Financial Situation In France Is Reported To Be Grave
CITY MAY GET BIG COKE PLANT

FRANCE WILL FIGHT FALL OF FRANC

Mobilization of All French Forces Continued in Financial Battle.

CABINET IN SESSION

Treasury to Make No Further Loans, the Government Decides.

(By Canadian Press.)

Paris, March 10.—The mobilization of all France's forces, political, economic and financial, in the battle against the further fall of the franc on the international exchange market was continued today. The cabinet, presided over by Premier Poincare, sat for three hours at the foreign office, going thoroughly into the present situation, which all acknowledged to be most grave.

For one thing the government decided that under no circumstances would the French treasury resort to further loans, not even for the devastated regions. Neither will it permit inflation of the currency.

Finance Minister De Lasteyrie presented to the cabinet a plan for additional fiscal measures, which he intends to submit to the chamber this week.

Banks To Assist. Meanwhile the Bank of France, whose directors conferred with Premier Millerand and Premier Poincare yesterday, announced that their situation would associate itself without reserve with the efforts of the government to bring about a favorable turn in the exchange market.

Smallpox Claims Two More Victims

Windsor, Ont., March 10.—Smallpox claimed two more victims yesterday, both women, bringing the total death list up to 25. The victims are Mrs. Edward Deslippe, 26 years of age, of Malden Township, and Mrs. Thomas Brown, 46, of Maldestone. Both had been ill for only a few days. Mrs. Deslippe, who leaves three small children, was a daughter of Edward Dendane, and a niece of the late Gordon Dendane, the first person to die with the disease here.

Vatican Plans To Recognize Soviets

Rome, March 10.—The Vatican is contemplating recognition of the Russian Soviet Government, according to an article published in the Tribuna.

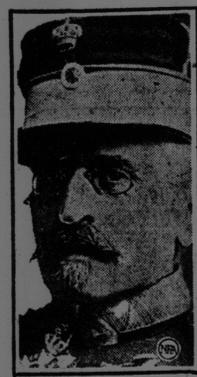

Storm Warning Issued In States

Washington, March 10.—The weather bureau today issued the following storm warnings: Advisory 10 a. m., northwest storm warnings displayed Jupiter Inlet, Florida, to Washington, North Carolina, and northeast storm warnings displayed Cape Hatteras to Boston, Mass. Disturbance of increasing intensity off the Carolina coast, moving northward and another over Ohio moving northward.

Fight Duel on N. Y. Elevated Platform

Chicago, March 10.—R. E. Burns, New York, was probably fatally wounded, and a man who Burns said was Ray Simmer was shot, but escaped, when the two engaged in a pistol duel on Saturday on an elevated railroad platform. Police expressed the opinion that the two were connected with the gang that two weeks ago shot and killed John Duffy and his wife.

Was War Minister In Venizelos Cabinet

FORMER LEADER OF GREEK ARMY DEAD

General P. Danglis Was One of Members of Salonica Triumvirate.

Athens, March 10.—General Panyotis Danglis, former commander in chief of the Greek forces, died yesterday. He was a member of the Saloniki triumvirate with Venizelos and Admiral Koundouriotis, regent of Greece. Gen. Danglis was president of the Venizelos league and also president of the committee of the Liberal party. He was minister of war in the Venizelos cabinet and later was sent to confer with Venizelos in Paris to urge the former premier to return to Athens. Prior to Venizelos returning the presidency, Gen. Danglis attempted to form a ministry, but failed.

MEASLES KILL 2 IN ONE FAMILY

Woodstock Home is Bereaved When Sons Are Victims of Disease.

Special to The Times. Woodstock, March 10.—Two deaths attended with unusually sad circumstances occurred yesterday afternoon at the home of Mr. and Mrs. Charles Robinson, Brighton, when their two sons, Leighton and George, passed away after a brief illness, one dying Saturday and one Sunday at the ages of 19 and 13, contracting measles that later developed into pneumonia. The funeral services were held by Rev. E. A. Trites of Carleton, Maine, assisted by Rev. I. W. Williamson.

Miss M. Louise Allan, a resident of this town, passed away Saturday at the home of her sister, Mrs. L. E. Young, after a protracted illness. She was the daughter of the late Mr. and Mrs. John T. Allan. The funeral will be held tomorrow.

Wire Briefs

London, March 10.—Premier Ramsay MacDonald has been elected to membership in the Athenaeum Club of London.

Ottawa, Ont., March 10.—The order-in-council which commends the lease of the Inverness Railway to the Canadian National provides for a three-year lease at a rental of \$25,000 a year.

London, March 10.—The appeal in the Nova Scotia case of Brown vs. Moore was dismissed today by the judicial committee of the Privy Council. The case involved a claim for damages for alleged wrongful dismissal.

Paris, March 10.—A Havas despatch states that a Calais-Menton express train was derailed near Lyons today. Four passengers were killed and 25 injured. All the victims of the accident are British.

Mexico City, March 10.—The occupation of Puerto, Mexico, by a federal column under Gen. De la Huerta was officially announced by the war office. The port was taken without resistance, it is added, the rebels withdrawing and dividing into small bands.

INDUSTRIAL CRISIS IN ENGLAND

British Industry is Confronted With Serious Possibilities at Present.

STRIKES THREATEN

Several of the Minor Disputes, However, Have Been Settled.

BY H. N. MOORE (British United Press.)

London, March 10.—British industry is confronted this week with the most serious possibilities of critical trouble it has faced for many years. The next few days will probably decide whether or not the coal miners will carry out their threat of a general strike, whether the cotton spinners will face a lockout, whether the motor men and conductors of the London trams and the drivers of the London buses strike, whether there is to be a general stop in the pottery trades and whether the dispute between employers and the men in the shipping yards will develop into an open breach.

15 CARS UPSET AT NEWCASTLE

Traffic on Main Line of C. N. R. Suspended For Some Time.

Newcastle, March 10.—Traffic on the main line of the C. N. R. has been tied up for a considerable period due to a run-off at Ullithorn's Sliding early this morning when the north-bound special freight left the rails. The run-off was due to some of the cars taking the switch at the siding.

Labor Censures Press of Canada

Toronto, March 10.—The Labor Political Representation Association, at its annual meeting in the Labor Temple on Saturday, passed a resolution censuring the press of the Dominion for its alleged neglect to give adequate space to Labor news and the speeches of Labor representatives at public meetings and the executive halls of the country.

Search For Missing Dakota Physician

Brantford, Ont., March 10.—Missing since December 11, 1923, Dr. Fred E. Fyle of Geddes, South Dakota, is now the center of a wide search. Dr. Fyle, who is a son of Mr. and Mrs. Fyle of Brantford, left here last fall for his home at Geddes. He was seen on December 11, when he motored to Sioux City and started back to Geddes in a Ford coupe. Since then no trace of Dr. Fyle or his car has been found.

New Fire Chief Is Only One at Blaze

Peterboro, Ont., March 10.—While the Council of Hastings was in session on Friday night reorganizing the fire department of the village, a fire broke out, and the newly appointed chief was the only member of the brigade to attend. None of the old brigade responded to the fire bell and the new chief extinguished the outbreak with chemicals.

Girl Sleep-Walking, 6 Miles From Home

(By Dominion News Service.) London, March 10.—While journeying from Calne (Wilt) to Chippenham late at night, recently, the driver of a motor lorry encountered a young woman standing along the road, clad only in a white night-gown, over which was a madras cloth loosely adjusted, and stockings. The girl was apparently sleep-walking, for when spoken to she replied in a dazed manner. The driver drove her to the nearest police station, where she was provided with rugs. Belonging to Calne, the girl had retraced to bed as usual, but had got up and walked out. When discovered by the lorryman she was six miles from her home.

CAILLAUX GIVEN ATTENTIVE HEARING

Former French Premier Sums Up Conditions in The Republic.

Montpellier, France, March 10.—Former Premier Caillaux reviewed things in the world in general and France in particular in a long speech here last night. He was given an attentive hearing, without interruption or disorder. He declared at the start that a nation like France, whose geographical position was not exceptional, must seek to maintain a policy of partial or general understandings and agreements with her neighbors. On the subject of finance he calculated that France had lost at least a fourth of her acquired wealth. He expressed confidence in the sturdy industry and prodigious economic strength of the people, but there were still redoubtable obstacles to be surmounted before the privileged situation of 1914 was won back.

ASKS HORSE RACING FOR SAINT JOHN

Joe Page Wants to See City on Circuit With Fredericton and Moncton.

Fredericton, March 10.—If the leading racing cities of the Maritime Provinces want the sport, the opportunity is open for two series of race meetings during the coming season for which the thoroughbred running horses now campaigning on the Quebec Breeders' Association half mile tracks will be available.

RECOVER BODIES OF EIGHTEEN MINERS

Castle Gate, Utah, March 10.—Eighteen bodies of miners killed Saturday when a series of explosions virtually destroyed Mine No. 2 of the Utah Fuel Company and entombed 175 men had been brought out safe today and service upon reports that "many" bodies had been found and would be brought to the surface.

Wife Admits She Smothered Child

Augusta, Maine, March 10.—Counsel for Kenneth Ross MacLean of Tacoma, Wn., Bowdoin College student, who is charged with manslaughter in connection with the death of his infant child on Feb. 28, has issued a statement declaring that MacLean is innocent. Saturday MacLean's wife, Nettie May, admitted, according to County Attorney Clement F. Robinson of Portland that she smothered the child to death in a moment of aberration following a quarrel with MacLean.

MUTINY EXPECTED

Break in Irish Army No Surprise to The Officials in London.

London, March 10.—The official announcement of a mutiny in the Irish army was not wholly unexpected. The trouble has been brewing for some weeks since the recent plan for demobilization was published, retiring many officers. This sensational development is symptomatic of the general unrest prevailing throughout the country which is chiefly the result of the failure of the British to carry out clause twelve of the treaty, according to Cahill Healey, M. P., lately released from his internment in Ulster.

Mutiny In Ireland Is Now Less Serious

Dublin, March 10.—The extent of the mutiny in the ranks of the National Army is apparently less serious than at first supposed, judging from a statement issued at the army headquarters. The responsible officers absconded at the time of the mutiny and a quantity of arms and ammunition is missing. A new garrison was sent to the post, and the situation is normal.

ONE KILLED, OTHERS HURT ON TROLLEY

Girl Leaps From Car at Syracuse as Flames Break Out.

SCREAMS OF TERROR

Many Passengers are Made Unconscious Following Leap From Trolley.

(By Canadian Press.)

Syracuse, N. Y., March 10.—Leaping from a speeding trolley car after an outbreak of fire had caused a panic among passengers, Miss Florence Lethbridge of East Syracuse was killed last night. When flames shot from the controller box 43 passengers on the car became panic stricken and while the car continued to move rapidly forward, men, women and children fought madly for exits at the centre door. Several passengers were injured in the jam before the car could be brought to a stop. Mrs. Florence Bickart, an injured passenger, said that when the flames appeared the car was filled with people, some standing in the aisles. "Uttering screams of terror," she said every one tried to rush to the rear. "I was sitting near the rear. It smashed a window and stuck my head out of the broken pane to get air, for the car was full of smoke. People were dropping off the car and I saw them being pulled in following their leap. Finally, some one stopped the car. A man pulled me out."

Colonel, We Salute You!

This is Maxine Brown, honorary colonel of the 6th Infantry, referred to by the late President Harding as the prettiest girl to visit the White House, regarded by many one of the most graceful dancers in the country, and now sought by the Prince of Wales to dance in a London revue. She now is in New York City, where she is popular.

Britain's Bootleggers Carry on Rushing Trade Off South Coast, London Report Says

London, March 10.—"Boot-leggers" are by no means confined to the United States. England has plenty of her own, and they are active just now on the South coast.

From Folkestone to Falmouth the smuggler is almost as busy now as he was in the "good old days." The principal cargo of the British "boot-legger" at the present time is "dope," but a large business is also done in German optical glasses and wireless accessories. These are the goods in which the small smuggler travels, coming backwards and forwards by the regular routes by sea and air.

His poorer brother still sticks to the old-fashioned cargo of brandy and tobacco as a general rule, but a considerable amount of "dope" has been smuggled into England recently from small boats working off the Cornish coast.

There is also considerable traffic in brandy and liquors and "dope" on the Kentish coast. Local fishermen put out in small boats, get brandy or benedictine from French fishing vessels for about five shillings a bottle, steal ashore, and place their smuggled cargoes in waiting motor-cars in which they are whisked away to London.

Cocaine, which can be purchased on the Continent for the equivalent of about \$15 per pound, commands anything up to \$2,500 or even \$5,000 in England, and it can be smuggled in as "tooth-powder" or hidden in hundreds of ways.

TROUBLE IN INDIA

Extremists Hold up Budget in Central Provinces—Salaries Cut.

Nagpur, B. C., March 10.—The obstructionist tactics of the Swarajists or Home Rulers, culminated Saturday in rejection of the entire budget for the central provinces and the passage of a motion in the assembly reducing the salaries of two Indian ministers from 72,000 to 2 rupees.

Two Killed, 7 Hurt On Way To Game

Nanaimo, B. C., March 10.—Two were killed and seven injured when a truck carrying footballers from Lantzville to Northfield for a practice game overturned and caught fire yesterday.

Weather Report

Synopsis.—The weather is mostly cloudy from Ontario to the Maritime Provinces with temperature in the 40's. New England—Snow and rain tonight and Tuesday. No change in temperature, increasing easterly winds.

SIX ARE INJURED

Fire Sweeps Five-Story Tenement in Upper West Side New York.

New York, March 10.—Six persons were injured in a fire which swept a five-story tenement of the Upper East Side early today in which most of the members of the 20 families in the house were carried to safety by firemen. Flames roared up the stairways of the fourth and fifth floors, cutting off this means of escape, and the tenants, many of them carrying children, fled to the roof and escaped to adjoining buildings.

\$2,500,000 INVOLVED IN PROPOSAL

Contemplated New Industry Will Mean Much to the Province.

PROVIDE MORE WORK

Cheaper Fuel and Gas Among Benefits From By-Product Plant.

The possibility of the erection of a coke and by-products plant in the city in the near future at a cost of between \$2,000,000 and \$2,500,000, is being investigated by engineers representing a syndicate and by-products oven makers, it was learned this morning.

If their inquiries prove satisfactory, it is understood that the establishment of the industry will be undertaken and financed by a company formed for that purpose. The capacity of the proposed plant will be in the vicinity of 100,000 tons of coke a year, and the erection of the buildings and installation of machinery will require nearly a year to carry out.

The prospective establishment of this new industry will doubtless be hailed with much satisfaction by not only the people of St. John, but by the province as a whole. It is believed that the manufacture of coke and the extracting of the by-products from soft coal will, first of all, mean a greater development of the local coal fields, and in addition will open a way to a reduction in the price of fuel and of coal gas.

Employment Many Men.

Employment will be given to a large number of men, both in the construction of the plant and its subsequent operation. The production of the many by-products, including sulphate of ammonia, tar, and benzol, will also prove of great benefit to the province.

A prominent local coal man, who has made considerable study of coking and similar operations, when interviewed by The Times this afternoon, told what a plant of this description would mean to the locality. He said that there was only one other coke day—Hamilton, Ont., while the contract for another in Winnipeg had just been completed.

At the Hamilton plant recently, he said, tests had been made of New Brunswick and Nova Scotia coal for coking purposes and both had been pronounced highly satisfactory. Cokes Coming Fuel.

He pointed out that coke was the coming fuel and he instanced the record made in the United States. In 1888 in the United States, 12,880 tons of coal had been consumed for coking purposes, while by 1920 the amount used had increased to more than 85,000,000 tons. When all the by-products had been extracted from the coal, he said, nothing was left but carbon, which was 10 per cent better than anthracite coal. The establishment here of such a plant here, he said, would mean that the people of the province would get a better and cheaper fuel than American anthracite and save the importation of between 800,000 to 1,000,000 tons of hard coal from the U. S. every year. It would also mean a steady supply of coal from the N. B. and N. S. coal fields, would provide more work for the miners, as well as giving more employment in the city by providing work about the coke ovens and by-products plants.

Cheaper Fertilizer. Referring to the principal by-products, he mentioned sulphate of ammonia, which would provide a cheaper fertilizer for the farmers, as at the present time the greater portion of the sulphates used are imported from Germany, the U. S. or Upper Canada. He figured that the province could consume all the sulphate of ammonia which the plant could produce.

By the production of tar, a cheaper binder for paving work and cheaper creosote would result. The creosote would be taken by the two plants (Continued on page 2, column 4.)

TAXI-DRIVERS ASK FOR NEW BY-LAWS

Regulation Will Provide for a Board to Inspect Vehicles.

At the council meeting tomorrow there will be a communication from the taxi-cab drivers of the city asking that a by-law be enacted governing the operation of taxis in the city. The law had been drafted at the instance of the drivers themselves and is based on regulations in operation in other cities. The fare for each passenger will be 50 cents for a trip not exceeding ten blocks, after that it will be higher. It was explained that very few trips would go over the ten blocks. The by-law also makes provision for a board of three, one appointed by the city council and two by the taxi drivers, to make periodic examinations of the cars and the drivers to see that both the man and his car are kept clean and in good running order. It is also provided that a license must be obtained between January 1 and February 1 of each year, the object of the latter cause being to prevent undue competition in the summer time by men who follow other vocations in the winter.

FINED \$200 ON LIQUOR CHARGE

Quantity of Rum is Seized in Water Street Establishment. Maurice Brosman was fined \$200 in the police court this morning on a charge of having liquor in his beer shop in Water street. His place of business was searched by inspectors Fred Killen and Frank Garnett last Saturday and they seized a quantity of rum put up in bottles, also a jug of rum. A search of the cellar was made and the inspectors unearthed more liquor, which had been buried in the ground. This was all confiscated and a charge made against the proprietor.

According to insurance tables, there are 93 persons in the United States between the ages of 100 and 107.

Notices of Births, Marriages and Deaths, 50 cents.

PLAY FOR SOLDIERS. The F. James Carroll Players went to the Lancaster Military Hospital last night and gave the first performance of their show "Sis Hopkins," which will be the bill at the Opera House this week. The boys were greatly pleased by the performance and expressed their thanks to the company.

LOSES THREE TEETH. Lawrence Donovan, a longshoreman working on the steamer Thomas Holland, at No. 16 berth, lost three of his teeth this morning without any assistance from a dentist and received quite severe injuries to his legs. He was struck by a sling and knocked down. He was taken to the emergency hospital, where first aid was rendered and then he was removed to his home.

ADDRESSES MEETING. Rev. A. E. Kochaly, agent for the Armenian Relief Fund addressed a mass meeting of the Fairville churches in the Baptist Church last evening. He told of thousands of children, neglected and starving in the Near East, and of the cruelty and oppression of the Mohammedans to the Christians. He made a plea for funds to help alleviate these distressing conditions. Rev. C. J. Clark introduced the speaker and Rev. J. M. Rice offered prayer. Rev. Mr. Kochaly pronounced benediction.

PERSONALS. P. A. MacNeil left on Saturday for Toronto. He expects to be absent from the city for about ten days. Frank L. Gresson, of the counting room staff of R. W. F. Starr, Ltd., who has been a patient in the General Public Hospital for a fortnight as a result of a surgical operation, has recovered sufficiently to leave the institution this week. Mr. and Mrs. A. D. Bourgeois left last week for Toledo, Ohio, after spending a month with Mrs. Bourgeois' parents, Mr. and Mrs. Amos Dupuis, Exmouth street. Pat Darrah is doing well after being operated on last Monday morning at the St. John Infirmary. Miss Gladys I. Paisley, of Hampton, who has been visiting relatives and friends in the city, returned to her home on Saturday. Mrs. Hazen Hansard left Montreal last week for a trip to New York, accompanied by her guest, Miss Audrey McLeod of St. John, who has been visiting her for the past two weeks. Lady Elizabeth and Lady Mary Byng, who have been spending the winter with their Excellencies Lord and Lady Byng at Government House, Ottawa, are leaving there on March 12 for St. John, whence they will sail on March 14, by the Montrose, for England. They have been entertained a great deal during their stay in Canada.

NOT AFRAID OF HIGH GRAIN TAX. Ottawa, March 9.—While no official comment was made here on the announcement from Washington that the tariff on grain entering the United States will be increased it appears to be the general impression in Government circles that the increase will not materially affect Canadian exportation. The 30 cent import is already too high, several cabinet ministers remarked and an extra 12 cents will not affect exportation from Canada very much. They appear to think that a certain amount of Canadian grain will continue to find its way into the United States even under the increased tariff.

WINDOW SMASHED IN TEAM RUNAWAY

Pair of Horses Dash Along Charlotte Street From King to Princess.

Excitement was caused in Charlotte street at noon today when a span of horses, attached to a large wagon used for hauling ashes, ran away and dashed down the street from the corner of the King to Princess. Here the vehicle crashed into a pole and the horses were thrown forcible to the pavement. The pole of the wagon crashed through a large plate glass window in Frank W. Armstrong's furniture store and shattered the glass in all directions. People walking to and from work scurried for shelter as the horses came dashing along. Girl Knocked Down. A girl named Hilda Godwin had a narrow escape from serious injury. When the heavy wagon crashed into the window, she was thrown, one of her teeth struck her eye, a glancing blow and knocked her down. She escaped with bruises on her knees.

JOE PAGE ARRIVES FROM CAPITAL

Fredericton, He Says, Favors Entry to Organized Baseball.

Joe Page of the C. P. R. and president of the Eastern Canada Baseball League, arrived in the city today from Fredericton, where he had been in conference with those interested in the formation of a professional baseball team. He announced that on an invitation from those interested in the club he had gone there to give them some information regarding the chance of having the proposed New Brunswick League entered as organized ball. He said that those in charge of the Capital team were strongly in favor of such a move and would work with that object in view in event of the league being reorganized this season. Mr. Page came here in connection with another sporting proposition, which he did not feel at liberty to give out, at the present time. Moran Sends Message. Less than a month ago Mr. Page was in conference with the late Pat Moran, former manager of the Cincinnati Reds, whose recent death was heard with regret by ball fans throughout America. During the course of their conversations the late Mr. Moran asked Joe, in event of his coming to these parts, to remember him to his many friends. About 25 years ago Mr. Moran came here as a member of the Montreal club of the old Eastern League and played against a local team. Later he went to Fredericton, where he played against the old "Reds" on board the Canadian Pacific. At the conference Mr. Moran had arranged with Mr. Page to have the Reds play in Montreal during the coming season.

GLOBE OPENS A FUND FOR BELVEA

Earnest Hope of All is That Appeal Will Meet Ready Response. The Globe announced on Saturday that it had opened subscriptions for a fund to make possible the sending of Hilton Belvea to the Henley regatta in England and the Olympic meet in France this summer. This move in the direction of helping St. John and its athletic prowess will no doubt meet with popular approval and it is estimated that the \$1,500 or more necessary for the payment of the local oarsman's expenses to the other side of the Atlantic will be readily forthcoming. Anything that will encourage the promotion of good, healthy amateur sport, and at the same time boost St. John, cannot but be received with enthusiasm by a great proportion of the city's population. The object is a good one; it is the earnest hope of all that it will meet with ready response.

THREE KILLED IN MOTOR CAR CRASH

New York, March 9.—Three women were killed outright, two men probably fatally hurt and two others, a man and a woman, were less seriously injured today when the automobile in which they were returning from a wedding celebration on the Boston post road, crashed into a telegraph pole.

\$2,500,000 Involved In New Industry

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

"MIDNIGHT FOLLY" ERROR CORRECTED

Impression Abroad That High Prices Will Be Charged Friday Night; The Facts. Probably because of the elaborate preparations being made for the "Midnight Folly" and the unusual character and hour of the performance, the impression has gone abroad that the prices are \$2.50 and \$2. While not denying that value will be given for this amount, "Will" and "Monty" want it distinctly understood that they are only selling two-priced exchange tickets, 50c for gallery, and a \$1 ticket, which may be exchanged for a balcony reserved seat, or, with an added 25c, handed in at the Box Office when the play opens, will provide an accommodation on the main floor. This information will probably be a relief to hundreds, as the "Midnight Folly" interest is becoming general, and St. John's first Midnight Show (lowest prices on record) is going to be a corker. To sum it up, you can see the "Midnight Folly" for 50c, to \$1.25. Who can stay away, particularly when the street cars are going to be waiting at the conclusion of the performance? The matter of requesting the Dominion and Provincial Governments to share with the city some collected through the city courts and to ask the Provincial Government to refund to the city a part of the money collected for automobiles was discussed by the members of the City Council this morning but no definite action was taken. The discussion arose over a suggestion by the Mayor that the bill promulgated by the parish of Lancaster for permanent sidewalks and highways should be watched to see that the provision making the city liable for a portion of the cost was not inserted in the bill when it reached Fredericton. Commissioner Frink thought things had come to a pretty pass when there was this suspicion of the good faith of the county representatives. Mayor Fisher said he would like to ask J. King Kelley, K. C., county secretary, what authority there was for the bill authorizing permanent highways in Lancaster as he had been unable to find anything in the minutes of the January meeting of the Municipal Council to warrant this legislation. Commissioner Wigmore said this arose from a report of the financial committee recommending such action following the appearance of a delegation from Lancaster asking for permanent paving and this was endorsed by Mr. Kelley. The Mayor's View. The Mayor said he had brought this matter up on account of the petition of the truck owners for the abolition of the city tax on trucks. He was afraid the section involving the city might be placed in the bill again and he wanted to see that the city was not petitioned to pay to the city a portion of the taxes now collected from trucks in the city of St. John, on account of the fact that the city maintained trunk highways, so the petition of the truck owners might be granted. Commissioner Bullock was in favor of granting the request of the truck owners, lessening the license paid by the taxi drivers and taxing all automobiles. Commissioner Thornton said he was in favor of the action proposed by His Worship. It did not seem fair to him that trucks which did not go outside the city limits should have to pay a provincial tax. He also referred to the amounts collected by both Federal and Provincial Governments through the city courts, and stated that \$1,800 collected at the city court had to be turned over to the Federal Government. Commissioner Wigmore thought it was time the Governments either paid the city a portion of the fees collected or else maintained their own services. Says Tax Too High. Commissioner Bullock said the present license for charged taxi drivers was too high and should be reduced. So far as the truck owners were concerned, they should go to Fredericton themselves. Commissioner Thornton asked why His Worship had expressed a fear that the provision affecting St. John would be again placed in the bill, and if he thought any official of the municipality would take such action. Commissioner Wigmore said he thought the Mayor meant the Government might place this section in the bill. Commissioner Frink said he understood the Mayor to mean that the bill might be changed before it went to Fredericton, and it was a bad state of affairs when such suspicions existed between the city and county. Commissioner Thornton said he

MACKENZIE KING IS TAKING REST

Ottawa, March 9.—Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada, departed Saturday afternoon for New York from whence he may go on to Atlanta and St. John yesterday. Asked the significance of his visit, the Premier said that he was taking a brief rest, taking advantage of the move or less routine debate in parliament on the address in reply to the Speech from the Throne, which will occupy parliament for several days. He said that a breathing spell since he came back from the Imperial Conference in Europe last fall, said Mr. King.

ENGLISH BILLIARD CHAMPION HERE

H. W. Stevenson, of London, England, former professional billiard champion of the world on many occasions, arrived in the city yesterday from Liverpool on board the Canadian Pacific. Mr. Stevenson comes to Canada to begin a trip across this country and then to the Far East. He remained over in St. John yesterday and left for Halifax today where he will begin his series of exhibitions. His highest unbroken string of 1,018, which he made in London in 1912, and which stood for a record for many years. He first won the professional title on board the Canadian Pacific that time and 1914, held it at various times. During the war, he said, there were no championships.

TRUCK HIT POLE

Last Saturday an auto truck X-1938 collided with a telegraph pole at the corner of King and Germain streets and sustained a broken fender and a badly damaged rear light. The auto truck skidded while making the turn, this was responsible for the accident. "If I were trying to make a hit with a girl, please my mother, impress my employer, make influential friends or get somewhere in this great world, the first thing I would do would be to go buy a suit of clothes—a pair of shoes, a hat—a necktie—all in good taste—even a stupid person can be fairly successful if dressed in good taste." EDWARD S. JORDAN, President. Jordan Motor Car Co., Cleveland, Ohio. Jordan sold more than 10,000 motor cars last year. The first thing he does when he designs an automobile is to dress it properly. You can't sell yourself to anybody unless you are dressed properly any more than motor cars can be sold without it. You can dress properly in Gilmore Good Clothes—20th Century Brand or others and our own Custom Tailored. THINK CITY SHOULD GET PART OF FINES

Commissioners Also Discuss Matter of Automobile License Fees.

The matter of requesting the Dominion and Provincial Governments to share with the city some collected through the city courts and to ask the Provincial Government to refund to the city a part of the money collected for automobiles was discussed by the members of the City Council this morning but no definite action was taken. The discussion arose over a suggestion by the Mayor that the bill promulgated by the parish of Lancaster for permanent sidewalks and highways should be watched to see that the provision making the city liable for a portion of the cost was not inserted in the bill when it reached Fredericton. Commissioner Frink thought things had come to a pretty pass when there was this suspicion of the good faith of the county representatives. Mayor Fisher said he would like to ask J. King Kelley, K. C., county secretary, what authority there was for the bill authorizing permanent highways in Lancaster as he had been unable to find anything in the minutes of the January meeting of the Municipal Council to warrant this legislation. Commissioner Wigmore said this arose from a report of the financial committee recommending such action following the appearance of a delegation from Lancaster asking for permanent paving and this was endorsed by Mr. Kelley. The Mayor's View. The Mayor said he had brought this matter up on account of the petition of the truck owners for the abolition of the city tax on trucks. He was afraid the section involving the city might be placed in the bill again and he wanted to see that the city was not petitioned to pay to the city a portion of the taxes now collected from trucks in the city of St. John, on account of the fact that the city maintained trunk highways, so the petition of the truck owners might be granted. Commissioner Bullock was in favor of granting the request of the truck owners, lessening the license paid by the taxi drivers and taxing all automobiles. Commissioner Thornton said he was in favor of the action proposed by His Worship. It did not seem fair to him that trucks which did not go outside the city limits should have to pay a provincial tax. He also referred to the amounts collected by both Federal and Provincial Governments through the city courts, and stated that \$1,800 collected at the city court had to be turned over to the Federal Government. Commissioner Wigmore thought it was time the Governments either paid the city a portion of the fees collected or else maintained their own services. Says Tax Too High. Commissioner Bullock said the present license for charged taxi drivers was too high and should be reduced. So far as the truck owners were concerned, they should go to Fredericton themselves. Commissioner Thornton asked why His Worship had expressed a fear that the provision affecting St. John would be again placed in the bill, and if he thought any official of the municipality would take such action. Commissioner Wigmore said he thought the Mayor meant the Government might place this section in the bill. Commissioner Frink said he understood the Mayor to mean that the bill might be changed before it went to Fredericton, and it was a bad state of affairs when such suspicions existed between the city and county. Commissioner Thornton said he

SPECIAL HOURS AND PRICES AT IMPERIAL

Owing to the extraordinary nature of Imperial Theatre's double programme for the first three days of the week, there will be only one matinee, starting at 2:30 o'clock. The evening shows will be at 7 and 9. The London Concert Eight will appear at 4 p.m. and 10:15 in 45-minute musicals and variety numbers. This attraction is of the \$1.50 quality, but the whole photo-musical programme is being given at 25c-50c. In the afternoon and 8:50-50c at night. CHURCHILL RAPS SOCIALIST PARTY

London, March 9.—Winston Spencer Churchill, independent candidate in the London, Westminster, by-election has issued an election address, in which he says: "Although I do not grudge the experience trade unionists their spell of office and although I recognize the patriotism of some of the leading ministers in many labor men, I am sure the whole spirit of the Socialist Party and the doctrines they proclaim will be destructive to the welfare of the Empire and the progress of the empire. I am sure the Socialist Party will not allow their representatives to govern on moderate lines very long."

GOVERNMENT TAKES THE COASTAL TRADE

St. John's, Nfld., March 9.—Advice from the Government shipping offices are to the effect that the coastal boat Portia, which has been in dock for the past six weeks, has been thoroughly repaired and will be ready to resume her route within a few days. The Government will shortly remove its coastal department business from the premises of Bowring Brothers to the dock which was taken over from the Reids last summer. The fleet of Government steamers, including the Portia and Prosper, will be added to the half score of ships formerly operated by the Reids and will be administered with them from the railway headquarters. Ten men are constantly employed in washing the 11,000 panes of glass in the Equitable building in New York.

WAS NOT SLIGHTED BY THE PREMIER. Melbourne, Australia, March 9.—Premier Stanley M. Bruce arrived here Saturday on his return from London. Premier Bruce said air defence would become one of the most important and most delicate questions for consideration by the Commonwealth government. The Premier said he was sanguine that the Imperial government would agree to grant the preference embodied in the resolutions passed by the Imperial economic conference in London. Mr. Bruce paid tribute to Premier Ramsay MacDonald and denied a report that Premier MacDonald had slighted him in England. Rocky Mountain National Park was the most visited park in the country in 1922, 219,164 visitors making the pilgrimage.

FIND DANCE HALLS
20 P. C. IMMORAL

Investigators in New York Charge Evils—"Closed Halls" Worst.

New York, March 10.—Amazing conditions of immorality exist in 20 per cent. of the public dance halls of the city, according to a report of a four months' survey, undertaken at the request of August W. Glatzmayr, Commissioner of Licenses, and made by Mrs. Henry Moskowitz, chairman of the New York City Recreation Committee and the Women's City Club.

Investigators found, she said, that men were being openly solicited and liquor sold, with no attempt at concealment, in two of the big so-called "dance palaces" just off Broadway. Formal complaints will be made to Commissioner Glatzmayr in an effort to have their licenses revoked.

The survey also disclosed immorality in many of the Greenwich Village resorts and an intense apathy in the neighborhood as to what went on and what happened to the young girls frequenting them.

Most disturbing of all, Mrs. Moskowitz declared, was a new type of resort known as the "closed dance hall," which has sprung up on the east side during the last year. Twenty-one of these places are listed, extending from Fourteenth to Eighty-sixth street, along Second and Third avenues and the intersecting thoroughfares. Only men are admitted and most of them are "socially undesirable" Orientals. Young girls are employed as dance partners and are paid four cents a dance by the manager.

In order to make \$20 a week, Mrs. Moskowitz said, the girls must dance at least seventy times an evening. Closed Dance Halls. "These closed dance halls" have been imported from the Barbary Coast of San Francisco, where they once flourished but have been closed since 1917, Mrs. Moskowitz said. It is proposed to eliminate them from New York by refusing to renew their licenses when applications are made a few weeks hence.

Mrs. Moskowitz announced the launching of a permanent effort to keep New York dance halls clean in behalf of the Advisory Dance Hall Committee, of which she is chairman. Mrs. Moskowitz said the survey, which was undertaken under the direction of Miss Maria Lambin, formerly Chief Supervisor of Dance Halls in San Francisco, assisted by young college men and women, as volunteers, disclosed 653 licensed dance halls of various types in Manhattan.

Some Broadway Resorts Clean. "The conditions in eight of the ten large Broadway dance palaces were found to be excellent," said Mrs. Moskowitz. "They do not permit the circulation of any kind of other than a little of the beaten path. One of them caters to young girls and we found, for some reason, that conditions were the worst on Tuesday, Wednesday and Sunday afternoons. At the other place two male investigators found open soliciting and open drinking. The proprietors have been repeatedly warned and we must build up cases against them to revoke their licenses."

"The problem in Greenwich Village is serious. The interest of the community is only sporadic. Chain dance halls are appearing there and one man is conducting four. There is a bad psychological environment. Many of the places are in cellars and poorly ventilated. "The restaurants and cabarets vary, some of them being of a high type. There are others where the hostess will find any kind of a companion wanted by either man or woman. One of our investigators was introduced in a Fifth avenue hotel to a 'professional companion' who could be engaged for from \$10 to \$15 for an afternoon or evening. One of these men was a Belgian, who said he had been doing this work for years and occasionally danced in a theatre. "Our investigators hired out as dancers in closed dance halls of the city. There are twenty-one on the east side. As a rule women are refused admittance. The girls dance on a commission basis, and have to dance over and over again to make a living. The admission fee includes six or eight dances. After that the men have to pay 10 cents a dance. The girls range in the management, 5 when they dance both Saturday and Sunday night. A girl must dance 400 times a week, or seventy times an evening, to make \$20. Most of the girls dance two or three nights a week and have other jobs."

CONVENT REMOVAL DEFERRED. The removal of St. Joseph's convent in West St. John to make way for the new school to be built for the Church of the Assumption parish is being held up at the present time. The building is in splendid condition and has sound and strong timbers but so far it has not been possible to arrange for its sale and removal to another site.

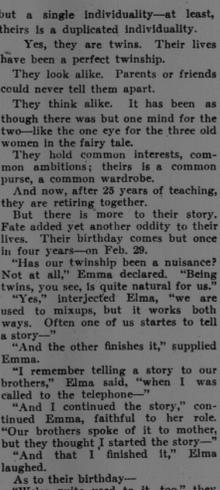

FINISHES NAVAL COURSE. Lieut. C. J. I. Edwards, R.C.N., of Halifax, N. S., returned to Canada yesterday on the Montrose, after completing a year's course at the Royal Naval Training Station at Portsmouth. He proceeded to Halifax this morning, and expects to be stationed in the armory there as an instructor.

TO SEEKS JOBS HERE. Word was received in St. John yesterday that 55 boys would arrive at Halifax on March 21 in charge of the Salvation Army. The youths range in age from 14 to 17 years. The message stated that it was hoped some of the boys could be placed in St. John, as they were bright and willing workers who were seeking positions in the Maritime Provinces.

Cocoon Oil Makes
A Splendid Shampoo

Do not use prepared shampoos or anything else that contains too much free alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulified coconut oil shampoo, for it is pure and entirely greaseless. It is inexpensive and beats anything else all to pieces. You can get Mulified at any drug store, and a few ounces will last the whole family for months.

ANOTHER PRIEST ON VISIT.

Rev. George Daly, C. S. S. R., formerly of St. Peter's church, but now engaged in promoting the work of the Sisters of Service for Western Canada, arrived in the city on Saturday, and is a guest at St. Peter's rectory. He is being warmly greeted by his many friends in the East. Father Daly, who is widely known as a lecturer and author, will speak this evening before the North End sub-division of the Catholic Women's League.

Blackheads Go Quick
By This Simple Method

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body go quick by a simple method that just dissolves them. To do this get about two ounces of peroxide powder from your druggist—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. Pinching and squeezing blackheads only open the pores of the skin and leave them larger and unsightly—while the simple application of peroxide powder and the water dissolve them right up, leaving the skin soft and the pores in their natural condition.

TO SPEAK ON CAR TAX REFUND

James R. Dixon, of Ottawa, is expected to arrive in the city on Tuesday and will speak to automobile dealers in the offices of the Retail Merchants' Association on Tuesday night, in connection with the refund from the government of the luxury tax paid out in 1920 by dealers in automobiles. It is expected that Mr. Dixon will have valuable information in regard to the working out of the refund. He has taken a great interest in the movement and was partly responsible for the enactment of the legislation.

OPERATION DONE
SINGLE-HANDED

Young Doctor Faced With
Emergency Saves Life
by Improvisation.

Ottawa, March 10.—With his patient in the last stages of strangulation and only a fraction of a minute in which to operate to save the man's life, Dr. Sully, single-handed, under the most adverse conditions and with totally inadequate equipment, performed the operation of tracheotomy at a low hamlet in the Laurentian Hills, 40 miles from the nearest hospital at Ottawa, and saved the life of James McGoey.

When Dr. Sully, a young practitioner of Kazoozus, nearby, arrived at night to attend Mr. McGoey, he found him being strangled by an obstruction in the larynx. Mr. McGoey was in a complete unconsciousness that he had lapsed into unconsciousness.

No Time for Hesitation. Realizing that a radical operation was imperative immediately, Dr. Sully hurriedly seized his instruments and opened the man's windpipe at a point below the obstruction. This allowed the breath to be taken through the opening. But, even with this opening the patient was unable to breathe with comparative comfort.

Throughout the ordeal Dr. Sully was aided by what assistance the courageous wife of Mr. McGoey could give. It was impossible to get another doctor in that part of the country at that time of night.

APPEAL FOR Y. M. C. A.

In the Protestant churches of the city yesterday appeals were made by the clergymen for a generous public response on Wednesday when the Young Men's Christian Association will make its annual solicitation for funds to carry on its work this year. The objective is \$8,500, the same as last year. The association, it was said, believed that its requirements would be cheerfully met.

It was announced in the Catholic churches yesterday that Wednesday, Friday and Saturday of this week would be the Ember Days of obligation. The association, it was said, believed that its requirements would be cheerfully met.

LOOK OUT FOR
SELF POISONING!

Neglect of the liver results in self-poisoning! Not as quickly, perhaps, but just as surely as if you drank poison out of a bottle. If the liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with flat heads, nausea, biliousness, gas, sour stomach and constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again! Try just a spoonful of Dr. H. S. Thacker's excellent Liver & Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep and feel—the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost.

Dr. Thacker's Liver & Blood Syrup is sold and recommended by J. Benson Malony, cor. Union and Cook; Wassons Company, Limited, 9 Sydney; A. FARMER LEADER
HEARD IN DEBATE

Winnipeg Labor Member Brings Up Nova Scotia Mine Matters.

Robert Forke, Progressive leader, resumed the debate on the address yesterday afternoon in the House of Commons. He declared among other things that the Government should not be asked to resign when defeated on petty issues. He said that the Progressive party was still opposed to high tariffs. Full exchange of goods between countries were good, he said. He was glad to note that the Government had been able to report a steady increase of prosperity throughout the Dominion. This, he thought, was true in many respects, but from an agricultural standpoint the country was not prosperous.

Mr. Forke referred to the Hudson Bay Railway and added that he wanted the Government to understand that this question could not be done. He expressed regret that no mention was made in the speech from the throne of the banking situation.

BETTER TIMES AHEAD

The Telegraph Journal this morning published letters from Moncton, Fredericton, Sussex, Sackville, Campbellton, St. Stephen, Newcastle, Woodstock and St. George, giving a review of the business situation at the opening of the spring season.

AN INTERESTING DISCLOSURE

According to the New York income tax returns, 100,000 women in the lower Manhattan district paid income tax as heads of families, who supported in a household one or more relatives.

There is good reason for a hopeful outlook at present. There has been a large expenditure by lumber operators this winter—much larger than usual.

The self-supporting unmarried woman has become a commonplace of modern economic life. Much less attention has been directed to the unmarried woman who carries on her shoulders the support of others.

It has been said that good and bad times are largely a state of mind. Certain it is that state of mind has a great deal to do with the condition of business.

It is a thoroughly organized business, American in character, and the collection for the sale of the meat East of the Mississippi River is in the hands of a firm of international reputation.

There is no doubt that the general outlook for the farmer is good, and especially for those in the dairying industry.

Referring to a discovery by the Research Laboratory at Washington of a substance which will have an important effect through the production of nitrates for fertilizers, and the manufacture of other commercial products and also of explosives, the Toronto Globe says:—

It is most desirable that our people look upon the bright side of things and go forward with confidence.

One by one the old sawmills of St. John disappear and are not replaced. In 1897 fourteen firms operated about sixteen sawmills here, but now if as many as four are operated during a summer it is regarded as a good season.

It is most desirable that our people look upon the bright side of things and go forward with confidence.

MR. FORKE'S REMINDER

"National unity must be based upon national justice."

In these words Mr. Robert Forke, leader of the Progressives in the House of Commons, put the whole case for the West and for the Maritime Provinces. The Speech from the Throne, he said, had mentioned national unity, and it seemed to him that this is a question on which everybody should be terribly in earnest.

"We have heard mutterings in the West and some in the East, but I for me hope we shall hear no more of them, and that that should be a thing of the past, and that henceforth we are going to march forward as a united country, seeking only the welfare and happiness of the people of this whole Dominion."

Twenty-five lives have already paid the penalty of the failure of the people of Windsor, Ontario, to observe the simple precaution of being vaccinated against smallpox, and the epidemic is not yet ended.

If a forecast in this morning's Telegraph-Journal should be verified the House of Commons will not get down to business for some time.

J. B. McLachlan, released on parole, is again making speeches in Cape Breton, of a nature to create further dissatisfaction among the miners.

THINGS LOOKING UP. (Daily Chronicle.)

It is quite clear, then, that as far as our export trade is concerned we are more than holding our own.

REINDEER MEAT FROM ALASKA.

With reindeer meat from Alaska, quail from the Argentine, partridge from France and grouse from the west, the local markets there is less cause for complaint on the part of those who are fond of the good things of the table than formerly.

The sale of reindeer meat promises to grow considerably. Those who have eaten the flesh say it is the equal in flavor of venison.

It is a thoroughly organized business, American in character, and the collection for the sale of the meat East of the Mississippi River is in the hands of a firm of international reputation.

UNITED STATES BANKS

Between Jan. 1 and Feb. 15, according to official Treasury figures, seven National banks and ninety-five State banks in the United States have failed.

The financial stress in districts of Manitoba, Saskatchewan and Alberta, during the winter, has been very serious, but manifestly far less so than in the American wheat-growing States.

THE TWILIGHT OF PRIVILEGE.

Something more than appeal to passion and prejudice is going to be necessary to win in national politics this year.

It is not made with the mountains, it is not made with the deep. Men, not gods, must keep.

Back in world war days there was a minority member of a committee in Congress that, even more than some members of the President's own party, was making a fight for certain important war measures.

DEATHS

Rev. Joseph Ouellet.

Moncton, March 9.—Father Joseph Ouellet, one of the best known priests in the eastern section of New Brunswick, died today at his home in St. Mary's, Kent county, at the age of 84 years. He was the oldest priest in the diocese. Father Ouellet retired from active work in the priesthood in 1918, after having been pastor at St. Mary's for 48 years.

He was born at Frenchville, Me., April 10, 1840, and was ordained by the late Bishop Sweeney June 29, 1868. With the exception of two years spent at the Cathedral, Father Ouellet spent the whole of his long ministry at St. Mary's, Kent, for some years also having charge of St. Paul, St. Norbert and Adamsville, churches at all of these places being built under his jurisdiction.

Child of Thomas E. Mantle.

The friends of Mr. and Mrs. Thomas E. Mantle will regret to learn of the death of their infant son, LeRoy John, which occurred in this city on Saturday. The child was four months old and had been in ill health for weeks. The funeral took place at 2:30 this afternoon and was private.

Thomas Hourahan.

The death of Thomas Hourahan occurred yesterday at his home, 196 Paradise Row, and will be heard of with regret. Mr. Hourahan was a well known and highly respected citizen. He is survived by one daughter, Mrs. Katherine Lawlor, of this city. The funeral will take place on Tuesday morning from his residence to Holy Trinity church for high mass of requiem.

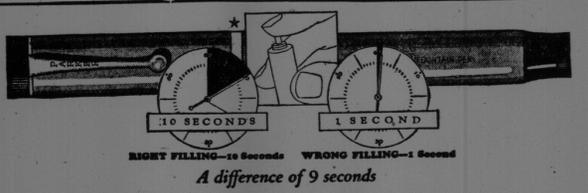

FUNERALS

The funeral of Edgar T. Farnes was held yesterday afternoon from 269 Germain street, to St. John the Baptist church, where services were conducted by Rev. J. J. McDermott. St. John the Baptist Society marched in the procession following the hearse and the Longshoremen's Association also attended the funeral in a body. The funeral was very largely attended. Relatives acted as pall-bearers. There were very many floral and spiritual tributes from friends and relatives. Interment was made in the New Catholic cemetery.

PAYS A TRIBUTE TO DEAD NURSE

In St. Andrew's church last night, Rev. B. S. Bonnell, the minister, made feeling reference to the death of Mrs. Joyce Thomson MacLean. He said that people all through the congrega-

tion were touched by the removal through death of one well known to them all. Seldom had there ever been heard so many genuine tributes of affection as had been bestowed upon Mrs. MacLean, from doctors, nurses and patients alike. The large attendance at her funeral, Mr. Bonnell said, had been one of the fine testimonies to her deeds of love and service. He referred also to Mrs. MacLean's splendid record as a nurse in France, and pointed out how heroic was the part she played as a war nurse.

Duofold Takes Longer to Fill

Because of Its Over-Size Ink Capacity

PARKER DUOFOLD takes longer to fill than ordinary pens because of its **Over-Size Ink Capacity**. Leave the nozzle immersed in ink about 10 seconds after you've released your finger from the Filler Button. Yes, give Parker Duofold a chance to drink its fill and you'll seldom have to lead it to ink.

Next, keep the cap on tight when your pen is not in use. For Duofold's Duo-Sleeve Cap has an Inner Sleeve that forms an ink-tight seal with the shoulder of the pen. It is fitted to micrometric precision and cannot leak. Keep it tight.

Parker Duofold is a full grown pen—it doesn't have to be coddled. But, just as dirt will shut off the flow of gasoline to your motor, so sediment will clog, or dried ink "gun" and stop the flow of a pen. Give your pen the same chance that you would give a motor truck. Now and then stick the nozzle of the pen into a glass of cold water and press the Filler Button several times. That cleans it. Duofold's "Lucky Curve" insures a leakproof feed and steady flow when clean.

Lastly, don't drop your pen on cement. To avoid such accidents, we include with Parker Duofold a neat Gold Pocket-clip or Gold Ring-end for ribbon or chain free. Also a strong ★ Gold Girdle that reinforces the cap—the crowning touch to its beauty.

Yes, a good pen responds to care better than a poor one. So give the Parker Duofold just fairly decent treatment and this pen classic will never lie down on the job. Step up to any good pen counter and buy Parker Duofold on 30 days' approval.

The Beauty of Oriental Rugs

Oriental Rugs enjoy the reputation of being the most beautiful rugs made—and there's a reason for this.

We always associate brilliant sunshine and warmth of coloring with the east. The true Oriental has a natural love of color and a genius to harmonize, blend and contrast various hues.

The secret of the artistic effects and permanence of color in Oriental Rugs is due to the use of animal and vegetable dyes. A brilliant scarlet is made from sheep's blood while beautiful reds are produced from dried insects.

Vegetable dyes are extracted from the bark, stems, roots, blossoms, fruit and seed of plants and are the wonder and admiration of the world. Atmospheric conditions, and a certain quality of water and other factors that favor the Oriental in color producing.

To get a proper conception of the beauty of fine Oriental Rugs, look over some of the lovely pieces showing in our carpet department.

ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE FIDDLING FIDDLE.

The twins reached up and tugged at the big strings. "Tuppence apiece!" cried the jolly fiddler at the fair. "Tuppence apiece, or three for a fenny bit, to get in and hear the Fiddling Fiddle from Fairyland."

playing a merry tune with his bow. Pretty soon they met a beggar. "I have so much and he has so little, I'll divide again," said the jolly fiddler. So he gave the beggar all the tuppence pieces in one pocket. Then he went on. By and by they met a cripple. "I have so much and he has so little, I'll divide again," said the jolly fiddler. So he gave him all in the other pocket. Next he met a chimney-sweep. "Poor soul, he looks so poor," said the fiddler. "I'll divide." And he gave him all he had left.

Then he set the Twins gently on the ground and said goodbye. (To be continued.)

ADDRESSES SERMON TO THE YOUNG MEN

The sermon in St. Andrew's church last night was specially addressed to the young men and Rev. J. S. Bonnell, the minister, took for his subject, "A tragedy drama of life." He told the life story of the young man Absalom, relating how he had erected in the King's Dale a beautiful monument to be a memorial of his life after he had gone and had inscribed on its base his own name. Absalom had failed to recognize the character as the one essential of life and through a series of tragic blunders his life had ended in the woods of Ephraim where he was buried in a deep pit with a pile of stones heaped over his body.

TWO LIGHT SYSTEMS OUT OF COMMISSION

Both street lighting systems in St. John were partly out of commission for a few hours during the week-end. A civic hydro transformer was burned out in King street Saturday evening and as a result a whole block of stores with hydro installed were in darkness for several hours. About 4 o'clock Sunday morning a broken wire was responsible for the failure of street illumination in Wall, Winter, Spring, Summer and Autumn streets and part of Rockland road. This street illumination is furnished by the New Brunswick Power Co. Both cases of damage were repaired yesterday.

Your Health

BY DR. CLIFFORD C. ROBINSON

It is said the greatest American pastime is running to catch a train; and the most futile indoor pastime is taking tonics and spring medicine for the purpose of building up the blood. Just why this special campaign for dosing the system with so-called blood purifiers should occur in the spring, has never been clearly explained. It may be that some more iron is needed in the blood in spring, as many people are apt to use an ill-balanced diet for a large part of the winter. The vegetables and fruits, which are the most important sources of iron, in our food-stuffs, are often neglected to a most alarming extent, and, of course, the bodily health suffers.

ST. JOHN POLICE WIN IN FIRST AID

That the St. John police team had won the provincial trophy in the first aid competition of the St. John Ambulance Association, was announced yesterday. Three teams of five men each from the St. John police, the C. P. R. employees of McAdam Junction, and the permanent force men of St. John were entered in the provincial competition. Dr. G. G. Corbet was the examining doctor.

Capture Provincial Trophy - Now Eligible for All-Canada Competition

The members of the winning team are Sgt. Stephen E. Spinney and Police Constables Percy E. Gault, Robert E. Storey, James Corner and Harry B. Young. Col. C. A. Hodgett, C. M. G., M. D., director-general of the Canadian branch of the St. John Ambulance Association, of which Dr. Murray MacLaren, C. M. G., M. P., is the newly elected president, arrived in the city yesterday to conduct further examinations of local first aid teams.

TAKES MEETING AS THEME

In St. Luke's church last night, Rev. R. P. McKim, the rector, gave the first of a series of sermons on "Some personal interviews with Jesus." He took the incident of Christ's meeting with Andrew and John, the two young business men, as the theme for his address. There was a large congregation and Mr. McKim's message made a deep impression. The choir sang an anthem and the men's sextette, a special number. The sextette are Willard A. Smith, E. C. McLean, George Butlin, Harry Marley, Melvin Parke and Jules Stevenson.

Hodgett will examine the ladies' team in St. John, which has entered for the Lady Drummond cup, a Dominion competition award. The team consists of Mrs. Herman Campbell, captain, and the Misses Kathleen McGovern, Eileen Morrison, Violet Taylor and Irene Barber. This team has been practicing at the St. John Health Centre. The examination will be held there this evening.

C. G. I. T. GROUPS MEET.

The senior and intermediate groups of the C. G. I. T. of Carmarthen Street Methodist church held a social time in the school room on Saturday. The afternoon was spent in games and a dainty supper was served. Following the supper a hearty sing-song was enjoyed. Miss Marjorie Trotter, Maritime girls' work secretary, gave an interesting talk on "Responsibility." Later in the evening Miss Trotter led the girls in games, which were much enjoyed. Miss Ethel Brindle and Miss Estelle Earle are leaders of the groups.

That "Kruschen" Feeling!

In spite of his sixty-odd summers, he is enjoying himself immensely. It's forty years since he first learnt to dance, yet he is not a whit less agile now than he was then, and his zest has in no way diminished. Everyone likes the dear old fellow, for his beaming face, kindly heart, and happy infectious laughter. Men younger than himself cannot but envy him his health, his popularity, his untiring vigour, his whole-hearted capacity for flinging himself into the joy of the dance and extracting every ounce of pleasure from it. They marvel that at his age he should always be fit and well. What is it that makes him seem as young as the youngest there? It is the healthy Kruschen habit that he acquired years ago, and has always kept up. Every morning, in his breakfast cup of coffee or tea, he takes a pinch of Kruschen Salts—as much as will cover a 10 cent piece. It is tasteless, but by taking this tiny dose every morning he keeps himself in the pink of condition, strong, joyous and healthy, bubbling over with vigour, enjoying to the full every moment of his life. Kruschen is a combination of six salts, which, if you were leading a healthy open-air life, with no worry and plenty of exercise, your body would extract for itself from the food you eat. It is these salts that keep the liver and kidneys active, the system clean and healthy. Regular, easy, and complete elimination of waste matter brings in its train pure new blood, a clearer eye, a springier step, a saner, more optimistic frame of mind; and these are the gifts that Kruschen brings you in abundance—for next to nothing. If grandpa, at 60, can feel fine for half a cent a day, what about you?

Social Notes Of Interest

An unusually large number of players and tea guests attended the afternoon games at the badminton courts at the Army on Saturday. There was special interest in the games in view of the fact that the Maritime tournament is to be held at the Army on Thursday and Friday of this week. The members were eager to practice for that event. Mrs. A. K. Barrie and Mrs. G. Bruce Burpee presided at the tea table and a special guest at bridge was Mrs. J. L. Masters, of Columbia, Ohio, who is visiting her sister, Mrs. Roland H. L. Skinner. She was warmly greeted by many friends. Amongst those seen during the afternoon were Lieut.-Colonel and Mrs. H. L. Sparling, Major and Mrs. George Keefe, Captain and Mrs. Gerid F. Furlong, Captain and Mrs. Campbell, Mr. and Mrs. Cortlandt Robinson, Mrs. Sherwood Skinner, Mrs. D. MacLaren, Mrs. Harold Schofield, Mrs. Hugh MacLean, Miss Gladys

No Divorce For Them

Here are Miss Theima Jenkins of Seattle and her wedded pair of love birds. This species is said to be strictly monogamous, that if one of a mated couple dies, the other bird invariably goes away of a broken heart. Love birds call Australia and West Africa home. Once, when one of a valuable pair died, the owner placed a mirror in the cage, hoping the bird would mistake its own reflection for the real departed mate. But there was no warmth in what the glass held and the bereaved songster followed its destiny and died for love.

The many friends of Mrs. W. Frank Hatheway will regret to learn that she is confined to her home, 24 Elliot row, by the after effects of a recent fall.

A delightful tea was held at the home of Mrs. Otis P. Mullen on Saturday afternoon. The joint hostesses were Mrs. Mullen and Mrs. Isaac Murray. Scarlet flowers adorned the drawing room, while yellow and white spring flowers graced the dining room. Miss Almeda Mullen ushered the guests to the dining room. Mrs. F. J. Nesbet and Mrs. J. Robinson Vanwart poured. Mrs. Willard Smith, Miss Mildred Establocks, Miss Alice

Vanwart, Miss Beryl Blanche, Mrs. A. G. Neale and Mrs. C. E. Cameron served. Miss Helen Miller replenished. About 100 guests were present.

Mrs. Charles Cameron, Victoria street, recently entertained at four tables of bridge. Softly shaded light and spring flowers enhanced the charm of the room. Miss Francis Murdoch and Mrs. Isaac Murray delighted the guests with pleasing solos. Mrs. C. S. Richards acted as accompanist. The hostess served delicious refreshments. The prize winners were Mrs. J. Mathews, and Miss Mildred Foster. Those present were Mrs. Lester Murray, Mrs. J. Mathews, Mrs. George Gray, Miss Mildred Foster, Miss Helen Foster, Mrs. LeRoy Hastings, Mrs. F. Welling, Mrs. I. Murray, Mrs. James Dever, Miss Catherine Murdoch, Mrs. Henry Wilson, Miss Robertson, Mrs.

Keeps The Gums Healthy

Shrinking, tender gums are the precursor of dental trouble. Ordinary pastes have little effect on the gums—but the bubbling foam of Minty's Tooth Paste lavages them with soothing prophylactics, keeping them firm and healthy. Try Minty's. Note the Improvement.

J. McKelvie, Mrs. Otis Mullen, Mrs. Fenwick McKenzie and Mrs. Ronald Miller.

Mrs. Elizabeth Cowan entertained several friends at the home of her sister, Mrs. Walter MacMackin, Alexandria street, on Saturday night and a delightful evening was spent. Games and interesting contests were indulged in. Mrs. MacMackin and Miss Cowan were assisted in serving by Miss Margaret MacMackin and Miss Roberta MacMackin. Amongst those present were Mrs. E. R. Freeman, Miss Beatrice Cameron, Mrs. C. T. Clark, Miss Evelyn Denning, Mrs. Ernest Denning, Mrs. Trueman Webb, Mrs. P. L. Webb, Mrs. Milton Perry, Mrs. J. L. Webb, Donald, Miss Jessie Hart, Miss Harriet Smith, Miss Saldie Cameron, Miss Bertha Establocks, Miss Ella McAlary, Miss Laura Gaunce and Miss Nellie Rogers.

ANGELICAN BISHOP COMING

It was announced yesterday that His Lordship, Bishop A. D. A. Dewdney, of Kewatin, would visit St. John this week and preach in Anglican churches here next Sunday. Many friends are greatly pleased to learn that the former rector of St. James church will be here on a visit after many years of absence. Mrs. A. H. Hanington is the mother-in-law of the bishop. This will be his first trip to New Brunswick since his consecration. He is at present making a tour in the interests of the Missionary Society of the Church of England in Canada and while here will speak of western missions.

SPEAKS ON RELIEF WORK

Rev. A. E. Kochaly, field secretary for the Armenian Relief Association of Canada, was the preacher in the Portland Methodist church yesterday morning and in St. James church church last night. He also addressed the Sunday school session in St. Luke's church and in each of the three addresses he made eloquent pleas for support of the Armenian relief fund.

Fast Safely—With Whole Wheat Bread

A little is a lot, when Robinson's Whole Wheat Bread—You get every particle of nourishment, all the good of the rich Whole Wheat, and it gives more strength because easier digested. Proven by doctors ordering it for dyspeptics and invalids. And the taste—oh! Honey-baked, pure cane sugar, and all the rest of it. Costs no more, looks better and goes down better when Robinson's

A Floor of All Around Utility

THE modern business floor must be durable. It must be economical in upkeep and easy to clean. It must be highly sanitary as well, and sound absorbing and comfortable to the tread. Dominion Battleship Linoleum possesses all these desirable qualities. It has therefore been adopted for public building of every description, banks, offices and departmental stores throughout Canada, with satisfactory results in every case. Dominion Battleship Linoleum has a smooth, seamless surface—springy and resilient to walk on and delightfully quiet. It is waterproof. Dirt brushes off easily. The only upkeep needed is the occasional use of a reliable floor wax. This means a gratifying reduction of janitor costs. Put an end to needless expense by adopting permanent, easily installed floors of Dominion Battleship Linoleum.

ONE OF FAMILY THAT LED IN MUSIC HERE

A Junior Red Cross entertainment to come to the Brunswick shortly. The entertainer will be Miss E. R. Wheeler, a dancing and dramatic coach. She will be accompanied by her mother, Mrs. Eleanor Simon Wheeler. Mrs. Wheeler is a daughter of Mrs. Letitia French Simson, authoress of a volume of poems entitled "Flowers of the Year" who was a resident of St. John and did much to foster the study of music in the city. She was instrumental in founding choral societies in St. John and was noted as a teacher of music. After the great fire of 1877 she went to Boston where she died a few years later. Her daughter, Mrs. Wheeler, is a musician of considerable note. She has studied under some of the most distinguished musicians in the United States.

MINISTER SPEAKS ON THE LIFE OF CHRIST

Rev. Hugh Miller, minister of St. David's church, at both services yesterday delivered sermons on periods in the life of Christ. The morning discourse was on "The Lord's Secret" and the evening on "The Steadfast Face." It is Mr. Miller's intention to continue the course of sermons until Easter, when the sacrament of the Lord's Supper will be observed. The large choir, augmented by the presence of Mrs. Blake Ferris, sang as an anthem in the morning "The sun shall be no more thy light by day." The tenor solo of the anthem was sung by A. C. Smith. In the evening the anthem was "Peace I leave with you." Mrs. Hugh Miller sang Liddle's composition "Abide With Me." In the Sabbath school in the afternoon the attendance was a record high mark in the history of the school, 832 pupils being present.

FATHER RYAN BETTER

It will probably be two or three weeks more before Rev. John J. Ryan, parish priest of the Church of the Assumption, returns to St. John. He was in Atlantic City when he wrote last and expected to go on to Baltimore. His health was improving very satisfactorily.

GIRLS IN CHARGE OF CHURCH SERVICE

Miss Marjorie Trotter, speaker at German Street Baptist Church. In German street Baptist church last evening the service was under the leadership of the Canadian Girls in Training. Miss Grace Marshall, president of the C. G. I. T. of German and also president of the Girls' Council of the city, presided. She offered the opening prayer and read the scripture lesson. The choir was composed of C. G. I. T. girls, who sang two hymns. The address of the evening was given by Miss Marjorie Trotter, girls' work secretary of the Maritime Religious Education Council. Miss Trotter is a daughter of the late Dr. Trotter, former president of Acadia University. Rev. Dr. S. S. Poole, pastor of the church, gave a short outline of the work of the C. G. I. T., and complimented the leaders of the girls' work. Miss Katherine Amos and Miss Mabel Lewin were given a large share in the success of last night's service.

STILL IN HOSPITAL

Alexander Kinlock, a seaman, who was a member of the crew on the steamer Canadian Inventor, is still in jail on the charge of stabbing Robert Sasso on the head with a knife during a row in Harrigan's Alley, off Prince Edward street, several days ago. It is understood that Sasso will not be able to leave the hospital before next Thursday, when he will appear in the police court before Magistrate Henderson and give evidence.

HOWARD NICHOLS' PROPERTY BURNED

Barn Cost \$150,000 and Residence \$40,000—Everything Gone. Andover, March 9.—The famous Howard Nichols barn and residence at Limestone, Me., was razed to the ground by fire on Saturday night. The fire started in a barn caused by unknown. Everything was completely destroyed, including a great number of horses, cattle and other stock which perished in the barn.

The reflection of the flames lighted up the surrounding country for several hours. The buildings, which were only partly covered by insurance, were erected last summer at enormous expense. The barn cost \$150,000 and the residence \$40,000, and were among the finest in the eastern United States. Tourists from all parts visited the buildings in the summer season. Limestone is on the Maine-New Brunswick border.

ALLEGED BANK ROBBER CAUGHT

Montreal, March 9.—Following up a faint clue unearthed in the local underworld three weeks ago, which led them into the country about Temiskaming, the police brought before the courts on Saturday Raoul Beauchamp in connection with the holdup of the Cote des Neiges branch of Montreal Bank here Feb. 14 last. Beauchamp was formally charged with having robbed the bank of \$1,770 and will appear for enquete March 14.

HOUSE BURNED AT BEAVER DAM

James Sutton, who lives at Beaver Dam, lost his home a few days ago by fire, together with all the furniture in the upper story. Mrs. Sutton was alone when the fire was discovered upstairs, and it gained such headway that nothing could be saved. Neighbors helped save a few things from the upstairs, but in a very short time the house was reduced to ashes. The barn and other buildings were saved.

YOUNG GIRL LOSES LIFE UNDER TREE

Toronto, March 9.—Lena May Cook, 12-year-old daughter of John Cook, Trenton, was instantly killed yesterday while helping her father to cut down a tree. TELLS OF DANGERS IN GRAND NATIONAL

English Authority Blames Faulty Schooling for Many Mishaps

Present day methods in training horses are mainly responsible for the unnecessary dangers of the Aintree course for the Grand National, England's greatest and most exciting classic, according to the autobiography of Arthur Yates, just published by Grant Richards & Co. What Arthur Yates does not know about Grand National horses and the course over which the race is run annually is not worth knowing, in the opinion of racing critics abroad. For this reason his book has been received with unusual interest.

"They write a good deal in the papers nowadays of the difficulties attending the Grand National, but in my mind, the fault does not lie in the conditions of the race or the supposedly impossible fences, but to a great extent in the present method of training horses for the big race," says Yates. "The Grand National has stood the test for 30 years, and it seems a pity that because a few half-schooled horses go to the post and come to grief that the Blue Riband of Steeplechasing should be subjected to such unnecessary and, I am afraid, ignorant condemnation."

It has for some time been recognized among followers of the sport abroad that something more than the weight that is placed on the weight of the various entrants in the Grand National. What is called a "National" horse is considered to have a vastly better chance to win over the Aintree course than elsewhere, and can even give "stones" to an opponent by where. As an example of this, the famous Cloister may be cited. LOOK OUT FOR THE 'FLU

Rainy, Murky Air Is Full of Dangerous Germs

HEALTH IS YOUR SAFEGUARD

Keep Well by Taking "Fruit-a-lives", The Fruit Medicines. Hundreds of people come down with the 'Flu in March and April because they will not take care of their health. The best protection against colds, grippe, 'Flu, Rheumatism, is the good health which "Fruit-a-lives" bring. These tablets, made of the fresh juices of apples, oranges, figs and prunes, combined with tonic, are just what you need as a bracing, invigorating, cleansing spring tonic. They regulate kidneys, bowels, liver and skin—sweeten the stomach—purify the blood—and so tone up the vital organs of the body—that the whole system is also able to resist the ravages of disease. Take "Fruit-a-lives" now—take them regularly through the wet, changeable spring weather, and your own vigorous health will protect you against the 'Flu.

Progressives, and a strong advocate of union. There is understood to be much division in the House on the question and just at present both sides are doing a good deal of lobbying among the Roman Catholic members of the House and endeavoring to secure their support. The advocates of union are pointing out to them that if they vote against the bill it will be taken as an indication of a desire to defeat the measure because of fear of the effect of united Protestantism on their own faith and will be charged with the betrayal of the hierarchy. The general attitude of Catholics and others who may be classed as non-partisans in this matter is that the bill should be of such a nature as would leave to the different congregations the right to vote themselves into union if they desired but that in any event the rights of the majority should be recognized so far as the material state they now have in the church organization is concerned.

RECALLS GRIM TALES OF COURT

Writer Tells of Sensational Happenings Before English Judges.

One of the most remarkable sensations within recent years occurred at the conclusion of the case against the British taxi-driver. On being found guilty, Mason calmly declared that he was "quite satisfied." Two burglars, one of them named Campbell, who had a scar on his face, were indicted for murder, relates a writer in Tit-Bits. It was alleged they broke into a house, and when the occupier came downstairs there was a struggle, in which he was fatally stabbed. Everything turned on identification, and the principal witness to the crime—the dead man's wife—was positive that Campbell struck the fatal blow. She repeated over and over again, "He had a scar on his face," whereupon everybody turned towards the prisoner, and there was a gasp. Campbell was found guilty, and in reply to the usual question he made a thrilling statement. "My lord," he said, calmly, "I must acknowledge I have been justly found guilty. I never intended to kill him. The blow was made for his shoulder. I am very sorry, and I can only add that you will be hanged with the rest."

At the trial of Brinkley, the poisoner, there was a strange scene. Asked if he had anything to say why sentence of death should not be passed upon him, the prisoner did not answer orally, but made certain signs known only to an attendant. For a moment Mr. Justice Pratt, looked slightly puzzled. Then the tension was broken by the event of death without comment. Seddon was a more dramatic figure. He clasped his wife, who was overcome with emotion on hearing the verdict, to a tragic height when asked the usual question. Before the Great Architect of the Universe," he said, raising his hand and pointing aloft with a Masonic sign, "I declare I am not guilty."

St. Johns.

Arrangements have been made to bring the Sussex hockey team, champions of the northern section of the Maritime Hockey League, here to play the St. John team on Wednesday evening. This will be the first game of the New Brunswick and Prince Edward Island champions to play prior to their departure for Nova Scotia to play for the maritime championship.

Following is a short sketch of each of the Sussex players:

GEORGE LECLAIR,
Goal.

George was born in Sussex 26 years ago. He played hockey with the town league teams until Finnegan went to Bathurst. LeClair stepped into the breach and by his work has demonstrated that he is without peer as a goal tender in the Maritime provinces. George is an all-round athlete.

WILLIAM S. HAY,
Manager and Left Defence.

Bill was only 17 when he was playing senior hockey for Truro. Later he played with the Halifax Wanderers and Glace Bay. He moved to Sussex as manager of the Royal Bank of Canada and took charge of the Sussex hockey team. Hay is rated one of the best defence men in the Maritime provinces and is known for his unflinching loyalty and effort the Sussex players over his success.

PERCY RADCLIFFE,
Right Defence.

Percy was raised on Sussex cream. He jumped from the High School team a few years ago and has been playing a stellar brand of hockey ever since. He is a sturdy, fast, heady player whose prowess his opponents have learned to respect. He is 24 years old.

JOHN LECLAIR,
Centre.

John is 29 years old and has been playing hockey for Sussex since he was 16. He is without doubt the cleverest stick handler playing hockey in these parts. A fast, dashing player, his clean and brilliantly effective playing has earned him in the hearts of all hockey fans. John was born in Sussex.

HAROLD RADCLIFFE,
Left Wing and Captain.

"Rat," like brother Percy, was born in Sussex and played with the Sussex High School. He is a very quiet, unassuming chap, whose wonderful work has been a big factor in the success of his team. A fast, clever stick handler who has an elusiveness that baffles the best defence men. He is a consistent player whose work at times is phenomenal.

JOSEPH LAMB,
Forward.

Joe, although only 17 last winter, has demonstrated that he has the goods. He is playing this year with him a permanent place on the team. With his speed and clever stick handling, all he requires is seasoning to take his place with the best in the game. Joe was born in Sussex.

FRANK HUNTER,
Forward.

"The Kid" is just out of High School, but has already shown that he may be a senior hockey player. He is fast and aggressive and always on the puck. He has a swift shot that is always "thereabouts" and is dangerous around the net. Frank was born in Sussex.

WALTER FRIARS,
Forward.

Walter has been a member of the Sussex team for several years, but was out of the game while serving overseas. A hard, consistent player, he can take all kinds of punishment. Any opponent who has the job of looking after Friars has his hands full. Walter was born in Sussex.

HOLE-IN-ONE RANKS GROW

A number of recruits have been obtained for the Hole-in-One Club on the Pacific Coast of late, according to word from that section of the golf world. While playing on the north course at Los Angeles, Major W. L. Kerris, who has been a golfer for three decades or more, negotiated his first "ace" on the difficult second hole, 209 yards.

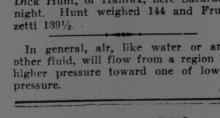

Harold Hurstley also won membership in the select organization by holing out at the 110-yard fourteenth hole at the Pasadena Golf Club, while William Cheek of San Gabriel held the title at the club's 100-yard hole.

Other club members who have similar experience. They are: William Redlands, golfer; N. S. Ewing, Tow Stevens, the California pro, and Howard Smith.

FRUZZETTI DEFEATS HUNT.

Halifax, March 9.—Jimmy Fruzzetti, of Brookton, Mass., was awarded technical knockout in the sixth round of his scheduled ten-round bout with Dick Hunt, of Halifax, here Saturday night. Hunt weighed 144 and Fruzzetti 139½.

FRED CLARKE REFUSES
TO COACH YANKEES

New Orleans, March 10.—(United News)—Modesty has been discovered by Fred Clarke, the former manager of the Pittsburgh Pirates, has declined an offer from Miller Huggins to become coach and assistant manager of the New York Yankees. Clarke is visiting at the Yankee training camp.

Clarke actually said that he would not be worth the money that was offered or the confidence Huggins reposed in him, because he had been so long out of touch with baseball.

ENGLISH BILLIARD
CHAMPION IN CITY

H. W. Stevenson Arrived
Here on World Tour—
Play in Halifax.

Only a short time ago Mr. Stevenson returned from a trip which took him into nearly every corner of the globe. In the trip he covered 60,000 miles, and now he has completed the first lap of a journey to the Far East, and will have, when he completes his trip, traveled 130,000 more. While in Canada on the present trip, he will play in Halifax, Quebec, Montreal, Ottawa, Toronto, Fort William, Winnipeg, Brandon, Calgary, Edmonton and Vancouver.

Long ago this most charming of all sports established a record for billiards player, past or present. He has already gone round the world on four occasions, and, in addition, has made a number of expeditions to South Africa, two to India, and several to Continental Europe.

Charm of Style.

Whatever it may have done, the passage of time has not affected Stevenson's charm of style and grace, qualities which have ever been a worthy of all emulation, and which even today is without comparison, says the London Sporting Life. The article continues:

Stevenson has had to give way to youth and energy in some respects, but in an educative sense, and as an exception, which has ever been a worthy of all emulation, and which even today is without comparison, says the London Sporting Life. The article continues:

Stevenson will play right through Canada to Vancouver, including big games in Montreal, Toronto and Winnipeg. From Vancouver he proceeds to Japan, China and other countries in the Far East.

All this, of course, means that Stevenson will be missing from the championship which he will be back for the next home billiard season, as his time does not contemplate being away longer than five months.

EXMOUTH ST. GIRLS WIN.

The Exmouth street church C. G. I. T. basketball team defeated the St. David's girls team 20 to 10 Saturday night on the Exmouth street floor. The star player for the winning team was Doris Shaw, who secured 14 points. Wills Woodley was the highest point winner for St. David's team.

THE WHOLE FAMILY
WAS LAID UP WITH
SEVERE COLDS

On the first appearance of a cough or cold our advice to you is to get rid of it before it has a chance to grow worse; gets settled on the lungs, and causes bronchitis, pneumonia or other serious lung troubles.

Dr. Wood's Norway Pine Syrup will immediately relieve the cold or cough on its inception.

Mrs. David Ayres, Kearney, Ont., writes: "Our whole family was laid up with severe colds, and we didn't seem to be able to get any relief from anything we used until, one day a friend came in and told me we would be sure to get rid of our colds if we used Dr. Wood's Norway Pine Syrup. I decided to take her advice, and in no time our colds were all gone."

Now, knowing the value of your remedy, we will always keep it on hand so as to have it in case of emergency.

Dr. Wood's Norway Pine Syrup is in a bottle, large family size 50c; put up only by The T. Millburn Co., Limited, Toronto, Ont.

PAUL BERLENBACH
TO MEET DELANEY

Match Will be Staged in
New York Despite
Protests.

New York, March 9.—Despite efforts of the National Sportsman's Club, of Newark, to interfere with the middleweight match at Madison Square Garden next Friday night between Paul Berlenbach of New York and Jack Delaney of Bridgeport, the contest will be held as scheduled, according to Tex Rickard.

Due to a previous contract signed for Berlenbach's appearance against Jackie Clark, Allentown, Pa., middleweight, in New York, on March 17, the Newark promoters contend that his match with Delaney will be a violation of the New Jersey boxing laws which stipulate that 72 hours must elapse between matches for fighters.

Despite the fact that practically three days elapse between the two matches, Newark officials claim that 72 hours actually will not elapse between the time Berlenbach leaves the New York ring and steps into the Newark ring. Rickard said that the match with Delaney had been sanctioned by the State Athletic Commission and also by Platt Adam of the New Jersey Boxing Commission.

LOU BOGASH TO
BOX ANDY PALMER

Winner of Bout Will be
Matched to Meet
Berlenbach.

New York, March 10.—Lou Bogash of Bridgeport has been matched to box Andy (Kid) Palmer 12 rounds at the Rink Arena, Brooklyn, on next Thursday night. According to present plans the winner of this bout will be pitted against Paul Berlenbach at the same club a couple of weeks later.

Bogash is one of the most dangerous men in the middleweight division. In his last appearance in this neighborhood he had the better of Champion Harry Greb in a hard fought bout in Newark. Lou fights from a crouch and is a hard man to reach.

Mike Carrier and Young Frankie, local boxers, are to appear in the ten-round semi-final.

The term cyclone was first applied to storms about the middle of the 19th century, after they were found to be circular in form.

Value of the Y. M. C. A.

Bank of Montreal, St. John, N. B., March 7, 1924.

In connection with the forthcoming campaign for funds for the local Y. M. C. A., and in response to a request, I have pleasure in saying that I have been in very close touch with the operations of the Association in various cities of Canada and I am convinced that it has done and is continuing to do excellent work amongst the boys, young men and even senior men of our cities.

Several excellent organizations have been brought into being during recent years for the uplift of our boys and young men, but the Y. M. C. A., which is probably the oldest institution of the sort operating in Canada, is, because of its buildings, equipment and trained leadership, filling a unique and very necessary place, and as I understand that its work in St. John cannot be maintained without the assistance of the public, I sincerely trust that the campaign will be most successful, not only with regard to the funds raised, but also in the enlisting of the sympathy and moral support of our citizens.

Signed Contracts Reach
New York for French
Turf Marvel.

New York, March 10.—Signed contracts for the races of Epinard, the French champion, in America in September and October, arrived here recently, according to a statement made by B. M. Douglas, partner of Pierre Wertheimer, owner of the horse.

According to the agreement made with the Westchester Racing Association, the Queens County Jockey Club of New York, the Kentucky Jockey Club of Louisville and the American associations agree to offer weight for age races for Epinard; the first race to be at the three-quarters of a mile at Belmont Park, the second at a mile at Aqueduct and the third at a mile and a quarter at the Latonia in Kentucky.

SUSSEX DEFEATS
NORTON HIGH, 3-2

Sussex, N. B., March 9.—(Special)—In a very exciting game played here in the Arena Saturday a team from the Sussex High School defeated the Norton High School 3 to 2. The stars for the winners were Radcliffe, O'Donnell and Kennedy and for the losers Pooley and Farmer.

WALKER CUP TEAM
RECEIVE GOLD GOLF BALLS
FROM U. S. G. A.

Golfers who have represented the United States in the two international matches for the Walker Cup will receive mementoes in the form of miniature golf balls, appropriately inscribed. This decision was reached at a meeting of the Executive Committee of the U. S. G. A., at which it was agreed that the players should be presented with some suitable mark of appreciation for their defeat of the British in 1922 and 1923. Four men will be doubly honored, since they played on both teams. They are Robert A. Gardner of Chicago, captain for the last two years; Jess W. Sweetser, Francis Ouimet and Max R. Marston. Other players who will receive single souvenirs are: Bobby Jones, national open champion; Jesse Guinan, Chick Evans, George W. Rutan, Freddy Wright, Gary Herron, Dr. O. F. Wiling, Jack Neville and Harrison Johnston.

CENTRAL BAPTIST
BOYS WIN TITLE

Capture Junior Championship of N. B. by Defeating Moncton.

Another championship of more than local calibre hangs in the belt of little old Calibre St. John. It is the junior basketball championship of New Brunswick, the boys, who journeyed to Moncton on Saturday and played the Misses of that city. The score was 43 to 29 and it was a snappy struggle from whistle to whistle.

The St. John boys, who have brought this new glory to the already long list of trophies to St. John, are Alfred Arthur, captain; William Waring, Arthur Barnes, Edward McRoberts and Bruce McCrea. Jack Bean, the only other member of this team, who helped win the local leadership, did not accompany the boys to the railway town.

The Central Baptist juniors entered the local Tuxis league at the beginning of the season against Exmouth street Methodist, German street Baptist and Ludlow street Baptist, winning every game they played. They therefore became contenders for the provincial junior title, Moncton being the opposing team.

TRIS FAVORS GOLF FOR
PLAYERS—SO DOES HARRIS

Cleveland, March 10.—Manager Tris Speaker of the Cleveland Indians, and Stanley Harris of the Washington team are not contemplating placing a ban on their players playing golf, according to advices received here from Hot Springs.

Speaker, himself a devotee of the Scotch game, declared he has not discovered that the game detracts the attention of his players from baseball or that it interferes in any way with their baseball activities. Although left-handed hitter, Speaker and Homer Summe, the Indians' right fielder, drive the golf ball right-handed.

CANADIENS WIN
OPENING GAME

Defeat Ottawa, 1 to 0 in the
First Game of Cham-
pionship Series.

Montreal, March 10.—Canadiens will enter the second game of the National League play-off at the capital tonight with a one-goal lead as a result of their 1-0 victory over the champion Ottawa Senators in the first of the home-and-home games for the league title, played at the Mount Royal Arena, Saturday night.

But for the slushy ice, the local team should have had a more comfortable margin, for they outplayed the visitors practically from the first whistle to the final clang of the bell.

WILL SETTLE THE
CHAMPIONSHIP

Halifax, March 9.—The Wanderers and Dartmouth play here Monday night to settle the championship of the Halifax-Dartmouth Amateur Hockey League. The winners will meet New Glasgow on Tuesday night.

TRURO WINS CHAMPIONSHIP.

Halifax, March 9.—The Wanderers beat Truro here Saturday night 38 to 26 in the second of the series for the provincial basketball championship. The game ended 36 to 22 in favor of the locals but as the championship was being decided on the total number of goals and the Truro players had won the previous game by a margin of 14 points overtime was necessary to settle matters.

Three five-minute periods were necessary, each side making two points in the first and none in the second. In the third period the only score was made by Ike Ferguson, of Truro, who dropped in a basket and so won the provincial title for his team. In the series Truro won 59 points and Wanderers 57.

SAYS HE'S OUT
TO OUTDO RUTH

"Cy" Williams, the Phillies
Sluggers, Means to Set
Fast Pace.

Fred "Cy" Williams, demon slugger of the Phillies, whose brilliant home-run duel with Babe Ruth, whom he tied, was one of the outstanding features of last season, is ready to step out and beat his home-run mark. "You can wager that I will set a pace that Babe won't follow the coming season," declares the elongated, water-boned, clear-eyed giant of the Phillies' outfield, to an interviewer. "Just watch me go this year."

Better and Better

Just the same this upstanding/brand of 38 summers has reason to be proud of his record in professional baseball and particularly over the steady manner in which he has developed as a circuit climber. Back in the days before the lively ball game for the National league leads with Dave Robertson, then of the Giants, at 14 apiece. But by 1921 Williams had climbed to 18; his 1922 total was 24 and last year he paced 41 four-ply drives.

All of random watch the struggle between Williams and Ruth. The Bambino has had his share of glory. But it must be a new thrill for him to share his honors as King of Swat. With Williams it is a different story. The bronzed center-fielder, whose facial characteristics remind one of Walter Johnson, is a thorough credit to the national pastime. His views are broad; his brain is clear, and he has climbed to the pinnacle by sheer ability.

There's no particular merit to hitting home runs unless they help the team," declared Williams. "It has been my experience that a fellow who goes out with the idea of hitting home runs will be left in the ruck. I've used a bat an inch shorter than in former years and perhaps that has helped my swing. The weight has been just the same—89 ounces—but the length has been shortened to 34 inches. I can't make up my mind whether that has been a factor in my greater home run total or not."

Which of my homers gave me the greatest satisfaction last year? Well, I guess it was the next to the last one, the 40th. It gave Jimmy Ring his 18th victory of the season, and a bonus of \$1,000. Can you think of anything nicer than to knock a drive that will earn \$1,000 for a teammate.

"I haven't any bonus clause and I never will," he said, "I think that the bonus idea is absolutely wrong. Why would I have a bonus clause next year. If a fellow has been through a major league season, I think he should be offered a contract on his merit. Then he can go out and do his level best. The magnates should be made to think that the big fellow has a chance on their players, basing their offers on past performances."

"Speaking of bonuses reminds me of an incident that happened in Philadelphia. Fletcher and I were standing together. We were playing a late season game and the opposing pitcher stopped near us on the way out of the box and said: 'I get a bonus I win one more game. I hope you fellows will be easy on me. Well, we had no grudge against this pitcher, but it happened that Fletcher and I broke up that ball game.'

Out A Month
Williams' feat of piling up a total of 45 home runs during the season last year is all the more notable when it is recalled that he was out of the game for nearly a month during July and August. The leg muscle which was pulled, probably while chasing a fly rather than swinging at a ball (he never did find out how it happens), had to be kept in the hospital for a start all over again in getting the range. Furthermore, Williams feels that opposing pitchers have been particularly keen while trying to get up to him, which is only natural. But Cy asks and gives no quarter.

The prospective ruler of Swatdom is a college man, as having been graduated from Notre Dame in 1912, but he doesn't believe that professional baseball is quite the thing for college graduates.

"Baseball," he says, "is the greatest sport to wear anyone away from business. You spend about six weeks to prepare for the season, play six months, and then you need some recreation and rest. Altogether baseball takes about eight months. If a fellow can spend four months in business and make much progress he's a wonder."

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

NEWSPAPER MAN GAINS REPUTATION AND FORTUNE AS A SCREEN EXPERT

C. G. Sullivan in Nine Years Has Risen to Position of Prominence.

(By Jack Jungmeyer.)
Hollywood.—Butchers, bakers, tailors and other respected guilds of industry have bragged about members of their craft who have made good in the movies. Now it's the newspapermen's turn to boast.

We point with pride to C. Gardner Sullivan, who, falling from the high estate of the copy desk, has made the best of it by amassing a young fortune and a mature reputation in the things they do at Hollywood.

Sullivan was tempted and fell some nine years ago when Thomas H. Ince paid him \$300 for 10 scenarios and offered him a writing job in pictures at \$60 a week.

Today Sullivan is editorial director for the Joseph M. Schenck productions and supervisor of all Constance Talmadge's picture. In addition, his counsel on pictures before and after filming is eagerly sought by many other producers.

He writes screen stories, adapts them from novel and play, titles and doctors films, and without fear of the "blue envelope" or loss of an editor's deadline earns more in one year than the average newspaperman is paid in his professional lifetime.

Gets \$150,000 a Year.

From \$60 a week to considerably over \$150,000 a year in nine years—such the material fortunes of C. Gardner Sullivan might lead off to a success story. But "success" to him counts for less than such a prelude might imply.

"Success is doing what you like to do, irrespective of what it pays," he says, "and working like hell. If you don't like what you're doing, quit, even if you don't know where the next meal is coming from."

Sounds just like a newspaperman, doesn't it? And that's just what Sullivan is, despite his emoluments—a sound newspaperman, creating and editing motion pictures upon valuation of human interest stories learned as a reporter.

Sullivan several times took his own prescription about "quitting if the job doesn't fit." For months he ramped, literally not knowing where the next meal was coming from.

He is one of the most red-hot and maddening of Hollywood's celebrities. He does his writing at a desk redolent of the newspaper city room, in an office wholly free of the usual Hollywood atmosphere. The spotlight never falls directly on a picture premier, but after such premier a dozen big producers and directors are apt respectively to bid Bill Hart's first feature picture; Billy Burke's first picture, "Peggy," soon to be revamped for Constance Talmadge; he has three originals in preparation at present, "Temptation" for Fred Niblo, "Wandering Husbands" for James Cruze and "Against the Rules" for John Griffith Wray. A list of his works during the past nine years in films would occupy half a column of space.

SAY PLAY WOULD STIR RACE HATRED

N. Y. Legislative O'Neil Opposes Eugene O'Neil Production.

New York, March 10.—With one dissenting vote, the Legislative League of New York, Inc., passed a resolution protesting against the presentation of Eugene O'Neil's play, "All God's Chillun Got Wings," now being prepared by the Provincetown Players for John Griffith Wray. A list of his works during the past nine years in films would occupy half a column of space.

The single opponent of the resolution was Mrs. Julia Goldsler of Bayonne, who contended the play was true to nature and should be given. The tendency "nature is to break down the distinction between races by intermarriage," Mrs. Goldsler said, and white women are entering into marriage with negroes.

"Do you believe in the intermarriage of the races?" Mrs. Goldsler was asked by the chairman, Mrs. Thomas Slack.

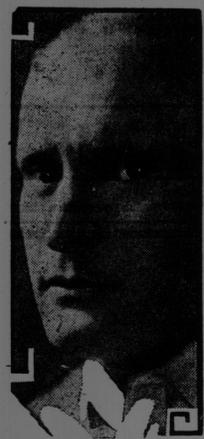

Mrs. Goldsler replied that she personally kept as far away from the negro as possible, but that intermarriage was within the bounds of human nature and if the races did not marry they entered into relations even worse. She said Europe had found no problem in the intermarriage of white and black. Later, answering an argument that the colored people of Europe were of different extraction than those in America, Mrs. Goldsler said that many of the slaves brought to the United States were from advanced tribes in Africa and were not all living in ignorance and barbarism.

The resolution was proposed by Mrs. William B. Hale, Brooklyn, formerly of Virginia.

OLCOTT IN DEMAND.
Famous Players-Lasky will produce "Peter Pan" this summer in order to have it ready for the Christmas season. Sydney Olcott, now directing "The Green Goddess" at the Metropolitan, will probably direct the Barrie story.

Mr. Olcott has been directing moving pictures for fifteen years with indifferent success, but it was not until he directed "Little Old New York" and "The Green Goddess" that the magazine recognized his ability. Now he is the most sought after director of all. Five thousand dollars a week is a conservative estimate of what his new Famous Players contract will call for.

FILM STARS EARN THEIR SALARIES

Milton Sills Has Strenuous Day in Filming of "The Sea Hawk."

The lives of film stars are not all fun, frolic, prizes, fine automobiles, beautiful homes and a Rockefeller income as evidenced by occurrences last week at Camp Lloyd, where "The Sea Hawk," Sabatini's story of Barbary Corsairs is being brought to life by Frank Lloyd, independent producer-director.

Milton Sills, who plays the title role in "The Sea Hawk" celebrated his birthday at sea, dressed as a slave (or perhaps he should have said undressed as a slave) lending his strength to a big ship's progress, alongside three "slaves" in a fifty foot cor. Because of a sharp breeze Mr. Lloyd had considerable difficulty in moving the big ship even with 200 oarsmen and Mr. Sills was required to be chained to the galley floor and to row for more than half of the day. He arose with the other members of the Lloyd camp at 5:30 a.m., spent an hour with the make-up man having a false coat of tan rubbed onto his body and smarted under the growth of a beard ten days old, nearly froze as the ship was being tugged out to deep water and then lost a handsome wrist watch mailed to him by his wife and daughter.

Lloyd Hughes, who plays Lionel in "The Sea Hawk" is another film star who discovered that his fame was well earned during filming of galley slave sequences. In one scene, Hughes was required to submit to a lashing with a cat-o-pine-tails. An expert with the whip was engaged to whip Hughes without making his blows actually tell on the actor's body. But "The expert" made one wild swing and the whip left several deep cuts on Hughes' back, in fact so deep did the leathery strings of the whip penetrate Hughes' back that a doctor had to be summoned to give him attention. Not even the severe reprimand the "expert" received from director Lloyd helped the situation. And the next day Hughes had to be thrown overboard into the icy-cold ocean for a scene. Yet, some people think that being a film star is a matter of "luck."

NEW FILMS OF WEST INDIES
Ottawa, March 8.—Ray Peck, director of the Canadian Government M. P. bureau, has returned after an absence of five weeks in Bermuda, Jamaica and Cuba, where he took a considerable quantity of pictures for presentation at the British Empire Exhibition, in England, during the summer.

"For Sale" is the title of the new picture in which the good-looking Corinne Griffith is to appear. She may be supported by Adolphe Menjou.

"For Sale" is a modern society story by Earl Hudson.

Bluff, of the Ambitious Variety, Won Fame For Lillian Rich

By JACK JUNGMEYER.

Hollywood—"bluff" either makes or breaks you quickly, in the movies as elsewhere. It depends whether the brand is mere braggadocio or that self-assurance which relies upon quick wit and ready adaptability to bridge the gaps in training and native equipment.

For Lillian Rich "bluff" built the span from obscurity to leading lady for Douglas McLean, a recent contract, in a few years.

Lillian is the girl who "could do anything" required by the career she deliberately selected.

Coming from London, a dancer, without any dramatic experience, her persuasiveness got her a leading role opposite Herbert Rawlinson at Universal almost at once. She acquitted herself creditably.

Then she was selected to play with Hoot Gibson in roles requiring horsemanship. Now her knowledge of horses had been confined to observing them while riding London cabs. When they asked her if she could ride, she promptly chirped up that this was one of the best things she did. It was—after several weeks of thumps, falls and aching muscles acquired in surreptitious practice. Shortly thereafter her unsuspecting director pronounced Miss Rich one of the best equestriennes in Hollywood.

A few months ago Laurence Trimble selected her as the featured in the latest Strongheart picture, "The Love Master," filmed in the Canadian Rockies. The role would require an expert on—

Could Miss Rich handle skis? Oh, sure! One of the best things she did! But when the company arrived at the ski resort, Lillian didn't even know how to put on the treacherous runners.

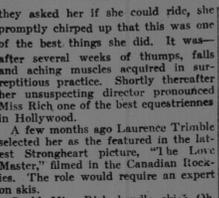

While Trimble was ranting and threatening to secure another actress for the part, Lillian was out in the snow taking tumblers and cutting up heroically with her "bluff." Before returning from Canada she won over every man except one in the company in a skiing contest, and was handling

dog teams in dangerous snow and ice like a veteran.

Her progress in films includes a dozen such episodes of making good a boast. Pride may go before a fall, but Lillian Rich isn't daunted by a few preliminary falls when there's a goal to reach.

Besides having the mettle to make good her vauntings, she is considered one of the most beautiful of the Hollywood debutantes, having been added by the Western Motion Picture veterans to the list of 1924 "Baby Stars."

Visiting Film Official.
Percy C. Taylor, general sales manager for the Universal Pictures Corporation, has been in St. John for the past few days conferring with Mr. Cathro, local manager. Mr. Taylor reports business in the Maritimes quite as good as in other parts of Canada, and looks forward to an exceptionally good year for Universal in this locality.

LILLIAN RICH

Mrs. Thomas Whiffen, Nearing 80, Is Playing 300th Role

One of the most remarkable women of the American stage is appearing in New York at the present time. She is Mrs. Thomas Whiffen, who, in spite of her seventy-eight years in the world and her fifty-nine years in the theatre, and who is now playing her 300th part as Granny Bradley in "The Goose Hangs High" at the Bijou, desires to serve notice on all theatre-goers that she has no intention of retiring.

"This grand old lady has no trouble whatever in committing the longest part to memory. In fact, she usually is the first member of a company to be "letter perfect."

Mrs. Whiffen came to America from England in 1868 with the Galt-O'Connell Opera Company, playing under her maiden name of Blanche Galt.

The company disbanded in 1871, and Mrs. Whiffen turned to the dramatic stage. She was the original Buttercup in "Pinafore" when it was first produced at the old Standard. Later she appeared at the Madison Square Theatre in "Hazel Kirke" and other plays, remaining there for six years.

Mrs. Whiffen's roles in America have included parts in "The Wife," "Sweet Lavender," "The Charity Ball," "Brother Officers," "Lord and Lady Algy," "Diplomacy," "The Beautiful Adventure," "Rosemary," and other plays of years ago. Her more recent appearances have been in Henry Miller's production of "Just Suppose," followed by "The Advertising of Kate." Last season she toured the country with Eugene O'Brien in the play "Steve." For a brief season Mrs. Whiffen was starred at the head of her own company in Granny.

Despite her many years on the stage Mrs. Whiffen still is very active, in the theatre and out of it. There is a line she reads in "The Goose Hangs High" which best describes her as she really is: "I never get tired."

Bluff, of the Ambitious Variety, Won Fame For Lillian Rich

By JACK JUNGMEYER.

Hollywood—"bluff" either makes or breaks you quickly, in the movies as elsewhere. It depends whether the brand is mere braggadocio or that self-assurance which relies upon quick wit and ready adaptability to bridge the gaps in training and native equipment.

For Lillian Rich "bluff" built the span from obscurity to leading lady for Douglas McLean, a recent contract, in a few years.

Lillian is the girl who "could do anything" required by the career she deliberately selected.

Coming from London, a dancer, without any dramatic experience, her persuasiveness got her a leading role opposite Herbert Rawlinson at Universal almost at once. She acquitted herself creditably.

Then she was selected to play with Hoot Gibson in roles requiring horsemanship. Now her knowledge of horses had been confined to observing them while riding London cabs. When they asked her if she could ride, she promptly chirped up that this was one of the best things she did. It was—after several weeks of thumps, falls and aching muscles acquired in surreptitious practice. Shortly thereafter her unsuspecting director pronounced Miss Rich one of the best equestriennes in Hollywood.

A few months ago Laurence Trimble selected her as the featured in the latest Strongheart picture, "The Love Master," filmed in the Canadian Rockies. The role would require an expert on—

Could Miss Rich handle skis? Oh, sure! One of the best things she did! But when the company arrived at the ski resort, Lillian didn't even know how to put on the treacherous runners.

While Trimble was ranting and threatening to secure another actress for the part, Lillian was out in the snow taking tumblers and cutting up heroically with her "bluff." Before returning from Canada she won over every man except one in the company in a skiing contest, and was handling

dog teams in dangerous snow and ice like a veteran.

Her progress in films includes a dozen such episodes of making good a boast. Pride may go before a fall, but Lillian Rich isn't daunted by a few preliminary falls when there's a goal to reach.

BURGLARY IN C. N. R. TICKET OFFICE IN 1917 WILL BE INVESTIGATED

George Carvill Gets Word From Hon. A. B. Copp—Commission Coming.

After seven years' effort, George Carvill, former ticket agent for the Intercolonial Railway here, has succeeded in prevailing upon the authorities at Ottawa to hold an investigation into burglary in the St. John ticket office, following which Mr. Carvill was dismissed from the service.

News of the Railway Department's intention came on Saturday in a letter to Mr. Carvill from Hon. A. B. Copp, Secretary of State, in which he said that the department had agreed to grant him a public investigation into the affair which took place in March, 1917. He said that a commission would be appointed and that the hearing would take place in St. John in the near future.

Safe Found Open. The burglary took place between 8.30 o'clock on Saturday night, March 24, and Monday morning, March 26, 1917. The janitor, on entering the building, found the safe door open, and it was later ascertained that \$200 in cash and several checks had been taken. The thief had evidently entered by a skeleton key, and when he left he locked the door after him. Mr. Carvill was subsequently dismissed, and since that time has been urging that a full public investigation be held.

TALK OF WORK ON FERRY BUILDING

Alternate Proposals Made by Mr. Bullock—No Action Taken.

The plans for the reconstruction of the ferry building were under discussion by the members of the City Council this morning but no action was taken. An application for a refund of \$100 paid by the Equitable Insurance Co. was heard but action was deferred. L. A. Conlon appeared on behalf of the Equitable Insurance Co. in connection with an appeal for the return of \$100 paid as a license fee in 1923 on the ground that the company had merged with the Policy Holders Mutual Insurance Co. and the latter company had paid a license fee of \$100, making a double payment for 1923. H. E. Beys, manager for the Equitable Insurance Co., said the latter payment had been made under protest, as the building was not yet covered both.

The Mayor promised consideration of the matter. An application from the Alenite Sales and Service Co. for permission to install two gasoline pumps and two tanks of 1,000 gallons capacity each, at the corner of Union and Peel streets was referred to the Commissioner of Safety for a report.

Ferry Building Matter. Commissioner Bullock presented the report on the proposed restoration of the ferry building. He suggested three possible lines of action. First, to place a permanent roof on the building as it is now, making the second story an attic second in strength to the main floor and run two partitions and place a flat roof on the building and have offices on the second floor; and third, to place a third story on the building, to house the engineering staff and the Commissioners of Harbors and Public Works. He asked the members of the council to express their opinion. Commissioner Fink said he thought the commissioner of harbors should bring in some recommendation. Personally he was in favor of the adding of another story and it was time something was done. Commissioner Wigmore said he could move to the office of the commissioner of public works. Commissioner Thornton said he thought the rooms on the top floor were hardly suitable for offices and would cost considerable expenditure. He suggested that during the busy season the council chamber be handed over to the chamberlain and the council meetings held in the mayor's office. If he made any change he would like to have the building inspector and electrical inspector with him. Commissioner Bullock said he was in favor of adding the third story to the building, but if the Council decided otherwise he would place a permanent roof on the building. No action was taken.

MAN IS KILLED ON C. P. R. TRACKS. Edouard Deblois of Jackson is Struck by Engine—Inquest is Held. An official report was received at the local headquarters of the C. P. R. this morning of an accident which happened on the Moosehead sub-division of the Brownville Division last Saturday, and resulted in the death of a man named Edouard Deblois. The report showed the man had been under the influence of liquor and was walking along the track at mileage 15.81 when first notified by Engineer Burgoyne, who was in charge of a freight train. The engineer sounded his whistle and the man staggered off the track. As the engine approached he staggered back directly in front of the engine and was instantly killed. An inquest was held at Jackson, Me., yesterday by Dr. Brothly, medical examiner for that district, and the jury brought in a verdict exonerating the company and blaming the death of the man on a widower, aged 65 years and had been residing with his son at Jackson.

IS RELEASED ON BAIL OF \$4,000

John Beckwith Accused of Attempted Robbery, is Released from Jail.

John Beckwith, who had been tried on a charge of assaulting and attempting to rob John H. Hamilton in Spring street on January 6, was allowed out on \$4,000 bail this morning on condition that he appear at the next session of the Circuit Court or thereafter when called for. William M. Ryan, who represented the Attorney-General, in addressing Chief Justice McKewen, said he would not proceed any further at this session of the court and was willing to have the defendant allowed out on bail to appear when wanted. His Honor accepted bail to the amount of \$1,000 from John Beckwith, Sr., father of the accused; \$1,000 from Andrew Stevens, and \$2,000 from the defendant.

SIMON SENTENCED TO THREE YEARS

Man Accused of Shooting in Syrian Hall to Go to Prison.

Three years in Dorchester Penitentiary was the sentence meted out to Charles Simon by Chief Justice McKewen in the Circuit Court this morning on a charge of shooting Thomas J. Stephen and Louis Corey.

In passing sentence, His Honor said that the jurors had taken a lenient view of the evidence adduced in the charges against him and had found him not guilty of the most serious charges in the indictment. Had they found him guilty of the most serious charges, he said, it would have been his duty to sentence him to a long term. His Honor pointed out that the serious part of the matter against the accused was that the wounding was done with a revolver. The carrying of a revolver and especially attempting to use it, he said, is a circumstance which must not be countenanced. He pointed out that the accused was fortunate that he was not tried on a more serious charge as death might have resulted from his action. He emphasized the fact that the defendant had committed a serious injury and in addition had broken the laws of the country. His Honor said that as a feature that could not be overlooked, because of the effect it has on persons whose minds run in those channels. The unlawful one of firearms, he said, was seriously condemned. In order to uphold the law and impress on others the seriousness of using a revolver under any circumstances he said he must not minimize the crime or the punishment.

The prisoner showed signs of emotion when the sentence was passed, but did not speak or give any marked demonstration as he was led away to his cell to await his transfer to the penitentiary.

9,471,000 BUSHELS OF GRAIN SHIPPED

Shipments Through St. John by C. P. R. Expected to Equal Last Year.

So far this season 9,471,000 bushels of grain have been sent forward from the C. P. R. elevators in West St. John. During the same period last season 11,449,000 bushels had been shipped. The total amount of grain shipped by the C. P. R. last season was 15,392,000 bushels, and in the next six weeks it is confidently expected to come close to that amount. According to the present schedules there will be 20 more sailings of the Canadian Pacific Steamships, Ltd. lines from this port before the close of the season. There are 13 more passenger lines scheduled to sail and seven freighters, in addition to the regular West Indies service. The Melita, which is due here from Antwerp next Saturday, will bring 1,000 passengers, 123 cabin and 880 third class. The large liner Mont-laurel is also due next Saturday from Liverpool, and the Marburn is due from Glasgow next Sunday.

DR. D. HUTCHINSON AGAIN IN PULPIT

Rev. Dr. David Hutchinson was greeted by two large congregations yesterday when he occupied his pulpit at the Main street Baptist church for the first time since his recent severe illness, and he was warmly welcomed back by his many friends. At the evening service his subject was "The True Church." He said the true church was composed of all who truly and sincerely loved the Lord Jesus Christ and they were found in all church organizations and even outside the earthly church. No one organization had the right to take to itself the title of "The Church."

ST. JOHN GIRL IS MARRIED IN ONT.

A wedding of much interest to St. John friends took place at St. Catharines, Ontario, on March 5, when Lulu C., daughter of Mrs. F. W. Bonnell, 15 Prince street, West Side, became the bride of G. Hartley Bonnell, son of Mrs. H. S. Bonnell, Victoria street. Rev. Geo. McLean officiated. After the ceremony Mr. and Mrs. Bonnell left by automobile for Niagara Falls and Buffalo. They will reside in St. Catharines.

THREE ARE FINED. Three men, who were arrested over the week-end on a charge of drunkenness, were all fined \$8, and in default of payment were to serve two months in jail.

ASK FRENCH TO REPORT. Col. H. W. Harrison, French Consul in this city, is in receipt of a communication from the French Consul General in Montreal, saying that all French subjects in the class of 1925 should report to him for the purpose of being enrolled in the military class being called up for training this year.

TO ATTEND SHOW. A special car will be attached to the C. P. R. train tomorrow afternoon to take the members of St. Mary's Band and the "Dokey" minstrel to Fredericton, where they are to give a performance. It is expected about 75 will be in the party.

TO PRESENT SHIELD. The presentation of the Provincial trophy, which was won by the St. John police first aid team, will take place tonight at the Imperial at 9 o'clock. The shield will be presented to the winners by Col. Charles A. Hodgetta, Dominion Commissioner of the St. John Ambulance Association.

WILL SPEAK TOMORROW. Commissioner Frink stated this morning that he would probably make a definite announcement tomorrow on the matter of his candidature at the coming civic election. He had been approached by a number and asked to offer for the Mayoralty but he would probably ask the suffrage of the people for commissioner.

TO HONOR SKATERS. The Mayor said this morning that everything had been arranged for a suitable presentation to Charles Gorman and Willie Logan, in recognition of the honor they had brought to this winter at the various skating meets, and the presentation would probably take place at the council meeting tomorrow.

TO CONSULT PREMIER. H. G. Acres will arrive in the city this afternoon from Halifax and, accompanied by S. R. Weston, will proceed by the evening train to Fredericton to consult with Premier Veniot on the Grand Falls development. It was stated this morning at the office of the New Brunswick Electric Power Commission. That Musquash now had 7,862 customers was the report given out.

TEAM EXAMINED. This morning at the armory the militia team members were examined by Col. Hodgetta in the competition for the Otter trophy, but the result will not be announced for a month as this is the first examination made this year for this trophy. No announcement is made until all have been completed. This afternoon there was an examination for the Shaughnessy trophy and this evening the examination of the ladies in first aid and home nursing.

REV. JOSEPH WARD GOING TO SUSSEX

Will Replace Father Mallette, Who Comes to St. Rose's.

His Lordship Bishop LeBlanc announced today that Rev. Joseph Ward of the Cathedral, who had been transferred to Sussex to become curate for Rev. William Hannigan. Rev. Wilford Mallette, who had been curate for Father Hannigan, has been transferred to Millford to become curate for Very Rev. Dean Charles Colling at St. Rose's church.

IS WARNED AND THEN FINED \$8

Joseph Perry was fined \$8 or in default of payment two months in jail by Magistrate Henderson in the Police Court this morning. He had been charged with drunkenness and using profane language. The Magistrate said he would strike one fine, as he would take into consideration that a man under the influence of liquor was not apt to use language he would not do under ordinary circumstances. He informed the defendant that he had learned that he had been in the habit of going home under the influence of liquor and then starting in to beat his wife and break up the furniture. He warned him that he would be severely dealt with if any similar occurrence took place in the future.

As Hiram Sees It

"I seen two little fellers playin' marbles on the sidewalk," said Mr. Hiram Hornbeam to The Times reporter. "Ah!" said the reporter. "Spring is here. Do you happen to have any marbles in your pocket?" "My old fingers," said Hiram, "is too stiff—but I just felt as if I'd like to get into that game." "The small boy," said the reporter, "is an example to us all. He must be doing something," said Hiram, "when he's done skatin' an' aildin' down hill he gets out his marbles. Then he gits a bat an' a ball—an' goes swimmin'—an' him! If older folks wot to be busy this town 'nd get somewheres. When they got a hotel they'd go after a factory—or somethin' else to make work an' bring business. They'd be gittin' together an' playin' the game o' makin' the town grow—an' the feller that said he wouldn't play 'ud be drag in by the scruff of the neck an' made take his place. Well—I see things is lookin' up some. When the sap begins to run we all feel better. It'll soon be time for the otomobiles to make their fast killin'."

"World" Babbitt Metal

There are many anti-friction metals on the market, sold under various names, but still there is a demand for a good honest babbitt sold at a medium price.

We have studied the whole field carefully and selected a metal which we know to be good, and one which has been thoroughly proved.

We especially solicit a trial of the "World" Babbitt, but know beforehand you will be pleased with it. Ask for prices.

A Luxurious Davenport—A Comfortable Bed—Both in this moderately priced Kroehler. You can add to the beauty of your home and provide that much-needed guest room; both with this doubly useful Kroehler davenport bed. It gives you first, a beautiful piece of richly upholstered living room furniture, wide seated, deep cushioned and restful, yet with a single motion it offers a full sized steel-framed restful bed. It solves for you the problem of living in limited quarters. You add a touch of distinction to your living room, and you obtain the convenience of an extra bedroom without its cost and care. The above, which we are showing in walnut colored mohair has been much admired.
