DIED.

McALLISTER—In Dunlop, on Sunday, March 10th, 1890, Catherine Jane, wife of John McAllister, aged 21 years and 9 months. Burial in Goderich, on Tuesday, March 12th, 1890. Dean Swift, aged 69 years and 11 months. The funeral will take place from his late residence, North-st., Goderich, on Friday, March 14th, at 2 o'clock p.m., to St. George's church, thence to Maitland Cemetery.

TOWN TOPICS.

"A child among ye, takin' notes, An' fatter'n ye'll be!"

Good, the druggist, makes a speech. See full report in another column.

A GOOD PRESENT.—The most useful gift you can make is to give a Writ Pen. Apply to McAllister & Co., Goderich.

The Woman's Christian Temperance Union meet in the basement of North-st. Methodist church every Tuesday afternoon. Praying meeting at 2:30, business meeting at 7:30.

"Spring, Spring, beautiful Spring!" is apparently at hand, and the latest and best in quality and style of spring goods can now be had at the fashionable tailor, F. J. Priddy.

It is never wrong to reiterate a good thing, and that is the reason why Geo. Stewart wants everyone to know that in addition to printing out elegant photographs, he is now largely engaged in picture framing.

Merchants can get their Bill Heads, Letter Heads, Etc., Etc., printed in this office for very little money. He generally gets the paper, and it helps to advertise their business. Call and see samples and get prices.

HATS! HATS! HATS! HATS! HATS! HATS!—C. G. Newton has just received the largest and most complete assortment of hats that has ever been brought to Goderich. You should see them. (C. G. means what he says, too.)

Mouldings, mouldings! If you want first-class picture frames, by a skilled workman, making arrangements for the removal of the old, don't forget to call upon R. R. Sallows. The photographs of your years past has led the procession in this line.

By referring to the advertisement of Saunders & Son in this issue, something of interest to landlords, tenants and householders will be found. Their stock selected from the manufacturer direct, and being sold at very low prices. The cheapest house under the sun.

BRIEFLETS.

Mr. J. S. Porter, of Seaforth, was in town.

Miss A. McLean has been visiting in Bayfield.

Mrs. C. Moore, of Morris, was visiting Mrs. A. J. Mauger.

The High School Literary Society will hold its regular meeting tonight.

Mr. D. K. Strachan has returned from business trip to London and Brantford.

We were pleased to see Mr. Alex. Murdoch, of Heusall, on our streets yesterday.

Mr. Thos. Dark, has, we regret to say, been confined to the house by serious illness for some time past.

An exchange says there are few things materialize so slowly as promises of wood to pay for newspaper subscription.

Miss Cook, formerly organist in St. George's church, left on Saturday last for Toronto. Miss Price will fill the vacancy.

Mr. Bert Johnston, of the Seaforth Express, was in town during the week, making arrangements for the removal of his mother and sister to that town.

On Friday of last week Mr. R. S. Williams, manager of the Bank of Commerce, and his ten-year-old son took a constitutional walk to Clinton—12 miles. Here is an opening for other men with ten-year-old boys.

FILE.—A Saturday morning, about 3 o'clock, a fire broke out in the lean-to attached to Mr. Hart's building near the Huron Road. The ready arrival of the firemen saved the main building, but the lean-to was destroyed.

Joe Hess is coming.—The ex-prize fighter and saloon keeper, Joe Hess, has been secured by the Y. W. C. T. U. to hold a series of meetings in the Grand Opera House on March 31st and April 1st and 2nd. He has lectured in Toronto and has held his audiences spell bound for two hours. Shaftesbury Hall was not nearly large enough to hold the people who came nightly and hundreds had to go away. Look out for further announcements.

As a meeting of the Turf Club held Wednesday evening it was decided to give \$600 in purses, divided equally, for three races on Dominion Day—free-for-all, 2:35 class and three minute class. Pacers and trotters allowed in all races.

ANOTHER FIRE.—About 8 o'clock Saturday morning the barn in the rear of the residence of Mr. A. Waddell was discovered to be on fire, and although the firemen were quickly on the spot, the building was completely consumed. Cause of fire unknown.

OBITUARY.—An old and respected resident departed this life on Tuesday, March 11, in the person of Mr. Dean Swift. He had been ill for some years and had suffered much during that time. His relatives have the sympathy of the entire community in their affliction.

SOCIAL.—A social will be held in North-st. Methodist church under the auspices of the Woman's Missionary Society, on Tuesday evening, March 18th, at 7:30. A good program and refreshments. Admission, 15c. All interested in mission work are cordially invited.

BARRE RACES.—Four trotting races will be held at Barrie on August 20th and 21st. Several Goderich horses have been entered, as follows:—Three-year-old stake, A. M. Polley's "Sammie Green"; 2:35 class, Robt. Thompson's "Baldwin"; three minute class, Dr. J. B. Whitley's "Daisy."

COLLECTION FOR THE POOR.—The collection taken up in North-st. Methodist church last Sunday to purchase bread for the deserving poor of the town amounted to \$12.00. St. Peter's (R. C.) church will also take up a collection for the same purpose. It is to be hoped all the other churches will do likewise.

Mr. Campbell, postmaster here, received the following telegram, dated March 12th, from Hayward, Wis.:—"John McKenzie was killed here today. Has he any relatives there? Answer immediately." If any of our readers know of a young man of that name in the West they will please communicate with THE SIGNAL.

THE ST. GEORGE ACCIDENT TRIAL.—The plaintiffs in this action completed their evidence on Monday last, three weeks after the commencement of the trial. Mr. Dalton McCarthy, for the defendants, made an application for a nonsuit on the ground that the accident was one over which the G. T. R. Company had no control. Mr. Justice Rose, however, decided that the case must go to the jury, and the defendants then began their side of the case.

Harry Bates, the well known Saginaw horse-buyer, was in town during the past week, and did quite a business. His shipments from this section this season amount to something like 2000 horses. But outside of the horse buying altogether it is generally believed that some other attraction exists in Goderich to draw Harry here so often. We hope if the matter comes to anything that he will become a permanent resident, instead of, as at present, being here only half time.

CORRECTION.—IN THE SIGNAL last week the item referring to the accident to Mr. and Mrs. James Yates was incorrect in one or two particulars. The place where the accident occurred was in front of Otter Wilson's farm, and was caused by his dog springing through the fence with a chain around his neck. The horse then bolted, and Mr. and Mrs. Yates were thrown out of the conveyance. The horse ran about thirty rods, and then stopped until Mr. Yates caught up and got possession of the lines. Mr. and Mrs. Yates are recovering from the effects of the "spill."

ST. PATRICK'S CONCERT.—The concert in the Grand Opera House on Monday next, 17th inst., promises to be well treated. We understand the services of the following ladies and gentlemen have been secured: Miss Hearn, Clinton; Walsh, Seaforth; Messrs. Tamm, Clinton; Shane, Blyth; Mrs. Brasley, Toronto; and Messrs. Belcher, Porter and Cameron, Goderich. Miss Andrews, organist of Victoria-st. Methodist church, will preside at the piano. In addition to the concert, an address will be given by Mr. D. McGillicuddy on "Ireland—The Hour Before Dawn," dealing with the question of Home Rule. R. S. Chilton, Esq., American Consul, will occupy the chair.

ZERA SEMON TO PERFORM HERE AGAIN.—The Hamilton Evening Times says:—"The entertainment given in the Palace Rink last evening by Zera Semon and his specialty company was a first-class performance from beginning to end. The professor himself is one of the best sleight-of-hand performers and ventriloquists ever seen in the city. All his tricks were done clean and without the tiresome delays seen in so many entertainments of the kind. Mr. John Patten gave a good exhibition of clog dancing, funny sayings and Irish witticisms. Mr. Harry Austin should be heard by all lovers of music. He plays on all sorts of instruments, even extracting good music out of ordinary pieces of gas pipe. The entertainment closed with a marionette show and a long list of specialties, all of which were good. The rink was packed from the stage to the door, and a large number had to go away disappointed." This company will perform here five nights next week in the Grand Opera House, commencing Tuesday night, the 18th, and will give a Saturday matinee.

THE BOARD OF TRADE.—A meeting of the council of the Board of Trade was held in the town clerk's office last Monday evening, 10 inst., nearly every member being present. The first business was the appointment of the standing committees for the year, which was done as follows:—On Statistics—John Butler, James Sheppard, T. B. Van Evert, Wm. Campbell, R. Radcliffe and Wm. Lee. On Manufactures—Joseph Kidd, A. S. Chrystal, Joseph Beck, Joseph Williams, E. Downing, C. A. Humber. On Local Improvements—A. Saunders, D. C. Strachan, M. Nicholson, C. A. Nairn, F. Jordan. On Agriculture—M. Hutchison, C. Grabb, J. H. Colborne, Ross Price and Robert McLean. On Finance—R. S. Williams. The Secretary, Horace Horton, G. Drummond, D. McGillicuddy. On Correspondence—The President, Secretary and the chairmen of the respective committees. The petition to the Minister of Marine and Fisheries for the establishment of a fish hatchery in Goderich was discussed and met with the unanimous approval of the Council, and the Secretary was instructed to forward the same to Mr. Porter, the member for West Huron, as soon as all the signatures had been secured. A reply from Mr. Porter, in reference to a deputation on harbor matters, was read and filed. The Secretary made a verbal report of the proceedings so far for the establishment of a crenatory, and read letters re the brick and the yard, and the President gave the result of a conference on Monday afternoon with Mr. F. Jeffrey, manager for Mr. Attilin, in reference to the proposed industries. The Secretary was instructed to write Mr. Hannah, of Seaforth, and request that gentlemen come up at once. The Committee on Agriculture was instructed to open correspondence with one with leading horse and cattle buyers, with a view to establishing a monthly cattle and horse fair at Goderich. The Council then adjourned.

TOWN COUNCIL.

Minutes of the Last Regular Semi-Monthly Meeting.

The town council met last Friday evening, 7th inst. All the members were present except the deputy reeve and councillors Reid and Humber. The minutes of last meeting were read and approved. The report was read and approved.

The treasurer's statement for February, showing a balance on hand of \$1,787.36, was referred to the finance committee.

The first report from the new fire-warden, R. Tichbourne, reported one fire during the month—that of a barn at the rear of Geo. Elliott's store, the property of Mr. A. Cantelon—stated that the clothing, particularly the coats and caps, of the firemen is in very bad condition and suggested the readjustment of the hose cart so that it may be hauled by a horse. The report was referred to the fire committee.

The report of the sexton of Maitland cemetery showed the number of interments for February to be 10—4 adults and 6 children. Report filed.

COMMUNICATIONS.

From Mr. W. C. Van Horne, stating that the sending of a deputation to Ottawa at present would be premature.

Mr. P. Kelly, of Blyth, wrote recommending that Brussels and Listowel should be asked to send delegates to join the deputation to Ottawa on railway matters.

Mr. Wm. Lane, of Duncannon, and Mr. Peter Kerr, chairman of the railway committee of Guelph city council, wrote stating that delegates to the deputation had been appointed for their respective sections.

Chrysal and Black wrote asking permission to heat the council chamber and clerk's office in the town hall with a new hot water heater manufactured by them to test its capacity; the expense to be borne by the manufacturers. The matter was referred to the public works committee.

COUNTY CURRENCY.

A Weekly Digest of the County News served up to Salt Readers of "The Signal." Fifth and Final, Clipped and Condensed from Every Section.

Mr. S. Irwin, of the 5th con., Morris, was married on Wednesday, the 26th ult., to Miss Jennie Ferguson, of St. Helens.

Mr. F. W. Ingram, Hensall, and bride left the week before last for their home in Vancouver, British Columbia.

J. Loutin, who went to Battle Creek, Mich., last fall, has returned to Wingham again; he says there is no place like home.

Mr. James Berry, of Hensall, has bought the 50 acres on the Huron road, Tuckersmith, belonging to Mr. John Weiss.

Mr. A. Elliott, Hullett, has engaged Mr. J. Shields, of Grey township, as his help for the coming season of hard labor.

Mr. Alexander Thompson, of the Bayfield farm, has rented Mr. Duncan McEwen's road, Stanley, for \$250 per annum.

Wm. McBrien, Summerhill, had a horse the other day on the road and was stricken with something resembling rabies.

Mr. Geo. Calbeck, now of New Westminster, B. C., was, we understand, married to a lady of that place on Monday last week.

Mr. Leathery, of Morden, Man., was united in happy wedlock to Mary, fifth daughter of Mr. Jas. Ramage, of the 10th con., West Wawanosh.

Mr. Geo. L. Thompson, formerly of Clinton, Ont., has accepted the position of assistant pharmacist to Chas. Wright & Co., of Detroit, Mich.

In Wingham, last week, the town council paid \$160 for printing and advertising the printers of Clinton had to be satisfied with a trifle over \$100.

Mr. John Manning, of Bathgate, Dak., was back to his old home at Lonsdaleboro for a visit. He returned this week, his father going with him for a visit.

Mr. John Bell, Lonsdaleboro, having received a telegram from Dakota announcing the death of his brother Hugh, Mr. and Mrs. Thos. Bell left for Waspepton, Dak.

Mr. Livingstone, Seaforth, has made arrangements for the letting out of flax seed. He intends building a large brick mill, and will commence operations as soon as the season opens.

Mr. D. P. Clark, formerly teacher of the Lower Wingham school, who left for Manitoba the latter part of December last, is now teaching in Lower Fort Garry school, at a salary of \$500 per annum.

Mr. R. Orr, Wingham, is away off to Florida for the benefit of his health. He has been far from well for the past month or two, but lately his trouble has assumed more serious symptoms, and he was advised to take a change of climate; he is accompanied by his wife.

While engaged in threshing [clover] on Saturday, the 1st inst. the barn belonging to Mr. John Corbett, Hay township, caught fire and was burned to the ground. It appears they were using the steam threshing engine, and it had no spark arrester, and the wind was blowing in the direction of the doors, thus carrying the cinders into the building, destroying it. A great deal of grain was lost together with the separator.

WATER AND ELECTRIC LIGHT COMMITTEE.

Your committee beg leave to report that they have considered the application of J. Acheson and others referred to them and would recommend that an electric lamp be placed at the corner of Napier-st. and Cambria Road. In the matter of lowering the water rates for supplying steam engines, we would ask the council to deal with it, as your committee are not in favor of lowering such rates. In reference to the applications of Jos. Kidd and Jos. Williams for water to supply motors, after giving Mr. Kidd's application full consideration we cannot recommend the council to guarantee him a pressure of more than 30 to 35 lbs. at his works. In Mr. Williams' case we think the council may safely guarantee a pressure of 100 lbs. We would recommend that both applicants be charged at

the rate of \$1.70 per 10,000 gallons of water used, they to inform the council the amount of water they will require. In Mr. Williams' case we would recommend the council to require a guarantee from him that he would use the water for a term of five years; otherwise that he will pay all costs of putting in the pipe (4 inch).

(Signed) JOHN BUTLER, Chairman.

The report was taken up clause by clause. The first section, recommending that an electric lamp be placed at the corner of Napier-st. and Cambria Road, was referred back to the committee, as the petition asked for its erection on Cambria Road at Trafalgar-st., four blocks south of Napier. The remainder of the report was adopted.

REPORT OF CEMETERY COMMITTEE.

Your committee would recommend that in future the treasurer furnish the clerk monthly statements of all cemetery lots sold by him; the clerk to enter in his cemetery book such list and furnish the sexton with a copy of the list. We would also recommend the council to furnish what lumber is required to repair the fence at the cemetery. The posts required can be procured at the cemetery, as stated by Mr. Hood in his report to the council on February 1st.

(Signed) ROBERT THOMPSON, Chairman.

The report was adopted.

In pursuance of notice of motion Proudfoot moved, seconded by Murney, that bylaw No. 6 of 1889 be amended by substituting the word "five" for the word "three" in the first clause, thus increasing the number of members of the waterworks and electric light committee to five.

The Mayor ruled the motion out of order. Proudfoot appealed from the ruling, and his appeal was sustained by a vote of the council.

Moved in amendment by Nicholson, seconded by Campion, that the motion lie over for one month.

The amendment was lost and the motion was then carried.

Moved by Proudfoot, seconded by Humber, that a delegation be sent to Ottawa in the interests of the Goderich and Wingham Railway, with power to procure the necessary plans and information; the delegation to receive delegates from Wingham, Duncannon, Wawanosh, Ashfield and Colborne; the delegates also to impress upon the Government the necessity of improving the harbor.

Moved in amendment by Campion, seconded by Cantelon, that a delegation be sent in the interests of the Goderich and Wingham Railway, with power to amend bylaw No. 6 of 1889. He did not mention the particulars of the amendment.

The council then adjourned.

NILE.

From our own correspondent.

Mr. Morrow is well again.

The little sleighing mad things lively around here.

Miss Martha Gardner, of this section, is visiting at Goderich.

Wm. McVettie and John Taylor are busy drawing stones for building operations.

Miss Barbara Jackman still continues very low, and no hope is entertained of her recovery.

Rev. J. G. Manly's lecture on "Nineveh and Israel" was much enjoyed last Thursday night.

On Sunday, March 10th, the Rev. H. Irvine preaches missionary sermons in Kincardine. Mr. J. Young, of Clinton, and John Dastow, of Nile, take his work on this circuit.

Dame Rumor says the Methodists of Nile are going to build a new church soon. The present building will hardly hold the members, without counting the many adherents of the church. So may it be!

Wedding bells have been ringing at the Nile. Last Wednesday evening Mr. James McNeé, of Nile, and Miss Jennie Graham, Sheppardton, were united in marriage. The marriage took place at the home of the bride, and was a very pleasant event. Every one likes James, and Miss Jennie (that was) is a general favorite wherever known. We all join in wishing them the happiest of happy lives. Rev. H. Irvine tied the knot.

Another of our countrymen is deceased. David McWhinney departed this life on March 5th, aged 35 years. He had been living for a short time in Detroit. His body was brought to his father's home on Thursday night of last week, and on Saturday afternoon a large company followed the remains to Duncannon cemetery, where Rev. H. Irvine read the funeral service. The funeral sermon will be preached in the Methodist church on Sunday, March 23rd, at 7 p. m.

Mr. Geo. Marshall, Hills Green, who had been working near the Sault during the winter, was taken down with a severe attack of inflammatory rheumatism. He returned home a few days ago but is still in a very bad condition.

DUNLOP.

From our own correspondent.

Tuesday of this week Mrs. A. C. MacDonald went to Alpena, Mich., to be present with other relatives at the funeral of Mr. Devine, who died at Butte City, Montana. From there his remains will be brought to Alpena for interment today (Friday).

Dinah this week from our midst removed Katherine Jane, wife of John MacAllister and daughter of D. Cumming, after a severe illness of over a fortnight. She had previously given birth to a son, and unfavorable symptoms on the fourth day afterwards setting in, the best of care with medical aid proved unavailing, and on Sunday morning she passed quietly away to that better rest above, leaving a fond husband to mourn for her and a little one without a mother's love. Earnestly she hoped that God would spare her to her little one, but He took her to Himself. A large circle of friends with relatives viewed her remains in a handsome casket prior to the funeral from her father's residence, a pretty bouquet of flowers being placed in her hands. Over sixty-three vehicles were in procession to the place of interment, Maitland cemetery. Rev. J. A. Anderson conducted the last sad rite, and the pall-bearers were R. Videa, of Goderich, Peter Stuart, W. Fulford, Robt. Hoggarth, of Loshburn, with St. Q. H. Williams and C. Fisher, of this place. We, with a large circle of friends, extend our deepest sympathy to the bereaved husband and relatives in their loss of a fond wife and sister, ever kind and gentle.

DUNCANNON.

From our own correspondent.

J. E. Tom, Esq., P. S. I., is on his official tour through the northern part of his jurisdiction this week.

Lecture by Rev. W. F. Campbell, on Tuesday the 13th, in the Methodist church here, as previously announced.

Mr. Geo. Horne, having purchased some property from the syndicate, is making preparations to build a new residence thereon.

The municipal council of Ashfield will meet in the town hall, in said township, on the 30th. All concerned govern themselves accordingly.

We congratulate the editor of THE SIGNAL on his having recovered from his recent illness as to be able to take his place in his office.

The belfry on our school house has got a new occupant in the shape of a fine bell. The students attending will require to be on time; if not, the reason why will be looked for. Punctuality will now be strictly expected.

Sleighting is of short duration so far this winter. We were favored with two days of it last week, and during that time teaming wood, logs, etc., was very lively. Mud is again in the ascendant.

The municipal council of West Wawanosh will meet in the Town Hall, on Saturday, 15th inst., for the transaction of municipal business. All concerned please take note.

Duncannon is still progressing. We are informed Mr. T. Smiley, of Ashfield, has purchased a house and lot in this village from Mr. Jos. Malloch, our popular hotel keeper. It is said Mr. Smiley has made a good purchase.

We are credibly informed that Mr. Patrick Kearney, of West Wawanosh, near St. Augustine, is the possessor of a span of colts one and a half years old, sired by Baron Scott, color sorrel, which weighs 2530 lbs. They are beautiful looking animals and can hardly be surpassed in this locality or surrounding country. We would like to hear from any who can beat the above record.

The funeral of the late David McWhinney took place on Saturday, when the remains were interred in Duncannon cemetery. There were on that occasion upwards of seventy vehicles well filled with sorrowing friends, relatives, neighbors and acquaintances. The bereaved widow and relatives have the sincere sympathy of the community. Rev. H. Deceased was aged 35 years.

Mr. H. Hamilton, night watchman at the Union Factory, Wingham, is seriously ill with inflammatory rheumatism.

Mr. John Wheeler, Morris, has been confined to the house the last few days, the result of being hooked in the face by one of his cattle.

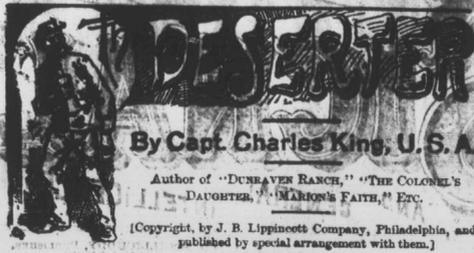

Mr. Kincaid, late of Wingham, has taken a position in the Doherty Organ factory, as has also Mr. Page, late of a Woodstock factory.

Fifteen contestants clad for the fray. Armed with good steel and in battle array.—Striving for laurels, as brave knights of old strive for their honors and medals of gold. One could have heard a pin drop in the office on the matted floor. The colonel half arose.

asked their adjutant last fall, when there was some talk of his company's being sent here, what Hayne's status was, and he told me. There isn't a squarer man or sounder soldier in the army than the adjutant of the Riflers; and he said that it was Hayne's stubborn pride that more than anything else stood in the way of his restoration to social standing.

HOUSEHOLD HINTS.

Useful Hints. Powdered chalk and vinegar are good for a brass.

Common salt moistened with lemon juice to form a paste, applied to freckled hands and allowed to dry on the freckles.

For the Kitchen. Silver can be kept bright for months by being placed in an air-tight case with a good sized piece of camphor.

White dishes can be marked with one's name in the best way with a common pen and ink, and it will not wash off for a long time.

Delicately colored goods of any kind should never be washed without a salt-water bath first, but care should be exercised in reference to materials which are likely to shrink when immersed in water.

House Cleaning. Now that you are overhauling drawers and trunks and bags, why not do it thoroughly, and record your decisions for future use?

A Pleasant Discovery. Suffered with neuralgia and obtained relief until advised to try Hagar's Oil. Since then I have found an admirable remedy also for sore throat and rheumatism.

rough places scoured with marble sand. It is but little more labor to repaint a room in which the paint is badly soiled, than to scour off all the marks, add body and gloss and any easily removed stains should be wiped off first.

THE HOME CIRCLE.

Professor Blaikie's Advice to Wives. There is that wise old Scotchman, Professor Blaikie, of Edinburgh, adding to the literature of the matrimonial problem.

"Always attend conscientiously to the kitchen and pantry; also to the wardrobe, and if you have children, to the nursery. But beware of becoming altogether a mere housekeeper or bringer-up of babies."

"Don't annoy your husband with officious displays of loving attention in small matters when he is busy and occupied with affairs of serious concern."

Employment for Children. Much useful work can be given to children to do, which, if they are not kept confined at too closely, often seems like amusement, and not serious every-day work.

Children will be amused in seeking for full, fluffy specimens and in discarding the less fortunate ones to another corner. They must be stripped from the quilt.

Some symptoms of worms are: Fever, colic, variable appetite, restlessness, weakness and convulsions. The unfailing remedy is Dr. Low's Worm Syrup.

Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all "hot" and "drain" purgatives, the tendency of which is to weaken the bowels.

"I have used Ayer's Pills for the past thirty years and consider them an invaluable family medicine. I know of no better remedy for liver troubles, and have always found them a prompt relief for dyspepsia."—D. Burke, Saco, Me.

Ayer's Pills,

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Dealers in Medicines.

ADDRESS TO THE PUBLIC!

LADIES and GENTLEMEN—Just a year ago I had the privilege of announcing to you that I had purchased the Albion Block Drug Store, and intended making such improvements in its stock and equipment as, with constant personal attention to professional work, should make it in every respect equal to the best establishments in the cities or elsewhere, and on these grounds I solicited a share of your patronage. Now, at the close of my first year's proprietorship I again address you to return my hearty thanks for the large and Constantly Increasing patronage which you have bestowed, which indeed has surpassed all my expectations and which I can only attribute to my untiring determination to provide everything in the way of either stock, equipment or attention that the requirements of the public seemed to demand.

To our Physicians also, one and all, who have constantly manifested confidence in my establishment by entrusting me with their prescriptions (whether by the patient's special request or otherwise), I return thanks. In conclusion I beg to say that the High Standard of my establishment shall not only be maintained but constant advances will be made. First Class Work on prescriptions and family recipes at Moderate Rates shall be our first aim, and second only to this we intend paying special attention to Horse and Cattle Medicines, and, backed by ample experience, trust to merit and to receive through the coming year a still larger share of public favor.

The People's Obedient Servant,
W. C. GOODE,

CONSERVATIVES TOLD AN ELECTION IS IMMINENT.

Eighty Lives Known to Have Been Lost in the Morsa Colliery—Five Thousand Miners on Strike—The Irish Land Tenure Bill Rejected.

LONDON, March 12.—It is now known 88 persons lost their lives by the explosion in the Morsa colliery. An unlocked lamp beside the corpse of a workman explains the explosion.

Five thousand miners of Nottingham have struck for an increase of wages. Sidney Herbert, a Junior Lord of the Treasury, in a speech at Croyden to-day exhorted Conservatives to prepare for an approaching general election.

The Irish Land Tenure Bill Rejected. LONDON, March 12.—The House of Commons this evening rejected the Irish Land Tenure Bill, 231 to 179.

The King of Dahomey Retirets. PARIS, March 12.—It is officially announced that the King of Dahomey, accompanied by his female warriors, has retired to Lamia after remaining at Godomey four days and not daring to attack the French posts. The rest of his army remains at Godomey, where it is erecting fortifications. During the campaign 1000 Dahomians, including a female general, were killed. It is stated the French captives taken by the Dahomians are safe at Whydah.

ONTARIO ASSEMBLY.

The Secrecy of the Ballot Discussed at Great Length.

TORONTO, March 13.—In the Assembly yesterday Mr. McLaughlin's bill giving to all municipal corporations power to grant money to aid in the restoration of the library, museum and apparatus of the School of Practical Science destroyed by the fire was read a first time.

The debate on the secrecy of the ballot was resumed by Mr. Creighton who in a 20-minute speech contended that the present system is objectionable. Dr. Willoughby, Mr. Clancy and Mr. Ostram followed on the same side.

Mr. Murray thought the people were perfectly satisfied with the present method. Mr. Whitney claimed that at present voters are intimidated by the belief that it is in the power of the authorities to learn how they vote.

Mr. Rorke and Mr. French continued the arguments advanced by their colleagues on the Opposition benches.

Mr. Harcourt in reply spoke of what he termed the unwarranted presumption of members of the Opposition in the supposition that the officials of the Government willingly go to work to do what is wrong.

At the evening session the debate was continued by Messrs. Metcalfe, Garson, Ballantyne, Col. Clark, George Hess, G. B. Smith and Martier. At a late hour the debate was taken and Mr. Mowat's amendment giving the bill a six months' hoist was carried, 54 to 32.

Mr. Creighton then moved for the second reading of his bill to amend the Public Lands Act. The measure was opposed by Mr. Mowat and Mr. Hardy and lost on division.

C. B. & Q. Buys the Northern.

BOSTON, March 12.—Lee, Higginson & Co. today bought a majority of the stock of the Chicago, Burlington & Northern Railway at \$40 a share in the interest of the Chicago, Burlington & Quincy Railway. They are ready to buy all the outstanding stock of the C. B. & Q. at the same price. To-day's action is the result of three years' negotiations and will make the northern road a part of the C. B. & Q. system and end the long prevailing rate-cutting. This trade caused a big boom in stocks here.

Killed by an M. C. Train.

RODNEY, March 12.—Last night the mangled remains of Daniel Brodie, aged 34, were found on the Michigan Central Railway track about 1 1/2 miles east of this place, evidently having been run over by a train while walking upon the railway track on his way home from Bismarck. The remains were unrecognizable. The body was identified from papers found in his pocket.

A Fatal Draught.

ATCHISON, Kan., March 12.—Last Sunday the 2-year-old child of John Blunt, a farmer near Stockton, found a bottle of laudanum and drank some of it. The child died. The next day Mrs. Blunt, crazed by the death of her child, drank the rest of the poison. She cannot recover. Mr. Blunt is prostrated and his friends fear he too may commit suicide.

Ontario Spring Assizes.

WHITBY, March 12.—The Assizes concluded to-night. Oke v. Darlington—Judgment for plaintiff and \$300 damages. Cornack v. Parkins—Judgment reserved. Machem v. Horne—Action failed. Hooper v. Haines—Judgment reserved.

Killed in a Sawmill.

SHELBURNE, March 12.—Thomas Appleby, a lumberman well known in Fergus and Toronto, was thrown against a saw in his mill at Kaldon this afternoon. Both legs were cut off at the thigh and he lived only about two hours. He leaves a widow and a number of grown-up children.

The Insane Divinity Student.

HAMILTON, March 12.—William H. Eadie, the insane Methodist probationer, became so violent last night that it was found necessary to remove him to the jail. Eadie's mother and friends, who live near Burford, arrived to-day to take the young man home.

Harry Phillips Acquitted.

MONTREAL, March 12.—At 3.40 this afternoon the jury in the case of Harry Phillips brought in a verdict of "not guilty." The verdict turned on the fact that when Phil-

Three Killed by a Train.

KANSAS CITY, March 12.—Rev. David McGraw, pastor of the colored Baptist Church at Armstrong, Mrs. Andrew Bayman and Will Jackson, all colored, while returning from a prayer meeting were run over by a Union Pacific train last evening and killed.

Taulbee's Slayer Committed.

WASHINGTON, March 12.—An inquest was held to-day over the remains of ex-Congressman Taulbee. The jury found Taulbee's death was due to a pistol wound inflicted by Kincaid. Kincaid was committed for the grand jury.

A Slippery Belle-ville.

BELLE-VILLE, March 12.—Charles Durand, who failed to marry Margaret Gero as he promised on Monday night, was caught yesterday by the girl's friends but escaped from them.

Colored Murderers Lynched.

PAPOCROFT, W. Va., March 12.—Bell Allen and W. Irving, negroes charged with the murder of Constable Beicher, were taken from Mercer County jail by a mob Saturday night and shot dead. They had killed three men before the Beicher murder.

Arnott Committed for Trial.

BELLE-VILLE, March 12.—The Police Magistrate to-day committed William Arnott for trial on the charge of murdering Hannah Cole.

A Kansas Bank Failure.

LARNED, Kas., March 12.—The Larned State Bank has suspended. Assets \$71,000, liabilities unknown. It is said the bank will pay depositors in full.

\$500,000 for York State Canals.

ALBANY, March 12.—The Senate to-day passed the \$500,000 Canal Improvement Bill.

Special Announcement.

We have made arrangements with Dr. B. J. Kendall Co., publishers of "A Treatise on the Horse and his Diseases," which will enable all our subscribers to obtain a copy of that valuable work free by sending their address (enclosing a two-cent stamp for mailing same) to Dr. B. J. Kendall Co., Epsomburgh Falls, Vt. This book is now recognized as standard authority upon all diseases of the horse, as its phenomenal sale attests, over four million copies having been sold in the past ten years, a sale never before reached by any publication in the same period of time. We feel confident that our patrons will appreciate the work, and be glad to avail themselves of this opportunity of obtaining a valuable book.

It is necessary that you mention this paper in sending for the "Treatise." This offer will remain open for only a short time.

The Kemp family, Goderich township, who a short time ago went to the Old Country, with the purpose of residing there, are on their way back to Ontario, not having found Eng. and so desirable a place as they had anticipated.

ASLEEP ON THE TRACK.

A little child, tired of play, had allowed his head on a railroad track and fallen asleep. The train was almost upon him when a passing stranger rushed forward and saved him from a horrible death. Perhaps you are asleep on the track, too. You are, if you are neglecting the hacking cough, the hectic flush, the loss of appetite, growing weakness and lassitude, which have unconsciously crept upon you. Wake up, or the train will be upon you! Consumption, which thus insidiously fastens its hold upon its victims while they are unconscious of its approach, must be taken in time, if it is to be overcome. Dr. Pierce's Golden Medical Discovery has cured thousands of cases of this most fatal of maladies. If taken in time, and given a fair trial, it is guaranteed to benefit or cure in every case of Consumption, or money paid for it will be promptly refunded.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

GREY.

From our own correspondent. Rev. D. B. McRae, pastor of Knox church, Cranbrook, preached a very able and efficient sermon to the Foresters of that place on Sunday, the 2nd inst.

The exodus from this vicinity to the Northwest will not be nearly so large as in the past two years.

There is little or no snow here now, in fact there has not been over two or three days' good sleighing all winter. Robins and other harbingers of spring have arrived, which leads all to believe that fine spring weather is not far distant.

Miss Ellie McLaughlin, student of Seaford Collegiate Institute, was home for a few days' visit this week.

Judging from the efforts that were being made by the citizens of Goderich and other places some time ago, the people of this section fully expected that a railroad from Guelph, or some other eastern point, to Goderich would be, at least, staked out by this time. Such a line as this would receive, we believe, the hearty co-operation of all in this part of the county.

At present those having business in the county town are very much inconvenienced, having to take such a round-about course in order to get there, to say nothing of other strong arguments that could be advanced in favor

of this route. With a station at, or a little south of Cranbrook, the road would pass through a splendid section of country. New enterprises would be opened up and a large business would be done both east and west.

The remains of Miss Susanna Metcalf, daughter of Mr Isaac Metcalf, of Turberry, aged 24 years, were interred in the Wingham cemetery, on Wednesday of last week.

About two months ago a Miss Simpson, niece of Mr W. H. Simpson, and daughter of Mr Robt Simpson, formerly of Clinton, died at Duluth. Her remains were placed in a vault at the time, but were brought to Clinton for interment on Wednesday of last week.

The Chesley Enterprise says the new tannery being erected in that town by Mr John Brennan, late of Wingham, is nearing completion. The main building is 72 feet in length by 24 feet in width and 26 feet high, with a wing 26 by 48 feet. There are fifteen vats.

We understand that Mr John Hanah, of Seaford, is an applicant for the position recently vacated by Prof Robertson, of the Ontario Agricultural College. He is a man who would fill the position well, having considerable practical experience, and being thoroughly familiar with all branches of the dairying business.—Clinton New Era.

The Great Catarrh Specialist of America. As a rare Catarrh cured at one treatment without pain. Each bottle has three treatments with printed directions such as a child 12 years old need not mistake in using it. The professor has been staying a few days at the Albion Hotel, Goderich, and has been persuaded by those who have got his Catarrh Cure and other remedies to stop till Monday evening, March 17th, that certain absent friends can have a chance to participate in the marvelous cures effected by his Great Catarrh Cure and other remedies. In answer to this urgent request the professor has very kindly consented to do so. Catarrh, all Skin Diseases, Bleeding or Itching Piles, Thick Necks or Salt Rheum, A Cure guaranteed.

Has healing remedies for Rheumatic, Sciatica, Neuralgia, Stiff Joints, Contracted Cords, Lumbago in the Back, Croup and Diphtheria, Old Sores, Sprains, &c.

This will be your last chance. The professor can be seen until Monday evening, 17th of March, at the Albion Hotel, Goderich. Rooms upstairs.
