The copy filmed here has been reproduced thanks to the generosity of:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol —> (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

D. B. Weldon Library
University of Western Ontario
(Regional History Room)

Les images suivantes ont été reproduites avec la plus grande soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par la première page et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par la seconde page, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole —> signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Webster's Dictionary-Ancient and Modern.

CAUTION!

A so-called " Webster's Unabridged Dictionary " is being offered to the public at a very low price, mostly by dry goods dealers, grocers, clothiers, etc., and in a few instances as a premium for subscriptions to papers. The body of the book from A to Z, is a cheap reprint, page for page, of the edition of 1847, which was in its day a valuable book, but, in the progress of language for over FORTY YEARS, has been completely superseded. It is now reproduced, broken type, errors and all, by photo-lithograph process, is printed on cheap paper and flimsily bound. It is advertised to be the substantial equivalent of "an eight to twelve dollar book," while in fact it is a literal copy of a book which in its day was sold for about \$5.00, and that book was much superior in paper, print, and binding to this imitation, and was then the best Dictionary of the time instead of an antiquated one. A brief comparison, page by page, between the reprint and the latest and enlarged edition, will show the great superiority of the latter. No honorable dealer will allow the buyer of this reprint to suppose that he is getting the Webster which to-day is accepted as the Standard and THE BEST,—every copy of which bears the imprint of
