine Providence, so conspicuously manifested in these great events.

Sensible of the benefit which has arisen from the Militia Act, and from sundry other temporary Acts of the Provincial Parliament, we shall not fail to direct our early attention to the renewal of such of them as it may be necessary or expedient to continue.

We acknowledge Your Excellency's wisdom and foresight, in reminding us that many discontented adventurers and mischievous agitators, from the continent of Europe, have recently thrown themselves into the neighbouring States, and in calling our attention to the Act for establishing regulations respecting Aliens, which we have every dispofition

sition to renew, with such modifications as circumstances may render it proper to adopt.

We have seen with great satisfaction, that the Executive Government has completely redeemed its pledge to the public, by calling in and paying in cash the Army Bills which were in circulation. A measure which exemplifies, in the most striking manner, the national good faith, and which will, we trust, facilitate similar arrangements hereafter, should the public interests ever require a renewal of them.

We beg leave to assure Your Excellency, that we are sensible of the importance of promoting the internal communications of the Province, and of making effectual provision for the full accomplishment of an object of such obvious and general utility ;—and we truft that in all our proceedings, we shall juftify the confidence you are pleased to place in our attachment to the person and government of our Sovereign, and our zeal for the public service; and that Your Excellency will not be disappointed in your confident expectation that this Session of the Provincial Parliament will be distinguished by accordant exertion, and efficient dispatch, in conducting the public business.

We receive with respect and gratitude, Your Excellency's assurances of a ready co-operation in every measure which may tend to advance the interefts, and promote the welfare of this Province.

- ORDERED, That the faid Address be presented to His Excellency the Administrator in Chief, by the whole House.
- ORDERED, That the Honourable Meffrs. Duchesnay and Ryland do wait on His Excellency the Administrator in Chief, humbly to know what time His Excellency will be pleafed to appoint, to be attended by the Houfe with the faid Addrefs.

The Speaker laid before the Houfe a Letter from the Honorable Mr. Cuthbert, a Member of this Houfe, flating, that bufiness of a public nature will prevent his appearing in his place until Monday next.

ORDERED, That a Committee be appointed to revife the Rules and Standing Orders of this Houfe, and that the Committee do report the fame, preparatory to their being printed, and that the Committee be the Right Reverend Lord Bishop of Quebec, the Honorable Meffieurs Duchesnay and Ryland, and that the Committee do meet and adjourn as they please. The 10 56 Geo.III. Journals of the Legislative Council. A. 1816.

The Honorable Mr. Duchesnay presented a Petition from Mr. Cafgrain, praying Legiflative aid to build a Toll Bridge over the River Uuclie.

ORDERED, That the faid Petition do lie on the Table.

The Honorable Mr. Duchesnay prefented two Petitions from the Adj tant General of Militia of Lower Canada, one praying for a Salary in consequence of an additional duty imposed on him by the Leg flature—and the other praying for an indemnity in confequence of fome loffes fulfained by him in the execution of his duty.

ORDERED, That the faid Petitions do lie on the Table.

The Honorable Mr Chief Justice Monk declared this Affembly continued to Monday next, at One o'clock in the Afternoon, the House fo decreeing.
