Mount Vernon, N. Y., Sept. 19.—While the Rev. Lawrence M. Hight, Methodist preacher of Ina, 12 miles south of here, was taken to the county jail here on a charge of murder, which was in connection with the death of his wife last Friday, the body of Wilfrid Sweetin, who died under mysterious circumstances in Ina two months ago, was being exhumed in the village cemetery.

BRITISH LOOK FOR NEW TRADE BOOST
Improved Conditions Expected To Follow Dawes Plan Operation.
By CHARLES M. McCANN, (United Press Staff Correspondent.)
London, Sept. 19.—While sections of British trade are awaiting the debate which will accompany the launching of the Dawes report and the re-entry of the German industrial machine into world trade, most big business men are sitting back waiting for the dividends to come in.

LABOR SKEPTICAL
It has always been the general view here that world prosperity was impossible with Russia and Germany, but particularly Germany, were crippled.
That is why Great Britain never hating the Bolshevik regime in Russia, generally wants a settlement with the Moscow government. It is also why the British statesmen, since the war, have worked against France to put Germany on her feet—not because they are soft on Germany, but because they are hard on France.

PRINCE IS MADE A PRINTING PRESSMAN
New York, N. Y., Sept. 19.—The Prince of Wales was made a journeyman printer yesterday at the International Printing Pressmen and Assistants Union of North America with dues paid up for one year. He will receive tomorrow the engraved membership card which enables him to work as a printing pressman if he needs a job.

Commission Named To Plan For Supervision of All Service Branches.
By HENRY WOOD, (United Press Staff Correspondent.)
Geneva, Sept. 19.—The preliminary plan for military, naval and aerial control of Germany, Austria, Hungary and Bulgaria by the League of Nations was made public today.
A commission charged with formulating the plan has provided for control of the land, sea and air forces of the ex-enemy states by a special commission composed as follows:—
Representatives of each government represented on the League of Nations council; one representative from each of the late enemy states; representatives of four states bordering on Germany, Austria, Hungary or Bulgaria.

BRITISH HOUSE TO MEET ON SEPT. 30
Will Provide Machinery to Set Up Ulster Boundary Commission.
London, Sept. 19.—Satisfied that "public interest requires that the House should meet earlier than October 29," Speaker J. H. Wilson announced today that the commons will be convened on September 30.
This is the date mentioned in the bill introduced by the Ulster cabinet's refusal at its last meeting to appoint a representative on the boundary commission makes it necessary for the British Government to introduce the bill in Parliament by September 30. The matter in question is to provide authorization for setting up the boundary commission without Ulster's participation.

PLANT RED FLAG ON WRANGEL ISLAND
Russian Ownership Recognized By British at London Conference.
Moscow, Sept. 19.—Soviet officials express keen satisfaction over the success of the expedition of the armed transport Krasni Otkabir (Red October), in planting the red flag on Wrangel Island, off Northern Siberia, taking formal possession on behalf of the Soviet Republic.
They believe that this action will settle the status of the island, which has been in dispute for more than half a century, rejecting the suggestion that final adjudication should be referred to the League of Nations with the declaration that both historically and ethnically the island belongs to Russia. They regard it as an important base for a wireless station and centre of supplies in the event of war.
It now develops that Great Britain recognized Russia's right to the island in the recent negotiations in London. The despatch of the armed transport bearing a company of infantry immediately followed the agreement. The Soviet Government is prepared to lease it to others for development.

Proposes Boston Masonic Temple
Boston, Sept. 18.—A Masonic temple to cost several million dollars, which will be one of the finest in the world, to be erected in this city on a site still to be determined, was proposed by Sovereign Grand Commander Leon M. Abbott, of the Supreme Council, Scottish Rite Masons of the Northern Jurisdiction, in his annual allocution here. He addressed a gathering said to be the largest body of thirty-third degree Masons ever brought together at one place. The proposed temple would be the home of all branches of Masonry.

COLLECTS FAMILY
Admiral McCully Gathers Together His 8 Adopted Russian Children.
Washington, Sept. 19.—Vice-Admiral Newton A. McCully, commander of the scouting fleet, is gathering in from various directions his seven adopted Russian children. The admiral has been off to sea with his squadron, the kids have been scattered about in various quarters. Nikolai, the oldest, a member of 16, spent the summer as a member of the crew of a vessel owned by his adopted father. The three older girls, Liudmila, Anastasia and Nina, have been with the admiral's mother in South Carolina. The younger ones, Ninotchka and Tonitchka and Fedor, the boys, went with their governess to a camp in New York. The last of the seven got home here today and all are busy with a couple of trunk loads of gifts from their "daddy" brought back from foreign shores.

VICE-ADMIRAL CALLS ON QUEBEC GOVERNOR
Quebec, Sept. 19.—Vice-Admiral Sir James Ferguson, in command of the British North Atlantic Squadron, was accorded an official salute and reception on the Dufferin Terrace yesterday, on the occasion of his first visit to Quebec this year. He afterwards left with his staff officers to visit Brigadier General J. E. Laury at the local military headquarters and then went to Spencerwood to pay his respects to Lieutenant Governor Narcisse Paradis.

PRINCE MADE A PRINTING PRESSMAN
New York, N. Y., Sept. 19.—The Prince of Wales was made a journeyman printer yesterday at the International Printing Pressmen and Assistants Union of North America with dues paid up for one year. He will receive tomorrow the engraved membership card which enables him to work as a printing pressman if he needs a job.
Wu is reported to have ordered the army of the Christian General Yu Hsiang, composed of the best fighting men in all China, to turn north against Chang Tso Lin. It is not known exactly how far Feng, who it is notoriously in favor of remaining "on the fence" as long as possible, will go in taking part in the battle against Chang.
Chang Fears Defeat.
The latter's plans will have failed, if Lu's defeat is complete. Chang will be forced to meet the full strength of the Chi Li armies, and some expect he will withdraw in the north and await a more favorable opportunity. The Manchurian Tsuchun had counted upon Lu, his ally, keeping the Chi Hsiang Yuan occupied in Shanghai while he overran the Chi Li province from the north.
If Chang persists in the battle, the scene of the civil war will soon shift to the north; Wu Pei Fu already has troop trains with steam up south of the Yellow River ready to move against the Manchus forces.

LOOKING TO CUBA
Guy Porter of Andover said the yield in his district would run to 800 bushels per acre, and the certified seed, half as clean as in Prince Edward Island. He thought the American buyer was very optimistic in quoting \$250 a bushel to the farmer. From \$130 to \$200 would be in his opinion be nearer the mark, and he further believed that, because of a lack of demand, half of the certified seed in the New Brunswick and the Island would have to be sold as table stock. The latter was now selling a few weeks in Andover at 165 pound bag. There was, however, a very exceptional crop as to quality as well as size, and it was hoped that some shippers would reach many markets and a wide distribution. His secure had shipped a cargo to Cuba on Monday and would ship another next week. Some shippers were going to Montreal, but the price there was 80 cents per bag.
Quebec and Ontario had large crops for their own market, and freight rates operated against New Brunswick shippers. Cuba, he said, was the best outlet for the maritime provinces, and he expected to ship a cargo a week throughout the season. This, he regarded as fairly certain. It was, however, not satisfactory to the farmers to have to sell, as some of them might at the present price, at cost of production or less.
Frank Suris, a Havana broker, who markets three-quarters of the maritime province shipments to Cuba, is now sending a few weeks in Andover and vicinity, to study conditions and report on the quality of potatoes to his customers. He is greatly interested in all that has been in that portion of the potato belt.
Looks for Advance.
Andrew McCall of Florenceville said today that the yield in his section would run to 800 bushels per acre, and in quality the potatoes were second to none. He believed the reputation of our certified seed potatoes was as good in the south as that of P. E. Island seed, and the quality was exceptionally good this year. Because of heavy rains in the southern states the farmers were not in so good a financial position as could be desired, but he looked for a brightening.

SAY GEORGIAN REVOLT IS ENDED
Moscow, Sept. 19.—(United Press.)—It is reported here that the much-heralded Georgian "war" continues only in the columns of the foreign press. Leaders declared the actual insurrectionary movement by Georgian Mensheviks, who are native peasants, was suppressed a fortnight ago without difficulty. There were only two days' lightning.

DEMAND IS BEING MADE IN MONTREAL FOR JUDGE TO TRY LIQUOR MATTERS
Montreal, Sept. 19.—Because of the almost impossible situation which has arisen in the criminal courts, application will be made shortly to the Attorney General, Hon. L. A. Taschereau, that a judge be appointed to sit at Montreal to hear liquor cases only. The application will come from the judges themselves, though possibly not directly, but in any event they will support a movement to that effect, realizing that the work has piled up to a point where it has become impossible to enforce the act.
There are said to be 380 actions in arrears.

TAXI BY-LAWS
MAKE COURT BUSY

Several Cases Arise for Ruling—Decisions Set for Monday.

By-laws dealing with the operation of taxis took up the attention of Stipendiary Magistrate Henneberry in the police court this morning. Several cases had been summoned for alleged violations. Decisions were set aside until Monday at 12 o'clock.

It was brought out that a man owning more than one taxi must drive one and can secure a license for only one. It was also stated that a license to operate the others and that is a violation of the law for the owner to operate any of these others.

Richard Healy was reported for operating automobile 3026 without a license in Main street on September 16. The report was made by Traffic Policeman Howard who told of seeing him in the car with a couple of women and later accusing him and asking if he had a taxi license to drive that particular car. Robert Harris, inspector of automobiles, said that the defendant did not have a taxi license. He said the taxi was registered under the name of his mother and told of arrangements being made to transfer it to another man. The defendant said he was not driving the automobile that day for hiring purposes, but had driven friends to the North End. He said the car was registered under his mother's name and that he was having it changed to his own. He was informed that a judgment would be rendered on Monday at 12 o'clock.

Abraham Levine was also reported for operating taxi 5756 without a license. He pleaded not guilty and Detective Saunders testified about seeing him in company with his chauffeur drive off in the car on September 18. Mr. Harris said that Mr. Levine was the owner of the auto but had no license to operate it, although he had one for another car. The defendant explained that his chauffeur had developed a skip and he had driven it home to endeavor to locate the trouble. He had not driven it for hiring purposes. His chauffeur, Thomas McAndrews verified this statement. His case was also set aside until Monday.

Joseph Gillespie was reported for operating a taxi without having a license. This case was also made by Detective Saunders. Mr. Harris said that the defendant had no license although the car he operated was owned by Thomas Wiggins who had secured three licenses, one for himself and two for others. The defendant was not charged. The defendant explained that he had endeavored to secure a license, but at the time had been refused. He was notified to return on Monday with the others.

Thomas Wiggins was reported for driving past a standing street car in Charlotte street on September 18. He pleaded guilty and said that he had stopped and then heard the traffic policeman at the corner of King street blow his whistle which he took as a signal to proceed. He had no license of breaking the law. A fine of \$10 was allowed to stand.

Burton Bralley was reported for driving an automobile truck which had not been licensed. This case was reported by Robert Harris. The defendant produced a certificate to show that he had secured a chauffeur's license and maintained that he could not be held responsible for the truck not being licensed. The owner, Roy Giggley, will have to appear tomorrow morning at 10:30 o'clock.

Ronald Taylor was reported for driving past a standing street car in Charlotte street on September 18. He pleaded guilty and said that he had stopped and then heard the traffic policeman at the corner of King street blow his whistle which he took as a signal to proceed. He had no license of breaking the law. A fine of \$10 was allowed to stand.

THEY LIKE LLOYD.
Lloyd King, former pitcher for St. Peter's amateur and professional teams, has returned home from Halifax, where he was a valued member of the pitching staff of the professional club of that city. He met with marked success during his stay with the club. Prior to his departure efforts were made to have him return next season in event of a professional team being organized.

BETTER SUPPLY.
About 100 feet of water pipe will be laid today in Leinster street, between Sydney and Carmarthen, it was said this morning by Commissioner Wignore. The workmen found the old pipe in very bad condition and the new pipe, being an 8 inch instead of the 4 inch there at present, will result in the residents on the heights having a much better flow of water. Good progress was being made with the water main at East St. John, the Commissioner said, and satisfactory progress was being made with the renewal of the sewer in Hilyard street.

FUNERALS.
The funeral of Miss Dorothy L. Ingraham was held this afternoon from the residence of her uncle, Hugh Ingraham, 27 Barker street. Service was conducted by Rev. H. A. Cady. Many beautiful floral offerings were received. Interment was made in Cedar Hill.

The funeral of John Whidden was held this afternoon from Brennan's undertaking parlors to the Catholic cemetery. The body of Frederick G. Rainnie, who died last evening in the St. John Infirmary, was taken today at noon to Sackville for burial at that place on Sunday.

FOR BRIDE-TO-BE.
The members of the Quispamsis Community Club gave a lovely slaver last evening at the club house in honor of Miss Annie Boscoe, one of the members, who is to be married soon. The guest of honor received presents from a large basket, suitably decorated. There were many beautiful gifts. Following the opening of the parcels, J. A. Johnson, president of the club, told of the high esteem in which she is held by the members.

Seven Per Cent. on Strong Power Co.

Seven per cent. is unusual in Public Utility Bonds. Well placed and well earning properties make it more so.

The Bonds we have purchased of the Lower St. Lawrence Power Co. have these and other attractive features that sum it up as out of the ordinary.

The Bonds, maturing in 1947, are non-callable. The seven per cent. income holds good in a clear way for all the next 23 years. They are a first mortgage on a monopoly with plant costing a million and a quarter—a power source of 3,500 horse power—located under Grand Metis Falls, which are 126 feet high, a vertical pressure of power. More additions of generating machinery at small cost treble this output on the river's lowest flow.

The market of the company is likewise interesting. It is earning at the rate of \$92,000 against Bond Interest of \$52,000. Successive years will increase the net earnings, as happens with power companies generally.

Extending its service through the Gaspé country in a way that multiplies its market in a fine farming and pulp area, this young company will create pulp mill customers, etc. The Bond proposition is one favoring at seven per cent. only those Investors early in the market. Denominations \$1,000, \$500 and \$100. Price at present—par.

MARITIMES WILL HAVE HEARING ON FREIGHT RATES

Ottawa, Sept. 18.—Light was shed upon the aims of the railways in the present rates battle over the application of the Crow's Nest Pass agreement when Eugene Lafleur, K. C., their leading counsel, declared this afternoon that he would endeavor to prove that the railway commission had jurisdiction over all questions of rates, including such agreements as the Crow's Nest Pass. He said he would challenge the accepted opinion that the jurisdiction of the commission did not cover this pact. If he failed in this he would attempt to prove justification for the existing rate situation. When all the evidence had been received this afternoon the hearing was adjourned until Monday morning when counsel will commence their arguments. Before the hearing adjourned R. E. Finn, who represents the Maritime

Provinces, declared the board had failed to notify the Government of New Brunswick. S. J. McLean, acting chairman, said he supposed notices had been sent only to the parties directly interested as plaintiffs or defendants. He promised Mr. Finn plenty of time in which to make good the lack of notice. The Maritime Provinces, from the evidence submitted, feel the discrimination in rates because the Crow's Nest Pass rate has brought about a marked decrease in westbound rates from Montreal, without lowering their transportation costs at all.

DONORS OF CHAIR.

The old chair from Tam O'Shanter's Inn at Ayr, recently given to the Natural History Society, was the joint gift of the Misses Helen G. and Elizabeth W. Thomson, of Rothesay, and had been purchased by their father, the late Robert Thomson, sr. Band at Roller Rink tonight. 9-20.

A Great Food-

Thousands pay tribute to the amazing results it has achieved

THESE remarkable reports are typical of thousands of similar tributes to Fleischmann's Yeast. There is nothing mysterious about its action. It is not a "cure-all," not a medicine in any sense. But when the body is choked with the poisons of constipation—or when its vitality is low so that skin, stomach, and general health are affected—this simple, natural food achieves literally amazing results.

Concentrated in every cake of Fleischmann's Yeast are millions of tiny yeast-plants, alive and active. At once they go to work—inactivating the whole system, clearing the skin, aiding digestion, strengthening the intestinal muscles and making them healthy and active.

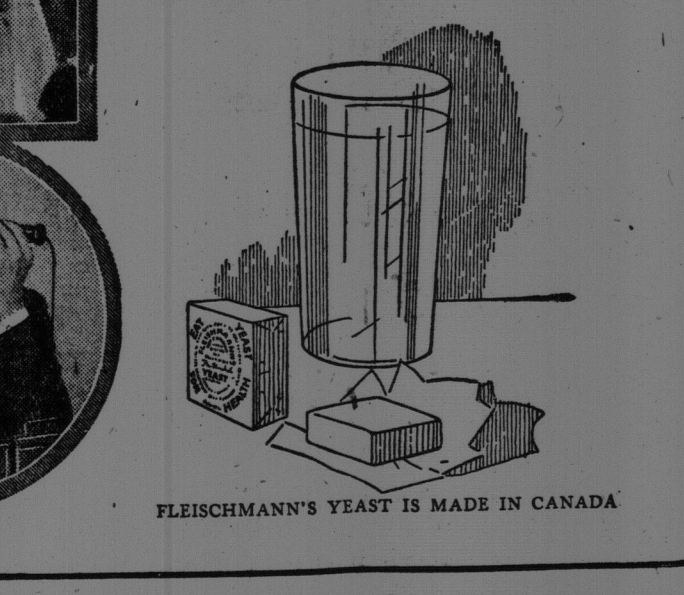

Dissolve one cake in a glass of water (just hot enough to drink) —before breakfast and at bedtime.

Fleischmann's Yeast, when taken this way, is especially effective in overcoming or preventing constipation.

Or eat 2 or 3 cakes a day—spread on bread or crackers—dissolved in fruit juices or milk—or eat it plain.

Fleischmann's Yeast for Health comes only in the tinfoil package—it cannot be purchased in tablet form. All grocers have it. Start eating it today! You can order several cakes at a time, for yeast will keep fresh in a cool, dry place for two or three days.

Write us for further information or let us send you a free copy of our latest booklet on Yeast for Health. Address: Health Research Dept. 868 The Fleischmann Co., 208 Simcoe St., Toronto, Ont., Canada.

FLEISCHMANN'S YEAST IS MADE IN CANADA

"My husband invented a new nickname for me: 'Frenzied Medicator.' Constipation had become chronic. So had the pernicious and easy habit of taking cathartics for relief. One evening my husband showed me the Fleischmann advertisement, simultaneously producing two silver-wrapped yeast cakes. 'At least this is food, not dope!'

"To be obliging, I promised to try it out. The yeast proved slower in action than my pet drastic drug, but I soon discovered its superiority. In two months my internal economy was operating like a well-oiled motor. Today I am surprisingly regular, despite my mother's insistence that constipation is 'inherited in our family.' I must expect to take medicine all my life! Two yeast sandwiches daily keep my 'health budget' down to six cents a day."

(Mrs. Lillian B. Ramsey of Evanston, Ill.)

"A year ago found me morose and irritable, with a nervous, rundown body and... an exceptionally bad complexion. One day while sitting at a soda fountain I read an ad for Fleischmann's Yeast and concluded to give it a trial. Within a week I slept better, and everyone complimented me on my improved appearance. Today I am a picture of health, have a wonderful complexion, and everyone says I look five years younger."

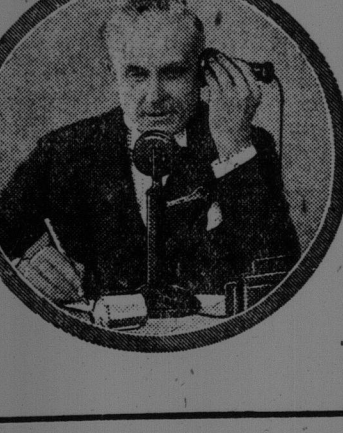

(Miss Jane Branch of Houston, Texas)

"I am a graduate nurse. Back in 1911 while in charge of an operating room, I was afflicted with boils. I tried many remedies—still boils came, and I got run down and unable to carry on. Finally a physician told me to take Yeast. That was twelve years ago, and I have never had a boil since. I have used Fleischmann's for hundreds of patients and for a number of different ailments. I am glad to say that twelve years have not dimmed my enthusiasm for Fleischmann's Yeast, or staled my appreciation of what it has done for me and for others in the course of my professional life."

(Miss Ann Batchelder of New York)

"It looked like hanging on to the pill wagon the rest of my days. One day while reading a story, I ran into an advertisement of eating yeast and very soon I just automatically quit medicines. Directly my body began daily to free itself of poisons and waste in a very easy, natural, healthful way. Today, thanks to Fleischmann's Yeast, I am well, happy, and full of pep."

(Mr. James H. Boyce of Memphis, Tenn.)

ST. JOHN, N. B., SEPTEMBER 19, 1924

A COMMUNITY LOSS.

The removal of Chief Justice and Mrs. McKenna from St. John will be a very distinct loss to the community life. The Chief Justice is one of the most conspicuous examples we have ever had of a man who might live in ease and let the world go by, apart from the duties of his office, but who threw himself into important activities for the general welfare.
What he has accomplished with the aid of his fellow members of the Board of School Trustees is a notable illustration. He became chairman of the Board with three definite aims in relation to the schools of St. John. One was to have the kindergarten recognized as part of the school system. Another was to have better provision made for the teaching of retarded pupils. The third was to get a vocational school. In all these he was successful, since it is now settled that the vocational school is to be built. As chairman of the Board he kept these matters to the fore until action was secured, and it is but fair to say that he was loyally supported.
As chairman of the Board which conducts the Health Centre the Chief Justice gave it a standing in public estimation which not only created greater popular interest and confidence but materially contributed to its success. Nor was his interest confined to these matters. The Children's Aid Society found in him a sympathetic friend and adviser, and wherever his influence could serve a worthy cause it was not withheld.
His going will be active in promoting good causes. The cause of the playgrounds owes much to her work in the period when the late Miss Mabel Peters labored so hard to secure public interest and get approved playgrounds established. The Society, of which she was one of the original members when there was much to do and it was necessary to demonstrate the need of such an organization. The Protestant Orphanage owes much to her interest and earnest work. In the activities of the Council of Women and its various departments she was always ready to give the service of a keen sympathy and a capacity for constructive work.
St. John, therefore, will suffer a genuine loss when these two careful citizens have departed. All join, however, in rejoicing at the preference which has come to the Chief Justice, and are confident that in the wider field he will serve his country with distinction.

THE COAL QUESTION.

Premier Armstrong of Nova Scotia, in his address to the Maritime Board of Trade, declared it was time an end was put to the great importations of American bituminous coal into Canada, and he made a strong plea for a better opportunity to get Nova Scotia coal into Central Canada.
Hon. J. A. McDonald of Prince Edward Island brought the question of coal supply nearer home, however, by pointing out that a thousand tons of coal from Nova Scotia had just arrived in Charlotteville and sold cheaper than coal from Nova Scotia. Mr. McDonald observed that this was a fact worthy of consideration, and Premier Armstrong's remark that cheap coal meant low wages was perhaps not a complete answer.
However, the Government at Ottawa has considered the case of Nova Scotia, and will subsidize rail shipments to Quebec and Ontario, and the Montreal Gazette, while noting that this is a form of protection, says:—
"If the relatively small sum which has been set apart in the present instance will increase substantially the movement of coal from Nova Scotia into Quebec and Ontario, thereby assisting the eastern industry and, at the same time, bringing Canadian coal to the largest consuming market in Canada to be sold here at competitive prices, the scheme will justify itself. The subsidy is limited to one-fifth of a cent per ton mile, payable only upon coal shipped by rail to the western coast of the province, and the maximum expenditure has been set at \$150,000. The application of the subsidy is conditional upon some reduction in the railway rates now in force, and the railways are, it is said, prepared to do their part in this direction."
There is, of course, another side to the question, and the Gazette adds:—
"If such reduction renders the operation of the Canadian National system more unprofitable, the taxpayer will have to make good the loss in addition to providing the subsidy, a result which will have to be considered in relation to the advantages which may be derived by the eastern producing and the central consuming provinces. The output of coal from Canadian mines in 1923 showed an increase of twelve per cent, according to official statistics just issued from Ottawa, but the problem of getting this coal to the central provinces, where coal is most needed, has yet to be solved. The aid

which is now to be granted toward the marketing of Nova Scotia coal in Quebec and Ontario cannot be refused to the producers of coal in Alberta and the would-be consumers of that coal in Ontario. Up to now it has been found impossible to transport this coal at rates which will pay for the hauling and still permit the sale of the fuel in competition with imported coal. The subsidy in the case of the Nova Scotia product is payable only up to fifty cents per ton on any one shipment and only when the coal enters into competition with coal from the United States. Alberta and Ontario can claim the same assistance under the same conditions; indeed, the money now to be used as part of an appropriation of \$200,000 voted by Parliament to aid in the movement of both eastern and western coal."
The strike in the Alberta mines must be settled before that province can claim recognition such as has been given to Nova Scotia, but its case is clear when the time comes. The Government has made a concession the result of which will be awaited with great interest. Premier Armstrong's plea that if there is to be a duty on American commercial coal it should be extended to slack coal, which has now become commercial, appears to be logical and worthy of consideration.

WORDS OF COMMENDATION.

The Government at Ottawa is receiving commendation for the appointments just announced. The Ottawa correspondent of the Montreal Gazette says:—
"Summing up the appointments to the Supreme Court, it is safe to say for the first time in a decade the court is composed of men who do not owe their appointments to political service. It has been in the past the refuge of politicians whose day of usefulness in the political arena was almost over, but the appointments tonight show that Premier King has had the courage to recognize merit in the legal world rather than faithfulness to party ties. Indeed, Mr. Justice Newcombe, if the truth were told, was originally of Conservative affiliations. The appointment of Chief Justice McKenna of New Brunswick to the chairmanship of the Hallway Board to fill the vacancy caused by the death of Hon. Frank Carvell is well received and it is felt he will uphold the honorable traditions laid down by his predecessors."
It is refreshing to find in the names of a Conservative paper this approving comment on the action of a Liberal Government.

WHITE BREAD AND HEALTH.

The dentist of His Majesty King George, Sir William Arbuthnot Lane, has a favorite couplet which reads this way:—
"The whiter your bread,
The sooner you're dead."
And since this distinguished surgeon has pointed out that the use of white bread lowers resistance to disease and favors the onset of cancer, the millers of Great Britain report a continued increase in the demand for whole meal flour. Sir William is supported in his statement by Sir Harry Baldwin, surgeon dentist to the King, and president of the British Dentists' Hospital, who says that it is eminently desirable that the great staple article of diet should be of wholesome and nutritious quality.
"The actual fact," he says, "is that the bread and flour supplied to our people has been deprived of all its vitamins and most of its proteins and valuable mineral salts. This is why we have so largely a C population. Stop the pernicious extraction of the best parts of the wheat and the vital statistics of the nation will go up with a bound."
According to figures from Washington and sent out from Ottawa, while a large number of Canadian people are returning from the United States, in the month of June 19,000 Canadians went over the border as compared with 18,879 the same month in the previous year, and 4,899 in the corresponding period in 1922. Since the 1st of July, however, the U. S. restrictions on Canadian immigration have been such as to make it impossible for anyone of British origin or of any other nationality to go across the border unless they come within the number of the foreign quotas. The increase in the number of people going from Canada to the United States in the last year or so has been due without any doubt to the thousands of Europeans, including people from the British Isles, who have sailed for Canada and then taken their chance of crossing the border. This has not been possible since the 1st of July and it will be interesting to note the figures given out by the United States for the months of July and August, and a little later for September.

Letters To The Editor

THAT BROOKVILLE CASE.

To the Editor of The Times-Star:
Sir,
In your paper of Saturday the 13th inst. there is a report with respect to proceedings on a writ of habeas corpus before Judge Barry in the County Court, in the matter of a boy 11 years of age, sentenced by myself to the Boys' Industrial Home for assaulting a girl. This report is incorrect, when I stated I thought I had the authority to sentence the boy to the Home on the charge made against him.
My authority for sending the boy to the Home came from the proper source, namely, the Clerk of the Peace for the County of St. John, whose duty it is to advise magistrates in just such matters. When I asked this proper official as to my authority, he looked up the law, also telephoned the superintendent of the Boys' Industrial Home (while I was present) and then stated emphatically that I had the legal authority to commit this boy to the institution.
The Clerk of the Peace also loaned me two of his law books with sections marked, for me to read before Judge Barry, which he claimed maintained his contention. Thus I feel the legality of the case in question is not for me to defend, but rests with those whom the law states shall advise me when necessary.
But I do take full responsibility for the sentence imposed, and believe I had ample reason, as I had before me a long list of complaints, both direct and indirect, regarding the conduct of some boys in the vicinity for some time past. The most serious of these was a complaint, less than a year ago from a mother, that while away to the city for a few hours, having left her eldest girl, 13 years of age, in charge of the smaller members of the family, that a boy in the village entered the house and attempted an indecent assault upon the girl. This, following two previous occasions, when the girl had come home from school crying as result of talk and actions of this same boy, and declaring that she would not go back to school. Subsequently the father went over to take sworn information, the parents decided not to take action, as they did not care to have the girl appear in court before strangers to give evidence. They also expressed consideration for the parents of the boy involved, and stated if the father should bring his boy before myself as magistrate to receive a warning, they would regard the case as closed. As a matter of fact the father and boy did come to my home for that purpose, but I was away.
With this and other complaints (of which I have a list), regarding the actions of some boys in the community, and also in view of the fact that I had already sentenced a suspended boy to one year of two years imprisonment for deliberately throwing nails on the road, as a warning to others, decided that such warning was not being heeded.
I am only referring to the matter at this late date, because I notice Judge Henneberry, a lawyer of repute, warned a ten year old boy charged with hitting another lad in West Street that should he again appear before the court, the full penalty would be imposed, that of a term in the Reformatory.
Yours truly,
H. G. S. ADAMS,
Brookville, Sept. 18, 1924.

Blind But For Bon-Opto

Downton, Pa.—Bon-Opto has certainly been a great help to me. I would have been blind by now had it not been for Bon-Opto. I have been paralyzed and three years and my eyes are very weak. Bon-Opto helps them wonderfully.
(MRS. A. C. FENIMORE)
Bon-Opto is daily bringing clear, sharp vision to the eyes of thousands of sufferers. It soothes, and comforts the eyes. It is wonderfully refreshing after a ride in the automobile. It is sold by all druggists under a money return guaranty.

ONE BULLY GETS HIS.

Nobody loves a bully and when one gets a dose of his own medicine, the gleeful chuckles are not suppressed. The bully this time is a big black cat that has been making the life of a young kitten miserable by his bullying tactics during the last few days. The black one apparently has been making a special effort to hurt the younger one and on Wednesday night thought he had a good chance. The young fellow had been put out for the night and was perched on the woodshed roof. He was in fear and trembling when his dreaded enemy hote in sight and sprang on the younger kitten. A citizen who was watching lifted a nearby window and let a roar out of him that must have considerably startled the law-abiding neighbors who by this time were in bed. The cat, taken by surprise, let go, but in doing so fell off the roof, about 15 feet to the ground. Going over, he made a wild lunge to save himself but heavy fowpoot over with him and it landed with considerable force on his back. He is still wondering what struck him.

GAS IN THE STOMACH IS DANGEROUS

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."
Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach-achters. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.
It is the worst of folly to neglect such a serious condition or to treat with ordinary laxative pills which have no neutralizing effect on the stomach acids. Instead get the best form of Magnesia in thousands of Blaud's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated feeling out of the body, sweeten the stomach, neutralize the excess acid and prevent its return and there is no soreness of pain. Blaud's Magnesia (in powdered tablet form—never liquid solution) is harmless to the stomach, inexpensive to take and the best form of Magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Goodyear Balloons Cost Less Than You Would Expect

THE great body of motorists who use the popular sizes of straight-side, high-pressure tires (31 x 4, 32 x 4, 33 x 4, 32 x 4 1/2, 33 x 4 1/2, 34 x 4 1/2, 33 x 5) enjoyed a year ago the lowest prices in the history of the automobile business. Today they can have all the advantages of Goodyear Balloon Tires to fit the same wheels, for even less money.

DEATHS

Charles G. Parkyn.
Mrs. Charles G. Parkyn, daughter of Mr. and Mrs. George Carvill, of this city, received a telegram yesterday afternoon from New York announcing the sudden death of her husband. Mrs. Parkyn had just received a letter stating that Mr. Parkyn was ill with la grippe and was preparing to leave immediately for New York with her infant son when the sad news was received.
Mr. Parkyn was a retired engineer, Lieutenant-Commander of the British navy and during the Great War he

served in the Canadian navy as consultant engineer to Captain Pascoe. He retired from the naval service about three years ago and filled a responsible Government position in the West. Mrs. Parkyn was twice married, his first wife having died several years ago, leaving a son, who is at present at Los Angeles, California.
Mrs. Parkyn's many friends will sympathize with her in her sudden bereavement.

John Vernon Simmons.
Much sympathy will be extended to the bereaved relatives of John Vernon Simmons, who died yesterday at the General Public Hospital at the age of eight years. He was a son of Christina and the late John W. Simmons and is survived by his mother, one brother and one sister. The funeral will take place on Saturday at 2:30 and will be private.

Mrs. Frances Marter.
Aged 92 years, Mrs. Frances Marter died at her residence, 7433 Race street, East End, Pittsburgh, Pa., on Saturday, Sept. 13. She was the widow of Thomas Marter, chief of the fire department in St. John for many years. Her husband, who was in charge at the time of the Great Fire of 1877, was succeeded five years later by John Kerr, K. C. The present chief, George Blake, was appointed following Mr. Kerr's death.

John Whalen.
The death occurred in the General Public Hospital of John Whalen on Sunday, Sept. 14. He leaves to mourn four daughters and one son, who are Mrs. J. J. O'Connor, of Watertown, Mass.; Mrs. J. Wyman, of Boston;

Carnation Milk

"From Contented Cows"

Your Grocer Has Pure, Safe Milk

At the nearest grocer's is ready for you a safe and convenient milk supply—Carnation Milk.

Just order with your groceries. Carnation keeps. None is wasted. You never run out.

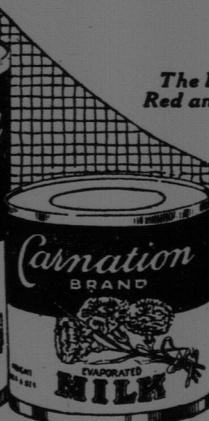

Use Carnation in its full richness in place of cream for coffee. Use it diluted if you prefer on cereals, fruits, etc. Add a little more than an equal part of water and you will have pure milk for all cooking purposes.

Carnation is just pure fresh milk, evaporated to double richness, kept safe by sterilization. Order several tall (16 oz.) cans or a case of 48 cans from your grocer.

Try this recipe and write for a free copy of the Carnation Recipe Book. It contains 100 tested recipes.

NUT BREAD: 1 teaspoon salt, 4 cups flour, 1/2 cup sugar, 6 teaspoons baking powder, 2 eggs, 1 1/2 cups water, 1/2 cup Carnation Milk, 1 cup English walnuts. Mix and sift dry ingredients. Beat eggs well, add milk diluted with water and mix with dry ingredients. Beat well, add nuts, put into two greased bread pans and bake in a moderate oven thirty to forty-five minutes. This recipe makes two loaves.

WILL ADOPT NEW ACCOUNTING PLAN

Power Commission Moves to Carry Out Suggestions of Auditors.

The Civic Power Commission, at a special meeting held yesterday afternoon, decided to adopt the recommendations of the Price, Waterhouse & Company report on changes and extensions of the accounting system and to engage that firm to come here and install the system as recommended.

It was decided to ask the City Council for a bond issue of \$2,700 for the purchase of a billing machine and a cash register, both recommended by Price, Waterhouse & Company, and for an additional vote of \$3,000 for the engineering and incidental account.

On the recommendation of the engineer it was decided to ask the council for authority to purchase 16 service transformers at a cost of \$1,363.10 and switching equipment from the New Brunswick Electric Power Commission at a cost of \$1,720, this latter having been placed in the sub-station by the Provincial Commission on the understanding that it would be taken over by the Civic Commission.

The engineer brought up the matter of water and sewerage for the sub-station, and it was decided to bring this matter again to the attention of the City Council, after the engineer had interviewed the contractors who had on the job last winter, to find out if their tenders still held good.

The secretary reported that the exhibit at the St. John fair had aroused a great deal of interest, particularly in connection with heaters, and many inquiries were being received about them.

A request from the Board of Health for an estimate of the cost of extending the hydro line to the Isolation Hospital was referred to the engineer for a report.

A. M. Rowan presided, and others present were James Lewis, Commissioner Harding, John N. Flood and F. S. A. McMullin.

SEPARATION DEFEATED.

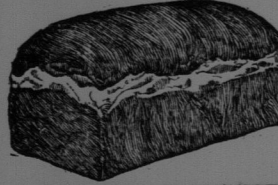

The unionists won a victory at the annual meeting of the Women's Missionary Society of the Presbyterian Church of the Maritime Provinces and Quebec, held at New Glasgow, when a resolution in favor of "peaceful separation" was defeated by a vote of 183 to 87.

Among those who spoke in favor of separation were Mrs. J. H. Thomson and Mrs. Cruikshank of St. John. It was opposed on the ground of unconstitutionality.

TRAVELING LIBRARY GAINS POPULARITY

Montpelier, Vt., Sept. 19.—The second season of Vermont's "bookwagon" this year has been more successful than its rambles of last year, when it was new to the people. It is operated by the free public library department of the state board of education with the object of promoting the reading of good books in towns where there is no public library and of stimulating interest in the establishment of libraries in such places.

Each week the young women who are in charge of the "bookwagon," which is a specially fitted motor truck, came back to the capital with reports that virtually all the books carried have been lent to readers. Then they load up again and start off for some other section of the state. On one recent trip which carried them to the northeastern corner of Vermont they were instrumental in the re-establishment of a library in Bloomfield which had not been open for three years.

The body of the truck has shelves to carry the books, which may be viewed through the glass sides. Books are lent to anyone who wants them, to be returned to Montpelier by parcel post after two weeks. The largest demand is for children's books and adult fiction.

Some reference books are carried. These frequently are called for by teachers in the rural schools who wish to study for advanced credits.

SEPARATION FROM A. F. L.
London, Ont., Sept. 19.—Meeting in London, Ont., delegates to the fortieth annual convention of the Trades and Labor Congress of Canada discussed

a proposal by Delegates Watson and Macdonald, of Toronto, that the congress should sever its connection with the American Federation of Labor. The two delegates strongly supported the proposal, while Delegate Schubert

of Montreal, was the chief opponent of any change in the present order of things. He declared that while in favor of complete autonomy and of amalgamation of all Canadian labor organizations, he realized that it was too

early in the growth of the movement to separate from the American Federation. The boll weevil costs the United States a billion dollars a year.

If all the meat imported into London came in the form of live sheep, there would be enough to arrive, one every two seconds, night and day, all the year round.

Social Notes of Interest

A party of ladies from St. John are enjoying their annual fall motor trip through Nova Scotia. Those included in the pleasurable outing are Mrs. Allan G. McAvity, Mrs. Arthur S. Bowman, Mrs. Walter A. Harrison, Miss Bessie Dawson and Mrs. H. W. Frink, of Rothesay. Mrs. J. Royden Thomson, of Rothesay, will join the party in a few days and all will return in two weeks.

Mrs. Louis Comeau and her daughter, Miss Corinne Comeau, have come to the city from their country home at Shediac and are now at their city residence, Elliott Row.

Mr. Charles Colwell, who had been spending the summer at Ketepee at the country home of his grandmother, Mrs. Elizabeth Walsh, left this week for McGill University to resume his studies in architecture.

Miss Ruth Milligan has returned from New York, where she spent her vacation with her parents, Mr. and Mrs. W. J. Milligan. Miss Ruth is again at Netherwood Girls' School. She spent a short time with her aunt, Mrs. G. Wilford Campbell, after arriving from New York.

Miss Clara Watson, of New York accompanied by Mrs. F. C. Melick, left for her home on Wednesday. Mrs. Melick will attend the marriage of her son, Mr. Fred Godfrey Melick, the latter part of October. Mrs. Melick will return here late in November.

The "W. W. W." Club were hostesses last evening at the home of the Misses Mary and Margaret Brennan at a kitchen shower for Miss Mary McGovern, one of their number who is soon to be married. The guest of honor was greatly surprised on arriving to find a large party assembled in addition to the usual members of the club who meet every week for bridge.

Y. W. C. A. BOOSTERS OPEN SEASON

No rain could discourage the Boosters of the Y. W. C. A. and they turned out in force last night for the season's opening rally at the recreation centre. There were 60 young people present and the first part of the evening was spent in games. Then Mrs. C. P. Luxmoore, of England, a member of the executive of the World Y. W. C. A., visited the meeting and spoke to the Boosters about the children in India where she had been Y. W. C. A. national secretary for 6 1/2 years. Her audience was intensely interested in what she had to say and asked for further information, wanting to know about the children of China and Japan also.

Mrs. A. W. Estey, girls' work secretary of the Y. W. C. A., had planned the rally programme and had charge last night. She was assisted by Miss Joan Andrews. Special visitors were Mrs. John A. McAvity and Mrs. W. M. Angus.

MANY ARTICLES FOUND BY POLICE

From Jan. 1 to date 146 articles have been found by patrolmen and of this number 88 have been restored to the owners applying at headquarters. In the lot there were 15 pocketbooks containing money and there are still five of them unclaimed. Besides these there are pocketbooks containing money that were found last year but have not yet been called for.

Among the articles found on the streets are ladies' fur neck scarfs, earrings, keys, rosaries, ladies' coat belts, gloves, silk hose, satchels, hats, automobile accessories, bottles of medicine, dog license tags, whips, lanterns, machinists' tools, boots and shoes, children's rompers, toys, returned soldiers' badges, etc. All such articles are entered on the police books and may be obtained by the owners immediately on application and proving the property.

to be a large number of interesting and useful kitchen devices. Refreshments were then served by the club members who include Miss Anne Jennings, Mary Chaisson, Marion Murphy, Florence Nugent, Madelon Dwyer and Mary and Margaret Brennan.

Miss Annie Boscene was the occasion for a delightful novelty shower this week, when Miss Murray Huestis, 192 St. James street, was hostess for a party of young friends of the bride-elect, who will be married very shortly. Miss Huestis was assisted in entertaining the guests by Miss Florence Carvell. A unique receptacle for the gifts was an "old iron bucket," ornately decorated and suspended from the ceiling by a fancy chain. The hostess of the evening served delicious refreshments and the company enjoyed games, music and dancing.

Miss Winifred Green, daughter of Mr. and Mrs. C. T. Green, was the recipient of a very pretty novelty shower, on Wednesday evening at the home of Mrs. F. L. Giguere, 445 Milligan avenue, when 20 of her friends assembled to bestow a fancy box of useful and pretty gifts on the bride-elect. Mrs. Giguere was a charming hostess and served delicious refreshments after a pleasant game of bridge was enjoyed. Miss Green was also the recipient of a number of kitchen novelties recently, when the teachers of Alexandra school, where she formerly taught, were her hostesses at Fair Vale. Her wedding will be in St. Luke's church on Sept. 29.

Mrs. Daniel Thomas and Mrs. Hilda Ferguson, of Grand Manan, are visiting Mrs. Thomas' sister, Mrs. A. C. Ellingwood and niece, Mrs. C. Coler Parent, in the city.

About 25 friends of Miss Edna Niles, 302 Douglas avenue, gathered at her home last evening and tendered her a novelty shower in honor of her marriage which is to take place off Sept. 20. Many beautiful gifts were received. A pleasant evening was spent at bridge. Delicious refreshments were served.

Policeman Tower, of Duke street, West St. John, who recently underwent an operation in the General Public Hospital, is reported to be somewhat improved in health.

Mrs. H. W. Hayward, of Bridgetown, N. S., is visiting her sister, Mrs. Alfred Hart, at 247 City Line.

The Sunshine Circle of the Charlotte street Baptist church recently honored two of its members, Miss Ruth Hoyt and Miss Lena Maxwell, at an informal reception held at the home of Miss Stella Nice, president of the class, Market Place. The rooms and supper table were prettily decorated in white and yellow. During the evening each some electric reading lamp. They of the honor guests was given a hand-heartyly thanked their class-mates. The evening was pleasantly spent with

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal. The following quotations from a recent work on teeth and health are worth remembering: "Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth " "The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay." The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

SPORT NEWS GLEANED FROM WORLDS CENTRES

BOTTOMLEY MAKES BATTING HISTORY

Crashes Out Six Consecutive Hits and Scores Thirteen Runs.

New York, Sept. 19.—James Bottomley of the St. Louis Cardinals did some record batting at Ebbets Field recently that was entirely unappreciated by an audience of about 8,000 spectators who had assembled for the sole purpose of seeing the Robins win a ball game, and not Mr. Bottomley crack records by knocking baseballs all out of shape.

It was a terrific offensive that struck the Robins in which Bottomley easily was the leading offender. All this young gun did was to drive out six consecutive hits, which included two homers in succession, a double and three singles for a total of thirteen bases. More destructive than this, however, was the fact that he batted in twelve runs for the Cardinals, smashing all known records for this sort of

RECORDS MAY BE BROKEN IN MAJORS

Season of 1924 Should be Outstanding in Baseball.

New York, Sept. 19.—Every baseball season brings something new, something different. And the 1924 campaign isn't apt to be an exception. As the two major leagues swing into the final stretch, at least four unprecedented feats loom possible. One of these is the possibility of the Giants topping the National League flag four years in a row, a trick never before accomplished in the big circuits.

Another concern Washington. The Nationals have yet to win their first pennant. Should they come through this season they will have added another unique feat to baseball history. Then there are the White Sox, Evers' boys are groping about in last place. Unless they perk up a bit within the next few weeks, Chicago will likely see its first cellar team in the history of the American League. Outside of the city yesterday and left in a special car attached to the late train for Halifax last evening en route to Moncton.

RACES UNFINISHED AT FREDERICTON

Rain Interfered With Meet at Capital Exhibition—The Results.

Rain interrupted the third day's racing at the Fredericton exhibition race meet yesterday afternoon and two of the harness races were not completed, and were to be finished this afternoon. Harry Nevers and Tom Holmes had a little trouble and drove to the wire cutting at each other with their whips and then dismounted and continued the battle. After receiving a severe lecture from the judges' stand they apologized and were not penalized.

SENSATIONAL BOUT HERE NEXT MONDAY

Frankie Bull Will Defend Championship Against Johnny McIntyre.

Boxing fans in this city will have an opportunity of seeing Frankie Bull, the sensational lightweight and junior welterweight, perform in St. Andrew's rink next Monday evening, when he will be pitted against Johnny McIntyre of Glouce Bay, who has been performing so consistently against many of the leading welterweights in New England. This bout should be one of the most thrilling staged in this city in years, and those who have had the pleasure of seeing Bull perform in Upper Canada predict that he will make McIntyre go at top speed from the tap of the gong until the bout terminates. McIntyre since going to the States has made rapid strides up the ladder of fame and there is no doubt that a win over Bull would place him among the foremost boxers in his class. For this reason alone he will undoubtedly get into the pink of condition and put up the battle of his life for a victory.

WILLS MAY MEET CANADIAN BOXER

George Godfrey, However, Nearly Upset Renault Ballyhoo Recently.

The unsatisfactory ending of the Harry Wills-Luis Firpo bout in New York recently served to focus the spotlight on other probable opponents of the leaders the name of Jack Renault, mentioned. Renault's real name is Di-moulin and several years ago he worked as a policeman in Montreal. His press agents had him all fitted up one day in the uniform of a Royal North West Mounted policeman and his picture taken and for a time this bantam got by until it was exposed and now little is heard of it.

WILLING TO RACE TO BOSTON LIGHT

Halifax Young Woman Issues Challenge to Women of New England.

Miss Eva Morrison of Halifax, N. S., who claims the woman's swimming championship of the Maritime Provinces at 10 miles, has challenged the women of New England to meet her in a swim to Boston Light on Sept. 28. Just for good measure, the Canadian miss said she felt sure she could beat any men who might wish to match strokes with her. At least two men will join in the race. Three women are among the few swimmers who have ever completed the difficult course to Boston Light, at the entrance to the harbor. At this season of the year cold is added to the handicaps of tide and current, as the water temperature will be about 60 degrees.

FISHING VESSEL RACES CANCELLED

Set Over by Committee Owning to Unpleasantness Last Year.

Gloucester, Mass., Sept. 19.—Recall that the international fishing vessel championship has been withdrawn from competition this year, was expressed by Mayor William MacInnis of Gloucester upon receipt of press despatches from Halifax yesterday saying that the trustees of the trophy had taken this action owing to the "unsatisfactory termination" of last year's races.

Little enthusiasm was shown among local fishermen over the suggested matching of a Lunenburg, N. S. boat with the Gloucester schooner Columbia, with a purse to be raised in Gloucester. Captain Ben Pine, who handled the U. S. entry in last year's race, said, however, that if the money could be raised, a purse put up and his schooner prepared he would be willing to meet anybody. The Columbia is the only vessel available for a race this year and being due for the Grand Banks soon it is not expected to return over two weeks.

Thomas J. Carroll, chairman of the United States race committee, thought that there appeared to be little sentiment in favor of the suggested contest and that before action could be taken the United States committee would have to be assembled and the proposal laid before it.

SECRET OF HAPPINESS

The greatest menace on earth to happiness is the ill health with which so many women are afflicted. The young woman is subject to pain and irregularities, the mother to the tortures of displacements with consequent pains, aches and nervousness,—the middle aged woman to the uncomfortable conditions caused by this critical age. The one remedy to control these conditions and restore the system to a normal healthy condition is Lydia E. Pinkham's Vegetable Compound, which for fifty years has been restoring sick and ailing women to health and happiness.

HOSPITAL AID PLANS FOR WINTER

The first of the fall and winter meetings of the Women's Hospital Aid was held yesterday afternoon at the Board of Trade rooms, Mrs. J. Boyle Travers, vice-president, in the chair.

Mrs. L. W. Mowry, treasurer, reported a balance of \$1,223.11 in the general fund and \$928.77 in the emergency fund. Letters were read from Dr. H. A. Farris, superintendent of the St. John County Hospital, expressing appreciation of the activities of the Aid.

Mrs. E. A. Young and Mrs. S. O'Connor reported visiting days at the General Public Hospital and Mrs. James Williams was appointed convener of visitors for the coming month. Reports on visiting at East St. John were given by Mrs. R. O. Shaughnessy, Mrs. E. A. Young and Mrs. L. Lingley. Mrs. Garfield Stevens was appointed convener for the coming month.

Denominational reports were submitted by Mrs. Garfield Stevens, Anglican; Mrs. Robert Watson, Presbyterian; Mrs. L. A. Conlon, Catholic; and Mrs. Williams, Methodist.

Letters of sympathy were ordered sent to Mrs. J. H. Doody, Mrs. A. C. D. Wilson, Mrs. Charles Christie and Mrs. W. L. Caldwell.

SAYS EAST IS BEST FOR DUTCH FARMERS

Mrs. D. Venstra, manager of the Transatlantic Emigration Bureau at The Hague, Holland, is in the city on a tour of Canada to find out what the requirements in the country are for settlers. She declared that, after a tour through the west she had decided that conditions in the east were better suited to the Dutch immigrants. She said that she understood Canada wished farmers only at present and she pointed out that the Dutch farm settlers would be more accustomed to the

mixed farming in this section than grain growing in the west and the use of large machinery. Conditions were not good in Holland at present, Mrs. Venstra said. The country was faced by a steadily increasing population in a land already over-populated. Mrs. Venstra is completing her tour through the Maritime Provinces and she will sail from Montreal on Sept. 24. While in this province she has been assisted by F. E. Sharp of the Farm Settlement Board and John Donaldson, chief of the Soldiers' Settlement Board.

SYDNEY TO HAVE ROSSLEY KIDDIES

Children in Cape Breton Town are Being Trained for Performance.

The Sydney Post says: "Sydney is soon to see its own juvenile stars performing on the stage under the direction of Mrs. Jack Rossley, who delighted local audiences with her two Rossley Kiddies' shows here a few months ago. "Mrs. Rossley is now in the city and has opened a studio in the old Casino block. Already 100 Sydney girls, all youngsters, are in training for the forthcoming Sydney Rossley production, which will be staged at the Strand Theatre this fall. "When Mrs. Rossley was in Sydney some weeks ago, an amateur night was staged, and she was at that time greatly impressed by the class of talent demonstrated. Immediately arrangements were made to have Mrs. Rossley come here and train a special company, with the idea of starring Sydney girls in the same manner she has St. John youngsters for the last few years. "Only a few days ago Mrs. Rossley sent out her call for the local girls who are to take part in the coming production. All the prize winners at the recent amateur night have joined the company and the practices are now progressing very favorably at the Rossley studio here. "I can truthfully say that I have never seen better talent anywhere than right in Sydney," said Mrs. Rossley. "Some of the girls are marvelous dancers, while their singing voices are certainly the best I have ever heard. I expect the Sydney Rossley show will be the finest I have ever produced. At any rate I have the talent and I think the people here will be surprised when we put on our opening performance." "According to present plans Mrs. Rossley will present the Sydney juveniles sometime this fall, the exact date not being determined upon. The show will be staged in the Strand Theatre and is sure to be the biggest attraction of the kind ever staged in Cape Breton."

MARION MOSHER TALKED OF AGAIN

Reported Negotiations for Schooner Once of Rum, Row Fleet.

The schooner Marion Mosher, formerly known as a rum runner, which has been tied up at Market Slip since her arrival here from the West Indies to run rum from the West Indies about 18 months ago, is to be overhauled and sold according to rumors along the waterfront. Efforts to locate those interested in her purchase were unsuccessful this afternoon but enough information was ascertained to give color to the rumor.

The Marion Mosher was mentioned in several despatches from the United States as being among the schooners anchored off rum row more than a year and a half ago. A short time later the schooner appeared in St. John minus a large shipment of liquor, loaded in the West Indies, which the captain alleged at the time was stolen by pirates.

Orders were received from Ottawa to the local customs to refuse clearance to the schooner until further word was received from the capital. It was first reported that the vessel was owned by a Hebrew in New York but later it was said that a local liquor concern was the owner.

However, the vessel was tied up on the north side of Market Slip and remained there for more than a year. She was later transferred to her present position on the south side. A watchman was kept on board.

Within the last day or two a representative of the liquor company has been in the city and several local citizens, interested in shipping, have been examining the vessel. One man even went so far as to have a report of her condition and an estimate of the cost to put her into seaworthy shape made out by an expert for him. It is said that this showed that the vessel was not in so bad order as might be supposed from the fact that she had been laid up for 18 months. Collector C. B. Lockhart when asked concerning the schooner said that he had not received any intimation that the vessel was to be ready for sea. He declared that he had not received any further information from Ottawa since the orders arrived to refuse the Marion Mosher clearance and he would not act until permission was granted from the capital to allow her clearance.

It is said that the vessel has not been sold as yet but that efforts are being made first to arrange a settlement with Ottawa with a view to the vessel's return to the United States. Further developments are expected within the next two weeks.

CITY PETITIONS ON THE GAS RATES

Utilities Board to Take Up Allegation That There is Discrimination.

The matter of rates announced some time ago by the New Brunswick Power Co. for gas, reducing the charge to customers who also took the company's electricity service exclusively in the same premises is to come formally before the Public Utilities Commission next week. It comes up in the form of a petition from the city of St. John alleging that this is discriminatory and unjust to those who do not use the company's electric service. The petition asks the utilities board to declare that the company is discriminatory and that the discrimination be ordered removed. The petition is signed by Frank L. Potts, Mayor, and Herbert E. Wardroper, Common Clerk. It reads as follows:

To the Board of Commissioners of Public Utilities of the Province of New Brunswick:

The petition of the City of St. John, a municipal corporation,

HUMBLY SHEWETH:

1. That the New Brunswick Power Company is a duly incorporated company, supplying to the inhabitants of the City of St. John and other localities in the Province of New Brunswick, light, heat and power, and is a public utility within the meaning of the Act 10, Edward VII, chapter 8.
2. That the directors of said company have decided to grant a reduction in the price of gas for domestic and commercial purposes of 15 cents per thousand cubic feet, effective from the first day of July, 1924, to customers of said company who are using the combined electric and gas services of said company exclusively in the same premises but such reduction has not been made applicable and is not applicable to any other persons.
3. That such discrimination is unjust toward those persons who do not use the company's electric service. Your petitioner therefore prays that such reduction may be declared to be unjustly discriminatory and that the gas rates, tolls, charges and schedules of the said company may be ordered by your honorable board to be reduced, modified or altered so as to remove such unjust discriminations and your petitioners will, as in duty bound, forever pray, etc.

Dated this 14th day of September, A. D. 1924.

Frank L. Potts, Mayor.
Herbert E. Wardroper,
Common Clerk.

LOCAL NEWS

GIVEN SHOWER.
Mr. and Mrs. Alva French were pleasantly surprised last evening when about 25 of their friends called on them at the home of Mr. and Mrs. W. Moore, 12 Millidge avenue, and tendered them a novelty shower. Many beautiful gifts of silver, glass and linen were received. The evening was spent in dancing and music.

SEELY STREET WORK.

Grades for the sidewalk and street surface of Seely street are now being prepared by the road engineers. Constable Frink said this morning, as soon as these are completed a start will be made on the work. The proposed sidewalk is to be laid on the north side of the street and sidewalk.

TRINITY RECTORSHIP.

A congregational meeting of Trinity church will be held on Friday evening next for the purpose of voting on names, from which to choose a successor to Rev. Canon R. A. Armstrong, who recently moved to Toronto. The names of several clergymen will be presented along with their qualifications for the vacant rectorship.

UNDERGOES OPERATION.

Mrs. Charles H. Coburn, formerly Miss Olive B. Golding of this city, successfully underwent a serious surgical operation in Atlanta, Ga., yesterday, according to a telegram received by relatives here today. A few months ago Mrs. Coburn met with an accident necessitating the operation, which was performed in the Wesley Memorial Hospital, attached to the University of Georgia. Mr. Coburn, whose duties as auditor for the Famous Players-Lasky Corporation, New York, take him to various parts of the continent, is in Atlanta until his wife recovers. The Coburns have taken a cottage in Atlanta for the winter.

HALIFAX LEADS ON RIVERSIDE LINKS

Brightwood Club of Halifax Contests With Locals in Golf Competition.

With ideal weather conditions prevailing, the annual match between the Brightwood Club of Halifax and the Riverside Golf and Country Club being held today on the Riverside links. This morning 18 holes were played, and it was expected that a similar number would make up the programme for this afternoon. The visitors arrived this morning and were driven to the ground.

At 1:30 o'clock this afternoon the score stood 20 to 11 in favor of the locals. One of the features of the morning play was that of Frank Mielke, former champion of the Maritime provinces, and runner-up this year to his brother Gerald. He went out in 88 and back in 42, defeating H. H. Peters by three. His score of 38 is considered exceptionally good, although the course record is 34, held by Coach Lingard.

The visiting players will leave this evening and prior to returning home will play in Amherst and Truro.

The line-up this morning was as follows:

H. H. Peters, Riverside, vs. Frank Mielke, Brightwood.
S. A. Jones, Riverside, vs. J. M. Murphy, Brightwood.
L. W. Peters, Riverside, vs. D. H. Williams, Brightwood.
W. L. Bell, Riverside, vs. J. L. McKinnon, Brightwood.
A. K. Harvey, Riverside, vs. H. Rinch, Brightwood.
E. J. Terry, Riverside, vs. W. S. Graham, Brightwood.
D. C. Stimmer, Riverside, vs. S. L. Curry, Brightwood.
James McMurray, Riverside, vs. T. W. Murphy, Brightwood.
W. L. Galden, Riverside, vs. W. E. Thompson, Brightwood.
F. M. Keator, Riverside, vs. H. O. Coston, Brightwood.

This afternoon 90 members of the Riverside Club journeyed to Woodstock, where they will play tomorrow. The exact time to be home on Sunday evening.

S. ARMY OFFICERS SEEN ON HORSEBACK

Something Novel is Introduced in Procession in St. John.

Last evening an interesting farewell was given Candidates Lillian Cobbett and Byron Cobham at the Brindley street Citadel of the Salvation Army. An excellent musical programme was given by the band, of which these two candidates are members, and Sylvia Friend added piano selections, all of which were well received.

The speakers of the evening were Mrs. Steeves, Y. P. S. M.; Secretary Robert Chambers, Treasurer Robert Winchester, Envoy Calvin Marney and Ensign Friend. Lieut. Hunt, of the men's social department, was chairman and also gave two very interesting musical items on a carpenter's saw.

Much was said to the credit of the two candidates by each speaker, and each of the officers congratulated as they entered upon their studies in the Salvation Army Training College in Toronto, to which they will go in the course of the next few days.

Preceding this musical treat, an open-air meeting was held and a procession headed by the officers and candidates, Essign and Mrs. Friend rode horseback, as did Candidate Byron Cobham. Candidate Lillian Cobbett did not care to venture on a horse. Horse in a Salvation Army procession made quite an attraction.

Both candidates spoke during the evening, expressing their thanks to the courtesies of the corps for their kindnesses, and pledged themselves to do their best to make the future a success in their wider field as officers.

JOSEPH CRAIG, PAINTER, IS DEAD

The death of Joseph Craig occurred this morning at his residence, 6 St. Paul street, from pneumonia. He was a son of the late Robert and Mary Craig and is survived by three brothers, Thomas and David, of Peabody, Mass., and Robert, of Chatham, and one sister, Miss Mary, at home. Mr. Craig was a well known painter and decorator and was held in esteem by a large number of friends who will be sorry to learn of his death and will deeply sympathize with those bereaved. The funeral will be held tomorrow afternoon from his late home with service at 3 o'clock.

JOSEPH CRAIG, PAINTER, IS DEAD

The death of Joseph Craig occurred this morning at his residence, 6 St. Paul street, from pneumonia. He was a son of the late Robert and Mary Craig and is survived by three brothers, Thomas and David, of Peabody, Mass., and Robert, of Chatham, and one sister, Miss Mary, at home. Mr. Craig was a well known painter and decorator and was held in esteem by a large number of friends who will be sorry to learn of his death and will deeply sympathize with those bereaved. The funeral will be held tomorrow afternoon from his late home with service at 3 o'clock.

Scovil Bros., Ltd. KING STREET

Bedroom Furniture of Distinction

In our King Street window we are showing a suite of Queen Anne design, especially suitable for a good-sized sleeping room. The large, roomy Dresser, the imposing full-length Vanity Dresser, the Chiffonette, providing not only ample drawer space, but hangers and plenty of room for many suits or dresses at full length. The bed is of the bow-foot type, and tapers, with cane seat, exactly matches the Vanity Dresser.

Five pieces as described for \$295.00, or, if Chiffonette as illustrated is substituted, the Chiffonette cost would be reduced to \$274.00.
