Country-Wide Survey Reveals Splendid Prospects

For Fall Business in All Lines

"Basic conditions the country over are more promising for Fall than at any time since the war. Frozen credits have been thawed, excess stocks disposed of and production is under demand in many lines of staple commodities"—Atlantic Coast Merchant.

Construction contracts awarded in Canada as compiled by the MacLean Building Report Ltd., show the grand total for the year to date is far in excess of a year ago.

Crops, all wheat shows an increase of 20,110,000 bushels over final returns for 1921. Oats, Barley, Rye, Hay and Clover all show increases over last year.

The above facts show that Prosperity is already here, are you prepared to meet it?

It not, it is to your interest to let us supply you with your requirements.

From its inception A. D. Farrah & Co. has accepted responsibility for the quality of merchandise it sells. It is constantly searching for better materials and values. It spares no effort to market the very best of merchandise at the lowest possible prices for such quality goods.

Being centrally located, we can save you money on freight charges, we can serve you quickly. Our small overhead expenses and large turnover insure you lower prices on the following lines:

Palmer Brand Larrigans
Atlantic all wool Underwear
All wool Mackinaw Clothing.
Far-a-Head Sweaters
Shirts, Sox, Mitts,
Gloves, Boots

Can you drop in our store here or shall we tell our traveller to call?

NEWCASTLE,

N. B.

NEWCASTLE WINS FIRST GAME 7-1; LOSES SECOND 4-1

Locals won afternoon game 7 to 1, while visitors take evening game 4 to 1.

Between six and seven hundred fans witnessed the ball game between the locals and the C. N. R. team of Moncton in the Farrell Field on Labor Day. It was the fastest and cleanest game seen in Newcastle for years and made those present feel as if they were watching a by-gone game in the days of old. The visitors were a snappy aggregation and put up a 1 quality of baseball, but the locals were on their metal from start to finish and furnished a quality of support that it is difficult to equal. The weather was delightful and the game proved to be the great attraction of the holiday, the locals winning by the score of 7 to 1.

Wilson, the first man up for Moncton in the first inning was the only man who scored a run for the visitors throughout the whole game. In each inning thereafter, with the exception of the 5th and 8th, only three men came to bat when their side was retired.

In the 5th and 8th, four men were at bat but before any of them could score, their side was retired leaving a man on base in each inning, making in all only two men left on bases. The visitors had 5 errors chalked up against them and secured only 5 hits during the game. Downey pitched a good game, striking out 6 men, one man was hit by a ball pitched by him and he sent 3 to their base on balls. In the middle of the 8th with one man down and two runs having been scored, Lowerson relieved Downey and the next two men up were struck out, retiring the locals.

The locals put up their best game of the season and notwithstanding that they were handicapped by three of their players being absent from town, the quality of ball played by the team as a whole, was worthy of professionals. The in and outfield gave Craig excellent support, and no matter what went out, either fly or grounders, the fielders were Johnny on the spot and gobbled them up like hot cakes.

Melrose—at second played a star game and was responsible for the only double play of the game, which he put over in the 3rd, and immediately after picked up a hot one, throwing to first and retired the side.

Murray—played a good third and Jeffrey a first class first position and had no difficulty in fielding any and everything that came their way.

The locals scored their first run in the 2nd winning which was earned by Jeffrey. In the 3rd and 4th they failed to tally but in the 5th they started a merry-go-round and scored three runs, earned by W. Murray, Melrose and Jeffrey. In this inning, Melrose made a nice steal from 1st to 2nd and Murray scored on the throw to second, which was the beginning of the merry-go-round in this stanza, while the other two scores were made possible by a nice hit by Craig.

In the 6th MacMichael scored, making it five, while in the 7th they failed to tally. In the 8th MacMichael and McKenzie each scored making their total 7.

The locals proved superior at the bat and had 11 men left on bases, while their opponents only had 2. They secured 17 hits off Downey and only 3 minor errors were chalked up against them.

Craig—pitched a good game although, he had only two strike-outs to his credit, the fielding of the players making it unnecessary for him to pitch a strike-out game. He did not send a man to base on balls and was not guilty of hitting a man by a pitched ball.

The game was called at 3.30 o'clock and finished at 4.30, just one hour being necessary to complete the game which was one of the fastest games ever played in this community.

Greene umpired balls and strikes, while Watling of Chatham looked after the bases, each giving entire who attended the two games.

CHARGED WITH STABBING PRIEST AT ROGERSVILLE

John Sullivan Under Arrest at Newcastle on a Serious Charge—Slashed Father Timothy Augustine of the Trappist Order.

John Sullivan was arrested at Rogersville on Thursday and brought to Newcastle, charged with stabbing Rev. Fr. Timothy Augustine, a member of the Trappist Order. The stabbing took place in the cemetery Thursday morning, but nothing definite can be learned as to the cause of the attack on the priest.

It is reported that Sullivan's assault is the result of an old grudge, while another report alleges that the accused is mentally deranged. Father Augustine was stabbed in the face, the knife penetrating to the mouth and cutting the tongue. The wound is a severe one, but is not expected to prove serious. The accused's wife died in the Hotel Dieu hospital at Chatham about a year ago.

The arrest of Sullivan was made by Constable John Bastion.

Further particulars are that Father Augustine, who is the leader of the Trappist Order at Rogersville, was en route to the Post Office and while passing Sullivan, who was standing in front of the cemetery, the latter without a moment's notice jumped on the priest, knocked him to the ground and stabbed him in the face, the knife entering just below the cheek bone, inflicting a nasty wound about three inches long and badly lacerating the interior of the mouth. Had the blow been half an inch further up or down the result would have been fatal.

Spectators about thirty yards away rushed to the priest's assistance, while Sullivan, when he realized what he had done, went to his home where he was arrested later. When asked why he had committed the assault he remarked that he did not like him. Sullivan is held on the charge of attempting murder. He has always been a peaceable, law respecting citizen and was for years section foreman at Rogersville, but now retired. He is a native of Douglstown and a widower.

satisfaction to both players and fans.

The line-up was as follows:

Moncton	
Wilson	Left Field
G. Elliott	Centre Field
Turner	Right Field
R. Elliott	Short Stop
Ramsay	Second Base
Carroll	Third Base
McAllister	First Base
Delhaunt	Center
Downey	Pitcher
Lowerson	Pitcher
Runs—1, Hits 5, Bases on balls off Craig 3, Strike-outs by Downey 6, by Lowerson 2, Errors 5.	

Newcastle

MacMichael	Left Field
McKenzie	Catcher
McCabe	Short Stop
W. Murray	Third Base
Melrose	Second Base
Jeffrey	First Base
Craig	Pitcher
Morris	Right Field
C. Murray	Center Field
Runs—7, Hits 17, Strike-outs by Craig 2, Errors 3—Struck by pitched ball 1.	

In the evening a five inning game was played with the result that Moncton won by a 4 to 1 score. Lowerson pitched for the visitors, while Craig again performed for the locals on account of the absence of Ryder. The visitors secured their lead of 3 runs in the initial inning and scored their fourth tally in the 4th.

The locals played good ball, but while filling the bases on two occasions, which looked like good opportunities for them to tally a few runs, were unable to get a man over.

The visitors were recognized as good clean sports and took their defeat and victory gracefully, which pleased not only the members of the local team but also the many fans, who attended the two games.

LIVELY OPENING FOR ASSEMBLY IS PROMISED

Early arriving delegates to the third assembly of the League of Nations bring reports of pessimism throughout Europe, owing to the failure of the Genoa and Hague conferences and the London meeting of the Allied Premiers. They declare with one accord, that the time has come to speak out and call things by their right names, and fix responsibility for the increasing demoralization of Europe.

This promises, for this week, a lively opening for the assembly which will take up, first of all, a report on the activities of the Council, after which the Commission will be given an opportunity to raise and discuss every question within the scope of the League of Nations and the Council.

Lord Robert Cecil and other delegates, declare that the assembly is competent to discuss, and ought to discuss, every angle of the economic situation in Europe, including reparations, France, and perhaps Belgium. will plead that the assembly is incompetent to discuss this question, which is regulated by the Treaty, but certain delegates believe that nothing can prevent its discussion as it is so closely related to the economic situation.

During such interpellations the Council would be questioned and asked to explain itself on all short comings in the work of the League during the past year. Failure to do anything for Austria would it is pointed out, particularly furnish material for this kind of a debate.

The possibility of the presence of Premier Lloyd George largely increases the interest in the assembly proceedings. It is openly stated, by some of the delegates, that the British Prime Minister will take this opportunity for a strong effort to force action on the economic situation. Committees and sub-committees continue their efforts to agree on the text of the treaty for the reduction of armaments for submission to the assembly. They are taking as a basis, three propositions, the first, Lord Escher's, for the reduction of land armaments; second, Lord Robert Cecil's, for regional agreements guaranteeing the security of the signatories, and, third, the proposed extension of the Washington accords to naval armaments.

Lord Robert Cecil's plan is strongly favored as it is the first move to insure security, the lack of which is the most common pretext for maintaining armaments.

N. B. TO HAVE FUEL ADMINISTRATOR

St. John, N. B. Aug. 30—Coal dealers of the province, in conference with Hon. W. E. Foster, Premier of New Brunswick, here yesterday, decided that, in view of the situation in connection with the supply of anthracite coal, a fuel administrator should be appointed by the provincial government. The duties of this official would be more particularly to try to obtain New Brunswick's share of any anthracite coal which might be available, and to see that it is distributed equitably to the various dealers. It was not found necessary to take any action concerning soft coal supplies.

Representatives from provincial centres were present and after the meeting Premier Foster announced that the fuel administrator probably would be appointed by the provincial government at its meeting in this city on Thursday.

Daily aeroplane service between England and France has brought it out that more frogs and snails are consumed in London than in Paris. Wouldn't it be a queer quirk of Fate that if residents of the tight little Isle were to become known to Frenchmen as frog-eating Englishmen?

INSPECTORS CONSIDERED MANY SUBJECTS

The semi-annual conference of the school inspectors of New Brunswick was concluded Tuesday evening at the Education Office, Dr. W. S. Carter, Chief Supt. presiding. Subjects dealt with were, district difficulties, schools unvisited by inspectors, reasons for certain districts being without teachers, school-house aid for ensuing year, changes in Poor District List, county drafts withheld, courses of instruction, text books, teacher's training, Junior Red Cross reports by inspectors, county institutes, minimum salary scale, suggestions for county districts, changes in School Law.

A. S. McFarlane of the Normal School staff reported upon his visitation of schools in company with Inspector Hebert.

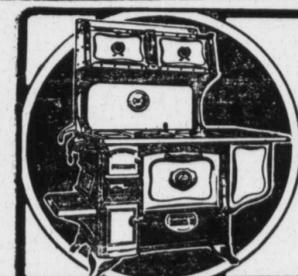

Inspector Moore was appointed representative of the inspectors upon the Text Book committee for the next two years. This appointment goes by seniority.

Livermore, Pa., is bragging about a peach ten and one half inches in circumference, Waist or Ankle?

ONTARIO MOTHER HELPS DAUGHTER

Mothers—watch your daughter's health. From the time she reaches the age of twelve until womanhood is established she needs your care and advice. Many women have suffered years of ill-health through lack of such care during this time. Lydia E. Pinkham's Vegetable Compound is a splendid medicine for girls and women. For nearly fifty years it has been helping mothers and daughters. Let it help you and your daughter.

Hamilton, Ontario.—"When my daughter was thirteen and until she was fifteen she suffered every month so that she could hardly move around the house and when she would have to be carried home. Besides the pains and the irregularity she also had headache, dizzy and faint spells, and soreness in her back. I saw your advertisement in the 'Hamilton Spectator' and got Lydia E. Pinkham's Vegetable Compound for her. She does not have the least bit of trouble now, and we both recommend your medicine. She works in a candy-shop now and seems well and strong. I give you permission to publish this letter as a testimonial."—Miss I. P. CLAUSE, 76 Walnut St., South, Hamilton, Ontario.

The Beauty Spot of the Kitchen

In its snowy jacket of white enamel, trimmed in burnished nickel, the Enterprise Monarch Range is the beauty spot of a woman's kitchen. A glance at it awakens her cooking instincts. Everything seems so easy.

ENTERPRISE MONARCH STEEL RANGE

And everything is easy. A wipe with a damp cloth cleans it, a turn of a handle increases or lessens the heat, it bakes all foods, the thermometer tells you just what is going on in the oven, your pie crusts come out golden brown, crisp and melting; your roasts team with flavor and goodness.

See the Enterprise dealer or a friend who has a Monarch in her kitchen, and write us for our FREE illustrated booklet.

At Boston connection is made via the Metropolitan Line express freight and passenger steamers for New York and points South and West.

For staterooms, rates and additional information, apply to A. C. CURRIE, Agent ST. JOHN, N. B.

THE PROBLEM OF THE MENTALLY DEFECTIVE

(Dr. J. G. Shearer)

The Mentally defective constitute, by no fault of their own, one of the greatest and most perplexing of social problems. This fact is all too little understood and appreciated.

It is usually estimated that from 1 1/2 to 2 per cent. of the population are below par mentally. On that basis there are in Canada from 135,000 to 180,000 of these unfortunates.

Some are idiots, utterly helpless and unable to care for themselves. Other are imbeciles, a grade higher than idiots, but unable to support themselves, and requiring constant oversight and protection.

Between the imbecile and the normal are the much larger proportion who because they are not easily detected constitute the greater menace. After they reach adult years they remain mere children in mentality and self-control, yet possessed with all the passions, propensities, and desires of adults.

It is easy to see what a menace this combination constitutes, to them selves and to the community.

Their sexual propensities are unusually strong, and they have neither mental vision to foresee the consequences of indulgence, nor moral self-control to govern their passions. They multiply twice as fast as normal folk, and always reproduce their own kind and this quite regardless of whether they are married or not.

In the board of Education offices in Vancouver, is a family chart showing that some years ago an alcoholic man married a feeble minded woman. Twelve children were born. Three fortunately died young. The nine who grew up are all feeble minded.

One of these a young woman now in her twenties, is the illegitimate mother of five children all feeble minded. Fourteen mental defectives, each one a social problem, from one marriage that never should have been allowed.

It is estimated by those best qualified to judge that two-thirds of all prostitution is due to feeble mindedness. Moreover a large proportion of the children born out of marriage have feeble minded mothers. These women living in promiscuous sexual indulgence soon develop venereal diseases, and infect all their male associates.

Many of these associates are normal young men who afterwards marry, and infect their innocent wives, and pass on the dread heritage of these terrible diseases to their children. It is estimated that not less than forty per cent of venereal disease is due to this source

BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON, NEW ROCKLAND, P. Q.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me.

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer.

Some thought the Asthma would come back on me as winter came on but it has not, thanks to 'Fruit-a-tives' Mrs. J. M. PENNINGTON, 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

At least fifty per cent of all crimes in general are committed by these unfortunates. Their uncontrolled passions lead to assaults, common or indecent, to incendiarism, to murder, to burglary, to banditry, to the demoralization of children of both sexes.

Many of the epidemics of vice in schools is due to the presence of a small group of feeble minded girls or boys or both. Normal children especially boys are by them led into vice, and the evil rapidly spreads. Mischievous is thus done that will curse these youths for years if not for life.

It is false economy not to provide for the care, training or restraint of these defectives. A large part of the enormous cost of administration of Justice, police courts, goals, prisons, reformatories, etc. could be saved if adequate provision were made for their segregation, specialized training, and the prevention of the reproduction of their kind. A subsequent article will however deal with the remedy for this great social evil.

BODY OF SIR WILFRID LAURIER BEING REMOVED

There is a possibility of the body of Sir Wilfrid Laurier being removed from its present resting place in Notre Dame Cemetery. Plans are now being completed which call for certain changes in the cemetery and when these are completed the body of the former Liberal chieftain may be placed in a final resting place just opposite the main-gates of the cemetery where the large vault is at present.

The oil vault which has done duty for over fifty years is being removed. This work commenced last week. A new one is being built a few hundred feet north of the present site on the spot formerly occupied by an old circular toolhouse.

Buffalo For England

A pair of buffalo from the great Canadian herd in Buffalo Park Wainwright, Alberta, will be shipped to England early this fall for the purpose of introducing new blood into the herds in the Zoological Gardens at Regent's Park. The shipment will probably go east late this month or early in September and will be accompanied by an attendant who will place the animals on board ship.

The only herd of buffalo of any size in England is that owned by the Duke of Bedford at Woburn Park, containing about sixty animals. Buffalo were first introduced into the Old Country in 1891 when ten full grown animals were shipped by Colonel C. J. Jones, familiarly known as "Buffalo Jones," from his own herd at McCook, Nebraska, to C. J. Leland.

Some of these afterwards came into the possession of the Duke of Bedford and were added to by purchases from Col. Goodnight and Carl Hasenback.

The shipment of buffalo from the Canadian herd at Wainwright this fall will be the second of its kind to Great Britain. Late in 1913, at the instance of the late Lord Strathcona, a donation of two three-year-old bison was made to the Royal Zoological Society of Ireland to be placed in the Dublin Gardens where they have now increased to five. Loans of buffalo to the Zoological Collections in various Canadian cities under a bond guaranteeing adequate provision for the health and maintenance of the animals have also been made from time to time.

EXPECTS TO DRIVE BILL SHAREN IN 2.01

Last week Bill Sharen was expected to get into real action on the Grand Circuit. He has a \$5,000 engagement in the Massachusetts stake for 2.12 trotters at Readville and he has \$10,000 engagements this week and the week after at Charter Oak Park, Hartford, Conn., and New York State Fair at Syracuse, with other rich races at Columbus, Lexington and elsewhere the following weeks. Canadians will watch him carefully, for he is not only the highest priced trotter ever bred in Canada but he has also established himself as the fastest trotter this Dominion has ever carried out.

Tommy Murphy, the owner says he expects to drive Bill Sharen in 2.01 this season.

Failed By Two Miles To Swim English Channel

Enrique Tirabocchi, Italian swimmer, failed by two miles to swim the English Channel. Tirabocchi made a magnificent effort to accomplish his task. He was 19 1/2 hours in the water and was about two miles off St. Margaret's Bay when he became exhausted and had to quit.

BAPTISTS WILL MEET THIS WEEK AT WOLFVILLE

The Untied Baptist Convention of the Maritime Provinces will be held in Wolfville, N. S. Thursday, Friday, Saturday and Sunday. The question of Acadia's entrance into the proposed scheme for federation of Maritime universities will be taken up on Thursday.

To Those Who Bake
EXPERIENCE has taught good cooks that there is no flour quite as good as Beaver Flour.
BEAVER FLOUR
is the ideal flour for all baking purposes. It is a blended flour, combining the richness and delicate qualities of the world-famed Ontario Winter Wheat with the strength and body of Western Hard Wheat.
Beaver Flour imparts to bakings the qualities which make your bread, pies, cakes and pastries real food treats.

DISLOCATES ARM TRYING TO DRESS IN PULLMAN

Buffalo—Dr. R. E. F. Lack, of Asheville, N. C. threw his shoulder out of joint trying to dress in his

berth on a Pennsylvania train which arrived here this morning. He could not set the shoulder without assistance and he suffered greatly until the train reached Buffalo, where he got medical aid.

POSTAL C. O. D. PARCEL DELIVERY

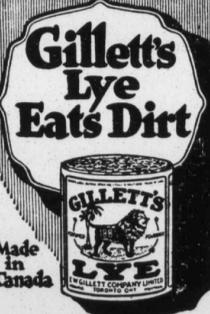

Another step Forward in the Services Will Start on October 1.

October first will see another step forward in the service which the post office department of the Dominion is rendering the public at large, for on that date the new C. O. D. delivery of parcels will be started. This will be a great convenience to the purchasing public and to the business men as well. It will enable the merchant to do business with any and every one, regardless of whether he knows the rating of the party ordering, and the buyer can do his purchasing by long distance, and pay for the goods when they arrive.

The instructions for the new service were received last week. The C. O. D. privilege will be available only at post offices which conduct a money order business and on rural free delivery routes which start from a money order office. For instance, those living on the R. F. D. route to Redbank may avail themselves of this service as the mail is made up from Newcastle a money order office. Amounts up to \$100 will be collected in this way, the charge for the service being 15 cents on amounts from \$50 to \$100. This must be paid by stamps, by the sender of the parcel and the cost of the money order, by which the amount is remitted to the sender of the parcel is paid by the recipient. The payment of the amount for sending the parcel C. O. D. does not really cost the sender very much as it covers the insurance of registration, as the case may be. Insurance in the case of parcel post and registration in the case of other classes of

Household Necessity

Make Gillett's Lye your household assistant. Use it for making soap for washing dishes for cleaning sinks for washing greasy pots and pans. It cleans and disinfects.

post matter.

A special tag has been provided for these C. O. D. parcels which is in effect an address label and receipt in one. It is printed in four sections. One is a receipt for the sender, the second is for the office where the parcel is mailed, the third for the office receiving the parcel and the fourth section for the money order department.

CONTAINS DETAILS OF MANY PAPERS

August 1922 Directory Issued by McKim, Ltd., Has Valuable Information.

Of peculiar value to men planning an advertising campaign, or engaged in publishing, salesmen planning their itinerary, or shippers routing their goods, is the 1922 edition of the Canadian Newspaper Directory, recently issued by A. McKim, Limited. In this directory every town or village in the Dominion which boasts a newspaper of any description is described in detail; the exact location of each town is given in its relation to other centres of importance, the railways and waterways by which it is served, the telegraph, banking and express facilities, the public buildings, chief industries, and occupations of its inhabitants.

Precise information is afforded regarding the newspapers that are published in these towns, their periods of issue, dates of publication, names of publishers, politics, subscription prices, circulation and form of the paper. From this directory it may be noted that there are today 125 daily papers being issued in the Dominion, an increase of four over last year. There are 999 weeklies and 301 monthlies. With other publications issued at various intervals, there are in all 1,543 journals of one sort and another being read by Canadians at this time.

SEMI-MONTHLY CROP REPORT

Semi-Monthly Crop Report for Period Week Ended Aug. 31st., Issued by Provincial Department of Agriculture.

The semi-monthly crop report by the Department of Agriculture states Earlier expectations of a large grain harvest have been jeopardized by heavy rains falling on the 26th, 27th and 28th of August particularly in the southern part of the Province. Cutting has commenced and much grain, particularly wheat and oats, has suffered severe damage. Over a large extent of country the grain has lodged badly. Buckwheat is the best it has been for a period of years. The gathering of hay has been a slow and tedious process on account of protracted rainy weather. On the salt marshes haying will continue for three weeks. Some upland and island hay remains to be made.

The milk supply is generous on account of abundant aftermath. The cutting of ensilage is in progress. Root crops of all kinds will yield above the average.

The potato crop shows little change since last reported on. Prospects in the commercial export potato growing districts are for a crop free from Late Blight attack. Evidence of Late Blight infestation in local areas of Kent and Westmorland where the crop was unsprayed is reported.

Appointed Administrator of Lord Northcliffe's Will

Sir George Sutton, chairman of the Amalgamated Press, has been appointed administrator of the estate of the late Viscount Northcliffe, pendente lite, it was announced Thursday. All parties interested in Lord Northcliffe's will, consented to the appointment.

Some Large Insurance Policies

The Insurance Press, New York, says the following amounts were among the largest paid in New Brunswick last year: Joseph A. Tilton, St. John, and Fred Ryan, Sackville, \$25,283 each; J. H. Hickman, Dorchester, \$20,000; Hon. Peter McSweeney, Moncton, \$15,250; William C. Coffin, Fredericton, \$9,000; David J. Buckley, Newcastle, \$5,015; Chas. H. McGee, St. George, \$5,120; Louis A. Abbot, St. Stephen, \$5,000; S. H. White, Sussex, \$5,000. A St. Stephen man, whose name is not given, was insured for \$5,000 when he died.

States Influenza Is a Bigger Thing Than People Think It Is

An interesting contribution to the documents bearing on the epidemics which, with the regularity of a clock, sweep over this country at stated periods of the year, is the annual report for 1921 just issued by Dr. Hamer, Medical Officer of Health for London. Dr. Hamer deals with the influenza mystery in his report, and states that the disease is a far bigger thing than the people think it is. Its forms are so numerous that it passes under different names in different areas at different times. Sometimes it is so violent as to leave no doubt as to its real nature. But between the widely epidemic periods occur periods of comparative quietude. Then, in Dr. Hamer's phrase, influenza is "in mufti."

In this condition it is lost sight of. There may be an outbreak of illness, but each person gets his symptoms in his own weak spot, and so one person has gastritis, another a nervous breakdown, a third heart trouble and so on. Really, according to Dr. Hamer, all of them have influenza in a mild form, and when the wave passes they will all recover.

An authority is quoted as saying that influenza recurs every thirty-third week, but Dr. Hamer says it is in "mufti" until after Christmas, and so is lost sight of except during the early months of the year. He points out that there may be cases of confusion between influenza with a rash and scarlet fever. In any event, a sharp rise in mortality occurs in scarlet fever cases during the

CANADIAN NATIONAL RAILWAYS EASTERN LINES TENDER FOR TIES

Sealed tenders addressed to the undersigned and endorsed "Tender for Ties" will be received at this office until twelve o'clock noon, Saturday 16th day of September, 1922, for 1,500,000 Railway ties to be manufactured from timber cut between October 1922 and May 1923, and delivered between December 1st 1922 and September 30th 1923 on Canadian National Lines South of the St. Lawrence River, between Montreal and Sydney, including the Halifax and South Western, in accordance with the specification No. 3856 dated March 18th, 1919.

250,000 to be delivered on Canadian National Railway Lines in Nova Scotia.

800,000 to be delivered on Canadian National Railway Lines in New Brunswick.

450,000 to be delivered on Canadian National Railway Lines in Quebec South of the St. Lawrence.

Tender forms and Specifications can be obtained at the office of the General Tie Agent, Room 231 New Union Station, Toronto, J. C. Stewart, Tie Agent; Moncton, N. B., or J. Bain, Superintendent, Bridgewater, N. S.

Tenders will not be considered unless made on form supplied by the Railway Company. No tender for quantities less than 5,000 ties will be considered. The lowest or any tender not necessarily accepted.

Arrangements will be made through the local Tie Agent—J. C. Stewart, Moncton, or J. Bain, Superintendent, Bridgewater, to purchase ties produced in small quantities by actual Settlers from their own lands.

W. H. GRANT, General Tie Agent, Canadian National Railways

influenza prevalences. Incidentally, the Medical Officer of Health for London expresses the view that fleas play some part in the propagation of scarlet fever, although he does not claim this has been proved.

THE UNION ADVOCATE
A WEEKLY NEWSPAPER
Established 1867

TUESDAY, SEPTEMBER 5TH, 1922

A NEAR CRISIS AT OTTAWA

According to the Ottawa correspondent of the Montreal Gazette, who is believed to be very much in the confidence of certain influential members of the Mackenzie King Cabinet from the province of Quebec, there is something like a political crisis at Ottawa, with the possibility, if not the probability, of a general election before another session of Parliament is called. It is pointed out that during the last session the government was twice saved from defeat, at one time by the votes of Eastern Progressives and at another by the support of Conservatives and that the Government will be faced with similar conditions at the next session with parties as they are. How the Government might secure a safe majority is the question. It is said Premier King favors an alliance with the Progressives, and no doubt he would have entered into such an alliance when forming his Cabinet had he been able to make satisfactory terms of course had he done so he would have driven a good many of his supporters who believe in the policy of protection for home industry into opposition. At the last session Sir Lomer Gouin, who is by all odds the most influential member from the province of Quebec, made a speech during the budget debate that was as strongly protectionist as any ever heard on the floors of Parliament. He was backed up by another member of the Cabinet and some Government supporters and Mr. Fielding took no notice of these rebuffs, though he intimated that he might have delivered his last budget. The Ottawa correspondent of the Montreal Gazette says the Government is being urged by its Quebec supporters to go to the country and endeavor to secure a working majority, at the same time making it clear that these supporters will not tolerate a fusion with the western free traders.

The main objection to dissolving the House and going to the country is said to be the promise of Premier King at the conclusion of the last session and a redistribution of seats before another election. But as the Government has failed to observe the principal pledges and promises of its members and supporters made in opposition, it does not appear that this objection should be insurmountable if there appears a prospect of securing a majority. Mr. King's sympathies are probably with those who stand for some sort of free trade. He is a theorist rather than a practical man of affairs. But he is not likely to forget what happened the Liberal party in 1911 when the tariff was the issue. And he probably realizes also that by such strong men in the party as Sir Lomer Gouin he is tolerated rather than admired or looked up to as a leader. What may happen in the field of politics is about as uncertain as anything can be. Reading between the lines what appears in certain influential newspapers from time to time, a re-alignment of parties is a strong possibility, as there are many nominal Liberals who really believe in the policy of the party led by Mr. Meighen. There are difficulties in the way of such a re-alignment, of course, but circumstances may arise, as in 1911, to force men to forget minor differences and put country before party.

"FORGIVE THEM"

In the midst of death's throes, the true Irish Leader, Collins, breathed a prayer of forgiveness for the foul wretches, the murderers, who fired the shots, which ended his earthly career—"forgive them" were his last words.

The whole world has been stirred and shocked by the tragedy. Recognizing the fact that separation of Ireland from England and the Empire was impermissible and impossible, he had gained the greatest measure of home rule which could be granted. The "Irish Free State", raised that portion of Ireland which he governed, to the status of a nation, within the

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

PRESENTATION

Last Tuesday evening the members of the Young Peoples' Club and Choir of the Methodist Church met at the parsonage and presented Miss Edith Champion, prior to her departure for Toronto, where she will attend the Toronto Conservatory of Music, with a silk umbrella and a gold banded fountain pen.

Empire, a home rule power, free as Canada, part of the greatest world power the world has ever known, in loyal touch with and under the protection of the Motherland; the heart of the Empire's Imperial race.

The New Irish Government has had to meet rebellion, in the ranks of the Irish people themselves. The irreconcilable rebels under De Valera want total separation. The Loyalists under Griffiths and Collins devised and gained Home Rule—hence, we have Irishmen fighting among themselves on their own soil, and such scenes, as have brought disgrace upon, and discredited the name of the race. Ireland's enemies, all over the world are again shouting the old cry:—"Ireland is once more proving she is unfit for self government, and could not exist, without fighting among themselves."

Collins is laid to rest, his name enshrined in the hearts of his followers, and hallowed by the services, and grief of his Church. The highest dignitary in the Irish Roman Catholic Church, Cardinal Logue, has trenchantly uttered his sentiments upon the position; even to the extent of Excommunication, so that one faction in the struggle, find themselves classed, both as rebels against the State, and rebels against their Church. We quote the language of Cardinal Logue:—

"Our Country, which had never dreamt of such liberties had welcomed the terms of the Treaty—made by Collins and others—Then a rebellious faction arose who flouted the Government, nominated by themselves. The people got another chance of registering their opinions, and they declared for the Treaty, because it gave them the widest liberties. The fanaticism of the opponents has now developed into brigandage, and continued opposition to the authorized Government, until at the present time, there is no law or order in many parts of our Country. Those looters were having the time of their lives going about in stolen Motor Cars, committing outrages, robbing and living on the people, all tending towards the ruination of our Common Country. Such men, or anyone aiding and abetting them, in that fell work, are by the very fact, excommunicated, and are excommunicated by the Church."

"I have been stunned by the sad news of the death of Michael Collins. This second blow to the hopes of Ireland should awaken the consciences even of those misguided men who show their love of country by drenching its soil with blood and leave behind them a trail of piteous ruin and destruction. The young patriot, brave and wise, was the chief hope of peaceful and prosperous Ireland, and deeply sympathize with his colleagues and his relatives."

SAFETY FIRST

"Safety first" is a good maxim in most things, but particularly so in relation to the investment of money. The rich may afford to speculate and to take the risks attendant on high rates of interest. Those whose means are moderate must be careful to see that there is absolute security in their investments. For such people there is no other form of investment which takes such a high rank, combining absolute security with liberal interest, as the bonds of the Dominion of Canada. Holders of Dominion bonds bearing five and a half per cent, maturing December 1, 1922, can re-invest their money at the same rate of interest by exchanging the old bonds for new ones running for either five years or ten years, as the bondholder may prefer. Arrangements for carrying out this exchange can be made through all the chartered banks.

Run Down People
Weak And Nervous

Thousands in This Condition
Can Easily Help Themselves

There are thousands of people who bear the pain and discomfort of minor ills in the hope that the indisposition is only temporary and will be outgrown in time. Often such illnesses are not serious enough to require the attention of a doctor, but will respond to intelligent home treatment if a reliable remedy is used. Women busy with a multitude of household cares, young women in offices or stores, or girls studying hard in school, easily fall a prey to that condition of bloodlessness known as anaemia. The trouble need not be serious if prompt measures are taken to check it in its early stages. Dr. Williams' Pink Pills will restore the elements needed to bring the blood back to strength, and once the blood regains its healthy quality the entire body will soon show the benefit. Among the many who have found benefit through the use of Dr. Williams' Pink Pills is Mrs. Albert W. Smith, Missouche, P. E. I., who says:—"I was very much broken down in health, had pains in the region of my heart, and was so short of breath that if I went upstairs I would have to lie down as soon as I reached the top. Then a strange nervous twitching of the muscles took possession of me, and every muscle in my body would apparently be twitching. I became very emaciated, and my family were much alarmed as to my condition. At this time I read an article in our home paper concerning Dr. Williams' Pink Pills and decided to give them a trial. The result was that in a short time I felt much improved, and under further use of the pills I felt like a new woman, had gained 17 weight and was in every way better. I would urge anyone afflicted as I was to give Dr. Williams' Pink Pills a trial."

You can get these pills through any dealer or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

N. B. LUMBERMEN
ARE UNDECIDED

Larger Companies Have Made
No Move Towards the Season's Cut.

While some of the smaller operators are commencing to make preparations for carrying on cutting in the woods during the coming season on a fairly extensive scale, few of the large lumber companies of the North Shore and Miramichi seem to have taken any steps so far.

A canvas of the lumbermen has been unsuccessful in providing any illuminating information as to what they will do, except that they do not appear satisfied with the reduction made by the Government in stumpage on lumber unaffected by the spruce bud-worm or fire. The contention of the lumbermen is that they cannot pay even the \$4 rate and produce manufactured lumber at the fell work, are by the very fact, excommunicated, and are excommunicated by the Church."

One Miramichi lumberman said he had sold a million feet of lumber last week, but he added, the price was \$22 per thousand feet and it would not pay to get out logs at present rates for no better prices. It was said there was still ten or fifteen million of the old so-called Admiralty stock on the Miramichi and North Shore and British buyers did not yet seem ready to pay the prices which were necessary to cover costs of production of lumber under present conditions.

Boy's Suits

WILL NEWCASTLE
BE REPRESENTED?
Responses being received by the secretary of the St. John Board of Trade point to a very large attendance at the coming session of the Maritime Board of Trade, to be held in St. John on Wednesday and Thursday of this week.
Among the towns which have already sent in word that they were to be represented are:
Fredericton, St. Stephen, Moncton, Woodstock, Sackville, Chatham, Port Elgin, Caraquet, St. Max, Amherst, Kentville, Liverpool, Charlottetown, Summerside and Alberton. The Halifax delegation will include some of the most representative men in that city as follows: W. B. McCoy, secretary of the Industrial and Immigration council; Gavin L. Stairs, president of the Halifax Board of Trade; D. MacGillivray, maritime superintendent of the Canadian Bank of Commerce; G. Fred Pearson, a prominent lawyer and head of the Halifax Chronicle; Colonel Alex. Montgomery manager of the Halifax office of the Furness-Withy Company; A. B. Wiswell, of The Bell Company, and Alden Achhurst, of A. W. Whitman and Company. Kentville will be represented by Professor W. S. Blair, superintendent of the Experimental Station there; Mayor Chesley H. M. Chase.

Men in political circles who have signified their intention of being present include O. Turgeon, M. P., Bathurst; George B. Jones, M. P., Apohaqui; R. W. Grimmer, St. Stephen and R. B. Hanson, York; E. M. MacDonald, M. P., Pictou; D. A. McKinnon, M. P., of Charlottetown; Hon. A. K. MacLean, M. P. Halifax, and J. J. Hughes, M. P., Charlottetown. Hon. A. B. Copp, secretary of State, has an engagement in the west, but will be there if at all possible. Hon. Dr. J. B. M. Baxter, M. P., has also agreed to be present and Dr. Murray MacLaren, M. P. will be present on the second day. His Honor Lieut. Governor Pugsley and Premier W. E. Foster will be in attendance.

OBITUARY PERSONALS.

MRS. COLIN NEVINS
The sad intelligence of the death
of Mrs. Colin Nevins cast a gloom
over the community of Campbellton
on Tuesday morning last. After an
illness of about a month Mrs. Nevins
passed away about 3.30 on Tuesday
morning at the home of her daughter
Mrs. Donald McLaughlin. This
well known lady, who was the widow
of the late Colin Nevins, was in the
80th year of her age having been
born here in Nov. 14th, 1842.

The deceased lady leaves to mourn
six daughters, one son, three sisters
and two brothers, besides her numerous
friends throughout the province
and elsewhere. The daughters are
Mrs. J. Alex. Hendry of Vancouver,
Mrs. Frederick Perry of Charlottetown,
N. H., Mrs. Rufus L. Hicks of Dal-
housie Junction, and Mrs. Archibald
McKenzie, Mrs. Thos. N. Dickie and
Mrs. Donald McLaughlin of Camp-
bellton. The surviving son is Mr.
Franklin Nevins of Point la Niwi.
The three sisters who survive are
Mrs. E. Atherton Smith of St. An-
drews-by-the-Sea, Mrs. Joseph Scott
of Rivere du Loup, and Mrs. Robert
Dickie of Black Point. The two bro-
thers left to mourn are John of Rio
Vista, California, and Timothy of Dal-
housie.

The funeral was held Thursday af-
ternoon at two o'clock from the
residence of Mrs. D. D.
McLaughlin, Minto St. At
the close of the service the re-
mains were conveyed to Dalhousie
cemetery where interment was made.
The sincere sympathy of the com-
munity is extended to the relatives
in their sad bereavement.

FORMER RESIDENT

DIES IN NEWTON
NEWTON, Mass. Aug. 31—Funeral
services for Kirk Wood Hobart, who
died yesterday following an illness
of five months, will be held from his
home Saturday afternoon at 2.30
o'clock. Rev. H. Grant Person, of
Elliot Congregational Church, will of-
ficiate. Burial will be in Mt. Auburn
Cemetery.

Mr. Hobart was born in Brookline
77 years ago. After graduating from
Brookline High School he entered
the lumber business in Newcastle, N.
B. becoming a member of the firm of
Hobart & Taylor. In 1875 he joined
the firm of Putnam & Trethewey. Ten
years later he became a partner in
the concern of W. H. Trethewey &
Co. In association with B. Waldo
Hobart, his eldest son, he formed the
firm of Hobart & Co of Boston, in
1900.

Mr. Hobart held membership in the
Boston Wholesale Lumber Dealers'
Association and the National Har-
wood Association. He was a member
of the Boston City Club and the Bos-
ton Chamber of Commerce and for
55 years a Free Mason. He leaves
a wife, who was Henrietta Hamill
and four children, B. Waldo Hobart,
Janie D. Hobart, Mrs. H. L. Nason of
Brookline and William T. Hobart.

SOCIAL SERVICE CONVENTION

The Convention to be held under
the auspices of the Social Service
Council and the N. B. Temperance
Alliance on Wednesday afternoon
and evening in St. James' Hall is be-
ing eagerly looked forward to. The
meetings will be addressed by Rev.
Dr. Shearer, Rev. W. D. Wilson and
Rev. H. A. Goodwin. All are cordially
invited to attend and much good
will no doubt be derived from the
meetings.

Mr. John Russell was a visitor to
Moncton last week.

**A Gentle Laxative
For The Children**

Mothers—the surest way of keep-
ing your little ones well and happy;
whether it is the new-born babe or
the growing child is to keep their
bowels regular and their stomach
sweet. Nine tenths of all childhood
ailments are the result of clogged
bowels and sour stomach. The most
necessary and the best medicine for
little ones is a gentle laxative—some-
thing that will relieve constipation;
sweeten the stomach and promote
rest and natural sleep. Such a medi-
cine is Baby's Own Tablets. They
are a gentle but efficient laxative;
are absolutely guaranteed free from
opiates or other injurious drugs and
may be given to the youngest infant
with perfect safety. They banish
constipation and indigestion; break
up colds and simple fevers and give
the baby that health and happiness
which all children should have. They
are sold by medicine dealers or by
mail at 25 cents a box from Dr.
Williams Medicine Co., Brockville,
Ont.

Mrs. Annie Coole of Moncton is
visiting friends in town.

Miss Mona Lindon is visiting Miss
Mona Robinson, St. John.

Mr. P. B. Wheeler entered the
Hotel Dieu on Thursday last.

Mr. and Mrs. A. H. Mackay are at-
tending the Toronto Exhibition.

Misses Ella and Clare Bernard
spent the week-end in Moncton.

Miss Muriel McNaughton has re-
turned to her home in New Glasgow.

Mr. W. H. Davidson is in St. John
this week attending the exhibition.

Miss Kathleen McCabe has return-
ed to Ottawa to resume her duties.

Mrs. S. J. Craig of Moncton was
the guest last week of Miss Mary
Craig.

Mr. Fred Leake, was the week-end
guest of Mr. Chas. Weatherhead, St.
John.

Mr. A. L. Barry is in St. John this
week attending the 26th Battalion Re-
union.

Mrs. W. J. Gifford and baby are
guests of Mr. and Mrs. Robert Gal-
loway.

Mr. and Mrs. G. G. Stothart are in
Toronto attending the Toronto Ex-
hibition.

Mr. and Mrs. Wm. Corbett Jr. at-
tended the St. John Exhibition on
Labor Day.

Miss Theresa Power is spending
a two weeks vacation at her home
in Redbank.

Mr. Michael Coughlan is spending
the week in St. John attending the
exhibition.

Misses Flossie McGrath and Mamie
Hackett of Chatham spent the week-
end in town.

Mr. Herbert Johnson, of Moncton is
spending a few weeks with friends
in Chatham Head.

Miss Eda Whitney left on Wednes-
day for Portland, Me. where she will
enter a hospital to study nursing.

Misses Hedge Morris and Agnes
McCabe are spending their vacation
with relatives in Summerside, P. E. I.

Miss E. Ferguson, of Richibucto,
who was visiting Mr. and Mrs. John
Ferguson returned to her home on
Thursday.

Miss Bertha Ferguson returned to
Moncton on Saturday to resume her
duties as musical instructress in the
Moncton Schools.

Mr. H. Pallen of North Sydney, C.
B. arrived in town on Saturday and
will spend some time visiting friends
on the Miramichi.

Mr. E. J. McEvoy of the Royal
Bank of Canada staff, Halifax, spent
Labor Day with his parents Mr. and
Mrs. P. J. McEvoy.

Mrs. C. G. DeMille of Moncton is
spending a few days in town the
guest of her sister, Mrs. Geo. MacKay
Lower King's Highway.

Mrs. Edward Wiseman and son
Edward, of Creelman, Sask., are vis-
iting Mrs. Wiseman's parents Mr.
and Mrs. Henry MacLean.

Mr. O. N. Brown of Montreal arriv-
ed in town on Friday from Sydney,
C. B. to spend the week-end with his
family, who are visiting Mrs. Brown's.

Mrs. I. P. Jonah, of Amherst, who
has been visiting her father Mr. Jas.
Falconer left last week for Los An-
geles, Calif. where she will in future
reside.

Misses Jessie Harris, Adelaide
Blackmore, Margaret Crocker and
Messrs. Gordon Petrie and Joseph
Campbell left on Monday for Freder-
icton to enter Normal School.

Mr. and Mrs. John H. Ashford left
on the Express Monday night for a
two week's vacation, intending to
visit Rev. H. and Mrs. Rice and spend-
ing the rest of the time with their
daughter, Mrs. E. M. Wilson. Their
daughter Annie accompanied them.
After visiting her sister she will con-
tinue on to Toronto, where she will
take up a course of study on Social
Service work in the Methodist Train-
ing College.

NEWCASTLE BRIDGE

The Newcastle Bridge was opened
on Saturday afternoon and remained
open over Sunday and Labor Day,
but is closed today for a few minor
repairs.

SUNDAY SCHOOL PICNIC

The Methodist Church Sunday
School Picnic was held yesterday at
Bushville. A large attendance of
scholars with their parents and
friends were present, who thoroughly
enjoyed the day. Refreshments were
served and the scholars indulged in
various kinds of sports and amuse-
ments.

HARVESTING THE POTATO CROP

The potato harvest season extends from the middle of September to the middle of October. Usually at about this time we have settled dry weather and it is of prime importance that weather conditions be satisfactory—heavy, damp weather and digging while the soil is sticky from recent rains, hinder all operations connected with harvesting potatoes, and finally endanger the keeping qualities of the potato after it has been placed in storage.

Digging methods vary according to the acreage, type of soil and locality. The digging machine drawn by horses and used by growers with a considerable acreage, or owned co-operatively by a number of smaller growers, seems to be the quickest and most efficient method of harvesting. The chief disadvantage is that potatoes may be bruised more or less and partially to prevent this, it is recommended that the machine be set so that plenty of soil will be elevated along with the potatoes. It has also been recommended that the shakers be removed when working in sandy or very light soil, as it is claimed that equally good work can be accomplished and the danger of bruising is eliminated.

Another, and less expensive, outfit is the double mouldboard plough, with a distributor on the rear. This machine is used quite extensively in the heavier clay soils of Ontario, as the land is rather heavy for the easy operation of the digging machine mentioned above. The double mouldboard plough works very well on lighter soils as well. For small growers it is the cheapest outfit and can be used for drilling for mangels, turnips, etc. The least efficient and most laborious method of digging is by ploughing out with an ordinary plough followed by pickers and these followed by harrows, etc.

Potatoes should be picked and

BEAUTY OF THE SKIN

is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All Dealers, or Edmondson, Paine & Co., Limited, Toronto. Sample free if you mention this paper.

graded at the same time, that is, careful pickers will automatically discard scabby, rotten, small and affected potatoes. In this way a better keeping and a more saleable sample is secured. The small, sound potatoes are sometimes salvaged for use as seed the following year, but more often are gathered with the affected ones and used for feeding live stock.

The potatoes, whether stored or intended for immediate shipment, should be dry and clean; if mud is adhering to them, they should be spread out in a thin layer on the barn floor and left for several days until perfectly dry, so that, when handled, the mud and other accumulations will drop off. Otherwise, if placed in storage, the dampness will undoubtedly develop rot causing a continual re-sorting during the winter, and will further hasten early sprouting, which is undesirable.

UPPER BLACKVILLE

The weather for the past week has been quite favorable and our farmers are engaged in harvesting.

Miss Helen Donald has returned home from Ludlow, where she was visiting her friend Miss Greta Pond. Miles Urquhart is a frequent guest at the home of Mr. Chester Connors. Miss Laura Connors spent last week in Blissfield, the guest of Mrs. Milton Connors.

A number of our young people enjoyed a picnic at Cain's River on Friday last.

Miss Jessie Sinclair of Newcastle was visiting friends and relatives here recently.

The Misses Margaret and Isabel Bergin, Messrs. Earl Bergin, Duncan Campbell and Hipson Morehouse motored to Blackville on Thursday evening to attend a concert there.

The annual S. S. picnic was held on Deacon Charles Morehouse's Island on Thursday. The grownups had a pleasant time and the children enjoyed the races and swings.

Mr. George Baker was calling on Mr. Jack Donald on Sunday last.

Misses Jeanne Duncan and Muriel Donald were calling on Mrs. Chas. Morehouse one evening last week.

Mr. Hinson paid a flying trip to Blackville one day last week.

Miss Daisy Morehouse spent this week in Blissfield the guest of Miss Mae Sutherland.

Mr. Herman Campbell called on friends in Blissfield last week.

Miss Charlena Morehouse was calling on friends on Tuesday.

Mr. Duncan Campbell is busily engaged cutting grain for Mr. Herbert Morehouse.

Scotch Curlers To Visit Moncton

The Ontario itinerary of the Scottish curlers, who will visit Canada during the coming winter, has been arranged by the executive committee of the Ontario Curling Association. No dates have been fixed because the exact date of the arrival of the Scotsmen is not known. The expectation is that they will land in Halifax early in January.

After spending five days in Halifax the Scots will go to Moncton, N. B., Quebec and Montreal.

ELECTION IN RUPERT'S LAND SET FOR OCTOBER

Announcement has been made that the deferred election in Rupert's Land will be held October 2, with nomination day September 13. Hon. F. M. Black, provincial treasurer, and Johnston Morrison, former Liberal member, are mentioned as possible candidates. Should an election be held this year, it will be the first in the constituency as in the past Morrison has always been elected by acclamation.

QUESTIONS AND ANSWERS ON FORESTRY

(By the Can. Forestry Ass.)

Machines help the rangers

Ques.—What mechanical equipment is used nowadays by fire rangers in detecting and suppressing forest conflagrations?

Ans.—Lookout towers for detection with here and there the service of seaplanes for the same purpose. Fire finding machines are used in the towers for fixing the location of the blaze. Motor speeders and velocipedes are widely employed for patrolling railway lines. Gasoline pumps are highly effective for fighting incipient fires. Small motor cars and trucks are used where roads permit. All these and other devices are helping to check forest fires.

Ques.—What a planted forest can do

Ans.—The Chief Forester of the Laurentide Company estimates that 250 square miles will yield 100,000 cords of pulpwood in perpetuity. It would take just ten times that area, of course, to keep one of our big newsprint paper plants going. Please bear in mind that this refers to a planted forest which should yield 75 cords an acre, whereas the natural forest in Eastern Canada now yields only from four to ten cords an acre.

Driftwood on our northern shores

Ques.—I understand from explorers that enormous masses of logs are found at the mouth of the Mackenzie River. Where does this material come from?

Ans.—The Geological Survey, Ottawa, reports that the "derelict" logs massed at times at the mouth of the rivers flowing into the Arctic have been carried all the way from Siberia, Norway and the St. Lawrence.

Forest fires and the newspapers

As a newspaper editor, I have always maintained that the daily and weekly press are paying the bills for forest fires. I refer, of course, to the destruction of paper making woods, spruce and balsam.

Ans.—Your statement is not exaggerated. Spruce and balsam are the raw materials of newsprint paper. Dear wood automatically follows forest fires, as the United States paper

CANADIAN DOLLAR ONCE AGAIN PAR

New York, Aug. 30.—The Canadian dollar is once again at par in the New York money markets "Par" was the quotation announced by local banks today for the first time in seven years. August 15, 1915, was the last date upon which Canadian dollars were on even terms with those of the United States in this market.

SUGAR TOOK DROP AT MONTREAL

Montreal, August 29.—A weaker feeling developed in the local market for refined sugar today and all refiners reduced prices 25 cents per hundred pounds. This is the first change announced since July 20 and now all companies are selling extra granulated at \$7.25 per hundred pounds in bags.

When Ontario loses 700,000 acres of timberlands in a single season, and Quebec another 600,000 acres, it is not difficult to understand that the price of depletion must be paid by the ultimate consumer of wood products. We cannot hold down the price of newsprint paper and at the same time allow forest fires the right of way.

Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this latter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

MINARD'S
"KING OF PAIN"
LINIMENT

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made

Mrs. A. E. LAUNDY, EDMONTON, writes:—"I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best liniment made."

Minard's Liniment always gives satisfaction. For any aches or pains, it gives instant relief.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

Thos. Bowes And Wife Both Endorse It

When a medicine produces results its praise is sure to be heard. That is why Mr. and Mrs. Thomas Bowes, of 27 Clarence St., St. John, as well as hundreds of other people throughout New Brunswick, so rapidly speak up for Tanlac.

"Tanlac is such a grand medicine, and has done so much for me," said Mr. Bowes, "that I want to tell everybody I can about it. I suffered from indigestion and had an awful time with gas on my stomach. I was tired, nervous and half sick all the time and could not sleep. Two bottles of Tanlac has done me a world of good. I eat and sleep so much better and am so much stronger that my housework is a pleasure to me."

"Yes," said Mr. Bowes, "I could see that Tanlac was helping my wife and, being all run down myself, I began taking it, too. My appetite had left me, my stomach was out of fix and a day's work would simply wear me out. I have such an appetite now that I can get up in the middle of the night and eat. My stomach don't bother me any more. I sleep like a top and feel fine all over. There's no medicine equal to Tanlac."

Tanlac is sold by all good druggists

Canadian Souvenirs

An interesting beginning in the work of building up a school of native handicraft work has recently been made in the National park at Banff. It has long been a matter for regret in Canada that our chief tourist centres could offer for sale only goods made in the United States, England and Japan, which as a general thing were neither characteristic nor beautiful. Mr. E. A. F. Smith, of the Archaeological Division of the Victoria Museum, has more than once pointed out the rich field offered by our own prehistoric Indian designs and advocated that they should be utilized more largely in connection with our handicrafts and manufacturers. These designs are particularly suited to pottery, wood carving, block printing and weaving. A few years ago some interesting experiments in the making of Canadian pottery were made by Miss Mary Young of the Geological Survey staff, which attracted considerable attention. Miss Young recently resigned from the Service and joined a small group of craft workers at Banff who hope to build up there a craft centre that will eventually supply the whole of the National Parks with characteristic and beautifully made Canadian gifts of Canadian material and, where possible, of Canadian design. A pottery has been built and more applications from students than can be accepted have already been received.

Ford Employees To Be Without Jobs After Sept. 15

One hundred and five thousand employees of the Ford Motor Company throughout the country will be without jobs after Sept. 15. In addition several thousand other workers employed in industries furnishing materials for the Ford plants will be affected.

Henry Ford gave these figures Saturday, in announcing that his three big motor plants, located in Detroit suburbs, and his assembling plants throughout the country would be closed on that date because of the coal shortage.

The announcement was the most severe blow that industrial Detroit has sustained since the industrial depression of two years ago. It means, according to Mr. Ford, that 75,000 men employed in the Highland Park, River Rouge and Dearborn plants of the company here will be without work. Thirty thousand others, now working in the various assembling plants scattered throughout the entire country, also will be thrown out of employment.

How long the machinery in the Ford plants is to be stalled will depend entirely upon the coal supply of the future, the Detroit manufacturer said.

DEMAND FALLS OFF

A dealer in fly paper and fly swatters says that the demand for the above articles has dropped fifty per cent in the last five years. The housewife of today understands that if she has her windows and doors properly screened she is not troubled with flies.

COAL DISCOVERED AT SUDBURY, ONT.

A seam of pure anthracite coal, with slate above and below, was reached twenty inches below the surface in the Larchwood area, about twenty-two miles from Sudbury, by A. F. A. Coyne, the Toronto geologist, and his gang of experts and miners, Friday afternoon. Samples of the coal were brought to Sudbury by Coyne and are on display. It is claimed that the quality is identically the same as is found near the surface in the Pennsylvania fields. Mr. Coyne claims that he will be able to supply coal for the people of Sudbury within the next two weeks. Enthusiasm in

THE MOTOR TOURIST

Canada's action in removing some of the restrictions upon the entry of touring motorists from the United States is commented upon with approval by the New York Herald, which says:

"Now that restrictions have been removed it is expected that this form of American travel will be increased. Whether this happens or whether the tide of American tourist travel changes its course, Canada's share of it is likely to be large. And the bigger it is the better. The more people on both sides of the line mingle together the better they become acquainted, and the better they become acquainted the more readily do the bars go down that tend artificially to separate them."

In addition to being neighborly, and making for better acquaintance and improved relations, the Herald believes that Canada will gain in a material way by the change and that likewise "it makes for thrift, so far as Canada is concerned." In support of the latter contention, the New York paper draws attention to the Dominion government estimate that in 1921 American tourists spent \$75,000,000 in Canada. Neighborness is a fine thing in itself, but when it brings such a substantial financial reward it attains additional value in the eyes of the practical minded citizen. By the construction of good roads, the province of New Brunswick is doing its part in the promotion of international good feeling—and, no doubt, will lose nothing financially as a result of its policy.

To Use Aircraft In Trailing International Bootleggers

Discovery that an organized ring of rum runners is using a fleet of at least eleven powerful airplanes in smuggling liquor into the United States from Canada has led the prohibition authorities to plan for the use of aircraft in trailing international bootleggers. It was announced by zone Chief Appleby, of New York, and New Jersey.

According to information received by the prohibition officials, the air fleet operates between points in Canada and isolated locations on Long Island.

The Danish S. S. Silkeborg arrived from Sydney on Tuesday and is loading at Burchill's. There are two others in port—the Natal, 2675 tons, at Ritchie's and the Sheafspear at Buckley's.

BAND CONCERT

The Newcastle Band gave another of their delightful musical programs in the Band Stand last Friday evening. The evening was a beautiful one and a large assembly of citizens gathered to hear the fine program rendered by the Band.

PROPOSED MARITIME UNIVERSITY

The conference which was to have taken place in Halifax last week in connection with the selection of a suitable site for the proposed combined Maritime University and other matters pertaining to the establishment of this institution, has been postponed until October. The outcome of this conference will be earnestly looked forward to by all interested in the furtherance of higher education.

THE NEWCASTLE BRIDGE

When asked what action the provincial government intended taking in the matter of the Newcastle Bridge which was rammed and seriously damaged by a steamer of the C. G. M. M., the minister of Public Works replied that the government is awaiting until the repair work is completed and the bridge is ready to open for traffic, which will be within the next few days. The cost of the repairs will then be ascertained, the bills presented and payment demanded. What action is to be taken to collect the amount will be known upon the completion of the investigation.

METHODIST CONFERENCE

The opening session of the Conference of the Methodist Church of Canada will be held in the Metropolitan Church, Toronto, on September 27. The following delegates will represent the N. B. and P. E. CONGRATULATIONS

Mr. and Mrs. T. A. Belmore, of Fredericton, are receiving congratulations on the arrival of a son at their home on Thursday last.

MARITIME BOARD OF TRADE

At the Maritime Board of Trade Convention in St. John this month, a dinner is to be given all delegates and members of the Provincial government at the Union club on Sept. 6th.

ENGAGEMENT ANNOUNCED

The engagement is announced of Mary Helena Buckley, R. N., daughter of Mr. and Mrs. William Buckley, of Newcastle, N. B., to Thomas J. Durick of St. John, N. B. The marriage to take place in St. Mary's Catholic Church, Newcastle, N. B., Tuesday September 12th, 1922.

REMODELLING STORE FRONT

Work on the re-modelling of the front of the J. D. Creaghan Co. store in Moncton is progressing very satisfactorily under the direction of the contractors, Parsons-Ed Co. Ltd. The large plate glass windows have already been removed and the new front when completed will add much to the appearance of the store.

LABOR DAY

Labor Day (yesterday) was generally observed as a holiday by the merchants, banks and schools. The weather was delightful and many enjoyed the day with automobile trips and visits to the nearby woods. In town it was quiet but the two games of baseball between the locals and Moncton provided entertainment for the baseball fans.

LINKER SIDEWALK

The Public Works Department has laid a linker sidewalk on Castle Street, between the stores of D. & J. Ritchie & Co. and the Maritime Produce Co., which is a great improvement over the old plank walk, which for the past month was in a most dangerous condition.

BRIDGE CONTRACT AWARDED

The contract for the construction of the concrete arch culvert and roadway embankment in connection with the Bateman Brook Bridge, in the Parish of Blackville, Northumberland County, was awarded Wednesday by the department of public works to the firm of J. W. McManus and Co., Ltd. Memramcook. The contract price was in the vicinity of \$3,000.

LAWN SOCIAL A SUCCESS

The Lawn Social held on August 22nd, on the Buie School Grounds by the W. F. M. S. was a grand success in every particular. In the vicinity of \$60.00 was realized and the endeavors of the ladies was well patronized. Ice Cream and amusements were provided and everyone enjoyed themselves immensely. The ladies are greatly encouraged by the success of their undertaking and no doubt when a similar entertainment is given, it will be more generally attended and prove a larger success than the one just held.

TAG DAY

The Tag Day which was to be held at the Morrissy Bridge on the opening day by the Lord Beaverbrook Chapter I. O. D. E. in aid of the Miramichi Hospital Nurses Home was postponed, but will be held at a later date, announcement of which will be duly made. On account of the bridge not being opened until about six o'clock on Saturday evening, it was decided that Tag Day had to be given up. One collector, however, not having been notified in time continued with the work and received the contributions of a few citizens, which is hereby gratefully acknowledged and will be added to the general funds of the Nurses' Home.

DEVELOPING COAL FIELD NEAR MONCTON

It is understood that a group of Montreal capitalists are developing a vein of coal in Kent County and hopes are entertained for a considerable yield.

For some time a vein of coal has been known to exist at Cormier Settlement on the farm of Mrs. Joslyn, who formerly was the proprietress of a boarding house in Moncton. It is now stated that development of the vein has begun in earnest. It is said that a vein of 27 inches has been discovered, some two miles west of the McLaughlin Road and eight miles from Cahan Station.

NO COLD WEATHER UNTIL DECEMBER

Selkirk, Man., Sept. 1—An open fall with no cold weather until late in December, was predicted yesterday by Henry Prince, a grandson of the great Indian chief Peguis, who spoke with all the confidence of a man who knew what he was talking about. He based his opinion principally on the position and movements of the stars, and declared that the dipper is exceptionally slow in its turning movements this season.

FIRST \$1,000,000 PHOTOPLAY

Empress Theatre
For magnitude and vast expenditures of money, Universal's masterpiece, "Foolish Wives," directed by Erich Von Stroheim, is far in excess of any previous photodrama ever conceived.

This production actually cost more than one million dollars and has been over a year in the making, but contrary to many so-called "million-dollar productions," the expenditures in both time and money in "Foolish Wives" will be as apparent on the screen, as may be seen here next Monday, and Tuesday when it is presented at the Empress Theatre with Matinee Tuesday at 3.30 o'clock.

A recent analysis of the cost of the production shows \$400,000 as the construction cost for the sets used. The replica of Monte Carlo built at Montreux is estimated at \$120,000; the magnificent group of buildings erected at Universal City to show Monte Carlo from the landside cost \$750,000 and an Italian villa with its surrounding grounds costs \$25,000. Fifteen interior sets of unusual splendor cost \$100,000.

More than 325,000 square feet of lumber was used in construction work at an approximate cost of \$75 per thousand feet. In addition to this many new stages had to be built to contain the huge settings.

The entire expense of the production was almost equally divided between construction cost on the settings and the expense of keeping the vast army of players, assistant directors and extra people necessary for the picture. There were as many as 2,000 extra people used at one time in the big crowd scenes, all of them drawing from \$10 to \$50 a day, while the salaries of the principal players and von Stroheim's executive assistants totalled thousands of dollars a week.

For use in the duplication of the Cafe de Paris, a shipment of \$12,000 worth of glass was ordered. The front of the cafe facing the gorgeous square is one maze of plate glass, which gives the diners an unrestricted view of the magnificent plaza, the Hotel de Paris directly across the square and the gambling casino to the right. At a cost of \$100,000 this entire square was faithfully reproduced.

So huge is this set that long shots of 600 feet from two absolutely different angles were possible. For six weeks, 110 carpenters, 32 plasterers and 20 ornamental plasterers worked on this set.

The film is recognized in moving picture circles as "the greatest achievement of Carl Laemmle, chief of the Universal film company."

LAST EXCURSION TRIP

Tomorrow (Wednesday) the Str. "Max Aitken" will make her last excursion trip for this season to Redbank and return. If you have not enjoyed this sail, it would be well to do so this week, as it will be the last opportunity.

Nepenthe.
"A potion reputed among the ancients to banish pain or sorrow" (Standard Dictionary)—which is at the same time a definition of what a cup of Blue Bird Tea does for the tired, the worried, the weightied with sorrow.

Brings Happiness

\$8,000 FIRE AT MONCTON

Fire which caused estimated damages to building and contents amounting to seven or eight thousand dollars broke out Friday afternoon in a building owned by the Lounsbury Motor and Supply Company, at the lower end of Main Street, Moncton. The fire originated in the back part of the confectionary and fruit store conducted by Abdo Odee, and spread to the adjoining grocery store of which A. Coleman was proprietor. Both stores were gutted, as well as the second story occupied by Fred Wilbur. The damage to the building is estimated at \$3,000, while Odee places his loss at \$2,000 with \$1,000 insurance, and Coleman estimates his loss at \$2,500 with no insurance. Wilbur's loss on furniture is placed at \$1,500, no insurance. The damage to the building is probably covered by insurance Odee in saving his cash drawer was severely burned about the face and hands and was removed to the hospital for treatment. His condition is not dangerous.

Don't forget the Soiree at the Newcastle Rink on Thurs. Sept. 6th.

TO MEET IN SUMMERSIDE
The Forty-Sixth Annual Meeting of the Presbyterian Women's Missionary Society, of the Maritime Provinces, will be held in the Presbyterian Church, Summerside, P. E. I. on the 6th and 7th of September.
