THE BORDEN AMENDMENT

R. L. Borden, in a Carefully Given Address, Shows That Liberal Government Has Failed to Protect Canada's Interests in Oriental Immigration.

FISHER DENIES EXISTENCE OF "ASSURANCE" OF 1903

OTTAWA, Jan. 28.—(Special.)—In a lengthy contribution to the discussion on the oriental immigration question, R. L. Borden this afternoon declared that the government had absolutely disregarded the warnings of the secretary of the British colonies to secure a protocol to the British Japanese treaty on the lines of Queensland, which would retain the control of the immigration of laborers from Japan.

Beginning of the Debate.

Mr. Borden said: The postmaster-general, in giving an account of his mission to Japan, had taken occasion to justify the good faith of that government, and with his remarks in that regard he was bound to concur. The government of Japan was not asked to accompany the treaty with any stipulation which would leave the control of immigration in the hands of the government of the Dominion. The government of Canada had accepted the treaty, giving full liberty to citizens of Japan to enter and travel in this country.

United States' Wise Policy.

The United States had reserved the right to control immigration to her shores. The British treaty, however, contained no such stipulation, because the same difficulty which confronted the United States in respect to the unrestricted immigration of Japanese was not present in respect to Great Britain.

Left Artisans' Out.

On Feb. 7, 1896, the Japanese government acceded to that request, except as to the world artisans was concerned, and a draft protocol was then signed upon between Britain and Japan.

The Borden Amendment

By order-in-council of Aug. 3, 1895, the (Conservative) ministry then in office in Canada called attention to dangers of unrestricted immigration, and declared that Canada's adhesion to the treaty of 1894 with Japan, a proviso or stipulation as would enable parliament to control the immigration of laborers and artisans.

Canadian government would restrict Japanese immigration to Canada, and he had the consent of Japan to the insertion of a protocol containing the proposed restriction.

On July 15, 1896, after the change of government, Colonial Secretary Chamberlain asked the Canadian government whether it was willing to adhere to the treaty on the terms agreed to by Japan, and Sir Richard Cartwright reported to the cabinet his opinion on the subject.

When Question Became Serious.

On Jan. 23, 1897, the government affirmed the same reasons as before for refusing. The question of Japanese immigration into British Columbia became a matter of serious concern to the British Columbia Government set out between Jan. 1 and April 30 1899 Japanese had landed in Victoria and Japan cover.

SENATORS VOTED TO MAKE RAILWAYS STATE WHY FOR GENERAL ADVANTAGE OF CANADA.

OTTAWA, Jan. 28.—(Special.)—The clash of authority between the federal and provincial governments in respect to the incorporation of railway companies, declared to be for the general advantage of Canada, was discussed in the senate to-day on Senator Comeau's resolution to change the rules so that when the committee reported a bill containing such a declaration, the grounds should be stated.

Senator Loughheed said that the senate had under consideration the powers of the provinces. The senate would do itself honor and serve one of the purposes for which it was devised by seeing that the bill is allowed to go thru in future which infringed upon legislative right of any province.

Secretary of State Scott asked if any man could remember of the senate having given reasons for any bill being declared for the general advantage of Canada. He could point to fifty bills which had been put thru, generally by lobbying, which gave power that had been reserved for the discretion of the provincial authorities.

Canadian Youth Confesses to Murder

DETROIT, Jan. 28.—(Special.)—Fercy Boyne, a youth of Woodville, Ont., tonight confessed to murdering Mr. Cornelia Welch, who was found dead in her home in this city on Jan. 7. Boyne was arrested in Woodville on Jan. 17, and brought to Detroit, where he was locked up. Since then the police have dragged her body into her bedroom and tied her hands and feet, tore her diamond earrings out of her ears, ransacked the house, stole \$14 in money and escaped.

CUT IN LICENSES NOT ALL FOR THE BEST

Action of Council is Severely Criticized as Being Arbitrary.

The decision of the city council to order the reduction of the city licenses to 110 was a big surprise to Toronto, generally. Few there were who believed that the aldermen would pass upon such an important question in such a hurried manner and without some attempt to secure accurate information on which to base their action. So that while joy reigned supreme within the circles of the temperance and moral reformers, the average man was inclined to the opinion that the council had acted in an extremely hasty and unjustified manner, and that the ultimate reaction for the licenses—will be certain and pronounced.

Col. Davidson Disapproves

"I think it is hardly desirable, justifiable or just," said Lieut.-Col. J. I. Davidson, a former license commissioner, last night in candid comment upon the action of the city council in overruling the decision of the aldermen on the license reduction issue. "First of all, when I was a member of the board of license commissioners, I insisted upon hotelkeepers conforming with the law, and, as a result, a good deal of money was expended," he went on to say. "I don't think 110 licenses are too many for a city of Toronto's size."

Should Have Been Voted On

J. W. Flavell, another former commissioner, declined to express an opinion. His paper, the News, says editorially: "It is to be regretted that the question was not raised during the municipal elections, and in view of the adverse popular vote of two years ago, it was natural to expect that the proposal would be submitted to the people before the reduction of council was permitted to take effect. On the other hand, the council acted entirely within its authority, and it is only in view of the course taken in a previous year that its proceeding can be challenged."

An Arbitrary Act

Prof. Goldwin Smith, when asked for an expression of opinion concerning the reduction of licenses, said: "The sudden cutting down of the number of hotels in the city seems to me, I confess, an arbitrary act. Such sweeping measures are hardly fair. Has it been shown that the hotel licenses, which are to be withdrawn, have been guilty of encouraging intemperance, or that there has been anything objectionable in their management? If this has been proved, let justice by all means take its course, but with due discrimination. Prohibition, which I presume inspired the measure, is the theory of a certain class of philanthropists, but it is not yet the law of the land. Until the theory is proved, it is not to be allowed to sanction anything like arbitrary dealing with lawful trade. The hotel-keeper may be ruined, to say nothing of the possible inconvenience to the public."

HAMILTON, Jan. 28.—(Special)—On the first division W. A. Emery, East Flamboro, was elected warden of Wentworth at this afternoon's session of the county council. Councillor MacLennan was elected chairman of finance, and Councillor Gage chairman of roads. It is said that ex-Warden Vansickle would like to be county clerk, but the Liberal councillors claim that the matter of replacing County Clerk Jardine was not discussed at their caucus today.

LINDSAY, Jan. 28.—(Special)—The stock and seed judging course, which is being held here under the auspices of the Victoria Agricultural Society, was opened this morning. The course will continue until Saturday, Feb. 1. The forenoon of each day will be devoted to the study of the principal grain and fodder crops of Ontario, being conducted by lecture and illustration by C. A. Three Days More of Furs

Messrs. Sellers-Gough Fur Company announce "three days more" of fur selling at still lower prices. It is truly wonderful how the interest keeps up in this big sale. Each day this week there has been no cessation of the crowds, but on the contrary, a decided increase in buyers. One can only understand this by a visit to the store, and an examination of the goods and prices. For example we will show a range of seals. For we are selling these at \$7.50. Each lot, odd lines, course, but goods that were brought earlier in the season, \$6.38 and \$10, now they go at \$3.75. "See these Persian Lamb Ties at \$3.85, beautiful fur you see, and the regular price \$15.00." "Now what the higher priced goods asked The World." "Oh, the same rule governs everything in the store." For example, here is a magnificent Alaska Seal Jacket. We thought it good value at \$150.00. Now see what it's marked, \$249.00. Turning to one of the figures draped in a splendidly lined coat the regular price noted the price was \$49.00, and the old price \$65.00. "This is the way it goes you see, observed Mr. Sellers. "The people of Toronto and outside towns have bought furs here in hundreds of cases actually cheaper than wholesale prices." "Why have we had no orders from London, Ottawa, Windsor, Detroit, Buffalo and a dozen other places pouring in with every mail." "Yes, we hope to have the biggest days of the sale for the next three days." "The World" readers there are dozens of lines lying around we don't even think of advertising.

TOO MANY DOGS.

Dealing with a complaint against the number of licensed dogs at the number in the city the police commissioners yesterday referred the matter back, asking a larger appropriation for the dog-catching branch of the service and pointing out the revenue derived from dog licenses.

War Medal Gone.

William Walker, 25 years, a carpenter, living at 328 Church-street, was arrested by Detective MacKinney charged with theft of a South African war medal from Sidney Smith.

La Grippe Epidemic

La Grippe has Toronto, in fact the whole province, in its clutches again. Every one knows this dreaded disease is the forerunner of pneumonia and consumption, which carry away more people yearly than the Spanish-American war. A good recipe is one which acts quickly and is said never fails to cure La Grippe, Colds, Coughs and Lung Trouble is: One half ounce of Fluid Extract Licorice; One ounce of Compound Syrup of White Pine; One ounce of Tar-ol. These ingredients can be procured at any drug store, and by adding three ounces of boiled water you have the mixture in right proportions to take a desiccating spoonful every two or three hours. This mixture is harmless, but sure.

did one year and next year the people voted for a wide-open town. It is said that already preparations for making the issue a straight one in the next civic elections are under way. One man who worked hard to elect Beattie Nesbitt was heard to express the hope that next December he could help him be elected. "Just for the square deal." Regentment is, seemingly, by no means confined to what is called the liquor vote. "They've treated the people as they are a lot of school children," was the way one abstainer put it. Mayor Oliver was asked what he thought of the prospect of a turn-over next year. "Too far ahead. I never worry about what may happen the day after tomorrow," he explained, genially. Were Aldermen Intimidated? As an aftermath of the meeting, it is pretty generally admitted that the great pressure used swayed the sentiment for reduction. One First Ward alderman received on Monday, so he thought, 100 missives of one sort or another, urging him to vote "right," and some of them hinting at the unpleasant possibility of his being left at home if he didn't. His decision was to take chances. Ald. McBride was nearly won over by the blandishments of certain fair blue-ribboners who were seated behind him. "You have too good a face to vote against us," he was told, and the gallant and highly gratified alderman nearly joined the water wagon tickers. What the commissioners will do as to

carrying out the instructions of council remains to be seen, the chairman, and Mr. DeFoe declined to discuss the matter at all. Mr. Millchamp said he had no intention of shirking his duty, and added: "You may depend upon it, we will do our best judgment in the interests of the public, and with all possible fairness to the hotel-keepers concerned." Mr. Millchamp could not say whether or not the board would consider itself under an obligation to the hotel-keepers, those whom it had instructed to spend money in alterations and improvements. Rev. D. Sowerby, who addressed the council on Monday, suggests starting to weed out those downtown hotels which were conducted on a business basis. "We were conducted on the Ontario Alliance system, to see those in the residential districts cleared out. There are about twenty such hotels in the city. One important phase is the injury that may result in the matter of property. It will mean at least thirty-four hotels, buildings, practically unsuited for any other purposes, being made vacant, as far as will be complied with, to be used as "boarding houses." That hotel-men have greatly improved a number of properties cannot be denied. Just now a big building is being erected on lower Yonge-street, intended for hotel purposes, while plans have been prepared for a fine seven-story structure to replace the hotel at King and Simcoe-streets. Edward Jackson, proprietor of the Edward Hotel and Brunswick, has spent \$2,000 in converting a rough-cut building into a three-story brick, now nearing completion. A perplexing problem. The harrowing tale told by one of the clergymen in speaking before the city of alcohol is still being ruminated upon in certain quarters, and a considerable amount of work has been used in an effort to solve a knotty problem connected therewith. "The minister's moving narrative ran along somewhat as follows: "It was informed of the case of a poor wretch who asked a gentleman to give him a ticket. When questioned as to why he wished to have the ticket, he explained that in order to reach a certain destination he would be compelled to pass several saloons. Mr. Fleming was afraid the temptation to enter and purchase rum would be more than he would overcome. How by street car, so that he would avoid the danger. "What I can't see thru in this story," explained the lecturer after truth, "is how the man, if he could buy a drink, couldn't put up a nickel for transportation. Say, this is a very interesting story. But the other end of the conversation had moved on to another subject. How it Happened in '87. The last big reduction in licenses was due to the efforts of R. J. Fleming, now chief of the Toronto Police. Mr. Fleming had been running for office for some years before 1886. Previous to the election for that year, the applicant for licenses were questioned as to their views on reduction, and among those who said they were in favor of it was Mr. Fleming. He does not attribute his election to this fact, but he was against him than otherwise. Dominion Brewery, the Davies, Copeland, Reinhardt's and others having organized against the temperance men. When elected, Mr. Fleming moved for reduction and had about four to support him in council. He then undertook to make an issue, and in the 1887 election fought the campaign upon it, and got a majority of aldermen in favor of reduction elected. As a result, seventy-four saloon and nineteen shop licenses were cut off. In 1888 he moved to reduce the rate payers and decline to take action as a council, they have the right to do so.

BELEVILLE TO VOTE

BELEVILLE, Jan. 28.—A petition was presented to the city council asking that the number of hotel licenses be cut down from 16 to 10 and the license fee raised from \$450 to \$1000, and the shop licenses be reduced from three to two and the license fee raised from \$450 to \$700. The matter was referred to a special meeting, to be held next Monday, but it is practically certain that the council will submit the matter to the ratepayers and decline to take action as a council, they have the right to do so.

NOTE AND COMMENT

With Queen City and the Caledonians left for the final in group 5 Toronto is assured a representative in the Tankard finals that will likely be played the week after next.

Doc Roberts stayed at home in Brampton, being a Tankard absentee after participating in the Tankard for a generation back.

Several fairly good two-year-olds have been shown at New Orleans and in California this winter. The New York Sun notices Lee Rose, a bay gelding by St. Avelinus-Lavender with a bay dam.

Twenty thoroughbred mares and geldings purchased recently by England to be distributed at various European points. The mares are either barren or have never been bred.

Alfred Shrubbs, the great little English runner, who sailed for home on Monday, and in that time cleaned up close to \$5000 in his races in this country.

Attention is drawn to the notice of the annual Canadian amateur boxing championships that are to take place in Massey Hall next month.

Jack Johnson's old fighting partner, Joe Jeannette, has just won a real battle. In a wind-up at one of the New York clubs Monday, he knocked out Jim Jeffords in the second round.

Following in the footsteps of the heavyweights, Sullivan and Kilrain, the rival waterweights, Matty Mack and Rubie Ferris, will tour the country together giving a fighters' act on the stage.

Bill Squires, the Australian pugilist, who has been knocked out three times since his arrival in California, and has earned \$7000 thereby, started from a fight to visit New York more than a week ago, but has not reached his destination.

Eurekas and St. Miques Win Berlin Seniors Trim T. A. C.

Following the resolution adopted at the last meeting of the board of governors of the Canadian Amateur Athletic Union, a committee has been appointed to conduct the annual Canadian boxing championship, which are to be held in Massey Hall next month.

Who the finals are usually decided on Saturday night, the committee thought a semi-final or finals that are to be held down for decision on Monday and Friday.

Two Fast Junior O. H. A. Games at Mutual Street Rink—Pickton Beats Port Hope—Parkdale and St. Georges To-Night.

The largest crowd that has witnessed a junior game this season at Mutual-street Rink turned out last night to witness the double-header between Eurekas and U. C. C. and St. Michaels and Parkdale.

St. Miques 6, Parkdale 2. With the score 2 to 2 at half-time, and both teams playing fast hockey, the fans were set talking at the interval as to who would win the second game.

St. Georges and Parkdale To-Night. Parkdale and St. Georges will be the Toronto O.H.A. attraction at Mutual-street Rink on Monday night.

Royal's Athletic Carnival. To-night is the last opportunity for entering the big indoor meet. Last night there were over 50 men trying the track, which was constructed by Mr. H. Marshall.

Oddfellows League. Owing to integrity being unable to play last night, the class A, Oddfellows, game between them and Rosedale was postponed.

Port Elgin Curlers Win. OWEN SOUND, Jan. 28.—Port Elgin, Chesley, Harrison and Owen Sound Curling Clubs competed here yesterday and this morning in Section A for the District Cup. Owen Sound won from Chesley, Port Elgin won from Harrison, Port Elgin won from Chesley, and Owen Sound won from Harrison.

Baldwin Gets Decision. BOSTON, Jan. 28.—Mattie Baldwin of Charlottetown was given the decision over Kiki Goodman of Boston at the end of a 12-round, encounter at the Army Athletic Association to-night. The battle was an interesting one, with the superiority slightly in Baldwin's favor.

ED. MACK REVIEWS TRIP SEMI-READY'S SUCCESS

Head of the Semi-Ready Store in Toronto Has Returned From Montreal.

Ed. Mack, president of the Ed. Mack Limited, has returned from Montreal, where he spent the week at the big Semi-Ready tailor shops. At the close of each season, and during the progress of special-clearing the chief proprietors of the Semi-Ready stores in Canada usually gather at Montreal to exchange views and to confer with the With Mr. Mack was Mr. McClung of Hamilton, who is also an experienced designer, and Mr. Mack was formerly a metropolitan tailor.

These meetings are a factor in the development of the Semi-Ready systems in Canada, and have been instrumental in keeping the Semi-Ready models and styles in closer touch with the requirements of every part of Canada. Much of the success of the Semi-Ready stores is due to the wonderful strides made by Semi-Ready tailoring must be ascribed to the receptive and accepting nature of these semi-ready conferences.

Mr. Mack said that the styles and values for this year were finer and better than any he had seen in England, and that the visit to Montreal had been most profitable. He said that the Semi-Ready stores in London had been much talked of in England, but that the capitalists in London had not been so far advanced in the Semi-Ready system as the Semi-Ready stores in Canada.

Following their visit to Glasgow there came recently a return visit from one of the Campbells, who is connected with the mills at Leeds, in which the premier, Campbell-Bannerman, is interested. Mr. Adair Campbell said that the Semi-Ready idea had been much talked of in England, but that the capitalists in London had not been so far advanced in the Semi-Ready system as the Semi-Ready stores in Canada.

While I was in Montreal, and before I had been received from over 30 merchant tailors in Canada, all asking the terms and conditions of the Semi-Ready system, I had all come in since the beginning of the present year, or inside of 20 business days.

There is only one instance in Canada where a Semi-Ready store has failed, namely, in Berlin, Ont. In this case the Semi-Ready store, which was operated by a Londoner, failed because of its failure to keep up with the best merchant in each town.

"I met many of our Semi-Ready stores from various cities in Canada," concluded Mr. Mack, "and I never saw such enthusiasm. Everybody had a good opinion of the Semi-Ready system, and they were all looking forward to a good spring opening. You know, these trade depressions are often fearful contrivances, and we are getting order from customers who were wedded to custom and who would never know the greater advantages of Semi-Ready tailoring."

Mr. Mack said that the delivery of the new spring models would all be made in Montreal, and that the Semi-Ready store in Montreal is in the best of health.

Loss of the Baden Powell. LONDON, Jan. 28.—Nineteen Nova Scotia sealers from the schooner Baden Powell landed at Liverpool. They left Nova Scotia Sept. 1, 1929, for the South Shetlands, where they were wrecked. The crew rowed to Peggie Island, 70 miles, where they remained three weeks, enduring great privation, then they were observed by a schooner, which conveyed them to the Falklands, whence they went to Montreal. Four men married and settled down in the Falklands.

MUTINY ON LOSADAVE TREACHEROUS AFFAIR

Chinese Crew Drove Captain Into Flight, But Were Met With Winchester and Revolvers.

VICTORIA, Jan. 28.—(Special).—The arrival of the steamer Losadave, from Mexico, brings full particulars of the mutiny which occurred on that vessel, small details of which were received here by wire. The story told by the ship's officers hardly appears credible in this age of advanced navigation. The mutiny occurred while the vessel was about 120 miles off Salina Cruz, and was planned by the Chinese members of the crew, who intended to murder every white man on board and throw their bodies overboard, and had it not been for the presence of four American miners on board, it is very probable that their efforts would have been successful.

Signs of Trouble. For several days before the mutiny broke out there were signs of discontent among the Chinese crew, and they could be seen sharpening knives and "picarons," a wicked looking spiked tool used for lifting ties. Several passengers armed themselves, and it is well that they did so, otherwise they would not be living to tell the tale. Every preparation had been made by the forehand of the Chinese and the steward (Chinese) had taken the captain's revolver and filed the hammer, rendering it useless.

The Storm Breaks. The storm broke when the Chinese cabin boy refused duty. The steward was sent forward to request him to turn to, but he returned with the information that under the leadership of Wong Quai, a boatswain, the whole Chinese crew refused to work. Capt. Shadforth went to the forward deck, and with the steward for an instant informed the crew that they had their choice of working or being put in irons. The answer of the Chinese was to draw knives, and the boatswain, to rush towards the captain, who darted into the port gangway.

Minutes of all kinds were hurled at the retreating captain, who was making for his room to get his revolver. It was then that the American miners, who were in the hold, noticed the captain being chased, they took up their position in the doorway of the gangway as soon as the captain passed, and the Chinese were met with three revolvers and a Winchester rifle starting them in the face. This was more than they bargained for, and they slunk back to their quarters. While this was going on there was "doings" on the bridge, second officer and a Chinaman at the wheel. As soon as he noticed the captain hurrying forward he felt the vessel's head being bargained for, and he was headed for a small island.

Second officer Day blew the whistle to warn the passengers; he then knocked the Chinaman away from the wheel and put the vessel back on her course. In the meantime the captain had rushed to the scene of the disturbance. He snatched the gun twice and then found that it was out of business. By the time he had got the gun ready the first rush had been reinforced by the remainder of the white crew and passengers, including the captain, who were met by the Chinese. They took up their post on the main deck under the bridge, to which a ladder led from the deck below, where the mutineers crowded around their leader, fingering their knives and pistols.

Seeing that the whites had the guns, the Chinese gradually went away, and the captain and his party went into their quarters and penned in.

Steamer Lost Headway. Meanwhile the steamer was lost all headway and the engineers and firemen were getting on the assistance of the other white men on board. The passengers came to the assistance of the crew in navigating the vessel, and they were formed into watches, while the steward kept guard over the prisoners. The second officer Day navigating the vessel towards Salina Cruz, a crew of Mexicans was secured at Salina Cruz to replace the Chinese.

ASK INVESTIGATION. Timber Documents May Lead to Such Request.

OTTAWA, Jan. 28.—No steps will be taken on the alleged discoveries with regard to the lease of the timber berth on Moose Lake until Thursday, when the opposition, headed by Mr. Ames, will raise the whole subject for the attention of the House. Ames is tentatively discussing the Moore Lake affair. When that takes place Mr. Fraser's side of the case will be stated for him by a member of the Liberal party. A possible development of the affair will be a demand by the opposition for an official investigation of the department of the interior.

NO PAIN TILL CURED

EVERYDAY MIRACLES OF ELECTRICITY

Take electricity if you want to get well. It's a lot easier to take than drugs, and it cures where drugs don't.

To cure anything you must help Nature. Nature will cure you when she has the power. This power is electricity. You see, electricity runs every part of your body.

Most all the ailments of man can be traced to the failure of breaking down of the nerves, stomach, and liver. The reason any organ fails to do its work properly is because it lacks motive power—electricity. Remember that force where it is needed, and pain and sickness will disappear. I do this with my Electric Belt.

I do this with my Electric Belt. It saturates the nerves with a soothing stream of electricity, and they carry the force to every part of your body, giving strength and nourishment where it is needed. It removes the cause of disease.

My Electric Belt does this while you sleep. It saturates the nerves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak.

MR. C. W. WALTERS, Searchmont, Ont., says: "I cured my completely of Lumbago. He values it very highly and is willing to recommend it to anyone."

MR. JAS. WINDSOR, Athens, Ont., says: "There is nothing to equal Electricity for Rheumatism."

MR. WM. A. McCASKILL, Burk's Falls, Ont., says: "Your Belt has done me a wonderful lot of good. I have not used it now for three weeks and I have had no more of my troubles."

MR. CHAS. HOBBS, Box 425, St. Catharines, Ont., says: "I am entirely cured of Sciatica, and gives all credit to my Belt."

HUGE MASTIFF ATTACKS A TEN-YEAR-OLD BOY

Bit Off His Hand and Inflicted Other Serious Wounds.

QUEBEC, Jan. 28.—In full view of perhaps a dozen spectators, a ten-year-old boy named Ernest Larose was attacked and fearfully lacerated by a huge mastiff at the Palais in this city about 10 o'clock this morning.

The unfortunate youth is in a very critical state, and at noon was still insensible. That he was not killed outright was due to the fact of the enraged canine rushing to the rescue himself and battering the brute's head with a stick of wood, which he seized from a neighbor's hand.

The owner of the dog, who is a farmer from one of the lower parishes, claims that the brute made a kick at the boy while he was passing, and that this provoked the attack.

DEADLY DYNAMITE. Two Fatal Accidents on Railway Construction.

KENORA, Jan. 28.—(Special).—Two distressing dynamite accidents occurred yesterday causing loss of life, the first at the railway gravel pit at Gurnee, where an Italian, Cesarelli, employed as powder man thawing sticks, was blown to pieces. The trunk of the body was found a hundred yards away among the bushes. An inquest is being held.

The second accident happened to a Norwegian named Johnson at McDougall's Camp, Hawk. He was tamping a hot hole when the explosion followed. The body was frightfully mangled, the head being blown out, and the head and limbs torn off. The remains are awaiting the inquest.

An old western pioneer, William Major was found dead in bed yesterday. He was twenty-four years of age and a resident of Kenora, and formerly employed by the railway as foreman.

Square Pianos at a Bargain. There have come into the warehouses of Heinzelman & Co., Limited, 115-117 West King-street, Toronto, a number of good second-hand square pianos of well-known makers, which must be cleared out before stock-taking. These instruments will be sold at from \$100 to \$150 in payments of \$2.00 down and small payments each month.

Had Palpitation of The Heart EVER SINCE SHE WAS NINE YEARS OLD.

MILBURN'S HEART AND NERVE PILLS EFFECTED A COMPLETE CURE.

If you find your health failing, your food apparently doing you no good, your heart beating irregularly—now slow, now fast—skipping a beat now and then, palpitations or throbbings on the slightest excitement or exertion, pain in the region of the heart, face pale, dizzy and faint spells, these all point to heart weakness, to nerve damage, to a state of health consequent upon disease. As I grew older it kept increasing. After having tried numerous doctors' medicines, but to no avail, I was induced to try your pills, and after using several boxes I began to improve, so kept on taking them for some time and now I can truthfully say I am in perfect health."

Milburn's Heart and Nerve Pills are 50 cents per box or three for \$1.25, at the dealers of T. Milburn Co., Limited, Toronto, Ont.

## WARDEN IS ELECTED ON THE VERY FIRST BALLOT

### Funeral of the Late Mr. Douglas is Largely Attended—Committee Discusses Big Topics.

The "men of the north" as applied to York County Council matters again demonstrated their ability to elect the candidate of their choice, and William Keith, reeve of Newmarket, was yesterday by a majority of 18 to 13 elected to the proud position of warden of the county over George S. Henry, reeve of York Township.

numerous, testifying to the respect in which Mr. Douglas was held. Among these was a pillow with the open Bible under the royal purple by the local lodge, No. 268, L.O.F.; a wreath by Mr. and Mrs. George Gillespie, secretary and Councillor and Mrs. Wm. Parke, employees of Douglas and Radcliffe, Eglinton Methodist Church, Davisville Methodist Church, the family from the mayor and council of the town; sprays from Mrs. Rhoda Campbell, Mr. and Mrs. Childs, Mr. and Mrs. Radcliffe, Mr. and Mrs. Robert Black and the Ladies' Aid Society of the Davisville Methodist Church.

Mr. and Mrs. L. G. Fabian of Kensington-avenue were host and hostess of a surprise party from Toronto last night. About 30 couples were in the party and the evening was spent in playing cards, dancing and other amusements.

In honor of the late William Douglas, whose funeral took place this afternoon, the public schools were closed this afternoon.

The Junior classes of St. Clement's Day School were taken to a sleigh ride this afternoon. The rector, Rev. T. W. Powell, accompanied them.

The senior team of the North Toronto Hockey Club was last night again victorious, defeating the Simcoes of the Northern City League by 12 to 2 on the

necessary, irrespective of creed, color or nationality, but the officers of this church are such conditions existing as have been reported in a section of the city press.

**TORONTO JUNCTION.**  
School Board Put Thru an Immense Lot of Business.

**TORONTO JUNCTION, Jan. 28.**—The regular meeting of the school board took place to-night. Chairman Dr. Hackett presiding. The discussion of the amalgamation of school section 23 with the town was again taken up, but the members had various opinions as to what section should be taken in, and in what way the amalgamation would further the best interests of the municipality in case the limits of the town are extended. No definite decision was reached as to the method of procedure.

The board discussed the motion proposed at the meeting of the management committee Saturday evening to grant a bonus of \$50 to Acting Principal Hancock of Carlton school for his services as principal during the fall term of 1907, and \$50 per month during the spring term of the present year. Some of the members of the board were of the opinion that as Mr. Hancock has been doing principal's work he should receive principal's salary, but no decision in this regard was arrived at.

The motion, proposed by Dr. Hackett at the joint meeting of the township trustees and school board a few nights ago, to admit the 23 pupils per year section 23 at \$15 each till midsummer was discussed to-night and finally carried. Trustee Wright proposed an amendment to the motion changing the rate from \$15 to \$20 for this period, but the amendment was lost. Trustee Hall stated that it would be the breaking faith with the township trustees now that an agreement had been arranged between them.

Chairman Dr. Hackett supported the motion, which was proposed by himself, and explained that the rate of \$15 was only good till midsummer, after which time he agreed with the other members of the board that the rate should be raised to the same as charged the town pupils.

This motion of the board only referred to the 23 pupils of school section 23, but it was changed to refer to all children outside the Junction, who attend the schools of the town. The price up to the present for outside pupils has been \$15 per year. The increase will mean an additional revenue of \$45 per month to the school board.

There are about 90 pupils not residents of the town who are attending the town schools. Township pupils attend Carlton and St. Clair-avenue schools, and there are some city pupils at Western-avenue school. There will now be 23 additional pupils admitted at the rate of \$15 a month till midsummer.

The matter of putting storm windows on Carlton school was dealt with. When the subject was introduced Trustee Hall remarked that it was rather late in the season to talk of the matter. "What are the storm windows intended for?" said he. "If we don't want them to keep out the wind, it's better not to put them up right away." The furnace at this school is not giving satisfaction, and the board will have these matters rectified as soon as possible.

A recommendation was carried to appoint Miss Eva Eiland of Toronto as assistant teacher for Carlton school at a minimum salary of \$350, her duties to commence Feb. 3.

The board decided to purchase a bell for St. Clair-avenue school, the price not to exceed \$25.

A resolution was carried to ask for tenders for the wiring of St. Clair-avenue school for the installation of electric lights. Mr. Stark of the Stark T. L. and P. system, states that he has enhanced the appearance of the council chamber since its renovation, and decided to continue to hold his office there as usual during the coming year.

**Pleasure is Deferred.**  
On account of several members of the board not being able to be present to-morrow the proposed bi-annual visit of the school board to the different schools has been postponed till a later date.

The first meeting of the property committee was held to-night. Councillor Howard and Wetherall were also present.

A bill for \$43.15 was received from ex-Councillor W. J. Irwin in connection with the improvements and decorations in a council chamber. Town Clerk Brown stated that the contract only called for \$25. The bill was paid.

**Company Get Alarm Box.**  
The C. E. asked to have a fire alarm box placed in their powerhouse. The request was granted, the company to pay all expense in connection with the matter. The cost of the apparatus will be about \$75.

**Peter Connell, aged 45 years, late manager of a shoe store on Dundas-street, died of pneumonia at 4 o'clock this morning at his home, 40 May-street. He was well and favorably known in the Junction, and had been a resident of the town for the past twenty years. For upwards of fifteen years he was proprietor of a barbershop on Dundas-street. He leaves a widow and three children. The funeral will take place on Thursday, 2 p.m., from his late residence to Prospect Cemetery, and will be held under the auspices of Lakeside Lodge, L.O.O.F.**

**Mayor is Laid Up.**  
Mayor Baird is confined to his home on South Keele-street with an attack of grip.

There was a large crowd at the carnival to-night at Ravina Skating Rink. The young people of Wesley Methodist Church and Chalmers Presbyterian Church paid a visit to the Amnet-street Methodist Church to-night and spent an enjoyable social evening.

**Lakeside Lodge, No. 272, L.O.O.F., held a successful concert and social to-night in St. James' Hall.**

William Pallett, aged 15 years, the younger of the two brothers who were suffocated with coal gas, died at 2:15 this morning. Not much hope was held out for his recovery, and he was kept alive only by a liberal use of stimulants. The double funeral will take place at 2 p.m. Thursday from Speers' undertaking parlors to Prospect Cemetery, and will be conducted by the Salvation Army, of which both were members.

## WARDEN WILLIAM KEITH of York County.

With the candidates, spoke briefly, after which the vote was taken with the result as stated.

The vote was: For Henry: Anderson, Annis, Barker, Brown, Bull, Gardhouse, Grubbe, Henry, Hind, Lapp, Nelson, Patterson, Watson—Total 13.

For Keith—Armstrong, Baker, Coulson, Devins, Foote, Harris, Hill, Keith, Knowles, Longhouse, McMurchy, Moore, Nigh, Pugsley (Richmond Hill), Pugsley (Sutton), Smith, Speight, Thompson—Total 18.

Warden Keith was escorted to the seat of honor by Messrs. Smith and Coulson, and in a few well chosen words thanked the members for the trust reposed in him, and outlined a number of suggested reforms.

"Billy Keith, the newly-elected warden, has occupied the position of reeve of Newmarket for one year, and was this year re-elected by acclamation. He has for a number of years occupied the position of secretary of the North York Agricultural Society, which he has for many years, and is immensely popular in the northern section of the county.

Mr. Henry's defeat gracefully, as became the reeve of the wealthiest and most representative municipality in Ontario. The honor is temporarily delayed, that Mr. Henry will yet be warden goes without saying.

The only other business transacted was the appointment of striking committees, the members of which subsequently elected are Messrs. Henry, Baker, Coulson, Gardhouse, Devins, Hill and Pugsley.

Council will reassemble at 11 o'clock to-morrow morning.

## BRACONDALE.

**Churches and Local Philanthropic Societies Report Not Much Distress.**

BRACONDALE, Jan. 28.—The Sons of England committee, in connection with the concert held in Hillcrest School on Jan. 25, met on Monday evening, to close up the accounts. The committee was pleased to hand over to the churches \$100. Of this amount \$25 is for each of the four churches, to be devoted to charitable purposes. The committee desires to thank the many friends who so kindly assisted in the program.

The Yarmouth Juvenile Lodge, S. O. E. No. 52, installed these officers for the year: E. Herne, Past president; F. Sharpley, president; S. Herne, second; committee: W. White, I. G.; F. Phillips, O. G.; A. Miles and R. Brown, auditors.

The reports of destitution in Bracendale and Dovercourt districts are dated on the part of those citizens who know their business, seven days in the week, to find out who is in a destitute condition. They state that the reports have been overdrawn. Rev. W. A. Mactaggart of the Wychwood Presbyterian Church stated that the reports are made up of whole cloth, and said, "Both myself and members of my congregation are doing all in our power, and nobody is going hungry or is without fuel. It is true that many are out of employment."

Rev. W. J. Brain of the Anglican Church officiated and was assisted by Rev. N. Wellwood of Eglinton Methodist Church, Rev. W. F. Wilson of Trinity Methodist Church and Rev. Geo. Jackson of the Sherbourne-street Methodist Church, Toronto.

The pallbearers were the three sons of the deceased one grandson and two members of the local Orange lodge.

The funeral was under the auspices of Eglinton L.O.O.F. No. 289, who attended in a body, as did also the town council and the public school board.

The chief mourners were the widow, Mrs. Douglas, and the three sons, Councillors S. J. Douglas, W. J. Douglas and Edgar Douglas, and the daughter, Mrs. R. Sulmer.

The floral offerings were especially

## MEDICINE FOR CHILDREN

Gentle Laxative should be administered occasionally and for this purpose the best is Hamilton's Pils, which are mild, safe and especially suited for children. Cure biliousness, headache and all stomach disorders. Price 25 cents.

## You know if your bowels need occasional help. Give it to them easily and regularly—one Cascaret at a time. Don't wait till night.

A million boxes a month. That's the sale of Cascarets. And every tablet in every box means a day of good cheer.

Think of what a world of happiness this candy laxative has brought to men and women.

Are you getting your share? Cascarets cure bowel troubles when they have developed. But that is the least of their uses.

Their best service is to prevent the many ills that come from inactive bowels.

Think of the days when you are not at your best. The mornings when you don't feel right, the afternoons when you are lousy, the evenings when you are irritable.

The cause lies in the bowels. One Cascaret makes everything different. Don't say, "I'll take it to-night." Take it at once. Carry a box in your pocket. The hours before bedtime are too good to be wasted.

Cascarets are gentle and pleasant. Their action is as natural as the action of fruit on the bowels. They are both good and good for you.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and **Ten Cents per Box.**
