The military band will be in attendance. Rev. T. C. Mellor and our returned soldier heroes will be the guests of the evening. Admission 10 cents. sw

Farm Boot For Summer Wear

Here at last is the perfect combination of boot and moccasin, and of Cromme-tanned and Oil-tanned leathers.

The general shape is that of a moccasin — but the boot is built on a last, with a long, solid counter to hold up the heel. It has all the easy, foot-fitting comfort of a moccasin, and at the same time it will stand up and keep its shape with any boot. They outwear any other boots of their kind on the market, and give solid comfort and satisfaction every day.

Suitable for farmers, dairymen, mechanics and carpenters, in fact for anyone requiring foot comfort

Mr F. Huntington of the Advertiser staff spent Sunday at Berwick with his sister, Mrs. John E. Woodworth.

FOR SALE—Horse weighing about 900 lbs, kind, quiet and excellent driver. Also light wagon and harness. Apply "M," Office of this Paper.

Dickie-Borden The Union Church at Avonport, Kings County was the scene of a pretty and unusually interesting wedding at four o'clock yesterday afternoon, when Elaine Allison, daughter of Dr. B. C. Borden, President of Mount Allison University, Sackville, N.B. was united in marriage to Mr. Frank Dickie, of Shawinigan Falls, a son of Mr. and Mrs. Charles Dickie, of Middleton, N.S. formerly of Shediac, N.B.

The ceremony was performed by the bride's father, assisted by Rev. Mr. Ryan, Miss Gertrude Borden of Wolfville, a cousin of the bride, played the marches and Miss Vega Gronlund, of Sackville sang during the service.

The quaint little church had been decorated for the wedding by the bride's girl friends, with greens mingled with wildflowers of many hues.

The bride wore a traveling costume of green broadcloth with white hat. Her bouquet was of white roses. She was attended by her sister, Miss Gladys Borden, who wore a gown of pink crepe de chine with hat to correspond and carried a pink bouquet. The groom was unattended.

Following the ceremony a reception was held at "Crane-croft" the Summer home of Dr. Borden. Mr. and Mrs. Dickie left by motor for a trip through the Valley, later going to the Laurentain Mountains. They will make their home at Shawinigan Falls.

The guests included the groom's parents, Mr. and Mrs. Charles Dickie, of Middleton, and his sister, Miss Dickie, Lady Borden, of Canning, the bride's aunt, Mrs. C. H. Borden, of Wolfville, Miss Nettie Thomas of Kentville, Miss Vray, of Shediac, a cousin of the groom, Mrs. Smith, of Summerville, Mass., aunt of the bride with her daughter, Miss Miriam Smith, Miss Lila Borden, of Moncton, Mrs. John Bluck, of Bermuda, Miss Leah Borden, Canard, Miss Beatrice Fraser, of Halifax, Mrs. Bigelow and Miss L. Marsters, of Windsor.

Mr. and Mrs. Dickie will have the good wishes of a host of friends, both in this Province and in New Brunswick, Mr. Dickie is a graduate of Acadia University, and Columbia University. The bride is a graduate of Mount Allison.

STRENGTHENING PROHIBITION.

Stringent Amendments Introduced by Minister of Justice

The Amendments Will Assist The Provincial Government.

Hon. C. J. Doherty has introduced his promised bill to amend the "act in aid of provincial legislation prohibiting or restricting the sale or use of intoxicating liquors," which is generally known as the Doherty act. The minister of justice said that the amendments were designed to strengthen the hands of the provinces in the enforcement of their legislation by adding to the facilities for dealing with the importation of liquor from outside the provincial boundaries for use in contravention of the provincial law.

The first paragraph of the bill made the description more complete by adding the words "for beverage purposes" the word "liquor."

One section provides that the mails shall not be used for the circulation of liquor advertisements and literature in provinces where such advertisements are prohibited. Any person who sends or attempts to send from any province to persons living in prohibition provinces advertisements or documents regarding the sale of liquor for beverage purposes shall be guilty of an offence and liable on summary conviction to a penalty of not less than \$10 nor more than \$100, with the alternative of imprisonment for thirty days, or to both fine and imprisonment.

A further clause in the bill provides that prosecutions under the act may take place and convictions ensue in any place from which any intoxicating liquor is sent as well as in the province to which it is shipped for illegal use.

Another clause extends the powers of constables or peace officers to enter any premises where they believe liquor is illegally concealed. It extends the right of search to any government railway, steamship or other vehicle and authorizes the seizure of any intoxicating liquor and packages containing the same which the officer has reason to believe are being shipped in violation of the law.

A further clause provides that upon receipt by the secretary of state of a petition in accordance with the terms of the Canadian Temperance Act praying for the revocation of the Canada Temperance act, if the governor in council was of the opinion that the laws of the province in which such city or town was situated relating to the sale of intoxicating liquor were as restrictive as the Canada Temperance Act, the governor-in-council might without polling any votes, by proclamation in the Canada Gazette suspend the operation of the Canada Temperance Act in such locality, such suspension to commence ten day after such publication and to continue as long as the provincial laws continued so restrictive.

A final clause provides penalties for the sale of patent medicines containing undue proportion of alcohol, making the provision much more strict. It provides that "any penalty incurred under the provisions of sections 7 and 12 of the proprietary or patent medicines act shall be deemed to be in addition to and not in substitution for any penalty incurred under the law of any province, and the provision of said section 7 shall not be deemed to be in any provincial law."

Explaining this legislation Hon. Mr. Doherty said that it was intended to strengthen the hands of the provinces, especially against the advertising of liquor for beverage purposes

in prohibition provinces. If Ontario, for example made it an offence to carry advertisements regarding the sale of liquors the law would protect that legislation from being violated from outside sources, and would to that end prohibit the use of the post office for the sending of liquor and liquor advertisements into prohibition districts.

With regard to the provision as to patent medicines Hon. Mr. Doherty said that the effect would be that druggists selling such alleged medicines should not get off with a nominal fine, but would be subjected to the full \$200 penalty.

CAN YOUR HENS FOR WINTER USE

(Experimental Farms Notes)

"Canned chicken" may be made at home in your kitchen out of the old hens that ought to be killed anyway.

The method of operation is known as "Straight Pack" by the trade is very simple and is given in detail as follows by Dr. Robt. Banes, Chief of the Meat and Canned Foods Division Health of Animals Branch, Department of Agriculture, Ottawa.

Clean and cut up the chicken. Sort out the fleshy portions, such as the legs, thighs and breast.

Break off the protruding portions of the bones in each piece.

Pack these fleshy portions in a gem jar or other container, as closely as possible.

Add salt and pepper. (About a teaspoonful of salt and 1-8 teaspoonful of pepper.)

Fill to within 3-4 inch of overflowing with the liquid that comes from the balance of the chicken, process for preparing which is given below.

Place in boiler or other vessel containing warm water and gradually bring to a boil.

For pint jars boil 2 1-2 hours.

For quart jars boil 3 1-2 hours.

For the balance of the chicken.

Place in kettle and boil till the meat will strip free from the bones.

Strip off all meat and pack in jar.

Four thereon the balance of the liquid in the kettle that has not been used in the first jar.

If there is not enough liquid to fill the second jar, add water.

Place in boiler as above, and boil as follows:

For pint jars 1 3-4 hours.

For quarts 2 1-4 hours.

If desired, the whole of the chicken may be prepared the same as the last part.

In all cases take care not to expose the gem jars to a sudden change of temperature.

Also, after the jars have cooled off examine the tops to see that the covers are air-tight.

During the cooking of the product, place the glass tops on the sealers but do not fasten them. Any steam or gas which may be generated will escape.

As soon, however, as the process is finished, fasten the tops securely.

While describing the method of canning, something should be said about the poultry to be canned.

What is preferred are good, plump fowls, with fair proportion of chickens, the bones of the latter giving a firmer jelly and lessening the danger of a soupy or squasy product. As a precaution against this condition, where the pack is straight fowl, gelatine may be, and often is used.

So much has been said and written about the proper methods of starving, bleeding and plucking poultry for market that its useless to go over them again. One can only emphasize the necessity of exactness in carrying out the accepted principles in connection with these points, which are just as applicable to poultry to be canned as they are to those intended for the market.

There is another point which is important, although possibly its carrying out may detract from the appearance and affect the sale to an inexperienced

buyer, namely, that all poultry intended for food, canned or otherwise, after being properly starved, bled and plucked, should be left undrawn and kept in a suitable temperature for a day or two in order that the chemical changes which follow the killing of the bird may have an opportunity to take place.

INSURANCE MEN MEET

A pleasant meeting of insurance men, all representatives of the Excelsior Life, took place at the Myrtle House, one of Digby's popular summer hotels, last Thursday evening. Among those present were: W. F. Smith, Superintendent of Agen-

cies Toronto; Capt. S. M. Beardsley, of Wolfville, the popular Provincial manager, with offices in Halifax; S. L. Cross, of Kentville, representative for Kings County; C. B. Ameriault, representative for Yarmouth and Western parts of the Province. The Digby representative is Mr. Bernard Cossaboom. The Excelsior appears to be getting its share of the business and has certainly a popular staff in Nova Scotia as well as in Toronto and the other Provinces of the Dominion.

MAID WANTED for general house work. Apply to Mrs. H. G. Harris, Kentville

Minard's Linalment Lumberman's Friend

HAUGHTY BUT VAGUE.

(From the Philadelphia Bulletin)

Gen. John J. Pershing, at a farewell luncheon in Washington before his departure for France, said in a brief speech:

"When the Germans accuse us of violating international law we ask them in reply to explain the legality of their baby murders by Zeppelin and submarine. Well, the German answer to this is something haughty and vague. It is like Col. Carter, of Cartersville.

"Col. Carter, of Cartersville, sat on the veranda of his Cape May cottage with the sea spread before him and a mint julep on the table at his side.

"Yes, sah," he was saying, "its a powerful fertile country down round Carter there where the trees grow so close that you can't shove your hand between the trunks. And game! Why, sah, I've seen deer in them woods with an eight-foot spread of antlers. Yes, sah, an eight-foot spread."

"But, Col., asked a Philadelphian, 'how can the deer get such antlers between those trunks?'"

"Col. Carter drew himself. "That, sah, he said, is their busi ness."

WANTED—At once a boy to learn trade and do chores. Apply to Box 103, Kentville.

MAID WANTED—New Home; Light Work; Good Wages; No children. Capable girls only need apply. Address Box 264, Wolfville.

WANTED — At once 1 to 10 H.P. Steam Boiler. Address Advertiser Office.

WANTED AT ONCE—Two competent Kitchen Girls at Nova Scotia Sanatorium. Apply to the Superintendent, Kentville.

Closing Notice

We beg to advise the general public that our place of business will be closed every Wednesday afternoon during the summer months. We will be open every Saturday evening.

EDSON GRAHAM

MAKE a PAL of the "MASTER 17"

Have you ever ridden a motorcycle? Did you ever get out in the morning when the dew was still glistening in the fields and meadows along the road? Have you ever heard the song of the Harley-Davidson motor and felt the tingle of the morning air as you sat in the saddle and watched the ever-changing panorama of green and brown fill by? If not, then you have not sounded the keynote of outdoor sports. Let the

HARLEY-DAVIDSON

be your pal. Then you can get out under the open sky where the air is filled with the scent of forest, field and stream; with only the sounds of snapping twigs, whispering leaves and rushing streams to break the silence—that is motorcycling. That is what it will mean to you to own a Harley-Davidson, for more than 15 years the "Master Motorcycle" and this year better than ever. Greater power, more speed, beautiful military olive drab finish—and perfect in design.

ELDERLY WOMEN SAFEGUARDED

Tell Others How They Were Carried Safely Through Change of Life.

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound.

When I was 45 and had the Change of Life, a friend recommended it and it gave me such relief from my bad feelings that I took several bottles. I am now well and healthy and recommend your Compound to other ladies."

—Mrs. MARY KINGWAY, Durand, Wis. A Massachusetts Woman Writes: Blackstone, Mass.—"My troubles were from my age, and I felt awfully sick for three years. I had hot flashes often and frequently suffered from pains. I took Lydia E. Pinkham's Vegetable Compound and now am well."

—Mrs. FURBER COXNOXER, Box 239, Blackstone, Mass.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, fainting, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.

path of patriotism is. "If a combined government of conservatives and pro-conscription liberals can be formed soon there can hardly be any doubt that conscription will be accepted by the country as inevitable. If such a government cannot be formed compulsion will be law, but can hardly have much effect till after elections. The contest will be bitter and hard fought with the government in imminent risk of defeat but in risk of defeat by a combination which must split in the moment of victory on rock of conscription.

"This state of affairs means the delaying of conscription. It means snatching at the defeat of the conservatives; surely an unworthy score at such a moment. It means asking the electorate to vote on an issue they know to be a sham. We can hardly believe that English-speaking liberals in Canada will take these risks. The Winnipeg convention sent a message to General Currie pledging undivided support. We wonder whether they are going the right way to give it."

Lieut. P. M. Fielding who has for over two years been devoting himself to recruiting, has recently been commissioned a Lieut. in No. 2, "Forestry Depot" now mobilizing at Aldershot. The Depot will consist of six hundred men divided into three companies of two hundred each. When recruited the Foresters will go overseas for active service, a call having come for reinforcements among the lumber camps. The work of the Foresters will be practically the same as lumbering here, loggers, sawyers, scalers, etc., all being wanted in the preparation of timber required for the trenches and in other important branches of the service. It is a work which should appeal to many unfit for infantry service but which is equally important for the winning of the war. Lieut. Fielding has had many years of experience with lumber companies and in the handling of men and is deservedly popular with men generally. He is now recruiting for his Depot and hopes that his home county will furnish a goodly share. The pay of privates is the same as for the infantry and for expert lumbermen more than that of an ordinary infantryman.—Tribune.

THREATS ON LIFE OF SIR ROBERT BORDEN

Ottawa, Aug. 9.—Sir Robert Borden has had many letters and communications threatening death to him if the compulsory service to ensure victory bill goes into effect. These letters have mostly come to him from the province of Quebec. Some declare that he will be shot, others threatened that he will be lynched at first convenient opportunity, and one swash-buckling anti-conscriptionist notifies the prime minister that he is going to cut his head off. These letters have been reaching the premier ever since the political campaign against Victoria started in the Province of Quebec a month ago. Some come to the premier's office in the east block some to house of commons and some even to his residence on Wortemburg street. He doesn't pay any attention to them. He just throws the letters aside.

Have any special arrangements been taken to protect him? The premier has not done anything about it. He is not worrying over threatening letters. The Journal learns, however, that long ago Sir Percy Sherwood, head of the Dominion Police and of Dominion Secret Service, took special precautions to prevent any attack upon the life of the premier.

London Times' Appeal to English-Speaking Liberals of Canada

London, Aug. 10.—Under the heading "Canada at Crossways" The Times today, whilst hesitating to interfere in the Canadian dispute, says the question for pro-conscription Liberals is how to decide rightly what the

path of patriotism is. "If a combined government of conservatives and pro-conscription liberals can be formed soon there can hardly be any doubt that conscription will be accepted by the country as inevitable. If such a government cannot be formed compulsion will be law, but can hardly have much effect till after elections. The contest will be bitter and hard fought with the government in imminent risk of defeat but in risk of defeat by a combination which must split in the moment of victory on rock of conscription.

"This state of affairs means the delaying of conscription. It means snatching at the defeat of the conservatives; surely an unworthy score at such a moment. It means asking the electorate to vote on an issue they know to be a sham. We can hardly believe that English-speaking liberals in Canada will take these risks. The Winnipeg convention sent a message to General Currie pledging undivided support. We wonder whether they are going the right way to give it."

Lieut. P. M. Fielding who has for over two years been devoting himself to recruiting, has recently been commissioned a Lieut. in No. 2, "Forestry Depot" now mobilizing at Aldershot. The Depot will consist of six hundred men divided into three companies of two hundred each. When recruited the Foresters will go overseas for active service, a call having come for reinforcements among the lumber camps. The work of the Foresters will be practically the same as lumbering here, loggers, sawyers, scalers, etc., all being wanted in the preparation of timber required for the trenches and in other important branches of the service. It is a work which should appeal to many unfit for infantry service but which is equally important for the winning of the war. Lieut. Fielding has had many years of experience with lumber companies and in the handling of men and is deservedly popular with men generally. He is now recruiting for his Depot and hopes that his home county will furnish a goodly share. The pay of privates is the same as for the infantry and for expert lumbermen more than that of an ordinary infantryman.—Tribune.

PRESEBYE EGGS NOW.

(Experimental Farms Note) The indications are that eggs will be dear next winter, dearer than they were last winter so those who want eggs had better put some down now while they are comparatively cheap. Do not use oats, bran, salt or such mediums; moreover the patent preservatives usually advertised as being so simple and effective had better be adopted with caution. Bater use something that has been tried and found satisfactory.

According to Dr. Frank T. Shutt, Dominion Chemist lime water is one of the best preservatives and we quote the following from his Exhibition Circular No. 42.

The method of preparation is

simply to slake one pound good quick lime with a small quantity of water and then stir the milk of lime so formed into 5 gallons of water. After the mixture has been kept well stirred for a few hours it is allowed to settle. The supernatant liquid, which is now "saturated" limewater, is drawn off and poured over the eggs, previously placed in a crock or water-tight barrel.

As exposure to the air tends to precipitate the lime (as carbonate), and thus to weaken the solution, the vessel containing the eggs should be kept covered. The air may be excluded by the covering of sweet oil, or by sacking upon which a paste of lime is spread. If, after a time there is any noticeable precipitation of the lime, the lime water should be drawn or siphoned off and replaced with a further quantity newly prepared.

General Precautions Necessary To Take

It is essential that attention be paid to the following points: 1—That perfectly fresh eggs only be used.

2—That the eggs should throughout the whole period of preservation be completely immersed.

Although not necessary to the preservation of the eggs in a sound condition a temperature of 40°F. will no doubt materially assist toward retaining good flavor or rather in arresting that "stale" flavor so often characteristic of packed eggs.

Respecting the addition of salt it must be stated that our experiments—conducted now throughout fifteen seasons—do not show any benefit to be derived therefrom; indeed, salt frequently imparts a limey flavor to the egg, probably by inducing an interchange of the fluids within and without the egg. Our advice is, do not add any salt to the lime-water.

SMUGGLED RUBBER INTO GERMANY.

NEW YORK, Aug. 11.—Six members of a Belgian relief ship crew were arrested yesterday with three other men or charges of smuggling rubber and platinum into Germany by way of Holland and Belgium.

All nine of the prisoners are said to be Belgian citizens, and the police said, is the culmination of a year's search for the underground routes by which it is believed Germany has been able to get weekly an estimated \$25,000 to 30,000 worth of merchandise surreptitiously from Atlantic ports of this country. The value of the goods in Germany is said to be five-fold their cost here.

THE FRENCH AND BRITISH SUCCESSES

LONDON, Aug. 10.—The French forces on the left flank of the British lines in Belgium made further progress to the east and north of Bixchote last night, according to the official report made to the war office today by Field Marshal Sir Douglas Haig. British raiding parties blew up the German dugouts on a wide front east of Monchy-Le-Preux, on the Arras front, the report adds, and greatly damaged the Leutons defences.

Guaranteed To Satisfy
The "Sunshine" Furnace gives healthful, warm air heat—and plenty of it. When installed, according to plans furnished by our heating engineers, it is guaranteed to give absolute satisfaction. Write for free illustrated booklet.

TWO GERMAN RAIDERS WERE DESTROYED

London, Aug. 13.—Two of the German machines which yesterday evening raided the English southeast coast watering places destroyed by British naval airplanes. The official statement issued by the Government today says that one of these machines was a Gotha airplane and the other a seaplane.

"German airplanes and a captive balloon were brought down yesterday by our pilots. Three other enemy machines were forced to land, having been severely damaged."

The Official Statement.

The text of the statement issued by the British Admiralty says:

"One hostile airplane of the Gotha type was destroyed during the return of the raiders to the Belgian coast and one hostile seaplane was destroyed off the coast of Flanders at approximately the same time. A large number of naval machines engaged the other raiders over the sea without decisive result.

"The pilot who destroyed the Gotha and who was flying in a land machine, reports that he fired and pursued an enemy airplane flying at 12,000 feet from North Foreland to about fifteen miles off Zeebrugge, where he lost the hostile aircraft."

Dropped Into the Sea

"Returning to the mouth of the Thames, he observed anti-aircraft fire bursting in the vicinity of South end, and he flew in that direction, climbing. He then observed eight Gotha airplanes, followed by four British machines, steering north-east. The enemy machines were about 2,000 feet above him when he got beneath them. He pursued, climbing to 18,000 feet and attacked without result when about thirty miles out to seaward.

"At this moment he saw a single hostile machine 4,000 ft. below the enemy formation, but flying with it.

"He attacked from the front and drove to the water, where he observed him turn over and saw one of the occupants hanging on to the tail. He thereupon threw in his life-belt and did two or three circuits around him before returning to England. While returning he endeavored to communicate the position of the hostile machine to British destroyers."

Miss Nellie Dickie, 23 years old, employed as a cashier at the Woodward drug store, Tremont street, Boston, dropped dead shortly before midnight Saturday night at a cottage at Squantum, Mass. Miss Dickie had been spending the summer at Squantum in an effort to recuperate from an attack of valvular disease of the heart. Death was caused by chronic heart disease. The body has been sent to Brookfield, Colchester Co., N. E. for burial.

THE CORRECT WAY TO TREAT A COLD
A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.
Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.
CLARK'S KENTVILLE Tel. 51

THE INFLUENCE OF GERMAN GOLD

Germany has had agents in all countries intriguing to destroy the peace of the world by the expenditure of money. The latest efforts reported were in China, where the Huns were trying to restore the Manchurian dynasty, and with it the German influence. After spending a million and a half of dollars, they have gained nothing — in fact their influence has received a severe blow, and is dwindling. China has at last recognized the evil influence and has declared war on Germany. How much better it would have been had Germany let well alone and pursued an honorable instead of a treacherous course! German gold has been poured out by millions in the United States and Russia, and the next few months will see evidence of German money and German influence to assist any persons in Canada who will oppose the present Government in enforcing conscription throughout Canada.

Britain and Russia Must Stand Together

London, Aug. 11 — King George has sent the following telegram to Prime Minister Kerensky of Russia: "At the commencement of the fourth year of the great conflict which still rages, and at the moment when you are re-established in the leadership of the free Russian people, I desire to assure you and them that the British people will never relax their efforts against our common enemies.

"In combined force, resolutely exerted by the Allies, will be found the security of an honorable peace and true liberty to the world. I recognize all that Russia is now called to bear, but I have faith in her powers to face and overcome her formidable difficulties in this hour of trial.

THE HORSE RACES

"You can take my word for it, this is going to be the biggest and best meet we have ever had at the Halifax Exhibition track," said a prominent horseman.

"On what do you base your remarks?" he was asked.

"First, on the fact that what we have all been pulling for the last long while has been accomplished—we have a real big racing circuit. With Moncton, Fredericton, St. John and Chatham combined with Halifax into a racing circuit, you will see horsemen carrying greater strings than ever, and you will see a lot of owners enter horses, who did not bother before. I tell you, it makes us all feel mighty good that we shall have a chance to go from track to track without any long jumps or long breaks.

"In the second place, I am sure this is going to be the biggest week we have ever had in Halifax, because the Commission has made arrangements for more races than ever before.

"And in the third place, I believe that you will see greater crowds at the September 12th to 20th Show this year than ever before. I was recently on a trip through a considerable portion of the Province, and I heard people planning on taking in the Exhibition.

"Every horseman I know is tuning up his string in the expectation of the greatest Fall racing ever seen in these parts."

Another seat has been won in the Imperial Parliament by a Sinn-Felner, with a majority of 380.

Mr. Walter S. Alcorn, of Winthrop, Mass., with Mrs. Alcorn, formerly Miss Belle Forrest, and their two children, visited friends and relatives in Berwick last week. Mr. Alcorn, who has just returned from a business trip to Australia, has our thanks for a parcel of foreign newspapers—Australian, Eijian, etc., which are very interesting.—Register.

Falling Off in British Tonnage Sank Last Week

London, August 15—A falling off in British tonnage sunk last week by mines or submarines is indicated in the weekly admiralty statement, made public tonight. Fourteen vessels of 1,600 tons and over were sent to the bottom, as against twenty-one the previous week. Two vessels of less than 1,600 tons were sunk last week, the same number reported the previous week. Three fishing boats met with disaster last week.

After passing the Daylight Saving law Australia has recently repealed it.

ORDINATION OF REV. McAVOY

From Maritime Baptist... The Permanent Ordaining Council met at Wolfville on July 26th at two o'clock, to examine Brother F. McAvoy for ordination. It being the first meeting of the Council, Dr. Chute was elected Moderator, and the writer, Secretary. In a very clear, concise, and eminently satisfactory manner Brother McAvoy related his Christian experience, call to the ministry and doctrinal views. After questioned by the most of the ministers present, it was unanimously resolved that the church at New Minas, of which he is pastor, be recommended to proceed with his ordination. The Home Mission Board had sanctioned the application made by the church.

On Monday evening, Aug. 6th, the ordination took place at New Minas. Dr. Chute presided. Rev. A. W. West preached the ordination sermon, text—Rev. 1: 16; Rev. A. J. Prosser offered the ordination prayer; Dr. G. O. Gates gave the charge to the candidate, and Dr. J. W. Manning gave the charge to the church. The choir rendered appropriate music. The meeting was well attended and of an interesting character throughout. Rev. Mr. McAvoy is a young man of exceptional gifts, and with his excellent wife should be an acquisition of much value to the ranks. A. J. Prosser, Clerk.

PREPARED FOR 15,000 SICK AND WOUNDED

OTTAWA, Aug. 11—If the present average increase in the number of patients on the rolls of the military hospitals commission is maintained there will be 10,000 returned soldiers in Canadian military convalescent hospitals by the end of the year. On July 31, the number of patients in the care of the commission was 8,491. Accommodation is at the present time a-breast of the returning stream and when hospitals now under construction are completed there will be 15,000 beds available. There are 18,000 Canadians being cared for in hospitals and sanitariums in the United Kingdom.

MRS. A. C. MORE

Manager

Miss Agnes Churchill who
 has been visiting at Kentville
 has returned to her home in
 Yarmouth.
 Mr. Sam Chute of Berwick
 and Mr. Manning K. Ells of
 Port Williams who attended the
 conference of fruit shippers
 with the government at Ottawa,
 spent quite a while in New York
 State looking over the fruit con-
 ditions there before returning
 home. They returned home via
 Boston and Yarmouth on Tues-
 day.

The many friends of Conduc-
 tor A. Herbert, who was so seri-
 ously injured at the South
 Ohio station, Yarmouth, by the
 roof of a box car blowing off
 and crushing him beneath it,
 will be pleased to hear that his
 condition is progressing very
 favorably. The bruises and cuts
 about his head proved to be
 only slight and are now practi-
 cally healed. The fractured
 wrists however, although do-
 ing nicely, will lay him by for
 several weeks to come.

 to have your pre-
 scriptions com-
 pounded. We just
 know how to do it.

Geo. C. McDougall
 "The Rexall
 Druggist"

The Yarmouth Herald says:
 Miss Annie M. Johnson, of
 Plymouth, left on Saturday
 morning last for Kentville
 where she has accepted a posi-
 tion at that place.

Mr. Clarence Messinger who
 has been making his sister, Mrs
 Manning Ells, a brief visit, re-
 turned to his home in Vanouv-
 er last week.

NEWSY ITEMS FROM HANTS JOURNAL

Dr. J. B. Black returned on
 Saturday from a week's vaca-
 tion spent at Washedemoah
 Lake, N. B. He was accompa-
 nied home by his grandson,
 Master Jack Davies, Marlbor-
 ough, N. Y., who had been
 visiting Mrs. Horace Longley
 at Westfield.

Mrs. Harold E. Biglow and
 Miss Leora Marsters will go to
 Avonport on Wednesday to be
 present at the marriage of their
 friend, Miss Elaine Borden,
 daughter of Dr. B. C., and Mrs
 Borden, of Sackville and Mr.
 Frank Dickie, Quebec. The
 marriage will take place in the
 old church at Avonport, with
 which the Borden family have
 for many years been so closely
 associated.

Lt. J. W. Hughes, who pre-
 vious to going overseas with
 with the 112th Batt., was in
 charge of the Methodist Church
 at Walton, Hants Co., has re-
 turned to Nova Scotia having
 done his bit in Fance. Lt.
 Hughes fought at Ypres and
 was in the Somme offensive.
 He was wounded in the battle
 of Courcellette last November
 and a short time ago was in-
 valided home. At present Lt.
 Hughes is in Halifax, a patient
 at the Military Hospital.

On Woodward Avenue
 Detroit, were shocked the other
 evening when they witnessed
 a man leap from the eleventh
 story of a building at the corner
 of Congress St. The man who
 was a foreigner, first threw his
 cap from the window then po-
 sed himself and, as th crowds
 looked upward he leaped out
 into space. His body struck a
 wooden shed above the sidewalk
 and, crashing through this, hit
 a stone flagging. Death was
 instantaneous.

 atorium, is visiting in town, as
 the guest of Mr. and Mrs. C.
 W. Cahill.

A Summer Beard on a Sunburned Face

is one of the toughest jobs a razor is ever asked to handle. It's a job that needs a

Gillette Safety Razor

YOUR beard grows its fastest in the summer. Your face is more sensitive. The sun burns your skin; the wind cracks it. Perspiration and dust settle around the roots of the beard.

Then it is that the Gillette is most appreciated. Guarded—adjustable—matchless in its keenness—it shaves smooth, as close as you like, and cool. No pulling or irritation—nothing but grateful comfort, especially for the man whose skin is over-tender or whose beard is over-tough.

If you are sticking close to the job this summer, a Gillette shave every morning will make it easier. If you're taking a vacation trip, a Gillette in your grip will be a friend indeed.

Standard Sets, "Dullcote" and "Aristocrat" may be had at any hardware, drug or jewelry store for \$2.00. Pocket Editions at \$5 to \$6—Combination Sets at \$6.50 up.

Gillette Safety Razor Co. of Canada, Limited,
Office and Factory: Gillette Bldg., Montreal.

SUCCESSFUL RAIDS BY THE BRITISH TROOPS

London, Aug. 10—The official communication issued by British headquarters last night reads: "Artillery activity on both sides continued in the neighborhood of Ypres. There was no infantry action."

"Successful raids took place early in the morning in the neighborhood of Lens. We secured a few prisoners and killed many Germans. Our troops entered the enemy positions at all points attacked and after destroying the dugouts and wrecking his defences, returned with slight casualties."

"Hostile artillery has been more active than usual in the Neuport sector. Air work continued yesterday, although bad weather interfered. In air fighting two German airplanes were brought down and another driven down out of control. None of ours missing."

The German Official Report
Berlin, Aug. 9, via London, August 10—The text of the German official statement issued today reads:

"Army of Crown Prince Rupprecht: Unfavorable sighting conditions hindered the development of lively firing activity until the afternoon. It was only during the evening that the artillery duel in Flanders again increased. It remained violent during the night and in some sectors attained the greatest intensity especially on the coast and from Bixchoote to Pollebeke. The infantry did not attack."

"Army of Field Marshal Von Mackensen: The situation is developing favorably. The Russians and Rumanians in execution of mass attacks sent forward forces into fire with the object of wresting from our troops large territorial gains won by them yesterday north of Fokshani. All attacks were repulsed. The enemy suffered heavy sanguinary losses. The numbers of prisoners increased to fifty officers, 3,300 men and the booty to 17 guns and more than 50 machine guns and mine throwers."

HALLS HARBOR

Mr. and Mrs. Kenneth Hibbert, and two children of Port Williams are stopping at the hotel with Mrs. Crowell.

Mr. A. B. Rand has been here several times visiting his family here.

Mrs. McCormick of Kentville is a guest at the hotel.

Miss Mary Sheffield of Canard has been enjoying a vacation here.

Miss Ellen Rand returned to Port Williams the latter part of the week.

Mr. Clarence Lovelace of Boston is spending part of his vacation here before going to Scott's Bay. He is a talented musician and all are delighted who hear him.

Mr. John Kinsman of Sheffield Mills has been visiting at the shore during the past week.

Miss Helena Downey has returned to Margaretville having enjoyed a camping trip at Halls Harbor.

Conductor A. Herbert of the D. A. Ry. freight train, Digby to Yarmouth was seriously injured at Ohio station on Friday. The train stopped at the station during the heavy gale and Conductor Herbert was standing on the station platform when the roof of a box car blew off and landed on him crushing him down. Both wrists were broken and he was badly bruised about the head and shoulders. He was taken to Yarmouth and placed in the hospital there. A portion of the roof of the passenger car also blew off.

Phosphatic Wealth in Pacific

Ocean and Pleasant Islands, situated in the equatorial regions off the northeast coast of Australia, contains masses of phosphatic rock. The former island is 6 miles in circuit and the centre of the island is 265 feet high. Pleasant Island, or as it was named by the Germans Nauru, is still larger, being 12 miles in circumference, but is only 100 feet high. The island of Nauru in the early days of the war was captured by H. M. A. S. Melbourne, and it was then found that the island was defended by a very strong fort and modern guns. The outfit included an almost completed long distance wireless station. The island of Nauru is now being administered by the British High Commissioner in the Pacific, and on account of its extraordinary value and close proximity, it is an object of intense interest on the part of Australians.

A valuation of the deposit was recently made and the value of it, on a very conservative basis, is stated to be at least \$150,000,000. So far the surface has merely been scratched and the immense importance of these phosphatic deposits in regard to the future production of wheat is obvious.

Shipment is hampered very considerably on account of the difficulty of loading. At Ocean Island it is necessary to ship by means of surf boats. At Nauru there is a short cantilever wharf from the shore but this cannot be used in rough weather.

HE WAS HANGED

Frank Little, of Butte, Montana referred to the United States soldiers as "Uncle Sam's scabs in uniform." An enraged crowd of men took him from his boarding house and hanged him. Here is a lesson for some of the outlaws in Quebec who call themselves Laurier's men.

Minard's Liniment Co., Limited. Gentlemen, I have used MINARD'S LINIMENT on my vessel and in my family for years and for the every-day ills and accidents of life I consider it has no equal. I would not start on a voyage without it if it cost a dollar a bottle.

CAPT. F. R. DESJARDIN, Serje. St. Andre, Kamouraska.

Rome Has A Sensation

Rome, Aug. 9—The sensation of the day here is the discovery of a secret subterranean passage from the Villa of the Rosas, the residence of Prince Von Beulow the former German ambassador, to the Hotel Eden, the former proprietor of which was a German. It is believed the passage was used to facilitate secret meetings between the diplomat and persons in various walks of life, as well as to ensure secrecy to the Ambassador's guests when the occasion required. An investigation which promises interesting disclosures is under way.

Berwick Register—Dr. Addison P. Beardsley of Roxbury, Mass., with his son, Master Frederic spent last week in Berwick, the guest of his stepmother, Mrs. S. W. Bligh. They left on Monday for Middleton, where they visit Mrs. C. E. Reigh, Dr. Beardsley's sister, before returning to Roxbury. Dr. Beardsley, as our readers know is a member of the Massachusetts Legislature. Twenty-six years ago, when a boy in his teens, he was very useful in the office of The Register. He has been doing useful work ever since.

RESULT OF ANTI CONSCRIPTION AGITATION IN QUEBEC

Residence of the Proprietor of the Montreal Star dynamited and is feared this is but the first of a series of outrages to terrorise the community. Threats made on the life of Sir Robert Borden and other members of the Government if conscription law goes into effect.

Montreal, Aug. 9—Considerable of a sensation was created through the city this morning when it became known that an attempt was made last night to blow up the summer residence of Lord Atholstan at Cartierville. Twenty-two windows in the house were shattered by the explosion, the walls were damaged and havoc wrought in the interior of the home. Lord Atholstan, his wife and daughter were in the house at the time but all escaped with a shaking

up and a scare. The explosion occurred about four o'clock in the morning and could be heard and felt for several miles, many people imagining that an earthquake had shaken the district. Dynamite used is believed to be some of the lot stolen a few days ago from a quarry on the outskirts of the city by a gang of masked men who are still at large.

It is generally feared that this is merely the first of a series of outrages that will be adopted by anti-conscriptionists to terrorize the community.

Americans Cannot Fill Orders for Aeroplanes

Washington, Aug. 13—Neutral countries have been pouring in orders for American aeroplanes at such a rate that in order to conserve the supply for itself and Allies (the Government has been obliged to prohibit the export of aircraft except by license.

CHARLES FAWCETT LIMITED
SACKVILLE, N.B., CANADA

Carload of Cattle Brought Nearly \$8000
Amherst News—Charles T. Logan, Amherst Point, shipped today a very fine carload of cattle, to Robert McLeod & Co., of Halifax. These cattle were fed by him through the winter and sold at a good figure, after being on the grass for two months. Mr. Logan when asked about prices said that he sold the lot at \$115.00 per head. Some price. We question whether there has been a carload ever shipped from the County that would total as much money.

WHEN USING WILSON'S FLY PADS

READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY

RHEUMATISM WAS MOST SEVERE

Dreadful Pains All The Time Until He Took "FRUIT-A-TIVES".

MR. LAMPSON
Varona, Ont., Nov. 11th, 1915.

"I suffered for a number of years with Rheumatism and severe Pains in Side and Back, from strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-tives' to me and, after using the first box I felt so much better that I continued to take them, and now I am enjoying the best of health, thanks to your remedy."

W. M. LAMPSON.

If you—who are reading this—have any Kidney or Bladder Trouble, or suffer with Rheumatism or Pain in The Back or Stomach Trouble—give "Fruit-a-tives" a fair trial. This wonderful fruit medicine will do you a world of good, as it cures when everything else fails. 50c. a box, 6 for \$2.00, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Search for Wireless Stations

Washington, Aug. 13—Renewed reports of hidden German wireless stations or supply bases on the Mexican Gulf coast may lead to a search of these waters by American warships. Reports to the State Department and Navy Department contain no confirmation of the report of discovered wireless stations on Lobos Island and the coast of Campeche, but it was indicated that a careful scrutiny of southern waters might be made for traces of German raiders and supply craft.

Unknown Man Killed

Amherst Press—An unknown man was instantly killed when struck by a freight train near Athol Station the other night. The engine driver states that when the train was a few miles outside of Athol Station he suddenly noticed a man step from the side of the road, fairly in front of the onrushing train and in a half stooping posture calmly await his doom. Breaks were applied in vain for when the long train was finally brought to a stop the man was dead.

FRENCH REGAIN LOST POSITIONS

All the Ground the Germans Captured Last Week Has Been Re-conquered

PARIS, Aug. 12—French troops last night resumed their counter-attacks against the positions which the Germans had captured on the night of Aug. 9-10 north of St. Quentin. The French official statement, issued this afternoon, said the Germans previous loss was re-conquered in its entirety.

South of Allies in the Alsne region two strong German attacks on the trenches captured earlier by the French were repulsed with heavy casualties. There were no infantry actions on the French front in Belgium. "In Belgium there were artillery duels north of Bixchoote. There were no infantry actions." "East of Fayet, (north of St. Quentin) our troops reconquered all the trench elements which the Germans had occupied on the night of August 9-10. We took twenty prisoners in the course of this action."

Penetrated Enemy Lines

"In the sector of Noisy Farm and Laffaux mill our scouting parties penetrated the enemy lines at a number of places and returned with prisoners." "South of Allies the Germans resumed their attack on trenches which we had previously conquered. The attacks, one of which was very violent, was repulsed with serious losses to the enemy. Our troops maintained all their positions, and in the course of the night realized further progress."

"In the Champagne end on both banks of the artillery bombardment was quite heavy. West of Avocourt (Verdun region) we checked an enemy surprise attack."

A cable from London, Monday, announced the death of Sir Richard McBride. Death was due to Bright's Disease from which the former premier had been suffering for years. Sir Richard McBride was born in New Westminster, B. C., in 1870. He was educated in the public schools of British Columbia, and took his law course at Dalhousie University, Halifax. Elected to the legislature in 1898 he became premier of British Columbia in 1903, at the age of 33. He retired from politics a couple of years ago, and became agent general for his province in London. He is survived by his wife and five children.

Miss Deborah Crowell, B. A., Yarmouth has been engaged for a third year as vice-principal of Annapolis Academy.

BUTTER AND CHEESE

Ottawa, Aug. 9th, 1917—In a press bulletin issued today the Census Statistics Office reports on the total production of butter and cheese in the creameries and cheese factories of Canada for the year 1916, the report being based upon returns collected from the dairying branches of the Provincial Departments of Agriculture. The figures for 1915 represent approximate estimates as the returns for that year are not quite complete. The total number of Creameries and Cheese Factories operating in 1916 is reported as 3,446, including 993 creameries, 1,813 cheese factories, 624 combined factories (cheese and butter) and 16 condensed milk factories. The total number of patrons contributing to creameries and cheese factories during the year 1916 was 221,192, the deliveries of milk amounting to 2,600,342,987 lbs. and cream to 157,620,636 lbs. The two chief dairying provinces of the Dominion are Ontario and Quebec. Both manufacture cheese and butter; in Ontario more cheese is made than butter; in Quebec more butter is made than cheese. In Ontario the total number of establishments operating in 1916 was 1,165 and the patrons numbered 87,325, whilst in Quebec the establishments numbered 1,984 and the patrons 79,145; so that the average number of patrons per establishment was 75 in Ontario and 40 in Quebec.

Production and Value of Creamery Butter

The total production of creamery butter in Canada in 1916 is returned as 82,564,130 lbs. of the value of \$26,966,357, as compared with 83,824,176 lb of the value of \$24,368,636 in 1915. Comparing the relative production of the provinces the production in 1916 is highest in Quebec with 34,323,275 lb of the value of \$8,031,888 in Ontario. These two provinces together produce about 70 per cent of the total creamery butter of Canada. Of the other provinces the production and value of creamery butter in 1916 were in relative order as follows: Alberta 8,521,784 lb., value \$2,619,248; Manitoba 6,574,610 lb., value \$2,038,109; Saskatchewan 4,310,669, value \$1,338,180; Nova Scotia 1,586,679 lb value \$505,000; British Columbia 1,243,292, value \$497,316; New Brunswick 709,932 lb, value \$236,194; and Prince Edward Island 613,880 lb., value \$184,164. The average price per lb. of creamery butter for all Canada works out to 33 cents in 1916 as compared with 30 cents in 1915. By provinces in 1916 the highest price was in British Columbia 42 cents and the lowest in Prince Edward Island 30 cents. In the other provinces the price per lb. for 1916 was as follows: Nova Scotia 32 cents; New Brunswick 33 cents; Quebec 34 cents; Ontario 33 c.; the prairie provinces 31 cents.

Production and Value of Factory Cheese

The total production of factory cheese in 1916 was 192,968,597 lb of the value of \$35,512,530, as compared with 183,876,898 lb of the value of \$27,587,775 in 1915. By provinces the lead in production is taken by Ontario with a total quantity in 1916 of 126,015,870 lb of the value of \$23,312,935. Quebec being second with 61,906,750 lb. of the value of \$11,245,104. These two provinces together account for 98 p. c. of the total production of factory cheese in the other provinces in 1916 were as follows: Prince Edward Island 2,121,736 lb., value 409,495; New Brunswick 1,185,664 lb, value \$210,892; Manitoba 880,728 lb, value \$158,931; Alberta 745,122 lb, value \$154,454; Nova Scotia 94,727, value \$16,959 and British Columbia 18,000 lb, value \$3,960. The average price per lb. of factory cheese for all Canada works out to 21 cents in 1916 as compared with 17 cents in 1915. In 1916 the

average price is highest in British Columbia, 25 cents. In Quebec and Ontario the average price is 18 cents and in Alberta it is 21 cents.

Ambassador Gerard Says That the British Empire's Part in the War Has Saved Canada and America From Conquest By the Huns

In the first speech on the Compulsory Military Service Bill for Victory, Sir Wilfrid Laurier said he did not believe and never had believed that Canada was in danger from invasion. Mr. Gerard, former United States ambassador to Germany, who had a better opportunity than any man for learning the real German mind and ambition, tells a different story. In the fascination article from his pen now appearing in the Halifax Herald and The Evening Mail, Mr. Gerard says:

"It was the entry of England into the war, in defense of the rights of small nations, in defense of the guaranteed neutrality of Belgium, which saved the world from the harsh domination of conquest-hungry Prussians, and, therefore, saved as well the two Americas and their protecting doctrine of President Monroe."

From the intimate knowledge Mr. Gerard affirms that England saved the two continents of the western hemisphere from dominion of Prussian militarism. The Monroe doctrine was not sufficient to protect the United States yet there have been people in Canada blind enough to think we had no cause for anxiety here, because the United States would not let any European power encroach on this continent. The words of the former ambassador regarding the part taken by Britain will help to still more strongly cement the union between the Anglo-Saxon peoples of the world.

Rev. A. J. Vincent Is Going to Sackville

Sackville Tribune—Rev. A. J. Vincent, pastor of the Immanuel Church, Truro, has accepted a call to the Sackville Main Street Baptist Church and will take up his work here about October first. Mr. Vincent occupied the pulpit here a few days ago, and he made such a favorable impression that the church immediately decided to extend a call to him. The call was accordingly made with the result mentioned. Mr. Vincent comes very highly recommended and will no doubt prove a worthy successor of Rev. H. W. Cann, the late pastor of the Main Street Church.

MAIN ACTIVITY LENS IS THE CENTRE

The Canadian Lines Are Gradually Tightening About... the French Mining City

British Front in France And Belgium, Aug. 13—Lens is the centre of the main activity on the British front last night. The Germans continued to exhibit signs of apprehension in a heavy bombardment of the back approaches near Vimy, and to the west and northwest of the city.

The Canadian lines have been gradually tightening about this important French mining centre and the Canadians now hold strong positions in the Western environment. This apparently has been disturbing to the Germans, who have placed a high value on the retention of Lens because of its enviable position in the Pas-de-Calais coal fields. Yesterday was another big day for the British air service. A large number of battles were fought over this front, with the honors decidedly in favor of the British. At least six enemy planes were destroyed and nine other machines were brought down out of control.

In the course of last week's air fighting one brilliant young Britisher fighting one E.T.A.O.I.N. Britisher accounted for his fortieth machine.

ELECTION EARLY IN NOVEMBER

MONTREAL, Q., Aug. 13—An Ottawa despatch to the Star says:—

"There will be a Federal election this Fall, in the early part of November from present indications, the result will not be known on election night as usual and perhaps not for a week or so. This is surmised from the fact that the new bill relating to soldiers' votes changes the seas. To the vote at home must be added the overseas vote and as time will be required to receive these returns the general results, unless it be a perfect arrangement for voting over-land-slide for conscription, will not be known for some time. Under the old bill provision was made for taking the vote some time previous to the polling at home, for sending over the ballots to the different constituencies and for counting them after 5 o'clock on the day of election."

"Under the new arrangement it is understood that voting, whenever it may begin, will not conclude at the front."

The counting will be done overseas and cabled, though the official returns will come afterwards by mail. Every precaution will be taken against manipulation and when the bill comes down it will be found that any such work, if attempted, would be guarded against. As in the old bill, both parties will be represented in any process having to do with registering the vote, handing the ballots and counting them.

On Tuesday night, the schooner, "Scotia Queen," sailing from Parrsboro to New York a load of lumber, parted her chain and went ashore about a mile below Fort George. She was pulled off the rocks and assisted to the pier by S. S. Ruby.

ANSCO CAMERAS & SPEEDEX FILM

WATCH-LIKE in its accuracy and unusually attractive in appearance, the Anso Vest-Pocket Camera makes a distinctive gift.

- It is so small and light you can carry it with you always, as you do your watch. It gets into action quickly and takes pictures that make fine enlargements.

Come in and let us tell you about the exclusive features of Anso Cameras which make picture taking so easy and so certain. Prices range from \$2 to \$55.

OBITUARY

In the early evening of Wed-
nesday, July 27th the gentle
spirit of Mrs. Samuel Borden
of Kingsport passed away to the
Great Beyond. Interment took
place on Friday, 29th, at the
Old Cemetery, Habitant Street,
when a large number of the de-
ceased's friends gathered and
paid their last tribute of re-
spect to her memory. The ser-
vices were conducted by Rev.
H. G. Wright, assisted by Rev.
B. C. Wall.

Mrs. Borden had reached al-
most four score years, during
the last seventeen of which she
had been an invalid and for
many years a great sufferer.
She was seldom free from pain
and yet by her cheerfulness and
the sunshine of her personality
she radiated joy and happiness
into many lives. During her
long illness she had many visi-
tors and their testimony is
that they received more cheer
from her than they could possi-
bly bring to her. Mrs. Borden,
although always in need of re-
lief from her own agony, never
ceased wishing that she could
do something to relieve the pain
of others. She thought of her-
self last and in all her long ill-
nesses one of her greatest regrets
was that she could do so little for
needy ones. The joy and hope
and strength of her life had its
foundation in her faith in Jesus
Christ. Her great desire was to
glorify God and this she did so
consistently that, a friend in ex-
tending sympathy to the bereaved
relatives wrote "that to be
in her presence was a benediction."
Never has a weary soul
needed its rest and peace more
than Mrs. Borden and we leave
her in His gracious sleeping un-
til the morning breaks and with
the light of the eternal day
there will come the solution of
all mysteries. With our friend
it is well.

In addition to her partner of
nearly sixty years, Mrs. Borden
leaves one son and two daugh-
ters and a host of friends who
will never forget her kindly na-
ture.

WEDDING BELLS
Healy-Kidston

At St. James Church, Corn-
wallis, August 8th the marriage
was solemnized of Miss Lulu
Marguerite Kidston, youngest
daughter of Mr. and Mrs. Step-
hen W. Kidston of Port Will-
iams, to Mr. Joseph Thearon
Healy, youngest son of the late
Joseph Healy and Mrs. Healy
of Church Street, Cornwallis.
The Rev. Samuel Woodrooffe
officiated. The bride who was
given away by her father wore
a gown of ivory silk crepe-de-
chine with pearl and lace trim-
mings and a veil of tulle with
very old limerick lace in cap ef-
fect caught with orange blos-
soms, she carried a shower bo-
quet of white roses and carnations
her only ornament being a
gold bracelet set with dia-
monds, a gift from the groom.
She was attended by her sister,
Miss Helen Kidston who was
gowned in pale yellow Geor-
gette crepe over white silk trim-
med with black marabou and
a black hat, carrying a bouquet
of white roses.

Mr. A. Vere Kidston, brother
of the bride assisted the
groom.

Mrs. J. R. Starr presided at
the organ. Miss Muriel Starr
sang, "Oh Perfect Love" in a
very pleasing manner.

Messrs. Charles Cox and Dur-
ell Sutton acted as ushers. The
church was beautifully decorated
for the occasion by young
friends of the bride. As the
bridal party came from the vestry
down the centre aisle the
young girls of the Sunday
School, standing on either side
showered them with flowers.
After the ceremony refresh-
ments were served at the home
of the bride's parents to relatives
and friends. Mid showers of
confetti Mr. and Mrs. Healy
left for Annapolis Valley to
spend a few days. Going away
the bride wore a suit of grey
cloth and hat of taupe satin.
The bride was the recipient of
many beautiful and costly gifts
including cut glass, silver, china
linen and checks.
