WEDNESDAY MORNING APRIL 23 1919

VOL. XXXIX.—No. 14,042 TWO CENTS

ITALY'S FIRM STAND MAY DISRUPT CONFERENCE

Toronto Police Arrest Vera Lavell, Confidante of Escaped Murderer McCullough

HOUSING SITUATION CALLS FOR ACTION

Mayor To Suggest Use of City-Owned Lots to Controllers--Rising Rents May Necessitate Restrictive Legislation on British Plan.

The housing situation in Toronto, which is becoming more accentuated all the time, is compelling the attention of the authorities, and speedy action is being taken to meet the situation.

CANADIANS RETURN FROM VLADIVOSTOK

Steamer Montague Sails With 1,100 Troops on Board.

Vladivostok, April 22.—The steamer Montague sailed from Vladivostok yesterday for Vancouver with 1,100 Canadian troops on board.

houses is that of rent, and complaints are being heard loudly from most quarters of the increases which have taken place.

LICENSE SOLICITOR NOW FULLY ADMITS LIQUOR DELIVERY

"Monstrous Fabrication" is Proven to be Actual Fact.

A POINT OF LAW Seems to Make Most Liquor Confiscations Illegal Seizures.

With the consent of Charles McCrea of Sudbury, chairman of the public accounts committee of the legislature, which procees tomorrow, a letter from Eudo Saunders, solicitor of the board of license commissioners, has been attached to the report of the committee presented to the legislature.

Returning Soldiers

Trains carrying troops from the Olympic cannot arrive before 6 p.m. at earliest. Lists of names of 3rd and 4th Battalions and 3rd Tunnelling Company will be found on Pages 4 and 5.

ITALY STANDING ALONE MAY BREAK WITH ALLIES

GERMANY'S PEACE SIGNATORIES.

After haggling and hawking for some time, Germany has at last consented to the peace conference plenipotentiaries empowered to sign the documents necessary to secure world peace.

Attitude on Secret Treaty of London Threatens to Disrupt Peace Conference--Determined to Secure Territory--Delegation Indignant at British and French as Well as Americans.

Paris, April 22.—The Italian situation remains unchanged, according to the authoritative announcement after the meeting of the council of four today.

"RED" GOVERNMENT AT HUNGARY CAPITAL IS OVERTHROWN

Official Wireless Reports the End of Bela Kun's Administration.

PILLAGING IN CITY Report From Amsterdam Says Government Resigned Thru Rumanian Pressure.

Paris, April 22.—Bela Kun's soviet government has been overthrown at Budapest, according to an official wireless message received here today.

GALLANT LOCAL BATTALIONS MARCH THRU CITY TONIGHT

Four Trains Expected Between 6 p.m. and 7 p.m. Bringing Brave First Contingent Regiments to an Ovation Worthy of Their Records.

Mayor Church has proclaimed a half holiday for this afternoon in connection with the reception.

LIMERICK STRIKERS FORCED THE GUARDS

Concealed Themselves on Train and Scattered While Military Argued.

Limerick, April 22.—The entire town of Limerick was set laughing this afternoon over the manner in which the strikers who on Monday afternoon attended hurling contests at the river bank in the evening were refused permission to return home over the Sarsfield bridge, outwitted the military and got home.

BOLSHEVIKI DEFEATED ON MURMANSK FRONT

London, April 22.—A war office statement on the operations in north Russia says: "General Maynard (commanding the Murmansk forces) reports that in an engagement in the region of Lake Viozga the enemy lost 80 killed and 82 taken prisoner."

We're Aw John Thamsom's Bairns

SUCCESS ENDANGERS BOLSHEVIK ARMY

Kolchak's Advance on Ural Front Has Made Their Positions Untenable.

London, April 22.—The Siberian Army of Admiral Kolchak's government, in making an advance of 180 miles in five weeks on the Ural front, has achieved a success which endangers the entire Bolsheviki position in eastern Russia, according to advices from Omsk the Siberians are now within 100 miles of the Volga.

VERA LAVELL CAPTURED DENIES HELPING ESCAPE

Vera De Lavell was arrested on East Queen street last night by Detectives Cronin and Nurse, charged with aiding and abetting Frank McCullough in his escape from the Toronto Jail one week ago today.

Generous Provision By Australia For Members of Land and Sea Forces

Melbourne, April 22.—Under the provisions of the war service act, which is now in force, members of the Australian land and sea forces and their dependents will receive assistance to a maximum of \$3,500 from the government toward obtaining their own homes.

THE SITUATION IN EUROPE

The Associated Press issues the following review on the international situation: Tuesday witnessed no action on the part of the Italian delegates to the peace conference in Paris which would indicate that Premier Orlando and Foreign Minister Sonnino had not received one bit from their demands that Italy's price be too high.

allies were agreeable to granting Italy's request. One compromise had been suggested to the Italians, but declined by them, according to late reports. This provides for recognition of Italy's claim to Fiume in return for the abandonment of her ambitions to the Dalmatian coast.

Wee Hok: Would you mind telling me, Mister, how you'll get Opposition Leader Hearst past the Liberal convention?

STEAMER ARRIVALS

Table listing steamers, arrival dates, and agents. Includes entries for Adriatic, New York, Liverpool, Panama, etc.

LIMERICK STRIKERS STILL OBSCURE

Refused Passes Permitting Them to Return to the City.

PASSIVE RESISTANCE

Armored Tank With Guns Ready on Bridge to Resist the Crowd.

Limerick, April 22.—The 500 strikers who went outside the military limits of the city yesterday and who were not permitted to return over the Starfield bridge last evening because they would not show military permits, spent the night on the bridge and resisted demonstrations this morning. The soldiers were still obdurate and would not permit the strikers to cross.

Up to noon today there had been no clashes between the opposing forces. The break of day found a large and hollow-eyed crowd of men and women shivering in the chilly weather. They were taken to cottages on the Clara side of the River Shannon and given breakfast by friends and sympathizers. Some of the older ones had been in bed during the night on the cottage floors, but most of the crowd spent the night in the open.

The attitude of "passive resistance" was continued during the night by the strikers. The military maintained a strict guard with large forces of sentries and the guns in the armored tank were fully manned.

Would Not Accept Passes. The plan of the strike leaders is to continue to demand entrance into the city without passes in the hope that the military will finally yield and thus bring the pass system to an end. If this plan fails, the leaders say they have other plans to try.

The "treasury notes" issued by the labor council appeared in Limerick today. The notes, which will be used in the purchase of food, were announced to be redeemed in regular money once a week.

Mayor O'Mara, accompanied by members of the clergy, went to the bridge and made a formal request of the officers in command there that the people on the other side be allowed to cross into the city. The officers refused to grant the request. The general offered to send a pass officer to the bridge and promised to supply passes to those persons whom the constabulary would allow. The offer was not accepted.

When the first strikers were refused admittance to the city they were joined by others, but before the crowd grew to very large proportions the guard was quickly reinforced, the engine of a tank stationed at the Limerick side of the bridge was started and guns were trained on the crowd. Fifty members of the Royal Irish Constabulary hastened from the barracks and took position at the center of the bridge, effectively blocking it.

Up till 8 o'clock last night there had been no shooting or disorders, but the leaders admitted that the island was now a "Franco-Canadian" and that the island, and the life-savers did not respond to four long blasts from the Canadian Stewart tug. The arrangement is to respond to five long blasts, that signal being agreed to as a danger signal. The boat was at the station at the time the whistles were blown; it had left for the city a little later. The reason they only heard the whistles was that the boat had not been fitted out for the summer season.

Young corroborated the story told by Mr. Bonn, stating that he saw the injured man, and told the Stewart people to take the island to the city. He had phoned for an ambulance to meet the tug.

George Munford, an employee on the pier, swore the whistles were three times.

Wm. Whiteaway, another hand aboard the Canadian Stewart tug, also heard the whistles twice himself. He also heard Foreman McDaniels blow the distress signal. Capt. Walter Chapman, O.C. of the life-saving station, who was in the station at the time of the accident, stated he had not heard the signals. His crew had responded at times to four signals from the Canadian Stewart tug and had found them false alarms. Four whistles did not mean anything to the crew. He had told the commissioner's boat to hurry along the re-commissioning of his other boat.

The four whistles were not reported to me at the time," said the captain. "There was no occasion."

Wigham conducted the inquiry and R. H. Greer appeared for the crown.

When the Hydro-Electric Railway Association meets in Guelph on Thursday, the local members of the board of control will be on the job, the controllers deciding today to make the jump.

Little hope is being entertained that the manufacturers at the meeting in the board of trade tomorrow night will succeed in converting the fathers and representatives of organized labor to the merits of daylight saving as against the present convention resulting from Hamilton upon the two times.

Wm. H. Milne has commenced action against the Hamilton, Grimsby and Beamsville Railway for \$500 damages due to injuries to his motor car during a collision at Red Hill.

If the government would prohibit to some extent the killing of calves, the weight of butter would be only half of what was being sold in the market. Wentworth farmer to The World tonight.

The application of Alderman G. McDonald and Herkimer streets, which is being opposed by residents of the district, got a thoro discussion at the meeting of the works committee tonight, nothing else.

SIR ERIC GEDDES ADDED TO THE WAR CABINET. London, April 22.—The Daily Express announces that Sir Eric Geddes, the new minister of transportation, has been added to the war cabinet, which will now have six members.

LIFE-SAVING CREW FOUND NEGLIGENCE

Jury at Parks Inquest Blame Island Men for Delay.

Sworn statements from various witnesses at the morgue last night directly contradicted each other as to whether or not distress signals had been sounded from a Canadian Stewart pile-driver to summon help for Samuel R. Parks, a winch man who had been injured in an accident. The jury, after remaining out for less than half an hour, returned a verdict of negligence against the life-saving crew at the island.

According to the evidence, Parks was injured at 12.35 p.m. on April 7, and the three men swore that they heard five distinct distress signals from the pile-driver, but the crew had not responded.

Parks was taken to the life-saving station in a company tug with the intention of getting him to the city steamer, but when the tug got there it was found that the crew had no boat.

The only one in commission at the time the tug arrived at the city in the tug, and also while muffled up, he evidently caught a chill and died of pneumonia on April 11, 1918. The inquest was held at the home of Samuel R. Parks, at 71 Fulton avenue, on April 11, 1918.

"We find that Samuel R. Parks came to his death at his home, 71 Fulton avenue, on April 11, 1918, because of pneumonia, which was the cause of death after he had received an injury while working on the pile driver, operated by the Canadian Stewart Company."

The jury also found that the life-saving crew were negligent in their duty in not answering the call.

Foreman E. Evidence, Themye McDaniels, the foreman on the pile driver, told of the accident, how Parks had become entangled with the rope which was lowering 400 ft. of cable and he received several nasty gashes on the thighs. The accident happened on April 7 about 12.35 p.m. while the pile driver was working opposite Conestoga Cut.

Distress signals were blown from the driver for both the Canadian Stewart tug and the life-saving crew. The tug did not, and Supt. Bonn of the company, who was on the tug, ordered them to take Parks to the life-saving station on the island, but they did not receive first aid. The transfer to the tug was made in a rowboat, as the tug could not approach any closer.

The life-saver crew that the life-saver crew had looked at Parks on the tug, and remarked that the injured man should be taken to the city, where the vessel arrived at 2 p.m.

Supt. William Bonn of the Canadian Stewart Co. swore he heard all five distress signals, and he ordered the tug to take the island tug to the city. He thought he could have him taken to the city in shorter time. The tug was only 500 feet from the island at the time.

The life station, said the witness, the mate had said he heard the signals, but did not respond because he saw the tug. The mate had informed him that the only boat in commission was at the city.

Sydney B. Young, second mate at the life-saving station, swore that he heard the whistle was at 1.15 p.m. when he heard four long blasts. He heard no other whistles, and the life-savers do not respond to four long blasts from the Canadian Stewart tug. The arrangement is to respond to five long blasts, that signal being agreed to as a danger signal.

The boat was at the station at the time the whistles were blown; it had left for the city a little later. The reason they only heard the whistles was that the boat had not been fitted out for the summer season.

Young corroborated the story told by Mr. Bonn, stating that he saw the injured man, and told the Stewart people to take the island to the city. He had phoned for an ambulance to meet the tug.

George Munford, an employee on the pier, swore the whistles were three times.

Wm. Whiteaway, another hand aboard the Canadian Stewart tug, also heard the whistles twice himself. He also heard Foreman McDaniels blow the distress signal. Capt. Walter Chapman, O.C. of the life-saving station, who was in the station at the time of the accident, stated he had not heard the signals. His crew had responded at times to four signals from the Canadian Stewart tug and had found them false alarms. Four whistles did not mean anything to the crew. He had told the commissioner's boat to hurry along the re-commissioning of his other boat.

The four whistles were not reported to me at the time," said the captain. "There was no occasion."

Wigham conducted the inquiry and R. H. Greer appeared for the crown.

YORK COUNTY AND SUBURBS

RIVERDALE EARLSCOURT KEV. PETER BRYCE AND FAST RECOVERING

The children of St. Joseph's parish were invited to a rare dramatic treat last evening in St. Joseph's Club, Curzon street, when the much discussed miracle play, "The Last Day of Our Lady," was staged. The play was presented under the direction of St. Joseph's Ladies' Literary Society. The play will be presented at the Rathfriland Hotel, St. Joseph's Auditorium, McCaul street, tonight, and the proceeds will be devoted to a charitable purpose.

Mrs. Eileen McGinn and George Trovan rendered several solos.

Decorating Headquarters. Earlscourt branch of the G.W.V.A. were busy decorating headquarters on St. Charles avenue last night with flags, and bunting in honor of the homecoming of the 5th and 6th Battalions who are due to arrive today. Many of the members of this branch will meet their comrades at North Toronto and march to the city with them.

G. Baldwin Speaks on Home Gardening. George Baldwin, who has won many gold and silver medals and prizes as a Canadian flower show, gave an interesting lecture on "Home Gardening" last night at the Earlscourt Fall Fair.

The lecture was illustrated with many excellent views and slides of the new roses recently cultivated, "Los Angeles," was greatly admired. The blooms cost \$1.00 a plant, and the plants are now on hand at the Earlscourt Fall Fair, named after William I. of Germany, being the finest of the Earlscourt variety.

A committee was also appointed to investigate the proposed annex to the branch public library, corner of East Gerrard street and Broadview, and to report on the matter at their next meeting regarding the matter and a deputation consisting of W. Chapman and J. Tobin was appointed.

St. Matthew's Church. Under the auspices of the Ladies' Auxiliary of the Anglican Church, St. Matthew's Church, First avenue, a tea and social was held last evening in the school room.

Ratepayers Meet. Silverthorn ratepayers met in the public hall last night. The school trustees were invited to present but failed to do so.

Todmorden School War Auxiliary. The regular weekly meeting of the War Auxiliary of school section 27, Todmorden, was held last night at the school room.

Bi-weekly G. W. V. A. Euchre. The usual bi-weekly euchre and social in connection with the Riverdale branch of the G. W. V. A. was held last night at the Playfair Hall, Danforth avenue, R. J. Roberts, president, presided and there was a large attendance.

Methodist Men's Dinner. Under the auspices of the Methodist Men's organization, a dinner will be given on the evening of May 1 in the churches throughout Toronto, set apart for the purpose, to the memory of the late Rev. R. C. Cutler, who died in 1918.

Leaside. A quiet wedding was celebrated at St. Catherine's Anglican Church, Leaside, when Miss Margaret L. Mills of Burke Falls was united in marriage to Frederick R. Cutler of Toronto.

Report on Housing. The report of the housing committee appointed last night by the Amalgamated Ratepayers' Association of York Township will be submitted at the regular monthly meeting of the committee on May 1 at the Playfair Hall, Bathurst street, this evening.

Neighborhood. The report of the committee, the housing scheme as outlined by the government, has received favorable comment, and should be adopted by the York Township Council to be acted upon immediately.

CAPT. J. A. PROCTOR FALLS FROM TRAIN

Jury Returns Open Verdict on Co-Respondent in Reeveley Suit.

According to The London Times an inquest was held in Woking, England, on a headless body which was found on the L. and S.W. Railway tracks and identified as that of Capt. John Alexander Proctor of the 15th Battalion, Canadian Infantry. Evidence identified the body as that of Capt. Proctor, who was killed in action at Vimy, France, on April 9, 1917.

According to the evidence given by witnesses at the inquest, Capt. Proctor had gone to Liverpool to meet Mrs. Elsie Reeveley, Seymour Place, London, and returned to London with her. They spent the week-end together and left for Witley Camp on Monday. Lieut. MacGerrison said he traveled from Waterloo in the same compartment as Capt. Proctor and his companion, and that Mrs. Reeveley went to the lavatory and on returning to the compartment went towards the rear of the train. The next moment the witness felt a draught of air and saw the officer disappearing thru the now closed door.

The witness pulled the communication cord and stopped the train. The train was found the decapitated body about half a mile up the track. Mrs. Reeveley said she did not see the body, and that an accident occurred and was therefore ignorant of the whole affair until wakened by a porter in a carriage on the train.

Divorce proceedings had been filed by Mrs. Reeveley's husband, a naval captain, and the officer was named as co-respondent. The decree became absolute on July 22.

Capt. Proctor had been known as an impulsive and rather high-strung man, whose mind the divorce proceedings had proved considerably. The late captain was a young man of considerable means, whose infatuation for the fashionable Mrs. Reeveley not only led him into endless difficulties, but also into the loss of his fortune.

Items of Interest to Returned Soldiers. A list of items of interest to returned soldiers is published in this column if phoned or sent in.

Pension Allowances to be Increased. Special Committee of the Commons Will Also Include in Pensions Bill Added Privileges for Children.

Ottawa, April 22.—Some changes in the existing scale of pensions will undoubtedly be provided for in the new pension bill, it was drafted by the special committee of the commons on soldiers' pensions. The hearing of evidence has now been concluded and the bill will be introduced in the commons.

The train was a heavy one and the track in the locality of the accident is not of model construction. However, the scene with an inquisitorial eye, said that neither the weight of the train nor the construction of the road had anything to do with the accident.

It was the old story of a switch at "half cock" that is to say, the switch was closed, but not locked, and the vibration caused by the train's locomotive threw it wide open. As a matter of fact no one was hurt or seriously inconvenienced, and except for the prominent people on the train, slight mishap would have attracted little attention.

The writer witnessed a more serious derailment of the same kind on the Canadian Pacific railway at Schreiber some time ago and only one newspaper in Canada thought it worth reporting. But a derailment on a government railway is, of course, another story.

Archie McCole, the Liberal member for the Carleton place, has been visiting relatives in the city, left last night for his home in Edmonton. He went overseas in April, 1916, and was intelligence officer for the 8th Brigade until he was transferred to the headquarters of the 1st Canadian division.

He was awarded the Military Cross for special intelligence work at the battle of Amiens. Capt. Craig is a graduate of McMaster University, and before the war was news editor of The Edmonton Journal, when over 300 of his colleagues for The Edmonton Bulletin.

Staff-Capt. J. Dixon Craig, M.C., who arrived in the city last night, has been visiting relatives in the city, left last night for his home in Edmonton. He went overseas in April, 1916, and was intelligence officer for the 8th Brigade until he was transferred to the headquarters of the 1st Canadian division.

He was awarded the Military Cross for special intelligence work at the battle of Amiens. Capt. Craig is a graduate of McMaster University, and before the war was news editor of The Edmonton Journal, when over 300 of his colleagues for The Edmonton Bulletin.

THE DAY AT OTTAWA By TOM KING

Ottawa, April 22.—The train bearing Caesar and his fortunes—Caesar in his case being Sir Thomas White—went thru an open switch on its way to Ottawa this morning at the station of Elgin, in Sir Thomas's own constituency.

The train was a heavy one and the track in the locality of the accident is not of model construction. However, the scene with an inquisitorial eye, said that neither the weight of the train nor the construction of the road had anything to do with the accident.

It was the old story of a switch at "half cock" that is to say, the switch was closed, but not locked, and the vibration caused by the train's locomotive threw it wide open. As a matter of fact no one was hurt or seriously inconvenienced, and except for the prominent people on the train, slight mishap would have attracted little attention.

The writer witnessed a more serious derailment of the same kind on the Canadian Pacific railway at Schreiber some time ago and only one newspaper in Canada thought it worth reporting. But a derailment on a government railway is, of course, another story.

THE DAY AT OTTAWA By TOM KING

Ottawa, April 22.—The train bearing Caesar and his fortunes—Caesar in his case being Sir Thomas White—went thru an open switch on its way to Ottawa this morning at the station of Elgin, in Sir Thomas's own constituency.

The train was a heavy one and the track in the locality of the accident is not of model construction. However, the scene with an inquisitorial eye, said that neither the weight of the train nor the construction of the road had anything to do with the accident.

It was the old story of a switch at "half cock" that is to say, the switch was closed, but not locked, and the vibration caused by the train's locomotive threw it wide open. As a matter of fact no one was hurt or seriously inconvenienced, and except for the prominent people on the train, slight mishap would have attracted little attention.

The writer witnessed a more serious derailment of the same kind on the Canadian Pacific railway at Schreiber some time ago and only one newspaper in Canada thought it worth reporting. But a derailment on a government railway is, of course, another story.

Archie McCole, the Liberal member for the Carleton place, has been visiting relatives in the city, left last night for his home in Edmonton. He went overseas in April, 1916, and was intelligence officer for the 8th Brigade until he was transferred to the headquarters of the 1st Canadian division.

He was awarded the Military Cross for special intelligence work at the battle of Amiens. Capt. Craig is a graduate of McMaster University, and before the war was news editor of The Edmonton Journal, when over 300 of his colleagues for The Edmonton Bulletin.

Staff-Capt. J. Dixon Craig, M.C., who arrived in the city last night, has been visiting relatives in the city, left last night for his home in Edmonton. He went overseas in April, 1916, and was intelligence officer for the 8th Brigade until he was transferred to the headquarters of the 1st Canadian division.

He was awarded the Military Cross for special intelligence work at the battle of Amiens. Capt. Craig is a graduate of McMaster University, and before the war was news editor of The Edmonton Journal, when over 300 of his colleagues for The Edmonton Bulletin.

WEDNESDAY MORNING, APRIL 23.

Race Track Betting.

Race track betting in Canada is now under suspension as a war measure, and unless some change is made in the law it will come back automatically when peace is declared.

The question is upon parliament by reason of two representations: one that the suspension be made permanent, another to the contrary effect.

Besides those who want to see betting back and those who are opposed to it, there is a considerable number of persons who like to see racing and would tolerate betting under strict limitation. These are in the middle of the road, so to speak.

They do not like to see so many race tracks and race meetings as we have in this province. We have ten tracks, each of which is allowed under the betting act to hold two meetings of a week each year, or 20 meetings in Ontario for the season.

Nor do they like to see so much profiteering by the racing associations out of the betting ring as obtained before the war. It is estimated that the racing associations in Ontario cleared nearly \$100,000 a season out of betting profits after paying all expenses, including purses.

And there are other people who know a good deal about racing who say that the purses are so small that horse owners cannot make an honest living out of the game; and that whoever makes the law and the regulations as to betting should insist on bigger purses being paid for owners. They say that races have, now and again, to be "fixed among owners," who bet accordingly in order to meet expenses.

It would, therefore, seem to be in the public interest that, if betting is to be allowed, larger purses must be given; and after all expenses are paid that racing associations be limited to a profit of say eight per cent. on a fixed investment, and anything that may remain as a surplus under these conditions go into public use, say improving the breed of horses, better roads or charity.

The Mail discussed the subject yesterday, concluding as follows: In the present discussion the one would appear to be upon the betting men to show that without unlimited facilities for betting the breed of horses will decline in this country, and also upon their opponents to show that there is anything inherently unlawful or wicked in a man backing his fancy, whether on a horse or a game of golf.

For the reasons above set out by The World our neighbor has another deliverance to make. It doesn't touch the real issue, that of undue profiteering out of betting, of small purses, of too many tracks. On this last score, our border city of Windsor objects to being a three track betting town for Michigan, Ohio, Illinois, as well as Ontario.

General Gunn on Music.

Brigadier-General Gunn, who is proving such a force as an organizer and sympathetic reconstructionist among the soldiers, developed a new talent on Sunday evening when he spoke in a Methodist church on "Music in War." General Gunn dwelt on many interesting phases of music, familiar to the student, but unrecked of by the careless, and among these he laid great stress on the principle of unity which music imposed.

The unity of purpose and aim in music is the one thing that the world lacks today, and Gen. Gunn was subtle in his thought to discover that unity was attainable by and thru music.

If we have a real desire for harmony it will be brought about, and there are many signs of such a desire amid all our diversities. The big co-operative drive for charitable purposes, in which Gen. Gunn is himself a notable force, is an instance of this underlying unity making itself felt. Perhaps if we had a little more community singing we would be able to get together on other plans and problems.

The School and Social Hygiene.

Among the many interesting sectional meetings going on in connection with the Ontario Educational Association, one of new and special interest is to be held in connection with the new home and school section which will probably be organized

this morning. The connection between home and school has not always been as close as is desirable, and the co-operation which should exist between parent and teacher is rarely as complete as it might be. The new section will find a wide field in which to work, and many problems that have been thrusting themselves forward for consideration in recent years are demanding solution.

A joint meeting on "Social Hygiene" will be held by the home and school and the social health and hygiene sections on Thursday evening in convocation hall, when Dr. Withrow will present the great Y. M. C. A. film, "How Life Begins," a marvelous lesson on the earliest manifestations of vital energy and the purposes of sex. Dr. Horace Brittain will also speak on "The School as a Community Centre," and this is one of the most urgent topics in school economy now before the public. There should be a very strong and general appreciation of this effort to identify education with practical hygienic knowledge, and with such a beginning an important future for the movement may be anticipated.

Karl Marx or Henry George?

There are still a multitude of people laboring under the delusion that there will soon be over and done with that peace will be established, and that the world will return to the state of things that prevailed five or ten years ago. Older people especially have this view. Men up in years find it impossible to accommodate themselves to the new conceptions of life. Men as distinguished as Lord Shaftesbury declare themselves utterly opposed to the new methods. "I hate public ownership," says his lordship, quite accurately, for it is not a matter of reason, but of feeling. The whole world has been affected by the war as it never has before. In other wars a nation may have changed as France changed, as the United States changed, as Italy changed. Today humanity has changed, but the generation that is passing away fights hard against the change, and not till the new generation has fully come will there be times of tranquility in the old sense.

There is no reason, however, why we should not have very prosperous times, and very comfortable times, if we abandon the old shibboleths and take up the new currents of thought and action, and apply our energies to what the occasion demands. The English Review has been publishing articles by Mr. Malcolm Lyon and Mr. Austin Harris on the changes that are afoot. Three of these have been issued as a pamphlet, "Indemnities and Bolshevism." "The New Groupings," and "Last Days."

In the first place, our money standards are all wrong. Next, our political economy belongs to the century before the last. Thirdly, the doctrine of divine right has shifted its centre of gravity. It is in Man and not in men that the divine right inheres. When mankind realizes this and plays up to it most of the problems will be solved. It implies the unity of the race, and as Germany has denied this, and brought about a reaction which threatens to be fatal to herself, as well as to her foes, there is the more need for its speedy realization. Germany can only pay an indemnity thru services rendered. She cannot supply us with commodities, whether gold or otherwise. We do not seem willing to accept her services, which would be slave service at best. What we need is a market.

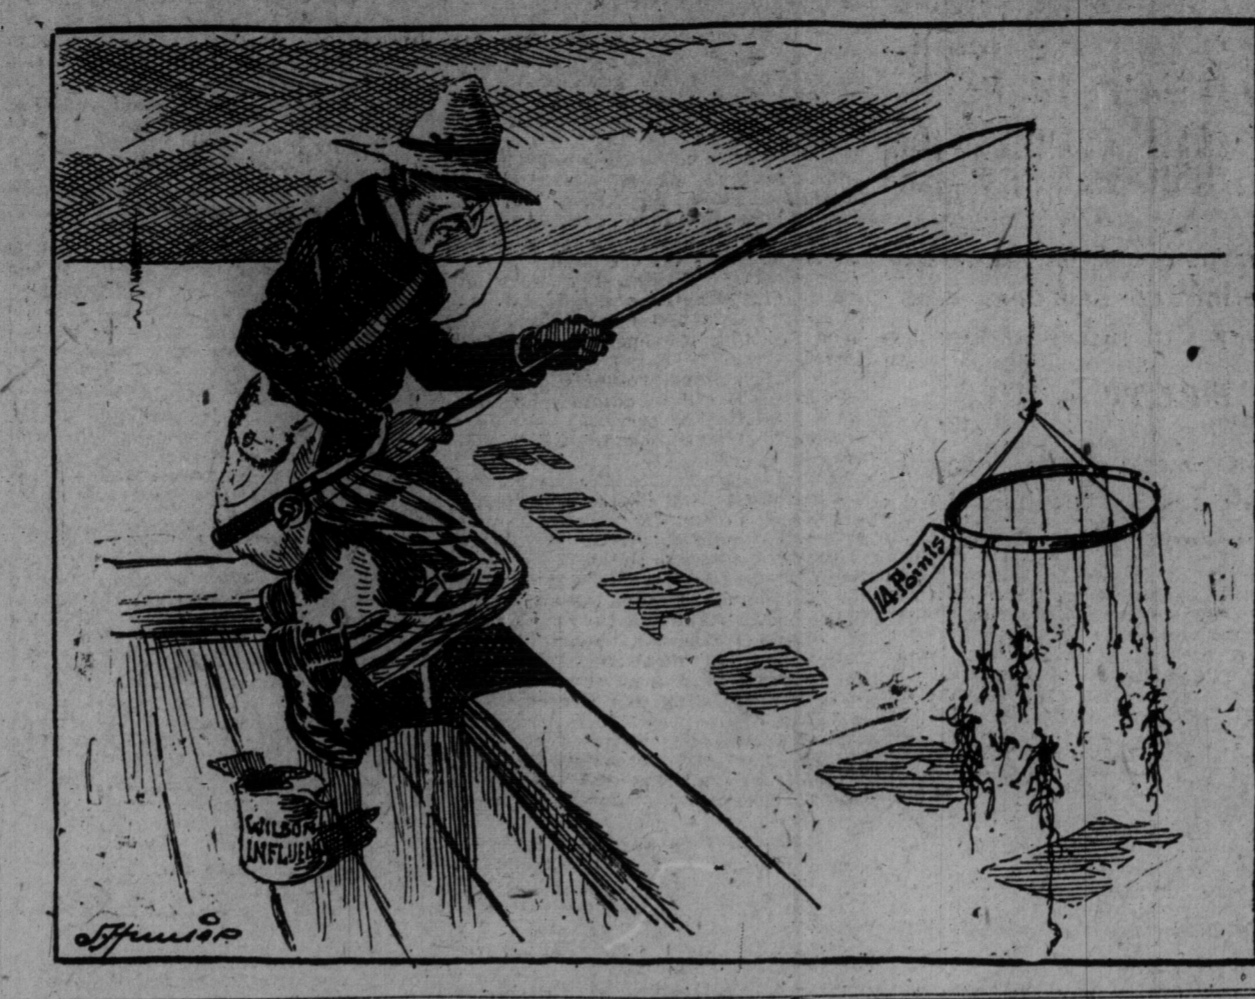

Mr. Lyon sees the breakdown of the economic system in Britain near at hand. The miners, he affirms, think the Bolsheviks are right. Mr. Lyon himself is still disturbed about the relation of supply and demand, and the integrity of capital. The fact remains, however, that Germany followed the old principles to a logical conclusion. Supply and demand, sacred fights of capital, private interests paramount, were the watchwords of Germany, and the rest of the world had to adopt all the heresies of the old system in order to conquer that system itself as Germany expressed it.

Mr. Harris says it is the fashion to jeer at Norman Angel's theory of war, but that nevertheless in reality Angel was right. "Where he erred was in his promise that the business world would realize the result of a world war and so prevent it." Germany turned after the war to Karl Marx as to a prophet. Had it been the fashion of the world to have had Henry George as its mentor instead of Marx there would be a different Europe today, and the future of the nations would have taken on another color. But the old generation would bend the future to the old way, and the new generation is of a different way of thinking.

The new era is not to be halted, and the sooner our professors get their hands on the switch handles; the school masters find the new lessons; the lawyers discover the new principles of equity; the financiers recognize the new standards of value; the economists ascertain the laws that are actually operative and in motion; the sooner will the world reach an equilibrium and the nations observe the true principles of peace, which are mutual in their development of prosperity and progress.

The man who keeps his mouth shut never has to eat his words. Shakespeare was not quite right when he said, "The end, crowns all." Sometimes it uncrowns.

"I NEVER SAW SUCH A SNAGGY HOLE"

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading written by our readers, dealing with current events, provided they must not be longer than 200 words and written on one side of the paper only.

ENEMY ALIENS.

Editor World: What is an enemy alien? This question has never been answered to the satisfaction of the public. This is my version of the problem, and the steps that should be taken to deport some from the country and others—should be taxed to prevent them taking their ill-gotten gains out of the country. This can be done by special registration of each and every foreigner, both in business or working, the method being as simple as our own M. S. A.

First, all aliens—Germans, Hungarians, Turks, Austrians, are, as every one knows, enemies—should be taxed at 33-1/3 per cent. of their total personal estate, the same going into the Canadian war chest for the payment of damage done by the same enemies during the process of the war.

A man who was called upon by his own country and did not answer the call, and was not a citizen of the Dominion of Canada, this man, whether Greek, Italian or foreigner belonging to any other of the fighting allies, is an enemy alien, and should be discharged from the country.

Secondly, all persons who are employed in the government war chest, in this way there will be lots of openings for the few enemy aliens who are poor and deserving, and just punishment for all slackers.

Editor World: The struggle for existence is very hard when a person is fortunate or unfortunate enough to have a family of eight or nine children, and Dr. Cody would lay bare the grievous to be borne on these poor suffering children, how can a poor widow send her children to school up to the age of sixteen years?

One of the strugglers, Callander, Ont., April 15.

SOVIET GOVERNMENT EXPECTED TO FALL

Thirty Thousand Hungarian Soldiers Have Deserted to the Rumanians. Budapest, April 22.—The downfall of the Hungarian soviet government is expected here as a result of the desertion of 30,000 Soviet troops to the Rumanians and new movements against Hungary by the Czechoslovakia. It is said that a Social Democratic regime, headed by Sigmund Kunfi, present commissary of education, may succeed in control.

HOME BATTALION MARCH TONIGHT

Children of the Home Battalion will take the out of town men to their respective destinations where in all likelihood they will be tendered another official reception before they are dispersed to their units.

The cheering end of the reception has been well looked after by the invitation of the school children to take part in the celebration with their parents, and the cheering spirits, will do a lot to enliven the boys, for it is expected that the adults of the city, many of whom have boys in the Home Battalion, will be cheering.

Mounted Police: R. C. D. detachment (file of 10 men); massed band, under Lieut. Chas. Swift, G. G. B. G. Band; veterans of 3rd Battalion (in column or route); disabled veterans, 3rd Battalion, in motor cars; Q. O. R. Band; 3rd Battalion (in column or route); disabled veterans; 4th Battalion (in column or route); 4th Battalion Volunteer Band; veterans 4th Battalion (in column or route); disabled veterans; 11th Regiment's file and drum band; R. C. D. detachment (file of 10 men); Mounted Police.

Route of Parade. South on Yonge to Bloor, east on Bloor to Jarvis (passing the first saluting base on the north side of Bloor), west on Jarvis to St. Paul's Church, where the salute will be taken by His Worship Mayor Church, accompanied by Brig-Gen. J. A. Gunn, C.M.G., D.S.O., G.O.C., M. D. No. 2, members of the city council and members of the board of education, south on Jarvis to Wellesley, west on Wellesley to St. Albans to Queen's Park crescent, south on Queen's Park crescent to driveway in front of parliament buildings, west across Queen's Park driveway, passing the second saluting base on the steps in front of the parliament buildings (where the salute will be taken by His Honor the Lieutenant-Governor of Ontario, accompanied by the Premier, and other members of the legislature), north thru Queen's Park via west driveway to Hoskin, west on Hoskin to Devonshire and north on Devonshire to entrance of stadium.

A Line of Cheer Each Day of the Year. By John Kendrick Bangs. (Copyright, 1915, by the McClure Newspaper Syndicate.)

AN EPITAPH. I seek no vain high-sounding epitaph in fulsome line and ponderous paragraph. But when the time at last shall come when I have put the things of earth forever by.

HERE LIES A GRATEFUL GUEST WHO FOUND LIFE GOOD. HYDRO RADIAL UNION TO CONVENE IN GUELPH. (Special to The Toronto World) Guelph, April 22.—A meeting representative of the Hydro Radial Union will be convened here on Thursday morning at 11:30 when representatives of all municipalities interested in the consumption of electricity will be present embracing the provinces from Toronto to Sarnia. Many more places than those already pledged to the union will be present. Sir Adam Beck will speak, and it is expected will have some important statements to make about the projects in hand.

TORONTO THE GOOD

People visiting Toronto for the first time will invariably go away with the impression that it is quite the best city on earth, that is they think that it is "good," and that everyone is living the life of the just.

Of course, that is merely an illusion, because neither the city nor the inhabitants are any better or any worse than all the rest of the world. To be called good is always such a nice feeling, unless one happens to be of the race type which prefers to be known by their works and deeds.

After phoning several places, which admitted that they had ice cream in their possession, but were not able to sell it, as they would be liable to a heavy fine, she finally got hold of one man who would sell her a quantity of ice cream but as it was Sunday he might just as well have ordered the moon for the child.

It is a matter for conjecture just what would happen if the folks here were permitted to live their own lives in their own way. Personally we are laboring under the impression that the city would bloom out and be in a class by itself. However, we may be wrong. That is merely a matter of opinion.

DISMISS THE AFFAIR AS UNIMPORTANT AS UNIMPORTANT. London, April 22.—The American army and navy court of inquiry into the fight between American and British soldiers and the metropolitan police on March 9 last, interpreted the affair as an unimportant melee which did not affect the relations between the British and the Americans.

Sir Thos. White Was Passenger On Train Derailed Near Elgin. Ottawa, April 22.—Sir Thos. White, acting prime minister, reached Ottawa safely this morning, according to information received from the finance department. It is understood that he suffered no ill-effects as a result of the derailment of a number of cars of the Toronto-Ottawa C.N.R. train on which he was riding and stated that the special train which brought the passengers in from Elgin, where the derailment occurred, reached Ottawa about noon.

After Hold-Up, Kingston Soldier Is Minus Money, Watch, Papers. Kingston, April 22.—Minus fifty dollars his gold watch, a few change papers and button, Harry E. Welton returned soldier, walked into the police station this morning and stated that he had been robbed in Macdonald Park. He had been playing pool with a stranger and after the game went to the park for a walk with his friend. After being in the park a short time two other men came up and attacking him made off with the booty.

ON A HISTORICAL OCCASION. After Justice Colahan had withdrawn, the president received the delegation of twenty-five in the private office of Gatti-Casazza in the Metropolitan—New York Evening Mail.

THE PROMOTER'S WIFE

By Jane Phelps. Barbara Welcomes Neil More Eagerly Than Ever Before.

CHAPTER LXVI. As I leaned back in the car my cheeks burned fairly trembling with indignation and the temerity of my last sentence to Blanche Orton, I wished with all my heart that Neil were at home. He should not visit Blanche any more. How careless I had been not to realize the lengths to which his anxiety for his business would take him. She had said she was willing to "crucify" herself to help my husband. What did she mean? Was she in love with him?—somehow I didn't quite believe that, and I was not at all ready to believe that Neil cared for her in a way to wrong me. No—it was all a part of this business game, and I was sure would take him. She had said she was willing to "crucify" herself to help my husband. What did she mean? Was she in love with him?—somehow I didn't quite believe that, and I was not at all ready to believe that Neil cared for her in a way to wrong me. No—it was all a part of this business game, and I was sure would take him. She had said she was willing to "crucify" herself to help my husband. What did she mean? Was she in love with him?—somehow I didn't quite believe that, and I was not at all ready to believe that Neil cared for her in a way to wrong me. No—it was all a part of this business game, and I was sure would take him. She had said she was willing to "crucify" herself to help my husband. What did she mean? Was she in love with him?—somehow I didn't quite believe that, and I was not at all ready to believe that Neil cared for her in a way to wrong me. No—it was all a part of this business game, and I was sure would take him. She had said she was willing to "crucify" herself to help my husband. What did she mean? Was she in love with him?—somehow I didn't quite believe that, and I was not at all ready to believe that Neil cared for her in a way to wrong me. Fine range of Automobile or Traveling Rugs in choice variety of Scotch, plain colored backs. Also Fancy Plaids in wide range of colors. Special values at \$12.00, \$15.00 and \$17.00 each.

JOHN CATTO & SON TORONTO

BRANTFORD SAYS NO TARIFF CHANGE

Mass Meeting Unanimous in Demand to Federal Authorities.

SCORE THE WEST

Declare Farmers of Prairie Provinces Would Escape Due Taxation.

Brantford, April 22.—With but one dissenting vote, a meeting of citizens of Brantford, called by W. F. Cookshutt, M.P. for Brantford, this evening, passed resolutions calling upon the Dominion government to avoid any changes in the tariff at this time, and until a commission had gone into the question thoroughly, and protesting against the elimination of the tariff on agricultural implements from the one industry had been singled out to bear the burden while the western farmers, whose demand it was wanted thus to escape their share of taxation.

W. F. Cookshutt, M.P., John Muir of the Good, Shapley & Muir Company, tractor manufacturers; Al. Harvey, C.M.A., presented the case for a tariff on agricultural implements, the standard against any tariff changes, and Mayor MacBride was given five minutes after the resolutions had been passed to speak to the question. Mr. Cookshutt resented the demands of the western farmers, declaring that these demands had come thru the Dominion government, and that it was his duty to make drastic changes in the financial policy of the country. "The price of our property is permanent watchfulness," he declared.

After all it is a fight between two capitalist classes. The country was loaded with a billion and a half in "war" bonds, not-taxable, and it was the workingmen and the soldier who would pay the interest on these bonds.

After U. S. Robbers. The sales list of the grain growers contained but one article manufactured in Canada. In effect they declared that if they had to be robbed they preferred being robbed by the United States manufacturers. In round figures, farm implements had increased from 80 to 90 per cent in five years. In that time profits of the farm had increased over three times. If the farmers were to get these high prices, the workers had to receive wages to enable them to pay the prices. He was not opposed to taking off the war tax, but that was as far as Brantford was prepared to go.

John Harold, M.P., Liberal Unionist, an avowed believer in a lowered tariff, pointed out that the farmers of the west, who last year bought 17,000 autos, did not ask for a cut of the 35 per cent tariff on the auto implement industry where the tariff averaged 18 3/4 per cent. He said that a farmers demand would be done to the implement industry and he looked to Brantford, Hamilton and Toronto to speak in no uncertain voice. The hon. John Muir told of the havoc wrought to the tractor industry in the placing of tractors on the free list, an act which he termed a gross injustice and a crime.

Case For Farmers. W. C. Good was allowed ten minutes to present the case for the farmers. He represented the Brantford board of agriculture, and declared that a meeting would be called by them to present the case of the farmers to the board of agriculture. He declared that there was no ill-will against the manufacturers by the farmers, and thought that if the meeting called for a vote and only one was recorded as opposed. A resolution protesting against the taking off of the duty on agricultural implements was then presented by W. S. Brewster.

Address by Mayor. Mayor MacBride, limited to five minutes, was glad that all the resolu-

THE WEATHER

Meteorological Office, Toronto, April 22.—(8 p.m.) An important cold wave has come in rapidly from the northwards over Manitoba and Saskatchewan. The Atlantic disturbance has caused rain and strong winds today in eastern Nova Scotia and Newfoundland, while in New Brunswick, Quebec and Ontario, the weather has been fine and mild.

Minimum and maximum temperatures: Prince Rupert, 35, 46; Vancouver, 36, 53; Victoria, 38, 60; Kamloops, 39, 64; Calgary, 30, 52; Battleford, 32, 50; Prince Albert, 24, 44; Winnipeg, 24, 48; Port Arthur, 32, 48; Sault Ste. Marie, 36, 48; Pelly Sound, 40, 61; London, 32, 70; Toronto, 34, 50; Kingston, 30, 40; Ottawa, 28, 44; Montreal, 34, 52; St. John, 22, 42; Halifax, 36, 42.

Probabilities.—Lower Lakes and Georgian Bay, Ottawa Valley, Upper St. Lawrence, Lower St. Lawrence, Gulf and North Shore—Moderate winds, fine and quite mild. Maritime—Northeast winds; fair and cool, except some rain in eastern Nova Scotia. Lake Superior—Northeast winds, increasing to gales; fair at first, followed by rain. Manitoba and Saskatchewan—Strong northeast winds; quite cool, with local sleet or rain in southern districts. Alberta—Fair and mild.

MARRIAGES.

HALLIDAY-TOWELL.—At St. John's Anglican Church on Tuesday, April 22nd, by the Rev. J. Russell MacLean, M.A., Dorothy Helen, daughter of Mr. and Mrs. Henry Towell of Long Branch, Ont., to Mr. John A. Halliday of Toronto.

DEATHS.

BRILLINGER.—At his late residence, Langstaff, on April 22, 1919, Benjamin Brillinger, aged 86 years. Funeral, Thursday, April 24, at 1 p.m. (standard time), to Helms Hill Cemetery, Gromley, (Motors).

RUTLEDGE.—On Tuesday morning, at Parkdale Hospital, Mary Ann, beloved wife of William Rutledge, 130 Grace street. Funeral on Thursday, 9 a.m., to Mount Hope Cemetery. (Port Hope papers please copy).

Queen's University to Bonus Students Who Served in War

Kingston, Ont., April 22.—At Queen's it has been decided to give bonuses to students who lost time from their academic term by their service overseas. In arts the bonus will be one, two or three classes, depending on the length of time spent in the service and a half in work in science it has been decided to add five marks on the April examinations, these marks not to count for prizes or scholarships.

ONE THIRD BILLION WAS WAR EXPENDITURE

Bluebook Tabled in Commons Gives Details of Canada's War Costs During Fiscal Year 1918.

Ottawa, April 22.—A bluebook tabled in parliament today gives details of expenditure during the fiscal year 1918, the last full twelve months period of the war. Total expenditure for the year was \$248,386,801. The department was \$201,288,628, while overseas expenditures amounted to \$115,381,248. Naval defence cost \$2,966,279 during the twelve months' period, while the invalided soldiers' commission required \$11,293,654. The remainder of the total was spent by the various other government departments.

OPPOSITION BLOCKS ATTEMPT TO RUSH RAIL LEGISLATION

Government Puts Aside Discussion of Canadian Railway Co. Incorporation.

FIRE PENALTIES Punishments Under Criminal Code for Violation of Fire Prevention Regulations.

Ottawa, April 22.—A small attendance of members at the first sitting of the commons after the Easter recess did not prevent good headway being made with government business and the setting of supply orders for the part of the government to proceed with contentions legislation such as Hon. J. R. Reid's bill to incorporate the Canadian Railway Company, which was successfully objected to by the opposition on the plea that many absent members desire to discuss this bill.

There was a long discussion in committee on the bill providing penalties under the criminal code for people who fall to obey Dominion, provincial and municipal fire prevention regulations.

Several members on both sides of the house thought that the provisions of the act were too severe; nevertheless it was reported from committee and it stands for third reading.

During consideration of the railway and canal estimates, Mr. B. McClellan gave voice to some rather sharp criticism because three private cars were attached to the Toronto-Ottawa government railway supply, which was detailed this morning. The burden of his complaint was that because of the number of private cars it was impossible to attach another sleeper to the train, with the result that many people, including himself, were inconvenienced. One private car was occupied by Mr. Henry Towell of Long Branch, Ont., to Mr. John A. Halliday of Toronto.

Fewer Private Cars. Dr. Reid, in reply, said it was only an accident that three private cars happened to be attached to this train. He asserted that fewer private cars are being used now than in the past.

During consideration of the bill providing for the Welland Canal, construction, the opposition criticized the government for its decision to carry on the work at present, on the cost plus or forced contract system.

Dr. Reid explained that under present conditions it is practically impossible to get contractors to take work on tender. It was necessary to proceed with construction, he said, in order to give employment.

The opposition persisted in their objection to the vote passing until the contracts are produced. The vote stood over with the understanding that they would be brought down.

Parliament resumes its deliberations on the bill which was anticipated that there will be any important developments in regard to the tariff, the Dominion franchise act, or other measures which promise to be contentious for a few days at least.

Western Men Posted. Meanwhile western members who have been away feeling the pulse of their constituents will have returned to the capital. They are all expected to be back by Monday, April 23, when they will hold another caucus and make a final decision as to the measure of tariff relief they are willing to accept as a compromise. Beginning tomorrow there will be considerable activity in committee, particularly the special committee, which is considering the consolidated railway act. The representatives of various public bodies interested in the act will be heard this week, including the provincial governments which are interested in the question of provincial rights involved in the bill to Toronto board of trade, which has a number of suggestions to make, and the telephone companies.

Three special committees authorized by parliament to investigate the question of titles, the civil service and scientific research in Canada, will shortly be organized. Their labors it is expected that they will all bring in their reports before the close of the session.

Predictions as to when prorogation will take place run all the way from the middle of June to the third week in July.

Tariff Queries. Hon. C. C. Ballantyne, minister of marine and fisheries, took his seat

for the first time this session in the house this afternoon. Mr. Ballantyne has recently recovered from a serious illness.

On the orders of the day, Mr. McKenzie, leader of the opposition, drew the attention of the government to a reported announcement by Mr. Cowan of Regina, that specific reductions had to be made in the tariff on certain articles this year. "I would like to know from the leader of the government," said Mr. McKenzie, "if Mr. Cowan was speaking with authority, and if he was presenting the policy of the government on the tariff."

Sir Thomas White, the tariff policy of the government is presented only by the minister of finance, and upon the occasion only of the budget speech.

The house then proceeded to second reading of a bill to extend orders-in-council passed under the war measures act to the end of the present session.

Both Mr. McKenzie and Mr. K. LaPointe asked that the second reading should be postponed to enable members to discuss the bill. In reply, Mr. Meighen, acting minister of justice, observed that it was essential the bill should receive assent before the end of the session.

Sir Sam Hughes asked if the government did not consider the advisability of letting the orders-in-council lapse and re-enacting those of use.

Postpone Second Reading. Mr. Meighen: We are considering that every day. But our consideration should be applied to each one individually.

Eventually the second reading was postponed till tomorrow.

Hon. A. K. Maclean introduced a resolution to amend the fertilizer act. The bill based upon the resolution provided that lime be included as a fertilizer and that there is a revenue of one cent per hundred pounds to cover the cost of inspection of fertilizers.

Mr. W. D. Euler of North Waterloo, objected to this method of collecting the tax. He thought the tax should be placed on the wholesaler, not the manufacturer. He thought that retail drug stores were occupying the market.

General Hughes Criticized. General Hughes also thought that the onus of affixing tax stamps should be placed on wholesalers.

The resolution was carried, and a bill based upon it introduced.

The house then went into committee on Mr. A. C. Cress's resolution, providing for the amendment of the live stock and live stock products act. The purpose of this amendment is to standardize the size of packages of wool and to provide that farmers and drovers may buy and sell at stock yards, and makes provision for inspection of certain live stock products being introduced into Canada from foreign countries.

Mr. D. D. McKenzie said that he had been informed that Canadian manufacturers were unable to use wool products in Canada and had to import it from the United States. The Canadian wool, he said, was taken to the United States and after being treated, was suitable for manufacturing purposes. He thought that if this information was correct the government should see that the contracts could not be treated in Canada so as to be suitable for Canadian manufacturers of woolen articles.

The resolution was adopted and the bill based on it was introduced.

To Prevent Fires. The house went into committee on the senate bill to amend the criminal code in respect to the prevention of fires. In presenting the bill for second reading, Mr. Meighen said its purpose was to make it a criminal offense on the part of a tenant, owner or occupier of the building to fail to obey the requirements of any law intended to prevent fires, provided that the injury would not have occurred had the law been complied with.

In the year 1918, Mr. Meighen said, Canada's fire loss was \$23,000,000 of which 75 per cent, was believed to be wholly preventable.

Mr. D. D. McKenzie thought that it would be wise to hesitate before passing such an amendment. "The people who recommended that it be passed, judging by the list of names which the minister had read, were those who stood to gain something out of it through economy in insurance. It was ridiculous to suggest, for instance, that a little child that accidentally caused a fire should be sent to the penitentiary for two years. He thought that the house would be wise to wait until every decided request was received from the people for such an amendment."

Hon. Arthur Meighen asked why the state should not impose a penalty for negligence which causes injury to the state. A man might kill another through negligence and yet he is liable to prosecution and penalty

under the present law. Why should not a man who negligently injured the community thru starting a fire also pay a penalty. As far as Mr. McKenzie's objection about children being sent to jail, Mr. Meighen said that no court would hold a child liable under this amendment, who had not reached an age when it was criminally responsible.

Mr. McKenzie, seconded by Mr. McClellan, then moved that the committee be appointed to study the bill.

Amends Revenue Act. Hon. Dr. Reid moved a resolution to amend the inland revenue act. It was concurred in, and a bill introduced, based upon the resolution. One of the purposes of the bill is to provide that where spirits have been stored for two years in wooden vessels a certain percentage would be allowed for shrinkage or evaporation. Dr. Reid said that the custom in the past had been for distillers to pay duty on the shrinkage, but they claimed that with prohibition they had been subjected to heavy losses.

Another amendment is for the purpose of defining what denatured alcohol was. Dr. Reid said that it contained traces of fuel, heat, light and power, and the object was to put distillers in a position to manufacture that commodity, so that it would take the place of gasoline, the price of which had increased so much of late years.

When Dr. Reid moved the second reading of the act to incorporate the Canadian National Railway, Mr. D. D. McKenzie objected to such an important measure being passed in such a small house. It was held over.

MONTREAL DISRUPTED BY CARTER'S STRIKE

Over Five Thousand Employees Out, and Settlement Not in Sight.

Montreal, April 22.—Around 5000 carters here are out on strike, and with the refusal of the masters to consider arbitration, settlement of the strike is not in sight. Tonight, delegates from the Trades and Labor Council conferred with the city administrative council and suggested arbitration. The carters were at first averse to this suggestion, but were won over. The masters, however, refuse to consider it, nor will they recognize the union. There is fear that freight handlers, railway clerks and station employees may join the carters in a sympathetic strike.

Meanwhile the whole business life of Montreal is being badly tied up.

WYCLIFFE COLLEGE HOLD CONVOCATION

Convocation exercises were held in Wycliffe College chapel last night, when three students, Edwin Gilman, P. W. Jones and E. P. Wright, received diplomas. Principal O'Meara and Rev. Dyson Hague gave inspiring addresses and appealed to clergy and laymen to work diligently to overcome the wave of disbelief at present surging over the world.

The college has received two bequests, one of \$100 from Daniel Catherine Hill.

The chapel was filled with students and friends.

TWO MORE PLAYERS JOIN GIBSONITES

Hubbell Shows Rare Form in Practice Game—Gonzales Here.

The press nine failed to put an appearance at the island yesterday, but it didn't stop Manager Gibson from getting a game to give his squad the right kind of work. Mooney split his candidly into two teams and staged slight changes of hitting ball. The manager handled one team and the second was put under the direction of George White-man.

The boys put a lot of pep into the contest and the railbirds saw two new faces in the lineup. Gonzalez, a Cuban shortstop, and Hubbell, the former Newark pitcher, arrived yesterday morning. Gonzalez, who is a big, powerful fellow in the box, and went well for four innings. Heck worked for White-man and his defence crumbled behind him a couple of times, giving the Gibsonites a lead, entering the fifth. Peterson then did the pitching for the manager, and Hubbell for White-man. It was here that White-man forged to the lead. Hubbell, who has been training in the south with the New York Giants, had a barrel of speed and breezed them through a mile a minute. Hubbell is a big strapping fellow with a sharp pop on the ball and grand change of pace. He is ready right now to go full time in the major leagues. He is a valuable addition to the pitching staff.

Gonzales arrived just in time to jump into the game, and was stiff from his long train journey. He looks good and is in shape, having played ball during the winter in Havana.

The teams lined up as follows:

Gibsonites—White-man Coats, Gibson, c. Heck, p. Onslow, 1b. McInnis, 2b. Quinn, 3b. Anderson, ss. Buse, 3b. Furlitt, 2b. Holden, lf. Hansen, cf. Peterson, rf. Breckenridge, ct.

The Leifs open the season one week from today in Newark. This leaves about four more days to get into shape. Manager Gibson has the strings out to get another catcher in time for the opening. He has plenty of infield material and a host of pitchers with a couple more to come from big league clubs. He can stand an outfielder. Westlake has not been to the practices this week, and Mooney has only three outfield candidates in the squad.

If a team can not be secured for a practice game today the squad will be split again and a full nine innings game will be the order. It is useful work for the boys and the kind that will get them ready for the fray in quick order.

The Toronto will have a practice game this afternoon at the island stadium with St. Michael's College.

At Providence, R.I.—

CHAMPION HEXATHLON TEAM OF BOYS AT CEN. Y.M.C.A.

George Goulding's boys, who have again carried off the honors for America. From left to right: Back row—G. Altman, H. Irwin, F. Young, B. Lindsay, W. Snyder, H. Applagan, J. Oldright, N. Pascock, C. Menzies. Third row—G. H. Goulding (boys' physical director), M. Enuschesky, M. Castle, K. Burnham, C. Maycock, J. Wardrop, W. McGraw, R. Jenkins, Ben Walker, H. O. McGuire (physical director). Second row—S. Sinclair, J. Mitchell, V. Gordon, R. Gerardot, Croft, W. Follis, F. Trimble, B. Cairns, Bickle, Mel Gordon. Sitting—F. Goulding, L. Hudson, H. Norris, R. Irwin, L. Jacobs, W. Menzies, Ben McLean and J. Shaw.

MAJORS OPEN TODAY WHERE THEY PLAY

American League Race Should Be a Hummer—Giants Are Strong.

They pry off the lid in the major leagues today. That affair at Boston last Saturday could hardly be called the opening. It was a state holiday and the Dodgers and Braves were allowed to stage their first two games ahead of time for the benefit of the holiday crowd. Brooklyn won both games.

This is the first after-the-war year and many expect to see the game back on its old footing. A great revival in all branches of sport is the order and baseball is in for its just share of the revived interest. The races in both leagues promise to be close.

Fred Mitchell's Cubs breezed home in front last year in the National League. This year's winners will have a hard argument. The Cubs are a great club. They have Alexander, pitching ace of the National League, back in the hunt, but John McGraw has lined up a mighty team at New York.

McGraw has plenty of veterans on his team, but they are veterans with plenty of kick left and a ball team that will fight to the last ditch. In fact, the Giants are ruling favorites right now for the pennant. Over in Philadelphia the fans are looking for great things from Jack Cooney, who has been named for the MVP. He is expected to get under a head of steam that will be dangerous. It is the same everywhere. Players have been mustered out of the service and are to be found on every club. The dope book is no good. Wait for six weeks and then begin to sort the wheat from the chaff. Some surprises may be the order.

In the American League Ed. Barrow's Boston Red Sox have the call. They are the world champions and a mighty outfit. The Barrowites have everything from Babe Ruth's smashing to speed on the bases. The defense is grand, the hitting ability there and the speed to balance out a real club.

Miller Huggins promises to be right in the gallop with his New York Yankees. Good on the defense and a team of renowned sluggers. About the only thing lacking is speed. It looks like a case of

AMATEUR BASEBALL

There will be a meeting of the Y. M. C. A. Senior League tonight at Central Y. M. C. A., College street at eight o'clock. All clubs entered in this league are requested to have their representatives on hand early. The playing schedule will be finally decided upon at this meeting, and arrangements for the opening game, on Saturday, May 3, completed.

The West End Y.M.C.A. senior team will hold a meeting on Thursday evening at eight o'clock in the Y.M.C.A. building, and the following players are especially requested to be present: R. Percy, L. Rutledge, L. Groves, J. McInnis, E. Auld, L. Burrows, P. Bird, W. Bird, T. Baker, C. Hall, R. Rowcliffe, N. B. Gorry, W. Reed, R. H. Yeoman, A. Price, V. Price, F. Percy, W. Allen, N. Van Ewery, W. J. Long, R. Emmett. Any other players of senior calibre are invited to this meeting if they are desirous of trying for the team.

The Elizabeth seniors will hold their initial workout on Harbor square tonight at 6.30. All players and any others wishing a try-out are requested to attend. Wychwoods of Spalding's Intermediate League will hold a meeting at 7.30. As the business is important a full attendance is requested. Any person interested in the above club is welcome to attend.

There is a chance that the local amateur baseball league may be shaken up considerably before the season opens. The G.W.Y.A. find that veterans returning are being grabbed up by other teams and are having difficulty in getting a real team together. Accordingly it will have to be decided whether the G.W.Y.A. is to get all players who have served in the war or whether they pull out from the league. If the G.W.Y.A. pulls out it is likely that Paris will be asked to withdraw, as a five-team league cannot be conducted very successfully.

The Inter-Church League indoor baseball game last night resulted: St. Matthews Anglican, 7; St. Clements, 3.

TOROLESONS GO DOWN.

New Orleans, April 22.—Pitcher Toroleson of the Cleveland Americans has been traded for Pletcher Tom Phillips of the New Orleans Club. President Heinemann of the local club announced last night.

TRAP SHOOTING AT PINEHURST.

Pinehurst, N.C., April 22.—The annual north and south trapshooting tournament at Pinehurst was a close to close to day with W. N. Boylston, Florida state champion, the winner of the 22 target contest, and H. Merion of Charlotte, N.C., the victor in the north and south handicap. Boylston's record was 143-68-212. Merion broke 92 out of 100 targets, shooting from the 20-yard line.

Another Defeat For Brooklyn

At Brooklyn, N.Y.—The New York Nationals defeated the Brooklyn Nationals, 5 to 2, in an exhibition game. Russell allowed eight bases on balls, but kept the hits well scattered. The score:

New York..... 5 9 3
Brooklyn..... 2 7 1

Batteries—Russell and Russi; Cadore, Mamaux and Krueger.

AT NEW YORK.

New York Nationals..... 4 7 3
Philadelphia..... 3 10 5

Batteries—Causey and Steel; McCarthy; Cox and Fredericks.

DURNING TO LOUISVILLE.

Louisville, Ky., April 22.—Pitcher Richard Durning has been purchased by the Louisville American Association Club from the Brooklyn National League Club. It was announced here tonight by Business Manager William Lee of the Colonels. Durning is a left-handed pitcher and has been in the major leagues for several years.

CENTRAL ONTARIO BASEBALL SCHEDULE

The official schedule of the Central Ontario Amateur Baseball League is as follows:

The season opens May 24th.

May 24—Bowmanville at Cobourg.
May 24—Port Hope at Lindsay.
May 24—Peterboro at Oshawa.
May 21—Oshawa at Lindsay.
May 28—Lindsay at Bowmanville.
May 31—Cobourg at Peterboro.
June 4—Peterboro at Lindsay.
June 7—Port Hope at Cobourg.
June 7—Bowmanville at Oshawa.
June 10—Oshawa at Lindsay.
June 14—Cobourg at Port Hope.
June 14—Peterboro at Bowmanville.
June 18—Port Hope at Bowmanville.
June 21—Lindsay at Peterboro.
June 21—Oshawa at Cobourg.
June 28—Bowmanville at Port Hope.
June 28—Peterboro at Cobourg.
July 1—Oshawa at Peterboro.
July 1—Lindsay at Cobourg.
July 1—Cobourg at Bowmanville.
July 12—Oshawa at Bowmanville.
July 12—Lindsay at Cobourg.
July 12—Port Hope at Peterboro.
July 16—Bowmanville at Lindsay.
July 16—Bowmanville at Peterboro.
July 19—Cobourg at Oshawa.
July 19—Peterboro at Port Hope.
July 26—Port Hope at Peterboro.
July 26—Cobourg at Lindsay.

Fast Basketball In Closing Contest

The Dutch Cleaners were finally declared champions of the West End Y.M.C.A. House League and winners of the Duke Whyte Trophy when they defeated the Gold Dust team last night in one of the fastest and most exciting games of basketball this year. The season closed last week with these two teams tied for first place, this making last night's playoff necessary to decide the winners, and right here it might be well to say that too much credit can not be given to Roy Yeoman and his gang for their splendid showing in the past few months in only losing one game; they are certainly a great team and no small part of their success must be attributed to the untiring way in which they have turned out for the games in this respect they have done much better than the other teams who have often served in the war or whether they pull out from the league. If the G.W.Y.A. is to get all players who have served in the war or whether they pull out from the league. If the G.W.Y.A. pulls out it is likely that Paris will be asked to withdraw, as a five-team league cannot be conducted very successfully.

TROPHY PUT UP FOR THE T. & D. JUNIORS

Teams Given Permission to Play in Hamilton—Saturday's Program.

At the T. & D. Junior council meeting last night, Linfield P.C. were given permission to travel to Hamilton to play Thistles P.C. of Hamilton on July 1. It was also decided to send a picked team from Toronto to play the pick of Hamilton juniors as a certain rouser to the Bethlehem Steel versus Hamilton All-Stars, which will be played for patriotic purposes.

The referee's decision re St. David's and Henry Palmer Club was allowed to stand.

The Riversides-Baracas game, which was played last Saturday under a misunderstanding, was ordered replayed. Club secretaries are asked to note the proper address of all referees, and give 48-hour notice to both referees and visiting clubs.

Mr. Carter, the well-known east end confederator of Danforth avenue, has kindly consented to donate a silver trophy to be competed for by the clubs operating in this league.

The T. & D. draw for next Saturday is as follows:

First Division.
Parkdale Rangers v. St. David's, J. F. McLean, 13 Dawson avenue.
Jubilee v. Swansea, J. Lamb, 238 Boon avenue.
Riversides v. Secord, R. A. Kerf, 272 Campbell avenue.
Linfield v. Baracas, J. Dobbs, 104 Campbell avenue.
Henry Palmer v. Wychwood, H. Fenboy, 497 Indian.

Second Division.
Dunlop v. Sons of England, R. G. Broadbent, 586 Concord avenue.
Dufferin United v. Parkdale Rangers, A. G. Mills, 121 Ennedale road, Fairbank.
Linfield Rovers v. Aston Rovers, E. Osborne, 1182 West Queen street.
Rangers v. Secord, Rovers A., H. Sweet, 2 Rainford road.

SPERMOZONE

For Nervous Debility, Nervousness and accompanying ailments, \$1.50 per box. H. SCHOFIELD'S DRUG STORE, 95 1/2 ELM STREET, TORONTO.

LIMIT LIST OF ENTRIES AT W.O.B.A. TOURNEY

Committees Elected and Date of Annual Competition Set for Last Week in July.

London, April 22.—It was decided to hold the annual W.O.B.A. tournament during the week of July 21 and to limit the entry to 64 rinks at a meeting of the executive committee of the Western Ontario Bowling Association, held this afternoon at the Tecumseh House.

The program, consisting of three trophy events for rink competitions, and two Scotch doubles events, will again be carried out. The draw will be made on Friday, and entries will close Thursday, July 17, and club secretaries will be instructed to communicate with Secretary-Treasurer John MacPherson regarding entries, as such will be limited.

The tournament committee elected is: J. A. Connor, Toronto; E. C. Monteith, Windsor; T. Hamlyn, Lambeth; Geo. Mohan, Woodstock; W. J. Ashplant, London; R. C. A. Langford, London; Thistles; H. A. Kompass, London; Eimwood; J. S. McDonald, London; R. C. Smith, St. Thomas; Edmund Weld, D.E.A.; London R.C.; Dr. W. J. Robinson, London; Layton, A. E. Cash, Stratford; T. McPhail, Brantford; Duffin; W. S. McDonald, Tillsonburg; W. Jackson, Clinton; R. J. Seidon, Exeter.

A committee of Messrs. Langford, Casselman, Henson and Spearan were appointed to appoint an acceptable successor to Secretary-Treasurer John MacPherson, who will hold office until the next annual meeting.

THEY OWN THE LONDON ROWING AND BOWLING CLUB PLANT

London, April 22.—The London Canoe Club, Limited, proprietors of the London Rowing and Bowling Club plant, held their annual meeting at the county building this afternoon and found the financial condition in good shape.

The directors elected at the shareholders' meeting are: W. Turnbull, J. S. McDonald, J. Ashplant, Edmund Weld, J. MacPherson, T. A. Loveloss, W. A. Casselman, Anthony Tillmann.

Officers of the directors elected as follows: President, W. J. Ashplant; vice-president, T. A. Loveloss, and secretary-treasurer, Edmund Weld, who has held this office for 23 years.
