DARE-DEVIL DAN WINS RACE WITH DEATH

Captain Larsen Safely Pilots
Motor Boat Thru Niagara
Rapids—Nearly Sucked into
the Whirlpool—Declares He
Will Never Do It Again, But
May Cross Atlantic in Same
Boat.

NIAGARA FALLS, Ont., Oct. 29.—
(Special)—In his little fifteen foot
motor boat Niagara, Captain Klaus
Larsen, Detroit, this afternoon success-
fully navigated the Whirlpool Rapids
and the Devil's Hole Rapids. The seven
mile trip from the Canadian "Maid of
the Mist" landing to Fitz's dock at
Lewiston was made by the staunch
little craft in just 21 minutes. It was
Larsen's second trip thru Niagara's
rapids, he having made the first one a
year ago in "Ferry," a motor boat a
trifle larger than the one he used to-
day.

At 1:45 Larsen headed his craft out
from the Canadian landing of the
"Maid of the Mist." For seven minutes
he cruised around below the falls. At
1:50 he turned the nose of the "Niagara"
down stream and headed for the dang-
erous Whirlpool Rapids.

At 1:55 he reached the swift drift
head of the rapids. After hugging the
American shore for the greater part of
the distance from the starting point,
when the "Niagara" entered the rapids,
Larsen closed in nearer the Canadian
shore.

When the first great wave caught
the little craft and hurled it from its
crest, the watchers ashore thought the
boat was swamped, as it slid over the
wave into a rocky foot trough.

Buffeted from wave to wave, the "Ni-
agara" hugged the Canadian shore un-
til within a hundred yards of the
whirlpool. Then the intrepid Danish
navigator threw over his tiller and
made for the American shore.

Almost Sucked In.
At 2:05 the little craft entered the
whirlpool, skirted the edge of the pool
was caught by the mighty maelstrom
and almost sucked into the swirling
mass stern first.

For half a minute the boat hung on
the edge of the pool almost motionless.
Then, with a spurt of speed, she broke
the waters' grip and plunged into the
whirling water below the whirlpool.

The Devil's Hole Rapids, below the
whirlpool, while not so rough as the
Whirlpool Rapids, are fully as danger-
ous because of the nearness of the
rocks to the surface. On his previous
trip, Larsen was stranded on a rock in
the lower rapids for some time when
his engine broke down.

With the skill of a St. Lawrence In-
dian pilot, Larsen guided the little
boat from side to side of the river,
dogging a rock here, riding over the
crest of a great wave there.

A Cool Customer.
Before Larsen struck the roughest
part of the Devil's Hole Rapids, he
turned the nose of his boat up stream
while he readjusted the canvas cockpit
covering his body. The canvas had
been forced down below his knees by
the trip thru the Whirlpool Rapids.
With one hand on the tiller, he used
the other to put the covering in place.
This occupied about two minutes.

As soon as the canvas was adjusted
to his liking, Larsen again started down
the river, while the crowd following on
special Gorge route cars cheered wild-
ly. Larsen sent back an answering
shriek from the whistle of his boat.

At 2:14 the rapids-shooting motor
boat passed under the suspension
bridge at Lewiston, a quarter of a mile
above Fitz's dock, where the boat was
moored at 2:20.

About four inches of water was
shipped during the trip. It was almost up
to the engine when it was stopped.
Seven hundred pounds of sand which
acted as ballast, soaked up considerable
of the water that entered the boat.

While changing his clothes, Larsen
told his story to The World correspond-
ent. Here it is in the little Dane's own
words:

Larsen's Own Story.
"That's the second time I've gone
thru the rapids and came out alive. I
tell you it's the last time, too. My trip
to-day was far worse than last year's.
The water was rougher by far and the
wind was high. If the "Niagara" had
not been a better boat than the "Fer-
ry," and her engine in perfect working
condition, I would not be here talking
to you now.

"To-day's trip was a frightful strain
on my nerves. I've been on rough voy-
ages before, but that trip to-day was
the roughest proposition I ever ran up
against. It fairly jolted the life out of
me, no only out a typhoid fever bed a
few weeks.

"After I shook hands with my man-
ager, Hansen, shortly before 1 o'clock,
I took a spin around below the falls in
the "Niagara." Everything worked fine,
but a strong wind made it bad for me.
When I found my engine working like
clockwork, I counted on a much easier
trip than last year. You see, I did not

REPORT OF REBEL DEFEAT NEAR HANKOW

Chinese Administration More
Hopeful—Have Arranged
for Foreign Loan of \$18,-
000,000—Panic, However,
is Said to Prevail in Peking—
Manchus Fear Massacre.

PEKING, Oct. 28.—The report of an
imperialistic victory in the vicinity of
Hankow, which has been received from
the minister of war, Gen. Yin Tchang,
has revived the drooping spirits of the
administration. An additional source of
comfort has been found in the conclu-
sion of a loan agreement, which Chi-
nese officials say has just been arranged
with a Belgian syndicate, having
French and British connections. The
loan is for \$18,000,000, the price being
95, with 6 per cent. interest. The syn-
dicate receives four per cent. commis-
sion.

The financial groups representing the
four nations interested in the railway
loan, United States, Great Britain,
France and Germany, took under ad-
visement proposition for a loan of
\$8,000,000, but the United States finan-
ciers decided that the present was an
inopportune moment.

Must Not Seize Foreign Ships.
The diplomatic body held a meeting
this afternoon and considered a request
of the viceroy of the Province of Chih
for permission to police Tientsin with
troops, which is contrary to the inter-
national protocol of 1902. The ministers,
however, decided to permit the viceroy
to do so, owing to the serious conditions
which prevail. The ministers decided
also to authorize the consuls at Han-
kow to deal temporarily with all ques-
tions cropping up, but the seizure of
foreign ships carrying anything which
may be called contraband of war, as
threatened by the rebel leader, Gen. Li
Yuan-Hung, cannot be permitted.

Regarding the appeal of Shanghai
business men, thru the consuls, that a
demilitarized zone around Shanghai be de-
clared neutral, the ministers declined to
assent, on the ground that it was a
matter for decision by the powers. Cer-
tain of the ministers consider that for-
eigners have no right to ask authority
over such an extent of territory.

Panic at Peking.
Panic prevails at Peking. Both Man-
chu and Chinese families are taking pre-
cautionary measures against immediate
disturbances. The Chinese are alarmed
owing to the report that the Manchu
garrison intends to begin a massacre
if they meet with reverses at the hands
of the rebels to the south. The Man-
chus are also said to be in fear of a
massacre on the part of the Chinese.

Both continue to desert the capital.
Many foreigners living outside the lega-
tion quarter are becoming alarmed and
are formulating, in conjunction with
the legations, measures against emer-
gencies.

A fortnight ago, when the govern-
ment began to take drastic measures,
the Chinese spirit seemed quelled. Now,
since the defeat of the imperialists on
Oct. 23, and other evidences of Manchu
weakness, revolution is talked openly.
Meetings are held in semi-public hos-
telities and the police do not interfere.

Certain revolutionists, proclaiming
themselves emissaries of the general
organization, have entered the legation
quarter and informed the foreigners
that Peking is organized and ready to
revolt, only awaiting orders from the
revolutionary chiefs. They say that all
the Chinese element of the garrison is
in sympathy with the movement.

The reported recapture of Hankow
dampen the ardor of those who seem
ready to go to the aid of the revolu-
tion. One of the legations has a re-
port from Hankow to-night that the
rebels retired before the imperialists
without serious resistance. This cre-
ates the belief that Yin Tchang's vic-
tory may have been pre-arranged.

Two Distinct Parties.
Two distinct parties have develop-
ed among the Chinese. One embraces
the national assembly, most of the gov-
ernment officials in both provincial and
central governments, and also the con-
servative business men. This party
favors the continuance of the Manchus
on the throne, also with a constitu-
tional government. The other party,
led by Wuchang, Canton and other
rebels, aim at the expulsion of the
Manchus from Peking. The hotheads
mention measures such as those em-
ployed in the French revolution. The
calmer and more considerate revolu-
tionists speak of exile to the ancient
refuge of Jehol, where the members of

ON TO JAMES BAY
T. and N. O. Will Build Line 100 Miles
Beyond Cochrane.

OTTAWA, Oct. 29.—J. L. Engle-
hardt of the Timiskaming and North-
ern Ontario Commission, addressed
the Canadian Club on Saturday on the
Timiskaming.

He said the great clay belt of
Northern Ontario contained 20,000,000
acres of good land and would sup-
port a larger number of people than
are now in Old Ontario.

He said the Timiskaming and
Northern Ontario Commission intend-
ed to build a line one hundred miles
beyond Cochrane in the direction of
Moose Factory and would eventually
reach James Bay and Hudson Strait.

THREATEN PEKIN

LONDON, Oct. 29.—A special
from Peking says that 20,000 sol-
diers of the third and 26th divi-
sions of the second mixed bri-
gade, composing the second army for
the Yangtze campaign, have
51 on the recent the option of
accepting immediately their des-
tination for a complete constitu-
tional government, or they
threaten to attack Peking from
their station at Lanchoa, which
is within striking distance of the
capital.

The national assembly, at a se-
cret session, endorsed these de-
mands, and ordered them pre-
sented to the throne.

A telegram received from Ad-
miral Sah, according to the same
despatch, says that the navy may
desert unless there is a political
change.

PIONEER OF "YELLOW
JOURNALISM" DEAD

Joseph Pulitzer, Proprietor of The
New York World, a Force in
American Newspaperdom.

NEW YORK, Oct. 29.—Joseph Pul-
itzer, proprietor of The New York
World, died at 1:40 o'clock this after-
noon on board his yacht off Charle-
ston, S.C. News of his death was re-
ceived here late to-day.

Pulitzer was the forerunner of
modern sensational or "yellow jour-
nalism."

When Jay Gould sold him The New
York World for \$240,000 he found that
he had on his hands a paper which
had long been a tool of wealthy inter-
ests and that it enjoyed no public
confidence. But in his first editorial,

For half a minute the boat hung on
the edge of the pool almost motionless.
Then, with a spurt of speed, she broke
the waters' grip and plunged into the
whirling water below the whirlpool.

The Devil's Hole Rapids, below the
whirlpool, while not so rough as the
Whirlpool Rapids, are fully as danger-
ous because of the nearness of the

A HALLOWE'EN JOKE

FARMER LAURIER: Peculiar sense of humor, some folks has.

MOTOR KILLS BOY AND ANOTHER MAY DIE

Chinese Lad Victim of Accident on
Unlighted Thoroughfare—
Younger Boy Badly Hurt in
Riverdale—Two Other
Victims Were More Fortu-
nate.

Within twelve hours, a boy was killed,
and another boy so badly hurt that
he may die, while a little girl
and a man had narrow escapes
from motor cars in the city.

This accident following upon the
long list of recent fatalities and
casualties due to motor cars in Tor-
onto, emphasizes once more the growing
danger of street traffic.

Lee Howe, a 14-year-old Chinese lad,
was struck by Stephen Hewgill's motor
car in Homewood-ave. Saturday evening,
and died a few minutes afterwards
in Dr. Mackenzie's office at the corner
of Carlton-st. and Homewood-ave.

No one actually saw the boy struck,
but according to Mr. Hewgill, the motor
car was going at a low rate of speed,
having just turned the corner. The
street was almost totally dark, and the
first sign of the boy was when Mr.
Hewgill's eldest son, Harold, called
out, "Look out dad, there's a boy."

No sooner were the words spoken than
the power was turned off and the car
brought to a standstill.

The lad was found lying between the
wheels. He was picked up and carried
into Dr. Mackenzie's residence, a few
yards off, and the all possible atten-
tion was given him, died in a few min-
utes.

Mr. Hewgill left in his motor, and af-
ter calling for Harry McGee of 108
Lowther-ave., went direct to the de-
tective office and gave himself up. Mr.
McGee's bail for \$5000 was accepted.

Sergt. Mackie last evening went to
look over the location of the accident,
and found that the street was very dark
as Mr. Hewgill had stated, the gas
lamp at the first corner north had not
been lighted. Mr. Hewgill said that
the same conditions existed the pre-
vious evening.

BRANTFORD MEN IN LUCK

SAN JOSE, Cal., Oct. 29.—The
family of Dr. Thomas A. Ferrin,
a physician of this city, accord-
ing to advices just received from
Brantford, Ont., has established
claim to \$4,600,000 in the Bank of
England, which has been lying
idle for more than 200 years.

The fortune will be divided
among nine heirs, including Dr.
Ferrin and two brothers, in
England. A water, Mrs. A.
Craig of North Dakota, gets a
ninth share, and two nephews
and three cousins, if found, will
get \$100,000 each.

WHY TO BE THANKFUL AS MINISTERS VIEW IT

Population Figures Need Not Dis-
appoint—Growth of Canada
Cause for Gratitude.

"Material wealth sometimes smother
our religious nature," declared Rev.
Byron Stauffer last evening in Bond-
st. Congregational Church.

"Canada is just now wondering
where the other million population is,
which she thought she had. She
thought she had eight millions, but
the census shows only seven millions.
Various explanations have been given.
Probably the true one is that a great
many of the people who came into the
country did not stay. Some of them
went back to Europe, others went to
the United States.

"After all, what does it matter whe-
ther we have seven or eight millions
population? We have a rich and pros-
perous country. Our broad fields yield
an abundant increase of wheat, our
mineral resources are inexhaustible,
our forests nearly so, and our fisheries
also seem to be inexhaustible.

"It matters a great deal more what
kind of men we have in Canada, than
how many. Perhaps we can still say
that we are treading the paths our
fathers trod. We are a God-fearing,
Sabbath-keeping and sober nation.
This is far more important than a
million more population."

At the close of the service, Dr. Ross,
the organist, gave an organ recital, for
which over 100 people stayed.

A thank offering was taken up to
apply to the mortgage fund.

For Religious Belief.
"We should be thankful for our priv-
ilege of religious belief," declared Rev.
Byron-Held in St. Aidan's Anglican
Church last evening. "We do not ap-
preciate it as we ought, because we
forget the history, the hardships en-
dured in securing it. In Canada to-
day we have a free land in which every
 creed is free to worship. It is ours to
see that in our marriage laws and cus-
toms no interference from outside is
allowed. We must see to it that the
ceremony performed by any minister
whose power is recognized by the state,
shall be inviolate. We will brook no
interference from any other church or
religious body in the matter of our
marriage customs.

"Any marriage upon which the sacred
seal has been set by those who are re-
cognized by the state, must be valid be-
fore any court, before any religious
body. This interference has meant in
many cases of late, loss of happiness
and sometimes even of life." Mr. Reid
went on to refer to the Melroe murder
trial.

"We must guard against this mis-
erable decree that would upset the mar-
riage tie of those who may be outside
of the Catholic church. The men in
the law as ready to renew the strug-
gle if called upon by the executives of
the unions.

LOCAL MEMBERS MUST BATTLE FOR SEATS

With Convention Dates Set,
"New Blood" Movement
Promises to Cause Shake-
up—Central Executive
Recommends Retaining the
Present System—Expect
Election Dec. 11 or 12.

Conservative Conventions.
North Toronto, Nov. 12.
South Toronto, Nov. 14.
East Toronto, Nov. 15.
West Toronto, Nov. 17.

These are the dates of local party
conventions as tentatively fixed at a
largely attended meeting of the execu-
tive of the Central Conservative As-
sociation held in Victoria Hall on Sat-
urday night. Altho no official an-
nouncement was made, the delegates
appeared to take it for granted that
the provincial elections would be held
either on Dec. 11 or Dec. 12.

While the meeting ended with some-
thing akin to harmony among the
delegates, following the defeat of a
proposal to change the system of nom-
inating candidates so as not to allow
the senior members of the legislature
a monopoly of the class "A" seats,
there was considerable warm discus-
sion. When the vote was taken it
showed a majority of only about eight
of the 50 delegates present in favor of
adhering to the existing order of things.

Want New Blood.
The strong vote cast for a change is
a measure of the strength of the in-
surgents in the organization who do
not see why the older members should
not have to take their chances of re-
nomination at the hands of the dele-
gates for the entire riding. At present
each of the four local ridings is divided
for convention purposes into two sec-
tions, one "A" and the other "B," the
latter member going before the dele-
gates representing the former as a
matter of course. It is figured that
this practically ensures renomination,
and that, to test the real feeling of all
the delegates of the riding, the nominees
getting the highest vote be considered
as having qualified for seat "A," and
the next in line for seat "B." Give
the new blood a chance" is the slogan
of the insurgents.

Lively Fight Coming.
While the executive decided other-
wise, it is not in a position to lay
down a rigid principle for the con-
ventions to follow, but simply recom-
mends this course as desirable. Each
convention will be able to work out
its own destiny in the matter.

It was made clear on Saturday night
that every sitting member, with the
probable exception of W. K. Mc-
Naught, will have something of a
fight on his hands to be renominated.
Even cabinet ministers will look in-
vain for acclamations, to judge by the
temper of the gathering.

Current rumors" has it that the pres-
ent movement can be traced more
or less directly to the independent op-
erating which elected Joseph Russell
in East Toronto in 1908 and which,
with F. G. McBrian at its head, was
also strong in the west until the older
organization effected a reconciliation.
While there is no apparent intention
of breaking away from the party,
many delegates to the coming conven-
tions will insist upon younger men
being given a chance for the honors.

"There will probably be four new
Conservative members in the next
legislature," said a shrewd politician
last night.

TURKS MAKE THREE ATTACKS
But Are Easily Repulsed, According to
the Italian Story.

ROME, Oct. 28.—A despatch from
Tripoli, of current date, says that in
the early morning hours small forces
of the enemy made three successive at-
tacks. These were chiefly directed
against the Italians guarding the Bou-
meliana Wells, but the Turks were
easily repulsed. Reconnoissances by
the aeroplanes disclosed an oasis on the
left of the Italian position still occupied
by the enemy.

It is now stated that it was the Turk-
ish general's chief of staff and not the
general who was killed in the fight on
Thursday.

A despatch from Tobruk reports that
an Italian force went out to examine
the telegraph lines was attacked by
300 Arab horsemen, who were driven
off after the Italians were reinforced.

Thought It Suicide.
Five minutes late Coldham was quiet.

Ottawa Surprise Hamilton Tigers And Win Easily

OTTAWA, Oct. 29.—Outplaying their opponents at almost every stage of the game and putting up an exhibition which they themselves hardly considered possible, the Ottawa defeated the Tigers by 23 to 9 in the Interprovincial Amateur Rugby fixture here Saturday afternoon. Holding the Tigers scoreless in the opening period, the Ottawa ran up eight points and broke into the second half with the wind and sun against them. They held the Tigers to two points in this stage, and after leading at the half by 13 to 0 went after the jungle kings in the third, crossing their line for two additional touchdowns, converting one with a kick and leading, with the addition of several single points and a safety touch at the end of the third period by 23 to 0. In the fourth quarter the Tigers kicked two beautiful field goals, both by Oliver, and notched a score, the same ending with Ottawa 14 points to the good. "Twas a glorious old victory over the Hamilton City for the Tigers, previous to the match, had in the vernacular of the sport, "bet Ottawa off their feet." So confident were the Tiger supporters that they thought they were going to win. Then they offered odds of 10 to 1 for a five or six thousand dollar bet on the capital as the result of the downfall of the westerners.

The Ottawa's victory over Ottawa in the inaugural game at Hamilton, the wearers of the yellow and black invaded the capital with a perfect confidence of carrying off the laurels. Conditions, however, were completely reversed and Ottawa at this time made the Tigers resemble an intermediate aggregation. It was fast, brilliant football at all stages and the crowd which numbered about 700, was the largest that has witnessed a game in Ottawa since 1908. All Ottawa went wild with delight over the triumph of Captain Phillips and his corps of boys, old men and young throwing their hats into the air and shouting like mad as they witnessed the Tiger line to pieces and crushed their backs to such an extent that two of the "boys' phistons," Johnny McEwain and Kid Smith, limped off the field before the conclusion of play, crestfallen and discouraged.

A strong wind was blowing from the west and the sun, until the last quarter, reflected its blinding rays directly into the eyes of the players defending the east goal. The result: A kick at every opportunity by the team which had the lead and wind and Old Sol behind it and a steady close play on the part of the players. It was a victory resembling an Ottawa team called the tons, and the home team in the first quarter had every-thing in their favor, even against the wind. Ottawa was fortunate in many respects, the no one would be so biased as to attribute Ottawa's wonderful win to luck. The game "through" was surprisingly clean. There were only one or two penalties and they were given against Ottawa. The Ottawa team occasioned considerable surprise when it lined up. The same formation lined up in the first quarter, but was again at centre half, despite his injured knee, Amby Kilmartin, who has been a mainstay of the Ottawa team since he went on. Captain Phillips played centrally, Martin Kilt going to right.

Only one man on the Ottawa team played magnificent ball. The back division sought and punted perfectly, backing one another up to perfection and displaying rare headwork in the pinches.

The Tigers worked one or two pretty runs in the first quarter, but their Ottawa tackling was ragged, but thereafter they were never really dangerous. Only two occasions did they have any success within Ottawa's 25-yard line. McKelvie, who did such damaging work at Hamilton, was never quite himself. He muffed three or four costly ones and showed neither speed nor staying power. Burton at quarter was never quite himself. He muffed three or four costly ones and showed neither speed nor staying power. Burton at quarter was never quite himself. He muffed three or four costly ones and showed neither speed nor staying power.

The Toronto team which defeated the Corinthians of England play the Province of Quebec in Montreal to-day.

Dundas Failed To Even Warm Up T.A.A.C. Team

From the spectators' viewpoint, one of the most monotonous games seen in Toronto this year was played at Scarborough Beach Park on Saturday, when T.A.A.C. and Dundas played their scheduled game of the O. B. F. L. series. The final score of 21 to 0 only vaguely indicates the pay, so superior were the Toronto team to their Dundas opponents. In every department the crimson outshone the villagers, with the result that the game was a burlesque from start to finish.

After their easy win in Dundas it was expected that the T.A.A.C. boys would have little trouble in disposing of their opponents here, and such was the case. The strong westerly wind and the sun, however, gave the team kicking a decided advantage, and these conditions, it was thought, would enhance the chances of the westerners, should they resort to a kicking game. Dundas, however, were given no opportunity to resort to anything—they were another "from the very outset."

After securing a muffed ball by Doyle, Mills made a long pass to Fleming, who ran thirty yards for a try within a minute of play. Before the team had time to vent over after a brilliant series of passes by the crimson. Both tries were converted by Flett. Before the team had time to vent over after a brilliant series of passes by the crimson. Both tries were converted by Flett. Before the team had time to vent over after a brilliant series of passes by the crimson. Both tries were converted by Flett.

TORONTO DRIVING CLUB ENTRIES FOR TO-DAY.

The Toronto Driving Club have a good card for to-day's trotting and pacing races. The entry list is a large one and the horses competing are evenly balanced, which should make fine sport for the holiday.

In the 2:30 pace there will be twelve starters or more, and some fast time will be made. The entry list is a large one and the horses competing are evenly balanced, which should make fine sport for the holiday.

In the 2:15 pace, Paddy McKinley, Nettle Ebbart and Die Parson, are the favorites for the purse, as they all have a lot of speed and are right good just now, but when the money is in the air, the end of the race the lanky fellow from Owen Sound should about take down the large share.

The racing will start at 2:15 sharp. The Cadet Band will be in attendance. Bookings and auction pools sold on all events. Entries:

2:30 pace—Half-mile heats, three in five, purse \$200—Harry Box (H. Ridgely), Hal H. (G. Everett), Hal Crandell (H. Hurst), Hydro (W. Stron), The Parson (C. May), J. Fluke (A. G. Barrett), The Undertaker (W. Taylor), Little Fred (W. McKinley), Monty (A. G. Barrett), J. Bestie (Little Alfred (A. Johnson), Only One (S. Smith), Angus Mack (R. Williams).

2:15 pace—One-mile heats, three in five, purse \$100—Dimitry (D. Gillie), Paddy McKinley (H. Williams), Niles pushing, and McBride, Dr. Wilkes (N. Ray), Sidney Mack (J. Smith), St. Thomas (T. Westbrock).

Judges—Jas. McFarren, Dr. Black, H. B. Clarke, Timers—A. Proctor, Geo. May, J. H. Lock. Starter—J. McKelvie.

Victoria Quilting Club.

The weekly quilting club was held on Saturday afternoon on the club grounds, Riverdale Park, with a good turnout of members. The month's game today between the married and single members of the club will start at 10 a.m. All players are requested to get on the grounds on time. Saturday's scores:

First Draw—
A. McMillan..... 21 J. Nichol..... 17
J. Mills..... 21 A. McLeod..... 20
C. Bell..... 21 J. Carlisle..... 19
J. Fluke..... 21 A. G. Barrett..... 18
W. Weir..... 21 L. Brock..... 19
Rycroft..... 21 A. McFadden..... 18
J. Campbell..... 17

Second Draw—
A. McMillan..... 21 J. Nichol..... 15
W. Weir..... 21 J. Fluke..... 17
Rycroft..... 21 J. Carlisle..... 15
C. Bell..... 17

Third Draw—
W. Weir..... 21 A. McMillan..... 15
C. Bell..... 17

Fourth Draw—
W. Weir..... 21 C. Bell..... 19
Rycroft..... 17

Winners—1. W. Weir; 2. C. Bell; 3. Rycroft.

Rugby in the West.

WINNIPEG, Oct. 28.—St. Johns beat the Rowley Club by 15 points to 4 in a senior Rugby game, after playing twenty minutes overtime. They play off Thanksgiving Day for the final.

HUNDREDS FLOCK TO HOBBERLINS

For \$25 and \$30 Suits and O'Coats at \$15 to Order TUESDAY THE LAST OPPORTUNITY

We are not going to boasting or exaggeration—but when we say that we believe fully 50% of the men who ordered made-to-order clothes in this city on Saturday, bought them here, we believe we are telling the truth.

It was indeed a wonderful day of selling. From the moment the doors opened till the last minute at night it kept up. Hundreds of orders were taken. We are gratified at the results. Grateful that the men of this city believe our statements in the press. Nothing could more clearly show their implicit faith in this establishment than the way they responded to our offer.

THERE IS YET ANOTHER DAY OF IT. ANOTHER DAY TO SECURE \$20, \$25, \$30 FABRICS AT \$15.

On account of Monday being a holiday we are extending this offer for Tuesday. Now we want all you men who failed to get here on Saturday to be sure and get your share of these splendid Suits and Overcoatings on Tuesday.

Here are just a few hints of what you will get. The Suitings at \$15 The O'Coatings at \$15

We are conscious of the fact that you can buy a suit in a dozen or more places in this city for \$15.00. But remember, it is a regular \$15.00 suit at any time. The workmanship, the linings, the trimmings, the cloth are all in the \$15.00 class. That's the point to remember. What we offer you to-morrow are some of the regular \$20.00, \$25.00 and \$30.00 suitings. Never mind why we do it—or how we can do it—perhaps we are losing money on every suit sold. It makes no difference to you, so long as you get the value. We will give the same linings, the same trimmings, the same tailor work, just the same as when you paid us \$20.00, \$25.00 or \$30.00. That is our offer. But it is confined to the one day, Tuesday, and you cannot get one for this price after 9 o'clock on Tuesday night. Now, will you come?

OUR GUARANTEE

"We guarantee this garment to fit you perfectly. We also guarantee that the cloth, the linings, the trimmings, have all been thoroughly shrunk by our secret process. That it is cut and made from your individual measurements by our own staff, entirely on our own premises. Please examine the garment carefully. If you find any defects and will notify us within 30 days, we shall send a competent man to your city address, who will examine the garments on you, bring them back, and if we cannot make satisfactory alterations, you can have another choice, or your money cheerfully refunded. We further guarantee that all garments purchased here will be kept pressed free of charge for a period of three months."

HOBBERLIN BROS. & CO. CASH TAILORS
3, 5, 7, 9 E. Richmond St. 151 Yonge St.

We ask you to read "Our Guarantee," to consider the reputation of the firm behind it, to consider the quality of this offering, to remember that we give you the utmost in good tailoring, style and service. That this offer comes from a concern that has built up the largest custom tailoring trade in Canada, because of its square dealing and honest values.

Store Will Open at 8 a.m. and Remains Open Until 9 p.m. HOBBERLIN BROS. & CO. - - - Cash Tailors 151 YONGE ST.—HOBBERLIN BLDG.—3, 5, 7, 9 E. RICHMOND ST. A NATIONAL TAILORING INSTITUTION. English Buying Offices, 29 Cheapside Chambers, Bradford, Eng

DINNER TO N. Y. GIANTS MARKED BY ODD FEATURES.

NEW YORK, Oct. 28.—A big white elephant stalked across Broadway in the White Light district to-night and crowded its way into a hotel dining room where the New York Baseball Giants were being given a complimentary dinner. It was only a ghost of a beast, manufactured and stuffed with men from a nearby theatre, but was so realistic that even the polices were for a moment deceived. The elephant was introduced to the Giants at Baker, the home-run maker, who was the hero of the recent Philadelphia victory.

A number of other odd features marked the dinner. Twenty-two waiters, dressed in the New York baseball costumes, served at the tables, and moving pictures were shown on a screen, depicting the first game of the world's series. A special song written by Bill Edwards, the former Princeton football star, who is now street cleaning commissioner, was sung by a colored quartet, mentioning each player by name.

The dinner was given by a number of admirers of the Giants in appreciation of the winning of the National League pennant. Andrew Freeman, Job E. Hodges, John J. McGraw and Hugh Jennings were among the speakers. Commissioner Edwards also spoke. Mathewson was away on a training trip and could not attend.

Motor Cycle Endurance Run.

A couple of special features in connection with this race will be as follows: Thru the courtesy of Mr. Fred Hamby, secretary of the Royal Canadian Home Pigeon Club, a homer pigeon has been secured and will be taken along and set free at London, carrying a message back to Toronto, which will be announced during the afternoon at the Exhibition track, when the Dunlop Trophy race are being run off in conjunction with the automobile race.

The second feature will be that T. I. Anderson, secretary of the Toronto Motor Cycle Club, will carry two advertisements in his pocket—one for The London Advertiser, and one for The London Free Press. These advertisements will be on behalf of the Dunlop Company, touching on the endurance run, constituting, as it does, a new era in motor-cycling. These will be the first regular advertisements carried to their destination, which is, in this case, 125 miles.

Before the starting of the race a representative of the Dunlop Company will decorate every rider with the Order of Good Luck; in other words, he will be presented with the Dunlop altchpin.

Walker Andrews has decided to enter the Dunlop race, and will be seen riding for Toronto Bicycle Club team in the team race, and on scratch in the ten-mile repechage.

While Doc Morion had previously announced his decision to retire permanently from the track, his many friends have persuaded him to reconsider his decision, and he will be seen both in the Queen City team and in the ten-mile repechage.

The program on Thanksgiving Day will open up with the bicycle team race, which will start at 2 p.m. sharp. E. E. Williams, manager of the Dunlop

Hotel Guests Deceived.

Many guests at the King Edward hotel night admired the beautiful bunch of American beauty roses which hung above the register, and were very much surprised to learn that the flowers were artificial. They were set in maidenhair ferns with real rose leaves and the appearance was most deceiving. The roses were obtained by the management in New York at a cost of \$25. A bunch of bridal roses has been placed in the restaurant, and orchids in the ladies' reception room.

Declined the Call.
BLENDHEIM, Oct. 28.—Rev. Dr. McIntyre, formerly of Beamsville, who was this week called by the Quari congregation, has announced that he will decline the call.

JOHN CATTO & SON 55-61 KING STREET EAST TORONTO SHERIFF MOTZ OF BERLIN DEAD AT ADVANCED AGE Was One of Pioneers of German-Canadian Journalism—Prominent in Municipal Affairs. BERLIN, Ont., Oct. 29.—(Special).—One of Berlin's oldest residents passed away at an early hour this morning in the person of Sheriff John Motz, at the advanced age of 81 years. The late sheriff was born in Dierdorf, Prussia, on June 18, 1836. His mother died when he was ten years of age and his father when he was 16. In 1848 he came to Canada, where his father, Joseph, was living with his wife, Mrs. Noll. The ocean voyage from Hamburg to Quebec took 64 days. When he came by steamer to Hamilton, and thence by stage to Berlin, where he arrived June 2, 1849. His life in Canada is interesting. In 1850, he apprenticed with Christian K. Nading, the mute tailor, and stayed there three years. It was during this apprenticeship that the friendship with Frederick Rittinger, his partner in later years, originated. For a while he had a workshop at Fe. arburg, later he was clerk and tailor for George Ehr. S. J. a. o. s. In 1857 he went west as far as the Mississippi and worked for one year at Rock Island, Ill., and Davenport, Ia. He returned to Berlin and became a student at the grammar school, with the intention of going into teaching, but instead he and Frederick Rittinger entered the newspaper field. In vain they tried to buy out The Deutsche Canadian, and so, in December, 1859, they established The Berliner Journal, and the partnership continued until the death of Frederick Rittinger, in October, 1871. In January, 1889, John Motz retired from business, and the business is still conducted by the sons of the founders, John A. Rittinger and William John Motz. The late Mr. Motz took an active part in municipal affairs, as councillor, deputy mayor, and also as a member of the separate school board. He also identified himself with the local and county children's societies. In politics he was a Liberal, and for some years both a vice-president and president of the North Waterloo Reform Association. He was the old member of St. M. T. R. C. Church, and served for many years as trustee and on the cemetery committee. On Feb. 17, 1898 he married Helena Vogt, who, with four children, survives. His first sign of weakness appeared in August, 1916; since then he has fallen gradually, being confined to the house since January, 1917. The funeral will be held Tuesday afternoon.

The Adams Furniture Co., Limited, City Hall Square BANQUET TO BORDEN By Members of the Anglo-American Peace Centennial in New York. NEW YORK, Oct. 29.—Mon Robert L. Borden, the new premier of Canada, was the guest of honor at a luncheon given yesterday at the Lawyers' Club by members of the Anglo-American Peace Centennial. Mr. Borden made a brief address in which he declared there was no reason why the recent events in Canada should in the slightest degree interfere with the cordial relations existing between the Dominion and the United States. Among those who attended the luncheon were Oscar St. Louis, former American ambassador to Turkey; Courtenay W. Benson, British consul-general in New York; Andr. W. B. Humphrey, general secretary of the Peace Association; and P. Kennard Benson, vice-president of the Canadian Club. After attending a memorial service for the late Edward M. Shepley, the distinguished lawyer, who was a candidate for the senatorship of this state last January, and a personal friend of the Canadian premier, Mr. Borden, accompanied by Mrs. Borden, left this evening for Ottawa. They had quite a number of Canadian callers at the Hotel Belmont during their stay here. Senator George A. Coe and Mrs. Coe, who are also staying at the Belmont, spent a portion of the afternoon with Mr. and Mrs. Borden. The Grand Trunk Pacific are in receipt of a letter from a prominent traveler in Eastern Canada, who has just returned from a trip to the west, and which included a journey on the Grand Trunk Pacific from Winnipeg to Wainwright and return. He states: "I must say it was one of the pleasantest experiences in a long life of travel. Having seen the road in the making, and being aware of the high standard set up, I was prepared for a good roadbed, and was not disappointed, for we rode as smoothly as between Montreal and Toronto. The sleeping cars are models of comfort and the service on them, as well as the dining cars, couldn't be better. The Grand Trunk are setting the pace for general excellence in Western Canada."

WHY TO BE THANKFUL AS MINISTERS VIEW IT

Continued From Page 1.

authority should see to it that there should be one uniform marriage law for all men and all classes.

Growth of Temperance.

"We to-day have a great deal to be thankful for, declared Rev. W. H. Hincks in Broadway Tabernacle yesterday morning.

"First we should be thankful for the increased local option area in Canada. Every year sees a great increase in the liquor selling districts. Soon, too, we will celebrate a decade of peace in the British Empire. While other countries round about are torn with dissensions and strife, since the close of the South African war, we have enjoyed almost ten years of perfect peace.

Reasons for Thanks.

Prosperity and Canada the great should be the reason for much thanksgiving by Canadians, in the opinion of Rev. R. J. Trevelyan, as expressed in his thanksgiving sermon at the Carlton-street Methodist Church Sunday morning.

38 MINUTES

It took the winner of Saturday's walking contest just 38 minutes to walk from the Temple Building, via Yonge, Bloor, Avenue-road, St. Clair, Spadina-road and Swan-avenue to past the middle of R. B. HALEY & CO.'s sub-division,

Walmer Hill

which proves that you can walk to that high-class property from your home, or from the end of Avenue-road car line in a very few minutes to-day (Thanksgiving Day). Salesmen on the property all day to-day. Come up Spadina-road, above St. Clair, look west, and you'll see our sign. Telephone Main 412 for appointment and we'll motor you up from any place in town.

REPORT OF REBEL DEFEAT NEAR HANKOW

Continued From Page 1.

The imperial family may be surrounded by picked and pensioned guards. It is rumored among the Chinese that the imperial family intended to flee from the capital. The legations advised them to remain, pointing out that such a show of defeat would only serve to make conditions worse and cause more serious and more extensive concessions and uprisings. It is stated that the Japanese Government will not permit the imperial family to find an asylum in Manchuria, because of the certainty of their carrying their troubles thither.

Rumor Says Outbreak Today.

PEKIN, Oct. 29.—The situation in Peking is becoming worse. One report fixes to-morrow night for an outbreak, but the presence of 15,000 Manchurian troops, against 8,000 Chinese, insures the safety of the capital for the present. The only danger seems to be from a sudden attack against the throne or against the officials, which might precipitate the threatened massacre by the Manchus.

Consider Loan Scheme Dangerous.

The loan scheme, whereby China hopes to raise many millions dollars through a Belgian and French syndicate, is considered dangerous in some quarters. The national assembly is likely to oppose it fiercely, while foreign assistance for the government is likely to arouse among the rebels an anti-foreign feeling, which up to the present has been absent. A substantial advance on the loan within a fortnight has been arranged.

Rebels Threaten Amoy.

AMOY, Oct. 29.—Pleasants have been placed upon the city gates announcing that the revolutionists intend to take the city this week. The people of Amoy are further advised by the placards that if they surrender peacefully order will be preserved, but not, no guarantee of order will be given.

KILLED

Mr. Altker

The Best Investment in Canada To-day

Is in Toronto Real Estate. More millionaires have been created through Real Estate than through any other form of investment. That section of Toronto known as the "Hill District" offers greater and more immediate returns than almost any other part of the city. You will have good cause for THANKSGIVING HOLIDAY if you go up north and see the district for yourself TO-DAY. Look all around and then at

COLLEGE HEIGHTS

HEALTH. College Heights is the highest and most healthy section of this district, which is recognized as the healthiest around Toronto.

CONVENIENCE. It is at present not more than 25 to 35 minutes from King and Yonge, and will be much less when the civic car lines, now under construction, are completed along St. Clair Avenue.

RAPID GROWTH. Just think for a moment of the fact that Toronto spreads nearly ten miles east and west, and only two and a half to three north—then you will understand why the future growth is bound to be northward and through this district.

EXCLUSIVE-NESS. Most of the property surrounding College Heights is being held at and sold under stringent residential building restrictions, so that the entire district will be uniformly high-class.

HIGHER PRICES. Considerably higher prices are being asked for and obtained on the surrounding property than we are asking for College Heights—in fact, just a short distance south lots are being sold at five or six times as much.

SAFE INVESTMENT. There is every reason to believe that College Heights lots will sell in two or three years at as high prices as St. Clair property sells for now.

SMALL CASH PAYMENT. You can secure one or more of College Heights lots for a small cash payment, with balance on easy terms.

Less than five years ago land around the north side of St. Clair Avenue was selling at about \$18.00 per foot that to-day is selling at from \$90.00 to \$125.00 per foot.

You can buy College Heights lots at from \$20.00 per foot up, which is as low or lower than some adjacent properties are being offered by the acre.

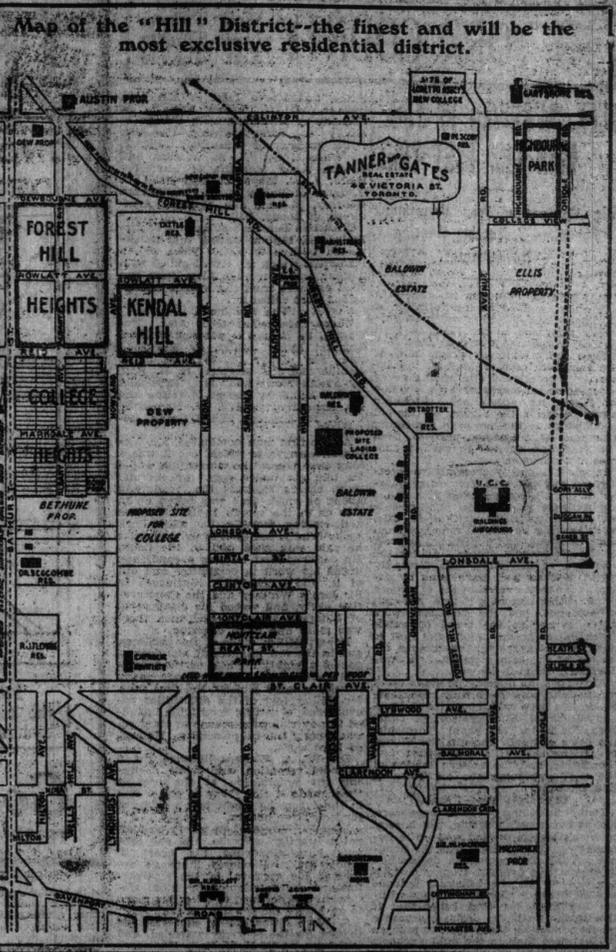

Don't Let This Opportunity Slip Past You—It Won't Come Again

FOR the convenience of intend-n-y purchasers a representative will be on the property all day.

TANNER AND GATES REAL ESTATE

CALL, phone or write—we will pay the return railroad fare of out-of-town purchasers of College Heights Lots, from within a radius of 100 miles of Toronto.

T.E.L. LIGHTS NO MORE—HYDRO RULES ON NOV. 1

City Will Undertake to Light All Streets, Says Engineer Aitken.

On Wednesday the Toronto Electric Light Company's street lights will be turned off, and from that day, henceforth and forever, the lighting of the city will be done by the hydro-electric commission.

Notwithstanding that fact, which the powers of the hydro-electric have decided, the city fathers will consider the following recommendation of the Board of Control at the meeting of the council on Tuesday:

The Board recommend that the time be extended for cutting off the Toronto Electric Company's lights for such time as may be necessary to enable the Toronto hydro-electric system to complete their work and prevent many streets being left in darkness altogether, as will be the case if the Toronto Electric lights go off on Wednesday next, November first.

As for there being, as has been alleged by the Board of Control, 200 streets in the city, which are not to be lighted by the hydro-electric, K. L. Aitken, the managing engineer of the hydro, declared last night that virtually all of the streets are lighted. At the outside there might be half a dozen streets, which had been missed, he said, but not without lights. All parts of the city lit by T. E. L. were now lighted by the hydro, he said.

Darkest Hour Before Dawn.

The water lights will be off to-morrow night, owing to a change of cables necessary in the power house. But Wednesday night they will burst forth at all their glory and do all of the work. From then onward the aesthetic eyes of Toronto's citizens will not be offended by the sight of the T.E.L. lamps, spelling the artistic effect of the hydro lights.

So far as Richmond-street is concerned a temporary line of lantern lights will be in operation on Wednesday. Mr. Aitken is making a report on the extra cluster lights wanted by the city and for which extra money might have to be provided. Until that report is presented to the commission and the money has been secured no more cluster lights can go up. A great many more cluster lights will be put up in time.

"DRY" AREAS WIDEN BUT LIQUOR BILLS INCREASE

Immigration is Largely Blamed by Temperance Workers For Big Increase in Consumption.

Canadian local option spreading, and liquor as well as tobacco consumption increasing. Why? Press reports almost daily claim new territory in Canada for the local option cause, yet the records of the consumption of whiskey, wine and beer in Canada show a decided increase per capita for 1911 over that of 1910.

To reconcile these two facts, a World leading put the question to a number of leading men in the temperance cause in Toronto, K.C. The increase in the consumption of beer is caused by the great increase in English population, who, he said, are heavy beer drinkers. The local option territory is responsible for the increase of whiskey consumption, the reason being that many men, young and old, buy a bottle of whiskey or three when going into or living in local option territory when they would not buy nearly so much when they were in open territory. It is characteristic of the Anglo-American race that when they are in a new place they will buy liquor for their own use, and when they are in a new place they will buy liquor for their own use, and when they are in a new place they will buy liquor for their own use.

Business It on Foreigners.

Ald. McCarthy maintains that the population, which is not an idea of the good Canadian way yet, and the unparalleled prosperity, is responsible for the increase in the consumption of liquor.

"Shop license," commented Rev. J. J. Trilaven, explaining that he had seen men and women come from these places laden with bottles and jugs of liquor.

"Why, mess job," said one, "liquor consumption is increasing right here in Toronto, and in my judgment the shop license is responsible."

N. W. Russell, K.C., said he had seen the figures showing an increase in the consumption of liquor, but had not had time to go into the matter in order to give an opinion. Excessive tobacco consumption in every form naturally follows up the drinking habit in the combined opinion.

"Do away with liquor," said one, "and you have the tobacco habit killed."

"Is local option a solution of the liquor problem?" "Never touched me," said another. "It helps," declared a third. "It is an improvement," remarked a fourth. While still another said it was the first step to an ultimate dryness.

MOTOR KILLS BOY AND BROTHER MAY DIE

Continued From Page 1.

car at the corner of Logan-avenue and Queen-street at 9 o'clock Saturday evening. Young Brown was trying to cross the street when the motor approached and threw him to the pavement.

The driver, Norman Smith, 76 Bellevue-avenue, claims that his car was going at a very moderate speed, and that he brought his machine to a full stop within a few yards.

Smith, after bringing his car to a stop, placed the boy in the rear seat and hurried to the General Hospital, where he waited until Detective Murray arrived, and placed him under arrest.

The lad is believed to have concussion of the brain. He is in a precarious condition.

The car is owned by W. Bailey, 31 East Adelaide-street.

Hemmed in by Cars.

Arthur Sweet, Borden-street, tried to cross College, near Major-street, on Saturday night and when near the car tracks heard a blast from a motor car coming from the west. He started ahead on foot, and when the motor came he was in the opposite direction stepped back. The car from the west turned towards the sidewalk to avoid running over him. The body of the machine struck Sweet. He was picked up and taken to Grace Hospital, but his injuries were not serious, and he will be able to return to work within a few days.

The car was owned by McCallister Knowles, 340 Bloor-street West.

While crossing Bloor-street at noon yesterday, Mary Cassidy, 12-year-old daughter of Dr. Cassidy, 45 Bloor-street East, was struck by a motor car, driven by a boy of fifteen years, Victor Diver, 325 Jarvis-street.

According to witnesses the car was going east when it struck Cassidy in the distance whom he wished to catch up to, and turning the power on rear wheels, started his machine to turn at a much faster rate. When a few feet from the girl Diver blew his horn. The child on the road had not time to reach the sidewalk, and, by a great mischance, the wheels of the ground and allowed the wheels of the machine to pass on either side of her.

When the car had gone a few feet farther the child got up and ran home. It is feared that her back is injured.

CONFESSES TO MURDER OF FATHER

Continued From Page 1.

enjoying a glass of beer in a hotel for two hours he talked as usual with those in the bar and then returned home.

Screams of horror rang thru the house as he entered, and realizing his only chance for life was in telling the truth, he cried out, "Good God, what's the matter?"

"Father is shot," came a voice from the kitchen.

"Call the police and a doctor. This looks like foul play to me," said the son.

The officer was soon on the scene and then a doctor drove up to the house. The next day an inquest was opened by Dr. Scully and adjourned for a few days. Little evidence was taken. Coldham said, only the wife and servant being called. A verdict of death by suicide while temporarily insane, was returned.

A Checked Career.

Coldham has had a rather varied life. At the age of 18 he ran away from home and enlisted with the Royal Horse Artillery and after two months and nine days bought himself out for £10. He then returned to the home and lived there until Oct. 17, 1910, when he was married in Walsham. In March of this year he came to this country and went to work for J. C. Calder, a farmer near Kingston. Leaving there last Monday he came to Toronto and was awaiting a train for London, Ont., when he told the story which led to his arrest.

Last night the police department wired Scotland Yard and a copy of the charge form was sent to London.

The man's father is living in Trafalgar-square, North Walsham, England.

At the end of the story written down in the detective office were the following words: "I make the above statements voluntarily, no inducement having been held out to me by any person, and I believe all said of my own free will." (Signed) George Coldham.

The story was told before Sergeant Mackie and Detectives Wallace and Newton.

HARRY LAUDER'S VISIT.

The placing of a marble bust of Harry Lauder in the Royal Academy of London, Eng., is the newest honor accorded the great entertainer.

Lauder came to Massey Hall on Friday and Saturday, Nov. 3 and 4, for two afternoons and two evenings.

This is the first time in the history of the academy that the portrait of a variety artist has entered its sacred portals. Thousands of men, women and children have journeyed to the academy in the few weeks to comment on the exhibit which is the work of W. Va. Ritchie County.

"It's so me just as I'm in the Gloom," "Lassie," or "Roamin' in the Gloom," remarked Lauder when the work was completed. But it is his harp with which he did it. He did it rather sing than

SIR DONALD BETTER.

Sir Donald Mann was considerably better last night, the stiff confined to his bed. His illness is not serious and he is expected to be round in a few days.

CARRIED OUT HIS THREAT.

PARKERSBURG, W. Va., Oct. 28.—Carroll L. James, a railroad conductor of this city, shot and killed his father-in-law, William Ritchard, probably fatally wounded his mother-in-law, slightly injured his wife, and committed suicide today at Parkersburg, W. Va., Ritchie County.

It is alleged that he threatened that he would "kill the whole Ritchard tribe," and the shooting to-day was an apparent effort to fulfill his threat.

LABOR PARTY TO FIGHT FOR EVERY LOCAL SEAT

James Richards and W. Stevenson to Battle in North and D. Bullock in East.

Two candidates in North Toronto and one in East Toronto were chosen yesterday afternoon by the Independent Labor Party.

James Richards, who made a lively campaign in East Toronto in the recent federal election, and W. Stevenson will contest the North Toronto seats, and D. Bullock will represent the Labor party in the east.

The meeting decided to contest all the seats, and over a dozen names were suggested. All declined. Although the members had pledged themselves to work for the party they did not care to enter into public life.

The meeting adjourned until next Sunday afternoon at 8 o'clock, before which time more candidates will be secured.

KILLED BY ENGINE

Italian's Legs and One Arm Severed—Lived Thru Night.

While returning from work to the construction camp at Mirroco on Saturday evening, Angelo Patavalo was struck by the shunting engine and thrown beneath the wheels. His legs were severed above the knee and in an endeavor to save himself he lost his left arm. He was removed to Grace Hospital and died yesterday morning.

Patavalo was trying to cross behind the engine which was almost stopped and the engineer believing he had time to reach the opposite side of the track he stepped forward some cars when the Italian was struck.

Patavalo had \$15 with him, which he believed he was about to send to his three children in Italy. An inquest will be held.

City Employee Arrested.

Frank Doten, employed at the filtration plant, was taken into custody at the Island yesterday by Detective Taylor on a long-standing warrant, issued against him by Jack McInnis. McInnis was in the car for some time as the result of wounds.

BURNED TO DEATH

Farmer Perished Trying to Rescue Live Steak.

ANDOVER, N. B., Oct. 29.—William Burke, a prominent farmer of Port Fairford, was cremated, and George Stone, his brother-in-law, was badly injured in a fire that destroyed the dining saloon of Stone, two miles from here at noon today. Stone made his escape with his hands and face badly burned, but Burke lost his life in the burning building and perished.

Burke, with his wife and a child of 4 years was spending Sunday with Mr. & Mrs. Stone and all were at dinner when the fire started. Seven horses were saved, when the two men rushed into the barn to save a bull and release a number of pigs.

Stone was driven back by a gust of flame. Burke, however, continued, and groping thru the thick smoke for a change in course could not find the door. He tried to open a door, but it was locked, and he kicked at the door and shouted, but no help came. After the fire the body was found because the burned bull.

Day's Doings in YORK COUNTY West Toronto North Toronto East Toronto

ALEX. McCOWAN IS THE MAN FOR EAST YORK

Big Convention Was Unanimous For Him—A Notable Meeting—News Notes.

EAST TORONTO, Oct. 28.—(Special.)—It was a tremendous manifestation of confidence and affection which on Saturday afternoon in the Y.M.C.A. Hall in East Toronto tendered to Alex. McCowan the unanimous nomination of the East York Liberal Conservative Association, practically eliminating every other name, and greeted with a volley of cheers his acceptance, probably never before in the history of this old and historic riding, has such a meeting stimulated by a common purpose, been convened and held to such a successful conclusion.

It was a mighty representative meeting, too, and gathered from every quarter of the big constituency they came, not a single sub-division unrepresented, and scores there were there who, while bearing no official mandate in their divisions, had a personal interest in the afternoon's events. As for the selection of delegates, this formally might just as well have gone by default. Nobody ever thought of such a thing. Other names, it is true, were put in evidence, but the nominees were quick to realize the trend of public sentiment and were among the first to hail with pleasure the unanimous selection of the late member. It was Alex. McCowan all the way.

East York, as a riding, is made up of many units, and these fully represented, as he has been said, comprise the municipalities of York Township, Scarborough Township, Markham Township, the Town of North Toronto, the Village of Richmond Hill, Markham and Stouffville, and the eastern section of the city, embracing the old Town of East Toronto.

Canada Was Frank. Two outstanding features there were, too, at Saturday's meeting, which, next to Alex's sweep, ranked well up in importance. One of these was the nominee's frank and outspoken declaration in answer to a question from one of his constituents on the bilingual schools, and his attitude thereon. "I state without hesitation my firm belief that if the Roman Catholics desire a separate school education, they ought to procure it elsewhere than in the public schools of Ontario," was one of the declarations which brought forth a hurricane of applause.

Another was with respect to the domination of the Ontario Railway Board by Chairman Leitch, and the overriding of the rights of Toronto and all the municipalities along Yonge-street, by the Metropolitan Railway in the turning of this great thoroughfare into switching yards. This motion was introduced by Mayor A. J. Brown of that town, and seconded by W. G. Ellis.

Resolved that the Ontario Railway Board in dealing with the radial railway matters, especially in regard to the Metropolitan, and that the nominee of the convention be requested to endeavor to get such legislation passed as will preserve the rights of the municipalities to the original privileges of the highways.

Must Go Ahead. Speaking in this resolution, H. H. Ball of North Toronto charged that the duty of the legislature was not alone to preserve the rights of the people, but to introduce advanced legislation to the original privileges of the highways.

Speaking in this resolution, H. H. Ball of North Toronto charged that the duty of the legislature was not alone to preserve the rights of the people, but to introduce advanced legislation to the original privileges of the highways.

Speaking in this resolution, H. H. Ball of North Toronto charged that the duty of the legislature was not alone to preserve the rights of the people, but to introduce advanced legislation to the original privileges of the highways.

Speaking in this resolution, H. H. Ball of North Toronto charged that the duty of the legislature was not alone to preserve the rights of the people, but to introduce advanced legislation to the original privileges of the highways.

Milne, and Reeve Tefft of Markham Village, W. H. Pugsley and H. A. Nicholls of Richmond Hill, George S. Henry of York Township, Hon. Dr. Pyne, a member of education, Capt. T. G. Wallace, Dr. W. A. Walters, and ex-Ald. Andy McMillin of East Toronto; J. W. Moyes of Deer Park, C. C. Lyth of Balm Beach, Dr. Forbes Godfrey, M.L.A., and William Armstrong of Locust Hill.

Chairman Beidam lost no time in preliminaries, beyond stating that he expected to live to be 100 years old, a statement which the crowd hailed with delight, and then when Alex. Baird had read extracts from the bylaws nominations were called for.

The Nominees. These were nominated: Alex. McCowan, by George Dodds and William Shanks; Robert Miller, by Mr. Todd and Mr. Gray; Dr. Walters, by J. Booth and Jas. Moffatt; H. H. Ball, by Frank Howe and Mr. Reynolds; Archie Milne, by George Morrison and Dr. Armstrong, and J. W. Moyes, by Mr. A. R. Jennings and D'Arcy McGee.

As the first man nominated, Mr. McCowan essayed to speak, but it was a long time before the convention would let him get under way. Cheers and more cheers blocked the road, and about as much time was taken up in this as in the speech itself. The late and coming member for East York spoke briefly, but effectively, and what he said was good and to the point. He declared that he was a candidate, urged his work in committee and out of it, and avowed his confidence in Sir James Whitney and the Conservative party, and voiced his disapproval of bilingual schools. And then there was more and more cheering.

Robert Miller made the first address, and in the few minutes at his disposal gained a mighty big hold on the respect and confidence of his audience, many of whom were first-time voters. Mr. Miller told of the difficulties encountered in getting Stouffville included in any riding by reason of its overwhelming Liberal principles. He urged hard work.

Dr. W. A. Walters likewise got a splendid reception, and while declining the nomination at the present time, made it clear that at some time in the future he might be an aspirant for legislative honors.

John W. Moyes, than whom no man got a heartier welcome, and one that must have gladdened his heart, in kindly and well-chosen language expressed his approval of the straightforward course adopted by Alex. McCowan, and declined to allow his name to go before the convention.

A. Ward Milne briefly expressed his thanks for the courtesy extended, and withdrew, as did H. H. Ball. The name of Mr. McCowan was then, on motion of Dr. Walters, made unanimous.

Mayor Geary at this stage entered the hall and was given a royal welcome. Will Wait for Report. Hon. Dr. Pyne spoke briefly, touching upon the question of bilingual schools, and declared that as soon as the report of the inspector appointed by the government was submitted, the legislature would act upon it without delay.

Mr. Pyne also touched upon the work of the Ontario Railway Board, the minister touched a responsive chord when he said that every municipality ought to control its own highways.

Hon. Mr. Wallace, M.P., who met the greater part of his constituents at the time since the handling of Sept. 21, thanked them most cordially for the great victory won, contrasted the personal of the houses at Ottawa with that in the Queen's Park to the disappointment of the latter, and wound up the speaking for the day.

Cheers for the King, Sir James Whitney, Hon. Mr. Borden and Alex. McCowan brought the present convention in East York in a decade to a close.

NORTH TORONTO.

Small Crowd But Meeting Was One of the Best Ever. NORTH TORONTO, Oct. 28.—(Special.)—It's a long time since an address so replete with information and with so interesting as that of Controller Hocken's dealing with the tube and transportation questions of North Toronto, and the city itself has been given in this town as that of Saturday evening when at the Ratemayers' Assembly the controller dealt briefly but concisely with the subject.

Together with Controller Hocken's address was that of J. W. Moyes, who spoke from an engineering and altogether practical standpoint. Not alone did he support the views advanced by Mr. Hocken in regard to the tubes, but he was even more sanguine as to the financial results likely to accrue from the very first from a municipal system so handled by the city.

There was only one unfortunate feature, and that was the smallness of the gathering, which all told did not muster more than 25 or 30 attendees. It is regrettable that North Toronto people are not more alive to the big problems confronting them than was evidenced

by Saturday night's meeting. The association would do well to try some other evening and see if some sort of public interest cannot be injected into the north end men.

However, to revert to the subject matter the chair was occupied by President Banton, and Controller Hocken, dealing with the question of tubes, culled roughly the action which might be taken by the city. Instead of Yonge-street, Tereray will be utilized as less likely to present any serious obstacles, starting from the Union Station and running up Bay to Queen-street, and thence up Tereray, which would be extended to Davenport-road, from which it is likely the tubes would be run across Yonge and thence and beyond, skirting the rear of the lots to the east and after crossing the tracks again switching back to Yonge, and on up to St. Charles-street.

Following the completion of this line Controller Hocken thinks well of a scheme to run a tube from Sunnyside along Queen-street to connect with the Tereray line, and later one from the eastern end of the Tereray line along Bloor-street and over the Bloor-street viaduct (to be connecting at the head of Broadview-avenue, with the municipal system, the right to build which is now in possession of the city, and which will long be operated as a municipal enterprise.

The cost of the Tereray-street tube allowing for all ordinary underground work is estimated to run in the neighborhood of \$4,000,000, but in the mind of the controller it is important to make a start and get the project under way. Cheap and rapid transportation would make life more livable for all the people living in the suburbs and the dweller in the downtown district.

Mr. Moyes supplemented the statements of Controller Hocken, and believed that even with a large reduction in the price of transportation the cost of installation would be found not to be any serious obstacle. Mr. Moyes' report on the matter, a valuable one, has thrown a great deal of information on this great project. D. C. Fogarty, W. G. Ellis, D. D. Reid and others spoke briefly, and at the meeting strongly endorsing the views outlined was unanimously adopted.

SUNRISE HEIGHTS. York Townline Property to Be Sold To-day. A good deal of interest is centered around the auction sale, on Monday afternoon, at Empingham's Hotel, at 2 p.m., of the Sunrise Heights, of which William Harris & Co. are the proprietors. The market garden lots situated on the York townline-road, are being sold in five-acre lots, and David Beidam, the well-known and popular auctioneer of Scarborough Village, will conduct the sale. There is bound to be a lot of interest excited by this event.

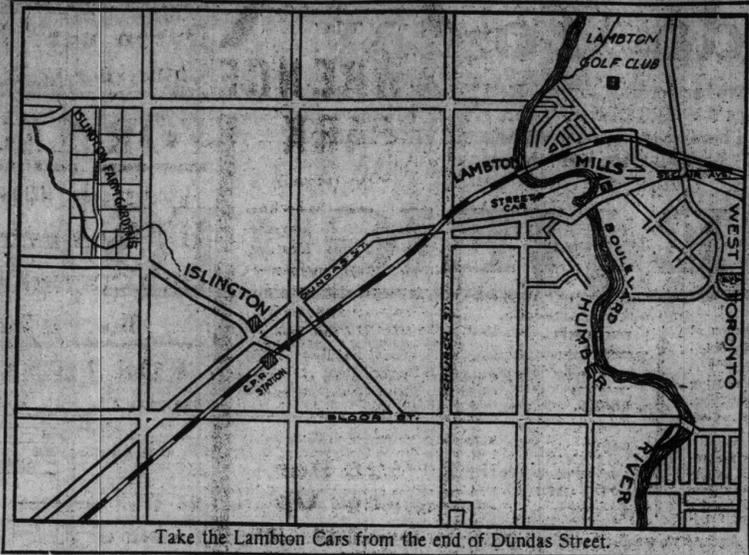

WEST TORONTO. WEST TORONTO, Oct. 28.—(Special.)—The annual harvest thanksgiving services were held to-day in St. John's Church. In the morning, the service was taken by Rev. Canon Dixon, rector of Trinity Church east, assisted by Rev. E. S. Mason, and at the evening service, Rev. R. A. Sims was the special preacher. Special harvest music was rendered at both services by the choir.

Howard Ellis, who for the last month has been visiting his parents in Clerendal-avenue, returned to his business at New York yesterday. The story-tellers of Runnymede delighted the juveniles in the monthly story-hour, which closed up the meeting in the public library building on Herbert-street.

Mrs. H. Howson, a daughter of a former pastor of the High Park-avenue Methodist Church, and a deaconess and nurse at the schools in Bella-Bella, is visiting at the residence of Dr. MacNamara on Davenport-road. The football team of St. John's Boys' Club will play the Davenport Albions Juniors to-morrow morning at the Joyce-avenue grounds.

SCHOMBERG. SCHOMBERG, Oct. 28.—(Special.)—Anniversary services in connection with

to be done. Frank West of Agincourt is the secretary, and with him entries may be made up to the morning of the match.

WYCHWOOD. The Wychwood Cricket Ball League will play their first game in Wychwood Hall on Thursday next, Nov. 2. Teams from the L. O. L. and I. O. F. will compete. The officers of the league are: President, E. Boggs, S.O.E., vice-president, A. Bell, I.O.O.F., secretary, W. Dever, L.O.L.

Yarmouth Lodge, S.O.F., will hold their regular W. R. meeting on Tuesday next, Oct. 31. All members and candidates for advancement are required to be present.

MARKHAM VILLAGE. Will Be a Vote on Local Option All Right. MARKHAM VILLAGE, Oct. 28.—

(Special.)—A local option campaign is now on in full blast in this village, and it looks from the number of signatures being obtained, that the council will have no other recourse than to grant the prayer of the petition and submit a by-law at New Year's. That it will carry after the event following one after the Markham Fair, is said to be morally certain. Under the new regulations only those residing in the village are eligible to place their names on a petition asking for the submission of a local option by-law.

Liner Still Aground. MONTREAL, Oct. 28.—The Canadian Pacific Railway steamship, Lake Champlain, is still aground opposite Laurier Pier, no attempt having been made to-day to pull her off owing to the heavy wind that was blowing. Some four hundred tons of cargo have been lightered, however, and it is expected that she will be pulled into the channel to-morrow.

Cheese Boards. LONDON, Ont., Oct. 28.—Seven factories offered 652 cases, all covered cheese, at 7 1/2-cent measure, 27 1/2 at 14-15c; bidding 13-15c to 14 1/2c.

BELLA-VILLE, Oct. 28.—At week's cheese market to-day 840 white cheeses were offered. Sales were 353 at 13 1/2c and 305 at 13-15c.

Toronto Hunter Has Luck. Dr. Norman Allen, one of Toronto's daughtiest hunters, is back from the hills of New Ontario with a mountain mouse, weighing about 140 pounds. Mr. Allen says that there are great numbers of mouse and deer up in that country.

ARMY MAKE AN APPEAL FOR CHANGE OF JUDGE

Third Week of the McNamara Trial at Los Angeles Ended in a General Snarl.

LOS ANGELES, Oct. 28.—Strong possibility of an appeal for a change of judge marked the close to-day of the third week of the McNamara murder trial, which ended in a general snarl, one such demand already has been refused by Judge Walter Bordwell, the referee being backed by an addidative judge of the twelve departments of the superior court of Los Angeles County, Walter N. Frampton, as juror.

A further appeal, if made, would be based to a great extent, it is known, upon two rulings made to-day by Judge Bordwell, in which he denied challenges by the defence against A. C. Winter and Walter N. Frampton, as jurors.

Their examination covers scores of pages of the record in the trial of James McNamara for the alleged murder of Charles J. Hargerty, one of the victims of the explosion which wrecked the Los Angeles Times Building a year ago.

Both men are still under challenge to-day, it having occurred to Attorney LeCompte Davis for the defence, that neither had been interrogated as to whether he would vote for conviction in a case of circumstantial evidence alone.

So far four testamens have been passed by both sides, two are unchallenged and six others are in the jury box waiting examination.

MADAME LABADIE AS "HEDDA GABLER."

As an interpreter of Ibsen, Madame Labadie showed conclusively Saturday evening at the Conservatory of Music, that she was par excellence. Possessor of a rich musical voice, admirably fitted for the task of impersonating a number of characters, she rendered the difficult play "Hedda Gabler" with a force that held the large audience spellbound.

The indifference of Hedda and her almost maniacal burning of Ejlert Ledberg's manuscript were presented with wonderful fidelity. The masculine parts were no less well rendered. Not only did she give the impression of a wonderful interpreter, but a sympathetic student of Ibsen. Every word, every gesture, ransome and the audience were transported into the scene of the play.

Invited to Brantford.

BRANTFORD, Oct. 28.—(Special.)—Brantford city council has invited T.R.H. the Duke and Duchess of Cornwall to spend Thursday next in Brantford, prior to their visit to Hamilton. In the event of their acceptance they will be shown historic sites of interest, and entertained by the civic bodies.

High Rents Arranged For Yonge St. Stores

Old Tremont Property Will Be Completely Changed by New Occupants.

What is to be the largest lease deal ever put thru in Toronto is downtown property was successfully concluded Saturday. The transaction has been under way for several months, since early summer in fact, and World readers have already learned of it, but not of its details.

It concerns that part of the Tremont House built upon the property of the Moore estate on Yonge street, foot wide, between Richmond street and north part of the Tremont House is built upon land owned by the Confederation Life Association, P. J. Mulgan, of the Tremont House has plans prepared, it is said, for a tall hotel on this narrow strip.

The southern half of the Tremont will be remodeled into an office building, with four stories below, the land here is worth at least \$7000 a foot.

Ed. Mack has leased the northern store, 24 feet wide, at \$850 yearly and taxes. Duckworth's have secured a 15-foot store at \$500 a year and taxes, and A. G. Spaulding & Co. another 15-foot wide store at \$500 yearly and taxes. Robert Chalmers will establish a branch in the other store, paying \$500 a year and taxes for ten feet of Yonge street. All these include the use of the basement.

L. G. Cosgrave owns the lease for both ground and building, he subleased it to the others, and paying the Moore estate \$19,000. With the remodelling of the stores and the offices above he expects to make \$10,000 a year clear, that is, after he has paid the bills for the other merchants will follow in September.

Macdonald & Roberts, realty agents, acted for all parties in the negotiations.

DANGERS THREATEN CANADA

Archdeacon Cody Utters a Warning—Struggle With R. C. Church Ahead.

Canada in her day of thanksgiving should get overlook certain dangers, with which she is threatened, was the warning, conveyed by Archdeacon Cody's sermon in St. Paul's Anglican Church Sunday morning. These dangers were secularism, provincialism and materialism. Canada should take heed not to become too self-confident, self-conceited and self-centered—must not become money mad. Years ago when men gathered together at an evening they discussed politics, religion and learning. Nowadays money is the topic of conversation, first, last and all the time. Money was perhaps the grandest of all instruments, but it could be improperly used, and Canada should individual so with the nation to forget God is to perish.

ed States, with its fast life and discontented people, dominated by a few plutocrats. Personal pleasure absorbed too many, who would permit themselves to suffer not the slightest personal inconvenience or discomfort for the services of others.

When there was "the attempted" domination of a great-mercenary and arrogant ecclesiastical body, which sought to govern the life of the nation, as declared in the recent papal decree was only one instance, but it had touched a sore spot—our home life. The struggle was imminent with the church that would curtail all liberty of conscience and freedom of thought.

In closing Dr. Cody emphasized from the words of his text that, as with the individual so with the nation to forget God is to perish.

Real Estate Sales Co. Ltd.

YONGE ST. REAL ESTATE SALES CO. LTD.

ON SALE

SEVEN SPAREPARTS, OFFICES, WAREHOUSES AND LOTS, DOGS AND CAMPS, as a going concern, also several engines and other material.

EXCHANGE, rent or sell—we have three houses in Rosedale, which we will either rent at \$75 a month, sell at \$15,000, or trade for farm property near Toronto, on radial line.

A LANE AVE.—16 rooms, house, hot water heating and electric lighting. All modern conveniences for quick sale.

KINGSTON ROAD—Within short distance of city, on radial car line, 18 acres, may be purchased as a residence, engine house, gas plant, 20 ft. board wall, with windmill and numerous outbuildings. Many trees, and a fine view of the city. This fine property, it is ideal for a country home, or, at the price, would be a good investment for cutting up into building lots. We will be pleased to furnish any further information.

KINGSTON ROAD—A beautiful residence, in close proximity to the city, situated on 5 acres of property with stables, gardener's house and improvements which have cost \$15,000. For persons who can be explained, this country home will be sacrificed. The property could be profitably cut up into building lots, or, at the price, would be a good investment for cutting up into building lots. This must be seen to be appreciated.

SHERBOURNE ST.—Near Bloor, a 25 ft. lot, may be bought for \$10 a foot. In view of the ruling prices in the neighborhood, this is a good buy, and a splendid site for club or centrally located flats.

LOTS—Glen Grove lots are recognized as one of the best real estate investments in the city. Many have been listed at from \$10 to \$20 per foot.

GLENCAIRN AVE.—A lot of 87 feet frontage may be had for \$38 per foot on this street. This part of Glen Grove is already built up, and the lot is surrounded by many expensive houses. A big chance to realize profit.

MOORE PARK—Two splendid 60-foot lots, corner 61st and Clarendon, each of 1/2 acre, with 100 ft. frontage, each lot is taken, or \$45 per foot if sold singly. Many improvements, and a fine view of the city. It is a sacrifice at this price, as lots in the immediate vicinity are selling for \$65 per foot.

GLENVIEW AVE.—A very choice 1/2 acre lot, for \$24 a foot. Get particulars, as it won't last at this price.

WANTED—On Kingston road, 2 to 5 acres at reasonable price.

SUITABLE—Large street, near Bloor—Two large stores, with basements, new fronts and entirely remodeled, in splendid retail district. One with heating, \$200 per year, and the other, of slightly smaller frontage, with heating, \$300. Let us show you these.

FARMS—Several 2-acre farms within 30 miles of Toronto, may be had on payment of \$50 down and \$1 a month, until the total price, \$25, is paid. These farms are ideal for fruit growing and poultry raising. If you are interested, apply to us.

MALVERN—At this, the first station out of Toronto, on the C.N.R. line, there are 10 acres, admirably adapted for site of automobile club, with perfect view of the city. This is a fine opportunity for a person who can be explained, this country home will be sacrificed. The property could be profitably cut up into building lots, or, at the price, would be a good investment for cutting up into building lots. This must be seen to be appreciated.

100 ACRES—Having on it large six-roomed pressed brick house, furnace, telephone, dumb waiter, and all conveniences of a city house, and also a large barn and orchard of seventy-five odd trees. Within three hundred yards of Malvern station. There is also a stream running through these grounds. For quick sale, \$15,000.

THREE millions of acres—We have this quantity of C.P.R. lands in Northern and Central Alberta, from which you can choose, at prices from \$10 an acre up. The finest wheat country in the world.

WELLAND LOYS—The town with the cheap power and big industries, and the town that is growing. You can make money out of our lots in this place; priced at \$10 to \$20.

Porcupines Decidedly Buoyant At Week-End—Swastika Lower

Four Point Break in Swastika The Feature of Mining Markets

Bear Raid Puts Stock Down to New Low Level for This Movement—General Market Holds Firm.

World Office, Saturday Evening, Oct. 28. A four point drop in Swastika which carried the stock down to 29 against a closing valuation last night of 33, was the feature of the mining exchange in today's half session. Elsewhere in the list prices were comparatively unchanged, firmness being the only attribute.

Traders were somewhat at a loss to explain the movement in Swastika. The shares have been holding remarkably steady of late in the face of a rather apathetic demand, but as soon as selling put in an appearance to-day, broke sharply thru their former low point, setting down to the lowest figure reached since early in the spring.

A Bear Raid. The liquidation bore all the appearance of a bear raid on the stock, but it was not just clear on what the movement was based. Recent operations at the property have proved highly favorable, and with the installation of the new plant, the shares had been tipped for a rise.

An interesting report had it that there was a big short interest outstanding in Swastika stock, and that the bears had raised the security in order to attract selling from holders, who, if they anticipated, would become apprehensive and throw away their shares on the way down.

The downward trend in this issue did not have any perceptible influence on the market as a whole, the usual favorites holding their own with no apparent difficulty, while in some special instances a firmer tendency developed.

Ups and Downs in Preston. Some heavy realizations in Preston East Dome early in the session brought those shares back to 21 1/2, a new low point for the movement, but the loss was soon regained, and at the close bids of 22 1/2 were put in.

Crown Chartered and Vipond made a small recovery from their depression of yesterday, both these issues being in steady demand at firmer prices. Dome Extension was quiet and unchanged.

In the Cobalt price movements were small and trading dull. Threthewey got down to a new low for the movement at 50, a loss of 10 points, but other than this, there was little of interest evolved.

The market throat was in an apathetic mood, but considering the marked dullness held remarkably well. The influence of the coming holiday undoubtedly served to put a ban on extensive speculation, but it was expected that a better trend would develop with the resumption of business on Tuesday.

MULHOLLAND INTERESTS INSPECT THE PROPERTY

Edwards of Dome Fame Interested—Drifting Along Vein at 100 Foot Level.

PORCUPINE, Oct. 28.—(From Our Map Up North.)—Among the prominent camp visitors this week are George Mulholland and Capt. Fearless of Toronto. Mr. Mulholland is the principal owner of the Mulholland mines property, where work has been done since early last spring, under the direction of W. S. Edwards, who is interested in the Big Dome and Dome Extension.

The main shaft at the Mulholland is down 100 feet, a cross-cut is run 30 feet to the south, where the big coal vein is intercepted, and drifting to the east 115 feet, and to the west 80 feet, accomplished under the supervision of Manager David Allen. This work was done without the aid of heavy machinery.

Drifting along the vein shows that the lead varies from 8 to 12 feet in width, and that the values hold through throughout. Undoubtedly this is the best South-Ontario vein, which takes a straight east and west direction.

W. S. Edwards visited the property this week, coming as one of the interested parties in the Dome and Extension work has been done, and with the work has been done.

The northern Whitney belt, which commands so much attention at the present time, lies wholly in the Keewatin schist.

ACTIVE BUILDING UP NORTH

PORCUPINE, Oct. 28.—(From Our Map Up North.)—As a good indication of the large amount of building that has been going on in the district the past 90 days, one lumber firm states that an average of ten car-loads of building material has been handled in its yards.

There are four lumber firms catering to the public in addition to those who sell in on orders.

Two weeks more will see the wind-up of the building in and around Porcupine Lake. The movement of the lumber westward, and many buildings are being set up along the banks of the Mattawan.

COBALT ORE SHIPMENTS

Following are the shipments from the Cobalt camp for the week ending Oct. 27, and those from Jan. 1, 1911, to date:

| Shipments from Jan. 1, 1911, to date | Cobalt camp for the week ending Oct. 27 |
|--------------------------------------|---|
| Balfour | 1,200 |
| Beaver | 1,200 |
| Chambers-Ferland | 1,200 |
| City of Cobalt | 1,200 |
| Cobalt Township | 1,200 |
| Crown | 1,200 |
| Crown Reserve | 1,200 |
| Drummond | 1,200 |
| Green | 1,200 |
| Hargraves | 1,200 |
| Hudson Bay | 1,200 |

Wheat Market in Nervous State Prices Close a Shade Higher

Grain Prices Undergo Further Decline, But Recover on Short Covering Movement—Trade in Apprehensive Mood.

CHICAGO, Oct. 28.—Reaction came today in the wheat market after an all-week decline. The drop in prices had finally stimulated a buying party and a little business in cash wheat. As a result the close was comparatively steady at figures ranging from last night's level to 1 1/2 to 2 1/2 above. Other grain as well as hog products had an advance all around, corn 1-2 to 1-4, oats 1-2 to 3-8 and provisions 1-2 to 12 1-2.

In decided contrast with yesterday, the volume of trade in wheat was not large, but the tone on the whole was materially improved. There were signs that short covering had been overdone, and no wheat speculators ventured a scalping movement on the long side over Sunday. The fact that the excitement and depression of yesterday had brought about no corresponding effect in European markets made the bears cautious. Besides, the effect of less than a dollar bushel appeared to have stopped hauling from the farms in the southwest.

Market Closed Steady. Winnipeg receipts of wheat today graded as follows: No. 1 northern, 1.07; No. 2 northern, 1.04; No. 3 northern, 1.01; No. 4 northern, 1.00; No. 5 northern, 1.00; No. 6 northern, 1.00; No. 7 northern, 1.00; No. 8 northern, 1.00; No. 9 northern, 1.00; No. 10 northern, 1.00.

Winnipeg Grain Market. WINNIPEG, Oct. 28.—The feature of the grain exchange was the sensational drop in wheat, which fell 1/2 cent to 1.07 1/2. The market was firm with prominent outside buying and values advanced. There were no cargoes of coal or any other commodities and a report from Australia stated that drought continues and more rain is wanted, and that wheat is firmly held there. There was a general scarcity of wheat, and with former offers of a few tons, week-end covering developed. At the close the market was steady, unchanged to 1-4 lower than yesterday.

MINNEAPOLIS Grain Market. MINNEAPOLIS, Oct. 28.—Wheat—December, 1.05; No. 1 hard, 1.04; No. 1 northern, 1.04; No. 2 hard, 1.03; No. 2 northern, 1.03; No. 3 hard, 1.02; No. 3 northern, 1.02; No. 4 hard, 1.01; No. 4 northern, 1.01; No. 5 hard, 1.00; No. 5 northern, 1.00; No. 6 hard, 0.99; No. 6 northern, 0.99; No. 7 hard, 0.98; No. 7 northern, 0.98; No. 8 hard, 0.97; No. 8 northern, 0.97; No. 9 hard, 0.96; No. 9 northern, 0.96; No. 10 hard, 0.95; No. 10 northern, 0.95.

Unbroken Assortment OVERCOATS

Wife we have had a large sale of overcoats, our assortment is still complete. The styles of overcoats range from light, medium, weight, heavy. Each kind requires a cloth with different texture and different pattern. Put your trust in Brodericks and you will get a coat of taste and distinctive style, and you will be very much pleased with it.

Chesterfield. A clean-cut, neat and gentlemanly suit, suitable everywhere, for all occasions, but especially right for fall, spring and winter. It is an ideal "easy" soft texture material.

"Slip" Overcoat. This can be made a little heavier, fuller and longer than the Chesterfield. It is an ideal knock-about, all-round coat.

IN THE STOCK MARKET

Financial London on the Outlook—Current Comment on the Wall Street Situation.

The following summary of financial conditions is cabled by the Special Representative of the New York Evening Post.

LONDON, Oct. 28.—Your government's suit against the steel trust has made a deep impression here, but it is not altogether a sensational one.

It is admitted that your capitalists may have been guilty of great excesses, and of some objectionable policies.

It is also London's opinion that the American financial position is not altogether as bright as it appears.

It is expected that the American market will not be advanced in the near future.

It is expected that the American market will not be advanced in the near future.

It is expected that the American market will not be advanced in the near future.

The Merchandise Mentioned Here Will Not be on Sale Until Tuesday; Store Closed all Day Monday--Thanksgiving Day

Beautiful Silk Dresses for \$9.95

The chance to buy a silk dress for less than a ten dollar bill does not occur every day. Such occasions are few and far between, and most women are quite aware of the fact. So it is up to you to make a special effort to reach this store on Tuesday in order to get good choice from this magnificent lot of one-piece dresses. Some of them are worth \$27.50, and practically all sell for over \$20.00. Here are particulars: A number of smartly made and up-to-date styles, fancy cloth and materials, such as silks, satins, nets and voiles; either high or low necks; some are plainly tailored; others are daintily trimmed with lace, silk braid or velvet; skirts are made on straight lines, in gored or pleated style; a large assortment of colors in the lot. Regular prices \$19.50 to \$27.50. Tuesday 9.95 day

A BARGAIN IN WOMEN'S WINTER COATS AT \$9.95. A collection of Winter Coats, in tweeds, broadcloths or heavy imported serges, in a variety of smart styles, semi-fitted backs, fastening up to throat, with turn-over collars, or plainly tailored shawl collar; some come in the belted golf style. Sizes 32 to 40. Regular up to \$21.00. Tuesday 9.95

The Ever-Popular Blue Suit at a Saving of \$5.00

It is always fashionable and more satisfactory than ever when it is made of the best English serge, and is cut stylishly and does not contain one scamped seam. The fact that these suits are Simpson Suits at a Simpson Price will make them more popular than the ordinary every-day blue suit. They are good value at \$13.50, the regular price, but at \$8.45 they are worth coming for on the stroke of 8. Single or double-breasted styles. Tuesday. 8.45

A Clarion Call for the Home

As "Chanticleer" showed us last week, there's an ideal to strive after, even in the so-called commonplace of everyday life. Look round your home with the eye of an idealist, and see if every part of your menage is just as good as you can make it. When you determine what is lacking, come to the Simpson store after your Thanksgiving, and see how we can help you bring your home closer to the ideal. Tuesday will be home-makers' day.
