

LINER ROCKED LIKE CRADLE ON ATLANTIC

Eight Passenger Boats Reach New York After Hard Experience.

New York, Dec. 18.—Substantial evidence of the fierce winter storms which have prevailed for the last ten days along the steamer lanes between this country and Europe was shown by eight big passenger liners which arrived here today with more than 17,000 belated passengers. Hulls encrusted with ice, rigging covered with sleet and salt from spray caked on funnels, prefaced the storied by ship's officers of high winds and gigantic waves that swept their vessels from stem to stern.

The ships arriving were the Rotterdam from Holland, via Plymouth; the Baltic, Royal George, Carmania and Caronia from British ports via Halifax; the Lafayette from Havre, Bergenfjord, from Norway, and Europa from Genoa. All were from three to five days overdue and some of them reached port too late to dock before tomorrow morning.

Roughest Trip Ever Made.

The first of the big liners to come into her dock was the Rotterdam, which reached quarantine late last night. She was three days late, and her master, Captain J. Baron, declared that the trip was the roughest he had ever made. His declaration was supported by Rear-Admiral Andrew T. Long of the United States navy, who returned after escorting the King and Queen of the Belgians back to their country. Admiral Long said that one week ago, when in mid-Atlantic, the weather was so rough that the big liner was rocked like a cradle. One of the passengers was thrown to the deck and suffered a broken leg. On board the ship were five stowaways, who were scared from their hiding places by the rough weather.

The Carmania, another of the belated ships, had to put in at Halifax to repair damages caused by collision at sea with another ship during a fog off the Grand Banks.

The Caronia, from Southampton, was close to the Carmania when the accident occurred, and she responded to her wireless calls by putting about and going to her assistance. The intended help was not needed, but she accompanied her into Halifax.

ALLIES WILL MAKE PEACE WITH TURKEY

To Do So Without Showing Any Disrespect to America.

London, Dec. 18.—Without any disrespect and without wishing to deprive America of the honor of sharing in the guardianship of Christian communities the allies have decided to make peace with Turkey at the earliest possible moment, Premier Lloyd George declared in the house of commons today.

Mr. Lloyd George said there was complete agreement among the allies on the question of non-intervention in Russia, but that discussions were proceeding between the United States and Japan concerning future action should the Bolshevik advance reach to any considerable degree eastward.

Premier Lloyd George said it was impossible to make peace with Russia because of the civil war existing there. If the Bolsheviks wanted to speak for Russia, he added, they must summon a national assembly based on a broad franchise that would represent something with which the allies could make peace.

Mr. Lloyd George said the agreement to guarantee France against wanton aggression was subject to ratification by the United States at that particular point. If the United States should not ratify the guarantee to France, he stated, Great Britain would be free to consider her position.

HAIG'S TESTIMONIAL

Comment Against Field Marshal for Political Interference.

London, Dec. 18.—Sir John Simon, independent Liberal candidate in Spen Valley, has aroused a good deal of comment by obtaining a letter from Viscount Haig commending of his (Simon's) war service. His critics declare that it is an unsoldierly device to get such testimony and especially when his military service was admittedly only of one year's duration. Simon, too, never claims to have done any fighting, whereas Col. Fairfax, the coalition candidate, served practically the whole war in fighting areas. Some comment is directed against Viscount Haig for having permitted his name to be associated with a political election in this way.

Ice-Coated Grain Fleet Arrives Safely at Goderich

Goderich, Ont., Dec. 18.—The last of the Canadian grain fleet reached here at noon today and are making their way to the elevators. They are the steamers Martian, Midland King, Glenbrae, Osler and Haggerty, and present a picturesque appearance with their ice-covered hulls and spars. Severe weather was encountered down the lakes with the temperature ranging from zero to thirty below.

Three other American vessels, the Oakes, Jenkins and Stadscona, proceeded to Port Huron to discharge

Men's and Young Men's Winter Ulsters, Ulsterette and Chesterfields, Sizes 34 to 44, Special, \$23.75

One of the best opportunities of the season is offered in this clean-up of odds and ends of broken stock lines in order to make room in the overcoat section. They are offered at a price that should bring a crowd of shoppers in early this morning in order to secure one of these coats.

The assortment is made up of a special purchase of black union wool and cotton cheviot finish fabrics, cut in fly-fronted Chesterfield style, with self or velvet collar. Then there are wool, and wool and cotton cheviot-finished tweeds in dark grey, fawn and brown, in mixed stripe and checked patterns, and cut in full-fitting Ulster style, which has half belt at the back; also there are semi and body-fitting styles, in about knee length Ulsterette style; these have plain backs, or with inverted pleats in skirt, and having regular or slash style pockets and linings of Italian twill. These latter lines are reduced and combine to make a very special feature. Sizes 34 to 44, but not in every line. Special, \$23.75.

Other lines that show careful selection as to colors, styles, tailoring, and marked close to make moderate prices.

At \$28.50 Men's Full-fitting Ulsters, in Manitoba models, which are double-breasted, and have half belt at the back, large convertible storm collars, "with storm tab" and 2 roomy side pockets with flaps. These are made from heavy wool and cotton cheviot-finished tweeds, with linings of Italian twill, in dark green and grey, and rich brown mixed patterns, all cut in full comfortable style, and very suitable for a driving coat. Sizes 36 to 44. Price, \$28.50.

At \$30.00 A Special Purchase of English Melton Overcoats, which, when offered at this price, make an offering that will appeal to the man who prefers the Chesterfield, box back, or slip-on model of overcoats, especially when made from this well-known fabric, which is noted for its wear and weather-resisting qualities.

Material is a combination of wool and cotton, in light, medium and dark grey, and made in finished or raw edge style, Chesterfields have notched lapels and fly-fronts, box-back models are button-through style, and the slip-ons are double-breasted, and have convertible collars and slash pockets. All lined with serviceable twill lining. Sizes 35 to 44, but not in every line. Price, \$30.00.

At \$50.00 Are Heavy All-wool Overcoats, cut in easy-fitting, double-breasted style, in mixed brown or green shades, with half or all-around belt, large convertible collar and plain or raglan sleeves, and outside regular or patch pockets with flaps. These are lined to the waist with brown sateen or Italian twill. At the same price in dark grey or fawn cheviot finished wool and cotton tweeds are coats made in Ulster style, with half belt at the back, large convertible collar and outside patch pockets and wind straps on the sleeves. An added feature of this coat is the interlining of sheepskin chamois, offering a great resistance to the wind. Sizes 36 to 44. Price, \$50.00.

SAY ONTARIO MILLS TO SUFFER BY ORDER

Claim by Secretary of Dominion Millers Before Railway Board.

Canadian Press Despatch. Ottawa, Dec. 18.—That the flour mills of Ontario will suffer severely from the competition of Michigan mills with the restoration of trading in wheat and flour by the United States and Canada, was a statement made by Secretary Watts of the Dominion Millers' Association, to the railway board today. Mr. Watts was speaking to the application of the Dominion Millers' Association and the Montreal Board of Trade for the establishment of a mill-in-transit arrangement with respect to grain grown and milled in the provinces of Ontario and Quebec, similar to the arrangement which prevails in the western provinces. The arrangement asked for by the millers of eastern Canada is a through rate from the origin to the shipping point to destination, plus one cent.

Mr. Watts during the course of his argument before the board, said that the rates enjoyed by millers on grain in Ontario are very little better than those in Michigan, when rebates are considered, are considerably lower than those which prevail in Canada.

Says Matter Serious

When asked by Chairman Carvell if he was serious in his contention that the Ontario mills with the restoration of reciprocity in trading in wheat and flour would be affected by the competition of Michigan mills, he said he was. The Michigan wheat, he explained, is stronger than the Ontario product, which has to be mixed with wheat from the western provinces to bring it up to the strength required by the market. Unless better rates were given in the manner suggested by the applicant, he said it would be a serious matter for the Ontario millers.

Mr. Watts observed that it was unfortunate for Ontario millers that the farmers of Ontario set in every little bit made from their own wheat. Montreal on the other hand, was about the biggest market for the products of the Ontario mills.

KEPT DEAD BODY IN HOUSE THREE YEARS

Woman Who Believed There Was Too Much Pomp to Funerals.

Chicago, Dec. 18.—Miss Maud Tabor died at her home in Lawton, Mich., from an overdose of chloroform, her 19-year-old mother, Mrs. Sarah Tabor, declared here today. Mrs. Tabor, who was arrested in California with her son, Walter, in connection with the mystery, passed through here today on her way to Lawton.

There was too much pomp to funeral, Mrs. Tabor declared, in explaining why she hid her daughter's body in the basement of their home, where it remained for three years, until found recently by another daughter. "I didn't want any of it," she continued. "My daughter's body was right in the house all the time, and it was a comfort to me to know that it was there."

"My daughter died in the front room of the house at Lawton. She died of an overdose of chloroform. I put her body in the trunk with my own hands and let it down the cellar stairs. I did it all. Nobody else had anything to do with it."

She made no comment on the fact established by the coroner's investigation that the body had been embalmed.

UNITED FARMERS APPROVE POLICY

(Continued From Page 1.)

the Canadian council of agriculture reported some amendments to its constitution. He mentioned that 155,000 Canadian farmers are now organized east of the Rocky Mountains.

Uphaval in Europe.

J. W. Kennedy, M.P., Glenagarry, chief of U. F. O. in the house of commons, apprehended an upheaval in Europe that may shake civilization to its foundations and was not surprised at social and industrial unrest in Canada. The people are disappointed over the result of the war. The prophets of peace to follow it have not been vindicated by post-war conditions. The spirit of unrest is, however, but a sign of life, showing that the people are ready to follow any sound leadership offered them. Democracy has fallen on evil days because the common man has not been conscientious of his responsibility. The effect-seekers and the big interests have been awake while democracy slept.

The first step in public ownership, according to Mr. Kennedy, must be public ownership of government. (Applause.) Under present conditions this objective will not be hard to gain. The provincial electoral victory was not won by the U. F. O., but was forced upon it by a disgruntled people. Canada is dissatisfied and looks for an opportunity, also for leadership which the U. F. O. can offer. It is a bad thing for democracy Home class compared with the class of the farmers—have all the say in governmental affairs. Government in Canada up to the present has been class government and when the farmers have contributed their share it will help to equalize things.

Ovation for Crerar.

Hon. T. A. Crerar, president of the United Grain Growers and ex-minister of agriculture, received something of an ovation. When he recalled the first annual convention of the U.F.O., he could understand the wonderful success of the farmers' movement in Ontario, which he still recognized as home. He noted that the chairman of the political committee of the U.F.O. had not asked Premier Drury how his job was vacated, but had tendered him some sound advice. The U.F.O. had given for good or ill a remarkable demonstration of political solidarity. But unless the spirit of the organization is one of service to the country, as well as for the advancement of the farmers, it must fall short in accomplishment.

Mr. Crerar did not wish to be counted among those who would criticize the old political parties, because good government depends upon the individual.

Coming to the fiscal issue, he said from this time on Canada will require an annual revenue of \$325,000,000. \$115,000,000 to \$120,000,000 may represent interest on the national debt. Care would have to be taken of the interest of the farmers, but said Canada owes a debt of honor to the broken-down returned soldiers, and could honorably discharge the debt. From \$10,000,000 to \$15,000,000 annually will be required to make up the deficit upon the national railways.

The amount of taxes in Mr. Crerar's opinion, is not so important as the manner in which taxes are raised. The Canadian Council of Agriculture laid down a set of principles, not as a class platform, or a class document, which the farmers, with a developing consciousness of their strength, are seeking to impose upon all the people of Canada. There is nothing in the platform of a purely class character. If there were it would not deserve to succeed. No class should have sole right in the ruling of the Dominion. The farmers, who are perhaps half the population, have had only 10 per cent. of the parliamentary representation, and a much larger infusion of farmers and labor representatives into parliament would exercise a wholesome influence.

The cardinal principle in the farmers' policy, Mr. Crerar continued, is the protection as a fiscal policy is economical, unsound and morally wrong. (Cheers.)

the first week of September. After a long respite from work, he found on returning to active duties that his health and vigor had been greatly impaired. Thereupon he placed himself in consultation with and under the direction of medical authorities of the highest eminence.

As a result of their examination, Sir Robert Borden has been emphatically advised that the condition of his health absolutely forbids him to continue at present the discharge of his official duties, and that continuance therein would inevitably result in a serious and permanent impairment of his health, eventually in complete incapacity for further work.

Advised Not to Retire.

Under these conditions he felt that he ought to relinquish duties so highly important, so extremely onerous, and so intensely absorbing as those of prime minister. This view he placed before his colleagues as his conclusion after the most careful consideration, and they have represented to him most earnestly their view that his retirement at this juncture would be highly prejudicial to the public interest, and they have very strongly urged him to postpone any further action until after a complete rest, of such duration as might enable him to resume his duties. Similar appeals have come to him from many sources outside of the cabinet.

Takes Colleagues' Advice.

Sir Robert Borden is naturally reluctant either to continue duties for which the condition of his health unfit him, or to retire, and he has accordingly decided to continue until after a complete rest, of such duration as might enable him to resume his duties. Similar appeals have come to him from many sources outside of the cabinet.

SYRIA AGAINST FRENCH

Situation in Turkey is Once More Becoming Uneasy.

London, Dec. 18.—Disturbances of an anti-French nature in Syria are reported, the British troops having been withdrawn to give place to the French. The situation in Turkey is again becoming uneasy. The Nationalist influence has grown so that the central government is losing power in the provinces, which are more and more inclined to assume an attitude of independence.

Anti-British feeling has increased, particularly in western Anatolia, and it is reported that it is difficult for the allies to exercise control over the Turkish army.

Disturbances are also reported in southern Armenia, where the Armenians, after driving out the Azerbaijan invaders, are said to have exacted severe reprisals against the Moslem inhabitants, who favored the invaders.

Japanese Negotiations for Mexican Land and Privileges

Washington, Dec. 18.—Japan has entered into negotiations with Mexico looking to the acquisition of special privileges as a result of the war. The state department was informed today by Mr. Shidehara, the Japanese ambassador. He said that intimations to the effect conveyed in a recent statement by Chairman Fall of the senate committee investigating Mexican affairs was believed to have been based upon misinformation deliberately spread abroad by German agencies, which were energetically striving to prevent the displacement of German trade with Mexico by American firms.

ANNOUNCE RISE IN NEWSPRINT PRICE

Price of Paper in Canada Goes Up Eleven Dollars Per Ton.

Ottawa, Dec. 18.—The price of newsprint in Canada is to be raised to \$30 per ton, f.o.b. mill, on Jan. 1, 1920, according to an announcement made today by the paper controller, Robert A. Fringle, K.C. The price now being paid by the Canadian newspapers is \$29 per ton.

A ticker report received from New York said that the controller intended to raise the price from \$29 to \$37. When questioned as to the correctness of this, Mr. Fringle said the price would be raised to \$30 at the first of the year. For the remainder of 1919 the price will remain at \$29 per ton.

On Monday a special meeting of the Canadian newsprint inquiry will be held at the court house for the purpose of ascertaining the cost of one mill. The mill in question was not named.

izing or attempting to monopolize, any food products in the United States, or indulging in any unfair and unlawful practice.

The decree further provides the jurisdiction is perpetually retained by the courts for the purpose of taking such other action or adding to the foot of the decree such other relief, if any, that may become necessary or appropriate for the carrying out and enforcement of the decree or for the purpose of entertaining at any time hereafter in the application which the parties may make with respect to this decree.

Two years are given to comply with the decree which affects 87 corporations and 49 individuals.

"In general," said Attorney-General Palmer's official announcement to-night, "this decree prevents the defendants from exercising any further control over the marketing of live stock. It forever prevents them from any control over the retailing of meat products. It eliminates them from the field of meat substitutes, with the exception of eggs, butter, poultry and cheese, which are left for future consideration and appropriate action; and, therefore, the price of meats is within the control of the people themselves."

FREE TEXT BOOKS FOR WINDSOR PUPILS

Windsor, Ont., Dec. 18.—(Special)—

That the demand of labor candidates for free text books for children of Windsor public schools will be completed by next year's board of education was said today by a member of the board.

The cost of putting the plan into operation, however, will be so great, the trustee said, that only children in the primary class will be supplied at first. A majority of this year's board of education, it was stated, favor early adoption of the free book plan, but it was held in abeyance to allow the question to be discussed at public meetings during the municipal election campaign next week.

Cold weather imposes hardships on your starting battery.

In turning a cold engine, the battery is called upon for a relatively greater amount of power than is otherwise necessary.

Then, too, short runs, frequent stops and burning lights, incidental to winter motoring, are very apt to drain more current from the battery than is put into it.

Under such conditions the battery, sooner or later, becomes completely discharged.

An exhausted battery will freeze in zero weather.

FRIDAY MORNING, DEC. 19.

The Farmer Should Get a Good Price for His Wheat.

Information trickles slowly from the Canada Wheat Board. But it is now said, on the authority of Mr. Lincoln, an Ontario member of the wheat board, that the great bulk of the 1919 crop has been sold for export to Europe around \$2.27 per bushel.

This is not much of a showing in view of the fact that the whole exportable surplus could have been sold to the United States government for cash at \$2.28 per bushel some months ago.

Mr. Goldie is quoted as saying that the farmers still have 40,000,000 bushels, which can be sold in the United States at from \$2 to \$2.45 per bushel.

Before exporting, however, our millers must be supplied with wheat. From a national standpoint, it is important that we grind all the wheat we can in our own country, exporting flour, not wheat, to the greatest possible extent.

A New Steel. There is talk of a new steel, superior to all others, made out of molybdenum, a scarce metal, mainly to be found in Ontario and Quebec on either side of the Ottawa River.

Cheap Rates, Not Flat Rates. Some people, certainly not friends either of the Hydro-Electric system or of the provincial government, are suggesting that Premier Drury use the government authority to "break the municipal contracts under which the Hydro system operates and take the price of electric power equal all over the province."

Part of Our Egyptian Burden? The filling of places high and low causes infinite trouble in all public services. It is an important element in every sort of imperialism, which is apt to think that the more the jobs the better the imperialism.

SIDELIGHTS ON THE ELECTION

By IDA L. WEBSTER. We understand that A. J. Stubbings will again be a candidate in Ward one. This will make the third or fourth time that the gentleman has tried for municipal honors.

It is to be hoped that those who are going to try for municipal honors will have the good taste to leave the returned men and Sir Adam Beck out of their campaigns.

Alderman Ramsden was in the city hall yesterday and appeared to be enjoying the heat of health. In fact the more often we look at him the more we think that he is going to be a wonderful asset to the board of council.

It is too bad that the telephone operators at the city hall are not elected every year. Perhaps if they were too many people would be in a better mood to get a chance of getting good service at least during the month of December.

Gunboat Smith Thinks Carpenter No Soft Spot for Champion Dempsey

As Georges Carpentier, European champion, and Jack Dempsey, world's champion, are likely to soon fight for the world's heavyweight title, the statement of Gunboat Smith, who has fought both men, is interesting. He says: "I hope Jack Dempsey, in agreeing to this match with Georges Carpentier, doesn't run away with the idea that he has an easy mark. He hasn't. I have fought both men, and let me say that Carpentier hit me harder with his right hand than I have ever hit by any other fighter in the world. That goes for Dempsey, whom I have boxed twice.

"Carpentier is a young fellow. He can't be more than 25 or 26. Dempsey has never met a real young fellow. You can't take it away from him that he has done so much in the ring. He is a fighter. But, going right down the line, whom of any importance has Dempsey ever beaten? I know. I fought him. Carpentier hit me harder with his right hand than I have ever hit by any other fighter in the world. That goes for Dempsey, whom I have boxed twice.

everyone else, from Al Norion to Jess Willard. The Frenchman is game. He took the count from Bombardier, and came back and knocked the Englishman dead. They thought it a fluke when they knocked me off my feet. Dempsey hit me again—faster than the first time.

"Dempsey in a way was lucky. He came along at a time when the fight game had a mighty punk assortment of heavyweights. Even Fred Fulton, the world's champion, he has met. I know, I know, can take a punch. In my fight with him in San Francisco I hit him as hard on the chin as I ever hit any man. But I could not put him away. He said afterward he was dazed didn't fight like it.

ROACH JOINS PROS; CAMERON ON JOB Hamilton Star Signs His Contract

Mickey Roach put in an appearance yesterday. Mickey was right. He did sign a St. Patrick contract until last night. Roach brought along his skates and will be out to practice this morning. Nothing has been heard from Keats and Riekey as yet. Cameron turned out to practice yesterday and unless the local club can secure another defense man he will be retained. Stuart, a defense man from Port Arthur was also out.

Jeffrey, the god forward with the U. S. Canadian champions last year, joined the Granites last night. He was counted upon by the Arjos. Jerry Laflamme was also out in uniform and the defense line expect him to play this season, in spite of his yearly announcement to retire. Hugh MacDonnell, the defense player who helped Queens to lift the Allan Cup, was an interested spectator at the granite workout and may turn out to practice next week. MacDonnell went overseas, was a prisoner of war in Germany for a long spell and returned in the hands of the Canadians interned in Switzerland.

A meeting of the local hockey clubs was held at the arena yesterday, when it was pointed out that there will be games every afternoon and evening during the next two months, and that only one hour for practice will be available in the early evening. Teams were told that the prep college teams will have to do their practicing in the early afternoon.

S.P.A. CUP LIFTED BY T.C.C. SENIORS

Defeat Aura Lee by Four-Goal Margin—Foolish Tactics.

The Toronto Canoe Club junior all-stars lifted the junior S.P.A. Cup last night by defeating Aura Lee, 6 to 2, before a small crowd of spectators. The old dope book called the stars to win, but they hardly lived up to advance notices and will have to do a lot better if they expect to win the junior O.H.A. golfalon.

As is quite often the case, the all-stars failed to pay attention to teamwork. Individually they were brilliant, but that pretty passing across the ice that shells and brings home the old ball game was absent. In Burch, White and McCurry, T.C.C. have just about the best junior forward line ever trotted out in Toronto. When they get together and team-up it will be almost impossible to beat them. A team that pays strict attention to the back-checking is going to stop this trio if they don't mend their ways.

Back of this smart forward line is found a big, strong defence in Connacher and Applegarth, that know the game down to the ground. They are hard to pass, but both these boys experienced in the right method of play, used their sticks far too much in stopping men and didn't mind using their feet. Little Worters turned in a sterling article in the net. It is a sweet team, in all, and they will be Toronto's choice for the junior flag just as soon as they take to combination.

Roach was the bright light of the losers. His saves were marvelous and his all round good work kept the score down. Bury and S. Burr worked hard, but tropans, driving out the waterdogs, and Beatty did some good rushing, letting loose a wicked shot. Dinmore was the beat of the forwards. He bothered the T. C. C. front line with pestering checking and was not afraid to bore in. Mac shall was on with his lifts and all the boys of the green team worked hard. Billy Burch was the best man on the ice. He worried the Aura Lee defense and broke up many rushes. White was the main reason for the Aura Lee's time to get goals. Some of the experienced players on the red-rim team were out to practice next week.

The division was the same in the second period, leaving 4 to 2. T. C. C. got the only goal in the final period. Text White grabbing them both by brilliant efforts. The teams: T. C. C. (9)—Goal: Worters; defense, Connacher, Applegarth; centre, Burch; right, White; left, McCurry; sub, Shaw, Heutsis.

Aura Lee (2)—Goal, Roach; defense, Bury, S. Burr; centre, Young; right, Mac Burt; left, Dinmore; sub, Goldsmith, Marshall.

Referee—W. Tackaberry. Summary: First Period: T.C.C. 1—Aura Lee 0. Second Period: T.C.C. 2—Aura Lee 0. Third Period: T.C.C. 3—Aura Lee 0. Total: T.C.C. 6—Aura Lee 0.

BASKETBALL THE FIGHT IN PARIS

Central Y. Basketball House League started on the second half of its schedule last night, when the Business Men were snowed under by the Juniors to the tune of 51 to 19. The Juniors did the most of their scoring in the first half of the game, as the Business Men did not find the net until ten minutes after the first period had elapsed, and the Juniors had rolled in ten or more baskets. The score at half-time was 33 to 8. In the second half, the Business Men stuck a little closer to their checks and made it a little more even. The Juniors snapped a small bone in his leg and had to be removed to hospital.

The Juniors (51)—Beaves (6) and Nugent (10), forwards; Gilmberg (4), centre; Williamson (3) and Boland (4), guards; Canniff (4), Dobson (13), and Wells 5, spares. Business Men (19)—Chapman (8) and Chamberlain (6), forwards; Davis (2), centre; Dillon and Hawkins, guards; Haast (3), Purkis (2), and Graham, spares.

In the second game, the Track Team met defeat at the hands of the Seniors by the score of 36 to 25. This game was also marred by an unfortunate accident, in which Harold Lee tore a ligament and will be out of the game for some time. Roberts was best for the Seniors and the most of their scoring. Harold Urquhart, the old Varsity player, turned out with the Track Team and will be of great assistance to them after he gets a little condition. These games will be the last played in the House League until the conclusion of the big basketball tournament on Dec. 29, 30, 31, and Jan. 2 and 3, for which many entries are being received, one being from a team calling themselves the "Temagamis."

Who they are is a mystery, but Temagami is a team from the city of Temagami, Ontario. The team is composed of: Seniors (36)—Winfield (4) and Roberts (18), forwards; Campbell (5), centre; Webster (4) and Reburn (6), guards; Airth, spare. Track Team (25)—Greenberg and Urquhart (7), forwards; Tresidler (7), centre; Newell and Lee (3), guards; Kelly (10), spare.

In the Inter-Church Basketball League, West Presbyterian beat Crawford Methodist, 33-19; Davenport Prep beat St. Mary's Anglican, 35-19; Davenport defaulted to Dovercourt.

Willing to Collaborate With DeCoin for Dempsey-Carpentier Bout. Paris, Dec. 18.—Sparrow Robertson, of New York, representing Tex Rickard, the American fight promoter, is conferring here with M. DeCoin, with the object of having DeCoin join interests with Rickard in bidding for a fight between Jack Dempsey and Georges Carpentier. Owing to the difficulties, which it is believed would be encountered if Rickard should attempt to stage the battle in the United States, he is reported to be prepared to help the French promoter to hold the fight in Paris.

The fight would be staged as the world's heavyweight championship. Rickard, according to Robertson, was willing to advance half the capital required and share equally with the French promoter in the profit or loss. The negotiations here are said to be progressing rapidly, owing to the expected arrival in New York within a few days of C. D. Cochrane, of London, who negotiated the recent fight in the English capital between Joe Siebert and Carpentier, and who is said to be desirous of arranging a Carpentier-Dempsey fight in London.

Tex Rickard, when informed by a representative of the Associated Press in New York of the result of the Carpentier-Beckett fight in London, said he was not at all certain that he would care to consider a proposition at this time of staging a bout in the United States between Dempsey and Carpentier. Both fighters, he declared, undoubtedly expect a very large sum in the form of purses and guarantees and there apparently will be very few places that would be likely to give gate receipts sufficient to cover the immense outlay involved. "France, at this time, Rickard continued, could not be expected to furnish such large amounts of money as a profit commensurate with the time and money involved."

KITCHENER SATURDAY. Ernie Parkes and Co. will be here Saturday night and say they intend to lift the senior S.P.A. cup. They have won both their exhibition games in snappy style and are right on edge to take on the Dentals. Dentals are going to be at their strongest, but Kitchener are not in any way slackened by the loss of Miller, Hillman, who played on the wing instead of Solomon last year, who replaced the star-centre man, and Solomon resumes his activities in his old position. The forward line will see Solomon, Hillman and Parkes, with Trushinski, Merrick and Karpas, who replaced the star-centre man, and Parkes, who replaced the star-centre man, will be able to go the full distance. They will be able to go the full distance. They will be able to go the full distance. They will be able to go the full distance.

YANKEE BOXERS HOME Won Thirteen Out of Seventeen Bouts on Scandinavian Tour.

New York, Dec. 18.—The three American amateur boxers who toured the Scandinavian countries last month, competing in boxing contests, returned home today on the Bergenford from Christiania in New York within a few days of Donze of New Orleans, national bantamweight champion; Frank Cassidy of New York, national lightweight champion; John Burke of Pittsburgh, one of the best light-heavyweight boxers in the country at the present time, and Benjamin Levine of the Metropolitan A.A.U., who was manager of the team.

The boxers were very successful in all of their contests, winning thirteen out of seventeen bouts in which they participated in Sweden and Denmark. Donze won the featherweight championship of Sweden and the city championship of Copenhagen; Burke captured the heavyweight title in Sweden and the championship of Copenhagen; and Cassidy won the lightweight title in the Copenhagen city championships, but lost in the Swedish championship bout at Stockholm.

The boys, who brought back several cups and trophies, declared they had a wonderful time on the trip. HERRMANN SPEAKS. Cincinnati, O., Dec. 17.—August Herrmann, chairman of the National Baseball Commission, said he did not believe John B. Foster, former secretary of the National League, would be selected as his successor as chairman, when he returned today from New York, where he had attended the National League meeting.

"I am ready to step out of the chairmanship whenever a successor is found and selected," Herrmann said. "I don't think, however, that Foster will be chosen for the office. He is a good baseball man, but lacks sufficient backing."

HAS ROUGH TRIP. Halifax, N. S., Dec. 18.—The Cunard liner Saxonia arrived this afternoon from Liverpool with 1,082 passengers and a large general cargo. Six hundred of the passengers disembarked here and the others proceeded to New York. The Saxonia is in charge of Captain Peel who reports an extremely rough passage.

NO. 9 INTERMEDIATE O. H. A.

Thamesville, Dec. 18.—The schedule for group No. 3 in the intermediate O. H. A. series was drawn up here last night as follows, with R. V. McGuire as convenor:

WORLD SUFFERS UNDER PRODUCTION

Employers' Delegate to Labor Congress Addresses Board of Trade.

S. R. Parsons, a former president of the Canadian Manufacturers' Association... Mr. Parsons paid a tribute to the Canadian advisers who had accompanied the delegates to Washington...

Matter for Provinces. Mr. Parsons paid a tribute to the Canadian advisers who had accompanied the delegates to Washington, and made complimentary reference to the good impression made by the two representatives of labor...

World in Need. Dealing with his own attitude on the eight-hour day, Mr. Parsons said he had been fortified by the action of employers at the national industrial conference at Ottawa in September...

Would Cut Production. It was shown, said the speaker, that the adoption of a general international eight-hour law would cut production in Japan 60 per cent. This was a comment on the answer to the dealer's question whether workers with hands and brain have interests opposed to the rest of society...

TO GIVE GRANT FOR LIVE STOCK PRIZES GO TO HICKEY'S XMAS PARADISE

Ontario Cabinet Will Vote \$25,000 Per Annum for Ten Years. Where Wife, Sweetheart and Sister Can Find Everything for Mere Man.

The Ontario cabinet yesterday decided to grant \$25,000 instead of the \$30,000 asked by the live stock breeders interested in the establishment of the Toronto winter fair.

Many firms are now coming into the limelight as purveyors of Christmas lights, but few can equal Hickey's, the Christmas shoppers' paradise, 97 Yonge street, for either quantity or quality in gifts suitable for the holiday season.

For Prize Money Only. It is also provided that the grant shall be used only for prize money, and that the latter shall be equitably apportioned among the different branches of live stock, poultry and agricultural products.

No Power to Prohibit Import Of Certain Goods to Britain

London, Dec. 17.—The government was declared by Justice Sir John Sankey of the king's bench division today to possess no power to prohibit the importation of certain goods, and that therefore its proclamation to this effect was invalid and illegal.

BOMBS IN BARCELONA.

Barcelona, Dec. 18.—Four additional bombs were discovered in various places in the city today, but none exploded. In the course of the day three attacks were made upon employers, who suffered injuries.

WINTER SPORTS.

Many reservations are being made for the Christmas holidays at the Highland Inn, Algonquin Park. This popular hotel, situated two thousand feet above the level of the sea, offers first-class accommodation at reasonable rates for those desiring a quiet retreat where all the winter sports, including snow-shoeing, ski-ing, tobogganing and skating may be enjoyed to the heart's content.

SAYS ANTIS NOT PUBLIC SPIRITED

Dr. Hastings Bitterly Berates Anti-Vaccinationists at Board of Health Session.

That the only public-spirited citizen in Toronto to his mind who ever opposed vaccination was Rev. Elmore Harris, late pastor of Walmers Road Baptist Church, and that he died almost as soon as he landed in India, the victim of virulent smallpox, was a statement made at yesterday afternoon's session of the board of health by Dr. C. J. O. Hastings, M.O.H., Toronto, who bitterly assailed the anti-vaccinationists in Toronto as ignorant, unscrupulous and unscrupulous.

In reply to Ald. Sam Ryding, who still stands opposed to vaccination, the board expressed its approval of the refrigerators used to protect vaccine. It could not be affected by age or other factors. He also stated that people differed in families in which two or three would suffer only lightly, while others in the same family might die.

The monthly report for November, touching upon the need of more mature consideration of vaccination, shows that despite the epidemic the death rate was less than that of November, 1918, by nine per cent, 422 dying last month and 784 during the same month last year. Infant mortality was slightly below the normal for November, but much below the figures for November, 1918.

BLOW-OUT INJURES ELECTRICIAN

Edward Hynd, 65 Bleecker street, an employee of the Toronto Electric Light Company at the Macpherson avenue power house, was badly burned about the head, hands and back by the blowing out of a fuse in one of the motors. He was taken to the General Hospital in the police ambulance.

DAMAGED BY BACK FIRE.

A motor car belonging to Field's garage, Sherbourne street, was damaged to the extent of \$800 by the back firing of the engine while it was standing at the corner of Lowther and Spadina avenues.

TO EAT OR NOT TO EAT

Dyspepsia Often Face This Problem Three Times Daily—Not So If They Once Get Acquainted With Stuart's Dyspepsia Tablets.

Indigestion, with gas, sour risings, belching of wind, feeling as of a lump of lead in the stomach and such distresses make one ponder as to the advisability of starving. But that is a wrong method. A better and safer way is served or what is tastiest, and follow the meal with a Stuart's Dyspepsia Tablet. It is a bad practice to most people to go against nature by depriving the system of what it must have—food to keep going.

MANY HOUSES BURN IN ST. JOHN BLAZE

St. John, Dec. 18.—With the mercury 16 below zero fire gripped a block of wooden buildings at Mill street and Paradise row here about 1 o'clock this morning and gave practically the whole city fire department a fight till daylight. Fortunately there was no wind. The fire started in a four-story wooden building owned by George Chamberlain, undertaker, and spread on both sides of the corner. Those chiefly affected were S. H. Hawker's drug store, Chamberlain's undertaking parlors, Lilloy and Company's meat store, William A. Stipers, Smiths. Some 12 families lived in the upper part of the buildings and were forced into the bitter night by the flames.
