The announcement from Ottawa that Canada will take over the Imperial defences at Esquimalt and Halifax is not unexpected, and will be received with general satisfaction. Logically, under our system of responsible government under our system of responsible government, it was the onlysthing to do, While the Dominion at any time would never have hesitated to assume a fair share of the burden of defence, it is obviously much preferable to assume complete control ourselves of our defences than to pay a fixed sum to Great Britain as a contribution and have no control over the expenditure. It is possible that the money, if spent by the Imperial Government would be equally effective. That, however, is not the question. The principle of retaining control over moneys voted for a specific purpose is an important one. Had Canada representation in the Imperial Government the position would

"Moreover, the feeling that we are providing for our defences at our own cost gives us a feeling of independence and relieves us from the imputation of enjoying protection which we do not pay for. Like the establishment of a mint, it may be largely a matter of sentiment, but, even so, it raises Canada a step in the scale of national dignity, and commands for it the increased respect of the world to that degree. Some such step was inevitable sconer or later, and during the enjoyment of unprecedented prosperity the time is now most opportune. It the time is now most opportune.

Our town was visited the past week by a serious fire, when the home of B. S. Whitman was burned. It is supposed the fire originated from the flue in the ell and spread rapidly to the main part of the house. The firemen were on hand promptly after the alarm was given, but it had gained such headway that all they could do was to save the barn and other buildings. Mr. Sweet's whole life had been devoted to the ministry, he having held pastorates at Port Lorne and Middleton, Nova Scotia; Brockton, Mass.; Windsor, Vt.; Mansfield, Mass.; The death of George Cronin, Sent took place at his residence here, Feb. ruary 28th, at the advanced age of 90 years. Deceased was a man of strict integrity, and very highly esteemed by his neighbors. The funeral took place and Las Vegas, New Mexico. Infree and a half years ago he came to California and took the pastorate of the Baptist church at Fullerton, where he remained until a few weeks ago, when he accepted the pastorate of the First Baptist church of Chino, but was not On Thursday, Owen Riordan, postmaster of Thorne's Cove, passed away after an illness of several months of consumption. Mr. Riordan was a young man universally respected. Generous and obliging, he made a host of friends, who deeply sympathize with the bereaved family in their severe affliction. The funeral took place from the Baptist Church on Sunday, Rev. E. O. Read preaching a very appropriate sermon to a crowded house. Schr. Harry, Capt. Card, arrived on Thursday from Norfolk, Va., with a cargo of creosoted piling for the big pier. Baptist church of Chino, but was not permitted long to continue his work. Besides his widow, Mr. Sweet left three daughters. One brother and three sisters are living in the East. One son, the oldest child, preceded him

to the grave.

A second Forward Movement for Harry Miller, of Bridgetown, was in the neighborhood last week making a shipment of apples to England. They went to St. John in the schr. Effort. Lloyd Shafner, of Lynn, Mass., is spending his vacation with his par-ents, Mr. and Mrs. Gilbert Shafner, Jr. Owing to the snow blockade, he was two weeks getting from Lynn to this place. Acadia University is now in progress. Mr. John D. Rockefeller gives \$100,000 on condition that the friends of the institutions at Wolfville raise a like amount of \$100,000.

After seventy years of noble and persistent effort, under serious financial disabilities, it now becomes possible, disabilities, it now becomes possible, by taking advantage of their opportunity, for the friends of Acadia to place her finances upon a splendidly solid financial basis. When this movement is completed, Jan. 1, 1908, (1) All debts will be paid, (2) All buildings in first class repair, and (3) an addition of \$120,000 will be made to the endowment funds of the college, yielding an additional income of about \$6,000 annually. his place.

the endowment funds of the college, yielding an additional income of about \$86,000 annually.

The increase in annual income of the college makes possible greater efficiency, and enlargement in many branches of work. It is the aim, also, to establish a number of scholarships, which will be at the disposal of the college authorities for the benefit of poor but deserving students.

Already a new work has been undertaken in establishing a science course, looking to the B. Sc. degree. Students who complete this course are by agreement, admitted to McGill University, in the department of Applied Science, without further examination. The institutions at Wolfville have a record attendance this year, as follows:—In College, 140; Academy, 89; Ladies' Seminary, nearly 100 boarders, and as many more day pupils. An interesting discussion, participated in by the wives of farmers, is appearing in one of our agricultural exchanges. Woman's place on the farm appears to be just what she prefers to make it.

It has been said that a man, trained throw out the crumbs; attach bits of for the work, could cook, wash, and over from head to that over from head to foot.

MORE MILK

The cow for the dairymen is the one that can make the most profit in milk, butter, or cheese for the food consumed. A large number of cows are kept for dairy purposes that don't yield sufficient milk to pay for their keep. They consume as much as profitable ones and require as much time and care in their milking. Also many a good "Milker" has gone to the butchers block owing to improper care and feeding. Many of the milk producing qualities of the feed are lost owing to improper digestion and assimilation. This can be overcome by the addition of Clydesdale Stock Food to the ordinary feed as it puts the stomach in such shape as to help her to digest and assimilate her food, besides enabling her to eat more of it, as it is made more appetising. This makes her capable of secreting more milk, and, in many instances, richer milk. If it could be demonstrated that more bushels of wheat could be grown on a piece of ground than ordinarily, and without injury to the land, in fact improving it, and at an extra profit, wouldn't you take up the proposition. Clydesdale Stock Food will add to the milk production, and with extra psofit, and without injury to the "Milker," because it gives a tone and sleekness to the animal that cannot otherwise be had. The use of Clydesdale Carboline Antiseptic will keep the stables in a healthy condition ensuring healthier milk. If after using the above, you find you are not satisfied, your money will be c heerfully refunded by our dealer. Clydesdale Stock Food is sold in your district by:
