ARREST MAN WHO SHOT BENTON

Villa Sends Word He Was Much Displeas'd Over Killing of Englishman

El Paso, Texas, March 13.—Unconfirmed reports received here from Americans arriving from Chihuahua, that the commission appointed by General Carranza, head of the Constitutionalists, had caused the arrest of Major Rufino Villa, one of General Villa's subordinate officers, as the slayer of William S. Benton, a British subject, were given credence today by those interested in the case.

The reports stated that Major Villa is being held on a blind charge for the killing of two Mexican railroad men, in a resort in Chihuahua. At the time of Benton's execution, it was reported that Benton had been killed by Villa. It is known that Carranza's commission has its investigation with information that Benton had been killed by Villa. General Carranza's commission is said to have gathered convincing evidence that Colonel Alva, commander of the rebel garrison in Juarez, ordered the execution of Benton. Villa, a German, was in whose case no verdict was rendered. Details that Benton was killed have been made repeatedly by rebel officers at Juarez and at Chihuahua.

Benton was not executed until two days after General Villa had left Juarez, it is said. It is not known whether Villa had orders for the killing, but the commission is said to have evidence indicating that he directly ordered the execution of Benton. Developments connecting Villa with the Benton case, have been looked for this morning, when the Major was removed as general manager of the rebel railroads. Many had looked for Villa's disappearance, or apparently accidental death.

Juarez, Mexico, March 13.—In the reported arrest of Major Rufino Villa, Pancho Villa's chief lieutenant, Constitutionalists here see the killing of Benton as a direct satisfaction for the death of Benton. Evidence has been given to the Carranza commission that Benton was killed in Villa's office by Villa and the commission is said to have looked for Villa's disappearance, or apparently accidental death.

BOARD OF TRADE

Housing Survey Work Probably Next Week

That they expect to be able to commence work on the housing survey next week was an announcement made by the housing committee of the Board of Trade at a meeting of the council this morning. The new industries committee report having had two meetings and being busy in connection with displays for the exhibition, both local and outside. In connection with the proposal that they should send a made-in-St. John exhibit to other fairs, the committee is communicating with the Toronto exhibition regarding space at their fair, and are securing information regarding freight rates, etc.

Letters from the Bear River Steamship Company and the Margueriteville Steamship Company asking for the support of the board in securing subsidies, were referred to the same committee that dealt with the last similar application. On the request of the Dominion Board of Trade, the council expressed approval of the petition to the Dominion government asking that all available statistics be furnished to the International Institute of Agriculture at Rome, an organization which acts as a clearing house for information on raising grain and other agricultural matters.

A communication from the management of the Maritime Motor Show offering the use of display space at their show was referred to the secretary. A communication from a gentleman who wished to give a lecture upon the Panama Canal and the Panama exhibition was referred to the Canadian Club.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—Pressure is lowest over the western provinces and highest in the middle and Southern States. The weather in Canada is everywhere fine and in the west, quite mild.

Fair Maritime—Fair today and on Saturday with much the same temperature. New England forecasts: Fair tonight, Tuesday, slowly rising temperature; east winds.

About To Be Embalmed, Mrs. Campbell Proves Alive

London, Ont., March 13.—Four hours after she had been pronounced dead by her husband, Dr. Joseph Campbell, Mrs. Campbell of Oil Springs was found to be alive, but as the undertaker is about to start embalming. Advertisements announcing her death had been sent to the papers, and funeral notices to relatives.

Mrs. Campbell is sixty-five years old. She had been in a critical condition for several days, from an affection of the blood which nearly always results fatally. At present she is unconscious.

Tory Paper Calls On Borden To Cut Duty On The Farmer's Implements

Winnipeg, March 13.—The Telegram (Conservative), this morning, advocates a reduction of the duty on agricultural implements.

"There is undoubted sentiment in favor of some measure of relief, and the government is heedful of western opinion, it will give careful consideration to the subject before deciding that any reduction is to be granted," says the Telegram. "The demand is not for the abrogation of all duties, which would needlessly embarrass the Canadian manufacturer and injure the home market, but there is a strong feeling that the time has come when the farmer should receive some tangible consideration."

"The Telegram believes the government would do well, before taking final action in the matter, to take into consideration the feelings of the west. If it does, and allows itself to be influenced by western sentiment, the budget will announce a substantial reduction in duties on farm implements."

HOSPITAL BILL IS PASSED BY COMMITTEE

Two-Thirds Vote of County Council Necessary—Mr. Tilley Opposed

Fredericton, N. B., March 13.—The municipalities committee this morning took up the St. John bill. Commissioner McLellan, County Secretary Kelley, Councillors Giddings, Bryant, and Shillington and J. L. Sugrue were present.

The bill to provide for halousies for the General Public Hospital was agreed to with amendments suggested by Mr. Baxter requiring a two-thirds vote of the municipal council to have the work done and striking out the amount of bond to be required.

On Commissioner McLellan's suggestion provision was made whereby the work could be suggested at a special meeting of the municipal council without waiting for a general meeting.

The bill relating to the General Public Hospital in St. John and providing for a loan of \$800,000 for a new hospital was taken up.

Mr. Tilley said that on general principles he was opposed to the bill. Mr. Baxter suggested that a two-thirds vote of the municipal council be required to have the project proceed.

Mr. Tilley said he believed the present hospital was ample and was opposed to placing further taxation upon the people to provide a new hospital when it was not required.

Mr. Thomas Walker, County Secretary Kelley and Commissioner McLellan were heard in support of the bill. The committee decided to recommend the bill with amendments providing for the two-thirds vote of the municipal council before the project could be proceeded with. Mr. Tilley alone voted against the committee's decision.

TALK OF SUIT AGAINST TOBACCO COMPANY

Washington, March 13.—Attorney-General McKeenolds is said to have decided to prepare a suit against the Metropolitan Tobacco Company of New York under the Sherman anti-trust act. The suit was based upon evidence of alleged restraints of trade by the Metropolitan, laid before Mr. McKeenolds by H. Snowden Marshall, United States district attorney in New York, and his assistant, C. A. Thompson, who has had charge of the investigation of the case.

The principal complaint against the Metropolitan company is alleged discrimination against independent tobacco dealers. The Metropolitan acts as the distributing agent for producing companies that made up the old tobacco trust, and while it made up the principal defendant in a suit brought by the government, the producing companies would necessarily be parties to the action.

BIG TIM'S PHYSICIAN SUES.

New York, March 13.—Dr. Herman L. Reis, who was the late Timothy D. Sullivan's physician for many years, has filed two suits against the Sullivan estate. One suit demands \$14,755 for medical and surgical services.

Aside from fees for treating Big Tim, Doctor Reis asks \$200 for treating his deceased wife, Mrs. Nellie Sullivan, and various sums for treating Mrs. Catherine McCarthy, Rose Wade, Samuel Wolf and William Fallon, all at Sullivan's request. The executors filed a general denial.

In the second suit Dr. Reis says that Big Tim executed a note for \$1,000 to Frederick L. Esola and the note has been transferred to him. He says that Sullivan failed to pay the note when it fell due.

NOW IF ALL BABES GET FIRST TOOTH ON THE SAME DAY

Remarkable Case of Parallels in Lives of Two Clergymen and Families

Lancaster, Pa., March 13.—The birth of twins in both cases, in 1877 and 1914, in the homes of Rev. Nathan B. Yerger, of Robertstown, and Rev. Elbert E. Landis, of this city, has called attention to a series of life parallels which are extraordinary.

Both ministers are pastors and have been friends from boyhood. They entered Moutonburg College at the same time, and were valedictorians for four years. They were graduated in the same class and were stationed in Lutheran churches in the same country. They were married on the same day, and the wedding trips were taken together.

Their wives were girlhood friends. They entered the Moutonburg normal school together, and were the closest of friends throughout their residence at that institution. Their husbands, both were graduated in the same class, and both took up the profession of teaching, which they abandoned at the same time to become clergymen.

NOW OUT OF DANGER

Good News For St. John Friends of H. Miles Saunders

His friends in this city will be glad to learn of the improvement in the condition of H. Miles Saunders, formerly of St. John, and now of Halifax, who has been at the point of death for the last few days. While Mr. Saunders was crossing from Prince Edward Island in a pleasure boat, he was taken seriously ill and the danger of the situation was increased by the fact that the boat was held up by a doctor who was on board and he did not get to the hospital until he was in a very bad condition. It was feared that he would not survive, but he is now out of danger.

WEALTHY AND NOBLE

GERMANS TO FOUND COLONY IN ALBERTA

Calgary, Alb., March 13.—The venture of probably the most distinguished body of colonists to come into the west, arrived in the city last night. They consist of about 100 persons, including their following, who have acquired 60,000 acres of irrigated land of the Canadian Pacific railway near the town of Hussar, ten miles north of Bassano.

The leader of the expedition is Count Bressanoff, one of those noble and noble men who expect to join the colony later in the year. Several counts and barons are expected to join the colony later in the year.

AUSTRALIA AND NEW ZEALAND WANT ACTION

London, March 13.—The Sydney correspondent of the Daily Telegraph cables that the effect of the announcement that constitutional amendments in Canada have been postponed, deferring indefinitely the naval proposals is regarded in Australia as an additional reason for holding a special defence conference at the earliest possible date with a view to placing on a permanent basis the naval forces of the Mother Country, Australia and New Zealand in the Pacific.

The Sydney Morning Herald says that Canada is at liberty to talk as long as it likes to reach a decision, but Australia and New Zealand have decided that they cannot consent to remain three or four years in the dark regarding the imperial policy in the Pacific.

WINNIPEG MAN GIVES SKIN FOR OPERATION

Newark, N. J., March 13.—John Broughton of Winnipeg played the part of the hero in a skin grafting operation in St. James Hospital yesterday when Joseph Barlet, thirty-one years old, of this city, forty square inches of cuticle were transferred to Larlet's abdomen, chest and neck.

Broughton should be about again within four weeks.

QUETTER OUTLOOK IN REGARD TO ULSTER

London, March 13.—While both sides of Ulster controversy are maintaining very determined fronts, there are evidences of a quiet movement towards compromise. At any rate, the worst has been passed.

Siegel Sell-Out For Creditors' Benefit

New York Judge Orders Two Stores Closed—Two Thousand Out of Work and Savings Gone in Siegel Bank

New York, March 13.—The Fourteenth street store and the Simpson-Crawford Company store, the management of which has resulted in the indictment of Henry Siegel and Frank E. Vogel, charging violation of the state banking laws, and grand larceny, are to be closed tomorrow night, by order of Judge Hough, of the Federal court.

After an inventory has been taken, the stock and fixtures of the two stores and the equipment of the Merchants Express Company, are to be sold on March 24, for the benefit of creditors.

With the closing of the two stores, which are among the largest in New York, about 2,000 clerks and other employees will be thrown out of work. Many of them are said to have deposited their savings in the Siegel bank, so that they will be without funds, until they find other employment. It is estimated that the total value of the stock in the two stores is about \$1,000,000.

Siegel and Vogel were arraigned on the charge and later released on \$25,000 bail each.

One of the indictments charges Siegel and Vogel with grand larceny, in that they had obtained the money by means of a check drawn on the Siegel bank. Continued on page 4, fourth column.

WOMEN OF FRANCE LEAGUE FOR REFORM IN MATTER OF DRESS

Paris, March 13.—The Patriotic League of Frenchwomen has taken the initiative in the campaign against indecency in dress. A manifesto was issued to society women, signed by Vicomtesse de Velard, Marquise de Montagu, Marquise de Moutiers, Comtesse de Ville and the Duchesse de Malle, and is a response to indications recently made by the bishops and Cardinal Amette to women to get together and abolish the use of garments which are contrary to decency.

"We ask," says the manifesto, "all elegant and young women who set the fashion to lead the movement and to help to combine courageously against the present tendency and by precept and example let them reflect on their responsibility. What they do other women of a more modest condition, who have their eyes fixed upon them will do in their turn. Let us also not forget that we must have care for the reputation which France has inherited from her ancestors and taste."

All who desire to join the movement are requested to register their names at the offices of the league with the view of bringing pressure to bear on the principal dressmakers and big establishments.

The secretary of the league, a good-looking woman in a black dress, with which she has the most refined reformer could find fault, said that the situation is "Fashion has gone beyond all bounds. The youngest and prettiest ladies are to lead the movement and we shall force the chief fashion establishments to confine their ideas within the limits of decency, so that the woman who desires to be chic need not find herself compelled to be indecent. As for dressmakers, they are beyond expression. These dresses are a prominent dressmaker is quoted as saying, "The French interest the mode but the Americans disregard it outrageously. The silk skirt and transparent corage are made, in nine cases out of ten, for exportation."

SHRINERS BACK TO STATES FROM MANILA

Seattle, Wis., March 13.—One hundred and fifty nobles of the Mystic Shrine representing most of the important temples in the United States and Canada, are here today from Manila, where they went under the auspices of the Temple of Seattle, to install 180 nobles.

The Shrine, who left Seattle on December 20, made the longest pilgrimage in the history of the order, visiting the principal ports in the Orient.

HURRICANE ON THE COAST OF MOROCCO DRIVES STEAMERS AND SAILING CRAFT ASHORE

Melilla, Morocco, March 13.—Five steamers and thirty-eight sailing craft were wrecked today in the vicinity of the port, having been driven on the rocks and shoals by a terrific hurricane, which started yesterday.

The storm increased in violence today and several large vessels put to sea to avoid being smashed against the jetties.

ORANGEMEN AID MISSIONS

Guelph, Ont., March 13.—The Grand Orange Lodge of Ontario West, before adjourning, voted \$200 each to the Anglican, Methodist, Presbyterian and Baptist churches and the Salvation Army for mission work in Canada.

TWELVE BLOCKS BURNED WITH LOSS OF MILLION

New Orleans, La., March 13.—A sudden downpour of rain prevented a further spread of flames that burned twelve city blocks and caused a loss estimated at \$1,000,000 in Orleans, Louisiana, early on Sunday.

A steamer bringing refugees from Cuba due to arrive in New Orleans tomorrow.

POLICE CHIEF AS THE NEW SHERIFF

That is One of The Suggestions—Dozen Are After The Position

Already the names of a dozen citizens are mentioned as candidates for the vacant office of high sheriff. Some have strong claims upon the party for recognition and the fight for the office is likely to be a lively one.

One of the most interesting features of the contest is a campaign being carried on for the appointment of Chief of Police W. W. Clark to the office. It is urged that the appointment would solve a problem which has been worrying both the city and government. The strongest opposition to this arises from the fact that his appointment would bar the way to the reward of some who think they are entitled to consideration.

If the chief were appointed, his successor would, under legislation adopted last year, be appointed by the city. This is to be the situation as soon as the present incumbent retires.

C. B. Lockhart, M. P. P., is mentioned as a candidate and it is believed that if he wants the appointment of sheriff he is in a position to get it.

Amos A. Wilson, K. C., who was after the position the last time it was vacant, is said to have an eye upon a higher office but is said to be willing to become sheriff if the place is definitely offered to him.

Next in order is J. F. Mosher who is said to want the job and who feels that his past services to the party entitle him to consideration.

R. G. Murray was reported to be a candidate for the office and was said to have promises of strong support but Mr. Murray today denied the report.

George S. Shaw is another lawyer who is said to be willing to take the office and who has strong claims upon the party and good support in his campaign.

James E. Cowan is said to be making a strong fight for the office. Others mentioned for the position are C. W. McEwen, brother of the late sheriff, C. C. Clinch, Charles Nevins, W. S. Clawson and Ex-constable George Blair.

CONDENSED DESPATCHES

The two Misses Black, of the British Isles, are in London, reported as safe.

Reports from U. S. revenue cutters since indicate no great increase in smuggling from icebergs in North Atlantic this year.

The directors of the Express Company announce today whether the United States Express Company will go out of business or resume.

In a sword duel today between Jacques Hichpin and Pierre Frouard, a writer in Paris, the latter was wounded. The duel arose over some remarks made by Frouard's wife to the wife of Hichpin.

The Marquis Crewe, Lord Privy Seal, is seriously ill.

Germany is excited over an article in the Bourse Gazette, St. Petersburg, which says that Russia is ready for war, although desirous of peace with Germany.

The American commission on the suggested Conference on Faith and Order urged a conference of all the churches, Catholic and Protestant, to make church union more effective, and a proclamation calling for "Peace of God" throughout Christendom was adopted.

The London suffragette organ, endorsed the nullification by Mr. Richardson of the Hokeby Venues in the National Gallery.

Resolutions authorizing amalgamation with the Western Canada Trust were unanimously adopted at an extraordinary general meeting of the stockholders of the Canadian Empire Investment Trust in London yesterday.

The appropriation for the construction of new ships for the Japanese navy was reduced by the House of Peers today by \$15,000,000, bringing the figure down to \$46,000,000.

UNION LIFE INQUIRY IN BRITISH COMMONS

London, March 13.—The affairs of the Union Life Insurance Company were the subject of inquiry in the House of Commons yesterday by Mr. Sheehan, member for Cork county. Right Hon. John Burns said that the company was incorporated in Canada and was not required to hold meetings of shareholders in England. He did not acknowledge that any grounds for criminal proceedings were possible in England, and considered that the Board of Trade had no jurisdiction although £150,000 had been invested here.

Jalkman Smith to Retire

London, March 13.—Jalkman Smith, honorary secretary of the Scottish Rugby Football Union, has intimated that he will tender his resignation at the close of the present season. During his twenty-four years of office Mr. Smith has been the controlling genius of the union, and has had much to do with the strong position it now occupies in football circles.

Rock Pile for Auto Speeder

Portland, Ore., March 13.—Five days at hard labor on the city rock pile was the sentence for speeding given to N. C. Barker, millionaire clubman, by Judge J. S. Stevenson, in the municipal court here.

Expecting to be let off with a fine Barker pleaded guilty to speeding with his automobile fifty miles an hour within the city limits.

Serious Fire at Fort William

Fort William, March 13.—Fire did damage estimated at between \$85,000 and \$90,000 imperilled the lives of several persons and for a time threatened the vice and a considerable portion of the business section. Five persons were rescued from the burning Duke building.

TARIFF CHANGES
May Be Cut on Farm Implementations
REDISTRIBUTION IN N. B.

Province Loses Two Seats—Guthrie Buys Coal For I. C. R. in United States—N. T. R. Report up Next Week

Ottawa, March 12.—With the budget speech coming some two weeks hence, rumors of tariff changes are beginning to be whispered in the government ranks. There is a well defined belief that there will be a reduction in the duty on agricultural implements to ten per cent, the present duty being seven and one half per cent.
It is expected that the government will also do something for their particular friends in the iron and steel industry. It is not believed that there will be any very drastic changes in the present iron and steel schedules, but some minor changes calculated to help the industry are known to be contemplated.
The whole question will probably be thrashed out at a party caucus to be held before the finance minister makes his budget speech.
It is practically certain that free wheat and free flour will not be granted this session at least.
In a return tabled at the commons this afternoon it was shown that the I. C. R. under the management of Mr. Grotzke, was buying coal in large quantities from the United States, one order showing 12,000 tons.
The redistribution committee will meet tomorrow to try to come to an agreement with regard to the new electoral map of Canada.
In the case of Prince Edward Island, it is likely that the report of the committee will favor four members for that province, instead of three, to which number the province is only entitled according to a strict interpretation of the population basis of representation.
In New Brunswick, the present outlook is for the combination of Madawaska and Restigouche into one riding, of Victoria and Carleton into one riding, of Queens-Kings into one riding, and of Sunbury-York into one riding. St. John city and county, and Albert may be united, and elect two members. The remaining constituencies will be Charlotte, Gloucester, Kent, Northumberland and Westmorland.

Daily Hints For the Cook
Lemon Pie
Juice and grated rind of 1 large lemon, 8 eggs, 1 cup sugar, 2 tablespoons water. Mix egg yolks, sugar, lemon and water. Cook in double boiler until thick. Cool and beat in the stiffly beaten whites of the eggs. Fill crust (previously cooked) then brown the pie in oven.
Cream Sponge Cake
Break 2 eggs into a bowl and beat until you can't beat any more. Add 1 cup of sugar and beat, beat, beat. (Use an egg beater both times) One teaspoon of baking powder, 1-2 teaspoon of salt and 1 cup of flour sifted into above mixture. Beat as well as you can, but mixture will be rather stiff. Add 1-2 (one-half) cup of hot milk and flavoring and beat again. Pour into pan and bake in rather a slow oven. The success depends on the beating.

Miss Lawlor's Lecture
The regular monthly meeting of the St. John Art Club was held last night, in the club room, about sixty members being present. Mrs. J. W. V. Lawlor gave a lecture on "Art: Its Moral and Social Influence." This was much enjoyed by all present, and at its close there was an interesting discussion on various points suggested by the subject dealt with by the lecturer. On motion of Mr. V. Paddock, seconded by Col. E. T. Sturges, a vote of thanks was heartily tendered to Mrs. Lawlor. Refreshments were served during the evening, and matters of interest as to the future of the club were discussed. The following new members were elected: Mr. and Mrs. W. I. Fenton, Mrs. R. T. Warden, Mrs. Comeau, Mrs. W. K. Ganong, Miss Emma Estabrook.

THE DELICACY OF BABY'S SKIN
Cold Air, Rough Winds, Strong Soaps Often Bring on Chronic Eczema.
More beautiful than the rose is baby's skin when in health, and so delicate that it is susceptible to anything which irritates. For this reason baby's skin troubles are many, and frequently chronic itching eczema is developed.
Nothing can be better for baby's skin, when irritated, than Dr. Chase's Ointment, and when eczema is developed you can apply this preparation with knowledge that its wonderful record as a healer of the skin is due to the success it has proven in the cure of eczema.
The intense itching of eczema of the face and scalp is very hard for the little one to bear, and is a source of worry and anxiety to the mother. The itching parts are scratched, and nasty and colored scars are formed. Eczema naturally becomes chronic and spreads over the body. You can positively control eczema and cure it by the use of Dr. Chase's Ointment. What is better still it to use this ointment for all chafing and irritation of the skin and prevent eczema from getting started.

A COSTLY BLUNDER.
From one end of Canada to the other there is a growing dissatisfaction with the Borden administration. This was to be expected. The Borden government went into power under such circumstances and by the use of such political methods as made it impossible for the Tory-Nationalist combination to give the country a strong administration.

PROVINCIAL FINANCES.
Hon. Dr. Landry, provincial secretary, in his budget speech yesterday was able to congratulate the province on its financial standing and also to begin the fact that there has been less unemployment in New Brunswick than in most of the other provinces during the recent period of dull times and financial stringency.

WESTINGHOUSE BUSINESS GOES ON UNDER PLAN MAPPED OUT BY CHIEF SOME YEARS AGO.
New York, March 13.—George Westinghouse, the famous engineer and inventor, who died yesterday of heart disease, provided in his will for the continuation of his large business interests under a trusteeship.

Dr. Morse's Indian Root Pills are made according to a formula in use nearly a century ago among the Indians, and learned from them by Dr. Morse. Through repeated attempts have been made, by physicians and chemists, it has been found impossible to improve the formula or the pills.

Easter Footwear

Every line and graceful curve of the feminine foot has been accurately followed by the men who designed our new Spring Footwear.

The "Dorothy Dodd" and Waterbury & Rising "Special" this season are models of perfection. In some of the lines there is a tendency towards a shade longer vamp, which gives the foot a very graceful appearance.

Heels in the Dressy Shoes run from Cuban to Spanish, whilst cloth tops continue very popular.

Easter is not for a few weeks yet, but NOW is the time to make a careful selection.

Provincial Expenditures Show Big Increase

THE FIGURES

Government Spent Last Year \$46,443 More Than Estimates—This Year's Estimates Show Increase of \$67,851

Fredericton March 12.—The house met at 2:30 p. m. Mr. Dugal gave notice of inquiry with regard to charges against the chief of police of St. John. Mr. Pelletier gave notice of inquiry with regard to the payment of license fees by extra provincial companies. Mr. Dugal gave notice of inquiry with regard to oyster beds. Mr. Penner gave notice of inquiry as to the number of bridges photographed by J. T. Mesereau of Chatham. Hon. Mr. Morray presented petition in favor of passing an act to incorporate the Barnaby River Boom Co. Mr. Baxter introduced a bill relating to the paving of streets in the city of St. John. Mr. Grimmer introduced a bill to amend the town of St. Stephen to issue debentures. Mr. Perley (for Mr. Young) introduced a bill to amend the act incorporating the Fredericton Gaolight Co. Hon. Dr. Landry, the recently appointed provincial secretary delivered the budget speech presenting the report of receipts and expenditures for the past year and the estimates for 1914. He pointed out that the government's task of administering the finances of the province had been made easier by the prosperity of New Brunswick in the face of the widespread depression which existed elsewhere. As an illustration of the effect of this he showed that provincial

"WHEN DREAM COMES TRUE". Hello! What a busy place this North End of your city is getting to be, why when I was here three years ago on this was vassal land. Now look hundreds of new houses and more going up all around. Why what has brought about this change? Well you see the land owners run our city then, but the people made up their minds if they were going to run things they would have to pay the tax bills, so they voted a man in who said: no taxes on income, no taxes on furniture, no taxes on improvements, but taxes on land values, land values even grading it. CHILD WAKE UP
CROSS OR FEVERISH?

Look, Mother! If Tongue is Coated
Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign his little stomach liver and bowels need a cleansing at once.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again.

Keep it handy in your home. A little given today saves a sick child tomorrow. Get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!

POINTER FOR BRER DAGGETT

St. Andrew's Beacon.—If the secretary for agriculture thinks he can convert the men of the St. Croix from horse racing during exhibition time, or any other time, he surely has another thing coming. They might consent to over-ride of the fair's elements during fair week, and might be willing to promise a reform along that line, but as for giving up horse-racing, that is too much.

GRANDMA NEVER LET
HER HAIR GET GRAY

Kept Her Locks Dark, Thick, Glossy, With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyneth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyneth's Sage and Sulphur and look years younger. Agent—Wasson's 5 Stores.

THE PROBLEM OF
THE DOWN AND OUT

Associated Charities Committee
Gets Word From Other Cities

THEIR METHODS OF DEALING

Municipal Action Recommended
By Montreal Secretary—The
Prison Farm Strongly Advocated
—How Toronto Deals With
Men of This Class

A committee of the Associated Charities composed of W. S. Fisher, J. Hunter White and A. M. Belling was appointed to gather information from other cities concerning their method of dealing with that class of persons to be found at the Salvation Army Metropole in this city.

This committee reported progress at the meeting on Wednesday, and it was pointed out that since the citizens have decided to raise funds to rebuild the Metropole, and have the Salvation Army continue its work, an effort should now be made to get such a working agreement between the Salvation Army and the police department as would result in the latter taking charge of every man classed by the army as unworthy of assistance, and have him sent out of town or to jail or to a prison farm.

Among the correspondence received by the committee were the following letters sent to Mr. Fisher from Montreal and Toronto, showing what is being done in those places.

BRANDY TO CURE CATARRH

Recent experiments have proved conclusively that catarrh is a constitutional disease, and that salves, sprays, inhalants, etc., merely temporise with the disease, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, yet effective tonic that would dispel all traces of the catarrhal poison from the system.

NERVOUS DYSPEPSIA,
GAS OR INDIGESTION

"Pape's Diapiesin" Settles Sour, Upset Stomachs in Five Minutes

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach sourly within five minutes.

If your meals don't fit comfortably, or if you eat like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you eat. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

BRONCHITIS CONQUERED

Royersford, Pa., Man Tells How

At this season of year with such sudden changes, it is so easy to take cold, and almost before one is aware there is inflammation in the bronchial tubes—a hard cough and unless checked in time chronic pulmonary troubles may result.

My cleaning, heating bath instantly dissolves the heat of the nostril penetrates and heats the inflamed swollen membrane which lines the nose and throat, cleans the air passages, stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

It must be

GRAND MANAN'S
HERBING CATCH

Editor St. Andrew's Beacon.—In regard to herding taken at Grand Manan during the past summer in comparison with the Lunenburg catch one year in Long Pond bay caught somewhere about 2,200 hogsheads, or in other words 19,500 barrels; prices ranged from \$2.50 to \$2.75 per hogshead.

A CONSERVATIVE VIEW

When it was so confidently declared that \$22,000 a mile would build the Valley railway, or was the government incompetent? Plausible excuses and explanations will be voluminously offered, of course, but will the people accept them?

BOTH LEGS BROKEN

Colin Hewitt, eldest son of Mrs. Emma Hewitt, of St. Andrews, was the victim of a railway accident at McAdam on Saturday morning last. While shuffling two cars in the yard, he slipped, some ice and fell between the smooth cars, resulting in a compound fracture of both legs.

Looks Like the End

Johnny Summers, former welterweight champion of England, and one of the really good boys sent over to the States several years ago, seems to be about all that is left of the welterweight class in Australia.

Only a short time before, Summers had been knocked out in one round by Tom McCormick, a Britisher who now claims the welterweight title, and two weeks before that McCormick had bested him on points. All this seems to have worked on Johnny's nerves.

Four years ago Summers was in Australia and set up some wonderful battles against the best men available and he went back to England where he fought more good battles, but of late he has apparently gone back fast and now seems at the end of his career.

He Knocked It A New York writer who sends sporting news to London papers sent the following regarding the recent battle between Wolgast and Rivers in Milwaukee:

"Ad Wolgast and Joe Rivers at ten pounds drew a gore soaking crowd which cost its money's worth. The referee did not exist. Wolgast charged with head down, arms wrapped around body, letting himself be hammered, hoping to land one sometime. What a ghastly exhibition of boxing. Yet the public like it and pay for it."

LOCAL NEWS

TRAIN LATE. The Montreal train was two hours late in reaching the city today.

TO PLAY TONIGHT. The members of the Fredericton High school basketball team arrived in the city today from the capital and will play the local high school team here this evening.

GOING TO FREDERICTON. W. R. Mitchell, accompanied by Mrs. Mitchell, will leave on Saturday night for Fredericton, where Mr. Mitchell has accepted a position with the Unique Theatre.

SINGLE TAX. In the Temperance Hotel, Mirville, tonight at eight o'clock, J. R. Brown, who recently spoke in the city, will address a public meeting arranged by the Lancaster Board of Trade on the single tax question.

ACCIDENT. James McQuade, of Melville street, met with a painful accident about noon today. His fingers were badly injured while he was working near the elevator in the H. Estabrook's wholesale tea house.

WILL BE HERE AGAIN. Word received in the city this morning was to the effect that Harry Ludeke would be back in St. John to wrestle Dan McDonald about April 18. If McDonald returns the belt, he will probably go west some time later to wrestle Walker, the Canadian athlete in Vancouver, B. C.

PLEASANT TIME. At the home of George Thorne, 119 Harrison street last evening a delightful time was spent when quite a number of young friends assembled to honor his son, Otty Thorne, upon his eighteenth birthday. He received many pleasing remembrances and a happy time was spent by all present.

POLICE JOTTINGS. A bonfire in Pond street was extinguished by the police between 10 and 11 o'clock last night. William Beckwith has been reported for wheeling a truck on the sidewalk on Union street, West Side, yesterday. Nine foreigners have been reported by Sergeant Caples for working in the city without a license.

FOUND A CATERPILLAR. An interesting find was made yesterday in his yard off Spar Cove road by Frederick Hickey when he found working its way along the ground a fairly large caterpillar. Just where the little insect had come from no one seemed to know, but it was as fully developed as would be expected much later in the season. Mr. Hickey took the caterpillar to his home and has been caring for it since. His find has created considerable curiosity.

VISITED EVERY DAY BOYS CLUB. What Rev. E. Parker, pastor of the German Street Troubadours visited the Every Day Boys Club last evening and gave the boys three-quarters of an hour of bright entertainment. Miss Marion Harding gave several humorous readings, W. F. Noble told a string of funny stories, E. A. Beidling sang two solos, A. F. Poirer gave piano selections and Mr. Parker, after a few minutes of earnest talk, in which he counseled the boys to stand by their club and make it a success and especially to avoid cigarettes and the drink habit, tossed out for each of the more than fifty boys present a "Long Tom" of pop corn. The visit was greatly appreciated by the boys.

AN UNEXPECTED VISITOR. There were several surprised men on board the tugboat Admiral yesterday afternoon as she lay at her wharf in Indiantown, and the cause of their amazement was the unannounced and unexpected visit of a large muskrat, which, after arrival, did not seem to appreciate being there. The engineer of the tug had been taking the cover of the condenser and the pipe had been on a level with the river. He had no sooner raised the cover than the muskrat jumped out showing its teeth in gleaming array as though it was not pleased with the look of affairs. He said that those in the room retreated, but this may only be hearsay. One of the number was but a lad of tender years and it was he who declared war against the intruder and was the victor in the fray. The muskrat had evidently been drawn through the pipe for it is certain that the trip was not planned. The little animal was surprised but the men on board were more so.

DANIEL DOHERTY DEAD IN BOSTON

A telegram received in the city on Wednesday told of the death of Daniel Doherty, a former resident of St. John. Death, it was said, was caused by accident in Boston. No further particulars were given. Hugh Doherty, provision merchant, of Charlotte street, left last evening for Boston, as he believed the man referred to is his brother. If it was this Daniel Doherty, he was well known in St. John years ago, but had been away from here for nearly thirty years, making his home in the states. Besides his brother, Hugh, there are three half-sisters, Mrs. Patrick Toole, Mrs. E. F. Grouney and Miss M. Doherty.

THE STEAMERS

REAL WORK UNDER WAY EARLY IN JUNE

Temporary Construction at New Bridge Site Within The Next Three Weeks

Many comments and surmises are expressed when daily accepting the inevitable street car transfer across the Suspension bridge, as to when the present state of affairs will be done away with and the new steel bridge over the river reversing falls solve the problem of continuous car service, without waits and transfers direct from the jobs. While the engineer of the Dominion Bridge Company, Limited, who have the contract for the suspension bridge, has been on the ground some months, his office is just being built and that is the first visible sign of the active operations. In an interview with W. E. Bradshaw, the engineer in charge, a Times man was made acquainted with some interesting facts, and perhaps that which will cause the most gratification is the assurance that the bridge company will commence temporary work inside of three weeks and by June the real job will be under way and unless unforeseen difficulties arise, should be completed within five months time.

Between forty and fifty men will be employed mostly skilled steel workers said Mr. Bradshaw, for it requires men of experience and trained nerve control to swing aloft, over the rushing waters of the falls. Most of the mechanics will be brought from the company's plant at Moncton, near Montreal, though some can be secured here, besides laborers and what ordinary trade help is necessary. The arch is to be eight feet six inches deep at the center and sixty feet at end, measuring 654 feet in length with wide approaches, and without them 545 feet, being the largest of its type in Canada. The total weight of the bridge is to be 2,100 tons and 1,100 tons weight will be required at each corner to hold the bridge down. Anchors are 114 feet from end of arch.

Some idea of the magnitude of the undertaking is recognized when it is brought to notice that 100 car loads of material will be used in the structure and a special siding will have to be built connecting with the C. P. R. to transport the steel near the bridge so as to save all an unnecessary handling. The parts are all fitted at the home plant, tested, and marked, and will be re-assembled here according to the specified plans. Jacks are used on each end of the bridge and raised the structure considerably higher than is necessary to connect the arch in the centre. Gradually the two ends come together, a bolt is shot through to hold them in position and soon the structure is ready to be built and make all fast and secure.

The floor of the new bridge is to be made of six inch concrete covered with concrete blocks and will be wide enough to allow for two car lines, two roadways, and two side walks. Thus it will be seen every provision has been made for pedestrian and transportation facilities. "When the bridge is finished," concluded Mr. Bradshaw, "it will present a very impressive appearance, and is most sloped in design. We are anxious ourselves to get the job done not only in a timely manner, but as expeditiously as possible and you may be sure we will not lag with the work once it gets under way."

UNION JACK THROWN TO THE BREEZE AT SAND POINT TODAY

Interesting Ceremony at Flag Raising at the Door of Canada

An interesting and impressive ceremony was carried out this morning when the Union Jack was raised on the flag-staff recently erected on No. 6 shed Brunswick Chapter, Daughters of the Empire. A large number of persons were present and Mayor Frink raised the flag while all sang the national anthem. The tug and steamers in the harbor joined in the salute by a loud tooting of whistles.

The mayor spoke a few words, expressing his delight at officiating at such an interesting ceremony. Miss Boulton, of the executive of the order in Toronto, also addressed the people, telling of the significance of the flag and saying that it was placed there so that those who arrived here from the British Isles would see that they were still under the same flag, and also to show visitors from other countries that we were a part of the great empire on which the sun never sets. Mrs. J. B. Travers, of Lancaster, regent of Brunswick Chapter, also spoke, thanking those who had assisted in placing the flag and staff on the pier. The officers of the various chapters of the Daughters of the Empire in the city were among those present at the flag-raising.

BURIED TODAY. The body of Thomas G. Tunstall was taken to Fredericton on the Boston train and the funeral will be held at New Maryland this afternoon. Services were conducted at his late residence, 41 Gilbert's Lane, at 8:30 last evening by Rev. E. B. Hooper and Ven. Archdeacon Raymond. The funeral of Mrs. Elizabeth Thurnmont was held at three o'clock this afternoon from her late residence, 12 Clifton street, West End. The body was taken to St. Luke's church, where services were conducted by Rev. G. F. Scovil. Interment was in Cedar Hill.
