

# The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 17.

WOLFVILLE, NOVA SCOTIA, FRIDAY, FEBRUARY 11, 1921.

\$2.00, payable in advance

## Loss of Valued Citizen

In Death of Prof. J. F. Tufts, D. C. L.

Wolfville mourns the loss of one of her best-known and most highly esteemed citizens in the passing of Professor John Freeman Tufts, D. C. L., which occurred at 3.30 o'clock Monday afternoon at his home on Westwood Avenue after an illness of some weeks. The deceased has been such a familiar figure in Wolfville during the life of the present generation that it is hard to realize that he is gone.

For over forty-five years he has been a citizen of this town and a builder of Acadia, first as Principal of Horton Academy, and later as Professor of Economics and History. Born in New Albany in 1843, he obtained his education at Acadia and Harvard. At Harvard, where he spent five years, he secured by written examinations the advanced standing for admission which Acadia graduates have ever since received without examination. As a teacher he excelled, being a man of wide scholarship, enthusiastic in his work, keenly alive to the value of passing events, and with unusual gifts for imparting his knowledge. His death so closely coincident with the burning of College Hall, the last link of former days, will be sharply felt by the hundreds of graduates scattered throughout the country. For Dr. Tufts was much beloved by former students, following as he did, the career of each with close interest and ever ready to extend his personal friendship as well as the hospitality of his beautiful home to all returning graduates.

He also vastly helped the University by his skill in financial matters. By his influence he was the means of adding large amounts to the endowment, including, among others, the generous gift of the late Mark Curry, of Windsor. He was a firm believer in the future of his country, and was always ready to assist any enterprise, the success of which depended upon the development of Canada. He was a charter member of the Great West Life, the Continental Life, Canadian Fire, and Halifax Fire, and many other companies that later demonstrated a sound financial standing. Since boyhood he has been a consistent member and active worker in the Baptist Church.

A strong character, possessing tremendous will-power and untiring energy, a keen, alert intelligence, a friendly responsive nature, a lover of peace and harmony, and an abiding loyalty for things Canadian—his place will be hard to fill. His wife, Marie Woodworth, predeceased him by twenty years. He is survived by his sons, Dr. Harold Tufts, of Jamaica Plains, Mass.; Robie W. of Wolfville; his daughters, Mrs. Enid Guest, of Riverport; Hilda A. Tufts, of Cambridge, Mass., and by his niece, Miss Andrews, for many years chaperone of his household.

The funeral took place on Wednesday afternoon at 4 o'clock. The service was held in the Baptist Church where the faculty and students of Acadia University with a large number of citizens of Wolfville and friends from distant parts assembled to pay their last token of respect to the departed. Freed from the pain he so long had borne with Christian fortitude, the deceased looked peaceful in death, wearing the regalia of his College so familiar to all, the Academy gown and College cap. Among the numerous floral tributes resting on his casket were beautiful wreaths from the faculty and the classes of '21 and '22 respectively. The pall bearers were his former associates on the faculty, Prof. Haley, Dr. Spidell, Dr. DeWolfe, Dr. Wheelock, Prof. Perry and Prof. Balcom.

Mr. Cameron, organist of the Church, rendered appropriate music during the assembling. The service began with the beautiful hymn "O God our Help in Ages Past." Dr. Chute gave the Scripture reading and Dr. MacDonald led in prayer. The College quartette, without accompaniment, sang "Some Where."

Dr. Cutten gave personal reminiscences testifying his own indebtedness to Dr. Tufts for his ever readiness to help him in all the work he had to do since eleven years ago when he assumed office at Acadia. In fact to write the history of Acadia, so thoroughly was his whole life devoted to the University and those whom he had taught. Dr. Cutten wished the very remarkable story of his life which the deceased had once told him had been written, as he knew of nothing so inspiring to others struggling after an education.

It was not genius that accounted for a self made man such as Dr. Tufts was, but persistent determination and force of character.

Dr. MacDonald spoke of the keen interest with which the late Professor followed his pupils after they left College and his ever readiness to help those who struggled to get through. He referred to the philosophy of his life. His religion was the background of his life and his faith that of a child. He was an ardent believer in the British Empire and its sacred mission. Browning's words on his own tomb in Westminster Abbey applied to Dr. Tufts "Never Say I Am Dead."

After the singing of "Rock of Ages"

## IN THE PETERBORO FIGHT

G. N. Gordon, the Liberal Candidate in the West Peterboro by-election, who won by a majority of 1274.

## Wolfville's Big Night

On next Wednesday, beginning at 8.30 p. m. the citizens of the town will have a chance to hear a first class band concert, and also see the fastest game of hockey of the season.

The opposing teams will be the Acadia Faculty and Wolfville Business Men, and it is guaranteed that there will be action to burn from the start to finish. It has been arranged so that there will be hardly a moment of the three fifteen minute periods when one or more members of the teams will not be performing some hair raising stunt that will keep the big crowd right on tip-toe. Moreover there will be checking, stick handling, offensive and defensive combinations, as well as hand-springs, slides, contortions, and massed attacks that will keep the spectators guessing till the end of the last period. One glance at the line up will convince you.

ACADIA FACULTY: WOLFVILLE BUS. MEN: Dr. DeWolfe, Ralph Fieghton, Jack Roach, George Waterbury, Bill Harris, Judd Harris (Capt.), Brighton Fieghton, Otto Foshey, Mr. Borden, Ashton Wheaton, Dr. DeWitt (Capt.), Artie Young, Dr. Coit, Perce Porter.

## JESSIE ELDRIDGE SOUTHWICK

The people of Wolfville will be deeply indebted to the Perian Society of Acadia Seminary for bringing Jessie Eldridge Southwick to Wolfville a second time. By special request Mrs. Southwick will read Charles Rann Kennedy's famous drama, "The Servant in the House." Of her presentation, the Summer School News, Knoxville, Tenn., says: "Mrs. Southwick's masterly presentation of 'The Servant in the House,' together with its unusual character, made last evening's program one of the most enjoyable yet experienced."

James L. Hughes, Inspector of Education Toronto, says: "No other reader ever captured the teachers of Toronto so completely as did Mrs. Southwick. Her attractive presence, her power in revealing the highest conceptions of the great masters of literature, her superb voice, which responds truly to every phase of feeling, of intellectual conception, and of spiritual insight, and her dominant enthusiasm, combine to make her an ideal interpreter. Believing that the prices paid for entertainment of a high class should be within everyone's reach, the tickets have been placed at Fifty Cents, which will admit to any part of the Baptist Church Auditorium, where the recital will be given."

Members of the Faculty of Acadia Conservatory of Music will assist in the program. Remember the date, Tuesday evening, February 22, at 8.15 o'clock. Secure your tickets at Rand's. Watch for fuller announcement.

## GASPEREAU NOTES

We are very sorry to learn of the accident Mr. Budd Caldwell received while working at Mr. Jodrey's warehouse, when he was struck by an empty apple barrel on the head, causing him to be unconscious for an hour or thereabout. But we hope for a speedy recovery.

Dr. R. W. Bennett has returned home after spending a few pleasant days with his parents at Tatamagouche.

In spite of the weather conditions there was a goodly number present to hear Dr. Simon Spidle who supplied at both services on Sunday last, during Dr. Bennett's absence.

The "Dead March" was played while a number filed past the remains to view them for the last time. They were laid to rest in Willow Bank Cemetery.

## Wolfville Increases Lead

By Defeating Windsor in Overtime Play

The old rivals, Wolfville and Windsor, met in the Valley League series last Friday evening in Evangeline Hall. After a strenuous game, which ended in a tie, the local boys by a great burst of speed in the ten minute overtime succeeded in winning by the score of 3 to 2. The game was witnessed by a large crowd and the College Band furnished music between periods. The game was refereed by Geo. V. Smith, of Windsor. We would suggest that in future games a neutral referee be engaged.

Wolfville opened the scoring when Fraser netted the puck from a long shot that the Windsor goalie did not see in less than one minute from the start. For the next ten minutes the play was very even both goals being in danger. Finally Sam MacDonald made a rush up the side and scored. Some fast and pretty hockey followed. Fraser again succeeded in scoring and just before the bell rang John MacDonald equalized the score for Windsor.

In the second period the visitors had the better of the play and it was only the remarkable playing of Eagles in goal that saved the home team from defeat. Once and again he blocked hard shots, so many times there being none but himself to stop the rush of the Windsor players. The period ended without either side scoring.

The third period was very keenly contested, both teams putting up a splendid brand of hockey. The visitors left no victory, especially after McCann succeeded in getting the puck past the net. Soon after Beardsley after one of the prettiest rushes of the game, equalized the score. The period ended with the score 3 to 3.

It was decided to play for ten minutes longer and more if necessary. Wolfville came back on the ice with the determination to win and during the ten minutes carried all before them. Kennedy soon scored and the rink sounded with the cheers of the spectators. After changing ends Fraser and Kennedy each scored, and the game ended with the score 6 to 3.

The teams lined up as follows: WOLFVILLE—Fred Eagles, Goal; Fraser, and Herman Baird, Defence; Karl Mason, Vic. McCann, John MacDonald, Tom Burbidge, Ross Cochrane and L. Smith, forwards.

WINDSOR—Geo. Smith, goal; Chas. Wigmore, Sam MacDonald, defence; Frank Poole, Vic. McCann, John MacDonald, Tom Burbidge, Ross Cochrane and L. Smith, forwards.

## CANNING WINS FIRST GAME

The Canning boys won their first game of the series when they defeated the Windsor boys at Windsor on Monday night by the score of 6 to 5. Canning struck a fast clip in the opening period and led Windsor by a three to two score. Windsor added a goal in the second half but Canning notched up two more before the period ended. Windsor outplayed the visitors in the last period, scoring two goals to Canning's one. A large crowd attended the contest and were provided with thrilling hockey from the first until the last bell.

Neil Wilkie, of Halifax, acted as referee.

Canning's win tightens Wolfville's grip on first place. The standing of the teams is now as follows:

Team	Won	Lost	Drawn
Wolfville	1	1	0
Windsor	1	1	1
Canning	1	5	1

## CANADA'S FIRE LOSS \$17.10 PER FAMILY

OTTAWA, Feb. 9.—The fire loss in Canada in 1920 was approximately \$27,400,000, equal to about \$3.42 per capita on an 8,000,000 population, \$17.10 per family, according to figures made public today by the Commission of Conservation.

## Daughters of the Empire

Hold Annual Meeting and Elect Officers

The annual meeting of the Sir Robert Borden Chapter, I. O. D. E., was held in the Opera House on Tuesday, Feb. 8th. The Regent (Mrs. Moore) briefly addressed the members expressing in pleasing terms her appreciation of the progress made by the Chapter during the past year, thanking all who had contributed to the advancement of its interests, and bespeaking better things to come.

The Treasurer, Mrs. A. B. Balcom, gave a full report of the work of the Chapter during 1920 as follows:

RECEIPTS

Cash on hand at beginning of year	\$116.33
Rec'd in membership fees	144.00
Int. on Victory Bonds	27.50
Rec'd. from sales, entertainments etc.	483.92
	\$771.75

EXPENDITURES

To Armenian Relief Fund	\$50.00
War Memorial Fund	250.00
Victory Bond	99.32
Flags for Schools	33.50
Children's Aid Society	25.00
Expenses of Referendum	10.00
National Treas. (P. C. Tax)	11.75
Acadian	10.00
Dishes	24.00
Life mem. certificates, pins and supplies	28.00
Flowers	7.20
Postage	.75
	\$549.52

Cash on hand Feb. 8, 1921, \$222.23

The annual report of the Secretary, Mrs. H. D. Johnson, was reserved for the net meeting March 1.

The Chapter has been exceptionally fortunate in the choice of officers during the past year, all of whom have set a high standard of efficiency.

Officers for 1921 were elected as follows: Regent—Mrs. Haliburton Moors; 1st. Vice Regent—Mrs. R. DeW. Archibald; 2nd Vice Regent—Mrs. C. M. Vaughan; Secretary—Mrs. A. D. Elderkin; Treasurer—Mrs. Faye Stuart; Standard Bearer—Mrs. (Dr.) Roach; Echoes—Miss Rosamond Archibald; Councillors—Mrs. M. R. Elliott, Mrs. J. E. Hales, Mrs. Fearon, Mrs. Steep, Mrs. F. J. Benjamin, Mrs. E. S. Crawley, Mrs. E. S. Fitch, Mrs. S. Fitch, Mrs. E. J. Elliot, Mrs. T. Toyle, Bullock; Educational Committee—Mrs. Fearon, Mrs. H. Davidson.

On motion it was decided to hold the meetings of the Chapter in the Horton Parish Hall beginning in March.

Emphasis was laid upon the importance of the members paying all membership fees at the beginning of the year. This will avoid the necessity of sending notices and greatly facilitate the work of the Chapter.

## NEW PHYSICIAN FOR WOLFVILLE

Word has just been received from Vancouver that Dr. Edward Hiram Freeman, who recently went West, has decided to return and open up a Medical practice in this town. This has been made necessary on account of the health of Mrs. Freeman, (nee Elmore Eaton).

It is expected that the new doctor will take up his practice in Wolfville on March 1st, and the location of the office will be decided upon within a few days. Dr. Freeman will be a decided acquisition to the medical profession of Wolfville. He was educated at the Baltimore college for Physicians and Surgeons and has had large and successful practice in Nova Scotia, Saskatchewan and Overseas. Dr. Freeman's work during the war was quite extensive as he was at different periods attached to Medical Units doing work in England, France, Egypt and Palestine.

Mrs. Freeman has a large connection of relatives and friends in this town who will be glad to welcome her back to the social functions of the town where she has always been a great favorite. THE ACADIAN extends a welcome to Dr. and Mrs. Freeman as prospective new citizens.

## IN THE PETERBORO FIGHT

Ronald Denne, the Government Candidate in the Peterboro by-election, who came second in a field of five candidates.

## County Boys' Work

Interesting Hockey Games Being Played

There is nothing at the present that can compare with Hockey in the mind of the average active and healthy minded boy and by promoting this game between groups of selected boys, those who have a high moral standard, we can make our organization attractive from the boy's standpoint and at the same time valuable to the community.

On Saturday Jan. 25th, a hockey team of Waterville Scouts was entertained by the Wolfville Scouts. One game was played in the college rink during the morning, another game was played in the School Rink in the afternoon. The Wolfville boys were victorious in both games but both sides played well and exhibited the best feeling throughout. Through the courtesy of Dr. Cutten, the visiting boys were shown over the new Gymnasium. Needless to say they all wished they might attend Acadia.

Friday afternoon 18 of the Kentville Scouts came to Wolfville by train, played a game of Hockey in the School Rink the score being 3 to 0 in favor of Wolfville, and were entertained at supper by the Wolfville Scouts at the Club Room. Group games were played until 7.45 when all adjourned to the college rink to witness the Windsor-Wolfville game. The Kentville boys returned home after a very pleasant visit.

Saturday, Feb. 5th, the Wolfville Boy Scout Hockey Team visited Waterville, being most hospitably entertained there at the boys' homes. After dinner a closely contested game of hockey was played. At the end of the period the score was 2 all, the play-off giving one score to Wolfville. The Berwick Scouts also visited Waterville during the afternoon. Next Saturday, Feb. 2 the Berwick Scouts will spend the day in Wolfville.

On Wednesday, Feb. 9th, the Junior Scout Hockey team played the Canning Junior Scouts in the Canning Rink.

This evening, Friday, the Wolfville Tuxis Boys will meet the Halifax Tuxis Boys at the Evangeline Rink. This is sure to be a fast game and the Tuxis Bar. will be in attendance. Everyone should make a point of being present as the game will be worth the money and the Wolfville organization needs the funds. It can be readily understood that all the above means expense.

It is very gratifying to those who have been following the Boy Scout work in Wolfville for the past nine months to note the large proportion of the Town, College and Academy hockey teams made up by our Senior Scouts and even more so to note the clean way in which our boys are playing the game.

The Social Service Council is endeavoring to make arrangements with the Provincial Red Cross to have another series of health pictures presented at the opera house on Saturday afternoon and Sunday evening, Feb. 19th and 20th. If this is successful further announcement will be made next week.

## Town Council Meets

New Members Sworn in and Officers and Committees Appointed

The first regular meeting of the new Council was held on Wednesday evening and was a rather interesting session. The old board met as usual and passed a batch of accounts and cleaned up the business of last year, after which it dissolved and the new Council was organized. The oath of office to Mr. C. S. Fitch as Mayor and Messrs. A. M. Wheaton, Alex. Sutherland and A. C. Cox as Councillors was administered by Recorder Crawley.

Councillor Wheaton, on the advice of the Recorder, tendered his resignation, and the seat was declared vacant and provision made for a new election to be held on March 8th. The resignation of Recorder Crawley, tendered some months ago, was accepted. The appointment of officers and standing Committees for the ensuing year was then proceeded with, as follows:

Presiding Councillor—Coun. Sutherland. Medical Health Officer—Dr. G. E. DeWitt.

Supt. of Streets—A. C. Johnson. Sanitary Inspector—F. S. Crowell. Surveyor of Lumber—E. Eagles. Measurers of Cordwood—F. W. Woodman, F. S. Crowell.

Inspectors of Grain—H. A. Peck, S. Jackson. Fence Viewer—W. H. Evans, E. C. Bishop.

Inspectors of Meat and Fish—A. W. Bleakney, A. G. Cowie. Inspector of Flour and Feed—C. M. Vaughan.

Port Warden—R. E. Harris. Pound Keeper—F. S. Crowell.

Fire Wardens—A. M. Young, C. F. Stewart, Percy Porter.

Fire Constables—Ross Fraser, F. W. Barteaux, T. S. Sanford.

Standing Committees: Streets—Couns. Sutherland, Shaw, Cox. Fire and Water—Couns. Nowlan, Moore, Shaw.

Sewers—Couns. Cox, Sutherland, Nowlan. Poor—Couns. Moore, Nowlan.

Finance—Couns. Shaw, Cox, Sutherland. Police and Licence—Couns. Moore and Cox.

School Board—Couns. Moore, Shaw, Sutherland.

Appeal Court and Arbitration—Mayor Fitch, Couns. Nowlan and Shaw. Electric Commission—Mayor Fitch, Couns. Nowlan.

Board of Fire Escapes—J. F. Herbin, C. H. Wright, Ernest Eagles.

Mr. J. E. Hales was appointed a member of the Electric Commission in place of Mr. H. W. Phinney, who retires.

Town Clerk Bishop gave verbal notice of his resignation of that position, which will come regularly up at the next meeting. A number of matters were discussed the new members giving evidence of a lively interest in civic affairs. Among other matters discussed was the imposing of a poll tax for women voters and provision for a tax on outside workmen employed in Wolfville.

## PUPILS' RECITAL

The recital given by the advanced pupils of Acadia Conservatory of Music in Alumni Hall, on Saturday evening was exceedingly well presented and much enjoyed by those present. The program was as follows:

Piano Solo (a) Arabesque, No. 1, Debussy (b) Nocturne, op. 34, No. 1, Chopin. Miss Mary Eagles, Grand Fre. Violin Solo Romance, Lieutenance. Miss Kathleen Blair, Oxford. Fiano Solo Danse, Miss Marian F. Ellis, Maitland.

Vocal Solo "I Hear a Thrush at Eve", Cadran. Miss Mabel Pollard, Yokohama, Japan. Piano Solo Consolation, No. VI, Liszt. Miss Ora Annis, Hebron. Vocal solo "But the Lord is Mindful of His Own", from St. Paul. Mendelssohn. Miss Ruth Wilson, Turor.

Piano Solo (a) Romance, Schumann (b) Fantaisie—Impromptu op. 66 Chopin. Miss Eleanor Mitchell, N. Sydney. Violin Solo Canzonetta, A. d'Ambrosio. Miss Hilda Kinsman, Centerville. Piano Solo Scherzo, op. 31, Chopin. Miss Bernice Spionle, Springfield.

Vocal Solo (a) The Virgin at the Manger, Perilhon (b) Aria—"Voi che Sapete", Mozart. Miss Dorothy Giffin, Goldboro.

Piano Solo (a) Nocturne, op. 15, Chopin (b) Ballade, op. 47, Chopin. Miss Olive Purdy, Wolfville.

Minuet, Beethoven. Ensemble Class GOD SAVE THE KING

ONTARIO PLOWMEN'S ANNUAL MEETING. Front row, left to right: Capt. G. B. Little, Second vice-President, Agincourt; J. Lockie Wilson, Managing Director, Toronto; D. D. Gray, President, Ottawa; A. B. Rose, First-Vice-President, Brantford. Second row: A. E. Wilson, Port Hope; Frank Wier, Agincourt; James McLean, Richmond Hill. Third Row, left to right: Wm. Doherty, Toronto; W. C. Barrie, Galt; F. P. Johnson, Toronto, Treasurer.

FEDERAL HOUSE OPENS FEB 14.

Parliament opens on Monday Feb. 14th, with the pomp and circumstances of pre-war days. Last year, owing to the condition of the Senate Chamber, the House of Commons was utilized for the opening ceremony.

The first of the Meighen administration, the session will have features of peculiar interest. Some familiar figures will no longer be in their accustomed places.

The tariff revision will be paramount among Government business to be submitted during the session. The Government proposals in this regard are not expected to be drastic.

With the whole tariff thus thrown into the arena, the budget debate may be expected this year to be long and the result in some close divisions.

CANADA LEADS IN PENSIONS

A statement showing the scale of pensions awarded to the rank and file, totally disabled, in nine of the countries which participated in the war has been issued by the Board of Pensions Commissioners.

A Woman's Right To Good Health

Most Troubles Afflicting Women are Due to Poor Blood.

To every woman belongs the right to enjoy a healthy active life; yet nine out of ten suffer from some form of bloodlessness. That is why one sees on every side pale, thin cheeks, dull eyes and drooping figures—sure signs of headaches, weak backs, aching limbs and uncertain health.

Through the use of these pills thousands of women have found benefit when suffering from anaemia, indigestion, general weakness and those ailments from which women alone suffer.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

A CANADIAN FRUIT WEEK

Proposal Made to Popularize Our Products in Britain

As a means of popularizing Canadian fruits in Britain, the proposal has been made that a "Canadian Fruit week" be held next year, according to a report of J. Forsyth Smith, Fruit Trade Commissioner, to the Department of Trade and Commerce from London.

Reporting generally on the condition of the apple market in Great Britain, Mr. Smith remarks that a large part of the consuming public could not afford apples at 14 to 20 cents a pound, the price prevailing.

Under Government control the Government practically certifies to the consumer that ten cents a pound is a fair price and retailers are charging that figure, though in some cases the profit runs as high as 90 per cent.

A note added to Mr. Smith's report states that the British ministry of food has removed all restrictions on the importation and control of fruit as from March 31st, 1921.

"Now, ma'am," cried the cross-examining lawyer, "was the defendant's air, when he made the alleged promise to marry you, perfectly serious, or was it, on the contrary, jocular and full of levity?"

"It was all ruffled," replied the plaintiff, "with him a-running of 'is' and through it."—Passing Show.

W. E. MACLELLAN, Post Office Inspector, Halifax, 19th January, 1921.

ST. VALENTINE'S DAY

Long long ago, in the third century, there lived a kind and good priest, St. Valentine. He made all the world about him happy with messages of love and cheer. These messages often took the form of violets for the little blind girl or food for a poor family.

In fact everyone loved Valentine—everyone but Emperor Claudius a cruel Pagan king of Rome who hated Christianity. He ordered Valentine to be beaten with clubs, tortured in every way, and finally sent to prison.

But this good man was not to be forgotten so soon. For years afterwards on Valentine's day, people sent little gifts to their friends asking acceptance in memory of St. Valentine.

Later, these gifts took a more sentimental course. The Christians adopted the feast of the Lupercal in honor of St. Valentine. In celebration of this feast it was the custom of the young people to come together.

Valentine's day now is very different. Cards with pictures of Cupid and a few lines of poetry are generally sent to friends and sweethearts. Some people have not been told of the loving character of St. Valentine. They take advantage of the day by sending caricatures to their acquaintances as a joke.

W. C. T. U. Notes.

Women's Christian Temperance Union first organized in 1874. Aim—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law. Motto—For God and Home and Native Land. Badge—A knot of White Ribbon. Watchword—A gitate, educate, organize. Let us not judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. Rm. 14.81. Business meeting of the W. C. T. U. the last Monday of every month. OFFICERS OF WOLFVILLE UNION: President—Mrs. J. G. Elderkin. 1st. Vice President—Mrs. W. O. Taylor. 2nd. Vice President—Mrs. G. W. Miller. Recording Sec'y.—Mrs. Ernest Redden. Cor. Sec'y.—Mrs. Roy Jobey. Treasurer—Mrs. H. Phipp. SUPERINTENDENTS: Evangelistic—Mr. William Chipman. Parlor Meetings—Mrs. D. G. Whidden. Laboratory Work—Mrs. I. W. Vaughn. Fishermen and Lumbermen—Mrs. W. E. Fielding. Anti-Narcotic—Mrs. W. O. Taylor. Flowers Fruit and Delicacies—Mrs. A. W. Bleakney. Christian Citizenship—Mrs. B. O. Davidson. Press—Mrs. M. P. Freeman. White Ribbon and Willard Hall—Mrs. T. Hutchinson. Temperance in Sabbath Schools—Mr. C. A. Patriquin.

A CANADIAN FLAG

Argus, in a recent issue of the Toronto Globe, calls attention to the little interest that the change in the flag of the Canadian merchant fleet excited among Canadians who apparently to his thinking tamely submitted to the deposition of the time-honored beaver and the substitution of a white cross surrounded by a colored circle, whether red or blue is for the moment forgotten. The reason for the abolition of the beaver, which has come to mean Canada through years of usage and by virtue of the qualities—intelligence, industry, prudence, cleanliness and sturdy self-reliance—that distinguish it, seems to be rather inadequate and a bit laughable when the independence of the Canadian as a whole is remembered, but it is stated that "in some foreign ports the beaver was derisively called a rat... and the crews presumably rats." This may constitute a good reason for changing an emblem that has become the distinctive mark of Canadian nationality and that has appeared on the buttons and badges of the soldiers and sailors of whom Canada has always had every reason for a justifiable pride. National life is not built in a day and the making of traditions is not the work of a moment, but it may be that an affection and a sentiment will up about the new flag that will appeal to the younger generation as potently as do the things of yesterday to the generations that have known their connection with the upbuilding of the Dominion.

THE FARMER OF THE FUTURE

The farmer of the future must be a mechanic rather than a day laborer. D. D. Gray, Superintendent of the Central Experimental Farm at Ottawa in the December number of the Agricultural Gazette of Canada. This of course must not be taken in a literal sense, but rather as suggesting that the future agriculturist must combine with a multitude of other things he requires to know a greater knowledge of mechanics than he has formerly had. Accepting this suggestion as his text, Mr. Gray tells of records that have been kept at the Central Farm on the cost of operating three makes of tractors. The cost of operating the smaller tractor is shown to be greater than the cost of operating the larger, that is in regard to horse power. The cost of discing with the smaller is shown to be less due to greater speed possible than with the greater. The cost of ploughing with the smaller is more than with the larger. The lighter machine burned gasoline at a cost of 45 cents per gallon and the heavier machine, kerosene at 28 cents per gallon. Cylinder oil cost 85 cents per gallon.

BORN

MORINE—At Bear River, N. S., Jan. 21st, to Mr. and Mrs. Wm. B. Morine, a daughter, Eleanor Jean.

It sometimes pays to be good, but it's always good to be paid. THE ACADIAN wishes the several hundred subscribers to whom accounts have been sent will bear this in mind.

Stormy Weather Hard On Baby

The stormy blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

PRESIDENT CUTTEN TO ADDRESS CANADIAN CLUB AT BOSTON

(From our special correspondent) The Canadian Club of Boston, Mass., is making big plans for its Second Smoker and Luncheon to be held at the Boston City Club in this city on Saturday afternoon, Feb. 26th, at 1 p. m. The principal speaker will be George B. Cutten, President of Acadia University, of Wolfville, Nova Scotia, who will make an address on the topic "How the Canadian Institutions of learning helped to win the world war." Captain J. Milton State of the Bureau of Commercial Economies of Washington, D. C., will give his celebrated lecture "Trailing the Hudson Bay Posts" and will supplement the same by a number of moving picture films beginning with the "Land of Evangeline." New Brunswick, Quebec, Ontario and the Rockies. Major Stiles is a Canadian, a veteran of the Eber and late war and has travelled all over the world. The Acadia Alumni of New England, composed of the former graduates of Acadia College, about 200 in number, it is expected will attend in a body as a tribute to President Cutten. They will be invited as the personal guests of President Davison. Mr. Freeman I. Davison, President of the Canadian Club, and a Windsor boy, will preside and John F. Masters, formerly of Kentville, N. S. will be toastmaster. The Canadian Club of Boston now numbers 1000 members and new members are constantly joining. It is now one of the largest and most influential Clubs of Boston.

Among the publications that have just reached us is the Twentieth Annual Report of the Canadian Association for the Prevention of Tuberculosis. A casual glance at the report reveals much food for thought, and we are glad to note that progress is being made against tuberculosis in our midst. Education and sound propaganda are bound to have a goodly influence upon the daily habits of the community. Particularly instructive is the address of the President, Hon. Dr. Schaffner, which reviews the stages of tuberculosis from the first description by Hippocrates, long before the Christian era, to the present. For many centuries, he points out, the disease was believed to be hereditary and incurable, but today scientific research has established that it is not only preventable but curable if taken in its early stages. Hon. Dr. Schaffner lays great stress on the importance of education on the subject, alluding to the common self-fool teacher as one of the most powerful agencies in this regard, and he urges the earnest co-operation of all classes as the most effective means of eradicating the disease. Dr. George D. Potter, secretary, reviews the work of the year and tells of a decrease in the death rate from tuberculosis in Canada of thirty per cent in the last twenty years due chiefly to lessened infection, better living conditions and earlier treatment. There are also interesting addresses by other prominent authorities on tuberculosis, besides reports from all the Sanatoria and local societies in Canada.

All are agreed that Germany must pay to the last farthing, but there is not the same unanimity that she can be made to do so under the new reparations plan of the Supreme Council. At any rate, none of the interested countries is likely to be sanguine over it until the money is in sight. If there is any way of wringing out of it the Germans may be relied upon to find it.

Grand Pre News

The pupils of the Grand Pre school enjoyed a sleigh-drive to Wolfville on Friday evening. They attended the Hockey Match between Wolfville and Windsor. A large and interesting meeting of the Women's Institute was held at the home of Mrs. Fred H. Crane on Thursday afternoon, Feb. 3rd. Miss Haydon, the county nurse, was present and gave a very interesting address. Miss Kathleen Harvey, who has been quite ill, is spending a few weeks at her home here. We hope she will have a speedy recovery. We are glad to see Miss Jean Curry out again after her sickness. The Mission Circle met at the home of Mrs. Thos Rose on Monday evening last. The meeting which was well attended was made very interesting by the study of Missionary work done in Korea. At the close of the meeting a dainty lunch was served. A meeting of the citizens of Grand Pre and Hortonville was held on Monday evening to consider the matter of bringing the electric light into this district. It was decided to form a company for this purpose and it is hoped that the electric current will soon be available.

"GOSSIP."

(With apologies to Shelley) I bring fresh news whenever I choose To the afternoon teas. I discuss with care each scandal there, As I sit at ease. From my budget I take them, add to and remake them. Recount them one by one, With luscious zest, and I do my best To poke malice at everyone. I wield a flail makes women 'quail, And men grow black as thunder, With my vicious tongue I make things hum And part true friends asunder. Such delight I take more mischief to make, And here and there I run, And my poisoned dart thrusts every heart And none escape—not one! And my motto accursed is "Believe the worst," I judge by myself you see, And in mankind, no good I find, For there is no good in me. Foul weed of night, loathed parasite, I fatten on human pain; And bring fresh woe, where'er I go, And tears that fall like rain.

I am the child of envy wild Envy and malice and hate, And in every heart where these have part, There am I throned in state. And o'er every wrong that is ever done, I chuckle in fiendish glee, For the brave man's shame and the maiden's blame Are meat and drink to me. Tho' you travel afar, by ship and by car, You will find me everywhere, Till the world shall end and the angels send To banish Spite and Despair. For in Envy and Strife I got my life, And when these shall cease to be, From the human heart, I, too, shall depart And leave it clean and free.

HOW DO YOU LAUGH?

Do you giggle, or do you just laugh? One mistake that the person given to much laughter is apt to make is to laugh more at his own amusing stories than at others and to laugh at what he is telling before any one else has been provoked to mirth at all. Another fault in laughing—but this is more common to those who laugh little than to those who habitually laugh—is to lose control of one's self and approach hysteria. There is nothing that puts a quicker damper on other persons' mirth than signs of lack of control in the laughter of another. Especially apt to lose control is the person who mingles with others but seldom or who usually strives to keep from laughing at all, the person who is very young or constitutionally very very bashful.

Exports of Canadian paper jumped from \$74,424,992 for the nine months ending December, 1919, to \$132,915,996 for the same period last year. The figures made public by the Canadian Pulp and Paper Association stated that the increase for December, 1920, over the same month in 1919 was \$4,813,711.

OVERCOMING THE HIGH CHARGES FOR HEATING

Possibilities of Central Heating Plants Should Be Thoroughly Investigated

The annual coal consumption in Canada for domestic purposes is nearly 7,000,000 tons which, if we allow a cost of \$15 per ton, represents a yearly expenditure of some \$105,000,000. With increasing population and the gradual extension of settlement northerly, this consumption will naturally increase; any effort, therefore, having for its object a substantial reduction in our domestic heating bill, is worthy of public attention. The hope of relief, entertained by some, through electric heating from our water-powers has been definitely shattered by the fact that, outside of the question of cost, the demand would far exceed the supply available. For instance, in Quebec and Ontario alone, assuming a population of some 5,000,000, a total of probably not less than 10,000,000 h. p.—and costing from \$150,000,000 to \$200,000,000 per annum—would be required to supply electrical heat. The power available within the more thickly populated portions of these two provinces, even including Canada's equity in the great possibilities of the St. Lawrence and Niagara rivers—the greatest water-power rivers in the world—only amounts to about 5 million horse power. The possibilities and economic efficiency of central heating plants appear particularly applicable to Canadian conditions or to any country with long winters. Due to the initial cost of the underground distribution piping system, the plants usually involve heavy overhead expenses; when the plant is used intensively and during long periods each year, the charges can be spread over longer periods than would be the case for systems used only during shorter periods, as in certain localities in the United States. Another economy would result from the possibility of using the cheaper grades of coal, instead of anthracite now commonly used in Eastern Canada. Suitable boilers with automatic stokers and smoke consumers would overcome some of the present disabilities in the use of inferior fuels.—L. G. Denis.

WORLD SHORTAGE OF MEATS

It is estimated that the world requires fifty billion pounds of meat annually and that while the population increased by 85,000,000 (that is from 510,000,000 to 595,000,000) between the years 1901 to 1914, cattle, sheep and hogs combined only increased 40,000,000 (that is from 1,065,000,000 to 1,105,000,000). This of course indicates that there is not only a shortage of meats in the world now, but that as the years go by it must become greater and greater. Dealing with this subject in an illuminative article in the December number of the Agricultural Gazette of Canada, Mr. P. E. Light, Chief of the Markets Intelligence Division, Ottawa, points out that general economic progress as well as the increase of human population and the status of living in the consuming world, makes fresh demand upon available lands and tends to bring in the output of animal produce. This decline must be offset by an extension in live stock production sufficient to meet increased consumptive demand. Any great augmentation of population in Canada at the present time would find us in a situation where we would either be severely taxed to provide for the total domestic demand, or else compelled to curtail our export trade.

IN AN APPRECIATION OF THE LATE HON. A. L. SIFTON, THE WINNIPEG FREE PRESS REMARKS THAT HIS CHIEF SERVICES TO CANADA WERE RENDERED IN CANADA AT THE PEACE CONFERENCE, WHERE HIS GREAT POWER OF ANALYSIS AND HIS WIDE CONSTITUTIONAL KNOWLEDGE WERE OF GREAT SERVICE TO HIS COUNTRY. IN PARTICULAR, SAYS THE FREE PRESS, THE EDITOR OF WHICH WAS AT THE PEACE CONFERENCE AND IN INTIMATE TOUCH WITH THE PROCEEDINGS, "IT FELT TO HIM TO VINDICATE THE RIGHT OF THE BRITISH DOMINIONS TO FULL STATUS AS NATIONS IN THE LABOR CONVENTION, WHEN A DETERMINED AND RESOLVE ATTEMPT WAS MADE TO DEGRADE THEM TO A POSITION OF INFERIORITY; AND THIS WORK HE CARRIED TO A TRIUMPHANT CONCLUSION AFTER A STRUGGLE WHICH COVERED MONTHS. HIS ACHIEVEMENTS IN THIS REGARD WILL ENSURE HIM A HIGH PLACE WHEN THE FULL STORY IS TOLD OF CANADA'S DEVELOPMENT INTO NATIONHOOD."

A friend is a feller who knows all about you and likes you just the same.

IMPORTANCE OF THE MAPLE SUGAR CROP

Maple sugar and maple syrup are two products which are capable of much greater development in Canada. There is a market for all that can be produced, and maple products are legally protected to an unusual extent.

Nature supplies the raw material, in the sap of the maple tree, and as the run occurs at a time when other farm work is not pressing, much more attention might be given to securing this crop. The sap from the maple trees is one of nature's endowments to the Canadian farmer and one from which a considerable addition to his income may be secured with little effort.

The Publications Branch of the Department of Agriculture, Ottawa, has issued a revised edition of the bulletin "The Maple Sugar Industry in Canada" which will be sent on request.

FOR FUTURE CANADIANS

A country with forests,—and no country is more richly blessed in this regard than Canada,—has a distinct obligation to see that these forests are conserved so that future generations shall not seriously lack one of the most important contributions to culture and comfort. Finland can teach us a good lesson in the proper care of the forests. Finland, like Canada, must depend in a large measure on the product of the forest to maintain and improve her economic status. To neglect this source of wealth is to invite national bankruptcy. It is most astonishing to us that Canadians have so largely failed to realize the absolute necessity for a proper forest policy for the whole Dominion.—Pulp and Paper Magazine.

From 510 salmon, taken in nets between 2nd June and 5th August, 2,800,000 eggs were secured and placed in hatchery at Tadoussac, Quebec.

Advertisement for MORSE'S TEAS. In 1870 — and in 1920. What a treat is in store for those who have yet to brew their first pot of Morse's Selected Orange Pekoe Tea. Includes an illustration of a woman in a dress and a box of tea.

Effective Advertising. The thing that will make your place a landmark and your name a household word is consistent, truthful, rightly supported newspaper advertising. "A city that is set upon a hill," says the Good Book, "cannot be hid." The right kind of advertising will, so to speak, set any man, any town, any worthy business, upon a hill. Play fair, look after things, and dip deeply into printer's ink—and you can no more escape becoming prominent and successful than you can reverse gravity and cause rivers to run up grade. Carry the stuff—deliver the service—keep up a vigorous fire in the papers—know what you print and live up to it. The most precious and desirable thing in a business career is public confidence. Getting ever-widening circles of people to believing in you is progress of the first order. But educating strangers to the idea that you're a man not entirely to be trusted is slipping back—no matter what, for the time being, the balance sheet may be saying to the contrary. Forget that old saying of the circus man, that "the people like to be humbugged"—they do, on any circus day—and have a bully time over it—but regular business is different. The fellow who deliberately sets out to deceive the public is a fool and a piker if he thinks he can get away with it through pages in newspapers. He may manage to put it over for a while, but the backfire will get him in time and it won't be long before he'll find himself exactly where he deserves to be—nowhere. Newspaper space isn't for fakirs—it's for honest men, and every honest business can profit greatly through the use of it. It throws a spotlight upon the scene—and men and things that are not quite standard will not stand the glare. The crook should eschew printer's ink—he should emulate the Hun propagandists—slip around quietly and pass the bunk heart to heart. THE ACADIAN is anxious that our advertisers receive the very best results and is willing at all times to "lend a hand."

PEERLESS DRY GINGER ALE. Claimed by experts to be the finest Dry Ginger Ale made or imported into Canada. The Bottle Wrapped in Pink Tissue Paper. Bacteriologically Pure. Safe for Children. Can be supplied by the bottle (cheaper by the case), from all Grocers, Druggists and Confectioners. If not write GEO. H. YEATON & SON, Hantsport, N. S., Wholesale Distributors for Valley. J. & T. Morris, Manufacturers "Peerless" Beverages, Charlottetown, Prince Edward Island.

Rates for Contract Advertisements furnished on application.

Copy for change of contract advertising must be in the hands of the printer not later than Tuesday noon to insure publication in the next issue.

### A GOOD OLD RULE

Present day conditions furnish conclusive evidence of the soundness of the "Golden Rule" as a common-sense as well as an ethical guide. Since the war began there has been an apparent effort on the part of everybody to disregard this teaching with the result that today we have chaos in practically every line of industrial activity. The old rule of supply and demand has had little to do with determining the prices to be charged for either labor or product. The ability or willingness of the customer to pay and the pressing need of the commodity required, rather than a consideration of a reasonable and remunerative profit has in most cases been the determining factor. During the strife between labor and Capital and producer and purchaser, prices have mounted to ridiculous heights. It has been a race to see which could outdo the other and the result is that no one has really profited in material things, while the moral fibre of our people has sadly deteriorated. If instead of slaving to grow rich by fleecing each other a more just consideration was had for the welfare of humanity and national advancement a better state of affairs would speedily ensue. The following of present methods will result in the arrival at the logical destination nowhere. In perhaps no time in the history of the race has the application of the "Golden Rule" been more needed than now. Though an old-fashioned precept it is the only agency that will straighten out the tangle that this old world has got itself into.

The report of the Electric Light Commission which appeared in THE ACADIAN last week must have been very gratifying to those who advocated the taking over of this important service by the town. It will be readily granted that the first year's operation of any utility is carried on under more than average difficulties and can hardly be taken as a criterion. The results, however, that have been achieved and the very satisfactory conditions reached indicate that when the service has once been thoroughly installed so that it can be carried on without interruption the undertaking will prove to be a paying one. The new commission when constituted will have a number of important problems to deal with which will require careful consideration. Good men should be selected who are willing to give the time and attention to the work.

The federal by-election in West Peterboro, Ont., on Monday, resulted in the return of the liberal candidate, G. N. Gordon, with a vote of 4,091. The contest was an unusual one, there being five candidates in the field, representing the government, the conservatives, the liberals, the farmers, and labor. It was evidently a case of a party divided against itself as the government candidate and the conservative candidate together polled a vote of 5,399. Elections these days are becoming most uncertain.

Isn't it about time that the stump of the old tree in the centre of Gaspereau Avenue just east of the store of R. E. Harris & Sons should be removed. It is at present a serious obstruction of the street and likely some day to cause an accident. We would suggest, however, that its removal be by tender so that it may be accomplished at the least possible cost. The work should cost less if done during the winter.

### MAYOR CORRECTS STATEMENT

TO THE EDITOR OF THE ACADIAN  
Dear Sir: Permit me to correct the statement I made in last week's ACADIAN in reference to the bonded debt of our town. What I wanted to make clear to the public was the total amount of debentures authorized by Legislature, the bonds sold and the bonds on hand.

But by misunderstanding the information given me, my statement was not correct. It was not my intention to withhold the facts or to queer the figures in any way, so I will try again.

Debentures Authorized:	
Water	\$46900.00
Schools	8000.00
Sewers	23000.00
Streets	50000.00
Electric Light	25000.00
<b>Total Authorized</b>	<b>\$152000.00</b>

Debentures Sold:	
Water	46000.00
Schools	8000.00
Sewers	20500.00
Streets	36000.00
Electric Light	16900.00
<b>Total Sold</b>	<b>\$127100.00</b>
Bonds on hand Dec. 31st, 1920,	\$24900.

If you subtract the \$7510.00 Sinking Fund from the \$127100.00 of bonds sold, it leaves the bonded debt about \$120600.00. Someone has asked why I did not state the current debt at the close of 1920 as well as the bonded debt. As near as I can figure this out from the Auditors' report and some figures from the Town Clerk. And this includes overdraft and outstanding cheques from the Electric Light Commission as well as the town, the amount would be about \$24315.11, not including the \$10,000 still due on the purchase of the electric light plant. These figures may not be strictly correct, but near enough for current gossip. Against this amount we have some available credits. I admit we need to go carefully in our borrowings but I still believe we have good value to show for our expenditures.  
C. S. FITCH.

### ACADIA LOSES TO U. N. B.

The Acadia hockey team went to Fredericton this week and were defeated on Tuesday night by the University of New Brunswick players by the score of 6 to 5. The play was exceedingly close and the outcome always in doubt. Four times during the game was the score tied and twenty minutes overtime was played before U. N. B. took the match. Jewett, Lounsbury and Burgess were the mainstay of the U. N. B. team, all the U. N. B. goals being scored by the first two named. Langwith scored three for Acadia while Wetmore and Beardsley each tallied one. Fraser played a star game for the Acadia team which was greatly weakened by the loss of Parker and Murray, who were unable to accompany the team, on account of sickness.

The third game in the series will be played at Sackville on Tuesday night between U. N. B. and Mt. Allison. If U. N. B. wins this game they will play off with the winner of the Eastern league for the championship. If Mt. A. wins however, there will be a three-cornered tie in the western league.

The Women's Institute of Port Williams held its regular meeting in the Citizen's Hall yesterday afternoon. The meeting was devoted to sewing for the Children's Aid Society.

### WOMAN SCORNS WEALTH WHEN JEALOUS RELATIVES CALL HER "ADVENTURESS"

#### Anita Stewart Has Appealing Role in "Her Kingdom of Dreams"

Stung by the attempts of a designing woman to vilify her in the eyes of her husband, Judith Rutledge signs over a three-million-dollar estate willed to her by the father of her husband in "Her Kingdom of Dreams," starring Anita Stewart and which will be seen at the Opera House, Feb. 18 and 19. As Judith Rutledge-Miss Stewart depicts one of the most admirable of all characters portrayed during her screen career. First as a country girl, with an insatiate longing for the life of the large cities and next as the private secretary to the Wall Street power, James Warren, she is given opportunity to extend her character-portrayal ability to the utmost. Probably the most auspicious cast ever assembled for the production of one motion picture was brought together by Director Marshall Neilan for "Her Kingdom of Dreams." Among those who appear in the cast are: Tully Marshall, Anna Q. Nilsson, Kathryn Williams, Spottiswood Aitken, Ralph Graves, Wesley Barry, Thomas Holding and Edwin B. Tilton. The theme of the story centres about the work of an unsophisticated country

girl whose loyalty to her employer prompts him to ask her to marry his rather ir-resolute son. The marriage, thought to be entirely loveless at first, develops into a husband-and-wife devotion that saves a tremendous industry, the reputation of Fred Warren and Judith's happiness.

"You're under arrest," exclaimed the officer, as he stopped the automobile. "What for?" inquired Mr. Chuggins. "I haven't made up my mind yet. I'll look over your lights, an' your license, an' your numbers, an' so forth. I know I can get you for somethin'."

It is reported that Prof. Rhodenizer, of Acadia University, has purchased the fine property of Rev. George L. Bishop, on Summer street.

Mr. and Mrs. Wm. A. Holmes, of Avonport, announce the engagement of their daughter, Rosclena Grace to Mr. James W. Watt, Curkygarth, Scotland. Marriage to take place early in March.

Just installed on of the best Bacon slicing machines that money can purchase. Buy a pound of Bacon sliced with this machine, and be convinced, at Bartheaux's, Phone 53.

The report of the Nova Scotia Egg Laying Contest for the week ending Feb. 6th, is just to hand. We note that the pen of Rhode Island Reds belonging to Edison Griffin, of Port Williams, is still in second place. The pen of Mrs. W. S. Eagles, of Gaspereau, has dropped to seventh place, while J. W. Williams' pen is in 17th place.

Two splendid shows were given at the Opera House on Monday and Tuesday evenings by the Urban Stock Co. On Monday night they presented "The Crimson Alibi", and the following night the well-known story "The Little Shepherd of Kingdom Come." All the parts were well taken and both shows were much enjoyed by those present. The vaudeville numbers between the acts were also well done.

On Wednesday evening representatives of the Halifax Presbytery made an official visitation to the congregation of St. Andrew's church, this town. A public service was held at 7:30 o'clock at which Rev. Mr. Layton, of Kentville, presided and most interesting addresses were delivered by Rev. Dr. Dickey, of Hantsport, and Rev. Dr. Clark, of St. Matthew's, Halifax. The former spoke on the needs of personal evangelism and the latter on religion in the home. Both were very helpful and timely. At the close a conference with the session and managers was held when the usual questions were submitted and answered. The ministers, we understand, were much pleased with their visit to Wolfville.

**SOCIETY NOTES**

Mrs. P. S. Ilsley was the hostess at a ladies "Bridge" on Friday evening last.

Mrs. E. L. Gould was the hostess at a "thimble party" on Saturday evening.

Mrs. W. C. B. Harris entertained a number of her lady friends at "Bridge" on Monday evening.

The Ladies' Bridge Club was entertained on Tuesday evening by Mrs. A. V. Rand.

Mr. R. E. Harris very pleasantly entertained a goodly number of men at "auction" on Tuesday evening. There were seven tables and a most enjoyable time was had.

Dr. W. A. Coit entertained at "Bridge" on Wednesday evening.

Mrs. B. O. Davidson was the hostess at a ladies' "Bridge" last evening.

Capt. S. M. Beardsley entertained his gentleman friends at "Bridge" last evening having nine tables.

Financiers are looking for a revival of trade before the end of the year.

The old-fashioned idea that clothing was intended to protect the body may be revived some day.

**Coming Events**

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

**Don't forget** the Philathea Valentine supper Saturday, February, 12 admission 35 cents.

Mrs. Frederick Primrose will receive her friends at the Parish Hall, on Feb. 16th, from 4 to 6.

**A PULP-MILL**

In a very quiet manner there has been put in operation on the banks of the Gaspereau river an industry which promises to fill a very large place in the community.

We refer to the pulp mill just set in operation by Messrs. Wright and Jodrey. These gentlemen have erected a commodious building equipped with the latest and best machinery for the manufacture of pulp and perhaps eventually of news print, or other paper. The first pulp was made on Tuesday of this week and in the course of a few weeks the mill will probably be in full operation.

For the present the staff employed will not be large but later on the industry in the various departments should make employment for a goodly number of men, and be of real value to the district. We congratulate the enterprising proprietors.

**PASSING OF MRS. DR. WELTON**

Word has just been received that the death of this lady, so well known in Wolfville, took place at the home of her daughter, Mrs. Sharp, in Winnipeg, on the evening of February fifth. About Christmas time she had the misfortune to fall on the ice, breaking her hip, so that doubtless this had to do with hastening her end, although she rallied wonderfully from the accident.

Mrs. Welton's maiden name was Messinger. Her husband, Dr. Daniel M. Welton, after years in the pastorate, became a Professor at Acadia, his home here being that now occupied by Dr. Avery deWitt. From Acadia he was drawn away to McMaster University in Toronto, where he continued, until his death, Professor of Hebrew and Old Testament Literature. After his death Mrs. Welton now and again made prolonged visits in Wolfville at the home of her daughter, the late Mrs. William F. Parker, the home known since Mr. Parker's demise as Westwood Hospital.

Mrs. Welton was a woman of exceedingly bright and active spirit, being esteemed and loved by a wide circle of acquaintances and friends. Her going will be learned with much regret by hosts of people in various parts of this Province. It is presumed that she has already been laid to rest beside her beloved husband at Mount Pleasant Cemetery in Toronto. Beside the surviving daughter Mary, at whose home she died, she leaves one son, Herbert, a lawyer in the City of Toronto, where the family resided so many years.

Canada is producing more food than she requires, more clothing than she requires. She can produce more in a pinch. This country, as The Winnipeg Free Press says, is so much better off than half the countries in the world today that we should feel inspired to drive ahead for the greater development of the nation and its resources.

A true philosopher is one Who lives his gloomy day or two, And bears his bit of trouble in The way he says you ought to do.

**The Acadian Classified Advertisements**

RATES FOR CLASSIFIED OR WANT ADVERTISEMENTS

First insertion, 2 cents a word. One cent a word each subsequent insertion; minimum charge, 30 cents per week. If so desired, advertisers may have replies addressed to a box number, care of the Acadian. For this service add 10 cents. THE ACADIAN is not responsible for errors in copy taken over the phone. Contract rates on application.

**WANTED**

**Wanted**—3 acre dyke lot. Beckwith dyke preferred. Apply to P. S. Ilsley.

**Wanted**—A maid for general housework. Apply Mrs. Phipps, Bank of Montreal, Wolfville.

WILD ANIMAL PICTURE CALLED 'CIRCUS' OF THE SCREEN

Magnitude of This Wonderful Film Must be Seen to be Realized.

If the circus may be said to be "The Greatest Show on Earth," then it may be truthfully stated that "THE LOST CITY" is "The Greatest Film of the Screen."

Deep into the jungle went the daring company of players to enact the scenes of this thrilling and intensely adventuresome story, braving the very jaws of death in their determination to picture the terrifying dangers of these strange lands.

Hazardous indeed was the venture of the big company, but the story called for realism, and this could hardly have been possible with caged or tamed animals.

To the beautiful and equally courageous Juanita Hansen, who enacts the role of The Lost Princess, must be given a great share of the credit for the realism of this wonderful story.

To deliberately place herself within reach of ferocious, untamed lions and leopards, trusting entirely to the ability of another person to lasso a springing leopard in its mid-air flight before it could fasten its claws and teeth upon her, must call for more than ordinary courage.

One thing is certain "THE LOST CITY" will grip and hold any audience because it possesses that element of curiosity, as well as sensation, that make one intensely anxious to know the outcome of each episode.

FOOLED HIMSELF

A successful lawyer tells the following story about the beginning of his professional life. "I had just installed myself in my office," he said, "had put in a phone and had preened myself for my first client who might come along when, through the glass of my door I saw a shadow. Yes, it was doubtless someone to see me. Picture me, then, grabbing the nice shiny receiver of my new phone and plunging into an imaginary conversation."

POTATOES 75C. A BARREL IN AROOSTOCK

Reports received this morning from Carleton County and the northern Maine potato district indicate a further slump in the price of their staple product.

In the northern part of this province the price is \$1.00 a barrel with no demand at any price. The farmers who have disposed of only a very small part of their large stocks are despondent over the situation.

Montreal is now claiming the proud distinction of being the fifth largest city in North America. The city assessors' figures indicate that the city proper and the "adjoining municipalities" have a population of 900,000.

Canada's immigration in 1920 totalled 147,375, of which slightly more than half came from the British Isles. This is far below the volume of immigration in the old pre-war days, but it shows a gain of 25 per cent. on that of 1919.

Motor vehicle fees in the province of New Brunswick during the past year amounted to over \$200,000. Upwards of 11,000 vehicles were licensed.

Laet Barbank is trying to produce a new watermelon. A square-shaped watermelon is the result.

Gaspereau Notes

Miss Ethel McNear spent a few days with Mr. Edward Kinnie and relatives this week.

Miss Madeline Dill spent a few days with friends here.

Miss Jennie Palmeter spent last week end at the home of her friends Miss Verna Westcott.

Mrs. Edwin Davison and little son returned from the Misses Woods' of Port Williams on Thursday of last week, to her home.

Owing to the weather conditions a small congregation assembled to hear the eloquent sermons delivered by Dr. Sineon Spidle on last Sunday.

The Anniversary of the Gaspereau Division is to be celebrated next Saturday night. The ladies are to provide refreshments and the gentlemen to furnish the entertainment.

TOO MUCH FACE POWDER

"Any country professing Christianity which spends \$750,000,000 on talcum powder and only \$25,000,000 on Foreign Missions, has dismally failed to understand the great business of Jesus Christ in this world," said Rev. Neil Herman, in the course of a sermon at the King Street Baptist Church, at Dartmouth, in which he quoted copiously from a recently announced "luxury program" of the United States for the year 1919.

"Yes," said Uncle Eben, just returned from a trip to California, "we experienced one pretty severe earthquake, but I must say I rather enjoyed it. It was the first thing that happened since Polly and I married that she didn't think I was to blame for."

"O CANADA," THE NATIONAL ANTHEM.

(From La Presse, Montreal)

Several days ago we recalled to our readers that on January 21, 1891, we received from Boston a despatch announcing the death of Calixa Lavalee, the well-known musician, and author of the music for the national chant, "O Canada" written by Routhier.

It is a happy idea and one which we heartily approve, alike from the point of view of arts as well as politics. When the whole voice of Canada from the Atlantic to the Pacific shall be raised in chanting the same anthem, national unity will have made another great step forward.

A London despatch states that a "Warrior's Day" on which the proceeds of an extra performance at every legitimate theatre, movie house and music hall in Great Britain are to be devoted to the relief of unemployed ex-service men, will be held on March 31st.

The gossip is never harmless till dead.

MEETING THE DIFFICULTY

(From the London Answers)

It was rather late and the strangers met in the Strand. They had both been dancing.

As they met the elderly man stepped to the left and the flapper stepped to the right. Then the flapper stepped to the left and the other stepped to the right. Then the old fellow tried to step both ways and the flapper invented a new two-step on the spot.

At last the veteran took the flapper by the waist.

"Let's waltz—and reverse," he said. So they went round twice, broke away and passed on.

THE PRINCE AS A HORSEMAN

(From the London Daily Chronicle)

Only those who know something about riding will fully appreciate the skill and pluck shown by the Prince of Wales in keeping his mount and taking ten fences after he had lost his stirrups. No doubt His Royal Highness learned to ride "long" when he mounted the half-wild horses of Canada during his tour, which would help him when there was no support for his feet.

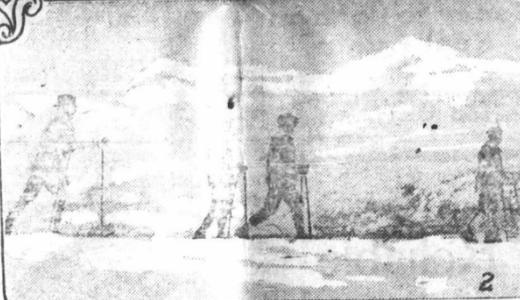

The promise of business levelling up grows stronger with the lengthening of the winter days. The weekly trade report shows an improvement in orders in practically all lines of trade, which is of good omen.

A Viennese scientist says he has found out how to make old women look young by the use of the X-Rays. If this is true, The Boston Transcript thinks, the rush to Vienna may go far to restore the city to its former prosperity.

A PARADISE FOR SKI-MEN

Preparations are already being made for the annual carnival to be held at Banff amidst the glories of the Canadian Pacific Rockies. Banff is ideally situated for winter sports and this season the dates have been fixed from January 29th to February 5th inclusive.

1. Where falls are good fun. 2. Ski-ing in the Canadian Rockies.

Ottawa are all expected to be on hand and compete with Vancouver and Ottawa for the Championship of Canada. A very elaborate trophy together with ten very attractive and costly prizes will in all probability be announced a little later in connection with this event.

"An ice palace will be constructed on a basis far more extensive than anything heretofore attempted and the resident engineer of the Dominion Government is now at work preparing the plans for same. We expect this palace, when illuminated will be a view that will long live in the memories of those who will be fortunate enough to visit us and see it. The palace will be stormed at different times during the Carnival by representatives of all the different sports indulged in, and it is expected that the fire works display on these occasions will be most interesting."

TREES ON THE FARM

Farm forestry makes farming pay better by—

- 1. Marketing timber profitably. 2. Supplying timber for farm needs. 3. Furnishing employment for men and teams in winter. 4. Making waste lands yield a profit. 5. Increasing the sale value of the farm.

An eminent English justice declares that bigamy is more prevalent than any other form of crime at the present time.

TOO FAST FOR DOC

The incident is related of a Scottish doctor, new to the gun, who adventured upon a day's rabbit shooting.

"Hang it all, man!" he exclaimed impatiently to the keeper who accompanied him, "these beasts are too quick for me." "Aye, doctor," the keeper replied, "but surely ye didna expect them to lie still like yer patients, will ye kill them?"

A lie will go across the ocean and back again, while truth is putting on boots.

Some goods pay more profit than others. Usually, the poorer the quality the greater the profit. The grocer pays more for Red Rose than for other teas—and he sells it at a less profit.

When you buy Red Rose you buy the best.

Eddy's "Silent Five" Matches

A favorite with every housewife

Because every match is reliable and safe. Every match in the box will strike. Heads don't fly off—and will not explode, even if stepped on. When you blow the flame out, the match is absolutely dead out.

Ask for Eddy's "Silent Fives."

Advertisement for REGAL FLOUR. The image shows a large sack of flour with the word 'REGAL' in large, bold letters. Below it, a smaller sack is shown. The text reads: 'The Big Value in FLOUR for Bread, Cakes & Pastry. The St. Lawrence Flour Mills Co. Montreal, P.Q. Halifax, N.S.'

The Merchant Who Advertises

Is helping to keep money circulated at home because the advertising done by business men of other places to reach Wolfville buyers tends to attract money elsewhere.

If they find it pays to advertise, the home merchant who can advertise at less expenditure of money is even more favourably situated.

WINTER RATION FOR MILCH COWS (Experimental Farms Note.)

The general principles involved in the feeding of milch cows may be outlined, but the most economical ration can be determined only by the feeds available...

It may be definitely stated that a meal ration of from 1 pound meal to each 3 pounds milk produced, to 1 pound to each 4 pounds milk, is the profitable limit.

The quality of the hay is a big factor, as poorly cured hay is not appetizing and may cause digestive troubles as well.

Hay and meal alone cannot give best results. This is not because hay and meal does not contain the necessary constituents for milk as the corn silage or roots...

The succulent feeds are corn and roots. Corn silage alone can be fed more abundantly than roots, for the reason that the bowels are not kept as open.

In compounding a meal ration bran should be one of the principal ingredients. Of all the mill products from wheat, bran seems to be the best and this with cracked oats should approximate two-thirds of the meal ration.

With reasonable care there is little danger of trouble from overfeeding with bran and oats, but with cottonseed there is danger, and it is doubtful if it is, even in such a mixture, advisable to give a cow more than 4 pounds of cottonseed per day.

The practice at this Station is to feed during the winter 1 pound meal to 3 pounds milk produced, and 40 to 60 pounds roots and ensilage using two-thirds corn to one-third roots, either turnips or mangels and 10 to 12 pounds hay for each cow per day.

The first feed is given directly after milking in the morning, consisting of half the ensilage and roots with half the meal scattered on it, and followed by half hay. This is followed by an afternoon feed of ensilage and roots with meal, to be all eaten before milking time, and the balance of the hay is given after milking.

Water is before the cattle all the time and exercise is given in the yards on fine days.

W. S. BLAIR, Superintendent, Experimental Station, Kentville, N. S.

EXCHANGE RATES

Exchange rates have been discussed many times in recent months. A glance over the year just closed shows that the average discount of the Canadian dollar in the markets of the United States was 13 per cent.

Total trade with all countries, \$2,635,118,750; total trade with U. S., \$1,472,858,076—over 50 p. c.

Total imports from all countries, \$1,345,582,300; total imports from United States \$927,564,711—over 68 per cent.

Total exports to all countries, \$1,289,536,450; total exports to United States, \$645,283,365—over 42 per cent.

The same reckoning goes on to analyze trade figures and show that Canada imported from United States last year \$211,208,979 worth of goods that could have been manufactured or procured in the Dominion.

APPENDICITIS

Warm Water Properly Applied Prevents Operations, and Has Cured Many Advanced Cases

Hundreds of operations for Appendicitis have been avoided by the "J. B. L. Cascade," and thousands of others who have had Stomach Trouble for years have regained their health completely.

These letters from among thousands in our possession should convince you that Internal Bathing brings positive results. Mr. James McLaughlin, 91 Evanson Street, Winnipeg, writes:

"I bought a 'J. B. L. Cascade' for the cure of a bad case of Appendicitis. My doctors told me I must have an operation at once. I had spent more than fifty dollars in doctor bills, but the Cascade completely removed in a few days every trace of soreness and pain.

Why do we use the expression 'apple pie order' when we mean that things are exactly in their right place? Because every Saturday a certain Puritan dame, Hepzibah Merton, made a practice of baking two or three dozen apple pies which were to last her family through the week.

Why do clergymen habitually wear black? Because when Martin Luther, in 1524 laid aside the habit of a monk and adopted the style of dress prevailing at that time, the Elector of Saxony used to send him from time to time pieces of black cloth that color then being fashionable at the Court.

Why do we say, "Mind your p's and q's?" Because in ancient times behind the door of each alehouse there hung a slate, on which was written P, which stood for pint, and Q, which stood for quart.

Why do we say, "Mind your p's and q's?" Because in ancient times behind the door of each alehouse there hung a slate, on which was written P, which stood for pint, and Q, which stood for quart.

Why do we say, "Mind your p's and q's?" Because in ancient times behind the door of each alehouse there hung a slate, on which was written P, which stood for pint, and Q, which stood for quart.

ADVERTISING

The value of advertising as one of the great forces in present-day business is being given steadily increasing recognition.

Mr. Roger Babson, one of the leading business experts of the United States, recently contributed his testimony of efficacy in an address he delivered in Montreal. He spoke of the factors which will restrict the period of depression that now threatens industrial America, and he included in his list national advertising, "which has become," he declared, "a great factor in the production and distribution of goods by which seasonal fluctuations in manufacturing and selling are being eliminated."

No less important a journal than the London Times lately paid tribute to the amazing development of the scope and power of advertising, a development made possible by modern conditions and the expansion of the modern press.

The time is not so far distant when a former generation of tradesmen depended for their publicity, as the Times points out, upon the signs over their doors. Today the man of business uses the sign in the same way, but his enterprise carries him farther afield and through the agency of the newspaper he makes the entire community, or indeed, his country, familiar with his name, the quality of his goods and the prices at which they are sold.

That is only one of the functions of advertising. Another, and in the long run, the more valuable, is that it creates good-will. The business man who, by his advertising, invites the buying public to his store, makes the buying public the judge, with himself, of the standard of his goods. A tradesman who has once gained the confidence of the people and who desires a lasting success will jealously guard that standard. He knows that he cannot afford to let his name be associated with goods of poor quality, or with unfair prices.

Advertising has this further merit as a force in modern business. It ensures an outlet for finished goods, which permits the manufacturer to go in for mass production, thus lowering the cost of the product, and in the case of the retailer it provides for quicker turnover, which permits him in turn to sell at lower prices. Thus the consumer benefits by the lower costs of articles sold through advertising. Business men who have consistently and intelligently applied the right methods of advertising to their business are in no doubt about the far-reaching and beneficial effects it produces. It is a powerful adjunct of present day salesmanship.

"How dear to our hearts is the paid up subscriber," is the popular song of publishers these days.

A Kidney Remedy

Kidney troubles are frequently caused by badly digested food which overtakes these organs to eliminate the irritant acids formed. Help your stomach to properly digest the food by taking 15 to 30 drops of Extract of Roots, sold as Mother Selge's Curative Syrup, and your kidney disorder will promptly disappear. Get the genuine.

ANGLO-SAXON SETTLERS

(From the London Advertiser) There is a growing sentiment here for the encouragement of British and American immigration to the discouragement of that from Eastern Europe particularly. The heaviest tide of immigration is still from Great Britain and the United States. Of the 110,000 people who came to Canada between April 1st and November the 1st last, over 60,000 were British and about 35,000 came from the United States. Their immigration is inspired, not by despair, but by hope. If a common impulse animates them it is a devotion to Anglo-Saxon ideals, and a faith in the future of Canada and of themselves. A desire to better the conditions of life. Needs no excuse and little explanation.

The principal of a certain school for girls had occasion to speak sharply to one of the pupils recently.

"Mabel," he said sternly, "you've neglected your work shamefully, and you must remain with me an hour after school."

Mabel shrugged her thin little shoulders. "Well, Mr. Stoney," she said, "if your wife doesn't mind, I'm sure I don't!"

WHO AM I?

I am more powerful than the combined armies of the world.

I am more deadly than bullets and I have wrecked more homes than the mightiest of siege guns.

I steal in Canada alone over \$30,000,000 each year.

I spare no one, and find my victims among rich and poor alike, the young and the old, the strong and the weak; widows and orphans know me.

I massacre thousands upon thousands of wage earners in a year.

I lurk in unseen places and do most of my work silently.

You are warned against me but you heed not.

I am relentless. I am everywhere; in the home, on the street, in the factory, at railroad crossings, and on the sea.

I bring sickness, degradation and death, and yet few seek to avoid me.

I destroy, crush and maim. I give nothing but take all.

I am your worst enemy.

I am CARELESSNESS.

Canada has concluded a new trade agreement with France.

Stewart, Wolfville Mail a card to Box 136 and I will be pleased to call with a full range of samples. Minard's Liniment for Distemper.

Personal Paragraphs

Mr. W. E. Stackhouse is spending a few days in Halifax. Mrs. G. W. Woodworth, of Kentville, was an over-Sunday visitor in Wolfville, the guest of Mrs. E. L. Gould. Mr. A. K. Bars, who has spent the past year and a half in Cincinnati with his son, returned to Wolfville on Friday last. Miss Marguerite DeWitt returned home yesterday from Amherst, where she has been visiting her sister, Mrs. W. M. Manning. Miss Blanche Palmeter, of Grand Pre went to Yarmouth this week to spend a few weeks with Mr. and Mrs. Kenneth Palmeter. Rev. W. R. Foot, D. D., arrived home from Korea this morning on a well earned furlough. Many old friends are glad to welcome him back to Wolfville. Mrs. W. C. Bleakney and Master Earl, who have been visiting in Sussex, N. B., where the former's sister is seriously ill, returned home on Tuesday evening. Mr. O. D. Porter left on Tuesday for New York, expecting to be gone about ten days. Mrs. Porter, who has been visiting her parents, will return with him.

ON VENTILATION

The word ventilation means the carrying or moving of air. Now the reason for moving air is that there are some kinds of air that are desirable and some kinds that are not. Now the problem on hand is to remove the undesirable air and replace it with the desirable kind. In cold weather the undesirable air is that containing noxious gases and watery vapour also cold air of any kind. The desirable kind is pure warm air.

It is a well known scientific fact that gases exhaled from our bodies, escaping fumes from stoves, furnaces, lamps, etc., are heavier than pure air when of the same temperature. These gases on first appearance are warmer than the air of our houses and therefore begin to rise; but soon become cooler from losing heat to the surrounding air and being then heavier, at once descend to the floor and run down the stairs like so much water. If you want a good proof of this, just put your nose to the foot of the stairway and sniff. You will find the most impure air of the house.

This is the air that should be removed from the house as soon as possible; for it is both cold and impure. It cannot of course be removed by opening a window upstairs; but you can remove a lot of good warm air that way. The best way to remove this cold foul air is to have a register grating in the hall floor near the foot of the stairs and connected by a duct of good size to the bottom of the chimney. This air that has been removed will of course be continually replaced by pure air from outside without the necessity of open windows in cold weather. To prevent local circulation of air in a room from window to radiator and back again, double glass windows should always be used, for if not the heat is continually going out through the glass and no fresh air is gained on account. It is all very well to talk about flinging open all the windows in zero weather if some one else pays for the coal, but when you have to pay \$30 per ton for hard coal out of your own hard earned shekels; one is not likely to pause before shoveling his fuel out of the window.

The cold air treatment is of course purely a financial idea advocated by such people as doctors, druggists, patent medicine men, undertakers, grave diggers, and coal merchants. Pure air treatment is an altogether different problem and should be carefully studied and followed. So the problem for us in these days of expensive fuel is to remove the impure air from our homes without removing the heat at the same time.

C. M. G.

Mr. Higginson had been away from home for a week, and on his return found that burglars had visited the house, and, although one had been wounded, they had succeeded in getting away.

"And so you shot a burglar while alone and unprotected," he said to his wife. "You are a brave little woman! What became of him?"

"The other man carried him off," she replied.

"The other man," he asked.

"Yes," she said, "the one I aimed at."

A man seldom wears his trousers out at the knee praying for work.

NOTICE

Wolfville Board of Trade

The deferred annual meeting of the Wolfville Board of Trade will be held on Thursday, Feb. 24th, at the Council Chamber, at 8 p. m.

At this meeting the President, Vice-President, Secy. Treas. and eight other members who together with the officers aforesaid shall form the council, shall be elected by ballot. Nominations for the above officers should be placed in the hands of the Secretary or mailed to his address at least one week (or seven clear days) before the meeting.

By order H. P. DAVIDSON, Secretary.

AN APPRECIATION

"Dead he lay among his books The Peace of God upon his looks." As these words are penned all that is mortal of our friend and neighbor, Dr. Tufts, lies among his books clad in his academic gown his college cap upon his breast. An open grave upon yonder hillside awaits his form and Wolfville is the lonelier for his passing. A wonderful man—so alive and alert that age passed him by. Unlike Ponce de Leon he found the secret of perpetual youth in the renewing of his mind, in his intense joy of living, in his interest in the panorama of life spread out before him among the nations. To him life was a stage on which a thrilling drama was continuously being enacted and so great was his enthusiasm that Time touched him not. A quiet hour in his library was a treat to his friends, so manifold were his interests, so friendly and responsive his spirit, so happily willing was he to share with others his wide experience and broad knowledge of affairs. F. C. S.

AVONPORT NEWS

Miss Olive Parker, of Halifax, spent the week end with her parents, Mr. and Mrs. W. O. Parker, returning to the city on Monday afternoon.

Dr. A. J. Fuller, of Yarmouth, spent a few days of this week guest of his mother, Mrs. David Fuller, having been called here on professional duties.

Mrs. Roy Woodman, of Grand Pre, was the guest of her sister, Mrs. F. F. Graham, for the week-end.

Miss Ruby Duncanson, of Hantsport, spent a few days of last week with her sister, Mrs. G. H. Huntley.

Great interest is taken in hockey in our little village this season. Forty-five people attended the game between Windsor and Wolfville on Friday of last week, going by special train and teams. Also about forty went to Hantsport on Saturday afternoon to see Avonport and Hantsport play in the open air rink there. The game resulted in a victory for the Hantsport boys.

Word has been received here of the marriage in Fernie, B. C. of one of our clever young lads, Miss Ollie Dickey Borden, to Mr. Harry Armstrong. Miss Borden is a graduate of "Acadia". Her many friends here wish her many long years of happiness.

Mr. Ralph D. Holmes spent Sunday at his home, returning to Windsor on Monday.

WOLFVILLE FRUIT CO.

The Wolfville Fruit Company is fast becoming an important institution and their business is rapidly growing. During the present season they have handled in the vicinity of 20,000 barrels of apples, which constitute only one department of their operations. At a recent meeting of the directors it was decided to recommend to the share-holders the erecting of a large addition to the fine large warehouse recently erected and the opening of a co-operative store. These are ambitious projects but will probably be adopted by the general meeting of the shareholders are generally inclined to favor suggestions of the board.

Notice of Election

TOWN OF WOLFVILLE

Notice is hereby given that the office of town councillor, held by Mr. A. M. Wheaton, having been declared vacant, the town council under the provisions of section 59 of "The Towns Incorporation Act," have ordered an election to fill such vacancy and have appointed the 8th day of March next as the date of such election. Nominations of candidates for such election must be delivered to the Town Clerk at the Town Hall in Wolfville, not later than five o'clock in the afternoon of Tuesday the 1st day of March A. D. 1921.

The poll, if granted will be held on Tuesday the 8th day of March A. D. 1921. Polls open at 9 A. M. and close at 5 P. M. Polling District No. 16 will vote at Rockwell's Sample room, and Polling District No. 16 1/2 at Town Hall.

H. Y. BISHOP, Town Clerk. Wolfville, Jan. 9th, 1921.

MISS NAOMI A. BURGOYNE

An Appreciation

It is good to know that we realized the worth of Miss Burgoyne, and the value of her work, before she died. A famous man expressed the wish that they put on his tomb-stone the one word, Teacher, as a description of his life's work. Miss Burgoyne was a Teacher. She came to Nova Scotia as a young girl, fresh from one of the best teacher-training schools of England. She spent her whole life in the schools of Windsor, N. S. When she retired from public teaching, in 1915, the whole community endeavoured to express its indebtedness to her. She was known for her cheerful disposition and generous nature. In freeing others she had freed herself. She retired from public teaching in 1915, and passed the remainder of her life with those who knew and loved her best. She died at Windsor, Monday, Feby. 7th, 1921. E. R.

THE VOTERS' LISTS

The revisors of the electoral lists for the Town of Wolfville have posted the preliminary lists for the inspection of electors. There are two districts in the town, No. 16 and No. 16 1/2. The lists for those districts are posted in the Town Hall and in other places in the respective districts, and should be carefully studied by those who desire to vote at elections during the ensuing year.

In the nature of things these lists must be far from complete and it is up to citizens to see that corrections are made. Evidently there are many persons of both sexes in the town who are qualified to vote whose names are omitted. The revisors must have application made in the regular form before these names can be added. Applications may be received up to Feb. 20th, after which it will be too late to have names added this year. If you are qualified go over the lists carefully and see if your name appears.

NOTICE

The Town of Wolfville will not be responsible for any bill contracted in the name of the Town unless a requisition signed by the Supt. of Streets or Chairman of any standing committee be presented to the seller by the bearer.

By order H. Y. BISHOP, Town Clerk.
