

The Evening Times-Star

The Evening Times-Star printed at 27 Canterbury street, every evening (Sunday excepted) by New Brunswick Publishing Co. Ltd., J. D. McCreary, President.

SAINT JOHN, N. B., MAY 22, 1925.

THE MARITIME CONFERENCE.

As a result of the meeting in Moncton yesterday under the auspices of the Moncton Board of Trade, at which President Higgins of the Maritime Board and Mr. Belding, representing The Times-Star and The Telegraph-Journal, were present, another definite step was taken in the campaign for Maritime betterment.

The national conference will represent business, agriculture and industry throughout Canada, and its purpose will be to devise an improved economic policy designed to do justice to every part of Canada.

The Times had expressed the view that "world fame during the last half century of British letters has not fallen to the Hardy and the Kipling, but to Conan Doyle and Rider Haggard," a view that is challenged by its correspondent.

The British Pound. American writers continue to speculate as to the effect of British financial policy upon the world markets and upon the United States.

A HOLIDAY WARNING.

All who contemplate going to the lakes and streams to-morrow or on Monday to fish, indeed all who contemplate a holiday outing of any sort which will take them in or near the woods, should, as good citizens, give earnest attention to the grave statement issued by the Provincial Department of Lands and Mines regarding the extremely dangerous situation existing at this hour with relation to forest fires.

The department officials say that owing to the early warm weather, followed by a long period without much rain and frequent high winds, conditions with respect to forest fires are to-day very similar to those which preceded the disastrous series of fires in 1923, which did damage beyond computation in the Crown forests in this province and on private holdings as well.

tion from abroad in both home and foreign markets, and "whatever may happen in the near future the return of Britain to a gold basis can only mean another long step forward in the return of the whole world to a pre-war basis."

A tax rate of \$3.10, six cents higher than last year, will give the citizens cause for thought. There could be no sharper or more impressive proof of the need for stringent civic economy.

Sir George Foster is speaking in Halifax to-day on Canadian problems. He is the guest of Hon. F. B. McCurdy, who says Nova Scotia must have the freedom to make its own trading and tariff arrangements with countries other than Canada.

"Fight for rights," says Mr. Robert Forke, leader of the Progressives, "but fight within the Dominion of Canada. I don't think there is any great idea of secession throughout Canada."

The Empire Day exercises in the schools to-day are of more than ordinary interest. It is gratifying that year by year on this day the young folk are having their attention concentrated more and more upon the Empire, its history, its extent, its value to civilization, and the place our own great Canada occupies in the wonderful British family.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

"The Wife of the Traitor."

Gamaliel Bradford, who has become known as a "psychographer," analyzes the wife of Benedict Arnold as follows: "She loved him through it all, there is no doubt about that. But the question that torments me is, what she has done for him. Yet to get a wife's judgment and her intimate knowledge is always a difficult task."

THE BRITISH POUND.

American writers continue to speculate as to the effect of British financial policy upon the world markets and upon the United States. One of these observers, in the Springfield Republican, says that Wall Street bankers, having in mind the great load that has been carried since 1914, do not hesitate to describe the return of Britain to a free gold basis as "the greatest financial achievement in history."

Discovering Nazimovs.

Jerome K. Jerome, the famous English dramatist, editor, and humorist, in "Three Men in a Boat," and of the popular play "The Passing of the Third Floor Back," tells how he "discovered" Nazimovs. In an article about his adventures in a letter of the Theatre, he writes in the June Harper's:

WE DEAL IN

Feed, Garden Seed, Fertilizer, Hardware, Farm Implements, etc. We also carry a complete line of groceries. Special attention given to rural trade. P. NASE & SON, Ltd. Phone M. 74; M. 75 14 Main Street

PASTORAL NEW YORK

In the shadow of towering skyscrapers, and with but a narrow wall separating them from Fifth Avenue, New York's great shopping and most exclusive residential street, these sheep placidly graze in the meadows of Central Park.

of thing is rank, bad manners," it wrote in part. It is gratifying to learn that the British press is protesting with unusual unanimity against the invasion of the privacy of the King by individuals, when he moves among the people. The only sensible attitude, it was pointed out in the London papers, was that taken by the crowd, as expressed in its shout, "Leave the King alone!"

Another anecdote that Mr. Jerome tells sheds light upon first night audiences: "First-night receptions tell nothing; first-nighters are a race apart. Like the Greeks they banter after a new thing. The general public, on the other hand, are faithful to their old loves."

Where Did It Go? (Toronto Globe). News Editor, The Globe: For those interested in fourth dimensional space, the Einstein theory, and similar problems, we submit the following puzzling phenomena:

A farmer of this district took a five-quart pail full of buttermilk to feed a small pig he was raising. The pig drank the entire contents of the pail (five quarts). The farmer, astonished at the capacity of the small animal, picked up the pail, put him in the pail, and replaced the lid. A solution of this problem would be gratefully received. Yours truly, ROBERT CATHCART, Orms, May 18.

Bad Manners.

(Christian Science Monitor). One agrees with the Evening Standard of London in its editorial action regarding the unwarranted action taken first by two Americans and next by two Englishmen in forcing themselves through the Wembley crowd to shake King George's hand. "This sort

Family of Thirty-Five Settles on Prairies

REGINA, May 22 — The Bradley family, 35 strong, who recently came from Bedford, Nottingham, England, has settled in the district west of Simpson, Sask. The family includes the father and mother, four sons and a son-in-law with their respective wives and 28 children. All the adults have a good knowledge of agriculture and they came to Saskatchewan under the joint government scheme for settling 8,000 British families in Canada within two years. They have taken seven quarter sections of land.

Start Her In Sterling

Your Gift may be just a half dozen Spoons in Sterling Silver. Loved for its unperishing quality. Something to build on, because from a stock pattern. Likely other friends are doing their share, too, in helping complete a set.

Three outstanding designs—Fairfield, Stratford and Victoria. Have you seen them all? The Senior Jewellers' stocks cover every item. And their Silver Plate has much that's introduced for the first time.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., FRIDAY, MAY 22, 1925

THE day of all days, the most prized of all remembrances—the bride's photograph.

**Lovely Gifts
 for the
 Graduate
 and the
 Bride**

"Joys too exquisite to last,
 And yet More exquisite when
 past!"

JUNE, the glorious month of
 Roses. Graduates. Brides.
 As the poet writes—it again
 brings joys too exquisite to last
 yet they seem so much MORE
 exquisite when past.

The Bride and the Graduate, more than any-
 one else, realize those joys as they spend the
 happy hours preparing for that "eventful
 June Day" which is to mean so much in their
 lives. And, very true, in later years that
 "day of days" does bring back "exquisitely"
 happy memories.

It will be more so if your Gift to the Bride
 or the Graduate is some one of those sug-
 gested by the Advertisers on this page.
 Read the ads carefully. Then visit these
 establishments for further suggestions, right
 prices and prompt service.

KINDERGARTEN TO BE STARTED

Miss Elsie MacDonald is Appointed for County Hospital.

Commissioners Authorize Proceedings to Collect Bills Owed the Institution.

The commissioners of the Saint John County Hospital at their meeting yesterday afternoon decided to engage Miss Elsie MacDonald as kindergarten teacher to take charge of the children in the hospital during the afternoons. Miss Burns conducts school lessons for the children in the mornings and the appointment of a kindergarten teacher for the afternoons was considered most advantageous as a means of releasing one nurse from duty and providing the children with a leader who can teach them along occupational and recreational lines.

TO COLLECT DEBTS.

Dr. S. H. McDonald, chairman, presided at the meeting and those present included Mrs. J. H. Frink, J. King, K. C. and Dr. H. A. Farris, superintendent.

Reports showed that the hospital had been fairly full throughout the month. The average number of patients being 123.2. Mr. Kelley was given authority to proceed to collect bills owed the hospital by committees outside the county.

CONTRACT AWARDED.

Several improvements were decided upon. Mr. Piers was awarded the contract for running a new steam pipe line to the nurses' home and placing the pipe in a cement tunnel. Several tenders had been received for this work.

H. B. Schofield, L. W. Simms and Dr. Farris were appointed a committee with power to act in the matter of purchasing a new hot water heater for the power house, and authority was given for the purchase of a chemical fire extinguisher on wheels.

NO RADIO CONCERTS.

No action was taken with regard to procuring coal for the coming season as the board is awaiting results of experiments which are being made with various varieties of coal. After the meeting Dr. Farris, in replying to The Telegraph-Journal

U. S. Rail Act Aids Canadian Coal Imports

MONTREAL, May 21—United States railroads will ship coal and coke to Canadian points without the freight prepayment from June 1, according to notice received by the Montreal Coal Association, Inc., from the United States Eastern traffic carriers.

The freight prepayment has been in force, except for one month in 1923, since the days of 1918 when the Canadian dollar slid appreciably in value.

Purchasers of coal here declare that the change will greatly facilitate the movement of American coal to Canada, and that the Canadian dollar will be aided in that huge sums of money will remain in Canada for Canadian use.

Sir Geo. E. Foster Here on Sunday

Judge George A. Henderson, who was in Fredericton for the U. N. B. reunion, speaking last night of Sir George E. Foster's part in the week's events in Fredericton, said he had been amazed at the vigor and vitality of Sir George, who was born in Carleton county in 1847 and is now 78 years of age. He gave an address on Sunday evening in Fredericton, two addresses on Tuesday and another on Wednesday. He spent yesterday en route from Fredericton to Halifax and today is to give an address in Halifax.

Tomorrow he will be travelling to Saint John and on Sunday night he will give an address on the League of Nations in Centenary church after the service.

Many a younger man would be completely worn out with such a strenuous week, but Sir George is apparently quite well able to stand the strain and appear surprisingly energetic and alert.

query as to whether the patients were enjoying radio concerts now, said that the concerts were discontinued in the summer time because the daylight saving time brought the concert programs too late in the evening. He thought there was less need for the radio entertainment in summer time when there are more outside interests for the patients.

FACTS ABOUT TEA SERIES—No. 8

The Consumption of Tea

Tea as a beverage is used in nearly every country in the world. It is estimated over 200 billion cups are consumed annually. Australia leads in tea drinking with an annual per capita consumption of about nine pounds, which means that every Australian consumes from six to eight cups of tea every day. The consumption per capita in England is 8 1/2 lbs., and in Canada nearly 5 lbs. In the United States, it is less than 1 lb., but this is largely because Americans have not been able to get fine teas until comparatively recently. "SALADA" is considered one of the choicest blends on the market, and is the largest selling tea in either United States or Canada.

"SALADA"

600 PUPILS TO SING IN FIRST FESTIVAL HERE

SAINT JOHN is to be treated to something quite new in musical events some time early in June when a children's festival concert will be staged in the High School assembly hall and about 600 children of the city schools will take part.

James F. Brown, director of musical instruction in the city schools, has been devoting much time and care to the preparations for the festival and the teachers and pupils are co-operating whole-heartedly.

LIMITED CAPACITY.
The recent demonstration of singing by the High School pupils, which was given in connection with Mr. Brown's course in teaching music for the benefit of the teachers in the schools, was so successful that it is confidently expected the festival will be a wonderful experience to those who are privileged to attend.

The capacity of the High School will necessarily limit the size of the audience as it limits also the number of children who will be able to take part in the various items on the program.

The fact that boys with changed voices will sing the bass parts is one of the special features of the concert.

HAS RETIRED FROM ORPHANAGE POST

H. C. Rankine Resigns as Treasurer—D. C. Clark Again Elected President.

With very great regret the board of directors of the New Brunswick Protestant Orphanage at its meeting yesterday accepted the resignation of H. C. Rankine from the office of treasurer, which he had held for about 18 years. Mr. Rankine became treasurer when T. H. Estabrooks was president and when the orphanage premises consisted of the Brittain street home only. He has given devoted and efficient service and a warm tribute was paid him by his fellow members.

D. C. Clark was re-elected president and was in the chair at yesterday's meeting, which was held in the Board of Trade rooms. No permanent treasurer was appointed but H. Usher Miller, who was re-elected secretary, will act as treasurer until a successor for Mr. Rankine is appointed. Dr. James Manning was appointed first vice-president and Miss Mabel Sidney Smith, second vice-president.

COMMITTEES NAMED.

The naming of committees and the effecting of organization for the ensuing year occupied the whole of the meeting which was the first since the annual meeting.

The committees appointed were as follows:

Standing committee—H. Usher Miller, chairman, Miss Mabel Sidney Smith, Mrs. E. C. Cowan, Mrs. H. B. Robinson, Mrs. T. A. Graham, Miss Bertha MacLaren, J. E. Arthurs, W. M. Campbell and H. C. Lawton.
Finance committee—L. P. D. Tilley, chairman, D. C. Clark, H. Usher Miller, W. A. Lockhart and W. M. Campbell.
Property upkeep committee—George D. Ellis, chairman, Dr. James Manning, J. W. Brittain, P. A. Kinross, H. C. Lawton, S. E. Fisher and J. F. Kelly.
Ways and means committee—L. P. D. Tilley, chairman, D. C. Clark, H. Usher Miller, W. M. Campbell, G. D. Ellis, J. W. Brittain and W. A. Lockhart.

Permanent home committee—L. P. D. Tilley, chairman, and all Saint John city and county members.

FORESTS AFLAME IN NEWFOUNDLAND

Great Cloud of Smoke Covers St. John's—Houses Are Burned.

ST. JOHN'S Nfld., May 21—Serious forest fires were raging in the vicinity of Glenwood today and had destroyed several unoccupied houses, says a brief message received this afternoon.

Further attempts to communicate with the stricken district were unsuccessful, and it was surmised that the wires were broken by the advance of the flames.

St. John's was this afternoon enshrouded by a pall of smoke brought down from the fire district on a strong wind from the northwest.

B-H for Every Painting Job

Whatever the painting job, you want to be sure of immaculate, lasting beauty without using excessive quantities of paint and extra hours of labor to achieve it. The name "Brandram-Henderson" is your safeguard.

It stands for paints and varnishes of the very highest quality. There is a B-H product for every purpose — for painting the house itself, inside or out; for refinishing furniture or interior woodwork; for the verandah; for staining floors; for wall and ceiling decoration or for any of the numerous outdoor jobs.

B-H English Paint

the paint for the home, makes the dull surface bright and colorful. You use less of it per square foot of surface. It protects and preserves and its beauty lasts and lasts.

Smooth and opaque, it flows from the brush like a healing balm on the ailing wood, beautifying and reviving it and adding years to its life and usefulness.

This enduring protection and beauty is typical of the entire B-H line, the safe, economical brand for every painting job.

There is a B-H dealer near you. Go to him for all your paint and varnish requirements.

BRANDRAM-HENDERSON

Brandram-Henderson Limited Plans to Assist Property Owners We will gladly furnish full particulars of the new plan, whereby owners of property can benefit by arrangements which enable them to paint their property on the partial payment plan basis. Write to us for full details.

The Moir you have the Merrier!

She buys Moirs Chocolates by the pound And then there's nought to worry her; For at kid's parties she has found The Moir, you have the merrier.

It's up to you, the mother of them —nor is dad exempt from this duty either; to see that the candy they eat is scrupulously pure and very nourishing. You'll approve of Moir's. They've

an extra thick coating of mild, mellow, light brown chocolate, and centres the tongue can describe in sensations, but not in words. These are candies indeed worthy of your children.

For School Recess

Let them take a few to school each day. Moir's give renewed vigour to those ever active bodies and minds. Just as nourishing as bread and butter and no trouble to prepare.

CHOCOLATES

They please the palate

"For economy's sake I buy a supply and let it age"

says Mrs. Experience, speaking of the economical use of soap.

"I always keep a good supply of Sunlight Soap on the shelf because I find that Sunlight actually improves with age. It becomes harder and so goes much further.

"With this added economy of lasting longer, I've learned that Sunlight is by far the most economical soap I can buy. The

reason is that every particle of Sunlight is pure, cleansing soap — a little of it does a lot of work. Sunlight, you know, is guaranteed to contain no injurious chemicals or harsh filling materials to make the bar large and hard. These filling materials, of course, are just so much waste as far as cleaning goes.

"To any woman who wants to get real cleaning value out of a soap for her money, I decidedly say, 'Use Sunlight,' and keep a good supply on the shelf." Sunlight is made by Lever Brothers Limited, largest soap makers in the world.

ILLUSTRATED ANGLES ON PEOPLE AND EVENTS IN WORLD NEWS

HONEYMOONING IN MEXICO

Claire Windsor and Bert Lytell, film stars, were married at Juarez, Mexico, by a native magistrate. Immediately after the ceremony they began a honeymoon trip to Mexico City in a special car tendered them by the Mexican Government.

JONATHAN DAVIS IN COURT

Charged with having permitted bribery in connection with the pardoning of criminals, Ex-Governor Jonathan M. Davis (left), is now on trial at Topeka, Kas. In the above picture he is shown in the courtroom with one of his attorneys, A. M. Harvey.

SOUR-DOUGHS OUTSLEDED

"Sour-doughs" of the Yukon had to admit that Don Stewart, a student at the Oregon Agricultural College, showed them something new in sledding. Equipping a motorcycle and sledcar with runners, Stewart made a 325-mile "mush" from Skagway, Alaska, to Keno City in two and a half days. The average time for dog sleds is 10 days.

"MARY HAD A LITTLE LAMB," REVISED

Nelson Green, 14, Hartland (Vt.) schoolboy, has somewhat revised the old childhood poem of "Mary had a little lamb." For Nelson has a little bull which hauls him to school each day at Woodstock, 8 miles away.

MILLION DOLLAR LOSS

Ausable Forks, N. Y., is only a small village, but the loss by a recent fire is estimated at \$1,000,000. Two churches, a hotel, a telephone exchange, a garage and many dwellings were destroyed before fire departments from four other villages put out the blaze.

Ad. Club Head

C. K. WOODBRIDGE of New York was elected president of the Associated Advertising Clubs of the World at the annual meeting held at Houston, Tex.

Curbs Students

Social activities of students at the University of Oklahoma will be lessened if parents follow the advice of Dean J. S. Potholm. He has asked parents not to allow children more than \$50 per month and plans to rigidly enforce a "no-car" rule.

Blessing

A parchment relic, bearing the elaborate 14-inch signature of Constantine VI, expelled patriarch of the Greek Orthodox church, has been received by the Near East Relief Committee. He sends a blessing to Americans for assistance given a million refugees in Greece. His signature, translated, reads: "Constantinos the Sixth, Ecumenical Patriarch of the Greek Orthodox Church."

Smallest Baby

The "smallest baby in the world" is determined to live. Her name is Julie Treadway and she is being kept at Tours Infirmary at New Orleans. She weighed two pounds at birth, Oct. 17, 1924. She went down to a weight of one pound, eight ounces. She now weighs four pounds and six ounces.

TO FILM THE CALGARY STAMPEDE

"Hoot" Gibson and a number of Universal Film Company officials are in Calgary looking over the grounds with a view to filming the Calgary Stampede as the main incident in a forthcoming film to be entitled "The Calgary Stampede." Here the film star is shown with some of his staff and members of the Royal Canadian Mounted Police in front of the Mounted Police Barracks at Calgary. Reading from right to left (seated) they are—Guy Weadick, manager, Calgary Stampede; Richard Schayer, writer; Frank Messenger, assistant director for Universal Films; Inspector Spaulding in command of the Royal Canadian Mounted Police detachment at Calgary; "Hoot" Gibson; Herbert Blache, director for Universal Films; E. L. Richardson, General manager, Calgary Exhibition, Jubilee and Stampede; and Don Lee, writer. Standing behind Lee is Jom Starlight, Sarcee Indian, Mounted Police Scout.

HOPING TO GET LOOK AT BRIDE

Section of the throngs of thousands that gathered in front of the Rockefeller mansion in New York in hope of getting a peep at guests or principals at the wedding of David Milton and Abby Rockefeller.

BARRELS EVERYWHERE, BUT NOT A DROP TO DRINK

Part of a haul made on the outskirts of Boston by Massachusetts State Troopers in an effort to help Mr. Volstead wipe out the stills from whence flows the home brew.

MOTH IS "TIN LIZZY OF THE AIR"

Capable of being housed in an ordinary garage, "The Moth," a tiny DeHavilland plane, has made its appearance in London. Propelled by a 27-horsepower engine, it has a maximum speed of 60 miles an hour. Its fuel consumption is 20 miles per gallon and it carries two persons. It is 23 feet 6 inches long and can be folded up so its width is but 9 feet 8 inches. An owner living in Cincinnati could "hop off" at 9 a. m. and have lunch at noon in Cleveland.

"WHERE'S THAT KEEPER?"

If this puma in the London Zoo could just lay paws on the human beings who keep her caged up there day after day, she would put her thumbs up the chimney. The life is feeling her nose.

FIRST PUPIL OF MOVIE SCHOOL

Look here, you girls who want to twinkle in the movies. If you are beautiful as Lolita Lee, 21-year-old college girl of California, you may be able to do it. For lovely Lolita is the first one selected for admission to the new school just established to train prospective screen stars.

FIRST PASSENGER ON FORD PLANE

Rules barring passengers on the Ford airplane line were broken Saturday when at the orders of Henry Ford a woman passenger was carried from Detroit to Chicago. The woman, said to be Mrs. C. M. Riddiman of Detroit, was afforded the privilege because of an emergency call. She is shown boarding the plane.

SPANISH THRILLS

Here is an exciting moment in the famous bull ring in Seville, Spain. The enraged bull has gored the horse with his horns, lifting both horse and rider off the ground.

BELGIUM READY TO TALK DEBT PAYMENT

Progressive Party Leader Offers To Aid In Solution of Maritime Ills

FORKE SAYS WEST AND EAST HAVE PROBLEMS TO SETTLE

"You Have Every Right to Demand Justice," He Tells Hosts at Moncton Banquet Given Progressive Party in Tour

MONCTON, May 21—"I agree with Mr. Belding, we must settle our problems in a spirit of equity and justice, you have every right to demand justice," said Robert Forke, M. P. for Brandon, Manitoba, leader of the Progressive party in the House of Commons at Ottawa in his address at a banquet tendered a party of Progressive members of parliament tonight in the Brunswick Hotel here.

Mr. Forke, who followed Mr. A. M. Belding, of the Saint John Telegraph-Journal, dealt with some of the problems confronting Canadians at the present time.

FEELINGS ARE WARMEST.

"I have been delighted in meeting the people of Moncton on this trip," he said, "and I voice the feelings of all members of the party in saying that we have nothing but the warmest and kindest feelings for the Maritime Provinces. If we can do anything to help the Maritimes and make them more prosperous, we are quite ready to do it."

The Progressive members arrived in Moncton this afternoon on the Ocean Limited from Montreal and were given a drive down the Petitcodiac River on the Albert county side as far as Scott's Hill. They were also given a drive about town.

At the banquet in the Brunswick, which was largely attended, Mayor J. F. Edgett presided.

The speeches were broadcast through C.N.R.A.

VISITORS WELCOMED.

In a brief address His Worship welcomed the visitors, drawing to their attention some facts regarding Moncton's progress and mentioning the publicity the city has received through the Maritime radio station of the Canadian National Railways.

Mayor Edgett spoke also of Moncton's central location, its supply of natural gas, and the possibilities of development through harnessing the tides of the Petitcodiac River, the site of the proposed dam at Hopewell Cape being about 22 miles from the city.

"While it may seem large, we feel that this development is bound to come," said the mayor.

"We know that you have problems in the West, as you know we have problems here."

EAST AND WEST.

"Mr. Belding, the Telegraph-Journal, Times-Star commissioner, who toured the Western provinces, gave addresses that no doubt brought you in close touch with the Maritime Provinces. Mr. Belding was received in a manner that spoke well of the West. The Maritimes have questions in common with the West."

"These problems should be solved by the big men of our nation. There must be give and take on both sides." His Worship reminded the visitors that the Maritimes have the ports to which they asked the West to send their products.

"We hope," he said, "that when you go home you will have considerable food for thought. We are happy to have you with us and trust that you will have pleasant memories of your sojourn in the East."

The Mayor then called on G. O. Spencer, president of the Moncton Board of Trade, to extend a welcome on behalf of that organization. "We sincerely welcome you to the east," said Mr. Spencer, "and hope that when you come next time you will stay longer."

Mayor Edgett introduced A. M. Belding, who gave an address that was followed with close attention.

WELCOME APPRECIATED.

Mayor Edgett, in introducing Mr. Forke, said that it had been some 40

years since the latter had passed through Moncton.

Mr. Forke expressed appreciation of the warm welcome tendered the party this morning as they came through the Matapedia Valley, where the water was flowing rapidly, carrying logs down the river. They witnessed a scene that was worth traveling a long way to see. The visitors would have nothing but the most pleasant recollections of their trip.

STRONG BOND OF UNITY.

"They were making a social and friendly visit."

"There is a very strong bond of unity between the Prairie Provinces and the Maritimes," said Mr. Forke.

He said that the farmers of the West have nothing to do with the carrying of their products to the world market. Winnipeg grain merchants will send grain via the cheapest route. Half a cent a bushel will influence shipments. It is a matter of business on the grain exchange.

WOULD BACK MARITIMES.

"If anything can be done by Parliament to bring grain through Maritime ports I feel sure it will get the support of every member of Parliament within the sound of my voice," said Mr. Forke.

"Ask Sir Henry Thornton why this is not being done."

"A Canadian company is building an elevator in Buffalo as a matter of business."

"Anything that can be done to help the Maritime Provinces ports will, I believe, find the West ready to do all it can to relieve the situation," continued Mr. Forke.

NOT GLOOMY RE FUTURE.

"I don't take a gloomy view of the future. I think that justice will be done. The only way for the Dominion to be united is for every part to get equitable treatment."

"I was glad to hear the last speaker (Mr. Belding) say that he found people in the other provinces ready and willing to meet and try to come to some common understanding. Those sentiments are right. I thoroughly endorse them. Some people, however, he found in public life are willing for compromises, if they are made by one side."

NEW PROBLEMS ARISE.

Mr. Forke spoke of the situation in Canada during the years 1901 and 1911. That was an era of railway building. The West increased its population by about 2,000,000. New problems have arisen since the days of Confederation. In the period between 1901 and 1911 a new economic situation arose in Canada.

The opening of the three prairie provinces created a greater market for manufacturers, industrializing Canada.

WHAT IS TO BE DONE?

He thought Ontario and British Columbia would be able to solve their own problems. Vancouver would become one of the great world ports through the development of trade on the Pacific.

"The Maritime Provinces and the prairie provinces will not thrive under present conditions," said Mr. Forke.

"The Prairie Provinces are not advancing as they should. The West is going through the same experience as the East with regard to people going across the line. The majority of prairie farmers are not so well off as they were five, six or seven years ago. What are we going to do?"

Mr. Forke went on to point out that he had reduced his farming operation from 600 to 800 acres owing to the high cost of equipment.

EVERY FAITH IN FUTURE.

"The conditions in Canada are serious at the present time but I have every faith in the future of the country," he said.

Speaking of the trek of Canadians to the United States, he said it was a "deplorable thing" to see young people educated here and being compelled to leave the country to find scope for their talents. He thought more might be done by the government in the way of research.

Referring to immigration, he said that newcomers go to the West because they find there land easily cultivated. Some people are opposed to immigration until conditions are better. There should be jobs ready for men when they come to this country.

"Do you think that by increasing the cost of living you are going to make the western farmer more prosperous?" All recognize, he said, that it is not possible to have free trade in practice. Mr. Forke thought there should be some compensation for the Maritimes and the Prairie Provinces. He said

Hindenburg's Inauguration

First photo of Count Paul Von Hindenburg (arrow) taking the oath of office as president of the German republic in the Reichstag at noon, May 12. This picture was rushed to London by airplane and dispatched to America on the Majestic, arriving in New York in less than a week.

These are the first pictures of the actual inauguration of Hindenburg as Germany's president. They were taken at noon and afternoon at Berlin, May 12. Fast airplanes relayed the photographs to Southampton to make connection with the Majestic. The Majestic came into Quarantine at New York early May 19. It was met by a fast boat chartered by New Service for the Times-Star. After clearing customs the boat sped to New York City where record-breaking time was made in dispatching the pictures to The Times-Star. Never before have newspapers traveled from Berlin to Canada in seven days or less than seven days. Only a few years ago that was record time for a crossing direct from London.

there was much talk about industrial life, but little about fishing, mining and farming.

"The industrial problem will never be solved," he said, "until we solve the problems of the primary industries."

CANADA TOO EXPENSIVE.

Cities are growing rapidly and the rural population is being decimated. Canada is too expensive a country to live in. At the time of Confederation Canada was a cheap country to live in. The cost of production is too high at the present time.

Mr. Forke pointed out that they were going to have high taxation in Canada for many years to come.

"There is almost \$300,000,000 of taxation as fixed charges. We can't get away from it. We are going behind year by year accumulating debt in the operation of the railways."

"I don't think there is any solution of the railway problem until more people come into the country," he said. "Every effort should be made to assist the primary industries."

PROBLEM INDUSTRIAL.

The great problem is not industrial. It is the development of great primary industries of which I suppose agriculture is the greatest. We are not going to get back to normal as it was previous to the great war. The war created a new era. I got to live together and settle our disputes in a spirit of equity and justice. You have every right to demand justice. Fight for rights but within the Dominion of Canada. I don't think there's any great idea of secession throughout Canada. I have never found people anything but loyal to Canada."

"I am quite willing to sit down at a table to discuss national problems. Discussions have taken place in parliament and I wonder if it is possible to find a solution."

RECIPROCITY O. K.

"I don't believe protection will solve our problems," said Mr. Forke.

A voice—"What about reciprocity?" Mr. Forke—"Reciprocity would be all right. It was the biggest blow Western Canada ever got when reciprocity was turned down."

In conclusion Mr. Forke on behalf of his conferees in the west expressed kindly feelings towards the Maritime Provinces.

Arthur Beaulieu, M.P., for Provocher, Manitoba, spoke briefly, saying that Canadians in different parts of Canada were not sufficiently acquainted with each other.

"We have troubles," he said, "but they are nothing when compared with troubles in other countries. I have enjoyed the day immensely."

MR. BELDING SPEAKS.

In opening Mr. Belding quoted some remarks made to him, expressing Western opinion, during his tour of the Dominion, and which conveyed the impression that these provinces were long on complaint but short on knowledge of what they really want. He briefly reviewed events from 1864 to 1868 to

Near riots marked Hindenburg's inauguration. Women and little children were trampled under foot as the great mass of people fought to get near the Reichstag, as this picture shows.

Bristling arms were much in evidence as Hindenburg, former war lord, became Germany's new president. His first act after being inducted into office was to inspect his troops.

show that the people of these provinces were far from enthusiastic as to the results of Confederation, and then proceeded to outline the promises and assurances given, as to the building up of trade through our ports and a market westward for our products.

RAIL POLICY REVIEWED.

He reviewed the railway policy of Canada, designed to make trade flow East and West, and showed how it had not been pushed to a logical conclusion, since a large volume of Canadian traffic goes through American ports, and the government railway is itself a large contributor of traffic.

Mr. Belding reviewed the situation today, with national ports in the Maritime lacking equipment while American ports reap the profit of our trade.

Speed and Economy

Power Co. And Hydro Clash

WHILE the New Brunswick Power Company welding car was proceeding out Douglas avenue at 12:15 o'clock this morning and the Civic Hydro Commission automobile truck, No. X 253, was coming in, the automobile swerved out on the track and was struck on the side, one of the forward wheels being broken and other slight damage caused.

N. B. LUMBERMEN PREPARING PLANS

Consider Protest to Government on Compensation Act and Stumpage Rate.

BATHURST, May 21—Plans for the relief of the lumbering industry in New Brunswick are being prepared by the New Brunswick Lumbermen's Association for presentation to and immediate action on by the Provincial Government. It was announced here today following a meeting of the association.

W. E. Anderson, secretary of the association, would not say in just what particulars the lumbermen would ask for relief.

The two general sources of complaint are the Workmen's Compensation assessments and the stumpage fees, the latter of which, the lumbermen contend, place them in a disadvantageous position in competition with the lumbermen of other parts of Canada.

MORE WOMEN SUICIDES.

TOKIO, May 22—Suicides in Japan totaled 1,220 in 1924. Of this number 684 were men and 536 were women. The percentage of women suicides is high in Japan compared with most countries of Europe, where men who take their own lives outnumber women by three or four to one.

TEMPLES TO SUBURBS.

TOKIO, May 22—More than half of the 800 Buddhist temples in Tokio destroyed in the 1923 earthquake are being rebuilt in the suburbs, instead of the city proper. A city regulation recently reduced the grounds around many temples to make room for wider streets.

WOULD SETTLE U.S. OBLIGATIONS BEFORE 1919

Viewpoint of New Van De Vyvere Cabinet is Made Public Today.

WASHINGTON VIEW ON PROPOSED PLAN

Amount Referred to Only Half of Total—U. S. Will Not Differentiate.

Canadian Press Cable.

BRUSSELS, May 22—The Belgian government is ready to negotiate a debt-paying plan with the United States to cover a long period, but only affecting loans up to 1919, totalling \$202,000,000, this being the official viewpoint of the Van De Vyvere cabinet as expressed authoritatively today. The total debt is \$480,503,953.

ONLY HALF DEBT.

WASHINGTON, May 22—The statement in a Brussels despatch to the press that the Belgian government was ready to negotiate a debt settlement with the United States only for loans made prior to 1919, appeared to indicate an effort to draw a line between loans made before the prosecution of the war and those for relief and similar purposes.

The amount stated in the despatch is less than half the total debt and the Washington government has consistently led throughout all debt discussions that no differentiation could be considered as between one part of a debt and another.

TEMPLES TO SUBURBS.

TOKIO, May 22—More than half of the 800 Buddhist temples in Tokio destroyed in the 1923 earthquake are being rebuilt in the suburbs, instead of the city proper. A city regulation recently reduced the grounds around many temples to make room for wider streets.

HUMBLE BUT STRONG ONION FIGURES LARGELY IN EXPORT TRADE OF CANADA TO AUSTRALIAN AND CUBAN MARKETS

Saint John Shipping Port For Large Quantities and Dominion Can Be Made Even Greater Factor In Supplying World—Potato and Cheese Trade Also Reach Large Totals

Imagine yourself a waiter in a restaurant taking from a saucelooking individual an order like this: "With the beef steak you might bring me a dish of various species of Allium, a genus of the lily family, specifically a Cepa, a bulbous rooted biennial herb, with hollow radical leaves and a leafless, hollow, usually swelling stem, which becomes a umbel of small six-segmented bell-shaped white or pinkish flowers, replaced in some places by bulbils. Remarkable for its strong odor."

Dependent upon your state of mind you would either put in a call for the police, keeping a nervous eye on the waiter's every movement, pending their arrival, or you would firmly insist upon an elucidation. The problem here is in favor of the customer explaining that he had merely given you the scientific terminology for "onion."

The onion has been cultivated for so many centuries that there is no definite knowledge of its original form. Books and records so ancient that archivists speak of them with reverence, make reference to the onion. It is probably a native of Western Asia and adjacent parts of Africa, according to the explorers who have tried to track it to its lair.

Resolutions of sympathy were passed to be sent to the families of the late J. Willard Smith and R. Duncan Smith. Schedules were read from all the circuits by Rev. Benjamin W. Turner, assistant secretary.

Appointments to Committees—Sympathy Expressed for Bereaved Families. The last Saint John district meeting exclusively under the direction of the New Brunswick and Prince Edward Island Methodist Conference closed yesterday afternoon in Portland Methodist church.

Gas in the Stomach is Dangerous. Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

employment for unnumbered hosts of lovers of the onion as an edible. There are few men and women who do not know a friend, or who have not heard of a friend of a friend of theirs who has been cured of some ailment by a steady use of onions. It takes courage to pursue such a course if one is socially inclined for action and personality in business. But the confirmed onion eater for health's sake is an enthusiastic propagandist and booster as a rule, and a few of these who boasts that he has been cured by onions as a last resort, taking to onions as a last resort, presented the Editor with an "Ode to Onions" and a few lines of verse.

Health Builders Too. Onions have long been credited with medicinal properties. Many there is an adult's recollections of his first introduction to them is associated with sore throat, a favorite cure for which was a neck poultice of onions. Some folks used them and some insisted, as others do today, that they must be boiled in water for health's sake is an enthusiastic propagandist and booster as a rule, and a few of these who boasts that he has been cured by onions as a last resort, taking to onions as a last resort, presented the Editor with an "Ode to Onions" and a few lines of verse.

Humorists real and otherwise. Onions, however, are assuming a new importance in this country. It can hardly be said that, as yet, they are another and strong link in the chain of onions and a few lines of verse. That the onion does possess medicinal properties, as well as qualities that appeal to a sense of taste, is generally admitted. For them, there need be no claim for men, women, or children in any country where the onion grows.

Free of Asthma and Hay Fever Sufferers. A resolution was passed to Rev. Robert G. Fulton, chairman, for his faithful pursuit of his duty as president of the district. Rev. E. E. Styles led a discussion on discipline.

of them are ready for marketing. But there will always be some fluctuations of that kind so long as Canada cannot regulate its own climate. The onions of Italy, Spain, Mexico, California and the Bermudas are noted for their size and quality. Those of Brittany, Tripoli and Madeira are very popular in the British Isles ranking next to the Canada can grow practically all the varieties of onions, and in the opinion of experts, do so on a profitable commercial basis. She might cultivate a great export demand for some five or six thousand acres of land devoted to onion cultivation in Canada.

Potatoes, Cheese and Onions. Next to potatoes onions are the most common vegetable in the home and the demand for them steadily increases. The anomaly is presented of this country, in the face of an ever expanding domestic market, importing onions grown in foreign lands, and exporting quantities of the home grown. To the potato there was devoted in the years from 1813 to 1923, an average of 745,000 acres in this country. The crop has usually found a market at home and abroad, though it has sometimes received hard knocks from tariff clubs, especially those wielded by the United States. The potato is a native of the Andes in the mountainous provinces, has increased of late, and temporary set backs from one quarter to another.

AT ST. PHILLIP'S. New Band Heard in Concert—Prize Winners in Drawing Are Announced. The St. Phillip's Band made its first public appearance last night at the St. Phillip's African Methodist Episcopal church in a concert that proved greatly enjoyable. The band rendered several marches, waltzes and other selections; solos were given by Mrs. F. Leslie, Mrs. S. E. Jordan, little Percy Leslie, Charles Hamilton and Frank McAleer; Professor McCollum gave a brass reading and an organ solo and Mrs. Ernest Dixon gave a reading.

HON. E. RHODES LEADER OF N. S. CONSERVATIVES

Former Commons Speaker is Chosen at Executive Meeting in Halifax.

WILL SUCCEED HALL, WHO RESIGNED POST

New Party Head Will Contest Federal Seat in Hants.

HALIFAX, May 21.—Hon. E. N. Rhodes, Amherst, formerly speaker in the House of Commons at Ottawa, was appointed leader of the Liberal-Conservative party in Nova Scotia at a meeting of the executive held this afternoon to consider the resignation of W. L. Hall, K. C., former leader. Mr. Rhodes has been chosen by the Liberal-Conservative party to contest Hants County in the forthcoming provincial general election.

The meeting was open only to the executive members of the provincial party and was held behind closed doors. Frank Stanfield, president, left immediately after the meeting for his home in Truro and gave out no statement.

SELECTION UNANIMOUS.

It is understood that W. L. Hall, K. C., was present and read a statement outlining his reasons for resigning from the leadership of the party and that a resolution of appreciation for Mr. Hall's services was adopted. The selection of the new leader was said to have been unanimous. Many prominent Liberal-Conservatives were present. Hon. E. N. Rhodes, the new leader, has been taking an active part in the Liberal-Conservative organization in Nova Scotia for several months.

BORN IN AMHERST.

ESCAPES FIRE AFTER HANGING TO STEEPLE

Fireman Tells of Thoughts as He Hung Face to Face With Death.

CLEVELAND, May 22.—What does a man think about when he believes he is going to die?

Edward Dunasky, fireman, could think of but \$2 he owed a buddy in his department as he hung to the outside of a church steeple of St. Mary's Catholic church.

Burning beams dropping from the steeple soon caused a blaze beneath the fireman. One by one the firemen climbed through a small opening to safety, leaving Dunasky in the steeple. "It was hotter than a turkish bath," he says. "Smoke and fire licked up at me."

"Through a chopped hole, I crawled to the outside of the steeple. I hung to the ledge and the fire licked at the corners of the beam.

"Somebody was yelling below, but I couldn't hear. I looked down—150 feet down—and I thought, 'Ed, here's where you die.'

"Then I thought, 'My goals. Here I owe \$2 to my buddy and I've never paid him. My hands were getting tired. Should I let go, or what? I'm going to die anyhow. I wish I could pay that \$2.'

"Instead of being hot I was cold. Cold as can be. Then I looked up and saw through the hole my lieutenant, Peter Geriak. The fire lit him up.

And he came down and dragged me through the hole. It was black. Black and smoky.

I let go. I fell through two floors. When I woke up I again thought of that \$2 debt.

"A fellow thinks of some funny things when he's about to die."

NAVY LEAGUE FOR TRADE EXPANSION

Ontario Division Urges Year-round Steamer Service to West Indies.

KINGSTON, Ont., May 21.—At the concluding session today of the Ontario Division of the Navy League of Canada the following officers were elected: President, Sam Harris, Toronto; first vice-president, Lieutenant-Colonel F. E. Wilson.

A resolution was passed to the effect that the attention of the Dominion Government be directed to the question of the building up of a greater trade between Canada and the British West Indies, and other lands in and about the Caribbean, that efficient trade commissioners be appointed and better transportation facilities not only for freight but for passengers be provided, and that a service the year round for first class ships from Saint John and Halifax via the Eastern group to Demerara, and a service of the same class of ships from Montreal in the summer and Halifax and Saint John in the winter via the Western group to Jamaica be established.

WOULD ENCOURAGE MARINE
Another resolution requested the Dominion Government to encourage the Merchant Marine and "take action to increase the units of protection on the seas to the extent warranted by our national position and requirements."

SOCIAL AND DANCE
GARDINER'S CREEK, May 20.—A successful event of the season was a ple social and dance held in Wallace's Hall in aid of Gardiner's Creek school, by the teacher, Miss Letha A. Palmer. The pies were auctioned by the secretary, J. W. Cunningham, assisted by Miss Myrtle Armstrong, Miss Letha Palmer, Miss Marion Cunningham, and Miss Helen McCarthy.

Prohibition Officers Use Rum-Runners' Cars

WASHINGTON, May 21.—Thirty motor cars, seized from bootleggers, were turned against the Canadian border rum runners today by the United States Treasury, which for the first time made use of recent legislation under which the government is empowered to use the confiscated vehicles.

Manlaughter Charged Against Baby Farmer

NEW YORK, May 21.—Helen Auguste Gelsen-Volk, owner of a "baby farm" in East 86th street, today was indicted for first degree manslaughter by a grand jury after an investigation which showed that William Winters, six months old, died in the woman's place after his skull had been fractured.

The Winters infant was one of thirty children who died in the East 86th Street "baby farm." Records show that 14 other children died in another "baby farm" which Mrs. Gelsen-Volk formerly conducted.

MEXICAN GIRL FREED OF MURDER CHARGE

Lives of Lovers at Stake in Card Game—Loser Shot to Death.

MEXICO CITY, May 22.—Senorita Hortense Cortes is not guilty of murdering her lover, although she culminated a revel with him with a game of cards in which it was agreed that the winner was to shoot the other. Hortense won. Concepcion Saucedo, the other player in the grim, drunken game, handed Hortense his revolver. She shot him dead.

That was last December. Thursday a jury absolved Hortense of guilt while the court room crowd cheered and the crowds in the street echoed their joyous shouts.

MANITOBA REVENUES GAIN.
WINNIPEG, May 21.—Provincial government revenues for the eight-month period ending April 30, exceeded the estimates by \$117,260, according to a report issued today. The corporation taxes showed an outstanding increase, being \$377,868, as against estimates of \$283,834.

CAR FERRY PURSER DIES TICKET-TAKING

Dominick Ryan Dies Suddenly After Forty-six Years of Service.

CHARLOTTETOWN, P. E. I., May 21.—After serving continuously 46 years

keeping check of the tide of humanity and merchandise that surged to and fro across Northumberland Strait between Prince Edward Island and the mainland, Dominick Ryan, purser on the car ferry Scotia, said his final "Tickets, please," this morning, dropping dead in the very act of collecting a fare from a passenger. He was 72 years old and joined the straits service 46 years ago, serving continuously ever since, winter and summer. He was a veteran of the steamers Northern Light, Princess of Wales, St. Lawrence, Northumberland, Empress, Stanley and

Earl Grey, and lastly on the new car ferry Prince Edward Island, which is now in Halifax for its annual overhauling, being relieved by the Scotia.

BLINDED BY FALL.
ST. MARTIN'S, N. B., May 21.—Friends of Edwin Lewis, who resided here for many years, but who now lives near Salisbury, will be sorry to learn that he is now totally blind as a result of having fallen down stairs. Mr. Lewis is 86 years old.

Ten Million Bottles—

EVERY year ten million bottles of Dr. Caldwell's Laxative Syrup Pepsin are bought by people who recognize the value of this great laxative as a builder of healthy bodies through the relief of constipation.

This tremendous popularity has been built on confidence. The formula originated and used so successfully by Dr. Caldwell in his own practice has never been changed.

Unlike so many laxatives it has no bitter or nauseous taste. It is a compound of plant drugs proven to be beneficial to the human system without creating habits or injuring the system with mercurials or narcotics.

Dr. Caldwell's Laxative Syrup Pepsin is particularly recommended to mothers as a pleasant-tasting and effective laxative for children. You can safeguard their health by checking colds and fevers through the use of this great family medicine.

HAVE YOU TASTED THE NEW IMPROVED "G.B." COATING?

PEOPLE look for improvement in everything they buy to-day. Every year, for the past 50 years of candy-making, Ganong Bros. have aimed to make a good product better. But never before have they achieved such a triumph as in the NEW IMPROVED "G.B." coating. To over 130 different centres, it brings the touch of perfection. How exquisitely their flavours blend with that of the thick, mellow, full-bodied coating! Look carefully for the "G.B." mark on every piece, and on the box itself.

Made by GANONG BROS. LIMITED at ST. STEPHEN, N.B.

Ganong's CHOCOLATES

The craving for sweets is Nature's call for energy. Give the children all the candy they really need. It's fuel food!

GOOD TASTE IN FLOOR COVERINGS IS EASILY EXPRESSED

Dominion Linoleum

A Bedroom Floor of Daintiness and Charm

You can easily have a bright, pleasant bedroom. Begin with the floor by choosing Dominion Linoleum for its covering. Gay floral or block designs abound, to lend color and cheer to the dullest of rooms.

Dominion Linoleum is daintiness itself and is so easy to keep neat, clean and attractive. Light mopping or brushing removes every trace of dust or dirt, a sanitary advantage that's especially desirable in homes where there are children.

Dominion Linoleum is delightful in any room. There are patterns and colorings for living room, dining room, bedroom, hall or kitchen, beautiful harmonious effects to please the most exacting.

Dominion Linoleum is made in widths sufficient to cover any ordinary room from wall to wall without seam or crack. It is easy to lay, low in price and wears for years.

DELEGATES NAMED HEARING IS RESTORED AFTER LONDON PEOPLE SEE ROYALTY AT PALACE

Representatives to Provincial Meeting Selected—Correspondence Read.

HAMPTON, May 22.—A splendid meeting of the Hampton Women's Institute was held Friday afternoon in the school. The president, Miss Margaret Turnbull, occupied the chair. For the provincial annual meeting in Fredericton in June Mrs. Ralph March was appointed as delegate, with Miss Turnbull as substitute.

A letter from the Norton Institute was read telling that on June 4 they were holding an exhibition and that all the various institutes in Kings county might send handwork and also that they might compete in the contest of making the best loaf of bread from the recipe on the box of a rain company. Prizes are offered.

A letter was read from B. M. Hill, provincial road engineer, stating that the matter of having sidewalks here had been taken up with the Minister of Public Works and that later on more information would be forwarded to the institute.

Mrs. Coates, convener of the improvement committee, stated that a letter had been received from Moncton saying that whatever cleaning, up and improvements were necessary around the depot would be done by those who have charge of this section of the C. N. R.

The appointing of a nominating committee whose duties would be to recommend certain persons for officers for the election of officers in June was left with the president.

Mrs. F. V. Wedderburn was appointed convener of a committee to look after plans for the proposed memorial hall. This was a matter that the Memorial Association left with the institute.

The next meeting will be the annual meeting when the election of officers takes place.

GUESTS FLEE FIRE IN NIGHT CLOTHING

Hotel at Auburn, Me., Considerably Damaged by Flames.

UBURN, May 22.—Guests in the Auburn House, a four story wooden hotel at Main and Court streets, were obliged to escape in their night clothes, early Wednesday morning, when Knapp's Lunch Room on the ground floor, 11 Court street, was found to be afire.

The entire building was filled with smoke, and the establishments of the Elm Hardware Company, and the Auburn Waiting Room, were damaged considerably by smoke and water. The flames worked their way to the roof of the building, badly damaging the front section of the structure.

The origin of the fire is not known, and the loss, running into several thousand dollars, is but partly covered by insurance.

The Auburn House is one of the city's landmarks, and for half a century was known as the Revere House.

DOG KILLED BY MOTOR CAR. A dog owned by William Johnson was run over and killed by an automobile on Prince Edward street yesterday afternoon at 2:30 o'clock.

Sound of Locomotive Whistle Goes Highest

PARIS, May 22.—Unique experiments have been made by M. Camille Flammarion, the noted scientist, on the audibility of sound at various heights. He conducted the tests in a balloon.

A man's shout was heard at 1,600 feet; the croaking of frogs in a marsh at 3,000; the music of an orchestra at 4,500; church bells at 5,000; the report

Mrs. Ethel Menz and her son, Jack, whose voice she can hear after "airplane drop treatment" for deafness.

of a rifle at 5,900; the noise of a railway train in motion at 8,200, and the whistle of a locomotive at 10,000 feet yesterday.

WASSONS ADVERTISEMENT. Owing to a printer's error in Wassons advertisement of last night's Times-Star, chocolate cherries and creamy maple sugar were wrongly priced. The correct prices are: Chocolate cherries, 59c. lb.; maple sugar, 39c. lb.

LONDON PEOPLE SEE ROYALTY AT PALACE

"Gold and Silver Court" Attended by More Than 1,000—Large Crowds Look on.

LONDON, May 21.—Nearly a thousand matrons and debutantes were presented to the King and Queen at Buckingham Palace tonight at the first royal court of the season.

This is already known as the "Gold and Silver Court" from the prevailing colors of the gowns, and the beauty of the summer evening lent additional coloring for thousands who had gathered as usual in the vicinity of the palace to watch the arrivals of the guests and court officials.

MALL DENSELY PACKED. Part of the park known as "the Mall" extending from the palace to the Admiralty arch opening into Trafalgar Square was closely packed from 5 o'clock onwards with a line of limousines bringing to the palace the favored ones befittingly bearded and beautified for the great social event of the season—always an attractive sight to the royalty-loving Londoner.

THREE HOURS TO ASSEMBLE. It took close on to three hours before all had assembled within the palace, which for the occasion had been converted into a veritable bower of blue hydrangeas and pink roses, these being the flowers especially selected by the Queen. Punctually at 9:30 o'clock the royal procession, headed by the King in the uniform of a colonel of the Life Guards, and the Queen in gorgeous court costume, entered the Throne room to the strains of the National Anthem played by bands in the music gallery and the quadrangle of the palace.

SCENE IS BRILLIANT. The members of the royal family grouped themselves behind their Majesties and the presentations began with the diplomatic circle. The presentations continued until nearly 11 o'clock, forming a most brilliant and imposing scene. After the court ceremony sup-

per was served in the several state rooms of the palace, the King and Queen retired to their own apartments. Until long after midnight the west end, London, was a busy scene with departing guests.

SIGHT-SEEING. Many of those attending the meetings of the Western Union commercial men at the Pythian Castle took advantage of an opportunity to see the city last evening by automobile and then

joined in a party to the second show in the Imperial Theatre. At the session yesterday afternoon nothing but routine business was discussed. Cooks and Maids Wanted. See the want ad. page.

The flavor keeps kiddies coming back for more! The flavor wins all. Each crackly-crisp flake is toasted golden-brown and enriched with a flavor supreme.

Kellogg's Corn Flakes are the easiest breakfast dish in the world to serve. No cooking. Simply add milk or cream. Also fine with fresh or preserved fruit. For sale at grocers everywhere. Served in leading hotels and restaurants.

Make this comparison! Try any ready-to-eat cereal. You won't find another that even approaches the marvelous flavor found only in Kellogg's Corn Flakes.

"Hello Daddy—don't forget my Wrigley's"

Slip a packet in your pocket when you go home tonight.

Give the youngsters this wholesome, long-lasting sweet for pleasure & benefit. Use it yourself after smoking or when work drags. It's a great little freshener!

WRIGLEY'S

Sealed Tight—Kept Right. After Every Meal. THE FLAVOR LASTS.

Cold-Hearted

A COLD HEART is not good in a human being but it is the acme of excellence in a refrigerator. The Brantford keeps its goodness within itself—frigid, fresh. It has a "cold heart." It resists the entrance of heat.

To resist heat, a refrigerator must be made RIGHT, and the "cold-hearted" Brantford is made to keep food cool, crisp and wholesome. It safeguards your family's health—when the mercury soars in sultry weather.

The Brantford uses one-third less ice than any refrigerator not constructed on the Brantford scientific principles. This means economy—longer life—food kept in better condition.

Ask your dealer to show you a Brantford now so you may benefit by its use for many hot months this summer and for years to come.

Brantford Refrigerators are constructed so you can install electric refrigeration at any time.

HAM BROTHERS COMPANY, Limited. The largest manufacturers of refrigerators in the British Empire. BRANTFORD - CANADA.

Brantford REFRIGERATORS

WOMEN TO SEE HOSPITAL WITH SOCIAL NURSE

Aid Members Give 100 Personal Property Bags to Institution.

Subbonnets for Children Patients are to be Provided—Activities Reported.

The hundred personal property bags for patients in the General Public Hospital, which the Women's Hospital Aid agreed to provide, had been made by the members and were handed in at the meeting of the Aid in the Board of Trade rooms yesterday, when it was decided also to provide a dozen subbonnets for the children. Mrs. T. H. Carter, vice-president-at-large, was in the chair.

Miss Belle Howe, social service nurse, believing that the members of the Aid did not fully realize the daily life in the hospital, offered to have one member at a time accompany her in her morning visits, and the offer was gladly received at the meeting.

OFFERS HALL PLANT.
One member kindly offered to provide a plant for the vestibule of the General Public Hospital if acceptable to the commissioners, and hearty thanks were extended to her. The Aid

will meet in June, but will not hold meetings during the other summer months. It was decided to send flowers to Mrs. Leonard Condon, who with her two children are scarlet fever patients in the epidemic hospital.

Mrs. J. Boyle Travers, the president, was in the chair for the short executive meeting, but was unable to remain for the general meeting.

POSTPONES DECISION.

The report of Mrs. Lester Morry, treasurer, showed \$133.65 expenditures and a balance of \$1,541.24, and emergency fund, \$786.20.

Dr. H. A. Parke, superintendent of the Saint John County Hospital, sent a letter of appreciation of the Aid's gifts and visits.

R. H. Gale, superintendent of the General Public Hospital, forwarded the suggestion of the commissioners that the Aid arrange for a post-graduate course for Miss Belle Howe, local service nurse. Consideration of the suggestion was deferred until the next meeting.

REPORT ON VISITING.

Mrs. C. A. Clark reported on the weekly visiting at the General Public Hospital. The convener appointed for the visiting next month was Mrs. R. D. Aiken.

Mrs. J. Goldman, reporting for the visiting in the County Hospital, said Mrs. Hall had provided cross-words puzzles mounted on card board which were much appreciated. Break of fruit were given to the patients. The convener named for next month was Mrs. W. E. Morris.

DENOMINATIONAL REPORT.

Denominational reports were received as follows: Mrs. Garfield Stevens for the Anglicans, follow-up cases cared for and \$100 received in fees, including Trinity, \$60; St. George, \$11; St. Luke's, \$8.50; St. James, \$9 and St. Jude's, \$10.50. Mrs. Christie, for the Presbyterians, \$28 in memberships, in

cluding St. Andrew's, \$39; St. Columba, \$2.50; St. David's, \$16 and St. Matthew's, \$0 cents. Mrs. E. H. Doody for the Catholics, three follow-up cases and fees from St. Peter's, \$13.50. Mrs. N. C. Scott for the Baptists, magazines provided and follow-up cases cared for. Mrs. Burton, for the Salvation Army, visits to all the city institutions, literature distributed and assistance given the needy.

SOCIAL SERVICE.

Miss Belle Howe, in her report as social service nurse, told of 95 visits made, four follow-up cases referred to the Aid, cash provided for four patients, clothing for one family and an incurable case taken from the hospital and provided with necessary comforts in a private home.

Mrs. Ralph Robertson, for the magazine committee, reported the Hebrews would have charge of the magazine supply for next month with Miss Gilbert in charge.

Mrs. W. E. Morris, for the house committee, reported a dozen subbonnets for the children and babies were needed at the General Public Hospital. It was decided to give the subbonnets. Mrs. Robertson being asked to purchase the material which the Assumption church members will make up.

Mrs. Morris said Miss Murdoch, superintendent of nurses, will be leaving shortly for Finland, and had said that she had never before had so thoroughly efficient a staff of nurses as she would leave in charge.

IS PROMOTED.

DIGBY, May 21—The many friends in New Brunswick of L. J. Cramer, at one time accountant in the Royal Bank, Saint John, will be pleased to hear of his promotion with the firm of J. C. McIntosh, Halifax, as head boat salesman for the Maritime Provinces.

91 Years Old Today

MRS. CATHERINE SHEPPARD who today is celebrating her ninety-first birthday.

MRS. C. SHEPPARD IS VIGOROUS AT 91

Saint John Woman One of Oldest Pythian Sisters in The Maritimes.

Mrs. Catherine Sheppard is 91 years old today. Yesterday she thought nothing of her pedestrian enterprise, although she had walked from her home, 155 City Road, to do her shopping in King street. The walk to and from her home was about two miles and was quite a usual occurrence in her every day routine. Mrs. Sheppard is in excellent health, has all her faculties unimpaired and her eyesight is so keen that she uses glasses only for reading.

While she can remember vividly events of other days and can recount them in a very interesting fashion, she is just as much interested in events of the present and is very cheery and full of fun.

Husband Loyalist.
Mrs. Sheppard is one of the oldest members of the Maritime Domain of the Pythian Sisters and is an energetic charter member of Loyalist Temple

Pythian Sisters, No. 12. She attends Centenary church regularly.

Mrs. Sheppard was born in Londonderry, Ireland. She came to Canada as a girl and married Benjamin Sheppard, of Fredericton, who was a United Empire Loyalist. They afterwards moved from Fredericton to Saint John. Mr. Sheppard has been dead for 38 years and the members of Mrs. Sheppard's immediate family now consist of one son, Benjamin; one daughter, Mrs. Charles W. Piercy, and a granddaughter, Miss Catherine Sheppard, who is named after her.

\$217,653 Paid Out to Winnipeg Workless

WINNIPEG, Man., May 22—Unemployment relief during the past winter cost the city of Winnipeg \$217,653, of which amount the provincial government contributed approximately \$86,000. In municipalities outside of Winnipeg, the government expended nearly \$8,000 in relief work.

The per capita cost of relief in Winnipeg was \$15.99, compared with \$19.54 during the previous winter. The higher cost is explained by the fact that during the winter of 1922-23, a large amount was expended for public improvements, and also to the fact that the number of single men on the relief list was considerably greater.

CROSSES CANADA

Schooner From Saint John Reaches Vancouver on Top of a Car.

The first sailing schooner to make a trip across Canada from the Atlantic to the Pacific by the overland route has reached Vancouver safely on a car hauled over the Canadian National Railways after a journey of more than 3,000 miles. This transportation over the C. N. R. will go down in history as being the first of its kind.

The schooner is the Thelma G., with a registered tonnage of ten. Roy A. Davidson acquired the vessel here last fall. She was then hauled out of the water on the Strait shore.

In the early spring, Alonzo McDonough, a former resident of St. Martin's, for years located at North Vancouver, sent word to his brother, Captain A. McDonough, who is at present residing at St. Martin's, that he wished to buy a schooner and as a result of the correspondence Captain McDonough purchased the Thelma G. from Mr. Davidson.

Her masts were unstepped and with gear and rigging all stowed on the car the schooner started across the continent by land.

Captain McDonough said that his brother intended to use the Thelma G. to run on one of the rivers out of North Vancouver in fur trading with the Indians.

Two Barns Burn In Oxford; Loss \$6,000

OXFORD, May 21—Two barns owned by Fred Scully, of West Leicester, near here, were burned today in a fire of unknown origin. The house was saved despite the fact that a high wind was blowing at the time. The total damage is estimated at about \$6,000, with no insurance.

Fire last night damaged the residence of George Hill, of this town, to the extent of about \$300, part of which is covered by insurance.

"Made in Canada under Government supervision."

CANADIANS of all people should have perfect bread. For we have an unequalled source of supply. The finest wheat that grows in our own Northwest—the world's peerless granary. Nature has given us her richest; it is for us to be careful and thorough in its preparation. That is where the millers of

REGAL FLOUR

had their chance to show what art can do, and they have shown it. Out of the best material, they get the best product.

The St. Lawrence Flour Mills Co., Limited, Montreal.

It Stains and Varnishes—in one operation!

One of the most remarkable things about Murphy Da-cote Univernish is that one coat supplies both color and varnish.

That is what makes it the ideal varnish for all uses—that and the fact that anyone can apply it with an assurance of good results.

For floors, linoleum, trim, furniture—for anything indoor or out—that has lost its freshness, it is ideal. It brushes away the marks of time as if by magic and brings back the sparkle of youth to any surface.

It won't turn white, of course. Spilled coffee, alkali, strong ammonia—none of them will injure its beautifully lustrous surface, and it dries overnight.

If you have a few surfaces to brush up, apply it yourself. You'll find it fun. For more ambitious tasks your painter will do a better job. He'll use Univernish if you suggest it. In six beautiful colors.

Adventures in Health

These letters are typical of thousands which tell of the amazing power of one simple fresh food

NOT a "cure-all," not a medicine in any sense—Fleischmann's Yeast is simply a remarkable fresh food.

The millions of tiny active yeast plants in every cake invigorate the whole system. They aid digestion—clear the skin—banish the poisons of constipation. Where cathartics give only temporary relief, yeast strengthens the intestinal muscles and makes them healthy and active. And day by day it releases new stores of energy.

All grocers have Fleischmann's Yeast. Start eating it today! Buy several cakes at a time—they will keep fresh in a cool dry place for two or three days. And let us send you a free copy of our latest booklet on Yeast for Health: Health Research Dept., 430, The Fleischmann Company, 208 Simcoe St., Toronto, Ont., Canada.

FLEISCHMANN'S YEAST IS MADE IN CANADA

"NOT A DAY passes that someone doesn't ask me how I manage to keep my skin so clear and fair and my eyes so bright. My answer is Fleischmann's Yeast. Years of intestinal indigestion had brought me to the point where I determined I'd stick to Yeast. Three cakes became a daily rite. In three months I had the results I wanted—relief from indigestion, gas and chronic constipation." Mrs. G. W. Hood, Mount Lowe, Calif.

"MY WORK TAKES ME to construction camps where we get 'grub' instead of food. I suffered increases in the diarrhoea; I could neither digest nor assimilate my 'grub' and became so weak I could hardly get about. I had taken green pills, blue pills, yellow pills, red pills. I tried Fleischmann's Yeast. That was five months ago. I am now a devotee of Fleischmann's Yeast—I have thrown away my rainbow of pills and now enjoy camp 'grub' with the appetite of any hunky on the job." Bert T. Mason, Barry, Calif.

"THIS FAMOUS FOOD tones up the entire system—banishes constipation, skin disorders, stomach troubles. Eat 2 or 3 cakes regularly every day before meals: on crackers—in fruit juices or milk—or plain. For constipation especially, dissolve one cake in hot water (not scalding) night and morning."

"I WAS PASSING through that stage known to all young fellows with its attendant eruptions on the face and neck known as pimples and boils. Of a retiring disposition this made me more so and I became very sensitive. A friend suggested Yeast. I religiously ate my two cakes a day. In four months every boil had disappeared, my face was clearing, and, most important, I regained my self-respect." Harold V. Diamond, New York, C.Y.

FORKE SAYS WEST AND EAST HAVE PROBLEMS TO SETTLE

Continued from page 11.

in winter; and pointed out also that in general manufacturing these provinces are unable to compete with the mass production of the Central Provinces.

POPULATION DRIFT TO U. S.

There is still, he said, a drift of population to the United States, and the Federal Government and great railway systems continue to overlook these provinces in their immigration programs. He referred to the discontent in the extreme East and in the West, and pleaded for a national economic policy, which would necessarily be based on compromise, but which could be supported by all four of the natural divisions of the country.

Mr. Belding spoke of the coming conference of Maritime Boards of Trade, and the later national conference expressing the hope that out of these would come at least an approach to a policy fair to the country at large. He pointed out that we began by fighting geography and economic principles, and must recognize that there will always be difficulty in maintaining a degree of prosperity comparable to that in the great country to the south, which will continue to attract ambitious and venturesome young people.

POSITION OF VISITORS.

The visitors from the West, the speaker said, occupied a very responsible position, and could do much to promote a real national sentiment. The Maritime Provinces, he assured them, were willing to sit in a national conference in the spirit of give and take, and unless the rest of the country joined in giving serious consideration to their problems, the discontent which has been manifest of late would grow rather than diminish. His proposition was as follows:

CANADA'S PAST RECALLED.

"In Queen square, in the City of Saint John, stands a heroic statue of Samuel de Champlain, with finger pointing west toward the vast region the great colonizer dreamed would one day be a new France. The date on that monument is 1604. Our beginnings reach far back, as history goes on this continent, and the stage was set down here by the Atlantic shore. One reads with an absorbing interest the story of the early French and Indian regime, the struggles between French and English, the coming of the Loyalists in thousands, at the close of the American

of the dead who lie in Flanders Fields. The appeal is not broad enough. Because of the varied racial character of our population, the achievements of the good and great of every European race are a challenge to their descendants in Canada to be worthy of the noblest traditions of the race from which they sprang. It is ours to weld together the varied racial elements into one nationality, to be called Canadian, to possess this goodly land, and to proclaim to the world that here are strength and greatness because here are understanding and sympathy and unity, expressive of a patriotism not surpassed in all the annals of the world. The challenge is to you and me and to every man and woman in Canada."

THEY START FOR TRURO.

At the conclusion of the banquet the visitors proceeded eastward by C. N. R. for Truro and New Glasgow after which they will visit Prince Edward Island. They will spend Saturday

Only Goodyears Are Made of SUPERTWIST

THE big difference between Goodyear Cords and all other tires is that Goodyears alone are made of SUPERTWIST.

The enthusiastic approval expressed everywhere for Goodyear Balloon Tires traces directly back to the long mileage made possible by SUPERTWIST.

SUPERTWIST is the elastic new cord fabric developed in Goodyear's own cotton mills. It was developed specifically to give balloon tires greater mileage. It does this because it o-u-t-s-t-a-n-d-s any other cord design—yields to the blows of the road without breaking.

So excellent were the results obtained with SUPERTWIST in Goodyear Balloons that it is now used in all Goodyear Cord Tires.

SUPERTWIST is but the newest of the many tire improvements made possible by Goodyear's big world-wide sale. You get all these advantages at no extra cost because motorists all over the world bear a share. And because Goodyear must meet world-wide needs, the Goodyear Selected Dealer is able to offer you any type of tire you want at a price you are willing to pay.

Boston Hod Carriers To Strike on Monday

BOSTON, May 22.—A strike of hod carriers, building and common laborers, effective next Monday on jobs where an increase of wages has been refused by contractors, has been voted by five lodges of the laborers.

The laborers, who number more than 5,000 in the five unions, are demanding wages of 77 1/2 cents an hour for common labor and 80 cents an hour for skilled labor as against the former rates of 65 and 70 cents respectively. The present contracts expired May 1.
