

WAR HAS SHATTERED FAITH IN RELIGION, SAYS N. W. ROWELL

Influence of Church on People's Mind Greatly Weakened. NEED OF MISSIONS

That the church had not the same power today it had before the war, and that religion had not the same hold on men's minds, was the declaration of Hon. N. W. Rowell at a big Methodist missionary rally in Massey Hall last night.

Mr. Rowell, while admitting that church affairs were far from satisfactory, said it was no time to become discouraged; that would be cowardly. The whole trouble was not that there was too much but rather too little religion, he thought.

South African Missions. When he went to South Africa, he was told to be sure and see an aged native chief, who had known Livingstone, the great explorer.

The great weakness of Christian missions was the unchristian conduct of so-called Christian people, declared Mr. Rowell.

The great war had shown that no nation could prosper on the adversity of another. Christian people, like Canadians, could not play the part of the priest and the Levite and pass by.

Germany had the material force to enable her to achieve a victory during the first two years of the war. But it was confidence in the cause of right and justice that upheld the courage of the allies, who thereby saved the world for righteousness.

Problem in Black and White. To South Africa, south of the Zambezi River, there were one and a half millions of European stock and seven and a half million natives.

Missions to the East. J. H. Arnup briefly referred to the campaign which had been inaugurated to raise funds for missionary purposes, and Fletcher Brockman spoke interestingly on the far east as a factor in the world's future.

James Tindall Heads Woodstock Conservatives. Woodstock, Ont., Jan. 13.—(Special.)—James Tindall has been elected president of the local Conservative club for the third consecutive term.

Makes Horses Winter in an Open Field. Montreal, Jan. 13.—One of the most distressing cases that has ever attracted the attention of the Society for the Prevention of Cruelty to Animals, was recently brought to the notice of that organization by Inspector Wilkinson, who discovered four horses, a cow and two calves at Riviere de Prairie in such a pitiful condition of exhaustion as to be almost dead.

J. Bisch, Jr., Bridgeport, Is Missing in Northland. Kitchener Ont., Jan. 13.—(Special.)—It was given out here today that Jacob Bisch, Jr., of Bridgeport, who for the past six years has been a trapper in the north, has been missing since October 5. Bisch had traps near Allenwater. He was last seen by some bushmen on October 5. A search of the woods is being conducted.

Wife of W. Euler, M.P., Is Seriously Burned. Kitchener, Ont., Jan. 13.—(Special.)—Mrs. W. D. Euler, wife of W. D. Euler, M.P. for North Waterloo, narrowly escaped death this morning when her clothing took fire as a result of a hot coal from the furnace falling on her clothing and igniting her dress. She received severe burns and was removed to the hospital, where it is reported she will recover.

BRANTFORD GOES ON WITH FUEL INQUIRY

Civic Officials Did Not Allow for Wood Shrinkage — Extend Car Lines.

Brantford, Ont., Jan. 13.—(Special.)—That there had been no allowance made for the natural or additional shrinkage in wood cut at the city fuel yards, was brought out in the fuel inquiry before Judge Hardy today. Ex-Alder J. T. Burrows, last year's chairman of the fuel committee, declared that the shrinkage in wood reached 35 per cent, and no provision was made to allow for this.

To Extend Car Lines. Extensions to Holmedale from the main line and to the General Hospital are planned by the street railway commissioners, and the work, it is expected, will be carried on as soon as spring arrives. The commissioners have already secured the necessary rolling stock for the extensions.

SERUM TO CHECK CATTLE DISEASE

Foot and Mouth Preventive Discovered By Commission of French Experts.

Paris, Jan. 13.—A serum for the prevention of foot and mouth disease has been discovered by a commission of French experts, but it is impossible at the present time to manufacture the serum in sufficient quantities to inoculate all cattle against the plague.

Attention is now being given to increasing the production of the serum, of which there is only enough to inoculate the prize cattle and valuable animals of the world.

Professor Vallee, who is attached to the Alfort governmental agricultural school laboratory, discussing the disease today, said that the microbe was invisible under the microscope, it being so infinitesimal that it passes thru porcelain filters, which he heretofore retained all known microbes.

FOR GAME PRESERVE IN NEW BRUNSWICK

Proposal to Allot Hundred and Fifty Square Miles for Moose and Deer.

Moncton, N.B., Jan. 14.—A movement is on foot in this section of the province for the establishment of a game preserve, particularly for the preservation of deer and moose. The land suggested for the preserve is a wild territory extending north of Norvers Brook to Canaan Station, to the original Inter-Colonial Railway line on the east side and the Canaan River on the west.

The chairman of the meeting was J. H. Gundy, and during the evening a massed choir, under E. M. Shildrake, sang several hymns. Prayers were offered by Rev. E. B. Lancelley.

Makes Horses Winter in an Open Field. Montreal, Jan. 13.—One of the most distressing cases that has ever attracted the attention of the Society for the Prevention of Cruelty to Animals, was recently brought to the notice of that organization by Inspector Wilkinson, who discovered four horses, a cow and two calves at Riviere de Prairie in such a pitiful condition of exhaustion as to be almost dead.

J. Bisch, Jr., Bridgeport, Is Missing in Northland. Kitchener Ont., Jan. 13.—(Special.)—It was given out here today that Jacob Bisch, Jr., of Bridgeport, who for the past six years has been a trapper in the north, has been missing since October 5. Bisch had traps near Allenwater. He was last seen by some bushmen on October 5. A search of the woods is being conducted.

Wife of W. Euler, M.P., Is Seriously Burned. Kitchener, Ont., Jan. 13.—(Special.)—Mrs. W. D. Euler, wife of W. D. Euler, M.P. for North Waterloo, narrowly escaped death this morning when her clothing took fire as a result of a hot coal from the furnace falling on her clothing and igniting her dress. She received severe burns and was removed to the hospital, where it is reported she will recover.

SELLERS-GOUGH

Store Opens at 8.30

You May Never Again Be Offered Such Magnificent Furs at Such Startlingly Low Prices COMPLETE CLEARANCE OUR OBJECTIVE

Many of the Most Beautiful Coats and Fur Pieces in Our Store are Now Reduced to Half Their Former Prices.

TOMORROW you can save money by taking advantage of the unusual situation in the fur business. The late season, the mild weather, the luxury tax, general conditions, all combined to leave us with an excessive stock. It is the fixed Sellers-Gough policy that nothing must be carried over from one season to another. To attain immediate clearance we have reduced prices without any regard for cost.

The prices listed here represent reductions at least 33 1-3%. Many of the finest creations that master artists have ever produced are tomorrow offered to you at actually half their former prices. Every wanted fur, every wanted style will be on display at amazingly reduced prices. Read through this list. It is but typical of the wonderful array of bargains this store offers you tomorrow.

Muskrat Coats. \$350.00 —Made from very fine quality dark Canadian skins, in the full box styles, with all-around belt at waist and pockets. The large shawl collar and deep cuffs, with a wide border on skirt of coat, are cut from best quality Hudson seal skins; all have fine quality silk linings. 36 inches long. Reg. \$350.00. SALE PRICE \$165.00

GRAIN SPECULATION
MEANS WIDE MARKET

Future Trading Not Cause of
Decline, Says Chicago Board
of Trade President.

Washington, Jan. 13.—The grain
trade can get along without the present
marketing system provided con-
gress is ready to place the United
States farmer on a plane with the
Russian peasant and the Argentine
farmer, L. F. Gates, former president
of the Chicago board of trade, de-
clared today to the house agriculture
committee which was considering bills
to regulate future exchanges. The sys-
tem makes for a wide market, in-
creases the return to producers and
prevents a monopoly.

Enactment of the Tincher regula-
tion bill would increase the opportu-
nity for manipulating the market, Mr.
Gates asserted. The exchanges have
themselves adopted safeguards against
manipulating, he added.

Future trading had nothing to do
with the decline in the grain market,
he witnesses maintained, but the situa-
tion was due to the financial condi-
tion of Europe, refusal of the people
generally to buy, increased freight
rates and a desire for more direct
marketing.

Speculation is necessary for the
grain trade, Mr. Gates asserted, as it
makes for a broad liquid market and
furnishes a constant market for the
producer until such time as the con-
sumer needs a supply.

SUGGESTS SIR R. BORDEN
FOR GOVERNOR-GENERAL

Ottawa, Jan. 13.—(By Canadian
Press)—In a letter to a local paper,
John S. Ewart, K.C., suggests the ap-
pointment of Sir Robert Borden as
governor-general of Canada. "He has
done a great deal of hard, conscien-
tious work in the service of Canada,"
Mr. Ewart remarks, "and has well
earned the right to be her first vice-
roy."

NEXT C.M.A. CONVENTION
TO BE HELD IN QUEBEC

Montreal, Jan. 13.—It was announced
at the regular meeting of the Montreal
executive of the Canadian Manufac-
turers' Association at the Windsor Hotel
here today that the next annual con-
vention of the association will be held
in Quebec city during June. It is ex-
pected there will be about two thou-
sand delegates in attendance.

Loose Leaf Tobacco Markets
Will Close for Over a Week

Lexington, Ky., Jan. 13.—All loose
leaf tobacco markets thruout the Bur-
ley district of Kentucky, Indiana and
Ohio, closed for more than a week be-
cause of unsatisfactory prices offered
by buyers, will open January 17. It
was decided at a meeting of ware-
house men here late today.

SYDNEY STEEL PLANT CLOSING

Sydney, N.S., Jan. 13.—Conditions
here point to a closing down of the
steel plant within a period of two
weeks. By the last of January the
large orders of the Dominion Iron
and Steel Company will be exhausted,
according to the announcement of an
official.

GRAIN FIRE AT MAIDSTONE

Maidstone, Ont., Jan. 13.—The grain
elevator and chopping mill at the
M.C.R. station, owned by Vincent
McCloskey and George Groulx, was
burned about two o'clock this after-
noon. The fire was caused by a hot
journal taking fire and catching on
the oil and flour dust.

OFFICIALS EXPECT
CHAOS IN AUSTRIA

(Continued From Page 1),
ing the way for the extremists in Vi-
enna, Bavaria and Italy, and perhaps
Switzerland, are expected to take
measures that the regions of Austria
bordering on their territories will not
fall into a situation menacing to them.
Baron Eichhoff indicated there was
danger of a part of Austria at least
falling into the hands of Germany, de-
spite the provisions of the treaty of
Versailles.

May Look to Germany

"Without a government capable of
maintaining order it will naturally be-
come necessary for the Bavarians to
protect the railway lines connecting
the two countries," the Baron said,
"to insure proper communications."
This will involve the use of Bavarian
police on the Austrian side of the line.
What this may lead to is obvious, in
view of the chaotic conditions neces-
sarily following a suspension of in-
terior government control.

The communist movement for the
moment is not important, Baron
Eichhoff declared, but after a political
collapse it would be impossible to tell
what might happen. Vienna, however,
he considered would most likely fall
into the hands of pillagers, adding
that if the whole country was not
overrun by hungry and turbulent ele-
ments it would be because Italy, Ger-
many and Switzerland prevented such
action.

"The treaty of St. Germain required
Austria to live upon her own restricted
means," said Baron Eichhoff. "Her
statesmen informed the allies that this
was impossible, but the allies said she
must do so just the same. She has
tried and failed because not only her
territory but her credit was withdrawn
from her. The crown has gone down
and the coat of arms in Austria has
gone up until now we are unable to
pay the salaries of government em-
ployees, which amount to 13,000,000
crowns annually, let alone buy raw
materials with which we might work
out our own salvation.

"The treaty forbids us to unite with
Germany, and circumstances prevent
us from saving ourselves in any other
way. We now are at the end of our
resources. Charity may feed part of
the population, but measures for assur-
ing the economic future of the state
are lacking. There is no one willing
further to undertake to keep the ship
afloat."

pieces, formerly priced
up to \$160, today \$97.50

Come early for there is only one of each kind. Sale starts 8.30 today.—Fourth Floor.

Furniture
Exhibition
Now Being
Held At
36-38 King St. W.
Toronto

While this exhibition is
purely for the purpose of
permitting the furniture
buyers from all over the
Dominion to gather to-
gether in one place to see
the new 1921 models and
designs, the committee in
charge has decided to offer
the general public the op-
portunity of inspecting these
designs before they get into
the stores.

All lovers of good furni-
ture are cordially invited
to attend. No furniture
will be sold to the public.
Nobody will be solicited
to buy. The exhibition is
a striking revelation of the
ability of Canadian crafts-
men to produce home fur-
nishings equal to the out-
put of the best factories
anywhere.

The Exhibition will be
open to the public in the
evenings of

- Thursday, January 13th
- Tuesday, January 18th
- Thursday, January 20th

A Man's \$87.50 Dress Overcoat for \$58.50

Any man who wants a smart-looking Overcoat for important dress occasions and evening wear, will find that these offered specially today fill every requirement. Not only are they good looking, cut in correct style, of fine quality melton cloths, but they are serviceable too, having good linings and careful tailoring. They are in double breasted style, fit closely, and are cut in the proper length. At today's prices these coats represent exceptional value.

Women's Boots, Special at \$8.85

The offering will appeal to every woman who has been waiting for a good opportunity to purchase a pair of smart-looking boots at a low price. The styles are the very newest; the leathers Vici Kid, Gunmetal Calf, Patent Leather, Brown Calf, and Patent Leather with Suede tops; and the price is away un-
der the regular. Light and heavy soles; Spanish Louis, Cuban and Military heels. Complete size range in the collection, but not in every style.

Women's Fine Lawn Handkerchiefs, 50c

All White, White with colored embroidered corner design, and White with colored borders, make up the choice in the collec-
tion. All with hemstitched edges. Special prices today.

Special Purchase of Manufacturer's
Sample Neckwear Regularly \$1.50 on Sale 50c

Being a sample line, nearly every piece is different, and as the collection is a rather large one, you can imagine the choice that awaits you. Collar, vests and pique collars, an excellent variety in each. Some of the smartest neckwear we have seen this season included.

Collars of sheer organdies with net frills. Organdy with lace trimming; and organdies in White with colored embroidery. Net Collars with frills of narrow French Val. Vestee Fronts with collars in organdy, in White and colored combinations. Pique Collars in Buster Brown and tailored styles.

Women's Odd Vests Clearing at 75c

Good vests at this price is an opportunity to lay in a few extras. "Cumfy-cut," "Swiss," and other well-known makes are in-
cluded—broken lines from our stock—made of fine soft cotton and with beaded edge finish. The styles are low neck, no sleeves; and low neck, short sleeves. Regularly these are \$1 and \$1.25 each.

Watch For Half Price Sale of Women's English Cashmere Hosiery Saturday

Week End Specials From The Boys' Department
BOYS' OVERCOATS, \$13.50

These are made of Cheviot and Tweed coatings and Witney cloths, of a weight warm enough for winter wear, yet not too heavy for early spring. They are especially good value at the sale price, being marked regularly from \$18 to \$25. Sizes for boys 10 to 16 years, and a choice of smart models. Good selection of colors, including Navy and Grey.

Boys' Chinchilla Reefers at \$11.50

The coats were formerly priced at \$18.50, so there's a worth-while saving buying at Friday's price. They are made of an excellent quality chinchilla, in smart reefer styles with velvet collar, gilt buttons and emblem on sleeve. All are lined with heavy flannel. Sizes for ages 8 to 10 years in the group.

Boys' Smart \$2.50 Shirts at \$1.65

20 dozen boys' shirts from regular stock, offered at this special figure to-
day. They are made of good quality percale in a variety of smart stripe ef-
fects—all with French cuffs. Sizes 12 to 14.

Towel Day in The Sale of White

Two exceptional offerings focus on the Towel Department the attention of those who be-
lieve in supplying their needs at January's low prices.

Fine Quality Pure Linen Huck Towels, 98c Pair

These towels would be good value at half more than this price, for they are made of an excellent quality pure linen. They have hemmed ends, tape borders, and are in a good serviceable weight. Size 18 x 34. Special.

Extra Large Pure Linen Huck Towels, 90c Each

These are in the large 24 x 41-inch size, and made of one of the best qualities of pure linen. They all have hemmed ends and are in a good serviceable weight. No question of their value at today's sale.

5,000 Terry Wash Cloths, Extra Special at 10c Each

These wash cloths are made of a quality of terry towelling that should prove very serviceable. They measure 10 x 10 inches and are trimmed on edge with Pink or Blue. No Phone orders. Come early.

10 Only, First Quality
Hudson Seal Coats
To Clear at
\$295

Throughout the whole season Mur-
ray-Kay prices have been the low-
est for quality to be seen any-
where, so the fact that these coats
were originally \$600 speaks vol-
umes for the value.
Only 10 in this group, all the high-
est grade of skins. Trimmed with
Squirrel, Skunk, Alaska Sable or
Opossum, two of the latter border-
ed as well. All are belted, beauti-
fully lined and finished. In 36-
inch length. On Sale Today.

Two Remarkable Sales
In the Women's Shop Today

Smart, well-cut coats, made of high grade materials, properly finished. There are Tweeds, Blanket Cloths, Plush or Velours. Many with collars of Sealine. All are lined to the waist in satin, are belted and have deep cuffs. The colors are Grey, Navy, Brown, Henna.

Silk-lined winter suits in a variety of styles, includ-
ing the plain tailored, the string-belted and the Nor-
folk models. Made of Sil-
vertone, Cheviot, Velours,
Tweeds and heather mix-
tures. Button trimmed,
pin-tucked or stitched in
silk. In Navy, Brown or
Henna.

Women's Coats Regularly \$59.50 for \$35

Women's Suits Regularly up to \$65, for \$35

Great Special in
Flannelette Nightgowns
at \$1.95

A wonderful selection of fine quality flannelette nightgowns, worth in the regular way up to \$3.50, make up this big Friday special. These are Gowns in Pink or Blue striped flannelette, made in button-in-front style, with round or V neckline, with long sleeves, trimmed with hemstitching or braid. Also in slip-over style with kimono sleeves. "Billie Burkes" in Blue or Pink striped flannelette, with high shirred waistline and elastic at the ankles. On Sale Today.

Important Selling of Lace Curtains, Today

Every woman who is prepared to supply her spring curtain needs now if by so doing she can save considerable, will be interested in this offering, for it brings the opportunity of buying fine curtains suitable for Dining, Living and Bedroom at prices greatly under regular levels.

- Best Quality Marquisette Cur-
tains, with hemstitched borders
in Ivory and Ecru, all 2 1/2 yards
long. Some of these are in the
heavy quality cable marquisette.
Values up to \$24.00.
- Marquisette Curtains in Ivory and
Ecru, with hemstitched and lace
edges. Good quality, all 2 1/2
yards long. A limited number
of pairs in this group.

Pure Silk Stockings at \$1.50
Regularly \$2.50 and \$3

Price sharply reduced to effect clearance be-
cause these stockings are broken lines from
stock. But they are all good qualities, per-
fect in every respect, and of a weight of silk
that's desirable for present wear. They
have seamed leg, lisle garter tops, spliced
heels and toes. The color range includes
Black, Navy, Grey, Taupe or Brown. Sizes
8 1/2 to 10, but not every size in every color.
No phone or mail orders.

Broken Lines of Dress Vel-
veteens, Regularly \$3.00, Clear-
ing at \$1.75

Broken lines of Velveteens, one of the sea-
son's most popular fabrics, grouped for clear-
ance and priced at this low level. Good
qualities in six attractive shades — Navy,
Wine, Amethyst and Brown, in 27 inch width,
and Green and Light Brown Corduroy, in 2 1/2
inch width. Come early.

MURRAY-KAY COMPANY, LIMITED

The Toronto World

FOUNDED 1859. Morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

Who is Going to Be Fooled, the Farmer or the Manufacturer?

As robins betoken the approach of spring, so editorial utterances of Liberal newspapers betoken the approach of the West Peterboro by-election.

Do not worry about Liberal spellbinders howling for free trade in the rural districts. They are merely at their old game of trying to fool the farmer.

There is undeniably force in this argument. The Liberal leaders cooled a large body of their followers in 1896, and they might do it again in 1921.

But should the manufacturer lend himself to any conspiracy to double the price of the farmer by electing to Parliament ostensible free traders secretly pledged to Protection?

Does the Globe favor: 1. Increasing the British preference to fifty per cent.?

2. Putting all foodstuffs on the free list?

3. Admitting all agricultural implements into Canada free of duty?

Canadian Flyers and Our Visiting Balloonists.

It has been demonstrated that our neighbors are starting in to tackle the problems of air navigation—a business in which Canada has trained quite a lot of her sons.

But there is a valuable corollary to this American adventure at Hudson's Bay, and it is that Canadian airmen will be establishing within the next few weeks a passenger and express service between stations on the railways of our western provinces and the new oil fields of the great Macleod River basin.

These airplanes going we believe the business will be continuous, notwithstanding the severe climate.

Instead of making a month's sensation over our escapade in the air for our neighbors we will be able to show them every day trips across our Barren Lands that will still more permanently interest the world at large in its need for oil and gasoline.

Highways and High Bridges.

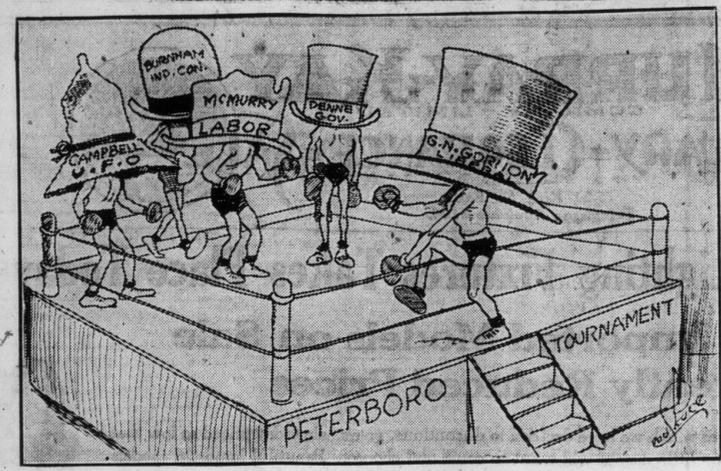

The World this morning outlines a proposal for a high level bridge bowing around Yonge street to the west on the high ground at York Mills across the valley of the West Don.

A somewhat similar problem presents itself at Bloor street across the Humber, also a high level bridge between Tedmorden and Leaside. It is to the credit of Hon. Mr. Biggs that he is not afraid to tackle these problems.

Lo, the Poor Litigant!

Much of the letter contributed to The World this morning by Mr. W. A. Williamson, the general public, and even lawyers who can see beyond the length of their noses, will agree.

Litigation is drying up and the people are avoiding the law courts like a plague, mainly because the lawsuit has become too involved, too expensive,

ANOTHER HAT IN THE RING

Too long drawn out to afford proper redress for a real grievance, legal procedure is a century behind the times, and governments everywhere have been compelled to transfer much jurisdiction from the courts to administrative commissions.

He gives as a reason that Canadian Judges may err in deciding cases thru political prejudice, and therefore we should take our cases for decision by English judges who know nothing and care less about our party politics.

An interesting item appears in Mr. Hanes's avowal, showing what enormous law costs are attached here and abroad.

Now it is proposed that the government should provide adequate equipment for that purpose.

Remarked in Passing.

Shanghai's chief of police has issued a warning that Chinese women who affect immodest modern costumes will be arrested.

OTHER PEOPLE'S OPINIONS.

RANEY VS. RIDDELL IN THE LAST APPEAL.

del is prevented by professional etiquette from entering a controversy on that head of discussion. His pleading takes the feeble form of loyalty, and he is helpless if that public statement and possibly a private one does not deter his antagonist from pressing what appears to him an undesirable issue.

In this matter the public are concerned. We were given notice a short time ago by the actions of the Hon. Mr. Ferguson, then before Judge Riddell, that he feared injustice at the hands of the judges appointed to hear his case.

Quarrel Patched Up.

According to them, the quarrel between Lieuts. Hinton and Farrell was all patched up and that they were the best of friends.

THAT WASTE OF MONEY.

Editor World: I sincerely hope your timely article in this morning's World, headed "A Waste of Money," will have the desired effect.

RESCUED AIRMEN GIVEN WELCOME.

(Continued From Page 1).

point of pulling the rope which let the gas out of the bag behind Lieut. Kloor, who was more familiar with balloon flying, said: "For heaven's sake don't pull that yet; we're a long way from the ground."

They finally came to earth, and after wandering for some time heard a dog barking. They came across an Indian who brought them to Moose Factory in safety.

Quarrel Patched Up.

According to them, the quarrel between Lieuts. Hinton and Farrell was all patched up and that they were the best of friends.

THAT WASTE OF MONEY.

Editor World: I sincerely hope your timely article in this morning's World, headed "A Waste of Money," will have the desired effect.

RESCUED AIRMEN GIVEN WELCOME.

The World's Weekly Serial The Duke of Chimney Butte

Continued From Yesterday's World. Lambert looked over the wide landscape, the distant buttes softened in the haze that seemed to preface the advance of autumn, considering much.

"You mean I oughtn't to sell the cattle, Duke?" "Yes, I think you ought to clean them out. The bulk of them are in as high condition as they'll ever be, and the market's better right now than it's been in years."

"I'll do it in a minute, Duke—I'll do it whenever you say the word. I'll do it in a minute, Duke—I'll do it whenever you say the word."

CHAPTER XII. BUSINESS AND MORE.

That night Lambert felt an unusual restlessness. He was in no mood for his bed. He left Vesta in the bunk house and went out into the moonlight in search of solitude.

They found a place to sit, and for a few moments no effort at conversation was made. Lambert's thoughts, which a few minutes before had been dwelling upon his childhood, were now on the present.

"I don't like the notion of your leaving the country, Vesta," he said, coming to it at last.

"I want you to meet me over there where I'll be in the morning, and have everybody out of the way so we can manage it if you want to, Duke. You will, if you care."

Positively the highest class talking machine in the world. Try Columbia, Victor, Edison, Pathe or any make of record, the Sonora plays them perfectly.

291 DANFORTH, Cor. Carlaw 2036 QUEEN E., Beach 26-28 YONGE ST. ARCADE

of the ranch for you while you're gone, Vesta." She looked up with a quick start of surprise.

"I'll do it in a minute, Duke—I'll do it whenever you say the word. I'll do it in a minute, Duke—I'll do it whenever you say the word."

"I'll do it in a minute, Duke—I'll do it whenever you say the word. I'll do it in a minute, Duke—I'll do it whenever you say the word."

"I'll do it in a minute, Duke—I'll do it whenever you say the word. I'll do it in a minute, Duke—I'll do it whenever you say the word."

your father know—doe know—nobody else. It is not as if I am asking this of you. I am asking this of you. I am asking this of you.

CANADA LIFE IN 1920

RECORD UNUSUAL SUCCESS IN SEVEN-FOUR YEARS

CANADA LIFE BUSINESS IN 1920

President Reviews Financial Statement

The unusual demand for life assurance which developed in the previous year continued without abatement almost through 1920 and our own institution was enabled to issue \$63,800,000, thereby making a new high record for any one year and bringing our business in force up to \$277,000,000.

Business in Great Britain. The general improvement in our branch organization in Great Britain has been its full share in the expansion of the year. Opportunity was taken to visit with the General Superintendent in London, and the most encouraging optimism and activity was found to exist everywhere.

In the effort to give our representatives a more thorough equipment and foundation for their contact with prospective holders of policies, we evolved a few years ago a course of instruction by correspondence and have more recently added a series of classes which are carried on in the home office.

THE PRESIDENT'S ADDRESS

Mr. HERBERT C. COX REVIEWS BUSINESS OF 1920 CANADIAN CONDITIONS FAVORABLE FOR FUTURE

In the early part of the year general business conditions continued much as they had been in the previous twelve months. Bank deposits were growing; commercial credits were increasing, although under keen scrutiny; manufacturers were placing enlarged orders for raw materials, wholesalers and retailers were striving to implement their stocks, labor through the strikeless forcible means, was demanding and receiving higher wages;

Health Conservation. There has been held in Canada during the past year many important conferences and conferences of some of them looking to a greater development of trade within the Empire and kindred subjects, while the latter is of moment to the life assurance companies, as anything which tends to raise the standard of health and morals bears directly upon their success.

Business is Recovering. This process of recovery from what was an artificial set of conditions created by the war, under circumstances attending the war, though distasteful, is necessary if we are to return to a sound and sane basis. It is unavoidable that in the operation there will be hurt alike those who have benefited and those to whom the disappearing conditions, but the silver lining of the cloud must at last become apparent and four to be normal viewpoint and a normal standard of living and working conditions.

Effect Upon Loan Business. One effect of the adverse exchange and the high interest rates prevailing in Great Britain which will be increasingly felt in Canada is the difficulty, amounting almost to impossibility, of retaining British monies borrowed by our loan companies upon proper security here is so narrow as to render the profit on such transactions extremely small and unattractive.

with this thought in mind even then, your Directors acquired the adjoining corner of King and Bay streets and early last year they authorized the purchase of two parcels immediately to the north of our Bay Street frontage, which I am sure will carry you approximately half a million dollars in value in our books and between their hands. You will remember that except in the instance above mentioned, it has been our practice to absorb investment values, but we do not take advantage of a rising market to write them up.

OF INTEREST TO POLICYHOLDERS

GROUP INSURANCE

Netwithstanding payments to policyholders during the year amounting to \$8,254,883, the assets were increased by \$4,756,688. The assets of your Company are in the very best class of investments. For instance, bonds of the Dominion and Provincial Governments now represent 22 per cent. of the total assets, having been increased by three million dollars during 1920.

Mortgage loans, another very high class of investments, were also increased by three million dollars, and represent 33 per cent. of the assets. A particularly good feature of the year was a decrease in the percentage of loans on policies from 14.02 to 13.60 of the assets. While, of course, this is a perfectly good security, it is a satisfaction to note that policyholders appreciate the advisability of paying off the loans.

Frequently a policyholder will pay off a little at a time, thus gradually reducing the indebtedness, and the Company is always ready to accept these small payments whenever convenient. In the meantime, while the loan exists, there is an easy and convenient way, open to most policyholders in good health, to "insure" the loan, so that it will not be deducted from the face of the policy, if death occurs within a certain time, and while the loan is being paid off. A letter to the Manager will bring particulars as to this.

Insurance Act. It is understood to be the intention of the Government to introduce at the approaching session of Parliament a Bill of Amendments to the Insurance Act, which will make that already excellent instrument still more comprehensive. It has been suggested that one of the chief additions to the provisions of the Act should be that each of the companies should be able to undertake the various branches of life, fire, accident, health, etc. This combination is quite common and successful in Great Britain and might eventually make for economy in the conduct of the business through concentration of management, supervision and other items.

Some years ago attention was directed to the taxes imposed by the various Provinces upon premium incomes of the life insurance companies within the respective Provinces. Continuous effort has been made looking to the elimination or reduction of these charges on the ground that they are being levied upon the savings of the individual holders of policies in the companies, and Ontario has been the first, as usual, to take action in the matter. Somewhat over a Year ago the Government lent sympathetic consideration to our representations, pointing to early relief and happily, their successors, the present Government, have taken the same broadminded view of the situation and have reduced the tax by one per cent to 1 1/2 per cent. This is now the lowest rate demanded by any of the provinces, and it is felt that action will be of material assistance in securing similar consideration from the other Les-

EMPLOYEES OF MANY FIRMS NOW INSURED IN THE CANADA LIFE

During the past year a large number of Companies have secured Group Insurance protection for their employees. Toward the end of 1920 the applications for Group Insurance were coming in at an increasing rate which bids fair for steadily-increasing volume for 1921.

The Group Policyholders of the Canada Life now include many varied branches of trade and industry, such as—Printing Plants, Lithographic, Leather Making, Furniture Manufacturing, Iron and Steel Foundries, Machinery, Jewellery, Rubber, Oils, Dry Goods, Boots and Shoes, and other lines of business; also special groups, such as Civic Employees, Club Employees, etc.

Nearly all employers have shown great interest in Group Insurance from the time this plan came to their attention. Many have welcomed the Group plan as a much-needed service for employees and their dependents. There are many employees unable to get personal insurance themselves. Many others are not insured because they do not fully realize their responsibility to their dependents. The Group plan presents an opportunity to the employer to place them all in the insurable and insured class, as every worker and producer ought to be. It also serves as a reward for service and an incentive toward greater co-operation and better stability in employment.

Group Insurance is appreciated by employees, particularly by the better and steadier class of workers, which is a class every employer wants to secure and to hold. Their appreciation grows when deaths occur and they see the funds paid to the widows and mothers, or other beneficiaries, who are generally in great need of the ready cash.

The Group contract of the Company has been drawn up to include every up-to-date feature that is of value to employer and employee. It is one of the most liberal contracts on the market. The premium rates are very low—the year's premium usually amounting to an average of two or three cents a day per employee for each \$1000 insurance. There are no lower rates obtainable anywhere. When death occurs, the claims are paid promptly so that the family is quickly available at a time when most appreciated. All employees who have placed their Group Insurance with the Canada Life are thoroughly satisfied with the service that the Company is in a position to give. The business of providing Group Insurance and civic employees in various parts of the country. Notwithstanding the present period of readjustment in values and the temporary depression in some lines of trade, a constantly increasing volume and amount. The new spirit of responsibility in industry to some extent is evidenced in the fact that there is abundant evidence of its appreciation by employees, and the verdict of most employers is that it has proven to be an important factor in maintaining employment and improving relations between employer and employees.

IN 1920—The Canada Life Assurance Company

Made the following Substantial PROGRESS:

	1920	1919
Total Assurance in Force increased to	\$276,667,000	\$46,878,000
Total Assets increased to	76,198,000	6,756,000
Reserves for Protection of Policyholders	\$3,665,000	5,598,000
Total Income in 1920	15,739,000	3,717,000
New Assurances Issued in 1920	62,525,000	17,144,000
New Assurances paid for in 1920	58,260,000	16,619,000
Surplus Earned in 1920	2,163,000	285,000
Dividends to Policyholders in 1920	2,723,000	1,650,000
Total Payments to Policyholders in 1920	3,255,000	1,907,000

Above, in brief, are the results for 1920 as shown by the Financial Statement. Below are a few other important accomplishments during the year.

- Maintained dividends to Policyholders at pre-war scale, notwithstanding increasing costs and some adverse conditions.
- Improved its service to the public through special training of Representatives and careful selection of men.
- Won unstinted praise from the Government Insurance Departments of Michigan, Illinois, Pennsylvania and Minnesota, after most thorough examination of Assets and Management.
- Made the largest Surplus Earnings in the history of the Company.
- Increased the average interest to 6.10 per cent.
- Placed more insurance with present Policyholders than in any other year and increased public interest in Monthly Income, Business Insurance and Group Policies for industrial workers.

(A complete Annual Statement will be mailed upon request.)

"Goodbye" to these Automobile Ulsters

Hickey's Saturday Program of Farewell

When we stocked these heavy ulsters we didn't dream they would ever be reduced to these figures.

The mild winter has sadly interfered with the demand for these warm, heavy coats, that's the other reason.

Any man that has to face rough weather—either in a car or a cutter—might well buy one of these coats as an investment, even if spring were right here.

Farewell prices throughout the store tomorrow—overcoats, suits, shirts, underwear, ties, socks—everything in the store. We're going out of business, and we are not coming back.

But first of all, see these ulsters! 97 Heavy Winter Automobile Ulsters, smooth and rough finished tweeds—some of them built of Hewson's tweeds—all wool.

Hickey's \$40 Overcoats for \$23.95. Men's Winter Overcoats, of all-wool tweed and cotton and wool mixtures.

Hickey's \$45 Suits for \$28.95. Men's Suits in a beautiful variety of blue serges, herringbones and stripes.

Hickey's \$34.00 Suits for \$18.95. Men's Suits that were selling up to \$34.00—style, fit, wear, finish, everything you expect in a good everyday suit.

Hickey's \$40.00 Suits for \$23.95. Men's Suits that would sell anywhere today up to \$40.00; tweeds and worsteds, stripes and checks.

FAREWELL PRICES IN FURNISHINGS. Men's \$7.50 Combinations, \$4.89. Men's \$3.50 Shirts, \$1.89. Hickey's \$2.50 Ties for 89c.

Little lots and ends of stock too small to advertise, will be found throughout the store at Farewell Prices tomorrow. Come and see what you want.

GREAT LAKES OIL REFINING Company, Limited, Incorporated Under the Laws of the Province of Ontario.

NOTICE is hereby given that a meeting of the Holders of the Eight Per Cent Bonds of the above Company, secured by Trust Deed dated April 1st, 1918, and made between the Company and National Trust Company, Limited, of Toronto, Canada, as Trustee, will be held at the office of National Trust Company, Limited, 18 King Street East, Toronto, on the 15th day of January, 1921, at 11 o'clock noon, for the purpose of considering what action, if any, should be taken by the bondholders under the terms of the said Trust Deed, and without limiting the scope of the foregoing, for the purpose of considering and, if thought fit, assenting, with or without modification, to any extraordinary resolutions which may be proposed at the meeting.

1. That a receiver or extraordinary receiver be appointed to represent and act for the bondholders in and about the business of the Company from time to time in all any vacancy that may exist in the office of the Company as aforesaid.

2. That the action of the Trustee in declaring the principal moneys of all the bonds issued by the Company to be due and payable and in applying for a receiver and obtaining judgment in an action for the enforcement of the Trust Deed between the Trustee as plaintiff and the Company as defendant, be approved.

3. That the Committee be empowered in its discretion to do any and all things which it may deem necessary or expedient to do in and about the business of the Company from time to time in all any vacancy that may exist in the office of the Company as aforesaid.

4. That the Committee be empowered to do any and all things which it may deem necessary or expedient to do in and about the business of the Company from time to time in all any vacancy that may exist in the office of the Company as aforesaid.

5. That the Committee be empowered to do any and all things which it may deem necessary or expedient to do in and about the business of the Company from time to time in all any vacancy that may exist in the office of the Company as aforesaid.

6. That the Committee be empowered to do any and all things which it may deem necessary or expedient to do in and about the business of the Company from time to time in all any vacancy that may exist in the office of the Company as aforesaid.

7. That the Committee be empowered to do any and all things which it may deem necessary or expedient to do in and about the business of the Company from time to time in all any vacancy that may exist in the office of the Company as aforesaid.

8. That the Committee be empowered to do any and all things which it may deem necessary or expedient to do in and about the business of the Company from time to time in all any vacancy that may exist in the office of the Company as aforesaid.

The World's Weekly Serial
The Tale of Cinnamon Butte
 By G. W. Ogdan—Copyright 1920

(Continued From Page 5.)
 "Five hundred," said Lambert, mechanically repeating the sheriff's words, "is my own calculation of my own pocket." "He ain't got no more than six thousand dollars more on the outfit and skip the country."

CHAPTER XIII. Unmasked.
 THE Kerr ranch buildings were more than a mile away from the place where the sheriff had looked down on them.

"I'll take the front door; you watch the back," said the sheriff, "and I'll take the back door; you watch the front." "It was not closed up half the distance between them and the house when the sheriff and his posse entered the ranch fence. Outside the fence they were met by a crowd of men, some of whom were carrying rifles and shotguns.

SIR HERBERT HOLT
HOPEFUL IN VIEWS
 President of Royal Bank Says Business is Getting to Sounder Basis.

Montréal, Jan. 13.—The annual meeting of the Royal Bank of Canada, held here at noon today, marked the close of the most successful year in the history of the bank, and was also featured by a number of interesting announcements by Sir Herbert Holt, the president, and Edmond L. Pease, vice-president and managing director.

In discussing the Cuban situation, Sir Herbert H. Holt stated that the Royal Bank, after an experience of twenty years in Cuba, was satisfied that there was no safer banking field, and expressed his confidence in the ability of the country to overcome the present temporary financial difficulties. As regards the policy of the bank in Cuba, Sir Herbert stated that the bank was conducting its business as usual and was not taking advantage of the moratorium.

Sir Herbert said in conclusion: "In summing up the general business situation, while I feel that caution and pessimism is out of place, and that we ought all to recognize the fact that business is being brought down to a new and sounder basis. I feel that the position is not so gloomy as it is being made out to be by some of the newspapers. The fundamentals of Canada's position are sound, granted that the Canadian people work hard and exercise reasonable economy."

Edmond L. Pease, vice-president and managing director, dealt in a very effective manner with the question of trade relations between Canada and the United States and gave in detail particulars regarding the tremendous increase in the quantity of goods being made by Canadians in the neighboring republic. He pointed out, however, that while we were being protected by the tariff, the Canadian dollar, Canada was in a better position in this respect than any other country.

INDIAN PRESS WELCOMES APPOINTMENT OF READING
 London, Jan. 13.—The entire press of India, including that of the Nationalists, warmly welcomes the appointment of Lord Reading as viceroy of India. A despatch from India today.

EAGLE ATTACKS CHILDREN.
 Tampa, Fla., Jan. 13.—A bald eagle attacked two children on a residential street here about dusk the other night. D. G. Hooks, hearing the children screaming, secured a gun and killed the bird, which was about six feet from tip to tip. The children were not hurt.

COALITIONIST DEFAT.
 Dover, England, Jan. 13.—The defection in the Dover division of Kent, necessitated by the elevation of Lord Deane to the house of lords, recently resulted in another defeat for the coalition. Sir Thomas Poleon, independent, won the seat in the house of commons over Major J. J. Carter, the Coalitionist-Unionist candidate.

DESIRE MORE ROOM FOR COUNTY COURTS

Deputation of Judges Appears at First Board of Control Meeting.

VETERANS' RENT CASES

Property Commissioner to Consider Appeal Made on Men's Behalf.

The 1921 board of control held its first meeting yesterday with Vice-Chairman Maguire presiding in the absence of Mayor Church, who is still too sick to leave his room.

A deputation of county judges, headed by Judge Costwell, waited on the board and urged the necessity of securing more space in the city hall for county court work.

Controlled the board of control to a report in the press referring to the effect that last year's board of control was not entirely friendly to the soldiers' organizations.

On the application of the local mothers' allowance board, the board of control instructed Property Commissioner Chisholm to find free office accommodation for the board.

An appeal was made to the board by J. Harry Flynn to arrange for the payment of rent for soldiers, who are married and single, who are without resources.

VETERANS GRATEFUL FOR RELIEF GRANT

The unemployment situation and ineffectual schemes occupied the attention of the meeting which the Toronto branch, G. W. V. A., held last evening in Gowan avenue hall.

In regard to the former problem, a vote of thanks was passed to the York Township council for its action in voting the \$10,000 relief grant for which the organization agitated.

The meeting appointed a deputation to act with representatives of other veteran bodies in determining a suitable form for the memorial to be erected in the grounds of Gowan Avenue School.

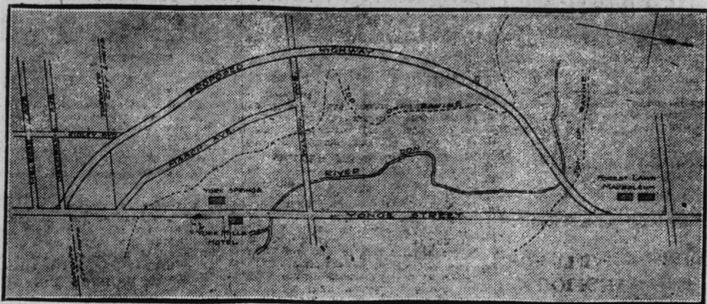

MEN YOU HEAR OF

Seen as Their Friends Know Them

No. 84, MAGISTRATE, JAMES EDMUND JONES of the police court, who succeeded the late Magistrate R. E. Kingsford. He was born in Belleville, Ont., in 1866, was educated in Upper Canada College and at Massey Hall last night among the Toronto University, and was called to the bar in 1891. He is a member of the board of trade and of the Aura League and National Clubs.

PROPOSED YONGE ST. DETOUR AT YORK MILLS

THE above map represents a plan under the consideration of the minister of highways (Hon. Mr. Biggs) and his department of highways for overcoming the dip on Yonge street at Hoggs Hollow, about five miles north of Bloor and Yonge streets, the real estate centre of the city.

The cost as to right of way will also be considered. People on the east side of Yonge street may think this treatment is all right, but that the bow ought to be on the east side.

Another possible plan, but probably beyond the money appropriation of the good roads of the highways department, would be a high level viaduct directly on Yonge street itself, the cost of which might be a good deal higher than a diverted bow on either side.

The World will be glad to give the views of all parties interested in this forward move of Hon. Mr. Biggs.

The length of the proposed roadway from Delaware avenue to a point on Yonge street just a short distance south of the Mausoleum, is about 3400 feet, or 1300 feet longer than that stretch on Yonge street which it is desired to avoid because of the long heavy grade.

The World understands that property owners affected have all expressed approval of the project and given the necessary options.

Government officials also made an examination of the land to the east of Yonge street, but abandoned any idea of making the deviation in that direction, because of the width of the ravine and other engineering difficulties.

INDUSTRIAL BANNER HAS POLICY CURBED

Editor James Simpson Accepts Ultimatum of Striking Shipbuilders.

An announcement stating that The Industrial Banner would accept no further advertising in the Collingwood Shipbuilding Company was made yesterday at the Labor Temple by A. Lambert, past president of the Toronto local of shipbuilders.

The Industrial Banner, which enjoys a limited circulation in local labor circles, which occasionally carries advertisements to its readers, has for some time past been inserting the publicity of the Collingwood Shipbuilding Company. This concern has at the same time been endeavoring to operate the local Dominion shipbuilding yards on a wage scale 15 cents per hour under the minimum union rate.

DEATH DUE TO POOR GASOLINE

Coroner's Jury Suggests Inferior Quality of Liquid Fuel.

A recommendation was made last night by Coroner J. A. C. Evans' jury at the inquest at the city morgue, held on Fred Hartman, 13 years of age, who died in his garage on the night of January 8, that the Ontario government should stand ready to protect the public from fraud and for the public safety by testing all cases of death from asphyxiation by gasoline combustion.

According to the evidence given by his wife, had been overhauling his car, which had not been running for six weeks. He had mentioned that the car was knocking and that he was going to clean the spark plugs. At 11:30 p.m. he had seen the electric light burning in the garage, but at 11:30 it was out. He had not gone to Mr. Melver's, a neighbor, as he had supposed, and when she opened the garage door, the candle she had placed on the floor had fallen and found Harding lying on the floor face downward. The electric bulb had been broken and the hood of the engine removed. The leather gloves, which he wore, were not buried, thus removing the possibility of electrocution.

Mr. Leighton Foster appeared for the crown.

EARLY MORNING FIRE

Inmates at the house at 33 Broadbent street were forced to leave the place in night attire early this morning by a fire caused by a spark from the chimney igniting the roof. Damage to the building was \$200 and to contents \$600.

PROSPECT CHOR HELPS

The well-trained choir of Prospect Park Methodist Church took active part at Massey Hall last night among the Toronto University, and was called to the bar in 1891. He is a member of the board of trade and of the Aura League and National Clubs.

SEIZED FURS SOLD

Wagner, Beaser and Co. were the highest tenderers for 1,800 pairs of furs seized by the government, their price being \$2,823. Six other tenders were also received.

MAKES APPEAL FOR WORKERS' COMFORT

Professor Explains Principles of the Ontario Minimum Wage Law.

A sincere appeal was made to employers to realize the importance of an employee's right to reasonable comfort by Prof. J. W. MacMillan, of Victoria College, chairman of the minimum wage board, at the Empire Club luncheon yesterday, in his address on the purpose and reason for the minimum wage law in Ontario.

The principle of the minimum wage is based upon the right to live," said Prof. MacMillan. "The law does not mean that wages are to be fixed, but that a line is drawn below which wages may not fall. This is in accordance with the needs of human nature, and it is because of the simplicity and compelling quality of this principle that minimum wage boards have been able to work so harmoniously."

OUTSIDE EXPERTS FOR HYDRO INQUIRY

Independent Witnesses Will Be Called to Check Estimates of the Engineers.

The Hydro radial commission will, according to the announcement at yesterday's session in Ogogode Hall of its chairman, Hon. Justice Sutherland, employ independent experts to check the revenue and operating estimates of the Hydro engineers. This step will be taken, the chairman implied, in view of his own and Crown Counsel Helmut's disagreement with the method of compiling estimates which the trained engineers of the Hydro have adopted.

The final hydro estimates, Chief Railway Engineer W. G. Hewson testified yesterday, were prepared by the summation according to the lines projected of preliminary data gathered.

Hon. Justice Sutherland and Crown Counsel Helmut maintained that procedure which would have been more intelligible to the lay mind would have been to preface this final summation with an intermediate compilation of revenue estimates for individual stations. In view of this latter plan not having been followed, the entire mass of Hydro data will be subjected to an audit.

DOCTOR TELLS JURY DRUG COMPOSITION

Inquest Opens on One of Women Who Died After Treatment.

"You will have to determine if the mode of administration of this drug was correct, the dangerous potency of the drug, the question of the emulsion bargo placed on similar imported drugs," said Coroner Geo. W. Graham in addressing the jury at the inquest at the city morgue yesterday on Miss Monica Kenney, aged 28, of Palmerston avenue, who died on Saturday last, following the injection of a blood-renewing in Dr. J. H. McConnell's office.

Mrs. Emily Bond also filed shortly after receiving a similar treatment on the same day. Her body will not be exhumed. Assisting Dr. McConnell was Dr. Percy Fadd at the time the drug was administered.

"No arsenical drug," continued Coroner Graham, "is a powder which is injected into the veins in the form of a solution. It is highly potent, and a combination of arsenic is the chief factor in it. This drug is manufactured and put up by the Synthetix Drug Co. of Toronto, and is given to understand that it has a charter for the manufacture and sale of this drug in Canada. A company in Montreal have the rights of manufacture for Quebec, but the Synthetix Drug Co. have the rights for Canada, under federal jurisdiction. An embargo is placed on such drugs, and similar drugs from France and other European countries.

"I am sure you will be interested in arriving at a clean-cut verdict," continued the coroner, "and if deaths like this can be averted, it is for you to say so. On the order, Miss Kenney's body was exhumed this morning, and an autopsy has been made by two well-known pathologists, Dr. Julian Youdon and Dr. W. L. Robinson, but it will take seven or eight days to complete the microscopic and other tests which have to be made. This inquest has to be thorough."

Wm. Randall, former superintendent of waterworks, was elected foreman of the jury and after viewing the body the inquest was adjourned by Coroner Graham until January 20 at 8 p.m. Geo. J. Ryan identified the remains. The men on the jury are as follows:

M. Orpen, manufacturer, 890 Sherbourne street; W. C. Bullock, grocer, 1238 West Queen street; W. T. Fegan, shoe merchant, 88 West Queen street; J. D. Bailey, jeweler, Yonge street Arcade; Major John Murray, 30 Whitney avenue; Robert Ross, plumber, 1350 West Queen street; Wm. Randall, foreman, former superintendent of waterworks; Claims Agent, Walton of the Hydro-Electric Commission; Victor Gianelli, Italian consul.

MAKE EXCEPTION IN BLOOR STREET BUILDING

The city has been discouraging the erection of buildings on the strips of land on each side of Bloor street which are required for the widening of that thoroughfare, but an exception was made yesterday and a permit will be issued for the erection of an addition to the present street line to the buildings at 110-112-114 West Bloor street, converting them into business properties.

The matter was considered at a special meeting of the board yesterday afternoon and permission was given subject to an agreement being signed by the owners of the land to donate to the city free of charge the strip required for the widening and the city agreeing to compensate them for the part of the building which will have to be removed when the widening is made. No claim will be made for disturbance of business.

Controller Hills said his view of the matter was that the widening should be proceeded with without unnecessary delay and that no building up to the present street should be permitted. It was pointed out that the owners could go to the courts and force the issue of building permits.

JOHN DOUGHTY CASE FOR TRIAL IN MARCH

The case against John Doughty, charged with both theft of \$105,000 in Victory bonds and conspiring to kidnap Ambrose Small, millionaire theatre magnate, has been traversed three weeks in order to give the defence time to thoroughly prepare his side of the cause celebre. It is understood that the trial may not be held until some time in March, although scheduled for the February sessions.

HOCKEY PLAYER DIES FOLLOWING MISHAP

An inquest is to be held over the remains of a hockey player, Edgar D. MacGibbon, 11 Herbert avenue, New Westch, aged twenty-two, who was inadvertently hit by the puck of an opponent during an exhibition game at the little "Vic" rink on Wednesday night between Victoria and the Royal Bank. Death was attributed to a blood clot following the blow.

At the time Hawthorne felt no ill effects, but soon after the game was finished he complained of feeling dizzy. He soon relapsed into unconsciousness, was taken home in a taxi, and died at 5 o'clock yesterday morning. He had complained of the poor light over the rink before he began to play.

Mr. Hawthorne had been employed at the College street and Yonge street branch of the Royal Bank for more than six years. A native of Calgary, he had resided at Kew Beach for more than fifteen years. He was a prominent member of Broadview Congregational Church. Three brothers, Roy, Ernest and Douglas, and his mother and father survive.

MOVIE OPERATORS WANT IMPROVED CONDITIONS

Claiming that one in every five of the moving picture operators is suffering from tuberculosis, owing to the fumes from the carbon, a deputation from the union asked the minister of labor yesterday that legislation be introduced at the next session of the legislature insuring the provision of better ventilated boxes for the operators.

It was also demanded that a should be compulsory to provide drinking water in the operators' booths.

Painters presented their demands to the minister of labor and asked that legislation be introduced barring the use of the spraying machine.

Fire fighters urged that the government enforce the granting of the day off in seven to all fire fighters. Consideration was promised.

DEATH OF MRS. PIDDINGTON

The death occurred at her late residence, 123 Grace street, of Sarah Piddington, wife of Samuel Piddington and daughter of the late George Denby, North Toronto, aged 88 years, after a painful illness. Besides her husband she leaves two sons, Charles and Herbert, also two daughters, Florence, at home, and Mrs. Alice Evans. Two brothers and three sisters also survive.

ONE OFFICIAL WILL ADMINISTER O. T. A.

Present Board of License Commissioners Likely to Be Abolished.

The proposal to abolish the present board of license commissioners and appoint one executive officer to take charge is under consideration by the government and will be one of the matters to be discussed at the forthcoming session of the legislature. It is not likely, however, that anything will be done until early next session when, as he has already intimated, Chairman J. D. Flavelle will resign.

The whole license question generally is expected to provoke considerable discussion in the house. Probably the most important legislation in connection with it that will be introduced will provide that defendants in R. O. T. A. cases may have the right to appeal to a county judge. The committee of the legislature, which has held frequent meetings during the recess, is almost unanimously in favor of such legislation being enacted.

The Liberal group in the house is already preparing its program for the session, and yesterday held a caucus at the parliament buildings. J. W. Curry, M.L.A. for St. W. Toronto, was not among the members attending. Major Tolmie, however, was on hand, so that it may be taken for granted that he will continue to serve under the Dewar banner.
