TUGBOAT DISASTER SHOCKS SAINT JOHN

THREE LOCAL MEN DROWNED WHEN OCEAN KING RAMMED BY MARLOCH AT QUEBEC PORT

Careful Watch During Morning Fails to Reveal Any Trace of Bodies of Nine Members Of Tugboat Crew

CAPTAIN STEVENS WELL KNOWN HERE

Other Saint John Men Lost Are R. Mannis, Mate, and J. Belmont, Deck Hand—Cause of Collision Which Nearly Cut Small Boat in Two Is Not Yet Ascertained

QUEBEC, Que., June 27.—Careful watch was being kept along the river St. Lawrence this morning for the bodies of the nine members of the crew of the Saint John tug Ocean King, which sank last evening after being rammed by the Canadian Pacific liner Marloch. The Ocean King had gone out into the stream to assist in warping her into her berth, so that third class passengers could be discharged. In some way, not yet explained, the little 198 ton craft got across the bows of the liner, and was cut nearly in two by the impact.

SIDE OF TUG SMASHED

The steamer's bow cut into the tug's side as though her plates had been made of paper mache. The Ocean King turned over twice, and plunged with her crew to the bottom of the river. Five minutes later the swirl of water on the river's surface had abated and numbers of small boats were rushing to the spot where the Ocean King was last seen.

A report that two of the crew of the Marloch had dived overboard, presumably with the idea of assisting in the rescue of the tug's survivors, could not be confirmed.

The dead: CAPTAIN F. D. STEVENS, Saint John, N. B. 54. R. MINNIS, mate, Saint John, N. B. 60. J. BELMONT, deck hand, Saint John, N. B. 28. A. BERNIER, chief engineer, Lewis, Que. 33. SAM POWELL, cook, Seaforth, N. S. 16. EDDIE BEAUBIEN, mess boy, Lewis, 24. E. POWELL, helper, son of Sam Powell, Seaforth, 15. O. YEZINA, fireman, Lewis, 26. A. MAROUCX, fireman, Lewis, 26.

EARL HAIG RECEPTION ON

Poignancy was added to the terrible affair through the fact that Earl Haig, former commander of the British forces in France during the world war, was being feted at the Chateau Frontenac just at the time the gallant crew went to an untimely death.

As soon as the accident happened scores of large and small craft rushed to the assistance of the stricken tug. Nothing could be done, however. She had sunk like a stone, funnels down, with her brave little complement.

SYMPATHY RAINED

When the word was flashed about the tug the utmost sympathy reigned in all circles.

From the moment of the accident until late last night everything possible was being done to take the victims from the wreck. This work entailed the employment of the harbor commission's large crane to raise the hulk of the tug which apparently imprisons the majority of the little crew.

On every hand this morning expressions of deep regret and horror at the tragedy which occurred last evening in Quebec harbor could be heard along the local waterfront, where all three Saint John men were well known. One local shipping man said this morning that he had known Captain Stevens for many years and declared that he was one of the best tug boat captains who ever handled steamers in this harbor.

WIRE CAPTAINS SON

J. C. Chesley got in touch with the Laurentian this morning at Joggins and despatched the sad news by wireless to Captain Stevens' son, Frank L. Stevens, and he also gave him permission to leave the steamer at Joggins and proceed to Quebec if he wished to.

The Laurentian will come direct to Saint John.

COMMONS FINISHES WORK OF SESSION

OTTAWA, June 27.—At daybreak this morning the House of Commons concluded the work of the session. During the last few minutes of the sitting the Commons passed in the Home Bank amendments made by the Senate, the supply bill, to provide for all the public services for the financial year ended March 31, 1926, was given third reading, and minor amendments made by the Senate in the Dominion Elections Act, were accepted. It only remained for the ceremony of prorogation to terminate the fourth session of the fourteenth Parliament of Canada.

After a long night spent on the drafting up of the prorogation estimates the prorogation bill was put through the House at 4 o'clock. Premier King moved concurrence in the Senate amendments to the bill for the relief of Home Bank depositors.

EXPLAINS POSITION

Hon. E. M. Macdonald, one of the Commons managers, said the Senate had firmly declined to increase the amount of the grant a single dollar. The amendments were then agreed to at 4:20 in the morning. The effect of the bill, as it finally passed, is to make the amount of reimbursement \$30,000,000 instead of \$5,000,000. On deposits of \$500 or less, 55 per cent. will be paid, and claimants having larger deposits will be required to prove their claims before the president of the exchequer in Canada. All organizations, members of parliament and senators are excitedly awaiting the results of the session estimates totalling approximately \$100,000,000 were passed, including such large items as \$30,000,000 for European war pensions, \$10,000,000 for the department of customs, and \$31,000,000 for the post office department. It was almost 4:30 o'clock when the house rose.

ACTION UPON SECURITY PACT IS OBJECTIVE

Further Questions Will Probably Be Sent To French

MANY PROBLEMS

Brian's Note Differs Materially from Speech of British Foreign Secretary

BERLIN, June 27.—Preliminary consideration of the reply of Aristide Briand, the French Foreign Minister, to Germany's security pact proposal has progressed sufficiently to warrant Dr. Luther, the Chancellor, to call a conference of the plenipotentiaries of the federated states for today. After this conference the government will outline its programme for further action.

INSURANCE

It is admitted that the cabinet discussions have been rather negative. The insurers have seemed to agree that M. Briand's reply leaves the entire question of the formulation of a security pact in a state of "insecurity," inasmuch as it projects a multitude of complicated juridical problems into the discussion.

REVISE TREATY

Belief Is That America May Soon Become Interested In Eastern Troubles

WASHINGTON, D. C., June 27.—A visit to the State Department on Friday by Dr. Alfred Sze, Chinese Minister, gave rise to a belief here that the Chinese situation has again reached the point where intervention is being discussed. The Minister discussed the existing situation with Secretary of State Kellogg and made several suggestions which the State Department preferred not to disclose. He also delivered a note to Kellogg from his government setting forth demands for revisions of treaties, giving the powers an economic hold on China, and requesting the 18 points advanced by the Chinese following the Shanghai disturbances several weeks ago.

Opponents Say Plan Means More Liquor and Narcotics From Canada

WASHINGTON, June 27.—The recent reorganization of the "dry forces" by Assistant Secretary Andrews of the Treasury, under which the plan of a Federal director for each state was knocked out and the country divided into 22 enforcement districts, is being assailed here as "a relaxation of prohibition enforcement along the Canadian border."

Protesting members of the legislature and senate say the new system will discourage co-operation by the states in fighting rum and narcotic smuggling from the Dominion.

While the assistant secretary announces that he will take steps to bring about fullest co-operation between Canadian officials and those of the United States, a group headed by Senator Dale of Vermont has protested the reorganization to the Treasury Department. The senator points out that such of the enforcement activity along the northern border has been on the part of state officials, and he declares that this will now be crippled.

VANCOUVER, B. C., June 27.—A. C. Dickson, vendor of a government liquor store here, was awarded \$6,000 damages by a Supreme Court in his action against the Curtis Publishing Company, of Philadelphia, and A. B. Macdonald, of Kansas City, Dickson's action, which alleged libel, was based on a story written by Macdonald, and published in the Ladies' Home Journal, in June 1924, to the effect that Macdonald had seen children who were forced to stand on tiptoes, to reach the top of the counter, being served in the Hastings Street liquor store. In addition, the American writers credited Vancouver with having 222 bootlegging establishments in which thousands of people were drunk at night, at the time of his investigations in December, 1923.

WASSONS HAVE A REAL DRUG STORE

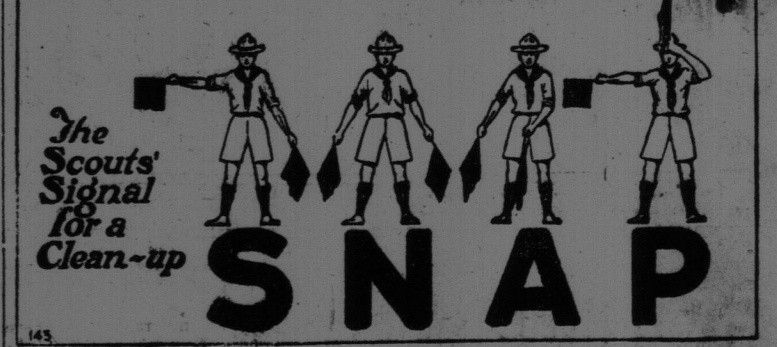

These days when drug stores have so many side lines, it is refreshing to find a place where Drugs and Medicines are really featured. Wassons Drug Store, 9 Sydney street, has forty feet of a Real Apothecary Shop, even to the shelf bottles with their mystifying latin labels. To meet the wants of their many customers, Wassons are adding to their already varied stock, Herbs, Oils, Tinctures, Plasters and the Newer Remedies as they are demanded. This store boasts two Registered Druggists—Messrs. C. R. Wasson and Carl A. Robbins, who give personal attention to a growing prescription business. Lady customers will be pleased to know that Miss A. S. Sallows, Graduate Nurse and Chiropodist, has joined Wassons staff, and will look after Sanitary Goods, etc., as well as attend to foot troubles of all kinds.

CAMP SUSSEX SERVICE. Rev. C. Gordon Lawrence, B. A., rector of Trinity, will be the preacher at the church parade of the Sussex military camp tomorrow morning. The service will be held at 10:30, daylight time, so that people wishing to go up from the city may reach there in ample time to participate in this annual event.

Buy Your Studebaker—Now!

You may buy a Studebaker today—or on any day of the year—with the confident assurance that no act of ours will stigmatize it as a "last year's model."

STUDEBAKER has discontinued the custom of presenting a new line of automobiles each year. Instead of bringing Studebaker cars dramatically up-to-date once in twelve months, we shall keep them up-to-date all of the time—with every improvement made available by our great engineering and manufacturing resources.

Improvements and refinements, of course, will be made from time to time. New features will be added. As in the past, we shall continue to pioneer all vital betterments. But Studebaker will have no yearly models to make your July car obsolete in August.

A dramatic story. There is a dramatic story behind this new Studebaker policy that vitally concerns every one who expects to buy an automobile this year.

Amazing records of Studebaker performance and endurance prove beyond question that the present line of Studebaker cars is so soundly engineered and manufactured and so satisfactory in the hands of owners that drastic annual changes are not required.

Authentic reports show that hundreds of Studebaker cars have given from 125,000 to 450,000 miles of sturdy, dependable service. One Studebaker Big Six, used as a mail car, traveled almost 500,000 miles in 5 1/2 years, giving 24-hour round trip service between Bakerfield and Los Angeles, California.

Stupendous mileage! But the same stamina and rugged dependability is built into every Studebaker that leaves the factory.

A Studebaker taxi in Jewett City, Conn., has traveled 31,000 miles without even having the valves ground or the carbon removed.

In Stockton, Calif., a Studebaker Big Six has piled up 138,000 miles over steep mountain grades and rough country roads with negligible upkeep—not a single major part has been purchased or repaired by reason of wear or accident.

It is a significant fact that wherever travel conditions are most severe, Studebaker by far outsells its normal proportion of cars.

Bus Operators, Rent-a-Car Companies, Police and Fire Departments—all turn to Studebaker year after year for their transportation equipment, because they have found that it always yields scores of thousands of miles of reserve transportation, and has low upkeep costs.

At the mileage when other cars are breaking up—Studebaker cars are breaking in. It's the second and third fifteen thousand miles that prove Studebaker superiority. It's this reserve mileage—even though you may never use it—that greatly increases Studebaker resale value.

Stamina is in-built—inherent—a vital and indispensable part of the Studebaker formula for building fine motor cars.

Buy this "One Profit" car now. Remember—under this new Studebaker policy—there is no need to delay the purchase of your new automobile until annual changes have been made. Come in and see these sturdy, dependable, "one-profit" automobiles. Today Studebaker offers greater value than ever before. It is sound judgment to buy now.

Barrett Roofings Everlastic Mineral-Surfaced Roofing The most beautiful and enduring roll roofing made. Slate-surfaced in soft shades of red, green, or blue-black. Highly fire-resistant. Adds value to your property. Popular for camps, summer cottages, boat houses, garages and other buildings. Everlastic Smooth-Surfaced Roofing A roll roofing that is tough, pliable, low in price, easy to lay. Made in light, medium and heavy weights. Nails and cement with each roll. Everlastic Multi-Shingles Four-Shingles-in-One. Made of high grade, thoroughly waterproofed felt, surfaced with red, green or blue-black slate. Laid as far less cost in labor and time than wooden shingles. Size 36 x 10 inches. Everlastic Giant Shingles These "Giants" for wear and service are made and laid three to a strip. Their indelible slate surface in red, green or blue-black, never needs painting. They're highly fire-resistant. Due to extra weight, thickness and rigidity, Giant Shingles can be laid right over old roofs, a big saving. Size 31 x 12 inches.

GUM-DIPPING

the EXTRA PROCESS at no extra cost to tire BUYERS!

Many people who nearly three years ago saw the first sets of balloon tires ever made, which were designed and developed by Firestone and were being tested on factory cars, doubted that such thin-walled tires would stand the hard usage demanded of pneumatic tires. The important thing these people overlooked, was the distinct advantage Firestone possessed in its extra process of treating cord fabric—Gum-Dipping—which insulates every fiber of every cord with rubber and gives to the thin walls the extra strength needed to withstand the extra flexing strain. Gum-Dipping impregnates the cords with

rubber so that friction is minimized, which explains why Firestone Balloon Gum-Dipped Cords keep so cool even in extra hard service. Since heat is so destructive to tire life it becomes apparent why Firestone Balloons give such unheard-of mileage, making them the most economical tires to use with the added factors of safety and comfort. It also explains why race drivers trust their lives to Firestone tires while breaking all records for speed and endurance. Begin now to enjoy the greater advantages of these wonderful tires. Let the nearest Firestone dealer equip your car—he will do it quickly and at low cost.

A NEIGHBOR'S PLANS

The State of Maine is organizing a promising "forward movement" under the leadership of Governor Brewster, and some of its plans and ambitions are of interest at this time to the Maritime Provinces, not only because Maine is a close neighbor, but also because the Maritimes are already considering some of the ideas and activities which the State has in mind.

to remove the discrimination in the late freight rates against Canadian ports. For this discrimination the Canadian companies operating lake vessels are responsible. But for that discrimination, the grain-handling facilities at our eastern lake ports, at Montreal and on the connecting railways could be greatly enlarged and yet they would still have all the traffic they could handle.

The contention of the Winnipeg Journal that it would be decidedly good business for this country to have the grain traffic running through Canadian channels is scarcely open to question. "At present," it says, "the United States enjoys the benefit of handling a large part of our grain. Shippers always send their grain by the cheapest route. Canada can get the business just as soon as she wakes up and makes it possible for shippers to route their grain to our own Canadian seaboard. The Government, in connection with its announced policy on railway rates, has declared for the use of Canadian ports as far as possible. If it stuck to that policy there would soon be a distinct change in the course of a large part of our grain traffic."

The Railway Commission has been requested by the Government to give particular attention to the greater use of our own ports in working out a new rate structure. When this country undertakes the construction of the Transcontinental, in connection with the building of the Grand Trunk Pacific, the people were frequently assured that when the new roads had been completed there would be an abundance of traffic for all the ports. Surely it is time to make a more resolute endeavor to carry into actual practice the good doctrine that Canadian traffic should be kept in Canadian channels.

THE AMERICAN GUNNERS. The gunner becomes for the United States a problem of intense and increasing gravity. Plans to prevent the sale of revolvers to criminals, which it would seem should command general support, have divided the American public, for while there is a sweeping endorsement of the principle that criminals ought not to be allowed to have pistols, there are many who argue that the actual effect of anti-pistol laws in several States has been to disarm the law-abiding citizen while the criminal classes still contrive to secure all the "guns" they desire. The oft-repeated assertion that the ordinary citizen does not carry a deadly weapon, does not keep one in his house, and does not wish to, is met with no satisfactory answer; and it is contended that many good Americans do possess, if they do not always carry, revolvers, and that while they would hesitate to break the law forbidding the purchase of a "gun," the crook has no such scruples and would be all the bolder if he could count more surely than at present upon finding his prospective victims unarmed.

Since the shooting down of policemen in Chicago became a more or less popular pastime—six in a fortnight is a recent record—there has been increasing talk concerning a conference of all the States in the hope of agreement upon a national law to stop the sale of revolvers. This proposal develops great diversity of opinion, and many express the view that while such a conference is not at all likely to be held, in case it could be arranged there would be no hope of agreement. It is by no means suggested that a national meeting on this subject would be ruled by the enemies of law and order; the idea is that some States, notably those in the south and the southwest, are too accustomed to the general use of revolvers to be willing to heavily penalize the sale of them, while other States are extensively interested in the manufacture and sale of firearms and look upon increased restriction with disfavor. In the absence of a national law, restriction by individual States is very difficult. In practice it is found that in States like New York, where pistol-carrying is heavily punished, the criminals of the human class are increasing in number. It is contended, and probably with some justice, that pistols would be more numerous were the code less drastic, but in view of the number of murders and other crimes of violence in which revolvers figure such an argument gets an impatient hearing at best.

Undoubtedly the facility with which pistols can be bought in the average American community is open to criticism, but, after all, the big factor

the existence of an army of criminals, actual and potential, who want deadly weapons and who are bound to get them. The weak spots are two chiefly, disregard for law and order, and the weakness of the courts in failing to establish a record for the prompt and adequate punishment of serious offences. The whole problem is recognized by thoughtful Americans as one of the utmost gravity.

The inquest upon the Nova Scotia election continues all over the country, but the main fact that sticks out is that there was a revolution. The business of counting votes before election day remains one of extreme hazard.

During the first ten months since the new American two per cent. quota law went into effect the number of common laborers leaving the United States has exceeded the number entering it by 16,842. During the same period the total immigration has declined seventy-one per cent.

Wonder Spots of The Empire

The War Office, London (Copyright.) It would be difficult to find a more historic spot than the district immediately surrounding the new War Office, Whitehall, London. The present building, known as the New Building, dates back only to 1906. It was the centre from which the recent war was fought on land as far as British interests were concerned. In front of it stands the Cenotaph, that plain but impressive shaft to the memory of the glorious dead, around which floral tributes from many portions of the world are placed every day in the year.

The old War Office is farther up the street, and is now famous for the parade of the Horse Guards. From this grain old structure the Napoleonic wars, both on land and sea, were administered. At the present time the naval activities of the Empire are operated from a separate but nearby office building in St. James' Park which houses the land section of the Admiralty. This is by far the largest of the war buildings and is famous for its lofty masts that support the sending and receiving aerials for wireless communication. It was here that the first great long distance wireless tests were made. In the days when long distance was in its babyhood, a British battle-cruiser off New Zealand maintained communication with the Admiralty building for several hours.

To the right of the new War Office stands all that remains of the palace of Whitehall. It is now used as a war museum and relics of great battles of the past are on view. Amongst these is a wonderful desk, full of secret drawers, that was used by Lord Nelson on the Victory. The museum is housed in the banquet room of the old palace. The decorations are very old and have looked down upon some interesting bits of history. Here Cardinal Wolsey gave his princely entertainments and here he was disgraced. A tablet on the outer wall records the fact that Charles the First stepped out from the room to his execution. Oliver Cromwell died

All Their Meals Cooked on \$1.50

The family of four who cooked all their meals for a whole month on a Hydro Range for but \$1.50 live at 139 Queen street. That included heating frequent feedings for the baby and heat wasted in learning to turn off the current when not in use. Just by accident this case was reported. Quite a few have reported getting under \$2 for ALL their cooking. Which proves that nothing compares to the economy of these easier run and nicer Ranges.

\$10 Gets a Hydro

Fully wired into place for cooking, you choose Hydro Ranges as low as \$65—\$10 down and \$6.50 a month. One like picture that cooks five ways at once, \$85—\$15 down and \$7 per month. They save \$7 monthly.

Rammed, She Founders With Crew

The tug Ocean King, owned by the Saint John Dry Dock and Shipbuilding Company, Limited, which was sunk with nine hands off Quebec Harbor yesterday by the Canadian Pacific steamer Marloch. She was the largest of four tugs owned by the Saint John company and was engaged in towing work in the summer port at Quebec.

THREE LOCAL MEN DROWNED WHEN OCEAN KING RAMMED

Continued from Page 1. The tug, leaves a wife and three children. They reside at 178 Victoria street, where Mr. Belmont lived during winter port season. He was born in Bristol, Eng., but has lived here for many years. He was well known along the local waterfront. The children are: Two sons, Otty and Cald, and one daughter, Florence.

R. Avery Minnis of 48 Duke street, West Saint John, who was drowned in the Ocean King, at the port of Quebec, in the collision with the Marloch last evening, had had ill luck from the time he started out on the tug from here to go to Quebec, more than two months ago. When they neared Halifax, N. S., Mr. Minnis had the misfortune to lose two fingers and had to go to the hospital in Halifax, until he was well enough to come home. He left just two weeks ago to join the tug at Quebec.

He leaves his wife, who is a sister of Mrs. W. H. Kelly of West Saint John, wife of a well known grocer here, and three children, Miss Estella, Wallace and Miss Geneva. He was born in Kings county, Nova Scotia, but had resided in West Saint John for more than 25 years and was a popular man. Mr. Kelly said this morning that they had no intimation that anything was wrong until The Telegraph-Journal arrived this morning. Mrs. Minnis was overcome by the distressing news.

Word of the disaster in Quebec was received in the city last night as a stunning blow. Captain Frank D. Stevens was one of the best liked and most able of the tugboat captains who have guided steamers to anchor in Saint John harbor. He was a recognized authority upon port matters and shipping matters and was of so kindly and likable disposition that everyone who came in contact with him, either working for him or meeting him as an acquaintance or as one of his employees, held him in warm regard and high esteem. He had known tugboating from his childhood, having first taken up his nautical training at the age of 12 years.

He had been on the crew or in command of practically every tugboat that had been in the harbor in the last 30 years. For many years he was a commander of tugboats for the C. P. R., taking charge in Saint John in the winter season and in Montreal in the summer. An authority on shipping said of him last night that without doubt Captain Stevens could handle any of the largest tugboats that ever was afloat in Canadian waters.

When the Cruiser was in these waters Captain Stevens was her master. The Cruiser first crossed the Atlantic to bring one of Sir Thomas Lipton's yachts to America and she was the most powerful and largest tug which ever entered Saint John harbor.

WIFE AND DAUGHTER THERE. Captain Stevens' wife and daughter were with him in Quebec. His surviving relatives are, besides his wife and daughter, two sons, two brothers and one sister. The eldest son, Frank L. Stevens, is chief officer of the Laurentian, which last night was in the Bay of Fundy, and he was expected home early this morning. Just a short while ago Frank L. Stevens had to be called home by wireless when his little daughter had died very suddenly only a few hours after he had sailed.

Captain Frank D. Stevens' second son, Oliver, is a bank clerk now in the United States. The two brothers are Charles F. Stevens and Garfield H. Stevens, of this city, and sisters are Mrs. Burpee P. Belyea, of West Saint John and Miss Tillie Stevens, also of Saint John.

Captain Stevens was commander of C. P. R. tugs up to about three years ago and for a short while was master of tugboats for the firm of Nagle & Wigmore Limited. He entered the employ of the Saint John Dry Dock Company about two years ago. This was the second season that he had been in Quebec for the summer with the Dry Dock tugs.

WAS POWERFUL TUG. The tug Ocean King was one of four owned and operated by the Saint John Dry Dock and Shipbuilding Co., Ltd., of this city. She was about 100 feet in length and was one of the most

SENT UP FOR TRIAL

Mrs. Margaret Connell Says Not Guilty of Having Stolen Goods in Possession. Mrs. Margaret Connell, wife of Charles Connell, now in jail on a charge of breaking and entering the store of Marjolan & Kettiff, was sent up for trial by Magistrate Henderson in the Police Court this morning on a charge of having stolen goods in her possession, knowing them to be stolen. E. J. Henneberry appeared for the defendant. Evidence was given by J. Perchanok, complainant, Miss Alice Arsenault and Detective Biddiscombe. Mr. Perchanok said that a break was made in his store on January 18 last and about 18 gowns taken. Two gowns in court were identified by him as similar to two that were taken. Miss Arsenault testified that she bought these two gowns from the defendant about two months ago. The defendant pleaded not guilty, contending the gowns were sent by her mother from Boston. It is expected her case will come before Judge Barry early next week.

Weddings

Adams-Brewer. The Toronto Telegram of June 17 carries the following account of the wedding in St. Anne's church there, of Lieut. Harry Melbourne Adams, D.C.M., M.M., of Saint John, and Miss Gladys Brewer. "St. Anne's church, decorated with June flowers, was the scene of a pretty wedding at 8 o'clock last evening when Gladys Isabel, daughter of Mrs. Alfred Brewer and the late Mr. Brewer, Spadina Road, and Lieut. Harry Melbourne Adams, D.C.M., M.M., son of David H. and the late Mrs. Adams, Saint John, N. B., were married. Rev. Canon Skeay read the service with Edward W. Miller as organist. The bride, who was given away by her brother, Casimir Brewer, wore powder blue georgette with picture hat and carried Ophelia roses. Miss Audrey Brewer, sister of the bride, was bridesmaid and wore pearl georgette with leghorn hat and carried sunset roses. Harry Newton was best man and Albert Brewer ushered. Mrs. A. E. Brewer wore a navy blue and tan costume with hat to match. Mrs. E. Arthur Stephenson, sister of the groom was dressed in sand-pieced Canton crepe with shoes and

stockings to match. Following the ceremony, a reception was held at the residence of the bride's mother, the young couple leaving later for Muskoka. The bride's traveling suit was sand-colored with hat to match. On their return they will reside in Kingwood Road. Among the presents were a silver service and chest of sterling flatware. Lowell-Woods. In St. Mary's rectory this afternoon at 8 o'clock, Rev. R. Taylor McKim will unite in marriage Miss Margaret J. Woods, daughter of Mr. and Mrs. C. J. Woods, and Frederick Lowell, son of Mr. and Mrs. S. Lowell, all of this city. The bride, who will be unattended will be attired in a rust suit with hat and shoes to match and will carry a bouquet of pink and white carnations. After the ceremony, Mr. and Mrs. Lowell will leave on a honeymoon trip and on their return will reside here. Many useful and beautiful gifts have been received. Fisher-Machum. A pretty wedding was solemnized last evening at six o'clock at the residence of Mr. and Mrs. H. J. Machum, 4 St. James street, when the former's sister, Miss Veturia Machum, daughter of Mrs. Alice J. Machum and the late John S. Machum, became the bride of Stanley E. Fisher, son of Mrs. Charlotte Fisher and the late Samuel Fisher. Rev. Dr. S. S. Poole, pastor of Germain street Baptist church, performed the ceremony in the presence of immediate relatives and friends. The bride, who wore a handsome traveling costume of navy blue with sand colored hat and fox fur, carrying Ophelia roses and lilies of the valley, was given in marriage by her brother. She was attended by little Miss Charlotte Fisher, who wore a dainty frock of pale pink tulle and carried a basket filled with mauve sweet peas. Master Jack Machum, a nephew of the bride, played the wedding music, in which was included Wagner's Bridal March from Lohengrin. A buffet supper was served after the ceremony, following which the bride and groom left on the Boston train for New York. Many lovely gifts were given the bride and groom, who are very popular in a large circle. The bride was formerly on the teaching staff of Victoria school, and the groom is a member of the staff of W. H. Thorne & Co., Ltd. Mr. and Mrs. Fisher will reside at 92 Orange street on their return. Howe-Stone. The marriage of Miss Dorothea M. Stone, adopted daughter of Mr. and Mrs. Joseph Stone, of West Saint John,

to William R. J. Howe, also of West Saint John, on Wednesday afternoon, June 24, at the First Presbyterian church at 2 o'clock, Rev. W. McN. Matthews officiated. The bride, who was given away by her father, wore a tall-towered suit of navy blue with a gray hat and carried a bouquet of roses and carnations. She was attended by her sister, Miss Bernice Vincent, who wore a sand crepe de chine gown with hat to match and carried a bouquet of sweet peas and roses. The groom was attended by Roy C. Parlee. A reception was held at the home of the grandmother of the groom, Mrs. J. Gorrell, of 164 St. John street, West Saint John. Mr. and Mrs. Howe will reside in West Saint John.

WRITES FROM PARIS. Saint John friends have heard from Mrs. T. J. Gunn, who in bright letters tells with delight of the grandeur of the place in which she works as a student of violin and organ. She is busily at work with Professor Remy, violin teacher, and had made her plans to study with Widor, noted organ teacher and composer. Mrs. Gunn assisted in a concert given aboard the ship for charitable offering for the Liverpool orphans. Dance tonight. Grand Bay Outing Association. Members and friends invited.

The steamship Regina, on which His Lordship Bishop LeBlanc, Rev. W. M. Duke and other New Brunswick priests sailed from Belfast on June 19, after a pilgrimage to Rome, docked at Quebec at 8 o'clock this morning.

Deaths

Rev. Dr. Cathels. Friends in Saint John yesterday heard with keen regret of the death of Rev. David Cathels, former moderator of the General Assembly of the Church of Scotland. Dr. Cathels' son, Pat Cathels, was at one time very active in work for boys in connection with St. John's (Stone) church in Saint John. Dr. Cathels was in Saint John on two occasions, when he was en route to China on a special mission of the Scottish church to conduct an investigation of Presbyterian missions in China and on another occasion when he made a short stay here and preached in St. David's and Knox churches.

3 DENOMINATIONS TALK CO-OPERATION

Consolidation of Christian Churches is the Eventual Object in View. CARDIFF, Wales, June 27.—The episcopalian archbishop of Wales and representatives of the congregational and Methodist churches, who were guest speakers at today's session of the Presbyterian Alliance Council advanced the plea that all christian churches co-operate with one another which, they said, it might be hoped would eventually lead to consolidation of all Christian churches. The archbishop read a paper saying his church had adopted the policy that this consolidation was a thing meant to be, and was almost a necessity in this age. His church had even gone so far as to express willingness to meet with other denominations to discuss the point. Other speakers voiced the same views and the Presbyterians agreed that something should be done in the next few years to see if the churches were ready to meet on common ground.

Discuss Matter Of Securing Hydro

Last evening residents of Nauwigewauk and Lakeside met at Nauwigewauk to discuss the matter of securing hydro for that district. The meeting was presided over by Councilor Thomas Gilliland. S. R. Weson, chief engineer of the N. B. Electric Power Commission, explained the details necessary. A. Williamson, W. Harding and F. Green were named to assist the engineers of the hydro commission in securing the necessary data. Among those present who spoke on the matter were E. S. Carter and H. V. Dickson, M. L. A.

NEW CLUB BUSY.

At a meeting of the C. N. R. Recreation Club last evening plans were formulated for a membership drive. Committees were also appointed to arrange entertainments, sport programmes, etc. The members intend to concentrate on securing suitable quarters. Charles M. Coughlan was elected treasurer. Another meeting will be held in the near future.

ENGAGEMENT.

Saint John people will be interested to hear of the announcement, in the Brooklyn Eagle of June 21, of the engagement of John Weidon Currie, son of Mrs. Agnes E. Currie of Brooklyn, N. Y., and the late John S. Currie, formerly of this city, to Miss Daisy Marguerite Brough, younger daughter of the late Mr. and Mrs. Robert H. Brough of Brooklyn. The announcement is made by the brother of the bride-elect, P. W. Brough, of Wellesley Hills, Mass. No date has been set for the wedding. Mrs. Currie is visiting with her daughter, Mrs. Paul B. Cross, and Mr. Cross in the city.

New Brunswick Election Date Likely Fixed Wednesday

"The date of the New Brunswick elections will probably be fixed at a meeting of the government to be held in Fredericton next Wednesday," said Premier Veniot in an interview with The Times-Star this morning. Premier Veniot was in Saint John en route to St. Andrews, where he was due to speak at the government

"In His Quiet Moments"

A True Story

Always 'the life of the party' everybody admires Ted Carruthers for his breezy good nature and winning personality. He is a real man through and through.

But in his quiet moments—

Poor Ted has his personal problem from which he cannot shake himself free when alone. A recent illness, the price of overwork, left his health impaired. The doctor says it is only a matter of time.

He now has only a few short years in which to provide for Mary and the children. What is he to do? He is not able to get life insurance and cannot save much more than \$300.00 a year. In five years this will be but \$1,500.00—not nearly enough!

Now he realizes just what it would have meant if he had insured when able, to provide for his wife an income of at least \$100.00 a month (\$1,200.00 a year) as long as she lived. At his age (35) \$6.40 a week with the London Life would have guaranteed it, and worry would not now be further sapping his strength, killing any chance he may have had of recovery.

The future may easily be made safe for loved ones by insurance, and worry removed from those who have dependents.

McGILL MUSIC TESTS PASSED

Results of Examinations in Saint John Are Announced From Montreal

Theoretical, Piano, Organ and Singing Requirements Met by Young Musicians Here.

Results of the McGill University examinations in music, held in Saint John recently, are announced in a communication to The Times-Star from the examining officials in Montreal.

Theoretical, piano, organ and singing requirements were met by the highest intermediate or junior grades.

JUNE EXAMINATIONS. In the tests made on June 2 and 3, the results were as follows:

Elementary grade—Hester Gertrude, distinction; Emily E. Fyfield, distinction; Vivian I. W. Colpitts, pass; Wyneth M. Hodgson, pass; Eleanor Jean Ledingham, pass.

Intermediate grade—Juliet Little, distinction; Mabel Fredonia Shupe, distinction; Grace Elva Stewart, all passed.

Junior grade—Vivian I. W. Colpitts, distinction; Emily Fyfield, distinction; Eleanor Jean Ledingham, all passed.

Elementary grade—Deborah M. Barbeau and George Louis Kane, distinction; Frances Enid Robinson, pass; lowest grade—Evelyn Aletta Stegman and Helen Isabel Sewell, passed.

Intermediate grade—Katharine M. Fox, pass; Gladys Stoyles, pass.

HIGHER EXAMINATIONS. Dignities of licentiate, performers' class, semi-final examination—Juliet Little, Mabel Fredonia Shupe, both passed in organ.

RESIDENCES BURN IN PETITCODIAC. Loss Estimated at \$12,000, With Part Insurance—Horse Destroyed.

PETITCODIAC, June 26.—Destroying two fine residences and a barn, threatened a considerable section of Petitcodiac this afternoon, but through the vigilance of fire-fighters, was checked. In addition to the homes of Dr. C. A. King and E. Raymond Lockhart, several other buildings were ignited.

HAD BOILS ALL OVER HIM. There is only one way to get rid of boils and that is by getting right to the seat of the trouble—the blood—as the bad blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS. cleanses the system and removes all the foul matter from the blood in a way that few medicines will do.

ABLE TO DO HOUSEWORK NOW. Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound.

Bloomington, N.S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and backache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it and am able to do my household work now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial."

Mrs. WILLIAM MORSE, Bloomington, Annapolis County, Nova Scotia.

Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes."

This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

Mrs. Morse is simply another case of a woman receiving "great benefit." Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

Boys were still moist at the time of the outbreak and this aided largely in preventing heavy loss. Sparks from the burning building alighted on Joseph Moore's and Stanley Goggin's store and other buildings.

Scout Troops Are Planning Camps

Nine local Boy Scout troops are intending to hold summer camps at various locations near the city and the members are enthusiastically preparing for the dates set.

The Edith Avenue, East Saint John, troop will go to Oak Point from July 13 to 21 in charge of Scoutmaster O. J. Lawson. The St. John (Stone) church troop will be at Humber's Beach, Drury Cove, from June 27 to July 5, in charge of Scoutmaster N. G. Smith and Rev. John Unsworth.

The Mission Church of St. John Baptist and Trinity church troops will come to the city to hold camp on Long Island from July 9 to 21 in charge of Scoutmasters C. E. Upham and C. G. Hoyt. Two Young Men's groups will assemble. The place and date for their camp will be announced later.

Master E. Boyaner will be in charge. The St. John's church troop will camp at Crystal Beach from Aug. 4 to 14 with L. L. Johnson, district secretary, and Assistant Scoutmaster J. J. Legate in charge. The Church of the Assumption will camp at Torriburns at a date to be decided later with Scoutmaster H. Peters and Assistant Scoutmaster G. Russell in charge.

Harry Lister, Dominion field commissioner for Boy Scouts, arrived in the city yesterday and spent the day at the headquarters of the New Brunswick Gilwell camp to be held at Keswick from July 14 to 24.

INCREASE CURRENCY. PARIS, June 27.—The Chamber of Deputies adopted the financial proposal of Finance Minister Caillaux this morning. It passed Article 11, increasing the paper circulation by six billion francs, by a vote of 628 to 119.

TENDERS FOR DREDGING. Sealed tenders addressed to the undersigned and endorsed "Tender for dredging by Saint John, N.B.," will be received until 12 o'clock noon (daylight saving), Tuesday, July 7, 1925, for dredging required at the New Saint John, in the Province of New Brunswick.

Tenders will not be considered unless made on the forms supplied by the undersigned, also at the office of the Engineer, Old Post Office Building, Saint John, N.B.

Tenders must include the timing of the plant to and from the work. The dredges and other plant which are intended to be used on the work shall have been duly registered in Canada at the time of the filing of the tender with the Department, or shall have been built in Canada after the filing of the tender.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, for \$5 per cent of the contract price, but no cheque to be for less than fifteen hundred dollars. Bonds of the Dominion of Canada and bonds of the Canadian National Railway Company will be accepted as security, or bonds and a cheque if required to make an odd amount.

By order, S. E. O'BRIEN, Secretary. Department of Public Works, Ottawa, June 26, 1925.

TORTURED BY A "DEAD" STOMACH

"Fruit-a-tives" Bring Relief From Chronic Constipation

MR. FRED LUDLOW

"For a great many years I was a martyr to Constipation and Indigestion; nothing I tried ever did me any good. I was induced to try 'Fruit-a-tives' and they brought relief with the first trial; and by taking this splendid medicine at regular intervals, I suffer no more. I CAN NOW EAT ANYTHING WITHOUT PEELING THE SLIGHTEST PAIN OR DISCOMFORT APTERWARDS."

So writes Mr. Ludlow, a former U. S. Army surgeon, and a resident of 151 West 93rd Street, New York.

Thousands have been relieved of the misery of Constipation and Indigestion by "Fruit-a-tives" the famous natural remedy made from the concentrated and intensified juices of fresh oranges, apples, prunes and figs. 50c. and 60c. at all dealers.

Ambrose McGourty Wins Fortnightly Club Prize for English

Some West Side Winners Also Announced—Protest Made Over Examination.

John D. Hopkins is the leader of Grade XII. It was announced yesterday that Ambrose McGourty, of Grade XI, has been awarded the Fortnightly Club prize for English.

The announcement of the winners of the High School Alumni medal for grade IX pupils, and the winner of the Governor-General's medal for Grade X pupils will probably be made between July 28 and 29.

The announcement of the Chairman's Gold Medal for high school entrance examinations results is expected some time near July 18. The results of the matriculation examinations will probably be known early in August.

Twelve points out of 50 allowed for the paper, in the nature of a bonus, are for questions based on the Grade IX course instead of the Grade VIII course. The Department of Education is looking into the matter and will rectify the error by allowing the remainder of the paper to count for the full 50 marks.

Can't Do Without MINARD'S. "When we came back to England we brought a bottle of Minard's with us, but since then we can't get any liniment to come up to it. Will you please write and let us know how much it would cost to have 100 bottles sent over."

Old Town, Hastings, England. We receive dozens of letters from far away countries asking for Minard's. For sprains, bruises, burns, colds, inflammation, etc. it has no equal.

SAFE AND EFFICIENT HOME TREATMENT

Thousands of Ailing People Have Been Made Well and Strong by

Dr. Williams' Pink Pills

They Give New Vitality—and more.

Dr. Williams' Pink Pills do one thing—and do it well. They build up the blood, increasing the number of red corpuscles. As this is done the blood becomes a richer red and is able to carry more oxygen, the great supporter of human life.

As the blood improves in quality the tissues of the body are better nourished and the functions of the body are better performed. This is the reason Dr. Williams' Pink Pills have been so successful in the treatment of all diseases due to poor, thin blood, why the pills are so successful in building up strength after fevers and acute diseases, and in all cases of anaemia and general weakness.

Mrs. S. J. Pitt, Queen St., Saint John, N. B., says:—"Some years ago, following an attack of typhoid fever, I was left almost a physical wreck. I could not sleep, had no appetite and my nerves were so bad that my limbs shook as though I had palsy. As I was not improving under the use of the doctor's medicine I decided upon the advice of a friend to try Dr. Williams' Pink Pills. Almost from the first box I could feel an improvement. I continued taking the pills until I had used twelve boxes, when I was again enjoying perfect health. As a precaution I always take one or two boxes every spring to tone up the system, and can truly say they are a wonderful tonic."

You can get the pills from your druggist, or by mail at 50 cents a box from Dr. Williams' Medicine Co.

Protest Made. FREDERICTON, June 26.—Four questions on the paper in Latin which conclude the High School entrance examinations in New Brunswick today were not in the work prescribed for Grade VIII, according to a protest which was filed with Dr. W. S. Carter, chief superintendent of education today.

Twelve points out of 50 allowed for the paper, in the nature of a bonus, are for questions based on the Grade IX course instead of the Grade VIII course. The Department of Education is looking into the matter and will rectify the error by allowing the remainder of the paper to count for the full 50 marks.

INTEREST AROUSED OVER CITY AMATEUR BASEBALL TROPHY

JURY TO SELECT MOST VALUABLE LEAGUE PLAYER

Finding Will Be Announced at Banquet

Considerable interest is being aroused among players in the City Senior League over the trophy donated to go to the most valuable baseball player in amateur circles here this year and now that that schedule is swinging into the final half the speculation as to who will be awarded this coveted trophy is increasing greatly. Under the terms of the gift, the president of the league is to appoint an independent jury to select this player, whose name will not be announced until the closing banquet of the league which will be held in the Admiral Beatty Hotel the latter part of August. One of the most prominent men in the city will present this award and as it is something that will be highly prized by any player for the rest of his life, it can be taken for granted that every player is out there now trying for all he is worth. The names of the judges, most of whom have been appointed already, will be announced later.

WILL PICK FAN

To give the red hot fan in the grandstand a chance to get on this jury and incidentally to raise some money to help defray expenses for the banquet, which is to be an elaborate affair, the league executive has decided to play a series of exhibition games on Saturdays on dates to be announced, at which this fan will be selected. Two games that have already been arranged for are the Royals vs. The St. John the Baptist on the South End and the Water Dept. vs. the Trojans for the North End. Each fan on entering will secure a number and his number will be deposited in a box. The numbers for both games will be put in a bag and the lucky ticket then will be drawn. To the holder of this ticket will go a place on this jury. He will be allowed as many votes as any other member. The question arises—suppose a lady draws a ticket? The league executive, according to the president, would ask for nothing better as a large percentage of the patronage comes from the young ladies and it is surprising what a knowledge of the game they display.

Reasons For Award

Some questions have been asked as to how this jury will proceed to select this player and what rules will be used to guide them in their choice. It is proposed to draw up a series of questions for each member of the jury

NEARLY 2,000 EXCITED FANS IN ATTENDANCE

"Dick" Bartlett Makes A Sensational Catch

Masterly pitching in the pinches by "Tack" Dalton, coupled with a home run smash by the same young player in the sixth inning with a man on base, gave the St. John the Baptist outfit a decision over the Water Dept., league leaders, last evening on the South End by a 4 to 3 score, before nearly 2,000 excited fans. The South End boy fanned 10 of his opponents and as they came at critical stages, it counted effectively for him in swinging the tide in favor of the Saints. It was a close battle, however, all the way, with the Water Dept. threat assuming alarming proportions in the closing stages. This made it a thrilling contest all the way through.

Eventuated One Count

The Saints blasted one run over the pan in the first inning, but the league leaders came back strong by tying the count in their half on some fast base-running by Manager Snodgrass. In the second frame, the Saints scored again, but this, too, was evened in the fourth by the Watermen. The deadlock lasted until the first half of the sixth, when with two men out and Fitzgerald on first and two strikes on him, Dalton caught one of Sterling's shoots square on the snout for a terrific drive that sailed over "Dick" Bartlett's head in centrefield for a home. The Watermen threatened in the final inning when Gorman and Campbell rapped out doubles in quick succession, but Dalton rose to the occasion and checked the rally.

A Sensational Catch

The fielding feature of the game was a sensational leaping catch by "Dick" Bartlett in centrefield. Murphy cracked out a line drive which appeared labelled for the circuit, and although it looked as though Bartlett had no earthly chance to reach it, he tried it and speared it amid great applause. Dalton was the hitting star of the team, getting three safeties. Frank Campbell got three, while Ira Hannah, who started in the box for the Watermen, but was withdrawn in favor of Lloyd Sterling, got two timely singles. Sterling pitched a fine game after relieving Hannah. O'Toole's playing at third for the winners also was good.

NOTICE TO WEST SAINT JOHN STREET CAR PATRONS

On account of street paving, and laying new car tracks on Prince Street, West Side, from "Tilton's" Corner, it will be necessary to transfer passengers at or near Tilton's Corner, as cars will not be able to run through. The regular 10 minute schedule will be maintained from Rodney street, West, to the D. S. C. R. Hospital, Prince Street, and connections made with the regular cars to and from the city, at Tilton's Corner.

This transfer service will start on Monday, June 29th, 1925. The work will be rushed to the utmost, so that the regular through service can be re-established at the earliest possible moment.

We ask our patrons to bear with us in this short interruption to the through cars, as it is only to assist in making better traveling conditions on the Street Railway.

Versatile Ladies' Quintet

Versatility is the keynote of the programme to be presented on the opening afternoon and night of the coming Chautauqua by the five young ladies, Misses Armstrong, Hall, Kurtz, Cody and Brewer. Singers, whistlers, musical saw players, harpist, pianists, readers are included in the personnel. Group numbers and a feature consisting of community singing of the old

familiar songs led by the quintet are also very popular. All of these young women are exceptional artists and have been carefully selected by the Studio Director of the Swarthmore Chautauqua Association for their ability to fit into ensemble work. The blending of their voices is said to be exceptionally fine.

"HAIR-GROOM" Keeps Hair Combed, Glossy Well-Groomed all Day

"Hair-Groom" is a dignified combing cream which costs only a few cents a jar at any drug-store. Millions use it because it gives that natural gloss and "well-groomed" effect to the hair—that final touch to good dress both in business and on social occasions. Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is greaseless; also helps grow thick, heavy, lustrous hair.

INDIAN ACCUSED OF ATTACKING GIRL

Deathbed Statement Read at Hull Inquest—Missionary and Doctors Testify.

MANIWAKI, Que., June 27.—A story of a winter spent in the northland woods, miles from civilization, alone with an Indian chief, and of ill-treatment suffered at his hands, was unfolded in the deathbed statement of the eight-year-old orphaned half-breed, Angeline Beaucage, of Maniwak, read at the inquest into her death by Coroner Joseph Isabelle of Hull, here. Frank Wabee, 56-year-old Indian chief of the Maniwak reserve, is being held in Hull jail in connection with the case. The inquest was adjourned to await the report of Dr. Wilfrid Derome, Quebec provincial

criminal analyst, who is to perform an autopsy. Assault Charged. In her statement, as read at the inquest, the girl charges Wabee with assaulting her and causing the injuries from which she is believed to have died. It was with Wabee, the statement says, she traversed 40 miles of pathless forest between Mont Laurier and Baskinong, Que., during last winter. Several witnesses, including the reserve missionary, gave evidence regarding events leading up to the girl's death, two of them testifying they were present when Angeline made her death-bed statement, and were witnesses thereto. Dr. Edouard Benner stated in evidence that he treated the girl at a local hospital when she was brought in by the reserve missionary from the home of an Indian where she had been left by Wabee, on May 31. He stated she had the symptoms of peritonitis, having been apparently assaulted. The girl also named Frank Wabee as her

SUIT OVER ESTATE OF LADY HOWLAND

Boston Woman Claims Will Was Made—Defendants Assert Instability.

TORONTO, June 27.—Action has been started in Osgoode Hall by Elizabeth L. Campbell, of Boston, to have a declaration made that Lady Elizabeth

Mary Howland, who died in August last year, aged 83 years, left a duly executed will. Defendants in the action who claim that if Lady Howland ever made such a will it was revoked, are Cora Lindsey, Anna McDougald, Agnes Louise Hogg, W. D. Hogg and the Toronto General Trusts Corporation. It is claimed the alleged will, after making various bequests to the defendants of one or two thousand dollars each, left the residue of the estate to Elizabeth Campbell, the plaintiff. The defendants ask for a declaration that Lady Howland died intestate, and for an order confirming the grant of letters of administration to the Toronto General Trusts Corporation. The estate when the corporation took over its administration was worth \$17,500, but the value at the present time is \$19,500, according to A. S. Slight, K. C., counsel for the plaintiff. Lady Howland was the widow of Sir William P. Howland, a former lieutenant-governor of Ontario.

GROWTH!

The Company's New Home Office at Toronto, occupied exclusively by The Manufacturers Life

1924 New Business over 60 Million Dollars. When The Manufacturers Life commenced business in 1887 it was the eleventh Canadian Company to enter the life insurance field. The total business transacted in Canada in 1887 was THIRTY-EIGHT MILLION DOLLARS, divided among eleven Canadian, ten British, and eight American Companies. In 1924, The Manufacturers Life issued policies in excess of SIXTY MILLION DOLLARS, nearly 60% more than the total of all Companies the first year of its history. The tremendous growth of life insurance is due to an ever-increasing appreciation of its practicability, not only as an unsurpassed method of creating an estate or providing a competence for one's dependent years, but also as a means of establishing a sinking fund to retire a Bond issue at maturity. It also guarantees immediate funds for Succession Duties. It is a safeguard to a business or corporation to offset the death of an executive or valued employee. You should know what life insurance will do for you.

HAS RISEN TO HIGH POSITION

Former Saint John Man Vice-President of U. S. Civil Service Commission

Chipman C. Seelye Prominent Here in Telegraph Business—Native of St. George.

High honor has been paid a former Saint John resident, Chipman C. Seelye, now residing at Pueblo, Col., in his recent election to be a vice-president of the Civil Service Commission of the United States at a convention held in Los Angeles.

Mr. Seelye is a native of St. George, N. B., and came to Saint John in the spring of 1880, having obtained a position with the Western Union Telegraph Company. He assisted in the construction of the first telegraph line to carry duplex and quadruplex telegraphy from Sydney, C. B., to New York, in connection with the French cable completed that year.

CONSOLIDATION

In the autumn of 1880 the telephone interests in Saint John, which had previously been operated by the Dominion and Western Union Telegraph companies, were consolidated and became the property of the Canadian Bell Telephone Company. The late Arthur W. McMacKinnon of the Dominion Telegraph Company, Mr. Williams of the Western Union, and Mr. Seelye of the Western Union, were the ones to carry on the telephone work independently.

Mr. Seelye remained with the Canadian Bell Telephone Company, traveling extensively, establishing exchanges in both New Brunswick and Nova Scotia, until the spring of 1885, at which time he left for Denver, Colorado, where he became associated with the Colorado Telephone Company.

SUCCESS IN U. S.

After a short period of employment in Denver, he was made manager of the exchange at Boulder, Colorado. Two years later he was sent to Canon City, and rose to be district manager of a large territory covering some 15 counties in Southern Colorado.

In 1911, he became division general manager of the Mountain States Telephone and Telegraph Company, a consolidation of the Colorado, Rocky Mountain Bell and Utah Independent Telephone companies. This division consisted of the States of Utah, Idaho and portions of Wyoming and Oregon, with headquarters in Salt Lake City. This division operates nearly 60,000 telephones with an employment of nearly 40 years of service. Mr. Seelye was retired, and returning to Colorado, again made Pueblo his home.

BOSTON VISITORS TO LEAVE TONIGHT

Social Events and Golfing Mark Last Day of Canadian Club Delegation Here.

The stay of the Boston Canadian Club visitors is being drawn to a close today. This morning at 9 o'clock Mrs. W. Edmond Raymond entertained the visitors at breakfast in the Royal Hotel, where a delightful hour was spent. Mrs. Rupert D. Foster, on behalf of the party, presented to Mrs. Raymond a hand embroidered lunch cloth as a memento of the occasion.

Several of the golfing members of the Boston party played at Riverside this forenoon and lunched there as guests of Saint John members of that club. Yesterday afternoon they played at Westfield at the courtesy of President David W. Puddington and his executive, Mr. Munko, a former Saint John resident who is engaged in the wholesale drygoods business in Boston, had his first game of golf in many years at Westfield and greatly enjoyed the diversion. All the Boston players were enraptured with the beautiful scenery of the main river course.

The Boston party will leave by the Governor Dingley this evening. They all declare having had a wonderful week of social, sight-seeing and sporting entertainment. At a little informal party held in the suite of one of the visitors in the Admiral Beatty last night following the De Monts Chapter ball these sentiments were enthusiastically expressed.

FORMER SAINT JOHN MAN IS ORDAINED

Rev. Harold G. Jones Goes to Congregational Church in North Dakota.

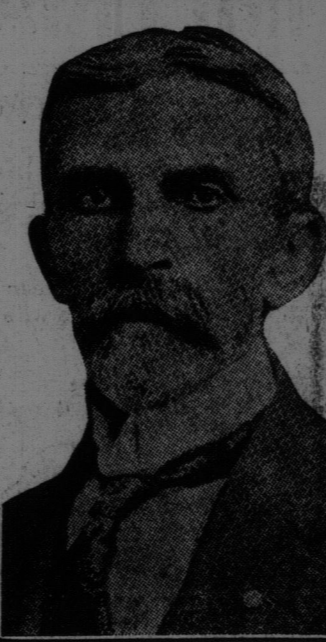

Harold G. Jones, nephew of Mrs. J. Robinson Vanway of 88 Albert street, was ordained in Rollinsdale, Mass., last week, and is now Rev. Harold G. Jones of the Congregational Church of the United States. He is the son of Mr. and Mrs. Charles W. Jones, the former a brother of Mrs. Vanway. He is a graduate of Yale Divinity School and Boston University School of Religious Education.

Rev. Mr. Jones went away from Saint John with his parents when but a little boy, but has returned frequently for summer vacations. His father was an employe of the old I. C. R. for several years. Rev. Mr. Jones has accepted a call to the Congregational church in Fargo, North Dakota. At his ordination Dean Charles R. Brown, of the Yale Divinity School was preacher, and prominent men of the Congregational church in various places in Massachusetts attended.

CAR LEAVES TRACK

Street car traffic to the West Side was tied up for a time early last evening when car No. 180 jumped the rails in Lancaster avenue and brought up against the curb across the street. Loose stones in the flange of the rail is supposed to have been the cause of the accident.

IN THE MARKET

Strawberries were slightly cheaper in the country market this morning, cultivated being quoted at 80 cents a box and wild ones at 60 cents. The supply of everything for the Sunday dinner was plentiful. New vegetables were in good quantity. Beets sold at two bunches for 25 cents, carrots and turnips 10 cents a bunch. The prices for meats, eggs and butter remain about as they have been for some weeks.

SEWING AND SOCIAL

The Loyal True Blue Association met last evening at the home of Mrs. T. H. Gellard, Harding street. Sewing was carried on and a social time enjoyed. Mrs. J. Wilson assisted the hostess in serving. Those present were Mrs. H. Brown, Mrs. H. Read, Mrs. J. Bridgen, Mrs. William Cummings, Mrs. Lillian Clarke, Mrs. T. H. Bird, Mrs. A. McKinnon, Mrs. J. SCHOOL HOLIDAYS Shorter This Year

The summer holidays for the school children of the city will be shorter this year than they have been for many years. The city schools will conform to the regular date of school opening in force throughout the country and the pupils will be required to return to their desks on August 26. In 1917, because of a demand by parents and citizens generally, the date for re-opening of schools in the city was held over until the Tuesday after Labor Day. Later the date of re-opening was moved still further, being the Wednesday after Labor Day. In the case of the city schools it was found that the children were in country homes and the family did not wish to move back to the city until after Labor Day.

SCOVIL BROS., LTD. OAK HALL King Street

Human nature is very much the same wherever you meet it. It is natural that you, in buying home furnishings, should seek the highest possible value for the price you pay. This Store realizes that this applies whether your expenditure is to be limited or unlimited.

If you do not rely upon Everett's for your home furnishings, it is probably because you are under the false impression that we carry only the higher priced, more exclusive home furnishings, which are so frequently seen in our window displays.

As a matter of fact, Everett's carry very comprehensive stocks of moderately priced furnishings, particularly selected and suited for the average Saint John home. Almost every day patrons who have shopped around tell us unsolicited that by actual comparison they find very much more desirable selections and better values here than anywhere else.

In your sincere search, therefore, for the highest possible value for your money, you can very well afford to include a visit to Everett's.
