

The Weekly Monitor.

WEDNESDAY, NOVEMBER 11th, 1896.

NOTICE. Mr. R. S. McCormick having retired from the management of the Monitor, we would request that correspondents take notice of the fact, and that all communications be addressed for the present to M. F. PIPER, Proprietor and Publisher.

Card of Thanks.

It will doubtless be considerable of a surprise to the hundreds of Monitor readers to learn that its manager for the past six or more years has been laid to rest in the quietude of the earth. The fact that the Monitor was able to survive the loss of its manager for so long a period is due to the devotedness of the staff and the assistance of the various contributors.

Series of Presbyterian Mission Meetings.

On Monday evening, the 2nd inst., Rev. R. S. Whidden, of Bridgetown, and Rev. H. Dickie, of Windsor, brought to a close a series of meetings in the Presbyterian Church of the Windsor and Annapolis Valley in the interest of the Home and Foreign Missions work of our church. They held their meetings in the evening at the eight places from Bay View in Digby to St. John's in Hants. And at two places, viz., Annapolis and Mettewee Squares, they were assisted by Rev. Mr. Allan, of Waterville. No collections were taken at the meetings.

Nov. Scotia Apples on Exhibition.

A fine exhibit of Nova Scotia apples is displayed in the office window of the D. A. Hallway in Boston, and is attracting much attention. Over the exhibit appears the following card:

THE U. S. election is over and free silver legislation is postponed for four years, and perhaps indefinitely. Already hundreds of reports have come to hand indicative of the increased vitality of the business pulse of the Republic, and it is more than likely that the great stagnation of trade for months before the election will now be replaced by a greater activity than has been observable for some time.

A very successful and enjoyable social event took place at the Court House last evening, the occasion being the "At Home" given by the members of the Bridgetown Quadrille Club. The hall was very handsomely and tastefully decorated with bunting in red, white and blue.

There is something heroic in the confidence in the metallic money question after their severe condemnation last week while their life there's hope. One would think, though, that the elections had rung the death knell of free silver.

Many people think that the subjugation of Turkey and the consequential emancipation of the Armenians is an easy task, if England would but once bestir herself in that behalf. Turkey has been known as long as the "sick man" that in the popular mind the chief characteristic of this nation is that it is a feeble disorganized state with no money in its coffers and no public credit.

Result of the U. S. Election. New York, Nov. 5.—The following statement was given out this afternoon at the Republican headquarters: "Official returns of Isaac McKinley's election by a majority of 52 in the electoral college, and a plurality of over a million of the popular vote, the largest ever given."

Card of Thanks. Mr. Chas. E. Inglis and family desire to express their gratitude to the neighbors and friends to whom they are indebted for many kindnesses during their recent affliction.

Two working trains collided on Wednesday afternoon on a gravel-pit siding near Waterville, Halifax Co. They met and round a curve. One train was running as fast as it was possible to go and it was consequently badly damaged and tossed off the rails. Some other damage occurred.

Messrs. Croxley and Hunter closed their remarkable series of services in Canada on Sunday night. The farrowest meeting was attended by an immense crowd, probably over 2,000. We hope all our farmers and fruit-growers will make a point of attending the public meeting to be held in Victoria Hall to-morrow, in the interests of fruit-shippers. Enthusiastic meetings have been held in different parts of the province, and of practical results. Let our farmers show the same amount of enterprise and public spirit. See advertisement.
