27TH YEAR

EFFORT HAS BEGUN TO GET REDUCTION IN PULLMAN RATES

Complaints Have Been Filed Before the Interstate Commission at Washington.

UPPER BERTH SHOULD BE SOLD AT CHEAPER PRICE

WASHINGTON, May 28.—A definite effort was begun a few days ago before the interstate commerce commission to secure to the public a reduction in the rate of fare charged by the Pullman Company for its sleeping car accommodations. This is the first time in the history of the commission that a proceeding has been brought against the Pullman Company, and it promises to be an action of more than ordinary interest and importance.

Three complaints were filed against the Pullman Company and various northwestern railroad lines, which are made co-defendants by George S. Loftus, a business man of St. Paul, Minn. Mr. Loftus avers that in the course of his business, he is obliged to travel from St. Paul to various other points, and to use the accommodations of the Pullman Company. He declares, are unjust, unreasonable and excessive, and he asks that the commission reduce them.

Upper and Lower Berths. His first complaint is against the Pullman Company, the Chicago, St. Paul and Minneapolis Railway and the Great Northern Railway. He avers that the charge made for these companies for a sleeping car berth from St. Paul, Minn., to Superior, Wis., is \$15.00, whether the berth be an upper or a lower. He says that the lower berths are far more desirable than the upper berths, and the latter ought to be considerably less in price, but that no distinction between them is made.

Under the second complaint, the defendant is the Pullman Company and the Great Northern Railway, the points between which cities, it is alleged, the Pullman fare is \$12, for either a lower or an upper berth. The rate for a lower berth is \$8 for a lower berth and \$4 for an upper berth.

At the offices of the commission, officials in the complaints, but through the country.

Police Now Inspect Infernal Machine Left by Black Hand.

NEW YORK, May 28.—Detectives are trying to obtain a clue to the sender of a dangerous infernal machine, which was received to-day by Dr. D. D. Darrian, a local physician.

SWATOW, China, May 28.—The revolutionists are making Chungking and T'ingchuan wealthy towns in the Chinese district.

ALMOST A CENTENARIAN.
OTTAWA, May 28.—(Special.)—Mrs. James Sage died at Lakeside yesterday, aged 99 years. She leaves six sons and two daughters, the oldest son being 74 years of age.

PROBS: Moderate winds; fair and warmer.

OPERATORS' TIME WASTED IN GETTING CONNECTIONS

Why Long Distance Telephone is More Costly Than Local.

MONTREAL, May 28.—(Special.)—At the Bell Telephone enquiry this morning, C. F. Sise, jr., illustrated with the aid of a map the method adopted in building up long distance circuits.

Difficulties, he said, existed in operating long distance lines that were not encountered in short distance calls. The chief reason of the extra cost on long distance lines was owing to the fact that more operators had to be brought into play.

In connection with long call messages it was necessary to have a very good insulation, as trees, for instance, seriously interfere with transmission.

Mr. Sise then gave some statistics showing the time lost in building up long distance calls. In a call from Hamilton, for instance, extending over five hours and 55 minutes, one hour and 27 only were consumed in conversation; the time was the one hour and 47 minutes, and two hours and 40 minutes were consumed by the operators getting the conversation thru.

Mr. Shepley Mr. Sise admitted that the same charge for both complainants, results in discrimination against and disadvantage to passengers who are compelled to take upper berths. He requests the commission to fix as a minimum charge for a lower berth between St. Paul and Superior \$1, and for an upper berth 50 cents.

The second complaint is filed against the Pullman Company and the Chicago & Northwestern Railway. The arguments are substantially the same as in the first petition, except that they relate to travel between Chicago and St. Paul, the fare on the Pullman being \$2 for a berth. Complainant asks that the fare be \$1.50 for a lower berth and 75 cents for an upper berth.

At the offices of the commission, officials in the complaints, but through the country.

EMMERSON LIBEL SUIT OPENING IN TOWN HALL TO SATISFY THE CROWD

Magistrate Consents to Provide as Much Accommodation as Possible—Evidence for Defence is Barred by Limited Charge.

FREDERICTON, N. B., May 28.—(Special.)—New Brunswick's ancient capital is in a state of ferment to-night over the Emerson-Crockett libel case, set for trial to-morrow. J. H. Crockett, managing director of the Fredericton Gleaner Co., belongs to an old and prominent family of New Brunswick, and his brother, O. S. Crockett, M.P., represents this (York) county in parliament.

Hon. Mr. Emmerson is also well known here and his cause commands a certain support because it is supposed to be favored by both the Dominion and provincial governments.

The trial to-morrow is but the preliminary hearing before the police magistrate, Col. John L. Marsh, eighty years of age, who has been on the bench for nearly forty years. He is considered to be impartial, but has freely expressed his regret that the case is to be tried before him. At the request of many citizens and in response to the expressed intentions of the people of the surrounding country intending to be present, Col. Marsh has consented to hold the afternoon session of the court in the town hall.

The information as filed by Mr. Emmerson for the arrest of Mr. Crockett omits many statements in The Gleaner article that might appear to be libelous and complains solely of the statement that he was ejected from the St. Lawrence Hall in Montreal, in company with two women of ill-repute. Had the information contained The Gleaner's statement, that Mr. Emmerson was "an intolerant reprobate," the door would have been opened to much testimony for the defence that will now be incompetent.

J. H. Crockett arrived this morning from Montreal, accompanied by several probable witnesses, including John Leppie, night clerk at the St. Lawrence Hall, and Harry Deane, an English soldier, who was employed as night watchman. It is said that Emmerson and Leppie will bring with them a number of witnesses, and that Mrs. Allen and Mrs. Beuchner, who are being exposed as "society" women, will also be here to-morrow.

Some sensational testimony is expected respecting the registration at the Montreal Hotel, where the door was kept open after leaving the St. Lawrence.

The prosecution is represented by Hon. Mr. Fugate, J. H. Barry, K.C., attorney-general; A. B. Copp, the Liberal organizer of New Brunswick; and M.L.A., leader of the opposition; O. S. Crockett, M.P., and Harry F. McLeod, mayor of Fredericton.

Both sides insist that the city is flooded with detectives and, as a matter of fact, there are many mysterious strangers moving about.

LIGHTING UP.
Dr. Acland Ornhayatekha, Deseronto, has installed a large Siche Gas plant. Mons. George Martineau, Notre Dame-street, Montreal, has installed Siche Gas.

The Town of Vermilion, Alta, has ordered the largest Siche machines, through Mr. Morden of Brandon, to be installed as a town plant. These machines will be coupled in the same way as the four large machines now lighting the Town of Massey, New Ontario.

The large new building of the Alexander Industrial School which will be put up in a complete Siche plant at St. John's, Nfld. The building has been 50 ft. high since the close of 1901.

Mr. E. H. Wood, who has used Siche Gas for some years at Massey, Lake Rosseau, is putting in a further plant to light the residence of his superintendent, Mr. V. Robinson.

IN PREPARATION FOR THE FALL SHOOT.

HAS RAPID PROCESS FOR BLEACHING FLAX BIG THING TO CANADA

Nottingham's Linn Expert's Experiments in Toronto Originate a Big Industry Here.

CONVERTS BINDER TWINE TO IRISH FLAX PURITY

If the opinion of the man who did it is not upset by subsequent developments, an English bleacher in Toronto has made a discovery that will boost the commercial value of flax grown in Canada to a great extent, and that will lead to the creating of a Canadian industry of immense proportions to surpass any kind and other countries with damasks, linens, threads, etc., made from Canadian flax and bleached here in this country.

An important feature is that his process consumes but a few hours' time, while to "grass bleach" takes weeks and months.

George Pearson, formerly of the Bleaching Works of Joseph Pearson & Son, Nottingham, who employed 40 hands and a year ago sold out to a combine, is the inventor, who is enthusiastic over what he did with a bit of Canadian flax manufactured into binder twine.

Since coming here Mr. Pearson has met gentlemen interested in flax culture. One of them, perhaps out of hand, handed him a wad of this dull brown binder twine and told him to see what he could do with it.

Pearson says that he subjected it to three bleaching processes, and was immensely surprised to find that the second one bleached the strand to the dull white without a trace of cream, that stamps the most perfect of Irish linens.

In addition, the strands, when pulled apart, had the "boom" of the continental variety.

Mr. Pearson is a bleacher and not a spinner, and he says that once bleached the matter of spinning here offers no difficulties. In his opinion, with a bleached Canadian flax manufacturer here can make up a grade of towlinings, tablecloths, linen threads, etc., that should fill all but the very finest trade in these lines. He says also that the flax he bleached, made into pulp, will make up into the very finest of white paper, and that all the waste now thrown away from the low, can be used for this. In fact, he states that it is up to the Canadian manufacturer here to prove the limits of the flax bleached in Canada. As to the method, Mr. Pearson is preserving silence.

Valuable Discovery.
As to the importance of this discovery, it is difficult to secure in this city gentlemen who know enough of the process of making up bleached flax into textiles to appreciate or state just what the value is. It is said that there are only about two firms in Canada that manufacture Canadian flax, one in Brantford and the other in Brantford, but it was the opinion of one linen expert here that provided the spinning could be done here without difficulty, the discovery must mean a big thing for growers of flax and also for manufacturers here.

He pointed out, however, that in Ireland and Belgium, where the finest lines of linens are made, the yarn is kept constantly wet and spongy, to such extent that the girls who spin it work in their bare feet, wearing only a kind of loose garment, as other clothes would be soaked thru quickly

SEEDING MONTH LATE DOMINION OFFICIALS SOMEWHAT ALARMED

Southern Ontario is Best Off—Scarcity in Red Clover to Be Impressed on the Farmers by Circular.

OTTAWA, May 28.—(Special.)—G. H. Clark, seed commissioner of the agriculture department, told a world correspondent to-day that reports from the Dominion inspectors all over Canada stated that all kinds of cereals, especially wheat, were affected by the unseasonable weather.

There are seven inspectors, four stationed east of Fort Arthur and three west of that city. All of the reports say that seeding is from three to four weeks later than last year, and in some districts seeding has not even started yet.

Mr. Clark said that the least affected part of Canada was Southern Ontario, on account of its altitude, while Manitoba, Alberta and Saskatchewan were the worst affected. Seeding in Ontario was three weeks late.

However, he pointed out that the seeding was so late it did not mean that harvest would be correspondingly late. He expected that it would only mean ten days late, and perhaps not even that.

As an evidence of the serious situation in the west, he remarked that he had a letter from a farmer at Davidson, Sask., dated May 11, who had sown no grain, as snow was still on the ground, and he thought it would be several days before he could begin.

Mr. Clark laid emphasis upon the clover. For the first time the department is sending out 25,000 circulars to farmers in connection with the red clover crop. Agriculturists are warned to be careful in planting, as there is a large quantity of heavy fall of snow, and dry weather was absolutely necessary to ensure a good crop.

Dairy Products Dearer.
J. H. Gradale, the agriculturist of the Central Experimental Farm, referred to another serious matter. He said that the price of butter and cheese would be less milk for cattle. There would be less milk, and consequently the price of butter and cheese would be affected.

Another impression gathered by the world correspondent is that the conditions throughout the Dominion are such that the price of meat is being held up with some anxiety by the Dominion officials.

CHICAGO PACKERS' ACTION.
Will Not Affect Price of Meat in Canada.

OTTAWA, May 28.—(Special.)—The threatened action of the Chicago packers to refuse shipments of cattle because of their objection to standing the loss on condemned animals will not affect the price of meat in Canada, was the opinion voiced at the department to-day.

When the new Dominion Inspection Act goes into force, which is expected to be about Aug. 1, the packers on this side will take the same action as those in the neighboring republic.

ALLEGED BOY BURGLARY.
Half Dozen Alleged Members of Gang of Boy Thieves Taken.

Detective George Guthrie went into the boy catching business on a whole sale basis in the north end of the city yesterday afternoon. He gathered in a half dozen between 9 and 15 years. All but one are charged with shop-breaking.

NO RACE SUICIDE HERE.
Bless the little ones! A World man counted 36 boys and girls between the ages of 6 and 16 playing in the street at the corner of George and Dundas streets about 7 o'clock last night.

SHOULD SEE ALL THEY CAN.
"People are foolish if they do not see all they comfortably can when they come to the city for a brief stay," remarked a wise young person in "Dinah" yesterday. She was sitting in a restaurant, and was being made up upon the presence of so many visitors just now and praise was being bestowed upon Dinah's beautiful show and warerooms at Canada's greatest fur and hat store, Yonge and Temperance-streets. A hearty invitation is extended to all visitors to call.

Toronto Water Rates.
Water takers other than those under meter are reminded to pay their rates early to secure the discount and avoid crowding.

Desperately Sticks Her Head in Front of Approaching Wagon Wheel But, Feminine-Like, Changes Mind at Last Moment.
There animals ever commit suicide? Do is one individual, anyway, who is perfectly assured in his own mind that suicidal mania is sometimes in evidence, in the feline species of animal at least. He is employed at the city hall, and he related his experience yesterday in this wise: "I was going to work this morning, when, passing along Sydney-street, my attention was attracted by a large tabby cat. It was sitting on the sidewalk in a lifeless, half-hearted way. Talk about being blasé or passé, I never saw anyone look quite as moodily disgusted with the whole scheme of creation as that cat did. Its tail

Will Move Shops. NEW YORK, May 28.—Owing to the present labor trouble at Gallon, Ohio, the Erie Railway Company will remove its machinery and repair shops to Martin, Ohio.

TWO MONTHS' STRIKE OF GILDERS SETTLED

Time Will be Reduced to Nine Hours—Types Accept Five-Year Agreement.

The gilders' and picture frame workers' strike, which has been hanging fire for almost two months, has been settled and the majority of the men will be at work to-day.

All of the 200 or 250 who dropped their tools are assured of reinstatement before the week is over, although the numerous new hands who have been taken on since the strike was declared will continue in their respective positions.

While the men will benefit materially under the new conditions, they have really gained nothing, as they return with the prospect of receiving after Jan. 1st what was actually offered them before they went out.

The hours of work will be reduced to nine per day, with a five-hour Saturday, entailing no reduction in the weekly pay, and the better class of mechanics will be accorded an increase in wages amounting to about \$1 per week. This will not go into effect until Jan. 1, and then only as a test.

At a large meeting in labor temple last night, this proposal was endorsed and it was carefully explained that the workday would begin at 7:30 a.m. and end at 5:30 p.m., with Saturday from 7:30 a.m. to 12:30 noon.

In the Phillips Manufacturing Co., which was the largest concern affected, 95 men went out, and during the strike 75 per cent. of the benches were filled by strikers. The firm asserts that it can give employment to all its old hands because of the fact that a new plant of double the present capacity will soon be opened in the northeastern part of the city, and that while business is slow, it is not so slow as it is reported to be.

Types Accept. With a large number of "black balls" against the proposition, typographical union No. 91 decided last night to work under the new five-year agreement under protest, and the employers were notified that this condition will prevail until the members of the international executive arrive in the city to adjust the difficulty.

New Office Created. A new office was created in the Brewery Workers' craft last night when J. O'Connor was appointed business agent. He will have a desk in the board room of the business agents at the labor temple.

Renewal of Rails on King Street, Between Church and Sherbourne Sts., Begins Monday. The street railway intersections at the corner of King and Yonge streets will be ready for the resumption of traffic on Saturday morning, when all the car lines affected will be in operation as they were before the work of repairing began.

HAMILTON Happenings

BABY IN CARRIAGE DESERTED ON STREET

Stood for Three Hours in Front of Store—Wheeled Away by Policeman.

HAMILTON, May 28. (Special).—A case of child desertion was to-day called to the attention of the police. A young child, aged two years, was left in front of a store near the corner of King and Hughson streets. The child stood there from three o'clock to six o'clock, and when it came to closing time the police were sent for.

It is understood that the charges made against the police by ex-Ald. Martin have been dropped. W. B. Morris, Chicago will build a Bijou Theatre opposite the terminal station.

Plumbers resumed work this morning. There is no sign of a settlement of the painters' strike. Pay Up Arrears. The street railway has paid the amount in arrears of percentage, with interest, to the city of Toronto.

Meet Me There. At A. Theobald's, the tobacconist and news agent, 358 North James street, Toronto, Andrew Frank has sold the Horse-shoe Inn to Chapman & Armstrong.

Refused to Prosecute Man Found Stealing Lumber. Having mislaid a quantity of lumber from his yard of late, Robert S. Williston, of 100 St. George street, had a watch set on a man arrested with the goods on his wagon. In the police court yesterday he found that the man was one of his employees, and requested Magistrate Denison to discharge him, as he did not want to proceed against him.

Second Field Company Canadian Engineers. The camp of this unit has received the sanction of the authorities to count as a school of instruction in engineering. Certificates will be granted to all N. C. O.'s qualifying. Recruiting goes on actively and preliminary instruction is being given to the elements of military engineering in being given.

Fire Cost \$300. Fire broke out at 8:30 p. m. yesterday in premises used as a workshop by R. S. Irwin, in the rear of 378 Markham street. The building was damaged to the extent of \$300, and the contents \$50, covered by insurance. The cause was unknown.

CHICAGO, May 28.—Gen. Kuroki, with his staff, today began a four days' round of sightseeing in and around Chicago.

THE WORLD'S DAIRY HOME MAGAZINE FOR WOMEN

"When Peggy Stoops to Tie Her Laces."
 When Peggy stoops to tie her laces,
 she feels off to left before—
 That every day to former grace,
 Old Time is adding one grace more.

Oh, lightly, Peggy, pray pull lightly!
 For every little jerk and start,
 I vow, dear, only draws more tightly
 The leading strings about my heart!

—Parker H. Fillmore, in Everybody's.

Stationery Styles.
 Square envelopes are out.
 The oblong is favored shape.
 Note paper measures six inches each
 way.
 The initials no longer occupy the cen-
 ter.
 Bordered stationery shows a pretty
 edge of cadet blue, say.
 The latest novelty in stationery is a
 white paper lined with old rose.

In the Shops.
Handkerchiefs.
 Plain colored handkerchiefs in the
 fashionable shades of brown are on the
 counters in one of the shops. Conser-
 vative women are using the fine white
 linen handkerchief with a narrow, pink,
 blue or lavender hem. Many of the
 newest mouchoirs are pink, green, blue
 or lavender, with white borders. In-
 fleur de lis, bow-knot, clover leaf, and
 floral designs. Checked and plain hand-
 kerchiefs come in colors to match the
 spring suitings. Armenian lace used
 on handkerchiefs to be given with
 afternoon gowns is extremely popular.

Multi-Ties.
 The latest novelty in neckwear.
 They come in several widths, from the
 narrow string tie to one which is nearly
 as wide as the Windsor. The ties are
 passed under and round the linen
 turndown collar, and then tied in a
 soft butterfly bow in front. The ends
 are embroidered in small designs in
 white, pink, blue or lavender.

Gifts for the June Bride.
 Brides appreciate the coffee machine,
 chafing dish and teakettle more than
 any of the other small gifts they re-
 ceive. Percolators particularly are
 prized, for it is almost impossible to
 make poor coffee with them, and if
 friends "drop in" on the happy pair
 they are sure to hear "What delicious coffee
 you have learned to make!" Copper
 and nickel-plated machines range in
 price from \$5 to \$10. The silver-plated
 ones are \$3.50. A new chafing dish is
 made in mignon style, with square feet
 and handles. A wind shield would be
 acceptable with any of these gifts, for
 it is useful when they are brought out
 on the porch.

Wire Pompadour Frame.
 A new frame for the pompadour.
 It is made of extremely fine rustproof wire,
 shaped like an old-fashioned "rat," and
 mounted on two combs. The wire is so
 flexible that the pompadour can be
 made smaller, simply by pulling the
 hair more tightly over it. The only
 device made which is not injurious to
 the hair, for it is constructed so

that air can circulate fully thru it. The
 frame is sold at notion counters for 35
 cents.

Dresser Scarfs.
 Spachtel wire is used on the attrac-
 tive new bureau and dresser scarfs.
 The novelty of the season in this style
 of work is the introduction of figured
 Swiss borders and centres. To make
 this scarf still more attractive, many
 women line it with some delicate shade
 of pink, blue, yellow, or cream. Cov-
 ers come with all-over floral designs,
 and also with plain centres and borders
 in floral patterns.

Bachelor's Reflections.
 A plutocrat hit it; a demagog wants
 it.
 Most men can be honest unless they
 have a chance not to be.
 A woman's idea of social standing is
 being so snippy that everybody hates
 her.
 It makes a woman feel about twenty
 times richer to call her husband's
 money his estate.
 Where a woman is sensible is in pre-
 tending she isn't, so she can put the
 responsibility for such things on her
 husband.—New York Press.

Punishment.
 God, in His providence, has a con-
 siderate care for good women who
 make noble mothers and loyal wives,
 and the man who dishonors this high
 and sacred relation in mere wanton
 lust or fool ambition falls under the
 wrath of the Almighty sure and soon.
 Just watch Corey go down.—Atlanta
 Georgian.

Personal.
 Mrs. Mockridge of Detroit is stay-
 ing with her sister, Miss Isabel Grier,
 25 Charles-street, and will receive
 with her to-day.
 Mrs. and Miss Somerville have re-
 turned to town, and are at Athery,
 Jarvis-street.

The marriage of Miss Adeline Myles
 to Dr. D. King Smith will take place
 on June 4.
 Mr. and Mrs. F. B. Ward, 4 Ken-
 sington-avenue, and their son, Prof.
 Ward, Winnipeg, leave for Europe on
 Saturday.

The marriage of Miss Kathleen Mac-
 lean to Mr. Harold Mudge, of Mon-
 real, will take place on June 4 at her
 mother's residence, 3 Nassau-street.
 Mrs. Houston with her little daugh-
 ter, left for Woodlot, Lake Simcoe,
 yesterday.

Mrs. Beatty and Mrs. Wallace Nes-
 bit, Mrs. and Miss Wallbridge are
 amongst the visitors in New York.
 The monthly meeting of the district
 W.C.T.U. will be held to-morrow at
 2.30 p.m. at headquarters.

May 30, Mrs. Cavalier, who is at present
 in the city with her husband in
 connection with mission work in India,
 will address the meeting. A report of
 the convention of M.C.A.W. workers re-
 cently held in Boston, will be given.
 The Toronto M.C.A.W. (O.L.C.) will
 meet on Friday afternoon, 31st
 inst., at 68 St. Mary-street, at 3 o'clock.

class of 1907 were licensed: W. H.
 Andrew, M.A., D. W. Christie, in
 charge of Reid-Adams case which
 will be undoubtedly be called;

Standing Committees.
 The various standing committees
 were appointed with chairman as fol-
 lows: Home Missions, Rev. Dr. Gil-
 ray; Augmentation, Rev. H. A. Mac-
 pherson; Foreign Missions, Rev. J.
 Little; French and Evangelization,
 Rev. E. Barbour; Colleges, Rev. J. E.
 Reid; Widows and Orphans, John At-
 tled; Aged and Infirm Ministers' Fund,
 Rev. J. Wilson; Systematic Giving,
 Rev. N. A. Campbell; Sabbath Schools,
 Rev. T. H. Rogers; Church Life and
 Work, Rev. Dr. McAvish; Young
 People's Societies, Rev. W. A. Mac-
 gill; Examination of Students, Rev.
 J. W. Stephens; Hospital Work, Rev.
 R. Hebbinson; Church Extension, Rev.
 Jas. Murray; Finance, John Fowler;
 Evangelistic Services, Rev. Alex. Es-
 ter; Session Records, Robt. Davidson.

Treasurer Resigns.
 Rev. R. N. Hamilton tendered his
 resignation of the office of treasurer.
 He stated that the burdens and dis-
 couragements of the position were too
 much for him. He was disappointed
 in not receiving that sympathy and
 co-operation he had a right to expect
 from the various congregations. He
 did not believe in coaling funds from
 unwilling hands and would resign
 rather than adopt such a course.
 Dr. McMillan sympathized with his
 brother clergyman. "I have done the
 work myself," he said, "and should
 far rather go to jail for a year than
 act as treasurer for the same period."
 The treasurer's resignation was ac-
 cepted and the appointment of his
 successor left in the hands of a com-
 mittee.

The presbytery will not meet in
 June, the next regular session being
 held July 2. A special meeting will
 be held at Bolton to-morrow at 5 p.m.
 to induct Rev. D. M. Martin. The in-
 duction sermon will be preached by
 Rev. J. D. Morrow.

COOK'S HARD EXPERIENCE.
 With Both Feet Scalded She Spends
 Hours in Small Boat.

PORT HURON, Mich., May 28.—Mar-
 garet Kelly, a marine cook, lost both
 her feet thru amputation here, with-
 out Mrs. Kelly was cook on the barge
 Lilly Smith, which was beached in
 Georgian Bay last Friday when the
 boat struck a rock. A tank of boiling
 water was thrown over the woman,
 which scalded her feet and legs.
 She lay for several hours in the small
 boat in which the crew made their es-
 cape.

Sent to Cobourg for Trial.
 James Drinkwater of Cobourg was
 committed to the police magistrate in
 Cobourg, yesterday, on a charge of
 forging the name of his uncle, Frank
 Wolf, also of that town, to a promiss-
 ory note for \$400.

Murdered While Asleep.
 PAARKERSBURG, W. Va., May 28.—
 Word was received here last night of
 a murder in Ritchie County, near Mc-
 Farlan, in which a mother and son killed
 the husband and father while he lay
 asleep in his bed. The victim was
 Harvey Yohe, a farmer.

World Pattern Department

1920—Ladies' Eton Jacket.
 With Japanese Sleeve. Paris pat-
 tern No. 1920. All seams allowed.
 One of the most stunning develop-
 ments in this beautiful model of an Eton
 jacket. Made of ecrú broadcloth, trim-
 med in self-colored silk braid that has
 a touch of gold mixed thru it and orna-
 mented with gold tassels. It is an at-
 together novel and becoming little gar-
 ment.
 The pattern is in 6 sizes—32 to 42
 inches, bust measure. For 36 bust, the
 jacket requires 3 5/8 yards of material,
 20 inches wide, or 2 yards 3/4 inches
 wide, or 1 3/4 yards 42 inches wide, or
 1 1/4 yards 54 inches wide. As illus-
 trated, 3 1/2 yards of edging 8 inches
 wide for sleeve ruffles, and 2 1/4 yards
 of narrow edging, 6 yards of wide
 braid and 18 yards of soutache braid to
 trim.
 Price of pattern, 10 cents.

JOHNSTON TO OPPOSE TRIAL OF DOUGLAS

Case Will Be Called This Morning at Orangeville—Defence Lawyer's Statement.

ORANGEVILLE, (May 28.—(Special).
 The Douglas case will be called to-
 morrow at 10 o'clock, with E. F. B.
 Johnston of Toronto as chief counsel
 for the defence. He will arrive to-
 morrow morning at Orangeville, and
 will be subpoenaed, however, and it is
 regarded as having been settled that
 the case is to be dismissed.

To The World: Mr. Johnston stated
 that he had been retained in a matter
 against Jackson, first at the in-
 quest, again at the extradition, and
 again before the grand jury.
 "Never," said the lawyer, "in the
 whole history of the crown has such a
 course been pursued. Why, it would
 be a great breach of honor on the part
 of the crown to hear and give marks
 of the crown to a man who has never
 been done in any case before where an
 accomplice was afterwards tried on his
 own story. I don't believe the crown
 will attempt to bring Douglas to trial,
 and I certainly will object to any trial
 at all.

"I have too much confidence in Mr.
 Whitney as attorney-general of his
 province to think that he would go
 against all precedents in this country
 and in England by ordering a trial.
 It would be a great breach of honor
 on his part, and I am sure that he
 will not listen to the clamor of public
 opinion. He is too shrewd a man to
 use a statement given in confidence to
 the crown against a man in Douglas's
 position."
 "If it were not for Douglas the crown
 would have had no case against Jack-
 son."

A BEAUTIFUL FACE

All the old methods of securing beauty of the face are replaced by the RUBBER COMPLEXION BULB.

It prevents and re-
 moves wrinkles, freckles,
 pimples, blackheads,
 and blemishes.
 It makes the skin soft, clear, smooth and white.
 A single soothing application produces remark-
 able results. Blackheads, many cases are
 banished in a few minutes. The speed with
 which it clears the complexion is almost be-
 lievable. No woman who owns one of these
 remarkable devices need have any further fear
 of wrinkles or blackheads. It is a really new
 thing to get out of order. The regular price is
 50c. In order to introduce our Catalogue of
 other specialties we will send the Complexion
 Bulb complete with full directions for thirty-
 five cents, postage paid. You cannot afford to
 miss this bargain. Address

THE FLAVOR YOUR PALATE LONGS FOR!

YOU WILL FIND IT at breakfast to-morrow if your wife gives you FISH BALLS

—MADE OF—
HALIFAX SHREDDED CODFISH

ASK HER TO DO SO TO-NIGHT.

WILL PROBABLY ACCEPT.
 Prof. Falconer Reaches Boston, and Will See Governors Next Week.

Prof. R. A. Falconer, who has been offered the position of president of Toronto University, reached Boston yesterday from Italy. He was asked if he would accept the position, but I think that I probably shall."
 He left in the evening for Halifax to confer with the board of governors of Pine Hill College, of which he is principal, and will meet the board of governors of Toronto University early next week.

Prof. Falconer said the offer of the presidency reached him at Naples on April 27, but two days before he sailed from America, namely, on April 10, the matter was laid before him informally. The change came to him quite unexpectedly.

HOW ZAM-BUK SAVED A GIRL'S ARM.

The great healing and antiseptic power of Zam-Buk, the favorite household balm and salve, is well illustrated by the following occurrence. Miss Saddington, of Hamilton, Ont., is the subject, and she says: "I had a scalded arm which went the wrong way, and began to swell very badly. The pain from it was terrible and when I went to the doctor he said it was blood poison. For ten months I was very bad with it. I tried all sorts of remedies but could not get ease, to say nothing of cure."

"One day in the house of a friend Zam-Buk was recommended to me. On my friend's recommendation I applied some Zam-Buk that same night. To my delight when I awakened next morning my arm was much better. I therefore continued with the treatment regularly. In three weeks the arm was quite well, and I have never felt any trace of pain from it since. It is now some months since it was cured so that it is evident this cure is permanent."

"Since that time my friend's husband cut his arm. This would also have turned to blood poison. Zam-Buk was used, and in his case also completely cured."

Zam-Buk is just as effective when used for cuts, burns, sores, skin eruptions, pimples, boils, bad leg, various ulcers, eczema, etc. Just put it on to that cut, or scratch, or blister, or sore and note how quickly it takes out the pain and heals. All druggists and stores sell at 50c a box, or from Zam-Buk Co., Toronto, for price, 6 boxes for \$2.50. There is nothing just as good.

Pauline Donalds, whose real name is Pauline Lightstone, came before the King and Prince of Wales at the Duchess of Connaught's matinee at the request of Melba, who was unable to appear.

Grandfather's Cure for Constipation

Great medicine—the Sawbuck. Two hours a day sawing wood will keep anyone's Bowels regular.

No need of pills, Cathartics, Castor Oil, nor "Physic," if you'll only work the Sawbuck regularly.

Exercises is Nature's Cure for Constipation and—a Ten-Mile walk will do, if you haven't got a wood-pile.

THE STORY OF THE WORLD PARTY'S TRIP TO LONDON.

Special accommodations have been secured from the Allan Line for The World party, and the ocean voyage will be a delight to all. Upon arrival at Liverpool special accommodations will be provided for the party on the trip to London via the London and North-western Railway.

The World party will stop at the Hotel Cecil during their stay in London. The Cecil has reputation amongst travelers as being the most delightful hotel throughout continental Europe.

Each day of the stay in London will be a continuous round of sight-seeing and amusement. The morning will be devoted to individual shopping expeditions according to the tastes of each member of the party. After luncheon carriages will take the party to various points of interest, such as the houses of parliament, the Tower of London, St. Paul's Cathedral, Westminster Abbey, St. James' Palace, Hyde Park.

In the evenings dinners will be given at the famous London restaurants, such as Cafe Royal, The Trocadero, Holborn Cafe and others. Following the dinner party each evening, The World party will adjourn to box parties at the principal London theatres.

Paris will be visited, and as much accomplished as possible during the time at the disposal of the party.

The World party of Ontario women will be extended every official courtesy during their stay in London.

Are you going?

SOUTH OXFORD LIBERALS. JUDGE INDICTED FOR MURDER

M. S. Schell and Dr. McKay Are Chosen as Next Candidates.

TILLSONBURG, May 28.—In convention to-day, South Oxford Liberals nominated M. S. Schell, M.P., to contest the riding at the next Dominion election, and Dr. McKay of Ingersoll for the next provincial election. The meeting was very largely attended.

COVINGTON, Ky., May 28.—Judge W. G. Loving was to-day indicted for the murder of Theodore Iests, whom he charged with wronging his daughter. Judge Loving pleaded not guilty and was bailed in \$7000, the surety being Judge John D. Horsley of Lynchburg.

Barge Ashore at Southampton. SOUTHAMPTON, Ont., May 28.—During last night's heavy gale, the tug barge Dolly Morden and a scow, both loaded with lumber, broke away from the dock and are now on the beach inside the harbor. They are on a sand bottom and not likely damaged, and can be floated easily after lightning cargo.

A Million Dollar Plant. BELLEVILLE, May 28.—The Lehigh Cement Co., whose works will be situated at Point Ann, about four miles from here, have begun active operations.

Book's Cotton Root Compound. The great Ureline Tonic, and equally safe efficient Monthly Regulator on which women can depend. GIVE US THE FRANCHISE AND YOU ENDORSE THE BONDS.

The latest doctrine in regard to public franchise is being exploited in Hamilton or rather it is being exploited there after the manner of its recent exploitation in Philadelphia. In Philadelphia the street railway system has been so abused and so watered down its stock been that the traction companies there have had to go to the city and confess that the only way in which they can improve the system was for the city to endorse the new issue of bonds for millions of dollars which they would then employ in rebuilding the system and providing new equipment.

In Hamilton the street car franchise and its receipts have been milked and manipulated by the Cataract Power Company; and now the latter company, which is the owner of the controlling shares of the street railway, confesses that they cannot reconstruct the system and give the people the service that the contract calls for unless the city endorses the bonds and becomes responsible for the interest and for the debt itself which these bonds represent.

As The World pointed out yesterday, this is quite a new doctrine that you not only turn over to a private company a public franchise but that you must become the endorser of all the financial obligations of the company and be responsible for its debts. In other words they take the revenue and the city takes the debt which eventually it must pay.

The World is glad to see that the citizens of Hamilton and the council are beginning to awaken to the situation, and we trust that they will continue their efforts either to compel the company to carry out their agreement or surrender the franchise if it be bankrupt.

Perhaps some of the Hamilton papers will tell the citizens of Hamilton whether the company is bankrupt or not and whether they believe in the public acquiring the franchise and running it in the interest of the public exclusively. These Hamilton papers are always presenting the company's story; when will they take the people's side? Not one of them up to the present has printed the full text of the Gibson proposal which was rejected on Monday night, largely as a result of the articles in The World. We print it this morning for the Hamilton people to read. What the people of Hamilton need to do is to watch their newspapers more than their aldermen, for they are in the game to serve the Gibson crowd at the expense of the city and the citizens. It is not the aldermen who are out for "the grease" as the Hamilton Times insinuated.

DUTY OF WEST YORK.

West York electors who are supporters of the power policy of the provincial government ought not to make their belief in the certainty of Dr. Godfrey's election an excuse for not troubling to record their votes. There is always a risk of this when one candidate has decidedly superior claims to the seat and it is one which should not be allowed to exist. Over confidence by producing apathy has often

endangered the chance of success and indeed delivered a safe district into the hands of an opponent. This is poor policy under any circumstances and especially so when the public interest emphatically calls for a clear expression of the minds of the electorate on an important and urgent matter of policy. Just now every vote that can be cast in favor of cheap electricity is needed both to assure its possession and strengthen the general movement making for the preservation of all public utilities and resources for the straight benefit of the people.

What Ontario—and for that matter the Dominion—needs at this time is strong, capable and independent representatives pledged not to parties or individuals, but to principles and specific reforms. We have had more than enough of the worst kind of party politicians—men who offer vague and often misleading general assurances instead of plain and decided pledges to advocate and forward definite measures of reform. These are the men who become the easy prey of corporation lobbyists, who condone the worst forms of political corruption and sacrifice every public consideration to the interests of the party machine. Representatives with minds of their own on the pressing questions of the day and determined to have them settled on proper lines could cleanse public life and rescue Canada from the unwholy alliances that now largely control legislation and weaken the executive authority. In Dr. Godfrey West York has a candidate who has given straight forward pledges to support public rights and to secure for the people of Ontario the full benefit of its natural resources and franchises. The greater the vote cast for him the more it will encourage the government to follow forth the principles prompting its power policy.

COMING OF FUSHIMI.

Citizens Asked to Decorate for Prince Second Removed From Throne.

Prince Fushimi will not be given a civic reception in the usual sense of the term, but will, however, be entertained to a drive around the downtown streets.

It is desired that citizens, and particularly downtown merchants, should recognize the visit by decorating residences and places of business with flags and bunting.

As the mayor views it, demonstrations that will impress the prince with Canada's cordiality towards Japan may materially aid in furthering future trade relations. Joseph Pope, under-secretary of state, has pointed this out to the mayor. There is a probability that the prince will eventually become emperor, as he is only the second removed from the throne. Those who will arrive with the prince are: Michinosi Seigo Nagasaki, councillor of the court of his imperial majesty the emperor; Saburo Baba, grand master of the prince's household; Major Otohiko Higashi, artillery aide-de-camp to the prince; Dr. Tetsu Iwai, physician to the prince; Shigehiro Tokioka, attaché to the section for exterior affairs; the Imperial Household Bureau, Kurosawa, attaché to the bureau of ceremonies; the Imperial household, and Motojiro Tauda, attaché to the prince.

CANADIAN TO ARBITRATE.

U. S. Consul Refused for G. W. Howard.

SANTIAGO, May 28.—The state department at Washington has declined to permit the United States consul, Mr. Holiday, to act on the strike arbitration board, and the latter has substituted for Mr. Holiday, George W. Howard, acting manager of the Royal Bank of Canada, a Canadian citizen.

A company of artillery is guarding the dock and warehouses. The typesetters have joined the strikers and no newspapers are printed in the city. The business district of the city is being guarded by 500 members of the Rural Guards. Many rifle shots were exchanged with rioters, but no one has been reported killed. It is supposed the firing was for purposes of intimidation.

Open threats to burn property are being made, and with this approach to anarchy, many citizens of Santiago are arming themselves.

Wants Postal Delivery.

WOODSTOCK, May 28.—The Woodstock City Council is to make an application to the Dominion Government for free postal delivery for this city. The revenue exceeds the required \$20,000.

French Battleship Launched.

BORDEAUX, France, May 28.—The new French battleship Veritas, of 4,535 tons and 18,000 indicated horsepower, was successfully launched here to-day.

SWEET CAPORAL CIGARETTES STANDARD OF THE WORLD

CIGARETTES STANDARD OF THE WORLD

OBJECTIONS ARE HEARD FROM MUNICIPALITIES

Application of T. & N. Power Co. for Transmission Line is Stoutly Opposed.

OTTAWA, May 28.—(Special.)—The application of the Toronto and Niagara Power Co. for authority to construct a transmission line from Brantford to London, came before W. J. Butler, deputy minister of railways, to-day, and at the request of Joseph McDougall, M.P., on behalf of the City of London, was held over for a month, to allow the municipal authorities of that city making their views known. The ground of opposition from members of the council was that the ratification of the route would prejudice the proposed undertaking of the hydro-electric power commission, in conjunction with the municipalities. S. Gaetz, chief engineer of the Toronto and Niagara Company, urged that the proposed municipal scheme should not be allowed to interfere with rights already granted to the company by parliament. There was no reason why a private enterprise begun in good faith should be allowed to be prejudiced, should be blocked because a competitive municipal enterprise was contemplated.

The company intended to serve the towns to the north, such as Galt, Guelph, St. Mary's, etc., and were not simply picking out the best territory ahead of the hydro-electric power commission.

Mr. McDougall stated that the City of London had not been notified of the proposed application in time to have the rights of the city properly protected at the present hearing. The company's charter, he claimed, gave them power to erect poles and construct transmission lines thru municipalities without being first compelled to get the latter's consent.

Mr. Fryer objected to the company pre-empting the best of the territory, thereby prejudicing the scheme of the union of municipalities. Unless all the municipalities acted together, the scheme would not be a success. He asked for a three months' postponement.

MEASLES ARE DANGEROUS.

Health Officer Warns Parents to Isolate Children Down With Them.

The provincial health returns for April show that as many deaths resulted from measles as from scarlet fever and diphtheria combined, the latter is usually looked upon as a harmless disease.

The statistics for April are as follows: Measles, 156 cases with 23 deaths; scarlet fever, 143 cases and 16 deaths; diphtheria, 143 cases and 16 deaths; there was one death from smallpox and 107 cases of it. Three out of 27 succumbed to reinfection.

Under objection the magistrate had Cook's evidence as the inquest read. Station Agent Harrison told how he was busy trimming lamps and putting on the gas during the previous time before the arrival of Cook's train, so that the despatcher did not get time to check the copy that would have avoided the accident.

On hearing the engine driver, Hugh Kyle's evidence was read under the same objections as in Cook's case. Magistrate Harper dismissed Kyle, but committed Cook for trial at the fall sessions accepting \$500 bail.

WEATHER IMPROVING.

No Signs of Return of Winter, Says Forecaster.

Weather conditions are improving and there are no signs of a return of such weather as Toronto experienced Monday. The forecaster, returned unexpectedly and killed his aged mother, and then suicided, was the result of financial difficulties.

MILK MUST BE PURE.

Western Dairymen's Association on Track of Dishonest Farmers.

Thomas Ballantyne of Stratford, and J. Paget of Cambridge, representing the Western Dairymen's Association, waited on the Hon. Nelson Monteth, minister of agriculture, yesterday afternoon, to request that the government inspectors of cheese factories should not only inspect the milk coming in, but should institute prosecutions against those found supplying milk which might not be up to the standard.

The minister could not promise that the inspectors would undertake those duties, but willingly gave his sanction to the suggestion of the deputation that the association should engage men both to test the milk and press cases against delinquents. The duties of these officials will, of course, not be in any way with those of the government inspectors.

RAILWAY NOTES.

OTTAWA, May 28.—(Special.)—Delegations from Perth and Lanark to-day appeared before the deputy minister of railways, asking for the extension of the route map between Toronto and Ottawa, and urging that the road run north of the Rideau Lakes and thru their towns. Decision was reserved.

FOR TWO-CENT FARE.

TOPEKA, May 28.—Attorney-General Jackson states that he will join S. S. Ashbaugh, attorney for the railroad commissioners, in the suit to enforce the general two-cent passenger fare in Kansas.

It will argue that a general two-cent fare is not only not profitable, but is more profitable than a three-cent fare," Jackson said.

Legal Convention Postponed.

The legal convention arranged for June 11 and 12 next is postponed to a date to be arranged in September or October. The Hon. Charles Fitzpatrick, chief justice of the supreme court of Canada, who was to have taken an important part in the convention, and who had fixed June 11 as a day when he could come to Toronto, found afterwards that he might have to be absent from Canada on the day set, hence the postponement.

Resolution Condemning Terrorism.

ST. PETERSBURG, May 28.—Advantage was taken to-day of the absence of Conservative leaders from the lower house of the Duma, to bring up a resolution condemning terrorism, and the house decided, by 219 to 166 votes, to table indefinitely the resolution, which is one of the most burning questions before parliament.

WEDDING OPENING AT DIAMOND HALL

Magnificent Decorations for Openings Which Commence To-day.

Ryrie Bros. Store Presents a Scene of Exquisite Beauty.

The beautiful establishment of Ryrie Bros. is all in gala attire for the wedding openings, which commence to-day. This is an entirely new departure for this firm, and that it will be a grand success is an assured fact. To describe the beautiful sight which greets one's almost impossible, which speaks well for the extremely good taste displayed by the expert decorators, who had charge of the decorations. The pleasing effects produced are almost indescribable, the over-ornate being entirely avoided, while the much lauded luxuries have not been obscured.

Upon entering one is greeted with the delicate sweet scented perfume of roses and carnations, which are profusely distributed throughout the store, and everywhere to be seen in pretty plants, maiden hair ferns and palms.

In the centre of the main aisle is a wedding dinner table set, with the handsomest of cut glass, and a table of white roses and sweet peas and shades add their charm. On a small table at the side is a large wedding cake of beautiful design. Above the cake is a large bell, made of duchess satin and trimmed with smilax. From every pillar and electrolux are festoons of white ribbons with bells suspended from them, and give the completing touch to the magnificent decorations.

Every case throughout the entire store is filled with gifts which have been carefully selected from all over the world, and are especially suited for wedding gifts this season. No doubt the citizens of Toronto will avail themselves of this splendid opportunity of viewing the beautiful decorations and inspecting the elegant and varied stock of this establishment.

CAN'T FIND TRAIN ORDER.

Was Burned After Inquest—Conductor Cook Held.

WHITBY, May 28.—(Special.)—The trial of Conductor J. F. Cook and Engineer Kyle, implicated in the recent Myrtle accident, when two trainmen were killed, began before Police Magistrate Harper this morning.

Objection was taken by Mr. Robinson against the whole proceedings, in that under section 252 of the criminal code there is ample provision to prosecute the Canadian Pacific railway, instead of their employees.

Dr. Melow, examined, admitted that train order which was put in as exhibit at inquest could not be found.

After adjournment Mr. Birney of the Hotel Myrtle, where the inquest was held, told of the burning of some papers in the furnace after the concluding evidence in the case had been given, amongst which probably was the missing train order.

Under objection the magistrate had Cook's evidence as the inquest read. Station Agent Harrison told how he was busy trimming lamps and putting on the gas during the previous time before the arrival of Cook's train, so that the despatcher did not get time to check the copy that would have avoided the accident.

On hearing the engine driver, Hugh Kyle's evidence was read under the same objections as in Cook's case. Magistrate Harper dismissed Kyle, but committed Cook for trial at the fall sessions accepting \$500 bail.

HAD GAMBLLED IN STOCKS.

A Reason for the Bright Double Tragedy Found.

WOODSTOCK, May 28.—(Special.)—It is now almost an established fact that the tragedy at Bright Village, in which William McKie, the druggist of Kalamazoo, Mich., returned unexpectedly and killed his aged mother, and then suicided, was the result of financial difficulties.

He had lost all his mother's money as well as his own, had mortgaged the home, and was in the hole with his business for nearly two thousand dollars, and had contracted large loans from friends in Kalamazoo, which he had hoped to recover from.

It was the Pearl Mining Company of Boise, Idaho, that McKie was connected with, he having been a director and vice-president. He had gotten friends to invest in the stock also.

OUTSIDERS GET PRICE.

But Local Men Cannot Get What They Ask For.

ST. CATHARINES, May 28.—(Special.)—Local striking carpenters complain that, the employers are unwilling to grant them 35 cents per hour asked for, the price is being paid to outsiders. A day or so ago a carpenter named McLaren was sent to the Wilson Building and Contracting Co. from a Toronto employment agency, with instructions to read the week or so as soon as he can get his affairs straightened out in the department at Ottawa.

With seven men still lack employment, others having left the city.

Telephone Report Next Week.

The report of the telephone enquiry will be ready, it is understood, by the end of the week.

W. L. Mackenzie King will arrive in Toronto sometime this week or as soon as he can get his affairs straightened out in the department at Ottawa. With Judge Winchester, his fellow commissioner, he will get right to work and the report will be rushed thru in quick order.

AT OSGOODE HALL

ANNOUNCEMENTS FOR TO-DAY.

Chambers. Cartwright, master, at 11 a.m. Single Court.

The Hon. Chief Justice Mallock at 11 a.m. Cases set down for hearing: 1. Hogg v. Moore.

Toronto Non-Jury Sitings. The Hon. Mr. Justice Mabee. Peremptory list for 10.30 a.m. 1. Bell v. Smeaton.

2. Toronto v. McDonnell. 3. Paris v. Wilson. 4. National Life v. Trusts and Guarantee Co.

5. Jackson v. Erie. 6. Miller v. Erie. Divisional Court.

Peremptory list for 11 a.m. 1. McDonald v. Curran. 2. Welch v. Hamilton.

3. Howatt v. McColi. Court of Appeal. Peremptory list for 11 a.m. 1. Pure Color Co. v. O'Sullivan (continued).

2. Brenner v. Toronto Railway Co. (continued). 3. Thompson v. Ontario Sewer Pipe Co.

4. Barbeau v. Piggott. 5. Reas v. King. Trouble Over Property.

Edgar Warren Smith has begun an action against Alice Augusta Shaver Smith of Buffalo over the conveyance of certain lands in the township of North Grimsby.

Claims a Half Interest.

Llewellyn A. Morrison claims that he is entitled as equal partner with William J. Morrison of Toronto to a one-half interest in the proceeds of the sale of mining properties No. 161 and No. 213, Township of Coleman. The proceeds consisted of moneys to the extent of \$60,000 and shares in the company to the extent of \$270,000. A writ has been issued to enforce the claim.

Husband Was Killed.

Annie Westman has instituted an action against the C.P.R. Co. claiming damages for the death of her husband by reason of the negligence of the defendant.

Wants to Be Administrator.

Robert Hall of Toronto is asking the court to be allowed to administer the estate of David Hall, deceased, and for possession of certain property in Port Hope. He has issued a writ making William Smith, Caroline Lichgrove and Wesley Hall, all of Port Hope, defendants in the action.

Consent Judgment.

The Ontario Bank has obtained consent judgment against D. J. McLean for \$75 without costs. Action for Damages.

Arthur Wilkey has begun an action against the Toronto Railway Company claiming \$1000 for damages. Promissory Notes.

William Madgett has issued a writ against The George White & Son Co. of London claiming to recover certain promissory notes alleged to have been obtained by misrepresentation and fraud. Madgett is also claiming damages for the wrongful conversion by the company of a steam engine belonging to him.

All Over a Thumb.

Theodore B. Boulay, a woodworker, while employed in running a shaper in the Ottawa Car. Co.'s shop at Ottawa, had his thumb badly injured, and secured and obtained a judgment for \$800. The company appealed to the divisional court, who have dismissed it with a carry over.

Hamilton Appeal.

The Pure Color Co. of Hamilton is appealing to the court of appeal from the order of the divisional court allowing an appeal from the judgment of Judge Mabee in favor of the plaintiffs for \$392.50, the amount of a certain promissory note. The argument of the case is not concluded.

EARLY CLOSING Commencing next Saturday and on each Saturday of JUNE, JULY and AUGUST, this store will close at 1 p.m.

In Summer Wear a Soft Hat, a Pearl Gray

And if you want the biggest, the best assortment to choose from you'll come here for it. Everything that's new in soft hats. The very choicest Pearl Grays. Made especially light in weight for summer—for present wear.

Men's fur felt Fedoras and Alpines with pure silk bands, at 1.50, 2.00 and 2.50.

COBALT --- Professionals Anxious Regarding the Foster Report --- COBALT

PROFESSIONAL TRADERS MAKE MARKET PRICES

Most of the Trading in Cobalt Stocks Confined to Speculative Room Traders.

World Office, Tuesday Evening, May 28. Traders made the market for Cobalt stocks to-day, the speculative transactions being quite free within close prices. The outside trader figured small in the business, the majority of holders being opposed to liquidating at current prices. Most of the dealings in Foster were believed to be for effect, for the purpose of influencing selling statements on the market. This market was under the influence of the general weakness of all classes of securities, but under the aegis of speculative quotations retained a moderate steadiness. Green-Meehan was one of the softest issues in the market, with sales as low as 56. In the cases of the inactive stocks, bids were well below the last market, and the demand for these shares was inconsequential.

AWAIT THE REPORT.

Shorts in Foster are Anxious to Cover Contracts.

The inspection of the Foster mine by the experts who are to make a report to the directors, has been completed, and a complete statement is looked for within a few days, perhaps before the end of the week. Short traders in Foster stock are showing considerable weakness pending the official announcement, as it will finally set at rest many of the unfounded rumors which have been set afloat regarding the property. Very little of the Foster stock is now offering in the market. Those who are short of the shares are using every means to depress prices, so that they might cover without causing a sharp advance, but these tactics are not proving successful. Reputable brokers are advising clients to hold their stock at least until the unbiased report on the property has been made, and the security of real stock in the market is partially the result of the advance.

TRIP WAS SATISFACTORY.

Brokers Visit Many Mines and are Enamored of the Outlook.

James A. McIlwain, the mining broker, has just returned from a four-day trip to Cobalt, and says regarding this silver camp: "My visit has been an agreeable surprise. Our party found most of the leading camps employing from 50 to 150 men, most of whom are doing night and day shifts. "My observation is that the various mines are fairly well equipped with up-to-date machinery, and in a walk of three miles we passed 25 wagons loaded with supplies and machinery, which shows that installation is still being carried on in a vigorous manner. The roads are in good shape now, and will permit freely of ore shipments, and the T. and N. O. Railway's spur line to Giroux Lake is almost ready for the rails, which will make easy shipments of ore from the Foster, University Lawson, Silver Leaf, Drummond, Jackson and Big Pete mines. "Our party visited the following mines: University, Trethewey, Silver Queen, Silver Leaf, Right of Way, Red Rock, Peterson Lake, Nipissing, McKinley-Darragh, Kerr Lake, Hudson Bay, Green-Meehan, Foster, Coniagas, Cobalt Lake, La Rose and Jacobs, near the whole of which are producing a grade of ore that is simply wonderful. "Judging from the business and the amount of wealth flowing into the town of Cobalt, Haileybury, New Liskeard and Latchford, it will not be a great while before these towns are double their present size. "I have no hesitation in saying that the Cobalt mines contain values that are beyond the conception of the most sanguine, and with a continuation of the present vigorous mining policy, great times are ahead."

Mining Prospector Killed.

COBALT, May 28.—Patrick Laclair, a mining prospector, who came here from Buckingham, Que., was killed by a yard engine on the T. and N. O. Railway. Laclair was standing against a coal dock, and the vibration of a ground caused by the motion of the engine shocked the dock so that it collapsed.

Recorder at Latchford.

Alex McPhail will have charge of the recorder's office for the Montreal River mining district, to be opened at Latchford on Thursday of this week.

Comfort at Cobalt.

Bryant Bros. & Co., 84 St. Francois Xavier-street, Montreal, are running a

ORGANIZATION

The LARDER LAKE GOLD is a company organized for the purpose of operating its rich mining properties, further developing and equipping them for the extraction and reduction of the ore, and placing them on a permanent, dividend-paying basis. The company is organized under the laws of the Province of Ontario.

PROPERTIES

The properties of the Company consist of 21 forty-acre claims (more or less) in the Larder Lake District, situated between the south-west and south-east arms of Larder Lake.

The titles of all properties are vested in the Company—absolutely free from any incumbrance.

"THE ORIGINAL and FAMOUS DISCOVERIES"

We hold seven claims—the first discoveries at Larder Lake. No opposition under our claims were staked. Dr. Reddick and his associates carefully selected and staked what is the opinion of experts and others who are in a position to know, is one of the richest discoveries ever made in this country. As an evidence of this we have been daily receiving orders for our stock from parties living in the vicinity of the mines and Cobalt.

We have placed 200,000 shares of our Treasury stock for sale at \$1.00 per share, a large block of which has already been sold, and intending purchasers should send in their orders before this allotment is all taken up.

MEMBERS COBALT STOCK EXCHANGE.

Preliminary Announcement

We have two mining claims on Larder Lake, staked in August and September last, containing 80 acres more or less and adjoining the famous Dr. Reddick, the Cryderman and the Proprietor. Co's. properties, showing big dykes and rich ore.

We are about to capitalize and work these claims. They are strictly first-class, high-grade properties.

We have the newest and most attractive offer to make and will send it to you on request. We see nothing worse than profit in it for those who join. The number, however, will be limited. Write early.
