## DEATH'S HARVEST

**GEORGE W. ABBOTT**  
The death of Mr. George W. Abbott, one of Wolfville's oldest and most highly esteemed residents, occurred at his home on Front street this morning. During the past year he had been in failing health. A native of Newfoundland, he was in his eighty-second year and had been for nearly sixty years a useful resident of this town. He came here in the days of the old Wolfville shoe factory from Colchester county, and when the work of building the old Windsor and Annapolis Railway was in progress gave up shoe-making to engage in railroading. He worked on the construction force and when the road was completed as a section-man, and for many years served as a foreman. After fifty years of faithful service during which time he once told the writer he only lost two days, he was retired. The habits of a long and active life possessed a strong hold upon him, and so long as his strength held out he busied himself wherever honest service offered. He was for some time a useful member of the Town Council and ever took a keen interest in civic affairs. He was an Odd Fellow of many years standing, a consistent member of the Methodist church and a citizen who was deservedly popular with young and old. He is survived by his widow, four daughters and two sons, one son Fred M. having been killed in the Great War. The daughters are Bessie, (Mrs. Geo. A. Crozier, of Calgary), Annie, at home, Eva (Mrs. Harry A. Ford, Calgary) and Elsie (Mrs. Hurdman, of Bridgeport). His sons are Mr. Ernest W. Abbott, of Montreal, and Mr. George Abbott, of Vancouver, B.C. The funeral will take place from the late home of the deceased on Saturday afternoon, and will be attended by Orpheus Lodge, I.O.O.F., of which the deceased was one of the oldest and most popular members.

## ARTHUR S. HARRIS

The death occurred in the hospital at Belleville, Ont., on Saturday last of Arthur S. Harris, a native and former resident of this county. Mr. Harris was a son of the late Judson Harris, of Belcher Street, and a brother of Mr. R. E. Harris, of this town. Many years ago he went to Fitchburg, Mass., where he carried on farming and lumbering and prospered. Recently he sold his property there and returned to Nova Scotia, spending the past winter in Belleville, where he was taken ill with pneumonia and an operation, which was apparently successful, was found necessary. He was making satisfactory progress when a telegram received on Sunday contained the news of his death. His wife, who survives him, was Emma Harris, daughter of the late C. F. Harris, of Church Street. He is also survived by his sons—Hay, of Sydney, and Laurie, of Fitchburg, Mass.; by his daughters—Mrs. Mitchell, of Montreal, and Mrs. Mitchell, of Belleville; by his brother, R. E., of Wolfville; and by his sisters—Mrs. MacLeod, Mrs. Whidden, Mrs. Burnaby and Mrs. Broggh, of Los Angeles, Cal.; Mrs. Witter, of Vancouver; and Mrs. Snow, of Chicago. The remains were brought to Wolfville and interred in Willow Bank Cemetery yesterday afternoon, beside his son who died while the family were living in Wolfville a few years ago. The service was conducted by Rev. J. H. MacDonald and Dr. A. C. Chute.

## MARIA HARRIS

At the residence of Mr. Elias Harris, Hortonville, on Sunday morning of last week, the death occurred of Miss Maria Harris, a native of Lower Wolfville, at the advanced age of ninety years. She was the only daughter of the late Israel Harris and a sister of the late Constant C. and Lysander Harris, former well known residents of this place. Death came after an illness of only about a week, previous to which she was able to get about the house. For some time the deceased resided with her brother Lysander on Locust avenue, this town, but for a number of years has made her home at Hortonville, with her cousin. The funeral took place on Monday afternoon, conducted by Rev. W. H. Burdige, of Grand Pre. Interment was in the family lot at Willow Bank Cemetery.

## SAYS NARCOTIC HABIT IS INCREASING

Dr. J. A. Amyot, Deputy Minister of Health at Ottawa, told the members of the Ontario Health Officers' Association that there were between 8,000 and 10,000 drug addicts in Canada and that the habit is increasing. He also states that twenty-five per cent. of all drug addicts have formed the habit themselves and that the problem of winning out this evil was one for each municipality to deal with itself, and not a Federal undertaking.

## HONORS CONFERRED ON WOLFVILLE CITIZENS

**Doctors DeWolfe and Haley Have Had Distinguished Careers**

One of the most pleasing events in connection with Acadia's closing this year to Wolfville people was the conferring of honorary degrees upon members of the faculty who have been for a long time valued and highly esteemed residents of this town. Dr. Haley and Dr. DeWolfe are recipients of hearty congratulations on the part of town-people generally, who regard the honor conferred upon them by the alma mater as most appropriate. Henry Todd DeWolfe is a native of St. Stephen, N.B., and a descendant of the same family who many years ago settled in Wolfville and gave their name to this place. He graduated from the high school of his native town, where he was the winner of the Governor-General's medal. Four years later he was graduated from Acadia University with honors in logic, and after a year's service in the Home Mission field, he entered Newton's Theological Institution, where he was graduated in 1883. While at Newton Institution Dr. DeWolfe gave special attention to Greek and Hebrew and for two years was assistant instructor in Greek. He went to Berlin, Germany, and took a post-graduate course and in 1895 was ordained as Baptist minister at Newton, Mass., later accepting the pastorate of the Foxboro Baptist church, and being located there for six years. He taught the summer school course in the New Testament and Early Christian Literature in the University of Chicago, and in 1909 received the degree of Doctor of Divinity from his alma mater. During his 24 years as principal of Acadia Ladies Seminary, Dr. DeWolfe served as Professor of New Testament Language and Literature in Acadia University. His principalship at the Ladies Seminary was a most distinguished one and Dr. DeWolfe was mainly responsible for the advancement and enlargement of the departments of music and art; the introduction of the Sophomore Matriculation Course and the establishment of the Department of Household Science. In his retirement address as president of the Maritime Baptist Convention in 1916, Dr. DeWolfe suggested the five-year program, which the convention eventually adopted. Since 1910 Dr. DeWolfe has been secretary of the Board of Religious Education for the Maritime Provinces, and has been a most zealous official of that organization. He plans to devote his future services to his professorship at Acadia University, of which he was elected Professor of Divinity in 1924. Dr. Haley graduated (B.A.) from Acadia, 1884, and received the same degree from Harvard University in 1886. He spent the years 1886 to 1891 teaching in Preparatory Schools in New England. He was appointed Alumni Professor of Physics at Acadia in 1891, which position he has so ably filled since that date. Professor Haley spent the summer of 1891 at Edinburgh University and the following year at the University of Leipzig, Germany. He received the degree of Master of Arts from Acadia in 1892, and returned to Acadia in the autumn of that year to take up the work of teaching. He became interested in Technical Education and largely by his efforts, the affiliation of Acadia with McGill University in the department of Applied Science was secured in 1904. At this time Professor Haley was asked by the Senate of Acadia to honor his Alma Mater by accepting the same degree which was this year presented to him. His natural modesty, his retiring disposition, and his high ideals for the recipient of this degree led him not to accept it at that time. Shortly after working out the affiliation with McGill in Applied Science, he represented Acadia in negotiations with the Provincial Government of Nova Scotia and the other colleges leading to the establishment of the Nova Scotia Technical College. He was made a Governor of the Nova Scotia Technical College and has served in that capacity for ten years. Professor Haley served Acadia as Dean of the Faculty of Applied Science from 1910 until his resignation from that office in 1917. Since 1910 he has served as one of the provincial examiners in Mathematics and for a number of years was examiner in all mathematical subjects required for the University Post Graduate examinations. In the capacity of examiner in Physics he has also served the Nova Scotia Medical Society. Professor Haley was made a member of the Nova Scotia Institute of Science in 1900; was elected to the American Physical Society in 1910, and became a member of the American Association for the Advancement of Science in the same year. His work as a teacher of Physics is known to all Acadia students. By his high ideals, his neatness, his accuracy, his record of absolute fairness, his interest in the future of the students under his care, he has inspired men to high attainments in Physics and has brought honor to his Alma Mater. More than a dozen men have received the inspiration that has led them to spend their lives in the realm of Physics, from Professor Haley.

## DR. ARCHIBALD APPOINTED REGISTRAR OF ACADIA UNIVERSITY

Dr. William Laird Archibald, for fifteen years Principal of Acadia College and Business Academy, was appointed by the Board of Governors at its recent meeting in connection with the convocation, to the position of Registrar of Acadia University. Dr. Archibald has had a distinguished educational record. He graduated from Acadia with the class of 1892, and pursued post-graduate studies in the University of Chicago, from which he received the degree of M.A. in 1894. Afterward he took a course in 1894 in Rochester Theological Seminary. Returning to Nova Scotia, Dr. Archibald held successful pastorates in Milford, Queens county, and Lawrencetown, and under the presidency of Dr. Trotter, Acadia, which position he held for six years, till called to the Principalship of the Academy in succession to a distinguished line of leaders, including Ernest Robinson, at present M.P. for Kings county; Colonel C. J. Mercereau, D.S.O. of Fredericton; Dr. Horace L. Brittain, of the Bureau of Civic Research, Toronto, and Dr. J. B. Oakes, of Wolfville. Dr. Archibald has given the Academy many years and effort, without incurring deficits, at the same time maintaining the educational standards and increasing the attendance till the present quarters are overflowing. He organized the Commercial Department and has made the business course one of the best in the country. The new Academy building, in which the school is now housed, was planned and constructed under his direction. He has a special genius for work among boys, and has inaugurated and developed a system of student government which has proven most satisfactory to all concerned. Dr. Archibald in his new position will relieve the President of much of the executive and administrative detail, and will consolidate the records of all three institutions.

## LIBERAL CONVENTION AT KENTVILLE

The convention of the Liberal party of this county, which was held at Kentville on Saturday last, was largely attended and successful. Mr. Charles A. Campbell, the president of the county organization, was in the chair, and when at two o'clock the doors were opened the Court Room, where the convention was held, quickly filled by delegates. The chairman announced the decision arrived at by the executive at the morning session to the effect that the final ballot should be made unanimous. On motion of Col. N. H. Parsons, seconded by Mr. W. C. B. Harris, Hon. John A. MacDonald, of Upper Dyer's Village, was unanimously chosen for reelection. These nominations were made for a second man, in place of Mr. Sealy, who it was understood would not stand for reelection. These were Col. Allison Borden, of Kentville, who received 114 votes; Mr. James Durno, of Cambridge, who received 55 votes; and Warden F. M. Munro, of Kingston, who received 47 votes. Addresses were given in the afternoon at the Capitol Theatre by the candidates and by Mr. Sealy, Hon. A. S. MacMillan, Minister of Highways, and Mr. L. A. Forsythe, one of the candidates in Hants county. The convention was closed with the singing of the national anthem.

## YOUNG-WHIDDEN

The home of Mr. and Mrs. D. Graham Whidden was the scene of an interesting occasion yesterday when at 11 o'clock Esme, and Mr. George H. Young, of Dartmouth, took place. Under an arch of apple-blossoms the ceremony was performed by Rev. J. W. Manning, D.D., in the presence only of immediate relatives of the contracting parties. The bride was attired in a handsome pearl-crepe travelling costume and carried a bouquet of pink roses. Miss Beryl Shields, of Halifax, rendered the wedding march. Out of town guests who were present included Mr. and Mrs. J. A. Young, of Sydney; Mr. and Mrs. A. J. Baker, of Dartmouth; Miss Payzant, of Waverley; Mrs. J. E. Spangale and daughter, of Truro; Mrs. C. Edgar Whidden, of Antigonish. A dainty wedding luncheon was served, following congratulations, after which Mr. and Mrs. Young left by auto on a trip through western Nova Scotia, and on their return they will reside in Dartmouth. THE ACADIAN extends best wishes.

The annual meeting of the Wolfville Tennis Club was held Monday afternoon and was well attended. The club had a most successful season last year, both financially and otherwise. Approximately \$100 was spent on the courts, and this year it will be necessary to purchase some new supplies. The following officers were elected: President—Dr. Eugene Eaton. Vice-Pres.—Ralph Perry. Sec.—Treas.—Prof. A. B. Balcom. Executive—Mrs. R. W. Tufts, Miss Jean Creighton, Gertrude Eaton. A tea-committee was appointed consisting of Mrs. R. W. Tufts, Mrs. Eugene Eaton, and Mrs. Jean Creighton. A letter from the Waegwoltic Club of Halifax, re a two-game series between themselves and a team of Valley players, was read, and there was some discussion on it, it being thought that it would be advantageous to play it in the earlier part of the season. The matter was left to the executive committee. It was decided to retain the same club rules as obtained last year.

## GIRLS! THE LATEST INDOOR SPORT "CHANGING HUSBANDS"

"Changing Husbands" is not a form of sport peculiar to Reno, Nev., alone but it's being done every day in New York and every other big city in this world, and, another thing, it's a new Paramount picture, featuring Leatrice Joy and coming to the Orpheum Theatre next Monday and Tuesday. Girls, how would you like to trade husbands with Mrs. Nextdoor for about three months? Well, that's just what Leatrice Joy does in this picture, adapted from the screen by Sada Cowan and Howard Higgin from the Saturday Evening Post story, "Roles," by Elizabeth Alexander. Miss Joy has the first dual role of her screen career in this production. She plays the role of a wealthy young society matron and a young actress who change places in their search to find happiness, with most amusing, frequently alarming and at all times entertaining results. Victor Varconi and Raymond Griffith head the strong cast playing in support of Miss Joy. Zasu Pitts, Julia Faye, Helen Dunbar and William Boyd are also included in the list of players, well known on both stage and screen. Frank Urson and Paul Iribe directed the production.

## CROSS WORD PUZZLE CONTEST

Last week's puzzle evidently contained some catchy places, as although we received seven solutions, from Wolfville, White Rock, and Scotia Bay, only one was correct, that submitted by Miss Ruth MacDonald. We shall be pleased to send THE ACADIAN for six months to the address she desires. This week's puzzle will again be open to all.

## COUNCILLOR GRANT ASSUMES OFFICE

**At Regular Meeting of Council Last Evening—Routine Business Transacted**

At the regular meeting of the Council on Wednesday evening the only absentee was Coun. Macpherson, who has been out of town for some days on a business trip. The clerk reported the result of the recent election to fill the vacancy caused by the retirement of Coun. Mitchell and the oath of office was administered to Dr. Grant by Mayor Chambers. The chairman of the various standing committees presented statements showing expenditures during May. On account of streets the outlay for the month amounted to \$1892.23, bringing the total expenditures of this department up to June 1st about \$4,000. Considerable good work has been done, but the re-surfacing of Main street, which will cost in the vicinity of \$1,000, has yet to be attended to. For Fire and Water, the expenditures during the past month were \$81.53; for Sewers \$101.80; for Police and Licenses, \$29.54. In the absence of the chairman of the Finance Committee the statement was presented by the Clerk. It showed that the receipts during May amounted to \$18,900.25 and the expenditures during the same period were \$4,430.29. On May 31st the debit bank balance was \$4927.27. May ending on Sunday the period for discount on taxes included the period for June, when about six thousand dollars were paid in, which with other collections changed the debit balance to a credit balance of about \$5,000. Collectives were considerably less than last. At the last meeting a communication was read from the V.O.N. asking that funds for an expenditure made on account of the Poor Committee for supplies for a destitute family, without authority from the committee. The matter was referred to the Poor Committee for consideration, and Coun. Combs reported that in view of the circumstances and in order not to create a precedent the committee might some time prove embarrassing, the discussion, however, it was decided to make the refund to the V.O.N. and accompany it with the statement that in future the sanction of the committee must be secured before any expenditure is made.

## POPULATION SHOWS 90,059 INCREASE

**Betterment Over 1923 Due to Decrease in Number of Deaths; Quebec not Included**

Population in the provinces of Nova Scotia, Prince Edward Island, New Brunswick, Ontario, Saskatchewan, Manitoba, Alberta and British Columbia, increased by 90,059 during 1924, according to an official statement issued by the Dominion Bureau of Statistics. In 1923 the net increase in population in these provinces was 88,834, and the betterment of 1924 over the previous year was not due to an increase in the birth rate, which showed a falling off, but to a decrease in the death rate, from 10.5 to 9.8 per 1,000 of population. These statistics do not include the province of Quebec, which is not included in the so-called registration area of the Bureau of Statistics. The total number of living births reported in the registration area for 1924 was 155,741, as against 166,897 in 1923 and 164,194 in 1922. In every 1,000 living births reported in 1924 the proportion of males to females was 512 to 488, as compared with 513 to 487 in 1923 and 512 to 488 in 1922. The birth rate per 1,000 population in 1924 was 23.1; in 1923, 23.7; in 1922, 25.1; in 1921, 26.4, and 26.6 in 1920. Deaths from all causes in 1924 numbered 65,682 in the estimated population of 6,735,000, a rate of 9.8 per 1,000, the lowest rate since 1921. The highest death rate in the registration area was in the Maritime Provinces, while the lowest was in the Western Provinces. Nova Scotia and New Brunswick each registered a death rate of more than 12 per 1,000 population, while Prince Edward Island's death rate was 10.8. The returns show a slight rise in the proportion of deaths due to tuberculosis, the rate in 1924 being 70 out of every 1,000, as against 69 in 1923. The situation as regards cancer shows an adverse trend. In 1924 in every 100 deaths, 89 were due to this cause as compared with 74 in 1923 and 71 in 1922. In 1924 there were reported in the eight provinces 47,396 marriages, as compared with 49,056 in 1923, and 47,811 marriages in 1922. In 1924 the marriage rate per 1,000 population was 7.0, as against 7.4 in 1923 and 7.3 in 1922. The marriage rate in 1921 was 8, the highest recorded in the last four years.

### DIARY OF MARGARET D. MICHENER

31st. October has been a lovely month as regards the weather, but has been mournful from losing our loved one. Rev. Vaughan preached the funeral sermon yesterday afternoon, from the words, "The day is at hand, let us cast off the works of darkness and put on the armor of light". I thought he preached well, and I feel that I hope in his mercy and feel to stay my soul upon Christ. I hope dear Abigail may seek him in her affliction who is a stronghold in the day of trouble. We had quite a talk last night and she said her dear mother told her she died that she had a hope for her, but she said she had none for herself, she said it must be she had not sought right. I tried to point to her the promises of God, who never cast away those who come to him. I hope she may find him to the joy of her soul, that he may be her God and a Father to her orphans.

Nov. 2nd, 1850. The wheels of time have rolled around till November is here. The weather is as fine as in the summer-time, but it seems gloomy to me. Sometimes I feel a peace within which nothing disturbs, other times I wish for the grave or some place of rest for my weary spirit. I just came home from father's and must go to Abigail's.

12th. The weather is still pleasant. I am experiencing a mixture of joy and sorrow. Sometimes I feel a period of peace when I think of the goodness of God to me. Rev. Shields preached twice on the 3rd inst., and last Sunday, the 10th, Rev. McKeen preached in the morning from the text, "Examine yourselves whether you be in the faith". In the afternoon he preached from the words, "It is finished". I think he has improved since he went away; he has spent his vacation in missionary work. He came to father's both before and after the meeting. Robert and Ann went to Cornwallis on Friday and returned Monday night. I received some letters from friends there on their return. I have invitations to go visiting in Cornwallis but do not think I shall go this winter.

14th. I went down to Olivia's Tuesday evening and stopped till yesterday afternoon. I had not been there for seven weeks, a long time for me. It brings to mind the many happy hours before and after marriage. Mrs. Fuller and her two children were there. The boys and Ann came down and spent the evening. Mother was there all day yesterday. I went to Abigail's and spent the night then came home early this morning. On my way I called in to Capt. Holmes; they had been up all night as Nelson was very sick. Mr. Baker preached at the school house last night. Mother Faulkner has been in to see me. I like to hear her talk. She told me about losing her husband, Mr. Churchill. The awful thing about it was, it is believed that he was murdered, as

the Captain's body was found in the woods at Seal Islands, with his head off, and parts of the bodies of the sailors were found in the sand. I feel glad to know the certainty of Simeon's death, that he was buried decently, and was not murdered. Poor Curry, I wish he would get home, but how can I bear to see him come alone.

21st. A year ago today I commenced school. How my prospects have changed since then; but amidst all my afflictions the Lord is more merciful to me than I deserve. Rev. Shields preached again on Sunday; it was a good sermon and I felt glad to have the belief that Jesus is my friend. On Monday evening brother Robert and I sat up after the others had retired; we had a long talk about his going away to sea, and also of the subject of religion. I believe he is a Christian. Tuesday forenoon he bade adieu to the home of his childhood, and Ann went down with him on board the "Village Belle" and stopped till she was ready to sail. Capt. Michener, Hibbert, Asa, J. Whalen and Baker left for all gone for the winter, leaving many lonely hearts behind. Their first destination being Virginia. Ann came to Mary's and stayed all night, then came home telling me Maria had a letter from Curry, bringing the bad news that he was sick. I came down in the afternoon and found her much dejected. I read the letter, also one from John Michener; he had written to his father. Poor fellow! He feels the loss of Simeon today for the first time since James died, and Mercy came to Mary's. I am now going back to father's.

26th. Again I visit my lonely home. Capt. Michener's house is shut up and Maria has gone to Newport, so it seems more lonely than ever. Mr. Willard, the principal of Acadia College, preached Sunday morning on Prayer, and in the afternoon from the text, "Lead us not into temptation". He spoke well and gave many illustrations to make his subject plain. Mother was away when we returned; had gone to Mrs. Lockhart's who had a son that day. The "Sterling" came in on Sunday bringing letters from the "Hantsport". Emily Ann and I got one from John Michener. I have just written to him, also to brother Robert to send in Mary's letter.

27th. I sent today at Emily Ann's and Mary's at Olivia's.

28th. Thursday morning Mary went up to Mother's with me, spent the day then Ann came home with her and stayed till Sunday morning.

### SEASONAL NOTES ON ORCHARD PESTS

(Entomological Laboratory, Wolfville, N. S. May 26, 1925)  
**Green Apple Bug**

At the time of writing this pest is beginning to emerge from the egg state, in fact, the first bug of the season was taken on May 16th, but the cold backward weather that has prevailed since that date has retarded their coming, so that there are many more still to emerge. In spite of this fact, a number of growers have started to spray or dust for this insect. This is worse than useless. Not only will new bugs continue hatching until Gravenstein come into bloom, but it is quite impossible effectively to treat any variety until after the flower stalks have spread apart, rendering all hiding places of the insect accessible to the dust or spray.

In dusting, remember to dust from both sides of the tree, using double the quantity of material required for ordinary work. Remember that in contact dusting you are really "gassing" the insects. The idea is not to simply get a good covering on the leaves as in dusting for spot. What is required is a strong concentration of gas fumes in all parts of the tree. This can only be obtained by throwing out a large quantity of dust and doing it from both sides. In doing the work, it is cheaper to err on the side of generosity rather than the reverse.

The apple sucker appears to be abundant everywhere it was found last season; in fact, in many places it is almost unbelievably numerous. The same recommendations apply as regards its control as to the green apple bug. Special measures against this insect are

rarely necessary in well fertilized and otherwise well cared-for orchards, except that Bordeaux should not be used where there are numerous in the "pink" or "calyx" sprays. This is now pretty well understood by everyone, but many still ask the question whether Bordeaux and nicotine sulphate can be used together for this insect. This, of course, is quite allowable, as the nicotine by killing off the insects prevents the injury.

**Bud Moth**

It appears that many are omitting the poison from their regular sprays or dusts, or are failing to take special measures against bud outbreaks of this insect, and are depending on nicotine dust to destroy this insect. This, in the opinion of the writer, is a mistake. It is true that in one of our experiments last season the bud moth was apparently well controlled by the use of this dusty. Anyone, however, who is acquainted with the "patchiness" of insect outbreaks and knows how variable an attack any insect may be even over a small area, will want to see this result repeated before putting his second dependence on it. It is to be hoped that future experiments will confirm it, but, in the meantime, it is best to be conservative in our practice. It should be stated that the bud moth has "died out" of the orchards, is like the premature announcement of Mark Twain's death, "greatly exaggerated".

**Apple Scab**

Those who were able to make their first application of spray or dust prior to about the middle of May should consider themselves fortunate, especially if they were able to have their second application completed by May 25th. Mr. C. F. Hockey, to whom we are indebted for keeping a careful watch of the situation, informs us that there was a slight spore discharge from the dead leaves as early as May 8th, at Nictaux, and May 14th at Kentville, and a further slight but general infestation on the 25th. Orchards subject to twig infection required even earlier applications, since spores were found discharged from infected twigs at Canning on May 4th. In such cases, liquid applications would have been in order.

Provincial Entomologist.

### OUR CHARACTER

When is a man's real character most visible to other men? Is it when he is conscious of being "the observed of all observers"? Nay, not then, for then he is on his guard, and is apt to conceal his real self. But when he thinks himself unwatched and unscrutinized, he acts out what is in him. His real character comes to the surface. And the silent, seemingly inattentive spectator of his conduct often receives an impression of what the man really is.

A priest the other day, who was examining a confirmation class in the South of Ireland, asked the question, "What is the Sacrament of Matrimony?" A little girl at the top of the class answered, "Plaze, your riverence, 'tis a state into which souls enter to prepare them for another and a better world." "But her down," says the curate, "put her down to the fut of the class, 'Lave her alone," said the priest; "for anything you or I know to the contrary, she may be perfectly right."

An automobile going east near the top of hill of dyke road narrowly escaped running over a small girl, who apparently ran deliberately out from a bunch of little girls on the way home from school, in front of the car, but the quick action of the young man driver merely escaped her. Children so careless should be corrected.

"ROAD IMPROVEMENT"

To the Editor of THE ACADIAN Dear Sir,—The tax payers of Davison Street wish through the columns of THE ACADIAN to thank our overseer in regard to the much needed improvement on our streets.

Having spent two days with road machine, four pair of horses, with drivers, and three or four men to place the sods in the middle of the road, it is not to be wondered at that two of the highest power cars in the county should have to be rescued from the bottomless mire by the always faithful horses?

The road leading from the Main road to the church also received a touch from the hand of disaster, being left all of six feet wide with bushes towering overhead.

The only portion of gravel on the street also got an almost equal share of mud along with the rest, but this must be all right, for the boss said all we needed at the mountain was looks, and we got it indeed. This is similar to the D.A. case. Our roads do not need any more repairing as the overseer himself was boss.

Thanking you for space, Yours, SLEEPYHEAD.

FRUIT BLOOM

(By Margaret Widdemer) Blossom of the pear tree, blossom of the cherry, Blossom of the apple that is sweet as dawn o' day, Flower of the peach tree, star of meadow berry.

Out where winds of May blow, up when April passes, Fruit blooms have no time to wait till half the year shall turn!

Poppy flower and gold glow, dames of lazy summer, Rose and black-eyed Susan, they can flaunt and that is all, They are drowsy gentlefolk, each one a later comer.

Blossom of the pear tree, blossom of the cherry, They are up at work by Spring, their perfumed snows unfurled, While the days are bonniest, while the year is merry— They must make good haste to turn to fruit for all the world!

GOOD ADVICE

If you wake up drab and gloomy, get up quickly—right away. And think of all the nicest things can happen in the day. Think, too, of all the kindest folks you've ever, ever known— And by the time you've finished this, you won't feel sad and lone!

Don't say, "I can't eat anything!" but if you can prepare A dainty little meal for one—with extra special care, And then sit down and eat it! This isn't selfishness, But just a bit of medicine to cure your dismalness!

Then if you still are feeling pangs of "want-to-sit-and-cry", Just put your hat upon your head—get out of doors and try To find some golden sunshine—some laughter, joy, and jokes, And when you've found them pass them on to other moody folks!—Lillian Gard.

## FLESH CHIFFON DANCE FROCK IS TRIMMED WITH FLESH LACE

There is a decided vogue this season for all the soft, creamy frocks, such as flesh, mink, mink and the very delicate tans.

The lovely dance frock above is developed in cream colored chiffon, and trimmed at the neck and waist-line with tulle of cream lace to match.

The same frock would be attractive in any pastel tint, such as pale pink or yellow or blue, with cream lace insets for color contrast.

And all down Give-Out creek, and at the creek now called MacPherson, as he bent under the willows and looked for places to cast without tugging his line in the branches, it was as if the original Margaret was with him in that quiet valley where only the creeks tom-tomed.

But ever and again, all day, his mind reverted to its sad theme and he spoke aloud.

Angus sat frowning. "Even that, I think, is beyond me," he said. "If I ever get home again you will have to teach it to Ecuador, and he'll maybe teach me. It was wonderful how quick I taught him to say Elcefechan."

"Put up Your Hands!" Angus had not told Piccolo all that was in his mind. He thought it better not to. He was inclined to be reticent in matters affecting his feelings.

"How would it be, Scotty," said Piccolo, after a pause, "if you stayed here tomorrow? I've been looking at the lie of the land from down in the bottoms here, and it is undoubtedly up this side that we should go to get to the place where we want to go."

## PORT WILLIAMS AND VICINITY

Miss Knappan, of Halifax, has been the guest of Mrs. Foulis Newcombe, Belcher Street, for a few days.

Mrs. Paul Mosher, of Halifax, has been visiting her parents, Mr. and Mrs. Bedford Chase, Belcher Street.

The "Loyal Workers" Sunday School class of the United Baptist church held a pie sale in Temperance Hall on Monday evening, realizing over \$25.00.

Mr. Doll, of Belcher Street, returned last Tuesday from Allantown, Pennsylvania, where he had been spending the winter.

Mr. Thos. MacCabe, Church Street, had the misfortune to lose a valuable horse last week. Having only purchased the horse very recently it makes the loss more keenly felt than it otherwise would have been.

Mr. Elias Curry, of Wolfville, is spending a few days as the guest of Mr. and Mrs. O. G. Cogswell.

Miss Mildred Lloyd, of East Sable River, is visiting her cousin, Mrs. Frank Lloyd, also her sister, Miss Dorothy Lloyd.

Mrs. Margaret Beanson, of Belcher Street, is the guest of her daughter, Mrs. Wm. Bishop, Sunnyside.

Miss Lucy Cogswell and Miss Eva Steadman are the guests of their cousin, Mrs. W. A. Hiltz, Klondyke, Kentville.

The item in last week's issue re Miss Maud Hocken, should have read, Miss Maud Tennant, visiting her sister Mrs. R. S. Hocken.

Rev. and Mrs. O. N. Chipman, accompanied by their son Harold, left for Boston on Friday, May 29th, where Harold will undergo another course of treatment. Mr. and Mrs. Chipman intend visiting their daughter, Mrs. Brown, in Pennsylvania, also their son Roy, who has been at Yale University.

Dr. Hutchins, of Acadia University, Wolfville, occupied the pulpit of the United Baptist church on Sunday evening, May 31, and was thoroughly enjoyed by a large congregation. Dr. Hutchins is a man of rare ability, therefore is always appreciated wherever he goes, both far and near.

Mrs. M. K. Ellis, Belcher Street, entertained a number of friends at an afternoon tea on Tuesday afternoon, in honor of her sister, Mrs. MacNaughton, of Vancouver.

The little daughter of Mr. and Mrs. Robert F. Newcombe had a very narrow escape from being killed on Tuesday. When their car was being backed out of the barn, the little one ran toward it, and was knocked down by the car. Only the presence of mind of the parent averted that which would have been a fatal accident.

Mr. and Mrs. M. K. Ellis motored to Digby on Wednesday accompanied by their son Lewis, also Mr. and Mrs. MacNaughton, who have been visiting them, and are now on their way back to their home in Vancouver, British Columbia.

On June 3rd a great many people from here visited Kentville to take in the annual horse show and parade. Although it was a dull day, their enthusiasm was as great as the sky was clear.

A goodly number of the ladies of the Women's Institute went to Wolfville on Tuesday to attend the demonstration of cooking fish, given by Mrs. Evelene Spencer, who is touring the province, giving lectures where space is available. Mrs. Spencer is well qualified for this work, having had years of experience, which after all is the best teacher, and the ladies who attended the meeting most certainly were well repaid. Each one present was served with a helping of freshly cooked fillet of cod, the "Spencer" way, and an epicure might eat it and have nothing to say other than, "It was delicious."

Mrs. Ira Porter, of Yarmouth, is visiting her sister, Mrs. Elizabeth Eldridge, Main street. Mrs. Porter is accompanied by her friend, Miss Elizabeth Moses, also of Yarmouth.

Several people in and around Church Street motored to Canard on Wednesday morning to attend the Starr-Dickie wedding, which took place in the Upper Canard Presbyterian church. The contracting parties were Miss Gladys Dickie, of Sheffield Mills, and Mr. Robert Starr, son of Mr. and Mrs. Percy Starr, of Starr's Point.

## WHO WROTE THE CORRESPONDENCE FROM WARD REGARDING ASSESSMENT?

To the Editor of THE ACADIAN

Mr. Editor,—Kindly allow me space in your valuable paper to bring before the electors of Kings county the true explanation of some of the facts so grossly misrepresented by Mr. Wood in his letter that appeared in the Berwick and Kentville papers. I cannot believe that Mr. Wood himself would stoop to so misrepresent the facts regarding the assessment in his ward; it would appear that he was influenced by some lower power, for why should he wish to mislead the public?

For the sake of comparison I will quote Mr. Wood's figures:

Assessment for the years 1923 and 1925 respectively:

L. H. Brown, Liberal \$225.00 \$300.00  
H. Barlow, " 700.00 500.00

Emerson Spicer, " 200.00 300.00

C. Swindell, Conservative 250.00 250.00  
You will note that Mr. Wood compared the 1923 assessment with the assessment of 1925, omitting the year 1924, when many of the changes were made, which Mr. Wood attributed to me.

I shall now give the figures of the local assessors for Ward 14, 1924 (omitted by Mr. Wood) and my assessment for 1925.

Mr. Lemuel Brown's assessment was as you will note, neither raised or lowered by me. According to the books I have here, Mr. Brown's assessment was raised \$25.00 when he purchased for \$25.00 the Base Line Road farm (so called by Mr. Wood). Does a few acres of land without buildings constitute a farm?

Mr. H. Barlow was assessed \$700.00 before his fine house and barn, built by Capt. McBride, was destroyed by fire. After this loss the ward assessors reduced his assessment to \$500.00 which I am sure showed good judgment. He now has a small bungalow and an unfinished barn.

Mr. Ed. Spicer's assessment was increased by the addition of the property formerly assessed to his son Ed. Spicer, Jr.

Mr. E. Doucette's assessment was lowered in order to compare favorably with other property in the ward.

Mr. C. Parrish was lowered \$125.00 on personal property. He formerly owned 25 head of cattle, grain grinder and threshing outfit, which he has now sold and now owns one cow and a pair of steers.

Ex-Councillor D. B. Parker has been raised \$100.00 by me rather than lowered \$100.00 as inferred by Mr. Wood. You will note by the figures above that the assessment of Messrs. Beanson and Jackson were not raised by me, and before the lists were made out and they

This puzzle took 15 minutes to solve. See how long it will take you to solve it

were both satisfied with their assessment.

Mr. E. Gould's assessment was raised by the addition of his son Leland's property, which was omitted from the rolls in the year 1923. Also on account of wood lot purchased by Mr. Gould, as well as the large stock which Mr. Gould keeps—25 to 30 head of cattle.

Mr. Anderson's assessment was raised on account of increase in personal property.

Mr. Isaac Spicer, who, according to Mr. Wood, was raised \$50.00, was in fact lowered \$25.00.

Mr. Fred Ayer's assessment was increased on account of having built a new store, also his stock in trade.

Mr. Perry's assessment was raised \$25.00 instead of \$100.00.

The slight increase of \$25.00 in Mr. Morris' assessment was on his private

yacht, personal property.

Mr. Emerson Spicer was raised on account of his purchasing a forty acre lot.

Mr. C. Swindell in 1924 was assessed \$250.00 and his assessment still remains the same.

The name of "Cornelius Richardson" was copied from a previous book but on finding it was an error, it was erased from the roll last December.

Mr. Wood asks, what is being done with the "additional taxes" collected from Ward 14. If Mr. Wood had made himself acquainted with all the facts and obtained correct figures, he would not be asking that question, but would be congratulating Ward 14 on having its burdens lessened.

The exact figures are as follows: Total amount taxes asked from Ward

14 in 1924 \$1683.69  
Total amount taxes asked from Ward 14 in 1925 \$1400.55  
Total decrease for 1925 \$283.14

This is the "last assault" and "the abuses" that Mr. Wood refers to. Mr. Wood's opinion is that I do not know whether the residents of Ward 14 "live in mud huts or mansions"; possibly the reading public might infer that Mr. Wood himself lived in a mud hut judging from the mud he has thrown.

Mr. Wood seems to insinuate that I have been imposing on Conservative rate-payers and favoring Liberals, which if true would be a grave injustice. If Mr. Wood would look into the assessment of the various wards he would find that in some sections, it was necessary for me to raise Liberals and lower the Conservatives—in other sections vice versa.

I may sometimes have erred in my judgment, but as to the "unfairness" of which Mr. Wood writes, I consider the insinuations as entirely unwarranted. That is something to which I would not stoop.

Thanking you, Mr. Editor, for your valuable space, I remain, Ward 14, Yours truly,
