PERSPHATION AND FAT—A WAY OUT

During the exhibition Messrs. Dearborn and Co. will give one pound of free beans to the purchaser of a National Coffee Mill. Price 75 cents. Orders will be taken at their salesroom, 41 Prince William street.

President Joe. Lithgow of the M. P. A. A. is expected to be in St. John tomorrow. He has expressed a willingness to confer with representatives of the local athletic clubs and straighten out matters connected with the suspension of certain local men. Mr. Lithgow has business to attend to in Woodstock, but will endeavor to spend a day here.

Large crowds arrived in the city yesterday from outside points to attend the exhibition, and in the morning the trains were crowded. Compared with last year the arrivals on trains during the first day are not so large, but the numbers were surpassed on the river boats. In the morning over three hundred arrived on the Metacostic, and in the afternoon the Victoria and Sennecos were crowded to their utmost capacity. It is estimated that over 1,000 people were brought to the city by the river steamers.

HON. R. W. SCOTT RETIRES AT THE AGE OF 84 YEARS

OTTAWA, Ont., Sept. 14.—Charles Murphy, K. C., is to be sworn in at once as Secretary of State, Hon. R. W. Scott having resigned. Mr. Scott, the retiring Secretary of State, is a veteran of the Mackenzie cabinet who has been a colleague of Sir Wilfrid's since 1896. He is eighty-four years of age and is best known throughout Canada as the author of the local option law, which he carried through parliament many years ago and which is commonly known as the Scott Act. Mr. Scott has been a member of the cabinet since the early seventies and still retains his seat in that body on his retirement from the cabinet group. He was mayor of Ottawa in 1883 and was one of those who worked for the selection of Bytown, as it was then called, for the capital of Canada. Since then Mr. Scott has been a resident of this city, and in withdrawing from the high position he has so long held retains still the highest esteem and respect of all classes. Although Mr. Murphy has never held

a seat in parliament he has for many years been a prominent worker in the Liberal cause, and has several times been mentioned for the party nomination. Mr. Murphy's appointment to the cabinet was urged by an important deputation of English speaking Catholics from Toronto, Peterboro, Kingston and elsewhere, which visited Ottawa for the purpose last winter. Mr. Murphy is a native of this city. He received his preliminary education in the separate schools and collegiate institute and afterwards graduated with the degree of B. A. from Ottawa University, where in his final year he won the medal presented by Pope Leo XIII. for the best thesis in philosophy. His literary career as his profession, Mr. Murphy became attached to C. A. P. McIntyre, K. C., and upon the completion of his studies at the law school he was admitted to the bar at Osgoode Hall, Toronto. Returning to

LIBERAL WAVE SWEEPS COUNTY Carleton Enthusiastic for Party GREAT MEETING HELD 1,400 Hear Hon. Sydney Fisher, F. B. Carvell and Others

WOODSTOCK, N. B., Sept. 14.—The great wave of Liberal enthusiasm which has swept over the province and prosaged a victory for the Liberal candidates and Liberal principles has reached Carleton county. Tonight four hundred persons gathered in the new Opera House to hear Hon. Sydney Fisher, Minister of Agriculture; Pius Michael, M. P. for Victoria-Madawaska and F. B. Carvell, M. P. for Carleton, speak upon the political questions of the day. Dr. Nelson Grant was chairman of the meeting, being held under the auspices of the Young Liberal Club, of which Dr. Grant is secretary.

The Minister of Agriculture, in his speech which lasted about an hour and a half, made a general review of the record of the Liberal administration in the province since the coming to power of the present government. He paid his respects to George E. Foster in scathing style. His address was one of the ablest ever delivered in Fredericton.

One very important announcement which Mr. Fisher made was that the government intended to establish an experimental farm in western New Brunswick. The farm, he explained, would be situated near the village of Grand Falls, N. S. It will very likely be located in Carleton county.

Mr. Fisher naturally laid much stress on the aid which the government had given the farmers of Canada. He stated that work which was performed through the department of which he is head. He also devoted some attention to Messrs. Borden and Foster and compared the platform with that of the Laurier government. He paid his respects to George E. Foster in scathing style. His address was one of the ablest ever delivered in Fredericton.

At an executive meeting of the Senate's Institute last night, it was decided to call for tenders at once for the contract of completing their new building in sufficient time to enable them to carry on the winter port business within its walls. The meeting was large and enthusiastic and several matters in connection with the completion of the building and the work involved were discussed. The ladies expressed their intention of holding several entertainments and sales to obtain funds. All interested in the work were anxious to get into the new institute and were willing to assist in every manner possible.

THE VOICE OF THE MAJORITY. Lady of Uncertain Age—"Ah, major, we're none of us as young as we were." Major (absentmindedly but vaguely aware that a gallant answer is indicated)—"My dear lady, I'm sure you don't look it!"

FREE RURAL MAIL DELIVERY SHORTLY Lemieux to Make Announcement GOES TO NIAGARA He and Laurier Speak There Tonight—Judge Gunn Appointed

OTTAWA, Sept. 14.—Sir Wilfrid Laurier and Hon. Rodolphe Lemieux left for Niagara Falls tonight. The Postmaster-General in his speech will, it is understood, make an important announcement with regard to the speedy introduction of free rural mail delivery in Canada. Sir Wilfrid is arranging for a campaign meeting in Waterloo county before he finishes his Ontario tour.

LIBERALS CONFIDENT The Liberals feel confident of being able to redeem North Waterloo in the coming contest and Sir Wilfrid's visit will materially assist towards that end. His itinerary after the end of the month has not yet been definitely decided, but if the time will allow he will probably make a tour of the West. Judge Gunn of Ottawa has been appointed chairman of the board of conciliation and investigation under the Lemieux act which will adjudicate on the matters in dispute between the Canadian Northern Railway Company and the independent engineers. The board will hold its first meeting in Ottawa tomorrow. The other members of the board are J. Harvey Hall, representing the engineers, and Mr. Richardson of Toronto, representing the company.

TOWNS SURROUNDED PORT ARTHUR, Sept. 14.—Fort William and Parry Sound are surrounded with bush fires and in the district extending from Seven River to Sudbury great damage is being done to standing timber, even hard wood being affected. The air is filled with smoke, rendering navigation of Georgian Bay extremely difficult. In the neighborhood of Wabunamic and other points along the line of C. N. O. R. and C. P. R. reflection of fires is so bright as to almost allow one to read without any other light.

NEW YORK, Sept. 14.—It was said today by one of the oldest steamship agents in the city that the cabin traffic across the Atlantic this summer was 30 per cent. below the average for former years. He attributed it to the financial flurry in the first place, and, secondly, to the high minimum rates fixed by the shipping conference.

MAKING OVER CHRISTMAS

By CHALL PANCOAST.

(Continued.)
"And now for the scheme," she cried enthusiastically. "What is the wonderful invention that will make people use judgment and common sense?"
"Well, in the first place," he replied, "I will organize the Co-operative Christmas-Gift Buyers' League. It is based upon the from-factory-to-family idea of doing away with the middle man's profit, and retailers' profits, losses, and expenses. I will also show them how they will get all this profit, which will be money saved to them, and that their friends will get the present they have been longing for."

"Well, for goodness sake," exclaimed his wife impatiently, "why don't you tell me how you are going to work the scheme?"
"Here, this will explain the first bomb," he answered, handing her a letter. "With this I shall begin an extensive follow-up campaign to gift buyers. It will be mailed to every man, woman, and spend-thrift in the village of Norway. If it doesn't pull the dollars out of the hidden stockings I'll explode bombs until I do."

She took the letter eagerly and began to read.
"My Dear Madam:
You would give almost anything if someone would tell you what your friends wanted for Christmas, wouldn't you?"

THROUGH THE PINE PASS.

Canadian Pacific Locating a Line From
Edmonton.

EDMONTON, Sept. 14.—News that will come as a surprise to the West was brought into the city by a party of northerners from the Peace River country. It is no less than that the Canadian Pacific is locating a line from Edmonton through the Pine Pass with a branch north to Dunvegan on the Peace River.

Two large parties, one under Engineer Pierce, and the other under Engineer Hyslop, have been working all summer between Edmonton and Grand Prairie, and are past the Grand Prairie country, the Hyslop party working towards the Pine Pass, and the other party working north toward the Peace to locate a line connecting with the Great Northern water system. Both are unusually large parties and they are laying down their location lines toward the mountain at a record rate.

The route from Edmonton to Dunvegan has been twice surveyed, once by the Great Northern, and Pine River Pass was three years ago surveyed by the Yellow Head Pass.

The geography of the Pine Pass is well known, and it has been established that next to the Yellow Head it is considered the easiest route through the hills.

As for the Dunvegan branch, a large business already awaits the famous railroad to reach the Peace. Tons of freight enter the country, to say nothing of furs that come out, and additional freight that would result. What the intentions of the Canadian Pacific are can only be guessed at, but that the big corporation has designs on the northland has long been known.

ORIENTAL RESTAURANT

GENERAL BOOTH'S MOTOR CAR TOUR

Preached to Over Two Million People on Last British Trip

Tour Well Planned—Pioneer Car Went Ahead to Save Time—Prisoners Paraded to Meet Him.

LONDON, Sept. 14.—The pilgrimage of the King of Hearts is what they call the remarkable five weeks' automobile tour which General Booth, of the Salvation Army, made from end to end and side to side of this island just before his departure for South Africa.

A man of eighty who can spend nearly ten hours on the road and make an average of four and a half speeches a day for five weeks is a phenomenon. To be sure, Gen. Booth's motor car is the most comfortable that can be made. His every physical want is satisfied and provided for, in fact, he is nursed and coddled like an invalid sovereign.

When Gen. Booth first proposed some five weeks ago to make a motor tour through the country his immediate cabinet were horrified at the proposal.

That this frail old man should undertake so trying an experience seemed to them quite out of the question. But the General had his way, and as that tour proved a tremendous success he has undertaken one every year since then.

ARRANGEMENTS OF THE TRIP.

The pilgrimage started in Glasgow and worked its way through Scotland down into England, visiting little villages far from railroads, as well as the larger towns. It was these little villages that the General particularly wished to reach—places so small that only comes to them through the village carrier, who also occasionally distributes the General's literature.

Here the visits of the Salvation Army leader aroused great excitement, and old and young flocked to the sides of the roads to see the motor and to hear the General speak.

The pilgrimage was very well arranged. First went a dark red motor, which was called the pioneer car, and being several hours in advance of the others, prepared the way for the General's arrival.

In the larger towns where regular indoor meetings with an entrance fee had been arranged the commissioners in this car attended to business matters. And everywhere along the road they informed all who wished to see the Army commander just about what time he might be expected to pass their hamlet. As nearly on time as human skill and the frailties of motor cars allowed the General appeared.

The pioneer car contained three commissioners of the Army, and whenever time allowed they held impromptu open air meetings themselves.

Next to this advance automobile came a large snow white car. In the front seats were a trusty chauffeur who has driven Gen. Booth on all his tours and the General's secretary.

On the back seat were Commissioner Nicol, who formed the famous Anti-Suffrage League, and at his side the General himself, wearing a vivid green motor coat and his Salvation Army cap. "Vere hale and well the old man looked," with the air of a son on his cheek and his long white beard floating in the wind.

Close behind the Commander's car came a third motor with the General's body servant and two more Army commissioners, and bringing up the rear was the baggage car, loaded with things that might help the aged leader to bear the fatigue of the long and trying tour.

PRISONERS TURNED OUT.

Prisoners, refugees and reformatories were all visited wherever it was possible, and when the white car came in view the heavily armed and equipped occupants of the prison, with their wardens guarding them, the prisoners, with their attorneys, and the inmates of the refuges and reformatories were often allowed to assemble in front of the buildings to see the General and to hear him speak.

In the large towns where meetings had been arranged the General stepped from his motor car amid a group of his commissioners with bare and bowed heads and surrounded by a crowd of partly curious and partly enthusiastic, but always respectful, entered the streets, the market or the town hall, whichever it happened to be. His audience was always assembled, and on the platform were leading townsmen, the Mayor and some ministers.

If the town had a Salvation Army band it played an opening hymn. Then for an hour the General spoke of the Army work and its accomplishments and wound up with a plea for financial help. After the collection had been taken up and a final hymn sung, out through the street, bare-headed, crowded with the old commander, supported on either side by a commissioner, and away he whirled in a cloud of dust to the next place where he was expected.

He is estimated that in all the General has addressed 2,600,000 persons during his five weeks.

WOODSTOCK, Sept. 14.—James Winchester, charged with forgery, appeared this morning before Judge Carleton. He pleaded guilty and was given two years suspended sentence, some good advice and was allowed to depart. The order he forged was a time bill on George McElroy for a small amount. The crime was committed about a year ago.

COMMITTEE SUBMITS ITS REPORT ON FIRE ESCAPES

The report of the committee of school trustees formed to look into the matter of fire protection for the school buildings was presented last evening.

The report dealt with practically all the school buildings and was based on suggestions made by Chief Kerr and Architect Brodie. Fire escapes were unanimously recommended.

Doors opening outward were also thought to be desirable. On the matter of chemical hand extinguishers there was a difference of opinion. The West side trustees wanted them, the others preferred the old fashioned water buckets, which also met with the approval of the chief of the fire department.

The committee was composed of Trustees Coli, Bullock, Russell, Day, Keefe and Mrs. Dever.

Alexandra school—Fire escapes, asbestos covering for pipes when they pass through floor and ceilings, fire buckets throughout the building.

Newman street—Fire buckets to be supplied, doors to open outward.

Dufferin—Fire buckets, doors opening outward, radiators to be removed, chairs in assembly hall to be joined together.

Douglas avenue—Fire escapes, fire going in basement, hot air pipes to be changed.

Winter street—Class room doors to open outward, fire going, fire escapes.

Abandon—Doors to open outward, fire escapes, glass panels in basement doors.

St. Vincent's—Fire escapes, fire going, Victoria Avenue—Fire escapes, fire going.

Victoria—Doors leading to fire escapes to be enlarged, fire escapes to be strengthened.

St. Joseph's—Fire escapes, Leinster street—Fire escapes, High School—Fire escapes, class room doors to open outward, lavatory to be removed to the basement.

In all cases where doors are to be installed they are to have special connection with the engine rooms.

AMUSEMENTS.

IMMENSE CROWDS AT NICKEL.

That the fame of the Nickel has spread near and far was unquestionably evidenced by the enormous crowds of strangers who attended this place of amusement yesterday afternoon and evening. Exhibition visitors dropped in for an hour during the afternoon and evening and carried out all their other plans as well. And they saw a rattling good show, including the great talking picture drama, "A Hero in Overalls."

The orchestra was a delight to music-lovers and the local scenes of interest a novel introduction. Same show today, starting at noon.

"IT'S NOT WHAT WAS BUT WHAT IS" AT THE BIJOU.

The many patrons Friday and Saturday of last week said that the pictures on these days were the best they had ever seen and would be hard to get any better. Well, that's all right, so they now look on Friday's and Saturday's, a whole lot of them anyway, haven't seen Monday's and Tuesday's pictures. This is exhibition week you know and the Bijou management are putting the best foot forward, because they want the good reputation they now hold in the city to be a provincial reputation. Last night this house held about all the people it could hold, and the applause filled the house each time the great dramatic picture "The Rivals" was shown.

This picture tells a very interesting story of the life of a young man, "The Rivals" is most of the world's fashion centre with such career through three legal cases. The picture is in Paris. Then turning to the funny part of the Bijou programme "Adventures of a Countryman" is most laughable. But at the same time you feel sorry for the poor old man.

There's always lots of fun when the funny part of the Bijou programme is shown. But at the same time you feel sorry for the poor old man.

BOAT TURNS TURTLE AND AS A RESULT THREE ARE DROWNED

FORT FRANCIS, Ont., Sept. 14.—A terrible drowning accident occurred here this morning at Upper Rapids, opposite Father's Point, whereby Capt. H. J. P. Sisson, John Lockhart and P. Atchison were drowned through the capsizing of Sisson's gullion launch.

The accident was witnessed by several from the shore at Ranley, who were powerless to do much to aid them. W. N. Doyle, who was with Sisson, was the only one saved. After the accident he said, they were on the way up to Christie's saw mill and in trying to make the upper rapids under the bridge the current caught the boat, causing it to swerve when it immediately turned over to one side and filled with water. They then floated back some three hundred feet and into the eddy below, and as they headed for shore the boat suddenly without warning turned turtle. Doyle was the only one to come up and he owed his life to a cushion which he saw floating near him. Capt. Sisson was a popular attorney and master of titles for the district. He was a prominent Mason and Oddfellow. He was also captain of No. 2 Company, 8th Regiment. He leaves a widow and two children. John T. Lockhart, another victim of the accident, was a young man about 29 years of age, son of John Lockhart, lumberman of this town. Atchison was a mill hand employed by Lockhart and Company and was going back to work.

North Shore were back of this exhibition and it would be a success. W. S. Loggie was listened to with much attention. He said that in previous exhibitions was a guarantee that Chatham could successfully cope with the Dominion fair if they were honored with it next year.

GOVERNOR FRASER. Hon. Donald Morrison, Mayor Miller and Mayor MacLachlan were the next speakers and were followed by Lieut. Governor Fraser, who delivered the speech of the evening, speaking for upwards of an hour and eliciting hearty and frequent applause. He glowingly described the wealth and resources of the Maritime Provinces. There were possibilities here for the young man if he would only put his hand to them, and he declared there was more arable land in each of the three Maritime Provinces in proportion to their size than in any other province of the Dominion. His honor was given three hearty cheers and a tiger.

Among the more striking exhibits are those of R. A. Murdoch, dry goods and gentlemen's furnishings; H. Post, W. T. Weidon and Loundsbury Company.

DELIVERS ADDRESS. Lt. Governor Tweedie was chairman and delivered a brief address. He referred to the clash in exhibitor dates and said that Chatham kept to the date to show St. John that the North Shore would not be coerced. There was a fine exhibit of all kinds of material products, but the agricultural department was one for which Chatham's fair had always been famous and this year was in advance of previous ones.

His honor then called Hon. John Morrissey, Mayor of New Brunswick, who spoke of the work good roads played in the development of a country. He felt that the people of the

Intercolonial was in the city last evening. Mr. Pottinger when seen at his hotel by a reporter for the Sun, said that the passenger business on his road throughout the summer had been good. There had been a considerable falling off, however, in freight traffic. This was due to a general depression in trade throughout the country and was experienced by all roads on the continent. Mr. Pottinger looked for an improvement in freight traffic very shortly as there were signs of better trade conditions.

Intercolonial, Mr. Pottinger said that the work between Moncton and Pictou Junction, which was completed, was the work of surveying between Pictou and Halifax was proceeding rapidly and it would not be so very long before the track would be laid.

Mr. Pottinger went on to say that it was undoubtedly the object of the government to double track the whole system. The work would be done in pieces, however, the busiest sections being taken up first. Ultimately the whole road would be double-tracked. It was a tremendous undertaking, however, and would be proceeded with slowly.

Mr. Pottinger said that no appointment had yet been made to fill the vacancy of general superintendent of this division. Mr. Halliday was continuing to perform the duties of the office. The general manager stated that new locomotives were being built for the road at the present time and the rolling stock slowly added to in anticipation of greatly increased business in the future.

In answer to a question Mr. Pottinger said that he felt the operation of the G. T. P. would materially increase the business of the I. C. R. on the sections between Moncton and St. John and Moncton and Halifax.

The general manager stated that he was not here on any special business.

LAUGHS AT LOCOMOTIVES.

This is one of the most interesting pictures ever produced, the many scenes are very interesting and the vein of humor running through it keeps all in good spirits. New songs today by the two high class lady vocalists, Miss Alice Fowles and Miss Outous. Miss Power is singing "Sweet Sixteen," and Miss Outous "The Girl From The Golden West."

ACCIDENT AT THE CEDAR THEATRE. THE LAST NIGHT. One of the lady patrons of that theatre took a sudden faintness last night. A doctor had to be summoned and pronounced it a case of being overworked with laughter. What caused the accident? Why, Martin and Doyle, the two clever singing and monologues artists, the funniest act yet seen at the Cedar. The picture end of the programme was good. Special mention may be made of the Musical Master, playing a very pathetic dream. Wallace, the vocalist, who has been laboring under a severe cold, is much better. Had to respond to several queries last night. Same show tonight. Admission 5 cents.

JOAN'S BEATIFICATION. Progress Made in Preparation to Canonize Maid of Orleans.

PARIS, Sept. 14.—Mgr. Touchet, the Bishop of Orleans, has published a statement in Le Figaro, which will bring joy to many French patriots who may also be Roman Catholics. It is that the beatification of Joan of Arc has so far progressed that the ceremony of canonisation may now be looked for at an early date.

Ever since 1871, when her candidature for sainthood was brought up, the Roman Tribunal, a commission has been at work studying her career through three legal cases. The points to be determined are: First, whether Joan of Arc has ever been the object of worship; secondly, whether Joan of Arc displayed to an heroic degree the cardinal virtues of fortitude, justice and temperance, with their adjuncts of humility and obedience, and the theological virtues of faith, hope and charity; thirdly, whether she worked miracles after her death. The first point was quickly disposed of.

A favorable judgment was rendered in 1873. The arguments relative to the virtues of the candidate for canonisation took a longer time. The procedure is elaborate. After a preliminary sitting, in which the question is discussed between the "Advocate of the Devil" (devil's lawyer) and the "Advocate of the Cause" (another sitting is held before the Congregation of Rites, which is followed by a solemn sitting called "Coram sanctissimo," because it takes place in the presence of the Pope himself. All the proceedings are carefully recorded, entire volumes being filled by the arguments pro and con relative to the virtues of the candidate for sainthood. In the case of Joan of Arc the question as to her virtues has been settled for some time.

There remains the third point as to miracles, in which the procedure is the same as in the deliberations as to virtues. The two preliminary sittings have been held, and only the stage of the solemn sitting before the Sovereign Pontiff remains. Then will come the Pontiff's decree "de iure" and other words, the solemn declaration wherein the Pope will declare that the canonisation can be proceeded with. It will only remain to fix the date of the ceremony.

Looseness of The Bowels. It is very seldom during the summer months that most people are not troubled with "looseness of the bowels."

Sometimes it only goes that far, but generally it develops into Diarrhoea, Dysentery or Summer Complaint and has a tendency to weaken the whole system.

When the bowels get loosened up in this way and you wish to check the unnatural discharge without bringing on constipation, there is only one remedy, and that one is Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY. This remedy is not an experiment as it has been used in thousands of families during the past sixty-three years.

When you ask for Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY you get it, try as many unprincipled druggists will try to palm off a cheap substitute on you.

Miss M. Hopkins, Rosvick, Sask writes: "I have used Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY and found it is all it is recommended to be. Diarrhoea and Summer Complaint would not be without a bottle of it in the house."

YESTERDAY'S EXHIBITION PROGRAMME INTERESTING

Everything went with a swing yesterday afternoon and evening at the exhibition, and the visitors increased rapidly from early in the day until a large crowd thronged the grounds in the evening.

IMPERIAL
CREAM TARTAR
BAKING POWDER
PUREST, STRONGEST, BEST.
E.W. GILLET COMPANY
TORONTO, ONT.

The amusements were well patronized including the Pike, and the agricultural hall contained a mass of moving observers. In the evening the fireworks were undoubtedly the best ever seen in St. John, and thousands watched the magnificent display. The set pieces, including a walking elephant, a train collision and eruption of Mt. Vesuvius, proved to be a beautiful demonstration. The shows in the large and small amusement halls passed off successfully, but the show in the large hall proved to be the most attractive of all. The performance opened with an overture by Harrison's orchestra, followed by an exhibition of Torelli's pony and dog circus. The Imperial Japanese Troupe was also a pleasing feature here. Adgie and her lions, displaying daring and difficult feats, closed this excellent performance. The small amusement hall was occupied by Mrs. Gen. Tom Thumb and her company of Lilliputians, and a long and interesting programme was carried out. Before the grand stand in the afternoon and evening German's diving horses were seen to good advantage, and this event proved to be the main attraction of the show. Owing to something wrong with the water tank a portion of the grounds was flooded with water, causing some inconvenience to the people. In the afternoon the City Cornet Band rendered a concert in the building, and

were also present in the evening. The Scotch bagpipes also rendered music on the grounds. At the Woman's Council exhibit in the gallery of the main building new features of interest will take place each day. The free kindergarten demonstration by St. Mary's pupils was a pleasing feature. The carriage hall presented a splendid appearance and many took advantage of seeing some of the finest pieces of machinery ever shown in Canada, exhibited in the machinery hall. The exhibits in the agricultural hall are many and better than previous years, as the entries in the stock exhibit are also large. Excellent

One of the finest floral exhibits ever seen in Canada is the verdict of all who inspected the booth of W. and K. Pedersen, the energetic florists of this city. STRIKING EXHIBITS IN THE MAIN BUILDING

WILLIS PIANO CO.

The Willis Piano Company of Montreal and Halifax have one of the very finest booths at the exhibition. Their pianos really need little advertising, for the booth is constantly crowded with people anxious to inspect the magnificent instruments on display. The manager of the booth has already extended a cordial invitation to all visitors to call and see their pianos and organs, and those who have had that pleasure are unanimously agreed that the booth is one of the very finest in the building. The high class pianos carried by this company deserve the careful consideration of any body desiring the best. They are the sole agents for the Knabe, the world's greatest piano, the Willis piano and Auto piano and other high grade instruments. No visitor to the exhibition should miss calling at this booth and taking a careful look at what is to be seen there.

raising flowers. If anyone wants to know how well they have succeeded just let them visit Pedersen's booth on the main floor of the exhibition building. It is almost impossible to give a just description of its magnificent effect, but special mention must be made of the palms, ferns and crotons. The palms are undoubtedly the best ever seen in St. John. On no palm is there a spot as big as a pin head. The Whitman ferns—the latest thing in this plant—were greatly admired yesterday. The crown of thorns, constructed of Euphorbia, adds greatly to the appearance of the booth. Several enormous aloes or century plants are shown, some of them over 20 years old. A fair idea of their size may be gleaned from the fact that it takes three men to carry one of them. The Japanese hair plants are very

attractive. The booth is arranged with exceptional neatness and beauty. In the centre is a pretty fountain, surrounded with little ferns, palms, lilies and a large white piece of coral. Colored lights, white and blue, are artistically arranged around the whole. The public will earn with pleasure that several of these beautiful plants will be offered for sale by Messrs. Pedersen when the exhibition ends.

BATTLESHIP KANSAS MET HEAVY WEATHER

ALDANY, W. Australia, Sept. 15.—The battleship Kansas, which remained behind at Melbourne to pick up stragglers from the American fleet, sailing from that port several days after her sister ships, arrived here today. She encountered tempestuous weather. The governor of West Australia, Admiral Sir F. G. D. Bedford, reviewed 2,500 of the blue-jackets and marines from the American warships.

Mary Driscoll, daughter of John Driscoll, died suddenly at her home on Union street last night after a very short illness. The deceased was a well known and highly esteemed young lady and only a week ago contracted pneumonia. The doctors very much troubled over her recovery but her sudden death came as a great shock to her parents who had no idea of the seriousness of her case until last night. Notice of the funeral will be given later.

Mr. and Mrs. Walter Adams, of Celebration street, appeared at the police station this morning very much troubled over the disappearance of their little three year old boy, whom they have not been able to locate. The child was lost early this morning and was not discovered until some time after midnight. The police were notified and are endeavoring to find the little chap.

ADAM HAD A LITTLE RAM; IT GOT HIM INTO TROUBLE

It Wandered Round the Cabbages, and Ed Schofield Saw Double—Twenty Dollars.

The blow which was delivered to defend his pet ram yesterday afternoon, cost Adam Bell \$20 in the police court this morning. He having been previously guilty of assaulting Edward Schofield, the prosecutor. Bell said that his pet ram had been administered by Mr. Bell while he was an attendant in the agricultural building and was attending to his business yesterday afternoon when a ram entered the building. A ram had entered the day before and eaten some of the vegetables, so he attempted to chase the animal out by running after it. He had a saw in his hand at the time. Bell said to him: "You had better not get too fresh with that sheep." He said: "What right has it in here?" and Bell hit him. Schofield swore that he had not hold of the ram's horns and did nothing to injure the animal.

Three witnesses, Warren Merritt, Chas. Shibley and H. A. McCarby, corroborated the statements made by Schofield and proved that the blow had been administered by Mr. Bell while none saw Mr. Schofield injure the animal. One of the witnesses stated that Schofield might have hit the sheep before he was looking but he did not see him.

Adam Bell, the defendant, explained to the court that he was a lover of dumb brutes, and took pride in training them. He would not stand by and see his innocent sheep injured, when it was doing no harm, and consequently Schofield felt the weight of his flat behind the ear. He had visited the fair to advertise the Bell clear, and just entered the agricultural building when he heard some one shout "Jim look here," and he saw Schofield interfering with his ram. He always expected his pet to act the sheep, but on this occasion Schofield was acting the goat. He saw Schofield with the saw in his hand and believed that he was going to saw the animal's horn off. "Leave that sheep alone," he said, and followed this exclamation with a blow on Schofield's head.

Mr. Bell considered that his ram was being abused, and stated that he would not tolerate anything of that kind from any man.

The honor stated that Bell was undoubtedly guilty of assault, although there was some provocation for him acting to defend his pet animal. He was fined \$20, which was paid.

A quartette of drunks were part of the morning's programme, and each was asked to donate the usual fine.

J. E. COWAN'S STORE WAS BURGLARIZED LAST NIGHT

The Thieves, Who Were Evidently Boys, Got In by a Side Window—Emptied the Cash Drawer

The store of J. E. Cowan on Main street was broken into last night by burglars and the cash drawer robbed of its contents. The amount taken is not known, but the guilty parties made good their escape and their entrance was not discovered until this morning.

Mr. Stevens, the bookkeeper for the firm, who generally reaches the store first in the morning, failed to call up Mr. Cowan as usual early this morning, and it was thought he was sick. Mr. Cowan then hurried to the store and found that the building was broken into and the cash drawer to secure contents for a customer and found that leading into the office from the yard was found open and at once it was decided that burglars had entered the building. Considerable goods which had been taken from the shelves last night and placed near the window had been taken out into the yard and placed there by the thieves after forcing an entrance.

Mr. Cowan states that whoever robbed the cash drawer understood how to open it. A sum amounting to six dollars is generally left in the drawer evening to allow for change the next morning and often small amounts are received and put in after this has been done. It is impossible for him to state the amount which was in the drawer before the burglary, but he says that it was not more than \$100. It was thought that no one would attempt to break in by this window, and it was thought that the thieves were afraid of being heard by the people in the house. It is, however, thought that the burglars were boys, for nothing in the store was disturbed, which would undoubtedly not happened if a heavy person entered, but as to who they were nothing is known.

The police were notified and the store visited by them this morning. They are now working on the case.

THE LOVE SONNETS OF A NORTH END MILLMAN

And How the Kibosh Was Put on the Star by Failure to Print Them.

The star is in sore distress. It has been "run down" by a "constant reader," "old subscribers" or "critic," the real identity of the offender one being unknown. It happened thusly: In yesterday's mail two letters were received, they may be. So the letters were laid aside in the hope that the writer would send his name later. Instead of this, another epistle was received today and the star literally bowed down with grief over the deplorable state which has now been reached. This morning's letter, after some ingenuity, was translated as follows:

"To the Editor of the Star you did not think it worth your while to put my name in the paper. With it I will kick the head or him."

Heaven help us Mercy! Wow!!! Now the letters which were sent in were hurried in themselves and read like this—

Sat the 12 1898 Sir Will please give me a Space in the Star on Saturday afternoon highway Bros Mill CreW a tended the funeral of their Comrade to Show their Last respects to him. Every man an Boy Looked Well and Was much admirad By the public and Looked LIKE gentlen men this was their first time to turnout in a Body and much Credit is due to them and a basome Death was sent By the Mill CreW as a token of Kindness to him I thank you very much for your Space and a reader of Star in the star please yours Mill man give me this Monda."

"Sir Will you please give me a Space in the Star a Bout one o'clock this morning their was a Bout twelve young men going down mill Street Singing I suppose the Couid sing they was more LICK a Lot ov Bull frocs or Wile gees or gal lars or cutter Guts their Was no Cops the Cro Wd of north end Bums or night oWls that ought to B home and in Bed in stid of disturbing the peacs and Keep the Bulldogs out of their throat and Keep them from Barkng and making Such noise on the Street in the dresd Ours of night Sir please Oblige your truly a oltian and a reader of the Star."
