The School Fair

About a week before the School Fair we were drawing maps and writing for the fair. We were getting fruit and grain and roots ready for it. It was held on Wednesday, September the 22nd. It was on the Plains Road. There were three schools went to it.

On the morning of the fair we went up to school the same time as we went before. We waited up at the school till the cars came and took us. It was a nice day and we had some fun going down. The people who were out in the field working wondered what was going on. We soon got down there and they were playing games.

All the sports were after dinner the ball game and it was just before dinner. Waterdown boys won the game. Then they were ready for their dinner. After dinner we had races. The races were the two-legged race and the relay race. They all were good races.

After the races we had the program. We marched around the school and lined up in front of the school and sang our songs. It was a nice program, some girls and boys sang and gave recitations.

Then we went to the school and went down to the basement and looked at the exhibits. There were some nice exhibits there. I thought the school fair was better than the Waterdown fair.

Waterdown got more prizes than the other schools. The School fair is going to be held at Waterdown next year.

Our School Fair

The School Fair was held at the Plain's Road on Wednesday, September 22nd. I went down to Hilda's place and stayed all night. We went down in the buggy about 1 o'clock.

When we got there they were having races. Muriel Everett won a lot of prizes and so did Marguerite Fretwell. After that we went in the parade and sang "O Canada."

On the school steps some sang and recited. I recited but never won a prize. After the program was over we all went down into the basement. All the girls and boys work was there. Verta Springer made a nice apron and she got third prize. I thought the fair was very nice as I enjoyed myself very much and I hope everyone else did.

Richards-Galloway Wedding

An interesting wedding took place Thursday afternoon, October 14th, at 5.30 in the First Methodist church Hamilton, when Miss Evelyn Grace Galloway, daughter of Mr. and Mrs. Chas. E. Galloway of 108 George street, became the wife of Albert Edgar Richards, son of Mr. and Mrs. Chas. Richards of Waterdown, the Rev. Dr. Hughson officiating.

The bride, who was unattended, wore a travelling suit of navy Jersey cloth with seal and opossum furs. After a reception at the home of the home of the bride's parents, Mr. and Mrs. Richards left for New York.

Additional interest was afforded to the wedding by the fact of it being another romance of the great war. The happy couple met overseas while they were serving with the C. E. F. in France; the bride as a Nursing Sister with the C. A. M. C. and the groom with the Canadian Machine Gun Corps.

Trafalgar Week

Next week is Navy League week throughout the Dominion, and as is being done in other places a canvas will be made in the village for members of the League. The local officers are, F. J. Shaidle, Chairman; A. Davidson, Secretary, and C. P. McGregor, Treasurer.

The pensioning of widows and orphans of sailors of the mercantile marine who were killed on active service during the war, the continuous training of 2,000 Canadian boys, the helping of Sailors' Institutes throughout Canada, Canadian ships officered and manned by Canadians, are some of the very worthy objects incorporated in the campaign of the Navy League of Canada to raise \$760,000 during "Trafalgar Week" October 18th to 23rd.

No widow of a man who gave his life for his country should be allowed to go hungry. No child of such a hero should be allowed to go through life without proper education. The funds asked will do this, and should be willingly subscribed by every loyal Canadian.

**“O hear us when we cry to Thee
For those in peril on the sea!”**

Have you ever been at sea in a storm and seen the clouds lowering, the wind rising and the waves running mountains high, decks treacherous and the crew anxious? Unless you have, you cannot imagine its awful majesty, or the courage it calls up and the spirit it commands in men.

Many Canadians Have Never Seen the Sea—

Yet the sea is Canada's World-Trade highway. The sea and the Merchant Sailors make us prosperous. But the Merchant Seaman's life is hard and perilous. He wages continuous battle against the forces of nature. The real sailor is not the deck steward or attendant on comfortable ocean liners. His ship is no floating palace. His voyage no pleasure trip.

The Real Sailor's Ship is the Tramp Steamer—

or Windjammer, beating against gales—decks awash—sleep a stranger for days and nights on end. Frozen in winter, dodging icebergs in spring, groping through fogs off treacherous banks, beating round the Horn, fighting through typhoons, or becalmed in the Yellow Sea. Tough going all the way.

Death Always Hovers Over the Wheel—

Is it any wonder, then, that the Navy League wants to make life comfortable for our sailors when ashore? After all, Canada is their home; and the home, while they are here, of the sailors of other lands. The Navy League endows, maintains or assists in maintaining every Sailor's Home, Institute and Welfare Society in Canada. And every dollar subscribed for the maintenance of these Homes and Institutes will be money well invested, and redound to our national prosperity.

The Sea is Our Heritage and Our Strength—

In proportion as we develop this Sea-Conscious Spirit so shall we advance in world civilization and trade. We can only develop our Sea-Conscious Spirit, by making life more endurable to Canadian Sailors. And it is for this purpose that a portion of the Navy League's Fund is set aside. To carry on its work next year, the Navy League must have \$760,000. This money must be raised next week. It is not a large amount and borne in proportion from Coast to Coast it must surely be subscribed.

The Navy League of Canada

SAILORS' WEEK CAMPAIGN
October 18—23. Dominion Objective \$760,000.

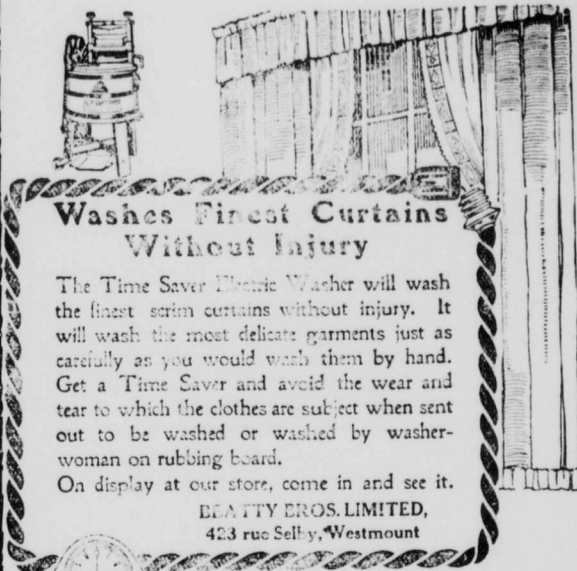

The work of the Navy League is—

to enlighten people upon the importance of the sea; so that Canadian products may be shipped through Canadian ports, in Canadian ships, officered and manned by trained Canadians.
to encourage and to undertake the training of Canadian lads to man Canada's Navy and Mercantile Marine.
to formulate a fundamentally sound policy for the training of our present sea-faring population, to

meet an emergency, so that Canadian overseas commerce will be adequately protected.
to support facilities for making the Sailor's life ashore endurable.
to provide for dependents of those who died to protect Canada, Nationality, Imperially and Commercially.
These objects can only be achieved through an organization representative of public responsibility and outside party politics.
